18 years of journey of Constructing Buildings

FORMATTED

Precast Facility - Enhancing captive capabilities. Exploring newer technologies

A state-of-the-art manufacturing plant of precast concrete building.

- Precast enables manufacturing all elements of building and infrastructure industry, such as Beams, Columns, Slabs, Load Bearing Walls, Partition Walls, Staircase, and Lift Cores, among others.
- On Infrastructure side majority of precast orders are from L&T as part of National High Speed Rail project. Balance orders are from Residential and Industrial segments as part of our existing orders.
- Considering the orders and demand from civil as well as infrastructure space, the company is undergoing capacity addition in precast.

Benefits of Precast Manufacturing Facility

- Reduces labour-intensive traditional building methods by way of maximum prefabrication and use of cutting-edge technology,
- Thereby reducing turnaround time for projects,
- Unlocks the best land potential,
- Helps in delivering consistent quality,
- Helps to increase operating efficiency and margins.

Offsite Modular Construction Technology is the future to achieve seamless quality, speed in delivery and larger volumes in a controlled environment.

Project Ninety

The graphic features the PSP logo at the top left. The main headline reads 'REDEFINING SPEED' in large, bold letters. Below this, it says 'Project "Ninety"' and '3B+G+18 Floors in 148 Days'. A red box labeled 'Benefit Of Precast' is positioned above a collage of images showing a tall building under construction, a large industrial precast facility, and a construction site with cranes. At the bottom, there are icons and text for 'Speed', 'Sustainability', 'Precision', 'Quality', 'Safety', 'Cost Efficiency', and 'Timeliness'.

Precast Facility

Investment Rationale

One-stop shop solution construction company present throughout the value chain starting from planning, design, construction and post-construction services including MEP work and other interior fit-outs which provides us with several opportunities, faster project turnaround time & higher ticket size.

With proven track record, financial discipline, multi vertical presence, large equipment base and cutting-edge technologies, the company has managed to create a strong brand recall synonymous with trust.

Execution capabilities have grown significantly with time, both in terms of the size of projects that we bid for and execute, and the number of projects that we can execute simultaneously, upon successful completion of SDB, PSP becomes eligible to bid for larger value projects.

Comfortable leverage position at 0.25 times (incl. mobilization advance). The company has WCC at 94 days as on FY26.

At the helm is an Experienced, Skilled and Passionate first-generation entrepreneur whose passion to build quality buildings aided the company to attain manifold growth along with support and dedication of experienced team and Process driven approach followed by the company.
