BUILD YOUR WORLD

Build Your World inspires individuals to shape their spaces according to their vision. It embodies the power of self-expression, where every space becomes a reflection of personal identity and aspirations. Rooted in creativity, sustainability, and lasting design, it inspires individuals to shape environments that tell their unique stories. Whether it's a home, a workspace, or an innovative commercial or infrastructural structure, this philosophy empowers people to bring their dreams to life.

BirlaNu, through its innovative home and building solutions, promises to make every space become a canvas for imagination. Built for today, designed for tomorrow.

ABOUT THE CKA BIRLA GROUP

For over 170 years, we have been creating long term value through pioneering ideas and building trust.

From our origins in manufacturing, we have evolved into a services led enterprise with technology as a core business. This is deeply integrated into how we serve our customers and strengthen our global competitiveness. It also reflects a deep commitment to empowering our people, recognising their diverse talents and leadership as pivotal to our continued success.

Our companies include Birlasoft, GMMCO, National Engineering Industries (manufacturer of

NBC Bearings), BirlaNu (formerly HIL), Orient Electric, CK Birla Healthcare (CK Birla Hospitals and Birla Fertility & IVF), Orient Paper, AVTEC and Neosym.

Our responsibilities extend beyond business, we are committed to our communities through education, healthcare and culture with our multiple institutions.

Together we are building the future.

We are the **CKA Birla Group**

CHAIRMAN'S MESSAGE

Dear Shareholders,

I'm pleased to share that we're at the beginning of a new chapter at the Group level: the CK Birla Group is now the **CKA Birla Group**.

This change reflects more than a name, it marks the Group's continued evolution. From our manufacturing roots, we've grown into a services led enterprise with technology at the core. The new identity better represents our diversified portfolio, broader customer base and global presence. It also reaffirms our belief in people: our teams and leaders, as central to how we build, grow and create lasting value.

As we move ahead under the CKA Birla identity, we remain deeply committed to building long term trust with our customers and empowering people across businesses. This evolution is equally reflected in how HIL has reimagined its purpose and identity. HIL is now BirlaNu.

BirlaNu isn't just a name, it reflects our renewed purpose and promise to be the partner you trust in building the future. BirlaNu is inspired by the people we serve and driven by a passion for continuous growth. Rooted in connection, creativity and sustainability, we empower homeowners,

builders and designers to bring their vision to life, crafting innovative buildings and structures that stand the test of time. We're deeply committed to building a global brand, one that's backed by a stronger manufacturing footprint and focused growth in high potential categories.

The past year has been one of meaningful transition. As we embraced our new name and purpose, we also navigated a complex macroeconomic environment, reflected in the year's measured financial performance. We delivered a consolidated revenue of ₹3,615 crore, a 7% increase over the previous year and an EBITDA of ₹88 crore.

In the Pipes segment, we delivered industry leading growth of 57%, supported by the successful integration of Crestia Polytech (Topline), which is already unlocking product and market synergies. Construction Chemicals continued its strong momentum, growing 23% year on year. Our Charminar brand reinforced its leadership in Roofs, maintaining both share and price positioning. The Walls category remained flat amidst subdued demand and pricing pressures. Across segments, we responded with disciplined cost focus to protect margins while staying aligned to long term growth priorities.

Despite recessionary pressures and muted consumer sentiment in key European markets, Parador delivered strong performance, growing revenue by 7% and volumes by 9%. This was driven by agile pricing, a restructured sales engine and expansion into several growth markets. Our sharper focus on commercial segments, product innovation and execution drove this momentum, while disciplined cost and capital management ensured operational efficiency.

During the year, our brands received significant recognition, Charminar and BirlaNu Aerocon were awarded Superbrands and named Brand of the Year by Realty+. Equally important was the recognition of our sustainability efforts, which remain central to our long term strategy. Certifications from GRIHA, IGBC and GreenPro reaffirm our

commitment to responsible raw material sourcing and innovation across energy use, waste management and product design.

We've always believed that growth must come with responsibility, towards our customers, communities and our people. In FY25, we impacted over 30,000 beneficiaries from underserved communities through focused social programmes, while continuing to invest in our people and culture. We were proud to be ranked 12th among India's Best Companies to Work For and 41st in Asia's Best Workplaces 2024, recognitions that reflect our commitment to building a modern, diverse and future focused workplace where every team member can contribute with pride and purpose.

Building a strong, future ready organization also means embracing the technologies that are reshaping our world. In the building solutions industry, AI and digital innovation are unlocking new ways to go to market, serve customers and streamline operations. That's why we're investing in AI led tools, not just to sharpen our supply chain but to elevate customer experience and deliver more tailored responsive solutions.

We remain deeply committed to creating long term value for our customers, partners and shareholders. On behalf of the Board of Directors, I thank you for your continued support and trust. As we step into this next chapter under the BirlaNu brand, we carry forward what has always defined us, delivering value, building with integrity and growing with purpose.

Warmly,

CK Birla

Chairman

MD & CEO'S MESSAGE

Dear Shareholders,

HIL is now BirlaNu.

This transformation reflects our collective aspiration to be a leading global provider of innovative, sustainable Home & Building solutions. It marks a strategic evolution grounded in our commitment to innovation, sustainability and customer first approach. It extends across our people, processes and digital initiatives, ensuring we stay ahead in a rapidly evolving industry.

The updated brand architecture brings together, under BirlaNu, the full breadth of our offerings across Pipes, Construction Chemicals, Putty, Roofs, Walls and Floors. This alignment strengthens how our customers and partners understand who we are and what we stand for.

This rebranding is at the heart of a strong, strategic push towards fast-paced, value-building growth both in India and at Parador. Over the next 3 years, we aim to double ourselves as a company and move closer to our ambition of becoming a billion dollar company.

This growth will come through:

- Scaling up high growth categories like Pipes, Construction Chemicals, Designer Boards & Blocks
- Expanding our global footprint not just through Parador's deeper entry into the US, China, Middle-east and India, but also by unlocking export markets for our Indian portfolio

- Extending our play in Home & Interiors beyond our core strength in Building Products. The India launch of Parador is an important first step
- Strengthening our presence across Retail,
 Commercial and Government channels

FY25 was a challenging year, marked by an uncertain macroeconomic environment and weak demand across our markets. A 2-5% price decline across most categories added significant margin pressure. In pipes, the impact was sharper, with a 10%+ decline driven by a meltdown in PVC resin prices.

In this scenario, we chose to focus on:

- Gaining market share in our growth segments (Pipes, Parador, CC) – outperforming industry volume growth across all three
- Agile cost management to minimize margin impact – through focused "Missions" targeting contribution margin improvement and manpower costs.
- Judicious investments for long term growth

 across capacity enhancement, product
 innovation, branding, technology and

 sustainability initiatives

In FY25, at a consolidated level BirlaNu reported revenue of INR 3,615 Cr, 7% higher vs LY and EBITDA of INR 88 Cr. Growth was driven by strong performance in Pipes and CC segments and at Parador. Pipes is now the second largest segment in our India portfolio. Significantly, the non-Roofs portfolio is now over 70% - a strategic shift we had set out to achieve.

Our Pipes segment delivered record breaking volume growth establishing us as the fastest growing player in the segment. Revenue grew 57% YoY with volumes up 76%. This is despite PVC price volatility touching multi year lows. Key achievements included successful integration of Crestia and growth of the Topline brand in retail. The institutional & government segment, especially Jal Jeevan Mission, remained muted, but we stay optimistic about a revival in FY26. With strong brand recall, comprehensive and differentiated product portfolio and expanding channel & regional presence, we are well positioned to drive scale and market share – creating significant long term value in this segment.

The Construction Chemicals segment delivered 23% revenue growth in FY25. With strong management focus, dedicated sales teams and a pipeline of new, differentiated products, we are well placed to grow share in this fast growing segment.

Our Roofs business sustained its leading market share and superior price and profitability positioning closing the year with revenue of INR 1134 cr. This is despite intense competition and price erosion in the market. During the year, we launched several new products, especially, ultracool Roofs.

Our Walls segment remained largely flat in FY 25, on both revenue and volume. Operating profitability held steady at 10% despite nearly 3% price erosion reflecting disciplined margin management. We continue to aggressively drive value enhancement initiatives and expect margin improvement in FY26.

Parador continues it's strong momentum in FY 25 with revenue of INR 1,227 Cr, up 7% YoY and volume growth of 9%, significantly outperforming both industry and competitors. Despite recessionary conditions and weak consumer sentiment, reflected in muted construction and flooring demand, we pivoted effectively. Leveraging agile pricing strategy, sales team restructuring and expansion into new markets including India, we doubled down on growth through commercial segments, product innovation and improved execution. Strong cost discipline and optimized capital deployment ensured lean operations.

Our people and partners define who we are—and building a future-ready BirlaNu starts with investing in the right leadership and frontline teams. Being ranked #12 in India and #41 in Asia by Great Place to Work is a proud recognition of our culture and people practices.

As we step into FY26, we remain watchful of the global macroeconomic and geopolitical landscape. Yet, we carry forward the momentum of recent quarters, backed by a strong brand portfolio, robust distribution, and our focus on product and digital innovation.

The road ahead is clear. With integrity, collaboration, and excellence at the core, we are set to redefine industry benchmarks and drive meaningful impact. As the world evolves, BirlaNu brand remains committed to shaping spaces where life unfolds and inspiring beautiful, lasting design with our customers at the heart of everything we do.

Regards,

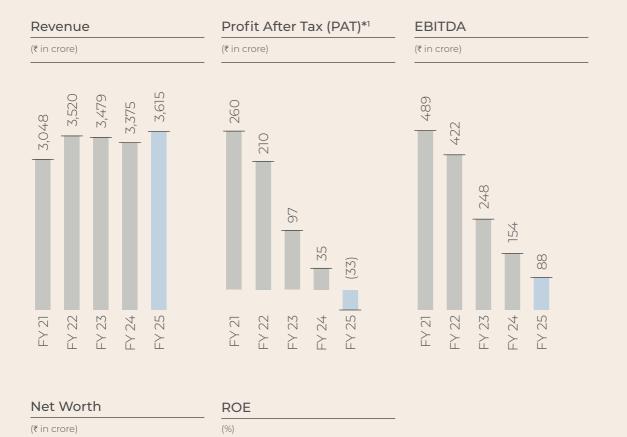

Akshat Seth

TECHNOLOGY & DIGITAL

In today's rapidly evolving business environment, technology and digitization are no longer optional, they are fundamental to operational resilience and competitive advantage. Across both manufacturing and sales, these advancements are reshaping the way we operate, deliver value, and engage with customers.

At BirlaNu we are adopting comprehensive and advanced digital technologies across our business operations, from sales to marketing, manufacturing and supply chain to improve process efficiencies and drive growth. We are not only upgrading our core enterprise and data systems, but also building a suite of digital platforms for stronger customer engagement, data analytics and efficient operations.

On the manufacturing front, integration of Industry 4.0 technologies such as IoT, automation, AI, and digital twins have enabled us to improve efficiency, enhance quality, and optimize resource utilization. Similarly in sales, digital transformation is helping us with deeper customer engagement and faster decision-making. With advanced digital sales platforms, data analytics, and AI-driven tools, we are able to personalize customer outreach and respond swiftly to changing market dynamics.

SUSTAINABILITY

Sustainability isn't a choice; it's a responsibility we own.

We are committed to sustainable growth by protecting the environment, ensuring employee well-being and upholding the highest safety standards while strictly complying with all occupational health, safety and environmental regulations. We are committed to reducing our footprint, helping consumers minimize theirs and scaling sustainable solutions.

By driving circularity, repurposing industrial waste and pioneering innovations like OBS for UPVC pipes, we turn challenges into opportunities. Our zero-discharge plants, expanded solar integration and use of renewable fuels, which now power half our operations, reflect our dedication to a greener future.

We have implemented energy-efficient technologies across manufacturing facilities and increased our renewable energy contribution to 46.5%. Emissions have been reduced by nearly 2%, accompanied by water savings through optimised rainwater harvesting and recycling systems.

Ethically sourced, waste conscious and powered by clean energy, we are shaping a world where responsibility and innovation go hand in hand. We are not just building – we are redefining what is possible in a sustainable future.

Key Initiatives:

- Use of agro-based fuels in manufacturing operations
- Substantial increase in renewable power share
- Significant increase in investment on energy conservation equipment
- Eco-friendly innovations such as Organic Based Stabilisers (OBS) in UPVC pipes and Modular One in floors
- Responsible sourcing of wood-based materials from controlled managed forests (FSC, PEFC)
- Industry leading Green certifications and credentials such GRIHA, IGBC, GreenPro, EMAS, EcoVadis Sustainability Gold Medal and UN Compact signatory

COMMUNITY

At BirlaNu, our approach to sustainable development goes beyond responsibility — it reflects our commitment to building resilient, self-reliant communities. Our social impact efforts are anchored around the pillars of health and wellness, education and skill building and community development.

We collaborate with respected partners such as the Live Love Laugh Foundation (LLL), Child Survival India (CSI), and Sambhav Foundation to amplify the reach and impact of our community efforts.

Through these meaningful partnerships, we are challenging stigmas around mental health and enhancing access to healthcare in rural areas, enabling children to remain in school, and fostering self-reliance and livelihood skill adoption amongst underserved communities. Each initiative is a step toward creating inclusive growth and building a healthier, more equitable future for all.

Live Love Laugh – rural mental health program

Outcome: Positively impacted over 6500 individuals through mental well-being initiatives.

Now in its second year, our rural mental health program — run in partnership with the Live Love Laugh Foundation — continues to bring meaningful change to thousands of lives across three rural locations in India.

Through a comprehensive approach that includes psychiatric treatment, rehabilitation, and community - wide mental health awareness, the initiative has significantly improved the well-being of its beneficiaries. Many individuals have not only achieved better mental health but also become financially independent and active participants in their communities.

Child Survival India: Mobile Medical Unit (MMU)

Outcome: Healthcare access for vulnerable populations enabling early detection of diseases.

In partnership with Child Survival India, our Mobile Medical Unit continues to bring essential healthcare services to underserved rural communities, improving health outcomes and saving lives. The unit offers free, high-quality outpatient consultations, medication, and regular health awareness sessions — enabling early detection and timely treatment of medical conditions.

This year, the initiative took on added significance through focused community engagement during key health observances such as Nutrition Month, World Heart Day etc. These efforts are making a lasting difference in building healthier, more informed communities across rural India.

Education initiatives through public private partnerships

Outcome: Increased schooling rates and enhanced digital literacy.

Our education initiatives are creating lasting impact by improving school infrastructure and expanding digital access for young learners. Through the construction and renovation of classrooms and facilities, we are fostering safe, inclusive, and secure learning environments — encouraging increased school enrolment and regular attendance.

Recognizing the growing importance of digital literacy, our programs also equip students with foundational knowledge in emerging fields helping bridge the digital divide and preparing them for the future.

Outcome: Livelihood training through skill-based learning.

In partnership with the Sambhav
Foundation, we have launched a livelihood
skill training initiative aimed at empowering
plumbers, masons, and painters across
multiple cities. The program combines
structured classroom instruction with
industry-recognized certification, equipping
participants with practical, job-ready skills.

By focusing on productivity, efficiency, and technical know-how, the initiative enhances on-the-job performance while opening doors to better employment prospects and higher wages.

REVENUE

BirlaNu achieved a net revenue from operations of ₹ 2,310.04 crore as against ₹ 2,230.85 crore in the previous year on standalone basis, an increase of 3.5% and on consolidated basis registered a net revenue from operation of ₹ 3,615.22 crore as against ₹ 3,374.97 crore in the previous year recording an increase of 7.1%.

With the addition of new capacities and introduction of new products, the Company anticipates a positive growth momentum in the coming year.

INTEREST & LOANS

Interest cost for the financial year 2024-25 has increased to ₹ 24.36 crore on a standalone basis as against ₹ 10.75 crore during the previous year. On consolidated basis, interest cost for the financial year 2024-25 stood at ₹ 68.24 crore as against ₹ 35.35 crore in the previous year.

The increase in interest cost is on account of increase in borrowings for acquisition of Crestia Group, capex for capacity enhancement and working capital requirements.

As on March 31, 2025, the Company has outstanding borrowings of ₹ 295.30 crore on standalone basis and ₹ 709.98 crore on consolidated basis. The debt equity ratio on consolidated basis stood at 0.58 times as of March 31, 2025 as against 0.44 times as of March 31, 2024.

PROFIT BEFORE TAX

During the year under review, BirlaNu registered profit before tax (PBT) of ₹ 26.35 crore (excluding income from exceptional items), on standalone basis as against ₹ 95.82 crore in the previous year, recording a decline of 73% mainly due to weak demand and soft pricing scenario in most product categories and volatility in resin prices.

Loss before tax on a consolidated basis for the financial year 2024-25 stood at ₹ 43.46 crore as against profit before tax of ₹ 35.54 crore in the previous year, recording a decline of 222% largely due to continued weak demand of flooring products in Europe market, in addition to the overall subdued demand environment and soft pricing senario.

NET WORTH

On a consolidated basis, the net worth of the Company as at March 31, 2025 stood at ₹ 1,211 crore as against ₹ 1,253 crore in the previous year.

The consolidated earnings per share (basic) for the financial year ended March 31, 2025 stood at ₹ (43.63) per share as against ₹ 46.15 per share for the financial year ended March 31, 2024.

A detailed segment-wise business performance of the Company for the financial year 2024-25 is included in the Management Discussion and Analysis report forming part of this Annual Report.

ACQUISITION

During the financial year 2023-24, the Board of Directors approved acquisition of 100% equity share capital of Crestia Polytech Private Limited ("Crestia") along with four other entities, namely, Topline Industries Private Limited, Aditya Polytechnic Private Limited, Prabhu Sainath Polymers Private Limited (formerly Sainath Polymers) and Aditya Poly Industries Private Limited (formerly Aditya Industries) ("Crestia Group") on the terms and conditions as agreed under the Share Subscription and Purchase Agreement ("SSPA") (includes amendment(s) and addendum(s) thereof) to strengthen the Company's Pipes and Fittings business in Eastern India.

As per the terms of the said SSPA, the Company acquired 100% of the paid-up equity share capital of Crestia on April 5, 2024, thereby making Crestia a wholly owned subsidiary of the Company with effect from the same date. Further, in accordance with the SSPA, Crestia entered into Share Purchase Agreements ("SPA") on April 5, 2024, with Topline Industries Private Limited, Aditya Polytechnic Private Limited, and Prabhu Sainath Polymers Private Limited (formerly Sainath Polymers), and subsequently on June 28, 2024, with Aditya Poly Industries Private Limited (formerly Aditya Industries), along with their respective existing shareholders. Pursuant to these agreements, Crestia acquired 100% of the equity share capital of all four entities, thereby making them wholly owned subsidiaries of Crestia and step-down subsidiaries of the Company, effective April 5, 2024, and June 28, 2024, respectively.

CHANGE IN NAME OF THE COMPANY

During the financial year, the Board recognized the need to strategically reposition the Company's brand identity to better align with its evolving business strategy and future aspirations, and proposed change in name of the Company from HIL Limited to BirlaNu Limited, reflecting the Company's progressive outlook and growth trajectory. This strategic move is the reflection of the transformation envisioned for the Company in line with the growth plans and making the Company consumer focused while retaining the legacy of Birla brand and the equity associated with it.

Accordingly, the name of the Company has been changed from "HIL Limited" to "BirlaNu Limited" with effect from March 19, 2025 as per the fresh certificate of incorporation issued by the Ministry of Corporate Affairs, Government of India. The stock exchanges, i.e., BSE Limited and National Stock Exchange of India Limited, have noted the new name and the Stock/Scrip Code of the Company stands changed from "HIL" to "BIRLANU" with effect from April 9, 2025.

MEMORANDUM AND ARTICLES OF ASSOCIATION

During the financial year, the Company amended its existing Memorandum and Articles of Association. The Memorandum of Association was aligned with the provisions of Table A of Schedule I of the Companies Act, 2013, and a new set of Articles of Association was adopted in line with the provisions of the Companies Act, 2013. These revisions were duly approved by the Board of Directors at its meeting held on January 21, 2025, and subsequently by the shareholders through postal ballot on February 24, 2025.

DIVIDEND

The Board at its meeting held on May 17, 2025 has recommended a final dividend of ₹ 30/- (i.e. 300%) per equity share of ₹ 10/- each for the financial year 2024-25. The dividend pay-out is subject to the approval of the shareholders at 78^{th} Annual General Meeting of the Company.

As per Income Tax Act, 1961, as amended, dividend declared/paid after April 1, 2020 will be taxable in the hands of the shareholders. Shareholders are requested to visit https://cms.birlanu.com/public/media/2025/03/13/fags-on-tds.pdf.

The Company has fixed Thursday, July 24, 2025 as the "**Record Date**" for the purpose of determining the entitlement of shareholders to receive the final dividend for the financial year ended March 31, 2025.

Pursuant to Regulation 43A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("SEBI Listing Regulations"), the Board of Directors of the Company have adopted a Dividend Distribution Policy. The policy lays down a broad framework and factors which the Board would consider for deciding the distribution of dividend to its shareholders. The said policy is available on the Company's website https://cms.birlanu.com/public/media/2025/03/13/dividend-distribution-policy-2021.pdf.

TRANSFER TO GENERAL RESERVES

During the year under review, the Company has not transferred any amount to General Reserves.

SHARE CAPITAL

The paid-up equity share capital as on March 31, 2025 was ₹ 754.09 lakh divided into 75,40,899 equity shares of ₹ 10/- each. During the year under review, there was no change in the paid-up equity share capital of the Company.

LISTING WITH STOCK EXCHANGES

The equity shares of the Company are listed on National Stock Exchange of India Limited and BSE Limited. Annual listing fees for the year 2025-26 has been paid to these exchanges within the prescribed timelines. There was no suspension in trading of the equity shares of the Company during the financial year 2024-25.

BOARD EVALUATION

Pursuant to the provisions of the Act and SEBI Listing Regulations, every year a formal evaluation of the performance of the Board, its Committees, the Chairman and the individual directors is conducted. Structured forms covering evaluation of the Board, the Committees of the Board, the Chairperson, Independent Directors and Non-Independent Directors are devised for evaluation by all the Directors. Each Director is rated against various criteria such as composition of the Board, receipt of regular inputs and information, functioning, performance and structure of the Board Committees, skill set, knowledge and expertise of directors, preparation and contribution at the Board meetings, leadership, etc.

The Board reviews the key skills/expertise/competence of the Directors, so that the Board of Directors comprises of a diverse and multidisciplinary group of professionals with requisite skills/expertise/competence who can contribute towards providing strategic direction to the Company's management upholding the highest standards of Corporate Governance.

Further, as per the SEBI Listing Regulations, the following is the matrix of skills and competencies on which all the Directors are evaluated:

- ▶ Governance and Board service
- Business understanding
- Risk/Legal/Regulatory compliance
- Information Technology/ Accounting/ Financial experience
- Industry/Sector knowledge
- Strategy development and implementation

In a separate meeting of Independent Directors, performance of Non-Independent Directors (NEDs), the Board as a whole and the Chairman of the Company was evaluated. The performance evaluation of Independent Directors was done by the entire Board, excluding the Independent Director being evaluated. The evaluation was carried out in terms of the Nomination, Remuneration & Evaluation Policy of the Company. The Nomination and Remuneration cum Compensation Committee of the Company annually reviews the performance evaluation process.

The evaluation process confirms that the Board and its Committees continue to operate effectively and that the performance of the Directors meets expectations.

FAMILIARISATION PROGRAM FOR INDEPENDENT DIRECTORS

In addition to giving a formal appointment letter to the newly appointed Independent Director on the Board, a detailed induction plan covering the role, function, duties, responsibilities and the details of compliance requirements expected from the director under the Companies Act, 2013 and relevant Regulations of SEBI Listing Regulations are given and explained to the new Director.

Pursuant to Regulation 25(7) of SEBI Listing Regulations, conducting familiarization programmes for the Independent Directors in the Company is a continuous process, whereby Directors are informed, either through presentations at the Board or the Committee meetings, board notes, interactions or otherwise about industry outlook, business operations, future strategies, business plans, competitors, market positions, products and new launches, internal and operational controls over financial reporting, budgets, analysis on the operations of the Company, etc.

Pursuant to Regulation 46 of SEBI Listing Regulations, the details required are available on the Company's website https://cms.birlanu.com/public/media/2025/04/16/familiarization-programme-2024-25.pdf.

POLICY ON DIRECTORS' APPOINTMENT AND REMUNERATION

The Company endeavours to have an appropriate mix of executive, non-executive and independent directors to maintain independence from the management and they continuously provide guidance on appropriate governance. The selection and appointment of Board members are done on the recommendations of the Nomination and Remuneration cum Compensation Committee. The appointments are based on meritocracy and having due regard for diversity. While evaluating the candidature of an independent director, the Committee abides by the criteria for determining independence as stipulated under the Companies Act, 2013 and the SEBI Listing Regulations. In case of re-appointment of directors, the Board takes into consideration the results of the performance evaluation of the directors.

The Nomination, Remuneration & Evaluation Policy for Directors, Key Managerial Personnel and Senior Management is placed on the website of the Company and can be accessed through the web link https://cms.birlanu.com/public/media/2025/04/16/familiarization-programme-2024-25.pdf

The objective of the Company's remuneration policy is to attract, motivate and retain qualified and expert individuals that the Company needs to achieve its strategic and operational objectives, whilst acknowledging the societal context around remuneration and recognizing the interests of the Company's stakeholders.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

The Board has constituted a CSR Committee and has a well-defined policy on CSR as per the requirement of Section 135 of the Companies Act, 2013, which covers the activities as prescribed under Schedule VII of the Companies Act, 2013. The details about the CSR Committee are provided in the Corporate Governance Report, which forms part of this Report.

During the financial year 2024-25, the Company was required to spend Rs. 331.57 lakh, i.e., 2% of average of the net profits of last three financial years, on CSR activities and the actual CSR spent during the financial year 2024-25 was ₹ 331.78 lakh after adjusting ₹ 18.09 lakh excess amount spent and carried forward from the financial year 2023-24.

Supercor Industries Limited

The Company holds 33% of the share capital in Supercor Industries Limited ("Supercor"), a company incorporated under the laws of Nigeria. The State Government of Bauchi, Nigeria and other shareholders hold the remaining 67% of the share capital in Supercor.

During the year there was no significant development at Supercor Industries Limited. Supercor had already suspended its operations since the year 2016 due to cash flow crisis. The Company informed the Board of Supercor Industries Limited about its intention to sell its stake and has not been participating in any of the discussions of the Board / Management for last five years. The Interim Board set up by the Nigerian Government is not responsive and the Company is waiting to hear from the Board of Supercor for deciding further course of action. Accordingly, the Company has submitted an application to Reserve Bank of India (RBI) for suspension of UAN allotted towards the above said investment in Supercor and the same has been suspended by RBI.

In view of the above, the Company is not in a position to obtain any information/financials from the Joint Venture entity and hence the consolidated financial statements do not include the financial performance of Supercor Industries Ltd.

As per the provisions of Section 129 of the Companies Act, 2013 read with Rule 5 of Companies (Accounts) Rules, 2014, a separate statement containing the salient features of the Financial Statements of the Subsidiary Companies/Associate Companies/Joint Ventures in Form AOC-1 is attached as **Annexure IV** to this report.

SCHEME OF AMALGAMATION

During the year, the Board of Directors, at its meeting held on February 6, 2025, approved a proposal for the amalgamation of the Company's wholly owned subsidiary, Crestia Polytech Private Limited and its step-down subsidiaries Aditya Poly Industries Private Limited, Aditya Polytechnic Private Limited, Prabhu Sainath Polymers Private Limited, and Topline Industries Private Limited (collectively referred to as the "Transferor Companies") with the Company. The amalgamation will be executed through a Scheme of Amalgamation under Sections 230 to 232 and other applicable provisions of the Companies Act, 2013. This strategic initiative aligns with the Company's long-term vision of optimizing operational efficiencies, strengthening market presence, and leveraging

synergies within the polytech and polymers manufacturing sector, where all the involved transferor entities are currently engaged. The above Scheme is subject to necessary approvals from the shareholders, creditors and regulatory authorities, including the jurisdictional National Company Law Tribunal, Regional Director, Ministry of Corporate Affairs and the Registrar of Companies, as may be applicable.

BirlaNu strongly believes that sustainable and inclusive growth is possible by using the levers of environmental and social responsibility while setting aspirational targets and improving economic

performance to ensure business continuity and sustainable growth.

In terms of Regulation 34(2)(f) of the SEBI Listing Regulations, Business Responsibility and Sustainability Report ("BRSR") of the Company for the financial year ended March 31, 2025 forms part of this Annual Report and is set out as a separate section.

EMPLOYEE STOCK OPTIONS

During the financial year 2024-25, no stock options were granted under the HIL Limited Employee Stock Option Scheme 2019 and HIL Limited Employee Stock Option Scheme 2023 ("Schemes"). The relevant disclosure under Section 62 of the Companies Act, 2013 read with Rules made thereunder and Regulation 14 of the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 (SEBI (SBEB&SE) Regulations, 2021) as of March 31, 2025, is available on the website of the Company and can be accessed through the web link https://cms.birlanu.com/public/media/2025/04/14/esop-certification-2024-25.pdf.

The Board of Directors at its meeting held on May 17, 2025 proposed amendment in the HIL Limited Employee Stock Option Scheme 2019 to amend the existing restrictive definition of "Eligible Employees" with the objective of extending the benefit of the Scheme to a wider pool of current and future employees including other consequential and cosmetic changes subject to approval of members at the ensuing AGM. Accordingly, necessary resolution has been included for approval of the members by way of a special resolution at item no. 6 of the notice annexed with this Annual Report.

A certificate from M/s. Ranjeet Pandey & Associates, Company Secretaries, Secretarial Auditor of the Company confirming that the Schemes have been implemented in accordance with the SEBI (SBEB&SE) Regulations, 2021 would be placed at the ensuing Annual General Meeting of the Company for inspection by the shareholders.

SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS/COURT

During the year under review, no significant and material orders have been passed by the Regulators or Courts or Tribunals impacting the going concern status and operations of the Company.

MATERIAL CHANGES AND COMMITMENTS

There were no material changes and commitments, affecting the financial position of the Company which occurred between the end of the financial year March 31, 2025 to which the financial statements relate and the date of signing of this report.

During the year, there is no application made or any proceeding pending on the Company, under the Insolvency and Bankruptcy Code, 2016.

c. Provision of money for purchase of its own shares by employees or by trustees for the benefit of employees.

CHANGE IN THE NATURE OF BUSINESS

ANNEXURE VI

Statement of particulars of the conservation of energy, technology absorption, foreign exchange earnings and outgo

[as per Rule 8 of Companies (Accounts) Rules, 2014]

A. Conservation of energy

I. Steps taken or impact on conservation of energy

In a strategic move towards enhancing energy efficiency and sustainability, several critical initiatives have been implemented across operations. A key initiative for the year is replacing part of conventional power with renewable power across several of our plants. We already have over 3.5MW of renewable energy and have identified further potential of about 16MW of renewable energy across our plants. This would translate into over ~35% of our annual power consumption coming from renewable sources. We are currently pursuing projects for about 7.5MW of solar power with investments of over ₹ 15 crore across several of our plants; with additional projects to be taken up subsequently.

Additionally, we are working with an external consultant to identify measures to reduce energy consumption. As part of this we have identified measures with total potential energy savings of nearly 6-7% and investments of nearly ₹ 5 crore. One such initiative is replacing high-capacity motors, with more energyefficient ones, resulting in substantial power savings without compromising performance. Additionally, the reduction in horsepower and the procurement of IE4-rated motors—recognized for their superior energy efficiency—have contributed significantly to lowering electricity consumption. In the pumping systems, conventional positive displacement pumps were replaced with vertical pumps, offering better operational control and reduced energy use. To optimize compressed air systems, air compressors were evaluated for leakage points, and corrective measures were taken to minimize losses while determining and maintaining the most efficient operating pressure. Moreover, the adoption of Variable Frequency Drives (VFDs) has enabled dynamic control of motor speeds, aligning power usage with process demand. Lastly, the elimination of transformer losses has further strengthened the energy conservation efforts, paving the way for a more sustainable and cost-effective operational model.

II. Steps taken by the Company for utilization of alternate energy sources

The Company took several significant initiatives to promote the use of alternative and renewable energy sources, thereby reducing its dependency on conventional, non-renewable fuels. One of the key measures includes the utilization of agrobased fuels such as biomass briquettes, cashew husks, and rice husks for boiler operations. These sustainable fuels are being used as an eco-friendly substitute for traditional fossil fuels, contributing to lower carbon emissions.

Furthermore, the Company has already made substantial investments in renewable energy infrastructure, including the installation of wind turbines and solar power plants. These efforts are aimed at enhancing the use of clean energy sources and significantly minimizing reliance on conventional electricity derived from fossil fuels.

An important measure undertaken during the year was to substantially increase the share of renewable energy. As part of that initiative we are already working on implementing an additional 7.5MW of solar capacity. Thereby, by the end of FY26 we would have successfully installed capacity to replace nearly 15% of our power consumption by renewable sources which is expected to further increase to 20% by FY27.

In addition, the Company has introduced electric forklifts (EV forklifts) as a replacement for conventional diesel-powered forklifts. This transition has resulted in lower operational costs, reduced maintenance expenses, noise reduction, improved efficiency, and reduction of greenhouse gas emissions aligning with the Company's broader sustainability goals.

These initiatives reflect the Company's commitment to environmental stewardship and sustainable industrial practices.

III. Capital investment on energy conservation equipment

A capital expenditure (CAPEX) investment of ₹ 52 lakh has been made in FY25 and further CAPEX is proposed to be strategically allocated in FY26 to enhance the overall energy efficiency and operational performance of all the facilities. This investment reflects a long-term vision aimed at reducing energy consumption, minimizing operational costs, and supporting sustainable industrial practices. The funds are being deployed across multiple areas that directly contribute to lowering the plant's electrical load, improving equipment life, and optimizing process control. Beyond immediate energy savings, the investment is expected to yield significant returns over time through reduced utility bills, lower maintenance requirements, and enhanced equipment reliability. Furthermore, the focus on high-efficiency technologies aligns with broader environmental and regulatory goals, positioning the organization as a forwardthinking entity committed to responsible resource management.

We are committed to continuously investing in energy conservation measures. As we realise success in the PoCs that we are undertaking this year; we will horizontally deploy these energy conservation equipment and processes across our facilities.

B. Technology absorption

I. Efforts made towards technology absorption

The Company is continuously striving to upgrade its technology in all aspects through in-house R&D, primarily aimed at new product development, cost reduction of existing products and improving product quality. Specific areas in which Innovation was carried out during FY25 were:

- a. Filed two new patent applications in India for the following:
 - Accelerated carbonation curing of non-asbestos fibre cement boards and process thereof
 - ii. Water resistant wall plaster
- Two Indian and two international patents were granted during the year.
 - i. Indian: (1) Process for manufacturing asbestos fibre

- cement corrugated roofing sheets utilizing pulverized dry waste (2) Light weight sandwiched pre-fabricated panels using expanded clay aggregates and manufacturing process thereof.
- ii. International: (1) Non asbestos sandwiched pre-fabricated panels with improved wet strength and sound insulation and manufacturing process thereafter (Sri Lanka) (2) Non asbestos fibre cement corrugated sheets and manufacturing methods thereof (Bhutan).
- C The Company developed and commercialized following new products through its in-house R&D facility improved non asbestos roofing sheets delivering superior performance, high strength AAC blocks, silent pipes, PPR pipes developed, expansion of electrofusion HDPE fittings, organic based stabilizer, OPVC technologymanufacturing alignment, yellow metal primers, sheen emulsions (interior & exterior), false ceiling tile (elite & acme), acrylic texture, 1K dry wall board adhesive, grout admixture, granite tile adhesive, high coverage wall Putty and other construction and coating related products.
- d. Improving quality of products through improved manufacturing processes and development of new raw material compositions.
- II. The benefits derived like product improvement, cost reduction, product development or import substitution:

A standout achievement is the creation of the ultra-cool roof, a revolutionary product designed to enhance customer comfort and prolong the lifespan of roofing materials by reducing temperatures. This innovative solution also boasts of superior aesthetic appeal while offering anti-fungal, anti-algal, anti-bacterial, and water-repellent properties.

Moreover, the Company's efforts towards reuse of processed waste and other industrial waste have resulted in a nearly complete reuse of pipes and fittings process waste, minimizing waste through efficient processing and contamination control. Besides delivering on sustainability, this has also helped reduce production costs.

The production costs have been significantly slashed through strategic measures such as adopting cost-effective raw materials, optimizing power consumption, and enhancing technical efficiencies. With rising raw material prices, the Company has innovatively developed new blends of raw materials and their substitutes.

III. In case of imported technology (imported during the last three years reckoned from the beginning of the financial year)

- (a) the details of technology imported: Not Applicable
- (b) the year of import: Not Applicable
- (c) whether the technology been fully absorbed: Not Applicable
- (d) if not fully absorbed, areas where absorption has not taken place, and the reasons thereof: Not Applicable
- IV. Expenditure incurred on Research and Development: ₹ 825.18 lakh

C. Foreign exchange earnings and outgo

Details of foreign exchange earned in terms of actual inflows and the foreign exchange outgo in terms of actual outflows during the financial year are as under:

S. No.	Particulars	2024-25 (₹ in lakh)	2023-24 (₹ in lakh)

Management Discussion and Analysis

Macroeconomic overview

Global economy¹

During 2024, the global economy experienced steady growth of nearly 3.2%. This growth came in the backdrop of continued geopolitical conflicts. The year was also one of the biggest years for elections globally as voters in more than 60 countries went to polls. With economic challenges, a consistent theme across most countries; several incumbent parties either lost or suffered significant setback and thereby resulting in shifting international trade policies.

Global headline inflation continued to decline last year amid easing energy and food prices. As a result, headline inflation by late 2024 was at or below target in over 60% of economies and remained only slightly above target elsewhere. Global trade in goods and services also rebounded in 2024, growing by an estimated 2.7%. Growth in goods trade accelerated in the second half of 2024, following a weaker-than-expected recovery in the first half.

Advanced economies expanded by ~1.7% in 2024, as steady U.S. growth and a modest pickup in the Euro area were dented by a sharp slowdown in Japan. Growth rates were divergent across emerging and developing economies with slower than expected growth in several energy exporting countries and more robust growth in others. In energy-importing economies excluding China, growth remained largely steady through the year, supported by a broad-based pickup in consumption and investment.

During the year, GDP growth in Europe continued to be relatively tepid with the European Union (EU) estimated to have grown at 1.0% and euro area at 0.8%. Even as real income growth had slowly begun to result in higher consumption during the year, exports declined as the industrial sector continued to struggle. Investment activity also remained relatively weak, weighed down by still tight monetary policy, subdued external demand, reduced profit margins, and weak business sentiment. Manufacturing activity remained weak on the back of persistently higher energy prices.

Outlook¹

After enduring a prolonged and unprecedented series of geopolitical and economic shocks, the global economy appeared to be stabilizing, with steady yet underwhelming growth rates. However, the scenario has changed over the last few months as governments

around the world reorder policy priorities and uncertainties have climbed to new highs. The global growth during the year is expected to be adversely impacted with effective tariff rates at levels not seen in nearly a century and a highly unpredictable trade environment. In addition the progress made last year in reigning inflation has mostly stalled with an increasing number of countries exceeding their inflation targets.

In this environment; the world GDP is projected to grow at 2.8% during 2025. Over 2025, growth is forecasted at ~1.4% for the advanced economies; lower than 1.8% achieved in the previous year. This growth is largely driven by the US which is forecasted to grow at 1.8%; Europe expected to drag down growth. Even though the emerging and developing economies however are expected to grow significantly faster at ~3.7%; this will still be lower than the growth of 4.3% achieved during 2024.

Continued geopolitical and policy uncertainty is expected to weigh on Eurozone economic growth, slowing down the anticipated recovery. During 2025, the Euro area is projected to grow at 0.8% before picking up modestly to 1.2% in 2026.

Indian economy overview

The Indian economy grew at a steady rate of 6.5% in FY2025², however this was much lower than the 8.2% growth recorded in the previous year. Through-out the year market and external conditions remained difficult. Indian consumer demand experienced a slowdown, particularly in the urban areas driven by stagnant wage growth, sluggish job market, higher interest rates and a slowdown in credit growth. While rural demand remained relatively stronger, the overall trend showed a muted consumption landscape across businesses. Lower overall demand also meant higher competitive intensity as several companies across sectors resorted to pricing cuts to drive demand with profitability getting impacted therefore. In addition lower Government spend further impacted business sentiments and results. The industrial sector grew by about 6.2% in FY25. Even as the first quarter saw strong industrial growth of 8.3%, growth slowed down in the ensuing quarters due to multiple reasons such as lower manufacturing exports, extended monsoons impacting sectors like mining, construction and lower / delayed Government spend on several infrastructure related projects partly on account of the General Elections.

¹IMF, World Economic Outlook, April 2025

²https://www.pib.gov.in/PressReleasePage.aspx?PRID=2106921

Outlook

Overall, the outlook for the Indian economy appears positive. India's growth trajectory is expected to remain strong, driven by rising consumer demand, improved investment activity and policy support. By reducing personal taxes as announced during the budget, the Government has also enabled significant increase in disposable income for middle-class households which is likely to result in higher consumer spending.

India's real GDP is projected to grow at 6.5% for the currentfinancial year 2025-26 (as per RBI); even astrade tensions and global uncertainty triggered by USA's imposition of tariffs might have some adverse impact on the growth. The agriculture sector is expected to perform well this year, due to healthy reservoir levels and strong crop production. The positive outlook for agriculture is likely to support rural demand, which remains strong. Urban consumption is also gradually increasing, aided by a rise in discretionary spending.

Investment activity has already gained momentum this year and is likely to improve further. This improvement is driven by sustained higher-capacity utilization and likely higher government spending on infrastructure this year. This will therefore also have a significant positive impact on the manufacturing pressures sector. Easing inflationary accommodative monetary policies are expected to boost credit flow which will support both businesses and individuals. With macroeconomic stability in place, the economy is strategically placed to sustain its growth momentum. On the demand side, household consumption is expected to improve, while prospects of fixed investment remain bright.

Industry overview

Infrastructure industry³

Recognizing the crucial role that robust infrastructure sector plays in the economic and societal growth of the country, the Government is significantly accelerating its investment in infrastructure. The Union Budget for FY26 has allotted ₹ 11.21 lakh crore for infrastructure development. This allocation prioritises crucial sectors such as transportation, urban development and rural infrastructure, with a focus on bolstering resource allocation and economic growth. Even as this year's allocation is only marginally higher than previous year's allotment of $\overline{3}$ 11.11 lakh crore, the actual increase is likely to be much higher considering that in 2024-25 the entire allocated amount was not spent, for example estimated actual spend during the year on water supply and sanitation was ₹ 43K crore lower than allocation.

Inclusive economic development and better connectivity across India is a key theme this year. The UDAN – Regional Connectivity Scheme aims to connect larger parts of country through air travel by adding 120 new destinations and targeting 4 crore passengers over the next decade. On the backbone of strong infrastructure, developing 50 top new tourist destinations sites along with world class facilities will further create construction related opportunities.

An allocation of ₹2.55 lakh crore has been made to the Ministry of Railways, part of which will be to support modernization of over 1,000 stations. Similarly, the Ministry of Road Transport and Highways has been allocated ₹2.87 lakh crore, a significant portion of this funding will be to support the Bharatmala Pariyojana, a national highway development program aimed at improving road connectivity.

In addition, there is continued focus on both rural and urban sector development through schemes such as Jal Jeevan Mission (JJM) which has been extended upto 2028, AMRUT 2.0, PMAY, etc. These initiatives are set to elevate both rural and urban living standards and further augment demand for construction solutions.

Real estate industry⁴

Currently contributing around 7% to India's GDP; real estate sector is slated for strong growth driven by increasing urbanization, rising incomes, government initiatives and technology advancements. The sector's share of GDP is expected to increase to over 16% over the next 20 years signifying the important role that the sector plays in the nation's economic growth. Despite certain challenges such as increasing construction costs and affordability, recent policy reforms and increased institutional investments are creating a supportive ecosystem. The real estate landscape in India is also evolving with emerging segments such as data centers, co-living, senior housing etc., with role of traditional asset classes therefore declining.

The Government's initiatives on ensuring transparency in governance, ease of doing business, and clear policy frameworks are providing a strong foundation for the sector's growth. The implementation of RERA (Real Estate Regulation and Development Act) has enhanced accountability, while initiatives like Smart Cities Mission and PMAY-U continue to accelerate urban development.

The real estate industry across segments is also increasingly adopting alternate materials to promote sustainability and reduce carbon footprints. AAC blocks and other eco-friendly materials are being

used to improve resource efficiency and minimize environmental impact. Innovations in building technologies, such as smart energy management systems and Al-driven predictive maintenance, are aiding practices that drive sustainability.

Fibre cement roofing industry

Fibre cement is widely utilised as a roofing material in the commercial, industrial and residential sectors. Owing to its resilience to varied weather conditions such as rain, hail and strong winds, fibre cement is the preferred choice of builders for roofing applications.

The fibre cement roofing market is anticipated to grow marginally at ~1% this year after having declined by 1-2% during FY25. This growth is largely driven by Government's continued focus on rural infrastructure development. For FY26 the Ministry of Rural Development has been allocated ₹ 1.88 lakh crore which is nearly 8% higher than previous year's estimated spend of ₹ 1.74 lakh crores. In addition, during the year, rural consumer demand is expected to improve supported by increased Government spending on welfare schemes, increased minimum support prices and gradual recovery in household incomes.

Pipes industry

During FY24 the Indian plastic pipes and fittings industry faced several challenges. Even though the industry had grown at ~10% CAGR between FY20 and FY24; growth during FY25 was significantly lower at ~5% driven largely by PVC price volatility, sluggish Government expenditure (on projects such as JJM) and overall lower customer demand. However, the industry continues to hold substantial growth potential and is expected to grow at 10-12% CAGR over the next couple of years, driven by higher Government spends and robust real estate and agriculture demand. India's per-capita-plastic pipe-consumption is lower than global average and significantly lower than that of US, Europe and China implying significant headroom for growth. However, continued volatility in PVC material prices might adversely impact industry margins and volumes in the near to mid-term.

Despite these challenges, the long term prospects for the industry remain promising. The Government has launched several initiatives and affordable housing measures. One notable example is the Jal Jeevan Mission, which has been allocated ₹ 67,000 crore and extended until 2028.⁵ The Ministry of Housing and Urban Affairs (MoHUA) has approved the construction of over 3.53 lakh houses under the Pradhan Mantri Awas Yojana – Urban 2.0 (PMAY-U 2.0). Continued Government focus on PMAY-Urban is likely to support the demand for affordable housing

in the urban real estate segment and therefore the plastic pipes industry.

The plastic pipes and fittings industry is also witnessing technological advancements, shift towards sustainability (such as use of recycled or biodegradable PVC), modular systems, and improved materials such as composites with enhanced properties like flexibility and chemical resistance. Certain new pipe technologies such as oPVC that improve mechanical properties of pipes are also gaining increased acceptance. Additionally, automation and digital technologies are being integrated into manufacturing processes, leading to increased efficiency and precision.

Flooring industry

The global flooring market is estimated to be over USD 250 billion and expected to grow at a 5-6% CAGR over the medium term. With increasing construction activity across residential and commercial sectors and trends for more sustainable flooring solutions, the demand for flooring continues to rise globally.

US and Europe are the two largest flooring markets globally. The US market is estimated to be over USD 43 billion and forecasted to grow at 2-3% to reach nearly USD 55-60 billion over the next 2-3 years. Resilient flooring is now the largest flooring segment in US surpassing carpets. The US resilient flooring market boasts a diverse range of products tailored for both residential and commercial use. Among these, vinyl flooring, especially LVT / LVP (luxury vinyl tile/plank) have the highest share driven by favourable performance characteristics such as being cost-effective, water-resistant, easy installation, improved durability likeness to natural materials.

The European market is projected to grow at 2-3% CAGR over the next few years. Similar to the US, the European flooring is also increasingly shifting towards resilient choices. Across both these markets strong consumer preference for eco-friendly choices is also emerging. Therefore, market for sustainable flooring solutions that combine environment related responsibility with style and high-quality is growing rapidly.

Company overview

BirlaNu Limited (formerly HIL Limited), part of the USD 3 billion CKA Birla Group, is a home and building products and services Company. For nearly 80 years BirlaNu has been a pioneer in redefining the art of creating home and building solutions. The Company's portfolio spans Pipes, Construction Chemicals, Putty, Roofs, Walls and Floors. As a leading player in the building solutions space, BirlaNu integrates purpose and innovation into every offering, ensuring we meet evolving customer needs.

In FY25, HIL Limited was rebranded to BirlaNu Limited. BirlaNu represents a bold evolution of our legacy, blending innovation with heritage. The new brand is inspired by the people we serve and driven by a passion for continuous growth. As the world evolves, we remain committed to shaping spaces where life unfolds and inspiring beautiful, lasting design with our customers at the heart of everything we do.

We want BirlaNu to be a brand that empowers homeowners, builders, and designers to bring their vision to life—crafting buildings that stand the test of time. And that's why our brand campaign is anchored around a simple, powerful idea: "Build Your World."

Our updated brand architecture now unifies all our businesses—Pipes, Putty, Construction Chemicals, Walls, Roofs, and Floors—under a single identity. This alignment will help every customer and every partner understand who we are and what we stand for.

This is not just about changing how we look, it signifies a bold growth agenda. This rebranding is at the heart of a strong, strategic push toward fast-paced, value-building growth.

BirlaNu is not just a rebrand. It's a renewed promise. It signals our readiness for new customers, new markets, new conversations and new ideas. It reflects the world we live in today—faster, more digital, more design-led and deeply conscious of sustainability.

The Company has 32 best-in-class manufacturing facilities and two innovation hubs across India and Europe.

Nearly 8 decades of trust in home & building solutions industry	30k + retail touch points worldwide
21K+ channel partners globally	manufacturing facilities

At BirlaNu, we are built on a strong value system and the legacy of the CKA Birla Group. We foster an inclusive, technology driven workplace that empowers our people. Recognized as a Great Place to Work, we offer career mobility, flexible work options, and a focus on well-being. With transparent communication, progressive policies, and several talent programs, we invest in our people's growth and impact.

We are driven by three key brand values as we shape the future – 1) "Innovation" to redefine brilliance and simplify the future, 2) "Excellence" by challenging the status quo and raising the bar and 3) "Sustainability" for shaping the future for generations to come.

BirlaNu's key strengths

Strong value system and parentage: BirlaNu is a flagship Company of CKA Birla Group, a Company built on a legacy of trust. With nearly 80 years of rich experience, the Company's products are synonymous with quality and innovation.

Diverse product portfolio – The Company serves homeowners, builders and designers offering a complete range of home and building solutions across pipes, construction chemicals, putty, roofs, walls and floors. The Company's portfolio is continuously expanding to meet customers evolving needs. Crafted with care and precision, our products are designed to endure, evolve and elevate every space.

Extensive distribution network – BirlaNu is present in over 80 countries with over 30,000 retail touch points and a network of over 21K channel partners worldwide. Our brands such as Charminar enjoy industry leading sales network with over 60% tehsil penetration in India.

Global manufacturing footprint – With 32 state of the art manufacturing facilities across India, Germany and Austria we are able to serve our customers quicker and more efficiently. With industry best practices such as Lean Six Sigma and cutting edge Industry 4.0 and business intelligence tools we help deliver industry-leading efficiencies.

Innovation - BirlaNu is inspired by the people we serve and driven by a passion for continuous innovation and creativity, we empower homeowners, builders and designers to bring a vision to life, crafting innovative buildings and structures that stand the test of time. From Parador's ecofriendly Modular ONE flooring to TruFiT Leakproof Pipes, our solutions evolve with changing needs. Ultracool Roofs enhance comfort and efficiency, while Aerocon AAC Blocks enable faster, stronger construction. Patented advancements like the Organic Based Stabilizer (OBS) and India's first Electrofusion with Integrated Service Saddle are setting new industry benchmarks.

Leading brands – The Company has established leading brands across the segments it operates in such as Charminar, BirlaNu Aerocon, BirlaNu Leakproof Pipes, Topline and Parador.

Committed and skilled workforce – With over 5,000 employees from 30+ nationalities and across 160+ towns, BirlaNu believes that one of its greatest assets is its people. Being certified as 12th Great Place to Work in India and ranked 41 best Workplaces in Asia during 2024 is a testament to the pride and sense of belonging among its employees. Our culture, talent development initiatives and inclusive policies empower our employees to think beyond limits and work alongside our partners to develop ground breaking ideas and solutions.

Pipes

BirlaNu provides advanced water management solutions through two trusted brands: BirlaNu Leakproof Pipes and Topline. With a diverse range of over 20 products, its offerings includes CPVC, uPVC, SWR, Silent, UGD, Foamcore, Pressure, Column, Casing, PPR, HDPE, MDPE, Gas Pipes, Electrofusion Fittings, FHTC Fittings and Water Tanks—all paired with expertly engineered fittings and solvents.

Our innovation, TruFiT Technology, is at the heart of our offerings, ensuring precise tolerances for easy, leakproof assembly. Setting a new industry standard, BirlaNu Leakproof Pipes delivers peace of mind for homeowners and effortless installation for plumbers.

With cutting edge European technology, we deliver products with dimensional accuracy, uniform quality and superior performance. As pioneers in in-house CPVC compounding (under patent) we ensure full control over formulation for durability. Certified by ISO 45001, ISO 14001, ISO 9001, GreenPro, Ecolabel and GRIHA we prioritize sustainability and safety. Our adoption of Organic Based Stabilizers (OBS) for uPVC and Pressure Pipes sets a new benchmark, replacing traditional heavy metal stabilizers; and thereby further strengthening our innovation and sustainability credentials.

Besides pipes, we also have a comprehensive range of water storage solutions. Our water tanks are a robust solution ensuring clean and safe water storage. Built for durability and sustainability, these tanks are easy to install and resistant to corrosion and UV radiation.

Construction Chemicals

BirlaNu Construction Chemicals portfolio is designed to deliver innovative solutions for stronger, safer and long standing structures and for modern construction requirements. Our range of BirlaNu Tough Tile Adhesives, BirlaNu Tough Tile Grouts, BirlaNu Surface Cleaners and BirlaNu Plasters are engineered to support versatile applications across residential, commercial and large-scale projects. Our innovative TruBond technology ensures superior strength,

durability and easy application for a flawless tile finish. Besides the tiling segment, the Company also offers several innovative products across stone fixing, protective coatings, dry mix and repair solutions.

Putty

BirlaNu TruColour Putty is a trusted solution for creating stunning, vibrant walls. Our putty products offer a comprehensive range of high quality solutions tailored to meet diverse construction needs, from time tested, versatile putty and durable Waterpoof putty to Gypsum plaster and weather resistant Texture putty. BirlaNu's innovative TruColour Technology enhances the durability and aesthetics of building surfaces with vibrant, fade resistant colours. Using weather resistant pigments, it ensures superior coating, long lasting finishes and eco-friendly production. TruColour sets a new standard in putty, offering builders and homeowners a reliable, high performance solution for lasting beauty and protection.

BirlaNu also offers a range of high-quality primers designed to provide superior adhesion, opacity and durability for all the surfaces.

Roofs

A market leader with nearly 25% market share in India, Charminar brand is synonymous with the category in India. Charminar roofs are high quality, visually appealing and durable fibre cement roofing solutions designed for multiple segments – residential, commercial and industrial. Our range of products combine strength and innovation, providing thermal insulation, fire resistance and superior performance.

Charminar is known for its innovative products such as colour coated roofs for contemporary spaces, and Ultracool roofs for cooler indoors. We also offer market leading sustainable product options such as "Charminar Fortune" for our eco-conscious customers. Besides roofing products, we offer various tools and accessories such as EPDM washers etc. that provide exceptional properties such as anti-corrosion, sealing, heat and harsh weather resistance for long-lasting structural support on the roofs.

Walls

BirlaNu Aerocon offers a versatile range of nature positive beautiful, wall solutions that combine strength, style and sustainability. Across AAC Blocks, sandwich panels, fibre cement and designer boards, each of our product is designed to meet the evolving demands of contemporary construction and balance form and function. Engineered for efficiency and durability, these products enable faster execution, superior thermal and acoustic performance and a reduced environmental footprint compared to traditional materials, helping customers build better, smarter and greener spaces.

AAC Blocks: Light-weight and offering excellent acoustic and thermal insulation, our Autoclaved Aerated cement (AAC) Blocks are crafted from fly ash, cement, lime and aeration agent to enable faster building while reducing cement and steel consumption. Compliant with IS 2185 Part 3 standards, they ensure consistent quality.

Panels: With two fibre-reinforced cement facing sheets surrounding lightweight cement core, our Panels redefine construction with their innovative design. Ready to install, they offer unmatched strength, durability and efficiency for wall applications. These panels are a smart, sustainable choice for building partitions, prefab structures, mezzanine flooring, cladding, boundary walls and fire separation making them a smart choice for safe, efficient and eco-friendly building solutions.

Designer Boards & Planks: By combining durability with design flexibility, our designer boards and planks redefine surface aesthetics. Engineered for both interiors and exteriors, these eco-friendly boards offer a natural grainy texture, enhanced visual appeal, dimensional stability and long term resistance to weather, termites and water.

Floors

Parador

Parador is a leading global interiors brand that specializes in engineered wood, laminate, vinyl flooring and the eco-friendly resilient flooring "Modular ONE" for residential, retail, hospitality and commercial segments. Founded in Germany in 1977, we are proud of our European heritage and our global reputation for exemplary design expertise and production. We are committed to minimizing our impact on the environment, taking a holistic approach and working to the highest ecological standards. Sustainability is at the core of what we do, from design to production, we are committed to eco-friendly practices.

Business and financial performance

Business performance

BirlaNu achieved net revenue from operations of $\stackrel{?}{\stackrel{?}{?}}$ 2,310 crore as against $\stackrel{?}{\stackrel{?}{?}}$ 2,231 crore in the previous year on a standalone basis, an increase of 3.5%. On a consolidated basis, the Company registered net revenue from operation of $\stackrel{?}{\stackrel{?}{?}}$ 3,615 crore as against $\stackrel{?}{\stackrel{?}{?}}$ 3,375 crore in the previous year recording a growth of 7.11%. However, this growth has to be seen in the backdrop of a difficult market and external scenario, where most of the industry and peers have reportedunderwhelming results and which is true for both India and for Parador in Europe.

During the year under review, BirlaNu registered profit before tax (PBT) of ₹ 26.36 crore before profit from exceptional items, on standalone basis as against ₹ 95.82 crore in the previous year, recording a decline of 72% mainly due to pricing pressure emanating from intensifying competition in all categories and volatility in resin prices. Loss before tax on a consolidated basis for the financial year 2024-25 stood at ₹ 43.45 crore as against profit of ₹ 35.54 crore in the previous year, recording a de-growth of 222% largely due to continued weak demand for flooring product in Europeon market, in addition to overall subdued demand environment and soft pricing scenario.

On a consolidated basis, the net worth of the Company as of March 31, 2025 stood at $\overline{\prec}$ 1,211 crore as against $\overline{\prec}$ 1,253 crore in the previous year. The consolidated earnings per share (basic) for the financial year ended March 31, 2025 stood at $\overline{\prec}$ (43.63) per share as against $\overline{\prec}$ 46.15 per share for the financial year ended March 31, 2024.

Detailed segment-wise operational performance of the Company for the financial year 2024-25 is mentioned below.

Roofs

In Roofs, we sustained our market leadership and our ~23% market share, despite a decline in overall demand, reflecting our strong brand and channel strength. In this segment, we were keen to protect our price premium over the competitors. The Company's focus on micro market management has resulted in enhancing rural tehsil penetration and adding new dealers to the strong Charminar channel network. Despite muted demand, during the year we were able

to significantly increase our channel billing across several focus states.

Considering the overall muted demand and pricing scenario during the year, we also doubled down on managing our profitability through various initiatives.

The Company continues to adopt and deploy digital tools viz. Industry 4.0, TMS, SFA, etc. across our plants and sales team to enhance efficiencies and productivity. During the year we also significantly leveraged digital campaigns on various platforms to generate additional leads and engaged with over 10K+ influencers.

"Charminar" and "Charminar Fortune" brands continue to enjoy the trust of the customers backed by the Company's enhanced customer-centric approach, unparalleled quality, superior after sales customer service and strategically positioned plants and depots to serve its customers effectively while optimising freight expenses.

Walls

This year the Walls business faced a combination of subdued demand, lower Government spends in infrastructure and increased competitive intensity with several new capacities being commissioned. While revenue for Panels and Boards increased by 1.9% and 6.0% respectively over last year; the year was challenging for Blocks segment where sales declined by 4.1%.

To tide over this situation, we have already taken several steps to expand our distribution network across segments, ramp up our sales with new customers and in newer geographies and increasing the share of value-added products in this portfolio. In addition to mitigate impact of declining NSR and manage profitability we have launched specific "Missions" across segments on margin improvement.

On the marketing front, BirlaNu Aerocon enhanced its brand presence across key infrastructure and industrial exhibitions to connect with key architects, engineers and developers. Strong digital lead acquisitions helped to specify the products across key projects. We further enhanced our sustainability credentials and were awarded the prestigious Green-Pro certification for Panels and Boards.

Polymers

This segment consists of "Pipes" and "Construction Chemicals and Putty". During FY25, despite sustained efforts on driving cost efficiency across operations and procurement; the performance on profitability of the Polymer Solutions suffered largely due to pricing pressures resulting from commodity price decline and competitive intensity. Consolidated revenue in FY25 was ₹ 634.81 crore compared to ₹ 535.38 crore

last year driven largely by volume growth in Pipes and Construction Chemicals business.

BirlaNu's efforts were concentrated on expanding its distribution network, securing key project accounts with reputable builders and developers nationwide, and diversifying the product offerings. BirlaNu remains committed to strengthening our relationships with influencers such as plumbers, painters and applicators, through targeted retail marketing initiatives to cultivate greater brand loyalty.

Pipes

In a significant move to bolster our Pipes business, in April 2024, BirlaNu acquired Crestia Polytech Private Limited and its four group companies under the brand 'Topline', a renowned brand of Pipes and Fittings in Eastern India. With this acquisition, the Company gained additional capacity of ~64,000 MTPA in East India, enhancing its ability to serve the eastern states while also securing customer access and necessary government approvals for relevant products and geographic segments. With this the Company has further expanded its product segments including HDPE pipes and fittings, PPR, FHTC, electrofusion fittings and water tanks. We have since successfully integrated Crestia with BirlaNu and several synergies across sales and operations are already being realized.

During FY25, the business achieved consolidated volume and revenue growth of 76% and 57% respectively over last year. This impressive growth came in the background of significantly reduced Government spending on projects such as Jal Jeevan Mission and unprecedented decline in resin prices which thereby affected both revenue and margins for the industry.

The sales growth for the business was driven by targeted distribution expansion efforts in the retail segment, as well as a focused approach to technical sales in the institutional and the Government segment, particularly within marquee residential projects nationwide. In addition, sustained efforts around material and labour costs, as well as working capital and inventory helped limit the impact of declining prices on profitability.

During the year we also significantly amped up our marketing efforts with significant engagement with the channel partners including influencers. In addition, several digital initiatives to improve efficiency and accelerate sales were deployed this year. Key amongst these was the launch of our Lead Management / CRM platform for the B2B business.

Putty and Construction Chemicals

In FY25 revenue for the segment de-grew by 7.9% which was largely on account of lower putty sales driven by intense competition. The Construction

Chemicals sales, however, were strong growing at 23% year-on year. The tiling segment in particular witnessed robust sales growth of 57% during the year.

The Company is committed to the segment's growth, with a strong management focus and dedicated sales teams. The Company is building a strong PAN India presence with a robust distribution network. BirlaNu continues to drive strong engagement program with channel partners and influencers via various on ground workshops and meets demonstrating the wide range of product lines and application procedures.

Floors

Parador's performance in 2025 reflected resilience and opportunity in the face of adversity. Despite recessionary macro-economic conditions and weak consumer sentiment, which led to a slowdown in construction and flooring demand across core European markets, we were able to pivot effectively. Leveraging Company's agile pricing strategy,

restructuring our sales teams, and expanding into new markets, it doubled down on growth through commercial segments, product innovation, and improved execution. Strong cost discipline was maintained and capital deployment was optimized to ensure lean operations. As a result, the Company delivered a 7% revenue growth and a 9% volume growth in FY25.

In Q4 alone, volumes increased by 9% and revenue by 10% — marking the Company's best quarterly performance in the last 12 quarters. With strong margin delivery, the Company reported a positive EBITDA of Euro 2.0 million. Entering FY26, the management remain cautious of the prevailing tariff and macro-political uncertainties across Europe and global markets, but are committed to carrying forward the momentum of Q4 into the full year as presence in high-potential markets like the Americas, Middle East, and Asia begins to yield results.

Intentional Innovation

BirlaNu has established advanced Innovation and R&D centres in both India and Germany, facilitating robust product development and research. The cutting-edge infrastructure at its Hyderabad Innovation centre, which includes an in-house pilot plant recognized by the Department of Scientific & Industrial Research (DSIR) of the Government of India, is dedicated to adopting innovative processes and studying industry dynamics to maintain a competitive edge. Continuous investment in technology has allowed BirlaNu to enhance the production and development of eco-friendly products. The innovation team focuses on improving existing offerings and creating value-added products tailored to consumer and industry demands through a consumer-centric approach.

Leveraging state-of-the-art facilities in India and Germany, BirlaNu's Innovation team is utilizing automation, IoT, and smart manufacturing to improve production efficiency and minimize waste.

Parador continues to invest in innovations related to product, operations and technology. Product innovations are holistic in design and concentrate on meeting customer need while also accelerating the differentiators that Parador offers into the market place. Recent innovations are focused on providing product differentiation across multiple channels and geographies to offer relevance to both the global and local consumer as well as demonstrating competence in customization and choice to allow designers an ability to express themselves within the interior space. Each product is carefully engineered for durability and longevity, incorporating innovative installation systems. Operational innovations are targeted at digitization and automation to drive flexibility within our manufacturing processes without increasing complexity or costs. Technology advancements are focused on both back end and front end that offer Parador a platform to expand its reach across new geographies and channels.

From Parador's eco-friendly Modular ONE flooring to TruFiT leakproof pipe technology, our innovations are built for the evolving needs. Our Ultra Cool Roofs combat heat for better comfort and energy efficiency, while Aerocon AAC blocks and panels enable faster, stronger and sustainable construction. Our advanced Organic Based Stabilizer (OBS) for pipes and innovative electrofusion with integrated service saddle ensure greater durability, reliability and efficiency.

Technology & digital

BirlaNu is steadily advancing its digital transformation strategy aimed at boosting operational efficiency and addressing business challenges through the integration of advanced technologies.

By effectively embedding Industry 4.0 principles across our operations, we have made significant progress in smart manufacturing initiatives. Realtime monitoring through sensor-based systems has allowed for improved equipment productivity, reduced unplanned downtimes, and more efficient maintenance schedules. We are also piloting a digital manufacturing dashboard that will allow for decentralized monitoring and oversight into manufacturing operations. This would build in the future to a potential AI monitored manufacturing twin of our plants. Enhancements in logistics through advanced transport management systems and the automation of numerous operational tasks aim to increase efficiency while ensuring robust cybersecurity measures are in place to protect digital assets.

Beyond the shop floor and operations, we are modernizing our enterprise architecture to support better decision-making and customer engagement. A centralized data lake now brings together insights from key business systems, making real-time, role-based analytics more accessible across the organization. The successful go-live of our new ERP platform (SAP S/4HANA) marks a major milestone, laying the groundwork for Al-powered automation in our future-looking applications, such as predictive demand forecasting, intelligent supply chain optimization, and Al agentic workflows. The approach we will be taking going ahead is to have digitalled transformations that create platforms of value realization for our customers and employees.

Customer engagement has been further elevated with the rollout of an integrated lead management and sales force automation systems, stream-lining sales planning across primary and secondary markets. These tools are already delivering tangible benefits in field force productivity, with automated visit planning, attendance, and performance tracking. Across the value chain, digitization efforts have also yielded to indirect gains — with one such example being that of our product barcoding, warehouse management and layout planning, as well as an AIML-powered SKU counting app, that significantly reduced dispatch and loading errors in our Pipes business.

To further build on our customer-centricity, the Company is in the process of implementing best in class loyalty platforms to drive synergies across its businesses. Centred on delivering customer delight, this platform would result in better sales processes, increased lead conversion rates, higher share of the customer wallet and better influencer engagement and loyalty. This would truly fulfil our digital-promise of improving transparency, reducing manual workflows, and building an agile, collaborative ecosystems for long-term mutual growth.

Sustainability

For BirlaNu, sustainability is not a choice but a responsibility that we own. We are committed to sustainable growth by reducing our environmental footprint, helping customers minimize theirs, and scaling sustainable solutions. By driving circularity repurposing industrial waste and pioneering various industry first innovations such as OBS for pipes we are driving our sustainability agenda in a more comprehensive manner. Our zero discharge plants and expanded renewable energy integration reflects our dedication to a greener future. We are making significant investments across our various plants to increase share of solar power and thereby reduce our carbon footprint. In addition, we are continuously investing in energy efficient equipment and adopting various digital solutions such as Industry 4.0 across our operations for real-time energy tracking and analytics to further optimizing energy usage.

BirlaNu adheres to air quality standards and recycles 100% of its process water, particularly at its manufacturing facilities. The Company is engaged in establishing an emissions baseline and intensity profile to achieve reduction goals for GHG based on measurable targets.

In addition, BirlaNu prioritises environmental protection through its strong commitment to sustainability. Various measures have been implemented to reduce the environmental footprint and enhance resource efficiency. These initiatives range from optimising energy usage to minimising waste generation, all with the goal of preserving the planet for future generations.

Ethically sourced, waste conscious and powered by clean energy, we are shaping a world where responsibility and innovation go hand in hand. We are not just building but redefining what is possible in a sustainable future. Every decision we make reflects our commitment to a greener, more responsible future, because true progress is sustainable.

Human capital

Supported by a dedicated workforce of over 5,000 employees representing 30+ nationalities and a network of 150K skilled applicators, we proudly serve customers across the globe.

BirlaNu firmly believes that talent is central to its strategy, recognizing that the quality and enthusiasm of its workforce significantly contributes to enhancing stakeholder value. To achieve its organizational goals, BirlaNu has a strong focus on employee engagement and talent development.

The Company has notably attained the 12th position in the "Great Place to Work" (GPTW) rankings in India and 41st rank in the Best Workplaces in Asia[™] in 2024, which is a testament to our inclusive and, positive workplace culture. A key element of this commitment

is the introduction of the JOSH Program, an initiative aimed at boosting employee engagement across all our facilities and offices.

The Company is also employing several digital initiatives to drive significantly higher level of engagement across its workforce. One such initiatives is the use of Amber, an Al based chatbot, which conducts real-time sentiment analysis across both our existing and past employees, thereby enabling actionable insights from employee feedback that are crucial for improving engagement scores.

The Company has strengthened the "DEI at BirlaNu" initiative to enhance women representation across the organization including manufacturing and sales. The Company is committed to diversity in hiring and to encourage an inclusive workforce.

To further strengthen its recruitment process, BirlaNu has implemented competency-based assessments for campus hires and apprenticeships.

As part of our focused learning program on enhancing capabilities of our frontline sales teams and their managers, we have introduced the Sales Learning Academy – iSAIL. This program is designed to address real-time market challenges and building confidence across levels, enabling our teams to succeed in an evolving business landscape. Our commitment to continuous learning ensures that our sales teams remain customer-focused, agile and future-ready.

As part of our corporate social responsibility initiatives, a skilling and certification program has been introduced to train tradespeople including plumbers, masons, and painters. Collectively, these initiatives aim to improve employee engagement and significantly enhance BirlaNu's standing as a leader in workplace excellence and innovation.

Risk management framework

While pursuing its business objectives, BirlaNu is exposed to various risks. However, the Company has developed organisational agility to anticipate, mitigate, and manage these risks. Several measures have been implemented to assess, identify, and effectively reduce risks that may arise periodically.

BirlaNu has a robust risk management policy approved by the Board. The policy outlines the aims and principles of risk management, as well as an overview of the risk management process, procedures, and associated responsibilities of the Committee members. The Risk Management Committee and the Audit Committee supervise the implementation of the Risk Management Framework.

On a half-yearly basis, a formal report on 'Risks that Matter' is reviewed by the Risk Management and Audit Committees for its review and guidance and subsequently presented to the Board.

Risk and concerns							
Risks	Risk particulars	Mitigation strategies					
Supply Chain Risks	Supply chain disruptions could result in price fluctuation of critical raw materials such as fibre, cement, resin, wood, etc. thereby adversely impacting costs & margins.	BirlaNu has built long-term partnerships with its suppliers, reducing the risk of price fluctuations. The Company has built a global network of suppliers that allows diversification of supply sources and unhindered logistical movement of its inventory.					
Macroeconomic Risks	The geopolitical instability and volatility in the global economy, including a distorted supply chain and fluctuation in exchange rates, pose potential risks for the global operations of BirlaNu.	BirlaNu's operations, sales and supply sources are spread globally and across segments, decreasing its reliance on a single country or product. The Company has mapped and developed its extensive vendor base globally to insulate itself from any geopolitical instability.					
Quality Risks	Failure to maintain product quality and adherence to relevant quality standards may have a damaging effect on BirlaNu's reputation as well as its financial position.	BirlaNu follows strict quality control processes which ensures that only quality certified products are delivered to customers. BirlaNu is accredited by leading industry bodies for its product quality certification processes.					
Technology Risks	Failure to adopt cutting-edge technology by BirlaNu will undermine its operational efficiency and customer satisfaction, hindering the Company's growth. In addition cybersecurity concerns related to data theft can compromise privacy and breach in data which may ultimately lead to business loss or adversely impact brand reputation	BirlaNu's manufacturing facilities are equipped with advanced infrastructure and technologies that ensure the protection of its IT infrastructure and ensure seamless operations. Over the years there has been significant investment in digitalisation / Industry 4.0 deployment at the Company's plants. BirlaNu's digital infrastructure is poised to counter any external cyber security threats and ensure business continuity.					
Financial Risks	The Company is exposed to exchange rate volatility because of its global presence. Currency rate fluctuations could have a detrimental effect on profitability. BirlaNu's international operation and acquisition in the recent past can adversely impact the Company's finances like operating cost, revenue generation and profitability.	BirlaNu enters into forward contracts to hedge foreign exchange risks, thus limiting any negative impact from exchange rate fluctuations. BirlaNu's internal processes are robust to ensure accurate accounting of revenue and costs. BirlaNu has a well-established integration programme in place to ensure a seamless integration of acquisitions into BirlaNu's operations.					

Risks	Risk particulars	Mitigation strategies
Environment Risks	Increasing focus on environmental protection also implies that any failure on behalf of BirlaNu to protect the environment can hamper its reputation and growth.	BirlaNu has well-managed environmental management programs to address workplace environment as well as environmental impacts. Processes and equipment to optimise energy consumption, a balanced ecological footprint, zero effluents & emissions, have been put in place and there is an increased focus on green product development. The Company has a defined ESG road map in place for all its factories and business operations. The road map is aligned with brand values of BirlaNu and budgets with respect to ESG are in place and monitored for timely execution. Details are available in BRSR section B.
Climate Change Risk	India's extreme weather conditions, especially heavy rain, can risk BirlaNu's operation, across its businesses.	All BirlaNu factories have adequate infrastructure to weather climate change risk. In addition, the Company has developed and established a Business Continuity Plan (BCP) which also encompasses disaster recovery. Details are available in <i>BRSR Principle 2 and Principle 6</i> .
Health and Safety Risks	The workforce contributes extensively to the growth of the Company. Not contributing towards their health and safety can reflect a negative working environment of the Company.	BirlaNu has a well-established EHS framework in place. Processes and equipment to ensure robust safety training and periodical health check-ups of its employees have been established in place. The Company has invested in infrastructure to ensure incident-free working environment and mitigate occupational hazards. Details are available in BRSR Principle 3.
Human Capital Risk (Talent Management)	Given BirlaNu's market leadership in several of its products, attrition is a major risk. Competition and other local companies are keen to hire BirlaNu resources.	 For 6 consecutive years, BirlaNu has been ranked as amongst the Top places to work by the GPTW survey; for 2024 we have been ranked 12th Great Places to Work in India and 41st Best Workplaces in Asia. BirlaNu has not only filled up all key senior leadership positions but also introduced succession planning, leadership training and individual development plan for its employees. Apart from tying up with top ranking

educational institutions for scaling up skills of its employees, BirlaNu has also embarked on employee engagement programs and brand building initiatives to curtail attrition and ensure retention of its top performing resources.

Internal control systems and their adequacy

BirlaNu has strong internal control systems commensurate with the business requirements, scale of operations and applicable statutes. The Board of Directors and the Audit Committee are independent of the Management and oversee the Company's internal controls' adequacy and effectiveness. Such controls are deployed through policies, SOPs and Internal Financial Control (IFC) risk and control matrices. In addition, cybersecurity and digital IT general control assessment reviews are conducted periodically with the increasing use of digital applications and exposure to an external network.

Additionally, BirlaNu's whistle-blower policy provides a platform for various stakeholders to report and help the organisation in averting and preventing any suspicious activity or behaviour. The whistle-blower mechanism then investigates allegations of violations in a comprehensive manner with a zero-tolerance approach towards any reported cases of ethical breach. The whistle-blower policy offers complete confidentiality and protection to the whistle-blower against any attempted harassment.

BirlaNu has an advanced internal financial controls (IFC) framework where process owner's self-assess critical controls quarterly using the control's self-assessment tool, along with external evaluations by audit partners. Revised practices are updated in the control documents and timely updates to responsibilities in the execution of controls are undertaken.

Ernst & Young (E&Y) is the Internal Audit (IA) partner. With standard risk coverage, all critical business

processes are thoroughly examined to understand the operations relevant to BirlaNu's business. The use of tools for data analytics remains an important component of the audit review. Also, BirlaNu has an internal audit department staffed by qualified professionals who plan, conduct, coordinate and monitor audit activities and follow up on compliance and specific actions identified.

Looking ahead, BirlaNu will continue to leverage data analytics and automation in audit procedures to appropriately scope and deep dive into identified focus areas. BirlaNu will continue to increase stakeholder awareness of governance, risk and compliance through training, workshops and culture-building.

Corporate Governance Report

[Pursuant to Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015]

CORPORATE GOVERNANCE PHILOSOPHY

The essence of Corporate Governance is about maintaining the right balance between economic, social, individual and community goals. BirlaNu strongly believes in ethical and transparent behaviour at all levels. At BirlaNu, good corporate governance is a way of life and integrated in the way the Company does its business, as it encompasses everyday activities and is enshrined as a part of our way of working.

The Company is focused on enhancement of longterm value creation for all stakeholders without compromising on integrity, societal obligations, environmental and regulatory compliances. Our actions are governed by our values and principles, which are reinforced across all levels of the organisation. These principles have been and will continue to be our guiding force in future. For the Company, good corporate governance is synonymous with sound management, fairness, transparency and adequate disclosure, encompassing good corporate practices, procedures, standards and implicit rules which propel a company to take sound decisions. This also enables the Board and management to achieve the goals and objectives effectively for the benefit of the Company and all its stakeholders such as customers, shareholders, creditors and employees.

Key elements of Corporate Governance include shareholders' rights, transparency, disclosure, internal controls, risk management, ethical behaviour, internal and external communications, high standards of safety, health, environment, accounting fidelity, product & service quality, stakeholder engagement and compliance. The Board has empowered responsible persons to implement

its broad policies and guidelines and has set up adequate review processes/mechanisms to achieve the said purpose. The Company continuously strives to achieve excellence in corporate governance through its values – Integrity, Commitment, Passion, Seamlessness and Speed.

The Board of Directors is the apex body constituted by the members for overseeing the overall functioning of the Company. The Board provides and evaluates the strategic directions of the Company, Management's policies and their effectiveness and ensures that the long-term interests of the shareholders are being served.

The Board meetings are generally held at the Corporate Office of the Company at Birla Tower, 25, Barakhamba Road, New Delhi. During the year under review, the Board meeting (s) were held with an option to participate in meeting through Video Conferencing ('VC') / Other Audio Visual Means ('OAVM') as per the facility enabled by Ministry of Corporate Affairs ('MCA'). The dates of the Board Meetings are finalized in consultation with all Directors well in advance. The Board is regularly apprised and has access to all important business-related information. All major agenda items are backed up with relevant and comprehensive background information, they

are sent well in advance of the date of the Board Meeting(s) to enable the Board Members to take informed decision. In case of exigencies/sensitive matters, the details are directly placed at the meeting, with the permission of the Chair or the same are circulated at a shorter notice. Any Board member may, in consultation with the Chairman and with the consent of all Independent Directors present at the meeting, bring up any matter at the Board meeting for consideration by the Board. The agenda for the Board Meetings covers items as per Companies Act, 2013 and SEBI Listing Regulations to the extent these are relevant and applicable.

A detailed presentation is made covering various highlights and performance of the business at each Board Meeting. The Board reviews the items in agenda and in particular quarterly financial results, annual financial statements, annual operating plans and budgets, capital budgets. The compliance reports of laws applicable to the Company and minutes

of the Committee meetings are also reviewed/ noted by the Board.

Other significant details included in the presentation/ agenda discussion covers fatal or serious accidents, dangerous occurrences, any material effluent or pollution problems, material default in financial obligations, public or product liability claims, corporate guarantees/security issued, update on internal controls, instances of significant fraud along with quarterly / annual financial statements including budgets and capex and revenue budgets of subsidiaries.

The Company has an effective post meeting follow up procedure. The important decisions taken at the Board Meeting are communicated to the respective departments after the meetings for the implementation of the said decisions. Furthermore, the Board periodically reviews compliance status of all applicable laws to the Company as well as steps taken by the Company to rectify instances of noncompliance, if any.

During the year under review, the Board has accepted all the recommendations suggested by the Committees.

(c) Independent Directors:

The Independent Directors fulfil the criteria of independence as provided in Section 149(6) of the Act read with Schedule IV of the Companies Act, 2013 and Regulation 16(b) of SEBI Listing Regulations and have submitted their declaration of independence. All the Independent Directors have been appointed for a term of five years and letter of appointment containing detailed terms and conditions of their appointment were issued to all Independent Directors.

During the year under review, 1 (One) meeting of the Independent Directors of the Company was held on March 25, 2025 without the attendance of Non-independent Directors and members of Management to, *inter alia*,

- (a) review the performance of Nonindependent Directors and the Board of Directors as a whole;
- (b) review the performance of the Chairperson of the Company, taking into account the views of the Executive Directors and Nonexecutive Directors;
- (c) assess the quality, quantity and timeliness of flow of information between the Management of the Company and the Board of Directors that is necessary for the Board of Directors to effectively and reasonably perform their duties.

(d) Board induction, training and familiarisation:

At the time of appointing a Director, a formal letter of appointment is given to them, which inter alia explains the terms and conditions of their appointment, role, function, duties and responsibilities expected of them as a Director/ Independent Director of the Company. They are also explained in detail the compliances required from them under the Companies Act, SEBI Listing Regulations, SEBI (Prohibition of Insider Trading) Regulations, 2015 and other relevant regulations on regular basis.

The Directors immediately upon appointment are familiarised with the Company's business model and its operations and industry of which it is a part. Interactions are held between the Directors and Senior Management Personnel of the Company at regular intervals. Directors are familiarised with the organisational set-up, functioning of various departments, internal control processes and relevant information pertaining to the Company. They are also provided with all the documents sought by them to have a better understanding of the Company.

They are periodically updated on the industry scenario, changes in regulatory framework and the impact thereof on the working of the Company.

The details of such familiarization programmes for Independent Directors are available on https://cms.birlanu.com/public/media/2025/04/16/familiarization-programme-2024-25.pdf

(e) Performance of the Board and evaluation:

Pursuant to provisions of the Companies Act, 2013 and SEBI Listing Regulations, a formal evaluation mechanism has been adopted by the Board for evaluating its own performance, the Directors individually, Chairman as well as the evaluation of the functioning of its Audit Committee, Nomination and Remuneration cum Compensation Committee, Stakeholders' Relationship Committee, Corporate Social Responsibility Committee and Risk Management Committee.

The performance evaluation was done using structured evaluation forms, as recommended by the Nomination and Remuneration cum Compensation Committee covering various aspects of the Board's functioning such as adequacy of the composition of the Board and its Committees, Board culture, execution and performance of specific duties, obligations and governance which were circulated to

all the members of the Board along with the agenda papers for evaluation of the performance of the Board, its Committees and its Directors. The performance evaluation of the respective Committees and that of Independent and Non-Independent Directors was done by the Board excluding the Director being evaluated.

- The members of the Board evaluated the performance by filling the evaluation forms and the duly filled in evaluation forms were required to be sent to the Company Secretary or personally be submitted to the Chairman at the concerned meeting. Evaluation of individual director's performance is based on various parameters like director's profile, contribution in Board and Committee meetings, execution and performance of specific duties, obligations, regulatory compliances and governance, etc.
- Based on the individual evaluation of the Directors, the Board initiated a detailed discussion at the concerned meeting on the performance of the Board/Committee/ Individual Director and formulated a final collective evaluation of the Board. The Board also provided individual feedback to the concerned Director on areas of improvement, if any.

ii. Nomination, Remuneration & Evaluation Policy

The Nomination and Remuneration cum Compensation Committee and the Board of Directors have devised a Nomination, Remuneration & Evaluation Policy ("Remuneration Policy") of the Company to create a high-performance culture. It enables the Company to attract, retain and motivate Directors on the Board, Key Managerial Personnel and the Senior Management Team. BirlaNu's business model promotes customer centricity and requires employee mobility to address various project needs. The Remuneration Policy supports such

mobility through appropriate pay models that are at par with industry standards.

The Company pays remuneration by way of salary, benefits, perquisites and allowances (fixed component), variable pay and other benefits including long-term incentive benefits to its Managing Director & CEO, Key Managerial Personnel and other Senior Management Team of the Company. Annual increments are recommended by the Nomination and Remuneration cum Compensation Committee which are normally effective from April 1st, of every year. Based on the performance of the Company vis-a-vis the concerned employee, the Nomination and Remuneration cum Compensation Committee decides and recommends to the Board of Directors the variable amount payable to them. The Nomination and Remuneration cum Compensation Committee also decides, and recommends to the Board of Directors, the remuneration (commission) payable to the Non-Executive Directors in addition to sitting fees which are paid for attending the Board and Committee Meetings.

The Nomination, Remuneration & Evaluation Policy of the Company, as adopted by the Board of Directors is available on the website of the Company and can be accessed through the following link: https://cms.birlanu.com/public/media/2025/03/19/nomination-remuneration-evaluation-policy.pdf.

The key objectives of this Policy include:

- Guiding the Board of Directors in relation to appointment and removal of Directors, Key Managerial Personnel and Senior Management Personnel of the Company.
- b. Specifying the manner for effective evaluation of the performance of members of the Board, the Board as a whole and Committees thereof, and review its implementation and compliance.
- c. Recommending to the Board the remuneration, in whatever form, payable to the Directors, Key Managerial Personnel and Senior Management Personnel.

iii. Succession planning

The Nomination and Remuneration cum Compensation Committee works with the Board on the leadership succession plan to ensure orderly succession in appointments to the Board and in the senior management. The Company strives to maintain an appropriate balance of skills and experience within the organization and the Board, in an endeavour to introduce new perspectives while maintaining experience and continuity.

By integrating workforce planning with strategic business planning, the Company puts the necessary financial and human resources in place so that its objectives can be met.

Our Board members bring to the table their broad and diverse skills and viewpoints to aid the Company in advancing its strategy. In addition, promoting senior management within the organization fuels the ambitions of the talent force to earn future leadership roles.

iv. Criteria for selection of Directors

- The Nomination and Remuneration cum Compensation Committee identifies and ascertains the integrity, qualification, expertise and experience of the candidate for appointment as a director and ensures the same.
- ► The Nomination and Remuneration cum Compensation Committee ensures that the candidate proposed for appointment as director, is compliant with the provisions of the Act and of the SEBI Listing Regulations.
- The candidate's appointment as recommended by the Nomination and Remuneration cum Compensation Committee requires the approval of the Board.
- In case of appointment of Independent Directors, the Nomination and Remuneration cum Compensation Committee satisfies itself with regard to the independent nature of the Directors vis-à-vis the Company so as to enable the Board to discharge its functions and duties effectively.
- ► The Nomination and Remuneration cum Compensation Committee ensures that the candidate identified for appointment as a director is not disqualified for appointment under Section 164 of the Act or by any order of SEBI or any other regulatory authority.

Further, increased waste related regulations, including Extended Producer Responsibility (EPR) Rules could lead to significant legal and regulatory repercussions. However, this also offers an opportunity to BirlaNu to consciously reuse waste in its manufacturing processes to minimise the impact on the environment. In addition, enhancing resource	BirlaNu has implemented robust waste management processes to ensure the proper storage and disposal of waste as per regulations. Waste disposal is managed by Pollution Control Board (PCB) authorised vendors for hazardous wastes and approved recyclers for non-hazardous waste. In addition, the Company complies with the EPR Rules for plastics. BirlaNu is placing greater emphasis on applying the 3R's (Reduce, Reuse, Recycle) principles in its waste management practices. There is increased focus on improvements in manufacturing processes to help reduce waste generated. The Company actively recycles green and dry waste within its manufacturing operations while maintaining strict quality standards. The Company collaborates with its vendors to optimize packaging of raw materials including use of recyclable materials. BirlaNu continued it's emphasis on housekeeping for appropriately identifying and disposing of accumulated non-hazardous, non-recyclable waste.

Governance, leadership, and oversight

7. Statement by the director responsible for the business responsibility report, highlighting ESG-related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure)

"At BirlaNu, our ESG strategy is a core enabler of long-term value creation, risk mitigation, and resilience in a rapidly evolving business environment. Our commitment is not only aligned with global expectations but also positioned to deliver sustainable growth.

With a strong legacy of driving responsible change—both within our industry and in the communities where we operate, we continue to embed ESG principles across our operations. Our transition is anchored in agility, enabled by continuous innovation, focused investments in research and technology, and strategic partnerships.

The ESG goals we have set reflect our clear recognition of the urgency of decarbonisation and the increasing importance of stakeholder-driven performance metrics. These efforts are integral to strengthening our competitive position and future-proofing the business.

I encourage you to go through our latest BRSR for a comprehensive overview of the progress we have made on this front."

 - Not applicable.
- 4. Does the entity have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available, provide a web-link to the policy.

BirlaNu has integrated its anti-bribery and anti-corruption framework within the Codes of Conduct for Employees as well as that for its Directors, and Senior Management. These principles are further reinforced through the Whistle Blower Policy and relevant HR policies and practices. Clear procedures for transparent and accessible reporting of any violations are detailed in the Whistle Blower Policy. The relevant policies can be accessed at BirlaNu's website at the links https://cms.birlanu.com/public/media/2025/04/04/birlanu-code-of-coduct-for-directors-smp-07112024.pdf and https://cms.birlanu.com/public/media/2025/03/13/whistle-blower-policy.pdf respectively.

The Company actively promotes awareness of the whistle blower mechanism and provides training on the Codes of Conduct among stakeholders to support effective implementation and adherence. All reported concerns are reviewed every quarter by the Audit Committee and the Board of Directors.

370	Health and Safety	3.5%

2. Does the entity have processes in place to avoid/manage conflicts of interest involving members of the Board? (Yes/No) If Yes, provide details of the same.

Yes, BirlaNu has implemented robust processes to manage conflicts of interest involving Board Members and Senior Management. Directors are required to disclose their interests in the Company, or companies or bodies corporate or firms or other association of individuals including details of shareholding, annually or upon any change. Directors also submit an annual declaration (as per the Code of Conduct), affirming their commitment to act in the Company's best interest and ensure that any other business or personal association that they may have, does not involve any conflict of interest with the operations of the Company.

The Company's Secretarial team maintains a comprehensive database of the Directors and their declared interests. These are shared with the Finance team to help identify and monitor any potential conflicts of interest related to the Directors and the KMPs of the Company. Senior Management similarly confirms each year that they have not engaged in any material, financial and commercial transactions that could conflict with the Company's interests at large. Directors with a declared interest in any Board agenda item recluse themselves from related discussions and decisions.

[†]Loan and investment are 100% with the Company's wholly owned subsidiaries.

Businesses should provide goods and services in a manner that is sustainable and safe

Essential Indicators:

 Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

	FY 2024-25	FY 2023-24 Details of improvements in environmental and social impacts
R&D	100%*	54%* R&D projects focussed on improving product durability, reducing material consumption, water reduction during product usage and improving product sustainability through asbestos reduction and increasing waste utilisation.
Capex	11%	17% Improvements in Health and Safety equipment and safeguards, Investments to improve Rainwater Recharging systems, Energy efficiency.

Note: By design, the capex in Plant and Machinery factors energy efficiency, safety, and ergonomics for new equipment. This is over and above the contribution as mentioned above.

*R&D expenses cannot be measured by individual projects due to shared resources across projects and BU. The reported figure is estimated based on the %age of projects with specific improvements in Environmental and Social Impacts.

2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No):

No, the Company's critical raw material suppliers are large entities with established sustainability practices and certifications. BirlaNu is in the process of approval for its sustainable sourcing policy which lays down the Company's principles towards sustainable sourcing. In addition, the Company will be rolling out its Supplier Code of Conduct which lays down its expectations from its suppliers on a variety of ESG aspects.

b. If yes, what percentage of inputs were sourced sustainably?

~5.6% (by value) of our raw material is recycled and reused waste from other industries as detailed in Principle 2 Leadership Indicator.

3. Describe the processes in place to safely reclaim your products for reusing, recycling, and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste, and (d) other waste.

BirlaNu recognizes the significance of end-of-life management for its products. Safe recovery, reuse, recycling, and disposal of products at the end of their life fall outside the Company's direct control and responsibility, given their long lifespan. As BirlaNu manufactures building and construction materials, they are ultimately disposed of as Construction and Demolition (C&D) waste. The Company's products do not fall under E-Waste at end-of-life. Plastic and E-Waste during the Company's operations are disposed of as per Waste Management Rules as detailed in Principle 6, Essential Indicators 9 and 10. Post-consumer plastic packaging waste is addressed through EPR as explained in Principle 2, Essential Indicator 4.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Yes, the Company has obtained EPR Targets as both an importer and brand owner for plastics (E-Waste is not applicable). For FY25, the minimum plastic recycling targets are approximately 63.5 tons of CAT-1, 61.5 tons of CAT-2, 63.5 tons of CAT-1 EOL, and 143.5 tons of CAT-2 EOL. Additionally, BirlaNu successfully achieved its targets for FY24 by purchasing Plastic Credits.

Leadership Indicators:

1. Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for the manufacturing industry) or for its services (for the service industry)? If yes, provide details in the following format?

NIC Code	Name of the Product/ Service	turnover	Life Cycle Perspective / Assessment was	independent	Results communicated in public domain (Yes/No) If yes, provide the web-link
----------	------------------------------------	----------	---	-------------	--

BirlaNu has not conducted an independent LCA for any of its key products during the financial year 2024-25. GreenPro and GRIHA adopt a holistic life cycle approach to assess products' environmental impact. BirlaNu's GreenPro and GRIHA certifications are mentioned in Section B, Question 4.

2. If there are any significant social or environmental concerns and/or risks arising from the production or disposal of your products/services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along with action taken to mitigate the same:

Name of Product / Service	Description of the risk/concern	Action Taken				
The use of Asbestos in manufacturing has well-defined environmental risks and requirements which are						
addressed through appropriate certifications and actions as discussed in Section A, Q26 – Product Safety.						

3. Percentage of recycled or reused input material to total material (by value) used in production (for the manufacturing industry) or providing services (for service industry):

Indicate input material	Recycled or re-used input material to total material				
mulcate input material	FY 2024-25	FY 2023-24			
Flyash	1.64%	4.52%			
Pondash	0.12%	0.37%

CRP Pulp	2.10%	3.44%			
Jeans Pulp	0.47%	1.13%			
Pulp	0.47%	0.08%			

Note: For roofing, boards and panels as well as pipes, the Company's process incorporates dry waste recycling. The ratio of Dry Waste Recycling (DWR) is as per quality and strength guidelines. Calculation is based on purchase data.

4. Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed, as per the following format:

- 3. Accessibility of workplaces: Are the premises/offices of the entity accessible to differently-abled employees and workers, as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the entity in this regard:
 - BirlaNu is committed to fostering a diverse and inclusive organizational culture. Aligned with its goal, all offices and plant admin spaces of the Company are being enabled for better accessibility.
- 4. Does the entity has an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web-link to the policy:
 - Yes, BirlaNu has an Equal Opportunity Policy that is available on the Company's internal portal. As an equal opportunity employer, BirlaNu is open to employing people with disabilities for jobs that can be performed by the candidate safely. The policy is communicated to all employees and relevant external stakeholders. During induction, new employees are given orientation on the equal opportunity policy and the Company's grievance handling mechanism related to this policy.

6. Is there a mechanism available to receive and redress grievances for the following categories of employees and worker? If yes, give details of the mechanism in brief:

	Yes/No (If yes, then give details of the mechanism in brief)
Permanent Workers	Yes. There is a grievance committee to address the grievances of permanent workers through complaint registers at all the factories, which are reviewed regularly.
Other than Permanent Workers	Yes. Grievance boxes are provided at all the plant locations to receive grievances from contract workers. Once a month, grievances received by the workers are opened and reviewed by the plant's leadership team. Suitable actions are taken to address these grievances and other feedback.
Permanent Employees	Yes. Employees can share their grievances or feedback with their reporting managers or Management through the various digital redressal mechanisms available in the organization. Appropriate actions are taken to address grievances and feedback received.
Other than Permanent Employees	Yes, other than permanent employees, can also use the mechanisms as permanent employees.

FY24 data has been restated to exclude other than permanent workers, ensuring comparability of the data above.

10. Health and safety management system:

a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage of such system?

The health and safety of its employees and workers is a critical priority for BirlaNu. The Company adheres to both global and National Occupational Health and Safety standards. The Company monitors its Environmental and Occupational Health and Safety practices to ensure compliance with all applicable regulations and abides by the Occupational Health and Safety Management System at all its plants. The Occupational Health and Safety Management System covers 100% of its employees and workers. The Company has achieved ISO 45001 certifications at two of its plants—Golan and Faridabad. Furthermore, BirlaNu has developed a progressive plan to expand the ISO 45001 certification across its operations nationwide.

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

BirlaNu conducts Hazard Identification and Risk Assessment (HIRA) on a routine and non-routine basis to ensure workplace safety. Hazards are identified through inspections, worker feedback and incident reports covering unsafe acts and unsafe conditions. Risks are assessed using a 5x5 matrix based on likelihood and severity, with controls implemented via engineering solutions, administrative measures, and PPE. The EHS lead of each plant conducts regular inspections and collaborates with department heads to address safety issues. Quarterly safety meetings and interdepartmental EHS audits ensure continuous safety improvements, with processes in place to identify and assess work-related hazards and risks regularly.

c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Yes/ No)

Yes, BirlaNu has established clear processes for workers to report work-related hazards and remove themselves from potential risks. Employees are encouraged to suggest safety improvements via written submissions in a suggestion box. The Company has implemented a robust system for reporting and investigating Environment, Health, and Safety (EHS) events, ensuring proper categorization of incidents. This approach ensures consistent reporting and investigation while identifying and addressing bottlenecks in processes, procedures, and practices.

Each work area and shift are assigned a designated supervisor to whom hazards must be reported. In cases of high-severity risks, operations are paused to mitigate potential harm. Regular mock drills are conducted as part of the emergency preparedness plan, with specific emergency scenarios identified to ensure employees are equipped to respond swiftly and effectively.

d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? (Yes/ No)

The well-being of its people is integral to the success of BirlaNu's employer brand and its vision for the future. The Company has developed a robust system to monitor employees' overall health, addressing both occupational and non-occupational illnesses. Employee health is prioritized from the pre-employment medical check-up and continues throughout their tenure, extending to a year post-retirement from the Company. Regular medical check-ups are provided to all employees, along with personalised health education and counselling sessions. Each plant location has tie-ups with local hospitals nearby, which offer access to discounted healthcare services for BirlaNu's employees and workers.

Further, in compliance with regulatory requirements, the Company has conducted asbestos-related health check-ups. State-specific Standard Operating Procedures (SOPs) are in place for periodic health check-ups, which include half-yearly pulmonary function tests (PFT) and X-rays every three years. Retired permanent workers are also contacted every three years to encourage follow-up X-ray examinations, ensuring ongoing health monitoring.

11. Details of Safety related incidents, in the following format:

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

Health and Safety at the workplace is a focus for BirlaNu and is regularly reviewed by the executive leadership. The Company has implemented a formal program that outlines management and employee responsibilities to maintain a safe working environment. The program includes policies and procedures for identifying hazards, assessing risks, implementing control measures, and providing employee training and education.

- Risk Management- The Company conducts regular risk assessments to identify potential hazards, evaluate associated risks, and implement control measures to mitigate those risks. Depending on the risk score, engineering controls such as ventilation systems, guardrails, machine guards, and interlocks are implemented to eliminate or reduce exposure to hazards. Additionally, the workplace is regularly inspected to evaluate hazards and the effectiveness of control measures and ensure compliance with relevant regulations and standards.
- ► The Company conducts monthly Rewards & Recognition programs to acknowledge best practices in health and safety. In addition, to ensure adherence and accountability, penalties are applied to EHS violators, reinforcing a strong commitment to compliance and safety.
- ► The Company also leverages technology to enhance safety by installing Al cameras in high-risk areas to monitor danger zones in real-time, automatically identifying potential hazards and providing alerts. In roles where manual intervention is not feasible, these Al cameras offer continuous monitoring to mitigate risks.
- ► Continuous Improvement: Kaizen-based principles have been implemented to drive continuous improvement in EHS protocols, with 90 EHS Kaizens successfully executed and incorporated into regular systems.
- Focused Awareness Programs: Starting in November, the Company started organizing Fiber Day to ensure proper handling of fibre in the specified area to reinforce safe practices. In addition, Health & Safety Week is celebrated annually from March 4th to March 10th, featuring activities such as PPE displays, infographic drawings, and quiz competitions to engage employees.
- ▶ Training and Education: Employees receive ongoing training on safe work practices, hazard identification, and proper PPE usage (e.g., hard hats, safety goggles, respirators, gloves and safety shoes). Over 25,740 hours of training till March 2025 and a 100% EHS Induction rate for new employees have been conducted across locations to ensure comprehensive safety knowledge. A 2-day workshop on EHS and Safety was held for leadership teams to strengthen their knowledge and commitment to safety. In addition, third-party safety training is conducted regularly on PPE usage and factory safety procedures to ensure adherence to best practices.
- ► CAPA Deployment: The accidental CAPA system is implemented across all SBUs, to address safety incidents and risks. The Company achieved a greater than 80% closure rate, demonstrating the Company's commitment to continuous safety improvements and incident prevention.
- Mock Drills and Emergency Preparedness: 26 mock drills were conducted to assess the readiness and competency of the Emergency Response Team (ERT) and First Aid teams in effectively managing emergencies.

13. Number of Complaints on the following made by employees and workers:

		FY 2024-25		FY 2023-24			
	Filed during the year	Pending resolution at the end of year	Remarks		Pending resolution at the end of year	Remarks	
Working conditions	Nil	Nil	NA	Nil	Nil	NA

14. Assessments for the year:

	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Health and safety practices	100%
Working conditions	100%

15. Provide details of any corrective action taken or underway to address safety related incidents (if any) and on significant risks/concerns arising from assessments of health & safety practices and working conditions:

Based on a near miss, the Company implemented a work permit compliance check to minimize the risk of accidents. This has been implemented across all plants and Strategic Business Units (SBUs) and is monitored regularly. The Company achieved an average of 94% compliance across all plants. Additionally, the team took appropriate steps to fine-tune processes, including implementing a daily work permit system, assigning supervisors for higher-risk tasks, and enhancing worker awareness of EHS protocols to improve safety. In response to another incident at the Faridabad Sheet Plant, the height of pulp storage was reduced, and a "work permit" discussion forum was created for real-time communication. Also, CAPA measures, including stricter monitoring of storage areas and enforcement of safety policies, have been deployed across plants to ensure ongoing safety improvements and prevent the recurrence of similar incidents.

Leadership Indicators:

- 1. Does the entity extend any life insurance or any compensatory package in the event of death:
 - BirlaNu's permanent employees are covered under Term Life Insurance at no additional cost. Under this, in the unfortunate event of an employee's demise during their employment, the nominee will receive an amount equivalent to "40 times the last drawn monthly basic salary of the deceased employee". In addition, workers are also covered under the ESIC Act. For FY25, there was one reported death case, and ₹ 8,39,286/was paid as compensation.
- 2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners:
 - Contractual workforce service providers are routinely assessed to verify compliance with statutory obligations, including PF, Gratuity, Insurance, Taxes, and related dues. Additionally, approval of the current month's billing is contingent upon certification from the respective unit HR, confirming that all statutory payments for the previous month have been duly met. In addition, all contracts with the Company's value chain partners specify their obligations towards the payment of "Taxes & Duties", "Compliance with Laws", "Compliance with Statutory Obligations", "Indemnification", "Audit Provisions", etc. These bind the value chain partners to ensure the timely and complete payment of statutory dues.

3. Provide the number of employees/workers having suffered high-consequence work-related injury / ill-health / fatalities (as reported in Q11 of Essential Indicators above), who have been rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment:

	Total no. of affected employees/ workers		No. of employees/workers that are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment		
	FY 2024-25	FY 2023-24	FY 2024-25	FY 2023-24	
Employees	Nil		Nil		
Workers					

4. Does the entity provide transition assistance programs to facilitate continued employability and the management of career endings resulting from retirement or termination of employment? (Yes/No)

BirlaNu currently does not have a structured program to provide transition assistance to retiring employees. However, health insurance coverage is extended to retired employees and their families (spouse and two dependent children), for two years following retirement.

5. Details on assessment of value chain partners:

	% of value chain partners (by value of business done with such partners) that were assessed			
Health and safety practices	7.50/			
Working conditions	3.5%			

6. Provide details of any corrective actions taken or underway to address significant risks/concerns arising from assessments of health and safety practices and working conditions of value chain partners:

The Company has reviewed and revised its work permit system and enhanced awareness and training sessions for its contractual workers in line with enhanced health and safety protocols. These are also a result of horizontal deployment of practices based on the ISO 45001 certifications.

Businesses should respect the interests of and be responsive to all its stakeholders

Essential Indicators:

Describe the processes for identifying key stakeholder groups of the entity.

BirlaNuisdedicated to maintaining the highest standards of transparency, accountability, and ethical conduct in its management of stakeholder relationships across its operations. The Company categorises stakeholders as any entities, groups, organisations, or communities influenced directly or indirectly by its operations and across its value chain. In the reporting year, the Company reviewed its key stakeholder groups and their prioritisation based on their impact on its value creation and the impact of its business activities on its stakeholders. BirlaNu's key stakeholders and engagement mechanisms are detailed in Principle 4, Essential Indicator 2. Proactive management of stakeholders ensures that the Company has a comprehensive view of potentially conflicting expectations and can be effective and responsive. A better understanding of their needs and feedback enables the Company to adapt its operations and processes while being aligned with its core values and strategic objectives.

Leadership Indicators:

 Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

The Board has delegated the responsibility of stakeholder consultation on environmental and social topics to the Executive Leadership of BirlaNu. Functional leaders have a structured engagement mechanism as discussed in Principle 4, Essential Indicator 2 (above). These ongoing engagements, actions taken and implications for the business are periodically reviewed by the Board through the Board Familiarization Programmes (please refer Principle 1, Essential Indicator 1). Investor and Shareholder concerns are presented to the Stakeholders' Relationship Committee while the CSR Committee reviews inputs received from its communities. These committees and Board Familiarization Programmes provide a critical forum for ensuring that the Board takes cognizance of diverse stakeholder perspectives and concerns during decisions related to economic, environmental, and social impacts.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into the policies and activities of the entity.

Yes, Stakeholder consultation is a key process for identifying both the environmental and social needs of the stakeholders. Employee feedback and input are gathered through BirlaNu's engagement platforms, which inform the development of new initiatives and policies.

For example, based on employee feedback, BirlaNu has introduced optional holidays for both office and field-based employees, providing the option to use Advance PL in case of medical exigencies, increased the limit for paternity leave, and introduced bereavement leave. Similarly, customer feedback is crucial in guiding the R&D team to develop new products and enhance existing ones. The implementation of health and safety continuous improvement programs (Kaizen) has led to the successful completion and horizontal deployment of several initiatives. On the basis of feedback from its influencers, the Company has launched a digital loyalty program to smoothen the process for coupon redemptions and other activities thereby building stronger engagement with this key stakeholder group.

3. Provide details of instances of engagement with and actions taken to address the concerns of vulnerable/ marginalized stakeholder groups.

BirlaNu actively engages with vulnerable and marginalized communities near its plant operations to understand their needs and address them, demonstrating its strong commitment to social responsibility. Through structured initiatives, the Company ensures community voices are heard and incorporated into decision-making, leading to improved access to education, healthcare, and livelihood opportunities. One such initiative is the "Rural Mental Health Program" in Odisha, Telangana, and Andhra Pradesh, which aims to enhance quality of life by raising mental health awareness, providing free psychiatric consultations and treatment, and supporting those with mental illnesses. All of BirlaNu's CSR activities are similarly tailored to the needs of the communities surrounding the operational facilities of the Company.

Workers (Permanent)*	641	4.07	-	-	

^{*}Includes only Non-executive Directors. The Non-executive Directors of the Company are entitled to sitting fees and commission as per the statutory provisions. The details of the remuneration of Non-executive Directors are provided in the Corporate Governance Report. Sitting fees are paid based on the number of meetings attended by a Non-executive Director and hence not considered for the calculation of median remuneration.

Note: Annualised salaries of KMPs/Employees/Workers as of March 31, 2025, have been considered for calculation of median remuneration.

b. Gross wages paid to females as % of total wages paid by the entity, in the following format:

	FY 2024-25	FY 2023-24
Gross wages paid to females (Gross wages paid to females as % of total wages)	4.17%	3.85%*

Note: The data includes all permanent and non-permanent employees and workers and the women workforce within them. *Figures for FY23-24 have been restated based on reclassified and recategorized as per guidance from the Industry Standards Note on BRSR Core (SEBI Circular No. SEBI/HO/CFD/CFD-PoD-1/P/CIR/2024/177 dated December 20, 2024)

^{**}KMPs include the Managing Director & CEO, Chief Financial Officer and Company Secretary of the Company.

- 4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)
 - Human rights impacts and issues relating to the Company are addressed comprehensively through various internal and external platforms. The Chief HR Officer (CHRO) is the focal point (individual) responsible for addressing human rights impacts. The POSH Committee also plays a critical role in addressing and preventing instances of sexual harassment within the workplace.
- 5. Describe the internal mechanisms in place to redress grievances related to human rights issues: The Company has established a dedicated portal for Grievance Management, where all human rights grievances are evaluated by a cross-functional team including the CHRO, Legal Head, and Internal Audit Head. These grievances are investigated, and necessary actions are implemented. Moreover, a dedicated email address for POSH-related matters is provided, which is directly managed by the Chairperson of the POSH Internal Committee.
- 6. Number of Complaints on the following made by employees and workers:

		FY 2024-25		FY 2023-24

Total Complaints reported under Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (POSH)	-	-
Complaints on POSH as a % of female employees/workers	-	-
Complaints on POSH upheld	-	-

- 8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases:
 - The mechanisms outlined in the Whistle Blower Policy and Sexual Harassment at Workplace Policy are designed to protect the interests of complainants in cases of discrimination and harassment. BirlaNu upholds a strict non-retaliation policy, ensuring confidentiality to safeguard the complainant's identity, and providing clear channels for reporting any retaliatory actions. Any individual that is found to be targeting a complainant will face disciplinary action. Together, these measures create a supportive and secure environment, allowing individuals to raise concerns without fear of retaliation.
- 9. Do human rights requirements form part of your business agreements and contracts? (Yes/No)
 - The Company's commitment to human rights extends to the workforce, contractors, and suppliers. All business agreements and contracts have clauses on human rights compliance. This includes legal compliance, and prohibition of harmful practices like child labour, forced labour, and discrimination.

10. Assessments for the year:

	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Child labour	100% assessed, no discrepancy found.
Forced/involuntary labour	100% assessed, no discrepancy found.
Sexual harassment	100% assessed, no discrepancy found.
Discrimination at workplace	100% assessed, no discrepancy found.
Wages	100% assessed, no discrepancy found.
Others – please specify	Not Applicable

Note: BirlaNu's Internal Auditors conduct assessments as per their audit schedule. Assessments are also periodically conducted by the respective Government authorities.

11. Provide details of any corrective actions taken or underway to address significant risks/concerns arising from the assessments at Question 10 above:

No specific risks, concerns, or instances related to the assessments in Question 10 were noted during the reporting year. As a proactive measure, BirlaNu ensures awareness and e-learning sessions regularly to educate all employees and workers on the subject through its Code of Conduct training.

Leadership Indicators:

- 1. Details of a business process being modified/introduced as a result of addressing human rights grievances/complaints.
 - BirlaNu has not received any grievances/complaints on human rights issues. Hence, no business modifications are required.
- 2. Details of the scope and coverage of any human rights due diligence conducted.
 - No Human Rights due diligence was conducted in the reporting year FY25.
- 3. Is the premise/office of the entity accessible to differently-abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?
 - All BirlaNu offices and administrative offices at manufacturing plants are equipped with the necessary infrastructure to support employees and visitors with disabilities, as discussed in Principle 3, Essential Indicator 3.
- 4. Details on assessment of value chain partners:

	% of value chain partners (by value of business done with such partners) that were assessed
Sexual Harassment	3.5%
Discrimination at workplace	3.5%
Child Labour	3.5%
Forced Labour/Involuntary Labour	3.5%
Wages	3.5%
Others – Nil	Not Applicable

5. Provide details of any corrective actions taken or underway to address significant risks/concerns arising from the assessments in Question 4 above.

None.

Businesses should respect and make efforts to protect and restore the environment

Energy calculations are limited to the manufacturing operations of the Company and do not include electricity consumption at offices, depots or any Company vehicles. Revenue considered for intensity calculation is Revenue from Operations. A total of 69,53,626 KWh of Wind Energy has been produced by BirlaNu windmills, which have been provided to the grid. This has not been considered as part of renewable energy consumer.

Energy calculations are based on factors and equations from WRI's GHG Protocol, EPA.Gov, DEFRA and the 2016 IPCC Protocol. Biomass calorific values are based on sample data. Renewable sources include capex solar energy generated, wind energy, and Biomass (de-oiled cashew-nut shell, briquettes, rice husk) used in boilers, and firewood for the canteen. Non-renewable sources include grid electricity for plants, diesel for DG sets and material handling equipment, coal, PNG and LPG (for process use and, in the canteens).

*Note: FY24 data for Energy has been restated and corrected based on recategorization.

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No.

2. Does the entity have any sites/facilities identified as designated consumers (DCs) under the Performance, Achieve, and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any:

No, BirlaNu does not have any of its plants identified as Designated Consumers ("DCs") under the Performance, Achieve, and Trade ("PAT") Scheme.

3. Provide details of the following disclosures related to water, in the following format:

Revenue considered for intensity calculation is Revenue from Operations. FY 2023-24 consumption data is restated due to regrouping of treated water recycled and used in garden into consumption since it is recycled within the fence.

Third-party water includes water purchased from water tankers and municipal water.

For FY 2023–24, 47,424.45 KL of water and in FY 2024–25, 62,034 KL of water has been treated and recycled for gardening and has been included in the total water consumption volume.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No

4. Provide the following details related to water discharged:

The Company is in the process of operationalizing water telemetry for accurate measurement of discharge and STP. In some of the plants, water discharge figures are estimated for FY25 and FY24. As a Zero Liquid Discharge (ZLD) facility, all discharged water is treated and used entirely within our premises. In FY25, 43,371. 13 kl of water was treated in ETP and STP and used for gardening while the corresponding value for FY24 was 47,424.40 kl.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency. (Y/N) If yes, the name of the external agency. No

5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation:

BirlaNu has made substantial investments to achieve Zero Liquid Discharge (ZLD) across all its plants. None of the manufacturing processes across plants generate any process effluents. Only domestic wastewater is generated from toilets and the canteen, which is treated, and the treated water is utilized for the irrigation of the green belt. This helps ensure no water is discharged, with no liquid waste released onto land or into water bodies. In addition, BirlaNu has invested in digital monitoring systems using water flowmeters with Telemetry for efficient monitoring and reducing water wastage. The Company has also expanded rainwater storage across various plant locations in India. For more details, please check Principle 6 of Leadership Indicators Question 4.

6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Please specify unit	FY 2024-25	FY 2023-24
NOx	Tonnes	140.38	113.69
SOx	Tonnes	16.49	20.11
Particulate matter (PM)	Tonnes	33.87	17.44
Persistent organic pollutants (POP)	Tonnes	Not Applicable	Not Applicable
Volatile organic compounds (VOC)	Tonnes	Not Applicable	Not Applicable
Hazardous air pollutants (HAP)	Tonnes	Not Applicable	Not Applicable
Others-please specify	Tonnes	Not Applicable	Not Applicable

The emissions are recorded based on quarterly measurements of the DG sets and the boiler stacks and the Company monitors other air emissions for SOx, NOx, and Particulate Matter (PM10 and PM2.5). POP, VOC, and HAP as described above are not material for our operations and hence are not monitored. As a practice, BirlaNu ensures that all air pollution parameters are within the permissible limits and compliant with the prevalent norms prescribed by the regional Pollution Control Boards, indicating efficient management of industrial operations and stringent air pollution control processes.

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency. (Y/N) If yes, the name of the external agency. No, however, periodic audits are conducted by independent, authorized 3^{rd} party agencies and accordingly Pollution Control Board compliance reports are provided.

7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 1 emissions (Break-up of the GHG into CO_2 , CH_4 , N_2O , HFCs, PFCs, SF_6 , NF_3 , if available)	Metric tonnes of CO ₂ equivalent	17,946.34	21,061.77
Total Scope 2 emissions (Break-up of the GHG into CO_2 , CH_4 , N_2O , HFCs, PFCs, SF_6 , NF_3 , if available)	Metric tonnes of CO ₂ equivalent	50,891.25	50,331.45
Total Scope 1 and Scope 2 emission intensity per rupee of turnover (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations)	Metric tonnes of CO ₂ equivalent per Rupee of Turnover	2.98x10 ⁻⁰⁶	3.20x10 ⁻⁰⁶
Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations adjusted for PPP)	Metric tonnes of CO ₂ equivalent per USD adjusted for PPP of Turnover	6.16 x10 ⁻⁰⁵	6.61 x10 ⁻⁰⁵
Total Scope 1 and Scope 2 emission intensity in terms of physical output		Not Applicable	Not Applicable
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity		Not Applicable	Not Applicable

Revenue considered for intersity calculation is revenue from operations. GHG emissions calculations are limited to the manufacturing operations of the Company and do not include electricity consumption at offices, depots or any Company vehicles. Fugitive emissions, including refrigerants, fire suppressants and small ad-hoc use gases, have not been included. These are minor in quantity and will not have a material impact on the GHG Emission values.

Scope 1 GHG Emissions: Based on factors and equations from WRI's GHG Protocol, EPA.Gov, DEFRA and IPCC's fifth assessment report. Fuels for Stationary Combustion (2006 IPCC guidelines) include diesel for DG sets, coal, PNG, and LPG. Mobile Combustion includes Diesel consumed in forklifts and material handling equipment. CH_4 and N_2O emission by biomass, i.e., de-oiled cashew nutshell, briquette, rice husk, and firewood, is accounted for. Biogenic emissions released from the use of Biomass for FY 2024-25 are 40,124.50 tCO $_2$, while those of FY 2023-24 are 42,329.56 tCO $_2$.

Scope 2 GHG Emissions: Based on the Grid Electricity EF - Central Electricity Authority, Govt. of India, ${\rm CO_2}$ baseline database for Indian Power Sector, Version 20, December 2024 at the aggregate level (With RE). Renewable Energy (Wind Energy) which is directly provided to the grid has been reduced from the Scope 2 emissions.

*Note: FY24 data for Scope 2 emissions has been restated and corrected.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No

8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

Being a future-focused organisation, BirlaNu recognises Climate Change and GHG Emissions as a material ESG risk, which also aligns with the Govt of India's Nationally Determined Contribution (NDCs) towards GHG emission reduction. The Company has taken quantified goals to help drive this focus. The manufacturing operations of BirlaNu's plants are taking focused programs for improving the renewable energy mix, use of biomass, and energy efficiency. The Company has undertaken the initiative to assess opportunities to enhance solar energy across its plants. A number of energy saving initiatives have been implemented including use of VFD's, motor management through optimizing power, air compression management among others. There is a significant focus on manufacturing excellence to minimize waste and improve yield which have an impact on energy consumption and GHG impact of waste disposal.

Given BirlaNu's focus on improving the environmental impacts of its business, the Company ensures a minimum of 33% of the land in its plants is dedicated to the green belt. In some of the Company locations including Faridabad, the green cover is significantly greater which would effectively help offset its GHG emissions. For more details, please refer to Annexure VI of the Board's Report.

9. Provide details related to waste management by the entity, in the following format:

Non-hazardous waste generated includes metal and wood scrap, process waste, and garbage (including food waste). Recycled waste consists of non-hazardous waste materials including metal and wood waste, plastic scraps, tyre waste, and MS barrels by an authorised waste recycler as well as composted wet waste. Any asbestos-based dry waste that cannot be recycled is transferred annually to TSDF (Treatment, Storage, Disposal Facility). Incineration is done for biomedical waste per the Hazardous Waste Management Rules. Landfilling involves the disposal of boiler ash, broken powder blocks, process sludge containing non-asbestos fibre, and non-asbestos discarded sheets. The Company endeavours that the majority of landfills are directed toward the reclamation of land by the communities surrounding its manufacturing facilities. However, the rest is handled by an authorised waste disposal Company. There has been one-time disposal of Construction and Demolition waste and other non-recyclable waste to landfill for some of our plants.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by the Company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes:

BirlaNu is committed to its goal of environmental responsibility which is executed through a detailed waste management strategy. Hazardous and non-hazardous waste generated at all locations is collected and segregated according to its characteristics, in line with the Waste Management Rules for specific types of waste.

Hazardous waste is sent to PCB-authorized vendors for safe disposal, in compliance with regulatory norms. Any asbestos waste deemed unsuitable for reuse is disposed of at a Treatment, Storage, and Disposal Facility (TSDF), ensuring safe and environmentally sound management. Dry waste, which may contain asbestos or used lubricant oil, is meticulously handled with advanced dust collection systems and strict safety protocols. For non-hazardous waste such as metal, wood, and MS drums, the Company has mapped various waste streams and ensures appropriate storage. This waste is then sold to authorized dealers for recycling, repurposing, or proper disposal.

Additionally, BirlaNu adopts circular economy and 5R principles, prioritizing waste reduction and resource efficiency. The Company incorporates alternative materials from thermal power plants and steel production units into its manufacturing processes. All discarded or defective products, including pipes, boards, panels, and sheets, are grounded and converted into Dry Waste Recycle (DWR) wherever applicable and reused as input material in manufacturing. Furthermore, synthetic packaging materials wherever possible have been replaced with sustainable alternatives to foster a culture of reuse and recycling.

The Company ensures that all relevant regulations, protocols and processes enforcing strict safety, handling, and disposal of asbestos fibre are followed to prevent exposure. In addition, it continues to invest its R&D efforts towards reducing asbestos in its products. No other hazardous or toxic chemicals are used in our manufacturing processes.

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones, etc.) where environmental approvals / clearances are required, please specify details in the following format:

S.No.	Location of operations/office	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and Corrective action taken, if any.
-------	-------------------------------	--------------------	---

The Company does not have operations or offices located in ecologically sensitive areas such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones, etc. Therefore, environmental approvals or clearances specific to these areas do not apply to BirlaNu's operations.

12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes / No)	communicated in	
--------------------------------------	-------------------------	------	--	-----------------	--

No environmental impact assessments of projects undertaken have been conducted in the current financial year.

13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, and Environment Protection Act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:

S.No.	Specify the law/ regulation/ guidelines which was not complied with	the non-compliance	Any fines/ penalties/action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken, if any
-------	---	--------------------	--	---------------------------------

The Company is compliant with all applicable environmental laws, regulations, and guidelines in India, including the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, and the Environment Protection Act, along with the associated rules. No non-compliance has been reported or observed by any regulatory authority.

Leadership Indicators:

I. Water withdrawal, consumption, and discharge in areas of water stress (in kilolitres):

For each facility/plant located in areas of water stress, provide the following information:

- a. Name of the area: Only the Company's Faridabad plant has been categorized within a Water Stress Area (Over Exploited) as per the Ground Water Resource Assessment 2024 carried out by the Central Ground Water Board (CGWB)
- b. Nature of operations: Manufacturing of Roofing Sheets, Walls and Pipes
- c. Water withdrawal, consumption and discharge in the following format:

#Faridabad is the only manufacturing location of the Company which is in a water-stressed area. In FY25, 3,276.00 kl of water was treated in ETP and STP and used for gardening while the corresponding value for FY24 was 5,180.15 kl.

*BirlaNu does not currently report revenue by facility. Faridabad facility operates multiple plants across product categories and hence, the Company cannot calculate the water intensity per rupee of turnover.

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency: Not applicable

2. Please provide details of total Scope 3 emissions & its intensity, in the following format:

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 3 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	MTs of CO ₂ equivalent	The Company has not initiated the process for inventorying its Scope emissions

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link:

BirlaNu integrates Business Continuity and Disaster Management into its Enterprise Risk Management framework with an ambition to minimize downtime and maintain uninterrupted operations. Fire drills and emergency preparedness exercises are routinely conducted for office staff, while Emergency Response Teams (ERT) undergo rigorous training in firefighting, rescue operations, and first aid. Semi-annual mock drills assess their effectiveness, ensuring swift and efficient crisis response. Tailored onsite emergency protocols equip ERT teams to handle emergencies within and beyond company premises, strengthening BirlaNu's overall crisis management capabilities.

To safeguard IT infrastructure, critical data is safeguarded with immutable storage at a secondary location, protecting against cyber threats and accidental loss. To further enhance resilience, the Company is exploring cloud-based disaster recovery solutions on a leading cloud service platform, enabling secure and rapid recovery when needed. BirlaNu's IT security measures are aligned with ISO 27001 certification requirements, reinforcing the integrity and reliability of its digital infrastructure.

- 6. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?
 - Most of the Company's tier-I suppliers have implemented sustainable practices related to environmental compliance and impacts. Asbestos fibre is sourced as per prevailing regulatory norms and following industry best practices. Appropriate training as well as health and safety measures are undertaken throughout the value chain. None of BirlaNu's products or downstream operations have negative environmental impacts beyond disposal at the end of life.
- 7. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts:
 - Not Applicable please refer Question 6 above.
- 8. How many Green Credits have been generated or procured:
 - (a) By the listed entity: None
 - (b) By the top ten (in terms of value of purchases and sales, respectively) value chain partners: Currently not available.

7 PRINCIPLE:

Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

Essential Indicators:

- a. Number of affiliations with trade and industry chambers/ associations. 10
 - b. List the top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to:

S. No.	Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/National)

Leadership Indicators:

1. Details of public policy positions advocated by the entity:

S.No.		Method resorted for such advocacy	information available in public domain? (Yes/No)	Half Vearly/ Ollarterly	Web Link, if available
-------	--	-----------------------------------	--	-------------------------	------------------------

BirlaNu does not engage in direct public or regulatory policy advocacy with the government. However, it actively participates in various industry and trade bodies, including those where it is a founding member, as outlined under Principle 7, Essential Indicator 1(b). Through these platforms, the Company shares its expertise and perspectives on key industry matters. When approached by policymakers, BirlaNu is open to contributing insights to help shape policy frameworks, particularly in areas relevant to its operations and their broader societal impact.

Businesses should promote inclusive growth and equitable development

Essential Indicators:

- 1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year:
 - None of the projects of the Company had any stipulation to conduct a Social Impact Assessment (SIA) during the reporting period.
- 2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by the entity, in the following format:
 - No Rehabilitation and Resettlement is ongoing or required for any of BirlaNu's projects.
- 3. Describe the mechanisms to receive and redress grievances of the community:
 - BirlaNu works closely with complainants to resolve community complaints through open dialogue. Complaints can be submitted verbally or in writing, with dedicated email addresses info@birlanu.com and cs@birlanu.com or through our "Contact Us" webpage. Upon receiving a complaint, appropriate company officials are designated to investigate and address the grievance. If needed, grievances are escalated to Senior Management for further review and resolution.
- 4. Percentage of input material (inputs to total inputs by value) sourced from suppliers:

Leadership Indicators:

- 1. Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above):
 - As the Company was not required to conduct any Social Impact Assessments, this requirement is not applicable.
- 2. Provide the following information on CSR projects undertaken by the entity in designated aspirational districts as identified by government bodies:
 - There are no designated aspirational districts around the area of operations of the Company.
- 3. (a) Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized /vulnerable groups? (Yes/No): No
 - (b) From which marginalized /vulnerable groups do you procure? Not Applicable
 - (c) What percentage of total procurement (by value) does it constitute? Not Applicable
- 4. Details of the benefits derived and shared from the intellectual properties owned or acquired by the entity (in the current financial year), based on traditional knowledge:

				Basis of calculating benefit share
Nil				

- 5. Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved:
 - There were no disputes related to intellectual property in the reporting year and no corrective actions were required.
- 6. Details of beneficiaries of CSR Projects:

Businesses should engage with and provide value to their consumers in a responsible manner

Essential Indicators:

Describe the mechanisms in place to receive and respond to consumer complaints and feedback:
 As a customer-focused organization, BirlaNu incorporates consumer feedback into its research, product development, and distribution strategies. Feedback is also obtained from other stakeholders in the

development, and distribution strategies. Feedback is also obtained from other stakeholders in the downstream value chain including influencers and applicators. A structured feedback mechanism using digital platforms supported by a centralized customer service cell spans the entire downstream value chain. This handles complaints from end users, channel partners, and influencers. This setup ensures transparent, timely resolution by directing queries to the appropriate internal teams and enabling consistent follow-up.

In addition, the Company's leverages its sales force fostering stronger brand loyalty and long-term partnerships. To deepen engagement, the Company has introduced a digital loyalty and engagement platform tailored for influencers, alongside a Customer Relationship Management (CRM) system and a Sales Force Automation (SFA) tool to improve operational efficiency and enhance the overall customer experience.

Dealer and distributor complaints are categorized into technical/manufacturing, application-related, or logistics issues to ensure accurate resolution routing. These are managed via dedicated dealer portals, with investigations—including site visits when required—initiated promptly. Validated complaints are addressed within 15 days, typically through the issuance of a Credit Note (CN), based on the legitimacy of the claim.

2. Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:

	As a percentage of total turnover
Environmental and social parameters relevant to the product	38.23%
Safe and responsible usage	8.88%
Recycling and/or safe disposal	5.38%

Note: The majority of BirlaNu's revenue comes from Roofs and Walls which do not have packaging. The disclosure above is based on the products that have GreenPro and GRIHA Environmental certifications. In addition to the figure disclosed above for "Safe and Responsible Usage", the Company also provides installation manuals and works with applicators, contractors and other intermediaries to ensure safe installation and responsible usage. This translates to a revenue contribution of 59%.

3. Number of consumer complaints in respect of the following:

	FY 2024-25			FY 2023-24		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks

4. Details of instances of product recalls on account of safety issues:

	Number	Reason for recall
Voluntary recall	Nil	NA
Forced recall	Nil	NA

5. Does the entity have a framework/ policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy:

Yes, the Company is committed to maintaining a resilient, secure, and future-ready IT infrastructure. It has established a robust Information Security Management System (ISMS) policy for cybersecurity and data privacy risks, accessible to all employees via the HRMS portal. This policy extends beyond employees to all users accessing BirlaNu's IT infrastructure and resources. To strengthen security, the Company has successfully adopted Zero Trust Network Access (ZTNA), enforcing strict verification protocols for every user and device.

Additionally, a Privileged Access Management (PAM) tool has been deployed alongside continuous threat monitoring tools to enhance access control and security vigilance. The Company ensures its IT infrastructure remains up to date by receiving vulnerability-related information from service providers and implementing necessary protection measures, all certified as per ISO 27001:2013. Employee awareness remains a key priority, with training sessions conducted through the EC-Council Aware platform, IT induction programs for new joiners, and biannual cybersecurity awareness sessions. An annual phishing simulation exercise further reinforces cybersecurity preparedness.

6. Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services:

There have not been any complaints related to any of these issues. Based on the Company's monitoring mechanisms, and feedback collection, it proactively undertakes actions to prevent issues from occurring as mentioned for ISMS.

- 7. Provide the following information relating to data breaches:
 - a. Number of instances of data breaches along-with impact:
 - b. Percentage of data breaches involving personally identifiable information of customers:
 - c. Impact, if any, of the data breaches

There have been no instances of data breaches for FY25.

Leadership Indicators:

1. Channels/platforms where information on products and services of the entity can be accessed (provide a web link, if available):

All product information across product categories is readily available on the Company's website https://birlanu.com/. Details of the Company's products and related technical services are also directly disseminated by its field force to its network of dealers, distributors, construction professionals, and channel partners. BirlaNu's sales force has been digitally empowered with a sales force automation platform which is also used to provide product information to dealers, distributors, sub-dealers and retailer. The Company also has a presence on online B2B marketplaces such as IndiaMart, and TradeIndia among others and it continues to evaluate additional channels. The Company also participates in tradeshows, exhibitions, and social media initiatives to apprise both current and prospective customers about its offerings.

- 2. Steps taken to inform and educate consumers about safe and responsible usage of products and/or services:
 - The product packaging for the Company's Putty and Construction Chemicals contains information on safe and responsible usage. For other categories including roofing and walling solutions, BirlaNu provides information booklets on safety aspects during installation besides training to customers via its distribution partners. The Company also engages directly with influencers and applicators when it provides the required guidance on safe and responsible usage.
- 3. Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services:
 - BirlaNu's activities do not fall within the provisions of the Essential Services Maintenance Act (ESMA). However, the Company proactively shares information about any potential disruptions or discontinuations of its product availability with its customers via its salesforce and other channels of communication.
- 4. Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief. Did the entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity, or the entity as a whole? (Yes/No):
 - BirlaNu ensures compliance with the Bureau of Indian Standards, the Legal Metrology Act, and all other applicable labelling regulations. The Company's product packaging carries additional information on product benefits supplemented with guidance on usage. The Company actively engages with its customers to obtain feedback on various aspects of its product portfolio, loyalty programs, customer engagement, and other operational aspects. Details are mentioned in Principle 4, Essential Indicator 2. The Company also periodically undertakes structured customer satisfaction surveys to compliment the inputs it receives as part of operational interactions, marketing conversations, etc.

Independent Auditor's Report

To The Members of BirlaNu Limited (Formerly known as HIL Limited)

Report on the Audit of the Standalone Financial **Statements**

Opinion

We have audited the standalone financial statements of BirlaNu Limited (Formerly known as HIL Limited) (the "Company") which comprise the standalone balance sheet as at 31 March 2025, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue Recognition

See Note 23 to standalone financial statements

The Company's revenue is primarily derived from sale Our audit procedures include the following: of products of roofing solutions, building solutions, polymer solutions and others.

We have identified timing of revenue recognition as a key audit matter because there are variations in different sale contracts and consequently, there is a risk of revenue being overstated on account of recognition before transfer of control particularly due to pressures for achieving the performance targets for the year.

- We assessed the appropriateness of the revenue recognition accounting policies and compliance with Indian accounting standards;
- We evaluated the design and implementation of key internal financial controls with respect to revenue recognition and tested operating effectiveness of such controls on selected transactions;
- We performed substantive testing on samples selected using statistical sampling of revenue transactions, recorded during the year by testing the underlying documents to assess whether criteria for revenue recognition are met;
- We tested sample journal entries selected based on specified risk-based criteria, to identify unusualitems;

The key audit matter	How the matter was addressed in our audit
	We tested, on a sample basis using statistical sampling, specific revenue transactions recorded around the year end date to check whether revenue has been recognised in the correct reporting period by testing the underlying documents; and
	 We carried out product wise year on year variance analysis on revenue recognised during the year to identify unusual variances

Impairment of non-current investments in subsidiary

See Note 7 to standalone financial statements

The key audit matter

The Company has non-current investments in O its subsidiary, HIL International GmbH, Germany amounting to INR 27,346.24 lacs. The Company's investments in subsidiary are valued at cost less provision for other than temporary impairment. These investments are assessed for impairment when an indicator of impairment exists. The Management annually assesses the existence of impairment indicators and performs impairment testing if there is any indicator.

In performing the impairment test, the Company has made several key assumptions, such as growth rates, discount rates and forecasted cash flows relating to the aforesaid entity.

We identified impairment of non-current investment in subsidiary as a key audit matter because these estimates involve significant judgement, and the underlying assumptions are inherently uncertain.

How the matter was addressed in our audit

in Our audit procedures include the following:

- We evaluated the design and implementation of key internal financial controls of the Company with respect to the impairment assessment of investments and tested operating effectiveness of such controls;
- ► Evaluated the impairment indicator assessment performed by the Company considering quantitative and qualitative factors;
- We tested budgeting procedures upon which the cash flow forecasts were based. We also compared the actual past performances with the budgeted figures;
- ▶ We involved internal valuation specialists to assist us in evaluating the key assumptions and methodology used by the Company, in particular those relating to the forecast of the revenue growth, profit margins and discount rate. Internal valuation specialists also compared the assumptions to externally derived data in relation to key inputs such as projected economic growth, competition, inflation and discount rates;
- We assessed the sensitivity of the outcome of impairment assessment to changes in key assumptions; and
- We assessed the adequacy of the disclosures including disclosures of key assumptions, judgments and sensitivities.

Impairment of Goodwill

See Note 6 to standalone financial statements

The Company performs impairment assessment of Our audit procedures include the following: Goodwill under Ind AS 36 "Impairment of Assets" on an annual basis and whenever there is an indication of impairment. The aforesaid asset arose on acquisition of a business in earlier years.

In performing the impairment test, the Company has made several key assumptions, such as growth rates, discount rates and forecasted cash flows relating to the aforesaid entity.

We identified impairment of Goodwill as a key audit matter because these estimates involve significant judgement, and the underlying assumptions are inherently uncertain.

- We evaluated the design and implementation of key internal financial controls of the Company with respect to the impairment assessment of Goodwill and tested operating effectiveness of such controls;
- We tested budgeting procedures upon which the cash flow forecasts were based. We also compared the actual past performances with the budgeted figures;
- We involved internal valuation specialists to assist us in evaluating the key assumptions and methodology used by the Company, in particular those relating to the forecast of the revenue growth, profit margins and discount rate. Internal valuation specialists also compared the assumptions to externally derived data in relation to key inputs such as projected economic growth, competition, inflation and discount rates;
- We assessed the sensitivity of the outcome of impairment assessment to changes in key assumptions; and
- We assessed the adequacy of the disclosures disclosures of including key assumptions, judgments and sensitivities.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Management's and Board of Directors' Responsibilities for the **Standalone Financial Statements**

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and

are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of

- accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report)
 Order, 2020 ("the Order") issued by the Central

Government of India in terms of Section 143(11) of the Act, we give in the **"Annexure A"** a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

- 2 A. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matter stated in the paragraph 2(B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - c. The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on 01 April 2025, taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2025 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. The modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(A) (b) above on reporting under Section 143(3) (b) of the Act and paragraph 2(B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The Company has disclosed the impact of pending litigations as at 31 March 2025 on its

- financial position in its standalone financial statements Refer Note 39 to the standalone financial statements.
- The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 49 to the standalone financial statements.
- c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - The management has represented that, to the best of their knowledge and belief, other than as disclosed in the Note 60 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (ii) The management has represented that, to the best of their knowledge and belief, as disclosed in the Note 60 to the standalone financial statements, no funds have been received by the Company from any person(s) entity(ies), including entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause

- (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
- e. The final dividend paid by the Company during the year, in respect of the same declared for the previous year, is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

As stated in Note 16 to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

- f. Based on our examination which included test checks, except for the instances mentioned below, the Company has used accounting softwares for maintaining its books of account which, along with access management tool, as applicable, have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective softwares:
 - in case of an accounting software used for maintaining general ledger until 16 August 2024, the audit trail feature was not enabled at the database level to log any direct data changes.
 - ii. in case of an accounting software used for maintaining general ledger from 17 August 2024, which is operated by a third party service provider, in the absence of reporting on compliance with the audit trail requirements at database

level in the independent auditor's report of service organisation, we are unable to comment whether audit trail feature of the said accounting software was enabled at the database level and operated from 17 August 2024 to 31 March 2025 for all relevant transactions recorded in the accounting software.

iii. in case of an accounting software used for maintaining the books of account relating to vendor invoice processing, in the absence of an access management tool (implemented from 1 March 2025), the feature of recording audit trail (edit log) facility was not enabled for the period from 1 April 2024 to 28 February 2025.

Further, for the periods where audit trail (edit log) facility was enabled and operated, we did not come across any instance of the audit trail feature being tampered with.

Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid/payable by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid/payable to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report on the Standalone Financial Statements of BirlaNu Limited (Formerly known as HIL Limited) for the year ended 31 March 2025

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
- (i) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company, except for the following which are not held in the name of the Company:

Description of property	Gross Held in the name of carrying value (INR in lacs)	promoter, since	Reason for not being held in the name of the Company
Freehold Land	1.27 Faridabad Complex Administration (now known as Municipa Corporation o Faridabaxd)		Pending settlement of dispute regarding external development charges with Haryana Urban Development Authority, Faridabad.
Land	427.60 The Embassy of Unior of Soviet Socialis Republics		The process for transfer of property in the name of the Company is in progress.

- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory, except goods-in-transit, has been physically verified by the management during the year. For goods-in-transit subsequent evidence of receipts/ deliveries has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the

Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company

has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year except that the Company has made investments in companies and other parties during the year and granted loans and provided guarantee to the companies, in respect of which the requisite information is as below.

(a) Based on the audit procedures carried on by us and as per the information and explanations given to us the Company has provided loans or stood guarantee to any other entity as below:

Particulars	Guarantees	Loans
Aggregate amount during the year	INR 6,303.00	INR 2,788.43
Subsidiaries*	lakh	lakh
Balance outstanding as at balance sheet date	INR 6,303.00	INR 2,762.30
Subsidiaries*	lakh	lakh

*As per the Companies Act, 2013

- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the investments made, guarantees provided during the year and the terms and conditions of the grant of loans provided during the year are not prejudicial to the interest of the Company.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, in our opinion the repayment of principal and payment of interest has been stipulated and the repayments or receipts have been regular. Further, the Company has not given any advance in the nature of loan to any party during the year.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan or advance in the nature of loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties.

- (f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.
- (iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither given loans nor has it provided guarantee or security as specified under Section 185 of the Companies Act, 2013 ("the Act"). In respect of the investments made by the Company and the loans given and guarantee provided to the parties covered under Section 186 of the Act, in our opinion the provisions of Section 186 of the Act have been complied with.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
- (vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have generally been regularly deposited by the Company

with the appropriate authorities, though there have been slight delays in a few cases of tax deducted at source.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2025 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Income-Tax, Duty of Excise or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

Annexure B to the Independent Auditor's Report on the standalone financial statements of BirlaNu Limited (Formerly known as HIL Limited) for the year ended 31 March 2025

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of BirlaNu Limited (Formerly known as HIL Limited) ("the Company") as of 31 March 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference

to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of

records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Others includes Material Handling and Processing Plant and Equipment with manufacturing facilities at Hyderabad, and revenue generated through Wind Turbine Generators situated in Gujarat, Tamil Nadu and Rajasthan.

2 Basis of preparation

A. Statement of compliance

 a) These standalone financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 ("the Act") and other relevant provision of the Act under the historical cost convention on an accrual basis and going concern except for certain financial instruments which are measured at fair values, notified under the Act and Rules prescribed thereunder.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

- b) The standalone financial statements were authorised for issue by the Company's Board of Directors on 17 May 2025.
- c) Details of the Company's accounting policies are included in note 3.

B. Functional and presentation currency

These standalone financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts presented in Indian Rupees have been rounded-off to two decimal places to the nearest Lacs except share data or as otherwise stated.

C. Basis of measurement

The standalone financial statements have been prepared on the historical cost basis except for the following items, which are measured on an alternative basis on each reporting date.

Items	Measurement basis
- Certain financial assets and liabilities (including derivative instruments)	Fair value

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

2. Basis of preparation (Contd..)

C. Basis of measurement (Contd..)

Items	Measurement basis
 Net defined benefit (asset)/ liability 	Fair value of plan assets less present value of defined benefit obligations
- Net identifiable assets, goodwill and other intangibles on business acquisition	Fair value
- Leases	Lease liability is measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate at the date of initial application. Right-to-use asset has been measured as an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet immediately before the date of initial application. Practical expedient on transition to exclude initial direct costs from ROU asset measurement is considered.
- Non-current assets held for sale	The assets classified as held for sale are measured at lower of carrying amounts and fair value less costs to sell at the time of classification.

D. Use of estimates and judgment

In preparing these standalone financial statements, Management has made judgements, estimates and assumptions that affect the application of Company's accounting policies and the reported

amounts of assets, liabilities, income and expenses. Actual results may differ from the estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the standalone financial statements is included in the following notes:

- Note 50 leases: whether an arrangement contains a lease;
- Note 50 lease classification.

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties at the reporting date that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year are included in the following notes:

- Note 06 impairment test of goodwill: key assumptions used in discounted cash flow projection;
- Note 07 impairment test of investments: key assumptions used in discounted cash flow projection;
- Note 10 impairment of financial assets.
- Note 11 impairment test of other assets;
- Note 21 recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;
- Note 33 fair value consideration transferred on business acquisition and fair value of net identifiable assets on acquisition date;
- Note 34 recognition of deferred tax assets: availability of future taxable profit against which deductible temporary differences and tax losses carried forward can be utilized;

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

2. Basis of preparation (Contd..)

- D. Use of estimates and judgment (Contd..)
 - Note 36 measurement of defined benefit obligations: key actuarial assumptions;
 - Note 55 measurement of ECL allowance for trade receivables and contract assets;

E. Measurement of fair values

A number of the Company's accounting policies and disclosures require measurement of fair values, for both financial and non-financial assets and liabilities.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in the following notes:

- Note 05 investment property;
- Note 42 share based payment arrangements;
- Note 55 financial instruments;
- Note 33 business acquisition.

F. Current/Non-current classification

The Company classifies an asset as current asset when:

- (a) it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- (b) it holds the asset primarily for the purpose of trading;
- (c) itexpects to realise the asset within twelve months after the reporting period; or
- (d) the asset is cash or a cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- (a) it expects to settle the liability in its normal operating cycle;
- (b) it holds the liability primarily for the purpose of trading;
- (c) the liability is due to be settled within twelve months after the reporting period; or
- (d) it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

3. Material accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these standalone financial statements unless otherwise indicated.

a. Foreign currency transactions

Transactions in foreign currencies are translated into functional currency of the

Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

- foreign currency monetary items are translated in the functional currency at the exchange rate at the reporting date.
- non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined.
- non-monetary assets and liabilities denominated in a foreign currency that are measured at historical cost are translated at the exchange rate prevalent at the date of the transaction.
- exchange differences are recognised in profit or loss in the period in which they arise, except exchange differences arising from the translation of the following items which are recognised in other comprehensive income (OCI).
- An investment in equity securities designated as at FVOCI (except on impairment, in which case foreign currency differences that have been recognised in OCI are reclassified to profit or loss).

b. Financial instruments

i. Recognition and initial measurement

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

At the time of initial recognition, these financial assets (unless it is a trade receivable without a significant financing component) or financial liabilities are measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or

loss, are added to the fair value on initial recognition. A trade receivable without a significant financing component is initially measured at transaction price.

ii. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- fair value through other comprehensive income (FVOCI) equity investment; or
- fair value through profit and loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets in which case all affected financial assets are re-classified on first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI - equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

b. Financial instruments (Contd..)

at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A

financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Contract liabilities against payment have been considered as other financial liabilities. Any gain or loss on derecognition is also recognised in profit or loss.

iii. Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which either substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expired.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the

new financial liability with modified terms is recognised in profit or loss.

iv. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

v. Derivative financial instruments

The Company holds derivative financial instruments to hedge its foreign currency. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at each reporting date. Changes in the fair value of any derivative instrument are recognised immediately in the profit or loss and are included in other income or expenses.

c. Property, plant and equipment and capital work-in-progress

i. Recognition and measurement

Property, plant and equipment

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Items of property, plant and equipment work-in-progress including capital are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses. if any.

Cost of an item of property, plant and equipment comprises its purchase price (after deducting trade discounts and rebates), including import duties and non-refundable purchase taxes if any, all costs directly attributable to bringing the item

to its working condition, for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located. Freehold land is carried at historical cost less any accumulated impairment losses.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Capital work-in-progress

Cost of assets not ready for intended use, as on the balance sheet date, is shown as capital work-in-progress. Advances given towards acquisition of fixed assets outstanding at each balance sheet date are disclosed as other non-current assets.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably.

iii. Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method, and is generally recognised in the profit or loss.

Freehold land is not depreciated. Leasehold land and Leasehold improvements are depreciated over the period of the lease.

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

3. Material accounting policies (Contd..)

c. Property, plant and equipment and capital work-in-progress (Contd..)

The estimated useful lives of items of property, plant and equipment are estimated by the management, which are equal to the life prescribed under the Schedule II of the Act, except for following assets mentioned below which are based on technical evaluation and past experience:

Plant and machinery: 19 years for continuous processing plants (CPP) as against 15 years

Certain moulds and dies: 6 / 9 years as against 8 years

Wind power generation plant: 25 years as against 22 years

The estimated useful lives of items of property, plant and equipment acquired in business combination have been considered at the remaining useful life on acquisition date (as per books of account of the acquiree).

Depreciation methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions / (disposals) is provided on a pro-rata basis i.e. from / (upto) the date on which asset is ready for use / (disposed off).

d. Goodwill and other intangible assets

i. Recognition and measurement

Goodwill

Acquisition method as per Ind AS 103 'Business Combinations' is used for valuation of goodwill arising on business acquisition see note 3(v). Subsequent to initial recognition, goodwill is measured

at cost, less accumulated impairment losses (see note 3(g) (ii)), if any.

Service concession arrangements

The Company recognises an intangible asset arising from a service concession arrangement to the extent it has a right to charge for use of the concession infrastructure. The fair value, at the time of initial recognition of such an intangible asset received as consideration for providing construction or upgrade services in a service concession arrangement, is regarded to be its cost. Subsequent to initial recognition the intangible asset is measured at cost, less any accumulated amortisation and accumulated impairment losses, if any.

Other intangible assets

Other intangible assets including acquisitions by the Company in a business combination (see note 3 (v)) are initially measured at cost. Such intangible assets with definite lives, are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses. Intangible asset with indefinite life, is not amortised and is tested for impairment annually.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in profit or loss as incurred.

iii. Amortisation

Goodwill and other intangible assets with indefinite lives are not subject to amortisation as per Ind AS 103 and is tested for impairment annually, or more frequently when there is an indication that the value of cash-generating unit to which these assets have been allocated, may be impaired.

For other intangible assets, amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated

for the year ended 31 March 2025

3. Material accounting policies (Contd..)

d. Goodwill and other intangible assets (Contd..)

useful lives using the straight-line method, and is included in depreciation and amortisation in profit or loss.

The estimated useful lives are as follows:

As		Years
-	Service concession	25
	arrangement	25
-	Computer software	5
-	Brand	5
-	Non-compete	5

The estimated useful life of an intangible asset in a service concession arrangement is the period from when the Company is able to charge the public for the use of the infrastructure to the end of the concession period.

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

e. Investment property

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Upon initial recognition, an investment property is measured at cost. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost comprises purchase price, borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the investment property to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Depreciation on investment property other than perpetual leasehold land is calculated on a straight-line basis based on the useful life estimated by the management, which is equal to life prescribed in Schedule II of the Act.

Investment property is derecognised either when it has been disposed off or when it is permanently withdrawn from use and no future economic benefit is expected from its disposal. On disposal of investment property, the difference between its carrying amount and net disposal proceeds is charged or credited to the profit or loss.

Transfers to (or from) investment property are made only when there is a change in use. Transfers between investment property, owner-occupied property and inventories do not change the carrying amount of the property transferred and they do not change the cost of that property for measurement or disclosure purposes.

The fair values of investment property is disclosed in the notes. Fair values is determined by an independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued.

f. Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is determined on a moving weighted average basis, and includes expenditure in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their present location and condition. In case of manufactured inventories and work-in-progress, cost includes an appropriate share of production overheads on normal operating capacity. In the case of raw materials and stock-in-trade, cost comprises of cost of purchase.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and estimated selling expenses necessary to make the sale. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

3. Material accounting policies (Contd..)

the cost of the finished products will exceed their net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

g. Impairment

i. Impairment of financial assets

The Company recognises loss allowances for expected credit losses on:

 financial assets measured at amortised cost.

At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

The Company measures loss allowances at an amount equal to lifetime expected credit losses.

Loss allowances for trade receivables, loans, contract assets are always measured at an amount equal to lifetime expected credit losses.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not

for the year ended 31 March 2025

3. Material accounting policies (Contd..)

g. Impairment (Contd..)

have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

ii. Impairment of non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets, investment property are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

The Company's corporate assets (e.g., central office building for providing support to various CGUs) do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the profit or loss. They are allocated first to reduce the carrying value of goodwill allocated to the CGU and then to reduce the carrying amount of other assets in the CGU or prorata basis.

An impairment loss in respect of goodwill is not subsequently reversed. In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss has been recognised.

h. Employee benefits

i. Short-term employee benefits

Short-termemployeebenefitobligations are measured on an undiscounted basis and are expensed during the period as the related service is provided. A liability is recognised for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

ii. Share-based payment arrangements

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. That cost is recognised, together with a corresponding increase in 'Share options outstanding account' reserves in equity, over the period in which the performance and / or service conditions are fulfilled in employee benefits expense. The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share. Incase of cancellation of options granted before the completion

for the year ended 31 March 2025

3. Material accounting policies (Contd..)

h. Employee benefits (Contd..)

of vesting period the cost is reversed in the statement of profit and loss.

iii. Defined contribution plans

A defined contribution plan is a postemployment benefit plan under which an entity pays contributions into a separate entity and will have no legal or constructive obligation to pay further amounts.

Company providing retirement benefit in the form of provident fund and superannuation fund is a defined contribution scheme. The contributions payable to the provident fund and superannuation fund are recognised as expenses, when an employee renders the related services. The Company has no obligation, other than the contribution payable to the funds.

iv. Defined benefit plans

A defined benefit plan is a postemployment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. The Company has created an approved gratuity fund, which has taken a group gratuity cum insurance policy with Life Insurance Corporation of India (LIC), for future payment of gratuity to the employees. The Company accounts for gratuity liability of its employees including contract workers on the basis of actuarial valuation carried out at the year end by an independent actuary. When the calculation results in a potential asset for the Company,

the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined liability, benefit which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Discount rate is determined by reference to market yields government bonds, at the end of the reporting period. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

v. Compensated absences

The employees can carry-forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of such period, the benefit is classified as

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

3. Material accounting policies (Contd..)

h. Employee benefits (Contd..)

a long-term employee benefit. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. Such entitlement is discounted to determine its present value. The obligation is measured semi-annually by a qualified actuary on the basis of actuarial valuation using the projected unit credit method. Remeasurements are recognised in profit or loss in the period in which they arise.

vi. Other long-term employee benefits

The Company's net obligation in respect of long-term employee benefits other than post-employment benefits is the amount of future benefits that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value any related assets is deducted. The obligation is measured on the basis of an annual independent actuarial valuation using the projected unit credit method. Remeasurements gains or losses are recognised in profit or loss in the period in which they arise.

i. Revenue

Revenue from contract with customers

The Company generates revenue from its ordinary activities i.e., from sale of goods and services. A contract in this context shall fulfill all of the following conditions:

- Both the parties to the contract agree on the contract terms.
- Performance obligations of each of the parties is identifiable and there exists a commitment to perform their respective obligations; and
- The commercial substance or the purchase consideration is measurable and the collectability is probable.

Disaggregation of revenue

The Company disaggregates revenue from contracts with customers by the nature of

sale i.e. manufactured and traded goods, solutions i.e. roofing solutions, building solutions, polymer solutions and others and geographic market. The Company believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of Company's revenues and cash flows are affected by industry, market and other economic factors.

Contract balances

The Company classifies the right to consideration in exchange for sale of goods as trade receivables, advance consideration as contract liability against payment and unredeemable customer loyalty points as contract liability against performance obligation.

Performance obligations and revenue recognition policies

Revenue is measured based on the consideration adjusted with discounts and incentives, if any, as specified in the contracts with customers. Revenue is recognised to the extent of fulfillment of each of the performance obligations to the contract. The Company recognises revenue when it transfers control over the goods or services to the customers. The following details provides information about the nature and timing of the satisfaction of performance obligations in contracts with customers including significant payment terms and the related revenue recognition policies.

a. Sale of products

- (i) Nature and timing of satisfaction of performance obligations, including significant payment terms: The timing of transfer of control is driven by the individual terms of contracts. Invoices are usually payable within agreed credit terms. For customer loyalty programme refer note (b) below.
- (ii) Revenue is recognised when a customer obtains control of the goods which is driven by the individual terms of contracts. For contracts that permit the customer to return an item, revenue is recognised to the extent that it is

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

3. Material accounting policies (Contd..)

. Revenue (Contd..)

highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur.

b. Customer loyalty programmes

- (i) Nature and timing of satisfaction of performance obligations including significant payment terms: Customers who purchases products may enter into Company's customer loyalty programme and earn credits. These credits are redeemed against the awards as per the terms of the programme.
- (ii) The Company allocates a portion of the consideration received to loyalty credits. This allocation is based on the relative stand-alone selling prices. The amount allocated to the loyalty programme is deferred, and is recognised as revenue when loyalty points are redeemed or the likelihood of the customer redeeming the loyalty points becomes remote. The deferred revenue is included in contract liability against performance obligation.

c. Sale of services

Revenue from sale of services is recognised when it is measurable and it is probable that future economic benefits will flow to the entity in accordance with tariff provided in power purchase agreement.

j. Recognition of dividend income, interest income or expense, rental Income

Dividend income is recognised in profit or loss on the date on which the Company's right to receive payment is established.

Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

Rental income from investment property is recognised as part of other income in the Statement of profit or loss on a straight-line basis over the term of the lease.

k. Government grants

Government grants are recognised initially as deferred income at fair value when there is reasonable assurance that they will be received and the Company will comply with the conditions associated with the grant; they are then recognised in profit or loss as other income on a systematic basis.

I. Leases

i. Leases as lessee

As a lessee, the Company recognises right-of-use assets and lease liabilities for most leases – i.e. these leases are onbalance sheet. The Company decided to apply recognition exemptions to short-term leases.

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company uses the definition of a lease in Ind AS 116. At inception or on reassessment of a contract that contains a lease component, the

I. Leases (Contd..)

Company allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices. However, for the leases of land and buildings in which it is a lessee, the Company has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-ofuse asset or the end of the lease term. unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right of use asset reflects that the Company will exercise the purchase option. In that case, estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the rightof-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. The Company determines its incremental borrowing rate by obtaining interest rates

from various external financing sources and makes certian adjustments to reflect the terms of the lease and type of asset lease. The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the rightof-use asset has been reduced to zero.

Lease payments included in the measurement of the lease liability comprise:

- a. Fixed payments including insubstance fixed payments
- b. Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date
- c. Amounts expected to be payable under a residual value guarantee
- d. The exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with the leases as an expense in the profit and loss on a straight line basis over lease term.

l. Leases (Contd..)

The Company presents right-of-use assets that do not meet the definition of Investment Property in 'Property, plant and equipment' and lease liabilities in 'Financial liabilities' in the Balance sheet.

ii. Leases as lessor

At inception or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of 'other income'.

m. Income-tax

Income-tax comprises current and deferred tax. It is recognised in profit or loss except

to the extent that it relates to to a business combination, or item recognised directly in equity or in other comprehensive income. The Company has determined that interest and penalties related to income taxes, including uncertain tax treatments, do not meet the definition of income taxes, and therefore accounted for them under Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted at the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

ii. Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred tax is not recognised for taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence

m. Income-tax (Contd..)

of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets - unrecognised or recognised, are reviewed at each reporting date and are recognised / reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. For this purpose, the carrying amount of investment property measured at fair value is presumed to be recovered through sale, and the Group has not rebutted this presumption.

Temporary differences in relation to a right-of-use asset and a lease liability for a specific lease are regarded as a net package (the lease) for the purpose of recognising deferred tax.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

n. Borrowing cost

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

Provision, contingent liabilities and contingent assets

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance costs. Expected future operating losses are not provided for.

Onerous contracts

A contract is considered to be onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract which is determined based on the incremental cost of fulfilling the obligation under the contract and an allocation of other cost directly related to fulfilling the contract. Before such a provision is made, the Company recognises any impairment loss on the assets associated with that contract.

3. Material accounting policies (Contd..)

o. Provision, contingent liabilities and contingent assets (Contd..)

Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events, the occurrence or non-occurrence of which is dependent on the happening of one or more uncertain future events not wholly within the control of the entity; or a present obligation arising from past events with no probability of future outflow of economic benefits or the outflow cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Contingent assets are recognised in the period in which it is virtually certain that an inflow of economic benefits will arise. Contingent assets are assessed continually and no such benefits were found for the current financial year.

Provisions, Contingent liabilities and Contingent assets are reviewed at each reporting date.

p. Earnings per share ("EPS")

Basic earnings per share is computed by dividing the net profit (or loss) attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit (considered in determination of basic earnings per share) by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. In computing diluted earnings per share, only potential equity shares that are dilutive and that either reduces earnings per share or increases loss per share are included. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for the share splits.

a. Cash flow statement

Cash flows are reported using the indirect method, whereby net profit / (loss) before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Company are segregated.

r. Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

s. Non-current assets held for sale

Non-current assets are classified as held for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use.

Such assets are generally measured at the lower of their carrying amount and fair value less costs to sell. Losses on initial classification as held for sale and subsequent gains and losses on re-measurement are recognised in profit or loss.

Once classified as held for sale, intangible assets, property, plant and equipment and investment properties are no longer amortised or depreciated. These assets are classified seperately from the other assets / liabilities in the balance sheet.

t. Investments in subsidiaries and joint ventures

Investments in subsidiaries and joint ventures are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, investments in subsidiaries and joint ventures are carried

for the year ended 31 March 2025

3. Material accounting policies (Contd..)

at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries and joint venture, the difference between net disposal proceeds and the carrying amounts are recognised in the profit or loss.

u. Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the standalone financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

v. Business Combinations

In accordance with Ind AS 103, Business Combination, the Company accounts for business combinations using the acquisition method when the acquired set of activities and assets meets the definition of a business and control is transferred to the Company. In determining whether a particular set of activities and assets is a business, the Company assesses whether the set of assets and activities acquired includes, at a minimum, an input and substantive process and whether the acquired set has the ability to produce outputs.

The consideration transferred for the business combination is generally measured at fair value as at the date the control is acquired (acquisition date), as are the net identifiable assets acquired. Any goodwill that arises is tested annually for impairment (see note 3(g) (ii)). Any gain on a bargain purchase is recognised in other comprehensive income ("OCI") and accumulated in equity as

capital reserve if there exists clear evidence of the underlying reasons for classifying the business combination as resulting in a bargain purchase; otherwise the gain is recognised directly in equity as capital reserve. Transaction costs are expensed as incurred, except to the extent related to the issue of debt or equity securities. Items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries are combined like to like basis.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships with the acquiree. Such amounts are generally recognised in profit or loss.

Any contingent consideration is measured at fair value at the date of acquisition. If an obligation to pay contingent consideration that meets the definition of a financial instrument is classified as equity, then it is not remeasured and settlement is accounted for within equity. Otherwise, other contingent consideration is remeasured at fair value at each reporting date and subsequent changes in the fair value of the contingent consideration are recognised in the statement of profit and loss.

w. Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

C. Measurement of fair values

(i) Fair valuation hierarchy

The fair value of investment property has been determined by external, independent property valuers, having appropriate recognised professional qualifications and recent experience in the location and category of the property being valued. The valuer is a registered valuer as defined under Rule 2 of Companies (Registered Valuers and Valuation) Rules, 2017.

The fair value measurement for all of the investment property has been categorised as a level 3 fair value based on the inputs to the valuation technique used (see note 2(E)).

(ii) Valuation technique

Discounted cash flows method and Market comparable method have been used for valuation. The valuation model considers the present value of net cash flows to be generated from the property, taking into account the expected rental growth rate, vacant periods, occupancy rate, lease incentive costs such as rent-free periods and other costs not paid by tenants, if any. The expected net cash flows are discounted using risk-adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality and lease terms.

(b) The Company has not revalued any intangible assets after initial recognition, during the year ended 31 March 2025 and 31 March 2024.

(c) Impairment

See accounting policy in note 3(g).

Impairment testing for cash generating unit containing goodwill

For the purpose of impairment testing, goodwill is allocated to the Company's operating division which represents the lowest level within the Company at which goodwill is monitored for internal management purposes, not higher than the Company's operating segment. The goodwill acquired through business combination has been allocated to CGU "Cuttack unit" which is part of the Building Solutions segment of the Company. The carrying amount of goodwill as at 31 March 2025 is INR 747.25 Lacs.

Following key assumptions were considered for goodwill valuation:

Particulars	As at	As at
	31 March 2025	31 March 2024
Budgeted annual growth rate for 5 years (Average)	18.15%	17.62%
Terminal value growth rate	5.00%	3.00%
Budgeted EBITDA margins for 5 years (Average)	9.53%	17.16%
Weighted average cost of capital % (WACC) post tax	14.29%	15.10%

The cash flow projections include specific estimates for five years and a terminal growth rate thereafter. The terminal growth rate has been determined based on the management's estimate of the long-term compound annual EBITDA growth rate, consistent with the assumptions that a market participant would make.

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

6. Goodwill and Other intangible assets (Contd..)

Weighted average cost of capital % (WACC) = (We*Re)+(Wd*Rd)

Re = Risk free return + (market premium x beta for the Company)+ additional risk premium.

Rd = Cost of debt *(1-tax rate)

We,Wd = Average debt to capital ratio

The Company has performed sensitivity analysis around the base assumptions and has concluded that no reasonable change in key assumptions would result in the recoverable amount of the CGU to be less than the carrying value. Accordingly, no impairment charges were recognised for the year ended 31 March 2025 and 31 March 2024.

(i) *Impairment testing for investments held in subsidiary

Basis the indicators of impairment, the Company assesses the possible impairment in the value of its investments in its wholly owned subsidiary company (HIL International GmbH) by using discounted cash flow (DCF) method.

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

7. Investments (Contd..)

Following key assumptions were considered while performing the impairment testing:

Particulars	As at 31 March 2025	As at 31 March 2024
Annual growth rate for 5 years (Average)	11.30%	16.31%
Terminal value growth rate	1.00%	0.50%
Budgeted EBITDA margins for 5 years (Average)	7.65%	7.32%
Weighted average cost of capital % (WACC) post tax	14.90%	13.80%

The cash flow projections include specific estimates for five years and a terminal growth rate thereafter. The terminal growth rate has been determined based on the management's estimate of the long-term compound annual EBITDA growth rate, consistent with the assumptions that a market participant would make.

Weighted average cost of capital % (WACC) = (We*Re)+(Wd*Rd)

Re = Risk free return + (market premium x beta for the Company)+ additional risk premium.

Rd = Cost of debt *(1-tax rate)

We,Wd = Average debt to capital ratio

The Company has performed sensitivity analysis around the base assumptions and has concluded that no reasonable change in key assumptions would result in the recoverable amount of the investments in subsidiary to be less than the carrying value. No impairment charges were recognised for the year ended 31 March 2025 and 31 March 2024.

35. Operating segments

The Company has presented segment information in the consolidated financial statements which are presented in the same financial report. Accordingly, in terms of paragraph 3 of Ind AS 108 'Operating Segments', no disclosures related to segment are presented in these standalone financial statements.

36. Employee benefits

The Company has the following post-employment benefit plans:

(a) Defined contribution plan

The following amount has been recognised as an expense in standalone statement of profit and loss on account of contribution to provident fund and other funds. There are no other obligations other than the contribution payable to the respective authorities.

Particulars	31 March 2025	31 March 2024
Contribution to provident fund	911.33	819.45
Contribution to employees state insurance schemes	11.33	11.51
	922.66	830.96

(b) Defined benefit plan

In accordance with the 'The Payment of Gratuity Act, 1972', the Company provides for Gratuity, the Employees' Gratuity Fund Scheme (the Gratuity Plan), covering eligible employees. Liabilities with regard to such Gratuity Plan are determined by an actuarial valuation as at the end of the year and are charged to the standalone statement of profit and loss. This defined benefit plans expose the Company to actuarial risks, such as liquidity risk, interest rate risk, investment risk, etc.

Interest Rate risk: The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.

Liquidity Risk: This is the risk that the Company is not able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

Investment Risk: The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

The Gratuity plan is administered through Group Gratuity Scheme with Life Insurance Corporation of India ("LIC"). Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service or part thereof in excess of six months.

The Company has determined that, in accordance with the terms and conditions of the gratuity plan, and in accordance with statutory requirements (including minimum funding requirements) of the plan of the relevant jurisdiction, the present value of refund or reduction in future contributions is not lower than the balance of the total fair value of the plan assets less the total present value of obligations. As such, no decrease in the defined benefit asset is necessary at 31 March 2025 (31 March 2024: no decrease in defined benefit asset). Project unit credit method has been used for valuation.

Plan assets comprises of the following:

Particulars	31 March 2025	31 March 2024
Fund managed by LIC	100%	100%

ii. Actuarial assumptions

Principal actuarial assumptions at the reporting date (expressed as weighted averages):

Particulars	31 March 2025	31 March 2024
Discount rate	6.65%	7.15%
Future salary growth	8.00%	8.00%
Attrition rate	7.00%	7.00%

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

36 Employee benefits (Contd..)

(b) Defined benefit plan (Contd..)

The discount rate indicated above reflects the estimated timing and currency of benefit payments. It is based on the market yields of high quality corporate bonds on the valuation date.

The salary growth rate indicated above is the Company's best estimate of an increase in salary of the employees in future years, determined considering the general trend in inflation, seniority, promotions, past experience and other relevant factors such as demand and supply in employment market, etc.

Attrition rate indicated above represents the Company's best estimate of employee turnover in future (other than on account of retirement, death or disablement) determined considering various factors such as nature of business, retention policy, industry factors, past experience, etc.

iii. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation and current service cost by the amounts shown below:

Particulars	31 March 2025		31 Marc	:h 2024
	Increase	Decrease	Increase	Decrease
Effect of 1% change in the assumed discount rate	2,809.52	3,249.47	2,508.48	2,882.66
Effect of 1% change in the assumed salary growth rate	3,244.09	2,810.16	2,879.06	2,508.25
Effect of 50% change in the assumed attrition rate	2,944.21	3,111.07	2,641.92	2,739.23
Effect of 10% change in the assumed mortaility rate	3,014.79	3,015.84	2,683.36	2,683.92

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

There are no changes in the methods and assumptions used in preparing the sensitivity analysis from the previous year.

Expected contributions to the plan for the next annual reporting period

The Company expects to contribute a sum of INR 929.96 Lacs to the plan for the next annual reporting period (31 March 2024: INR 722.35 Lacs).

Maturity profile of the defined benefit obligation

Expected cash flows on undiscounted basis

Particulars	31 March 2025	31 March 2024
Within 1 year	451.34	521.48
2 to 5 years	1,228.74	1,029.52
6 to 10 years	1,246.16	1,129.36
More than 10 years	2,503.70	2,293.49

As at 31 March 2025, the weighted average duration of the defined benefit obligation was 7 years (31 March 2024: 7 years).

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

37. Earnings per share ("EPS")

Particulars	31 March 2025	31 March 2024
(a) Net profit attributable to the equity shareholders	9,095.22	10,297.67
(b) Weighted average number of equity shares outstanding during the year	75,40,899	75,38,952
(c) Effect of potential equity shares on employee stock options outstanding*	-	-
(d) Weighted average number of equity shares outstanding for computing diluted earnings per share [(b) + (c)]	75,40,899	75,38,952
(e) Nominal value of equity shares (in INR)	10.00	10.00
(f) Basic earnings per share (in INR) [(a)/(b)]	120.61	136.59
(g) Diluted earnings per share (in INR) [(a)/(d)]	120.61	136.59

^{*}As at 31 March 2025: 65,656 (31 March 2024: 65,656) options were excluded from the diluted weighted average number of equity share calculation because their effect would have been anti-dilutive.

The average market value of the Company's shares for the purpose of calculating the dilutive effect of share options was based on quoted market prices for the year during which the options were outstanding.

38. Capital commitments

Particulars	31 March 2025	31 March 2025
Estimated amount of contracts remaining to be executed on capital account and not provided for (net of capital advances)	713.14	4,346.93

Other commitments

- (i) The Holding Company has issued a corporate guarantee of Euro 33.705 million (31 March 2024: Euro 33.705 million) at a commission of 0.50% p.a. on the outstanding guarantee amount, in favour of the wholly owned subsidiary company, HIL International GmbH, Germany on 27 September 2023 in respect of the loan taken by the subsidiary from ICICI Bank UK PLC, Germany. Further, the Holding company has extended an unconditional letter of financial support to HIL International GmbH and its subsidiaries ('the subsidiary group') to the extent necessary for the subsidiary group. This will enable the subsidiary group to continue to operate their business and meet their financial obligations for the foreseeable future and specifically at least until 31 December 2026. The Holding company will continue to make available such funds as are needed by the Subsidiary group.
- (ii) The Company has issued a corporate guarantee of INR 4450 lakhs at a commission of 1% p.a. on the outstanding guarantee amount, in favour of the wholly owned subsidiary company, Crestia Polytech Private Limited, on 29 March 2025 in respect of the loan taken by the subsidiary from Axis Bank Limited.
- (iii) The Company has issued a corporate guarantee of INR 1853 lakhs at a commission of 1% p.a. on the outstanding guarantee amount, in favour of the wholly owned Step down subsidiary company, Prabhu Sainath Polymers Private Limited, on 29 March 2025 in respect of the loan taken by the Step down subsidiary from Axis Bank Limited.

for the year ended 31 March 2025

39. Contingent liabilities

A. Contingent liabilities (not provided for) in respect of:

Particulars	31 March 2025	31 March 2024
(a) Demand raised by the Income-tax authorities, being disputed by the Company*	1,181.10	1,180.92
(b) Demands raised by sales tax and Goods and service taxes authorities, being disputed by the Company**	10,247.35	8,591.89
(c) Demands (including penalties) raised by excise authorities, being disputed by the Company***	698.37	698.37
(d) Appeal filed by the Company before the High Court of Judicature of Andhra Pradesh against the decision of appeal in favour of the Income-tax department pertaining to wealth tax matter.	56.98	56.98
(e) Pending cases with High Court where Income-tax department has preferred appeals	1,531.36	1,531.36
(f) Demand for property tax, being disputed by the Company^	-	-
(g) Other claims against the Company not acknowledged as debts ****	271.11	271.11

(h) There are other civil matters against the Company of which one such case is pertaining to certain mining activity performed by the Company in the past. The National Green Tribunal ("NGT"), New Delhi, disposed off the above case in the earlier year, directing that the restoration of mine to be carried out by State of Jharkhand; and filing of claims by the victims before the District Judge, Chaibasa for adjudication. Aggrieved by some of the findings in the aforesaid Orders and subsequent Orders passed by NGT, the Company filed a Civil Appeal before the Honourable Supreme Court of India. The Honourable Supreme Court of India directed to issue notice to other parties and maintain status in the meantime. During the earlier year, the district mining officer, Chaibasa, has sought payment of environment compensation of INR 1344 lakhs from the Company which is in wilful disobedience of the aforesaid order passed by the Honourable Supreme Court. The Company has responded accordingly. In view of the aforesaid Status Quo Order the further proceedings before NGT are being adjourned from time to time. Management believes that the final outcome of the above matter is not expected to be material on the financial statements.

**During the year ended 31 March 2023, the Company received a demand from Goods and Services Tax Department, Government of Tamil Nadu, Chennai amounting to INR 7160 lakhs for the period 01 July 2017 to 31 August 2022, with regards to HSN (Harmonized System Nomenclature) Classification code of one of the product sold by the Company. The Company challenged the said Orders by filing Appeals before Deputy Commissioner (Appeals), Chennai. Aggrieved by the order of the Appellate Authority confirming the demand, the Company has challenged the said Orders in the Honourable High Court of Madras by filing writ petition. Further, during the previous year, a demand for an amount of INR 470 lakhs was received by the Company from Goods and Services Tax Department, Government of Tamil Nadu, Chennai on this matter for the period 01 September 2022 to 31 March 2023. As on 31 March 2025, the Company has considered the aforesaid amount of INR 7630 lakhs as Contingent liability.

*** The demand raised by the excise authority is mainly towards excise duty demand including interest and penalty towards disallowance of availment of CENVAT credit and wrong classification of products as taxable versus exempt product.

**** Other claims against the Company not acknowledged as debt mainly includes liability towards fuel surcharge adjustment disputed with electricity board for the financial year 2008-09 and 2009-10.

^ Greater Hyderabad Municipal Corporation ("GHMC") had served property tax demand notices on the Company claiming outstanding property tax to the tune of INR 1083 lacs and the same was considered as contingent liability. The Company challenged the said demand notices in the Honourable High Court of Telangana ("High Court"). During the earlier year, the Honourable High Court has passed an order directing GHMC to reassess the tax dues

^{*} Income-tax demand comprises of demand from the Indian tax authorities upon completion of their assessment. The tax demands are mainly on account of disallowance of the benefit on research & development expenses, other expenses not allowed.

^{**} The demands raised by the sales tax authority are mainly towards enhancement of turnover due to certain disallowances, entry tax on stock transfers and local sales tax demand upon completion of assessment and various other miscellaneous cases raised by the respective state authorities.

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

39. Contingent liabilities (Contd..)

A. Contingent liabilities (not provided for) in respect of: (Contd..)

subject to compliance of applicable laws. The original tax dues stand disposed in view of fresh tax computation within the provision of law. While the Company is awaiting fresh demand notice from GHMC consequent to the order of Honourable High Court, the management has created adequate provision basis its own assessment.

The Company is contesting various claims and demands and the Management believes that its position will likely be upheld in the process and accordingly no expense has been accrued in the standalone financial statements for such claims and demands received as the ultimate outcome of this process will not have a material adverse effect on the Company's standalone financial statements.

Pending resolution of the aforesaid respective proceedings, it is not practicable for the Company to estimate the timings of cash outflows, if any, in respect of the above.

The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable, in its standalone financial statements. The Company does not expect any reimbursements in respect of the above contingent liabilities.

B. On 28 February 2019, the Hon'ble Supreme Court of India has delivered a judgment clarifying the principles that need to be applied in determining the components of salaries and wages on which Provident Fund (PF) contributions need to be made by establishments. However, considering that there are numerous interpretative issues relating to retrospective application of this judgement, the Company has made a provision for provident fund contribution based on the best estimate during the earlier year. The Company will evaluate its position and update its provision, if required, on receiving further clarity on the subject.

43. Service concession arrangement

On 21 March 2011, the Company entered into a service concession agreement with Gujarat Urja Vikas Nigam Limited (the grantor) to provide the service of generation of electricity and selling the same to grantor. The Power Plant was commissioned and available for use on 18 April 2011. Under the terms of the agreement, the Company will sell all available capacity of electricity generated from the 1.8 MW wind power plant at village Vandhiya, Gujarat for a period of 25 years at a fixed rate of INR 3.56 per kwh for delivered energy as certified by state electricity authority of Gujarat state load dispatch center ("SLDC"), starting from 18 April 2011 (commercial operation date). The Company will be responsible for any maintenance services required during the concession period. The Company does not expect major repairs to be necessary during the concession period.

On 24 September 2014, the Company entered into a service concession agreement with Ajmer Vidyut Vitran Nigam Limited (the grantor) to provide the service of generation of electricity and selling the same to grantor. The Power Plant was commissioned and available for use on 30 September 2014. Under the terms of the agreement, the Company will sell all available capacity of electricity generated from the 2 MW wind power plant at village Rajgarh, district Jaisalmer for a period of 25 years at a fixed rate of INR 5.31 per kwh for the delivered energy conforming the standards as approved by Rajasthan Electricity Regulatory Commission ("RERC"), starting from 30 September 2014 (commercial operation date). The Company will be responsible for any maintenance services required during the concession period. The Company does not expect major repairs to be necessary during the concession period.

The Company recognised service concession arrangement with Gujarat Urja Vikas Nigam Limited and Ajmer Vidyut Vitran Nigam Limited under intangible asset model, on the basis that the Company will receive variable amount of revenue from the respective DISCOMs in Gujarat and Rajasthan depending upon the actual amount of electricity generated and supplied to the respective DISCOMs. The DISCOMs has not assured any minimum amount of proceeds to the Company. The Company bears the demand risk and the right to receive cash from the DISCOMs is not unconditional i.e. it depends upon the actual amount of electricity generated and supplied to the DISCOMs.

The service concession agreements with the Gujarat Urja Vikas Nigam Limited and Ajmer Vidyut Vitran Nigam Limited does not contain a renewal option. The standard rights of the grantor to terminate the agreement in both the arrangements include poor performance by the Company and the event of a material breach of the terms of the agreement by the Company. The standard rights of the Company to terminate the agreement in both the arrangements include failure of the grantor to make payment under the agreement and a material breach by the grantor of the terms of the agreement.

During the year, the Company has recorded revenue of INR 151.18 Lacs (31 March 2024: INR 220.62 Lacs) on generation of power, and recorded profit of INR 22.96 Lacs (31 March 2024: INR 39.81 Lacs).

- **48.**The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under Sections 92-92F of the Income-tax Act, 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company is in the process of updating the documentation for the international transactions entered into with the associated enterprise during the financial year and expects such records to be in existence latest by 31 October 2025, as required by law. The Management confirms that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expenses and that of provision for taxation.
- **49.** The Company has a process whereby periodically all long term contracts (including derivative contracts) are assessed for material foreseeable losses. At the year end, the Company has reviewed and ensured that adequate provision as required under any law / accounting standards for material foreseeable losses on such long term contracts (including derivative contracts), if any, has been made in the books of account.

50. Leases - In the capacity of lessee

The following tables summarise the movement in lease liabilities:

^{*} Data not available. Refer note (c) below

During the year ended 31 March 2025 and 31 March 2024, the Company did not receive any dividend from Supercor Industries Limited.

("Supercor"). Supercor suspended its operations from November 2015 and closed its offices because of which it has not prepared any financial statements since then. Therefore, the Company has been unable to incorporate the requisite financial information, if any, of Supercor in its consolidated financial statements as required under Section 129(3) of the Companies Act, 2013 and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. The Company's investment in Supercor as at 31 March 2025 amounts to INR NIL (31 March 2024: INR NIL), after considering the provision for diminution in value of investments amounting to INR 142.60 Lacs (31 March 2024: INR 142.60 Lacs). During the previous year, on the basis of the request filed by the Company, an intimation was received from Reserve Bank of India for suspension of the Unique Identification Number allotted to Supercor. The Management does not foresee any future liability on account of any claim, with respect to Supercor over and above the amount invested in Supercor.

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

55. Financial instruments - fair values and risk management (Contd..)

B. Measurement of fair values

i. Valuation technique and significant unobservable inputs

Derivative assets / liabilities: The fair value is determined using forward exchange rates at the reporting date and present value calculations based on high credit quality yield curve in the respective currencies.

Investment in equity instruments: The fair value is determined based on the value determined as per discounted cash flows approach as on the reporting date.

ii. Transfer between Level 1 and 2

There have been no transfers from Level 2 to Level 1 or vice-versa in 2024-25 and no transfers in either direction in 2023-24.

iii. Level 3 fair values

Particulars	FVOCI Equity securities
Balance at 01 April 2023	33.66
Net change in fair value (unrealised)	0.07
Balance at 31 March 2024	33.73
Balance at 01 April 2024	33.73
Net change in fair value (unrealised)	7.16
Balance at 31 March 2025	40.89

Sensitivity analysis

For the fair values of FVOCI equity securities, reasonably possible changes at the reporting date to one of the significant unobservable inputs, holding other inputs constant, would have the following effects:

Particulars	OCI, net of tax	
	Increase	Decrease
2024-25	81.67	(18.85)
Annual growth rate (2.5% movement)		
2023-24		
Annual growth rate (2.5% movement)	151.60	(13.78)

C. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- a) Liquidity risk
- b) Market risk
- c) Credit risk

Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and deployment of risk management framework. The Board of Directors has adopted a Risk Policy, which empowers the management to access and monitoring the risk management parameters along with action taken and the same is updated to Board of Directors.

The Company's risk management policies are established to identify and analyse the risks being faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market

C. Financial risk management (Contd..)

conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company's audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risk faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the result of which are reported to the audit committee.

a) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

As disclosed in Note 17, the Company has a secured bank loan that contains a loan covenant. A future breach of covenant may require the Company to repay the loan earlier than indicated. Under the agreement, the covenant is monitored on a regular basis by the treasury department and regularly reported to the Management to ensure compliance with the agreement.

The interest payments on variable interest rate loans reflect market forward interest rates at the reporting date and these amounts may change as market interest rates change.

The Company aims to maintain the level of its cash and cash equivalents at an amount in excess of expected cash outflows on financial liabilities (other than trade payables). The Company also monitors the level of expected cash inflows on trade receivables and loans together with expected cash outflows on trade payables and other financial liabilities.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts reflect the principal amounts that are gross and undiscounted, and exclude the impact of netting agreements.

b) Market risk

Market risk is the risk that results from changes in market prices - such as foreign exchange rates, interest rates and others – will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

The Company uses derivatives to manage market risks.

i) Foreign currency risk

The Company is exposed to currency risk to the extent that there is a mismatch between the currencies in which sales and purchases are denominated. The functional currency for the Company is Indian Rupees. The currencies in which these transactions are primarily denominated is US dollars and Euros. The Company does not enter into any derivative instruments for trading or speculative purposes.

Currency risks related to the principal amounts of the Company's US dollar trade payables and Euro loan and interest receivables have been hedged using forward contracts that mature on or before the same dates as the payables and receivables are due for repayment. These contracts are designated as derivatives.

Generally, borrowings are denominated in currencies that matter the cash flows generated by the underlying operations of the Company. In addition, interest on borrowings is denominated in the currency of the borrowing. This provides an economic hedge without derivatives being entered into and therefore, hedge accounting is not applied in these circumstances.

In respect of other monetary assets and liabilities denominated in foreign currencies, the Company's policy is to ensure that its net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates when necessary to address short-term imbalances.

Exposure to currency risk*

The summary of data about the Company's exposure to unhedged currency risk (based on notional amounts) as reported to the management is as follows:

Particulars	Currency	As a	t 31 March 2	025	As at	: 31 March 2	024
		Value in	Exchange	Amount	Value in	Exchange	Amount
		foreign	rate	INR in	foreign	rate	INR in

Interest accrued on loan to subsidiaries	EUR	5,02,795	92.08	462.96	22,92,164	89.90	2,060.66

Derivative assets and liabilities

Foreign currency exposures of the Company are hedged by way of forward contracts. These contracts are entered with Banks with AA+, based on crisil ratings. Therefore, no risk is expected.

*Refer note 52 for details of hedged foreign currency exposure of the Company, the same are reported as derivative assets and liabilities under financial assets and financial liabilities.

Sensitivity analysis

A reasonably possible strengthening (weakening) of the INR, US dollar or Euro against all other currencies at 31 March would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

Particulars		Profit or loss		Equity, net	of tax
		Strengthening	Weakening	Strengthening	Weakening
31 March 2025	EUR	4.63	(4.63)	3.46	(3.46)
(1% movement)					
31 March 2024	EUR	22.00	(22.00)	16.46	(16.46)
(1% movement)					

ii) Interest rate risk

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	31 March 2025	31 March 2024
Variable rate borrowings including current maturities	29,461.11	30,000.00
Total borrowings	29,461.11	30,000.00

Particulars	Impact on profit and loss		
	31 March 2025	31 March 2024	
1% increase in interest rate	(294.61)	(300.00)	
1% decrease in interest rate	294.61	300.00	

The interest rate sensitivity is based on the closing balance of loans from banks.

c) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

Trade receivables:

Customer credit risk is managed by the respective department subject to Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on individual credit limits as defined by the Company. Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date on an individual basis. The calculation is based on historical data of credit losses. The following table provides information about the exposure to credit risk and expected credit loss (ECL) for trade receivables.

The Company uses an allowance matrix to measure the ECL of trade receivables from individual customers, which comprise a very large number of small balances. Based on the industry practice and the business environment in which the entity operates, Management considers that the trade receivables are in default if the payments are more than 180 days past due.

Loss rates are based on actual credit loss experience over the past 5 years.

The ageing analysis of the receivables has been considered from the date the invoice falls due.

Particulars	< 180 days	>180 days	Provision	Total

C. Financial risk management (Contd..)

c) Credit risk (Contd..)

Security deposits

Security deposits are primarily given to electricity authorities of states across India. Recoverability of these deposits is probable and no risk is expected.

Contract assets

Contract assets are the unbilled revenues to the state electricity boards of Gujarat, Rajasthan and Tamil Nadu, towards the sale of electricity generated from Wind Turbine Generators of the Company, situated at those locations. Refer Note 43 for details. Recoverability of these receivables is probable and no risk is expected.

Loans and interest accrued on loans to subsidiary

The Company has advanced interest bearing long term loans to its wholly owned subsidiary (WOS) HIL International GmbH. Receipt of the principal and interest amounts of these loans is probable and no risk is expected.

Corporate guarantee fee receivables

During the year ended 31 March 2024, the Company has issued a corporate guarantee (CG) of Euro 33.705 million at a commission of 0.50% p.a on the outstanding CG amount, in favour of HIL International GmbH, in respect of the loan taken by HIL International GmbH from ICICI bank UK PLC, Germany. Receipt of such fee is probable and the Company expects no risk in its recoverability.

During the year ended 31 March 2025, the Company has issued a corporate guarantee (CG) of INR 4450 Lacs and INR 1853 Lacs at a commission of 1% p.a on the outstanding CG amount, in favour of the wholly owned subsidiary company, Crestia Polytech Private Limited and wholly owned step-down subsidiary company, Prabhu Sainath Polymers Private Limited, on 29 March 2025 in respect of the loan taken by them from Axis Bank Limited. Receipt of such fee is probable and the Company expects no risk in its recoverability.

Other receivables

The balances under other receivables is primarily the dividend receivables from the Company's investment in Supercor. As Supercor is inoperative (refer note 53(c)) the Company has considered the entire balances as credit impaired in its books.

Cash and cash equivalents and other bank balances

The cash and cash equivalents and other bank balances are held with banks. Credit risk on cash and cash equivalents and deposits with banks and financial institutions are generally low as the said deposits have been made with the banks and financial institutions who have been assigned high credit rating by international and domestic credit rating agencies.

Derivatives

The derivatives are entered into with bank and financial institutions who have been assigned high credit rating by international and domestic credit rating agencies

Independent Auditor's Report

To The Members of BirlaNu Limited (Formerly known as HIL Limited)

Report on the Audit of the Consolidated **Financial Statements**

Opinion

We have audited the consolidated financial statements of BirlaNu Limited (Formerly known as HIL Limited) (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), and its joint venture, which comprise the consolidated balance sheet as at 31 March 2025, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on consolidated financial information of such subsidiaries as were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its joint venture as at 31 March 2025, of its consolidated loss and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its joint venture in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of reports of the other auditors referred to in paragraph (a) of the "Other Matters" section below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Kev Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Impairment of Goodwill and Brand with indefinite useful life

See Note 6 to consolidated financial statements

Holding Company performs impairment assessment of Goodwill and Brand with indefinite Our audit procedures include the following: useful life under Ind AS 36 "Impairment of Assets" on an annual basis and whenever there is an indication of impairment.

The aforesaid assets arose on acquisition of different businesses. The Holding Company has assessed the useful life of the Brand also as indefinite. In performing the impairment test, the Holding Company has made several key assumptions, such as growth rates, discount rates and forecasted cash flows relating to the aforesaid acquired businesses.

- We evaluated the design and implementation of key internal financial controls of the Holding Company with respect to the impairment assessment of Goodwill and Brand with indefinite useful life and tested operating effectiveness of such controls;
- We tested budgeting procedures upon which the cash flow forecasts were based. We also compared the actual past performances with the budgeted figures;

The kev audit matter

We identified impairment of Goodwill and Brand with indefinite useful life as a key audit matter because these estimates involve significant judgement, and the underlying assumptions are inherently uncertain

How the matter was addressed in our audit

- ▶ We involved internal valuation specialists to assist us in evaluating the key assumptions and methodology used by the Holding Company, in particular those relating to the forecast of the revenue growth, profit margins and discount rate. Internal valuation specialists also compared the assumptions to externally derived data in relation to key inputs such as projected economic growth, competition, inflation and discount rates;
- ▶ We assessed the sensitivity of the outcome of impairment assessment to changes in key assumptions; and
- ► We assessed the adequacy of the disclosures including disclosures of key assumptions, judgments and sensitivities.

Revenue recognition

See Note 23 to consolidated financial statements

The key audit matter

The Group's revenue is primarily derived from sale of products of roofing solutions, building solutions, polymer solutions, flooring solutions and others.

We have identified timing of revenue recognition as a key audit matter because there are variations in different sale contracts and consequently, there is a risk of revenue being overstated on account of recognition before transfer of control particularly due to pressures for achieving the performance targets for the year.

How the matter was addressed in our audit

Our audit procedures include the following:

- We assessed the appropriateness of the revenue recognition accounting policies and compliance with Indian accounting standards;
- We evaluated the design and implementation of key internal financial controls with respect to revenue recognition and tested operating effectiveness of such controls on selected transactions;
- ▶ We performed substantive testing on samples selected using statistical sampling of revenue transactions, recorded during the year by testing the underlying documents to assess whether criteria for revenue recognition are met;
- We tested sample journal entries selected based on specified risk-based criteria, to identify unusual items;
- We tested, on a sample basis using statistical sampling, specific revenue transactions recorded around the year end date to check whether revenue has been recognised in the correct reporting period by testing the underlying documents; and
- ► We carried out product wise year on year variance analysis on revenue recognised during the year to identify unusual variances.

Accounting for business combination

See Note 33 to consolidated financial statements

Effective 5 April 2024, the Group acquired 100% stake Our audit procedures include the following: in Crestia Polytech Private Limited ("Crestia"), India along with its subsidiaries. Management engaged an independent valuer to determine the fair values of the acquired net assets, identifying and valuing previously unrecognised intangible assets.

There is a risk that acquisition accounting for an acquisition made in the current year may not have been correctly applied. Specifically, there is potential risk that incorrect judgments may have been made which could result in inaccurate allocation of values to acquired net assets including intangibles.

- We assessed the appropriateness of the business combination accounting and compliance Indian Accounting Standards;
- We evaluated the design and implementation of key internal financial controls of the Company with respect to the business combination accounting and test the operating effectiveness of such controls;
- We obtained the purchase price allocation report to assess the fair value allocated to the net assets acquired including the identified intangible assets and resultant goodwill;
- ▶ We tested the Management's estimates and judgment used in arriving at the fair value of intangible assets recognised and resultant Goodwill;
- ▶ We have involved valuation specialists to assist us in evaluating the key assumptions and methodology used by the management, in particular those relating to the fair valuation of tangible assets, value of identified intangible assets, discount rates used in the projections and testing the mathematical accuracy of the projected financial information calculation;
- We have verified the appropriateness of working capital balances acquired and obtained the closing statement agreed by the earlier shareholders of the acquired entities and the Company; and
- We have verified the adequacy of disclosures made in the financial statements, as required by relevant Indian Accounting Standards.

Other Information

The Holding Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and auditor's reports thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Management's and Board of Directors' Responsibilities for the Consolidated **Financial Statements**

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/ loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group including its joint venture in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards

(Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group and the respective Management and Board of Directors of its joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group and the respective Management and Board of Directors of its joint venture are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and the respective Board of Directors of its joint venture are responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its joint venture to cease to continue as a going concern.
- ► Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group and its joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial information of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in paragraph (a) of the section titled "Other Matters" in this audit report.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

a. We did not audit the financial statements/ information of eleven subsidiaries (including step down subsidiaries), whose financial statements/ information reflect total assets (before consolidation adjustments) of INR 146,660.49 lakhs as at 31 March 2025, total revenues (before consolidation adjustments) of INR 156,533.85 lakhs and net cash inflows (before consolidation

adjustments) amounting to INR 548.26 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements/ information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of this matter with respect to our reliance on the work done and the reports of the other auditors.

The consolidated financial statements include the Group's share of net loss of INR 107.62 lakhs for the year ended 31 March 2025, as considered in the consolidated financial statements, in respect of one joint venture, whose financial information have not been audited by us or by other auditor. This unaudited financial information has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this joint venture, and our report in terms of sub-section (3) of Section 143 of the Act in so far as it relates to the aforesaid joint venture, is based solely on such unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, this financial information is not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of this matter with respect to the financial information certified by the Management.

c. We draw attention to Note 33 of the consolidated financial statements which describes the accounting for the acquisition of subsidiary Companies by the Holding Company. The financial information of the aforesaid acquired subsidiary companies as on the acquisition date has been audited by M/s. Subodh Goel & Co. whose reports dated 12 August 2024 had expressed an unmodified opinion.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2 A. As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on consolidated financial statements of such subsidiaries, as were audited by other auditors, as noted in the "Other Matters" paragraph, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors, except that the back-up of Oracle Financial Consolidation and Close Cloud Service tool which form part of the 'books of account and other relevant books and papers in electronic mode' have not been maintained on the servers physically located in India and for the matter stated in the paragraph 2(B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - c. The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors of the Holding Company as on 01 April 2025 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in

- India is disqualified as on 31 March 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- f. the modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(A) (b) above on reporting under Section 143(3) (b) of the Act and paragraph 2(B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
- g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on consolidated financial statements of the subsidiaries, as noted in the "Other Matters" paragraph:
 - a. The consolidated financial statements disclose the impact of pending litigations as at 31 March 2025 on the consolidated financial position of the Group and its joint venture. Refer Note 39 to the consolidated financial statements.
 - b. Provision has been made in the consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, if any, on long-term contracts including derivative contracts. Refer Note 49 to the consolidated financial statements in respect of such items as it relates to the Group and its joint venture.
 - c. There has been no delay in transferring amounts to the Investor Education and Protection Fund by the Holding Company or its subsidiary companies incorporated in India during the year ended 31 March 2025.
 - d (i) The management of the Holding Company and its subsidiary companies incorporated in India whose financial information have been audited under the Act have represented to us and the other auditors of such subsidiary companies respectively that, to the best of their knowledge and belief, other than as disclosed in the Note 60 to the consolidated financial statements, no

funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiary companies to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiary companies ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (ii) The management of the Holding Company and its subsidiary companies incorporated in India whose financial information have been audited under the Act have represented to us and the other auditors of such subsidiary companies respectively that, to the best of their knowledge and belief, as disclosed in the Note 60 to the consolidated financial statements, no funds have been received by the Holding Company or any of such subsidiary companies from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiary companies shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiary companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor notice that has caused us or the other auditor to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (iii) above, contain any material misstatement.
- e. The final dividend paid by the Holding Company during the year, in respect of the

same declared for the previous year, is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

As stated in Note 16 to the consolidated financial statements, the Board of Directors of the Holding Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

- Based on our examination which included test checks and that performed by the respective auditors of the subsidiary companies incorporated in India whose financial statements have been audited under the Act, except for the instances mentioned below, the Holding Company and its subsidiary companies incorporated in India have used accounting softwares for maintaining its books of account which, along with access management tool, as applicable, has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective softwares:
 - in case of an accounting software used by Holding Company for maintaining general ledger until 16 August 2024, the audit trail feature was not enabled at the database level to log any direct data changes.
 - by Holding Company for maintaining general ledger from 17 August 2024, which is operated by a third party service provider, in the absence of reporting on compliance with the audit trail requirements at database level in the independent auditor's report of service organisation, we are unable to comment whether audit trail feature of the said accounting software was enabled at the database level and operated from 17 August 2024 to 31 March 2025 for all relevant transactions recorded in the accounting software.
 - in case of an accounting software used by Holding Company for maintaining the books of account relating to vendor invoice processing, in the absence of an access management tool (implemented from 1 March 2025), the feature of recording audit trail (edit log) facility

- was not enabled for the period from 1 April 2024 to 28 February 2025.
- by the Holding Company for maintaining the books of account relating to consolidation which is operated by a third-party software service provider, in the absence of reporting on compliance with the audit trail requirements at database level in the independent auditor's report of service organisation, we are unable to comment whether audit trail feature of the said accounting software was enabled at the database level and operated through out the year for all relevant transactions recorded in the accounting software.

Further, for the periods where audit trail (edit log) facility was enabled and operated, we did not come across any instance of the audit trail feature being tampered with.

- Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.
- C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us and based on the reports of the statutory auditors of such subsidiary companies incorporated in India which were not audited by us, the remuneration paid/payable during the current year by the Holding Company and its subsidiary companies to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid/payable to any director by the Holding Company and its subsidiary companies is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure B to the Independent Auditor's Report on the consolidated financial statements of BirlaNu Limited (Formerly known as HIL Limited) for the year ended 31 March 2025

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of BirlaNu Limited (Formerly known as HIL Limited) (hereinafter referred to as "the Holding Company") as of and for the year ended 31 March 2025, we have audited the internal financial controls with reference to financial statements of the Holding Company and such companies incorporated in India under the Act which are its subsidiary companies, as of that date.

In our opinion and based on the consideration of reports of the other auditor on internal financial controls with reference to financial statements of subsidiary companies, as were audited by the other auditor, the Holding Company and such companies incorporated in India which are its subsidiary companies, have, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The respective Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the respective company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the

timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor of the relevant subsidiary companies in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including

the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements insofar as it relates to 5 subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditor of such companies incorporated in India.

Our opinion is not modified in respect of above matters.

Others includes Material Handling and Processing Plant and Equipment with manufacturing facilities at Hyderabad, and revenue generated through Wind Turbine Generators situated in Gujarat, Tamil Nadu and Rajasthan.

2. Basis of preparation

A. Statement of compliance

a) These consolidated financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as perthe Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 ("the Act") and other relevant provision of the Act under the historical cost convention on an accrual and going concern basis except for certain financial instruments which are measured at fair values, notified under the Act and Rules prescribed thereunder.

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

2. Basis of preparation (Contd..)

A. Statement of compliance (Contd..)

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

- b) The consolidated financial statements were authorised for issue by the Company's Board of Directors on 17 May 2025.
- Details of the Group's accounting policies are included in note 3.
- B. Functional and presentation currency

These consolidated financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts presented in Indian Rupees have been rounded-off to two decimal places to the nearest Lacs except share data or as otherwise stated.

C. Basis of measurement

The consolidated financial statements have been prepared on the historical cost basis except for the following items, which are measured on an alternative basis on each reporting date.

Items	Measurement basis
- Certain financial assets and liabilities (including derivative instruments)	Fair value
- Net defined benefit (asset) / liability	Fair value of plan assets less present value of defined benefit obligations

Items	Measurement basis
- Net identifiable assets, goodwill and other intangibles on business acquisition	Fair value
- Leases	Lease liability is measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate at the date of initial application. Right-to-use asset has been measured as an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet immediately before the date of initial application. Practical expedient on transition to exclude initial direct costs from ROU asset measurement is considered.
- Non-current	The assets classified
assets held for sale	as held for sale are measured at lower of carrying amounts and fair value less costs to sell at the time of classification.

D. Use of estimates and judgment

In preparing these consolidated financial statements, Management has made judgements, estimates and assumptions that affect the application of Group's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from the estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

2. Basis of preparation (Contd..)

D. Use of estimates and judgment (Contd..)

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the consolidated financial statements is included in the following notes:

- Note 54 leases: whether an arrangement contains a lease:
- Note 54 lease classification.

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties at the reporting date that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year are included in the following notes:

- Note 06 impairment test of goodwill and intangible asset with indefinite life: key assumptions used in discounted cash flow projection;
- Note 10 impairment of financial assets.
- Note 11 impairment test of other assets;
- Note 21 recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;
- Note 33 fair value consideration transferred on business acquisition and fair value of net identifiable assets on acquisition date;
- Note 34 recognition of deferred tax assets: availability of future taxable profit against which deductible temporary differences and tax losses carried forward can be utilized;
- Note 36 measurement of defined benefit obligations: key actuarial assumptions;
- Note 56 measurement of ECL allowance for trade receivables and contract assets;

E. Measurement of fair values

A number of the Group's accounting policies and disclosures require measurement of fair

values, for both financial and non-financial assets and liabilities.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in the following notes:

- Note 05 investment property;
- Note 42 share based payment arrangements;
- Note 56 financial instruments
- Note 33 business acquisition.

F. Current/Non-current classification

The Group classifies an asset as current asset when:

- (a) it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- (b) it holds the asset primarily for the purpose of trading;

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

2. Basis of preparation (Contd..)

- E. Measurement of fair values (Contd..)
 - (c) itexpects to realise the asset within twelve months after the reporting period; or
 - (d) the asset is cash or a cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- (a) it expects to settle the liability in its normal operating cycle;
- (b) it holds the liability primarily for the purpose of trading;
- (c) the liability is due to be settled within twelve months after the reporting period; or
- (d) it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

3. Material accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these consolidated financial statements unless otherwise indicated.

a. Basis of consolidation

i. Business combination

In accordance with Ind AS 103, Business Combination, the Group accounts for business combinations using the acquisition method when the acquired set of activities and assets meets the definition of a business and control is transferred to the Group. In determining

whether a particular set of activities and assets is a business, the Group assesses whether the set of assets and activities acquired includes, at a minimum, an input and substantive process and whether the acquired set has the ability to produce outputs.

The consideration transferred for the business combination is generally measured at fair value as at the date the control is acquired (acquisition date), as are the net identifiable assets acquired. Any goodwill that arises is tested annually for impairment (see note 3(h)). Any gain on a bargain purchase is recognised in other comprehensive income ("OCI") and accumulated in equity as capital reserve if there exists clear evidence of the underlying reasons for classifying the business combination as resulting in a bargain purchase; otherwise the gain is recognised directly in equity as capital reserve. Transaction costs are expensed as incurred, except to the extent related to the issue of debt or equity securities.

Items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries are combined like to like basis.

Any contingent consideration is measured at fair value at the date of acquisition. If an obligation to pay contingent consideration that meets the definition of a financial instrument is classified as equity, then it is not remeasured and settlement is accounted for within equity. Otherwise, other contingent consideration is remeasured at fair value at each reporting date and subsequent changes in the fair value of the contingent consideration are recognised in the statement of profit and loss.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships with the acquiree. Such amounts are generally recognised in profit or loss.

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

3. Material accounting policies (Contd..)

a. Basis of consolidation (Contd..)

ii. Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

iii. Non-controlling interests ("NCI")

NCI are initially measured at their proportionate share of the acquiree's net identifiable assets at the date of acquisition.

iv. Loss of control

When the Group loses control over the subsidiaries, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date on which control is lost. Any resulting gain or loss is recognised in profit or loss.

v. Equity accounted investees

The Group's interests in equity accounted investees comprise interests in joint ventures.

A joint venture is an arrangement in which the Group has joint control and has rights to the net assets of the arrangement, rather than rights to its assets and obligations for its liabilities.

Interests in joint ventures are accounted for using the equity method. They are initially recognised at cost which includes transaction costs. Subsequent to initial recognition, the consolidated financial statements include the Group's share of profit or loss and OCI of equity accounted investees until the date on which joint control ceases.

vi. Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated. Unrealised gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

b. Foreign currency

i. Foreign currency transactions

Transactions in foreign currencies are translated into functional currency of the Group at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

- foreign currency monetary items are translated in the functional currency at the exchange rate at the reporting date.
- non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined.
- non-monetary assets and liabilities denominated in a foreign currency that are measured at historical cost are translated at the exchange rate prevalent at the date of the transaction.
- exchange differences are recognised in profit or loss in the period in which they arise, except exchange differences arising from the translation of the following items which are recognised in OCI.

An investment in equity securities designated as at FVOCI (except on impairment, in which case foreign currency differences that have been recognised in OCI are reclassified to profit or loss).

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

3. Material accounting policies (Contd..)

b. Foreign currency (Contd..)

ii. Foreign operations

The assets and liabilities of foreign operations (subsidiaries and joint ventures) including goodwill and fair value adjustments arising on acquisition, are translated into INR, the functional currency of the Company, at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into INR at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

The foreign currency translation differences in respect of foreign operations are recognised in OCI and accumulated in equity (as exchange differences on translation of foreign operations), except to the extent that the exchange differences are allocated to NCI.

c. Financial instruments

i. Recognition and initial measurement

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

At the time of initial recognition, these financial assets (unless it is a trade receivable without a significant financing component) or financial liabilities are measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition. A trade receivable without a significant financing component is initially measured at transaction price.

ii. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- fair value through other comprehensive income (FVOCI) equity investment; or
- fair value through profit and loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Group changes its business model for managing financial assets in which case all affected financial assets are re-classified on first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI - equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Subsequent measurement and gains and losses

Financial These assets are assets at subsequently measured **FVTPL** at fair value. Net gains losses, including any interest or dividend income, are recognised in profit or loss. Financial These assets assets at subsequently measured at amortised amortised cost using the cost effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss derecognition recognised in profit or loss. Equity investments These assets subsequently at FVOCI measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in

profit or loss. Contract liabilities against payment have been considered as other financial liabilities. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense, gain or loss on derecognition and foreign exchange gains and losses, are recognised in profit or loss.

iii. Derecognition

Financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which either substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Group enters into transactions whereby it transfers assets recognised on its consolidated balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expired.

The Group also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

iv. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the consolidated balance sheet when, and only when, the Group currently has

a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

v. Derivative financial instruments

The Group holds derivative financial instruments to hedge its foreign currency. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at each reporting date. Changes in the fair value of any derivative instrument are recognised immediately in the profit or loss and are included in other income or expenses.

d. Property, plant and equipment

i. Recognition and measurement

Property, plant and equipment

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Items of property, plant and equipment including capital work-in-progress are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price (after deducting trade discounts and rebates), including import duties and non-refundable purchase taxes, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located. Freehold land is carried at historical cost less any accumulated impairment losses.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Capital work-in-progress

Cost of assets not ready for intended use, as on the balance sheet date, is shown as capital work-in-progress. Advances given towards acquisition of fixed assets outstanding at each balance sheet date are disclosed as capital advance in other non-current assets.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably.

iii. Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method, and is generally recognised in the profit or loss.

Freehold land is not depreciated. Leasehold land and Leasehold improvements are depreciated over the period of the lease.

The estimated useful lives of items of property, plant and equipment are estimated by the management, which are equal to the life prescribed under the Schedule II of the Act, except for following assets mentioned below

which are based on technical evaluation and past experience:

Plant and machinery: 4 years to 25 years as against 15 years

Certain buildings: 25 years as against 30 years

Certain moulds and dies: 6 / 9 years as against 8 years

Wind power generation plant: 25 years as against 22 years

The estimated useful lives of items of property, plant and equipment acquired in business combination (see note 33) have been considered at the remaining useful life on acquisition date (as per books of account of the acquiree).

Depreciation methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions / (disposals) is provided on a pro-rata basis i.e. from / (upto) the date on which asset is ready for use /(disposed off).

e. Goodwill and other intangible assets

i. Recognition and measurement

Goodwill

Acquisition method as per Ind AS 103 'Business Combinations' is used for valuation of goodwill arising on business acquisition see note 3(a)(i). Subsequent to initial recognition, goodwill is measured at cost, less accumulated impairment losses (see note 3(h) (ii)), if any.

Service concession arrangements

The Company recognises an intangible asset arising from a service concession arrangement to the extent it has a right to charge for use of the concession

infrastructure. The fair value, at the time of initial recognition of such an intangible asset received as consideration for providing construction or upgrade services in a service concession arrangement, is regarded to be its cost. Subsequent to initial recognition the intangible asset is measured at cost, less any accumulated amortisation and accumulated impairment losses, if any.

Other intangible assets

Other intangible assets including acquired by the Group in a business combination are initially measured at cost. Such intangible assets with definite lives, are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses. Intangible asset with indefinite life, is not amortised and is tested for impairment annually.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in profit or loss as incurred.

iii. Amortisation

Goodwill and intangible assets with indefinite life, is not amortised as per Ind AS 103 and is tested for impairment annually, or more frequently when there is an indication that the value of cashgenerating unit to which these assets have been allocated, may be impaired.

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method, and is included in depreciation and amortisation in profit or loss.

The estimated useful lives are as follows:

Assets	Years
- Service concession	25
arrangement	25
- Computer software	3 - 5
- Patents	7

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

e. Goodwill and other intangible assets (Contd..)

iii. Amortisation (Contd..)

As	ssets	Years
-	Brand	5 - 15
-	Distribution Network	5
-	Non-compete	5

The estimated useful life of an intangible asset in a service concession arrangement is the period from when the Group is able to charge the public for the use of the infrastructure to the end of the concession period.

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

f. Investment property

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Upon initial recognition, an investment property is measured at cost. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost comprises purchase price, borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the investment property to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Depreciation on investment property other than perpetual leasehold land is calculated on a straight-line basis based on the useful life estimated by the management, which is equal to life prescribed in Schedule II of the Act.

Investment property is derecognised either when it has been disposed off or when it is permanently withdrawn from use and no future economic benefit is expected from its disposal. On disposal of investment property, the difference between its carrying amount and net disposal proceeds is charged or credited to the profit or loss.

Transfers to (or from) investment property are made only when there is a change in use. Transfers between investment property, owner-occupied property and inventories do not change the carrying amount of the property transferred and they do not change the cost of that property for measurement or disclosure purposes.

The fair values of investment property is disclosed in the notes. Fair values is determined by an independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued.

g. Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is determined on a moving weighted average basis, and includes expenditure in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their present location and condition. In case of manufactured inventories and work-in-progress, cost includes an appropriate share of production overheads on normal operating capacity. In the case of raw materials and stock-in-trade, cost comprises of cost of purchase.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and estimated selling expenses necessary to make the sale. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

h. Impairment

i. Impairment of financial assets

The Group recognises loss allowances for expected credit losses on:

- financial assets measured at amortised cost.

At each reporting date, the Group assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

The Group measures loss allowances at an amount equal to lifetime expected credit losses.

Loss allowances for trade receivables, loans, contract assets are always measured at an amount equal to lifetime expected credit losses.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Group is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

Presentation of allowance for expected credit losses in consolidated balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

3. Material accounting policies (Contd..)

h. Impairment (Contd..)

ii. Impairment of non-financial assets

The Group's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

The Group's corporate assets (e.g., central office building for providing support to various CGUs) do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the profit or loss. They are allocated first to reduce the carrying value of goodwill allocated to the CGU and then to reduce the carrying amount of other assets in the CGU or prorata basis.

An impairment loss in respect of goodwill is not subsequently reversed. In respect of other assets for which impairment loss has been recognised in

prior periods, the Group reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

i. Employee benefits

i. Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed during the period as the related service is provided. A liability is recognised for the amount expected to be paid, if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

ii. Share-based payment arrangements

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. That cost is recognised, together with a corresponding increase in 'Share options outstanding account' reserves in equity, over the period in which the performance and / or service conditions are fulfiled in employee benefits expense. The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share. Incase of cancellation of options granted before the completion of vesting period the cost is reversed in the statement of profit and loss.

iii. Defined contribution plans

A defined contribution plan is a postemployment benefit plan under which an entity pays contributions into a separate entity and will have no legal or constructive obligation to pay further amounts.

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

3. Material accounting policies (Contd..)

i. Employee benefits (Contd..)

iii. Defined contribution plans (Contd..)

Group providing retirement benefit in the form of provident fund and superannuation fund is a defined contribution scheme. The contributions payable to the provident fund and superannuation fund are recognised as expenses, when an employee renders the related services. The Group has no obligation, other than the contribution payable to the funds.

iv. Defined benefit plans

A defined benefit plan is a postemployment benefit plan other than a defined contribution plan. The Group's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. The Group accounts for gratuity liability of its employees including contract workers on the basis of actuarial valuation carried out at the year end by an independent actuary. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any,

excluding interest), are recognised in OCI. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Discount rate is determined by reference to market yields government bonds, at the end of the reporting period. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Group recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

v. Compensated absences

The employees can carry-forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. The Group records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. Such entitlement is discounted to determine its present value. The obligation is measured semi-annually by a qualified actuary on the basis of actuarial valuation using the projected unit credit method. Remeasurements are recognised in profit or loss in the period in which they arise.

3. Material accounting policies (Contd..)

i. Employee benefits (Contd..)

vi. Other long-term employee benefits

The Group's net obligation in respect of long-term employee benefits other than post-employment benefits is the amount of future benefits that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value any related assets is deducted. The obligation is measured on the basis of an annual independent actuarial valuation using the projected unit credit method. Remeasurements gains or losses are recognised in profit or loss in the period in which they arise.

i. Revenue

Revenue from contract with customers

The Group generates revenue from its ordinary activities i.e., from sale of goods and services. A contract in this context shall fulfil all of the following conditions:

- Both the parties to the contract agree on the contract terms.
- Performance obligations of each of the parties is identifiable and there exists a commitment to perform their respective obligations; and
- The commercial substance or the purchase consideration is measurable and the collectability is probable.

Disaggregation of revenue

The Group disaggregates revenue from contracts with customers by the nature of sale i.e. manufactured and traded goods, solutions i.e. roofing solutions, building solutions, polymer solutions, flooring solutions and others and geographic market. The Group believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of Group's revenues and cash flows are affected by industry, market and other economic factors.

Contract balances

The Group classifies the right to consideration in exchange for sale of

goods as trade receivables, advance consideration as contract liability against payment and unredeemable customer loyalty points as contract liability against performance obligation.

Performance obligations and revenue recognition policies

Revenue is measured based on the consideration adjusted with discounts and incentives, if any, as specified in a contracts with customers. Revenue is recognised to the extent of fulfilment of each of the performance obligations to the contract. The Group recognises revenue when it transfers control over the goods or services to the customers. The following details provides information about the nature and timing of the satisfaction of performance obligations in contracts with customers including significant payment terms and the related revenue recognition policies.

a. Sale of products

- (i) Nature and timing of satisfaction of performance obligations including significant payment terms: The timing of transfer of control is driven by the individual terms of contracts. Invoices are usually payable within agreed credit terms. For customer loyalty programme refer note (b) below.
- (ii) Revenue is recognised when a customer obtains control of the goods which is driven by the individual terms of contracts. For contracts that permit the customer to return an item, revenue is recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur.

b. Customer loyalty programmes

(i) Nature and timing of satisfaction of performance obligations including significant payment terms: Customers who purchases products may enter into Group's customer loyalty programme and earn credits. These credits are redeemed against the awards as per the terms of the programme.

3. Material accounting policies (Contd..)

- j. Revenue (Contd..)
 - b. Customer loyalty programmes (Contd..)
 - (ii) The Group allocates a portion of the consideration received to loyalty credits. This allocation is based on the relative standalone selling prices. The amount allocated to the loyalty programme is deferred, and is recognised as revenue when loyalty points are redeemed or the likelihood of the customer redeeming the loyalty points becomes remote. The deferred revenue is included contract liability against performance obligation.
 - c. Sale of services

Revenue from sale of services is recognised when it is measurable and it is probable that future economic benefits will flow to the entity in accordance with tariff provided in power purchase agreement.

k. Recognition of dividend income, rental income, interest income or expense

Dividend income is recognised in profit or loss on the date on which the Group's right to receive payment is established.

Rental income from investment property is recognised as part of other income in the Statement of profit or loss on a straight-line basis over the term of the lease.

Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

I. Government grants

Government grants are recognised initially as deferred income at fair value when there is reasonable assurance that they will be received and the Group will comply with the conditions associated with the grant; they are then recognised in profit or loss as other income on a systematic basis.

m. Leases

i. Leases as lessee

As a lessee, the Group recognises right-of-use assets and lease liabilities for most leases – i.e. these leases are on-balance sheet. The Group decided to apply recognition exemptions to short-term leases.

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group uses the definition of a lease in Ind AS 116. At inception or on reassessment of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices. However, for the leases of land and buildings in which it is a lessee, the Group has elected not to separate nonlease components and account for the lease and non-lease components as a single lease component.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease

i. Leases as lessee (Contd..)

liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-ofuse asset or the end of the lease term, unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right of use asset reflects that the Group will exercise the purchase option. In that case, estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the rightof-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate. The Group determines its incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of asset lease. The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a

residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Lease payments included in the measurement of the lease liability comprise:

- Fixed payments including insubstance fixed payments
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date
- c. Amounts expected to be payable under a residual value guarantee
- d. The exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

Short-term leases and leases of lowvalue assets

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with the leases as an expense in the profit and loss on a straight line basis over lease term.

The Group presents right-of-use assets that donot meet the definition of Investment property in 'Property, plant and equipment' and lease liabilities in 'Financial liabilities' in the consolidated balance sheet.

3. Material accounting policies (Contd..)

m. Leases (Contd..)

ii. Leases as lessor

At inception or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Group applies the exemption described above, then it classifies the sub-lease as an operating lease.

The Group recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of 'other income'.

n. Income-tax

Income-tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income. The Group has determined that interest and penalties related to income taxes, including uncertain tax treatments, do not meet the definition of income taxes, and therefore accounted for them under Ind

AS 37 Provisions, Contingent Liabilities and Contingent Assets.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted at the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

ii. Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred tax is not recognised for taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Group recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other

evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised / reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Temporary differences in relation to a right-of-use asset and a lease liability for a specific lease are regarded as a net package (the lease) for the purpose of recognising deferred tax.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. For this purpose, the carrying amount of investment property measured at fair value is presumed to be recovered through sale, and the Group has not rebutted this presumption.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis

or their tax assets and liabilities will be realised simultaneously.

o. Borrowing cost

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

p. Provision, contingent liabilities and contingent assets

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance costs. Expected future operating losses are not provided for.

Warranties

A provision for warranties is recognised when the underlying products or services are sold. The provision is based on technical evaluation, historical warranty data and a weighting of all possible outcomes by their associated probabilities.

Onerous contracts

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

3. Material accounting policies (Contd..)

p. Provision, contingent liabilities and contingent assets (Contd..)

A contract is considered to be onerous when the expected economic benefits to be derived by the Group from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract which is determined based on the incremental cost of fulfiling the obligation under the contract and an allocation of other cost directly related to fulfiling the contract. Before such a provision is made, the Group recognises any impairment loss on the assets associated with that contract.

Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events, the occurrence or non-occurrence of which is dependent on the happening of one or more uncertain future events not wholly within the control of the entity; or a present obligation arising from past events with no probability of future outflow of economic benefits or the outflow cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Contingent assets are recognised in the period in which it is virtually certain that an inflow of economic benefits will arise. Contingent assets are assessed continually

and no such benefits were found for the current financial year.

Provisions, Contingent liabilities and Contingent assets are reviewed at each reporting date.

q. Earnings per share ("EPS")

Basic earnings per share is computed by dividing the net profit (or loss) attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit (considered in determination of basic earnings per share) by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. In computing diluted earnings per share, only potential equity shares that are dilutive and that either reduces earnings per share or increases loss per share are included. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for the share splits.

r. Cash flow statement

Cash flows are reported using the indirect method, whereby net profit / (loss) before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Group are segregated.

s. Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

t Non-current assets held for sale

Non-current assets are classified as held for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use.

Such assets are generally measured at the lower of their carrying amount and fair value less costs to sell. Losses on initial classification as held for sale and subsequent gains and losses on re-measurement are recognised in profit or loss.

Once classified as held for sale, intangible assets, property, plant and equipment and investment properties are no longer

amortised or depreciated. These assets are classified separately from the other assets / liabilities in the balance sheet.

u. Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the consolidated financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

v. Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Group w.e.f. April 1, 2024. The Group has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its consolidated financial statements.

C. Measurement of fair values

(i) Fair valuation hierarchy

The fair value of investment property has been determined by external, independent property valuers, having appropriate recognised professional qualifications and recent experience in the location and category of the property being valued. The valuer is a registered valuer as defined under Rule 2 of Companies (Registered Valuers and Valuation) Rules, 2017.

The fair value measurement for all of the investment property has been categorised as a level 3 fair value based on the inputs to the valuation technique used (see note 2(E)).

(ii) Valuation technique

Discounted cash flows method and Market comparable method have been used for valuation. The valuation model considers the present value of net cash flows to be generated from the property, taking into account the expected rental growth rate, vacant periods, occupancy rate, lease incentive costs such as rent-free periods and other costs not paid by tenants, if any. The expected net cash flows are discounted using risk-adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality and lease terms.

- D. Investment property comprises of the following:
 - (i) The Company along with other co-owners, has developed a plot of land at 25 Barakhamba Road, New Delhi, where the Company's share is 15%. The registration of the said plot of the value of INR 427.60 Lacs (31 March 2024: INR 427.60 Lacs) in the name of the Company is pending. Refer details below:

(b) Impairment

See accounting policy in note 3(h).

Impairment testing for cash generating units containing goodwill

The Group has identified its reportable segments Roofing Solutions, Building Solutions, Polymer Solutions and Flooring Solutions as the CGUs. For the purpose of impairment testing, goodwill is allocated to the Group's operating division which represents the lowest level within the Group at which goodwill is monitored for internal management purposes, which is not higher than the Group's operating segment.

The goodwill and brand (with indefinite life) acquired through business combination with HIL International GmbH has been allocated to CGU ""Flooring Solutions"" segment of the Group. The carrying amount of goodwill as at 31 March 2025 is INR 13,892.20 Lacs (31 March 2024: INR 13,563.29 Lacs) and brand (with indefinite life) as at 31 March 2025 is INR 6,785.40 Lacs (31 March 2024: INR 6,758.95 Lacs).

The goodwill acquired through business combination during the earlier year by the Holding company has been allocated to CGU ""Cuttack unit"" which is part of the Building Solutions segment of the Company. The carrying amount of goodwill as at 31 March 2025 is INR 747.25 Lacs (31 March 2024 is INR 747.25 Lacs).

The goodwill acquired through business combination during the current year by the Holding company has been allocated to CGU ""Crestia Group"" which is part of the Polymer Solutions segment of the Company (See note 33 for details). The carrying amount of goodwill as at 31 March 2025 is INR 8,323.79 Lacs.

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

6. Goodwill and other intangible assets (Contd..)

Notes: (Contd..)

Following key assumptions were considered while performing impairment testing:

Equity shares	For the year ended 31 March 2025			31 March 202		
	Flooring	Cuttack	Crestia	Flooring	Cuttack	Crestia
	Solutions	Unit	Group	Solutions	Unit	Group
Annual growth rate for 5 years (Average)	11.30%	18.15%	38.00%	16.31%	17.62%	NA
Terminal value growth rate	1.00%	5.00%	5.00%	0.50%	3.00%	NA
Budgeted EBITDA margins for 5 years (Average)	7.65%	9.53%	6.38%	7.32%	17.16%	NA
Weighted average cost of capital % (WACC) post tax	14.90%	14.29%	16.20%	13.80%	15.10%	NA

The cash flow projections include specific estimates for five years and a terminal growth rate thereafter. The terminal growth rate has been determined based on the management's estimate of the long-term compound annual EBITDA growth rate, consistent with the assumptions that a market participant would make.

Weighted average cost of capital % (WACC) = (We*Re)+(Wd*Rd)

Re = Risk free return + (market premium x beta for the Company)+ additional risk premium.

Rd = Cost of debt *(1-tax rate)

We,Wd = Average debt to capital ratio

The Group has performed sensitivity analysis around the base assumptions and has concluded that no reasonable change in key assumptions would result in the recoverable amount of the CGU to be less than the carrying value. Accordingly, no impairment charges were recognised for the year ended 31 March 2025 and 31 March 2024.

(c) The Group has not revalued any intangible assets after initial recognition, during the year ended 31 March 2025 and 31 March 2024.

33. Business combination

(a) On 11 March 2024, the Company had entered into a Share subscription and purchase agreement (SSPA) (as amended) with Crestia Polytech Private Limited ('Crestia') for subscription and purchase of the shares of Crestia. Pursuant to the SSPA, Crestia entered into Share purchase agreements (SPAs) with the respective shareholders of Topline Industries Private Limited, Aditya Polytechnic Private Limited, Prabhu Sainath Polymers Private Limited (formerly known as "Sainath Polymers") and Aditya Poly Industries Private Limited (formerly known as "Aditya Industries") (Crestia and other entities as mentioned here are together referred to as 'the Group entities'). Post completion of the agreed closing conditions, the Company obtained control over the Group entities and consolidated in its books of account effective 05 April 2024. The Company has made investment of INR 16046 lakhs in the Group entities as on 31 March 2025 out of which INR 11710.51 lakhs has been paid to shareholders of group entities as purchase consideration.

The fair value of assets and liabilities acquired have been determined in accordance with Ind AS 103 ""Business Combinations"". The Company along with the respective shareholders of the Group entities (the seller) has determined working capital balances taken over by the Company as part of the acquisition. The Group has carried out purchase price allocation between goodwill, tangible assets, intangible assets and other working capital balances taken over. Taking control of the Group entities will enable the Group with additional capacity in the polymer solutions business. The acquisition is also expected to provide the Group with an increased share of the Group entities' customer base. The Group also expects to reduce costs through economies of scale.

Below is the summary of purchase price allocation:

Particulars	INR in lakhs
A. Consideration	
Cash paid	10,838.95

- (b) Pursuant to the SSPA and SPAs, the Group has recorded a contingent consideration at fair values towards acquisition of certain assets which includes subsidy receivable from Bihar Industrial Area Development Authority, GST receivable and trade receivables outstanding for a period more than 90 days, amounting to INR 658.51 lakhs. The contingent consideration shall become payable to the sellers upon realisation of the underlying receivables.
- (c) The Group has hold back consideration amounting to INR 213.05 lakhs which is payable on demand.

(d) (i) Measurement of fair values

The valuation techniques used for measuring the fair value of material assets acquired were as follows:

Assets Acquired	Valuation technique
Property, plant and equipment	Market approach and cost approach: Freehold Industrial land parcel have been valued using sales comparison method under market approach as comparable land parcelswere available for sale/re-sale around the Valuation Date. Direct quotation method of cost approach has been used for valuation of factory buildings. Combination of direct quotation and indirect indexing method of cost approach has been used for valuation of plant & machinery and electrical and electronic installation.
Intangible assets	Relief from royalty method: Brand has been valued using relief from royalty method wherein the net revenue expected to be generated by the intangible asset during its expected remaining life of 15 years is multiplied by the selected benchmark royalty rate of 1% and is discounted to present value. With and without method: Distribution network and non-compete rights are valued using this method. Under this method, present value of the after-tax cash flows of the business assuming that the intangible asset is in place is compared to the present value of the after-tax cash flows of the business assuming the absence of the intangible asset for a period of 4 years and 5 years respectively.

for the year ended 31 March 2025

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

33. Business combination (Contd..)

(ii) Acquired receivables

Fair value of the acquired trade receivables at the date of acquisition is INR 1087.34 lakhs. The trade receivables comprise gross contractual amounts due of INR 1087.34 lakhs, of which INR 15.70 lakhs was expected to be uncollectable at the date of acquisition.

(e) Goodwill

Goodwill arising from the acquisition has been recognised as follows:

Particulars	INR in lakhs
Total consideration	11,710.51
Fair value of net identifiable assets	3,386.72
Goodwill	8,323.79

The goodwill is attributable mainly to the synergies, expected to be achieved from integrating the acquired assets into the Group's existing Polymer Solutions segment, together with the value of workforce acquired and to explore untapped geographies. None of the goodwill recognised is expected to be deductible for tax purposes.

(f) Acquisition related costs

The Group incurred acquisition-related costs of INR 684.14 lakhs on legal fees, due diligence costs and other professional fees. These costs have been included in "legal and professional fees" under "other expenses (refer note 31).

(g) For the period 05 April 2024 to 31 March 2025, acquired business contributed revenue of INR 14,898.71 lakhs and a loss before tax of INR 4368.53 lakhs to the Group's results. If the acquisition had occurred on 01 April 2024, Management estimates that the consolidated revenue of the Group would have been INR 3,61,522.79 lakhs and consolidated loss before tax of the Group for the year would have been 4,345.73 lakhs. In determining these estimates, management has assumed that the fair value adjustments, that arose on the date of acquisition would have been the same if the acquisition had occurred on 01 April 2024.

35. Operating segments

A. Basis for segmentation

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components, and for which discrete financial information is available. All operating segments results are reviewed regularly by the Group's Chief Executive Officer (CEO) to make decisions about resources to be allocated to the segments and assess their performance.

The Group has four reportable segments, as described below, which are the Group's strategic business units. These business units offer different products and services, and are managed separately because they require different technology and marketing strategies. For each of the business units, the Group's CEO reviews internal management reports on regular basis.

The following summary describes the operations in each of the Group's reportable segments:

Reportable segments	Operations
Roofing Solutions	Manufacturing and distributing Fibre Cement Sheets, Non-asbestos
	Cement Sheets, Block joining mortars
Building Solutions	Manufacturing and distributing Fly Ash Blocks, Boards, Aerocon Panels
	and Dry-mix
Polymer Solutions	Manufacturing and distributing Pipes & Fittings, Wall Putty and
	Construction Chemicals
Flooring Solutions	Manufacturing and distributing Laminate, Engineered and Resilient
	Flooring, Skirtings and Wall Panel products
Others	Wind Power, Material Handling and Processing Plant and Equipments

B. Information about reportable segments

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit (before tax), as included in the internal management reports that are reviewed by the Group's CEO. Segment profit is used to measure performance as Management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing is determined on an arm's length basis.

36. Employee benefits

The Group has the following post-employment benefit plans:

(a) Defined contribution plan

The following amount has been recognised as an expense in consolidated statement of profit and loss on account of contribution to provident fund and other funds. There are no other obligations other than the contribution payable to the respective authorities.

Particulars	31 March 2025	31 March 2024
Contribution to provident fund	5,897.89	5,769.50
Contribution to employees state insurance schemes	291.59	219.53
	6,189.48	5,989.03

(b) Defined benefit plan

The Group has various employee benefit plans covering different categories of employees based on location of employment.

A. Gratuity plan of the Company

In accordance with the 'The Payment of Gratuity Act, 1972', the Company provides for Gratuity, the Employees' Gratuity Fund Scheme (the Gratuity Plan), covering eligible employees in India. Liabilities with regard to such Gratuity Plan are determined by an actuarial valuation as at the end of the year and are charged to the consolidated statement of profit and loss. This defined benefit plans expose the Company to actuarial risks, such as liquidity risk, interest rate risk, investment risk, etc.

Interest Rate risk: The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.

Liquidity Risk: This is the risk that the Company is not able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

Investment Risk: The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

The Gratuity plan is administered through Group Gratuity Scheme with Life Insurance Corporation of India ('LIC'). Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service or part thereof in excess of six months.

The Company has determined that, in accordance with the terms and conditions of the gratuity plan, and in accordance with statutory requirements (including minimum funding requirements) of the plan of the relevant jurisdiction, the present value of refund or reduction in future contributions is not lower than the balance of the total fair value of the plan assets less the total present value of obligations. As such, no decrease in the defined benefit asset is necessary at 31 March 2025 (31 March 2024: no decrease in defined benefit asset).

ii. Actuarial assumptions

Principal actuarial assumptions at the reporting date (expressed as weighted averages):

Particulars	31 March 2025	31 March 2024
Discount rate	6.55% - 6.65%	7.15%
Future salary growth	7% - 8%	8.00%
Attrition rate	7% - 39%	7.00%
Mortality rate (as a % of Indian Assured Lives Mortality 2012-14 (IALM) for FY 2024-25 and FY 2023-24)	100%	100%

The discount rate indicated above reflects the estimated timing and currency of benefit payments. It is based on the market yields of high quality corporate bonds as on the valuation date.

The salary growth rate indicated above is the Group's best estimate of an increase in salary of the employees in future years, determined considering the general trend in inflation, seniority, promotions, past experience and other relevant factors such as demand and supply in employment market, etc.

Attrition rate indicated above represents the Group's best estimate of employee turnover in future (other than on account of retirement, death or disablement) determined considering various factors such as nature of business, retention policy, industry factors, past experience, etc.

iii. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation and current service cost by the amounts shown below:

Particulars	31 Marcl	31 March 2025		31 March 2024	
	Increase	Decrease	Increase	Decrease	
Effect of 1% change in the assumed discount rate	2,812.06	3,249.29	2,508.48	2,882.66	
Effect of 1% change in the assumed salary growth rate	3,243.92	2,812.70	2,879.06	2,508.25	
Effect of 50% change in the assumed attrition rate	2,962.28	3,117.32	2,641.92	2,739.23	
Effect of 10% change in the assumed mortaility rate	3,014.79	3,015.84	2,683.36	2,683.92	

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

There are no changes in the methods and assumptions used in preparing the sensitivity analysis from the previous year.

Expected contributions to the plan for the next annual reporting period

The Company expects to contribute a sum of INR 926.96 Lacs to the plan for the next annual reporting period (31 March 2024: INR 722.35 Lacs).

As at 31 March 2025, the weighted average duration of the defined benefit obligation ranges from 2.55 years - 7 years (31 March 2024: 7 years).

B. Other retirement benefit plans in subsidiary companies outside India

In respect of subsidiary companies outside India, the Group has defined benefit retirement plans covering its employees. Pension provisions are recognised for obligations due to benefit plans for old age, invalidity and surviving dependent's benefits. Benefits vary according to the legal, tax, and economic circumstances prevailing in each relevant country. Benefits are usually based on the length of service and final salary of employees. The actuarial valuation of the present value of the defined benefit obligation has been carried out as at 31 March 2025 and 31 March 2024.

i. Reconciliation of the net defined benefit (asset) / liability

The following tables summarises the components of net benefit expense recognised in the consolidated statement of profit and loss, the funded status and amount recognised in the consolidated balance sheet for the gratuity plan:

(h) There are other civil matters against the Group of which one such case is pertaining to certain mining activity performed by the Group in the past. The National Green Tribunal ("NGT"), New Delhi, disposed off the above case in the earlier year, directing that the restoration of mine to be carried out by State of Jharkhand; and filing of claims by the victims before the District Judge, Chaibasa for adjudication. Aggrieved by some of the findings in the aforesaid Orders and subsequent Orders passed by NGT, the Company filed a Civil Appeal before the Honourable Supreme Court of India. The Honourable Supreme Court of India directed to issue notice to other parties and maintain status in the meantime. During the earlier year, the district mining officer, Chaibasa, has sought payment of environment compensation of INR 1344 lakhs from the Group which is in wilful disobedience of the aforesaid order passed by the Honourable Supreme Court. The Group has responded accordingly. In view of the aforesaid Status Quo Order the further proceedings before NGT are being adjourned from time to time. Management believes that the final outcome of the above matter is not expected to be material on the consolidated financial statements.

^{*} Income-tax demand comprises of demand from the Indian tax authorities upon completion of their assessment. The tax demands are mainly on account of disallowance of the benefit on research & development expenses, other expenses not allowed.

^{**} The demands raised by the sales tax authority are mainly towards enhancement of turnover due to certain disallowances, entry tax on stock transfers and local sales tax demand upon completion of assessment and various other miscellaneous cases raised by the respective state authorities.

39. Contingent liabilities (Contd..)

A. Contingent liabilities (not provided for) in respect of: (Contd..)

**During the year ended 31 March 2023, the Holding company received a demand from Goods and Services Tax Department, Government of Tamil Nadu, Chennai amounting to INR 7160 lakhs for the period 01 July 2017 to 31 August 2022, with regards to HSN (Harmonized System Nomenclature) Classification code of one of the product sold by the Holding company. The Holding company challenged the said Orders by filing Appeals before Deputy Commissioner (Appeals), Chennai. Aggrieved by the order of the Appellate Authority confirming the demand, the Company has challenged the said Orders in the Honourable High Court of Madras by filing writ petition. Further, during the previous year, a demand for an amount of INR 470 lakhs was received by the Holding company from Goods and Services Tax Department, Government of Tamil Nadu, Chennai on this matter for the period 01 September 2022 to 31 March 2023. As on 31 March 2025, the Company has considered the aforesaid amount of INR 7630 lakhs as Contingent liability.

*** The demand raised by the excise authority is mainly towards excise duty demand including interest and penalty towards disallowance of availment of CENVAT credit and wrong classification of products as taxable versus exempt product.

**** Other claims against the Company not acknowledged as debt mainly includes liability towards fuel surcharge adjustment disputed with electricity board for the financial year 2008-09 and 2009-10.

^ Greater Hyderabad Municipal Corporation ("GHMC") had served property tax demand notices on the Company claiming outstanding property tax to the tune of INR 1083 lacs and the same was considered as contingent liability. The Company challenged the said demand notices in the Honourable High Court of Telangana ("High Court"). During the earlier year, the Honourable High Court has passed an order directing GHMC to reassess the tax dues subject to compliance of applicable laws. The original tax dues stand disposed in view of fresh tax computation within the provision of law. While the Company is awaiting fresh demand notice from GHMC consequent to the order of Honourable High Court, the management has created adequate provision basis its own assessment.

The Group is contesting various claims and demands and the Management believes that its position will likely be upheld in the process and accordingly no expense has been accrued in the consolidated financial statements for such claims and demands received as the ultimate outcome of this process will not have a material adverse effect on the Group's consolidated financial statements.

Pending resolution of the aforesaid respective proceedings, it is not practicable for the Group to estimate the timings of cash outflows, if any, in respect of the above. The Group has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable, in its consolidated financial statements. The Group does not expect any reimbursements in respect of the above contingent liabilities.

B. On 28 February 2019, the Honourable Supreme Court of India has delivered a judgment clarifying the principles that need to be applied in determining the components of salaries and wages on which Provident Fund (PF) contributions need to be made by establishments. However, considering that there are numerous interpretative issues relating to retrospective application of this judgement, the Group has made a provision for provident fund contribution based on the best estimate during the earlier year. The Group will evaluate its position and update its provision, if required, on receiving further clarity on the subject.

42. Share based payments

A. Description of share-based payment arrangements

Employee stock option scheme (equity-settled)

The Holding company provides share-based payment schemes to its eligible employees as identified in the employee stock option schemes. The relevant details of these schemes and the grants are as below:

On 12 August 2019, the Nomination and Remuneration cum Compensation Committee of the Board of Directors of the Company approved the HIL Employees Stock Option Scheme 2019 (ESOP scheme 2019) for issue of stock options to identified employees of the Company.

On 27 January 2023, the Nomination and Remuneration cum Compensation Committee of the Board of Directors of the Company approved the HIL Employees Stock Option Scheme 2023 (ESOP scheme 2023) for issue of stock options to identified employees of the Company. Subsequently, the scheme was approved by the Shareholders of the Company on 04 April 2023, through Postal Ballot process.

According to the scheme, eligible employees identified by the Nomination and Remuneration cum Compensation Committee are entitled to options, subject to satisfaction of the prescribed vesting conditions.

The relevant terms of the grant as mentioned in the ESOP scheme 2019 and ESOP scheme 2023 are as below:

43. Service concession arrangement

On 21 March 2011, the Holding company entered into a service concession agreement with Gujarat Urja Vikas Nigam Limited (the grantor) to provide the service of generation of electricity and selling the same to grantor. The Power Plant was commissioned and available for use on 18 April 2011. Under the terms of the agreement, the Holding company will sell all available capacity of electricity generated from the 1.8 MW wind power plant at village Vandhiya, Gujarat for a period of 25 years at a fixed rate of INR 3.56 per kwh for delivered energy as certified by state electricity authority of Gujarat state load dispatch center ("SLDC"), starting from 18 April 2011 (commercial operation date). The Holding company will be responsible for any maintenance services required during the concession period. The Holding company does not expect major repairs to be necessary during the concession period.

On 24 September 2014, the Holding company entered into a service concession agreement with Ajmer Vidyut Vitran Nigam Limited (the grantor) to provide the service of generation of electricity and selling the same to grantor. The Power Plant was commissioned and available for use on 30 September 2014. Under the terms of the agreement, the Holding company will sell all available capacity of electricity generated from the 2 MW wind power plant at village Rajgarh, district Jaisalmer for a period of 25 years at a fixed rate of INR 5.31 per kwh for the delivered energy conforming the standards as approved by Rajasthan Electricity Regulatory Commission ("RERC"), starting from 30 September 2014 (commercial operation date). The Holding company will be responsible for any maintenance services required during the concession period. The Holding company does not expect major repairs to be necessary during the concession period.

The Holding company recognised service concession arrangement with Gujarat Urja Vikas Nigam Limited and Ajmer Vidyut Vitran Nigam Limited under intangible asset model, on the basis that the Holding company will receive variable amount of revenue from the respective DISCOMs in Gujarat and Rajasthan depending upon the actual amount of electricity generated and supplied to the respective DISCOMs. The DISCOMs has not assured any minimum amount of proceeds to the Holding company. The Holding company bears the demand risk and the right to receive cash from the DISCOMs is not unconditional i.e. it depends upon the actual amount of electricity generated and supplied to the DISCOMs.

The service concession agreements with the Gujarat Urja Vikas Nigam Limited and Ajmer Vidyut Vitran Nigam Limited does not contain a renewal option. The standard rights of the grantor to terminate the agreement in both the arrangements include poor performance by the Holding company and the event of a material breach of the terms of the agreement by the Holding company. The standard rights of the Holding company to terminate the agreement in both the arrangements include failure of the grantor to make payment under the agreement and a material breach by the grantor of the terms of the agreement.

During the year, the Holding company has recorded revenue of INR 151.18 Lacs (31 March 2024: INR 220.62 Lacs) on generation of power, and recorded profit of INR 22.96 Lacs (31 March 2024: INR 39.81 Lacs).

44. Leases - In the capacity of lessor

The Group has given certain properties under non-cancellable leases to various parties. The Group has classified these leases as operating leases because they do not transfer substantially all of the risks and rewards incidental to the ownership of the assets. Following are the details of future minimum lease receivables under the agreements:

Particulars	31 March 2025	31 March 2024

- **48.**The Group has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under Sections 92-92F of the Income-tax Act, 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Group is in the process of updating the documentation for the international transactions entered into with the associated enterprise during the financial year and expects such records to be in existence latest by 31 October 2025, as required by law. The Management confirms that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expenses and that of provision for taxation.
- **49.**The Group has a process whereby periodically all long term contracts (including derivative contracts) are assessed for material foreseeable losses. At the year end, the Group has reviewed and ensured that adequate provision as required under any law / accounting standards for material foreseeable losses on such long term contracts (including derivative contracts), if any, has been made in the books of account.

50. Leases - In the capacity of lessee

The following tables summarise the movement in lease liabilities:

Particulars	As at 31 March 2025	As at 31 March 2024
Balance at the beginning	22,818.30	2,449.33

Exchange differences on translation of foreign operations	541.93	33.56
Balance at the end	24,949.99	22,818.30

As at balance sheet date, the Group is not exposed to future cash flows for extension / termination options, residual value guarantees and leases not commenced to which lessee is committed.

The Group does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

The Group has taken certain rented premises on lease with contract terms within one year. These leases are short-term in nature and the Group has elected not to recognise right-of-use-assets and lease liabilities for these assets. The Group has incurred following expenses relating to short-term leases for which the recognition exemption has been applied (refer note 31).

During the year ended 31 March 2025, the Group has received net dividends amounting to NIL (31 March 2024: NIL) from the joint venture with Parador (Shanghai) Trading Co., Ltd.

Note:

a) The Group in financial year 1979-80 had invested in Supercor Industries Limited, Nigeria ("Supercor"). Supercor suspended its operations from November 2015 and closed its offices because of which it has not prepared any financial statements since then. Therefore, the Group has been unable to incorporate the requisite financial information, if any, of Supercor in its consolidated financial statements as required under Section 129(3) of the Companies Act, 2013 and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. The Group's investment in Supercor as at 31 March 2025 amounts to INR NIL (31 March 2024: INR NIL), after considering the provision for diminution in value of investments amounting to INR 142.60 lakhs (31 March 2024: INR 142.60 lakhs). During the earlier years, on the basis of the request filed by the Group, an intimation was received from Reserve Bank of India for suspension of the Unique Identification Number allotted to Supercor. The Management does not foresee any future liability on account of any claim, with respect to Supercor over and above the amount invested in Supercor.

54. Exceptional Items

Certain land and buildings classified under non-current assets held for sale as identified in the previous year have been sold during the year. Profits arising on the sale transactions have been reported under Exceptional items amounting to INR 8,189.41 Lacs (31 March 2024: INR 3,721.29 Lacs)

(All amounts in Indian Rupees in Lakhs, except for share data or as otherwise stated)

56. Financial instruments - fair values and risk management (Contd..)

B. Measurement of fair values

i. Valuation technique and significant unobservable inputs

Derivative assets / liabilities: The fair value is determined using forward exchange rates at the reporting date and present value calculations based on high credit quality yield curve in the respective currencies.

Investment in equity instruments: The fair value is determined based on value determined as per discounted cash flows approach and intrinsic value per share as on the reporting date.

ii. Transfer between Level 1 and 2

There have been no transfers from Level 2 to Level 1 or vice-versa in 2024-25 and no transfers in either direction in 2023-24.

iii. Level 3 fair values

Particulars	FVOCI Equity securities
Balance at 01 April 2023	34.06
Net change in fair value (unrealised)	0.07
Balance at 31 March 2024	34.13
Balance at 01 April 2024	34.13
Net change in fair value (unrealised)	7.17
Balance at 31 March 2025	41.30

Sensitivity analysis

For the fair values of FVOCI equity securities, reasonably possible changes at the reporting date to one of the significant unobservable inputs, holding other inputs constant, would have the following effects:

Particulars	OCI, ne	t of tax
	Increase	Decrease
2024-25		
Annual growth rate (2.5% movement)	81.67	(18.85)
2023-24		
Annual growth rate (2.5% movement)	151.60	(13.78)

C. Financial risk management

The Group has exposure to the following risks arising from financial instruments:

- a) Liquidity risk
- b) Market risk
- c) Credit risk

Risk management framework

The Board of Directors of the Company have overall responsibility for the establishment and deployment of risk management framework. The Board of Directors have adopted a Risk Policy, which empowers the management to access and monitoring the risk management parameters along with action taken and the same is updated to Board of Directors.

The Group's risk management policies are established to identify and analyse the risks being faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and

C. Financial risk management (Contd..)

the Group's activities. The Group, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company's audit committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risk faced by the Group. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the result of which are reported to the audit committee.

a) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

As disclosed in Note 17, the Group has a secured bank loan that contains a loan covenant. A future breach of covenant may require the Group to repay the loan earlier than indicated. Under the agreement, the covenant is monitored on a regular basis by the treasury department and regularly reported to the Management to ensure compliance with the agreement.

The interest payments on variable interest rate loans reflect market forward interest rates at the reporting date and these amounts may change as market interest rates change.

The Group aims to maintain the level of its cash and cash equivalents at an amount in excess of expected cash outflows on financial liabilities (other than trade payables). The Group also monitors the level of expected cash inflows on trade receivables and loans together with expected cash outflows on trade payables and other financial liabilities.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts reflect the principal amounts that are gross and undiscounted, and exclude the impact of netting agreements.

b) Market risk

Market risk is the risk that results from changes in market prices - such as foreign exchange rates, interest rates and others – will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

The Group uses derivatives to manage market risks.

i) Foreign currency risk

The Group is exposed to currency risk to the extent that there is a mismatch between the currencies in which sales, purchases and borrowings are denominated and the respective functional currencies of Group companies. The functional currency for Company is Indian Rupee (INR). The currencies in which these transactions are primarily denominated is US dollars, Euros, Swedish Krona, Pounds etc. The Group does not enter into any derivative instruments for trading or speculative purposes.

C. Financial risk management (Contd..)

- b) Market risk (Contd..)
 - i) Foreign currency risk (Contd..)

Currency risks related to the principal amounts of the Group's US dollar trade payables, taken out by the Group, have been partially hedged using forward contracts that mature on or before the dates as the payables are due for repayment. These contracts are designated as derivatives.

Generally, borrowings are denominated in currencies that matter the cash flows generated by the underlying operations of the Group. In addition, interest on borrowings is denominated in the currency of the borrowing. This provides an economic hedge without derivatives being entered into and therefore, hedge accounting is not applied in these circumstances.

In respect of other monetary assets and liabilities denominated in foreign currencies, the Group's policy is to ensure that its net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates when necessary to address short-term imbalances.

Exposure to currency risk

The summary of data about the Group's exposure to unhedged currency risk (based on notional amounts) as reported to the management is as follows (including intercompany balances):

c) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers.

Trade receivables:

Customer credit risk is managed by the respective department subject to Group's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on individual credit limits as defined by the Group. Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date on an individual basis. The calculation is based on historical data of credit losses.

The ageing analysis of the receivables has been considered from the date the invoice falls due.

Particulars	< 180 days	>180 days	Provision	Total
31 March 2025	19,268.51	2,515.15	(1,806.11)	19,977.55
31 March 2024	15,426.23	14,56.35	(1,475.69)	15,406.89

The movement in the allowance for impairment in respect of trade receivables is as follows:

Particulars	31 March 2025	31 March 2024
Balance as at 01 April	1,475.69	1,646.18
Amounts written off	(90.37)	(636.02)
Net remeasurement of loss allowance	420.79	465.53
Balance as at 31 March	1,806.11	1,475.69

Security deposits

Security deposits are primarily given to electricity authorities of states across India. Recoverability of these deposits is probable and no risk is expected.

Contract assets

Contract assets are the unbilled revenues to the state electricity boards of Gujarat, Rajasthan and Tamil Nadu, towards the sale of electricity generated from Wind Turbine Generators of the Company, situated at those locations. Refer Note 43 for details. Recoverability of these receivables is probable and no risk is expected.

Other receivables

The balances under other receivables is primarily the dividend receivables from the Company's investment in Supercor. As Supercor is inoperative (refer note 53(c)) the Company has considered the entire balances as credit impaired in its books.

Cash and cash equivalents and other bank balances

The cash and cash equivalents and other bank balances are held with banks. Credit risk on cash and cash equivalents and deposits with banks and financial institutions are generally low as the said deposits have been made with the banks and financial institutions who have been assigned high credit rating by international and domestic credit rating agencies.

9. Payment of Final Dividend: The dividend on Equity Shares, if declared at the AGM, will be paid, subject to deduction of tax at source, on or before August 22, 2025 to the Members whose names appear on the Company's Register of Members as on the close of business hours on July 24, 2025 ("Record Date") and whose bank mandate are registered in the records of the Depository Participants/RTA.

SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_ RTAMB/P/CIR/2021/655 dated November 3, 2021 (subsequently amended by Circular Nos. SEBI/ HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/687 December 14, 2021, SEBI/HO/MIRSD/MIRSD-PoD-1/P/ CIR/2023/37 dated March 16, 2023, SEBI/HO/MIRSD/ POD-1/P/CIR/2023/181dated November 17, 2023 and SEBI/HO/MIRSD/POD-1/P/CIR/2024/37 dated May 7, 2024) has mandated that with effect from April 1, 2024, dividend to security holders (holding securities in physical form), shall be paid only through electronic mode. Such payment shall be made only after furnishing the PAN, choice of nomination, contact details including mobile number, bank account details and specimen signature. Further, relevant FAQs published by SEBI on its website can be viewed at the following link: https://www.sebi.gov.in/ sebi_data/faqfiles/sep-2024/1727418250017.pdf. As mandated by the said circulars, the dividend, if any,

payable by the Company, against your holdings is liable to be withheld if the KYC details are not updated against your holding.

Updation of Bank account details: Members who have not registered their Bank account details are requested to register the same by submitting the details viz. Name and Branch of the Bank in which you wish to receive the dividend, type of Bank Account, Bank Account Number allotted by their banks after implementation of Core Banking Solutions, 9 digit MICR Code Number, 11 digit IFSC Code and scanned copy of the cancelled cheque bearing the name of the first shareholder:

- i) For shares held in physical form: to the Company/RTA in prescribed Form ISR-1 and ISR-2 and other KYC documents pursuant to SEBI Master Circular No. SEBI/HO/MIRSD/SECFATF/P/CIR/2023/169 dated October 12, 2023.
- ii) For shares held in electronic form: to their Depository Participants.
- 10. **Tax Deduction at Source on Dividend:** Pursuant to Income-tax Act, 1961, as amended, the dividend income is taxable in the hands of members and therefore, the Company shall be required to deduct tax at source ('**TDS**') at the prescribed rates from dividend paid to members. For the prescribed rates for various categories, members are requested to refer to the Finance Act, 2020 and amendments thereof.

For Resident members, TDS shall be deducted under Section 194 of the Income-tax Act, 1961 @ 10% on the amount of Dividend declared and paid by the Company during the financial year 2025-26, provided PAN is provided by the member. If PAN is not submitted to the Company/RTA (in case shares are held in physical mode)/not updated in their demat account (in case shares are held in demat mode)/PAN is not linked with Aadhar, TDS would be deducted @ 20% as per Section 206AA of the Income-Tax Act, 1961.

However, no TDS shall be deducted on the Dividend payable to a resident Individual if the total dividend received/to be received during the financial year 2025-26 does not exceed ₹ 5,000.

A resident individual member with PAN and who is not liable to pay income tax can submit a yearly declaration in Form No. 15G/15H, to avail the benefit of non-deduction of tax at source.

Non-resident members can avail beneficial rates under tax treaty between India and their country of residence, subject to providing necessary documents i.e. No Permanent Establishment and Beneficial Ownership Declaration, Tax Residency Certificate, Form 10F, (electronically generated from income tax website) any other document which may be required to avail the tax treaty benefits.

Members may submit the aforementioned documents by sending an email to RTA at investor. relations@vccipl.com or to the Company at cs@ birlanu.com on or before Thursday, July 24, 2025 in order to enable the Company to determine and deduct appropriate tax. No communication on the tax determination/deduction shall be entertained post July 24, 2025. It may be further noted that in case the tax on said dividend is deducted at a higher rate in absence of receipt of the aforementioned details/documents from the members, there would still be an option available with the members to file the return of income and claim an appropriate refund, if eligible.

The TDS certificates shall be mailed to the registered email ID with the RTA/ Depository Participants, alternatively, members may download the TDS certificate from the Income Tax Department's website https://www.incometax.gov.in/ (refer to Form 26AS). If any member needs assistance in obtaining the TDS certificate, he/she may write to the Company at cs@birlanu.com or to RTA at investor.relations@vccipl.com.

12. **IEPF related information:** Dividends, if not encashed for a period of 7 years, from the date of transfer to Unpaid/Unclaimed Dividend Account of the Company, are liable to be transferred to Investor Education and Protection Fund (**'IEPF'**). Further, the shares of a member who does not encash his/ her dividend for a continuous period of 7 years, are also liable to be transferred to the demat account of IEPF Authority as per procedure laid down under the provisions of Section 124 of the Act read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 (**"IEPF Rules"**).

Members who have not encashed their dividend paid by the Company so far up to and during the financial year ended March 31, 2025, may immediately approach the Company/RTA for claiming such dividend amount. Information in respect of the unclaimed dividend up to March 31, 2025, is uploaded on the website of the Company, https://birlanu.com/.

Please note that the unpaid/unclaimed final dividend for the financial year 2017-18 shall become due to transfer to IEPF on September 10, 2025 upon completion of seven years in terms of Section 124(6) of the Act. The corresponding shares shall be transferred to relevant demat account of the IEPF Authority as per Rule 6 of the IEPF Rules, as amended. You are thus requested to claim the unclaimed dividend by sending a written application to RTA or to the Company's Registered/Corporate Office address along with requisite supporting documents as detailed in notice sent to the shareholders whose dividend and/or shares are liable to be transferred. The said application should reach the Company on or before September 3, 2025 so as to enable us to update the details and submit your request to the bankers to remit the said unclaimed dividend by NEFT. In case no claim is received with respect to the above dividend, the shares (whether held in physical or electronic form) will be transferred by the Company to the Demat Account of the IEPF Authority.

The Members whose unclaimed dividends and/ or shares have been transferred to IEPF, may contact the Company or RTA and submit the required documents for issue of Entitlement Letter. The Members can attach the Entitlement Letter and other required documents and file the IEPF-5 web form available on **www.iepf.gov.** in. for claiming the dividend and/or shares. The procedure for claiming the shares from IEPF Authority is available on https://cms.birlanu.com/public/media/2025/03/13/proced1.pdf.

Statement in respect of the Special Business setting out all material facts relating to the business mentioned under Item No. 4, 5, 6 and 7 of the accompanying Notice pursuant to Section 102 of the Companies Act, 2013

Item No. 4:

The members are informed that pursuant to the amended provisions of Regulation 24A of SEBI Listing Regulations vide Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Third Amendment) Regulations, 2024 dated December 12, 2024 and provisions of Section 204 of the Act read with Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Audit Committee at its meeting held on May 17, 2025, reviewed the credentials of M/s Ranjeet Pandey & Associates, Company Secretaries, New Delhi, (CP No. 6087) the existing Secretarial Auditor of the Company and recommended for their appointment in terms of the aforesaid provisions. Accordingly, the Board at its meeting held on May 17, 2025 approved the appointment of M/s Ranjeet Pandey & Associates, Company Secretaries, New Delhi, as Secretarial Auditor of the Company for a term of 5 (five) consecutive financial years from April 1, 2025 till March 31, 2030 for conducting secretarial audit of the secretarial and related records of the Company at such remuneration as recommended by the Audit Committee and approved by the Board from time to time in addition to actual out of pocket expenses incurred by them to perform the audit and the applicable taxes.

In this regard, the Company received consent from M/s Ranjeet Pandey & Associates along with a certificate confirming that they are qualified and competent to be appointed as Secretarial Auditor under the provisions of Section 204 of the Companies Act, 2013 read with the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and Regulation 24A of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. None of the Directors, Key Managerial Personnel or any of their respective relatives are, in any way, concerned or interested, whether financially or otherwise, in the resolution set out at item no. 4.

The Board recommends the resolution set forth at Item no. 4 for the approval of the shareholders as an ordinary resolution.

Item No. 5:

It is informed that the shareholders of the Company, on April 4, 2023, approved by way of an ordinary resolution, the appointment of Mr. Akshat Seth (DIN:10039820) as the Chief Executive Officer (CEO) & Key Managerial Personnel (KMP) with effect from February 1, 2023 and as the Managing Director

(MD) with effect from February 11, 2023 for a term of 5 (five) years along with payment of managerial remuneration which includes salary, allowances, perquisites and other benefits, retirals, variable pay and long term cash and stock incentives as per Company's Scheme, for the said period.

The said resolution empowered the Board, on the recommendation of the Nomination and Remuneration cum Compensation Committee ("NRC"), to determine and approve annual increments to the salary and performance-based variable pay, subject to a ceiling of 25% of the last drawn basic salary and performance-based variable pay, respectively, in compliance with the provisions of Section 196, 197 read with Schedule V of the Companies Act, 2013 ("the Act").

In accordance with the above authority, the Board at its meeting held on May 17, 2025, on the recommendation of NRC, approved the remuneration of Mr. Akshat Seth, Managing Director & CEO, for the financial year 2025-26 as per the details mentioned in resolution to item no. 5 of this Notice, subject to the necessary approvals.

Further, in the said meeting the Board also approved that the shareholders' approval be sought by way of special resolution, as appended in this Notice, in terms of the provisions of Section 197 read with Schedule V of the Companies Act, 2013, so that the aggregate salary, allowances, perquisites and other benefits, variable pay and long term incentives as per Company's Scheme paid/payable to Mr. Akshat Seth for the financial year 2025-26, be paid as minimum remuneration for the said financial year.

Accordingly, the Board proposes to seek shareholders' approval by way of a special resolution, as appended in this Notice, authorizing the Company to pay such remuneration in FY 2025-26 even if it exceeds the thresholds set forth in Section 197 read with Schedule V of the Act.

The information as required by second proviso of Paragraph B of Section-II of Part-II of Schedule V of the Companies Act, 2013, is given below:

Considering the turnover of the Company and the experience and responsibilities of Mr. Akshat Seth, the remuneration paid/payable to him is reasonable and in line with remuneration levels in industry.

(7) Pecuniary relationship directly or indirectly with the Company, or relationship with the managerial personnel, if any:

Except the remuneration and perquisites as stated above, Mr. Akshat Seth has no direct or indirect pecuniary relationship with the Company or managerial personnel. Further, he does not hold any shares in the Company.

III. Other information

(1) Reasons of loss or inadequate profits:

During the financial year 2024–25, the Company recorded a modest revenue growth of 3.5%; however, profit before tax declined by 72% compared to the previous year. This was primarily due to weak demand and soft pricing scenario in most product categories and volatility in resin prices. Furthermore, the interest cost escalated during the year owing to increase in borrowings for

acquisition of Crestia Group, capex for capacity enhancement and working capital requirements. The said situation is prevailing in the market and there is a reasonable possibility that profits for the financial year 2025–26 may also be inadequate to meet the limits specified under Section 197 of the Companies Act, 2013.

(2) Steps taken or proposed to be taken for improvement:

- Company The is leveraging its expertise and experience and investing continuously to build strong momentum towards growth expansion of its business. With the acquisition of Crestia Polytech Pvt. Ltd. and its group companies, the Company has further enhanced Company's brand strength in pipes & fittings business in several key markets.
- b) There have been continuous efforts to manage the cost and profitability through improved contribution margins driven by lower raw material and freight costs and sourcing excellence as well

as efficient management of working capital and inventory would help limit the negative impact of headwinds.

- c) The Company is employing various means to reduce the impact of rising costs through building long-term partnerships with its suppliers, reducing the risk of price fluctuations. The Company has mapped and developed its extensive vendor base to insulate itself from any geopolitical instability. The Company has built a global network of suppliers that allows diversification of supply sources and unhindered logistical movement of its inventory. Several other cost saving initiatives and operational improvements have been executed.
- d) During the year, the Company has migrated to SAP S4 HANA and also took significant steps towards a digital-led way of working and building a culture of excellence.

(3) Expected increase in productivity and profits in measurable terms:

The Government's increasing focus on modernising and further strengthening the country's infrastructure, is likely to have significant positive impact on the building materials sector as the construction activity gathers pace across segments. With the above initiatives and many more, it is expected that the profitability in the coming year is likely to improve.

IV. Disclosures:

The disclosures as required on all elements of remuneration package such as salary, benefits, bonuses, pensions, details of fixed components and performance linked incentives along with performance criteria, service contract details, notice period, severance fees, etc. shall be made in the "Corporate Governance Report" forming part of the Board's Report for FY 2025-26.

Mr. Sethalong with his relatives does not hold any shares in the Company nor has any relationship with any of the Directors or Key Managerial Personnel of the Company. Mr. Seth has been granted 36,603 stock options convertible into equivalent number of equity shares of the Company on or after July 17, 2024 to the extent of 14,641 stock options and remaining 21,962 stock options on or after April 1, 2025, as and when exercised by him in terms of the Employees Stock Option Scheme 2023. However, he has not exercised any stock options till the date of this Notice.

Mr. Seth is directly concerned and interested in this resolution, as it relates to his remuneration. Except Mr. Seth, no other Director or Key Managerial Personnel of the Company and their relatives are in any way, either financially or otherwise, concerned or interested in the proposed resolution.

The Board recommends the resolution set forth at Item no. 5 for the approval of the shareholders as a special resolution.

Item No. 6:

In terms of Section 62(1)(b) of the Companies Act, 2013 and Rule 7 of the SEBI (Share-Based Employee Benefits and Sweat Equity) Regulations, 2021 the rationale of the variations has been provided below:

In line with the Company's ongoing commitment to fostering an inclusive, rewarding, and empowering workplace culture and with the objective of rewarding, attracting, motivating, and retaining talent while enabling employees to share in the wealth created for shareholders, the Company had introduced the HIL Limited Employee Stock Option Scheme 2019 ("Scheme"), with shareholder approval obtained on October 3, 2019. The Scheme was initially designed to recognize and reward employees who were already part of the Company at the time of its introduction and the eligibility under the Scheme was limited to employees who were on the Company's rolls as of August 1, 2019, and new employees who replaced existing ones in similar positions up to September 30, 2021.

Since its introduction, although the scheme provided for a pool of 1,50,000 employee stock options ("**Options**") exercisable into an equivalent number of equity shares of the Company, a substantial number of these Options i.e. 1,23,004 options, remain available either because they were never granted or have lapsed due to reasons such as that employee granted with options left the organization or non-exercise of granted/vested options.

In view of the above and with the objective of extending the benefit of the Scheme to a wider pool of current and future employees, the Board of Directors of the Company at its meeting held on May 17, 2025 based on the recommendation of the Nomination and Remuneration cum Compensation Committee, approved the following proposed amendments to the Scheme, subject to the approval of the members:

 Amendment to the definition of 'Eligible Employee' under Clause 3.1.13 of the Scheme to expand its scope and enable the Committee to include, at its discretion, any employee (as defined under the SBEB Regulations) of the Company. This amendment is aimed at broadening the pool of potential beneficiaries and enabling greater inclusion across levels and roles.

It is clarified that due to a high number of ungranted options under the Scheme pool, combined with a limited scope of such employees meeting the criteria of an 'Eligible Employee' under the Scheme – that is only employees on the rolls of the Company as on August 1, 2019 and new employees who replaced existing ones in similar positions up to September 30, 2021, the Committee, in furtherance of the objective of extending the benefit of the Scheme to a wider pool of current and future employees, has suggested an amendment to the definition of an 'Eligible Employee' to enable the Committee to allow participation in the Scheme by any employees identified by them, without deference to their being or not being employed with the Company at the time of the initial introduction of the Scheme.

2. Administrative and clarificatory changes to the Scheme, including:

- a. Updating references to applicable laws and aligning the Scheme with the SEBI (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 ("SBEB Regulations"), which came into effect after the Scheme was originally adopted (in 2019), specifically (i) aligning definition of 'employee'; and (ii) aligning treatment of options held by retiring / superannuating employees, with the provisions / definitions of the 2021 SBEB Regulations.
- b. Replacing and standardizing references to the Company's updated legal name.

For the sake of clarity, it is hereby affirmed that the Scheme is in compliance with SBEB Regulations. Draft of the amended Scheme is made available on the website of the Company and can be accessed at https://cms.birlanu.com/public/media/2025/06/25/inspection-documents-2024-25.pdf

Accordingly, approval of the Members is being sought by way of special resolution on the matters set out in Item No. 6 of the Notice. The Company confirms that except for the aforesaid proposed variations, all other terms and conditions of Scheme, and all subsisting consents, authorizations and approvals granted from time to time, including resolutions passed by the Members and/or the Board, with regard to implementation and administration of the Scheme, shall remain unchanged and continue to be in force and that the proposed variations are

not in any manner prejudicial or detrimental to the interests of the employees as defined and entitled to participate under the Scheme (holding existing unexercised Options and being granted Options from time to time), and shall benefit from the aforesaid variations/amendments.

None of the Promoters, members of the Promoter Group, the Non-executive Directors and the Independent Directors of the Company or their relatives are interested, financially or otherwise, in the Special Resolution under Item No. 6. However, they may be deemed to be concerned or interested, to the extent of their shareholding, if any, in the Company.

The Managing Director & Chief Executive Officer and other Key Managerial Personnel of the Company are deemed to be concerned or interested, financially or otherwise, to the extent of Options granted/to be granted pursuant to the Scheme and to the extent of shareholding held by them or their relatives, if any, in the Company.

The Board recommends the Special Resolution set out in Item No. 6 in relation to amendments to the Scheme for approval of the Members.

Item No. 7:

As per the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, the Board of Directors of the Company, at its meeting held on May 17, 2025, based on the recommendation of the Audit Committee, re-appointed M/s S.S. Zanwar & Associates, Cost Accountants in Practice (Firm Registration No. 100283), as Cost Auditors of the Company to conduct audit of its cost records for the financial year 2025-26, at a remuneration of ₹ 8 lakh (Rupees Eight Lakh only) plus other applicable taxes and actual travel, stay, conveyance and other miscellaneous expenses.

In accordance with the provisions of Section 148 of the Act read with the Companies (Cost Records and Audit) Rules, 2014, the remuneration payable to the Cost Auditors must be ratified by the Members of the Company. Accordingly, the consent of the members is sought by way of an ordinary resolution as set out at Item no. 7 of the Notice for ratification of the remuneration payable to the Cost Auditors for the financial year ending March 31, 2026.

None of the Directors, Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested, either financially or otherwise, in the said resolution.

The Board of Directors, in the interest of the Company, recommends the Ordinary Resolution set out at Item no. 7 of the Notice for approval by the shareholders.
