In compliance with the provisions of Section 108 of the Act, Rule 20 of the Companies (Management and Administration) Rules, 2014 and Regulation 44 of the SEBI Listing Regulations, as amended and in terms of SEBI vide circular dated 9th December, 2020 "e-Voting Facility Provided by Listed Entities", the Company is providing to its Members,

the facility to exercise their right to vote on resolutions proposed to be considered at the 38th AGM by electronic means and the business may be transacted through e-voting services. The facility of casting the votes by the Members using the electronic voting system from a place other than venue of the AGM ("remote e-voting") will be provided by KFintech.

- ii. The Board of Directors has appointed Ms. Payal Kotak, a Practicing Company Secretary as the Scrutinizer to scrutinize the voting during the AGM and remote e-voting process in a fair and transparent manner.
- iii. Members who have cast their vote by remote e-voting prior to the AGM may also attend/participate in the AGM through VC / OAVM but shall not be entitled to cast their vote again.
- iv. The voting rights of Members shall be in proportion to their shares in the paid-up equity share capital of the Company as on the cut-off date.
- v. The remote e-voting period commences on Friday, the 8th September, 2023 (9:00 a.m.) and ends on Sunday, the 10th September, 2023 (5:00 p.m.). During this period, the Members of the Company, holding shares either in physical form or in dematerialized form, (as on the cut-off date of 4th September, 2023) may cast their votes by remote e-voting. The remote e-voting module shall be disabled by KFintech for voting thereafter.
- vi. Once the vote on a resolution is cast by a Member through e-voting, the concerned Member shall not be allowed to change it subsequently.
- vii. A person who is not a Member as on the cut-off date should treat this Notice of AGM for information purpose only.
- viii. All documents referred to in the accompanying Notice are open for inspection up to the date of the 38th AGM of the Company through electronic mode.
- ix. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Act and the Register of Contracts and Arrangements in which Directors are interested maintained under Section 189 of the Act shall be made available at the AGM through electronic mode.

- (e) internal financial controls have been laid down to be followed by the Company. The internal financial controls are adequate and are operating effectively.
- (f) proper systems have been devised to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

STATEMENT ON DECLARATION GIVEN BY INDEPENDENT DIRECTORS

The Independent Directors have given their respective declarations under Sections 149(6) and 150(3) of the Act and under Regulation 25 of the Listing Regulations.

SECRETARIAL STANDARDS:

The Directors state that applicable Secretarial Standards have been duly followed by the Company.

COMPANY'S POLICY ON DIRECTORS' APPOINTMENT AND REMUNERATION INCLUDING CRITERIA FOR DETERMINING QUALIFICATIONS, POSITIVE ATTRIBUTES, INDEPENDENCE OF A DIRECTOR AND OTHER MATTERS PROVIDED UNDER SUB-SECTION (3) OF SECTION 178 OF THE ACT:

- (a) Qualifications of directors:
 - (i) A candidate for executive directorship should possess administrative skills and functional experience or knowledge of the division or department entrusted to such director. The candidate should have strong attributes of a leader and inter-personal skills to deal with the Board, colleagues, peers and subordinates.
 - (ii) A non-executive director and an independent director shall possess appropriate skills, experience and knowledge in one or more fields of finance, law, management, sales, marketing, administration, research, corporate governance, technical operations or other disciplines related to the Company's business.
- (b) Process of selection to the Board/ extending invitation to a potential candidate:

One of the roles of the Nomination and Remuneration Committee ("N&RC") is to periodically identify competency gaps in the Board, evaluate potential candidates as per the criteria

stated above, ascertain their availability and make suitable recommendation to the Board.

In selecting a suitable candidate as an independent director the N&RC will also look into the data bank that is proposed to be set up pursuant to the provisions of Section 150 of the Companies Act, 2013 and the Rules made thereunder.

The N&RC shall also identify suitable candidates in the event of resignation, retirement or demise of an existing Board member. Based on the recommendation of the N&RC, the Board through its Chairman/ N&RC will then invite the prospective person to join the Board as a director.

In case the shareholders recommend any person as a director pursuant to the provisions of Section 151 of the Act and the Rules made thereunder, the N&RC shall consider that candidate and make suitable recommendation to the Board. The procedure pertaining to appointment of small shareholders' director laid down in Rule 7 of the Companies (Appointment and Qualification of Directors) Rules, 2014 will have to be adhered to.

- (c) Orientation and Induction:

A new director will be given a formal induction and orientation with respect to the Company's vision, core values, business operations, corporate governance norms, financials etc. The Board will carry out a continuous education of its members.

In respect of independent directors, as required under Regulation 25(7) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations'), the Company will familiarize them about the organization, their roles, rights, responsibilities in the Company, nature of the industry in which the Company operates, business model of the Company, etc.

- (d) Remuneration to Directors:

The N&RC is, *inter alia*, required to oversee remuneration payable to directors.

The executive directors including managing directors are paid remuneration by way of salary, perquisites, contribution to provident fund, superannuation fund, gratuity, encashment of leave etc. as per the terms of agreement entered into with them and approved by the shareholders pursuant to the requirements of the Act.

Non-executive directors are paid a sitting fee for attending each Board and/or Committee meetings except for those committees where no sitting fee is payable to attend the meetings. Such fee shall be fixed by the Board of Directors on receiving recommendation in that respect from the N&RC. Shareholder's approval will be taken where the same is mandated by the provisions of the Act and/ or the Listing Regulations.

No commission is presently payable to the directors and the Company has presently not granted any stock option to its directors. The independent directors are not entitled to stock options as mandated by law.

(e) Re-imbursement of expenses of non-executive directors:

The Company recognizes that non-executive directors, particularly non-executive promoter directors, also play a vital role in the business of the Company. The non-executive promoter directors contribute their time, energy, and expertise in helping the Company garner business and run its operations successfully, thereby ultimately resulting in value addition to the Company.

It is fair that the expenses incurred by directors exclusively for the purposes of the Company be borne by the Company or be reimbursed to them. Payment may be made on their behalf either by the Company or be paid by them directly. Where the concerned director seeks to claim reimbursement, he/she is required to submit a claim along with relevant particulars in supporting of the expenses incurred.

The Nomination & Remuneration Policy for Directors, KMPs & Senior Management is available at the website of the Company. The Uniform Resource Locator ("URL") for this Policy is: www.jaicorpindia.com/pdf/nomination_remuneration.pdf

	8.	Any other financial item(s)	Not Applicable	Not Applicable
* related to continuing and discontinuing operations				
II.	Audit Qualifications			
	a. Details of Audit Qualification: The auditors of the Company in their report on the consolidated financial statements, have reported in their report, that:- (i) The consolidated audited financial statements also include the Group's share of net profit after tax of ₹ (-) 91 lakh and total comprehensive income of ₹ (-) 95 lakh for the year ended 31st March, 2023, in respect of one of the associate, whose financial statements have not yet been audited. The consolidated financial statements of that associate are unaudited and have been approved by the Board of Directors of that associate and our opinion on the consolidated financial statements, in so far as it relates to the amounts and financial information included in respect of the above associate, is based solely on these unaudited consolidated financial statements. Consequently, effects on the Group's share of net loss or profit and total comprehensive income, if any, pursuant to the audit of that associate, is not ascertainable at this stage. (ii) Current financial assets –loan includes inter-corporate deposits and interest receivables aggregating to ₹ 3253 lakh given by one of the subsidiary Company, overdue for substantial period of time, where subsidiary Company has initiated legal proceedings against those parties, have been considered good for recovery and no provisions for impairment have been considered necessary, by the management of that subsidiary. The matter described in above has uncertainties related to the outcome of the legal proceedings and therefore auditors of the subsidiary Company are unable to express an opinion on the ability of the subsidiary Company to recover the outstanding amount and possible impacts on the financial statements of the subsidiary Company and Consolidated financial results of the Company. b. Type of Audit Qualification: Qualified Opinion c. Frequency of Audit Qualification: Since March 2016 (Referred II (a) (i)) and Since March 2019 and March 2022 (Referred II (a) (ii)) d. For Audit Qualification where the impact is quantified by the auditor, Management's Views: Not Applicable e. For Audit Qualification where the impact is not quantified by the auditor: (i) Management's estimation on the impact of audit qualification: Not Applicable (ii) If the Management is unable to estimate the impact, reasons for the same:			

	- In respect of Audit Qualification as referred in II (a) (i) above-The statutory Auditors of the Company have qualified their report on the Consolidated Financial Statements for the year ended 31st March 2023 in respect of inclusion of the Company's share in the net profit after tax of ₹ (-) 91 lakh and total comprehensive income of an associate of ₹ (-) 95 lakh based on the unaudited consolidated financial statements of that associate in the consolidated financial statement of the Company. As the consolidated financial statement of an associate company is unaudited, it is not possible at this stage to estimate the impact, if any, whether the figure of the loss/ profit after tax and total comprehensive income will vary after audit. - In respect of Audit Qualification as referred in II (a) (ii) above- in respect of inter-corporate deposits and interest receivables aggregating to ₹ 3253 lakh in view of value of the assets of the borrowers and commitment from the promoter of those borrowers as applicable, management is of the view that above amounts are recoverable. (iii) Auditors' Comments on (i) or (ii) above: Refer " Basis for Qualified Opinion " in the Independent Audit Report on the consolidated financial statements dated 25th May ,2023

In its Bulletin- July 2023 dated July 17, 2023 the Reserve Bank of India on the 'State of the Economy' has commented -

"...With domestic demand gaining traction and import demand picking up even as exports remained weak, the current account deficit is expected to have expanded modestly in April-June 2023 from a near-balance in the preceding quarter. The overall balance of payments improved from a surplus of US\$ 5.6 billion in January-March 2023 to US\$ 24.4 billion in April-June 2023, indicating that financial flows comfortably exceeded the current account again on a quarterly basis."

While, the World Bank in their overview of the Indian economy published in April, 2023 has said:

"In FY22/23, India's real GDP expanded at an estimated 6.9 percent. Growth was underpinned by robust domestic demand, strong investment activity bolstered by the government's push for investment in infrastructure, and buoyant private consumption, particularly among higher income earners. The composition of domestic demand also changed, with government consumption being lower due to fiscal consolidation."

Key performance indicators of the Company are given below:

- The gross turnover decreased by 18.08 per cent to ₹ 590.73 crore in FY 2022-23 from ₹ 721.11 crore in FY 2021-22.
- The total EBIDTA decreased by 62.72 per cent to ₹ 30.59 crore in FY 2021-22 from ₹ 82.05 crore in FY 2020-21.
- The Net Profit decreased by 93.58 per cent to ₹ 3.48 crore in FY 2022-23 from ₹ 54.21 crore in FY 2021-22.

Business Review

Jai Corp is a stakeholder in following entities-

I- Navi Mumbai SEZ Private Limited (NMSEZ)

Performance Overview:

Government of Maharashtra (GoM) had, in its Industrial Policy of 2013 subject to certain terms and conditions, allowed SEZ to exit and move towards being developed as Integrated Industrial Area (IIA). NMSEZ had received approval from Ministry of Commerce – GoI to denotify its SEZ and accordingly all its SEZ have been denotified. Approval from GoM to develop the Project as an IIA has been received. The Project parameters will not change and now even local Industries will be able to set up units in IIA. NMSEZ is in the process of taking required consents and approvals from GoM / CIDCO in this regards.

II- Mumbai SEZ Limited (MSEZ)

Performance Overview:

MSEZ has acquired land in Uran, Pen and Panvel areas in the state of Maharashtra. So far, consent award and sale deeds have been executed for around 4,600 acres. The subject land is not contiguous. The Land Acquisition Act which has been notified in January, 2014 makes it difficult to buy land for contiguity. MSEZ is in discussion with GoM on way forward.

III- Rewas Ports Limited (RPL)

Performance Overview:

RPL has signed the lease deed with Maharashtra Maritime Board (MMB) for 839 hectares (Ha) of inter tidal land. The Government land of about 167 hectares has been transferred by the GoM to MMB. MMB will sign the lease deed for the same at the time of financial closure. RPL has been in discussions with Indian Railways and GoM to firm up the rail and road connectivity of the port with the hinter land. RPL has been persistently working to resolve the key issue related to right of way from Mumbai Port Trust, but progress is slow. Unless this issue is resolved the Project is unable to progress.

Real Estate

Sector Overview:

According to India Brand Equity Foundation Report updated in May, 2023, "Real estate sector in India is expected to reach US\$ 1 trillion in market size by 2030, up from US\$ 200 billion in 2021 and contribute 13% to the country's GDP by 2025. Retail, hospitality, and commercial real estate are also growing significantly, providing the much-needed infrastructure for India's growing needs."

Our Business:

Certain subsidiaries of Jai Corp have acquired land. The same may be consolidated for the purpose of development subject to the applicable legislations at

that point of time. The Company is of the view that any presumed fall in the current valuation of land held by some of the subsidiary companies is a temporary phenomenon. These are long-term investments and in the course of time are expected to realise their fair value.

Performance Overview:

One of the wholly-owned subsidiaries of the Company, Swar Land Developers Limited, is developing an industrial estate near Mumbai. Construction of Phases I, II & III are complete and are being disposed of. It has reported a net profit of about ₹ 0.05 crore during FY 2022-23 as against a net profit of about 0.16 crore during FY 2021-22.

Oasis Holding FZC earned ₹ 8.20 crore as rental income from labour accommodations in the United Arab Emirates during the FY 2022-23 as against ₹ 7.70 crore during the FY 2021-22.

Asset Management

Our Business:

Urban Infrastructure Venture Capital Limited (UIVCL) is wholly owned subsidiary of Jai Corp. UIVCL was a venture capital management company and the manager to Urban Infrastructure Opportunities Fund (UIOF), a scheme of Urban Infrastructure Venture Capital Fund (UIVCF), a SEBI registered fund.

During the year, the Investors of UIOF was exited in terms of SEBI order and consequently, Jai Corp and UIVCL have exited venture capital business.

UIVCL, is also Indian advisor to Urban Infrastructure Capital Advisors, Mauritius (UICAM), investment manager to India focused real estate fund Urban Infrastructure Real Estate Fund (UIREF).

Performance Overview:

In FY 2022-23, UIVCL incurred a loss of ₹ 9.20 crore as against a loss of ₹ 8.10 crore during FY 2021-22.

Steel Division

Sector Overview:

The World Steel Association (worldsteel) in its Short Range Outlook (SRO) for 2023 and 2024 has commented that "...India remained a bright spot in the global steel industry in 2022. Having managed inflation well, the Indian economy is on a healthy growth track, with a rising share of investment in GDP thanks to strong government spending on infrastructure.... After growth of 8.2% in 2022, demand is expected to show healthy growth of 7.3% in 2023 and 6.2% in 2024."

Performance Overview:

Jai Corp manufactures cold rolled coils, galvanized coils and galvanized corrugated sheets at its Nanded unit in Maharashtra. During FY 2022-23, the Company did not produce any cold rolled coils (CR) due to lack of

demand and achieved a production of GP/GC coils and sheets decreased to 1,030.01 MT during FY 2022-23 from 8,512.72 MT during FY 2021-22 a decrease of about 87.90% per cent. The third-party production (Job Work) of 1962.91 MT as compared to Nil of galvanized plain and galvanized corrugated steel sheets (GP/GC) sheets during FY 2022-23 a increase of about 100% per cent when compared with the production of FY 2021-22. The Division reported turnover of ₹ 24.92 crore in FY 2022-23 as compared to ₹ 76.45 crore in FY 2021-22. It reported a loss of ₹ 3.19 crore in FY 2022-23 as compared to a profit of ₹ 0.46 crore in FY 2021-22.

Plastic Processing Division

Tape Woven Products

Sector Overview:

The usage of polyethylene (PE)/ polypropylene (PP) woven tape products like sacks, bags, Flexible Intermediate Bulk Containers (FIBCs), fabrics, geotextiles etc. has been growing in India. FIBC bags are constructed from woven PP fabric which may be single layered, with extra loose liner, or laminated. PP when treated with ultra violet acts as electrical insulator.

According to Mr. Shashank Agarwal, president of the Indian Flexible Intermediate Bulk Containers Association, India has 75 per cent in European FIBC imports and a 72 per cent share in the US import market.

Performance Overview:

The Company's production decreased by about 6.49 per cent to 39743 MT in FY 2022-23 as compared to 42,501 MT in FY 2021-22. The gross turnover decreased by about 12.31 per cent to ₹ 565.35 crore in FY 2022-23 as compared to gross turnover of ₹ 644.69 crore in FY 2021-22. The net profit decreased by about 3.89 per cent to ₹ 72.61 crore in FY 2022-23 as compared to ₹ 75.25 crore in FY 2021-22. The Company's exports were 3404.82 MT in FY 2022-23 as compared to 5,414.66 MT in FY 2021-22. The FOB value of the exports decreased by about 74.55 per cent to ₹ 70.77 crore in FY 2022-23 as compared to ₹ 100.74 crore in FY 2021-22 due change in international scenario and our policy of concentrating on high value products.

Human Resource Development

Jai Corp's most valuable assets are its human resource. With the support of its dedicated human resource it confronted the rapid changes in the business environment last year with the resolve and determination to ensure that the business of the Company continues to enhance value creation.

The Company's talent pool as on 31st March, 2023 was 1,455 which include highly qualified professionals across all its business segments. The growth and sustained leadership of the Company is largely a

function of its human resource. The Company has always aimed to create a workplace where every person can achieve his/her optimum potential. The Company has a performance rewarding culture, enabling it to create leaders out of its employees. The Company has also undertaken various training and development initiatives to hone the skill and expertise of its employees.

With diversified business interests, the Company empowers the inter-departmental and inter –unit movement to deserving individuals, ensuring better retention of talent and at the same time providing avenues to its employees.

Internal Control System

Jai Corp has a comprehensive system of internal controls to safeguard the Company's assets against loss from unauthorized use and ensure proper authorization of financial transactions. The system ensures the integrity of the accounting, recording and reporting of all transactions. It monitors and controls against any unauthorized disposition of assets, thus safeguarding the Company's assets.

Jai Corp ensures adherence to all internal control policies and procedures as well as compliance with all regulatory guidelines. This enhances the reliability of financial and operational information. The Company has appointed a reputed firm, Kakaria and Associates LLP as the internal auditor. The Audit Committee of the Company periodically reviews, with the management, *inter alia* performance of the internal auditor and adequacy of the internal control systems.

The internal control systems are adequate and commensurate with the size of the Company and the nature of its business.

Risk Concerns and Risk Management

Jai Corp is exposed to the normal industry risk of factors of competition, economic cycle, raw material availability and uncertainties in the international and domestic markets and credit risk. The Company has a system-based approach to business risk management. It has a proper and adequate system of controls designated to assist in the identification and management of risks. The Company manages these risks by maintaining a conservative financial profile and by following prudent business and risk management policies:

- Clearly laid down roles and responsibilities of the various entities in relation to risk management. A range of responsibilities, from the strategic to the operational, is specified therein. These role definitions, *inter alia*, are aimed at ensuring formulation of appropriate risk management policies and procedures, their effective implementation, independent monitoring and reporting by internal audit.
- A combination of centrally issued policies and

divisionally-evolved procedures to bring strength to the process of ensuring that business risks are effectively addressed.

- c) Appropriate structures are in place to pro-actively monitor and manage the inherent risks in businesses with proper risk profiling.
- d) A professional and independent firm has been appointed as internal auditor to carry out the risk focused audits across divisions, enabling identification of areas where risk management processes may need to be improved. The Audit Committee of the Board of Directors regularly reviews internal auditor's findings and provides strategic guidance on internal controls.
- e) A comprehensive framework of strategic planning and performance management ensures realization of business objectives based on effective strategy implementation. The annual planning exercise requires all divisions to clearly identify their main risks and set out a mitigation plan with agreed time line and accountability.

Health, Safety and Environment

Jai Corp is committed to ensuring the health and safety of its employees, its plants and its surrounding communities at all its operations sites. It's the constant endeavor of the Company to provide safe and hygienic working conditions for its employees. The Company also strives to maintain a pro-active check on environmental compliance in its operations. Some of the initiatives undertaken by the Company in this regard are as follows:

- a) Well defined work practices ensure work in a manner that promotes safety and health of its employees as well as that of the environment they operate in.
- b) Provide training to all concerned personnel to maintain health, safety and environment.
- c) Creating awareness on health, safety, environment and developing the required skill, knowledge and confidence of the personnel so as to enable them to understand their responsibility.
- d) Provide all required safety poster, safety equipment, first-aid box and facility, purified drinking water and adequate medical facility under the aegis of a full time qualified medical practitioner.
- e) Maintaining excellent housekeeping practices across all locations and premises of the Company.
- f) Maintaining safe, healthy and pollution-free environment in the work places with suitable safe work systems and methods of work like protective fencing of machinery, periodical testing of hoist and lifts, ropes and chain pulley blocks, testing of pressure vessels. Periodical and preventive

maintenance of compressors and proper arrangement of fire extinguishers at designated places.

- g) Obtaining a stability certificate for all the factory buildings as per the requirement of the Factories Act, 1948.
- h) Developing safety awareness among the staff and other concerned workers.
- i) Maintaining environmental norms prescribed by State / Central Governments in the matter of air, water, quality, noise, environment etc.
- j) Cleaning and disposing off of wastes and effluents, proper ventilation and sustaining of pollution-free atmosphere.
- k) Taking suitable insurance policies such as fire, safety, group, personal accident etc.

Corporate Social responsibility and community development

An essential component of Jai Corp's social responsibility is to care for the community. The Company endeavors to make a positive contribution to the under privileged communities by supporting a wide range of Activity like Socio-Economic Development, Educational Promotion, Rural development, Livelihood and Skill Development Training, Providing Clean and Safe drinking water projects to Tribal Villagers, Animal welfare Projects, Tree Plantation drive and health initiatives. Many of the community projects and programmes are driven by active participation from our employees. We, at Jai Corp, have defined a set of core values for ourselves- care, innovation, passion and trust – to guide us in all we do. We have decided to act as a catalyst between the government and the people.

A. Education Promotion Programme:

Education has many benefits and has a positive impact on human life; an educated person is an asset for our country, and human capital is considered the best National Resource. With this vision, the Company started an education promotion drive in the year 2014-15. Under this programme, the Company has been the tuition fees of domicile students of Dadra and Nagar Haveli and Daman and Diu (DNHDD), by directly paying to the concerned institution. Particular attention is paid to sponsoring economically weak students. During the year 2022-23, the Company had sponsored fees of 2,445 students, including those who had gained admission in MBBS, BAMS, BDS, Diploma and Degree of Engineering, Pharmacy, Nursing, Paramedical Courses, Hotel Management, Degree Courses of B.Sc, B.Com & B.A.

B. Skill Enhancement and Development Programme:

Computer Courses Training:- In order to raise the scale of employability and to financially support livelihood training- specifically aimed at sustainable development in rural India, the Company started providing computer courses trainings to final year students of Arts, Commerce and Science streams of Dr. APJ Abdul Kalam Govt. College, Dokmardi, DNHDD. The Company provided training in Tally Prime, SAP/Hana, Advance Excel, Advance MS Office and Powerpoint, Digital Marketing, Graphic Designing and JAVA & PAYTON. The courses started in September, 2022 and completed in January, 2023. In total 299 students completed this training programme and received certificate. Also, the Company provided web designing course training to 50 computer teachers, MIS Coordinators and ICT Coordinators of the Administration of DNHDD.

Heavy Motor Vehicle Training Programme:-

This initiative was started in coordination with the Transport Department and District Panchayat Department of Administration of DNHDD. For enrollment of beneficiaries the Company obtained support from District Panchayat Department of the Administration of DNHDD. Through 20 Panchayats 200 candidates were enrolled for heavy motor vehicle ('HMV') training. Out of them, 94 candidates completed the training during 2022-23. the object of the HMV training programme to promote, encourage, and assist unemployed and school dropout tribal candidates in DNHDD and provide them skill-based training for Create Employment Opportunities.

3. Safe Drinking Water to All:

"Every child, including adolescents, has access to safe and equitable water, sanitation and hygiene services and supplies, and lives in a safe and sustainable climate and environment" is one of the goals of United Nations International Children's

Emergency Fund (UNICEF)'s Water, Sanitation and Hygiene (WASH). It is estimated that school attendance in India decreases when children are required to spend hours collecting water and close to 54 per cent of rural women – as well some adolescent girls – spent an estimated 35 minutes getting water every day,

Tribal communities of DNHDD face a huge challenge in ensuring a clean and safe drinking water supply. For fulfilling the need of local communities the Company installed 21 Nos. of Reverse Osmosis (RO) Water Purification Plants at a number of places DNHDD. More than 52,000 school students and villagers are expected to avail the benefit of safe drinking water. Reports show that after the installation of RO water purification plants, there is a drastic reduction in water borne diseases like diarrhoea, typhoid, abdominal pain etc. During 2022-23, the Company provided a single RO Purification Plant at District Court, DNHDD and is carrying out regular maintenance of all installed RO water purification plants. It is expected that the clean and wholesome drinking water initiative will improve the quality of life, health general well-being in tribal areas of DNHDD.

4. Rural Development Project:

On receipt of an appeal from the Chief Executive officer, District Panchayat of Administration of DNHDD for providing construction materials for building the houses for the benefit of the tribal population of DNHDD under the Project of "Pradhan Mantri Awas Yojana," the Company provided construction materials for 10 houses.

5. Promoting preventative healthcare:

Under this initiative the Company provided free of cost blood units to Thalassemic and Sickle Cell Anemia patients in DNHDD with the associated blood bank, Indian Red Cross Society, Silvassa. During the year 2022-23, the Company provided 368 blood units free of cost to 150 needy patients of Thalassemic and Sickle Cell Anemia in DNHDD.

12. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format.

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1.	Occupational Health and Safety (OHS)	Risk	Occupational Health and Safety (OHS) pose significant risks to the Company's operations. The Company understands the potential impact of workplace accidents, injuries, and environmental pollution on its workers and employees. By prioritizing OHS, the Company aims to mitigate these risks and ensure the sustainable growth of the Company's business.	The Company regularly assesses risks through periodic health and safety reviews at all plant locations. Training programs are provided to workers and employees, ensuring compliance with relevant laws and regulations to establish a safe and healthy work environment. The Company has also implemented a comprehensive grievance redressal mechanism to effectively address concerns related to Health and Safety.	Negative
2.	Social responsibility towards society	Opportunity	The Company sees social responsibility towards society as an opportunity. By investing in initiatives that promote sustainability, diversity, and education, the Company strives to enhance its reputation, build goodwill, and gain a competitive advantage. Additionally, the Company's efforts can have a positive impact on the communities where we operate, promoting economic development and sustainability. Overall, social responsibility is both a moral obligation and a strategic opportunity that we are committed to pursuing.		Positive
3.	Energy Management	Opportunity	The Company recognizes that energy management presents a valuable opportunity to enhance efficiency, profitability, and environmental impact. By developing and implementing a robust energy management strategy, the Company can identify areas of waste and optimize energy usage, resulting in cost reduction and improved financial performance.		Positive

			Additionally, prioritizing energy efficiency and sustainability contributes to enhancing the Company's brand reputation.		
4.	Reduction in emission of carbon and other hazardous gases	Opportunity	With the increasing awareness of the environmental impact of industrial activities, there is a growing demand for sustainable solutions that minimize harm to the environment. The Company recognizes this trend and is committed to investing in and developing low-carbon technologies and eco-friendly processes. By doing so, the Company aims to become a leader in the sustainable manufacturing industry, meeting the evolving needs of customers and contributing to long-term success and profitability. Furthermore, reducing emissions of carbon and other hazardous gases offers not only environmental benefits but also potential cost savings. Through the adoption of energy-efficient technologies, waste reduction, and process optimization, the Company can achieve operational efficiencies and financial savings. Additionally, prioritizing sustainability can help the Company comply with stricter environmental regulations, mitigating the risk of penalties or litigation.		Positive
5.	Supply Chain Management	Risk	The Company understands that supply chain management is a potential risk. Any disruption in the flow of raw materials, transportation or logistics can cause delays in the manufacturing processes, resulting in loss of productivity and revenue. In addition, market uncertainties, political instability, and natural disasters can also pose significant risks to the supply chain. Procurement can be negatively impacted by the supply chain's high dependency on a limited number of suppliers or vendors	The Company has established long-standing relationships with multiple suppliers/vendors. Continuous discussions and communication are maintained with these suppliers/vendors to ensure uninterrupted production and timely availability of required supplies. The Company focuses on building resilience to disruptions, and proactive risk management.	Negative

6.	Risk Management and Cyber Security	Risk	The Company is exposed to cyber-attacks, data breaches, and ransomware, which can result in financial loss, damage to reputation, and loss of customer trust.	The Company has established a comprehensive Risk Management Policy to effectively manage and mitigate risks. This policy provides a framework for addressing various risk-related issues. In addition, the Company has implemented a robust cybersecurity policy, prioritizing the identification and resolution of cybersecurity threats. Complemented by a well-defined IT policy, the Company takes proactive measures to prevent incidents and minimize potential damages.	Negative
7.	Water Management	Opportunity	The Company strives to develop innovative water management solutions, aiming to reduce overall water consumption, lower operating costs, and improve environmental performance. These efforts enable the Company to comply with regulations, enhance its reputation, and improve market competitiveness.		Positive
8.	Human Rights	Risk	Ignoring or violating human rights can result in negative media attention, consumer backlash, legal action, supply chain disruptions, reduced innovation, and decreased profitability. It is crucial to address these risks proactively to avoid negative consequences and promote a sustainable business future.	The Company prioritizes the protection of human rights through well-defined policies and practices, which are integral to the Company's Code of Conduct. To ensure compliance, the Company provides comprehensive training programs to employees specifically covering human rights topics	Negative
9.	Product Quality and Safety	Opportunity	Product quality and safety are crucial for an industrial component manufacturing Company to maintain customer trust, comply with regulations, and mitigate risks. A product defect or safety issue can lead to financial loss, legal consequences, damage to reputation, and loss of customer trust. Therefore, the Company strives to invest in quality control measures, comply with regulations and standards, and continuously improve product quality and safety through research and development.		Positive

The Company has not undertaken dedicated training sessions on NGRBC principles for its value chain partners for FY 2022 -23.

2. **Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No) If yes, provide details of the same.**

Yes. To ensure the avoidance of conflicts of interest, the Company strictly adheres to statutory requirements by mandating directors, Key Managerial Personnel (KMPs), and senior management to make necessary disclosures, promoting transparency and accountability within the Company's governance framework.

Principle 2: Businesses should provide goods and services in a manner that is sustainable and safe

Essential Indicators

1. **Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.**

	FY 2022-23	FY 2021-22	Details of improvements in environmental and social impacts
R&D	The Company understands that it has not yet allocated funds for research and development to improve the environmental and social effects of its operations. However, the Company is aware of the importance of these efforts and plans to carefully consider them in the future. Moving forward, the Company is committed to exploring and prioritizing investment opportunities that align with its dedication to sustainability and responsible business practices. It will thoroughly evaluate its current operations, environmental impact, and social influence to find ways for improvement. The Company recognizes the benefits of investing in sustainable technologies and practices for long-term value. It is determined to find innovative solutions that enhance its environmental and social impact while also benefiting its stakeholders.		
Capex			

2. Does the entity have procedures in place for sustainable sourcing? (Yes/No) b. If yes, what percentage of inputs were sourced sustainably?

Yes, the Company has established procedures for sustainable sourcing. Specifically, the polymers, namely polypropylene and polyethylene, are 100% sustainably sourced from a domestic manufacturer of petrochemical products. Thorough planning is conducted, taking into account the production plan, to ensure that the materials are sourced accordingly. The primary raw materials, PP/HD/LD, are obtained from domestic manufacturers of petrochemical products, while a small quantity of ancillary materials is procured from local vendors. These sourcing practices reflect the Company's commitment to sustainability and responsible procurement.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

(a) Plastics (including packaging): The Company has implemented processes to safely reclaim plastic products for reuse, recycling, and disposal at the end of their lifecycle. This involves segregating plastic waste based on type and ensuring proper collection and storage. The Company enhances its recycling capabilities, transforming collected plastic waste into valuable resources for reuse. Moreover, the Company actively explores innovative strategies to reduce plastic packaging, encouraging the adoption of recycled materials and actively participating in circular economy initiatives. Through these proactive measures, the Company takes a holistic approach to minimize plastic waste generation and actively contribute to a more sustainable future.

(b) E-waste: The Company has established procedures for the safe reclamation of electronic waste (e-waste). This includes proper collection, storage, and transportation of electronic products that have reached the end of their life. The Company ensures compliance with relevant regulations and collaborates with authorized e-waste recyclers. These recyclers utilize environmentally sound methods to extract valuable components and materials while ensuring the safe disposal of hazardous substances. The Company promotes awareness among employees and stakeholders regarding the proper disposal of e-waste and encourages responsible e-waste management practices.

(c) Hazardous waste: As part of its commitment to environmental stewardship, the Company has implemented stringent processes for handling hazardous waste. This includes identifying and segregating hazardous materials generated during manufacturing processes, storage in designated containers, and adherence to applicable safety and disposal regulations. The Company engages licensed and certified waste management vendors for the collection, transportation, treatment, and disposal of hazardous waste. These vendors employ approved methods that minimize the environmental impact and ensure compliance with legal requirements.

(d) Other waste: The Company understands the significance of responsible waste management, extending beyond plastics, e-waste, and hazardous materials. It actively pursues strategies to minimize waste generation by optimizing processes, enhancing resource efficiency, and implementing waste reduction initiatives. The Company also encourages waste segregation and recycling practices whenever feasible. For non-hazardous waste, the Company ensures proper collection, sorting, and disposal in compliance with relevant regulations, relying on authorized waste management service providers. Additionally, the Company responsibly disposes of other types of waste by auctioning them through the MSTC portal to authorized government agencies.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Yes, Extended Producer Responsibility (EPR) is applicable to the entity's activities. Although the Company sells plastic packaging materials to registered vendors. Therefore, the Company has effectively transferred the EPR liability for the plastic packaging materials to the registered vendors who serve as brand owners. As a result, the Company currently does not have any direct liability for the management of the plastic packaging waste.

Leadership Indicators

1. Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format?

To,
The Members,
Jai Corp Limited

1. The Corporate Governance Report prepared by Jai Corp Limited ("the Company"), contains details as stipulated in Regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C and D of Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations") with respect to Corporate Governance for the year ended 31st March, 2023. This certificate is required by the Company for annual submission to the Stock exchanges and to be sent to the shareholders of the Company.

MANAGEMENT'S RESPONSIBILITY

2. The preparation of the Corporate Governance Report is the responsibility of the Management of the Company including the preparation and maintenance of all relevant supporting records and documents. This responsibility also includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the Corporate Governance Report.
3. The Management along with the Board of Directors are also responsible for ensuring that the Company complies with the conditions of Corporate Governance as stipulated in the Listing Regulations, issued by the Securities and Exchange Board of India.

AUDITOR'S RESPONSIBILITY

4. Our responsibility is to provide a reasonable assurance that the Company has complied with the specific requirement of the Listing Regulations referred to in paragraph 1 above.
5. We conducted our examination of the Corporate Governance Report in accordance with the Guidance Note on Reports or Certificates for Special Purposes and the Guidance Note on Certification of Corporate Governance, both issued by the Institute of Chartered Accountants of India ("ICAI"). The Guidance Note on Reports or Certificates for Special Purposes requires that we comply with the ethical requirements of the Code of Ethics issued by ICAI.
6. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.
7. The procedures selected depend on the auditors' judgement, including the assessment of the risks associated in compliance of the Corporate Governance Report with the applicable criteria. The procedure includes, but not limited to, verification of secretarial records and financial information of the Company and obtained necessary representations and declarations from directors including independent directors of the Company.
8. The procedures also include examining evidence supporting the particulars in the Corporate Governance Report on a test basis. Further, our scope of work under this Certificate did not involve us performing audit tests for the purposes of expressing an opinion on the fairness or accuracy of any of the financial information or the financial statements of the Company taken as a whole.

OPINION

9. Based on the procedures performed by us as referred in paragraph 7 and 8 above and according to the information and explanations given to us, we are of the opinion that the Company has complied with the conditions of Corporate Governance as stipulated in the Listing Regulations, as applicable for the year ended

31st March, 2023, referred to in paragraph 1 above except in respect of Secretarial Audit Report due to the reasons mentioned in the note number 15 of the Corporate Governance Report.

OTHER MATTERS AND RESTRICTION ON USE

10. This Certificate is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.
11. This Certificate is addressed to and provided to the members of the Company solely for the purpose of enabling it to comply with its obligations under the Listing Regulations and should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care or for any other purpose or to any other party to whom it is shown or into whose hands it may come without our prior consent in writing. We have no responsibility to update this Certificate for events and circumstances occurring after the date of this Certificate.

INDEPENDENT AUDITOR’S REPORT

To the Members of Jai Corp Limited
Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone financial statements of Jai Corp Limited (“the Company”), which comprise the Balance Sheet as at 31st March, 2023, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and the notes to the Standalone financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “ financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2023, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor’s Responsibility for the Audit of the Standalone Financial

Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matters

We draw attention to Note 33 of the standalone financial statement regarding capital advances amounting to Rs. 11,153.49 lakhs towards acquisition of certain properties to a real estate Developer. The Company has filed an application before the NCLT under section 7(3)(a) of Insolvency and Bankruptcy Code 2016 towards the recovery of the above amount along with interest. Based on the management’s best estimates depending on the status of the projects a provision of Rs. 5,077.58 lakhs have been made out of the said advance and disclosed as an exceptional item.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone financial statements of the current year. These matters were addressed in the context of our audit of the Standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

Key Audit matter	Auditors’ response
Valuation of Inventories - As of 31st March, 2023, inventories appear on the standalone financial statements for an amount of Rs. 6,096 Lakh, which constitutes 25.3% (approx.) of the total current assets. As indicated in Note no. 1(h) to the standalone financial statements, inventories are valued at the lower of cost and net realizable value: - The Company may recognize an inventory allowance if inventory items are damaged, if the selling price has declined, or if the estimated costs to completion or to be incurred to make the sale have increased. - We focused on this matter because of the: - Significance of the inventory balance. - Complexity involved in determining inventory quantities on hand due to the number, location and diversity of inventory storage locations. - Valuation procedure including of obsolete	Our audit procedures included, but not limited to the following: - Reviewing the Company’s process and procedures for physical verification of inventories. - Assessing the methods used to value inventories and ensuring ourselves of the consistency of accounting methods. - Reviewing of the reported acquisition cost on a sample basis. - Analyzing of the Company’s assessment of net realizable value, as well as reviewing of assumptions and calculations for stock obsolescence. - Assessing of appropriateness of disclosures provided in the standalone financial statements.

Key Audit matter	Auditors' response
Fair Valuation of Investment - As at March 31, 2023, the Company has investments of ₹ 1,03,723.39 lakhs (Refer Note 5 and Note 11 of the Standalone financial statement), which represent that substantial portion of investment in the Subsidiaries & associate company being carried at cost in accordance with Ind AS 27 "Separate Financial Statements" and other unquoted investments & mutual funds which are fair valued through profit/loss or other comprehensive income in accordance with Ind AS 109 read with Ind AS 113. - These investments are Level 3 investments as per the fair value hierarchy in Ind AS 113 and accordingly determination of fair value is based on a high degree of judgement and input from data that is not directly observable in the market. - Further, the fair value is significantly influenced by the expected pattern of future benefits of the tangible assets of Subsidiary & Associate Companies. Accordingly, the same has been considered as a key audit matter.	Our audit procedures included, but not limited to the following: - Reviewed the fair valuation reports provided by the management by involvement of external valuation experts for investment in unlisted entities and for investment in subsidiary companies through market value of underlying assets of those companies. In case of investment in Mutual fund, verified through closing NAV, as per the statement issued. - Reviewed management's assessment in case of investment in subsidiary companies for no impairment indicators noted for the investments held by the Company as at 31st March ,2023. - Evaluated the adequacy of disclosure given in the standalone financial statements in accordance with applicable accounting standards.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board of Director's report for the year ended 31st March, 2023, but does not include the Standalone financial statements and our auditor's report thereon.

Our opinion on the Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with accounting principles generally accepted in India including the Indian Accounting Standards specified under section 133 of the Act. This responsibility

also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are

considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone financial statements, including the disclosures, and whether the Standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with

a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. Further to our comments in Annexure A, as required by Section 143(3) of the Act, based on our report we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
 - d. In our opinion, the aforesaid Standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rule, 2014.
 - e. On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls with reference to Standalone financial statements of the Company and the

operating effectiveness of such controls, refer to our separate Report in "Annexure B".

- g. In our opinion and to the best of our information and according to the explanations given to us, the company has not paid any managerial remuneration to its directors during the year and accordingly reporting in accordance with the provisions of section 197 read with Schedule V of the Act is not required.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements as referred to in Note 41 to the Standalone financial statements;
 - ii. The Company has no long term contracts including derivative contracts as at 31st March, 2023.
 - iii. There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31st March, 2023.
- iv. (a) The Management has represented that, to the best of it's knowledge and belief, as disclosed in the notes to the financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented that, to the best of it's knowledge and belief, as disclosed in the notes to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- (d) Proviso to Rule 3 (1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.
- v. Dividend paid by the Company during the year for the previous year is in accordance with Section 123 of the Act to the extent it applies to payment of Dividend.

ANNEXURE “A” TO THE INDEPENDENT AUDITORS’ REPORT

(Referred to in paragraph 1, under ‘Report on Other Legal and Regulatory Requirements’ section of our Report of even date to the members of Jai Corp Limited on the financial statements for the year ended 31st March, 2023)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that

- i. a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment, investment property and non-current assets held for sale.
B. The Company has maintained proper records showing full particulars of intangible assets.
- b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its property, plant and equipment, investment property and non-current assets held for sale under which the assets are physically verified in a phased manner, which in our opinion is reasonable, having regard to the size of the Company and nature of its assets. No material discrepancies were noticed on such physical verification.
- c) According to the information and explanations given to us and on the basis of our examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds, of all the immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment are held in the name of the Company as at the balance sheet date except the following

Particulars	Actual Cost as at 31st March 2023 (₹ In Lakh)	Net Block as at 31st March 2023 (Regular In Lakh)	Remarks
Buildings (No of Buildings: 1)	0.15	0.15	The Company is in process of getting title deed transferred in the name of the Company.

- d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued any of its property, plant and equipment and intangible assets during the year.
from banks or financial institutions against inventory and hence reporting under clause (ii) (b) of the Order is not applicable.
- iii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company has not provided any guarantee or security or granted any advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year. In view thereof, reporting under clause 3(iii) (a), (c), (d), (e) and (f) of the Order is not applicable. During the year, the Company has made investments which, in our opinion, prima facie, are not prejudicial to the Company's interest.
- e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- iv. According to information and explanation given to us and on the basis of our examination of the records of the Company, during the year, the Company has not granted any loans, made investments or provided guarantees or securities that are covered under the provisions of sections 185 or 186 of the Companies Act, 2013, and hence reporting under clause (iv) of the Order is not applicable.
- ii. a) The inventory, except goods in transit, has been physically verified during the year by the management. In our opinion the coverage and procedure of such verification by the management is reasonable and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed as compared to book records.
- b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, at any point of time of the year, the Company has not been sanctioned any working capital facility
- v. According to the information and explanations given to us, the Company has not accepted any deposits from public and hence the directive issued

by Reserve Bank of India and relevant provisions of sections 73 to 76 or any other relevant provisions of the Act and the companies (Acceptance of Deposits) rules, 2014 (as amended), the rules framed there under shall not apply. Accordingly, the clause (v) of paragraph 3 of the Order is not applicable to the Company.

- vi. The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We

have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

- vii. According to the information and explanations given to us, in respect of statutory dues:

- a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income-tax, Goods and Services Tax, Customs Duty, Cess and other material statutory dues applicable to it to the appropriate authorities as applicable during the year. According to the information and explanations given to us, no undisputed amounts payable in respect of such statutory dues were outstanding as at 31st March, 2023 for a period of more than six months from the date they became payable.

- b) Details of Statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2023 on account of disputes are given below:

Name of the Statute	Nature of the Dues	Amount (₹ In Lakh)*	Period to which the amount relates	Forum where dispute is pending

Income-tax Act, 1961	Income Tax	132.64	AY 2016-17	Commissioner of Income Tax (Appeal)
Central Excise Act, 1944	Excise Duty	-	F.Y 2004-05 to F.Y 2006-07	Commissioner (Appeals) of Central Excise & Customs
Total		1816.53		

(*) Net of amount deposited under protest and adjusted against refunds.

- viii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, there were no transactions were surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961 (43 of 1961) which have not been previously recorded in the books of accounts.

- ix. a) According to the information and explanation given to us and in our opinion, the Company has not availed any loan or borrowings during the year and hence reporting related to defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year is not applicable. However, company has availed working capital loans from Banks against fixed deposit which is repayable on demand. (Also refer Note 21 of the Standalone financial statements.)
- b) According to the information and explanations given to us and on the basis of our examination

of the records of the Company, the company has not been declared wilful defaulter by any bank or financial institutions or government or any government authority.

- c) To the best of our knowledge and belief, in our opinion, company has not raised any funds by way of term loans.
- d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, funds were raised by the Company on short term basis which have, prima facie, not been utilised for long term purposes.
- e) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.

- f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries.
- x. a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.
- b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, during the year the Company has not made any of the preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.
- xi. a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us and to the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- b) According to the information and explanations given to us and to the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year and upto the date of our report.
- xii. According to the information and explanations given to us, the Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- xiii. In our opinion and according to the information and explanations given to us, all transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. Further, the details of such related party transactions have been disclosed in the standalone financial statements, as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified in Companies (Indian Accounting Standards) Rules 2015 as prescribed under section 133 of the Act.
- xiv. a) Based on information and explanations provided to us and our audit procedures, in our opinion the Company has an internal audit system as required under section 138 of the Act which is commensurate with the size and the nature of its business.
- b) We have considered the internal audit reports of the company issued till date, for covering the period upto 31st March, 2023.
- xv. In our opinion and according to the information and explanations given to us during the year, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and as referred to in Section 192 of the Companies Act, 2013.
- xvi. a) To the best of our knowledge and according to the information and explanations provided to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.
- b) In our opinion, and according to the information and explanations provided to us and on the basis of our audit procedures, the company has not conducted any Non-Banking Financial or Housing Finance activities during the year as per the Reserve bank of India Act 1934.
- c) In our opinion, and according to the information and explanations provided to us, the company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India.
- d) Based on the information and explanations given to us and as represented by the management of the Company, the group (as defined in Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CIC.
- xvii. In our opinion, and according to the information and explanations provided to us, Company has not incurred cash losses during the financial year and in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the Standalone financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up

to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

- xxi. The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our Report of even date to the members of Jai Corp Limited on the Standalone financial statements for the year ended 31st March, 2023)

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to Standalone financial statements of Jai Corp Limited (“the Company”) as of 31st March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls with reference to financial statements issued by the Institute of Chartered Accountants of India (the “Guidance Note”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to Standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, and the Guidance Note. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to this Standalone financial statement was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to these

Standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to these Standalone financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to these Standalone financial statements.

Meaning of Internal Financial Controls with reference to these Standalone Financial Statements

A company’s internal financial control with reference to these Standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to these Standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of these Standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to these Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to these Standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to these Standalone financial statements to future periods are subject to the risk that the internal financial control with reference to these Standalone financial statements may become inadequate because of changes in

conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to these Standalone financial statements were operating effectively as at 31st March, 2023, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial

Controls with reference to Financial Statements issued by the Institute of Chartered Accountants of India.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023**Company Information**

Jai Corp Limited ('the Company') is a company limited by shares and is domiciled in India. The Company's registered office is at A-3, M.I.D.C. Industrial Area, Nanded - 431 603. These financial statements are the separate financial statements of the company. The company is primarily involved in manufacturing activities which produces Woven Sacks/Fabric, Jumbo Bags, PP Staple Fibre and Geotextiles, Spun Yarn and production, processing and trading of CR Coils/Sheets, GP/GC Coils/Sheets and HR Coils / Plates.

Basis of Preparation

The separate financial Statements have been prepared to comply in all material aspects with the Accounting Standards notified under Section 133 of Companies Act, 2013 as per Companies (Indian Accounting Standards (Ind AS)) Rules, 2015 and other relevant provisions of the Companies Act, 2013 and rules framed thereunder. The Financial Statements have been prepared under the historical cost convention and on accrual basis, except for certain financial assets and liabilities (including derivative instruments) measured at fair value; assets held for sale – measured at fair value less cost to sell and defined benefit plan assets measured at fair value.

1 Significant accounting policies**a Investment in subsidiaries and associates**

Investments in subsidiaries and associates are accounted at cost in accordance with Ind AS 27 – Separate financial statements.

b Foreign currency translation

The functional currency of the company is Indian national rupee (INR) which is also the presentation currency and all values are rounded to the nearest Lakh, except when otherwise indicated. All other currencies are accounted for as foreign currency.

Transactions denominated in foreign currencies are initially recorded at the exchange rate prevailing at the date of transaction.

Foreign currency monetary items are reported using the closing exchange rates. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the date of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in Other Comprehensive Income or profit or loss are also recognised in Other Comprehensive Income or profit or loss, respectively).

Any income or expense on account of exchange difference either on settlement or on translation is recognised in the Statement of Profit and Loss.

In case of an asset, expense or income where a non monetary advance is paid or received, the date of transaction is the date on which the advance was initially recognised. If there were multiple payments or receipts in advance, multiple dates of transactions are determined for each payment or receipt of advance consideration.

c Revenue recognition

The Company derives revenues primarily from sale of products comprising of Woven Sacks/Fabric, Jumbo Bags, PP Staple Fibre and Geotextiles, Spun Yarn and production, processing and trading of CR Coils/Sheets, GP/GC Coils/Sheets and HR Coils / Plates.

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services. Generally, control is transfer upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Revenue from rendering of services is recognised over the time by measuring the progress towards complete satisfaction of performance obligations at the reporting period.

Revenue is measured at the amount of consideration which the Company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government).

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

Consideration is generally due upon satisfaction of performance obligations and a receivable is recognized when it becomes unconditional.

The Company does not have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and claims, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract balances

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional and shall be initially measured at their transaction price unless those contain a significant financing component.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Company performs under the contract.

Other Income

Export incentives other than advance licence are recognised at the time of exports and the benefit in respect of advance license received by the Company against exports made by it are recognised as and when goods are imported against them.

Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend Income

Dividend Income is recognised when the right to receive the payment is established.

Commission and Job work Income

Commission and Job Work income are recognised on accrual basis in accordance with the terms of relevant agreement.

d Income taxes

The income tax expense or credit for the year is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023**e Government grants**

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

f Leases**As a lessee**

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company as a lessor

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right- of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

g Impairment of non-financial assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An asset is treated as impaired when the carrying amount exceeds its recoverable value. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to the assets. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. The impairment loss recognized in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount.

h Valuation of inventories

In general, all inventories of finished goods, work-in-progress etc., are stated at lower of cost and net realisable value. Cost of inventories comprise of all cost of purchase, cost of conversion and other cost incurred in bringing the inventory to their present location and condition. Raw material and stores and spares are stated at lower of cost and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. The cost is determined on FIFO basis in respect of Packaging / Spinning Division and on average basis in respect of Steel Division. Scrap and trial run products are valued at estimated net realisable value.

i Non – current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell.

An impairment loss is recognised for any initial or subsequent write-down of the asset to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset is recognised at the date of de-recognition.

Non-current assets are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognised.

j Investments and financial assets

Classification

The company classifies its financial assets in the following measurement categories:

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The company reclassifies debt investments when and only when its business model for managing those assets changes.

Measurement

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest except trade receivable.

Measurement of debt instruments

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost, is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through Other Comprehensive Income, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.
- **Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss, is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the year in which it arises. Interest income from these financial assets is included in other income.

Measurement of equity instruments

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Impairment of financial assets

For trade receivables only, the company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

De-recognition of financial assets

Where the entity has transferred an asset, the company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the company has not retained control of the financial asset. Where the company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

k Derivatives and embedded derivatives

The company enters into certain derivative contracts to hedge risks which are not designated as hedges. Such contracts are accounted for at fair value through profit or loss and are included in other gains / (losses).

Derivatives embedded in a host contract that is an asset within the scope of Ind AS 109 are not separated. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Derivatives embedded in all other host contract are separated only if the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host and are measured at fair value through profit or loss. Embedded derivatives closely related to the host contracts are not separated.

l Property, plant and equipment

The carrying value (Gross Block less accumulated depreciation and amortisation) as on 1st April, 2015 of the Property, plant and equipment is considered as a deemed cost on the date of transition. Property, plant and equipment are carried at cost, net of recoverable taxes, trade discounts and rebates, less accumulated depreciation, amortisation and impairment loss, if any. Cost comprises of purchase price, borrowing cost if capitalisation criteria are met, and directly attributable cost of bringing the asset to its working conditions for the intended use.

Depreciation on property, plant and equipment

Depreciation on property, plant and equipment is provided to the extent of depreciable amount on straight-line method over the useful life of asset as assessed by the management and the same is similar to the useful lives as prescribed in Part-C of Schedule II to the Companies Act, 2013 except acquisition of insurance spares and additions/extensions forming an integral part of existing plants, which are depreciated over residual life

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

of the respective property, plant and equipments. Residual values, useful lives and method of depreciation of Property Plant and Equipments are reviewed at each financial year end and are adjusted prospectively, if appropriate. The effects of any revision are included in the statement of profit and loss when the changes arises.

The property, plant and equipment acquired under finance leases is depreciated over the asset's useful life or over the shorter of the asset's useful life and the lease term if there is no reasonable certainty that the company will obtain ownership at the end of the lease term.

Property, plant and equipment where ownership vests with the Government/local authorities are amortised over the useful life of asset as prescribed in Part-C of Schedule II to the Companies Act, 2013.

Gains or losses arising from derecognition of an tangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

m Intangible assets

The carrying value (Gross Block less accumulated amortisation) as on 1st April, 2015 of the Intangible assets is considered as a deemed cost on the date of transition. Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the intangible assets.

Identifiable intangible assets are recognised when it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured.

Computer softwares are capitalised at the amounts paid to acquire the respective license for use and are amortised over the period of useful lives or period of three years, whichever is less. Useful lives and method of amortisation of assets are reviewed at each financial year end and are adjusted prospectively, if appropriate. The effects of any revision are included in the statement of profit and loss when the changes arises.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

n Investment properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Depreciation on investment properties are provided using straight line method over the estimated useful lives as specified in Schedule II to the Companies Act, 2013. Residual values, useful lives and method of depreciation of investment properties are reviewed at each financial year end and are adjusted prospectively, if appropriate. The effects of any revision are included in the statement of profit and loss when the changes arises.

Though the Company measures investment properties using cost based measurement, the fair value of investment property is disclosed in the notes.

Investment properties are derecognised either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in statement of profit and loss in the period of derecognition.

o Borrowings and other financial liabilities

Borrowings and other financial liabilities are initially recognised at fair value (net of transaction costs incurred). Difference between the fair value and the transaction proceeds on initial is recognised as an asset / liability based on the underlying reason for the difference.

Subsequently all financial liabilities are measured at amortised cost using the effective interest rate method. Preference shares which are mandatorily redeemable on a specific date are classified as a financial liability. Dividends on preference shares are recognised in statement of profit and loss.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss. The gain / loss is recognised in other equity in case of transaction with shareholders.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023**p Borrowing costs**

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to the statement of profit and loss as finance costs.

q Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event. It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using equivalent period government securities interest rate. Unwinding of the discount is recognised in the statement of profit and loss as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements. Contingent assets are not recognised. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

r Employee benefits

Short-term employee benefits are recognized as an expense at the undiscounted amount in the statement of Profit and Loss for the year in which the related service is rendered.

Post-employment and other long term employee benefits are recognized as an expense in the Statement of Profit and Loss for the year in which the employee has rendered services. The expense is recognized at the present value of the amount payable determined using actuarial valuation techniques.

Re-measurement gains and losses pertaining to defined benefit obligations arising from experience adjustments and changes in actuarial assumptions are recognised in other comprehensive income in the period in which they occur

Compensated absences are accounted similar to the short term employee benefits.

Retirement benefits in the form of Provident Fund and other Funds are defined contribution scheme and the contributions are charged to the Statement of Profit and Loss of the year when the contribution to the respective funds are due. There are no other obligations other than the contribution payable to the fund.

s Discontinued operation and non-current assets (or disposal groups) held for sale**Discontinued operation:**

A discontinued operation is a component of the Company that has been disposed off or is classified as held for sale and that represents a separate major line of business or geographical area of operations, is part of a single coordinated plan to dispose off such a line of business or area of operations, or is a subsidiary acquired exclusively with a view to resale. The results of discontinued operations are presented separately in the statement of profit or loss.

Non-current assets (or disposal groups) held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when a sale is highly probable from the date of classification, management are committed to the sale and the asset is available for immediate sale in its present condition. Non-current assets are classified as held for sale from the date these conditions are met and are measured at the lower of carrying amount and fair value less cost to sell. Any resulting impairment loss is recognised in the Statements of Profit and Loss as a separate line item. On classification as held for sale, the assets are no longer depreciated. Assets and liabilities classified as held for sale are presented separately as current items in the Balance Sheet.

t Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss (excluding other comprehensive income) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

is adjusted for events such as bonus issue, bonus element in a right issue, shares split and reserve share splits (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss (excluding other comprehensive income) for the year attributable to equity share holders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

u Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

v Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

w Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

x Current and non-current classification:

The Company presents assets and liabilities in statement of financial position based on current/non-current classification. The Company has presented non-current assets and current assets before equity, non-current liabilities and current liabilities in accordance with Schedule III, Division II of Companies Act, 2013 notified by MCA.

An asset is classified as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when it is:

- Expected to be settled in normal operating cycle,
- Held primarily for the purpose of trading,
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Deferred tax assets and liabilities are classified as non-current assets and liabilities. The Company has identified twelve months as its normal operating cycle.

y Fair value measurement:

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy.

z Off-setting financial Instrument:

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable rights to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable rights must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or counterparty.

aa SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS:

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based on its assumptions and estimates on parameters available when the financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

i) Property, plant and equipment, Investment Properties and Intangible Assets:

Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values as per schedule II of the Companies Act, 2013 or are based on the Company's historical experience with similar assets and taking into account anticipated technological changes, whichever is more appropriate.

ii) Income Tax:

The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to an adjustment to the amounts reported in the financial statements.

iii) Contingencies:

Management has estimated the possible outflow of resources at the end of each annual reporting financial year, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

iv) Impairment of financial assets:

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

v) Impairment of non-financial assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent to those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

vi) **Defined benefits plans:**

The Cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

vii) **Recoverability of trade receivable:**

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

viii) **Provisions:**

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. Since the cash outflows can take place many years in the future, the carrying amounts of provisions and liabilities are reviewed regularly and adjusted to take account of changing facts and circumstances.

ix) **Fair value measurement of financial instruments :**

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

ab **Recent Accounting Pronouncement**

The Ministry of Corporate Affairs (MCA) has notified Companies (Indian Accounting Standards) Amendment Rules, 2023. This notification has resulted into amendments in the following existing accounting standards which are applicable to the Company from 1st April, 2023.

Amendment to Existing issued Ind AS :

The MCA has carried out amendments of the following accounting standards:

i) **Ind AS 1- Presentation of Financial Statements**

Ind AS 1, Presentation of Financial Statements – This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

ii) **Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors**

Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors – This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its Standalone financial statements.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

iii) Ind AS 12 – Income Taxes

Ind AS 12, Income Taxes – This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its Standalone financial statements.

The above amendments of standards are not expected to have any significant impact on the Company's financial statements.

Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price and financial instruments like Mutual Funds for which NAV is published by Mutual Fund Operator. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period and Mutual Fund are valued using the Closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level. Instruments in level 3 category for the company include unquoted equity shares and FCCDs and unquoted units of venture capital funds.

During the years mentioned above, there have been no transfers amongst the levels of hierarchy.

The carrying amounts of trade receivables, cash and cash equivalents, and other bank balances, current loans, other current financial assets, current borrowings, trade payables and other financial liabilities are considered to be approximately equal to the fair value.

The fair values disclosed above are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

Valuation process

The Company evaluates the fair value of financial assets and financial liabilities on periodic basis using the best and most relevant data available. Also, the Company internally evaluates the valuation process and obtains independent price validation for certain instruments wherever necessary

Valuation techniques used to determine fair value and significant estimates and judgements made in:

Significant valuation techniques used to value financial instruments include:

- Investment in units, equity instruments and FCCDs are fair valued using the discounted cash flow method or market comparison method or cost approach as appropriate.

Valuation inputs for fair values of items in level 3 and their relationships to fair value

Fair valuation of Investments in units and unquoted equity shares and FCCD's are classified as level 3 in the fair value hierarchy because of the unobservable inputs / significant adjustments to observable inputs used to determine the fair value. These investments are mainly into the real estate sector. The valuation methodologies include discounted cash flow method, comparable market price method, as appropriate. The significant unobservable inputs / significantly adjusted observable inputs used in the valuation include prevailing discount rates, market value of land parcels, cost of projects, expected sales consideration etc. A change upto +/- 10% in these inputs will impact Other comprehensive income before tax by ₹ (33.61)/24.16 Lakh for the year ended 31st March, 2023. The profit for the year would be impacted as a result of gains / losses on investments classified as at fair value through profit or loss, i.e. units. Other comprehensive income would be impacted as a result of gain / losses on investments classified as at fair value through other comprehensive income, i.e. unquoted equity shares and FCCD's.

37 Financial risk management

The Company is exposed to credit risk, liquidity risk and Market risk.

A Credit risk

Credit risk arises from cash and bank balances, current and non-current loans, trade receivables and other financial assets measured at amortised cost.

Credit risk management

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. The Company is exposed to credit risk from bank balances, security deposits, investments measured at amortised cost, trade receivables, Loan to Employees and other current financial assets.

The Company periodically assesses the financial reliability of the counter party, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Investments at Amortised Cost are strategic investments in associated lines of business activity, the company closely monitors the performance of these Companies. Bank deposits are placed with reputed banks / financial institutions. Hence, there is no significant credit risk on such fixed deposits.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

Other Deposits as place with Government authorities hence the risk of credit loss is negligible.

Trade Receivable: The Company trades with recognized and credit worthy third parties. It is the Company's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an on-going basis with the result that the Company's exposure to bad debts is not significant. Also the Company does not enter into sales transaction with customers having credit loss history. There are no significant credit risks with related parties of the Company. The Company is exposed to credit risk in the event of non-payment by customers. Also credit risk in some of cases are mitigated by letter of credit/Advances from the customer.

The history of trade receivables shows a negligible allowance for bad and doubtful debts.

Credit risk arising from loans to employees are mitigated by structuring the repayment of loans.

B Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. For the Company, liquidity risk arises from obligations on account of financial liabilities – borrowings, trade payables and other financial liabilities.

Liquidity risk management

The Company manages its liquidity risk by regularly monitoring its rolling cash flow forecasts. The Company's operations provide a natural liquidity of receivables against payments due to creditors. Receipts exceeding the amount of payables to creditors are invested in liquid assets like mutual funds. Borrowings are managed through credit facilities agreed with the Banks, internal accruals and realisation of liquid assets. In the event of cash shortfalls, the company approaches the lenders for a suitable term extension.

43 Employee benefits

As per Indian Accounting Standard-19 'Employee Benefits', the disclosure of Employee benefits as defined in the Accounting Standard are given below:

(a) Defined Benefit Plan :

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The Fund is managed by a trust which is governed by the Board of Trustees. The Board of Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

5 th Following Year	7.45	19.31
Sum of Years 6 to 10	31.45	34.84
Sum of years 11 and above	159.16	161.88

	(₹ In Lakh)	
Sensitivity Analysis	2022-23	2021-22
Projected Benefits Obligation on Current Assumptions	174.75	172.26
Delta effect of + (1% to 0.5%) change in Rate of Discounting	(7.63)	(8.25)
Delta effect of - (1% to 0.5%) change in Rate of Discounting	9.00	9.73
Delta effect of + (1% to 0.5%) change in Rate of Salary Increase	9.43	10.17
Delta effect of - (1% to 0.5%) change in Rate of Salary Increase	(8.08)	(8.73)
Delta effect of + (1% to 0.5%) change in Rate of Employee Turnover	4.01	4.35
Delta effect of - (1% to 0.5%) change in Rate of Employee Turnover	(4.84)	(5.21)

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlate.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

These plans typically expose the Company to actuarial risks such as: investment risk, interest risk, longevity risk and salary risk.

Investment risk: The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Interest risk: A fall in the discount rate which is linked to G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Mortality risk: Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

Salary risk: The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

Asset Liability Matching Risk: The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of the Income Tax Rules, 1962, this generally reduces ALM risk.

Concentration Risk: Plan is having a concentration risk as all the asseets are invested with the insurance company.

(b) Defined Contribution Plan:

The Company also has certain defined contribution plans. Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the period towards defined contribution plan is ₹ **261.31 Lakh** (31st March 2022 – ₹ 262.25 Lakh).

Contribution to Defined Contribution Plan, recognized as expense for the year are as under:

INDEPENDENT AUDITOR'S REPORT

To the Members of Jai Corp Limited

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying Consolidated Financial Statements of **Jai Corp Limited** (hereinafter referred to as the 'Holding Company/Parent') and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), and its associates comprising of the consolidated Balance Sheet as at 31st March, 2023, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated cash flows statement for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements")

In our opinion and to the best of our information and according to the explanations given to us, *except for the possible effect of matters described in the Basis for Qualified Opinion section of our report* and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries and associates, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associates as at 31st March, 2023, their consolidated loss (including other comprehensive income), their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Qualified Opinion

- (i) *The Consolidated financial statement includes the Group's share of net loss after tax of Rs. (91) Lakhs and total comprehensive income of Rs. (95) Lakhs for the year ended March, 2023 in respect of an associate, whose financial Statements have not been audited. The consolidated financial statements of that associate are unaudited and have been approved by the Board of Directors of that associate and our opinion on the consolidated financial statements, in so far as it relates to the amounts and financial information included in respect of above associate, is based solely on these unaudited consolidated financial statements. Consequently, effects on the Group's share of net(loss) & total comprehensive income, if any, pursuant to the review of that associate, is not ascertainable at this stage.*
- (ii) *The auditors of the subsidiary Company in their report on the financial statements of that subsidiary*

have reported in their report, that:

As mentioned in Note no 16 to the consolidated financial statements, inter corporate deposits given by one of the Company's Subsidiary and interest accrued & due aggregating to Rs 3,253 Lakh (Neelkanth Rs. 2,147 Lakhs and Rs.1,106 Lakh for Ravechi in Urban Infrastructure Venture Capital), which is overdue for substantial period of time, where subsidiary of the company has initiated legal proceedings against the said recoverable and Management of that Subsidiary have Considered the said amount as good for recovery and no provisions for Doubtful debts have been considered necessary, for the reasons stated therein. The matter described in above has uncertainties related to the outcome of the legal proceedings and therefore Subsidiary's Auditor are unable to express an opinion on the ability of the Company to recover the outstanding amount and possible impacts on the financial statements of the Company.

Emphasis of Matters

- (i) We draw attention to the Note 18.2 to the Consolidated Financial Statements regarding non- receipt of balance confirmations in respect of certain advances given for purchase of land and development rights aggregating to Rs. 821 Lakh. Our opinion is not modified in respect of this matter.
- (ii) We draw attention to the Note no 40 of the consolidated financial statements regarding capital advances amounting to Rs. 11,153.49 lakhs towards acquisition of certain properties to a real estate Developer. The Company has filed an application before the NCLT under section 7(3)(a) of Insolvency and Bankruptcy Code 2016 towards the recovery of the above amount along with interest. Based on the management's best estimates depending on the status of the projects a provision of Rs. 5,077.58 lakhs have been made out of the said advance and disclosed as an exceptional item.

Our opinion on the statement is not modified in respect of the above matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements for the financial year ended 31st March, 2023. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matter to be communicated in our report. We have fulfilled the responsibilities described in the Auditors' responsibilities for the audit of the Consolidated Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Consolidated Financial Statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Consolidated Financial Statements.

Key Audit Matters	How our audit addressed the key audit matter
(i) Inventories	
As of 31st March, 2023, inventories of the Holding Company appearing in the consolidated financial statements for an amount of Rs. 6,096 Lakh. As indicated in Note no. 1(i) to the consolidated financial statements, inventories are valued at the lower of cost and net realizable value: The Company may recognize an inventory allowance if inventory items are damaged, if the selling price has declined, or if the estimated costs to completion or to be incurred to make the sale have increased. We focused on this matter because of the: • Significance of the inventory balance. • Complexity involved in determining inventory quantities on hand due to the number, location and diversity of inventory storage locations. • Valuation procedure including of obsolete inventories.	Our audit procedures included, but not limited to the following: • Reviewing the Holding Company process and procedures for physical verification of inventories at year end. • Assessing the methods used to value inventories and ensuring ourselves of the consistency of accounting methods. • Reviewing of the reported acquisition cost on a sample basis. • Analysing of the Holding Company's assessment of net realizable value, as well as reviewing of assumptions and calculations for stock obsolescence. • Assessing of appropriateness of disclosures provided in the consolidated financial statements.
(ii) Fair Valuation of Investment	
• As at March 31, 2023, the Holding Company has investments of Rs. 38,111 lakhs of (Refer Note 5 and Note 12 of the consolidated financial statement), which represent unquoted investments & mutual funds which are fair valued through profit/loss or other comprehensive income in accordance with Ind AS 109 read with Ind AS 113. • These investments are Level 3 investments as per the fair value hierarchy in Ind AS 113 and accordingly determination of fair value is based on a high degree of judgement and input from data that is not directly observable in the market. Further, the fair value is significantly influenced by the expected pattern of future benefits. Accordingly, the same has been considered as a key audit matter.	Our audit procedures included, but not limited to the following: Reviewed the fair valuation reports provided by the management by involvement of external valuation experts for investment in unlisted entities. In case of investment in Mutual fund, verified through closing NAV, as per the statement issued. Evaluated the adequacy of disclosure given in the consolidated financial statements is in accordance with applicable accounting standards.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the above other information, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance. The above information is expected to be made available after the date of this auditor's report.

Responsibilities of Management for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and of its associates and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the Companies included in the Group and of its associates are responsible for assessing the ability of the Group and of its associates to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the Companies included in the Group and of its associates are also responsible for overseeing the financial reporting process of the Group and of its associates.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement,

whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates of which we are the independent auditors, to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements for the financial year ended 31st March, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Other Matters

- (a) We did not audit the financial statements and other financial information of 21 subsidiaries, whose financial statements and other financial information reflect total assets of Rs. 44,752.28 Lakhs as at 31st March, 2023, total revenues of Rs. 1,457.47 Lakhs and net cash inflows amounting to Rs. 77.73 Lakhs for the year ended on that date, as considered in the consolidated financial statements and financial statements of an associate, which reflects the Group's share of net profit after tax of Rs. 136.38 Lakh and total comprehensive income of Rs. 133.56 Lakh for the year ended 31st March, 2022 as considered in the consolidated financial statements, this financial statements and other

financial information have not been audited by us. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associate, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associate is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of the subsidiary companies and associate companies, incorporated in India, as noted in the 'Other Matter' paragraph we give in the "Annexure A" a statement on the matters specified in paragraph 3(xxi) of the Order.
2. As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditors on separate financial statements and the other financial information of subsidiaries, companies incorporated in India, as noted in the 'Other Matter' paragraph we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
 - (b) *Except for the possible effect of matters described in the basis for Qualified Opinion paragraph above*, in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept by the company so far as it appears from our examination of those books and reports of the other auditors.
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including the statement of Other Comprehensive Income), the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the

books of account maintained for the purpose of preparation of the Consolidated Financial Statements.

- (d) *Except for the possible effect of matter described in the basis for Qualified Opinion paragraph above*, in our opinion, the aforesaid Consolidated Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
- (e) The matter described under the basis for qualified opinion paragraph above to this report in our opinion, may have an adverse effect on functioning of the Company and on the amounts disclosed in Consolidated Financial Statements of the Company;
- (f) On the basis of the written representations received from the directors of the Holding Company, its subsidiary Companies as on 31st March, 2023 and taken on record by the Board of Directors of the Holding Company incorporated in India and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group's companies, incorporated in India, is disqualified as on 31st March 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- (g) The qualification relating to unaudited books of accounts for the one of the Company's Associate and uncertainty related to recovery of inter-corporate deposit given by one of the Company's subsidiary and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above.
- (h) With respect to the adequacy of the internal financial controls over financial reporting of the Holding company and its Subsidiary Companies covered under the Act and operating effectiveness of such controls, refer to our separate Report in "ANNEXURE B" to this report; which is based on the auditor's reports of the Company and its subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of those companies, for reasons stated therein.

“ANNEXURE B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph (h) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of Jai Corp Limited (‘the Holding Company’) and its subsidiaries (the Holding Company and its subsidiaries together referred to as ‘the Group’) as at and for the year ended 31st March, 2023, we have audited the internal financial controls with reference to financial Statements of the Holding Company, and its subsidiary companies which are companies covered under the Act, as at that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to Consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Parent and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal

financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to Consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies, which are incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Parent and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls With reference to Consolidated Financial Statements

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls With reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk

that the internal financial controls with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Company has, in all material respects, an adequate internal financial controls over financial reporting were operating effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the holding company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to Consolidated Financial Statements of the Holding Company, in so far as it relates to these 19 subsidiaries, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023**Company Information**

The consolidated financial statements comprise financial statements of Jai Corp Limited (“the company”) and its subsidiaries for the year ended 31st March, 2023 (“the Group”) and its associates. The Company is a limited Company domiciled and incorporated in India and its shares are publicly traded on the Bombay Stock Exchange (BSE) and National Stock Exchange (NSE) in India. The registered office of the Company is situated at A-3, M.I.D.C. Industrial Area, Nanded - 431 603.

Group is engaged in the manufacturing activities which produces Woven Sacks/Fabric, Jumbo Bags, HDPE Twine, PP Staple Fibre and Geotextiles, Spun Yarn and production, processing and trading of Galvanised steel product and involved in Investment Advisory Services, Development of Land and Buildings.

The consolidated financial statements for the year ended 31st March, 2023 were approved and adopted by board of directors in their meeting held on 25th May, 2023.

Basis of Preparation

The consolidated financial statements have been prepared in accordance with Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 (Ind AS).

The consolidated financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities, which are measured at fair value / amortised cost.

The consolidated financial statements are presented in Indian National Rupees (INR) which is the Group's functional and presentation currency and all values are rounded to the nearest Lacs and two decimals, except when otherwise indicated.

1 Significant accounting policies**a Principles of consolidation**

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries and associates as at 31st March, 2023. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including the contractual arrangement with the other vote holders of the investee, rights arising from other contractual arrangements, the Group's voting rights and potential voting rights and the size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired during the year are included in the consolidated financial statements from the date the Group obtains control and assets, liabilities, income and expenses of a subsidiary disposed off during the year are included in the consolidated financial statement till the date the Group ceases to control the subsidiary.

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but has no control or joint control over those policies.

Consolidation procedure:

- a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. The difference between the cost of investment in the subsidiaries and the Parent's share of net assets at the time of acquisition of control in the subsidiaries is recognised in the consolidated financial statement as goodwill. However, resultant gain (bargain purchase) is recognized in other comprehensive income on the acquisition date and accumulated to capital reserve in equity.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

- c) Intra-Group balances and transactions, and any unrealized income and expenses arising from intra Group transactions, are eliminated in preparing the consolidated financial statements.
- d) In the case of foreign subsidiaries, being non-integral foreign operations, revenue items are consolidated at the average exchange rates prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Components of equity are translated at closing rate. Any gain / (Loss) on exchange difference arising on consolidation is recognized in the Foreign Currency Translation Reserve (FCTR) through OCI.
- e) Consolidated statement of profit or loss and each component of OCI are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.
- f) Interest in associates are consolidated using equity method as per Ind AS 28 – ‘Investment in Associates and Joint Ventures’. The investment in associates is initially recognised at cost. Subsequently, under the equity method, post-acquisition attributable profit/losses and other comprehensive income are adjusted in the carrying value of investment to the extent of the Group's investment in the associates. Goodwill relating to the associate is included in the carrying amount of the investment and is not tested for impairment individually.
- g) Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If an entity of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.
- h) Consolidated financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31st March. When the end of the reporting period of the parent is different from that of a subsidiary, if any, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the consolidated financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

b Business Combinations and goodwill:

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values, except certain assets and liabilities required to be measured as per the applicable standard. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in other comprehensive income and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through other comprehensive income.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units. A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in consolidated statement of profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

c Foreign currency reinstatement and translation:

Transactions in foreign currencies are initially recorded by the Group at rates prevailing at the date of the transaction. Subsequently monetary items are translated at closing exchange rates as on balance sheet date and the resulting exchange difference recognised in consolidated statement of profit and loss. Differences arising on settlement of monetary items are also recognised in consolidated statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the transaction. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the exchange rates prevailing at the date when the fair value was determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in Other Comprehensive Income or profit or loss are also recognised in Other Comprehensive Income or profit or loss, respectively).

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the consolidated statement of profit and loss, within finance costs. All other finance gains / losses are presented in the consolidated statement of profit and loss on a net basis.

In case of an asset, expense or income where a non monetary advance is paid or received, the date of transaction is the date on which the advance was initially recognised. If there were multiple payments or receipts in advance, multiple dates of transactions are determined for each payment or receipt of advance consideration.

d Revenue recognition

The Group derives revenues primarily from sale of products/Services comprising of Woven Sacks/Fabric, Jumbo Bags, PP Staple Fibre and Geotextiles, Spun Yarn and production, processing and trading of Galvanised steel product, Investment Advisory Services, Development of Land and Buildings.

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services. Generally, control is transfer upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Group has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Revenue from rendering of services is recognised over the time by measuring the progress towards complete satisfaction of performance obligations at the reporting period.

Revenue is measured at the amount of consideration which the Group expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognized when it becomes unconditional.

The Group does not have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and claims, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Revenue is recognised only when it can be reliably measured and it is reasonable to expect ultimate collection. Revenue from real estate projects is recognised on percentage completion method based on the technical estimates as provided by the Real Estate Developers. The revenue has been recognised only if more than 20 % of the saleable project area is secured by contracts/agreements with buyers and 10 % of the consideration are realised at the reporting date.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

Contract balances

Trade receivables:

A receivable represents the Group's right to an amount of consideration that is unconditional, and shall be initially measured at their transaction price unless those contain a significant financing component.

Contract liabilities:

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Group performs under the contract.

Other Income:

Export incentives other than advance licence are recognised at the time of exports and the benefit in respect of advance license received by the Group against exports made by it are recognised as and when goods are imported against them.

Interest Income:

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend Income:

Dividend Income is recognised when the right to receive the payment is established.

Commission and Job work Income:

Commission and Job Work income are recognised on accrual basis in accordance with the terms of relevant agreement.

e Income taxes

The income tax expense or credit for the year is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where the group is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future. Deferred taxes are not recognised on these temporary differences if there is no probable tax outflow on their reversal. Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023**f Government grants**

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

g Leases**As a lessee**

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an options to extend the lease if the Group is reasonably certain to exercise that options; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that options. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

The Group's lease asset classes primarily consist of leases for land and buildings. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Group as a lessor

Leases for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right- of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

h Impairment of non-financial assets

Goodwill is not subject to amortisation and is tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. The carrying amounts of other assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/ external factors. An asset is treated as impaired when the carrying amount exceeds its recoverable value. The recoverable amount is the greater of the asset's fair value less cost of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to the assets. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. The impairment loss recognized in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount.

i Valuation of inventories

In general, all inventories of finished goods, work-in-progress etc., are stated at lower of cost and net realisable value. Cost of inventories comprise of all cost of purchase, cost of conversion and other cost incurred in bringing the inventory to their present location and condition. Finance cost generally are not part of the cost of inventories except Real Estate Division. Raw material and stores and spares are stated at lower of cost and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. The cost is determined on FIFO basis in respect of Packaging / Spinning Division and on average basis in respect of Steel Division. Scrap and trial run products are valued at estimated net realisable value. Inventories of finished goods and scrap includes excise duty wherever applicable.

j Non – current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell.

An impairment loss is recognised for any initial or subsequent write-down of the asset to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset is recognised at the date of de-recognition.

Non-current assets are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal Group classified as held for sale continue to be recognised.

k Investments and financial assets

Classification

The group classifies its financial assets in the following measurement categories:

- ▣ those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- ▣ those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The group reclassifies debt investments when and only when its business model for managing those assets changes.

Measurement

At initial recognition, the group measures a financial asset (except investment in associates) at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest except Trade Receivables.

Measurement of debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.
- **Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the year in which it arises. Interest income from these financial assets is included in other income.

Measurement of equity instruments

The group subsequently measures all equity investments (except investments in associates) at fair value. Where the group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Group's right to receive payments is established.

Changes in the fair value of financial assets measured at fair value through profit or loss are recognised as gain/ (losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Impairment of financial assets

The group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

De-recognition of financial assets

A financial asset is derecognised only when

- ▣ The group has transferred the rights to receive cash flows from the financial asset or
- ▣ retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

I Derivatives and embedded derivatives

The group enters into certain derivative contracts to hedge risks which are not designated as hedges. Such contracts are accounted for at fair value through profit or loss and are included in other gains / (losses).

Derivatives embedded in a host contract that is an asset within the scope of Ind AS 109 are not separated. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Derivatives embedded in all other host contract are separated only if the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host and are measured at fair value through profit or loss. Embedded derivatives closely related to the host contracts are not separated.

m Property, plant and equipment

The carrying value (Gross Block less accumulated depreciation and amortisation) as on 1st April, 2015 of the Property, plant and equipment is considered as a deemed cost on the date of transition. Property, plant and equipment are carried at cost, net of recoverable taxes, trade discounts and rebates, less accumulated depreciation, amortisation and impairment loss, if any. Cost comprises of purchase price, borrowing cost if capitalisation criteria are met, and directly attributable cost of bringing the asset to its working conditions for the intended use.

Depreciation on property, plant and equipment

Depreciation on Property, Plant and Equipment is provided to the extent of depreciable amount on straight-line method over the useful life of asset as assessed by the management and the same is similar to the useful lives as prescribed in Part-C of Schedule II to the Companies Act, 2013 except acquisition of insurance spares and additions/extensions forming an integral part of existing plants, which are depreciated over residual useful life of the respective plant, property and equipments.

The property, plant and equipment acquired under finance leases is depreciated over the asset's useful life or over the useful life and the lease term if there is no reasonable certainty that the group will obtain ownership at the end of the lease term. Residual values, useful lives and method of depreciation of property, plant and equipments are reviewed at each financial year end and are adjusted prospectively, if appropriate. The effects of any revision are included in the statement of profit and loss when the changes arises.

Property, Plant and Equipment where ownership vests with the Government/local authorities are amortised over the useful life of asset as prescribed in Part-C of Schedule II to the Companies Act, 2013.

Gains or losses arising from derecognition of an tangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

n Intangible assets

The carrying value (Gross Block less accumulated amortisation) as on 1st April, 2015 of the Intangible assets is considered as a deemed cost on the date of transition. Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the intangible assets.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

Identifiable intangible assets are recognised when it is probable that future economic benefits attributed to the asset will flow to the Group and the cost of the asset can be reliably measured.

Computer softwares are capitalised at the amounts paid to acquire the respective license for use and are amortised over the period of useful lives or period of three years, whichever is less. Useful lives and method of amortisation of Intangible assets are reviewed at each financial year end and are adjusted prospectively, if appropriate. The effects of any revision are included in the statement of profit and loss when the changes arises.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

o Investment properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Depreciation on investment properties are provided using straight line method over the estimated useful lives as specified in Schedule II to the Companies Act, 2013. Residual values, useful lives and method of depreciation of investment properties are reviewed at each financial year end and are adjusted prospectively, if appropriate. The effects of any revision are included in the statement of profit and loss when the changes arises.

Though the Group measures investment properties using cost based measurement, the fair value of investment property is disclosed in the notes.

Investment properties are derecognised either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in statement of profit and loss in the period of derecognition.

p Borrowings and other financial liabilities

Borrowings and other financial liabilities are initially recognised at fair value (net of transaction costs incurred). Difference between the fair value and the transaction proceeds on initial is recognised as an asset / liability based on the underlying reason for the difference.

Subsequently all financial liabilities are measured at amortised cost using the effective interest rate method

Preference shares which are redeemable on a specific date are classified as a financial liability. Dividends on preference shares are recognised in statement of profit and loss.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss. The gain / loss is recognised in other equity in case of transaction with shareholders.

q Borrowing costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to the statement of profit and loss as finance costs as per the effective interest rate method, wherever applicable.

r Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event. It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using equivalent period government securities interest rate. Unwinding of the discount is recognised in the statement of profit and loss as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements. Contingent assets are not recognised. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

s Employee benefits

Short-term employee benefits are recognized as an expense at the undiscounted amount in the statement of Profit and Loss for the year in which the related service is rendered.

Post-employment and other long term employee benefits are recognized as an expense in the Statement of Profit and Loss for the year in which the employee has rendered services. The expense is recognized at the present value of the amount payable determined using actuarial valuation techniques.

Re-measurement gains and losses pertaining to defined benefit obligations arising from experience adjustments and changes in actuarial assumptions are recognised in other comprehensive income in the period in which they occur

Compensated absences are accounted similar to the short term employee benefits.

Retirement benefits in the form of Provident Fund and other Funds are defined contribution scheme and the contributions are charged to the Statement of Profit and Loss of the year when the contribution to the respective funds are due. There are no other obligations other than the contribution payable to the fund.

t Discontinued operation and non-current assets (or disposal groups) held for sale

Discontinued operation:

A discontinued operation is a component of the Company that has been disposed off or is classified as held for sale and that represents a separate major line of business or geographical area of operations, is part of a single coordinated plan to dispose off such a line of business or area of operations, or is a subsidiary acquired exclusively with a view to resale. The results of discontinued operations are presented separately in the statement of profit or loss.

Non-current assets (or disposal groups) held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when a sale is highly probable from the date of classification, management are committed to the sale and the asset is available for immediate sale in its present condition. Non-current assets are classified as held for sale from the date these conditions are met and are measured at the lower of carrying amount and fair value less cost to sell. Any resulting impairment loss is recognised in the Statements of Profit and Loss as a separate line item. On classification as held for sale, the assets are no longer depreciated. Assets and liabilities classified as held for sale are presented separately as current items in the Balance Sheet.

u Earnings per share

Basic earnings per share is computed using the net profit or loss for the year attributable to the shareholders' and weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed using the net profit or loss for the year attributable to the shareholder' and weighted average number of equity and potential equity shares outstanding during the year including share options, convertible preference shares and debentures, except where the result would be anti-dilutive. Potential equity shares that are converted during the year are included in the calculation of diluted earnings per share, from the beginning of the year or date of issuance of such potential equity shares, to the date of conversion.

v Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

w Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023**x Cash and cash equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions and banks, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are disclosed as current borrowings in the balance sheet.

y Current and non-current classification:

The Group presents assets and liabilities in statement of financial position based on current/non-current classification. The Group has presented non-current assets and current assets before equity, non-current liabilities and current liabilities in accordance with Schedule III, Division II of Companies Act, 2013 notified by MCA.

An asset is classified as current when it is:

- a) Expected to be realised or intended to be sold or consumed in normal operating cycle,
- b) Held primarily for the purpose of trading,
- c) Expected to be realised within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when it is:

- a) Expected to be settled in normal operating cycle,
- b) Held primarily for the purpose of trading,
- c) Due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Deferred tax assets and liabilities are classified as non-current assets and liabilities. The Group has identified twelve months as its normal operating cycle.

z Fair value measurement:

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a) In the principal market for the asset or liability, or
- b) In the absence of a principal market, in the most advantageous market for the asset or liability.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy.

aa Off-setting financial Instrument:

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable rights to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable rights must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or counterparty.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

ab SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS:

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based on its assumptions and estimates on parameters available when the financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

i) **Property, plant and equipment, Investment Properties and Intangible Assets:**

Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values as per schedule II of the Companies Act, 2013 or are based on the Group's historical experience with similar assets and taking into account anticipated technological changes, whichever is more appropriate.

ii) **Income Tax:**

The Group reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to an adjustment to the amounts reported in the consolidated financial statements.

iii) **Contingencies:**

Management has estimated the possible outflow of resources at the end of each annual reporting financial year, if any, in respect of contingencies/claim/litigations against the Group as it is not possible to predict the outcome of pending matters with accuracy.

iv) **Impairment of financial assets:**

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

v) **Impairment of non-financial assets:**

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent to those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

vi) **Defined benefits plans:**

The Cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023**vii) Recoverability of trade receivable:**

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

viii) Provisions:

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. Since the cash outflows can take place many years in the future, the carrying amounts of provisions and liabilities are reviewed regularly and adjusted to take account of changing facts and circumstances.

ix) Fair value measurement of financial instruments :

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

ac Recent accounting pronouncements

The Ministry of Corporate Affairs (MCA) has notified Companies (Indian Accounting Standards) Amendment Rules, 2023. This notification has resulted into amendments in the following existing accounting standards which are applicable to the Company from 1st April, 2023.

Amendment to Existing issued Ind AS :

The MCA has carried out amendments of the following accounting standards:

i) Ind AS 1- Presentation of Financial Statements

Ind AS 1, Presentation of Financial Statements – This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the consolidated financial statements.

ii) Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors – This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its consolidated financial statements.

iii) Ind AS 12 – Income Taxes

Ind AS 12, Income Taxes – This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its consolidated financial statements.

The above amendments of standards are not expected to have any significant impact on the Group's financial statements.

Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price and financial instruments like Mutual Funds for which NAV is published by Mutual Fund Operator. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period and Mutual Fund are valued using the Closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2 category for the group includes quoted Bonds and Debentures and Commercial Papers.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in this level. Instruments in level 3 category for the company include unquoted equity shares and FCCDs and unquoted units of venture capital funds.

During the years mentioned above, there have been no transfers amongst the levels of hierarchy.

The carrying amounts of security deposits, inter-corporate deposits, trade receivables, cash and bank balances, current loans, other current financial assets, current borrowings, trade payables and other financial liabilities are considered to be approximately equal to the fair value.

The fair values of disclosed above are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs.

Valuation processes

The Group evaluates the fair value of financial assets and financial liabilities on periodic basis using the best and most relevant data available. Also, the Group internally evaluates the valuation process and obtains independent price validation for certain instruments wherever necessary.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

Valuation inputs for fair values of items in level 3 and their relationships to fair value

Fair valuation of Investments in units and unquoted equity shares and FCCD's are classified as level 3 in the fair value hierarchy because of the unobservable inputs / significant adjustments to observable inputs used to determine the fair value. These investments are mainly into the real estate sector. The valuation methodologies include discounted cash flow method, comparable market price method, as appropriate. The significant unobservable inputs / significantly adjusted observable inputs used in the valuation include prevailing discount rates, market value of land parcels, cost of projects, expected sales consideration etc. A change upto +/- 10% in these inputs will impact Other comprehensive income before tax by ₹ (33.61) / 24.16 Lakh for the year ended 31st March, 2023. The profit for the year would be impacted as a result of gains / losses on investments classified as at fair value through profit or loss, i.e. units. Other comprehensive income would be impacted as a result of gain / losses on investments classified as at fair value through other comprehensive income, i.e. unquoted equity shares and FCCD's.

46 Financial risk management

The Group is exposed to credit risk, liquidity risk and Market risk.

A Credit risk

Credit risk arises from cash and bank balances, current and non-current loans, trade receivables, Commercial Papers and other financial assets carried at amortised cost.

Credit risk management

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. The Group is exposed to credit risk from loans to employees, inter-corporate deposits, bank balances, security deposits, investments, trade receivables, Non Convertible Debentures, Bonds and other current financial assets.

The Group periodically assesses the financial reliability of the counter party, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Investments at Amortised Cost are strategic investments in associated lines of business activity, the Group closely monitors the performance of these Companies. Bank deposits are placed with reputed banks / financial institutions. Hence, there is no significant credit risk on such fixed deposits.

Other deposits are placed with government authorities hence the risk of credit loss is negligible. Inter-corporate deposits given to parties are reassessed at every reporting dates. The loans are extended for genuine business activities.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

Credit risk arising from loans to employees are mitigated by structuring the repayment of loans from the salaries of the employees and retirement benefits. In respect of the loans and NCD's to others the company on a periodical basis checks and assess their creditworthiness

The Group trades with recognized and credit worthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, trade receivable balances are monitored on an on-going basis with the result that the Group's exposure to bad debts is not significant. Also the Group does not enter into sales transaction with customers having credit loss history. There are no significant credit risks with related parties of the Group. The Group is exposed to credit risk in the event of non-payment by customers. Also credit risk in some of cases are mitigated by letter of credit/advances from the customers and other risk mitigation strategies.

The history of trade receivables shows a negligible allowance for bad and doubtful debts.

B Liquidity risk

Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations on time or at a reasonable price. For the Group, liquidity risk arises from obligations on account of financial liabilities – borrowings, trade payables and other financial liabilities.

Liquidity risk management

The Group manages its liquidity risk by regularly monitoring its rolling cash flow forecasts. The Group's operations provide a natural liquidity of receivables against payments due to creditors. Receipts exceeding the amount of payables to creditors are invested in liquid assets like mutual funds. Borrowings are managed through credit facilities agreed with the Banks, internal accruals and realisation of liquid assets. In the event of cash shortfalls, the Parent company approaches the lenders for a suitable term extension.

51 Employee benefits

51.1 As per Indian Accounting Standard-19 'Employee Benefits', the disclosure of Employee benefits as defined in the Accounting Standard are given below:

(a) Defined Benefit Plan :

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The Fund is managed by a trust which is governed by the Board of Trustees. The Board of Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlate.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

51.6 These plans typically expose the Company to actuarial risks such as: investment risk, interest risk, longevity risk and salary risk.

Investment risk: The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Interest risk: A fall in the discount rate which is linked to G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Mortality risk: Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

Salary risk: The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Asset Liability Matching Risk: The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of the Income Tax Rules, 1962, this generally reduces ALM risk.

Concentration Risk: Plan is having a concentration risk as all the asseets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.
