CHAIRMAN'S MESSAGE

Gurmit Singh Mann
Chairman

Dear Stakeholders,

I am delighted to present our 12th Annual Report for the Financial Year (FY) 2022-23.

The global economy experienced slower growth at 3.2% in 2022-23, influenced by geopolitical conflicts and inflationary pressures. These challenges had far-reaching impacts on consumer spending, trade, energy costs, and overall economic activity, resulting in heightened inflation rates and the implementation of aggressive monetary policies.

Looking ahead, analysts predict ongoing global economic challenges in 2023-24, with a possibility of a mild recession in global economy. Despite these uncertainties, there are promising signs of recovery, including the expected moderation of inflation and the reopening of the Chinese economy. However, it's essential to remain cautious, as uncertainties persist, such as stress in banking systems, geopolitical conflicts, and fluctuations in energy markets, which could impact the global economic recovery.

In contrast, the Indian economy displayed remarkable resilience, achieving a growth rate of 6.8% in 2022-23. Factors like the decline in Covid-19 cases, government initiatives promoting manufacturing and investment, and advancements in digital infrastructure contributed to this growth. However, the economy faced inflationary pressures due to rising crude oil prices, prompting interest rate hikes by the Reserve Bank of India.

Looking forward, the Indian economy is projected to grow at 5.9% in 2023, driven by robust domestic demand, increased consumption, and government efforts to stimulate private investments. While the outlook is promising, it's crucial to be mindful of potential risks, such as weak global demand impacting exports and volatility in food and crude oil prices.

In the global sugar sector, production is expected to rise, with Brazil and Thailand offsetting the decline in India. The industry is witnessing growth in sugar consumption, particularly in emerging regions like India and China. Additionally, the focus on boosting ethanol production presents significant opportunities for the sector, with India achieving 10% ethanol blending in ahead of target date and aiming to achieve 20% ethanol blending by 2025.

Furthermore, as part of its G20 presidency, India has proffered the concept of a Global Biofuel Alliance (GBA), a collaborative effort uniting nations to expand and cultivate new markets for sustainable biofuels. This endeavour involves identifying and nurturing markets with a high potential for sustainable biofuel production, accelerating technology implementation, and establishing consensus on performance-based sustainability evaluations and frameworks.

At Simbhaoli Sugars, we have consistently strived to enhance our sales and distribution channels, including through our e-commerce platform, to provide ease and convenience to our valued customers. Our sugar brand, 'Trust,' has gained widespread acceptance in the hospitality industry, strengthening our market position. We continue to launch new products, and new packaging sizes to meet the demands of our customers and pursue further penetration of existing markets. We continue to leverage technology both in our operations, but also in our sales and marketing activities to boost the productivity of our employees.

While our sugar operations have encountered challenges due to pest infestations and weather conditions impacting sugar recovery, we are diligently implementing measures to address these issues and enhance our operational performance. We are committed to further improving our operational efficiency at all our plants. Our distillery operations have made notable strides in producing ethanol through the B-Heavy route, aligning with our commitment to renewable energy.

In recent years, we have successfully introduced three new whisky brands that have garnered positive responses from the domestic market, paving the way for new business opportunities.

In conclusion, the global and Indian sugar sectors present both challenges and opportunities. The government's supportive policies have significantly benefited the sector, but we remain aware of uncertainties in the global economy and regulatory risks. Nonetheless, Simbhaoli Sugars stands resilient and remains dedicated to capitalizing on opportunities, particularly in the ethanol business, to secure a sustainable and prosperous future.

With the unwavering support of all our stakeholders, we are firmly committed to guiding the Company towards greater heights and leadership in the industry. We extend our heartfelt gratitude to our dedicated farmers, employees, and workers for their unwavering efforts, which have propelled the Company's steady growth.

As we look forward to another promising sugar season starting from October 2023, we also extend our prayers for the safety and good health of everyone involved. Together, we shall overcome challenges and embrace opportunities, forging a path to success for Simbhaoli Sugars.

Best Wishes
Gurmit Singh Mann

COMMUNITY OUTREACH

EMPOWERING FARMERS AND ENRICHING LIVES

At Simbhaoli, we recognize the invaluable role of Indian farmers in sustaining our nation's prosperity. However, we also understand the myriad challenges they face, from dependence on monsoons for irrigation to the adverse effects of climate change. Erratic weather patterns and rising temperatures exacerbate their already uncertain livelihoods, leading to low productivity and incomes. As a responsible corporate entity, our intention is to support farmers and their communities in overcoming these hurdles and fostering sustainable and higher-income farming practices.

To achieve this goal, our dedicated field officers work closely with farmers throughout the crop cycle. They provide expert guidance on soil and seed management, fertilizer and insecticide use, ratoon management, and the selection of suitable agricultural inputs. We have also introduced innovative approaches like inter and multi-cropping, encouraging farmers to grow vegetables alongside sugarcane. This not only increases land productivity but also mitigates the risks of crop failure, thereby boosting cane yield.

As part of our commitment to sustainable agriculture, we have initiated the use of drip irrigation systems. This cutting-edge method ensures water and nutrients are efficiently delivered to plant roots, leading to water conservation and enhanced crop yields. Additionally, we organize workshops, field trials, and training programs to promote sugarcane development and encourage farmers to adopt micronutrients and bio manure.

Beyond these agricultural endeavors, our pride lies in the positive impact of our community outreach programs. Through the Simbhaoli India Foundation (SIF), we actively support education, healthcare, water resources, social welfare, and infrastructure development. Our special focus is on empowering the girl child through education, health initiatives, employment opportunities, and upskilling programs.

Our commitment to societal development transcends organizational boundaries. We continuously strive to enhance the well-being of rural families through knowledge enhancement and empowerment. Working hand in hand with SIF, we have witnessed young children embracing the joy of schooling, teenagers gaining access to higher education, and the entire community benefiting from quality healthcare facilities.

Environmental preservation is another aspect of our community outreach. We emphasize afforestation and ensure the upkeep of clean, unclogged drains to promote a healthier environment for our communities. Furthermore, we contribute to building all-weather roads, effectively ending years of isolation for remote villages and improving connectivity.

In our quest to foster unity and joy among rural communities, we celebrate festivities together. By actively engaging farmers in innovative farming practices like inter-cropping, multi-cropping, and drip irrigation, we enable them to explore new income-boosting methods. For the past few years, we have also re-initiated our Annual Farmer Awards functions at the units, where we highlight the work and achievements of young and experienced farmers alike, reward those who have delivered the highest yields and productivity and those who have adopted technology and best farming practices to deliver superior results. These awards also serve as a platform for us to invite leading agricultural scientists and others to share their insights and learnings with our farmer partners.

As we strive for economic development, our vision of becoming a model corporate citizen is brought to life through SIF's tangible actions. Our community outreach programs have positively impacted over 1,30,000 villagers in the vicinity of Simbhaoli's Complexes, making a significant difference in the lives of rural families and farmers.

At Simbhaoli, we remain committed to enhancing the well-being of our communities and fostering a sustainable and prosperous future. By empowering farmers and enriching lives, we are driven by our responsibility as a corporate entity to contribute to a brighter and more inclusive India.

AGRI INPUTS

Nurturing farms, enriching soil, and cultivating a sustainable tomorrow – Choose SOM for a greener, healthier future!

Our SOM brand products prioritize the health of farmers' farms and soil. With over 8 decades of expertise and collaboration with over 1 lakh farmers, we offer innovative and sustainable solutions. Our wide range includes Organic Bio-Manures, Bio-Compost, Plant Nutrients, Plant Growth Regulators, and Herbicides, catering to all crop lifecycles.

Built on natural, organic, and microbe-rich nutrients, our products suit farmers of all scales, farm producer organizations, plantations, and food processing companies seeking organic options. We harness the power of Neem, crafting some products with press mud and neem cake, resulting in nutrient-rich organic manures beneficial for plant growth and soil fertility.

Our **SOM Bio-Organic Manure** enhances soil structure, nutrient retention, and crop yield, making it ideal for sustainable farming. Committed to sustainability and eco-friendliness, it's non-toxic and contributes to a greener future. Continuously refining based on farmer feedback and research, we stay at the forefront of agricultural advancements.

SOM Neem Plus is another standout, offering organic manure and pest management. Its blend of aerobic microbial culture, press mud, and neem cake shields plant roots and enriches soil. With neem cake's natural properties, it reduces alkalinity, improves soil texture, and acts as an insecticide, ensuring overall plant wellbeing.

Empowering farmers for healthier plant growth and soil fertility, our SOM range benefits terrace and balcony gardens, vegetables, fruits, and flowers. By choosing SOM, you embrace 100% organic solutions, securing a greener and healthier tomorrow for farming and the environment. Trust in us for a sustainable and prosperous future.

16. To prevent fraudulent transactions, Members are advised to exercise due diligence and notify the Company of any change in address or demise of any Member as soon as possible. Members are also advised to not leave their Demat account(s) dormant for long. Periodic statements of holdings should be obtained from the concerned Depository Participant and holdings should be verified from time to time.
17. To support the 'Green Initiative', Members who have not yet registered their email addresses are requested to register the same with their DPs in case the shares are held by them in electronic form and with the Company in case the shares are held by them in physical form.
18. **Members may send a request to evoting@nsdl.co.in for procuring user id and password for e-Voting by providing Demat account number / Folio number and scanned copy of the Share Certificate (front and Back) or client master, or copy of Consolidated Account statement, PAN (self-attested scanned copy of PAN card), AADHAR (self-attested scanned copy of Aadhar Card).**

    The Individual Shareholders holding securities in Demat mode are requested to follow steps mentioned below in Para 28 under Step 1 (A) i.e "Login method for remote e-Voting and joining the virtual meeting for Individual shareholders holding securities in Demat mode.

    In terms of the SEBI circular dated December 9, 2020, on the e-Voting facility provided by Listed Companies, Individual shareholders holding securities in Demat mode are allowed to vote through their Demat account maintained with Depositories and Depository Participants. Shareholders are required to update their mobile number and email ID correctly in their Demat account to access the e-Voting facility.
19. According to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of Listing Regulations (as amended), and the MCA Circulars, the Company is providing the facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with NSDL for facilitating voting through electronic means, as the authorized agency. The facility of casting votes by a member using a remote e-voting system as well as e-voting during the AGM will be provided by NSDL.
20. Members of the Company holding shares either in physical form or in electronic form as of the cut-off date of Thursday, September 21, 2023, may cast their vote by remote e-Voting. The remote e-voting period commences on Sunday, September 24, 2023, at 9:00 a.m. (IST) and ends on Wednesday, September 27, 2023, at 5:00 p.m. (IST). The remote e-voting module shall be disabled by NSDL for voting thereafter. Once the vote on a resolution is cast by the Member, the Member shall not be allowed to change it subsequently. The voting rights of the Members (for voting through remote e-Voting before the AGM and e-Voting during the AGM) shall be in proportion to their share of the paid-up equity share capital of the Company as of the cut-off date of Thursday, September 21, 2023. Subject to receipt of the requisite number of votes, the Resolutions passed by remote e-voting are deemed to have been passed as if they have been passed at the AGM i.e., Thursday, September 28, 2023. The Notice of the AGM indicating the instructions for the remote e-voting process can be downloaded from the NSDL's website www.evoting.nsdl.com or the Company's website www.simbhaolisugars.com.
21. Members will be provided with the facility for voting through an electronic voting system during the video conferencing proceedings at the AGM and Members participating at the AGM, who have not already cast their vote by remote e-Voting, will be eligible to exercise their right to vote during such proceedings of the AGM. Members who have cast their vote by remote e-voting prior to the AGM will also be eligible to participate at the AGM but shall not be entitled to cast their vote again on such resolutions for which the member has already cast the vote through remote e-Voting.
22. A person whose name is recorded in the Register of Members or the Register of Beneficial Owners maintained by the depositories as on the cut-off date i.e. Thursday, September 21, 2023, shall be entitled to avail of the facility of remote e-voting before the AGM as well as e-Voting during the AGM. Any person holding shares in physical form and non-individual shareholders, who acquire shares of the Company and becomes a Member of the Company after the dispatch of this Notice and holding shares as on the cut-off date, i.e. Thursday, September 21, 2023, may obtain the User ID and password by sending a request along with the requisite documents as 8 mentioned in para 18 above, at evoting@nsdl.co.in. However, if you are already registered with NSDL for remote e-voting, then you can use your existing user ID and password for casting your vote. If you forgot your password, you can reset your password by using "Forgot User Details/Password" or "Physical User Reset Password" option available on www.evoting.nsdl.com or contact at 022 - 4886 7000 and 022 - 2499 7000. EXPLANATORY STATEMENT FOR RESOLUTION NUMBER 4, 5 AND 6 OF THE NOTICE

As required by Section 102 of the Act, the following explanatory statement sets out all material facts relating to the special businesses mentioned under resolutions Nos.3, 4, 5 and 6 of the accompanying Notice.

Resolution No. 3: Special Resolution- Appointment of Mr. Gurmit Singh Mann (DIN: 00066653) as Director, liable to retire by rotation

Mr. Gurmit Singh Mann retires by rotation at this Annual General Meeting and, being eligible, offers herself for reappointment, as a Director. Mr. Gurmit Singh Mann has attained the age of 75 (seventy-five) years on November 5, 2010. Accordingly, approval of the members by way of special resolution is sought for her reappointment.

Mr. Mann, the Chairperson of the Company, is an eminent Industrialist and philanthropist and has an experience of over 5 decades in managing industries. He was first appointed as Managing Director in the year 1972 and subsequently as Chairman and Managing Director in the year 1989. Later he became Executive Chairman in the year 2013 and Non-Executive Chairman in the year 2016 and is entitled to receive reimbursement of expenses for participating in the Board and other meetings. Considering the seniority, expertise and vast experience of Mr. Gurmit Singh Mann, the Nomination and Remuneration Committee and the Board of Directors of the Company are of the opinion that continuation of Mr. Gurmit Singh Mann as a Director would immensely benefit the Company. The Board of Directors recommends the resolution set out at Item No. 3 of the Notice for approval of members, as a Special Resolution.

Except for Mr. Mann and Ms. Gursimran Kaur Mann, Managing Director, being daughter and their relatives, no other Directors, Key Managerial Personnel, or their respective relatives are, in any way, concerned or interested, financially or otherwise, in the said resolution. Disclosures, as required under Regulation 36 of the SEBI Listing Regulations and Secretarial Standard -2 on General Meetings issued by the Institute of Company Secretaries of India, are annexed to this Notice

Resolution No. 4: Ordinary Resolution- Ratification of Cost Auditor's Remuneration FY 2023-24

As per the provisions of Section 148 of the Act read with the Companies (Cost Records and Audit) Rules, 2014 ("the Rules"), as amended from time to time, the Company is required to have an audit of its cost records conducted by a cost accountant in practice for products covered under the Companies (Cost Records and Audit) Rules, 2014. The Board, based on the recommendation of the Audit Committee, has approved the re-appointment of Mr. Satnam Singh Saggu, Cost Accountant (Membership Number 10555), as the Cost Auditors to conduct the audit of the cost records of the Company, for the financial year ending March 31, 2024, at a remuneration of Rs.3,00,000/- (Rupees Three Lakhs) plus applicable taxes and reimbursement of reasonable out of-pocket expenses.

In accordance with Section 148(3) of the Act, read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors, as recommended by the Audit Committee and approved by the Board of Directors, is required to be ratified by the Members of the Company. Accordingly, the consent of the Members is sought for passing an Ordinary Resolution as set out in Item No. 4 of the Notice for ratification of the remuneration payable to the Cost Auditors, for the financial year ending March 31, 2024.

The Board commends ratification of remuneration of Cost Auditors, as set out in Resolution no. 4 of the Notice for approval by the Members as an Ordinary Resolution.

None of the Director, Key Managerial Personnel, or their respective relatives are, in any way, concerned or interested, financially or otherwise, in the said resolution.

Resolution No. 5: Special Resolution- Re-appointment of Ms. Gursimran Kaur Mann (DIN: 00642094) as Managing Director and approval of payment of remuneration

MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAVE OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY TO WHICH THE FINANCIAL STATEMENTS RELATE AND THE DATE OF THE REPORT

The Company is continuing to face recovery proceedings on account of defaults in repayments of loans and delay in proposed debt resolution. The detail has been reported elsewhere in this annual report.

Debt Servicing, Proceedings initiated against Company and Proceeding pending under the Insolvency and Bankruptcy Code, 2016

During the year, pending completion of the debt resolution, the Company has not been able to meet its obligations towards the lenders for repayment of both principal and interest. The Company has approached its lenders to implement debt resolution plan of its outstanding debts in accordance with its available future cash flows, sustainability of the business and nature of the business of industry. The Company has approached its commercial lenders to implement debt resolution plan of its outstanding debts including One Time Settlement Proposal (OTS) wherein resolution of entire outstanding debts of commercial banks are proposed to be settled through payment of One Time Agreed amount. OTS proposal submitted by the Company is under consideration by commercial lenders while debt re-alignment proposal submitted with lenders other than commercial lenders is also being under consideration.

On account of delays in servicing of loans, certain lenders to the Company have initiated recovery proceedings at various forums, including filing of applications before the Hon'ble National Company Law Tribunal (NCLT) under Section 7 of the Insolvency and Bankruptcy Code, 2016 in addition to approaching Debt Recovery Tribunals in Delhi and Uttar Pradesh as well. One of the lenders had declared the Company and Guarantors to the credit facility, as Willful Defaulters, such impugned order has been Set Aside by Hon'ble Punjab and Haryana High court at Chandigarh. Against a criminal complaint filed by one of the lenders, the Enforcement Directorate had passed an Attachment Order on certain assets of the Company to the extent of ₹ 109.80 Crore, against which the Company has preferred an appeal with the appropriate authority and the matter is sub-judice. Enforcement Directorate had proceeded to take the constructive possession of the Attached Property on which an interim stay has been granted by the Hon'ble Appellate Tribunal.

Credit Rating

The credit facilities availed by the Company have been classified as non-performing assets (NPA) by all the lenders and interest thereon is not being charged to the loan accounts by commercial lenders as per RBI's circular. Accordingly, Company's credit rating has continued to remain below investment grade

SUBSIDIARY, JOINT VENTURE, AND ASSOCIATE COMPANIES

MANAGEMENT DISCUSSION AND ANALYSIS

ECONOMIC REVIEW

Global

The global economy experienced slower growth at 3.2% in 2022-23 compared to 6.2% in 2021-22. Several factors contributed to this, including the Russia – Ukraine conflict, a return of inflation, a pandemic upsurge in China, global liquidity squeeze, and quantitative tightening by the US Federal Reserve. These challenges led to moderated global capital and consumer spending, disrupted trade, increased energy costs, and cautious consumer behavior. Global inflation elevated to 8.9%. This prompted central banks to aggressively tighten their monetary policy, which further impacted economic activity.

Outlook

In 2023-24, analysts predict that the ongoing issues will continue to impact the global economy, leading to a further slowdown in economic growth. The UK may face a mild recession due to increased cost-of-living, which affects household purchasing power and consumption. Additionally, tighter fiscal and monetary policies are contributing to the economic challenges.

Estimates suggest that the global recovery may begin in the second half of 2023-24, with inflation moderating and the reopening of the Chinese economy. Some positive signs are already visible, such as cooling-off of fuel and commodity prices, along with global container freight rates.

However, the outlook remains uncertain due to several risks. Stress has been observed in banking systems in the US and Europe in recent months, which could worsen with prolonged high inflation levels. This might result in further rate hikes and negatively impact the business environment. The unresolved Russia-Ukraine conflict also adds uncertainty, affecting energy markets and disrupting the supply-demand balance. These uncertainties pose challenges to the global economic recovery in 2023-24.

India

Despite global volatility, the Indian economy demonstrated resilience and achieved a growth rate of 6.8% in 2022, positioning it as the fifth-largest economy globally in terms of nominal GDP. This growth was facilitated by several factors, including the reduction in Covid-19 cases, the expansion of manufacturing through government policies like the Production Linked Incentive (PLI) Scheme and corporate tax cuts, capex recovery, and cyclical upturn in sectors such as banking and auto. Additionally, the country's strengthened digital infrastructure and widespread adoption of real-time digital payments contributed to unlocking 0.56% of GDP.

However, the economy faced inflationary pressures due to rising crude oil prices, prompting the Reserve Bank of India to implement interest rate hikes. The Indian rupee's depreciation against the US dollar also added to inflation challenges.

Amid the growing global focus on sustainability and clean energy, India is steadily moving towards a clean and sustainable economy growth model. As part of this transformative journey, the country has recognized the importance of ethanol as a key pillar of its clean energy strategy and commitment to climate and carbon emissions reduction. With a vision to reduce its dependence on fossil fuels and mitigate greenhouse gas emissions, India has implemented supportive policies and initiatives on clean energy and bio-ethanol fronts.

The emphasis on ethanol production and usage in India's energy mix has opened new avenues for renewable energy sources, leading to increased investments in biofuel technologies and infrastructure. The government's supportive policy framework includes measures such as blending mandates, financial incentives, and investment facilitation, promoting the adoption of bio-ethanol and biofuel technologies across various sectors. These efforts not only contribute to India's climate change mitigation goals but also foster sustainable development, create green jobs, and enhance energy security.

By embracing ethanol as a cleaner alternative to traditional fossil fuels, India demonstrates its commitment to a cleaner and greener future, aligning with global efforts to combat climate change and transition towards a sustainable economy.

Outlook

Looking ahead, the International Monetary Fund projects robust growth of 5.9% for the Indian economy in 2023, the highest among emerging economies. This growth will be driven by strong domestic demand, healthy consumption growth, improvements in the labor market, increased consumer confidence, recovery in rural demand, and higher purchasing power with moderating inflation. The government's efforts to boost private investments through increased capex allocation and targeted reduction of fiscal deficit also contribute to the positive outlook.

However, there are risks to the outlook, such as weakness in the global economy impacting exports, volatility in food and crude oil prices, slowdown in private consumption, and aggressive monetary tightening by global central banks to control inflation. These factors could pose challenges to India's economic growth in the coming year.

SECTORAL REVIEW

Global Sugar Sector Review

The sugar business plays a significant role in national economies worldwide, requiring substantial capital investments for large-scale operations to stay competitive. Global sugar production is estimated to reach 180.43 million tonnes in 2022-23, compared to 173.5 million tonnes in the previous year. Despite a decline in India, increased exports from Brazil and Thailand are expected to offset the decrease.

The global sugar market size is projected to grow from 189.0 million tons in 2022 to 217.2 million tons by 2028, with a compound annual growth rate (CAGR) of 1.64% between 2023-2028. Emerging regions like India, China, and the Middle East show promising growth in sugar-based product demand, driven by rising disposable incomes, urbanization, and changing food habits.

Global sugar consumption is estimated at 176 million tonnes, up from 172.4 million tonnes in FY 2021-22, primarily due to population growth in China, India, and Russia. As a result of the increased global consumption surpassing production growth, sugar stocks are expected to decrease.

Global Ethanol Sector Review

The global ethanol market is experiencing a rise in interest as a biofuel worldwide, with the sector's market size estimated at US$ 109 billion in 2022. It is projected to grow at a CAGR of 4.6% and reach US$ 170 billion by 2032. The industrial ethanol market is driven by increased usage in the food and beverage sector, particularly in the production of alcoholic beverages like vodka, beer, and gin. Industrial ethanol is also used as a food additive for even food coloring distribution and in common extracts like vanilla extract.

Government initiatives to boost ethanol production further contribute to market growth. North America holds the largest market share at 18.6%, led by the United States, followed by Europe at 16.3%. The Asia Pacific region is expected to witness faster market growth due to developing countries' renewable energy programs aiming to reduce crude oil and petrochemical imports.

Indian Sugar Sector Review

The Indian sugar sector is expected to produce between 328 to 330 lakh tonnes in 2022-23, taking into account the diversion of 40 lakh tonnes for ethanol production. Domestic sugar consumption in India is estimated to be 275 lakh tonnes in the same season.

Indian sugar exporters have received favourable prices, with export realizations ranging from Rs. 36-38 per kg compared to domestic prices of Rs. 33-35 per kg. The country has estimated export contracts of 45-50 lakh tonnes, out of the 60 lakh tonnes export quota announced. As the second-largest global sugar exporter, India is expected to report 90 lakh tonnes of sugar in the 2022-23 season.

The Indian Sugar Mills Association (ISMA) has reported that around 35 lakh tonnes of sugar export contracts were initiated for the 2022-23 season before the government's announcement of the export policy. The export policy, announced in November 2022, permits the export of 60 lakh tonnes of sugar on a quota basis until May 31, 2023.

Indian Ethanol Sector Review

India has achieved the target of supplying petrol blended with 10% ethanol ahead of schedule, which resulted in significant benefits. The forex impact amounted to over Rs. 41,500 crore, reduced greenhouse gas emissions by 27 lakh tonnes, and farmers received overs. 40,000 crore. The country has advanced its target to produce petrol blended with 20% ethanol by 2025, leading to an estimated annual saving of $4 billion. This move will enhance the use of renewable energy in India, the world's third-largest oil importer and consumer.

Sugar factories are transforming their manufacturing units into "Green Energy Hubs" to increase ethanol consumption and create an additional revenue stream. These hubs will serve as access points to renewable energy for local farmers. Oil marketing companies have proposed the allocation of around 400 crore liters of ethanol across various locations in the country. Sugar mills are expected to divert about 50 lakh tons of sugar for ethanol production.

To support this initiative, the government is expected to increase the purchase price of ethanol across all categories by up to Rs.2 per liter for the 2022-23 sugar season. Ethanol manufacturers are optimistic about a significant increase in the price at which oil marketing companies will purchase ethanol in the same period.

COMPANY REVIEW

Simbhaoli Sugars is known for its extensive involvement in India's sugar sector for over nine decades. The company operates as an integrated player in the sugar industry, engaging in the production of sugar, ethanol, spirits, and other valuable by-products. With three sugar mills located in Uttar Pradesh, Simbhaoli Sugars has a collective crushing capacity of 19,500 TCD (tonnes crushed per day). Additionally, it possesses two distilleries with a combined ethanol production capacity of 180 KLPD (kilo-liters per day).

Segment–wise Performance

Sugar Operations: The Company's units located at Simbhaoli, Brijnathpur and Chilwaria were running on B-heavy molasses for a particular period of the season. Sugar recovery has been gradually falling in UP. While in 2018-19 it had hit a record 11.46%, it decreased to 11.30% in 2019-20, 10.76% in 2021-22 and 10.63% in 2022-23 on account of pests' infestation like top borer and weather conditions including late rains.

Distillery Operations: The Company produced a total of 336 lakh litres of alcohol, out of which 241 lakh litres of ethanol was produced (171.91 lakh litres through the B-Heavy route and 62.53 lakhs litres through C-Heavy routs respectively).

Further, in recent years, the Company successfully introduced three new whisky brands named Seven Knight Premium Whisky, Brown Eagle Golden Whisky, and Brown Eagle Royal Pack Whisky. These new brands have received a positive and encouraging response from the domestic market.

Branded and Speciality Sugar Operation: As part of our efforts to boost sales and ensure convenient access to our products, we have successfully implemented e-commerce functionality on a diverse range of our FMCG offerings through our Direct-to-consumer e-commerce website.

Additionally, we have remained committed to the development of our sugar brand, 'Trust,' and have enhanced our sales and marketing infrastructure to strengthen distribution through modern retail and wholesale trade channels. Notably, our Trust branded sugar sachets have gained significant acceptance and leadership in the hospitality industry.

Financial Performance with respect to Operational Performance

The company's financial performance in conjunction with its operational achievements during the review period underscores its dynamic growth trajectory. With revenue from operations amounting to Rs. 1,37,832.27 Lakhs, a marginal increase of 0.53% compared to the previous fiscal year's Rs. 1,37,112.01 Lakhs, the company exhibited its steady revenue generation capability. Moreover, the commendable progress in operational metrics is evident as the total sugarcane crushed reached 2,44,44,026 Qtl, marking an impressive 9.44% process volume growth in comparison to the previous year's 2,23,36,260 Qtl. In terms of sugar production, the company continued its upward trajectory, delivering a total of 24,28,400 Qtl of sugar, signifying a notable 1.40% production volume growth from the preceding year's 23,94,805 Qtl. Despite these operational strides, the financial landscape depicted a loss before tax and exceptional income amounting to Rs. 3,138.36 Lakh for the fiscal year ending March 31, 2023, in contrast to the loss before tax of Rs. 922.44 Lakh reported in the previous year. The comprehensive financial picture reveals a total comprehensive loss of Rs. 3,292.02 Lakh for the year ending March 31, 2023, as compared to the previous year's total comprehensive loss of Rs. 935.64 Lakh. These juxtaposed financial and operational results depict a complex interplay of growth and challenges that contribute to the company's evolving trajectory.

INTERNAL CONTROLS

The Company has an adequate system of internal control procedures which is commensurate with the size and nature of its business. Detailed procedural manuals are in place to ensure that all the assets are protected against loss and all transactions are authorized, recorded and reported correctly. The internal control systems of the Company are monitored and evaluated by internal auditors and their audit reports are reviewed by the Audit Committee of the Board of Directors. The observations and comments of the Audit Committee are placed before the Board.

OPPORTUNITIES

Over the past five years, the government's proactive policies have created significant opportunities for the sugar sector. The promotion of sugar exports, provision of export quotas and assistance, encouragement of ethanol blending, and setting a minimum support price (MSP) for sugar have been instrumental in effectively managing the issue of sugar surplus. As a result, sugar stocks have reduced, cane arrears have decreased, and the industry's cash flow has improved.

The government's strategic approach to managing the country's balance sheet has further opened up opportunities for the sugar industry. By prioritizing domestic supply and ethanol blending before allowing exports, the government ensures that sugar is made available for the domestic market first, contributing to greater stability and sustained growth. Collaborative efforts between the Central and State Governments have led to enhanced performance parameters in the sugar industry, such as improved sugar recovery, yield, and the development of new varieties.

Moreover, the government has set an ambitious target of achieving 20% ethanol blending by 2025. This will require a substantial amount of ethanol, approximately 1,016 crore liters, with an additional 334 crore liters for other purposes. To meet this demand, the industry has the opportunity to create a capacity of 1500 crore liters. While 650 crore liters are expected to be sourced from sugarcane, other alternatives, including grains, will contribute to fulfilling the target. These initiatives present a promising outlook for the sugar sector, driving growth, and fostering economic sustainability.

THREATS, RISKS AND CONCERNS

The Company has an elaborate Risk Management Framework defining the risk management governance model, risk assessment, and prioritization process. Risk Management Framework of the Company integrates leading risk management standards and practices. In developing the Risk Management Framework, the focus has been to design a process that addresses the Company's business needs while remaining simple and pragmatic. Risk Management Framework of the Company outlines the series of activities that the Company would use in identifying, assessing, and managing its risks. Key Risks including the Mitigation Measures have been detailed below

Raw Material Risk: In the past year, there has been a noticeable rise in the presence of specific insect pests, including Top Borer and Early Shoot Borer, in sugar cane crops. The Top Borer's impact is particularly significant in the Cane Variety CO-238, which constitutes a substantial portion of the company's cane area. To address this issue, the company is implementing integrated pest management techniques to control the incidence of these pests. Additionally, efforts are already being made to supplement the CO-238 cane variety with other varieties to minimize its impact on the company's command area.

Sugar Price Risk: The pricing dynamics in the sugar industry are complex. While cane prices are determined by the state government, sugar realizations are influenced by market demand and supply. This can lead to discrepancies between cane prices and sugar realizations. To address this risk, the government has established a Minimum Selling Price (MSP) for sugar, initially set at 29.0 per kg and currently at 31.0 per kg. Sugar mills are not allowed to sell sugar below this price. Further, to maintain stable prices, the government has implemented a monthly release mechanism to regulate sugar supply in the market. Additionally, policies are in place to divert excess sugar towards ethanol production or exports, thereby managing potential price dampening caused by oversupply.

The industry is advocating for an increase in the MSP to 38-40 per kg, with ISMA and NFCSF proposing specific price levels for different grades of sugar.

Furthermore, a significant portion of cane and sugar is diverted for ethanol production, for which the government provides a fixed price that aligns with industry costs. The company has taken measures to divert sugar for the production of ethanol using B-heavy molasses and sugar syrup. This strategy aims to reduce sugar production and increase ethanol production. By ensuring consistent ethanol supplies to oil companies.

Regulatory Risk: The sugar industry faces various regulatory risks, including environmental regulations, fluctuating raw material prices, and government policies. The major risk is the disjointed sugarcane price set by state governments. To support the industry's financial health and liquidity, both the Central and State Governments provide policy and subsidy support, enabling sugar mills to meet the fixed cane price mandated by the government.

Regarding the ethanol business, the government has introduced an amendment that prohibits state governments from regulating alcohol meant for industrial use. As a result, several states have relaxed their control on ethanol supplies, offering new opportunities for the ethanol sector.

Financial Risk: During the year, pending completion of the debt resolution, the Company has not been able to meet its obligations towards the lenders for repayment of both principal and interest. The Company has approached its lenders to implement debt resolution plan of its outstanding debts in accordance with its available future cash flows, sustainability of the business and nature of the business of industry. The Company has approached its commercial lenders to implement debt resolution plan of its outstanding debts including One Time Settlement Proposal (OTS) wherein resolution of entire outstanding debts of commercial banks are proposed to be settled through payment of One Time Agreed amount. OTS proposal submitted by the Company is under consideration by commercial lenders while debt re-alignment proposal submitted with lenders other

than commercial lenders is also under consideration.

Further, the Company's focus on growing and optimizing its ethanol business is expected to help the company generate quicker revenues, strengthening the company's liquidity position.

Business Existence Risk: On account of delays in servicing of loans, certain lenders to the Company have initiated recovery proceedings at various forums, including filing of applications before the Hon'ble National Company Law Tribunal (NCLT) under Section 7 of the Insolvency and Bankruptcy Code, 2016 in addition to approaching Debt Recovery Tribunals in Delhi and Uttar Pradesh as well.

The Company is pursuing these matters in the appropriate forums and alternatively has been engaged with its lenders for Debt Resolution through One Time Settlement Proposal (OTS). OTS proposal submitted by the Company is under consideration by commercial lenders while debt re-alignment proposal submitted with lenders other than commercial lenders is also being under consideration.

BOARD EVALUATION

The board evaluation is an essential part of the Company's commitment to good corporate governance. By conducting an annual evaluation of its Board, Committees, and individual members, the Company demonstrates its commitment to transparency, accountability, and effective governance. It enables the Board to identify areas where it can improve its performance and ensures that the Company's governance practices remain in line with best practices.

Process of Evaluation

To evaluate the performance of the Board, its committees, and individual directors, the Nomination and Remuneration Committee led an internal evaluation process in accordance with the Act and the Listing Regulations. To facilitate the evaluation process, questionnaire was developed based on the Guidance Note on Board Evaluation issued by the Securities and Exchange Board of India (SEBI) on January 5, 2017 and sent to all Directors to solicit feedback on the functioning of the Board and the Committees of which they were a member or Chairperson as well as self-assessment by individual directors including Chairperson.

The responses received from the Board members were compiled and submitted to the Chairman of the NRC and the Chairman of the Board. The consolidated responses were also presented at a meeting of the Independent Directors, the Nomination and Remuneration Committee, and the Board for evaluation.

In a separate meeting of Independent Directors, the performance of Non-Independent Directors and the Board as a whole, and the Chairman of the Company was evaluated taking into account the views of Executive Directors and Non-Executive Directors.

The above evaluations were then discussed at the Board meeting that followed the meeting of the Independent Directors and the NRC, at which the performance of the Board, its committees, and individual Directors was also discussed. The performance evaluation of Independent Directors was done by the entire Board, excluding the independent director being evaluated.

Evaluation of the Board

The Nomination and Remuneration Committee took the lead in evaluating the performance and effective functioning of the Board. The evaluation process was designed to assess the Board's overall performance and included the use of a questionnaire to gather feedback from all directors based on qualitative parameters and ratings.

The evaluation process was comprehensive and covered various aspects such as the effectiveness of board meetings, the composition and role of the Board, its functioning (including strategy and performance evaluation), governance and compliance, evaluation of risks, conflicts of interest, corporate culture and ethics, evaluation of performance of the management and feedback, independence of the management from the Board, functioning of Board Committees. The Board's effectiveness was evaluated under different parameters to ensure that it was functioning optimally.

Evaluation of the Committees

The Board undertook an evaluation of its' Committees to assess their effectiveness in fulfilling their obligations. The evaluation process was conducted using a questionnaire that gathered feedback based on qualitative parameters and ratings. The criteria used to evaluate the Committees included the independence and effectiveness of each Committee, the structure of the Committee and its meetings, the time allocated for discussions at meetings, the functioning of Board Committees, and their contribution to the decisions made by the Board.

The evaluation process was important to ensure that the Committees were functioning optimally and contributing effectively to the overall governance of the Company. The independence and effectiveness of each Committee were evaluated to determine whether they were able to carry out their responsibilities without undue influence. The evaluation process provided valuable insights into the Committees' effectiveness and identified areas for improvement.

Evaluation of Directors (including Chairperson of the Board)

The Company conducted a thorough evaluation of its directors, including the Chairperson of the Board, to assess their performance against several criteria. These criteria included the Directors' knowledge and competency, their fulfilment of functions, their guidance and support to management outside of Board and Committee meetings, their degree of fulfilment of key responsibilities, the effectiveness of meetings, their participation and contribution in Board and Committee meetings, and their integrity and independence.

The evaluation process was conducted separately for Independent Directors and Non-Independent Directors. The performance evaluation of the Independent Directors was carried out by the entire Board, excluding the Directors being evaluated. This ensured an unbiased evaluation of their performance. On the other hand, the performance evaluation of the Chairperson and Non-Independent Directors was carried out by the Independent Directors.

The evaluation process was critical to ensuring that the Directors were performing their duties effectively and contributing to the overall success of the Company. By evaluating the Directors against several criteria, the Company was able to identify areas for improvement and provide feedback to help them enhance their performance.

Outcome the Board Evaluation for the financial year 2022-23

The Board had a well-balanced composition and had received positive feedback on their effectiveness in all key aspects. Directors were satisfied with the agenda notes and discussions at meetings, as well as the management's receptiveness to suggestions and feedback from the Board and Committees. It was advised that the Board would spend more time on strategic matters, with periodic updates on management's strategies and business integrations.

To transfer, transmit, or transpose shares in physical form, shareholders should submit them to the office of the Company's Registrar & Share Transfer Agent. The RTA will process these cases only if they are technically found to be complete and in order. The Board has delegated the power to approve the transmission request to the Company Secretary of the Company.

Shareholders are advice to refer the latest SEBI guidelines/circular issued for all the holder holding securities in listed companies in physical form from time to time and keep their KYC detail updated all the time to avoid freezing their folio as prescribed by SEBI.

Management comments on qualifications, reservations or adverse remarks by Statutory Auditors

S. No	Details of Audit Qualification on Standalone Audited Financial Results	Management's Views
1	Non provisions for impairment in the carrying value of Property, Plant and Equipment. We are not made available of appropriate impairment assessment carried out by the management and accordingly, we are unable to comment on the same including compliance with the Ind AS-36 ('Impairment of Assets') and any consequential adjustments that may arise in this regard in these financial results.	The current valuation of the Company's Property, Plant and Equipment's has been taken up by the joint Lenders and therefore, impairment would be ascertained completion of the valuation.
2	Non-provision of interest expense amounting Rs. 4,872.51 Lakhs for the quarter and Rs.19,018.54 Lakhs for the year to date ended March 31, 2023 respectively (previous quarter and year ended March 31, 2022 amounting to Rs. 4,037.32 Lakhs for the quarter and Rs.17,013.85 Lakhs respectively) on certain borrowings for the reasons stated in the said note. Consequently, the Finance cost for the quarter and year has been understated; Net Profit after tax and total other comprehensive income for the quarter has been overstated; Net Loss and Total Comprehensive Income for the year has been understated by the aforesaid respective amounts. The aggregate amount of interest expense not provided for in the accounts aggregates to Rs. 88,948.43 Lakhs till March 31, 2023 (Rs. 69,929.48 Lakhs till March 31, 2022). Consequently, Current Financial Liabilities are understated and other equity as at March 31, 2023 and March 31, 2022 are overstated by the aforesaid respective amounts.	The Company has submitted comprehensive debt resolution proposal by way of One Time Settlement (OTS) to all its commercial lenders against their entire outstanding and waiver of unpaid interest. Accordingly, interest expense is not being recognised in the books of accounts. Accounts being NPA, banks are also not charging interest in our accounts.
3	Non- provision of interest liability in respect of delayed payment of sugarcane price for the reasons stated in the said note. The amount of interest not provided for in the books has not been ascertained.	Considering that no notice of demand has been served upon the Company in this regard and the amount has not been ascertained, no provision has been made in this regards. Based on the past industry a practice, the management is confident that no interest liability will arise for these periods.
4	The company has paid/ provided remuneration to directors amounting to Rs. 39.11 lakhs and Rs. 242.55 lakhs for the quarter and year to date ending March 31, 2023 respectively, in accordance with the special resolutions passed in the Annual General Meeting, after obtaining consent from lenders having majority outstanding and not from all the lenders, which is not in compliance with the provisions of sections 197 of the Companies Act, 2013.	Company has taken consent from lenders and following up with remaining lenders in case of non-receipt of the approval the amount paid shall be reverted back to company accounts.
5	Differences in accounting of certain transactions by Simbhaoli Power Private Limited (SPPL), a material subsidiary company, since last three years which have been disputed by the Company. We are not made available the reconciliation statement of the accounts with SPPL and the details of the transactions in disputes, and hence we are not able to comment on its impact and it consequential impact on these financial statements. Further, the company had invested substantial funds in Simbhaoli Power Private Limited (SPPL), a subsidiary company, which had been incurring losses since FY 2019-20. The auditors of SPPL, in its latest audit report for the year ended March 31, 2022, reported for the existence of material uncertainty that might cast significant doubts about SPPL's ability to continue as a going concern and also reported for existence of conditions for the impairment in the value of property, plant and equipment, which the management of SPPL had not determined. As at March 31, 2023, the carrying amount of investments in Equity Shares and Compulsory Convertible Debentures in SPPL in the books of the Company aggregates to Rs.10,386.53 Lakhs and the carrying amounts of receivables and other dues aggregates to Rs. 7,808.91 Lakhs. The management of the company has not carried out a detailed exercise to determine impairment in the carrying amount of investments in and other recoverable from SPPL and had made a provision of Rs. 125.00 Lakhs as credit loss allowance against the various dues. Due to non availability of information with regard to appropriate impairment assessment carried out by the management of the company and financial and other information from the management of SPPL, we are unable to comment on the recoverability of the carrying amount of investments in and money recoverable from SPPL, including compliance with Ind AS-36 ('Impairment of Assets') and any consequential adjustments that may arise in this regard in these financial results.	The Board of the Simbhaoli Power Private Limited (SPPL), a 51% subsidiary with a joint venture with Sindicatum Bagasse India Pte Limited, has not yet approved its accounts for the financial year 2022-23 due to accounting of certain transactions with the company since last 3 years, based on its own assumption, which have been objected by the company as these are not in accordance with the terms stipulated under Joint Venture agreement executed by both the parties at the time of formation of joint venture in FY 2012-13. Pending resolution of the differences, SPPL has also stopped sharing copy of ledger accounts of the company for reconciliation and confirmation. The company continued to pass accounting entries of the transactions entered into with SPPL as per the terms of joint venture agreements. However, due to non-availability of confirmation and copy of ledger accounts, the amount in disputes with SPPL could not be quantified.

S. No	Details of Audit Qualification on Consolidated Audited Financial Results	Management's Views
1	Group has not consolidated the financial statements of its material subsidiary viz Simbhaoli Private Limited (SPPL) for financial year 2022-23, for the reasons stated in the said note. Under the accounting principles generally accepted in India, the subsidiary should have been consolidated because it is controlled by the Company. Had the result of subsidiary have consolidated, many elements in the accompanying consolidated financial results would have been materially affected The effects on the financial results due to the failure to consolidate have not been determined.	The annual standalone financial statements for the year ended for March 31, 2023 have not been submitted by the management of SPPL for the purpose of consolidation. Hence the impact of non-consolidation of transactions of SPPL for the year could not be ascertained by the Holding company.
2	Non provisions for impairment in the carrying value of Property, Plant and Equipment by the holding company. We are not made available of appropriate impairment assessment carried out by the management and accordingly, we are unable to comment on the same including compliance with the Ind AS-36 ('Impairment of Assets') and any consequential adjustments that may arise in this regard in these financial results.	The current valuation of the Company's Property, Plant and Equipment's has been taken up by the joint Lenders and therefore, impairment would be ascertained after completion of the valuation.
3	Non-provision of interest expense amounting Rs. 4,872.51 Lakhs for the quarter and Rs.19,018.54 Lakhs for the year to date ended March 31, 2023 respectively (previous quarter and year ended March 31,2022 amounting to Rs. 4,037.32 Lakhs for the quarter and Rs.17,013.85 Lakhs respectively) on certain borrowings for the reasons stated in the said note. Consequently, the Finance cost for the quarter and year have been understated; Net Profit after tax and total other comprehensive income for the quarter have been overstated; Net Loss and Total Comprehensive Income for the year have been understated by the aforesaid respective amounts. The aggregate amount of interest expense not provided for in the accounts aggregates to Rs. 88,948.43 Lakhs till March 31, 2023 (Rs. 69,929.48 Lakhs till March 31, 2022). Consequently, Current Financial Liabilities are understated and other equity as at March 31, 2023 and March 31, 2022 are overstated by the aforesaid respective amounts.	The Company has submitted comprehensive debt resolution proposal by way of One Time Settlement (OTS) to all its commercial lenders against their entire outstanding and waiver of unpaid interest. Accordingly, interest expense is not being recognised in the books of accounts. Accounts being NPA, banks are also not charging interest in our accounts.
4	The holding company has paid/ provided remuneration to directors amounting to Rs. 39.11 lakhs and Rs. 242.55 lakhs for the quarter and year to date ending March 31, 2023 respectively, in accordance with the special resolutions passed in the Annual General Meeting, after obtaining consent from lenders having majority outstanding but not from all the lenders, which is not in compliance with the provisions of sections 197 of the Companies Act, 2013.	Company has taken consent from lenders and following up with remaining lenders in case of non-receipt of the approval the amount paid shall be reverted back to company accounts.
5	Non- provision of interest liability in respect of delayed payment of sugarcane price for the reasons stated in the said note. The amount of interest not provided for in the books has not been ascertained.	Considering that no notice of demand has been served upon the Company and the amount has not been ascertained, no provision has been made in this regards. Based on the past industry practices, the management is confident that no interest liability will arise for these period.
6	Disputed unbilled revenue of Rs. 462.57 Lakhs recognised by ICCPL in earlier years and earnest deposits of Rs. 100.00 Lakhs are continued to be carried forward without making any provision for expected credit losses and estimated probable losses on account of disputes. We are not made available of appropriate impairment assessment carried out by the management and accordingly, we are unable to comment on the same including compliance with the Ind AS-36 ('Impairment of Assets') and any consequential adjustments that may arise in this regard in these financial results.	As unbilled revenue in respect of certain customers in accordance with the terms of agreements entered into between ICCPL and its customers as the customers had not accepted the claims of ICCPL, on account of certain disputes. ICCPL moved to arbitration for the settlement of disputes and expects that the matter will be settled in its favour.
7	ICCPL had made provision of Rs. 93.39 Lakhs as expected credit losses in respect of unconfirmed receivables overdue for more than one years aggregating to Rs. 218.86 Lakhs which had not been accepted by the counter parties as payable on account of certain disputes in fulfillment of the contracts. In our opinion and considering the fact of non confirmation and disputes by the counter parties, the entire amount of Rs. 218.86 Lakhs should have been provided. Consequently, Net Profit after tax and total other comprehensive income for the quarter and trade receivable at the end of the year have been overstated; Net Loss and Total Comprehensive Income for the year and other equity at the end of the year have been understated by Rs. 125.47 Lakhs.	Pending final settlement of the disputes, the unbilled revenue and Earnest Money Deposits balances are continued to be carried forward at the same amount, without making any provision for the expected credit losses and estimated probable losses on account of disputes. The auditors of ICCPL are not made available of appropriate impairment assessment carried out by the management and accordingly, expressed their opinion that they are unable to comment on the same, including the compliance of the Ind AS 36 and any consequential adjustment that may arise in this regard in the financial statements of ICCPL.

S. No	Details of Audit Qualification on Consolidated Audited Financial Results	Management's Views
8	Recognition of deferred tax assets of Rs. 118.02 Lakhs by ICCPL in respect of past losses and other deductible temporary differences is not in consonance with Ind AS-12 as the probability of earning sufficient taxable profits in future is remote considering the above mentioned qualifications. Consequently, Net Profit after tax and total other comprehensive income for the quarter and Deferred Tax Assets at the end of the year have been overstated; Net Loss and Total Comprehensive Income for the year and other equity at the end of the year have been understated by the aforesaid amount.	The probability of earning sufficient taxable profits in future is remote in view of the above mentioned qualifications. Consequently, profit after tax for the year, deferred tax assets and total equity at the end of the year are overstated by the aforesaid amount.
9	SPPL had recorded revenue from operations for the period April to September, 2019 at or basis pre CRE Regulation 2019 Tariff Rate instead at the reduced tariff as per CRE Regulation 2019. Management's computation, as reviewed by the statutory auditors of SPPL, shows that revenue from operations for the year ended March 31, 2020 would have been lower by Rs 683 Lakhs, if accounted for at or basis reduced tariff as per CRE Regulations 2019. The statutory auditors have also reported that the above condition indicate the existence of material certainty in relation to tariff under CRE Regulation 2019, and its consequential impact on the Ind AS financial statements including impairment of PPE, if any.	Writ petition has been filed with Hon'ble High Court of Allahabad, Lucknow bench against the reduction of tariff by UPERC w.e.f. April 1, 2019. As the matter is sub-judice, SPPL has accounted for sale of power to Uttar Pradesh Power Corporation Ltd. (UPPCL), the customer at reduced tariff rate.

Statement pursuant to Section 134(m) of the Companies Act, 2013, read with The Companies (Accounts) Rules, 2014, forming part of the Boards' Report

A. CONSERVATION OF ENERGY

(I) Energy conservation measures have been implemented in the following areas:

1. Enhancing juice clarifier capacity and operation by replacing the central tube of Rapi Dorr 444.
2. Upgrading Pharma centrifugal machines NG 701 with ABB make DCS 800 DC drive, PLC, and HMI, replacing the existing DCS 400 DC drive and NEXGEN 4000 PLC and HMI.
3. Increasing capacity with the installation of a new clear juice pump from KIRLOSKAR BROTHERS LTD with a capacity of 450 M3/Hr.
4. Modifying the defecated juice flow line to reduce pressure drop and ensure smooth operation of the cane crush.
5. Enhancing accuracy by replacing RTEMS of ETP with a new system from XYLEM.
6. Installing magnetic flow meters size 4" at the refinery and ETP for controlled and efficient system operation.
7. Improving bagging capacity with the installation of the advanced Hi-tech bagging controller model HT-900 at the packing house.
8. Ensuring smooth and efficient operation of automated plant machineries with a new air compressor from ATLAS COPCO.
9. Replacing the dead weight bolounge type with a load cell-based weighing system to avoid variations in molasses weight in the molasses weighing system modification.
10. Automating pugmill level control of Pharma centrifugal machines to enhance the efficiency and smooth operation of the process.
11. Enhancing salt recovery by partially replacing the membrane of the Brine recovery system.

(II) Additional investments and proposals for reduction of consumption of energy

1. Activities are regularly being pursued on continuous basis for reducing the steam and power consumption in all three sugar and alcohol plants.
2. Further, Steam saving is planned at all the distillery units with the replacement of high pressure steam / incineration boiler.

(III) Impact of above measures

As a result of these measures, steam and power consumption in all sugar units have been reduced, leading to increased bagasse savings. The saved bagasse from SSD and CSD units is now supplied to Simbhaoli Power Private Limited for power conversion, while the bagasse saved at BSD is utilized for off-season consumption in the distillery division.

Over time, significant improvements have been observed in the quality of water discharged from the ETP, and there has been a notable reduction in effluent generation across all units. As a result, fresh water consumption has been minimized, and water as a resource is now being used judiciously.

(II) Steps taken for utilizing alternate sources of energy

The Company has proactively embraced sustainable practices and taken significant steps towards utilizing alternate sources of energy. By harnessing the power of bagasse, the fibrous residue left after sugarcane processing, the company, on a group level, generates green power, avoiding the harmful environmental impacts associated with fossil fuels. Through the adoption of modern and efficient technologies, bagasse is converted into renewable energy, ensuring a responsible and eco-friendly power generation process. The company strategically uses the renewable power for its own captive consumption, substantially reducing its carbon footprint and reliance on conventional energy sources. Moreover, the surplus green power generated is sold back to the electrical grid, contributing to the promotion of renewable energy in the wider community. This proactive approach not only enhances the company's environmental stewardship but also aligns with global efforts to combat climate change and foster a sustainable energy future.

NOTES:

- For electricity generated through diesel generator, cost of the diesel has been considered.
- Since various types of fuel used are alternative to each other, no standard can be fixed for their consumption.
- Due to change in mix of fuel used, no comparison can be made with the earlier years.
- Cost of electricity generated through steam turbine has been arrived at after giving credit for the exhaust steam subsequently used in the manufacturing process.
- Costs have been given based on the records maintained as per Companies (Cost Records and Audit) Amendment Rules 2017, applicable to Sugar and Alcohol industry.

B. RESEARCH & DEVELOPMENT

1. Specific areas in which R&D efforts have been put in by the Company and resultant Benefits derived

- Increased Efficiency of G Mill by Installing Cane Cutter:

  In our ongoing efforts to optimize the performance of our G Mill, we introduced a cutting-edge cane cutter system. This technological enhancement has resulted in a considerable improvement in the efficiency of our G Mill operations. By precisely cutting sugarcane before processing, we have witnessed a substantial increase in the Pol % Insoluble (P.I.) content, leading to improved overall production and yield.

- Reduction in Manpower through Advanced Control Loops:

  To streamline and automate various processes within our plant, we have implemented advanced control loops across several sections. This automation has enabled us to achieve a significant reduction in manual labor requirements. Specifically, the introduction of auto control systems at the melt concentrator, syrup tanks, juice heating, and pharmaceutical sections has resulted in smoother operations, reduced human intervention, and increased precision in critical stages of production. Additionally, the smart weighing technology for sugarcane has further contributed to manpower reduction, enhancing productivity and accuracy.

- Water Conservation through Recycling:

  As part of our commitment to sustainable practices, we have implemented water recycling measures to reduce our environmental footprint. By recycling both cold and hot water within our processes, we have achieved a substantial reduction in effluent generation and minimized the consumption of bore-well water. This initiative not only conserves valuable resources but also supports our responsibility towards environmental stewardship.

2. Future Plan of Action

The R&D activities undertaken by the Company in 2022023 demonstrate our relentless pursuit of excellence and our dedication to sustainability. By leveraging cutting-edge technologies and continuous process improvements, we aim to maintain our position in industry while being mindful of our environmental impact. We believe that these initiatives will not only benefit our organization but also contribute positively to the community and the industry as a whole.

C. TECHNOLOGY ABSORPTION, ADOPTION AND INNOVATION

1. The efforts made towards Technology Absorption, Adoption and Innovation

The Company has been successfully implemented the technologies and processes listed in B1 above.

Further, for over two decades, Simbhaoli Sugars Limited (SSL) has maintained a fruitful research partnership with The Energy and Resources Institute (TERI). The collaboration began in 1996 with a project focusing on the development of a membrane-based process for sugarcane juice clarification. Subsequently, the TERI team has made significant strides in developing ceramic membrane filters for various applications, using distillery wastewater from Simbhaoli and Brijnathpur units as the basis for their research.

Building on the success of these research and development activities, TERI and SSL jointly secured funding under the Waste Management Technology Program of the Technology Development & Transfer Division, DST. This funding is now being utilized for a project involving the preparation and testing of ceramic membrane filters using sugar factory ash in a membrane bioreactor (MBR) for sewage treatment. The scaled-up MBR will be demonstrated and tested at Simbhaoli's factory. The project, initially scheduled from 27 March 2020 to 26 March 2023, has been extended to 26 March 2024.

SSL's contribution to the project includes an in-kind contribution of Rs. 16.2 lakhs, which covers manpower and resources required for bagasse ash collection facilitation, on-site MBR testing, and providing inputs related to ceramic membrane filter development and

requirements. Additionally, the testing includes the analysis of ash and wastewater samples, further enhancing the efficiency and effectiveness of the research efforts.

2. Benefits derived as a Result of above Efforts

(a) Increased Efficiency of G Mill by Installing Cane Cutter:

- Higher production and improved yield from precise cane cutting.
- Optimized G Mill performance for enhanced operational efficiency.
- Competitive advantage in sugar production.

(b) Reduction in Manpower through Advanced Control Loops:

- Lower labor costs through automation and auto control systems.
- Enhanced precision and productivity in critical production stages.
- Improved safety and reliability with reduced human intervention.

(c) Water Conservation through Recycling:

- Demonstrated commitment to sustainable practices.
- Reduced environmental impact through water recycling.
- Conservation of valuable resources like bore-well water.

3. Information in case of Imported Technology (Imported during the last three years, reckoned from the beginning of the Financial Year).

INDEPENDENT AUDITOR'S REPORT

To

The Members of

Simbhaoli Sugars Limited

Simbhaoli, Hapur (U.P.)

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the accompanying Standalone financial statements of **Simbhaoli Sugars Limited** ("the Company"), which comprise the Standalone Balance Sheet as at March 31, 2023, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the matters described in the Basis for Qualified Opinion paragraph, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

I) We draw attention to Note No. 21 of the Standalone financial statements regarding differences in accounting of certain transactions by Simbhaoli Power Private Limited (SPPL), a material subsidiary company, since last three years which have been disputed by the Company. We are not made available the reconciliation statement of the accounts with SPPL and the details of the transactions in disputes, and hence we are not able to comment on its impact and it consequential impact on these standalone financial statements. Further, the company had invested substantial funds in Simbhaoli Power Private Limited (SPPL), a subsidiary company, which had been incurring losses since FY 2019-20. The auditors of SPPL, in its latest audit report for the year ended March 31, 2022, reported for the existence of material uncertainty that might cast significant doubts about SPPL's ability to continue as a going concern and also reported for existence of conditions for the impairment in the value of property, plant and equipment, which the management of SPPL had not determined. As at March 31, 2023, the carrying amounts of investments in Equity Shares and Compulsory Convertible Debentures in SPPL in the books of the Company aggregates to ₹10,386.53 Lakhs and the carrying amounts of receivables and other dues aggregates to ₹ 7,808.91 Lakhs. The management of the company has not carried out a detailed exercise to determine impairment in the carrying amounts of investments in and other recoverable from SPPL and had made a provision of ₹ 125.00 Lakhs as credit loss allowance against the various dues. Due to non-availability of information with regard to appropriate impairment assessment carried out by the management of the company and financial and other information from the management of SPPL, we are unable to comment on the recoverability of the carrying amount of investments in and money recoverable from SPPL, including compliance with Ind AS-36 ('Impairment of Assets') and any consequential adjustments that may arise in this regard in these standalone financial statements.

ii) We draw attention to Note No. 4 of the Standalone financial statements regarding non provisions for impairment in the carrying value of property, plant and equipment. We are not made available of appropriate impairment assessment carried out by the management and accordingly, we are unable to comment on the same including compliance with the Ind AS-36 ('Impairment of Assets') and any consequential adjustments that may arise in this regard in these standalone financial statements.

iii) We draw attention to Note No 5(iv), of the Standalone financial statements regarding non- provision of interest liability in respect of delayed payment of sugarcane price for the reasons stated in the said note. The amount of interest not provided for in the books has not been ascertained.

iv) We draw attention to Note No.9 of the Standalone financial statements regarding non-provision of interest expense amounting ₹ 19,018.54 Lakhs (Previous year ₹ 17,013.85 Lakhs) on certain borrowings for the year ended March 31, 2023 for the reasons stated in the said note. The total amount of interest expense not provided for in the accounts aggregates to ₹ 88,948.43 Lakhs till March 31, 2023 (Previous year ₹ 69,929.48 Lakhs). Had the aforesaid interest expense been provided for, the Finance Cost, Net Loss after tax and Total Comprehensive Loss for the year ended March 31, 2023 would have been increased by ₹ 19,018.54 Lakhs (Previous year ₹ 17,013.85 Lakhs), the Current Financial Liability as at March 31, 2023 would have been increased and shareholder's funds as at March 31, 2023 would have been decreased by ₹ 88,948.43 Lakhs (Previous year ₹ 69,929.48 Lakhs).

v) We draw attention to Note No.10(iv) of the Standalone financial statements regarding director's remuneration paid/ provided amounting to ₹ 242.55 lakhs for the year ended March 31, 2023, in accordance with the special resolutions passed in the Annual General Meeting, after obtaining consent from lenders having majority outstanding and not from all the lenders, which is not in compliance with the provisions of sections 197 of the Companies Act, 2013.

Our report is qualified in respect of above matters.

Material Uncertainty related to Going Concern:

i) As stated in Note No.4 of the Standalone financial statements, the standalone financial statement of the company has been prepared on going concern basis. Events or conditions as set forth in Note No. 4 of the Standalone financial statements indicate that a material uncertainty exists that may cast significant doubt on the company's ability to continue as going concern. The ability of the Company to continue as going concern depends on the decision of National Company Law Tribunal under the Insolvency and Bankruptcy Code 2016, sanction and implementation of proposed debt resolution and realignment scheme with the lenders as stated in the said notes and turnaround of its sugar and distilleries operations on sustainable basis.

Our report is not modified in respect of the above matter.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter:

Key Audit Matters	Auditor's Response
Determination of Cost of Production (COP) and Net Realizable Value (NRV) of Finished Goods and By-Products for valuation of inventory:	
As on March 31, 2023, the Company has inventory of finished goods, by-products and work in progress with a carrying value of ₹ 42,398.57 Lakhs. The inventory of finished goods viz. Sugar and ethanol is valued at the lower of COP and NRV whereas the inventory of by-products viz. molasses and bagasse is valued at NRV/Derived NRV. We considered the value of the inventory of finished goods and by-products as a key audit matter given the relative value of inventory in the standalone financial statements and significant judgement involved in determination of COP and also the consideration of factors such as minimum sale price, monthly quota, and fluctuation in domestic and international selling prices in determination of NRV/ derived NRV.	**Principal Audit Procedures** We understood and tested the design and operating effectiveness of controls as established by the management in determination of COP and NRV/Derived NRV. We reviewed the cost records maintained by the management and examined the documents maintained by the management for computing the COP and NRV/ Derived NRV with reference to the principles prescribed under Ind AS-2 on "Inventories". We considered various factors including the prevailing unit specific domestic selling price of the products at year end and subsequent to the year end, yield of ethanol from "B" Heavy Molasses, prevailing selling price of "C" Heavy Molasses, contracted selling price of the products in respect of contracted sales (including exports contracts), Molasses Policy of State Government for determination of levy obligation of molasses as prevailing as on the date of our audit and initiatives taken by the Government with respect to sugar industry as a whole, for determination of NRV/ Derived NRV of the products. Based on the above procedures performed, the management's determination of COP and NRV/ derived NRV of finished and by-products as at year-end and the comparison of COP with NRV for the valuation of inventory is considered to be reasonable.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Standalone Financial Statements and our auditor's reports thereon.

The aforesaid report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the company's annual report and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and shall take appropriate actions, if required.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to Standalone Financial statement in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure - 'A' a statement on the matters specified in paragraphs 3 and 4 of the Order;
2. As required by Section 197(16) of the Act, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V to the Act, except for non-compliance as reported in Para (v) of Basis of Qualified Opinion above.
3. As required by Section143(3) of the Act, we report that:
   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   b) Except for the matters described in the Basis for Qualified Opinion paragraph above, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss including Other Comprehensive Income, Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
   d) Except for the matters described in the Basis for Qualified Opinion paragraph above, in our opinion, the aforesaid Standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 as amended.
   e) The qualifications relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above.
   f) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
   g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      ii. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses as at March 31, 2023.
      iii. There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company.
      iv. (a) The Management has represented to us that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
      (b) The Management has represented to us that, to the best of its knowledge and belief, no funds (which are material either individually or in aggregate) have been received by the company from any person(s) or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
      (c) Based on our audit procedure conducted that are considered reasonable and appropriate in the circumstances, nothing has come to our attention that cause us to believe that the representation under sub- clause (i) and (ii) of Rule 11 (e) as provided

under paragraph (2) (h) (iv) (a) & (b) above, contain any material misstatement.

v) The Company has not declared or proposed dividend during the year.

vi) Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the company with effect from April 1, 2023 and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for Financial Year ended 31st March,2023.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Annexure A to the Independent Auditor's Report to the members of Simbhaoli Sugars Limited on its standalone financial statements dated 26.05.2023.

Report on the matters specified in paragraph 3 of the Companies (Auditor's Report) Order, 2020 ("the Order') issued by the Central Government of India in terms of section 143(11) of the Companies Act, 2013 ("the Act") as referred to in paragraph 1 of 'Report on Other Legal and Regulatory Requirements' section.

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

I) (a) (A) The Company has maintained proper records showing full particulars including quantitative details and situation of property, plant and equipment and relevant details of right-of use assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) The property, plant and equipment and right-of use assets have been physically verified by the management according to the programme of periodical verification in phased manner which, in our opinion, is reasonable having regard to the size of the company and the nature of its property, plant and equipment. The discrepancies, if any, noticed on such physical verification have been properly dealt with in the books of accounts.

(c) According to the information and explanation given to us and on the basis of our examination of records of the Company, except for the lease hold land admeasuring approximately 17 acres at village Simbhaoli and the following stated properties, the title deed of immoveable properties are held in the name of the company. The lease deed executed in favour of the Company by the State Government has been cancelled in earlier years and we are informed that the company had filed writ petition against the impugned cancellation order which is still subjudice. Details of other immoveable properties which are not registered in the name of the Company are as under: -

(₹ In lakhs)

Description of property	Gross carrying value	Held in name of	Whether promoter, director or their relative or employee	Period held –indicate range, where appropriate	Reason for not being held in the name of company
Land at Simbhaoli Sugars limited -Brijnathpur (U.P)	42.30	Mr. Jaswant Lal	No	01.04.2015	Land acquired under Scheme of Amalgamation could not be transferred in the name of company as approval from collector is in process
----do—	12.47	Mr. Mohd. Yameen	No	01.04.2015	Land acquired under Scheme of Amalgamation could not be transferred in the name of company as the transferor of the land had expired and the company is in negotiation with the legal heir of transferor and in the process of completing the legal formalities for getting the land registered in its name.

(d) The Company has not revalued its property, plant and equipment (including right-of use assets) and intangible assets during the year.

(e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

ii) (a) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business. The discrepancies noticed on verification between the physical stocks and the book records in each class of inventory is less than 10% and have been properly dealt with in the books of accounts.

(b) As disclosed in Note No. 9(i) to the standalone financial statements, the Company were sanctioned working capital limits in excess of ? 5.00 Crores in aggregate from banks during earlier years on the basis of security of current assets of the Company and the same were recalled by them on account of continuous defaults. The quarterly returns/statements filed by the Company with such banks are not in agreement with the books of accounts of the Company and the details are as follows:

(₹ In lakhs)

Quarter ending	Value as per books of accounts	Value as per quarterly return/statement filed with lenders	Difference
June 30, 2022	37,751.33	36,676.53	1,074.80
September 30, 2022	17,947.98	15,983.47	1,964.51
December 31, 2022	26,444.03	24,834.27	1,609.76
March 31, 2023	44,020.85	43797.89	222.96
Reason for differences:			
As explained by the management, the differences pertain to valuation methodology adopted while filing stock statements with the lenders. Finished Stocks are valued at lower of cost or net realisable value in the books of accounts as per applicable accounting standards but finished stock in stock statement is valued by methodology as stipulated in sanction letter of banks. Further, as explained, since all the Cash Credit facilities are in Default and being Recalled no Drawing Power is accorded to the company basis Stock Statements.			

iii) According to the information and explanations given to us and based on our examinations of the records, in our opinion, the Company has not made any investments or, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties during the year. Accordingly, the provisions of clause 3(iii)(a), (c) to (f), of the Order are not applicable to the company.

iv) In our opinion and according to the information and explanations given to us, the Company has complied with provisions of Sections 185 and 186 of the Act, with respect to investment made.

v) According to the information and explanations given to us, in our opinion, the Company has not accepted any deposits from the public within the meaning of section 73, 74, 75 and 76 of the Act read with the Companies (Acceptance & Deposit) Rules 2014 and other relevant provisions of the Act, to the extent notified. Accordingly, the provisions of clause 3(v) of the said order are not applicable to the Company.

vi) We have broadly reviewed the books of account maintained by the company pursuant to the Rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act, in respect of Company's products and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

vii) In respect of statutory dues:

a) According to the records of the company and information and explanations given to us, the Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Income-tax, Tax deducted at sources, Tax collected at source, Sales Tax, value added tax (VAT), Goods and Service Tax (GST), Custom Duty, Excise Duty, Cess and any other statutory dues applicable to it, with the appropriate authorities though there has been slight delay in few cases. There are no undisputed statutory dues as referred to above as at March 31,2023 outstanding for a period of more than six months from the date they become payable except for the following:

(₹ In lakhs)

Particulars	Amount	Particulars	Amount
Purchase Tax	15.34	TDS Demand	4.16`
Import Duty	424.04		

b) According to the information and explanations given to us, the particulars of Income tax, Service-tax, Sales-tax, Custom Duty, Excise Duty, Entry tax, Value Added Tax, Goods and Service Tax, which are not been deposited on account of any dispute as on March 31, 2023 are as reported in Note No. 14 to the accompanying standalone financial statements.

viii) According to the information and explanations given to us, the company has not surrendered or disclosed any transaction, previously unrecorded in the books of accounts, in the tax assessments under the Income Tax Act, 1961, as income during the year. Accordingly, the provisions of clause 3(viii) of the Order are not applicable to the company.

ix) (a) According to the information and explanations given to us and as per the books and records examined by us, in our opinion, the Company has defaulted in repayment of loans and borrowings to banks and Government. Details of defaults in respect of principal and interest dues to Banks & Governments are stated in Note No.9 to accompanying standalone financial statements.

(b) According to the information and explanations given, including representation received from the management, and the records of the Company examined by us the Company was declared Willful Defaulter by Erstwhile Oriental Bank of Commerce now Punjab National Bank on 03.08.2018 which was subsequently Set Aside by Hon'ble High court as mentioned in Note No. 8 to accompanying standalone financial statements.

(c) In our opinion and according to the information and explanation given to us, the Company has not availed any term loan during the year. Accordingly, the provisions of clause 3(ix)(c) of the Order are not applicable to the company.

(d) On overall examination of the financial statement of the Company, prima facie, funds raised on short term basis in earlier years were used for financing the losses and other long term purposes by the Company and due to the aforesaid reasons, the total current liability (inclusive of recalled long term borrowings which are classified as current liabilities) of the company, exceeded the current assets as at March 31, 2023 by substantial amount.

(e) According to the information and explanations given to us and as per the books and records examined by us, the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary company.

(f) According to the information and explanations given to us and procedures performed by us, the company has not raised loans during the year on the pledge of securities held in its subsidiary company.

x) (a) According to the information and explanations given to us and as per the books and records examined by us, the company has not raised money by way of initial public offer or further public offer (including debt instruments). Accordingly, the provisions of paragraph

3(x)(a) of the Order are not applicable to the company.

(b) According to the information and explanations given to us and as per the books and records examined by us, the company has not made any preferential allotment or private placement of shares or convertible debentures during the year. Accordingly, the provisions of paragraph 3(x) (b) of the Order are not applicable to the company.

xi) (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or any fraud on the Company has been noticed or reported during the year. Accordingly, the provisions of paragraph 3(xi) (a) and (b) of the Order are not applicable to the company.

(b) According to the information & explanations and representation made by the management, no whistle- blower complaints have been received during the year (and up to the date of the report) by the company.

xii) In our opinion, the Company is not a Nidhi Company. Accordingly, the provisions of paragraph 3(xii) (a) to (c) of the Order are not applicable to the company.

xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by applicable accounting standards.

xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.

(b) The internal audit reports of the Company issued till the date of the audit report, for the part period under audit have been considered by us.

xv) In our opinion, and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with him and hence the provisions of paragraph 3 (xv) of the Order is not applicable to the Company.

xvi) (a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the provision of paragraph 3 (xvi) (a) to (c) of the Order is not applicable to the Company.

(b) As per information and explanation provided to us, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016). Accordingly, the provision of paragraph 3 (xvi) (d) of the Order is not applicable to the Company.

xvii) In our opinion, and on the basis of examination of financial statements and subject to the effect of the matters stated in the Basis of Qualified Opinion Para of our report, the Company has not incurred cash losses in the current financial year and in the immediate preceding financial year on the basis of financial figures presented in the Statement of Profit and Loss Account.

xviii) There has been no resignation of the statutory auditors during the year. Accordingly, provisions of paragraph (xviii) of the Order are not applicable to the Company.

xix) According to the information and explanations given to us and on the basis of the standalone financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, we are of the opinion that the company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date because the company is already in default in making due payments to the banks and cane growers as at March 31, 2023 and the current liabilities (inclusive of recalled long term borrowings classified as current liabilities) of the Company exceeded the current assets by ₹ 1,36,866.81 Lakhs as at March 31, 2023.

xx) Since, the Company is not required to spend any Corporate Social Responsibility (CSR) expenditure under the provision of Section 135 of the Companies Act, 2013 during the year, the provisions of paragraph (xx) of the Order are not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Annexure B to the Independent Auditor's Report to the members of Simbhaoli Sugars Limited on its standalone financial statements dated 26.05.2023.

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 3(g) of 'Report on Other Legal and Regulatory Requirements' section

We have audited the internal financial controls with reference to standalone financial statements of Simbhaoli Sugars Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the Ind AS standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the

Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A Company's internal financial control with reference to these standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to these standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the material weaknesses have been identified as at March 31, 2023 in respect of various matters qualified in our main audit report under the section “Basis for Qualified Opinion, Material Uncertainty on Going Concern” which have resulted in the material misstatement in the Company's financial balance, presentation and disclosures of Ind AS Financial Statement.

A material weakness is deficiencies or combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the possible effects of the material weaknesses matters referred to above, the Company has, in all material respects, an adequate internal financial controls with reference to these standalone financial statements and such internal financial controls were operating effectively as at March 31, 2023, based on the internal control with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

These financial statements of the Company for the year ended 31st March, 2023 are approved and authorized for issue by the Company's Board of Directors on **May 26, 2023**.

2.1 Basis of preparation and presentation

I) Statement of Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) read with the Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and relevant amendment rules thereafter and accounting principles generally accepted in India.

These financial statements have been prepared on going concern basis using the significant accounting policies and measurement bases summarized below. Accounting Policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policy hitherto in use. In those cases the new accounting policy is adopted in accordance with the transitional provisions stipulated in that Ind AS and in absence of such specific transitional provision, the same is adopted retrospectively for all the periods presented in these financial statements.

ii) Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendents to the existing standards. There is no such notification which would have been applicable from April 1 , 2023.

iii) Basis of preparation

The financial statements have been prepared on the historical cost basis except for certain financial assets and liabilities (refer accounting policy regarding financial instruments) and assets for defined benefit plans that are measured at fair value less cost of sales wherever required. The methods used to measure fair values are discussed further in notes to financial statements.

iv) Functional and presentation currency

These financial statements are presented in Indian rupees (INR), which is company's functional currency. All amounts have been rounded off to nearest lacs unless otherwise indicated.

v) Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013 based on the nature of services rendered and time between the acquisition of asset for providing services and their realization in cash and cash equivalents.

2.2 Current versus non-current classification

The company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it satisfies any of the following criteria:

- Expected to be realized or intended to be sold or consumed within normal operating cycle.
- Held primarily for the purpose of trading.
- Expected to be realized within twelve months after the reporting date, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle liability for at least twelve months after the reporting date.

A liability is treated as current when it satisfies any of the following criteria:

- Expected to be settled in the company's normal operating cycle;
- Held primarily for the purpose of trading;
- Due to be settled within twelve months after the reporting date; or
- The Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.
- Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments does not affect its classification.

Current liabilities include the current portion of non-current financial liabilities. All other liabilities are classified as non-current.

The Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

2.3 Use of Estimates and management judgements

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management of the company to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets, liabilities and related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date.

The estimates and management's judgements are based on previous experience and other factors considered reasonable and prudent in the circumstances. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

The areas involving critical judgements are as follows:

i) Material uncertainty about going concern:

In preparing financial statements, management has made an assessment of Company's ability to continue as a going concern. Financial statements are prepared on a going concern basis. The management is aware, in making its assessments, of material uncertainties related to events or conditions that may cast significant doubt upon the company's ability to continue as a going concern. Further details on going concern are disclosed in Note No. 4.

ii) Fair value measurements of financial instruments:

When the fair value of financial assets and liabilities recorded in the Balance sheet cannot be measured based on the quoted market price in the active markets, their fair value is measured using valuation technique. The input to these model is taken from the observable market wherever possible, but if this is not feasible, a review of judgements is required to establish fair values. Changes in assumptions related to these inputs could affect the fair value of financial instrument.

iii) Employee benefit plans:

Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, rate of salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.

iv) Recoverability of trade receivables:

The Company has a stringent policy of ascertaining impairments, if any, as a result of detailed scrutiny of major cases and through determining expected credit losses. Despite best estimates and periodic credit appraisals of customers, the Company's receivables are exposed to delinquency risks due to material adverse changes in business, financial or economic conditions that are expected to cause a significant change to the party's ability to meet its obligations. All such parameters relating to impairment or potential impairment are reviewed at each reporting date

v) Provision and contingencies:

The assessments undertaken in recognizing provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events has required best judgements by management regarding the probability of exposure to potential loss. The timing of recognition and quantification of the liability requires the application of judgements to existing facts and circumstances, which can be subject to change.

vi) Income Tax:

The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

Deferred tax assets are recognised for unused tax losses and unused tax credit to the extent that it is probable that taxable profit would be available against which the losses could be utilized. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

vii) Useful life and residual value of plant, property equipment and intangible assets:

The useful life and residual value of plant, property equipment and intangible assets are determined based on technical evaluation made by the management of the expected usage of the asset, the physical wear and tear and technical or commercial obsolescence of the asset. Due to the judgementss involved in such estimations, the useful life and residual value are sensitive to the actual usage in future period.

2.4 Significant Accounting Policies

A. Property, Plant & Equipment and Capital work in Progress

- **Recognition and measurement**

  Property, plant and equipment are tangible items that are held for use in the production or supply for goods and services, rental to others or for administrative purposes and are expected to be used for more than one period.

  The cost of an item of property, plant and equipment is being recognized as an asset if and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

  Freehold lands are stated at cost. All other items of property, plant and equipment are stated at cost net of recoverable taxes less accumulated depreciation, and impairment loss, if any.

  The cost of an asset includes the purchase cost of assets, including import duties and non-refundable taxes, and any directly attributable costs of bringing an asset to the location and condition of its intended use. Interest on borrowings used to finance the construction of qualifying assets are capitalized as part of the cost of the asset until such time that the asset is ready for its intended use.

  Items of spare parts, stand-by equipments and servicing equipments which meet the definition of property, plant and equipment are capitalized. Other spare parts are carried as inventory and recognized in the statement of profit and loss on consumption. When parts of an item of Property, plant & equipments have different useful lives, they are accounted for as separate component.

When a significant part of property, plant and equipment are required to be replaced at intervals, the company derecognizes the replaced part and recognise the new part with its own associated life and it is depreciated accordingly. Likewise when a major repair is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement, if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the Statement of Profit and Loss as incurred.

The present value of the expected cost of decommissioning of an asset after its use, if any, is included in the cost of the respective asset if the recognition criteria of provisions are met.

The cost and related accumulated depreciation are eliminated from the financial statement upon sale or retirement of the asset and resultant gains or losses are recognized in the Statement of Profit and Loss.

Assets identified and technically evaluated as obsolete are retired from active use and held for disposal are stated at lower of its carrying amount and fair value less cost to sell.

Capital work-in-progress, representing expenditure incurred in respect of assets under development and not ready for their intended use, are carried at cost. Cost includes related acquisition expenses, construction cost, related borrowing cost and other direct expenditure.

- **Subsequent Expenditure.**

  Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

B. Intangible Assets

Intangible assets are recognized when it is probable that the future benefits that are attributable to the assets will flow to the Company and the cost of the assets can be measured reliably.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit and loss for the year in which the expenditure is incurred.

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from its use. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss when the asset is derecognized.

C. Depreciation and Amortization

The classification of plant and machinery into continuous and non-continuous process is done as per their use and depreciation thereon is provided accordingly. Depreciation commences when the assets are available for their intended use. The depreciation is provided by applying the following method at the useful lives specified in schedule II to the Companies Act, 2013:

All Depreciable PPE except Vehicles	-	Straight line method
Vehicles	-	Written down value method

PPE costing up to ₹ 5,000 are fully depreciated in the year of purchase. Freehold land is not depreciated.

Intangible assets are amortized on a straight-line basis over the estimated useful economic life of the assets. The Company uses a rebuttable presumption that the useful life of intangible assets is ten years from the date when the assets is available for use.

Right-of-use assets are depreciated on straight line method (SLM) over the period of life of right of use assets or lease terms whichever expire earlier except in case of right of use assets, the ownership of which is proposed to be transferred to the company or the cost of such assets reflects that the company will exercise a purchase option, the same is depreciated on straight line method (SLM) over the useful life of the assets.

"The estimated useful lives, residual values and depreciation method are reviewed at the end of each financial year and are given effect to wherever appropriate."

D. Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

- **The Company as a lessee**

"The Company's lease asset class primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assesses whether: "

> The contract involves the use of an identified asset.

> The Company has substantialized all of the economic benefits from use of the asset through the period of the lease and;

> The Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently

measured at cost less accumulated depreciation and impairment losses, if any.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Right-of-use assets is evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are re-measured with a corresponding adjustment to the related right- of- use asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

- **As a lessor**

Leases for which the company is a lessor, is classified as finance lease or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as finance lease. All other leases are classified as operating lease. When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sub-lease separately. The sub-lease is classified as finance lease or operating lease with reference to right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of such lease.

E. Government Grant

Grants from the government are recognized at their fair value where there is reasonable assurance that the grant will be received, and the Company will comply with all attached conditions.

Governments Grants relating to the purchase, construction or otherwise acquired non-current assets, are recognized as deferred income in the balance sheet and are credited to profit or loss on a systematic and rational basis over the expected lives of the related assets and presented in other income.

Government Grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the company with no future related costs are recognized in statement of profit or loss in the period in which they become receivable.

F. Borrowing

Long term borrowing are initially recognised at net of material transaction costs incurred and measured at amortised cost.Any diffrence between the proceeds (net of transaction costs) and the redemption amount is recognised in the statement of Profit and Loss over the period of the borrowing using the effective interest method.

G. Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs. Other borrowing costs are expensed in the period in which they are incurred.

H. Employee benefit plans:

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard (Ind AS)-19 - 'Employee Benefits'.

- **Short-term employee benefits**

Short-term employee benefit obligations are measured on an undiscounted basis and are expense off as the related service is provided. A liability is recognized for the amount expected to be paid e.g., under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

- **Defined contribution plans**

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognized as an employee benefit expense in statement of profit or loss in the periods during which the related services are rendered by employees. Prepaid contributions are recognized as an asset to the extent that a cash refund or a reduction in future payments is available.

Retirement benefit in the form of superannuation fund is a defined contribution scheme. The Company has established a Superannuation Fund Trust to which contributions are made quarterly. The Company recognizes contribution payable to the superannuation fund scheme as expenditure, when an employee renders the related service. The Company has no other obligations beyond its quarterly contributions.

- **Defined benefit plans**

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The company net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the company, the recognized asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Re-measurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized as other comprehensive income. The company

determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognized immediately in statement of profit or loss. The company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs

- **"Other long-term employee benefits"**

The Company's net obligation in respect of long-term employee benefits other than post-employment benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The obligation is measured on the basis of an annual independent actuarial valuation using the projected unit credit method. Re-measurements gain or losses are recognized in statement of profit or loss in the period in which they arise.

- **Voluntary Retirement Scheme**

Expenditure on voluntary retirement scheme is charged to the Statement of Profit and Loss in the year in which it is incurred.

I. Inventories

Inventories, except By-products are valued at the lower of cost and net realizable value. By-products are valued at estimated net realizable value. The bases of determining cost for different categories of inventory are as follows:

Stores and spare parts	-	Monthly weighted average
Raw materials	-	First in first out (FIFO)
Process stocks/finished goods	-	Material cost plus appropriate share of labour and manufacturing overheads
Stock in trade	-	First in first out (FIFO)

J. Financial Instruments

i) Financial Asset

Classification

The company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and contractual cash flow characteristics of the financial asset.

Initial Recognition and Measurement

All financial assets are recognised initially at fair value, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

The financial assets include equity and debt securities, trade and other receivables, loans and advances, cash and bank balances and derivative financial instruments.

Subsequent Measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- At amortized cost,
- At fair value through other comprehensive income (FVTOCI).
- At fair value through profit or loss (FVTPL).

Debt instrument at amortized cost

A "Debts instrument" is measured at the amortized cost if both the following condition are met:

- The assets are held within a business model whose objective is to hold assets for collecting contractual cash flow(business model test) , and
- Contractual terms of the assets give rise on specified dates to cash flows that are solely payments of principle and interest on the principle amount outstanding (contractual cash flow characteristics).

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount, premium, fee or costs that are an integral part of an EIR. The EIR amortization is included in finance income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit and loss.

Debt instrument at fair value through profit or loss

Debt instruments included within the fair value through profit or loss (FVTPL) category are measured at fair value with all changes recognized in the statement of profit and loss.

Debt instruments at fair value through other comprehensive income

A financial asset should be measured at FVTOCI if both the following conditions are met:

- The asset is held within a business model in which asset are managed both in order to collect contractual cash flows and for sale, and
- Contractual terms of the assets give rise on specified dates to cash flows that are solely payments of principle and interest on the principle amount outstanding.

After initial measurement (at fair value minus transaction cost), such financial assets are measured at fair value with changes in fair value recognized in Other comprehensive income except for:

- Interest calculated using EIR
- Foreign exchange gain and losses , and
- Impairment losses and gains

Equity investments

"All equity investments in the scope of Ind AS 109 are measured at fair value except in case of investment in subsidiaries, Joint ventures and associates which are carried at cost/deemed cost and reviewed for impairment at each balance sheet date. Deemed cost is the carrying amount under the previous GAAP as at the transition date i.e. April 01, 2016. Equity instruments included within the FVTPL category, if any, are measured at fair value with all changes recognized in statment of profit or loss. The Company may make an irrevocable election to present in OCI subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. When the fair value has been determined based on level 3 inputs, the difference between the fair value at initial recognition and the transaction price, if loss, is recognized through retained earnings and after initial recognition subsequent changes in fair value of equity instruments is recognised as gain or loss to the extent it arises from change in input to valuation technique. If the Company decides to classify an equity instrument at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in OCI. There is no recycling of the amounts from OCI to profit or loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. "

De-recognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognized when:

- The right to receive cash flows from the assets have expired or
- The company has transferred substantially all the risks and rewards of the assets, or
- The company has neither transferred nor retained substantially all the risks and rewards of the assets, but has transferred control of the assets.

ii) Financial liabilities

Classification

Debt and equity instruments issued by the company are classified as either financial liabilities or as equity in accordance with the substance of the contractual agreements and the definitions of financial liability and equity instrument.

Initial recognition and measurement

The company recognizes financial liability when it becomes a party to the contractual provision of the instrument. All financial liabilities are recognized initially at fair value, for financial liability not subsequently measured at FVTPL, at transaction costs that are directly attributable to the issue of financial liability.

Subsequent Measurement

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liability at amortized cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Gain and losses are recognized in statement of profit and loss when the liabilities are derecognized.

Amortization cost is calculated by taking into account any discount or premium on acquisition and transaction cost. These amortization is included as finance cost in the statement of profit and loss.

This category generally applies to loans & borrowings.

Financial liability at FVTPL

Financial liabilities are classified at FVTPL when the financial liability is either contingent consideration recognized by the company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designed as at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gain or loss arises on re-measurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any interest paid on the financial liability.

Equity Instrument

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the company are recognized at the proceeds received, net of direct issue cost.

Repurchase of the company's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue, or cancellation of the company's own equity instruments.

De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amount recognized in the Statement of Profit and Loss.

iii) Offsetting of financial instrument

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

K. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cheques on hand, deposits held at call with banks, balance with banks on current account and short term, highly liquid investments with an original maturity of three months or less that are readily convertible to cash and which are subject to an insignificant risk of changes in value.

For the purpose of statement of cash flow, cash and cash equivalents consist of cash and short term deposits, net of outstanding bank overdraft as they being considered as integral part of the company's cash management.

L. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sale of Goods

The Company derives revenue primarily from, sale of sugar and other by-products produced from processing of sugar cane, and sale of chemical, liquor etc. Revenue from sale of goods is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration, the company expect to receive in exchange of those products or services. Revenue is inclusive of excise duty and excluding estimated discount and pricing incentives, rebates, other similar allowances to the customers and also excluding value added taxes, goods and other taxes and amounts collected on behalf of third parties or government, if any.

Interest Income

Interest income from a financial asset is recognized when it is probable that the economic benefit will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend Income

Dividend income is recognized when the Company's right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably i.e. in case of interim dividend, on the date of declaration by the Board of Directors; whereas in case of final dividend, on the date of approval by the shareholders.

Export Incentives

Export incentives are accounted for in the year of exports based on eligibility and when there is no significant uncertainty in receiving the same.

Insurance Claims

Insurance claim are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

M. Expenses

All expenses are accounted for on accrual basis.

N. Foreign currency translations

Standalone financial statements have been presented in Indian Rupees (INR), which is Company's functional and presentation currency.

Initial Recognition

Transactions in foreign currencies are initially recorded at the functional currency spot rate prevailing at the date the transaction first qualifies for recognition.

Transactions and balances

Monetary assets and liabilities related to foreign currency transactions outstanding at the balance sheet date are translated at the functional currency spot rate of exchange prevailing at the balance sheet date. Any income or expense arising on account of foreign exchange difference either on settlement or on translation is recognized in the Statement of Profit and Loss.

O. Taxes

- **Income tax**

  Income tax comprises current and deferred tax. It is recognized in profit or loss except to the extent that it relates to a business combination or to an item recognized directly in equity or in other comprehensive income.

- **Current tax**

  Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

  Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on net basis or simultaneously.

- **Deferred tax**

  Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognized in respect of carried forward tax losses and tax credits. Deferred tax is not recognized for:

  - Temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
  - Temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
  - Taxable temporary differences arising on the initial recognition of goodwill.

  Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used. In case of a history of continuous losses, the company recognizes a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized. Deferred tax assets – unrecognized or recognized, are reviewed at each reporting date and are recognized/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realized.

  Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized, or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

  Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to

income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

P. Impairment

- **Non-financial assets**

  Goodwill and Intangible assets that have an indefinite useful life are not subject to amortization but are tested annually for impairment.

  Other intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the re coverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

  The carrying amount of assets is reviewed at each balance sheet date, if there is any indication of impairment based on internal/external factor. An asset is impaired when the carrying amount of the assets exceeds the recoverable amount. If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit or loss in the year in which an asset is identified as impaired.

  An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

- **Financial assets**

  The company applies 'simplified approach' measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

  - Financial assets that are debt instrument and are measured at amortized cost e.g. loans, debt securities, deposits, and bank balance.
  - Trade receivables:

    The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on life time expected credit loss at each reporting date, right from its initial recognition.

Q. Earnings per share

Basic earnings per share are calculated by dividing the profit/loss for the year (before other comprehensive income), attributable to the equity shareholders, by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share are calculated by dividing the profit/(loss) for the year (before other comprehensive income), adjusting the after tax effect of interest and other financing costs associated with dilutive potential equity shares, attributable to the equity shareholders, by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares which could be issued on the conversion of all dilutive potential equity shares.

R. Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement. Provisions are not recognized for future operating losses

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote.

A contingent asset is not recognized but disclosed, when possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

S. Operating Segments

The Company's operating segments are established on the basis of those components of the Company that are evaluated regularly by the Board of Directors (the 'Chief Operating Decision Maker' as defined in Ind AS 108 - 'Operating Segments'), in deciding how to allocate resources and in assessing performance. These have been identified taking into account nature of products and services, the different risks and returns and the internal business reporting systems.

Revenue and Expenses have been identified to a segment on the basis of relationship to operating activities of the segment. Revenue and Expenses which relate to enterprise as a whole and are not allocable to a segment on reasonable basis have been disclosed as "Unallocable".

Segment Assets and Segment Liabilities represent Assets and Liabilities in respective segments. Assets and Liabilities that cannot be allocated to a segment on reasonable basis have been disclosed as "Unallocable".

T. Cash Flow Statement

"Cash flows are stated using the indirect method, whereby profit/loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of incomes and expenses associated with investing or financing flows. The cash flows from operating, investing and financing activities of the Company are segregated."

4. "For the year ended March 31, 2023 and in previous years, due to higher raw material cost i.e. sugarcane costs (SAP) fixed by State government and relatively lower sales realization of finished sugar, adverse demand & supply scenario, and other eternal factors, the Company had continuously incurred huge cash losses resulting in complete erosion of its net worth, rendering the Company unable to meet payment obligations towards its lenders as well as to the sugarcane farmers in terms of their respective agreements and understanding. All the production units of the Company are operational and continue to operate at sub-optimum levels on year on year basis while consistent efforts are being made for improvement in operational efficiency viz. improvement in sugar recovery, reduction in overheads and reduction in other operational and administrative costs etc. However, due to lack of required working capital and no capex being undertaken towards augmentation and modernization, the operations of distillery units /sugar plants is still adversely impacted. Further, the availability of required sugarcane for optimal utilization of production capacities is still a challenge on account of aforesaid reasons. In distillery segment, non-installation of incineration boilers and other equipment's to meet the stringent requirement of Pollution control board is still resulting in curtailed production levels. Further, the expected accrued benefits under the Sugar Industries Promotion policy 2004 has not been yet disbursed by the State Government as the matter is sub-judice."

Recognizing the status of the sugar industry, the state and central governments have taken a number of measures in past to improve the financial health of sugar mills and to support the liquidation of sugarcane arrears by grant of soft loan, fixing minimum support price of sugar, and Ethanol blending program with petrol coupled with long term tendering and fixing remunerative selling price of ethanol etc. All these measures specifically ethanol blending programme, have resulted in revival of the sugar industry but the Company is continuing to suffer and incurring losses on account of non-availability of sufficient sugar cane commensurate to its crushing capacities, on account of delayed payment of sugar cane prices due to adverse liquidity position, which have resulted in the diversion of sugar cane in the command areas to the other adjoining sugar mills. Benefits under soft loan could also not be availed, since credit facility accounts with its lenders were having NPA categorisation.

Due to default in repayment of credit facilities, lenders to the Company have initiated recovery proceedings at various forums, including filing of applications before the Hon'ble National Company Law Tribunal (NCLT) under Section 7 of the Insolvency and Bankruptcy Code, 2016 and also filing of recovery proceedings against personal guarantors (Promoters) before NCLT under section 95 of Insolvency and Bankruptcy Code,2016 in addition to approaching Debt Recovery Tribunals in Delhi as well as in Lucknow, Uttar Pradesh. One of the lenders had declared the Company and Guarantors to the credit facility, as Willful Defaulters, such impugned order of lender was Set Aside by Hon'ble Punjab and Haryana High court at Chandigarh, while another lender had started the proceedings to examine the Willful Default and a personal hearing was also granted, basis Company's representations the decision is kept in Abeyance. One lender has categorized company with Fraud tag and same is challenged before Delhi High Court. While one of the lenders had initiated recovery proceedings under section 138 of the Negotiable Instrument Act, wherein non-bailable warrants were issued against the erstwhile directors and officials of the Company, which is being contested at the appropriate forum. Against a criminal complaint filed by one of the lenders, the Enforcement Directorate had passed an Attachment Order on certain assets of the Company to the extent of ₹109.80 Crore, against which the Company has preferred an appeal before with the appropriate authority and the matter is sub-judice. The Enforcement Directorate had proceeded to take the Constructive Possession of the Attached Property on which an Interim Stay has been granted by the Hon'ble Appellate Tribunal.

The Company is continuing to pursue a comprehensive debt resolution proposal with all the lenders. Commercial lenders have shown their inclination to accept the debt resolution proposal and accepted the Earnest Money offered thereof, while Debt realignment proposal was submitted to other lenders against which the company had initiated the repayments, pending approval of respective lenders. Revised and improved debt resolution proposal given to commercial lenders on bilateral basis is under consideration by the commercial lenders, while application filed with Hon'ble NCLT Bench, Allahabad is being heard. The Commercial Lenders have also appointed two independent valuers for the valuation of the assets of the Company.

Considering the steps initiated for achieving turnaround of the Company and sugar sector, and continuing manufacturing operations in near foreseeable future with improved operational efficiency, these financial results are continued to be presented on Going Concern basis, which contemplates realization of assets and settlement of liabilities, in the normal course of business. Accordingly, property, plant and equipment's are continued to be stated at carrying amount without testing for impairment, pending receipt of the final valuation reports from the two independent valuers appointed by the Commercial Lenders.

5 Contingent liabilities and commitments (to the extent not provided for):

i) Capital and other commitment

Estimated value of contracts (net of advances) remaining to be executed on Capital account ₹ 351.00 lacs (Previous year ₹ 189.14 lacs). The Company has other commitments, for purchase / sales orders which are issued after considering requirements per operating cycle for purchase / sale of goods and services, employee benefits including union agreements in normal course of business. The Company does not have any other long-term commitments or material non-cancellable contractual commitments / contracts, which may have a material impact on the financial statements.

ii) Claims against the Company not acknowledged as debts ₹ 2,461.22 lacs (Previous Year ₹ 4,577.46 lacs).

(₹ in lacs)

Description	As at March 31, 2023	As at March 31, 2022
Sales Tax/Trade Tax Act	2,103.24	2,101.07
Central Excise Act	35.65	2,136.66
Finance Act, 1994	7.94	7.94
Others	316.39	331.79
Total	**2,463.22**	**4,577.46**

All the above matters are subject to legal proceedings in the ordinary course of business. The legal proceedings, when ultimately concluded will not in the opinion of the management, have a material effect on results of operations or financial position of the Company.

The amount shown in Note No. 5 (ii) above represent the best possible estimates arrived on the basis of demand raised by the claimant and does not include interest if any, payable thereon from the date of demand. The uncertainties and timing of the cash flows are dependent on the outcome of different legal processes which have been invoked by the company or the claimants, as the case may be and, therefore cannot be estimated accurately. The Company does not expect any reimbursement in respect of above contingent liabilities,except as stated in Note No.5(iii).

In the opinion of the management, no provision is considered necessary for the disputes mentioned above on the ground that there are fair chances of successful outcome of the appeals.

iii) With the introduction of GST w.e.f. July 1, 2017, the purchase tax earlier levied on ENA subsumed therein. Since under GST no tax was notified to be paid on the sale of ENA, no tax was paid by Industry on its sale. Later on, the State Government notified 5%.VAT rate on the sale of ENA w.e.f. December 09, 2019. Accordingly the industry, including the company started paying VAT @ 5% w.e.f December 09, 2019.However, the commercial tax Department of Uttar Pradesh raised a demand of ₹ 1933.47 lacs on the company based on the tax rate of 32.5% of ENA ,in respect of sales made during the periods July 1, 2017 to March 31, 2020. The Company filed appeal against the aforesaid demand before Commercial Tax Tribunal - Ghaziabad, and deposited ₹ 206.22 lacs under protest against the aforesaid demand. The tribunal had stayed the recovery of balance demand till the disposal of appeal. Since, the matter is subjudice and the company expects a favorable decision on the matter, no provision has been made against the aforesaid demand.Further the payment if any will be required to be made for the VAT liability ,the same will be reimbursed by the buyers as per agreement with them.

vi) The Hon'ble Allahabad High Court in the case of PIL Rashtriya Kisan Mazdoor Sangathatan Vs State of Uttar Pradesh passed final order, directing the cane commissioner to decide afresh the issue as to whether the Sugar Mills are entitled for waiver of interest of delayed payment of sugarcane price for the season 2012-13,2013-14 and 2014-15 under the provision of section 17(3) of the U.P Sugarcane (Regulation of Supply and Purchase) Act,1953.Thereafter,in an Contempt application filed before High court and its follow up proceeding, the cane commissioner filed an affidavit specifying interest rates on delayed payment of cane price to be paid by Sugar Mills. The company had also received a notice for payment of interest on delayed payment of cane price for Sugar season 2012-13 is pursuant to the aforesaid order. The Company made representation against the said demand notice. Subsequently, State Government has filed modification application before and Cane commissioner also filed SLP with the Supreme Court in this matter which is pending for adjudication. Considering the above facts and based on the the past practice of waiver of interest by the State Government, no provision has been made in respect of the interest payable on delayed payment of cane price for the aforesaid sugar seasons and also for subsequent sugar seasons. Since no demand has been raised by the Government, except for the sugar season 2012-13, the total amount of interest payable on delayed payment of cane price up to March 31, 2023 and not provided in the accounts could not be quantified.

v) Cane Societies were in dispute with the State Government of Uttar Pradesh with regards to retrospective waiver of society commission payable by sugars mills for the Sugar Season 2012-13, 2014-15 and 2015-16 as a part of its relief package to Sugar Industry. The Hon'ble Allahbad High Court vide order dated 21-12-2017 decided the matter in favor of Cane Societies and against the aforesaid order U.P Sugar Mill Association filed SLP before Hon'ble Supreme Court. The matter is still pending for the further adjudication. Based on the legal review of the facts, the management concluded that the possibility of crystallization of liability in the present case is remote and according no provision has been made in accounts.

vi) Income Tax Department has raised demand of ₹ 469.76 lacs and of ₹ 31,983.39 lacs for AY 2016-17 and 2017-18 while making assessment U/s 147 of the Act in the name of erstwhile Simbholi Sugars Ltd.,which was amalgameted with the company effective from April 1,2015 and also levied penalty of ₹ 370.13 lacs and ₹ 7,507.84 lacs for AY 2016-17 & 2017-18.The company has preferred appeal against the aforesaid orders before CIT(Appeal) and is confident that all the aforesaid demand will be queshed as the erstwhile Simbholi Sugars Ltd.,ceased to exist w.e.f. 8 Certain banks had advanced Agri loans to sugarcane farmers through the erstwhile Simbhaoli Sugars Limited (ESSL) under the management and collection agreements and were provided Corporate Guarantee and post-dated cheques as security. These loans were to be repaid by the Company to the respective lenders from the dues payable to sugarcane farmers against their supplies to the sugar mill, but due to the overall downturn in the sugar industry and primacy to pay sugarcane dues in priority to any other dues/ payments, the Company could not repay these loans on their due dates. Company had submitted a financial restructuring plan to its lenders in FY 2014-15. As per sanction of CDR-EG dated February 02, 2016 all the outstanding loans/ dues were proposed to be converted into term loans, subject to the consent of respective commercial lenders Two of the commercial lenders/ banks had converted their outstanding loans dues into term loan in the financial year 2016-2017 while one of the commercial lender/ bank had converted their dues into term loan in financial year 2017-18.

Erstwhile Oriental Bank of Commerce (e-OBC) now amalgamated with Punjab National Bank, one of the commercial lender, who had converted Agri Loan into Corporate loan as stated above, in financial year 2016-17 had arbitrarily classified its outstanding Agri Loan as "Fraud" liability in May 2015. Subsequently, after following due process and obtaining approvals, including but not limited to obtaining specific permission from the Reserve Bank of India (RBI) for conversion of loan liability, and in consultation with all other Consortium Lenders, sanctioned and disbursed a corporate loan in February/June 2016 for liquidating the Agri Loans. In addition, in an application filed by e-OBC at Debt Recovery Tribunal, Lucknow confirming simultaneous closure of the matter and a consented decree was passed.

E-OBC, had arbitrarily initiated recovery actions against the Company for the restructured corporate loan including an application filed under Section 7 of Insolvency and Bankruptcy Code, 2016 before Hon'ble National Company Law Tribunal (NCLT), Allahabad Bench. PNB had also filed an similar application before NCLT, Allahabad Bench for recovery of their dues, causing a serious threat to the value available to all the stakeholders e-OBC, had declared company and guarantors as Willful Defaulters against which company and guarantors have challenged and contested such declaration in the Hon'ble Punjab and Haryana High Court at Chandigarh and Court was pleased to Set Aside such impugned order of e-OBC. A Show Cause Notice on Willful Default was issued by Punjab National Bank to company and guarantors Basis representations made before the screening committee and taking into account that Forensic Audit report, initiated by the Joint Lenders, which was also closed by unanimous consensus in Joint Lenders Meeting including representatives of PNB, stating that there is No Fraud or Willful Default, PNB had kept the declaration of willful default in Abeyance. After Amalgamation PNB had issued another show cause notice to the company and Guarantors, including exposure of e-OBC, wherein default was identified as Willful and a personal hearing was granted. Company and Guarantors has contested such identification and submitted written submission stating that allegations are baseless and requested to provide all the documents on the basis which such conclusions are arrived at, under the expert legal opinion. It was further apprised, that company has submitted debt resolution proposal with all the commercial lenders PNB had declared the account as Fraud due to Harmonisation with e- OBC, company had challenged such declaration in Hon'ble Delhi High Court and matter is being Sub-Judice. Earlier e-OBC had also filed a criminal complaint with the investigating agency declaring the credit facilities as "Suspected Fraud". The Company has denied any fraud on its part, provided adequate documentation for the same, while reiterating its commitment for repayment to all the lenders, basis future cash flows, monetisation of assets, internal accruals etc. Against such criminal complaint, the enforcement directorate had passed an attachment order on certain assets of the Company to the extent of ₹109.80 crores, against which the Company has preferred an appeal with the appropriate authority and the matter is sub-judice. Enforcement Directorate had proceeded to take the constructive possession of the Attached Property on which an Interim Stay has been granted by the Hon'ble Appellate Tribunal.

The Company is continuing to pursue a comprehensive debt resolution proposal with all the lenders The majority of commercial lenders have shown their inclination to accept the debt resolution proposal and accepted the 'Earnest Money'offered thereof while Debt realignment proposal was submitted with other lenders against which SSL had initiated the repayments, pending approval of respective lenders Revised and improved debt resolution proposal given to commercial lenders on bilateral basis is under consideration while application filed with Hon'ble NCLT Bench, Allahabad is being heard.

9 The credit facilities availed by the Company have been classified as non-performing assets (NPA) by all the lenders and interest thereon is not being charged to the loan accounts by commercial lenders as per RBI's circular. The Company has submitted comprehensive debt resolution proposals with all the lenders to commensurate with its future cash flows including infusion of funds by strategic investor, promoters, internal accruals, monetization of assets etc. which contemplates the total waiver of interest concession in repayment of principal amount. Commercial lenders have accepted the Earnest Money Deposit (EMD) offered in consonance with the Debt Resolution Proposal. Accordingly, the estimated Interest expenses on credit facilities pertaining to commercial lenders, for the year ended March 31, 2023 amounting to ₹ 19,018.54 lacs respectively (previous year ended March 31,2022 amounting to ₹ 17,013.85 lacs respectively) has not been recognized in statement of profit and loss account. An accumulated estimation amount of ₹ 88,948.03 lacs towards accrued interest has not been provided for in the books of accounts as on March 31, 2023.

9.i) Reconciliation of quarterly bank returns

Note for discrepancies :

The Bank returns were prepared and filed before the completion of all financial statement closure activities including Ind AS related adjustments/ reclassifications, as applicable, which led to these differences between the final books of accounts and the bank return which were based on provisional books of accounts. Further difference also arises on account of different valuation methodology adopted for valuing the finished goods stock in the books and for the purpose of reporting in the bank return. In the books, stock of finished goods is recorded at lower of cost or net realisable value but for bank purposes it is taken at net realisable value which is determined as per bank norms.

However there is no material difference in reporting the quantity of stock in the bank returns as compared to books of accounts.

11 Segment reporting

i) Operating segments:

The company's operating segments are business segments, viz. sugar and alcohol, basis which chief operating decision maker (CODM) evaluates the company's performance and allocates resources

ii) Geographical segments:

Since the Company's activities/operations are primarily within the country and considering the nature of products it deals in, the risks and returns are same and as such there is only one geographical segment.

iii) Segment accounting policies:

In addition to the significant accounting polices applicable to the business segments as set out in note 2 above the accounting policies in relation to segment accounting are as under:

a) Segment revenue and expenses:

Joint revenue and expenses of segments are allocated amongst them on a reasonable basis. All other segment revenue and expenses are directly attributable to the segments.

b) Segment assets and liabilities

Segment assets include all operating assets used by a segment and consist principally of operating cash, debtors, inventories and fixed assets, net of allowances and provisions which are reported as direct offsets in the balance sheet. Segment liabilities include all operating liabilities and consist principally of creditors and accrued liabilities. Segment assets and liabilities do not include income taxes. While most of the assets/liabilities can be directly attributed to individual segments, the carrying amount of certain assets/liabilities pertaining to two or more segments is allocated to the segments on a reasonable basis.

c) Inter segment sales

Inter segment sales between operating segments are accounted for at market price. These transactions are eliminated on consolidation.

- **Risks related to defined benefit plans:**

  Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary overtime. Thus, the Company is exposed to various risks in providing the above benefits which are as follows:

> **Interest rate risk:** The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

> **Liquidity Risk:** This is the risk that the Company is not able to meet the short-term benefit payouts. This may arise due to non availabilty of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

> **Salary Escalation Risk:** The present value of the above benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

> **Demographic Risk:** The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

> **Regulatory Risk:** Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of ₹ 20,00,000).

> **Asset Liability Mismatching or Market Risk:** The duration of the liability is longer compared to duration of assets, exposing the Company to market risk for volatilities/fall in interest rate.

> **Investment Risk:** The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

Note:- The above is a standard list of risk exposures in providing the above benefit. The Company is advised to carefully examine the above list and make suitable amendments (including adding more risks, if relevant) to the same before disclosing the above in its financial statements.

- **Method and Assumptions related terms:**

> **Discount Rate:** Discount rate is the rate which is used to discount future benefit cash flows to determine the present value of the defined benefit obligation at the valuation date. The rate is based on the prevailing market yields of high quality corporate bonds at the valuation date for the expected term of the obligation. In countries where there are no such bonds, the market yields at the valuation date on government bonds for the expected term is used.

> **Salary Escalation Rate:** The rate at which salaries are expected to escalate in future. It is used to determine the benefit based on salary at the date of separation.

> **Attrition Rate:** The reduction in staff/employees of a company through normal means, such as retirement and resignation. This is natural in any business and industry.

> **Mortality Rate:** Mortality rate is a measure of the number of deaths (in general, or due to a specific cause) in a population, scaled to the size of that population, per unit of time.

> **Projected Unit Credit Method:** The Projected Unit Credit Method (sometimes known as the accrued benefit method pro-rated on service or as the benefit/years of service method) considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation. The Projected Unit Credit Method requires an enterprise to attribute benefit to the current period (in order to determine current service cost) and the current and prior periods (in order to determine the present value of defined benefit obligations).

19 Financial risk management objectives

The Company's principal financial liabilities comprise loans and borrowings, trade payables and other payables. The main purpose of the financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables and cash and bank balances that derive directly from its operations. The Company also holds investments in equity shares and debentures of its subsidiaries.

The Company's activities expose it mainly to credit risk, liquidity risk and market risk. This note explains the sources of risks which the entity is exposed to and how it mitigates that risk.

i) Credit risk

a. Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. Company is exposed to credit risk from trade receivables and deposits with banks. To manage this, Company periodically assesses the financial reliability of customers, taking into account factors such as credit track record in the market and past dealings with the Company for extension of credit to customer. Outstanding customer receivables are regularly monitored. Concentrations of credit risk are limited as a result of the Company's large and diverse customer base. Company has also taken advances and security deposits from its customer / agents, which mitigate the credit risk to an extent. The ageing of the trade receivables is given below:

(₹ in lacs)

Particulars	As at March 31, 2023	As at March 31, 2022
Up to 6 months	3,134.37	3,288.39
More than 6 months	1,179.82	1,559.71
Total receivables	4,314.19	4,848.10

b. The impairment analysis is performed at each balance sheet date on individual basis for major clients. In additions a large number of minor receivables are grouped into homogenous group and assessed for impairment collectively. The company makes specific provisions @100% / write offs in respect of major customers based on its previous experiences and increase in credit risks. The company makes general provisions for lifetime expected credit loss in respect of receivables @ 50% on the amount of receivables overdue for more than 180 days and 25% on the amount of receivable overdue for more than 90 days to 180 days.

The change in loss allowances for trade receivables, advances to suppliers, security deposits and other assets is as under:

Particulars	Trade Receivables	Others Receivables	Security Deposits
Balance as at March 31, 2021	**1,011.13**	**33.37**	**25.00**
Provided during the year 2021-22	475.21	321.96	-
Amount written off	122.41	33.37	25.00

Balance as at March 31, 2023	**1,292.24**	**397.11**	**13.87**

c. Company considers factors such as track record, size of the institution, market reputation and service standards to select the banks with which term deposits are maintained. Generally, term deposits are maintained with banks with which Company has also availed borrowings.

ii) Liquidity risk

Liquidity risk is the risk that a company may encounter difficulties in meeting its obligations associated with financial liabilities that are settled by delivering cash or other financial assets. Since the Company is making continuous losses, presently it monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs. The table below provides undiscounted cash flows towards financial liabilities into relevant maturity based on the remaining period at the balance sheet to the contractual maturity date.

iii) Market risk

The company is exposed to the risk of movements in interest rates, inventory price and foreign currency exchange rates that affects its assets, liabilities and future transactions. Market risks comprises of four types of risks such as:

a) Interest rate risks

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's borrowings obligations with floating interest rates.

b) Commodity risk

Sugar industry being cyclical in nature, realisations get adversely affected during downturn. Higher cane price or higher production than the demand ultimately affect profitability. The Company has partly mitigated this risk adopting integrated business model by diversifying into distillation, for better price realisation of the by-products.

c) Foreign exchange risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

The Company's exposure to the risk of changes in foreign exchange rates is limited to the Company's operating activities (when revenue or expense is denominated in a foreign currency), which are not material.

Foreign Currency exposures that are not hedged by derivative instruments or otherwise as follows:

Particulars	As at March 31, 2023		As at March 31, 2022	
	Amount in foreign currency (lacs)	Amount (₹ in lacs)	Amount in foreign currency (lacs)	Amount (₹ in lacs)
Trade Receivables –USD	-	-	-	-

d) Regulatory risk

Sugar industry is regulated both by Central Government as well as State Government. Central and State Governments policies and regulations affect the sugar industry and the Company's operations and profitability. Distillery business is also dependent on the Government policy.

ii) Fair Value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognized and measured at fair value. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Following methods and assumptions used to estimate the fair values:

Fair value of cash and cash equivalents and short term deposits, trade and other short term receivables, trade payables, short term borrowings and other current financial assets and liabilities carried at amortized cost is not materially different from its carrying cost, largely due to the short-term maturities of these financial assets and liabilities

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other that quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

There is no transfer from one level to another level during the year.

21 The Board of the Simbhaoli Power Private Limited (SPPL), a 51% subsidiary with a joint venture with Sindicatum Bagasse India Pte Limited, has not yet approved its accounts for the financial year 2022-23 due to accounting of certain transactions with the company since last 3 years, based on its own assumption, which have been objected by the company as these are not in accordance with the terms stipulated under Joint Venture agreement executed by both the parties at the time of formation of joint venture in FY 2012-13. Pending resolution of the differences, SPPL has also stopped sharing copy of ledger accounts of the company for reconciliation and confirmation. The company continued to pass accounting entries of the transactions entered into with SPPL as per the terms of joint venture agreements. However, due to non-availability of confirmation and copy of ledger accounts, the amount in disputes with SPPL could not be quantified

INDEPENDENT AUDITOR'S REPORT

To

The Members of

Simbhaoli Sugars Limited

Simbhaoli, Hapur, (U.P.)

Report on the Audit of the Consolidated Financial Statements

Adverse Opinion

We have audited the accompanying Consolidated financial statements of Simbhaoli Sugars Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries companies together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information and notes for the year then ended (hereinafter referred to as " the Consolidated financial statement").

In our opinion and to the best of our information and according to the explanations given to us, because of the significance of the matters discussed in the Basis for Adverse Opinion section of our report, the accompanying consolidated financial statements do not give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2023, their consolidated losses including other comprehensive loss, their consolidated cash flows and consolidated statement of changes in equity for the year then ended.

Basis for Adverse Opinion

i) As explained in Note No. 4 of the Consolidated financial statements, these consolidated financial statements have been prepared without consolidation of financial statements of material subsidiary viz. Simbhaoli Power Private Limited (SPPL) for the year ended March 31, 2023 but prepared after consolidation of financial statement of SPPL for the year ended March, 31, 2022, because financial statements of SPPL for the year ended March 31, 2023 have not been yet finalized and approved till date. Under the accounting principles generally accepted in India, the material subsidiary should have been consolidated because it is controlled by the Company. Had the financial statement of SPPL for the year ended March 31, 2023 been consolidated, many elements in the accompanying consolidated financial statements would have been materially affected. The effects on the consolidated financial statements due to the failure to consolidate the same have not been determined.

ii) We draw attention to Note No.5 and Note No. 5(a) of the Consolidated financial statements regarding non provisions for impairment in the carrying value of property, plant and equipment by the holding company and by SPPL. We and the auditor of SPPL are not made available of appropriate impairment assessment carried out by the management of the respective companies and accordingly, we are unable to comment on the same including compliance with the Ind AS-36 ('Impairment of Assets') and any consequential adjustments that may arise in this regard in these consolidated financial statements.

iii) We draw attention to Note No. 6(iv) of the Consolidated financial statements regarding non- provision of interest liability in respect of delayed payment of sugarcane price for the reasons stated in the said note. The amount of interest not provided for in the books has not been ascertained.

iv) We draw attention to Note No.9 of the Consolidated financial statements regarding non-provision of interest expense amounting ₹ 19,018.54 Lakhs (Previous year ₹ 17,013.85 Lakhs) on certain borrowings for the year ended March 31, 2023 for the reasons stated in the said note. The total amount of interest expense not provided for in the accounts aggregates to ₹ 88,948.43 Lakhs till March 31, 2023 (Previous year ₹ 69,929.48 Lakhs). Had the aforesaid interest expense been provided for, the Finance Cost, Net Loss after tax and Total Comprehensive Loss for the year ended March 31, 2023 would have been increased by ₹ 19,018.54 Lakhs (Previous year ₹ 17,013.85 Lakhs), the Current Financial Liability as at March 31, 2023 would have been increased and shareholder's funds as at March 31, 2023 would have been decreased by ₹ 88,948.43 Lakhs (Previous year ₹ 69,929.48 Lakhs).

v) We draw attention to Note No.10(iv) of the consolidated financial statements regarding director's remuneration paid/ provided amounting to ₹ 242.55 lakhs for the year ended March 31, 2023, in accordance with the special resolutions passed in the Annual General Meeting, after obtaining consent from lenders having majority outstanding and not from all the lenders, which is not in compliance with the provisions of sections 197 of the Companies Act, 2013.

vi) We draw attention to Note No.22 (i) of the consolidated financial statements regarding carrying amount of disputed unbilled revenue of ₹ 462.57 Lakhs recognised by ICCPL in earlier years and earnest deposits of ₹ 100.00 Lakhs which are continued to be carried forward without making any provision for expected credit losses and estimated probable losses on account of disputes. We are not made available of appropriate impairment assessment carried out by the management and accordingly, we are unable to comment on the same including compliance with the Ind AS-36 ('Impairment of Assets') and any consequential adjustments that may arise in this regard in these financial statements.

vii) We draw attention to Note No. 22(ii) of the consolidated financial statements regarding provision of ₹ 93.39 lakhs as expected credit losses in respect of unconfirmed receivables overdue for more than one year aggregating to ₹ 218.86 Lakhs by ICCPL which had not been accepted by the counter parties as payable on account of certain disputes in fulfillment of the contracts. In our opinion and considering the fact of non-confirmation and disputes by the counter parties, the entire amount of ₹ 218.86 Lakhs should have been provided. Consequently, trade receivable at the end of the year have been overstated; Net Loss and Total Comprehensive Income for the year and other equity at the end of the year have been understated by ₹ 125.47 Lakhs.

viii) We draw attention to Note No.22 (iii) of the consolidated financial statements regarding recognition of deferred tax assets of ₹ 118.02 Lakhs by ICCPL in respect of past losses and other deductible temporary differences which is not in consonance with Ind AS-12 as the probability of earning sufficient taxable profits in future by ICCPL is remote considering the matters qualified in Para (vi) to (viii) above. Consequently, Deferred Tax Assets at the end of the year have been overstated; Net Loss and Total Comprehensive Income for the year and other equity at the end of the year have been understated by the aforesaid amount.

ix) As stated in Note No.5(a) of the Consolidated financial statements, SPPL had recorded revenue from operations for the period April to September, 2019 at or basis pre CRE Regulation 2019 Tariff Rate instead at the reduced tariff as per CRE Regulation 2019. Management's computation, as reviewed by the statutory auditors of SPPL, showed that revenue from operations for the year ended March 31, 2020 would have been lower and loss for the year would have been higher by ₹ 683 Lakhs, if accounted for at or basis reduced tariff as per CRE

Report on the Audit of the Consolidated Financial Statements

Adverse Opinion

We have audited the accompanying Consolidated financial statements of Simbhaoli Sugars Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries companies together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information and notes for the year then ended (hereinafter referred to as " the Consolidated financial statement").

In our opinion and to the best of our information and according to the explanations given to us, because of the significance of the matters discussed in the Basis for Adverse Opinion section of our report, the accompanying consolidated financial statements do not give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2023, their consolidated losses including other comprehensive loss, their consolidated cash flows and consolidated statement of changes in equity for the year then ended.

Basis for Adverse Opinion

i) As explained in Note No. 4 of the Consolidated financial statements, these consolidated financial statements have been prepared without consolidation of financial statements of material subsidiary viz. Simbhaoli Power Private Limited (SPPL) for the year ended March 31, 2023 but prepared after consolidation of financial statement of SPPL for the year ended March, 31, 2022, because financial statements of SPPL for the year ended March 31, 2023 have not been yet finalized and approved till date. Under the accounting principles generally accepted in India, the material subsidiary should have been consolidated because it is controlled by the Company. Had the financial statement of SPPL for the year ended March 31, 2023 been consolidated, many elements in the accompanying consolidated financial statements would have been

Key Audit Matters	Auditor's Response
Determination of Cost of Production (COP) and Net Realizable Value (NRV) of Finished Goods and By-Products for valuation of inventory:	
As on March 31, 2023, the Group has inventory of finished goods, by-products and work in progress with a carrying value of ₹ 42,457.38 Lakhs. The inventory of finished goods viz. Sugar and ethanol is valued at the lower of COP and NRV whereas the inventory of by-products viz. molasses and bagasse is valued at NRV/Derived NRV. We considered the value of the inventory of finished goods and by-products as a key audit matter given the relative value of inventory in the standalone financial statements and significant judgement involved in determination of COP and also the consideration of factors such as minimum sale price, monthly quota, and fluctuation in domestic and international selling prices in determination of NRV/ derived NRV.	**Principal Audit Procedures** We understood and tested the design and operating effectiveness of controls as established by the management in determination of COP and NRV/Derived NRV. We reviewed the cost records maintained by the management and examined the documents maintained by the management for computing the COP and NRV/ Derived NRV with reference to the principles prescribed under Ind AS-2 on "Inventories". We considered various factors including the prevailing unit specific domestic selling price of the products at year end and subsequent to the year end, yield of ethanol from "B" Heavy Molasses, prevailing selling price of "C" Heavy Molasses, contracted selling price of the products in respect of contracted sales (including exports contracts), Molasses Policy of State Government for determination of levy obligation of molasses as prevailing as on the date of our audit and initiatives taken by the Government with respect to sugar industry as a whole, for determination of NRV/ Derived NRV of the products. Based on the above procedures performed, the management's determination of COP and NRV/ derived NRV of finished and by-products as at year-end and the comparison of COP with NRV for the valuation of inventory is considered to be reasonable.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's Annual Report, but does not include the financial statements and our auditor's report thereon. The Holding Company's annual report is expected to be made available to us after the date of this auditor's report. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the Holding Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act.

The respective Board of Directors of the entities included in the Group are responsible for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of each entity and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy

and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of each entity.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to Consolidated Financial statement in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Board of Directors,
- Conclude on the appropriateness of Board of Director's of the Holding Company use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial information of such entities included in the Consolidated Financial Statements of which we are the independent auditors. We remain solely responsible for our audit opinion

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance of the Holding Company and such other Companies included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The consolidated financial statements include the audited financial statements of one subsidiary, whose financial statements reflect total assets of ₹ 148.15 Lakhs as at March 31, 2023, total revenue of ₹ 9.31 Lakhs, net profit after tax and total comprehensive income of ₹ 3.65 Lakhs for the year ended March 31, 2023 respectively and cash inflows of ₹ 12.56 Lakhs for the year ended March 31, 2023, as considered in the consolidated financial statements which have been audited by independent auditors. The independent auditors' reports on financial statements of the entity has been furnished to us and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the entity, is based solely on the report of such auditor and the procedures performed by us as stated in the paragraph above.

Our opinion on the Statement is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure – 'A' a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.
2. As required by Section 197(16) of the Act, we report that the Holding Company and its subsidiaries which are incorporated in India had paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V to the Act except for non-compliance as reported in Para (v) of Basis of Adverse Opinion above.

3. As required by Section143(3) of the Act, we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.

b) Except for the effects of the matters described in the Basis for Adverse Opinion paragraph above, in our opinion, proper books of account as required by law for preparation of the aforesaid Consolidated Financial Statements have been kept by the Company so far as it appears from our examination of those books.

c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements.

d) Except for the effects of the matters described in the Basis for Adverse Opinion paragraph above, in our opinion, the aforesaid Consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 as amended.

e) The qualifications relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Adverse Opinion paragraph above.

f) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2023 taken on record by the Board of Directors of the Holding Company and on the basis of written representations received by the management from directors of its subsidiaries which are incorporated in India, as on 31 March 2023, none of the directors of the Group companies incorporated in India is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164 (2) of the Act.

g) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Group, as detailed in Note No. 6 (ii) of the consolidated financial statements, has disclosed the impact of pending litigation on its financial position in its consolidated financial statements.

ii. The Group did not have any long term contracts including derivative contracts for which there were any material foreseeable losses as at March 31, 2023.

iii. There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiaries which are incorporated in India.

iv. (a) The Management has represented to us that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company and its subsidiaries which are incorporated in India to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company and its subsidiaries which are incorporated in India ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented to us that, to the best of its knowledge and belief, no funds (which are material either individually or in aggregate) have been received by the holding company or its subsidiary companies incorporated in India from any person(s) or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the holding company or its subsidiary companies incorporated in India shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

c) Based on our audit procedure conducted that are considered reasonable and appropriate in the circumstances, nothing has come to our attention that cause us to believe that the representation under sub- clause (i) and (ii) of Rule 11 (e) as provided under paragraph (2) (h) (iv) (a) & (b) above, contain any material misstatement.

v) The Group has not declared or proposed dividend during the year.

vi) Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the company with effect from April 1, 2023 and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for Financial Year ended 31st March,2023.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Annexure B to the Independent Auditor's Report to the members of Simbhaoli Sugars Limited on its consolidated financial statements dated 26.05.2023.

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 3(g) of 'Report on Other Legal and Regulatory Requirements' section

In conjunction with our audit of the Consolidated Financial Statements of **Simbhaoli Sugars Limited** ("the Holding Company") as of March 31, 2023, we have audited the internal financial controls with reference to consolidated financial statements of Holding Company and such companies incorporated in India under the Companies Act, 2013 which are its subsidiary companies, as of that date.as of March 31, 2023.

Management's Responsibility for Internal Financial Controls

The respective Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to these consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Adverse Opinion

According to the information and explanations given to us and based on our audit, the material weaknesses have been identified as at March 31, 2023 in respect of various matters qualified in our main audit report under the section "Basis for Adverse Opinion, Material Uncertainty on Going Concern" which have resulted in the material misstatement in the Company's financial balance, presentation and disclosures of Ind AS Financial Statement.

A material weakness is deficiencies or combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the possible effects of the material weaknesses matters referred to above, Holding Company and its subsidiary companies incorporated in India have, in all material respects, an adequate internal financial controls with reference to these consolidated financial statements and such internal financial controls were operating effectively as at March 31, 2023, based on the internal control with reference to Consolidated Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to one subsidiary company which is company incorporated in India, is based solely on the corresponding reports of the auditor of such company. Our opinion is not modified in respect of the above matter.

We draw attention to the fact that Auditors' report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls in respect of one subsidiary i.e. Simbhaoli Power Private Ltd. has not been provided to us and accordingly we do not express any opinion on the adequacy and operating effectiveness of the internal financial controls in so far as it relates to Simbhaoli Power Private Ltd. as the financial statements for the year ended for March 31, 2023 have not been yet finalized, approved and submitted by the management of SPPL for the purpose of consolidation.

1. Background

The Consolidated financial statements comprise of financial statement of Simbhaoli Sugars Limited and its subsidiaries namely Simbhaoli Power Private Limited, Integrated Casetech Consultants Private Limited and Simbhaoli Speciality Sugars Private Limited (collectively "the Group").

Simbhaoli Sugars Limited ('the Company') having CIN No. L15122UP2011PLC044210 is a public limited company under the provisions of the Companies Act, 2013 incorporated and registered with Registrar of Companies, Kanpur Uttar Pradesh on April 04, 2011. Currently equity shares of the Company are listed at BSE and NSE. The Hon'ble High Court of Judicature at Allahabad has sanctioned the Scheme of Amalgamation of Erstwhile Simbhaoli Sugars Limited (ESSL), the Transferor Company with the Company, the Transferee Company w.e.f. April 01, 2015 (the Appointed Date) and consequent thereto, the entire business undertakings of ESSL, stands transferred to and vested in the Company, as a going concern with effect from the Appointed Date. The Company has three sugar complexes - Simbhaoli (Western Uttar Pradesh), Chilwaria (Eastern Uttar Pradesh) and Brijnathpur (Western Uttar Pradesh) having an aggregate crushing capacity of 19,500 TCD. The Company is technology driven with a business mix that spans from refined (sulphur less) sugar, specialty sugars, extra neutral alcohol (ENA), ethanol, sanitizer and bio-manure. The Company is engaged in sugar refining (Defeco Remelt Phosphotation and Ion Exchange technology), high value, niche products (specialty sugars) and clean energy (ethanol). The Company sells international standard refined, pharmaceutical grade and specialty sugars to the retail and bulk institutional consumer segments.

The Group is operating its different businesses through subsidiaries, the details are given below:

S. No.	Name of subsidiary	Business	Country of Incorporation	% voting power held as at	
				March 31, 2023	March 31, 2022
I)	Simbhaoli Power Private Limited	Generation of green power	India	51.00	51.00
ii)	Integrated Casetech Consultants Private Limited	Consultancy business	India	85.16	85.16
iii)	Simbhaoli Specialty Sugars Private Limited	Packaging	India	100.00	100.00

These financial statements of the Group for the year ended 31st March, 2023 are approved and authorized for issue by the Company's Board of Directors on **May 26, 2023.**

2.1 Basis of preparation and presentation of Consolidated Financial Statements

i) Statement of Compliance with Ind AS

The consolidated financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) read with the Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and relevant amendment rules thereafter and accounting principles generally accepted in India.

These consolidated financial statements have been prepared on going concern basis using the significant accounting policies and measurement bases summarized below. Accounting Policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policy hitherto in use. In those cases the new accounting policy is adopted in accordance with the transitional provisions stipulated in that Ind AS and in absence of such specific transitional provision, the same is adopted retrospectively for all the periods presented in these consolidated financial statements.

ii) Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendents to the existing standards. There is no such notification which would have been applicable from April 1 , 2023.

iii) Principles of consolidation

a) The consolidated financial statements related to Simbhaoli Sugars Limited ("The Company") and its Subsidiaries (collectively referred as "The Group").

In the case of subsidiaries, control is achieved when the Group is exposed, or has right, to variable return from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee).
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns.

- The Group re-assesses whether or not it controls an investee if facts and circumstances indicates that there are changes to one or more of the three elements of control.
- Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group losses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the group gains control until the date the Group ceases to control the subsidiary.
- Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that the Group member's financial statement in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.
- The consolidated financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent, i.e. year ended on March 31, 2023, except in case of Simbhaoli Power Private Limited where consolidation has been done upto March 31, 2022.(Refer Note no. 4).
- Profit or loss and each component of other comprehensive income (OCI) are attributed to the owners of the Group and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Group and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance

b) Consolidation procedure

The consolidated financial statements relate to Simbhaoli Sugars Limited ('the Company') and its subsidiary companies. The consolidated financial statements have been prepared on the following basis:

- The financial statements of the Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.
- Profits or losses resulting from intra-group transactions that are recognised in assets, such as inventory and property, plant & equipment, are eliminated in full.
- In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve.
- Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.
- The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as on the date of disposal is recognised in the Consolidated Statement of Profit and Loss being the profit or loss on disposal of investment in subsidiary.
- Non-Controlling Interest's share of profit / loss of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to owners of the Group.
- Non-Controlling Interest's share of net assets of consolidated subsidiaries is identified and presented in the Consolidated Balance Sheet separate from liabilities and the equity of the owners of the Group.

iv) Basis of preparation of consolidated financial statements

The consolidated financial statements have been prepared on the historical cost basis except for certain financial assets and liabilities (refer accounting policy regarding financial instruments) and assets for defined benefit plans that are measured at fair value and less cost of sale wherever required. The methods used to measure fair values are discussed further in notes to consolidated financial statements.

(v) Functional and presentation currency

These consolidated financial statements are presented in Indian rupees (INR), which is group's functional currency. All amounts have been rounded off to nearest lacs unless otherwise indicated.

(vi) Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013 based on the nature of services rendered and time between the acquisition of asset for providing services and their realization in cash and cash equivalents.

2.2 Current versus non-current classification

The group presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it satisfies any of the following criteria:

- Expected to be realized or intended to be sold or consumed within normal operating cycle.
- Held primarily for the purpose of trading.
- Expected to be realized within twelve months after the reporting date, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle liability for at least twelve months after the reporting date.

A liability is treated as current when it satisfies any of the following criteria:

- Expected to be settled in the Group's normal operating cycle;
- Held primarily for the purpose of trading;
- Due to be settled within twelve months after the reporting date; or
- The Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.
- Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments does not affect its classification.

Current liabilities include the current portion of non-current financial liabilities. All other liabilities are classified as non-current.

The Group has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

2.3 Use of Estimates and management judgements

The preparation of consolidated financial statements in conformity with Indian Accounting Standards (Ind AS) requires management of the group to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets, liabilities and related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date.

The estimates and management's judgments are based on previous experience and other factors considered reasonable and prudent in the circumstances. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

The areas involving critical judgment are as follows:

I) Material uncertainty about going concern:

In preparing consolidated financial statements, management has made an assessment of Group's ability to continue as a going concern. Consolidated financial statements are prepared on a going concern basis. The management is aware, in making its assessments, of material uncertainties related to events or conditions that may cast significant doubt upon the group's ability to continue as a going concern. Further details on going concern are disclosed in Note No. 5

ii) Fair value measurements of financial instruments:

When the fair value of financial assets and liabilities recorded in the Balance sheet cannot be measured based on the quoted market price in the active markets, their fair value is measured using valuation technique. The input to these model is taken from the observable market wherever possible, but if this is not feasible, a review of judgment is required to establish fair values. Changes in assumptions related to these inputs could affect the fair value of financial instrument.

iii) Employee benefit plans:

Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increases and the inflation rate. The Group considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.

iv) Recoverability of trade receivables:

The Group has a stringent policy of ascertaining impairments, if any, as result of detailed scrutiny of major cases and through determining expected credit losses. Despite best estimates and periodic credit appraisals of customers, the Group's receivables are exposed to delinquency risks due to material adverse changes in business, financial or economic conditions that are expected to cause a significant change to the party's ability to meet its obligations. All such parameters relating to impairment or potential impairment are reviewed at each reporting date.

v) Provision and contingencies:

The assessments undertaken in recognizing provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events has required best judgment by management regarding the probability of exposure to potential loss. The timing of recognition and quantification of the liability requires the application of judgment to existing facts and circumstances, which can be subject to change.

vi) Income Tax:

The Group's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

Deferred tax assets are recognised for unused tax losses and unused tax credit to the extent that it is probable that taxable profit would be available against which the losses could be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

vii) Useful life and residual value of plant, property equipment and intangible assets:

The useful life and residual value of plant, property equipment and intangible assets are determined based on technical evaluation made by the management of the expected usage of the asset, the physical wear and tear and technical or commercial obsolescence of the asset. Due to the judgments involved in such estimations, the useful life and residual value are sensitive to the actual usage in future period.

2.4 Significant Accounting Policies

A) Property, Plant & Equipment & Capital work in Progress

- Recognition and measurement

  Property, plant and equipment are tangible items that are held for use in the production or supply for goods and services, rental to others or for administrative purposes and are expected to be used for more than one period.

  The cost of an item of property, plant and equipment is being recognized as an asset if and only if it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

  Freehold lands are stated at cost. All other items of property, plant and equipment are stated at cost net of recoverable taxes less accumulated depreciation, and impairment loss, if any.

  The cost of an asset includes the purchase cost of assets, including import duties and non-refundable taxes, and any directly attributable costs of bringing an asset to the location and condition of its intended use. Interest on borrowings used to finance the construction of qualifying assets are capitalized as part of the cost of the asset until such time that the asset is ready for its intended use.

  Items of spare parts, stand-by equipments and servicing equipments which meet the definition of property, plant and equipment are capitalized. Other spare parts are carried as inventory and recognized in the statement of profit and loss on consumption. When parts of an item of Property, plant & equipments have different useful lives, they are accounted for as separate component.

  When a significant part of property, plant and equipment are required to be replaced at intervals, the group derecognizes the replaced part and recognise the new part with its own associated life and it is depreciated accordingly. Likewise when a major repair is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement, if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the Statement of Profit and Loss as incurred.

  The present value of the expected cost of decommissioning of an asset after its use, if any, is included in the cost of the respective asset if the recognition criteria of provisions are met.

  The cost and related accumulated depreciation are eliminated from the financial statement upon sale or retirement of the asset and resultant gains or losses are recognized in the Statement of Profit and Loss.

  Assets identified and technically evaluated as obsolete are retired from active use and held for disposal are stated at lower of its carrying amount and fair value less cost to sell.

  Capital work-in-progress, representing expenditure incurred in respect of assets under development and not ready for their intended use, are carried at cost. Cost includes related acquisition expenses, construction cost, related borrowing cost and other direct expenditure.

- **Subsequent Expenditure.**

  Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

B) Intangible Assets

Intangible assets are recognized when it is probable that the future benefits that are attributable to the assets will flow to the Group and the cost of the assets can be measured reliably.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred.

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from its use. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss when the asset is derecognized.

C) Depreciation and Amortization

The classification of plant and machinery into continuous and non-continuous process is done as per their use and depreciation thereon is provided accordingly. Depreciation commences when the assets are available for their intended use. The depreciation is provided by applying the following method at the useful lives specified in schedule II to the Companies Act, 2013:

However, in respect of the plant and machinery acquired under Business Transfer Agreement by SPPL (Simbhaoli Power Private Limited), where life has been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset etc.

-Furniture & Fixtures	Straight line Method
-Motor Vehicles	Written down value Method
-Office Equipment	Straight line Method

PPE costing up to Rs. 5,000 are fully depreciated in the year of purchase. Freehold land is not depreciated.

Intangible assets are amortized on a straight-line basis over the estimated useful economic life of the assets. The Group uses a rebuttable presumption that the useful life of intangible assets is ten years from the date when the assets is available for use.

Right-of- use assets are depreciated on straight line method (SLM) over the period of life of right-of-use assets or lease terms whichever expire earlier except in case of right of use assets, the ownership of which is proposed to be transferred to the Group or the cost of such assets reflects that the group will exercise a purchase option, the same is depreciated on straight line method (SLM) over the useful life of the assets.

"The estimated useful lives, residual values and depreciation method are reviewed at the end of each financial year and are given effect to wherever appropriate."

D) Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Group's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

- **The Group as a lessee**

"The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the group assesses whether: "

> The contract involves the use of an identified asset.

> The group has substantialized all of the economic benefits from use of the asset through the period of the lease and;

> The group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Right-of-use assets is evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts

may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are re-measured with a corresponding adjustment to the related right- of- use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

- **As a lessor**

Leases for which the group is a lessor is classified as finance lease or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as finance lease. All other leases are classified as operating lease. When the group is an intermediate lessor, it accounts for its interests in the head lease and the sub-lease separately. The sub-lease is classified as finance lease or operating lease with reference to right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of such lease.

E. Government Grant

Grants from the government are recognized at their fair value where there is reasonable assurance that the grant will be received, and the group will comply with all attached conditions.

Governments Grants relating to the purchase, construction or otherwise acquired non-current assets, are recognized as deferred income in the balance sheet and are credited to profit or loss on a systematic and rational basis over the expected lives of the related assets and presented in other income.

Government Grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the group with no future related costs are recognized in statement of profit or loss in the period in which they become receivable.

F. Borrowing

Long term borrowing are initially recognised at net of material transaction costs incurred and measured at amortised cost.Any diffrence between the proceeds (net of trasaction costs) and the sedemption amount is recognised in the statement of Profit and Loss over the period of the borrowing using the effective interest method.

G. Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Borrowing costs consist of interest and other costs that the Group incurs in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs. Other borrowing costs are expensed in the period in which they are incurred.

H. Employee benefit plans:

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard (Ind AS)-19 - 'Employee Benefits'.

Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expense off as the related service is provided. A liability is recognized for the amount expected to be paid e.g., under short-term cash bonus, if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Group makes specified monthly contributions towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognized as an employee benefit expense in statment of profit or loss in the periods during which the related services are rendered by employees. Prepaid contributions are recognized as an asset to the extent that a cash refund or a reduction in future payments is available.

Retirement benefit in the form of superannuation fund is a defined contribution scheme. The Group has established a Superannuation Fund Trust to which contributions are made quarterly. The Group recognizes contribution payable to the superannuation fund scheme as expenditure, when an employee renders the related service. The Group has no other obligations beyond its quarterly contributions.

Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Group's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the group, the recognized asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan (‘the asset ceiling’). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Re-measurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized as other comprehensive incomw. The group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into

account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognized immediately in statemenr of profit or loss. The group recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Other long-term employee benefits

The Group's net obligation in respect of long-term employee benefits other than post-employment benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The obligation is measured on the basis of an annual independent actuarial valuation using the projected unit credit method. Re-measurements gain or losses are recognized in statement of profit or loss in the period in which they arise.

Voluntary Retirement Scheme

Expenditure on voluntary retirement scheme is charged to the Statement of Profit and Loss in the year in which it is incurred.

I. Inventories

Inventories, except By-products are valued at the lower of cost and net realizable value. By-products are valued at estimated net realizable value. The bases of determining cost for different categories of inventory are as follows:

Stores and spare parts	- Monthly weighted average
Raw materials	- First in first out (FIFO)
Process stocks/finished goods	- Material cost plus appropriate share of labour and manufacturing overheads.
Stock in trade	- First in first out (FIFO)

J. Financial Instruments

i) Financial Asset

- **Classification**

The group classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and contractual cash flow characteristics of the financial asset.

- **Initial Recognition and Measurement**

All financial assets are recognised initially at fair value, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

The financial assets include equity and debt securities, trade and other receivables, loans and advances, cash and bank balances and derivative financial instruments.

- **Subsequent Measurement**

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- At amortized cost,
- At fair value through other comprehensive income (FVTOCI), and
- At fair value through profit or loss (FVTPL).

- **Debt instrument at amortized cost**

A "Debts instrument" is measured at the amortized cost if both the following condition are met:

- The assets are held within a business model whose objective is to hold assets for collecting contractual cash flow(business model test) , and
- Contractual terms of the assets give rise on specified dates to cash flows that are solely payments of principle and interest on the principle amount outstanding (contractual cash flow characteristics).

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount, premium, fee or costs that are an integral part of an EIR. The EIR amortization is included in finance income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit and loss.

- **Debt instrument at fair value through profit or loss**

Debt instruments included within the fair value through profit or loss (FVTPL) category are measured at fair value with all changes recognized in the statement of profit and loss.

- **Debt instruments at fair value through other comprehensive income**

A financial asset should be measured at FVTOCI if both the following conditions are met:

- The asset is held within a business model in which asset are managed both in order to collect contractual cash flows and for sale, and
- Contractual terms of the assets give rise on specified dates to cash flows that are solely payments of principle and interest on the principle amount outstanding.

After initial measurement (at fair value minus transaction cost), such financial assets are measured at fair value with changes in fair value recognized in Other comprehensive income except for:

(i) Interest calculated using EIR
(ii) Foreign exchange gain and losses , and
(iii) Impairment losses and gains

- **Equity investments**

"All equity investments in the scope of Ind AS 109 are measured at fair value. Deemed cost is the carrying amount under the previous

GAAP as at the transition date i.e. April 01, 2016. Equity instruments included within the FVTPL category, if any, are measured at fair value with all changes recognized in statment of profit or loss. The Group may make an irrevocable election to present in OCI subsequent changes in the fair value. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. When the fair value has been determined based on level 3 inputs, the difference between the fair value at initial recognition and the transaction price, if loss, is recognized through retained earnings and after initial recognition subsequent changes in fair value of equity instruments is recognised as gain or loss to the extent it arises from change in input to valuation technique. If the Group decides to classify an equity instrument at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in OCI. There is no recycling of the amounts from OCI to profit or loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity. "

- **De-recognition**

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognized when:

- The right to receive cash flows from the assets have expired or
- The group has transferred substantially all the risks and rewards of the assets, or
- The group has neither transferred nor retained substantially all the risks and rewards of the assets, but has transferred control of the assets.

ii) Financial liabilities

- **Classification**

Debt and equity instruments issued by the group are classified as either financial liabilities or as equity in accordance with the substance of the contractual agreements and the definitions of financial liability and equity instrument.

- **Initial recognition and measurement**

The group recognizes financial liability when it becomes a party to the contractual provision of the instrument. All financial liabilities are recognized initially at fair value, for financial liability not subsequently measured at FVTPL, at transaction costs that are directly attributable to the issue of financial liability.

- **Subsequent Measurement**

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

- **Financial liability at amortized cost**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Gain and losses are recognized in statement of profit and loss when the liabilities are derecognized.

Amortization cost is calculated by taking into account any discount or premium on acquisition and transaction cost. These amortization is included as finance cost in the statement of profit and loss.

This category generally applies to loans & borrowings.

- **Financial liability at FVTPL**

Financial liabilities are classified at FVTPL when the financial liability is either contingent consideration recognized by the group as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designed as at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gain or loss arises on re-measurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any interest paid on the financial liability.

- **Equity Instrument**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the group are recognized at the proceeds received, net of direct issue cost.

Repurchase of the group's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue, or cancellation of the group's own equity instruments.

- **De-recognition**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amount recognized in the Statement of Profit and Loss.

- **Offsetting of financial instrument**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

K. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cheques on hand, deposits held at call with banks, balance with banks on current account and short term, highly liquid investments with an original maturity of three months or less that are readily convertible to cash and which are subject to an insignificant risk of changes in value.

For the purpose of statement of cash flow, cash and cash equivalents consist of cash and short term deposits, net of outstanding bank overdraft as they being considered as integral part of the group's cash management.

L. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the group and the revenue can be reliably measured.

Sale of Goods

The Group derives revenue primarily from, sale of sugar and other by-products produced from processing of sugar cane, and sale of chemical, liquor etc. Revenue from sale of goods is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration, the group expect to receive in exchange of those products or services. Revenue is inclusive of excise duty and excluding estimated discount and pricing incentives, rebates, other similar allowances to the customers and also excluding value added taxes, goods and other taxes and amounts collected on behalf of third parties or government, if any.

Revenue from Contracts

Revenue from contracts with customers is recognised upon satisfaction of performance obligation by transferring of control of promised products or services to customers at an amount of the transaction price that is allocated to that performance obligation. The transaction price is the amount that the Group expects to be entitled to in exchange of transferring promised goods or services to a customer.

The Group identifies each performance obligation at contract inception to determine whether it satisfies the performance obligation over time or at a point of time. Accordingly:

Revenue related to fixed price maintenance and support services contracts where the Group is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.

In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract costs incurred determining the degree of completion of the performance obligation. The contract costs used in computing the revenues include cost of fulfilling warranty obligations.

Revenue from the sale of distinct third party equipment is recognised at the point in time when control is transferred to the customer.

The solutions offered by the Company may include supply of third-party equipment. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue from Power generation is recognised on accrual basis as per terms of Power Purchase Agreement (PPA) with Uttar Pradesh Power Corporation Limited. The normal credit term is 30 days upon delivery.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

The Group considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price, the Group considers the effects of variable consideration, the existence of significant financing components, non-cash consideration, and consideration payable to the customer (if any).

Variable consideration

If the consideration in a contract includes a variable amount, the Group estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. The terms of power efficiency adjustment on sale of power in contracts with customer give rise to variable consideration.

Group's contract with customers does not contain any significant financing component or non- cash consideration or right to return with customers.

Contract balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. The contract assets are shown as "Unbilled Income".

Trade receivables

A receivable represents the Group's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract. Contract liabilities are shown as "Advance from Customers".

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

Interest Income

Interest income from a financial asset is recognized when it is probable that the economic benefit will flow to the group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend Income

Dividend income is recognized when the Group's right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably i.e. in case of interim dividend, on the date of declaration by the Board of Directors; whereas in case of final dividend, on the date of approval by the shareholders.

Export Incentives

Export incentives are accounted for in the year of exports based on eligibility and when there is no significant uncertainty in receiving the same.

Insurance Claims

Insurance claim are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

Income from REC

Income from REC is recognized to the extent approved and credited in company's favour by concerned authority in the account maintained with Renewable Energy Certificate Registry of India at the minimum expected realizable value, determined based on the rates specified under the relevant regulations. The difference between the amount recognized initially and the amount realized on sale of such RECs at the Power Exchange are accounted for as and when such sale take place.

M. Expenses

All expenses are accounted for on accrual basis.

N. Foreign currency translations

Consolidated financial statements have been presented in Indian Rupees (INR), which is Group's functional and presentation currency.

i. Initial Recognition

Transactions in foreign currencies are initially recorded at the functional currency spot rate prevailing at the date the transaction first qualifies for recognition.

ii. Transactions and balances

Monetary assets and liabilities related to foreign currency transactions outstanding at the balance sheet date are translated at the functional currency spot rate of exchange prevailing at the balance sheet date. Any income or expense arising on account of foreign exchange difference either on settlement or on translation is recognized in the Statement of Profit and Loss.

O. Taxes

i. Income tax

Income tax comprises current and deferred tax. It is recognized in profit or loss except to the extent that it relates to a business combination or to an item recognized directly in equity or in other comprehensive income.

ii. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on net basis or simultaneously.

iii. Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognized in respect of carried forward tax losses and tax credits. Deferred tax is not recognized for:

- Temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- Temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- Taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used. In case of a history of continuous losses, the group recognizes a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized. Deferred tax assets – unrecognized or recognized, are reviewed at each reporting date and are recognized/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realized.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized, or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

Minimum Alternate Tax (MAT) credits is recognized as deferred tax assets in the Balance Sheet only when the asset can be measured reliably and to the extent there is convincing evidence that sufficient taxable profit will be available against which the MAT credits can be utilized by the company in future.

P. Impairment

- **Non-financial assets**

Goodwill and Intangible assets that have an indefinite useful life are not subject to amortization but are tested annually for impairment.

Other intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the re coverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The carrying amount of assets is reviewed at each balance sheet date, if there is any indication of impairment based on internal/external factor. An asset is impaired when the carrying amount of the assets exceeds the recoverable amount. If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit or loss in the year in which an asset is identified as impaired.

An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does

not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

- **Financial assets**

  The group applies 'simplified approach' measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

  - Financial assets that are debt instrument and are measured at amortized cost e.g. loans, debt securities, deposits, and bank balance.
  - Trade receivables:

    The application of simplified approach does not require the group to track changes in credit risk. Rather, it recognizes impairment loss allowance based on life time expected credit loss at each reporting date, right from its initial recognition.

Q. Earnings per share

Basic earnings per share are calculated by dividing the profit/loss for the year (before other comprehensive income), attributable to the equity shareholders, by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share are calculated by dividing the profit/(loss) for the year (before other comprehensive income), adjusting the after tax effect of interest and other financing costs associated with dilutive potential equity shares, attributable to the equity shareholders, by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares which could be issued on the conversion of all dilutive potential equity shares.

R. Provisions

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement. Provisions are not recognized for future operating losses.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Group. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote.

A contingent asset is not recognized but disclosed, when possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

S. Operating Segments

The Group's operating segments are established on the basis of those components of the Group that are evaluated regularly by the Board of Directors (the 'Chief Operating Decision Maker' as defined in Ind AS 108 - 'Operating Segments'), in deciding how to allocate resources and in assessing performance. These have been identified taking into account nature of products and services, the different risks and returns and the internal business reporting systems.

Revenue and Expenses have been identified to a segment on the basis of relationship to operating activities of the segment. Revenue and Expenses which relate to enterprise as a whole and are not allocable to a segment on reasonable basis have been disclosed as "Unallocable".

Segment Assets and Segment Liabilities represent Assets and Liabilities in respective segments. Assets and Liabilities that cannot be allocated to a segment on reasonable basis have been disclosed as "Unallocable".

T. Cash Flow Statement

Cash flows are stated using the indirect method, whereby profit/loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of incomes and expenses associated with investing or financing flows. The cash flows from operating, investing and financing activities of the Group are segregated.

4. The Consolidated Financial Statement of the Group for the year ended March, 31, 2022 has been restated on account of consolidation of financial statement of SPPL, a material subsidiary. The same was not consolidated while preparing the earlier financial statements due to its non-finalization till the date of approval of consolidated financial statement of the Group by the Board of the Company. The comparison of original and restated consolidated financial statements is presented in note no. 23. During the year ended March 31, 2023, the financial results of SPPL has not been consolidated for the financial year 2022-23, as these are not yet finalized and approved till date. Consequently, these Consolidated Financial Statement for the year ended March 31, 2023 have been prepared after consolidated the financial statement of SPPL for the year ended March, 31, 2022, which has resulted in non-elimination of various transactions entered into between the Company and SPPL during the Financial Year 2022-23 and also non-elimination of incremental balances of SPPL in the books of the Company as at March 31, 2023. Further, the age wise classification of trade receivables and payables; current maturity of Term Loans and, current and non-current presentation of assets and liabilities relating to the outstanding appearing in the financial statement of SPPL as at March, 31,2022 and consolidated in the Financial Statement of Group as at March 31, 2023 has been stated, based on the presentation and classification made in the Restated Consolidated Financial Statement of the Group as at March 31, 2022 and has not been revised and restated.

   The transactions entered into between the Company and SPPL for year ended March 31, 2023, which have not been eliminated in the consolidated financial statement, have resulted in increase in the total revenue by ₹ 2,991.92 lacs and total expenses by ₹ 712.26 lacs. Further, increase in the balances of subsidiary of ₹ 902.07 lacs have been included in the consolidated balance sheet in the respective asset heads.

5. For the year ended March 31, 2023 and in previous years, due to higher raw material cost i.e. sugarcane costs (SAP) fixed by State government and relatively lower sales realization of finished sugar, adverse demand & supply scenario, and other eternal factors, the Company had continuously incurred huge cash losses resulting in complete erosion of its net worth, rendering the Company unable to meet payment obligations towards its lenders as well as to the sugarcane farmers in terms of their respective agreements and understanding. All the production units of the Company are operational and continue to operate at sub-optimum levels on year on year basis while consistent efforts are being made for improvement in operational efficiency viz. improvement in sugar recovery, reduction in overheads and reduction in other operational and administrative costs etc. However, due to lack of required working capital and no capex being undertaken towards augmentation and modernization, the operations of distillery units /sugar plants is still adversely impacted. Further, the availability of required sugarcane for optimal utilization of production capacities is still a challenge on account of aforesaid reasons. In distillery segment, non-installation of incineration boilers and other equipment's to meet the stringent requirement of Pollution control board is still resulting in curtailed production levels. Further, the expected accrued benefits under the Sugar Industries Promotion policy 2004 has not been yet disbursed by the State Government as the matter is sub-judice.

   Recognizing the status of the sugar industry, the state and central governments have taken a number of measures in past to improve the financial health of sugar mills and to support the liquidation of sugarcane arrears by grant of soft loan, fixing minimum support price of sugar, and Ethanol blending program with petrol coupled with long term tendering and fixing remunerative selling price of ethanol etc. All these measures specifically ethanol blending programme, have resulted in revival of the sugar industry but the Company is continuing to suffer and incurring losses on account of non-availability of sufficient sugar cane commensurate to its crushing capacities, on account of delayed payment of sugar cane prices due to adverse liquidity position, which have resulted in the diversion of sugar cane in the command areas to the other adjoining sugar mills. Benefits under soft loan could also not be availed, since credit facility accounts with its lenders were having NPA categorisation.

   Due to default in repayment of credit facilities, lenders to the Company have initiated recovery proceedings at various forums, including filing of applications before the Hon'ble National Company Law Tribunal (NCLT) under Section 7 of the Insolvency and Bankruptcy Code, 2016 and also filing of recovery proceedings against personal guarantors (Promoters) before NCLT under section 95 of Insolvency and Bankruptcy Code,2016 in addition to approaching Debt Recovery Tribunals in Delhi as well as in Lucknow, Uttar Pradesh. One of the lenders had declared the Company and Guarantors to the credit facility, as Willful Defaulters, such impugned order of lender was Set Aside by Hon'ble Punjab and Haryana High court at Chandigarh, while another lender had started the proceedings to examine the Willful Default and a personal hearing was also granted, basis Company's representations the decision is kept in Abeyance. One lender has categorized company with Fraud tag and same is challenged before Delhi High Court. While one of the lenders had initiated recovery proceedings under section 138 of the Negotiable Instrument Act, wherein non-bailable warrants were issued against the erstwhile directors and officials of the Company, which is being contested at the appropriate forum. Against a criminal complaint filed by one of the lenders, the Enforcement Directorate had passed an Attachment Order on certain assets of the Company to the extent of ₹ 109.80 Crore, against which the Company has preferred an appeal before with the appropriate authority and the matter is sub-judice. The Enforcement Directorate had proceeded to take the Constructive Possession of the Attached Property on which an Interim Stay has been granted by the Hon'ble Appellate Tribunal.

   The Company is continuing to pursue a comprehensive debt resolution proposal with all the lenders. Commercial lenders have shown their inclination to accept the debt resolution proposal and accepted the Earnest Money offered thereof, while Debt realignment proposal was submitted to other lenders against which the company had initiated the repayments, pending approval of respective lenders. Revised and improved debt resolution proposal given to commercial lenders on bilateral basis is under consideration by the commercial lenders, while application filed with Hon'ble NCLT Bench, Allahabad is being heard. The Commercial Lenders have also appointed two independent valuers for the valuation of the assets of the Company.

   Considering the steps initiated for achieving turnaround of the Company and sugar sector, and continuing manufacturing operations in near foreseeable future with improved operational efficiency, these financial results are continued to be presented on Going Concern basis, which contemplates realization of assets and settlement of liabilities, in the normal course of business. Accordingly, property, plant and equipment's are continued to be stated at carrying amount without testing for impairment, pending receipt of the final valuation reports from the two independent valuers appointed by the Commercial Lenders.

5 a) In the audited financial statements of Simbahaoli Power Private Limited ('SPPL') for the year ended March 31, 2022, the statutory auditor of the SPPL had qualified their opinion on the matter of certain accounting disputes with the holding company aggregating to ₹ 1,197.90 lacs, resulting in understatement of loss after tax and overstatement of equity by the aforesaid amount. The auditors further drawn Emphasis of Matter in respect of existence of material uncertainty on account of reduction in power tariff w.e.f. April 1, 2019, against which a writ petition has been filed by SPPL and others before High Court of Allahabad, Lucknow Bench; accounting of power supplied during the period April 1, 2019 to September 31, 2019 resulting in higher recognition of revenue by ₹ 683 lacs having consequential impact on the profits and financial statements; and consequential impact on impairment on Property, Plant and Equipment, if any, on account of the aforesaid tariff reduction. The auditors had further drawn attention on the existence of material uncertainty due to incurring of losses on account of reduction in power tariff having adverse impact on the liquidity of SPPL and reported that the aforesaid facts cast significant doubts about the SPPL's ability to continue as a going concern.

6. Contingent liabilities and commitments (to the extent not provided for):

i) Capital and other commitment :

Estimated value of contracts (net of advances) remaining to be executed on Capital account ₹ 351.00 lacs (Previous year ₹ 189.14 lacs). The Company has other commitments, for purchase / sales orders which are issued after considering requirements per operating cycle for purchase / sale of goods and services, employee benefits including union agreements in normal course of business. The Company does not have any other long-term commitments or material non-cancellable contractual commitments / contracts, which may have a material impact on the financial statements.

ii) Claims against the Group not acknowledged as debts ₹ 2,492.25 lacs (Previous Year ₹ 4,606.49 lacs).

Refer Note no.23

All the above matters are subject to legal proceedings in the ordinary course of business. The legal proceedings, when ultimately concluded will not in the opinion of the management, have a material effect on results of operations or financial position of the Group.

The amount shown in Note No. 6 (ii) above represent the best possible estimates arrived on the basis of demand raised by the claimant and does not include interest if any, payable thereon from the date of demand. The uncertainties and timing of the cash flows are dependent on the outcome of different legal processes which have been invoked by the Group or the claimants, as the case may be and, therefore cannot be estimated accurately. The Group does not expect any reimbursement in respect of above contingent liabilities except as stated in Note No.6(iii).

In the opinion of the management, no provision is considered necessary for the disputes mention above on the ground that there are fare chances of successful outcome of the appeals.

iii) With the introduction of GST w.e.f. July 1, 2017, the purchase tax earlier levied on ENA subsumed therein. Since under GST no tax was notified to be paid on the sale of ENA, no tax was paid by Industry on its sale. Later on, the State Government notified 5%.VAT rate on the sale of ENA w.e.f. December 09, 2019. Accordingly the industry, including the company started paying VAT @ 5% w.e.f December 09, 2019.However, the commercial tax Department of Uttar Pradesh raised a demand of ₹ 1,933.47 lacs on the company based on the tax rate of 32.5% of ENA ,in respect of sales made during the periods July 1, 2017 to March 31, 2020. The Company filed appeal against the aforesaid demand before Commercial Tax Tribunal - Ghaziabad, and deposited ₹ 206.22 lacs under protest against the aforesaid demand. The tribunal had stayed the recovery of balance demand till the disposal of appeal. Since, the matter is subjudice and the company expects a favorable decision on the matter, no provision has been made against the aforesaid demand.Further the payment if any will be required to be made for the VAT liability ,the same will be reimbursed by the buyers as per agreement with them.

iv) The Hon'ble Allahabad High Court in the case of PIL Rashtriya Kisan Mazdoor Sangathatan Vs State of Uttar Pradesh passed final order, directing the cane commissioner to decide afresh the issue as to whether the Sugar Mills are entitled for waiver of interest of delayed payment of sugarcane price for the season 2012-13,2013-14 and 2014-15 under the provision of section 17(3) of the U.P Sugarcane (Regulation of Supply and Purchase) Act,1953.Thereafter,in an Contempt application filed before High court and its follow up proceeding, the cane commissioner filed an affidavit specifying interest rates on delayed payment of cane price to be paid by Sugar Mills. The company had also received a notice for payment of interest on delayed payment of cane price for Sugar season 2012-13 is pursuant to the aforesaid order. The Company made representation against the said demand notice. Subsequently, State Government has filed modification application before and Cane commissioner also filed SLP with the Supreme Court in this matter which is pending for adjudication. Considering the above facts and based on the the past practice of waiver of interest by the State Government, no provision has been made in respect of the interest payable on delayed payment of cane price for the aforesaid sugar seasons and also for subsequent sugar seasons. Since no demand has been raised by the Government, except for the sugar season 2012-13, the total amount of interest payable on delayed payment of cane price up to March 31, 2023 and not provided in the accounts could not be quantified.

v) Cane Societies were in dispute with the State Government of Uttar Pradesh with regards to retrospective waiver of society commission payable by sugars mills for the Sugar Season 2012-13, 2014-15 and 2015-16 as a part of its relief package to Sugar Industry. The Hon'ble Allahabad High Court vide order dated 21-12-2017 decided the matter in favor of Cane Societies and against the aforesaid order U.P Sugar Mill Association filed SLP before Hon'ble Supreme Court. The matter is still pending for the further adjudication. Based on the legal review of the facts, the management concluded that the possibility of crystallization of liability in the present case is remote and according no provision has been made in accounts.

vi) Income Tax Department has raised demand of ₹ 469.76 lacs and of ₹ 31,983.39 lacs for AY 2016-17 and 2017-18 while making assessment U/s 147 of the Act in the name of erstwhile Simbholi Sugars Ltd.,which was amalgameted with the company effective from April 1,2015 and also levied penalty of ₹ 370.13 lacs and ₹ 7,507.84 lacs for AY 2016-17 & 2017-18.The company has preferred appeal against the aforesaid orders before CIT(Appeal) and is confident that all the aforesaid demand will be queshed as the erstwhile Simbholi Sugars Ltd.,ceased to exist w.e.f. April 1,2015 and the income assessed in its hands has already been offerred to tax by the company in the respective assessment years Since, there are remote chances of crystalisation of the aforesaid demands,the same has not been provided for and also not included in the above stated details of contingent liabilities.

7. Consequent to revision in the wage rates of employees covered under Wage Board with retrospective effect from October 1, 2018, the Holding company has accounted for additional liability of ₹ 806.88 lacs under Employees Benefits expenses during year ended March 31,2023.

8. Certain banks had advanced Agri loans to sugarcane farmers through the erstwhile Simbhaoli Sugars Limited (ESSL) under the management and collection agreements and were provided Corporate Guarantee and post-dated cheques as security. These loans were to be repaid by the Company to the respective lenders from the dues payable to sugarcane farmers against their supplies to the sugar mill, but due to the overall downturn in the sugar industry and primacy to pay sugarcane dues in priority to any other dues/ payments, the Company could not repay these loans on their due dates. Company had submitted a financial restructuring plan to its lenders in FY 2014-15. As per sanction of CDR-EG dated February 02, 2016 all the outstanding loans/ dues were proposed to be converted into term loans, subject to the consent of respective commercial lenders Two of the commercial lenders/ banks had converted their outstanding loans dues into term loan in the financial year 2016-2017 while one of the commercial lender/ bank had converted their dues into term loan in financial year 2017-18.

Erstwhile Oriental Bank of Commerce (e-OBC) now amalgamated with Punjab National Bank, one of the commercial lender, who had converted Agri Loan into Corporate loan as stated above, in financial year 2016-17 had arbitrarily classified its outstanding Agri Loan as "Fraud" liability in May 2015. Subsequently, after following due process and obtaining approvals, including but not limited to obtaining specific permission from the Reserve Bank of India (RBI) for conversion of loan liability, and in consultation with all other Consortium Lenders, sanctioned and disbursed a corporate loan in February/June 2016 for liquidating the Agri Loans. In addition, in an application filed by e-OBC at Debt Recovery Tribunal, Lucknow confirming simultaneous closure of the matter and a consented decree was passed.

E-OBC, had arbitrarily initiated recovery actions against the Company for the restructured corporate loan including an application filed under Section 7 of Insolvency and Bankruptcy Code, 2016 before Hon'ble National Company Law Tribunal (NCLT), Allahabad Bench. PNB had also filed an similar application before NCLT, Allahabad Bench for recovery of their dues, causing a serious threat to the value available to all the stakeholders e-OBC, had declared company and guarantors as Willful Defaulters against which company and guarantors have challenged and contested such declaration in the Hon'ble Punjab and Haryana High Court at Chandigarh and Court was pleased to Set Aside such impugned order of e-OBC. A Show Cause Notice on Willful Default was issued by Punjab National Bank to company and guarantors Basis representations made before the screening committee and taking into account that Forensic Audit report, initiated by the Joint Lenders, which was also closed by unanimous consensus in Joint Lenders Meeting including representatives of PNB, stating that there is No Fraud or Willful Default, PNB had kept the declaration of willful default in Abeyance. After Amalgamation PNB had issued another show cause notice to the company and Guarantors, including exposure of e-OBC, wherein default was identified as Willful and a personal hearing was granted. Company and Guarantors has contested such identification and submitted written submission stating that allegations are baseless and requested to provide all the documents on the basis which such conclusions are arrived at, under the expert legal opinion. It was further apprised, that company has submitted debt resolution proposal with all the commercial lenders PNB had declared the account as Fraud due to Harmonisation with e- OBC, company had challenged such declaration in Hon'ble Delhi High Court and matter is being Sub-Judice. Earlier e-OBC had also filed a criminal complaint with the investigating agency declaring the credit facilities as "Suspected Fraud". The Company has denied any fraud on its part, provided adequate documentation for the same, while reiterating its commitment for repayment to all the lenders, basis future cash flows, monetisation of assets, internal accruals etc. Against such criminal complaint, the enforcement directorate had passed an attachment order on certain assets of the Company to the extent of 109.80 crores, against which the Company has preferred an appeal with the appropriate authority and the matter is sub-judice. Enforcement Directorate had proceeded to take the constructive possession of the Attached Property on which an Interim Stay has been granted by the Hon'ble Appellate Tribunal.

The Company is continuing to pursue a comprehensive debt resolution proposal with all the lenders The majority of commercial lenders have shown their inclination to accept the debt resolution proposal and accepted the 'Earnest Money'offered thereof while Debt realignment proposal was submitted with other lenders against which SSL had initiated the repayments, pending approval of respective lenders Revised and improved debt resolution proposal given to commercial lenders on bilateral basis is under consideration while application filed with Hon'ble NCLT Bench, Allahabad is being heard.

9. The credit facilities availed by the Company have been classified as non-performing assets (NPA) by all the lenders and interest thereon is not being charged to the loan accounts by commercial lenders as per RBI's circular. The Company has submitted comprehensive debt resolution proposals with all the lenders to commensurate with its future cash flows including infusion of funds by strategic investor, promoters, internal accruals, monetization of assets etc. which contemplates the total waiver of interest concession in repayment of principal amount. Commercial lenders have accepted the Earnest Money Deposit (EMD) offered in consonance with the Debt Resolution Proposal. Accordingly, the estimated Interest expenses on credit facilities pertaining to commercial lenders, for the year ended March 31, 2023 amounting to ₹ 19,018.54 lacs (previous year ended March 31,2022 amounting to ₹ 17,013.85 lacs) has not been recognized in consolidated Statement of profit and loss account. An accumulated amount of ₹ 88,948.03 lacs towards accrued interest has not been provided for in the books of accounts as on March 31, 2023.

9.i) Reconciliation of quarterly bank returns

The Bank returns were prepared and filed before the completion of all financial statement closure activities including Ind AS related adjustments/ reclassifications, as applicable, which led to these differences between the final books of accounts and the bank return which were based on provisional books of accounts. Further difference also arises on account of different valuation methodology adopted for valuing the finished goods stock in the books and for the purpose of reporting in the bank return. In the books, stock of finished goods is recorded at lower of cost or net realisable value but for bank purposes it is taken at net realisable value which is determined as per bank norms.

However there is no material difference in reporting the quantity of stock in the bank returns as compared to books of accounts.

11. Segment reporting

i) Operating segments:

The Group's operating segments are business segments, viz. sugar and alcohol, basis which chief operating decision maker (CODM) evaluates the company's performance and allocates resources

ii) Geographical segments:

Since the Group's activities/operations are primarily within the country and considering the nature of products it deals in, the risks and returns are same and as such there is only one geographical segment.

iii) Segment accounting policies:

In addition to the significant accounting polices applicable to the business segments as set out in note 2 above the accounting policies in relation to segment accounting are as under:

a) Segment revenue and expenses:

Joint revenue and expenses of segments are allocated amongst them on a reasonable basis. All other segment revenue and expenses are directly attributable to the segments.

b) Segment assets and liabilities

Segment assets include all operating assets used by a segment and consist principally of operating cash, debtors, inventories and fixed assets, net of allowances and provisions which are reported as direct offsets in the balance sheet. Segment liabilities include all operating liabilities and consist principally of creditors and accrued liabilities. Segment assets and liabilities do not include income taxes. While most of the assets/liabilities can be directly attributed to individual segments, the carrying amount of certain assets/liabilities pertaining to two or more segments is allocated to the segments on a reasonable basis.

c) Inter segment sales

Inter segment sales between operating segments are accounted for at market price. These transactions are eliminated on consolidation.

- **Risks related to defined benefit plans:**

Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary overtime. Thus, the Company is exposed to various risks in providing the above benefits which are as follows:

Interest rate risk: The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

Liquidity Risk: This is the risk that the Company is not able to meet the short-term gratuity pay-outs. This may arise due to non-availability of enough cash / cash equivalent to meet the liabilities or holding of its liquid assets not being sold in time.

Salary Escalation Risk: The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Demographic Risk: The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

Regulatory Risk: Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of ? 20,00,000).

Asset Liability Mismatching or Market Risk: The duration of the liability is longer compared to duration of assets, exposing the Company to market risk for volatilities/fall in interest rate.

Investment Risk: The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

Note:- The above is a standard list of risk exposures in providing the above benefit. The Company is advised to carefully examine the above list and make suitable amendments (including adding more risks, if relevant) to the same before disclosing the above in its financial statements.

Method and Assumptions related terms:

Discount Rate: Discount rate is the rate which is used to discount future benefit cash flows to determine the present value of the defined benefit obligation at the valuation date. The rate is based on the prevailing market yields of high quality corporate bonds at the valuation date for the expected term of the obligation. In countries where there are no such bonds, the market yields at the valuation date on government bonds for the expected term is used.

Salary Escalation Rate: The rate at which salaries are expected to escalate in future. It is used to determine the benefit based on salary at the date of separation.

Attrition Rate: The reduction in staff/employees of a company through normal means, such as retirement and resignation. This is natural in any business and industry

Mortality Rate: Mortality rate is a measure of the number of deaths (in general, or due to a specific cause) in a population, scaled to the size of that population, per unit of time.

Projected Unit Credit Method: The Projected Unit Credit Method (sometimes known as the accrued benefit method pro-rated on service or as the benefit/years of service method) considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation. The Projected Unit Credit Method requires an enterprise to attribute benefit to the current period (in order to determine current service cost) and the current and prior periods (in order to determine the present value of defined benefit obligations).

18. Financial risk management objectives

The Group's principal financial liabilities comprise loans and borrowings, trade payables and other payables. The main purpose of the financial liabilities is to finance the Group's operations. The Group's principal financial assets include loans, trade and other receivables and cash and bank balances that derive directly from its operations.

The Group's activities expose it mainly to credit risk, liquidity risk and market risk. This note explains the sources of risks which the entity is exposed to and how it mitigates that risk.

I) Credit risk

- Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. Group is exposed to credit risk from trade receivables and deposits with banks. To manage this, Group periodically assesses the financial reliability of customers, taking into account factors such as credit track record in the market and past dealings with the group for extension of credit to customer. Outstanding customer receivables are regularly monitored. Concentrations of credit risk are limited as a result of the Company's large and diverse customer base. Group has also taken advances and security deposits from its customer / agents, which mitigate the credit risk to an extent. The ageing of the trade receivables is given below:

- The impairment analysis is performed at each balance sheet date on individual basis for major clients. In additions a large number of minor receivables are grouped into homogenous group and assessed for impairment collectively. The Group makes specific provisions @100% / write offs in respect of major customers based on its previous experiences and increase in credit risks. The Group makes general provisions for lifetime expected credit loss in respect of receivables @ 50% on the amount of receivables overdue for more than 180 days and 25% on the amount of receivable overdue for more than 90 days to 180 days.

  The change in loss allowances for trade receivables, advances to suppliers, security deposits and other assets is as under.

- Group considers factors such as track record, size of the institution, market reputation and service standards to select the banks with which term deposits are maintained. Generally, term deposits are maintained with banks with which Group has also availed borrowings.

ii) Liquidity risk

Liquidity risk is the risk that a group may encounter difficulties in meeting its obligations associated with financial liabilities that are settled by delivering cash or other financial assets. Since the Group is making continuous losses, presently it monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs. The table below provides undiscounted cash flows towards financial liabilities into relevant maturity based on the remaining period at the balance sheet to the contractual maturity date.

iii) Market risk

The Group is exposed to the risk of movements in interest rates, inventory price and foreign currency exchange rates that affects its assets, liabilities and future transactions. Market risks comprises of four types of risks such as:

- **Interest rate risks**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Company's borrowings obligations with floating interest rates.

- **Commodity risk**

Sugar industry being cyclical in nature, realisations get adversely affected during downturn. Higher cane price or higher production than the demand ultimately affect profitability. The Company has partly mitigated this risk adopting integrated business model by diversifying into distillation, for better price realisation of the by-products.

- **Foreign exchange risk**

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

The Group's exposure to the risk of changes in foreign exchange rates is limited to the Group's operating activities (when revenue or expense is denominated in a foreign currency), which are not material.

Foreign Currency exposures that are not hedged by derivative instruments or otherwise as follows:

iv) Regulatory risk

Sugar industry is regulated both by Central Government as well as State Government. Central and State Governments policies and regulations affect the sugar industry and the Company's operations and profitability. Distillery business is also dependent on the Government policy.

ii) Fair Value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognized and measured at fair value. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Following methods and assumptions used to estimate the fair values:

Fair value of cash and cash equivalents and short term deposits, trade and other short term receivables, trade payables, short term borrowings and other current financial assets and liabilities carried at amortized cost is not materially different from its carrying cost, largely due to the short-term maturities of these financial assets and liabilities

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

There is no transfer from one level to another level during the year.

The following table provides the fair value measurement hierarchy of Group's assets and liabilities, grouped into Level 1 to Level 3 as described below:

21. The Integrated Casetech Consultants Private Limited (ICCPL) has been contesting legal cases against certain mala fide activities resulting from breach of fiduciary duties committed by certain previous directors/senior executives of the ICCPL by making false recommendations and setting-up parallel business entities in competitive areas.

    During the earlier years, the ICCPL has initiated legal proceedings to make recoveries from such directors/senior executives in the appropriate legal forums. The said directors/senior executives had also initiated a legal case before the Hon'ble Company Law Board (CLB) against the ICCPL, which was dismissed on February 23, 2016, however, on application of such directors/senior executives in the previous year, the matter was again admitted for hearing by the Hon'ble National Company Law Tribunal (NCLT). In another suite filed by the ICCPL, Hon'ble High Court of Delhi had granted the injunctions to refrain such director/senior executives from making the mis-representations, that they are associated with the ICCPL in any manner to the public at large. The said matter is sub-judices and the recovery proceedings are in progress.

22. (I) ICCPL had recognized revenue of ₹ 462.57 lacs as unbilled revenue in the earlier financial years, which had been in disputes with the counter parties. Further the counter parties had also hold back the payment of Earnest Money Deposits of ₹ 100.00 lacs, which has been shown as recoverable under the head “Other current financial assets”in the financial statements. Pending final settlement of the disputes, the unbilled revenue and Earnest Money Deposits balances are continued to be carried forward at the same amount, without making any provision for the expected credit losses and estimated probable losses on account of disputes. The auditors of ICCPL are not made available of appropriate impairment assessment carried out by the management and accordingly, expressed their opinion that they are unable to comment on the same, including the compliance of the Ind AS 36 and any consequential adjustment that may arise in this regard in the financial statements of ICCPL

    (ii) Trade receivables includes overdue receivables for more than one year amounting to ₹ 218.86 lacs, which has been classified as considered good and against which provision for expected credit loss of ₹ 93.39 lacs has been made. Examination of records of ICCPL revealed that the counter parties had not accepted the invoices raised by ICCPL on account of various disputes in fulfilment of the contracts and are also not confirming that these payments are due to IPPCL as per their records. In absence of the confirmation and considering the fact of non admission of invoices, the auditor expressed their opinion that the entire receivable amount of ₹ 218.86 should have been provided for by ICCP. Consequently, as per the opinion of the auditors of ICCPL profit for the year, trade receivables and total equity as at the end of the year are overstated by ₹ 125.47 lacs.

    (iii) The auditor of ICCPL has also qualify their opinion in the matter of the recognition of net deferred tax assets of ₹ 118.02 lacs in respect of past losses and other deductible temporary differences which in the opinion of the auditor is not in consonance with the Ind AS 12, as the probability of earning sufficient taxable profits in future is remote in view of the above mentioned qualifications. Consequently, as per the opinion of the auditors of ICCPL profit after tax for the year, deferred tax assets and total equity at the end of the year are overstated by the aforesaid amount.

23.
