AAVAS FINANCIERS LTD

Investor Presentation – FY25

Safe Harbor

This presentation and the accompanying slides (the "Presentation"), which have been prepared by Aavas Financiers Ltd. (the "Company"), without any specific objectives and solely for information purposes and do not constitute directly or indirectly any advertisement, advise, offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded. Further, this presentation is being made on uniform basis and no selective disclosure of the same have been made by the Company. Potential investors must make their own assessment of the relevance, accuracy and adequacy of the information contained in this presentation and must make such independent investigations as they may consider necessary or appropriate for investment purposes.

This presentation contains certain forward-looking statements concerning the Company's future business prospects, market opportunities and business profitability, which are subject to a number of risks and uncertainties and the actual results could materially differ from those in such forward looking statements. These statements can be recognized using words such as "expects," "plans," "will," "estimates," "projects," "marks," "believe" or other words of similar meaning. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, competition (both domestic and international), economic growth in India and abroad, micro and macro geo-political issues, ability to attract and retain highly skilled professionals, time and cost over runs on contracts, our ability to manage our international operations, government policies and actions regulations, interest and other fiscal costs generally prevailing in the economy. The Company does not undertake to make any announcement in case any of these forward-looking statements become materially incorrect in future or update any forward-looking statements made from time to time by or on behalf of the Company. Any reliance placed on this presentation by any person for its investment strategy shall be at his own risk

Bank, E&Y

In-house Execution Model

In-house execution model – Replicated across the states

Lead generation and sourcing

- With our new Lead Management System on SalesForce live, we were able to source ~50,000 leads from alternate channel partners.
- Focussed approach to directly source business leads, by leveraging technology & dataanalytics.
- Onboarded India Post Payments Bank, CSC and others to broaden the lead pool
- We went live with the application scorecard for evaluating the risk profiles of leads.

Risk management

- In-house underwriting team for income assessment & risk-based pricing of customers
- In-house legal team of 100+ members oversee the external legal verification to ensure sanctity of transactions
- In-house Digital app-based technical valuation reports with 100% geo tagging
- Independent risk-testing of files by in-house risk containment unit for additional guardrails
- PAN, Aadhar verifications and, Account aggregators adoption has increased the efficiency and reduced TAT.

Collections

- Four-tiered collection architecture with a high focus on early delinquencies
- AI/ML Analytics led Bounce prediction model

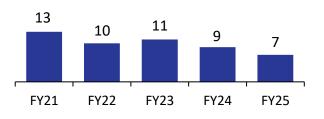

Outcome

Superior Business

- Call centers in multiple languages: Initiate collection process in a timely fashion
- Real-time tracking of collections

1. Reduction in average login to sanction TAT (days)

Turn around time is a key metric for customer centricity

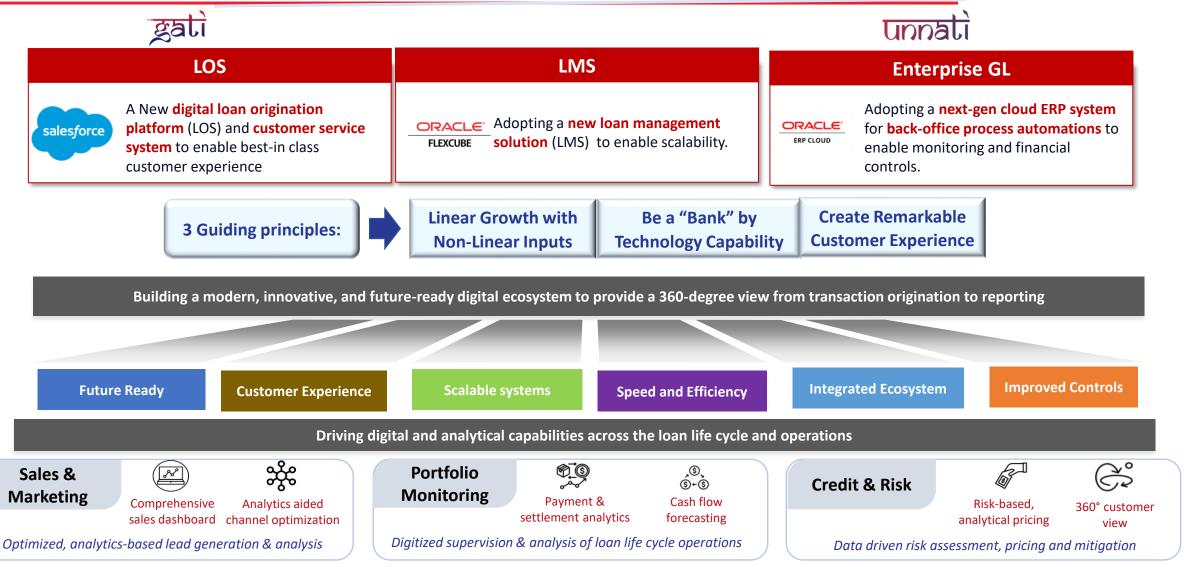

- **2.** Better ability to price risk effectively resulting in yields of ~13%
- 3. High collection efficiency and low GNPA

State-of-the art technology implementation enabling digital & analytical capabilities

Major Technology Transformation Completed

salesforce

Loan Origination

✓ Reimagined customer journeys

salesforce

- ✓ Consolidation of processes into a single platform
- ✓ Multiple Fintech integrations for data enrichment and verifications
- ✓ Analytics & BRE integrations for decisioning

CRM

- ✓ Omni-channel customer service enabled
- ✓ Extensive automations in customer service with 120+ workflows implemented
- ✓ Internal/external Lead sources connected in real time with CRM
- ✓ Seamless digital integrations enabled through web, social, customer app, referral apps, chatbots, etc.

ORACLE FLEXCUBE

Loan Management

- ✓ Migrated to core banking based LMS platform
- ✓ Seamless integrations across loan journey
- ✓ Connected multiple banks for smooth disbursal payments
- ✓ Extensive automations and controls

ORACLE ERP CLOUD

ERP

- √ Adopted worldclass Enterprise GL Application
- ✓ Enabled fully automated workflows across all processes with extensive financial controls
- ✓ Implemented **Oracle Enterprise Performance Management** for planning, P&L, reporting and account reconciliations
- ✓ Integrated with entire application ecosystem

Key Transformation Partners:

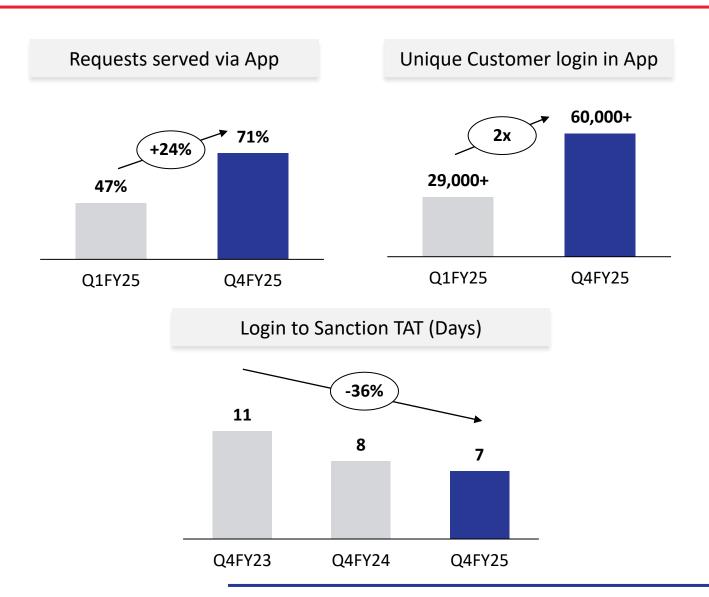

CAMSfinse_vv

Technology Transformation Outcomes

Outcomes

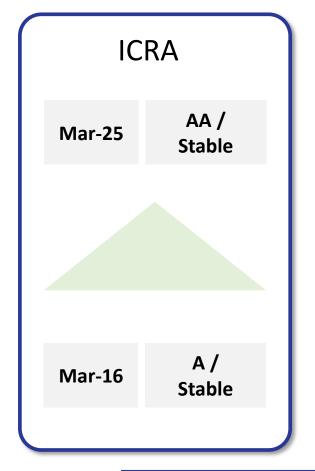

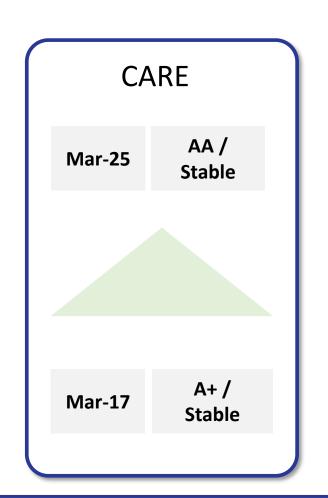

- Scalable enterprise architecture to support 10X+ scale with > 99% business uptime
- Bank level systems with robust regulatory compliances
- Automations and integrations in banking transaction authorizations leading to reduction in financial risks
- Continuing our digital capability scale up, the collections made through the customer app has doubled in FY25.
- Fully integrated systems leading to better visibility, inter team collaborations and seamless customer service
- This also facilitated, Aavas to become eco-friendly and cut the paper usage by 53% to 49 papers /file, post technology upgrade and we are in advanced stage of transitioning to near paperless processes.
- 21,000+ GenAl Bot Conversations which enabled swift customer serving
- **75%** of Active Loans represented in Customer App Logins
