On the performance Mr. Rohit Katyal, Executive Chairman commented, “FY2025 established a new performance benchmark, delivering record growth across operational and financial parameters. Building on that solid foundation, the Company continued **its strong upward trajectory in Q2 FY26**.

Despite heavy monsoon, project execution accelerated significantly, resulting in the highest-ever Q2 performance. This consistent growth underscores the success of our delivery strategy, relentless focus on operational excellence, and disciplined financial management. These fundamentals have strengthened our balance sheet and reinforced our ability to deliver sustainable growth and long-term value.

The project pipeline remains robust, providing strong visibility for the coming quarters. We expect to further accelerate our execution momentum in the second half of FY26.

Our multi-year portfolio optimisation strategy is now yielding measurable benefits, including:

- *A sharp rise in average order size,*
- *Rationalisation of projects under execution,*
- *Higher revenue contribution per project, and*
- *Enhanced management efficiency.*

On the order front, year to date bookings have already reached ₹ 3,464 crores, nearing the full-year guidance of ₹ 3,500 crores. With close to five months remaining in FY26 and a strong pipeline of quality bids, the Company is confident of surpassing its earlier order booking targets. The quality of the orders received so reflects the trust of marquee clients and our growing technical and execution capabilities.

Having entered a clear high-growth phase, the Company is anchored by a well-diversified order book, a resilient financial base, and a proven track record of delivery. Building on its strong and consistent performance over several consecutive quarters, these strengths position the Company to create sustained value and set new benchmarks in the periods ahead."
