Since, the Company is conducting AGM through VC/OAVM, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM and therefore, Proxy Form is not forming part of the Notice.
6. In pursuance of section 112 and section 113 of the Act, representatives of the body corporate members may be appointed for the purpose of voting through remote e-voting or for participation and voting in the AGM. In this regard a duly certified copy of the Board Resolution/Power of Attorney authorizing their representative is required to be provided to the company.
7. In line with the aforesaid MCA Circulars and SEBI Circulars, the Notice of AGM along with the Annual Report 2022-23 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/Depositories. Hard copy of Annual Report 2022-23 will be provided to these shareholders who will specifically request for the same.
8. Notice of 39th AGM and Annual Report 2022-23 are available at Company's website www.gailonline.com and can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively and also on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e., www.evotingindia.com
9. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
10. The Members can join the meeting through VC/OAVM mode 15 minutes before and upto 15 minutes after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available for 1,000 members on first come first serve basis excluding large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairperson(s) of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors, etc. who are allowed to attend the AGM without restriction on account of first come first serve basis.

11. Members who wish to inspect the relevant documents referred to in the Notice can send an email to shareholders@gail.co.in **on or before 19th August, 2023** mentioning their name, demat account number/folio number, email ID, mobile number.
12. The dividend declared by the Company, if any, from time to time will be paid through electronic mode to those members whose updated bank account details are available. For members whose bank account details are not updated, dividend warrants/demand drafts will be sent to their registered address. To enable the Company to better serve its members it is requested that those members who wish to avail the National Automated Clearing House (NACH) facility i.e. direct credit of dividend amount in the bank account are requested to update their bank details with their Depository (DP) (if shares are held in electronic mode) or R&TA/Company (if shares are held in physical mode).
13. Members who have not encashed their Dividend Warrant(s) may approach the R&TA/Company for issuance of demand draft(s) upon completion of necessary formalities in this behalf in lieu of such warrant(s), at least 3 weeks before they are due for transfer to Investor Education and Protection Fund (IEPF). After the transfer of unpaid/unclaimed amount to IEPF, no claim shall lie against the Company/R&TA. Regarding modalities of dividend and other related information, members are requested to refer "Dividend" section of Report on Corporate Governance and may also visit Investor Relations section at Company's website for further reference. R&TA has also designated an exclusive e-mail ID viz. admin@mcsregistrars.com to facilitate investors to register their request(s)/ complaint(s), if any.
14. Pursuant to the requirement of section 124(6) of the Companies Act, 2013 read with Rule 6(3)(a) of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, all shares in respect of which dividend have not been paid or claimed for seven consecutive years or more shall be transferred by the Company in the name of Investor Education and Protection Fund (IEPF). However, shareholders whose unpaid/unclaimed dividend(s)/Shares have been transferred to IEPF shall be entitled to get dividend/Shares in respect of such claims in accordance with the provisions of the Companies Act, 2013 and rules framed in this regard by the Government of India. The details of dividend paid by the Company can be viewed/downloaded at the following link- <https://www.gailonline.com/IZInvestorInformation.html> and the details of due date of transfer of dividend/ Shares, as applicable to IEPF can be viewed/downloaded at the following link- <https://www.gailonline.com/pdf/InvestorsZone/IEPFtable.pdf>
15. Securities and Exchange Board of India has mandated the submission of Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in the electronic form are, therefore, requested to submit the PAN to their depository participants with whom they are maintaining their demat accounts if not yet updated. Members holding shares in physical form can submit their PAN details to R&TA/Company.
16. Members are requested to note that SEBI vide Circular Nos. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/655 dated November 3, 2021, SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/687 dated December 14, 2021 and SEBI/HO/MIRSD/MIRSD-PoD-1/P/CIR/2023/37 dated May 16, 2023 has mandated that Members holding shares in physical mode are required to update the following with the Company/RTA:
 - PAN;
 - KYC details containing address, mobile number, e-mail address, bank account details;
 - Nomination details.
 Members holding shares in physical mode, who have not registered their above particulars are requested to register the same with the Company/RTA at the earliest.
17. Member(s) who have not registered their e-mail address(es) with the Company/Depository, are requested to please follow the following instructions to register their e-mail address so as to receive all communications electronically including annual report, notices, circulars, NACH intimation etc. sent by the Company from time to time:

MESSAGE FROM CMD

“

Your Company believes in benefitting communities and protecting the environment that will ultimately determine the sustainability of continued progress.

”

Sandeep Kumar Gupta
Chairman & Managing Director

Dear Shareholders,

My heartiest greetings to you all on my behalf and on behalf of the GAIL Parivar.

The year 2022 witnessed extreme volatility and geopolitical dynamics in the world's energy system and it tested the resilience, strength and perseverance of your Company. GAIL has put in strenuous efforts to overcome the challenges while leveraging every opportunity and remaining steadfast in all its endeavors. I am happy to share with you, your Company's achievements in the year gone by, against the backdrop of this black swan event of the global energy crisis.

Your Company has recorded sustained performance in key physical and financial parameters during the financial year. For FY 2023, GAIL achieved the highest-ever Gross turnover of ₹ 1,43,976 crore, an increase of 57% over the previous year. I am glad to share that this is the first time that the turnover of your Company has surpassed the ₹ One lakh crore mark in its history. Revenue from operations from Natural Gas Transmission segment in FY 2022-23 increased to ₹ 6,661 crore as against ₹ 6,392 crore in FY 2021-22. Revenue from operations from Natural Gas Marketing in FY 2022-23 increased to ₹ 1,35,290 crore as against ₹ 77,326 crore in FY 2021-22.

The geopolitical crisis had a direct impact on your Company's operations leading to the disruption in gas supply under one of its long-term contracts, coupled with very high volatility in the price of Spot LNG in the international market. These events made it extremely difficult for GAIL to service its customers as well as its own processing plants and petrochemical unit. This in turn resulted in supply regulations and sourcing of costly LNG from spot market for keeping contractual commitments. The situation was monitored closely so as to ensure the continuity of business operations of priority sectors like fertilizers/CGDs and to minimize the adverse impact on the company.

GAIL has been supporting the Government's priorities to ensure energy security, making natural gas available at affordable prices to every corner of the country and helping transition towards lower carbon energy options. Your Company has commissioned 1,074 km of pipeline and achieved 1,330 km of pipeline lowering during last FY. Hon'ble Prime Minister dedicated the Bokaro-Angul Pipeline (533 km) to the nation and also laid the foundation stone for Srikakulam-Angul Pipeline (744 km). Your Company commissioned Dhamra-Angul Mainline with spur lines to Jamshedpur, Ranchi, Cuttack & Bhubaneswar which enabled RLNG supply from Dhamra LNG terminal. Further, GAIL also completed Sultanpur-Jhajjar-Hisar and Haridwar-Rishikesh-Dehradun Pipeline. In addition, GAIL also connected 30 nos. of CGDs Connectivity for gas supply. With ~15,600 km of pipelines under operation and 4,200 km of pipelines under construction, your company will complete around 20,000 km of National Gas grid.

I am happy to share that based on enabling regulations and GAIL's submission, PNGRB has determined the levelized Integrated Tariff for GAIL's Integrated Natural Gas Pipeline which shall lead to an increase in natural gas transmission revenue for your Company. Further, the implementation of Unified Tariff will significantly boost capacity utilization in the eastern/northeastern regions and among customers located far from source.

With a vision towards enabling clean energy access to the nation, your Company provided more than 10 lakh domestic PNG connections

and added more than 350 new CNG Stations during the year along with its Subsidiaries and JV companies. GAIL Group of companies received PNGRB authorization for 2 Geographical Areas (GAs) during the last year, and with this we now have 67 GAs. Additionally, GAIL is developing an LNG supply value chain to develop new markets and increase the consumption of natural gas in the country. The present focus is on developing a retail LNG network through trucks and the installation of LNG infrastructure inclusive of LNG dispensing stations, small-scale LNG skids, etc. to increase its reach to newer customer segments.

New business initiatives remain at the core of your Company's strategic outlook for enhancing the company's profitability and market reach. I am thrilled to share that your Company has acquired 1.25 MMTPA PTA plant JBF Petrochemical Ltd. (renamed as GAIL Mangalore Petrochemicals Ltd.) and has made it a part of GAIL's umbrella. Your Company is also implementing 560 KTA of Polypropylene (PP) plant at Usar and Pata. Your Company is also implementing its first specialty chemical plant of 50 KTA Iso-Propyl alcohol at Usar. With these additions, your company's portfolio of petrochemicals/ chemicals would become 2.95 MMTPA.

Your Company has always been at the forefront of innovation and technology. Your Company's future growth is propelled by sustainable growth strategies focused on its core areas while leveraging and incorporating changes in the technology space, marketplace, regulatory practices and also of macro-policy direction. GAIL is actively involved in the LNG trading business in the international market and to mitigate Commodity Price Risk of LPG production, your Company has commenced first-of-its-kind exotic derivatives trading of Saudi CP Propane and Butane prices and has taken derivatives for requisite quantity of LPG. For the first time, it would begin direct marketing of Crude Oil from its E&P assets. Keeping pace with the digital era and adopting state-of-the-art technologies, an in-house designed web portal for LNG sale/swap/sourcing transactions has been successfully launched. Implementation of QR Code-based Inventory Management Application across GAIL has also been introduced. It has launched Sarathi Centre and Sparsh portal for Vendor Invoice Management. During the FY 2022-23, your Company has signed investment agreement with 1 start-up in the Fintech sector whose vision is to effectively deploy credit products for underserve segment with inclusive end use with financial commitment of ₹ 1.5 crore. So far, GAIL has supported 34 numbers of start-ups with a total investment commitment of ₹ 69.69 crore.

Your Company considers its shareholders as a valuable and integral part of the organization. GAIL has been gratifying its shareholders with regular dividends, successful buyback of the share at premium and bonus issue of the share. During the FY 2022-23, Company paid Interim Dividend @40% on equity shares of ₹ 10 each (₹ 4.00/- per equity share each) amounting to ₹ 2,630.04 crore in March, 2023; in addition to Final Dividend @10% on equity shares of ₹ 10 each (₹ 1.00/- per equity share each) for FY 2021-22 amounting to ₹ 438.34 crore in September, 2022. Your Company completed buyback of ~5.70 crore fully paid-up equity shares of face value of ₹ 10 each (representing 1.28 % of the total number of fully paid-up equity shares) at a price of ₹ 190 (Rupees One Hundred Ninety only) per equity share. In addition, your Company issued and allotted Bonus Shares to the shareholders in ratio of one equity share of ₹ 10 each for every two equity shares of ₹ 10 each held.

Given the global impetus towards decarbonization and the transition towards net zero goals, your Company leads the path and has developed its Net Zero strategy target for GHG Emissions of 100% reduction in Scope 1 and Scope 2 emissions and a 35% reduction in Scope 3 emissions by 2040. Deep dive efforts are being carried out for penetration of renewable energy in the supply mix, with a focus towards electrification, new energy forms-CBG, hydrogen etc. as key drivers of GAIL's energy transition journey. Your Company is also actively involved in installing Compressed Bio Gas (CBG) plants based on Municipal Solid Waste (MSW) in Ranchi & Bengaluru as an integral part of the MoP&NG's initiative – SATAT (Sustainable Alternative towards Affordable Transportation).

Your Company firmly believes in integrating Environmental, Social and Governance (ESG) norms in its value chain and aims at contributing to creating a better world for the next generation. As you are aware that GAIL had launched India's maiden pilot project of hydrogen blending in CGD Network at Aavantika Gas Limited (AGL- a JV of GAIL and HPCL) which is now blending 5% v/v hydrogen in AGL's PNG network. Your Company is also setting up a 10 MW PEM based green hydrogen plant and India's first Small Scale LNG plant at Vijapur.

Your Company firmly believes that the commitment towards playing a defining role in the development of its stakeholders extends to uplifting lives of the marginalized segments of the society, living in and around its areas of operation. Your Company strongly believes and practices investing in sustainable development of the marginalised societies around the area of our operation for creating opportunities and spreading well-being. Your Company has invested substantially in CSR initiatives and has made transformational impact for millions of underprivileged people. The principles of Corporate Social

Responsibility (CSR) are deeply imbibed in your Company's corporate culture. To amplify outreach efforts, your Company incurred more than the statutory mandated CSR budget during the year.

Overall, I am pleased to share that your company has done well in a volatile global environment in the year gone by and achieved the feat of an "Excellent" MoU rating from DPE for MoU 2021-22 and also received "NIL" Comments from CAG for 14th consecutive year, FY 2022-23. The year brought us several laurels like the coveted Platts Global Energy Award for Energy Transition - Midstream, SAFA Best Presented Annual Report Awards, Integrated Reporting Awards & SAARC Anniversary Awards for Corporate Governance Disclosure, Gold Trophy for the TIOL National Taxation Awards, Green Ribbon Champion and PCRA- 'Significant contribution towards energy conservation & fuel efficiency' during Saksham-2023.

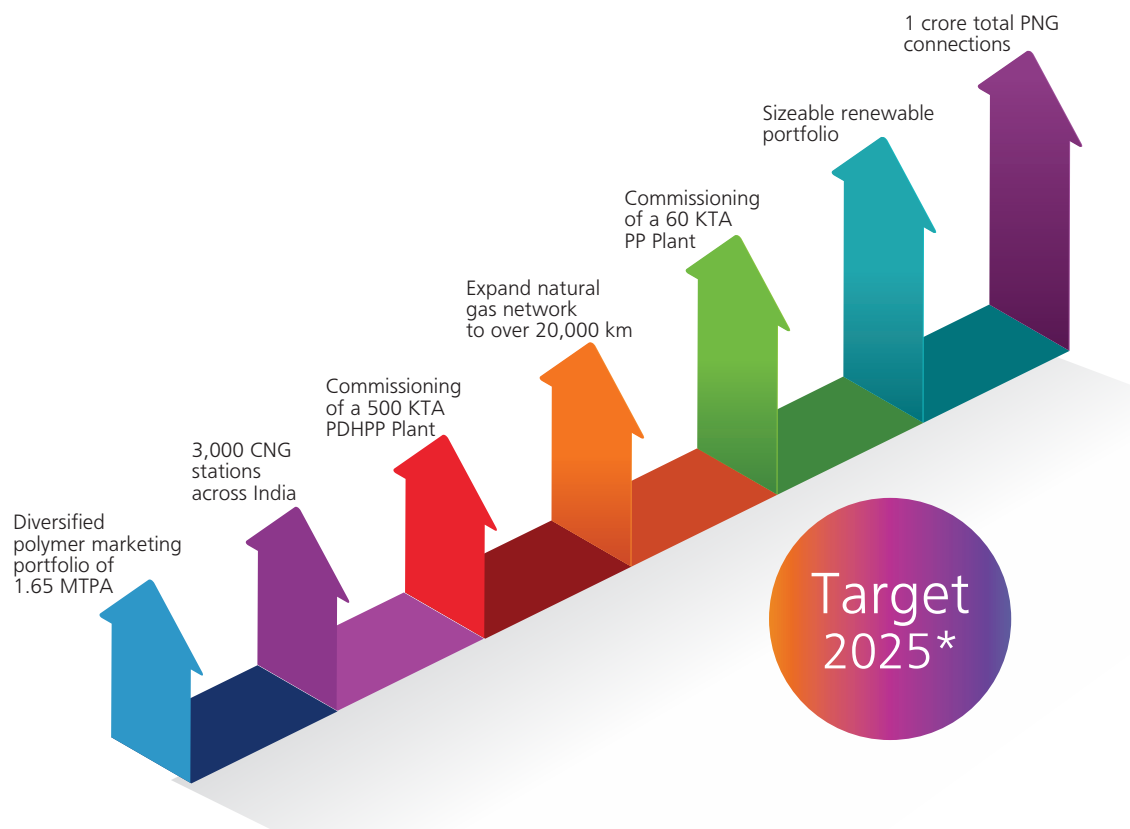

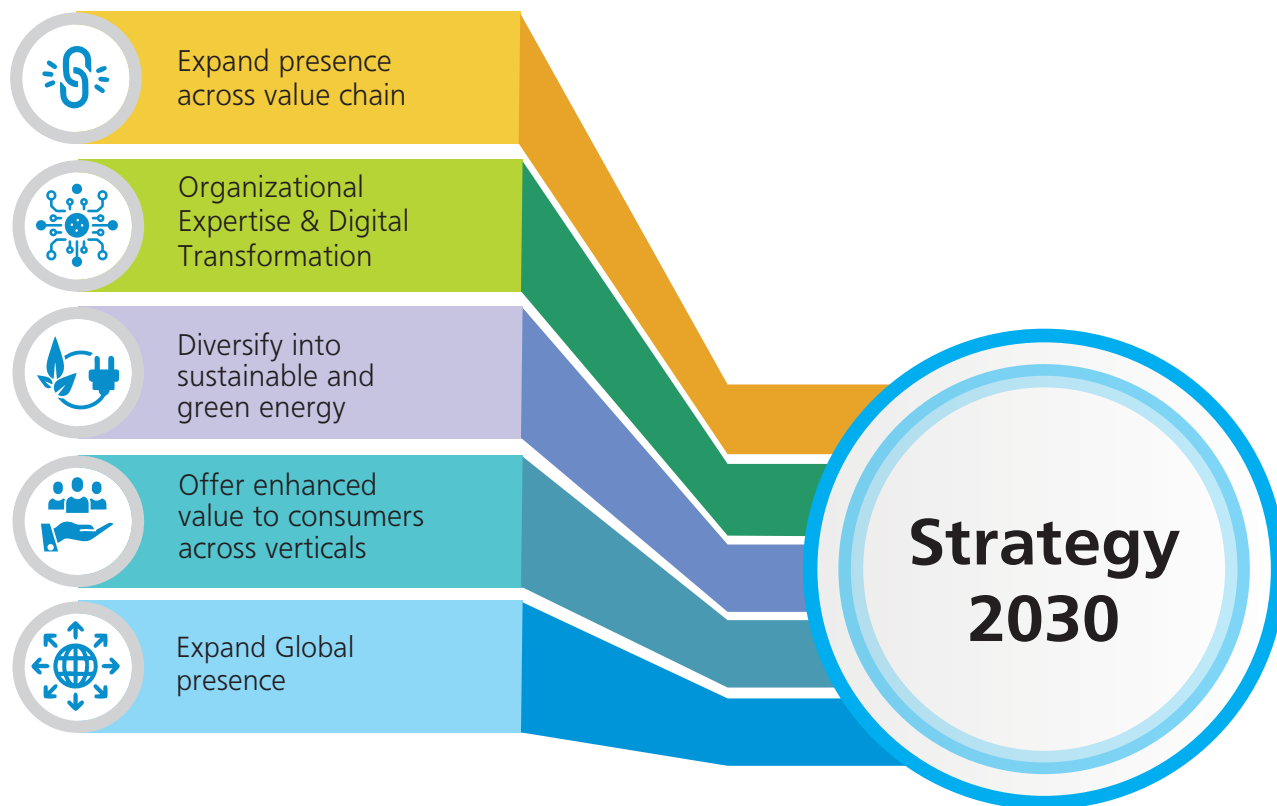

Your Company is exploring opportunities of ethane sourcing for its existing petrochemical plant. Your Company has also issued an EoI to explore opportunity of equity acquisition in LNG liquefaction terminal along with 1 MMTPA LNG tie up from USA. Further, your company is also in the look-out for affordable long term LNG contract from other sources for addition in existing LNG portfolio.

Your Company, over its journey of four decades, has strived to maintain strong relationships with Customers, Vendors, Partners, Communities and Regulators along with proactive engagement with other Stakeholders, Central and State Governments. I have the privilege to thank you for your continued belief and patronage of GAIL's endeavors.

Thank you, shareholders, for your conviction to invest in GAIL

Revenue from operations from Natural Gas Marketing in FY 2022-23 was ₹ 1,35,290 crore as against ₹ 77,326 crore in FY 2021-22. The share in country's Domestic Gas Market is 50%.

3. Petrochemicals

During FY 2022-23, your Company recorded a total production of 442 KTA against a total production of 777 KTA in the FY 2021-22 and sales of 399 KTA in FY 2022-23 as against total sales of 790 KTA in the FY 2021-22. Revenue from Operations from this segment was ₹ 4,917 crore as against ₹ 8,549 crore in FY 2021-22.

4. LPG and Other Liquid Hydrocarbon

Your Company has five Gas Processing Units (GPUs) at four locations in the country having a total LPG & LHC production capacity of 1.4 Million MT. During FY 2022-23, total liquid

Laying of Foundation Stone of Srikakulam-Angul Natural Gas Pipeline by Hon'ble Prime Minister, Shri Narendra Modi

hydrocarbon production from GPUs was about 0.93 Million MT as against 1.0 Million MT in FY 2021-22, of which almost 92% constitutes LPG and Propane. Revenue from Operations from Liquid Hydrocarbons in FY 2022-23 also improved to ₹ 5,570 crore as against ₹ 4,865 crore in FY 2021-22.

5. Exploration and Production (E&P)

Your Company has participating interest in 13 E&P blocks out of which 10 are in India, 2 blocks in Myanmar and 1 Shale Gas JV in Eagle Ford Basin, Texas, USA (through wholly-owned subsidiary - GGUI). Out of these, your Company is an Operator in three onland blocks viz. (i) CB-ONN-2010/11 and CB-ONHP-2017/12 in Cambay basin awarded during NELP-IX and OALP-I bidding rounds respectively and (ii) block RJ-ONHP-2021/1 in Rajasthan basin awarded during OALP-VII bid round. The twelve E&P blocks (excluding Shale Gas in Eagle Ford Basin) hold an acreage of 2,656 km² as per its Participation Interest (P.I.) in various consortiums.

Revenue from the sale of hydrocarbons is being generated from 5 producing blocks namely A-1 & A-3 in Myanmar and CB-ONN-2000/1 & CB-ONN-2003/2 (Cambay onshore blocks) in India and one (1) shale gas JV acreage in Eagle Ford Basin, Texas, USA.

Revenue from Operations of ₹ 1,134 crore has been generated from E&P activities during FY 2022-23 as against ₹ 834 crore in FY 2021-22. Your Company, as an operator, has recently started commercial crude oil production from Galiyana#1 field in Gujarat from March 18, 2023.

6. Renewable Energy

Your Company is committed to reducing its carbon emissions and therefore implementing several renewable projects. It has a total installed capacity of 132 MW of alternative energy; out of which 117.95 MW is wind energy projects and 14.05 MW are solar energy projects including small solar units. Revenue from Operations of ₹ 46 Crore has been generated from Power Generation activities during FY 2022-23 as against ₹ 51 crore in FY 2021-22. Further, in line with the Government

of India (GoI) Hydrogen Mission, your company is running a pilot project for hydrogen blending in city gas network at Indore, Madhya Pradesh and is setting up a 10MW Green Hydrogen plant at Vijaipur, Guna District, Madhya Pradesh.

7. Project Execution

FY 2022-23 has been fruitful particularly for Pipeline Project execution. During the year ~1074 km of natural gas pipeline has been commissioned. Your Company has achieved 1,330 km of pipeline lowering in FY 2022-23. Pipeline Projects continue to be major thrust area for your company to build natural gas infrastructure in the country and 4,200 km of pipeline project as a part of National Gas Grid & other small connectivities are under different stages of project execution.

Your Company has expanded the reach of Pradhan Mantri Urja Ganga Pipeline Project, also known as Jagdishpur Haldia and Bokaro Dhamra pipeline (JHBDPL) with the commissioning of 2,096 km out of 2,655 km total pipeline length. All the 4 major anchor Fertilizers plants, namely M/s Matix Fertilizers, Durgapur and 03 units of M/s Hindustan Urvarak & Rasayan Limited (HURL) at Gorakhpur, Sindri, and Barauni are drawing full volumes.

During FY 2022-23, the major addition to JHBDPL network was made through commissioning of Bokaro-Angul Mainline. On 12.07.2022, Hon'ble Prime Minister of India Shri Narendra Modi dedicated the Bokaro-Angul Section (~533 km) of JHBDPL to the Nation. Dhamra-Angul Mainline with spur lines to Jamshedpur, Ranchi, Cuttack & Bhubaneswar have been commissioned. This will fast track the expansion of CGD network to these important cities. Your company has also commissioned Sultanpur-Jhajjar-Hisar pipeline (135 km) on 31.03.2023 and completed Chainsa-Jhajjar-Hissar (CJHPL) network. With the commissioning of Dhamra-Angul Mainline, your Company has connected another gas source to JHBDPL network enabling RLNG supply from Dhamra LNG terminal on the east coast of India in the state of Orissa.

Your company is also extending JHBDPL project to the

North-eastern region of India up to Guwahati in Assam with construction of 729 km Barauni-Guwahati Pipeline. Bihar section of Barauni-Guwahati Pipeline have been commissioned on 31.03.2023.

Guwahati is the gateway to the North Eastern Gas Grid being implemented by M/s Indradhanush Gas Grid Limited (IGGL), a Joint Venture of GAIL, IOCL, ONGC, OIL and NRL which is executing around 1,656 km natural gas pipelines to connect the eight states of North-East India.

Further, your Company is committed to increase reach of Natural Gas in the country by way of providing Last Mile Connectivity to Industrial customers and to City Gas Distribution (CGD) entities for supply of natural gas as CNG and PNG to various cities. During the year, the Company has completed 30 nos. of hook-up connections to CGD Geographic Areas (GAs), 5 nos. Last Mile Connections to Industrial customers and 02 nos. of Tie-in connectivities from Natural Gas Sources during the year. Further, work is under progress to provide connectivity to another 6 Industrial customers & 40 CGD Geographic Areas (GAs).

In order to strengthen and increase your Company's natural gas transmission network to ~20000 km, your company is also executing other important pipeline projects which include Mumbai-Nagpur-Jharsuguda Pipeline (1755 km), Srikakulam-Angul Pipeline (744 km), part of Kochi-Koottanad-Bangalore-Mangalore Pipeline (KKBMPL) (~294 km) remaining in the State of Tamil Nadu, Dhamra-Haldia Pipeline (253 km) & Haridwar-Rishikesh-Dehradun Pipeline (50 km). These projects are at various stages of project execution.

The Board placed on record its deep appreciation for the valuable services rendered by outgoing Directors during their association with the company.

Independent Directors' Declaration

The Company has received necessary declaration from Independent Directors in accordance with Section 149(7) of the Companies Act, 2013 and Regulation 25(8) of the SEBI (LODR) Regulations, confirming that:

- They meet the criteria of independence as laid out in Section 149(6) of the Act and Regulation 16(1) (b) of the SEBI (LODR) Regulations.
- They have registered themselves with the database of Independent Directors maintained by the Indian Institute of Corporate Affairs under the Ministry of Corporate Affairs.

Familiarization Program for Independent Directors

The details of Independent Directors' training/familiarization programmes are available on the Company's website at <https://www.gailonline.com/pdf/InvestorsZone/GAILfamiliarizationprogram23032022.pdf>

Code of Conduct

Pursuant to the requirements of SEBI (LODR) Regulations and DPE Guidelines on Corporate Governance, the Board Members and Senior Management Personnel have affirmed compliance with the Code of Conduct for the financial year ended 31st March, 2023.

Insolvency and Bankruptcy Code, 2016

No application has been made under the Insolvency and Bankruptcy Code; hence the requirement to disclose the details of the application made or any proceeding pending under the Insolvency and Bankruptcy Code, 2016 (31 of 2016) during the year along with their status as at the end of the financial year is not applicable.

Directors' Responsibility Statement

Your Directors confirm that they have:

- followed applicable accounting standards, along with proper explanation relating to material departures in the preparation of the annual accounts for the financial year ended March 31, 2023;
- selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and

prudent to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit of the Company for the year under review;

- taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013, for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- prepared the annual accounts for the financial year ended March 31, 2023 on a going concern basis;
- devised proper systems to ensure compliance with the provisions of all applicable laws and such systems were adequate and operating effectively; and
- laid down internal financial controls to be followed by the Company and that such internal financial controls are adequate and are operating effectively.

Acknowledgment

Your Directors express their gratitude for the help, guidance and support received from the Government of India, especially the Ministry of Petroleum and Natural Gas as well as the various State Governments, regulatory and statutory authorities.

Your Directors acknowledge the constructive suggestions received from Comptroller and Auditor General of India and Auditors, and are grateful for their continued support and cooperation.

Your Directors also thank all the share owners, business partners, and members of the GAIL family for reposing their faith, trust and confidence in your Company.

All that we have achieved would not have been possible without the relentless and focused efforts of your Company's employees; we place our deep appreciation for their commitment.

Your Directors also express their gratitude for the help, guidance and support received from the outgoing Board Members.

Your Directors and employees look forward to the future with confidence and stand committed towards creating a mutually rewarding future for all stakeholders.

For and on behalf of the Board

MANAGEMENT DISCUSSION AND ANALYSIS

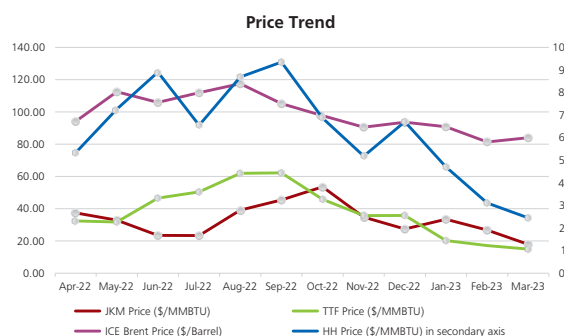

MANAGEMENT DISCUSSION AND ANALYSIS

1. INDUSTRY STRUCTURE & DEVELOPMENTS

A. Global Energy Sector

The energy sector has traversed through a tumultuous phase in FY 2022-23. While the global energy market was already facing supply constraints owing to faster than expected economic recovery from COVID-19, the geopolitical conflict in Europe, along with other factors, stirred further uncertainties around energy supply, price volatility and triggered significant peaks in energy prices.

The global gas prices were turbulent in 2021, with prices spiking at the start and the end of the year. Gas prices continued to rise during the early part of 2022, driven by the geopolitical conflict. The uncertainty regarding Russian gas exports to Europe pushed European prices to new record highs. All the gas indices such as JKM, TTF, HH etc. had witnessed price volatility during 2022 with prices softening during last quarter of FY2023.

The Crude oil prices increased during the first half of the year mainly because of supply concerns due to ongoing geopolitical conflict. The prices generally decreased in the latter half owing to concerns about reduced demand due to possible economic recession. Further, the severe COVID-19 containment measures in China also contributed to lower global petroleum demand leading to decrease in prices.

The recent discussions on the global energy policies have focused on the significance of decarbonization and the transition towards net zero goals. The events in the past year, especially in the energy sector, have set a reminder for all the stakeholders that the energy transition should take into account all the three components of a balanced energy equation i.e. security, affordability and sustainability. The success of an enduring energy transition should address all the above elements.

Post COP-26 (Conference of the Parties), Governments across the globe are working towards tackling climate change with focus on implementing various low-carbon energy systems like renewables, electric vehicles, blue and green hydrogen projects, Carbon Capture Utilization & Storage (CCUS) etc. As per BP outlook on World Energy 2023, the future of global energy will be dominated by four major trends: declining role for hydrocarbons, rapid expansion in renewables, increasing electrification, and growing use of low-carbon hydrogen.

The Renewables will expand rapidly offsetting the declining role of fossil fuels which is underpinned by the continuing electrification of the energy system. The decarbonization of the energy system will also be supported by the growing use of low-carbon hydrogen in hard-to-abate industries. Natural Gas being the cleanest fossil fuel will continue to play an important role in energy transition acting as bridging fuel. Natural Gas can meet growing demand for clean, affordable energy with limited deployment of capital and significant impact on emissions.

B. Global Gas Sector

The last year has been a challenging phase for the global Natural Gas market. The geopolitical crisis put an unprecedented supply pressure thereby triggering a global energy crisis. Russia's gas pipeline cuts including disruption in the Nord Stream pipeline also had implications for gas consumers beyond Europe leading to record high spot prices. In spite of this, the majority of European countries were able to fill their gas inventory well above the required level, supported by a combination of policy measures, record inflow of Liquefied Natural Gas (LNG) and a sharp drop in consumption.

Global Natural Gas prices have remained very volatile in FY2022-23 and have seen large rise and falls. The market volatility was strong in the first half mainly driven by the dynamics in the European markets. As per the latest World Bank report, the European gas price now has fallen more than 70% after reaching an all-time high in August 2022 and in the United States, prices have dropped to an 18-month low, a stark turnaround from last year. In Japan, the benchmark reached an all-time high in September 2022¹. Unseasonably warm weather, improved energy efficiency, and behavioral changes in gas consumption were the main contributors for the decline.

The Natural Gas crisis triggered by geopolitical conflict last year has led to a series of market adjustments. LNG trade undertook a directional shift in 2022 as EU demand for LNG surged to replace Russian pipeline imports and amidst high European prices, global LNG trade were redirected to Europe. The increased LNG procurement by Europe led to market tightening and demand destruction in various importing nations especially developing Asian countries. This event has impacted the LNG contracting behaviors², with comeback of traditional features like longer-duration contracts.

The geopolitical conflicts in Ukraine, reduction of gas supplies to European Union countries and disruption of the Nord Stream pipeline have led to a dramatic reduction in Russian pipeline gas exports. EU already is working on plans to reduce its dependency on Russian gas and under such scenario, the resumption of gas supply between Russia and key European importers seems highly unlikely. However, Russia will like to play a crucial role in global gas markets. Under the prevailing market dynamics, Russia will aim to increase gas sales to non-European countries through various options such as: increase gas sales through pipeline to Asia (Power Siberia 1 & 2), increase Liquefied Natural Gas (LNG) exports, increase domestic use and export through intermediaries (e.g. Turkey).

Participants of GAIL Strategy Review Meet

As per IEA Gas Market Report Q2-2023, Global gas demand is expected to remain flat in 2023, with higher demand coming from Asia Pacific region. The Asian gas demand is projected to increase by 3%, with China and India as the main drivers.

C. India Energy Sector

As one of the fastest growing economies of the world, India is also witnessing robust growth in the energy consumption supported by increase in energy access, urbanization and increasing income levels. India is the world's third-largest energy consuming country and all the leading international agencies like IEA and BP are predicting sustained further growth in the energy consumption over the next two decades.

As per BP Statistical Review of World Energy – 2022, India's total primary energy consumption increased by 10% from 2020 level to 992 BCM in 2021. The combined share of energy consumption from oil, gas and coal stood at 90% (Coal – 56.7%, Oil – 26.5%, Gas – 6.3%). Renewables, Hydroelectric and nuclear contributed for the other 10%. Further, the Natural Gas consumption increased to 62 BCM (a 3 % increase). However, the share of Natural Gas in primary energy decreased from 6.8% to 6.3% on account of increase in the overall energy basket.

To cater to increasing energy demand in the country, India will need to embrace all forms of energy i.e. both fossil fuels and low-carbon fuel. India's economic growth is closely related to its energy demand, therefore, the need for oil and gas is projected to grow further, thereby making the sector quite conducive for investment. India's medium-term outlook for Natural Gas consumption remains strong due to rising infrastructure and supportive environment policies.

India is also on a path of diversification of its energy basket by investing in Natural Gas, renewable energy, bio fuel sectors, hydrogen, etc. Government has brought various policy measures to promote investment in infrastructure, increase share of Natural Gas in the primary energy mix and liberalizing policies to boost domestic production of hydrocarbon. Further, the wider adoption of electric vehicles and affordable storage technologies are going to transform the energy landscape in times to come.

D. India Gas Sector Developments

With a view to develop a Natural Gas Grid, projects are being undertaken to connect every part of the country. The

development of Natural Gas infrastructure like National Gas Grid (NGG), development of CGD GAs across the country, Gas discoveries of gas in the East Coast, ramping up the production activities, etc. gives positive signals to the gas market. With the supporting policies and initiatives, GoI is paving the journey towards Gas Based Economy.

At the India Energy Week held at Bengaluru from 6th to 8th February, 2023, Hon'ble Prime Minister Shri Narendra Modi underlined the role of the energy sector in setting the direction of future of the 21st century world. He provided guidance on the strategy for the energy sector under four major verticals - increasing domestic exploration & production, diversifying the supply, expanding fuels like biofuel, ethanol, compressed biogas & solar and de-carbonization via electric vehicles and hydrogen. The Hon'ble Prime Minister also emphasized that the Government is working on mission mode to increase the consumption of Natural Gas in the energy mix from 6% to 15% by 2030 where all the needed infrastructure will be provided under 'One Nation One Grid'.

On the regulatory front, there have been several initiatives undertaken by the Government, Ministry of Petroleum and Natural Gas (MoP&NG), Petroleum and Natural Gas Regulatory Board (PNGRB), for furthering the use of gas in India and building a robust gas-based economy. PNGRB has amended "Determination of Natural Gas Pipeline Tariff Regulations" to incorporate the regulations pertaining to Unified Tariff for Natural Gas pipelines with a mission of "One Nation, One Grid and One tariff". The reform will specially benefit the consumers located in the far-flung areas where currently the additive tariff is applicable and facilitate development of gas markets and vision of Government to increase the gas utilization in the country.

The GoI has also announced new Natural Gas pricing regime based on the recommendations of Kirit Parikh Committee. The new pricing system will announce prices monthly and link them to 10% of the international price of the Indian crude basket.

India's energy map comprises of seven key drivers which have been steering India's energy vision for a clean and sustainable energy mix. The 7 key drivers include targets such as moving towards Gas Based Economy, cleaner use of fossil fuels, increase of bio-fuels, setting up of 500 GW of Renewable Energy by the year 2030, use of EV's to help in decarbonization goal, explore emerging fuels like hydrogen and spreading digital innovation across all energy systems.

Shri Sandeep Kumar Gupta, CMD, GAIL (India) Limited and Ms Fatema Al Nuaimi, CEO ADNOC LNG exchanged Memorandum of Understanding in the presence of Shri Hardeep Singh Puri, Hon'ble Minister of Petroleum & Natural Gas and Minister of Housing & Urban Affairs, India and His Excellency Dr. Sultan Ahmed Al Jaber, Hon'ble Minister of Industry and Advanced Technology, UAE Special Envoy for Climate Change, and ADNOC Managing Director and Group CEO at ADIPEC

Natural Gas Consumption Trend (MMSCMD)

(Source-PPAC)

Data Depicting Consumption of Natural Gas Across Various Sectors (% wise)

Sector	2019-20	2020-21	2021-22	2022-23
Fertilizer	28.52	31.70	29.4	33.05
City Gas Distribution	19.26	16.40	19.8	20.49
Power	19.61	19.30	16.5	13.89
Refinery	13.78	14.10	8.6	6.66
Petrochemicals	6.31	5.50	4.7	3.34
Others	12.52	13	21.0	22.58

(Source-PPAC)

It can be clearly seen from the table that there is a shift in the consumption pattern among the top three anchor consumers. While fertilizer industry continues to be the major consumer of Natural Gas, CGD Sector has now surpassed the Power Sector to become the second largest consumer of Natural Gas.

India's gas consumption has declined by 4.5% in FY2023 on account of high gas prices. The high gas prices impacted the gas consumption in power sector (down 19.7% y-o-y), refining (down 26.4% y-o-y), petrochemicals sector (down 31.6% y-o-y) while demand in CGD sector remained broadly flat. While the consumption in the fertilizer segment saw modest expansion, it was not enough to compensate for the declines in the more price-sensitive market.

Natural Gas demand for CGD sector is expected to rise steadily due to the addition of gas networks in new cities as a result of the 11 and 11A bidding round, economic and increased use of PNG in domestic, industrial and commercial sectors. Also, it should be noted that number of CNG vehicles have been experiencing a strong growth.

India is planning a network of Liquefied Natural Gas (LNG) fueling stations along its 6,000-km-long golden quadrilateral highways, a move that would encourage thousands of trucks to switch to the cleaner fuel from polluting diesel.

GAIL is running a pilot project, with Coal India Ltd. (CIL), for retrofitting LNG kits in dumpers - the big trucks engaged in transportation of coal in mines. GAIL is also putting together a plan and persuading all possible participants - city gas distributors, gas suppliers, financiers, fleet owners and truck manufacturers - to get them on board and help build an effective ecosystem for LNG-fueled vehicles in the country. A shift to LNG-powered trucks from diesel will result in reduction in pollution.

GAIL recognizes the role of Natural Gas in India as a transition fuel in terms of environment, efficiency and cost competitiveness and is aligned with Government of India initiative pertaining to climate change and net zero emissions. GAIL has been working continuously to grow its core business segment such as Gas Marketing & Transmission, building of Natural Gas infrastructure like NGG, development of CGD GAs across the country, petrochemical portfolio expansion etc. In addition, it is also preparing roadmap for net-zero target and exploring business opportunities into cleaner energy domains like Hydrogen, Renewables, CBG, etc.

E. Indian Petrochemical Sector

India has a huge demand for chemical and petrochemical products and it aspires to become a global manufacturing hub for chemicals & petrochemicals. With the increasing demand, India is projected to contribute to more than 10 percent of the incremental global growth in petrochemicals over the next decade. Currently, the Indian Chemical and Petrochemical Industry is estimated to be worth \$178 billion & all analyst are quite bullish on the growth trajectory of India for next two decades.

The per capita consumption of polymers is about one-third of the global average. Average per capita consumption of Polymer in India is 12 Kg w.r.t global average of 38 Kg. Hence, even a 1 kg increase in per capita consumption means that India need a cracker of 1.3 Million MT every year. The key drivers for petrochemical industry growth include robust GDP outlook, under penetrated markets, rapidly growing end-user industries, and significant import substitution opportunity.

A large share (around 80 %) of India's petrochemicals capacity continues to be refinery integrated due to limited feedstock availability. Historically, naphtha has been the dominant feedstock for Indian producers. This is in contrast with other regions such as the Middle East and US, where abundant gas supply has led to a development of stand-alone petrochemicals assets. Notable exceptions to this are GAIL's petrochemical plant at Pata, erstwhile IPCL petrochemical at Nagothane and Dahej which use Natural Gas as feedstock. However, major new greenfield petrochemicals plants in India are increasingly adopting mixed feed in their assets. GAIL's upcoming PDHPP plant at Usar is based on Propane as feedstock.

Most of the upstream producer have started gas processing to extract various value-added products such as ethane, propane etc. and transporting majorly the lean gas. All these factors are going to increase the availability of multiple feedstock in the eco-system and will reduce the dependency on single feedstock. Indian petrochemical players may explore utilizing various feedstocks available to build flexibility and gain cost advantage and reduce import dependency leading towards Atmanirbhar Bharat.

2. GAIL PERFORMANCE – DOMESTIC & OVERSEAS

2.1 Operational Performance

The operational performance of your Company for FY 2022-23 is as follows:

» Natural Gas Marketing

Natural Gas (NG) trading continues to be one of your Company's core businesses. During the FY 2022-23, the Company clocked a sales figure of 94.91MMSCMD (which included sales within India of 83.03 MMSCMD and overseas sales of 11.88 MMSCMD) as against 96.24 MMSCMD (which included sales within India of 86.55 MMSCMD and overseas sales of 9.69 MMSCMD) during FY 2021-22. Revenue from operations from Natural Gas Marketing in FY 2022-23 was ₹ 1,35,290 crore as against ₹ 77,326 crore in FY 2021-22.

Your Company marketed 41.47 MMSCMD domestic gas in FY 2022-23 as against 41.85 MMSCMD in the previous FY 2021-22. Domestic gas volume contributed around 50% of the overall Natural Gas volume marketed by the Company in India. The rest 41.56 MMSCMD (50%) gas marketed in India was through imported long-term, mid-term, and spot LNG volumes. Sector-wise details are as below:

Fertilizer Sector: Your Company supplied around 67% of the gas consumed in the Fertilizer sector in the country during FY 2022-23. During this FY, your Company supplied Gas to

Matix Fertilizers & Chemicals Ltd, Panagarh, Hindustan Urvarak & Rasayan Limited (HURL), Gorakhpur, Sindri and Barauni for commissioning of these plants and helped these plants in successfully achieving commercial urea production.

Power Sector: Your Company supplied around 43% of the gas consumed by gas-based power plants in the country during FY 2022-23. Over the past few years, the Company has successfully collaborated with various power producers to operationalize their stranded units. It continues to explore opportunities for the supply of Natural Gas to gas-based power generation units at affordable prices and is currently supplying around 1.79 MMSCMD of Regasified Liquefied Natural Gas (RLNG) to power plants apart from domestic gas.

» Natural Gas Transmission

Your Company expanded its network of ~15,600 km of Natural Gas pipelines across the length and breadth of our country. The average gas transmission during FY 2022-23 was 107.28 MMSCMD vis-à-vis 110.98 MMSCMD in the previous FY. Revenue from operation from Natural Gas Transmission in FY 2022-23 was ₹ 6,661 crore as against ₹ 6,392 crore in FY 2021-22.

» Liquefied Petroleum Gas (LPG) Transmission

Your Company owns and operates 2,040 km LPG pipeline network for LPG transmission, namely the Jamnagar-Loni Pipeline (JLPL) and the Vizag-Secunderabad Pipeline (VSPL). JLPL and VSPL networks together achieved a throughput of 4.335 MMTPA during the FY 2022-23 against 4.199 MMTPA in the previous FY 2021-22. Revenue from operation from LPG transmission in FY 2022-23 was ₹ 722 crore as against ₹ 669 crore in FY 2021-22.

» Petrochemicals

Your Company has a nameplate polymer production capacity of 810 Kilo Tons per annum (KTA) at the Pata complex. GAIL's subsidiary, Brahmaputra Cracker & Polymer Limited (BCPL) having GAIL equity of 70% has a capacity of 280 KTA. The marketing right of the BCPL plant is with GAIL taking the total marketing portfolio to 1,090 KTA.

GAIL's PATA Petrochemical complex has achieved around 55 % capacity utilization in FY 2022-23. Your Company was able to earn revenue from operations of ₹ 4,917 Crores in FY 2022-23 as against ₹ 8,549 Crore in FY 2021-22.

» LPG and Other Liquid Hydrocarbons (LHC)

Your Company has five Gas Processing Plants units (GPUs) at four locations in the country having total LHC production capacity of 1.4 Million MT. During FY 2022-23, total liquid hydrocarbon production was about 0.93 Million MT as against 1.0 Million MT in FY 2021-22 of which almost 92% constitutes LPG and Propane. Revenue from operations from Liquid Hydrocarbons in FY 2022-23 also improved to ₹ 5,570 crore as against ₹ 4,865 crore in FY 2021-22.

» Exploration & Production (E&P)

Your Company has participating interest in 13 E&P blocks of which 10 are in India, 2 blocks in Myanmar and 1 Shale Gas JV in Eagle Ford Basin, Texas, USA (through wholly-owned subsidiary - GGUI). Out of these, the Company is an Operator in three onland blocks viz. (i) CB-ONN-2010/11 and CB-ONHP-2017/12 in Cambay Basin awarded during NELP-IX and OALP-I bidding rounds respectively and

(ii) block RJ-ONHP-2021/1 in Rajasthan basin awarded during OALP-VII bid round. The twelve E&P blocks (excluding Shale Gas in Eagle Ford Basin) hold an acreage of 2,656 km² as per its Participation Interest (P.I.) in various consortiums.

Revenue from the sale of hydrocarbons is being generated from 5 producing blocks namely A-1 & A-3 in Myanmar and CB-ONN-2000/1 & CB-ONN-2003/2 (Cambay onshore blocks) in India and one (1) shale gas JV acreage in Eagle Ford Basin, Texas, USA.

Revenue from Operations of ₹ 1,134 crore has been generated from E&P activities during FY 2022-23 as against ₹ 834 crore in FY 2021-22. Your Company, as an operator has recently started the commercial crude oil production from its operated field Galiyana#1 in Gujarat from March 18, 2023.

» Renewable Energy

Your Company is committed to reduce its carbon emissions and implement renewable projects. It has a total installed capacity of 132 MW of alternative energy; out of which 117.95 MW are wind energy projects and 14.05 MW are solar energy projects including small solar units. The power generated from the plants will substitute power drawn from the grid, which will help in reducing its carbon footprint in addition to optimization of the power cost.

Revenue from Operations of ₹ 46 Crore has been generated from Power Generation activities during FY 2022-23 as against ₹ 51 crore in FY 2021-22.

» City Gas Distribution

- Your Company (including CGD JVCs/Subsidiaries) is currently authorized to operate in 67 Geographical Areas (GAs) throughout India including major metro cities of Delhi, Mumbai, Hyderabad, Bengaluru, Kolkata, etc. These City Gas Distribution (CGD) networks together cater to around 66% of the total of ~ 110 lakh Domestic PNG (DPNG) connections in the country. Out of the total of ~ 5,600 CNG stations in the country, GAIL and its CGD JVCs/Subsidiaries operates 2,360 CNG stations representing 42% share. This year, your Company along with its CGD JVs and Subsidiaries has achieved more than 10 lakh domestic PNG connection.
- GAIL Gas Limited (a wholly-owned subsidiary of your Company) is executing and operating CGD projects in 16 GAs, including Bengaluru. Currently, GAIL Gas Limited has 6 Joint Venture Companies (JVCs) and these JVs are implementing CGD project in 9 GAs. GAIL Gas Limited along with its JVCs is providing DPNG to more than 8.66 lakh households and catering to clean fuel requirements for vehicles through 456 CNG stations.

C&MD, GAIL and Chairman GAIL Gas Limited, Shri Sandeep Kumar Gupta inaugurated the Industrial PNG supply for Fuel Cell installed at Data Centre of Nxtra Data Limited (a subsidiary of Bharti Airtel) by Bloom Energy in Whitefield, Bengaluru

- During FY 2022-23, GAIL Gas along with its JVCs has achieved around 0.87 lakh domestic PNG connections and set up 132 CNG stations.
- Bengaluru remained a major focus for your Company for CGD expansion. 40 CNG stations were set up and more than 34000 domestic PNG connections were provided in the Bengaluru GA area during FY 2022-23.

Company clocked record Turnover of ₹ 1,43,976 crore during FY 2022-23 with an increase of 57% over previous year due to comparatively better product prices. Profit Before Tax stood at ₹ 6,584 crore, a decrease of 52% while Profit after Tax stood at

Glimpses of GAIL's participation in IEW Exhibition

₹ 5,302 crore, a decrease of 49% as compared to Previous Financial Year. This decline in profitability is mainly due to supply disruption from upstream supplier (GMTS), geopolitical crisis involving Russia-Ukraine war which led to skyrocketing spot gas prices, deallocation of domestic gas from NG Transmission segment, increase in APM gas prices coupled with various other factors.

All such factors have impacted Key Financial Ratios significantly during this financial year as compared to previous financial year and as a result Company's Operating Profit Margin remain under pressure and stood at 3.20% along with Net Profit Margin at 3.68%. Further, Return on Net Worth reduced to 10.42%, Return on Capital Employed to 9.64%, Interest Service Coverage Ratio (ISCR) to 13.89 times and also Debt Service Coverage Ratio (DSCR) to 3.91 times. Debt to Equity Ratio has increased primarily due to increase in borrowings to meet the capex requirements during the current financial year. The company's average collection period continues to remain at same level i.e., ~ 25 days and inventory-holding period has improved to 11 days as compared to 13 days during previous year.

» Market Capitalization

Market capitalization (BSE) of the Company increased from ₹ 69,137 crore on 31st March, 2022 to ₹ 69,203 crore on 31st March, 2023, due to an increase in share price from ₹ 105.15** /Share to ₹ 105.25/Share.

** Adjusted to bonus effect

2.3 Company's Global Presence

Your Company is constantly expanding its global presence through its participation in projects/ventures along the Natural Gas value chain. With the LNG portfolio of around 14 MMTPA from the USA, Qatar, Australia, Russia etc., the Company has emerged as one of the leading global LNG players and is actively involved in the LNG trading business in the international market.

Your Company is part of a consortium in two offshore E&P blocks (A-1 & A-3) in Myanmar. Around 15.33 MMSCMD of gas is being produced from these blocks and supplied to China and Myanmar through South East Asia Gas Pipeline Company Limited (SEAGP), in which GAIL is also an equity partner. SEAGP is paying dividends to GAIL regularly. During the year, full Loan repayment (Principle plus interest) has been made by SEAGP. GAIL's Branch Office in Myanmar is scouting for business opportunities in Myanmar and other South East Asian countries, in the areas of the gas value chain and beyond.

Your Company is the Government of India's nominee in the Turkmenistan-Afghanistan-Pakistan-India (TAPI) Natural Gas project for import of gas to India from Turkmenistan. TAPI Pipeline Company Limited (TPCL) has been incorporated in Isle of Man to build, own and operate the TAPI Pipeline. The pipeline, when constructed, is expected to carry 90 MMSCMD (33 bcm) of Natural Gas, of which India will receive 38 MMSCMD. The project is currently under the pre-FID stage, wherein various activities are being undertaken by

Press Conference on Annual Results of GAIL

TPCL. Considering the changes in the global energy market, GAIL is discussing with Turkmengas for arriving at mutually acceptable terms and conditions to enhance the marketability of the pipeline gas to be received from Turkmenistan. Due to prevalent situation in Afghanistan, the activities within Afghanistan are kept on-hold.

Your Company holds equity interest in two CGD companies in Egypt, namely Fayuom Gas Company (FGC) and National Gas Company (Natgas) involved in the supply of Natural Gas to residential, commercial and small industrial customers in Egypt.

Your Company is also an equity partner in China Gas Holdings Limited (China Gas), a retail gas company involved in city gas and CNG business in China and listed on the Hong Kong Stock Exchange. China Gas is performing well and paying dividends regularly.

Your Company has formed GAIL Global (USA) Inc. ("GGUI") during 2011 in Houston, Texas as its wholly-owned subsidiary. GGUI has 20% interest in Eagle Ford shale acreages in Texas, USA. M/s Callon (Eagle Ford) LLC and M/s Texas American Resources II LLC are working as Operator for the Joint Venture acreage in Eagle Ford.

Your Company has formed GAIL Global (USA) LNG LLC ("GGULL"), a wholly-owned stepdown subsidiary in March, 2013 to enter into a long term (20 years) Terminal Service Agreement ("TSA") and a Pipeline Precedent Agreement ("PPA") with Cove Point LNG, LP ("CPLL"), earlier known as Dominion Energy Cove Point LNG, LP for booking of 2.3 MMTPA capacity in the Cove Point Terminal and corresponding capacity in Cove Point pipeline for the purpose of liquefaction & transmission of Natural Gas. GGULL is selling ~34 LNG cargoes per year to GAIL from Cove Point Terminal.

GGULL has also entered into a Gas Sale and Purchase Agreement ("GSPA") with WGL Midstream, Inc. ("WGLM") for purchase and supply of upto 430,000 Dth/day of Natural Gas for delivery at the inlet of LNG terminal. In April 2021, Six One Commodities Vega LLC has purchased 100% interest in WGLM and WGLM has been converted to Six One Commodities Vega LLC.

Your Company has also formed GAIL Global Singapore Pte. Ltd (GGSP) in 2004 as its wholly-owned subsidiary in Singapore. GGSP is engaged in LNG trading.

Your Company jointly with ONGC Videsh Singapore Pte Ltd, IOCL Singapore Pte Ltd, Oil India International Pte Ltd, and Engineers India Ltd has formed Bharat Energy Office LLC (BEO), Moscow, Russia for exploring business opportunities in Russia.

In this financial year, your Company has acquired 26% stake in M/s LNG Japonica Shipping Corporation Limited ("Japonica") from M/s Mitsui O.S.K. Lines, Ltd, Japan. "Japonica" operates LNG vessel "GAIL Bhuwan" and your Company has entered into Time Charter Party Agreement with Japonica for shipping LNG from USA.

3. OUTLOOK FOR THE FUTURE

3.1 Strategy

Your Company remains actively engaged with the Government in shaping policy contours for expanding gas markets in India. Poised with the implementation of Strategy 2030, your Company has been working to chart renewed strategic direction ensuring the readiness of the organization while transitioning towards future energy.

GAIL, Jubilee Tower Office at Noida

Recognizing the pace of rapid changes in the technology space, marketplace, regulatory practices and also of macro-policy direction, the Company has been periodically reviewing 'Strategy 2030' and has laid a path of growth in these exciting but challenging times.

In line with the above, the Strategy of your company outlines several ambitious initiatives. Your Company is pursuing and expanding the scale of its core business areas while leveraging capabilities to venture into newer opportunities in diversified sectors like Gas Sourcing and Marketing, expansion of the LNG portfolio, expansion of the National Gas Grid (NGG), growth and expansion of Petrochemicals portfolio including PDHPP, investment in CGDs, Specialty Chemicals etc. for the next decade for fostering the growth of GAIL.

Your Company has built more than 1300 KM of pipelines during the year providing clean energy access across the nation. Important limbs of the National Gas Grid - Bokaro-Angul Pipeline (533 km) was dedicated to the nation and the foundation stone for Srikakulam-Angul Pipeline (744 km) was laid by Hon'ble Prime Minister.

In order to secure Natural Gas for the nation and its customers, your Company has been making strenuous efforts. Your Company has won in E-Auctions a cumulative quantity of 109.5 MMSCM in FY 2022-23 from various gas blocks on the domestic front, while also sourcing through bilateral agreements and Gas Exchange. Your Company is exploring sourcing long-term LNG sourcing opportunities expeditiously with major global LNG producers.

Apart from pursuing business interests in new international markets, your Company is working towards building requisite capabilities & resources. Gas transmission and gas marketing are the key drivers of GAIL's business and it transmitted ~107 MMSCMD of Natural Gas. Your Company has acquired 26% equity in the 'LNG Japonica' vessel of Mitsui OSK Lines, Japan and has chartered a long-term vessel with a total charter period of 7 years plus 02 years extension.

Your Company looks forward to the growing chemical portfolio and was qualified as the Prospective Resolution Applicant and submitted Resolution Plan for business operations of JBF Petrochemicals Ltd. NCLT approved your Company's ₹ 2,079 Crore resolution plan for acquisition of JBF Petrochemicals Ltd. which has a production capacity of 1.25 MMTPA Purified Terephthalic Acid (PTA). As per implementation of the Resolution Plan, your Company infused ₹ 2,101 crore in JBF on 01.06.2023. Consequently, JBF has become a wholly-owned subsidiary of GAIL with effect from 01.06.2023. Your Company is setting up a 500 KTA Polypropylene plant at Usar (Maharashtra) and has approved the proposal for setting up 50 KTA Iso Propyl Alcohol (IPA) unit while prospects of setting up of Ethane Cracker is also being studied.

Your Company is taking steps towards strengthening LNG markets in the country and is putting up small-scale liquefaction skids capable of producing LNG on a pilot basis. These plants will help in the distribution of Natural Gas through liquefaction in new CGD areas, and liquefaction of gas at isolated fields and will support setting-up of LNG fueling stations. It will be first of its kind in the country to introduce portable and scalable liquefaction units.

India is planning a network of Liquefied Natural Gas (LNG) fueling stations along its 6,000-km-long golden quadrilateral highways, a move that would encourage thousands of truckers

to switch to the cleaner fuel from polluting diesel. As stated earlier, GAIL is running a pilot project, with Coal India Ltd. (CIL), for retrofitting LNG kits in dumpers and putting together a plan and persuading all possible participants to help build an effective ecosystem for LNG-fueled vehicles in the country.

To ensure growth in the gas market share, higher gas usage in the industrial segments including refineries, transport segment using CNG & LNG, tri-generation etc. has been a primary focus area. GAIL has envisaged expanding its global presence through its diverse gas portfolio. Your Company along with its CGD Subsidiaries and Joint Venture Companies (JVCs) have achieved more than 10 lakh DPNG connections and more than 350 CNG Stations for this FY. LCNG station at Ajmer was inaugurated while LNG station at Savroli has been mechanically completed. During the recently concluded 11th and 11A CGD Bidding Rounds, GAIL's JVCs were awarded 2 Geographical Areas (GAs) Banda, Chitrakoot and Mahoba districts and Kondagaon, Bastar, Sukma, Narayanpur, Bijapur and Dantewada districts.

Your Company has developed Net Zero GHG Emissions target to achieve a 100% reduction in Scope 1 and Scope 2 emissions and a 35% reduction in Scope 3 emissions by 2040. Your Company has made its Net Zero strategy based on 4 strategic pillars: Operational Decarbonization, Energy transition, Carbon Capture and Utilization (CCUS), and Offsetting. With an impetus towards charting the net zero path your Company has further opened up its energy basket with forays into Wind, Solar, Ethanol Blending, CBG, circular economy and Green Hydrogen contributing towards shaping a Net Zero future.

Your Company is exploring both organic as well inorganic routes to expand its RE portfolio via participation in tenders and acquisition of operating RE assets. With the perspective of environmental benefits and to reduce import dependency to achieve Aatmanirbharta, your Company is actively pursuing business opportunities in biofuels (Ethanol, CBG). GAIL is exploring business opportunity in setting up two 1G Ethanol Plants of 500 (Kilo Litres Per Day) KLPD each in the States of Gujarat and Rajasthan through joint venture mode. Your Company is setting up Compressed Bio Gas (CBG) plant based on Municipal Solid Waste (MSW) in Ranchi & Bengaluru.

Your Company has started a first of its kind pilot project where injection of blending of hydrogen upto 2% in Natural Gas in CGD network of Aavantika Gas Limited. Further, PNGRB has also given approval to M/s AGL to implement the proposal for hydrogen blending with Natural Gas up to 5% vol in PNG network. Your Company is also setting up a 10 MW green hydrogen production capacity at Vijapur, MP.

Digital Strategy

Your Company has always been at the forefront of implementing and adopting new technologies, making significant investments in digital technologies. To address the dynamic market environment, your Company has leveraged advances in digital technologies to support effective decision-making and improve business operations and performance. The digitalization initiatives in your Company are focused on improving operations, maintenance, and sustainability. New digital solutions are facilitating timely capturing and monitoring of relevant data and helping to conduct operations in a better way.

GAIL inaugurates state-of-the-art centre for digitization and centralization of its payments process. The Centre named 'SARATHI' partners with IBM Consulting and went live with SAP-OpenText's Vendor Invoice Management (VIM)

Your Company has recently implemented first of its kind, state-of-the-art center for Vendor Invoice Management (VIM) - Shared Service Centre (SSC) called 'SARATHI', which is a major step towards complete digitization, centralization and automation of Vendor Invoice payment processes. The VIM solution, that went live from April 2023, digitalizes the entire invoicing process, moving away from a paper-based system. This includes electronic receipt of invoices, automated data fetching and workflow to streamline the approval process. Additionally, your Company has set up a centralized invoice management center to manage vendor invoices from one place. The VIM solution improves efficiency, reduces costs and enhances overall productivity.

Your Company has adopted Robotic Process Automation (RPA) technology to automate repetitive tasks through the use of software bots. RPA implementation helps increase efficiency, accuracy and productivity while reducing the possibility of human error in repetitive and time-consuming tasks.

Launch of e-BG and SBLC through SWIFT Platform

3.2 Opportunities & New Initiatives

» Natural Gas Marketing

Your Company is strengthening its existing customer base while simultaneously working on expanding gas consumption in existing/emerging sectors. Your Company has completed connectivity with major anchor load customers along JHBDPL enabling them to draw full load, gas supplies to new Fertilizer plants like Matix Fertilizers & Chemicals Ltd, Panagarh, HURL Barauni, HURL Gorakhpur & HURL Sindri. In the LNG business, GAIL imported 95 LNG cargoes to India amounting to approx. 6.08 MMT of LNG volumes during FY 2022-23, to cater to the growing need.

Your Company is also working closely with other industry players and stakeholders for commercial off-take of Compressed Bio-Gas from CBG producers towards shaping a Net Zero future.

Your Company has commenced India's first-of-its-kind project of mixing hydrogen into Natural Gas system at Indore, Madhya Pradesh. The hydrogen blended Natural Gas is being supplied to M/s Aavantika Gas Limited in Indore.

In line with the National Hydrogen Mission, your Company has started hydrogen blending as a pilot project to establish the techno-commercial feasibility of blending hydrogen in City Gas Distribution (CGD) network. This project marks the stepping stone of India's journey towards hydrogen based and carbon neutral future. It is expected that this pilot project would help in creation of a robust standard and regulatory framework in India to cover the aspects of injecting hydrogen into Natural Gas. This will pave the path for carrying out more similar projects in India.

Your Company along with its JVs and Subsidiaries is also working towards constructing LNG stations along major highways so that LNG can be utilized as an automotive fuel in the Heavy-Duty Vehicles (HDVs) segment. Efforts are also going on to commence the use of LNG as an automotive fuel for heavy equipment in the mining sector which can commercially replace High - Speed Diesel (HSD).

» Sourcing & Trading

Your Company has established itself as a major global LNG player. In the past several years, the Company undertook various deals including time swap transactions and third-party sales on a FOB basis to de-risk the LNG portfolio. With growing gas demand in India, the Company would be bringing most of the US volumes to India through an optimal mix of own ship charters and structured optimization transactions like Destination Swap, etc.

Your Company is also scouting the market for long-term tie-up opportunities with leading global LNG producers/traders to meet the growing downstream gas demand in India.

Further, your Company is actively undertaking hedging to manage commodity price risk.

Shri Sanjay Kumar, Director (Marketing), GAIL addressing LNG Meet

» LNG Shipping

To transport the LNG sourced from the USA, your Company hired a newly built LNG Vessel "DSME H2520" from a subsidiary of Mitsui O.S.K. Lines, Japan. The vessel is of state-of-the-art technology and design. With hiring of this vessel, GAIL will have 03 modern LNG Vessels in its fleet on long-term charter.

Further, the Company continuously scouts the market for optimization of its shipping fleet as well as taking additional vessels on time-charter to ensure lifting of US FOB volume and optimize the transportation cost.

Breakwater under construction at Dabhol LNG Terminal

» LNG Regasification Terminals

Konkan LNG Limited (KLL) is a subsidiary company of GAIL. Your Company is the commercial operator of the 5 MMTPA Dabhol terminal in Maharashtra under KLL. After 100% completion of the commissioning activities related to breakwater facilities, ambient air heating system, etc. KLL shall be able to operate throughout the year at full capacity.

Your Company has also booked regasification capacities at PLL's Dahej terminal on long-term basis and has been efficiently utilizing the capacity booked in the terminal.

In addition to this, Dhamra LNG terminal in Orissa has been commissioned and ready for commercial operation. GAIL placed its first cargo and started discharging LNG from 22nd May 2023. With this, GAIL's pipeline network got its first RLNG feeding point on the eastern side of India.

Further, in order to cater to GAIL's spot regasification requirements, GAIL from time-to-time books additional regasification capacity at Indian regasification terminals such as Hazira, Dahej etc.

» Natural Gas Transmission

Your Company is committed to increasing the length of its Natural Gas pipeline infrastructure by developing new Natural Gas pipelines and expanding/extension of its existing pipelines. Your Company has taken steps to provide Tie-in connections with its Natural Gas pipelines to the upcoming new gas sources including in Rajasthan/ Gujarat Krishna Godavari (KG) Basin, Cauvery Basin, Coal Bed Methane (CBM) discoveries in Jharia, Bokaro & Shadol, new sources of domestic gas through bidding route and upcoming RLNG Terminals to enable more and new gas injections into its pipelines. Furthermore, Inter-Connections (ICs) are also being provided with the Natural Gas pipelines of other pipeline entities in the country.

Shri Deepak Gupta, Director (Projects), GAIL addressing Gas Infrastructure Conference

In addition to providing Last Mile Connectivity (LMC) to various industrial consumers to enable them to consume Natural Gas and shift from other alternative fuels, your Company is also providing Hooking-up connectivity (i.e. connectivity from the trunk Natural Gas pipeline to the CGD network) to about 100 CGD Networks in various parts of the country which have been

awarded up to 9th and 10th CGD Bidding Rounds by PNGRB. 05 new LMCs and 27 Hook-ups were completed to supply/transport gas during FY 2022-23.

Your Company has also firmed up modality with the newly established Gas Exchange for smooth transmission of gas traded in the Gas Exchange. In addition, your Company is the first gas pipeline company in the country that had started an online pipeline open-access portal for easier and transparent booking of Common Carrier Capacity in its Natural Gas pipeline. Around 9,700 Capacity Tranche (CT) requests have been processed through the portal during FY 2022-23 while over 21,000 CT requisitions were received since the launch of the online portal till 31st March, 2023 in 2018.

» Developing the National Gas Grid (NGG)

To develop the National Gas Grid, your Company along with its JVs is executing projects to lay ~ 7,879 km of Natural Gas pipelines across India and another 2,047 km pipelines through its JVs/JVs of GAIL Gas (which includes 1,656 km by Indradhanush Gas Grid Ltd. and 391 km by Andhra Pradesh Gas Distribution Company Ltd.). The status of ongoing projects are as follows:

1. **Jagdishpur-Haldia & Bokaro-Dhamra Pipeline (JHBDPL) (2,655 km) and Barauni- Guwahati Pipeline (BGPL) (729 km) section as an integral part of JHBDPL:** This pipeline network shall pass through the Eastern part of U.P., Bihar, Jharkhand, Odisha, West Bengal, and Assam. The pipeline network would have two gas sources, one at Phulpur (Allahabad, U.P.) and the other at Dhamra RLNG Terminal (Odisha) and is also connected to Integrated HVJ network to receive gas supply. The pipeline from Barauni to Guwahati will connect the North eastern gas grid to National Gas Grid. Recently, PNGRB has granted authorization of Dhamra-Haldia Pipeline (DHPL) (253 km) for capacity expansion of JHBDPL network and increasing size of Dhamra-Paradip spur line. With this, the expansion capacity of the integrated JHBDPL network is now 23 MMSCMD from earlier 16 MMSCMD.
- Till March 2023, 2,378 km pipeline section of integrated JHBDPL (including BGPL) have been commissioned including connectivity to 4 major fertilizers plant viz. M/s Matix Fertilizers, Durgapur, M/s Hindustan Urvarak & Rasayan Ltd. (HURL) in Sindri, Barauni & Gorakhpur.
2. **Kochi-Koottanad-Bangalore-Mangalore Pipeline (KKB MPL) Project Phase-II (891 km):** Kochi to Mangalore pipeline (KMPL-450 km) passing through Kerala & Karnataka was commissioned & anchor customers Mangalore Chemicals and Fertilizers Limited, ONGC Mangalore Petrochemicals Limited & Mangalore Refinery and Petrochemicals Limited were also connected. 129 km section of Kootanad to Bangalore Pipeline has also been commissioned. Work is under progress in Tamil Nadu Section.
3. **Vijaipur-Auraiya-Phulpur Pipeline:** To de-bottleneck, the supply of the JHBDPL project, a parallel pipeline from Vijaipur to Phulpur via Auraiya (667 km) was executed. Phase-1 from Auraiya to Phulpur (315 km) was commissioned in March 2019. Further, Phase-2 from Vijaipur to Auraiya-352 km has been commissioned in March 2022.

Mumbai-Nagpur-Jharsuguda pipeline (1,755 km) MNJPL, part of National Gas Grid (NGG), will pass through 25 districts in the states of Maharashtra, Madhya Pradesh, Chhattisgarh & Odisha. It will originate from Thane (Maharashtra) & will connect to JHBDPL in Jharsuguda (Odisha). Also, spurline will extend from Nagpur (Maharashtra) to Jabalpur (Madhya Pradesh). The pipeline shall ensure availability of clean fuel

and cater the demand of CGD industries and anchor load customers. Construction work is in full swing for Mumbai-Nagpur section.

4. **Sultanpur-Jhajjar-Hisar pipeline (135 km)** has been commissioned on 31.03.2023.
5. Construction work is in progress for Srikakulam (Andhra Pradesh)-Angul (Odisha) Pipeline (744 km), Dhamra-Haldia Pipeline (253 km), Haridwar- Rishikesh-Dehradun Pipeline (50 km) to provide Natural Gas connectivity to cities en-route the pipeline.

» Petrochemicals

Under the Petrochemical business vertical, your Company is in the process of setting up a 500 KTA Propane dehydrogenation and Polypropylene (PDH-PP) Plant at Usar, Maharashtra, which is expected to be commissioned in 2025. This would be the first plant in India using Propane Dehydrogenation technology for the production of Propylene. For this project, M/s Lummus Technology LLC, USA has been selected as technology Licensor for the PDH unit & M/s Grace Technologies Inc. has been selected as Technology Licensor for PP Unit. Various project-related activities are in full swing.

Your Company is also setting up a 60 KTA Polypropylene (PP) plant at Pata. Environment Clearance for the Project has been granted by the Ministry of Environment, Forest & Climate Change. M/S Grace Technologies Inc, USA has been selected as the technology Licensor for the PP unit at Pata.

Your Company is also setting up 50 KTA Isopropanol (IPA) unit at Usar.

Digital Transformation is need of the hour. Considering high competitiveness in Petrochemicals market and growing demand, Your Company has adapted SAS Data Analytics Tool to enhance their ability to work faster, stay agile and give the organization a competitive edge over competitors. GAIL Petrochemicals business has developed Three Business Analytics Modules i.e. Margin Optimization, Price Forecasting, and Production Planning for Advanced Data Analytics. Apart from this our Company is in process of mapping Customer Journeys and improve Business Intelligence through State-of-art Customer 360 & Market Intelligence system.

Acquisition of Petrochemicals Plant under Corporate Insolvency Resolution Process through NCLT

Your Company is constantly in search for acquisition of Companies in synergy with GAIL or in diverse fields. Lot of equity investments are scrutinized on regular basis. One such opportunity was acquisition of a JBF Petrochemicals Limited (JBFPL), a Petrochemicals Company incorporated in 2008 for setting up of 1.25 MMTPA Purified Terephthalic Acid (PTA) Plant within Mangalore Special Economic Zone (MSEZ) in the State of Karnataka.

The plant, which is a backward integration project for polyester plants. The trial run of the Plant was conducted in March 2017; however, production was not started and was in the process of complying with the technical specifications and removing deficiencies. At that juncture, there was a need to infuse additional funds.

The Company was admitted to Corporate Insolvency and Resolution Process (CIRP) pursuant to NCLT order.

Your Company participated in the aforementioned Corporate Insolvency and Resolution Process and submitted the Resolution Plan in Sept '22. Subsequent to approval from Lenders, NCLT in March '23 accorded approval to GAIL's Resolution Plan for acquisition of JBFPL. As per implementation of the Resolution Plan, your Company infused ₹ 2,101 crores towards total

Resolution Plan amount in JBF on 01.06.2023. Consequently, JBF has become a wholly-owned subsidiary of GAIL with effect from 01.06.2023.

GAIL and the (acquired) JBFPL have presence in two different petrochemical sectors i.e. Polyethylene (PE) and Purified Terephthalic Acid (PTA) respectively which are differentiated w.r.t. molecular structures, feedstock, product characteristics and target consumer market. The PTA business is envisaged to be a complementary vertical to that of existing PE portfolio. It is understood that the Plant was under preservation until the year 2020 and as per GAIL's revival Plan presented to the Hon'ble NCLT, it is planned to commission the Plant by March '25.

» Coal Gasification

Your Company is in the process of setting up a coal gasification-based Urea project through a JV-Talcher Fertilizers Limited (TFL) formed with Coal India Limited (CIL), Rashtriya Chemicals and Fertilizers Limited (RCF), each having 31.85% stake and Fertilizer Corporation of India Limited (FCIL) having 4.45% equity. The project is envisaged to produce 2,200 MTPD Ammonia and 3,850 MTPD Urea.

The project has received investment approval from all the JV partners and project activities have already commenced with the award of 02 major LSTK tenders of coal gasification and ammonia/urea to M/s Wuhuan Engineering Co. Ltd., China along with other OSBL/Utilities packages. The selection of other vendors is in progress and all the pre-project construction activities at the site have been completed. Cabinet Committee on Economic Affairs (CCEA) has approved the exclusive subsidy policy for Urea to be produced by TFL on 20th April, 2021. The financial closure of the project has been successfully concluded in June 2021 with debt tie up of ₹ 9,560 crore (approx.). Contract of approx. value of ₹ 11,000 crore has already been awarded and project achieved an overall 23% progress.

GAIL signed an Addendum to MoU with Coal India Ltd on 12th October, 2022 for development of Coal to Synthetic Natural Gas (SNG) project at Eastern Coal Field (ECL) Bardhaman (W.B).

» Start-up Initiative

GAIL launched its ambitious Start-Up initiative '**Pankh**' in July' 2017 to invest in promising Start-ups. Your company's Start-Up Initiative "**Pankh**" aims to identify, invest and nurture start-ups that can become successful companies in the long run and provide returns from this diversification. Under this initiative, an initial Corpus of ₹ 100 crore has been created for funding in new & promising Start-ups working in focus areas. GAIL's Investment in Start-Ups is spread across diverse Areas like AI, Logistics, Electric Mobility, Nutrition, Rural Development, Health, Pipe Inspection, Energy, Renewable Energy, Environment, Bio Products, IOT, Industry 4.0 (process improvement) etc.

During the FY 2022-23, your Company has signed investment agreement with 01 Start-Up in Fintech sector with credit line product of Social cause with a financial commitment of ₹ 1.5 crore. Your Company has so far supported 34 numbers of Start-Ups with a total investment commitment of ₹ 69.69 crore. The valuations of some of these start-ups based upon the current market trends have appreciated many folds. In FY 2022-23, 04 nos. of GAIL supported Start-Ups have raised funds at higher valuation than the valuation at which GAIL made initial investment.

» Advocacy Initiatives

India seeks to reduce its carbon emissions and transition to a cleaner, more sustainable energy system. Hon'ble Prime Minister of India has stated that analogous to the seven

horses driving the chariot of Sun god, India's energy map is envisioned to have seven key drivers including accelerating efforts to move towards a gas-based economy.

Natural Gas being an environmentally benign energy source suffices to be the fuel of 21st century. Natural Gas commonly known as "The Green Fuel" is the cleanest and efficient hydrocarbon because of its chemical properties. Aiming the focus on steering our country towards decarbonisation & energy transition, various initiatives & steps have been taken by the government to promote Natural Gas and envisages the share of gas to be around 15% of country's primary energy mix by 2030. Natural Gas can complement as key drivers and augment the progress directly or indirectly depending on the nature.

Under the Cleaner use of fossil fuels initiative, the Coal Gasification plants could be established closer to the Natural Gas grid, so that product gas or hydrogen can be injected into Natural Gas pipelines. In addition, Natural Gas can also be used as a fuel/feedstock in the production of various products such as plastics and chemicals, which can help reduce the carbon footprint of these industries.

Various pipelines projects are under progress towards the development of National Gas grid in the country which will enable the gas availability to far flung areas including the Eastern and North Eastern parts of the country. For this, the government has taken several steps including provision of grants for development of pipeline projects and revival of anchor load customers such as fertiliser plants. In addition to the pan India presence of NG pipeline network, government is also making efforts for the development of CGD infrastructure in India for enhancing the availability and reach of Natural Gas to end consumers.

An emerging growth area for your Company is marketing of Biogas produced from anaerobic fermentation of organic waste. As a significant step towards promoting Biogas economy, MoP&NG launched SATAT (Sustainable Alternative Towards Affordable Transportation) initiative on 01st October'2018 to extract economic value from Biomass waste for production of Compressed Bio Gas (CBG) and its usage as an alternative fuel (similar to CNG) for transport vehicles. Further, MoP&NG has issued policy guidelines for synchronization of CBG produced by various plants with its utilization in CGD networks on a pan India basis. GAIL has been mandated to operationalize the CBG-CGD Synchronization Scheme, wherein Biogas/CBG would be supplied co-mingled with domestic gas at Uniform Base Price to all CGD entities for use in CNG (T) and PNG (D) segments. Enabling policy frameworks and systems / mechanisms aimed at accelerating the development of biogas economy in overall gas supply scenario is continuously evolving.

As far as renewables space is concerned, Natural Gas has the potential to mitigate the challenge of lack of round the clock availability of renewable resources as well as balancing the grid. Natural Gas might act as a flexible energy storage medium to relieve congestion during peak usage periods and balancing the grid.

Talking about transportation sector & mobility domain in the country, the establishment of Electric vehicles as a cleaner mobility solution would further require significant investment in electricity distribution and charging infrastructure. Through the faster growing CGD network, Natural Gas is trying to reduce the emissions and helping the clean mobility agenda.

Contributing towards the hydrogen economy, CGD infrastructure may be used for blending of the Hydrogen in Natural Gas for end use. After establishing the blending in CGD network through pilot projects, optimum level of hydrogen blending

in CGD network may be initiated subject to technical limit. Further for creating future hydrogen backbone infrastructure, ROU of gas pipeline infrastructure can be leveraged considering synergies such as nature of fuel & end consumers.

Over the years, GAIL has been a part of industry events organized to propagate gas as a better environmental fuel and endorse the market opportunities available for gas in India. GAIL is interacting with various Indian industry associations including FIPI, CII, FICCI, CSE, TERI NITI Aayog, etc. GAIL has been consistently engaged with global associations like International Gas Union, ADB, World Bank on Sustainable energy policy and reforms required in the gas sector. GAIL also regularly interacts with PNGRB, the regulatory body to update them on the current status and industry viewpoint. GAIL is also engaged with think tanks and govt. bodies for carrying forward Natural Gas advocacy and market development in India.

GAIL is part of various prestigious industry bodies and associations which provide platforms to discuss industry issues and convey the industry voice to the government in a collective way to make better inclusive policies and bring reforms. This forms a significant basis for the advancement of the public good. In FY 2022-23, GAIL was a part of the following associations:

- Indian Wind Power Association (IWPA)
- PHD Chamber of Commerce & Industry
- Chemicals & Petrochemicals Manufacturers Association (CPMA)
- Indian Centre for Plastic in Environment (ICPE)
- Indian Biogas Association (IBA)
- International Swaps & Derivatives Association Inc (ISDA)
- Indian Federation of Green Energy (IFGE)
- International Group of Liquefied Natural Gas Importers (GIIGNL)
- Society for Human Resource Management (SHRM)
- All India Management Association (AIMA)
- National Institute of Personnel Management (NIPM)
- Pipeline Operators Forum
- TERI Council for Business Sustainability (TERI-CBS)
- Global Reporting Initiative India Private Limited (GRI)
- Standing Conference of Public Enterprises (SCOPE)
- Federation of Indian Petroleum Industry (FIPI)
- Federation of Indian Chambers of Commerce and Industry (FICCI)
- British Safety Council (India) LLP
- India Myanmar Chamber of Commerce (IMCC)
- Confederation of Indian Industry (CII)
- International Gas Union (IGU)

» Green energy initiatives

Green Hydrogen is a renewable energy based alternative fuel for meeting Hydrogen requirements in fertilizer production and petroleum refining. It has the potential to reduce India's dependence on fossil fuels and decrease the carbon footprint

of these industrial processes. It can help curb the emissions from several processes that depend upon input materials or feedstock derived from fossil fuels such as production of fertilizers, chemicals, petrochemicals and steel. Hydrogen can also be used as a fuel for long range transportation and for long duration storage of renewable energy.

Roof top Solar Project at GAIL, Pata Petrochemical Plant

In line with Strategy 2030, your Company is exploring various opportunities for increasing its renewable portfolio through organic as well as inorganic routes.

Towards shaping a Net Zero future, your Company is exploring various business opportunities in the Production of Compressed Bio Gas (CBG). The Company is an integral part of the MoP&NG's initiative – SATAT (Sustainable Alternative towards Affordable Transportation) and invited Expression of Interest (EOI) from various CBG Producers for providing Marketing tie-up of CBG at the Retail Outlets of your Company and its JVs. During the FY 2022-23, the Company issued 327 'Letter of Intent (LoI)' to potential CBG producers.

Your Company has also taken the decision of venturing into CBG business by setting up CBG production plants. The Company is setting up its first CBG plant of 5 Tons per Day (TPD) CBG production capacity at Ranchi. It has signed a concession agreement for 22 years with Ranchi Municipal Corporation for the supply of Municipal Solid Waste (MSW) and associated infrastructure for setting up the plant. The Company has received approval from the Government of Karnataka on 30.12.2022 for setting up CBG Plant in Bengaluru, including the land allocation.

In line with Government of India's 'National Hydrogen Energy Mission', your Company is setting up a Green Hydrogen Production unit with a capacity of 4.3 Tonnes per day at Vijapur (M.P.). The unit will produce Green Hydrogen using Proton Exchange Membrane (PEM) technology based on water electrolysis. Also, study on technical feasibility of H₂ blending in NG/CGD network has been initiated.

Wind Energy assets of GAIL in Hassan, Karnataka

Subsequent to the launch of CBG-CGD Synchronization scheme in April 2021, the Company has already operationalized the Synchronisation Scheme all across the country. Following are

the key highlights of implementation of the Synchronisation scheme:

- a. Around 38000 SCMD (~28 TPD) Biogas/CBG was supplied/injected into 17 CGD GAs across India under the CBG-CGD Synchronization scheme.
- b. The Cumulative Biogas/CBG sale under Synchro scheme is 5490 MT. For FY 2022-23, CBG sale per volume under CBG-CGD synchronization scheme is 5322 TPA.
- c. 46 nos. of Tripartite Agreements (TPA) have been executed amongst CBG Producer, GAIL and CGD entity.
- d. 28 CBG plants and 18 CGD entities have tied-up under the Synchronisation scheme.

Your Company is setting up 10 MW PEM Electrolyser for producing Green Hydrogen. Your Company has also entered into MoU with Gujarat Alkalies and Chemicals Limited (GACL) to explore the feasibility of setting up 500 KLPD BioEthanol Plant in Gujarat and other business opportunities related to Petrochemical/Chemical plant, Solar and Wind assets.

Your Company has also taken few initiatives for development of solar energy such as (i) MOU with BHEL for development of solar power projects; (ii) setting up of Renewable Power plants for captive consumption; (iii) Opportunities explored for manufacturing of solar cells/modules; (iv) collaborated with International Solar Alliance (ISA) as a corporate partner.

Small-Scale LNG

India has vastly expanded the city gas distribution network in recent years, adding to Natural Gas demand. Liquefaction facilities can help transfer gas from some fields that haven't been commercially exploited as they are too small to support an evacuation pipeline.

Your Company plans to set up small liquefaction facilities to cater to Natural Gas demand in areas not connected to pipelines and to help transport gas from isolated fields.

Your Company has placed orders for two small-scale liquefaction skids capable of producing Liquefied Natural Gas (LNG) on a pilot basis. Liquefaction will be achieved through proprietary technology-based mobile liquefaction skids. These plants will help in distribution of Natural Gas through liquefaction in new city gas distribution areas, liquefaction of gas at isolated fields and will support setting-up of LNG fueling stations and in bunkering. It will be first of its kind in the country to introduce portable and scalable liquefaction units.

Your Company is also discussing the possibility of manufacturing liquefaction skids in India.

4. Threats, Risks, Challenges, and Mitigation

PNGRB Regulatory Framework

The Petroleum & Natural Gas Regulatory Board (PNGRB) was established by the Government of India on 1st October, 2007 for carrying out the various provisions of the PNGRB Act, 2006. The PNGRB Act provides a legal framework for regulating the refining, processing, storage, transportation, distribution, marketing and sale of petroleum, petroleum products and Natural Gas but excluding the activities of production of crude oil and Natural Gas, to protect the interests of consumers and entities engaged in these activities. The main functions of PNGRB include, inter-alia, (a) granting authorizations for laying, building, operating, or expanding new pipelines as common carriers or contract carriers and for laying, building, operating, or expanding new

city gas distribution networks (CGD networks) (b) declaring existing Natural Gas pipelines, petroleum & petroleum product pipelines and CGD networks as common carriers or contract carriers (c) regulating access to common carriers or contract carriers (d) regulating transportation rates of common carriers or contract carriers and (e) to perform such other functions as may be entrusted to it by the Central Government to carry out the provisions of this Act.

During the FY 2022-23, PNGRB has notified various Amendments & Regulations in respect of Natural Gas Pipelines and CGD networks. In respect of Natural Gas Pipelines, based on regulatory provisions, PNGRB, by integrating the nine (09) inter-connected Natural Gas pipelines of your company, has determined an integrated tariff, duly apportioned into zonal tariffs, with effect from 01st April, 2023, which would significantly boost the Natural Gas transmission revenues of your Company.

During this period, PNGRB has also notified the Unified Tariff Regulations with effect from 01st April, 2023. Under this, Unified tariff is calculated as weighted average zonal tariff (as approved by PNGRB) for all the constituent natural gas pipelines comprising the National Gas Grid System (NGGS) and thereafter the same is apportioned into Zonal Unified tariff over three zones, with first zone covers a distance from gas source to 300 kms, the second zone being more than 300 kms and up to 1200 kms and third zone being more than 1200 kms. Under this, all customers across the country connected to pipelines comprising the NGGS shall pay a single zonal unified tariff as applicable to them based on their location. This Unified Tariff regime would benefit customers located in far-flung areas by way of tariff rationalization and facilitate development of new markets to increase gas utilization in all pipelines including those of your Company.

Further, the transportation tariff for other pipelines not forming a part of the NGGS is determined by PNGRB for each pipeline separately and further apportioned on a Zonal basis with each zone of 300 kms.

Recently, PNGRB has also come out with a proposal for developing CGD Networks in J&K/Ladakh and the North-East under the 12th Bidding Round. Based on the business potential, your Company would assess participating in the same.

Your Company had emerged as the successful bidder for Gurdaspur-Jammu natural gas Pipeline and PNGRB issued the letter of intent of authorization of Gurdaspur-Jammu natural gas Pipeline.

During the FY 2022-23, your Company has also been granted authorization for developing a Tie-In Connectivity pipeline in Jambusar region in Gujarat which shall bring in more gas from new domestic sources. In this period, affiliates of your Company have also been granted authorization for developing City Gas Distribution Network in Geographical Area located in the state of Chhattisgarh under the 11A Round of CGD Bidding.

PNGRB has also issued various orders and decisions in relevant matters. The details of the said regulations, amendments, authorizations, orders and decisions are available on the official website of PNGRB (www.pngrb.gov.in) and have varying implications on business. These regulations, amendments, authorizations, orders, decisions of PNGRB are appealable before the PNGRB Bench, Appellate Tribunal, and Courts and accordingly, some of them pertaining to your Company are also under various stages of appeals. The timing and content

of any final changes in regulations made by PNGRB is not in your Company's control. However, regular interactions with PNGRB on sectoral issues, participation in public consultation exercises conducted by the Regulatory Board and making logical submissions to the Regulator in writing helps your Company to anticipate or to minimize risks associated with any sudden or unforeseen changes in regulations.

Natural Gas Prices

Your Company currently markets Natural Gas purchased from domestic and international sources.

The Government of India, vide its order dated 25th October, 2014, had notified the New Domestic Natural Gas Pricing Guidelines, 2014. As per the notification w.e.f. 1st November, 2014, the gas price is determined bi-annually as per a specific formula, which in essence, is a twelve-month average price (minus transportation and treatment charges) of Natural Gas traded in the major hubs worldwide. The New Domestic Natural Gas Pricing Guidelines, 2014 are applied uniformly to all nominated fields to ONGC & OIL, New Exploration Licensing Policy (NELP) blocks, and Pre-NELP blocks that require Government Approval as per PSC, whereas the same are not applicable in case of small and isolated fields of nominated blocks that are covered under the pricing guidelines of 2013.

Government of India formed Dr. Kirit Parikh Committee in Sept-22 to review the pricing formula for gas produced in the country as global energy prices soared. The Committee recommended the domestic gas prices to be linked to Indian Crude Oil Basket. The decision on recommendations of Dr. Kirit Parikh Committee has been finalized by the Government of India.

Accordingly, Ministry of Petroleum and Natural Gas notified amendment to New Domestic Gas Pricing Guidelines, 2014 on 7th April 2023. As per the amendment, Domestic Natural Gas Price (APM price) shall be 10% of the Indian Crude Basket Price as defined by Petroleum Planning and Analysis Cell (PPAC) from time to time. The APM prices would be declared on monthly basis by PPAC. For the gas produced by ONGC and OIL from their nomination fields, the APM price shall be subject to a floor and a ceiling. The initial floor and ceiling price shall be \$ 4/MMBTU and \$6.5/MMBTU respectively. The ceiling would be maintained for the next two years (FY 2023-24 and 2024-25) and then increased by \$0.25/MMBTU each year. Gas produced from new well or well intervention in the nomination fields of ONGC and OIL, where APM prices are subject to floor and ceiling, would be allowed a premium of 20% on these APM prices.

Further, the Government of India, vide its order dated 21st March, 2016, has notified guidelines on marketing including pricing freedom for the gas produced from discoveries in deep water, ultra-deepwater, and high pressure-high temperature areas. As per the guidelines, the Government has decided to ensure freedom of pricing for gas produced in these fields up to a ceiling price level calculated by taking a lower of the twelve-month average of landed price of imported fuel oil, substitute fuels, and LNG.

Your Company earns the marketing margin on the sale of domestic Natural Gas. Further, the Government of India, in its notification dated 24th December, 2015, applicable from 18th November, 2015, has put a ceiling on the marketing margin for the supply of domestic gas to fertilizer (Urea) and LPG producers to ₹ 200 per 1000 SCM.

In addition to the above, your Company purchases imported Natural Gas mainly from PLL at Dahej, Gujarat. The purchase and selling prices of such Re-gasified Liquefied Natural Gas (RLNG) are based on international crude price indices. Further, your Company also directly imports LNG through carriers from various suppliers worldwide and gets it re-gasified either at PLL's regasification terminal at Dahej, Gujarat and Kochi, Kerala or at KLL regasification terminal at Dabhol, Maharashtra or at Shell Energy India Pvt Ltd (Formerly known as Hazira LNG Private Limited). Such LNG imports is either under a long-term agreement ranging above three years, medium-term agreement ranging up to three years or under spot cargo purchases. Under long-term & medium-term import, the selling price is largely based on the purchase price. However, under spot cargo imports, the selling price is dependent upon the demand and supply scenario and customer affordability. Import of LNG spot cargo is based on a thorough assessment of the affordability & requirement of the end consumers and the availability of LNG in the international markets.

» LNG Portfolio

Your Company and its subsidiaries/Joint ventures/affiliates till date have executed two long-term LNG contracts in the USA and one long-term LNG contract with Singapore based company to meet the growing LNG demand:

- LNG Sale and Purchase Agreement with Sabine Pass Liquefaction LLC for sourcing of 3.50 MMTA of LNG from Sabine Pass Liquefaction Terminal, USA with supplies commenced from February 2018.
- Terminal Service Agreement for booking of 2.30 MMTA liquefaction capacity in the Cove Point LNG liquefaction Terminal, USA with supplies commenced from April 2018 and Gas Sale and Purchase Agreement with WGL Midstream (now Six One Commodities) for the commensurate gas quantities.
- LNG Sale and Purchase Agreement with SEFE Marketing & Trading Singapore (SMTS) erstwhile, (GMTS Singapore (Gazprom) for sourcing up to 2.85 MMTA, i.e. around 10.26 MMSCMD of LNG with supplies commenced from FY 2018-19. GAIL has been handling the SMTS (erstwhile GMTS) disruption by making various efforts to minimize the implications. Necessary actions to maintain gas supplies at sustainable levels to downstream RLNG customers were taken by suitable rationalization, reducing GAIL's internal consumption, primarily in Pata Petrochemical plant and by procurement of additional volumes of LNG/RLNG at Market Price.
- LNG Sale and Purchase Agreement with Ras Laffan Liquefied Natural Gas Company Limited (3) for sourcing ~0.3 MMTA, i.e. around 1.08 MMSCMD of LNG on CFR basis.

The aforesaid LNG contracts were entered by your Company with the primary objective of meeting the demand of a growing Indian economy and ensure the energy security of the nation.

Since FY 2016-17, your Company is undertaking hedging transactions also to mitigate the price and index risk. Further, as part of system enhancement, your Company has migrated from e-mail system to web based portal for undertaking LNG/Ship Chartering/Ship Services enquiries.

» Power including Renewables

India is increasing its renewable energy capacity at a brisk pace with an aim to reduce carbon emission. With an increase in renewable energy portfolio, the stability of the grid is a major concern for the industry. Natural Gas-based power plants can act as a balance to provide grid stability as gas plants can respond more quickly to load changes than coal-based plants and can further help in the reduction of emission. Plant Load Factor (PLF) for conventional fuel plants is on a decline and Natural Gas-based power plants continue to run with structural issues requiring resolution through policy intervention. Your Company has been working on a case-to-case basis and in close coordination with MoP&NG and the Ministry of Power to increase/revive off-take of Natural Gas by the power sector.

» Polymer, LPG and other LHC

Your Company is also marketing petrochemicals, LPG, and other LHC products. The prices of these products are influenced and determined by global and domestic factors influencing demand and supply. Your Company has developed a range of market acceptable products to ensure steady consumption of the petrochemical products and has optimized its portfolio by having production facilities at Pata (UP) and Assam. LPG marketing is decided in close coordination with the PSU Oil Marketing Companies. Continuous measures are taken towards managing margins across your Company's range of products.

» Foreign Exchange Fluctuation Risk

Your Company, largely imports LNG, capital goods and stores & spares for various new projects, and operation & maintenance. It has also taken loans in foreign currency for meeting the capex requirement and making overseas investments. The loan portfolio is fully hedged by way of derivative products (currency swap and interest rate swap) and through the natural hedge from the foreign currency inflows. Your Company has an approved Foreign Currency & Interest Rate Risk Management Policy to manage foreign exchange exposure which has been reviewed during the FY. The short-term and long-term exposure of the foreign currency of your Company is being monitored as per the approved policy.

» Commodity Price Risk

Your Company has a Natural Gas Price Risk Management Policy to manage the price risk of Natural Gas. The price risk of Natural Gas used for internal consumption and as well as for selling to various downstream customers is being monitored as per the approved Policy. As and when the opportunity arises in the market, your Company has undertaken various derivative transactions to hedge the price risk arising out of fluctuation in the prices of imported Natural Gas.

» Natural or Man-made Calamity Risk

Various risks are associated with gas transportation and distribution like blowout of Natural Gas pipelines, earthquake, tsunami, terrorist activities etc. These risks are being mitigated right from the designing stage of these projects. However, such natural or man-made risks are emergent events and cannot be totally eliminated. If such an event occurs, it may incur significant liabilities for the Company. To mitigate the impact of such incidents, the Company has Emergency Response and Disaster Management Plan in place.

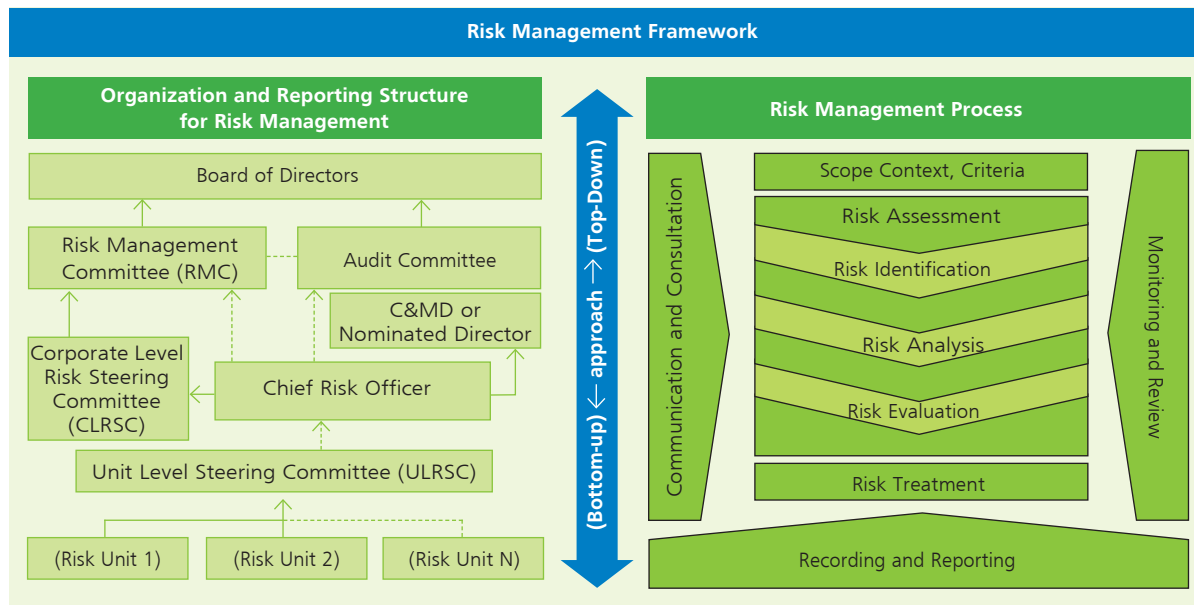

Risk Management Framework

Risk management is an ongoing process and your Company has established a comprehensive Enterprise Risk Management (ERM) framework with the vision to integrate risk management with its overall strategic and operational practices. The Company has formed a Risk Management Committee (RMC) of the Board and its role is as specified in SEBI LODR Regulations. The primary objective is to ensure sustainable and stable business growth supported by a structured approach

to risk management. The ERM framework includes designing, implementing, monitoring, reviewing and constantly improving the risk management procedures for the organization.

The ERM framework at GAIL is designed after incorporating the requirements of ISO 31000 (Risk Management - Principles and Guidelines) and recommendations of the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

The structure of Risk Management Framework of your Company is as under:

Your Company has a Risk Management Policy and procedure to protect & add value to the organization & its stakeholders with the objective to establish a risk intelligence framework for objectively managing expected/ perceived & existing risk exposures by the decision-makers in compliance to prevailing statutory regulations so as to assure demonstrable achievement of objectives and improvement of financial stability of your Company.

Risk Management Approach

Your Company uses a structured 'Top-down' and 'Bottom-up' approach for managing risks. A 'Top-down' approach helps to distil insights and provide clarity on the key risks whereas the 'Bottom-up' approach helps to ensure comprehensive risk identification and prioritisation along with processes that control decision making across the Company ensuring a robust risk management culture.

Risk Identification

Your Company assesses different types of risks including business and financial risks as well as the non-financial risks such as climate change, fuel prices, energy supply security that could potentially influence and impact the business in the future. The identified risks are assigned a 'Risk Rating' based on their impact on the organisation and the likelihood of the occurrence. 'Risk Velocity' is taken into consideration based on the time between the occurrence of an event and its impact on the Company.

In the changing business scenario and expansion of your Company into various other activities, business risks and their mitigation plans are assessed on regular basis. Top Corporate Level Key Risks are as under:

1. Risk of delay in Project Execution due to delay in obtaining Right of Use (RoU)/Land.
2. Underutilization of gas transmission pipeline will result in loss of revenue.
3. GAIL's Restructuring Risk. [Challenges due to Monetization of GAIL's Pipeline Assets and Creation of Transport System Operator (TSO)]
4. Inadequate controls to protect the systems against malicious attacks may result in loss of data and disruption of operations.
5. Risk of reduction in margin of Petrochemical due to lower industry demand, lower price & high input cost.
6. Market Risk of LNG in terms of adverse movement of crude oil price/ LNG prices, shortage of LNG cargos and expected increase in domestic gas volumes.

Shri Deepak Gupta, Director (Projects), GAIL shared his views at IEW in the executive session on 'Revolutionising and scaling gas infrastructure'

7. Risk of major leakage –
 - (a) Explosion / high fatality in case of leakage from LPG/ Natural Gas pipeline under high population density region.
 - (b) Explosion/high fatality in case of leakage in Petrochemical & GPU/C2-C3 Recovery Plants.
 - (c) Explosion / high fatality in case of leakage in GAIL CGDs NG pipelines
8. Risk of Third-Party Damage & Encroachment.
9. Risk of unfavorable Regulatory changes.
10. Effect on GAIL business on account of shutdown of ONGC facilities and reduction in allocation of APM/non-APM Gas for GAIL's internal consumption.

All above Top Corporate Key Risks along with Mitigation measures are being monitored closely by the Top Management.

Identified risks are deeply examined and quarterly reviewed by Corporate Level Risk Steering Committee (CLRSC), Bi-annually by Risk Management Committee (RMC), Annually by Audit Committee and Board.

5. Investor Relations and Engagement

Investor Relations (IR) is playing an increasingly important role in today's volatile world in enabling companies to manage investor expectations. The objectives of Company's investor relations activities are to boost confidence and develop a long-term relationship of trust with stakeholders including Shareholders, Investors & Analysts, through true and fair disclosure of information/explanation, and bilateral communication.

In order to pursue these objectives at all times, your Company continuously discloses necessary information and conducts various investor relations activities. Engaging closely with the investor community helps the Company to gain investor confidence, thereby enabling it to drive maximum value out of the IR programme.

During the FY 2022-23, your Company conducted following major activities for Investor Relations and Engagement:

- a) Organized Investors' & Analysts' Meet 2022
- b) Organized Earning Calls immediately after announcement of the financial results for Q1 FY'23 and Q2/H1 FY'23, Q3 FY'23
- c) Participated in 8 domestic investor conferences and 1 International Investor conference organized by top brokerage houses of the country
- d) Interactive Meet with Investor/Analysts in March'23 to explain the key changes in regulations, key projects etc. and its impact on the Company

All these meetings/ conferences were attended by Top Management/ Senior Executives of the Company. Besides organizing such meet and arranging Earnings call, Company also arranged office meeting with Investors on need basis.

Your company has witnessed increased interest by the Investor community and to meet the expectation, Company has been engaging with Investors and analysts to respond to their queries in a fair and transparent way keeping in mind the regulatory and fairness requirements.

In addition, Your Company also arranges Site Visit for Analyst & Investors community to showcase the on ground development of project which in turn helps to get an insight to the Investors/Analysts on the functioning of plant. All such initiatives by the company towards disseminating information to investors & Analysts has been recognized & appreciated by the Investor and Analyst Community from time to time.

In line with SEBI (Prohibition of Insider Trading) Regulations, 2015 & SEBI (Prohibition of Insider Trading) (Amendment) Regulations, 2018, Structured digital database system is already in place at GAIL's Intranet for (i) obtaining the necessary disclosures from Designated Person(s) w.r.t. Immediate Relatives, (ii) sharing of Unpublished Price Sensitive Information (UPSI) for furtherance of duties. This system enabled the Company to maintain the digital database as required under SEBI PIT Regulations 2015.

The investor presentation(s) and the mentioned guidelines are shared with Stock exchanges and are also hosted on the website of your Company.

6. Capability Development

» Human Capital

As on 31st March, 2023, your Company had 4823 (including Whole-time Directors and CVO) employees on its roll. Your Company understands that more investment a company makes in human capital, the chances of its productivity, innovation and success become higher.

Along with this, the Company has been following the practice of assigning mid-level employees who have been involved with a project/task to make presentation before CMD/Directors whenever the opportunity exists. The practice brings the young talent to the fore-front and gives them opportunity to hone their skills while giving a chance to be recognized by the Top Management.

Your Company has dedicated resources to develop its human capital through training and mentoring. People are our most precious resource and their effective investment and management are critical to the continued success of GAIL.

Your Company has a well-defined policy for allowing leave for Study Purposes in place, which facilitates employees with 5 years or more experience to go on sabbatical for study purposes.

Regular performance feedback is one of the key aspects through which performance culture is achieved. A focused emphasis has been given on the "Art of giving feedback" through workshops. In-house videos (03 nos.) on the same subject were released to help reporting officers understand the ways to assess individual capabilities, suggest areas of improvement etc.

A major deciding factor in improving human capital is improving the quality of life being offered at various work locations through the quality of infrastructure provided to the employees and their families. The Company puts this aspect on high importance and makes sure that employees have access to the best of facilities like Township, Hospital, School, Clubs, Sports facilities etc. The maintenance of the infrastructure is taken care at Local Level by HR Department.

Sports facility at GAIL, Vijaipur

Your Company's focus with regard to human capital management is to provide a safe and healthy work environment to deliver the performance required for business continuity while pursuing individual aspirations. Through strategic and targeted development programmes and employee engagement initiatives, your Company is building an employee base that can leverage their potential and talents to create a world where access to clean energy is given.

Value Added per Employee reflects its emphasis to make the optimal & productive use of the available resources and business opportunities. For the FY 2022-23, Value Added per Employee was ₹ 218.29 lakh.

Shri Ayush Gupta, Director (HR), GAIL spoke on "Efficiency at the heart of growth : technology, innovation, digitalization and talent" during the India Energy Week 2023

» Leadership Development Program

Taking cognizance of the challenges of coming years, the Company has defined its business strategy till 2030 to continue the unstinted growth pattern. The new projects will need to be spearheaded by leaders who have the fortitude to act entrepreneurially by actively looking and advocating for new opportunities for the Company. The Board has approved Succession Planning Policy to be followed for executives at 3 levels below the Board. The policy lists out in detail the approach and methodology to be adopted for the Succession Planning Process. It identifies Unique Role (UR) between E-7 to E-9 grade. For URs in the said levels, specification in terms of essential and desired qualification and experience has been prepared.

Culmination of YOUpHoria Theatre Workshop attended by CMD and Board Members of GAIL

Succession and Staffing for all the identified Unique Roles in E-7 to E-9 grade is conducted through extant Career Progression/ DPC and Placement/APE Policy Framework. Role Specifications for each of the target UR will be referred to assess readiness level of the potential successor at the time of APE/ DPC.

Your Company believes that capacity building and enhancing the competency of employees is the key to the successful execution of its strategic plans. As a part of preparedness for coming challenges, your Company has put an Integrated Leadership Development Framework and Succession Planning Framework for facilitating leadership development and career planning.

The Development strategy comprises multi-pronged Talent Development Interventions which includes:

- 360 Degree Feedback Exercise
- Senior Management Development Centre (SMDC) Exercise
- Focused development programmes

360 Degree Feedback is aimed to provide an effective feedback to the concerned executive(s) via his/her peers, subordinates, and seniors.

Senior Management Development Centre (SMDC) exercise has been undertaken for senior executives in Chief Manager (E-5) Grade & above. SMDC is an aid to ensure better and inspiring leadership in the organization. Based on the input of SMDC exercise, the executives are provided competency- specific training in premier B-schools and supplemented with books & e-learning modules.

Additionally, a structured Management Development Program is also imparted to all newly promoted General Manager/ Chief General Manager (E-7 and E-8) level Executives.

Your Company is grooming the senior-level executives of GAIL at the level of Executive Director and Chief General Manager for the Board Position through capability building programs like Master Class for Directors and Board Room Effectiveness. Also, to develop future leaders, a special initiative was taken to conduct program on *Vigilance Awareness through Case Study* at various work centres.

» Capability Development

GAIL Training Institute (GTI) has extended its wings to cater to the requirement of the Human Resource development and professional training, to the entire Oil and Gas fraternity especially in the domain of *Gas Transmission and Distribution, City Gas Distribution, Gas Processing, Petrochemicals and LNG*. GAIL Training institute celebrated 25 years of its foundation on 6th June 2022 with the theme "Joy of Learning".

GTI resumed the trainings in physical mode from April 2022, post COVID-19. GTI (Noida and Jaipur) conducted about 221 training programs based on the Training Need Assessment (TNA) of the employees and covered more than 4520 employees under these training programs during the FY 2022-23.

GTI is accredited by *American Society of Mechanical Engineers (ASME)* as Authorized Training Provider (ATP) for conducting ASME training programs such as ASME B31.8 and ASME 31.8S codes. GAIL has its own Subject Matter Experts certified as Authorized Training Instructor (ATI), who are taking various sessions on ASME B31.8 and ASME B31.8S standard, for internal participants as well as participants from external organizations.

Launch of GAIL Abha at GTI, Noida

In line with the global business environment and India's future growth trajectory, Capability building programs in the emerging areas such as *Renewable and Alternate Energy (Solar and Wind Energy)*, *Specialty Chemicals*, *Hydrogen Transport in NG Pipeline*, *Industry 4.0 & Automation and Role of Hydrogen in Emerging Economy* were organized with the help of reputed Academic Institutions like IIT Delhi, IIT Bombay and National Institute of Wind Energy, Chennai etc. For the year 2022-23 more than 150 Executives have been trained with a total of about 550 Executives trained in last three years, in the areas of GAIL's Strategy and other emerging business areas.

GTI has imparted training to the executives of various organisations in the field of Oil and Gas including BPCL, IOCL, IGL etc. and various participants from across globe. GTI partnered with Ministry of External Affairs in India's Development Partnership through Capacity Building Initiative under ITEC (Indian Technical and Economic Cooperation) Program organized for Developing and Neighboring Countries and conducted a training program through International Centre for Information Systems and Audit (ICISA).

Under Industry- Academia collaboration, GAIL is providing support to academic institutions by providing Faculty / Subject Matter expert for the elective course titled *Natural Gas Engineering*, for the students of Undergraduate Engineering program.

GTI conducted awareness programs on City Gas Distribution including CNG and PNG during *Azadi Ka Amrit Mahostav* during April 2022 to July 2022.

To form a sector wide engagement platform for the Millennial executives in the Oil & Natural Gas PSUs, a HR Task Force was constituted under MoPNG's administrative control and was mandated with an industry wide youth engagement platform named YOUphoria. GTI Organized a fortnight long Theatre Work-Shop for young participants from Oil & Gas PSUs. The work-shop culminated in the form of a play that was staged on 26th January 2023, at GTI.

GTI-Noida has been awarded with two highly Coveted Awards during the year (2022-23).

- 1) Special Commendation Award by ISTD during 31st National Award for Innovative Training Practices on 25th June 2022.
- 2) 16th edition of BML Munjal Awards for Business Excellence through Learning and Development.

Skill Development programs:

Your Company is also playing a proactive role to support the National Skill Development Mission through active participation of Hydrocarbon Sector Skill Council (HSSC) and other Sector Skill Councils for providing Skill Trainings at Skill Development

Institute (SDI) at Raebareli, and GAIL Institute of Skills at Guna and Nagaram.

- a) **GAIL Institute of Skills-Guna:** A total of 400 youths were trained in various job roles during FY 2022-23 for getting gainful employment.
- b) **GAIL Institute of Skills-Nagaram:** 180 youths were trained in various job roles during FY 2022-23 for getting gainful employment.
- c) **Skill Development Institute- SDI- Raebareli:**
 - i. SDI Raebareli has been registered and approved as Government Training Partner (GTP) with NSDC for skill training under PMKVY 4.0 Scheme of Govt. of India, in a step towards self-sustainable model. The institute is accredited and affiliated with 5 star rating.
 - ii. A total of 405 youth were skillfully trained for gainful employment including 117 candidates trained under UPSDM scheme of skilling during the FY 2022-23 on self-sustainable model.
 - iii. Further, SDI Raebareli has registered 120 beneficiaries for providing skill training under PMKVY4.0 scheme of Ministry of Skill Development and Entrepreneurship for FY 2022-23.
 - iv. A smart phone distribution program was organized on 10.01.2023 at Skill Development Institute- Raebareli under DigiShakti Program of UP Govt. in which smart phones were distributed to the trainees of the Institute.
 - v. Total of 98 girls were trained during FY 2022-23 in job-roles of Data Entry Operator, Industrial Electrician & Process Instrumentation Operator.
 - vi. Online lectures on each course and other events of SDI are hosted on YouTube channel "SDI Raebareli" to facilitate the trainees.

Corporate HSE Policy

Your Company has the VISION of promoting highest levels of safety, employee health and clean environment. It always strives to have positive impact on the environment and the community.

Your Company has formulated Corporate Health Safety and Environment Policy, which is being reviewed periodically to align the HSE Policy in line with Vision of Organization. This HSE Policy document clearly entails the top management commitment and employee's responsibilities to conduct business with in line with integrated Health, Safety and Environment (HSE) Management System.

Your Company endeavors to generate value through Sustainable Development by placing commitment to

Occupational Health, Safety, and Environment of its business areas and various stakeholders. Your Company is committed to Design, Construct, Operate and Maintain its facilities as per National & International Standards to ensure adequate safety in all spheres of business areas. It encourage all employees including contract workers to adopt safe working habits and behavior to create positive HSE Culture within organization in order to have the responsibility and authority to notify and stop any unsafe work/act, as deemed fit.

» Safety Performance

Your company has developed systems as per existing Health, Safety and Environment Management System. In order to ensure the effective implementation of HSE Management System and Management Governance pertaining to HSE matters, HSE Score System is in place to monitor the HSE Performance of GAIL Installations. HSE Score System is a unique tool to measure the performance of O&M installations on significant aspects like Leadership Commitment, Employees Participation, Standard Operating Procedures, Risk Assessment, Healthiness and Operability of Fire Fighting System and Appliances, Emergency Preparedness, Safety Audits etc. of HSE Management System through pre-defined parameters with weightage.

Laying of Natural Gas pipeline from Mumbai to Nagpur under MNGPL project

Your Company achieved an "HSE Score" of 97.60 in the FY 2022-23.

» Safety Training & Awareness

Your company is having excellent training institutes located at Noida and Jaipur to impart Technical, Behavioral, Management & Functional Training to its regular employees.

HSE Training and Awareness has been identified as one of the key elements of HSE Management System of your Company to understand the hazards and risks associated with workplace so as to implement the mitigation measures for loss control. Your Company has established an Internal Operational and Safety Training System at O&M Installations, in accordance with OISD & PNGRB Codes/Standards. The objective of this Internal Operational and Safety Training Procedures is to provide structured training to managers, supervisors, workers and other stakeholders so that they have the:

- Knowledge and skills needed to carry out their work safely and avoid creating hazards that could place themselves or others at risk.
- Awareness and understanding of workplace hazards and how to identify, report, and control them.
- Specialized training, when their work involves unique hazards.

Also, in order to address specific requirements, a specialized

training on " Safety Aspects of Scaffolding, Rescue from Work at Height & Confined Space Work " conducted for two batches of employees at Pata from 13th -15th & 16th - 18th February, 2023 respectively.

Case studies on Worldwide Industrial Incidents (occurred in the past) are also circulated to employees on monthly basis and Key Learnings from case studies are also discussed at GAIL Installations during Monthly Safety Day Meeting on every 10th day of the month.

» Safety Audits

Your Company undertakes Safety Audits of O&M Installations to identify the gaps with respect to applicable Codes & Standards and identify the improvement areas, if any. Various Audits of Installations are carried out by Third Party Inspection Agencies (TPIA), in accordance with the applicable Central and State Regulations:

- External Safety Audit of Major Installations is carried out once in a year in line with Manufacturer, Storage & Import of Hazardous Chemical Rules (MSIHC), 1989.
- Technical and Safety Audits of GAIL, LPG Storages and Handling facilities, NG/LPG Pipelines and CGD Networks are being carried out by Third Party Inspection Agency duly approved by PNGRB to ensure compliance wrt applicable PNGRB Regulations. A Compliance Assessment Audit to the PNGRB Regulations, 2009 of Hazira-Vijaipur section of Hazira-Vijaipur-Jagdishpur (HVJ) Natural Gas Pipeline (NGPL) was conducted by PNGRB nominated committee during the FY 2022-23.
- Oil Industry Safety Directorate (OISD), a technical wing of MOPNG, Government of India also conducts Safety Audits of Gas Processing Plants, Petrochemicals and NG/LPG Pipelines once in 3/4 years to check the conformity with various OISD Standards and Guidelines.

Your company has established structured procedure to carry out Internal Technical and Safety Audit of O&M Facilities. Internal Audit (Proactive Safety Audit and Internal Audit-CO) is being conducted at least once in a year by in-house team to identify the improvement areas w.r.t PNGRB and other regulations, OISD Standards, Management Governance etc. Also, 02 Nos. of Electrical Safety Audit of O&M Installations have been undertaken to ensure various compliances with regard to electrical safety aspects.

» Occupational Health

Your Company has formulated Occupational Health Guidelines to implement Occupational health, Hygiene Measures and Medical Surveillance Programs to monitor and enhance occupational health of employees. The Corporate Occupational Health Committee meets once in three months to evaluate the effectiveness of the Occupational Health Programs in GAIL. Occupational Health check-up of regular employees were also conducted during the FY 2022-23 at O&M installations.

Occupational Health Audit was also undertaken by in-house multi-disciplinary teams at Gas Processing Units Vaghodia and Gandhar in the FY 2022-23 to check effectiveness of Occupational Health System / facilities.

» HSE Initiative and Achievements

Your Company has taken various initiatives to further improve HSE Management System. Some of the important HSE initiatives and achievements are:

- 10th day of every month is observed as **"Monthly Safety Day"** at each Operations & Maintenance (O&M) site in your Company during the FY 2022-23. On this day, the Officer-In-Charge of all installations (OICs) reviews all the safety related aspects of their installations under their jurisdiction.
- 08 Nos. of Health, Safety and Environment Review Meeting organized, chaired by Executive Directors/Functional Directors.
- 19th Annual HSE Workshop on the theme **"Achieving HSE Excellence through Innovations and Learnings"** organized on 22nd June, 2022. The Workshop was inaugurated by Honorable Chairman and Managing Director.
- Petroleum & Natural Gas Regulatory Board (PNGRB) organized a **'Knowledge Sharing Workshop on Natural Gas Pipelines'** in association with GAIL at GAIL Jubilee Towers, Noida on 10th June, 2022. The Knowledge Sharing Workshop was attended by members from Cross Country Pipelines and City Gas Distribution Networks Entities.
- Organizational HSE Audit of GAIL was carried out by multi-organizational team headed by ED (IOCL), coordinated by OISD from 16th – 20th January 2023, as recommended by High Level Committee set up to inquire into the incident of Baghjan and Cyclone Tauktae,
- Senior Level Committee headed by Executive Director, Corporate Operational & Maintenance visited City Gas Distribution Networks to review the compliances of GAIL's HSE Management System and identify the systemic improvement areas.
- 09 Nos. of T4S/OISD Audit Compliance checks were carried out by Corporate HSE Officials at O&M sites to physically verify the compliances of audit recommendations.
- 25 Nos. of Awareness Sessions covering more than 400 employees on EHSM Modules were organized to further strengthen the HSE Management System in GAIL.
- GAIL has participated in 3rd Session of National platform for Disaster Risk Reduction in Vigyan Bhawan, New Delhi from 10.03–11.03.2023.
- Internal Technical and Safety Audit of City Gas Distribution Networks and associated Retail Outlets carried by multi-disciplinary team in compliance to PNGRB (Third Party Conformity Assessment) Regulations 2015.

Shri Ayush Gupta, Director (HR), GAIL receiving The Dun & Bradstreet PSU & Government Award for Transport and Logistics in Natural Gas segment, presented to GAIL (India) Limited

- Various HSE guidelines like Corporate HSE Policy, HSEM

system, F&S Policy document, Incident reporting system, have been revised and updated in line with applicable HSE requirements.

8. Innovation, Research and Development

Technology & Innovation is one of the core values of your company. In this aspect, innovation through R&D at GAIL plays a key role in addressing the dual challenges of developing affordable energy transition pathways and reducing the environmental carbon foot print. This includes deployment of decarbonizing technological interventions such as solar power, wind power and bio-fuels and development of new sustainable energy value chains, such as hydrogen, waste valorization and CO₂ utilization. In this year, R&D efforts mainly focused on leveraging these energy transition and resource conservation and augmentation opportunities for advancing breakthrough energy research works for providing a wider, more sustainable mix of energy sources for the country's economic growth.

Solving the emerging complex energy transition challenges of oil and gas industries requires collaboration between countless teams of scientists and engineers from academics and professionals from industries. In this direction, the Company continuously emphasis on open innovation through collaborative R&D works. This innovative paradigm is a powerful tool for enhancing the capability for innovation as it multiplies the R&D resources and also provide more choices for solving scientific and technical problems with reduced risks.

Your company is continuously forging new research partnerships with various academic and research institutes across India, to work together to advance energy research works from concept to scale. The collaborative research projects are defined by commitment to green energy while sustaining the growth strategy. Accordingly, in this year, your company is pursuing research works in the following research themes focusing on Waste valorization & Waste water recycling, CO₂ separation, pipeline integrity management Indigenous catalyst development and Hydrogen Initiatives etc.

R&D programmes under waste valorization & waste water recycling signifies effort on waste minimization. Under this initiative, your company is collaborating with IIT-Roorkee for developing a co-gasification hydro thermal process for simultaneous valorization of lignocellulosic biomass with effluent water from petrochemical plant for production of hydrogen rich methane and nanometal- impregnated carbon hydrides as a byproduct. These byproducts can be used in fuel cell, battery applications as electrocatalyst. The successful outcome of this project may provide a sustainable solution for treatment of industrial waste water while extracting valuables.

Towards the realization of Zero Liquid Discharge, your company in association with IIT-Madras has developed a lab scale "hydrate forming" process for purification of effluent water for its reuse/ recycle in the plant. As compare to other conventional recycling process, hydrate process is considered "green process" as it produces minimum sludge and consume less energy. The lab scale process has shown nearly 75-90% separation efficiency and is being scaled up to a continuous bench scale mode for further validation.

Your Company is also working on development of novel separation processes that could lower the energy required during the purification of Natural Gas. GAIL R&D in association with IIT-Guwahati is developing a novel high-performance mixed-matrix membrane with high selectivity and permeability

for efficient separation of CO₂ from Natural Gas. In future, this process may be integrated in the unit operations to improve energy efficiency and mitigate emissions and enable easy enrichment of Natural Gas/biogas.

Shri M. V. Iyer, the then acting CMD and Director (Business Development & Marketing) welcoming Shri Rameswar Teli, Hon'ble Union Minister of State for Petroleum & Natural Gas and Employment & Labour during his visit to GAIL Corporate Office

Commensurate with your company's core value of safety, your company continuously emphasis on pipeline integrity management to secure its pipeline assets. In this reference, your company is developing an indigenous fiber optic-based intrusion and leak detection system using the existing optical fiber cable (OFC) system. This system is being co-developed in association with IIT-Madras and shall leverage machine learning techniques and big data analytics to provide highly reliable, meaningful information about actual intrusions incidents and early detection of gas leakages.

Your company is also making remarkable efforts in the development of indigenous catalysts for petrochemical production. On this matter, extensive research carried out in collaboration with CSIR-NCL has resulted in successful design of chromium based single site catalyst for polymer (HDPE) production with improved product quality. Further, research

works are in progress for improving its thermal stability.

In addition to collaboration with CSIR Labs and reputed academic institutes, your company has also partnered with other Oil and Gas PSU's for setting up of a Center for excellence for Oil, Gas and Energy (CoE-OGE) in IIT-Bombay for capacity building of Oil & Gas executives and to develop sustainable research solutions for the challenges faced by fossil fuel industries through mission mode approaches.

Meter Prover Facility at GAIL, Hazira

Further, to support the GoI initiative in "National Hydrogen Energy Mission" for promotion of usage of green hydrogen in hydrogen value chain, the Company is also carrying out a pilot project on injection of green hydrogen in CGD network and evaluation of its impact Natural Gas pipeline in association with EIL and IIT-Kanpur. Currently 5 % of hydrogen is being blended and soon it will be increased in small increments for further evaluations. Further, your company is also in process of setting up 10 MW green hydrogen plant based on PEM water electrolyzers (largest in India) in Guna, Madhya Pradesh. On commissioning, this plant shall produce nearly 4.3 metric tons of green hydrogen per day.

This year, your company has filed five nos. of Indian patents in the fields of waste plastic to diesel, bulk synthesis of 2D COF adsorbents, waste water treatment using gas hydrate process, unmanned aerial vehicle for inspection of cross-country gas pipeline and sodium-ion battery. In addition, your company has also been granted five nos. patents in the areas of pipeline

NGMC at GAIL, Jubilee Tower

health monitoring, improved process for PV preparation, methane recovery from marine hydrate, sea water desalination using LNG refrigeration, and 3D-COF adsorbents for methane storage. So far, your company has been granted 20 nos. of patents (17 Indian + 3 Foreign) for unique concepts, products and processes.

Your company also vigorously implements technological upgradation innovation initiatives under the R&D head at its various facilities. These technology transformations and renovation projects are implemented to improve efficiency in operations or cost reduction at our installations. Some of the outstanding measures carried out under this scheme include; use of low flow intelligent pigging tool for in line inspection, setting up of Natural Gas close loop calibration facility, optimization of LHC production by enhancing C2/C3/C4 recovery and integration of continuous emission monitoring system (CEMS) analyzers as per latest CPCB guidelines.

The road to innovation starts with a strong innovation ecosystem which promotes team work and system thinking to solve business problems. To promote this innovative, culture your company encourages ingenious business ideas from all employees through Central Suggestion Scheme and such ideas are evaluated continuously. Based on their feasibility, best suggestions among them are implemented to improve operational flexibility and efficacy.

9. Total Quality Management

Your Company is committed to enhance customer satisfaction and standardizing business processes through the implementation of a Quality Management System. Your Company endeavours for continual and sustainable improvement through the implementation of effective quality practices, innovation and standardization. Quality Management System and Energy Management System have been implemented along various Pipelines & Process units also at Corporate and Marketing offices. Your Company undertakes Quality Circle Projects with engagement of its employees resulting in high employee morale and increased productivity. Voice of customers is being captured through Customer Value Management and Customer Satisfaction Index surveys. Your Company is proud to share that Customer Satisfaction Index for FY 2022-23 is 89%.

10. Sustainability Initiatives

Your Company firmly believe in integrating Environmental, Social and Governance (ESG) in its value chain and aims at contributing to creating a better world for the next generation. Your company, being India's top gas distributor, is dedicated towards advancing the country's energy sector in a sustainable way, by incorporating sustainability in its operations and decision making. Sustainability, is a method of creating long-term value by examining company's operations in terms of the environment's ecological, economic and social elements. The Company's sustainability roadmap has been carefully crafted based on stakeholder requirements, nation's strategy for clean and accessible energy and the rising demand for Natural Gas in the country.

It is an achievement for your Company to be included in the FTSE4 Good Index Series (FTSE ESG Rating) as a part of London Stock Exchange Group Sustainability Index for the year 2022 affirming the strength in demonstrating environmental, social and governance practices of international standards. The Company has been awarded by PCRA for 'Significant

contribution towards energy conservation & fuel efficiency' during Sakasham-2023 and Green Ribbon award for its sustainability and decarbonisation initiatives by CNBC Network 18. These awards are a recognition of Company's continued sustainability efforts.

Being a responsible energy company and to further accelerate its decarbonization goals, GAIL has developed a Net-Zero strategy and clear organization-wide carbon roadmap to achieve a 100% reduction in Scope 1 and Scope 2 emissions and a 35% reduction in Scope 3 emissions by 2040. The action plan has been developed after conducting a detailed study on science-based Net-Zero ambition and action plan for GAIL.

The Company has entered into MoU with the Center of Excellence in Oil, Gas and Energy (CoEOGE) under the aegis of IIT Bombay for conducting study titled 'Decarbonization of Petrochemical, Gas Processing, and Petroleum Refineries: Technology evaluation and Life Cycle Assessment' in line with its Net Zero 2040 Vision. It has undertaken a Techno Commercial Study on Carbon Capture Utilisation and Sequestration (CCUS) with leading technology provider for reducing carbon footprint at its installations.

To assess the Carbon Credit potential of CBG plants being setup at India under LOI issued by GAIL and its CGD JVs, the Company has undertaken a model study in 03 CBG plants across India.

11. Environment Protection and Conservation/Renewable Energy Developments

Your Company is committed towards maintaining and ensuring a safe and clean environment by having certified Integrated Management System (Quality Management System, Environment Management System and Occupation Health & Safety Management System). Being a flagship energy company, your Company is committed to play a key role in building a sustainable energy future for the country. Your Company has a Corporate HSE as well as Sustainable Development Policy to prevent environmental degradation and aims to continue growing in a sustainable manner to the benefit of Communities, Environment and Stakeholders at large. Sustainability Steering Committee supports the Sustainable Development Policy directives, and is accountable for executing the company's sustainability ambitions and management of relevant risks and performance.

Interactive Meet with Analysts and Investors

Your Company by virtue of its business in Natural Gas plays an instrumental role in transitioning towards a low-carbon economy. Your Company has significantly contributed in reducing the carbon emissions by development of pipeline networks, which has led to the supply of gas as a fuel and

feedstock to power, fertilizer, CGD, and other industries, where Natural Gas emits 50 to 60 percent less carbon dioxide (CO₂) than conventional fuels. It also emits greenhouse gases with a lower life cycle into the atmosphere. Unlike coal, Natural Gas does not require huge amount of water for its purification and it does not contaminate the ground water. Further, it is either transported through the pipeline as a gas or closed cryogenic vessel as liquid and therefore does not contaminate air during transportation. When used in power generation or as a transport fuel, Natural Gas results in negligible emissions of SO_x, NO_x, Hg and particulates compared with other fuels. The increased use of Natural Gas offers a significant contribution to improved local air quality and public health.

Your Company's O&M Installations are compliant to provisions of Environment (Protection) Rules and operate under valid Environmental Clearance from the Ministry of Environment, Forests & Climate Change. Air and Water Consent for Operation have been obtained from State Pollution Control Boards, and the same is in place as applicable. Your Company monitors environmental parameters to assess the environmental quality on regular basis through an in-house team and as well as by independent third-party agencies. Updated and latest technological instruments are used for monitoring environmental quality. The monitoring is done regularly and reports are sent to the respective State Pollution Control Boards. An audit is also conducted for the process plants and pipelines to ensure the proper functioning of the environmental management systems. Since your Company uses Natural Gas for its feedstock as well as fuel requirements, the level of pollutants emitted is consistently much below the national stipulated norms. Adequate stack height has been provided for the effective dispersion of pollutants. Low NO_x burners are used in all the furnaces. Loading facilities are provided with vapor-return circuits. Your Company's petrochemical complex at Pata and Vijaipur have the facility of monitoring stack air and ambient air on continuous basis. State-of-the-art permanent ambient air monitoring stations measure sulphur dioxide, oxides of nitrogen, hydrocarbons, carbon monoxide and noise levels on a real time basis.

Your Company has been continuously taking initiatives to safeguard the environment and biodiversity along with its

diverse business segments. All major installations of your Company carry out extensive afforestation in their respective sites and maintain the requisite area as **Green belt**. These greenbelt regions are home to a wide range of native plants and fauna. Within these green-belt zones, there are also large water reservoirs that are home to a variety of aquatic animals. In collaboration with local administration, a scientific approach to care and preservation of these green-belt regions is used. Regular surveys as well as studies pertaining to environment and ecology of the area in and around GAIL units conducted to ensure prevention and timely mitigation of environmental issues.

Your Company always encourages and supports innovative and smart approaches to conserve water at sites through various water management initiatives such as reduction of freshwater consumption, rainwater harvesting system/ rainwater collection system, monitoring and management of waste-water discharge, waste-water treatment and recycling based on our Environmental Policy, National, Local and Regional Guidelines. Your Company considers water as a precious natural resource and hence its consumption is closely monitored and controlled. Further, state-of-the-art technologies have been adopted to reduce and treat the waste-water generated. Your Company maximizes the concept of reuse and recycle of water. Discharge at all locations is compliant to the norms of the respective State Pollution Control Boards. Your Company's operations at all locations are state-of-the-art and involve clean technologies. Adequate treatment and reuse of treated waste-water is adopted across the Company. Treated effluent water is recycled and used in-house for horticulture purposes within plant and township premises. Further, adequate measures are taken for waste management. Your Company manages its waste by efficiently segregating, treating and disposing based on the type of waste generated i.e. hazardous and non-hazardous. The water and wastewater samples are also analyzed at the in-house laboratory as well as external laboratories regularly.

Your Company has taken a number of initiatives to improve energy efficiency through effective management processes in the reporting year 2022-23 including the adoption (replacement and retrofitting) of efficient technologies, best practices, energy efficiency training/workshops, and 'climate

Aerial View of GAIL, Hazira

change adaptation and mitigation' measures. Monitoring energy consumption, conducting energy audits, and implementing energy efficiency measures are all made easier by our highly efficient Integrated Energy Management System

In addition to the above, significant initiatives/achievements that have been taken by your Company during the year 2022-23 are:

- **Utilization of CO₂ captured through Microbial route in Pilot Scale at GAIL, Pata:** In recent years, cultivation of micro algae has received renewed attention on account of its possibility as a feasible CO₂ sequestration technology. Algae-based CO₂ conversion offers a cost effective option towards reducing the carbon footprint. GAIL, Pata in collaboration with Central Institute of Mining and Fuel Research (CIMFR), Dhanbad has commissioned a Pilot-scale project for CO₂ capture through Microbial Route. Artificial system of micro algal cultivation for CO₂ sequestration has also been developed.
- **Miyawaki Plantation:** GAIL, Pata undertook a Project for plantation of 1,50,000 saplings based on Miyawaki Methodology. The Plantation was carried out in an Area of 4.3 Hectares near to GAIL, Pata. This is the largest Miyawaki Plantation in U.P. The Plantation was carried out through Uttar Pradesh State Forest Department (UPSFD) on the occasion of Van Mahotsav 2022.
- **EPR of GAIL Pata:** GAIL, Pata has been registered on centralized portal of CPCB as brand owner of Polymer Products on 24.11.2022 under Plastic Waste Management Rules, 2016. EPR Obligations for the FY 2021-22 (995 MT) and FY 2022-23 (2885 MT) have been suitably completed by receipt of EPR Certificates for 3880 MT (Category-II Recycling) on the EPR Portal.
- **SANJEEVANI – A Sustainable Journey:** GAIL Pata has published the third edition of magazine, "SANJEEVANI – A Sustainable Journey", fully designed and crafted by in-house team which was released on 02.01.2023. Employees of GAIL Pata and their family members have beautifully contributed for this publication. This publication is one of the initiatives which further showcases our commitment towards environment and sustainability awareness among our employees.
- **Zero Liquid Discharge:** Design basis and Basic Engineering for Zero Liquid Discharge/treated waste water recycling at GAIL Pata has been prepared. After approval of the project, implementation shall be started at site. GAIL, Vijapur is already being operated on zero discharge basis.
- **Construction of Butterfly Garden:** Roadmap was prepared for development of butterfly garden at GAIL, Pata. Construction and developmental activities for the butterfly garden has been completed and inaugurated during FY 2022-23.
- **GreenCo Rating:** GreenCo Rating is the 'first of its kind in the world' holistic framework that evaluates companies on the environmental friendliness of their activities using the life cycle approach. GAIL had embarked upon the journey of adoption of GreenCo Rating in FY 2019-20. In this endeavour GAIL, Vaghodia and GAIL, Vijapur have received silver rating and GAIL, Pata has received a Gold rating by CII GreenCo.
- **CEMS:** Continuous Emission Monitoring System (CEMS) for plant emission stacks are installed for all stacks at different

locations through which emissions quality are maintained on real time basis.

- **Organic Waste Composting:** Organic Waste Composting (OWC) plants are being operated at Pata, Vijapur and other locations. Produced manure is utilized at plant premises and surrounding area for horticulture purpose.

12. Internal Control Systems & Their Adequacy

Your Company has distinct and efficient Internal Control Systems in place. It has a clearly defined organizational structure, manuals and standard operating procedures for its business units and service entities to ensure orderly, ethical and efficient conduct of its business. The Company's internal control system ensures efficiency, reliability, completeness of accounting records and timely preparation of reliable financial and management information. Internal financial controls framework and Risk Control Matrix (RCM) for various business processes is in place and reviewed continuously by the management. In addition, it also ensures compliance of all applicable laws and regulations, optimum utilization and safeguard of the Company's assets.

Your Company has independent and integral internal audit department having diligent professionals covering aspects relating to commercial and technical domains. The Internal Audit department functionally reports to the Audit Committee and administratively reports to the Director (Finance). The audit assignments are conducted as per the annual audit program approved by the Audit Committee. The Internal audit examines the effectiveness of internal controls through a risk-based audit of business processes. In congruence with the mission of internal audit **"To provide comprehensive and quality audit services, which facilitates efficiency of business operation, enhance integrity of information and result in recommendations that improves operating procedures, to enable the company to achieve its objective"**, the significant audit observations along with its root cause and impact are reported to the management. The Audit Committee reviews the significant findings of internal audit and C&AG audit regularly.

13. Corporate Social Responsibility

Your Company as a socially responsible Corporate understands and acknowledges its responsibilities towards the communities, the environment and all other stakeholders involved in the process. CSR function at your Company aims to promote social good and integrate economic, environmental and social objectives with the company's operations and growth. In alignment with the vision of your Company, the CSR initiatives strive to enhance value creation in the society and the communities in which it operates, through its services, conduct & initiatives, so as to trigger poverty alleviation, promote sustained growth for the society, the community and those at the bottom of the pyramid, with the long term goal of contributing towards the development of prosperous and inclusive India.

Your Company has complied with DPE guidelines regarding spending on identified Thematic Areas, i.e. Health & Nutrition.

14. LiFE (Lifestyle for environment)

India's Mission LiFE seeks to empower people to fight against climate change. The concept of 'Lifestyle for the Environment (LiFE)' was introduced by Prime Minister Narendra Modi at COP26 in Glasgow on 1st November 2021, calling upon the

global community of individuals and institutions to drive LIFE as an international mass movement towards "mindful and deliberate utilization, instead of mindless and destructive consumption" to protect and preserve the environment. LIFE puts individual and collective duty on everyone to live a life that is in tune with Earth and does not harm it. Those who practice such a lifestyle are recognized as Pro Planet People under LIFE.

GAIL is committed to contributing to India's decarbonization goals and ensuring its energy security. In an article in the May 2022 issue of Business World, GAIL is listed among the top 10 companies in the country that have paved the way towards a sustainable future by considering crucial aspects such as efficient utilization of resources, promotion of social welfare, incorporation of inclusive supply chains, and other significant sustainability metrics. Mission LIFE will play an important role in incorporating best practices for employees and company's culture to promote lifestyle for environment.

Theme-wise initiatives by GAIL for Mission LIFE:

» Save Energy

Energy transition includes the technology switch and initiatives taken to replace existing source of energy. While currently Natural Gas is a clean transitional fuel, it is not the clean fuel of the future. Hence GAIL is exploring alternate green fuel sources to reduce its emissions such as CBG, Ethanol blended petrol, Green Hydrogen.

Gail has total installed capacity of 131.75 MW of alternative energy and various RE projects are planned under its Net Zero Roadmap.

GAIL is also focussing on operational decarbonization which includes the technology and initiatives to reduce its direct in-house GHG emissions by means of energy efficiency, fuel switch, electrification, etc.

» Save Water

GAIL ensures that its operations have no negative effects on the supply and quality of water resources throughout the various sites. GAIL has proactively evaluated and mitigated any water related risk in the future to make its operations resilient. At GAIL, we regularly conduct water audits (both internal and third party) to monitor the water demand. GAIL encourages and supports water saving innovative ideas across sites via various initiatives such as reduced freshwater consumption, rainwater harvesting/collection system, monitoring and management of waste-water discharge, wastewater treatment and recycling based on its Environmental Policy, national, local, and regional guidelines.

» Say no to single use plastic

GAIL is committed to avoid single use plastic in its all operations and offices by creating awareness and establishing system to avoid usage of single use plastic.

» Reduce Waste

GAIL ensures that waste materials are disposed of in a way that minimizes their impact on the environment and human health. We strive to implement circular economy across our operations by deploying resource efficient technology. We follow effective waste management practices which involve reducing, reusing, recycling, and responsibly disposing of Hazardous and Non-hazardous waste at all sites.

» Adopt healthy Lifestyles

The Saksham Cyclothon, was organized by GAIL, Karaikal as part of an awakening campaign, "Azadi Ka Amrit Mahotsav Through Green & Clean Energy" -an initiative of the Petroleum Conservation Research Association (PCRA) under the aegis of the Union Ministry of Petroleum and Natural Gas. The objective of this cyclothon is to create awareness amongst the people about the fuel conservation, environment protection and promote the use of cycle for short distances, which will not only save fuel but also help in creating a cleaner, greener & healthier environment. Further, GAIL ensures availability of Open Gym, Recreational and sports facilities in its townships for leading a healthy lifestyle and soliciting employees to participate in Yoga Day, Walkathons, Marathons etc

Gym facility at GAIL Township, Vijaiapur

» Reduce E-Waste

GAIL has effective waste management system which includes e-waste disposal, which is done with utmost care and responsibility by engaging authorized vendors. GAIL's sites have Extended Producer Responsibility plan submitted to respective Pollution Control Boards. Accordingly, it manages its waste collection and recycling.

15. Awards & Accolades

- CMD, GAIL (India) Limited has received India's 'Best CEO' award for Oil and Gas Sector, presented to him by the Union Minister of Civil Aviation & Steel, Government of India.
- GAIL won the "Platts Global Energy Award" in the "Energy Transition – Midstream" category in 2022.
- GAIL has won the Bronze Shield in "SAFA Best Presented Annual Report Awards, Integrated Reporting Awards & SAARC Anniversary Awards for Corporate Governance Disclosure, 2021 in Power and Energy Category.

- GAIL bags the 17th National Awards for "Excellence in Cost Management 2019" for JLPL by ICAI in 2022.
- GAIL bags the "Gold Shield in the category XI- Public Sector Entities of ICAI Awards of Excellence" in Financial Reporting (2020-21) in 2022.
- GTI was awarded the prestigious ISTD "Innovative Training Practice" award in 2022.
- GAIL has been awarded the 3rd prize for 2021-22 under the Petroleum Rajbhasha Shield Scheme for commendable performance in Official Language.
- Director (Finance) has been conferred the 'CFO of the Year Award 2022' at the Global Refinery & Petrochemicals Congress (2022) and Downstream India Excellence Awards 2022 in recognition of his stellar leadership & path-breaking initiatives.
- Director (Finance) has been conferred with "CFO Leader of The Year" under the category "Best CFO Oil & Gas" at the ET Ascent - 21st Global Edition & 6th Edition India Business Leader of the Year.
- GPU Gandhar won the "CII GreenCo Silver Rating."
- VSPL Pipeline was awarded the "CII GreenCo Silver Rating" - in Pipeline Segment in GAIL in 2022.
- KKBMPPL bags Shrestha Suraksha Puraskar by National Safety Council – 2022.
- VSPL bags GreenCo Silver Award from CII, Hyderabad, at HICC, Hyderabad.
- The National Safety Council of India has awarded GAIL Vijaipur, Gas Processing Unit the Winner of Suraksha Puraskar (Bronze Trophy) – 2022.
- GAIL has been awarded prestigious' Digital PSU – Digital 2.0' by Governance Now under 9th PSU Award.
- Asian Leadership Awards - CSR Leadership Award (an international recognition held at Dubai)
- ET Ascent National Award for Leadership & Excellence in CSR & Sustainability 2022

- National CSR Award 2022
- GAIL's "Hawa Badlo" initiative won Economic Times Brand Equity Shark Awards '22 for persistent Social Awareness Campaigns against Air Pollution for a better environment.

REPORT ON CORPORATE GOVERNANCE

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Corporate governance implies the way in which a company is managed to ensure that all of its stakeholders get their fair share in its earnings and assets and disclosure of all material information. Good corporate governance involves the commitment of a company to run its businesses in a legal, ethical and in transparent manner. Corporate Governance involves a set of relationships between a company's management, its Board, its shareholders and other stakeholders. Corporate Governance also provides the structure through which the objectives of the company are set and the means of attaining those objectives and monitoring.

Transparency, integrity and accountability are the three principles that guide corporate governance at GAIL. The governance system is intended to set high standards of ethical and responsible conduct of the Company's business to maximise value for all stakeholders, including shareholders, customers, employees, contractors, vendors, and society at large. It aims to strengthen the relationship of trust between Company and its stakeholders and help the Company achieve its goals and objectives.

Corporate governance in GAIL reflects our value system. Auditors' Certificate on Corporate Governance

To the members of GAIL (India) Limited

We have examined the compliance of conditions of Corporate Governance by GAIL (India) Limited ("the Company") for the year ended March 31, 2023, as stipulated in the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations - 2015") and Guidelines on Corporate Governance for Central Public Sector Enterprises, 2010 issued by Department of Public Enterprise (DPE Guidelines).

Management Responsibility

The compliance of conditions of Corporate Governance is the responsibility of the Management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in the Listing Regulations - 2015 and DPE guidelines.

Auditors' Responsibility

1. Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.
2. We have examined the books of account and other relevant records and documents maintained by the Company for the purpose of providing reasonable assurance on the compliance of the conditions of the Corporate Governance requirements by the Company.
3. We conducted our examination of the relevant records of the Company in accordance with the Guidance Note on Reports or Certificates for special purposes (Revised 2016) issued by the Institute of Chartered Accountants of India (ICAI). The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by ICAI. We have complied with the relevant applicable requirements of the Standard on Quality (SQ) 1, Quality Control for firms that perform audits and reviews of historical financial information, and other assurance and related service engagements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the Securities and Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations, 2015 and in DPE Guidelines, except:

- a) As stated in Para No. 3C(ii) of the Corporate Governance Report, in view of exemption provided to government companies for complying the provisions of Section 134(3)(p) vide notification dated June 5, 2015 issued by Ministry of Corporate Affairs, the Company has not complied with regulation 17 (10) of the Listing Regulations- 2015, which requires performance evaluation of independent directors by the entire board of directors and regulation 25 (4) of the Listing Regulations - 2015, which requires review of performance of non-independent directors, the chairperson and the board of directors as a whole. However, the similar exemption under listing agreement is under consideration with Securities and Exchange Board of India.
- b) The National Stock Exchange of India Limited and BSE Limited have levied monetary fines for non-compliance under regulation 17,18,19 , 20 & 29 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 against which the company has submitted responses along with the waiver requests. However, NSE vide letter dated 21st September, 2022 & 1st June, 2023 imposed fine for non-compliance of Regulation 19 (for the quarter ended September 30, 2020 to December 31, 2021) & Regulation 29 (Period ended 31st May, 2022) respectively.

We further state that such compliance is neither an assurance as to the future viability of the Company nor as to the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Restrictions on use

The certificate is addressed and provided to the members of the Company solely for the purpose of complying with the requirement of Securities and Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations, 2015 and in DPE Guidelines, and it should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

Annual Report on Corporate Social Responsibility (CSR) activities (Pursuant to Section 135 of the Companies Act, 2013, read with the Companies (Corporate Social Responsibility Policy) Rules, 2014 [Including any statutory modification(s) or re-enactment(s) for the time being in force]

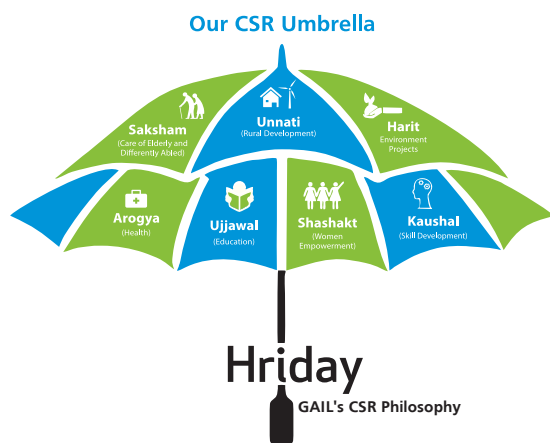

1. BRIEF OUTLINE ON CSR POLICY OF THE COMPANY

Your Company remains committed towards taking up CSR projects that benefit the communities in & around its work centres and results over a period of time, in enhancing the quality of life & economic well-being of the local populace. Your Company adopts a multi-stakeholder approach, collaborating with communities, government and non-government organisations, academic institutions and others, in an effort to identify emerging issues, develop projects and effectively respond to challenges. Your Company endeavours to follow best practices in identifying, implementing, sustaining and monitoring its CSR interventions to maximize sustainability, scalability and transparency. Your Company believes that responding to the needs of the people, benefiting communities and protecting the environment will ultimately lead to the goal of sustainable progress of the larger community.

In alignment with the vision of the Company, CSR Policy outlines that through its CSR initiatives, your Company strives to enhance value creation in the society/community in which it operates, through its services, conduct and initiatives to promote sustained growth for the society and community with environmental concern.

A robust monitoring mechanism is in place to ensure transparency and effectiveness of CSR programmes. Periodic monitoring is conducted through various mechanisms such as site visits, regular project reporting, documentary evidence, impact assessment of projects, video conferencing etc.

While your company has undertaken CSR projects and programmes on various subjects and areas as identified in Schedule VII of the statute, based on our experience of working with the communities surrounding our business areas, your company has chosen seven fields as the **focus areas** for intervention from among those prescribed in Schedule VII. These seven focus areas remain at the heart of all our CSR interventions and have been appropriately termed GAIL Hriday.

CSR initiatives of your Company have benefited more than 14,70,000 people in various geographies of the Nation in FY 2022-23.

Under GAIL *Arogya*, healthcare facilities were extended to the underprivileged population through doorstep medical care facility provided through operation of Mobile Medical Units which consist of qualified team of professionals including an MCI Registered MBBS Doctor, Pharmacist, ANM (Auxiliary Nurse and Midwife) and a Lab Technician. Other projects under GAIL *Arogya* include operation of STI (Sexually Transmitted Infections) clinics, providing nutrition kits to the malnourished women & children, organising health camps, provision of medical equipment in Government Hospitals and working towards providing clean drinking water and sanitation facilities. GAIL CSR is also supporting the construction and redevelopment of Shri Badrinath Dham town as a spiritual smart town through extension of Hospital and Public Service Building, which will be state of the art facility for providing medical support to the pilgrims. The various health initiatives undertaken by your Company have helped bridge gaps in existing health infrastructure and have touched around 13,00,000 lives during the year.

Beneficiaries of Mobile Medical Unit of GAIL

Under GAIL *Kaushal*, around 2,500 individuals were provided skill training in trades related to hydrocarbon sector, plastic product manufacturing etc. Vocational training was also provided to visually impaired beneficiaries. The majority of these trained beneficiaries have been gainfully employed in various sectors with each beneficiary contributing to the growth in their respective household incomes.

Youth undergoing Skill Training at GAIL Institute of Skills, Guna, M.P.

CSR initiatives under GAIL *Ujjawal* aided in providing and supporting quality education to over 30,000 students by promoting education to underprivileged students in rural and urban slums, infrastructure support in Government schools and support for Atal Innovation Mission of Government of India in Madhya Pradesh. Under project GAIL *Utkarsh*, 210 students were provided free residential coaching

for Engineering/Medical entrance examinations at 3 Utkarsh centres- Kanpur, Varanasi and Haldwani. GAIL *Utkarsh*, marked another resounding success this year with all 100 students from its Kanpur centre qualifying for the JEE Mains 2023 examination. Besides this, 47 out of 50 students from the Haldwani centre (Uttarakhand) and 28 of 30 students from the all-girls centre in Varanasi (UP) also cleared the prestigious JEE MAINS Exam. This is the second year in a row when GAIL *Utkarsh* saw 100 % success in JEE Mains from its Kanpur centre. The overall success rates this year is 97.76% by combining all 3 centres i.e. Kanpur, Haldwani and Varanasi in JEE Mains 2023.

Shri Ayush Gupta, Director (HR), GAIL felicitating a *Utkarsh* 100 successful student

Aids and assistance devices along with capacity building and skill development support were provided to approximately 7800 persons with disabilities (PwDs) under GAIL *Saksham*. The initiative has helped in empowering the PwDs in gaining confidence and a sense of dignity, reduction in dependency on others, as well as more access to livelihood opportunities.

Further, following is the status w.r.t the other mandatory CSR targets:

Item	Actual Achieved (in ₹)

(ii) Web-link of CSR Policy: <https://gailonline.com/CSRPolicy.html>
(iii) Web-link of CSR projects approved by the Board: <https://www.gailonline.com/pdf/CSR/CSRProjectsFY202223.pdf>

4. Provide the executive summary along with web-links of Impact Assessment of CSR Projects carried out in pursuance of sub-rule (3) of rule 8, if applicable

In pursuance to sub-rule (3) of rule 8 of the Companies (Corporate Social Responsibility Policy) Rules 2014, impact assessment of eligible CSR projects have been carried out by independent agencies in FY 2022-23. The reports are available on the link : <https://www.gailonline.com/CSRIndex.html> (Impact Assessment Reports).

Executive Summaries of respective projects are attached at **Annexure E1**.

5. (a) Average net profit of the company as per sub-section (5) of section 135: ₹ 8252.64 crore

(b) Two percent of average net profit of the company as per sub-section (5) of section 135: ₹ 165.05 crore

(c) Surplus arising out of the CSR projects or programmes or activities of the previous financial years – Nil

(d) Amount required to be set-off for the financial year, if any: ₹ 74.27 crore

(e) Total CSR obligation for the financial year (b+c-d): ₹ 90.78 crore

6. (a) Amount spent on CSR Projects (both Ongoing Project and other than Ongoing Project): Amount spent – ₹ 94.12 crore,

(b) Amount spent in Administrative Overheads: ₹ 4.49 crore

(c) Amount spent on Impact Assessment, if applicable: ₹ 0.49 crore

(d) Total amount spent for the Financial Year (a+b+c): ₹ 99.1 crore

(e) CSR amount spent or unspent for the Financial Year:

Total Amount Spent for the Financial Year. (in. ₹ Crores)	Amount Unspent (in ₹ Crores)				
	Total Amount transferred to Unspent CSR Account as per sub-section (6) of section 135.		Amount transferred to any fund specified under Schedule VII as per second proviso to sub-section (5) of section 135.		
	Amount.	Date of transfer	Name of Fund	Amount.	Date of transfer
99.1	NA	NA	NA	NA	NA

(f) Excess amount for set off, if any

Sl. No.	Particular	Amount (in ₹ crore)
(i)	Two percent of average net profit of the company as per sub-section (5) of section 135 (after setting off of excess expenditure of previous years)	90.78
(ii)	Total amount spent for the Financial Year	99.1
(iii)	Excess amount spent for the financial year [(ii)-(i)]	8.32*
(iv)	Surplus arising out of the CSR projects or programmes or activities of the previous financial years, if any	Nil
(v)	Amount available for set off in succeeding financial years [(iii)-(iv)]	8.32

*Total CSR obligation for FY 2022-23 is ₹ 90.78 crore as per 5(e) above. Excess amount spent for the current financial year has been calculated accordingly as ₹ 8.32 crore (₹ 99.1 crore - ₹ 90.78 crore)

7. Details of Unspent CSR amount for the preceding three financial years: NIL
8. Whether any capital assets have been created or acquired through Corporate Social Responsibility amount spent in the Financial Year: Nil, no assets have been created or acquired through CSR for GAIL.

If Yes, enter the number of Capital assets created/ acquired – Not Applicable.

Furnish the details relating to such asset(s) so created or acquired through Corporate Social Responsibility amount spent in the Financial Year:

Sl. No.	Short particulars of the property or asset(s)	Pincode of the property or asset(s)	Date of creation	Amount of CSR amount spent (in ₹)	Details of entity/ Authority/ beneficiary of the registered owner		
	[Including complete address and location of the property]				(6)		
(1)	(2)	(3)	(4)	(5)			
					CSR Registration Number, if applicable	Name	Registered Address

GAIL, Pata Petrochemical Plant

Third-Party Impact Assessment Study of eligible CSR Projects of FY 2019-20 and FY 2020-21 through KPMG

Project 1: Project Arogya - Health Care facilities through operation of 50 MMUs in various states

Project Objective: Provision of basic free healthcare services to under privileged segment with limited access to the established public Health Care system through Mobile Medical Units.

Key stakeholders:

GAIL, doctors, pharmacists, and nurses of the MMU Vans, beneficiaries in project locations, implementing agency.

Output of the project: Improved and increased access to basic healthcare services.

Outcome of the project:

- Access to free medicines and timely treatment.
- Improvement in health and fitness post-intervention.
- Reduction in expenditure on health post-intervention.
- Increase in awareness regarding health (prevention and cure).

Project 2: Project Arogya - Health Care facilities through operation of 06 MMUs in multiple states

Project objective: Provision of basic healthcare services to under privileged segment with limited access to the established Public Health Care system through Mobile Medical Units

Key Stakeholders: GAIL, doctors, pharmacists, and nurses of the MMU Vans, beneficiaries in project locations of Kharupetia & Dalgaon at Darrang (Assam), Udham Singh Nagar (Uttarakhand), Ballia (UP) and Sialha (Mizoram), implementing agency.

Output of the project: Improved and increased access to basic healthcare services.

Outcome of the Project:

- Access to free medicines and timely treatment.
- Improvement in health and fitness post-intervention.
- Reduction in expenditure on health post-intervention.
- Increase in awareness regarding health (prevention and cure).

Project 3: GAIL Utkarsh Super 100 – Support for specialized residential coaching for Engineering entrance at

(i) Dwarahat, Uttarakhand- 40 beneficiaries

(ii) Srinagar, Uttarakhand- 40 beneficiaries

Project objective: To provide specialized coaching for IIT/JEE, and other engineering entrance examinations for underprivileged children at Dwarahat and Srinagar, Uttarakhand.

Key Stakeholders: GAIL, students from the coaching institute, GAIL Utkarsh Uttarakhand project head, GAIL Utkarsh Uttarakhand subject teacher, implementing agency.

Output of the project: Increased access to higher education from premier institutes.

Outcome of the Project:

- Improved access to coaching facilities and higher education for students belonging to economically weaker sections of the society.

- Reduced financial burden on parents for higher education coaching due to free residential coaching facility.
- Improved academic performance of students and increased interest in studies.
- Improvement in the living standard of family by reducing inequality across the social strata.

Project 4: GAIL Utkarsh Super 100 – Support for specialized residential coaching for Engineering entrance at Kanpur, Uttar Pradesh- 100 beneficiaries

Project objective: To provide specialized coaching for IIT/JEE and other engineering entrance examinations to underprivileged children at Kanpur (UP).

Key Stakeholders: GAIL, students from the coaching institute, GAIL Utkarsh Kanpur project head, GAIL Utkarsh Kanpur institute subject teachers, implementing agency.

Output of the project: Increased access to higher education from premier institutes.

Outcome of the Project:

- Improved access to coaching facilities and higher education for students belonging to economically weaker sections of society.
- Reduced financial burden on parents for higher education coaching due to free residential coaching facility.
- Improved academic performance of students and increased interest in studies.
- Improvement in the living standard of the family by reducing inequality across the social strata.

Project 5: Support for Distribution of Aids & Assistive Devices to Divyangjans in Various States

Project objective: To empower the PwDs by providing assistive aids and equipment required by them.

Key Stakeholders: GAIL, *Divyangjans* in 5 districts (primary beneficiaries of the project in Haridwar, Kashipur, Auraiya, Shivpuri, Dhenkanal), implementing agency.

Output of the project: Improved access to aids and assistive devices amongst PwDs leading to reduction in challenges faced due to disabilities.

Outcome of the project:

- Improved awareness on aids and assistive devices.
- Improved access and mobility among the *divyangjans*.
- Improved quality of living of the *divyangjans*.
- Reduced dependency of the *divyangjans* on family members/ caretakers.

Project 6 : Support towards flood relief and rehabilitation activities in flood affected regions of Karnataka

Project objective: Providing disaster relief support to those affected during floods.

Key Stakeholders: GAIL, Fire station representative, Beneficiaries.

Output of the project: Improved and timely disaster response leading to reduction in challenges faced during disasters.

Outcome of the project:

- Improved preparedness while conducting rescue operation.
- Increased efficiency of rescue workers/ staff.
- Reduced recovery period and increased resilience.

Project 7: Support for job linked skill training at GAIL Skill Schools Guna (Madhya Pradesh)

Project objective: To instill economic security and stability among youth through skill training and holistic development thereby facilitating enhanced access to opportunities in Industry jobs or through self-employment.

Key stakeholders: GAIL, training partner, beneficiaries (students from the GAIL skill school, Guna M.P).

Output of the project: Improved access to vocational skills leading to increased employment opportunities for youth belonging to economically weaker sections of the society

Outcome of the Project:

- Improved access of youth to vocational skill training.
- Improved employment opportunities and enhanced standard of living for youth belonging to economically weaker sections of the society.
- Improved availability of trained youth for employment opportunities in the organized sector.
- Empowerment of the weaker sections of the society.
- Improved economic and social stability of youth from marginalized communities.

Project 8: Support for job linked skill training at GAIL Schools Nagaram (Andhra Pradesh)

Project Objective: To instill economic security and stability among youth through skill training and holistic development thereby facilitating enhanced access to opportunities in Industry jobs or through self-employment.

Key stakeholders: GAIL, training partner, beneficiaries (students from the GAIL skill school, Nagaram, Andhra Pradesh).

Output of the project: Improved access to vocational skills leading to increased employment opportunities for youth belonging to economically weaker sections of the society.

Outcome of the project:

- Improved access of youth to vocational skill training.
- Improved employment opportunities and enhanced standard of living for youth belonging to economically weaker sections of the society.
- Improved availability of trained youth for employment opportunities in the organized sector.
- Empowerment of the weaker sections of the society.
- Improved economic and social stability of youth from marginalized communities.

Project 9: Support for development activity under Swachh Bharat and related missions in North Guwahati, Kamrup district

Project Objective: To enhance cleanliness in Kamrup, provide safe drinking water and provision renewable and clean energy.

Key stakeholders: GAIL, student beneficiaries from government schools, teachers and principals from government schools,

stakeholders from district administration, implementing agency.

Output of the project: Improved access to RO water plants and solar hybrid power packs in government schools and improved access to tricycle dustbins to district administration, leading to reduction in challenges faced due to unavailability of safe drinking water, renewable and clean energy, and inadequate waste collection.

Outcome of the project:

- Improved access to clean drinking water in government schools.
- Improved access to renewable and reliable energy in government schools.
- Improved sanitation and waste collection facilities in the district.
- Positive community perception of the intervention.

Project 10: Support under Swachh Bharat missions for Swachtha equipment's like tipper, dust bins in Guna, Madhya Pradesh

Project Objective: To enhance the cleanliness and extending support towards Swachh Bharat Mission.

Key stakeholders: GAIL, members from municipal corporations from the districts of Guna, Shivpuri and Raghogarh, implementing agency, waste collectors, beneficiaries from Guna, Shivpuri and Raghogarh.

Output of the project: Improved access to garbage disposal vehicles in the districts, leading to improvement in waste collection and disposal and enhanced health and hygiene in the community.

Outcome of the project:

- Overall improvement in the waste collection and segregation process due to the provision of tipper and dustbins.
- Holistic improvement in the socio-economic well-being of waste collectors /manual scavengers.
- Improvement in awareness creation regarding waste segregation in the districts.
- Improved hygiene and sanitation in the districts due to an improved waste collection and segregation system.

Project 11: Support under Swachh Bharat Missions for Providing Mechanical Garbage collecting machine to BBMP, Bangalore

Project Objective: To assist in the implementation of the Swachh Bharat Mission in Bengaluru, thereby improving the city's cleanliness and making it pollution-free.

Key stakeholders: GAIL, Bruhat Bengaluru Mahanagara Palika (BBMP), waste collectors, beneficiaries.

Output of the project: Increased access to energy-efficient waste disposal machines and improved household-level waste collection.

Outcome of the project:

- Improvement in waste collection and segregation process in the area.
- Improved hygiene and sanitation in the city.
- Transitioning to cleaner fuel options leading to reduction in air pollution in the long run.
- Contribution to local economy by creating employment opportunities like garbage collection vehicle drivers, vehicle maintenance, etc.
- Increased awareness among the local community regarding waste segregation.

Project 12: Support for provision of Smart classes, Sanitary pads vending machines and infrastructure in Rudraprayag, Uttarakhand

Project Objective: To provide education infrastructure support in 15 Government schools in Rudraprayag, Uttarakhand.

Key stakeholders: GAIL, students across 15 schools (primary beneficiaries of the project in Augustyamuni, Basukedar, Bhiri, Chauriya, Chopta, Ghangasu Bangar, Kot Bangar, Kothgi, Maaltoli, Sidhssaud, Guptkashi, Rudraprayag, Phata, Budhna, Ukhimath in Rudraprayag district of Uttarakhand), teachers and staff from the schools, parents of the students, implementing agency.

Output of the project: Improved infrastructure in schools leading to improved learning environment.

Outcome of the project:

- Improved access to infrastructure and other facilities (blackboards, library, and smart classes) in the schools leading to increased attendance and interest in studies.
- Improved access to safe and clean drinking water for the students through the provision of RO water purifiers.
- Improved health and hygiene of female students in the schools through provision of sanitary pads vending machine.

Project 13: Support for Renovation of GHS School, Munderi, Dist. Kannur, Kerala

Project Objective: To provide financial support for renovation for GHS School, Munderi, Kannur District, Kerala for ground development work

Key stakeholders: GAIL, Students in the schools (primary beneficiaries), parents of the students, teachers, and other staff in the school, implementing agency.

Output of the project: Improved enrolment of students as well as increased participation of the students in extracurricular activities.

Outcome of the project:

- Improvement in academic performance of the students.
- Increased attendance of the students in school.
- Increased interest in extracurricular activities and improved physical health.
- Increased interest in studies.

Project 14: Support for construction of toilets in Government Schools in Barpeta, Assam

Project Objective: To provide sanitation facility in Government Schools to maintain cleanliness

Key stakeholders: GAIL, Students of government schools (primary beneficiaries of the project in Barpeta), teachers, principals, and other staff in the schools, implementing agency.

Output of the project: Improved sanitation and cleanliness in schools.

Outcome of the project:

- Improved health of the students.
- Improved attendance and academic performance of the students.
- Improved facilities in the toilets constructed.
- Improved community perception on the importance of using toilets.

Project 15: Support for provision of toilets in government Co-Educational schools in Rajahmundry parliamentary constituency

Project Objective: To provide sanitation facility in schools to maintain cleanliness.

Key stakeholders: GAIL, beneficiaries from government schools including school children and teachers/ school principals, implementing agency.

Output of the project: Improved sanitation and cleanliness in schools.

Outcome of the project:

- Improved access to toilets and sanitation facility for students.
- Improved attendance and academic performance of school students.
- Improved overall sanitation and hygiene in the Government schools.
- Increase in attendance and retention rate for female students.

Project 16: Support for strengthening of district hospital services in Khunti Sadar Hospital, Dist. Khunti, Jharkhand

Project Objective:

- To provide comprehensive secondary health care (specialist and referral services) to the community through the District Hospital in Khunti.
- To achieve and maintain an acceptable standard of quality of healthcare.
- To make the services more responsive and sensitive to the needs of the people of the district and the hospitals/centres from where the cases are referred to the district hospitals.

Key stakeholders: GAIL, doctors and other administrative staff in the hospital, district office, beneficiaries.

Output of the project: Improved and timely access to quality healthcare services for the community along with affordable treatment and reduction in high-risk pregnancy.

Outcome of the project:

- Increased access to quality healthcare services to the community members.
- Improved quality of healthcare facilities and services in the district hospital.
- Timely detection of diseases and treatment available at the district hospital.
- Reduction in high-risk pregnancy.

Project 17: Support towards refurbishing of 20 Anganwadi Centre (AWCs) and converting them into model AWCs, at Dist. Giridih, Jharkhand

Project Objective:

- To enhance the quality of innovative IT infrastructure, thus enabling the AWCs to become more child-centric.
- To have an Integrated Technology Solution in the AWC to enhance the Learning Experience of the children.
- Development of appropriate digital content on the identified hard spots mapped to the curriculum to make learning more interactive, effective, and interesting for the children.
- Capacity building of Anganwadi teachers on using ICT, Pedagogy and content integration, delivery of multimedia content.

Key stakeholders: GAIL, Anganwadi workers (Primary beneficiaries of the project in 20 Anganwadi centres in Giridih, Jharkhand), parents of the children in Anganwadi centres, Zila Samaj Kalyan Padadhikari (Giridih), Children attending the Anganwadi centres.

Output of the project: Improvement in the early childhood learning levels of the children and their retention in Anganwadi centres along with capacity building of teachers in terms of content delivery.

Outcome of the project:

- Access to better infrastructure for the children.
- Improved access to healthcare facilities at the Anganwadi centres.
- Increased attendance of children in Anganwadi centres.
- Increased overall development of the children.

Project 18: GAIL Harit: Support for establishment of sustainable green cover to combat the problem of air pollution in the urban areas of Delhi

Project Objective: To establish sustainable green cover via mass afforestation and vertical gardens to combat the problem of air pollution in Delhi/NCR.

Key stakeholders: GAIL, implementing agency, beneficiaries - local community.

Output of the project: Increase in plant cover in the urban areas of Delhi/NCR and increase in awareness on importance of afforestation among the community members.

Output & Outcome of the project:

- Curbing air pollution in urban areas of Delhi/ NCR.
- Conservation of soil at the plantation site.
- Recreational benefits for the local community.

Project 19: Support for supply & installation of steel dust bins for Nagar Nigam in Varanasi, Uttar Pradesh

Project Objective: Improved access to better sanitation & waste disposal facilities for the people of Varanasi.

Key Stakeholders:

GAIL, implementing agency, representatives from the Varanasi Nagar Nigam and beneficiaries (community members using the dustbins).

Output of the project: Improvement in overall sanitation through the provision of steel dustbins.

Outcome of the project:

- Regular usage of dustbins leading to improvement in waste collection process in Varanasi.
- Improved awareness regarding the importance of waste disposal and segregation among the population.
- Improvement in sanitation and hygiene across the city of Varanasi.

Project 20: Support for 5000 metallic tree guards to district administration in Varanasi, Uttar Pradesh

Project Objective: To provide 5000 metallic tree guards to the district administration in Varanasi.

Key Stakeholders:

GAIL, implementing agency, district administration.

Output of the project: Reduced felling of trees/plants and improved growth of the saplings.

Outcome of the project:

- Improvement in protection of green cover/saplings and trees.
- Increased awareness creation regarding importance of protection of trees.
- Improved quality of air.
- Reduction in soil erosion.

Project 21: Support for development works under CSR in Tuni, East Godavari, Andhra Pradesh: Supply and erection of RO water plants

Project Objective: To install water purifying plants in identified locations of Andhra Pradesh and provide clean and safe drinking water to school children and general public at Panchayat locations.

Key Stakeholders:

GAIL, beneficiaries in the school (students in the schools being the primary beneficiaries), teachers and other staff in the schools, community members in the targeted villages (primary beneficiaries), implementing agency.

Output of the project: Increased access to clean and safe drinking water for students and community members.

Outcome of the project:

- Improved accessibility to clean drinking water.
- Improved health of students.
- Increased attendance of students in schools.
- Positive community perception.

Project 22: Support for Installation of Hand Pumps in Auraiya, Uttar Pradesh

Project Objective: To improve drinking water availability in the rural communities in Auraiya.

Key Stakeholders:

GAIL, beneficiaries in Auraiya district, implementing agency.

Output of the project: Increased availability of water (drinking purposes, other purposes) through provision of handpumps.

Outcome of the project:

- Increased and improved access to clean drinking water facilities in Auraiya.
- Reduction in time invested to fetch water which can be utilized by community members in other productive activities leading to enhancement of their socio-economic conditions.
- Improved WASH conditions in rural communities.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS & OUTGO AS PER SECTION 134(3) OF THE COMPANIES ACT, 2013 READ WITH COMPANIES (ACCOUNTS) RULES, 2014

A. CONSERVATION OF ENERGY

I. The steps taken or impact on conservation of energy:

Aspiring to be a sustainable organization, GAIL is continuously adopting energy-efficient practices and implementing smart technologies under the ambit of ISO-50001: Energy Management System, which reflects our commitment to energy conservation and environment. Following major energy conservation initiatives have been taken at our installations across the country

a. Installation of Variable Frequency Drive (VFD) in DM Water transfer pump at Vijaipur:

VFD has been installed and commissioned in DM water transfer pump motor (Rating-75 KW) to regulate and control the motor speed, in February 2023. It is estimated that this will save approx. 1,65,000 units of electricity consumption per year.

b. Rectification of steam traps in C2C3 unit at Vijaipur:

A comprehensive audit of the steam network installed in the C2C3 unit was carried out and a detailed database of steam traps prepared besides their operational status, application and location. All faulty steam traps were replaced along with installation of new traps wherever required. This resulted in savings of approx. 9.5 tonnes per hour (TPH) steam. Estimated Natural Gas saving as fuel is approx. 4.18 MMSCM per year

c. Commissioning of Grid Power Supply at Compressor Stations:

Kailaras Compressor station has shifted from GEG power to Grid power w.e.f. July 2022. This has resulted in electrical energy saving of approx. 9,51,200 kWh per year on account of electrical load optimization after Grid supply as non-essential electrical load required for stable GEG operation has been stopped.

d. Recovery of condensate water from PRDS system and HVAC system at LPG unit Vijaipur:

In-house modifications were carried out to connect the condensate header of PRDS system and HVAC system at LPG unit to suspect condensate header of C2C3 unit for utilization of condensate water. These projects aimed to conserve natural resources while reducing the effluent load on waste-water treatment plants and saved fresh water consumption of approx. 2,32,000 m³ per year

e. Installation of modern and new age energy efficient equipment:

At GAIL sites, there is a continuous drive to replace old and lesser energy efficient equipment with modern and new age energy efficient equipment to increase reliability and enhance safety. Some major initiatives taken in this direction are mentioned below

- Automated operation of GAC (Gas after cooler) fan Motor of GTC's at Khera Compressor Station by implementing PLC logic control using temperature as regulating parameter for starting and stopping the fans. Significant Electrical energy savings is anticipated as only 02 nos. of GAC fan are being required/running as per process requirement at night and during winters against 05 nos. of GAC fan running before modification. The estimated energy saving is approx. 3,88,952 kWh in FY 2022-23.
 - Energy Efficient Motors in Service water pumps, gas after coolers, HRSG and CWP were installed at Vaghodia. The estimated saving of approx. 1,44,000 kWh per year.
 - Retrofitting/ replacements of conventional HPMV/HPSV lamps & other lighting systems with energy efficient LED fittings & lighting systems at various installations of GAIL. The estimated saving of approx. 4,01,215 kWh per year
 - 200 KVAR Capacitor Bank installed and commissioned at GAIL Bhawan Mumbai to improve power factor and will also contribute in reducing energy consumption.
 - Replacement of old and energy inefficient AC systems with energy efficient star rated AC systems at various installations of GAIL. This will also improve the electrical energy consumption.
 - 2815 nos. of HPMV/ Fluorescent light fittings were replaced with LED fixtures in FY 2022-23 at GAIL, Pata resulting in energy savings of 10,95,218 Kwh.
- #### f. Replacement of Economizer blocks of Utility Boilers in Power Plant at GAIL, Pata
- Economizer blocks in Power Plant-2 were replaced with Economizer blocks of improved design. Total 204 nos. of Coils and 400 SqM of insulation were replaced. About 4300 MMKCAL of fuel energy per annum is expected to be saved with new arrangement.
- #### g. LP Steam header integration for Gas Cracker Unit (GCU) & Power Plant at GAIL, Pata
- This integration shall enable to save energy lost during steam let down (VHP to LP) in GCU-2. This has potential to save ~4000 MMKCAL of thermal (fuel) energy on annualized basis.
- #### h. Steam Trap Sustenance Management Program at GAIL, Pata
- Steam loss reduction through repair/replacement of faulty steam traps is being carried out extensively in Pata Petrochemical complex. In FY 2022-23, total 650 nos. of faulty steam traps have been rectified, thereby contributing to thermal energy savings of 46,270 MMKCAL.
- #### i. VHP steam header interconnection between PC-I and PC-II steam networks
- has resulted in optimized running of boiler units and resulted in improved operational efficiency and flexibility.

- j. Insulation revamping of 02 nos. of furnaces in GCU-1 has resulted in improved efficiency and heat loss reduced by 2227 MMKCAL on annualized basis.
- k. Complete Cold insulation & cladding replacement job for Ethylene Tower condenser, its Reflux Drum and De-Ethanizer Feed heater etc., in GCU-1.

II. The steps taken by the company for utilizing alternate sources of energy:

a. Green Hydrogen Blending in NG in CGD Network:

In line with the National Hydrogen Mission, green hydrogen blending in City Gas Distribution (CGD) network of AGL, Indore increased from 2% to 5%. The Impact Study on CGD /NG pipeline network due to various levels of Hydrogen blending in NG is also being carried out through SME consultant.

b. Installation and Commissioning of Solar Power Plants:

Solarisation of installations is a continuous effort to harness the solar potential and on this front 1545 KWp grid-connected and off-grid solar power plants have been installed and commissioned at various locations of GAIL as under:

- **JLPL Network:** 103 KWp Grid-connected Solar power plants
- **Gandhar:** 267 KWp Grid-connected Solar power plant
- **Mumbai Region:** 64 KWp Grid-connected Solar power plant
- **Vaghodia:** 190 KWp Grid-connected Solar power plant
- **Dibiyapur Region:** 182 KWp Grid-connected Solar power plant
- **Khera:** 20 KWp off-grid Solar power plant
- **Kochi:** 10 KWp Grid-connected Solar power plant
- **Vadodara:** 209 KWp Grid-connected Solar power plant
- **Pata:** 500 KWp Grid-connected Solar power plant
- c. **Wind power generation credit:** Wind power generation credit has been availed for wheeling of wind energy, generated by wind power plants installed in Gujarat, through GETCO network for the following locations.
 - Hazira
 - Gandhar
 - Vaghodia
 - Samakhiali
 - Kandla
- d. Replacement of 125 KVA Diesel Generator with 125 KVA Gas Engine Generator at GAIL Rajahmundry.

III. The capital investment on energy conservation equipment

The capital investment on energy conservation equipment is approx. ₹~27 crore as per the following details

Brief description of the Project	Capital Investment (₹ in Lakhs)
Roof Top Solar Power Systems at various GAIL installations	1227
Replacement of Economizer blocks of Utility Boilers in Power Plant-II at GAIL, Pata	669
Replacement of HPMV/Fluorescent light fittings with LED fixtures, GAIL Pata	200
Retrofitting/replacements of conventional HPMV/HPSV lamps & other lighting systems with low wattage energy efficient LED fittings	194
Roof Top Solar at GAIL Pata (500 KWp)	180
Rectification of steam traps in C2C3 unit area	106
Steam Trap Sustenance Management Program at GAIL, Pata	95
Replacement of old & obsolete equipment's with energy efficient equipment's	25
Installation of VFD in DM Water transfer pump motor	11
TOTAL	2707

B. TECHNOLOGY ABSORPTION

I. The efforts made towards technology absorption:

GAIL has adopted Micro-Tunneling Trenchless Technology (MTT) for laying pipeline under the river bed for GAIL's Barauni Guwahati Pipeline Project where Horizontal Direction Drilling (HDD) had difficulty in execution.

GAIL has a policy to periodically review the technological obsolescence of installed equipment/instruments and upgrade them with latest state of the art, reliable and safer systems. At various units of GAIL, many such upgradations as mentioned below have been taken up:

- a. First time implementation of End Point Security (EPS) system for DCS system of OT network at LPG unit Vijapur, which improves the cyber security of DCS network from external cyber-attacks and also improves the reliability.
- b. Online Continuous Emission Monitoring System (OCEMS) installed in LEF-1 & 2, PRU-1 & 2, RG Heater 1 & 2, Package Boiler stacks of LPG & C2C3 units at Vijapur for compliance of CPCB/MPCB statutory guidelines.
- c. Upgradation of Siemens PCS7 system for Siemens Gas turbine SGT700 units installed in C2C3 recovery unit at Vijapur to latest platform, which improves the cyber security.
- d. 02 Non-Piggable Pipeline sections under NCR Region were inspected using Large-Standoff non-contact magnetometry method and achieved approximate 90% confidence level.
- e. Integration of Electrical Meters at VAPL Terminals with SCADA for remote monitoring of power consumption at each station.

- f. Installation of Real-time Ambient Noise Monitoring system in HVJ compressor station at Vijaipur near DVPL-HRSG.
- g. Use of Automated Ultrasonic Thickness Measurement Technique in Corrosive Service pipelines and vessels at GAIL, Pata.
- h. Online Bathymetric survey (to find out underwater silt level) of all six Raw Water Reservoirs at GAIL, Pata.
- i. Digitization of the Fault sensing mechanism of Electrical Protection System: Replacement of electromechanical relays with numerical relays.
- j. Replacement of 6.6KV SF6 Circuit breakers with Vacuum Circuit Breakers for enhanced safety.
- k. Replacement of Automatic Voltage regulator unit with digital Automatic Voltage regulator for fast & accurate voltage control in STG.
- l. Upgradation of Boiler Ignitor System
- m. PLC and frontend upgradation in different units of the plant

II. The benefits derived like product improvement, cost reduction, product development or import substitution:

Various benefits have been realized through technology deployment/technological upgradation by various GAIL units such as:

- Successful laying of Pipeline across the river in hilly terrains where presence of boulders makes HDD execution very difficult.
- Energy efficiency improvement through optimization of resources
- Addressing Climate Change issues and Decarbonization
- Improved system reliability
- Enhanced process safety and safety preparation
- Contribution towards making self-reliant India
- Better Regulatory Compliance

III. In case of imported technology (imported during the last three years reckoned from the beginning of the financial year), following information may be furnished:

NA

IV. Expenditure on R&D /Innovation initiatives

GAIL allocates adequate budget for R&D/ Innovation initiatives to carry out break through research works in collaborative mode with various research institutes and to implement innovative developmental projects at various GAIL facilities.

This year GAIL has spent Rs.180.62 Crore under the R&D/ Innovation initiatives

C. Foreign exchange earnings and currency outgo

During FY 2022-23, Foreign exchange inflows were ₹ 28,136.38 crore and Foreign Currency outflows were ₹ 69,228.61 crore.

24. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

S. No.	Material issue Identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Resource Optimization and Operational Excellence (waste management, water management, energy management)	Opportunity	At GAIL, we always strive for optimum utilization of resources. We are disposing our high calorific waste to cement industry as a fuel in cement kiln for co-processing. In energy management, we are actively exploring ways to expand our renewable power consumption, offsetting, improving and optimization process efficiency through Energy Audit, ISO 50001.		Positive
2	Business Growth	Opportunity	GAIL currently operates ~17,600 km of Natural Gas and LPG pipeline network and markets two-third of the total amount of natural gas sold in the country. Additionally, 4,200 km of pipeline are under different stages of execution. Becoming a natural gas-based economy by increasing its share to 15% in the primary energy mix by 2030 is important to India's energy strategy. The GoI has a vision of establishing 'one nation one gas grid', indicating their commitment to build a gas-based economy. This nation-wide momentum has provided GAIL with the space for expansion.		Positive
3	Stakeholder relationship management	Opportunity	GAIL directly interacts with its local communities, customer, and other stakeholders to identify the most pressing needs, understand the lives of the less privileged, and provide appropriate strategic solutions. GAIL understands the favorable and adverse impact of its business operations on local communities and strives to minimize them. Stakeholder engagement helps GAIL in identifying evolving needs of its stakeholders and planning required actions to address the needs for continued business growth.		Positive
4	Net Zero/ Decarbonization	Opportunity	GAIL is committed towards developing decarbonization capabilities in line with Government of India's vision. To achieve the above targets, the Company is currently in the process of developing a Net-Zero strategy roadmap by incorporating Science-Based Targets.		Positive
5	Human Capital Management (Employee wellbeing, employee engagement, diversity, and inclusion)	Opportunity	GAIL recognizes the importance of having a strong human capital. Strong human capital helps us in maintaining our consistent business growth and contributing to the development of society at large. The Company takes various efforts to ensure that the employees are provided with conducive work environment and growth opportunities. As a result, the company's total employee turnover rate is 4.06%, which is a testament to its strong human capital management.		Positive

S. No.	Material issue Identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
6	Health and Safety (customers, employees, and suppliers)	Risk	Owing to our nature of business Health & Safety of our employees is a major risk for us. However, we take consistent efforts to avoid any health and safety related incidents.	Occupational Safety and health of the employees is of paramount importance to GAIL. The Company's investment in developing new assets is always assessed through the process for identification of hazards associated and risk analysis. At GAIL, all projects are approved for implementation only after the HAZOP study and Risk analysis. This helps us in not only reducing the risk associated but also enables us to take preventive measures at regular intervals. Effective emergency preparedness & response measures are also available at various installations of GAIL.	Negative

GAIL, its Subsidiaries as well as Joint Ventures (JVs), which are under jurisdiction of CVO, GAIL, follow guidelines and circulars of the Central Vigilance Commission in dealing with issues related to bribery or corruption. As per the guidelines of Central Vigilance Commission, GAIL has adopted provision of Integrity Pact (IP) in procurement in its tenders. Integrity Pact provides independent platform for monitoring compliance to established procedures, policies and guidelines of the Govt. of India and CVC in tendering and resolution of complaints, if any. Presently, GAIL has a panel of three Independent External Monitors (IEMs), to monitor the implementation of IP in all tenders. Whistle Blower Policy has been adopted by GAIL. The policy is applicable to employees and Directors of GAIL. The policy provides a channel for employees to report genuine concerns about unethical behavior or frauds and also safeguards a Whistle Blower from any victimization for detection, prevention and reporting of Frauds or suspected frauds, GAIL has framed a Fraud Prevention Policy which is applicable to GAIL. The policy applies to fraud or suspected fraud in connection with business transaction(s) with GAIL committed by director(s), employee(s), trainees, apprentice, ex-employee(s) working as advisor(s), person(s) engaged on adhoc/ temporary/ contract basis, vendor(s), supplier(s), contractor(s), customer(s), lender(s), consultant(s), service provider(s), any outside agency(ies) or their representative(s), employees of such agencies and/or any other parties.

The Whistle blower policy Circular Whistle Blower Policy_12.02.2019-english.pdf (gailonline.com) provides a channel for employees to report genuine concerns about unethical behavior or frauds and safeguards a Whistle Blower from any victimization & avoid any adverse action against the employee reporting the concern via vigil mechanism. A protected disclosure can be addressed and sent to the chairman of audit committee & confidentiality of the disclosure is maintained. Screening committee reviews the disclosure and disciplinary proceedings are initiated against the culprit on finding guilty.

2. **a) Does the entity have procedures in place for sustainable sourcing? (Yes/No)**

Yes

- b) If yes, what percentage of inputs were sourced sustainably?**

- Yes. At GAIL, we have green procurement practices which enables transparent, fair, competitive, cost effective and environment friendly procurement practices. There is a dedicated portal facilitated for all e-tenders which can be accessed at --: GAIL (India) Limited | Tender-- (gailonline.com).
- The e-tenders have contributed to reduction of use of paper and evolved as a green initiative of Company. Our IT department along with support of other departments works efficiently to ensure seamless functioning of the portal and helps in providing our extended IT services.
- GAIL has introduced the Document Transmittal System for signing and countersigning of the bulky contract documents in Projects. In which the bulky documents are signed by the GAIL official via digital means without taking out the printout of the documents. This digitally signed contract document is transmitted online to the contractor, who in-turn countersigned the document and send it back to GAIL.
- Provision for Green Packaging has been incorporated in tenders of GAIL.
- Star rating of electrical equipment.
- Procurement of new lighting and lighting fixture of LED only.
- Automatic switching off the light in utility area to avoid extra consumption of power.
- GAIL has also introduced the startup policy wherein registered Startups are exempted from mandatory requirement of meeting the Technical BEC. All the bidders are required to confirm acceptance to our General Conditions of Contracts wherein they confirm abiding to all provisions relating to impact on (a) society, (b) environment, (c) labor practice (d) human rights aspects. Further, most of the requirement for goods and services is met locally & approx. ~88% goods are sourced locally.

3. **Describe the processes in place to safely reclaim your products for reusing, recycling, and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.**

In our waste management process, we aim to minimize both hazardous and non-hazardous waste. Additionally, we follow 3-R strategy of Reducing, Reusing, Recycling at GAIL sites, accelerating progress towards our waste reduction goal. For exploring more ideas of waste reduction at source or through small changes in operation, we carry out waste audits through internal and external agencies (SPCB/third party audits), it also helps in mapping our waste management compliances as per the regulations. We are proudly sharing that no waste related impact of business operations or product were found as per the waste audits.

4. **Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.**

Yes, GAIL Pata has been registered as Brand Owner as well as Importer under the Plastic Waste Management Rules, 2016 on the Centralized EPR Portal of CPCB. As per the latest amendments to the Plastic Waste Management Rules, 2016, the purchase of EPR Certificates equivalent to the EPR Targets serves the purpose of waste collection plan. EPR Certificates for 995 MT and 2885 MT for the FY 2021-22 and FY 2022-23 respectively have been purchased by GAIL Pata in compliance to the EPR targets for the respective FYs. Further, GAIL Vijaipur has also taken EPR certificate from CPCB for importing batteries.

Leadership Indicators

1. **Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.**

GAIL recognizes the importance of proactive interaction with its stakeholders via multi-stage process of identifying and prioritizing stakeholders, identifying the means & mode of the engagement i.e., materiality survey and one-on-one discussions. This helps the Company in matching their expectations and building stakeholder trust and confidence. GAIL conducts materiality assessment process where it involves its stakeholders based on their relative importance to the business and their impact on company's business and vice versa. In addition, the Company consults with its stakeholders on sustainability issues and encourages them to give their perspectives on the Company's sustainability goals. The outcomes of stakeholder consultations are reviewed by Board Committee.

2. **Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.**

Yes, GAIL conducts the materiality assessment exercise to examine the issues that are important to the business via multi-stage process of identifying and prioritizing stakeholders, identifying the means & mode of the engagement i.e., materiality survey and one-on-one discussions. Towards this end, the Company identifies important stakeholders who are involved in the materiality process and their perspectives are considered while assessing the key material concerns. This stakeholder feedback is used to determine the major ESG areas.

3. **Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.**

As part of our social commitment, GAIL spent more than the statutory mandated expenditure of 2% of average net profit of the preceding three years. CSR initiatives of your Company have benefitted people in various geographies of the nation in FY 2022-23.

Among many of our CSR programmes few are worth mentioning here. Under GAIL Arogya, healthcare facilities were extended to the underprivileged population through doorstep medical care facility provided through operation of Mobile Medical Units working towards providing clean drinking water and sanitation facilities. The various health initiatives undertaken by your Company have helped bridge gaps in existing health infrastructure. Under GAIL Kaushal, provided skill training in trades related to hydrocarbon sector, plastic product manufacturing, vocational training to visually impaired etc. The majority of these trained beneficiaries have been gainfully employed in various sectors with each beneficiary contributing to the growth in respective household income annually. Aids and assistance devices along with capacity building and skill development support were provided to approximately 7800 persons with disabilities (PwDs) under GAIL Saksham.

4. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Most of the GAIL facilities are zero liquid discharge. Further GAIL Pata Petrochemical Plant is implementing Zero Liquid Discharge. For the other sites, discharge of water at manufacturing sites is monitored to validate compliance with Central Pollution Control Board (CPCB)/ State Pollution Control Board (SPCB) effluent limit. Wastewater from processes is treated, through effluent treatment plants (ETP). The treatment includes adjusting pH, removing suspended solids and reducing Biological Oxygen Demand (BOD), if any. Further, no water bodies were affected by the discharge.

5. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format

Parameter	Unit	FY 2022-23 Current Financial Year	FY 2021-22 Previous Financial Year
NOx	Metric tons per Annum	800	1142
SOx	Metric tons per Annum	520	474
Particulate matter (PM)	Metric tons per Annum	243	290
Persistent organic pollutants (POP)	Metric tons per Annum	0	0
Volatile organic compounds (VOC)	Metric tons per Annum	88	53
Hazardous air pollutants (HAP)	Metric tons per Annum	0	0
Others– please specify (CO)	Metric tons per Annum	713	949

Indicate if any independent assessment/ evaluation/ assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, GAIL (India) Limited {“GAIL”} engaged Bureau Veritas for carrying out an independent assurance of Sustainability Report for the reporting period from 1st April 2022 to 31st March 2023.

6. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	FY 2022-23 Current Financial Year	FY 2021-22 Previous Financial Year
Total Scope 1 emissions (Break- up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tons of CO ₂ Equivalent	36,56,175	41,33,249
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tons of CO ₂ Equivalent	3,19,380	4,34,135

Parameter	Unit	FY 2022-23 Current Financial Year	FY 2021-22 Previous Financial Year
Total Scope 1 + Scope 2	Metric tons of CO ₂ Equivalent	39,75,555	45,67,383
Total Scope 1 and Scope 2 emissions per rupee of turnover	Metric tons of CO ₂ Equivalent/ INR crore	28	50
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity		N/A	N/A

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, GAIL (India) Limited {“GAIL”} engaged Bureau Veritas for carrying out an independent assurance of Sustainability Report for the reporting period from 1st April 2022 to 31st March 2023.

7. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

GAIL has conducted an extensive study to develop a science-based Net Zero ambition and action plan. The study involved an in-depth assessment of GAIL's GHG footprint across operational boundaries (Scope 1 and Scope 2) and the value chain (Scope 3). Furthermore, we engaged with stakeholders to review our growth plans and assess Organizational readiness toward Net Zero. Based on the assessments, we have developed a clear carbon abatement roadmap with short-, medium-, and long-term targets across Scope 1, Scope 2, and Scope 3. Our Net Zero strategy aims to achieve a 100% reduction in Scope 1 and Scope 2 emissions and a 35% reduction in Scope 3 emissions by 2040. We have also explored decarbonization levers, energy transition opportunities, and green financing options to accelerate our transition to Net Zero. Operational Decarbonization includes the technology and initiatives taken by GAIL to reduce its direct in-house GHG emissions by means of energy efficiency, fuel switch, electrification, etc. Some of these initiatives planned/undertaken are,

- Implementing measures to reduce natural gas venting during pipeline repair and maintenance. This initiative will save approximately 3 MMSCM of natural gas per year.
- We are switching from natural gas to compressed biogas (CBG) as an internal fuel source.
- Implementing a phased approach to blend green hydrogen with natural gas in gas turbines for power generation is expected to reduce carbon dioxide emissions.
- Production of Electricity using the Waste Heat Recovery in Feed Gas Turbine.
- Conversion of Conventional Lights into LED Lights.
- Phaseout of SF6 from circuit breakers.

Apart from operational decarbonization, GAIL is taking up energy transition projects in Renewal Energy, CBG, Ethanol blended Petrol, Green Hydrogen, Carbon Capture, Utilization & Storage and Carbon offsetting.

Provide details related to waste management by the entity, in the following format

Parameter	FY 2022-23 Current Financial Year	FY 2021-22 Previous Financial Year
Total Waste generated (in metric tonnes)		
Plastic waste (A)	137	249.68
E-waste (B)	22.11	6.83

For each category of waste generated, total waste disposed by nature of disposal method (in metric tons)		
Category of waste – Solid (MT)		
(i) Incineration	2809	713.24
(ii) Landfilling	241	21
(iii) Other disposal operations	7.48	4.9
Total	3057.48	739.14

Indicate if any independent assessment/ evaluation/ assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, GAIL (India) Limited {“GAIL”} engaged Bureau Veritas for carrying out an independent assurance of Sustainability Report for the reporting period from 1st April 2022 to 31st March 2023.

8. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your Company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

- GAIL aspires to implement the concept of circular economy by enabling access to innovative resource efficient technology. This is to enhance the focus towards reduction in waste generation from our facilities and exploring ways to recycle/reuse to the extent possible in our operations.
- GAIL aims to minimize the generation of both hazardous and non-hazardous waste
- GAIL follows 3R Principle of Reducing, Re-using, and Recycling of non-hazardous waste generated at GAIL sites.
- Hazardous wastes are segregated and stored in dedicated storage space. All the hazardous waste is sent to State Pollution Control Board (SPCB) & Central Pollution Control Board (CPCB) Treatment Storage and Disposal facilities (TSDFS) or recyclers. Plastic waste, bio-medical wastes and e-wastes are segregated and sent to third party recyclers. Safety Precautions are taken during the transportation of the hazardous waste as per Manifest and Transport Emergency Card to avoid any spillage.
- GAIL at Pata plant has commissioned a dedicated waste storage facility for collection before dispatch to Common Hazardous Waste Treatment, Storage and Disposal Facility (CHWTSDF) and Recyclers.
- Polymer packing is being recycled through the secondary and tertiary markets.
- GAIL is working towards waste management and minimization technology development via various R&D initiatives.

9. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals/clearances are required, please specify details in the following format:

GAIL does not have any offices around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.).

S. No.	Location of operations/offices	Type of operations	Whether the conditions of environmental approval/clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.

Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity		N/A	N/A

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, GAIL (India) Limited {“GAIL”} engaged Bureau Veritas for carrying out an independent assurance of Sustainability Report for the reporting period from 1st April 2022 to 31st March 2023.

5. With respect to the ecologically sensitive areas reported at Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

GAIL does not have any offices around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.).

6. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions/effluent discharge/waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Sr. No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1	Waste Reclamation (Waste valorization initiative)	1. GAIL is pursuing a research project on recovering value added chemicals and fuels from petrochemical oily sludge using bubbling fluidized bed pyrolysis process. This project is being carried out in association with Indian Institute of Technology, Kanpur.	The results of the project is aimed to mitigate oily sludge disposal problem while recovering value rich chemicals and fuels

Sr. No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
		2. GAIL is also carrying out a research project to treat wastewater using hydrate process in collaboration with Indian Institute of Technology, Madras	Development of optimized hydrate-based wastewater treatment system is expected to be as energy efficient as compared to RO based wastewater purification

7. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Yes, Our Emergency Response and Disaster Management Plan (ERDMP), PNGRB, Incident re-orting System (IRS) and Evacuation Standard Operating Procedure ensure effective management of any disaster. Onsite and offsite mock drill is conducted to bring awareness and preparing for what actions to be taken during any accident. At GAIL, a dedicated disaster handling team which consist of incident handling team and managing any disaster affecting the Data Centre at Sector-1, Noida. Our multiple systems ensure business continuity like our digital initiatives, risk management plan, uninterrupted supply of goods and services related to both our core and non-core operations from our suppliers.

Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?

No significant adverse impact to environment is reported.

8. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?

No significant adverse impact to environment is reported

9. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.

100% of new suppliers are screened on environment and social parameters.

PRINCIPLE 7: Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

Essential Indicators

1. a. Number of affiliations with trade and industry chambers/ associations

In FY 2022-23, GAIL was part of 21 national and international trade and industry chambers/associations.

b. List the top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to.

Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/ National)
1. Indian Wind Power Association (IWPA)	India
2. Chemical and Petrochemicals Manufacturer's Association (CPMA)	India
3. International Group of Liquefied Natural Gas Importers (GIIGNL)	International
4. Indian Centre for Plastics in the Environment (ICPE)	India
5. Natural Gas Society (NGS)	India
6. Confederation of Indian Industry (CII)	India
7. Global Reporting Initiative	International

Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/ National)
8. Standing Conference of Public Enterprises (SCOPE)	India
9. TERI CBS and CSO Forum	India
10. Federation of Indian Petroleum Industry (FIPI)	India

2. **Provide details of corrective action taken or underway on any issues related to anticompetitive conduct by the entity, based on adverse orders from regulatory authorities.**

No such case was lodged.

Leadership Indicators

S. No.	Public policy advocated	Method resorted for such advocacy	Whether information available in public domain? (Yes/ No)	Frequency of Review by Board (Annually/Half yearly/Quarterly/ Others- please specify)	Web Link, if available
1	Yes	GAIL team is actively associated with various associations like CPMA, ICPE, PlastIndia foundation, AIPMA, AIFTMA, GSPMA, SPMA, etc. for promoting plastics recycling. GAIL is representing actively at various forums for creating positive image of plastics with a highly empowered committee on single use plastics with ICPE, Govt. Agencies. GAIL is actively supporting the initiatives on Plastic Waste Management through ICPE where the policy makers, bureaucrats, representatives from Industry, NGO etc. address the plastics waste management issues.	Yes	As and when required	
2	Yes	CMD, GAIL is a member of the Federation of Indian Chambers of Commerce and Industry (FICCI) Executive Committee and Co-Chair of FICCI Hydrocarbon Committee. The Hydrocarbon committee endeavors to deliberate on issues related to the energy security of the country and supplement various efforts of the Government of India and other bodies engaged in this area through its intellectual input. CMD, GAIL is also a member of the Oil Industry Development Board (OIDB).	Yes	As and when required	
3	Yes	GAIL is member of the Federation of Indian Petroleum Industry (FIPI) and part of the Governing Council. FIPI has many specific executive committees of GAIL's interest having member representations from GAIL. FIPI functions as oil industry interface with the Government, regulatory authorities, public and representative bodies of traders in India to work on issues such as optimization of resources, promoting Safety, Tariff, Investments, Healthy Environment and Energy conservation among other issues related to industry.	Yes	As and when required	

S. No.	Public policy advocated	Method resorted for such advocacy	Whether information available in public domain? (Yes/ No)	Frequency of Review by Board (Annually/Half yearly/Quarterly/ Others- please specify)	Web Link, if available
4	Yes	GAIL had undertaken various studies in areas of gas advocacy such as unbundling in the natural gas sector in India and its impact, the study of gas markets hubs and strategic imperatives for GAIL. Additionally, study on opportunity Mapping for GAIL in the battery value chain, demand assessment in the refinery sector, steel sector, potential of natural gas as a replacement for solid and liquid polluting fuels consumption in industries under any CGD gas and price-sensitive demand assessment, enabling factors for natural gas in steel sector have been done to assess the dynamic natural gas markets of the country. Further, analysis on competitiveness of natural gas with a view of GST inclusion for industries has been undertaken. GAIL has assisted in the development of the oil and gas sector and the formulation of policy for the development of the CGD sector in India.	Yes	As and when required

3. Describe the mechanisms to receive and redress grievances the community.

We have multiple mechanism {Grievances Redressal Forum, Customer Relations Management (CRM)}, Vigilance Complaints, Vendor Grievance to receive and resolve grievances of community, stakeholders, public at large etc. Our grievance redressal systems also ensure transparency, expectations of the community. GAIL has established a dedicated grievance cell in each of its offices and all complaints are received in a single system and each grievance is investigated separately and thoroughly with equal importance. GAIL has an Online Complaint System which has been introduced as a part of the 360° evaluation of receiving and redressing grievances of the community.

Additionally, we also redress and resolve the complaints received on CPGRAMS (Centralized Public Grievance Redressal and Monitoring System). CPGRAMS is a Government of India Portal, aimed at providing the citizens with a platform for redressal of their grievances, where complaints are directly received by the MoP&NG.

Also, for Implementing our CSR projects, nodal officers are assigned, and they constantly keep in touch with the implementing agencies and respective communities. Any inputs/ suggestions/ grievances are received to nodal officers are duly addressed.

3. (a) Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized /vulnerable groups? (Yes/No)

Yes,

(b) From which marginalized /vulnerable groups do you procure?

GAIL has a procurement policy for MSEs with sub targets for marginalized communities from MSEs owned by Scheduled Castes or the Scheduled Tribes and Women entrepreneurs for the Goods and Services procured.

(c) What percentage of total procurement (by value) does it constitute?

GAIL has a target of 25% of procurement from MSEs with sub targets for marginalized communities of 4% from MSEs owned by Scheduled Castes or the Scheduled Tribes and 3% owned by Women entrepreneurs for the Goods and Services procured. In FY 22-23, the value of total procurement made from MSEs was ₹ 1,541 crore, which is approx. 46.09%. The procurement made from MSEs owned by SC/ST Entrepreneurs is ₹ 137 crore which is approx. 4.01 % of the total eligible value of annual procurement and that from MSEs owned by Women Entrepreneurs is ₹ 108 crore which is approx. 3.61 % of the total eligible value of annual procurement.

PRINCIPLE 9: Businesses should engage with and provide value to their consumers in a responsible manner

ESSENTIAL INDICATORS

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

Customers can log their complaints online, through letters, emails or in person through Physical Customer Complaint Registers available at various Zonal Offices. To register customers feedback and address grievances, there are two types of surveys conducted on product quality and services offered by GAIL. The Customer Satisfaction Index (CSI) is an in-house attempt by GAIL to collect the feedback from customers. A link is provided to all active customers of GAIL through their registered email id. Customer are giving feedback on some predefined parameters on quality and services. Their feedback is collected through SAP and analyzed.

The GAIL Polymer Technology Centre (GPTC) addresses customer's concerns regarding polymer product quality and provides technical assistance to resolve product-related concerns of consumers on polymer grades. GAIL has dedicated portal for valuable feedback of all stakeholders to share their views.

4. Details of instances of product recalls on account of safety issues.

	Number	Reason for recall
Voluntary recalls	0	-
Forced recalls	0	-

5. Does the entity have a framework/policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy.

GAIL has Information Security Policy in place, and it has implemented information security management system (ISO: 27001: 2013). The Company also has a dedicated Security Operations Centre (SOC) with an advanced persistent threat-mitigation system to eliminate any cyber threat and building robust IT system

Furthermore, various initiatives and projects to enhance network connectivity and information security e.g., private cloud infrastructure have been implemented. At GAIL, the Crisis management Plan for countering Cyber Attacks and Cyber Terrorism is in place. For effective controlling, the Company has an Incident handling team, and it consists of: Crisis Management Cell (CMC) and Level-II Incident Resolution Team.

We have well established mechanism to review and update information security/cybersecurity strategy on monthly basis in Apex cybersecurity meeting. The Board of directors are engaged in the review of information security/cybersecurity strategy. All the threats or phishing activities are protected by our IT system, our policies regularize the information security/cyber security for the employees with an access to critical information through interlock system at various level or to limit the access to unhealthy sites.

*Due to sensitive and confidential nature, Cyber security policy cannot be shared in the public domain. However, GAIL would like to confirm that we have adequate mechanism and systems in place to tackle incidents of cyber security and risks related to data privacy.

GAIL also has Data loss prevention policy which designed to protect restricted, confidential, or sensitive data from loss to avoid reputation damage and to avoid adversely impacting its customers. The protection of in-scope data is a critical business requirement, yet flexibility to access data and work effectively is also critical. This policy supports a range of general regulations by restricting access to data hosted in GAIL Primary datacenter at Noida (DC), Nearline DC at GTI, Noida (NDC) and disaster recovery Centre at Jaipur (DR).

6. Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty/action taken by regulatory authorities on safety of products/services.

Blocking IOCs in security appliances, removal of Malware, blocking of system communication etc. are some of the corrective measures taken against issues related to Cyber Security.

LEADERSHIP INDICATORS

1. Channels/platforms where information on products and services of the entity can be accessed (provide web link, if available).

Yes, we have dedicated platforms and channels for information on products and services of different business verticals. For more information, please refer link - <https://gailonline.com/BVBusinessVerticals.html>

2. Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.

At GAIL, we inform and educate consumers about safe and responsible usage of products and services. Contracts, MoUs and our Sales Policy have specific information on the usage of products. With regards to Natural Gas, LHC and Polymer segments the Material Safety Data Sheet (MSDS) is also provided to customers. Customers are also asked to retain statutory licenses mandatory to handle products sold. Customer interactions, whether visits or meetings, are also a key channel for communicating information around the safe and responsible usage of products. Additionally, GAIL organizes demonstrations on Fire and Safety to educate customers about safe and responsible use of NG. Periodic mock drills are also done to educate customers and the public about actions to be taken in case of any hazardous situations.

GAIL also conducted public awareness programs under which virtual awareness programs on pipeline safety under corporate guidelines at various sites including city Gas distribution and Compressed Natural Gas, and a training session on City gas distribution (CGD) as well. Further, consumer awareness activities are conducted through Industry associations in which GAIL actively participates.

Whenever in-person visits were not possible, we have emphasized strongly on virtual meetings to inform and educate consumers on safe and responsible usage of our products and services.

3. Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.

Yes, as a leading Natural Gas Company of India, GAIL takes responsibility of delivering essential and sustainable supplies to the customers. GAIL has developed a strategic approach to pursue efficiency, resilience and growth while integrating sustainability consideration into its operational footprint. We also endeavor to follow our journey of Net Zero and embracing high standards of governance and integrity in all our production and transmission activities.

Our operation and maintenance are regularized and updated with national and international level standards and guidelines. At GAIL, our O&M philosophy is standardized and reviewed through a comprehensive internal consultation of experts and due diligence process. We have certified Subject Matter Experts (SMEs) of international repute on our panel. GAIL Implements precautionary measures and ensure zero tolerance against safety breaches. In case of unplanned/emergency shutdown, GAIL O&M takes all preventive actions to handle the fluctuation in a safe way and GAIL Marketing team allocates additional RLNG to bridge the gap of GAIL gas shortfall for minimum impact on total throughput.

4. Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable)? If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products/services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)

Yes

Through product labelling, GAIL strives to promote informed decisions about the social, economic, and environmental impact of the products consumers are purchasing. GAIL has

taken measures to ensure that the information provided is adequate and accurate. There were no incidences reported of non-compliance with regulations or voluntary codes concerning the health and safety impacts of products and services within the reporting period.

The approaches to providing product specific information are outlined below:

In the case of Polymers, the following product information is displayed on 25 kg strong bags made of woven fabric:

- Grade Name
- Batch Number
- Manufacturer details
- Made in India
- Symbols for storage instructions
- Recycling information

- Instructions on handling of bags
- Net Weight
- BIS Logo for Manufacturing
- Contact e-mail for customer support

Also, for the products dispatched through tankers, material quality report and MSDS is sent along with it.

5. Provide the following information relating to data breaches:

a. Number of instances of data breaches along-with impact

NIL

b. Percentage of data breaches involving personally identifiable information of customers

STANDALONE FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT

To the Members of GAIL (India) Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of GAIL (India) Limited (hereinafter referred to as "the Company"), which comprise of the Standalone Balance Sheet as at March 31, 2023, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its profit including other comprehensive income, changes in equity, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Emphasis of Matter

- We draw attention to Note No. 32 (III) to the standalone financial statements regarding, various final transportation tariff orders issued by Petroleum and Natural Gas Regulatory Board (PNGRB), which have been contested by the company at Appellate Tribunal for Electricity (APTEL) and also certain customers have challenged these orders of PNGRB in Court of Law. Adjustment if any will be recognized as and when matter is finally decided.

- We draw attention to Note No. 29 (I) (a) (iii) to the standalone financial statements regarding CESTAT order confirming the demand for the differential amount by the Central Excise Department in the matter pertaining to classification of 'Naphtha' manufactured by the Company, of ₹ 3,391 crores including applicable penalty and interest thereon. Considering the merits of the case, Company has filed an appeal before the Hon'ble Supreme Court. Based on the legal opinion obtained, the Company does not foresee any probable outflow in the matter and accordingly has disclosed the same under contingent liability.
- We draw attention to Note No. 29 (I) (a) (iii) to the standalone financial statements regarding, regarding demand by customs authorities amounting to ₹ 934.01 crore including penalty and interest, on account of Special Additional Duty (SAD) and Custom Duty on differential quantity, while finalizing provisionally assessed Bill of Entries in respect of import of LNG by Company during September 2017 to March 2022 at Dabhol Port, Ratnagiri. Considering the merits of the case, the Company is in process of filing an appeal before the Commissioner (Appeals) Pune. Further based on the exemption notification 51/2017 dated 30.06.2017, clarification provided by Central Board of Indirect Taxes and Customs (CBIC) and practice being followed at other Custom Port i.e. Dahej & Hazira, the Company is confident of favorable outcome in the matter and accordingly has disclosed the same under contingent liability.
- We draw attention to Note no 68 to the standalone financial statements regarding depreciation on Natural Gas/LPG Transmission Pipelines considering useful life 30 years and residual value 5%. During the year the company has sought an opinion of the Expert Advisory Committee (EAC) of the Institute of Chartered Accountants of India (ICAI) on the residual value of Natural Gas/LPG Transmission Pipelines for which opinion is awaited.

Our opinion is not modified in respect of matters mentioned in above paragraphs.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	How our audit addressed the Key Audit Matter
1	Recognition and measurement of revenues in view of adoption of Ind AS 115 "Revenue from Contracts with Customers"	<p><u>Principal Audit Procedures</u></p> <p>We assessed the Company's process to identify the impact of adoption of the revenue accounting standard and checked the appropriateness of accounting policy. Our audit approach consisted testing of design and operating effectiveness of the internal controls as follows:</p>

Sr. No.	Key Audit Matter	How our audit addressed the Key Audit Matter
	<p>We identified above as Key Audit Matter as the application of the revenue accounting standard involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognized over a period. Additionally, revenue accounting standard contains disclosures which involves collation of information in respect of disaggregated revenue and periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.</p> <p>Refer notes 21 and 38 to the standalone financial statements.</p>	<ol style="list-style-type: none"> 1. Evaluated the design of internal controls relating to implementation of the revenue accounting standard, wherever applicable. 2. Selected a sample of continuing and new contracts, and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price. We carried out a combination of procedures involving enquiry and observation, re-performance and inspection of evidence in respect of operation of these controls. 3. Tested the relevant information technology systems' access and change management controls relating to contracts and related information used in recording and disclosing revenue in accordance with the revenue accounting standard. <p>Selected a sample of continuing and new contracts and performed the following substantive procedures:</p> <ol style="list-style-type: none"> 1. Read, analyzed and identified the distinct performance obligations in these contracts. 2. Compared these performance obligations with that identified and recorded by the Company. 3. Considered the terms of the contracts to determine the transaction price including any variable consideration to verify the transaction price used to compute revenue and to test the basis of estimation of the variable consideration.
2	<p>Evaluation of uncertain tax positions and contingent liabilities</p> <p>The company operates in multiple jurisdictions and is subject to periodic challenges by local tax authorities and other regulatory authorities such as PNGRB on a range of matters during the normal course of business including indirect tax matters. We have identified above as Key Audit Matter as these involve significant judgment to determine the possible outcome of material uncertain tax positions and contingent liabilities including matters under dispute, consequently having an impact on related accounting and disclosures.</p> <p>Refer note 29 (I) to the standalone financial statements.</p>	<p>We have applied the following audit procedures in this regard:</p> <ol style="list-style-type: none"> 1. Obtained an understanding of key tax matters and other contingent liabilities. 2. Read and analyzed the key correspondences, external legal opinions/ consultations obtained by the company 3. Evaluated and challenged key assumptions made by the company in estimating the current and deferred tax balances 4. Assessed and challenged the company's estimate of the possible outcome of the disputed cases by considering legal precedence and other judicial rulings 5. Assessed and tested the presentation and disclosures relating to uncertain tax positions and contingent liabilities
3	<p>Derivative transaction and accounting of hedge transactions</p> <p>We have identified above as Key Audit Matter as hedge accounting has resulted into significant impact on financial statements coupled with complexity of its accounting, calculations and complex/numerous assumptions taken for establishing hedge relationship. Mark to market gain / loss pertaining to these derivative contracts are recognized in other comprehensive income.</p> <p>Refer note 56 to the standalone financial statements.</p>	<p>We have applied the following audit procedures in this regard:</p> <ol style="list-style-type: none"> 1. Obtained an understanding of management's controls over recording of derivative transactions and application of hedge accounting. 2. Tested the accuracy and completeness of derivative transactions. 3. We have relied on the valuation report evaluating the appropriateness of the valuation methodologies applied and tested on sample basis the valuation of the derivative financial instruments. 4. Validated that the derivative financial instruments qualify for hedge accounting and tested accuracy of hedge effectiveness and ineffectiveness on sample basis.
4	<p>Technical parameters and voluminous transactions of Natural gas trading and transmission captured to measure Revenue and Inventory through integrated system and complexities involved therein.</p>	<p>We have applied the following audit procedures in this regard:</p> <ol style="list-style-type: none"> 1. We have performed test of controls, assisted by our IT specialists, over the accuracy and completeness of the quantity captured via IT system through to the accounting software.

Sr. No.	Key Audit Matter	How our audit addressed the Key Audit Matter
	<p>We have identified above as Key Audit Matter because determination of the quantity of Natural Gas sold and in stock through gas-pipelines involves use of various technical aspects of the natural gas such as pressure, temperature etc. captured from the measuring devices installed on the gas pipelines. We were informed that the methodology is standard and used industry-wide. This increases the complexity of validating quantity of Natural Gas sold and stock in pipeline as at March 31, 2023.</p> <p>Refer notes 10 and 21 to the standalone financial statements.</p>	<ol style="list-style-type: none"> We have obtained management representation that the IT system applies a standard methodology to capture the quantity of Natural Gas for the purpose of Revenue and inventory measurement. We have verified valuation of closing Inventories by applying various aspects made available to us by the management such as conversion factors, meter reading etc.
5	<p>Evaluation of the recoverable amounts of investments in and advances to certain subsidiaries</p> <p>The Company's evaluation of the recoverable amounts of investments in and advances to certain subsidiaries involves comparison of their recoverable value and the carrying amount. Management determines the recoverable amount based on management's estimates of future cash flows. Significant judgements are required to determine the aforesaid assumptions used in the discounted cash flow models. Due to the uncertainty of forecasting and discounting future cash flows, being inherently subjective, the level of management's judgement involved and the significance of the Company's investment as at March 31, 2023, we have considered this as a key audit matter.</p> <p>Refer notes 5 and 7 to the standalone financial statements.</p>	<p>We have applied the following audit procedures in this regard:</p> <ol style="list-style-type: none"> We have carried out assessment of forecasts of future cash flows prepared by the management, evaluating the assumptions and comparing the estimates to externally available industry, economic and financial data. Assessed the reasonableness of the key business assumptions such as revenue growth and EBITDA margins, by understanding the management's plan and performing retrospective testing. We have evaluated the Company's valuation methodology in determining the fair value of the investment. In making this assessment, we also assessed the professional competence, objectivity and capabilities of the valuation specialist engaged by the management. Assessed the reasonableness of the key assumptions adopted in the cash flow forecasts with the assistance of our internal valuation experts. We have carried out discussions with management on the performance of the Company's investments as compared to previous year in order to evaluate whether the inputs and assumptions used in the cash flow forecasts were suitable. Evaluated management's sensitivity analysis around the key assumptions.
6	<p>Provision for Performance Related Pay</p> <p>The provision for performance related pay for financial year 2022-23 is made based on Department of Public enterprises guidelines (DPE). The rating factors are yet to be approved by Board of directors.</p>	<p>We have applied the following audit procedures in this regard:</p> <ol style="list-style-type: none"> We have reviewed the circular issued by DPE and verified the computations shared by the management for FY 2022-23 to satisfy that the methodology as prescribed in the circular have been followed and the provision made is reasonable. We have verified the self-evaluation report of GAIL's Memorandum of Understanding (MOU) for the FY 2021-22 where ratings have been approved by the Board of Directors to determine reasonability of assumptions used for FY 2022-23. We have also obtained MOU ratings communicated by DPE for FY 2021-22 mentioning scores and rating of the Company.

Information Other than the Standalone Financial Statements and Auditors' Report Thereon

The Company's Board of Directors is responsible for the preparation of other information. The other information includes the Director's Report, Corporate Governance Report, Business Responsibility and Sustainability Report and Management Discussion and Analysis, but does not include the Standalone Financial Statements and our report thereon. The Director's Report, Corporate Governance Report, Business Responsibility and Sustainability Report and Management Discussion and Analysis is expected to be made available to us after the date of this auditors' report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available to us and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

When we read such other information as and when made available to us and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation

of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

1. We draw attention to the Note no. 45 (II) (c) to the standalone financial statements regarding inclusion of proportionate share in Jointly Controlled Operations in the standalone financial statements of the Company. The total proportionate share includes Assets of ₹ 1,533.68 crores, Liabilities of ₹ 195.46 crores, Expenditure of ₹ 688.34 crores, Income of ₹ 1,182.78 crores along with the elements making up the Cash Flow Statement and related disclosures. The aforesaid amounts have been included based on the unaudited statements of these entities. Management is of view that this will not have a material impact on the Company's financial statements.

Our opinion is not modified in respect of above matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of Section 143(11) of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanation given to us, we give in "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the said Order, to the extent applicable.

2. As required by Comptroller and Auditor General of India through directions/sub-directions issued under Section 143(5) of the Companies Act 2013, on the basis of written representation received from the management, we give our report on the matter specified in the "**Annexure –B**" attached.
3. As required by Section 143(3) of the Act, we report that:

ANNEXURE - A TO THE INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 1 to "Report on Other legal and regulatory requirements" of the Independent Auditors' Report of even date to the members of GAIL (India) Limited on the Standalone Financial Statements for the year ended March 31, 2023.

- i. a) A. The Company has generally maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment.
- B. The Company has generally maintained proper records showing full particulars of Intangible assets.
- b) The Company is having a regular programme of physical verification of all Property, Plant and Equipment having substantial value, every year, other than those which are underground/under joint operations/ held at the residence of employees, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its business. In our opinion and as per information and explanation given by the management discrepancies observed were not material and have been appropriately accounted for in the books.
- c) According to the information and explanations given to us, we report that, the title deeds of all the immovable properties (other than properties where the company is the lessee and the lease arrangements are duly executed in the favour of the lessee), disclosed in the financial statements are held in the name of company. The details of exceptions are given in "Appendix A" attached.
- d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) and intangible assets during the year. Accordingly, the provisions of clause 3(i)(d) of the Order are not applicable.
- e) According to the information and explanations given to us, there are no proceedings which have been initiated or are pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. a) In our opinion, the management has conducted physical verification of inventory (excluding stores & spares and inventory lying with the third parties) at reasonable intervals during the year. We have been explained that the stock of gas at the end of the year has been taken with reference to reading of Turbine Flow Meter/Gas Chromatograph installed at Terminals, Stock of LPG/Pentane/SBP Solvent are determined with reference to Tank Level Gauge measurement which are converted into tonnage by measurement of density and applying correction factor for temperature. LPG vapors volume is converted to tonnage by standard formulae.
- According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the coverage and procedure of such verification by the management is appropriate.
- According to the information and explanations given to us, no material discrepancies of 10% or more in the aggregate for each class of inventory between physical inventory and book records were noticed on physical verification.
- b) In our opinion and according to the information and explanations given to us, during the year, the Company has not been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, from a bank or financial institutions on the basis of security of current assets. However, the company has been sanctioned unsecured working capital limits in excess of ₹ 5 crores, in aggregate, from banks, as such filings of quarterly returns or statements by the Company with the banks is not applicable.
- iii. The Company has made investments in, provided guarantee, and given unsecured loan to subsidiaries, joint venture and associate companies during the year in respect of which.
- a). A. As per information and explanation given to us, the company has stood guarantee to subsidiaries, joint ventures and associates during the year and has given loan to subsidiary & associates as per following details:

(Amount in ₹ crores)

Particulars	Guarantee	Security	Loans	Advances in nature of Loans
Aggregate amount granted/ provided during the year				
- Subsidiaries	3,549.99	-	-	-
- Joint Ventures	518.80	-	-	-
- Associates	419.24	-	2.17	-
-Others	-	-	-	-
Balance outstanding as at balance sheet date in respect of above cases				
- Subsidiaries	16,694.26	-	3,047.43	-
- Joint Ventures	518.80	-	-	-
- Associates	419.24	-	-	-
-Others	-	-	-	-

- B. Since, the company has not provided any loans or provided advances in the nature of loans, or stood guarantee, or provided security to parties other than subsidiaries, joint ventures and associates, and hence, the relevant clause is not applicable.
- b) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the investments made, guarantees provided and the terms and conditions of loans and guarantees provided by the company are, prima facie, not prejudicial to the company's interest.
- c) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that in respect of loans, the schedule of repayment of principal and payment of interest has been stipulated and the receipts of interest is regular, where it is due. For repayment of principal, moratorium has been given and no repayment is due during the year.
- d) According to the information and explanations given to us and based on the audit procedures performed by us, no amount of loan is overdue for a period of more than 90 days.
- e) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that no loan or advance in the nature of loan granted which has fallen due during the year, has been renewed or fresh loans granted to settle the overdue of existing loans given to the same parties. However, post balance sheet and before the date of audit report the company has approved deferment by 2 years in respect of interest accrued but not due pertaining to one of the loan to Konkan LNG Limited of ₹ 1,050.02 crores as detailed under:
- Deferment of payment of interest accrued but not due from date of novation till March 2023 to till March 2025 in 8 equal quarterly installments, starting from December 2025 which was earlier December 2023 and
 - Deferment of monthly interest payment with effect from April 2023 to April 2025
- f) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.
- iv. According to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of Companies Act 2013 in respect of loans, investment, guarantee and security granted during the year.
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted deposits or amount which deemed to be deposits. As such, the directives issued by the Reserve Bank of India, the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder are not applicable to the Company.
- No order has been passed with respect to Section 73 to 76, by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal.
- vi. We have broadly reviewed the accounts and records maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act read with Companies (Cost Records & Audit) Rules, 2014, as amended and we are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made detailed examination of the records with a view to determine whether they are accurate and complete.
- vii. a) According to records of the Company and information and explanation given to us the Company has generally been regular in depositing undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues to the appropriate authorities. According to information and explanation given to us there are no outstanding statutory dues as referred above as at the last day of the financial year under audit for a period of more than six months from the date they became payable.
- b) According to records of the Company and information and explanation given to us the Company, the gross statutory dues of income tax or sale tax or service tax or duty of custom or duty of excise or value added tax or cess or Goods and Service Tax and any other statutory dues which have not been deposited on account of dispute or deposited under protest and the forum where the dispute is pending are given below:

ANNEXURE - C TO THE INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 3(f) to "Report on Other legal and regulatory requirements" of the Independent Auditors' Report of even date to the members of GAIL (INDIA) LIMITED on the standalone financial statements for the year ended March 31, 2023.

Report on the Internal Financial Controls under Clause (i) of Sub section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of GAIL (INDIA) LIMITED ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have

obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system, over financial reporting, except timely closure of contracts, such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the areas of improvement identified which needs further strengthening as reported in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2023 standalone Ind AS financial statements of the Company. However, these areas of improvement do not affect our opinion on the standalone Ind AS financial statements of the Company.

Notes to Financial Statements for the year ended 31st March, 2023

Earnings Per Share (EPS)

Basic and Diluted EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the company by the weighted average number of Equity shares outstanding during the year. Diluted EPS are calculated by dividing the profit for the year attributable to the equity holders of the company by weighted average number of Equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

(₹ in crore)

Particulars	31 st March, 2023	31 st March, 2022
Profit for the year as per Statement of Profit & Loss	5,301.51	10,363.97
Profit attributable to equity holders of the Company for basic earnings	5,301.51	10,363.97
	No. crore	No. crore
Weighted average number of equity shares in calculating basic EPS	659.41	666.06
Weighted average number of equity shares in calculating diluted EPS	659.41	666.06
Earnings per equity share (in ₹)		
Basic	8.04	15.56
Diluted	8.04	15.56
Face Value of each equity share (in ₹)	10	10

Note:

Pursuant to the approval of shareholders, the Company has issued bonus shares in September 2022 in the ratio of one equity share of ₹ 10 each for every two existing equity shares of ₹ 10 each. Accordingly, Earnings Per Share has been restated for previous year as per Ind AS 33.

The Standalone Financial Statements of the Company for the year ended 31st March 2023 were authorized for issue in accordance with a resolution of the Board of Directors on 18th May 2023

Basis of Preparation

The Standalone Financial Statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind-AS) as notified by the Ministry of Corporate Affairs ("MCA") under section 133 of the Companies Act, 2013 ("Act"), read with Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act.

The Financial Statements have been prepared as a going concern on accrual basis of accounting. The Company has adopted historical cost basis for assets and liabilities except for certain items which have been measured on a different basis and such basis is disclosed in the relevant accounting policy.

The Financial Statements are presented in Indian Rupees (₹) and the values are rounded to the nearest crore (up to two decimals) except when otherwise indicated.

1. Accounting Policies

1.1 Property, Plant and Equipment (PPE)

- a) The Costs of an item of PPE is recognized as an asset if, and only if:
 - i. It is probable that the future economic benefits flow to the entity; and
 - ii. The cost of an item can be measured reliably
- b) Property, Plant and Equipment are stated at original cost net of tax / duty credit availed, less accumulated depreciation / amortization and cumulative impairment losses. All costs relating to acquisition of fixed assets till commissioning of such assets are capitalized. In the case of commissioned assets where final payment to the Contractors is pending, capitalization is made on provisional basis, including provisional liability pending approval of Competent Authority, subject to necessary adjustment in cost and depreciation in the year of settlement.
- c) Stores & Spares which meet the definition of PPE (whether as component or otherwise) and satisfy

the recognition criteria, are capitalized as PPE in the underlying asset. Expenditure on major inspection and overhauls of PPE is capitalized, when it meets the asset recognition criteria. Any remaining carrying amount of the cost of the previous inspection and overhaul is derecognized. The cost of replacing major part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognized regardless of whether the replaced part has been depreciated separately. If it is not practicable to determine the carrying amount of the replaced part, the Company uses the cost of the replacement as an indication of what the cost of replaced part was at the time it was acquired or constructed

- d) Technical know-how/license fee incurred at the time of procurement of PPE are capitalized as part of the underlying asset.
- e) Items of PPE may be acquired for safety or environmental reasons. The acquisition of such PPE, although not directly increasing the future economic benefits of any particular existing item of PPE, may be necessary for an entity to obtain the future economic benefits from its other assets. Such items of PPE are recognized as assets
- f) Property, plant and equipment is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on de-recognition of an item of property, plant and equipment are determined as the difference between sale proceeds from disposal, if any, and the carrying amount of property, plant and equipment and are recognized in the statement of profit and loss. In circumstance, where an item of property, plant and equipment is abandoned, the net carrying cost relating to the property, plant and equipment is written off in the same period.
- g) On transition to Ind AS, the Company has elected to continue with the carrying value of all of its PPE recognized as at 01.04.2015 measured as per previous GAAP and use that carrying value as deemed cost of the PPE.

1.2 Intangible Assets

- a) Intangible assets like Right of Use (RoU), Software, Licenses which are expected to provide future enduring economic benefits are capitalized as Intangible Assets and are stated at their cost of acquisition less accumulated amortization and any accumulated impairment loss.
- b) Expenditure incurred which are eligible for capitalizations under intangible assets are carried as intangible assets under development till they are ready for their intended use.
- c) An intangible asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gain or loss on de-recognition of an intangible asset is determined as the difference between the net disposal proceeds, if any, and the

carrying amount of intangible assets and are recognized in the statement of profit and loss.

- d) On transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognized as at 01.04.2015 measured as per previous GAAP and use that carrying value as deemed cost of the intangible assets.

1.3 Capital Work in Progress

- a) Crop compensation is accounted for under Capital Work-in-Progress on the basis of actual payments/ estimated liability, as and when work commences where ROU is acquired.
- b) The capital work in progress includes Construction Stores including Material in Transit/ Equipment / Services, etc. received at site for use in the projects.
- c) All revenue expenses incurred during Construction Period, which are exclusively attributable to acquisition/ construction of the asset, are capitalized at the time of commissioning of such assets.

1.4 Exploration and Development Costs

- a) The Company follows Successful Efforts Method for accounting of Oil & Gas exploration and production activities carried out through incorporate or unincorporated Joint Ventures in the nature of Production Sharing Contracts (PSC) and Revenue Sharing Contracts (RSC) with respective host government and various body corporates for exploration, development and production activities, which includes exploration and evaluation costs as follows:
 - (i) Geological and Geophysical (G&G) costs including seismic surveys, surface lease rentals etc. for exploration and appraisal proposes are recognized as revenue expenditure in the year in which these are incurred.
 - (ii) Cost of exploratory/ appraisal wells are carried as Capital Work in Progress - Intangible Assets under development/ Capital work in progress. Such exploratory wells in progress are capitalized in the year in which the Producing Property is created. Such costs are written off in the year when determined to be dry / abandoned.
 - (iii) Cost of all "exploratory wells in progress" is debited to Statement of Profits and Loss except of those wells for which there are reasonable indications of sufficient quantity of reserves and the enterprise is making sufficient progress assessing the reserves and the economic and operating viability of the project.

b) Capitalization of Producing Properties

Producing Properties are capitalized as "completed wells / producing wells" when the wells in the area / field are ready to commence commercial production on establishment of proved developed oil and gas reserves.

Cost of Producing Properties includes cost of successful exploratory wells, development wells, initial depreciation of support equipments & facilities and estimated future abandonment cost.

c) Depletion of Producing Properties

Producing Properties are depleted using the "Unit of Production Method (UOP)". The depletion or unit of production charged for all the capitalized cost is calculated in the ratio of production during the year to the proved developed reserves at the year end.

d) Production cost of Producing Properties

Company's share of production costs as indicated by Operator consists of pre well head and post well head expenses including depreciation and applicable operating cost of support equipment and facilities.

e) Accounting for joint operations

In relation to its interests in joint operations entered through Production Sharing Contracts (PSC) and Revenue Sharing Contracts, the company recognizes its proportionate share in assets, liabilities, revenue from the sale of the output, expenses of the joint operation entity, in the financial statements.

1.5 Foreign Currency Transaction

- a) Functional Currency of the Company is Indian Rupee (₹).
- b) Transactions in foreign currency are initially accounted at the exchange rate prevailing on the transaction date.
- c) Monetary items (such as Cash, Receivables, Loans, Payables, etc.) denominated in foreign currencies, outstanding at the year end, are translated at exchange rates (BC Selling Rate for Payables and TT Buying Rate for Receivables) prevailing at year end.
- d) Non-monetary items (such as Equity Investments, Property plant and equipment, Intangible assets etc.), denominated in foreign currencies are accounted at the exchange rate prevailing on the date of transaction(s) other than those measured at fair value.
- e) Any gains or loss arising on account of exchange difference either on settlement or on translation is adjusted in the Statement of Profit & Loss.
- f) Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items is recognized in line with the gain or loss of the item arising on determination of fair value of such item, either in other comprehensive income or the Statement of Profit and Loss as the case maybe.

1.6 Borrowing Cost

Borrowing costs consist of:

- (a) interest expense calculated using the effective interest method as described in Ind AS 109- 'Financial Instruments'
- (b) interest expense on lease liabilities recognized in accordance with Ind AS 116- 'Leases' and
- (c) exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Borrowing cost of the funds specifically borrowed for the purpose of obtaining qualifying assets and eligible for

capitalization along with the cost of the assets, is capitalized up to the date when the asset is ready for its intended use after netting off any income earned on temporary investment of such funds. Other borrowing costs are recognized as expense in the year of incurrence.

1.7 Government Grants

Government Grants are not recognized until there is reasonable assurance that the Company will comply with conditions attached to them and the grants will be received. In case of depreciable assets, the cost of the assets is shown at gross value and grant thereon is taken to deferred income which is recognized as income in the Statement of Profit and Loss over the useful life of the asset. Government Grants related to non-depreciable assets may also require the fulfilment of certain obligations and would then be recognised in profit or loss over the periods that bear the cost of meeting the obligations.

1.8 Non-Current Assets held for Sale:

Non-current assets or disposable groups classified as held for sale are measured at the lower of carrying amount and fair value less cost to sale. Assets and liabilities classified as held for sale are presented separately in the balance sheet.

Non-current assets or disposable groups are classified as held for sale if their carrying amount will be recovered principally through a sale rather than through continuing use. Management must be committed to the sale expected within one year from the date of classification. Action required to complete the plan of sale should indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

PPE and Intangible assets once classified as held for sale are not depreciated or amortised.

1.9 Inventories

- a) Stock of Liquefied Natural Gas (LNG) and Natural Gas in pipelines is valued at cost on First in First out (FIFO) basis or net realizable value, whichever is lower.
- b) Raw materials and finished goods are valued at weighted average cost or net realizable value, whichever is lower. Finished goods include excise duty and royalty wherever applicable.
- c) Stock in process is valued at weighted average cost or net realisable value, whichever is lower. It is valued at weighted average cost where the finished goods in which these are to be incorporated are expected to be sold at or above the weighted average cost.
- d) Stores and spares and other material for use in production of inventories are valued at weighted average cost or net realisable value, whichever is lower. It is valued at weighted average cost where the finished goods in which they will be incorporated are expected to be sold at/or above cost.
- e) Surplus / Obsolete Stores and Spares are valued at cost or net realisable value, whichever is lower.
- f) Surplus / Obsolete Capital Stores, other than held for use in construction of a capital asset, are valued at lower of cost or net realisable value.
- g) Imported LNG in transit is valued at CIF value or net realizable value whichever is lower.

- h) Renewable Energy Certificates (RECs) are valued at cost on First in First out (FIFO) basis or net realizable value, whichever is lower.

1.10 Revenue recognition

The Company has applied the modified retrospective approach on transition to Ind AS 115

- a) Revenue is recognized to depict the transfer of control of promised goods or services to customers upon the satisfaction of performance obligation under the contract in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Consideration includes contributions by customers towards assets over which Company has control.
- b) Where performance obligation is satisfied over time, company recognizes revenue using input/ output method based on performance completion till reporting date. Where performance obligation is satisfied at a point in time, company recognizes revenue when customer obtains control of promised goods and services in the contract.
- c) The Company uses output method in accounting for the revenue in respect of sale of services. Use of output method requires the Company to recognize revenue based on performance completion till date e.g. time elapsed. The estimates are assessed continually during the term of the contract and the company re-measures its progress towards complete satisfaction of its performance obligations satisfied over time at the end of each reporting period.
- d) Company updates its estimated transaction price at each reporting period, to represent faithfully the circumstances present at the end of the reporting period and the changes in circumstances during the reporting period including penalties, discounts and damages etc.
- e) Insurance claims are accounted for on the basis of claims admitted by the insurers.
- f) Claims (including interest on delayed realization from customers) are accounted for, when there is significant certainty that the claims are realizable.
- g) Liability in respect of Minimum Guaranteed Offtake (MGO) of Natural gas is not provided for where the same is secured by MGO recoverable from customers. Payments/receipts during the year on account of MGO are adjusted on receipt basis.
- h) Minimum charges relating to transportation of LPG are accounted for on receipt basis.
- i) In terms of the Gas Sales Agreement with the customers, amount received towards Annual Take or Pay Quantity (ATOPQ) of Gas is accounted for on the basis of realization and shown as liability till make up Gas is delivered to customer as per the contract.
- j) Dividend is recognized when right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably.

1.11 Depreciation /Amortisation**a) Property Plant and Equipment (PPE)**

- i. Depreciation on PPE (including enabling assets) is provided in accordance with the manner and useful life as specified in Schedule II of the Companies Act, 2013, on straight line method (SLM) on pro-rata basis (monthly pro-rata for bought out assets), except for the assets as mentioned below where different useful life has been taken based on external / internal technical evaluation:

Particulars	Years
Furniture provided for the use of employees	6 years
Electrical Equipment's provided for the use of employees	4 years
Mobile Phones provided for the use of employees	2 years

- ii. Cost of the leasehold land is amortized over the lease period except perpetual leases.
- iii. Depreciation due to price adjustment in the original cost of fixed assets is charged prospectively.
- iv. The residual values, useful lives and methods of depreciation of PPE are reviewed at each financial year end and adjusted prospectively, if appropriate. The depreciation/amortization for future periods is revised if there are significant changes from previous estimates. The Company has considered residual value of PPE at 5% of the cost of assets.

b) Intangible Assets

- i. Right of use (ROU) having indefinite life (for which there is no foreseeable limit to the period over which they are expected to generate net cash flows given the fact that these rights can be used even after the life of respective pipelines) are not amortized, but are tested for impairment annually.
- ii. The cost of Intangible assets comprising software and licences, etc. are amortised on Straight Line Method (SLM) over a period of 5 years/actual useful life whichever is lower from the date of capitalization.
- iii. After impairment of assets, if any, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

c) Capital assets facilities installed at the consumers' premises

Capital assets facilities installed at the consumers' premises on the land whose ownership is not with the company, has been depreciated on SLM basis in accordance with the useful life as specified in Schedule II of the Companies Act, 2013.

1.12 Employees Benefits

- (a) All short term employee benefits are recognized at the undiscounted amount in the accounting period in which they are incurred.
- (b) The Company's contribution to the Provident Fund is remitted to a separate trust established for this purpose based on a fixed percentage of the eligible employee's salary and debited to Statement of Profit and Loss / CWIP. Further, the company makes provision as per actuarial valuation towards any shortfall in fund assets to meet statutory rate of interest in the future period, to be compensated by the company to the Provident Fund Trust.
- (c) Employee Benefits under Defined Benefit Plans in respect of post-retirement medical scheme and gratuity are recognized based on the present value of defined benefit obligation, which is computed on the basis of actuarial valuation using the Projected Unit Credit Method. Actuarial liability in excess of respective plan assets is recognized during the year.
- (d) Obligations on other long term employee benefits, viz., leave encashment, compensated absence and long service awards are provided using the Projected Unit Credit method of actuarial valuation made at the end of the year.
- (e) Re-measurement including actuarial gains and losses are recognized in the balance sheet with a corresponding debit or credit to retained earnings through Statement of Profit and Loss or Other Comprehensive Income in the year of occurrence, as the case may be. Re-measurements are not reclassified to the Statement of Profit and Loss in subsequent periods.
- (f) The Company also operates a defined contribution scheme for Pension benefits for its employees and the contribution is remitted to a separate Trust.
- (g) Liability for gratuity and Post-Retirement Medical Scheme (PRMS) as per actuarial valuation is funded with a separate trust.

1.13 Impairment of non-financial assets

The Carrying amount of cash generating unit are reviewed at each reporting date. In case there is any indication of impairment based on Internal / External factors, impairment loss is recognized wherever the carrying amount of asset exceeds its recoverable amount.

1.14 Provisions, Contingent Liabilities, Contingent Assets & Capital Commitments

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, the amount of a provision shall be the present value of the expenditures expected to be required to settle the obligation. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The amount recognized as a provision is the best estimate of

the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The expense relating to a provision is presented in the statement of profit and loss net of reimbursement, if any.

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

Contingent assets are possible assets that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are disclosed in the financial statements when inflow of economic benefits is probable on the basis of judgment of management. These are assessed continually to ensure that developments are appropriately reflected in the financial statements.

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities/ assets exceeding ₹ 5 Lacs in each case are disclosed by way of notes to accounts except when there is remote possibility of settlement/realization.

Estimated amount of contracts (Inclusive of Tax & net of advances) remaining to be executed on capital accounts are disclosed in each case above ₹ 5 lacs.

1.15 Taxes on Income

a) Current Tax

Provision for current tax is made as per the provisions of the Income Tax Act, 1961. Deferred tax is provided, using the balance sheet method, on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes considering the tax rate and tax laws that have been enacted or substantively enacted as on the reporting date.

b) Deferred Tax

Deferred tax relating to items recognized outside Statement of Profit and Loss is recognized outside Statement of Profit and Loss (either in Other Comprehensive Income or in Equity).

The carrying amount of deferred tax assets is reviewed at each reporting date and is adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities are recognised for all taxable temporary differences, except when the deferred tax liabilities arises from the initial recognition of assets/ liabilities/ goodwill in a transaction that is not a business combination and at the transaction, affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets/ liabilities are measured based on the tax rates (and tax laws) that have been enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legal right exists to set off the same.

1.16 Research & Development Expenditure

Revenue expenditure on Research and Development is charged to Statement of Profit and Loss in the year in which it is incurred. Capital expenditure on Research and Development is capitalized in case the same qualifies as asset.

1.17 Cash and cash equivalents

Cash and cash equivalents consist of cash at bank and in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

1.18 Segment reporting

The Management of the company monitors the operating results of its business Segments for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements.

The Operating segments have been identified on the basis of the nature of products / services.

- a) Segment revenue includes directly identifiable with/ allocable to the segment including inter-segment revenue.
- b) Expenses that are directly identifiable with / allocable to segments are considered for determining the segment result.
- c) Expenses which relate to the Company as a whole and not allocable to segments are included under unallocable expenditure.
- d) Income which relates to the Company as a whole and not allocable to segments is included in unallocable income.
- e) Segment assets including CWIP and liabilities include those directly identifiable with the respective segments. Unallocable assets and liabilities represent the assets and liabilities that relate to the Company as a whole and not allocable to any segment.

1.19 Earning per share

Basic earnings per equity share is computed by dividing the net profit after tax attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share is computed by dividing adjusted net profit after tax by the aggregate of weighted average number of equity shares and dilutive potential equity shares during the year.

1.20 Liquidated damages/ Price Reduction Schedule

Amount recovered towards Liquidated Damages/Price Reduction Schedule are adjusted/appropriated as and when the matter is settled.

1.21 Statement of Cash Flow

Statement of cash flow is prepared in accordance with the indirect method prescribed in Ind AS 7, 'Statement of Cash Flows'

1.22 Fair value measurement

The Company measures financial instruments including derivatives and specific investments (other than subsidiary, joint venture and associates), at fair value at each balance sheet date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- (i) **Level 1** — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- (ii) **Level 2** — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- (iii) **Level 3** — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

1.23 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(A) Financial assets

a) Classification

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through Statement of Profit and Loss on the basis of its business model for managing the financial assets and the contractual cash flows characteristics of the financial asset.

b) Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Statement of Profit and Loss, transaction costs that are attributable to the acquisition of the financial asset.

c) Subsequent measurement

For purposes of subsequent measurement financial assets are classified in below categories:

i. Financial assets carried at amortised cost

A financial asset other than derivatives and specific investments, is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial assets at fair value through other comprehensive income

A financial asset other than derivatives comprising specific investment is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

iii. Financial assets at fair value through Statement of Profit and Loss

A financial asset comprising derivatives which is not classified in any of the above categories are subsequently fair valued through profit or loss.

d) De recognition

A financial asset is primarily derecognized when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

e) Investment in subsidiaries, joint ventures and associates

- i. The company has accounted for its investment in subsidiaries, joint ventures and associates at cost. The company assesses whether there is any indication that these investments may be impaired. If any such indication exists, the investment is considered for impairment based on the fair value thereof.
- ii. When the company issues financial guarantees on behalf of subsidiaries, joint ventures and associates initially it measures the financial guarantee at their fair values and subsequently measures at higher of:
 - The amount of loss allowance determined in accordance with impairment requirements of Ind AS 109 and

- The amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of Ind AS 115 'Revenue from Contracts with Customers'
- iii. The Company recognize the initial fair value of financial guarantee as deemed investment with a corresponding liability recorded as financial guarantee obligation. Such deemed investment is added to the carrying value amount of the investment in subsidiaries, joint venture and associates. Financial guarantee obligation is recognized as other income in Statement of Profit and Loss over the remaining period of financial guarantee.

f) Impairment of other financial assets

The Company assesses impairment based on expected credit losses (ECL) model for measurement and recognition of impairment loss on the financial assets that are trade receivables or contract revenue receivables and all lease receivables etc.

(B) Financial liabilities

a) Classification

The Company classifies all financial liabilities as subsequently measured at amortized cost, except for financial liabilities at fair value through Statement of Profit and Loss. Such liabilities, including derivatives shall be subsequently measured at fair value.

b) Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, and derivative financial instruments.

c) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

i. Financial liabilities at amortised cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the effective interest rate (EIR) method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

ii. Financial liabilities at fair value through Statement of Profit and Loss

Financial liabilities at fair value through Statement of Profit and Loss include financial liabilities held for trading and financial liabilities designated

upon initial recognition as at fair value through Statement of Profit and Loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category comprises derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

d) Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

(C) Embedded Derivatives

- a) If the hybrid contract contains a host that is an asset within the scope of Ind AS 109, the Company does not separate embedded derivatives. Rather, it applies the classification requirements contained in Ind AS 109 to the entire hybrid contract.
- b) If the hybrid contract contains a host that is not an asset within the scope of Ind AS 109, the Company separate embedded derivatives from the host and measures at fair value with changes in fair value recognized in statement of profit or loss if, and only if:
 - (i) The economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host.
 - (ii) A separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and
 - (iii) The hybrid contract is not measured at fair value with changes in fair value recognized in profit or loss

(D) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously

(E) Derivative financial instruments and Hedge Accounting

The Company uses derivative financial instruments, in form of forward currency contracts, interest rate swaps, cross currency interest rate swaps, commodity swap contracts to hedge its foreign currency risks, interest rate risks and commodity price risks.

a) Derivatives Contracts not designated as hedging instruments

- i. The derivatives that are not designated as hedging instrument under Ind AS 109, are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when

the fair value is positive and as financial liabilities when the fair value is negative.

- ii. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss.

b) Derivatives Contracts designated as hedging instruments

- i. The derivatives that are designated as hedging instrument under Ind AS 109 to mitigate its risk arising out of foreign currency and commodity hedge transactions are accounted for as cash flow hedges.
- ii. The Company enters into hedging instruments in accordance with policies as approved by the Board of Directors, provide written principles which is consistent with the risk management strategy of the Company.
- iii. The hedge instruments are designated and documented as hedges at the inception of the contract. The effectiveness of hedge instruments is assessed and measured at inception and on an ongoing basis. The effective portion of change in the fair value of the designated hedging instrument is recognized in the "Other Comprehensive Income" as "Cash Flow Hedge Reserve". The ineffective portion is recognized immediately in the Statement of Profit and Loss as and when occurs. The amount accumulated in Cash Flow Hedge Reserve is reclassified to profit or loss in the same period(s) during which the hedged item affects the Statement of Profit or Loss Account. In case the hedged item is the cost of non-financial assets / liabilities, the amount recognized as Cash Flow Hedge Reserve are transferred to the initial carrying amount of the non-financial assets / liabilities.
- iv. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in Cash Flow Hedging Reserve remains in Cash Flow Hedging Reserve till the period the hedge was effective. The cumulative gain or loss previously recognized in the Cash Flow Hedging Reserve is transferred to the Statement of Profit and Loss upon the occurrence of the underlying transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified in the Statement of Profit and Loss.

1.24 Leases

The Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method. The Company assesses at the inception of contract whether a contract is, or contains, a lease i.e. if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a Lessee

a) Identifying a lease

At the inception of the contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The company assesses whether:

- i. The contract involves the use of an identified asset, specified explicitly or implicitly.
- ii. The Company has the right to obtain substantially all the economic benefits from use of the asset throughout the period of use, and
- iii. The Company has right to direct the use of the asset.

Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

b) Initial recognition of Right of use asset (ROU)

The Company recognizes a ROU asset at the lease commencement date (i.e., the date the underlying asset is available for use). ROU assets are initially measured at cost less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, adjusted for any lease payments made on or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or site on which it is located, less any lease incentives received.

c) Subsequent measurement of Right of use asset (ROU)

ROU assets are subsequently amortized using the straight-line method from the commencement date to the earlier of the end of the useful life of ROU asset or the end of the lease term. If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. In addition, the right of use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurement of the lease liability. Refer to the accounting policies in section 1.12 Impairment of non-financial assets.

d) Initial recognition of lease liability

Lease liabilities are initially measured at the present value of the lease payments to be paid over the lease term. Lease payments included in the measurement of the lease liabilities comprise of the following:

- i. Fixed payments, including in-substance fixed payments
- ii. Variable lease payments that depend on an index or a rate
- iii. Amounts expected to be payable under a residual value guarantee; and
- iv. The exercise price under a purchase option, extension option and penalties for early termination only if the Company is reasonably certain to exercise those options.

e) Subsequent measurement of lease liability

Lease liabilities are subsequently increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

f) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption. Lease payments on short-term leases and leases of low-value assets are recognized as expense in Statement of Profit and Loss.

As a Lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the lease term.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables and finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Estimates and assumptions**Determination of discount rate as a lessee**

Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. Company estimates its incremental borrowing rate, which is the rate of interest that the Company would have to pay to borrow on a collateralized basis over a similar term an amount equal to the lease payments in a similar economic environment using observable available inputs (such as market interest rates).

1.25 The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification as below.**An asset is treated as current when it is:**

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or Cash Equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is treated as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current

1.26 Recent accounting pronouncements - Standards issued but not yet effective:

The Ministry of Corporate Affairs (MCA) has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 vide notification No. G.S.R 242(E) dated 31st March 2023, effective from 1st April 2023. The following are the major amendments

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how company should account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments clarify the definition of a change in accounting estimates by replacing with a definition of accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

NOTE-1 B: Significant Accounting Judgements, Estimates and Assumptions

The preparation of the Company's standalone financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, accompanying disclosures, contingent liabilities/assets at the date of the standalone financial statements. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Uncertainty about these assumptions and estimates could result in outcomes that require adjustment to the carrying amount of assets or liabilities affected in future periods.

In particular, the Company has identified the areas where significant judgements, estimates and assumptions are required. Further information on each of these areas and how they impact the various accounting policies are described below and also in the relevant notes to the financial statements. Changes in estimates are accounted for prospectively.

1. Judgments

In the process of applying the Company's accounting policies, management has made the judgments, which have the most significant effect on the amounts recognized in the standalone financial statements:

1.1 Contingencies

Contingent liabilities and assets which may arise from the ordinary course of business in relation to claims against the Company, including legal, contractor, land access and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involve the exercise of significant judgments and the use of estimates regarding the outcome of future events.

2. Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company determines its assumptions and estimates on parameters available when the financial statements are prepared. Existing circumstances and assumptions about future developments, however, may change due to market change or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

2.1 Estimation uncertainties relating to global health pandemic from COVID-19:

On March 11, 2020 the World Health Organization (WHO) declared the outbreak of new coronavirus ("COVID-19") as a global pandemic. This outbreak is causing significant disturbances and slowdown of economic activity. The Company's operations were slightly impacted in the last week of March 2020, resulting in slight reduction of sales volumes due to nationwide lockdown advised by the Government of India in view of COVID-19.

In assessing the recoverability of carrying amounts of Company's assets such as property, plant and equipment, trade receivables, loans/ advance, intangible assets, investments and

other assets etc., the Company has considered various internal and external information up to the date of approval of these financial statements and concluded that they are recoverable based on the cash flow projections.

The Company has assessed the potential impact of COVID-19 based on the current circumstances and expects no significant impact on the continuity of operations of the business on long term basis/ on useful life of the assets/on financial position etc.

2.2 Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

2.3 Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

2.4 Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

2.5 Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgments in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. Impairment of investment in subsidiaries, joint ventures or associates is based on the impairment calculations using discounted cash flow/net asset value method, valuation report of external agencies, Investee Company's past history etc.

Nature and Purpose of reserves

A Retained Earnings

The Retained Earnings represents accumulated earnings of the Company. Retained Earnings is a free reserve of the Company and is used for the purposes like issuing bonus shares, buy back of shares and other purposes (like declaring Dividend etc.) as per the approval of Board of Directors. It includes the re-measurement gain/(loss) on defined benefit plans which will not be re-classified to statement of profit and loss in subsequent periods.

B Bond Redemption Reserve

As per the Companies Act, 2013 a Bond Redemption Reserve is required to be created for all bonds/ debentures issued by the Company at a specified percentage. Further, MCA vide notification No. 574 (E) dated 16th August 2019, creation of Bond Redemption Reserve is not required for listed companies. However, there is no clarity in the notification whether non-creation of Bond Redemption Reserve is applicable for bonds issued before notification date. Therefore, the Company has decided to continue creation of Bond Redemption Reserve as per conservative approach. This reserve is created out of appropriation of profits over the tenure of bonds and during the previous year the Company has fully repaid bonds. Accordingly, the Company has transferred back Bond Redemption Reserve to Retained earnings.

C Capital Redemption Reserve

As per the Companies Act 2013, Capital Redemption Reserve is created when the Company purchases its own shares out of free reserves or securities premium. A sum equal to the nominal value of the shares purchased is transferred to Capital Redemption Reserve. Utilization of this reserve is governed by the provisions of the Companies Act 2013

D Fair Value Gain/ (Loss) of Equity Instruments

This reserve represents the cumulative effect of fair value fluctuations of investments made by the company in equity instruments of other entities. The cumulative gain or loss arising on such changes are recognised through Other Comprehensive Income (OCI) and accumulated under this reserve. This will not be re-classified to the statement of profit and loss in subsequent periods.

E Cash Flow Hedge Reserve

The Cash Flow Hedge Reserve represents the cumulative effective portion of gains/ (losses) arising on changes in fair value of designated portion of hedging instruments entered into for cash flow hedges. The cumulative gain/ (loss) arising on such changes are recognised through Other Comprehensive Income (OCI) and accumulated under this reserve. Such gains/ (losses) will be reclassified to statement of profit and loss in the period in which the hedged item occurs/ affects the statement of profit and loss..

The same are pending for final adjudication.
- IV. During the financial year 2015-16, the Company has filed a Writ Petition before Hon'ble Delhi High Court challenging the jurisdiction of PNGRB to fix transmission tariff for natural gas marketed to consumers. Hon'ble High Court has dismissed the aforesaid Writ Petition vide its Order dated 11th April 2017. In this regard, the Company has filed a Review Petition before the Hon'ble Delhi High Court on 12th May 2017 which has been admitted by the Hon'ble Court and is pending for final adjudication.

- V. PNGRB vide Gazette Notification No. F. No. PNGRB RB/COM/3-PPPL Tariff (1)/2012 Vol-IV (P-1018) dated 14th December 2021, has extended the existing LPG Pipeline tariff determination regulations till 30th September 2023.

33 On 19th February 2014, PNGRB notified the Amended Affiliate Code of Conduct Regulations by insertion of Regulation 5A mandating that an entity engaged in both marketing and transportation of natural gas shall create a separate legal entity on or before 31st March 2017 so that the activity of transportation of natural gas is carried on by such separate legal entity and the right of first use shall, however, be available to the affiliate of such separate legal entity. The Company has challenged the said PNGRB Regulation before Hon'ble Delhi High Court by way of a Writ Petition and the same is pending for final adjudication.

Pursuant to the notification of PNGRB (Determination of Natural Gas Pipeline Tariff) Amendment Regulations, 2022 dated 17.11.2022, and the subsequent submission of GAIL, PNGRB, vide Tariff Orders dated 22.03.2023 and 24.03.2023,

has determined Integrated Tariff (levelized and zonal apportionment) for GAIL's Integrated Natural Gas Pipeline (comprising Integrated HVJ, DUPL-DPPL, DBPL, DBNPL, CJHPL, JHBDPL, South Gujarat sub-network, Trombay and Uran-Thal-Usar sub-networks) with effect from 1st April, 2023.

34 Pursuant to the notification of PNGRB (Determination of Natural Gas Pipeline Tariff) Second Amendment Regulations, 2020 dated 23.11.2020 and the amendments in the PNGRB (Determination of Natural Gas Pipeline Tariff) Regulations, 2008, PNGRB, vide Tariff Order dated 29th March, 2023, has determined the 'Unified Tariff' for the National Gas Grid System (NGGS), which has come into force with effect from 1st April, 2023. The NGGS comprises of twelve (12) inter-connected natural gas pipelines of nine (09) entities. Under the same, customers/shippers across the country and located on the NGGS shall be paying the same applicable zonal unified tariff for movement of gas from the Unified Entry Point upto the Unified Exit Point on the NGGS. However, Revenue Entitlement of GAIL would be as per its Approved Zonal Integrated Tariff and KG-Basin Tariff which are part of the NGGS.

- II. In the year 1990, Gujarat Industrial Development Corporation (GIDC) allotted Leasehold Land measuring 70.87 Hectares to the Company for 99 years for setting up of LPG Recovery in Vaghodia, Gujarat. The Lease Deed executed is for approx. 66.30 Hectares of Land, whereas the Government of Gujarat has not yet transferred the balance to GIDC.

Company is pursuing the matter with GIDC and Government of Gujarat for regularization of the balance land. Company has maintained the stand that no further amount is payable in the absence of demand from GIDC. The Company is of the opinion that since the amount for allotted land has already been paid and there is no additional demand from GIDC, no liability / contingent liability exists on the Company.

I. The Company is acting as a Pool Operator in terms of the decision of Government of India for pooling of Natural Gas for Urea Plants. The scheme envisages uniform cost of gas for urea production by settlement of difference in weighted average price of gas of each plant to the weighted average price for the industry. As on reporting date, the dues payable to Urea plants is ₹ 0 crore (Previous Year: ₹ 82.79 crore).

- II. The Company is acting as Pool Operator in terms of the decision of the Government of India for capacity utilization of the notified gas-based power plants. The Scheme, which was applicable till 31st March 2017, envisaged support to the power

plants from the Power Sector Development Fund (PSDF) of the Government of India. The gas supplies were on provisional / estimated price basis, which were to be reconciled based on actual cost. Accordingly, current liabilities include a sum of ₹ 87.63 crore (Previous Year: ₹ 87.63 crore) on this account, as on 31st March 2023 which is payable to the above said power plants and / or to the Government of India.

revenue arising from contracts with customers and requires that revenue be recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

Ind AS 115 requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers. The standard also specifies the accounting for the incremental costs of obtaining a contract and the costs directly related to fulfilling a contract. In addition, the standard requires extensive disclosures.

54 Financial Risk Management:

The company is exposed to a number of financial risks arising from natural business exposures as well as its use of financial instruments. This includes risks relating to commodity prices, foreign currency exchange, interest rates, credit and liquidity.

I. Market Risk

Market risk is a risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of interest rate risk, foreign currency risk, equity price risk and commodity price risk. Financial instruments affected by market risk includes Loans, Borrowings, Deposits and Derivative Instruments.

(a) Interest Rate Risk

Interest rate risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the long-term domestic rupee term loans with floating interest rates. The Company manages its interest rate risk according to its Board approved Foreign Currency and Interest Rate Risk Management Policy. Market interest rate risk is mitigated by hedging through appropriate derivatives products such as interest rate swaps & full currency swaps, in which it agrees to exchange, at specified intervals, the difference between fixed and variable rate interest amounts calculated by reference to an agreed-upon notional principal amount.

Interest Rate Sensitivity

With all other variables held constant, the following table demonstrates the sensitivity to a reasonably possible change in interest rates on floating rate portion of forex loans and borrowings outstanding as on 31st March 2023, after considering the impact of swap contracts.

Particulars	31 st March, 2023		31 st March, 2022

Effect on Profit Before Tax (₹ in crore)	-7.32	+7.32		-4.83	+4.83	

With all other variables held constant, the following table demonstrates the sensitivity to a reasonably possible change in interest rates on Corporate Linked Term Deposit Scheme (CLTD) outstanding as on 31st March, 2022 which are linked with Mumbai Interbank Offer Rate (MIBOR):

Particulars	31 st March, 2023			31 st March, 2022		
	INR (MIBOR)		Others	INR (MIBOR)		Others
Increase/decrease in (MIBOR) by 100 bps	+100	-100	Nil	+100	-100	Nil
Effect on profit before Tax (₹ in crore)	+0.77	-0.77		4.7	-4.7	

b) Foreign Currency Risk

Foreign currency risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company transacts business in local currency and foreign currency, primarily US Dollars. Company has obtained foreign currency loans and has foreign currency trade payables and receivables and is therefore, exposed to foreign exchange risk. As per its Board approved policy, Company may mitigate its foreign currency risk through plain vanilla derivative products such as foreign exchange option contracts, swap contracts and forward contracts for hedging such risks. These foreign exchange contracts, carried at fair value, may have varying maturities depending upon the underlying contract requirement and risk management strategy of the Company.

Foreign Currency Sensitivity

The following table demonstrates the sensitivity in the USD, EURO, and other currencies to the functional currency of the Company, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including foreign currency derivatives.

Particulars	31 st March, 2023				31 st March, 2022			
	USD		Other Currencies		USD		Other Currencies	
Increase/decrease in Exchange Rate (%)	1%	-1%	1%	-1%	1%	-1%	1%	-1%
Effect on Profit Before Tax (₹ in crore)	-32.66	+32.66	-11.84	+11.84	-25.92	+25.92	-1.29	+1.29

c) Commodity Price Risk

The Company imports LNG for marketing and its internal consumption on an on-going basis and is not exposed to the price risk to the extent it has contracted with customers in India and overseas on back to back basis. However, the Company is exposed to the price risk on the volume which is not contracted on back to back basis. As most of the LNG purchase and sales contracts are based on natural gas or crude based index, such price risk arises out of the volatility in these indices. In order to mitigate this index linked price risk, the Company has been taking appropriate derivative products in line with the Board approved 'Natural Gas Price Risk Management Policy'.

d) Equity Price Risk

The Company's investment in listed and unlisted equity instruments are subject to market price risk arising from uncertainties about future values of these investments. The Company manages the equity price risk through review of investments on a regular basis. The Company's Board of Directors reviews and approves all the equity investment decisions of the Company.

At the reporting date, the exposure to unlisted equity investments at fair value was ₹ 280.78 crore (Previous Year: ₹ 233.42 crore).

At the reporting date, the exposure to listed equity investments at fair value was ₹ 4662.74 crore (Previous Year: ₹ 5058.89 crore). A variation of (+/-) 10% in share price of equity investments listed on the stock exchange could have an impact of approximately (+/-) ₹ 466.27 crore (Previous Year ₹ 505.89 crore) on the OCI and equity investments of the Company. These changes would not have an effect on profit or loss.

II. Liquidity Risk

Liquidity risk is a risk that suitable sources of funding for Company's business activities may not be available. The Company's objective is to maintain optimum level of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It also maintains adequate sources to finance its short term and long term fund requirements such as overdraft facility and long term borrowing through domestic and international market.

III. Credit Risk

Credit risk is a risk that a customer or ship party to a financial instrument may fail to perform or pay the due amounts causing financial loss to the Company. It is considered as a part of the risk-reward balance of doing business and is considered on entering into any business contract to the extent to which the arrangement exposes the Company to credit risk. It may arise from Cash and Cash Equivalents, Derivative Financial Instruments, deposits with financial institutions and mainly from credit exposures to customers relating to outstanding receivables. Credit exposure also exists in relation to guarantees issued by the Company. Each segment is responsible for its own credit risk management and reporting.

The Company has issued Corporate Guarantees on behalf of its group companies, refer note no. 50 (II) for details.

Trade Receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and controls relating to customer credit risk management. Outstanding receivables from customers are regularly monitored. An impairment analysis is performed at each reporting date on an individual basis for major clients.

Foreign exchange transaction and investments of surplus funds are made only with empanelled Banks and Liquid & Overnight Mutual Funds. Credit limits of all Banks are reviewed by the Management on regular basis.

IV. Capital Management

Capital includes issued capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximize the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders, or issue new shares. No changes were made in the objectives, policies or processes during the reporting year.

55 Accounting Classifications and Fair Value Measurements:

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: technique which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Note:

- The carrying cost of Interest-bearing loans & borrowings is approximately equal to their Fair Market Value.
- The carrying amount of trade receivables, cash and cash equivalents, other bank balance, others receivables, trade payables, interest accrued and due, other payables and other financial liabilities are considered to be same as their fair value due to their short term nature.
- With respect to loans, the fair value was calculated based on cash flows discounted using the current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Description for significant unobservable inputs to valuation:

The following table shows the valuation techniques and inputs used for financial instruments:

Particulars	As at 31 st March, 2023	As at 31 st March, 2022

56 Hedging Activities and Derivatives:

Derivatives not designated as Hedging Instruments:

The Company uses forward currency contracts, interest rate swaps, cross currency interest rate swaps, commodity swap contracts to hedge its foreign currency risks, interest rate risks and commodity price risks. Derivative contracts not designated by management as hedging instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value on each reporting date. Such contracts are entered into for periods consistent with exposure of the underlying transactions.

Derivatives designated as Hedging Instruments:**Cash Flow Hedges**

The Company enters into hedging instruments in accordance with policies as approved by the Board of Directors with written principles which is consistent with the risk management strategy of the Company. Company has decided to apply hedge accounting for certain derivative contracts that meets the qualifying criteria of hedging relationship entered into post October 01, 2017.

Foreign Currency Risk

Foreign exchange forward contracts are designated as hedging instruments in cash flow hedges of firm commitment of capital purchases in USD and existing borrowings e.g. USD / Japanese Yen etc.

Commodity Price Risk

The Company purchases and sells natural gas / liquefied petroleum gas on an ongoing basis as its operating activities. The significant volatility in natural gas / liquefied petroleum gas prices over the years has led to Company's decision to enter into hedging instruments through swap transactions including basis swaps. These contracts are designated as hedging instruments in cash flow hedges of forecasted sales and purchases of natural gas / liquefied petroleum gas.

The table below shows the position of hedging instruments and hedged items (underlying) as at the balance sheet date.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF GAIL (INDIA) LIMITED FOR THE YEAR ENDED 31 MARCH 2023

The preparation of financial statements of GAIL (India) Limited for the year ended 31 March 2023 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditor appointed by the Comptroller and Auditor General of India under section 139(5) of the Act are responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 18 May 2023.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the standalone financial statements of GAIL (India) Limited for the year ended 31 March 2023 under section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditor and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditor's report under section 143(6)(b) of the Act.

For and on behalf of the
Comptroller & Auditor General of India

CONSOLIDATED FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT

To the Members of GAIL (India) Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of GAIL (India) Limited (hereinafter referred to as "the Holding company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), its associates and jointly controlled entities, which comprise of the Consolidated Balance Sheet as at March 31, 2023 the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity, the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the act, read with the Companies (Indian Accounting Standards) Rule 2015, as amended and accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associates and jointly controlled entities as at March 31, 2023, and their consolidated net profit (financial performance including other comprehensive income), their consolidated changes in equity, and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion, on the consolidated Financial Statements.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred in to paragraph 1 of the Other matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statement.

Emphasis of Matter

1. We draw attention to Note No. 32 (iii) to the consolidated financial statements regarding, various final transportation tariff orders

issued by Petroleum and Natural Gas Regulatory Board (PNGRB), which have been contested by the company at Appellate Tribunal for Electricity (APTEL) and also certain customers have challenged these orders of PNGRB in Court of Law. Adjustment if any will be recognized as and when matter is finally decided.

2. We draw attention to Note No. 30 (I) (a) (iii) to the consolidated financial statements regarding CESTAT order confirming the demand for the differential amount by the Central Excise Department in the matter pertaining to classification of 'Naphtha' manufactured by the Company, of ₹ 3,391 crores including applicable penalty and interest thereon. Considering the merits of the case, Company has filed an appeal before the Hon'ble Supreme Court. Based on the legal opinion obtained, the Company does not foresee any probable outflow in the matter and accordingly has disclosed the same under contingent liability.
3. We draw attention to Note No. 30 (I) (a) (iii) to the consolidated financial statements regarding, demand by customs authorities amounting to ₹ 934.01 crore including penalty and interest, on account of Special Additional Duty (SAD) and Custom Duty on differential quantity, while finalizing provisionally assessed Bill of Entries in respect of import of LNG by Company during September 2017 to March 2022 at Dabhol Port, Ratnagiri. Considering the merits of the case, the Company is in process of filing an appeal before the Commissioner (Appeals) Pune. Further based on the exemption notification 51/2017 dated 30.06.2017, clarification provided by Central Board of Indirect Taxes and Customs (CBIC) and practice being followed at other Custom Port i.e. Dahej & Hazira, the Company is confident of favorable outcome in the matter and accordingly has disclosed the same under contingent liability.
4. We draw attention to Note no 64 to the consolidated financial statements regarding depreciation on Natural Gas/LPG Transmission Pipelines considering useful life of 30 years and residual value of 5%. During the year, the company has sought an opinion of the Expert Advisory Committee (EAC) of the Institute of Chartered Accountants of India (ICAI) on the residual value of Natural Gas/LPG Transmission Pipelines for which opinion is awaited.

Our opinion is not modified in respect of matters mentioned in above paragraphs.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, description of how our audit addressed the matter is provided in that context. Considering the requirement of Standard on Auditing (SA 600) on 'Using the work of Another Auditor' including materiality, below Key Audit Matters have been reproduced from the Independent Auditors' report on the audit of Standalone Financial Statements of the Holding Company.

Sl.No.	Key Audit Matter	How our audit addressed the Key Audit Matter
1.	<p>Recognition and measurement of revenues in view of adoption of Ind AS 115 "Revenue from Contracts with Customers"</p> <p>We identified above as Key Audit Matter as the application of the revenue accounting standard involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognized over a period. Additionally, revenue accounting standard contains disclosures which involves collation of information in respect of disaggregated revenue and periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.</p> <p>Refer notes 21 and 38 to the Consolidated financial statements.</p>	<p>Principal Audit Procedures</p> <p>We assessed the Company's process to identify the impact of adoption of the revenue accounting standard and checked the appropriateness of accounting policy. Our audit approach consisted testing of design and operating effectiveness of the internal controls as follows:</p> <ol style="list-style-type: none"> 1. Evaluated the design of internal controls relating to implementation of the revenue accounting standard, wherever applicable. 2. Selected a sample of continuing and new contracts, and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price. We carried out a combination of procedures involving enquiry and observation, re-performance and inspection of evidence in respect of operation of these controls. 3. Tested the relevant information technology systems' access and change management controls relating to contracts and related information used in recording and disclosing revenue in accordance with the revenue accounting standard. <p>Selected a sample of continuing and new contracts and performed the following substantive procedures:</p> <ol style="list-style-type: none"> 1. Read, analyzed and identified the distinct performance obligations in these contracts. 2. Compared these performance obligations with that identified and recorded by the Company. 3. Considered the terms of the contracts to determine the transaction price including any variable consideration to verify the transaction price used to compute revenue and to test the basis of estimation of the variable consideration.
2.	<p>Evaluation of uncertain tax positions and contingent liabilities</p> <p>The company operates in multiple jurisdictions and is subject to periodic challenges by local tax authorities and other regulatory authorities such as PNGRB on a range of matters during the normal course of business including indirect tax matters. We have identified above as Key Audit Matter as these involve significant judgement to determine the possible outcome of material uncertain tax positions and contingent liabilities including matters under dispute, consequently having an impact on related accounting and disclosures.</p> <p>Refer note 30 (I) to the consolidated financial statements.</p>	<p>We have applied the following audit procedures in this regard:</p> <ol style="list-style-type: none"> 1. Obtained an understanding of key tax matters and other contingent liabilities. 2. Read and analyzed the key correspondences, external legal opinions/ consultations obtained by the company. 3. Evaluated and challenged key assumptions made by the company in estimating the current and deferred tax balances. 4. Assessed and challenged the company's estimate of the possible outcome of the disputed cases by considering legal precedence and other judicial rulings. 5. Assessed and tested the presentation and disclosures relating to uncertain tax positions and contingent liabilities.
3.	<p>Derivative transaction and accounting of hedge transactions</p> <p>We have identified above as Key Audit Matter as hedge accounting has resulted into significant impact on financial statements coupled with complexity of its accounting, calculations and complex/numerous assumptions taken for establishing hedge relationship. Mark to market gain / loss pertaining to these derivative contracts are recognized in other comprehensive income.</p> <p>Refer note 56 to the consolidated financial statements.</p>	<p>We have applied the following audit procedures in this regard:</p> <ol style="list-style-type: none"> 1. Obtained an understanding of management's controls over recording of derivative transactions and application of hedge accounting. 2. Tested the accuracy and completeness of derivative transactions. 3. We have relied on the valuation report evaluating the appropriateness of the valuation methodologies applied and tested on sample basis the valuation of the derivative financial instruments. 4. Validated that the derivative financial instruments qualify for hedge accounting and tested accuracy of hedge effectiveness and ineffectiveness on sample basis.
4	<p>Technical parameters and voluminous transactions of Natural gas trading and transmission captured to measure Revenue and Inventory through integrated system and complexities involved therein.</p>	<p>We have applied the following audit procedures in this regard:</p> <ol style="list-style-type: none"> 1. We have performed test of controls, assisted by our IT specialists, over the accuracy and completeness of the quantity captured via IT system through the accounting software.

Sl.No.	Key Audit Matter	How our audit addressed the Key Audit Matter
	<p>We have identified above as Key Audit Matter because determination of the quantity of Natural Gas sold and in stock through gas-pipelines involves use of various technical aspects of the natural gas such as pressure, temperature etc. captured from the measuring devices installed on the gas pipelines. We were informed that the methodology is standard and used industry-wide. This increases the complexity of validating quantity of Natural Gas sold and stock in pipeline as at March 31, 2023. Refer notes 10 and 21 to the consolidated financial statements.</p>	<p>2. We have obtained management representation that the IT system applies a standard methodology to capture the quantity of Natural Gas for the purpose of Revenue and inventory measurement.</p> <p>3. We have verified valuation of closing Inventories by applying various aspects made available to us by the management such as conversion factors, meter reading etc.</p>
5.	<p>Evaluation of the recoverable amounts of investments in and advances to certain subsidiaries</p> <p>The Company's evaluation of the recoverable amounts of investments in and advances to certain subsidiaries involves comparison of their recoverable value and the carrying amount. Management determines the recoverable amount based on management's estimates of future cash flows. Significant judgements are required to determine the aforesaid assumptions used in the discounted cash flow models. Due to the uncertainty of forecasting and discounting future cash flows, being inherently subjective, the level of management's judgement involved and the significance of the Company's investment as at March 31, 2023, we have considered this as a key audit matter.</p> <p>Refer note 5 of consolidated financial statements.</p>	<p>We have applied the following audit procedures in this regard:</p> <p>1. We have carried out assessment of forecasts of future cash flows prepared by the management, evaluating the assumptions and comparing the estimates to externally available industry, economic and financial data.</p> <p>2. Assessed the reasonableness of the key business assumptions such as revenue growth and EBITDA margins, by understanding the management's plan and performing retrospective testing.</p> <p>3. We have evaluated the Company's valuation methodology in determining the fair value of the investment. In making this assessment, we also assessed the professional competence, objectivity and capabilities of the valuation specialist engaged by the management.</p> <p>4. Assessed the reasonableness of the key assumptions adopted in the cash flow forecasts with the assistance of our internal valuation experts.</p> <p>5. We have carried out discussions with management on the performance of the Company's investments as compared to previous year in order to evaluate whether the inputs and assumptions used in the cash flow forecasts were suitable.</p> <p>6. Evaluated management's sensitivity analysis around the key assumptions.</p>
6.	<p>Provision for Performance Related Pay</p> <p>The provision for performance related pay for financial year 2022-23 is made based on Department of Public enterprises guidelines (DPE). The rating factors are yet to be approved by Board of Directors.</p>	<p>We have applied the following audit procedures in this regard:</p> <p>1. We have reviewed the circular issued by DPE and verified the computations shared by the management for FY 2022-23 to satisfy that the methodology as prescribed in the circular have been followed and the provision made is reasonable.</p> <p>2. We have verified the self-evaluation report of GAIL's Memorandum of Understanding (MOU) for the FY 2021-22 where ratings have been approved by the Board of Directors to determine reasonability of assumptions used for FY 2022-23.</p> <p>3. We have also obtained MOU ratings communicated by DPE for FY 2021-22 mentioning scores and rating of the Company.</p>

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available to us and, in doing so, consider whether

the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

When we read such other information as and when made available to us and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate action, if required.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group, its associates and jointly controlled entities in accordance with the accounting principles generally accepted in India,

including the Indian Accounting Standards ("Ind AS") specified under section 133 of the Act read with the companies (Indian Accounting Standards) Rules 2015 as amended. The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and of its associates and jointly controlled entities and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for assessing the ability of the Group and of its associates and jointly controlled entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group, its associates and jointly controlled entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled entities.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company, its subsidiaries, its associates and jointly controlled entities incorporated in India have adequate internal financial controls with reference to Consolidated Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the holding companies' managements and Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and jointly controlled entities to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and jointly controlled entities to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and jointly controlled entities to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE - B TO THE INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 2(f) under "Report on Other legal and regulatory requirements" section of our Independent Auditors' Report of even date to the members of GAIL (India) Limited on the consolidated financial statements for the year ended March 31, 2023.

Report on the Internal Financial Controls with reference to Consolidated Financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the company as of and for the year ended March 31, 2023, We have audited the internal financial controls with reference to Consolidated Financial Statements of GAIL (India) Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies (the Holding Company and its subsidiaries together referred to as "the Group"), its associate companies and jointly controlled companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary companies, its associate companies and jointly controlled entities, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding company, its subsidiary companies, its associate companies and jointly controlled companies which are incorporated in India, Internal Financial Control over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls both issued by Institute of Chartered Accountants of India, with reference to Consolidated Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statement was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statement and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statement included obtaining an understanding of internal financial controls with reference to Consolidated Financial Statement, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The

procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial control of the Group, its associates and jointly controlled companies incorporated in India with reference to Consolidated Financial Statements.

Meaning of Internal Financial Controls with reference to Financial Reporting

A Company's internal financial control with reference to Consolidated Financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated financial Statement for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to Consolidated financial Statement includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the Company;
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Reporting

Because of the inherent limitations of internal financial controls with reference to Consolidated financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated financial statement to future periods are subject to the risk that the internal financial control with reference to financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanation given to us, the Holding Company, its subsidiary companies, its associate companies and jointly controlled companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system, with reference to Consolidated financial Statements except timely closure of contracts in case of holding company in place and such internal financial controls with reference to Consolidated Financial Statements were operating effectively as at March 31st, 2023, based on the internal control Over financial reporting criteria established by the Group, its associates and jointly controlled entities considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by The Institute of Chartered Accountants of India.

Other Matters

1. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to Consolidated financial statement of the holding company, insofar as it relates to 4 (Four) subsidiary and 5 (Five) jointly controlled / associate company which are incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.
2. Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to Consolidated Financial Statements insofar as it relates to 10 (ten) associates / jointly controlled

entities incorporated in India, whose financial statements / financial information are unaudited and our opinion on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements of the Group, its associates and jointly controlled entities is not affected as the Group's, its associates and jointly controlled entities share of net profit/loss (including Other Comprehensive Income) and disclosures included in respect of these associates/jointly controlled entities in these Consolidated Financial Statements are not material to the Group.

Our report is not modified in respect of the above matters.

Notes Accompanying Consolidated Financial Statement for the year ended 31st March, 2023

Corporate Information

GAIL (India) Limited ("GAIL" or "the Company" or "Parent") is a Limited Company domiciled in India and was incorporated on August 16, 1984. Equity shares of the Company are listed in India on the Bombay stock exchange and the National stock exchange. In addition, GAIL GDRs are listed at London Stock Exchange. The Government of India holds 51.52% in the paid-up equity capital of the company as on 31st March 2023. The registered office of the Company is located at 16, Bhikaji Cama Place, R K Puram, New Delhi 110066.

The Company along with Subsidiary (the group) and its Joint ventures and Associate is the largest state-owned natural gas processing and distribution Company in India. The Company has a diversified business portfolio and has interests in the sourcing and trading of natural gas, manufacturing of LPG, Liquid hydrocarbons and Petrochemicals, transmission of natural gas and LPG through pipelines, City Gas, etc. GAIL is also engaged in the business of Oil and Gas Exploration and Production to increase the access to gas supplies through equity and joint venture participations.

The financial statements of the company for the year ended 31st March 2023 were authorized for issue in accordance with a resolution of the Board of Directors on 18th May 2023.

Basis of Preparation

The Consolidated Financial Statements of the Group along with its Associates and Joint venture have been prepared in accordance with Indian Accounting Standards (Ind-AS) as notified by the Ministry of Corporate Affairs ("MCA") under section 133 of the Companies Act, 2013 ("Act"), read with Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act.

The Consolidated Financial Statements have been prepared as a going concern on accrual basis of accounting. The Group has adopted historical cost basis for assets and liabilities except for certain items which have been measured on a different basis and such basis is disclosed in the relevant accounting policy.

The financial statements are presented in Indian Rupees ('₹') which is functional currency of the company and the values are rounded to the nearest crore (up to two decimals), except otherwise indicated.

Basis of Consolidation

The consolidated financial statements comprise the financial statements of GAIL and its subsidiaries along with its joint ventures and associates as at 31st March 2023. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights
- The size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

The financial statements of the Group and its subsidiaries have been consolidated using uniform accounting policies for like transactions and other events in similar circumstances. If necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies if material to the group financials.

The financial statements of the subsidiary companies used in the consolidation are drawn up to the same reporting date as that of the parent i.e. year ended 31st March 2023, except as stated in Note 29 (B).

Consolidation Procedure

- The consolidated financial statements of the Company and its subsidiaries are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses after fully eliminating intra-Group balances and intra-Group transactions resulting in unrealized profits or losses.
- Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.
- Eliminate in full intragroup assets and liabilities, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.
- Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

Investment in associates and joint ventures

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about

the relevant activities require unanimous consent of the parties sharing control.

The Group's investments in its associate and joint venture are accounted for using the equity method. Under the equity method, the investment in an associate or a joint venture is initially recognized at cost. The carrying amount of the investment is adjusted to recognize changes in the Group's share of net assets of the associate or joint venture since the acquisition date. Goodwill relating to the associate or joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The statement of profit and loss reflects the Group's share of the results of operations of the associate or joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognized directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the statement of changes in equity, same is followed when opening financials are revised by the Joint venture/associates after date of consolidation in previous years. Unrealized gains and losses resulting from transactions between the Group and the associate or joint venture are eliminated to the extent of the interest in the associate or joint venture. The aggregate of the Group's share of profit or loss of an associate and a joint venture is shown on the face of the statement of profit and loss.

The financial statements of the Group's associate and joint venture are prepared for the same reporting period as the Group except as stated in Note 29. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

1. Accounting Policies

1.1 Property, Plant and Equipment (PPE)

- (i) The Costs of an item of PPE is recognized as an asset if, and only if:
 - i. It is probable that the future economic benefits flow to the entity; and
 - ii. The cost of an item can be measured reliably
- (ii) Property, Plant and Equipment are stated at original cost net of tax / duty credit availed, less accumulated depreciation / amortization and cumulative impairment losses. All costs relating to acquisition of fixed assets till commissioning of such assets are capitalized. In the case of commissioned assets where final payment to the Contractors is pending, capitalization is made on provisional basis, including provisional liability pending approval of Competent Authority, subject to necessary adjustment in cost and depreciation in the year of settlement.
- (iii) Stores & Spares which meet the definition of PPE (whether as component or otherwise) and satisfy the recognition criteria, are capitalized as PPE in the underlying asset. Expenditure on major inspection and overhauls of PPE is capitalized, when it meets the asset recognition criteria. Any remaining carrying amount of the cost of the previous inspection and overhaul is derecognized. The cost of replacing major part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognized regardless of whether the replaced part has been depreciated separately. If it is not practicable to determine the carrying amount of the replaced part, the Company uses the cost of the replacement as an indication of what the cost of replaced part was at the time it was acquired or constructed
- (iv) Technical know-how/license fee incurred at the time of procurement of PPE are capitalized as part of the underlying asset.

- (v) Items of PPE may be acquired for safety or environmental reasons. The acquisition of such PPE, although not directly increasing the future economic benefits of any particular existing item of PPE, may be necessary for an entity to obtain the future economic benefits from its other assets. Such items of PPE are recognized as assets
- (vi) Property, plant and equipment is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on de-recognition of an item of property, plant and equipment are determined as the difference between sale proceeds from disposal, if any, and the carrying amount of property, plant and equipment and are recognized in the statement of profit and loss. In circumstance, where an item of property, plant and equipment is abandoned, the net carrying cost relating to the property, plant and equipment is written off in the same period.
- (vii) On transition to Ind AS, the Company has elected to continue with the carrying value of all of its PPE recognized as at 01.04.2015 measured as per previous GAAP and use that carrying value as deemed cost of the PPE.

1.2 Intangible Assets

- a) Intangible assets like Right of Use (RoU), Software, Licenses which are expected to provide future enduring economic benefits are capitalized as Intangible Assets and are stated at their cost of acquisition less accumulated amortization and any accumulated impairment loss.
- b) Expenditure incurred which are eligible for capitalizations under intangible assets are carried as intangible assets under development till they are ready for their intended use.
- c) An intangible asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gain or loss on de-recognition of an intangible asset is determined as the difference between the net disposal proceeds, if any, and the carrying amount of intangible assets and are recognized in the statement of profit and loss.
- d) On transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognized as at 01.04.2015 measured as per previous GAAP and use that carrying value as deemed cost of the intangible assets.

1.3 Capital Work in Progress

- a) Crop compensation is accounted for under Capital Work-in-Progress on the basis of actual payments/estimated liability, as and when work commences where ROU is acquired.
- b) The capital work in progress includes Construction Stores including Material in Transit/ Equipment / Services, etc. received at site for use in the projects.
- c) All revenue expenses incurred during Construction Period, which are exclusively attributable to acquisition / construction of the asset, are capitalized at the time of commissioning of such assets.

1.4 Exploration and Development Costs

- a) The Company follows Successful Efforts Method for accounting of Oil & Gas exploration and production activities carried out through incorporate or unincorporated Joint Ventures in the nature of Production Sharing Contracts (PSC) and Revenue Sharing Contracts (RSC) with respective host government and various body corporates for exploration, development and production activities, which includes exploration and evaluation costs as follows:

- (i) Geological and Geophysical (G&G) costs including seismic surveys, surface lease rentals etc. for exploration and appraisal proposes are recognized as revenue expenditure in the year in which these are incurred.
- (ii) Cost of exploratory/ appraisal wells are carried as Capital Work in Progress - Intangible Assets under development/ Capital work in progress. Such exploratory wells in progress are capitalized in the year in which the Producing Property is created. Such costs are written off in the year when determined to be dry / abandoned.
- (iii) Cost of all "exploratory wells in progress" is debited to Statement of Profits and Loss except of those wells for which there are reasonable indications of sufficient quantity of reserves and the enterprise is making sufficient progress assessing the reserves and the economic and operating viability of the project.

b) Capitalization of Producing Properties

Producing Properties are capitalized as "completed wells / producing wells" when the wells in the area / field are ready to commence commercial production on establishment of proved developed oil and gas reserves.

Cost of Producing Properties includes cost of successful exploratory wells, development wells, initial depreciation of support equipments & facilities and estimated future abandonment cost.

c) Depletion of Producing Properties

Producing Properties are depleted using the "Unit of Production Method (UOP)". The depletion or unit of production charged for all the capitalized cost is calculated in the ratio of production during the year to the proved developed reserves at the year end.

d) Production cost of Producing Properties

Company's share of production costs as indicated by Operator consists of pre well head and post well head expenses including depreciation and applicable operating cost of support equipment and facilities.

e) Accounting for joint operations

In relation to its interests in joint operations entered through Production Sharing Contracts (PSC) and Revenue Sharing Contracts, the company recognizes its proportionate share in assets, liabilities, revenue from the sale of the output, expenses of the joint operation entity, in the financial statements.

1.5 Foreign Currency Transaction

- a) Functional Currency of the Company is Indian Rupee (₹).
- b) Transactions in foreign currency are initially accounted at the exchange rate prevailing on the transaction date.
- c) Monetary items (such as Cash, Receivables, Loans, Payables, etc.) denominated in foreign currencies, outstanding at the year end, are translated at exchange rates (BC Selling Rate for Payables and TT Buying Rate for Receivables) prevailing at year end.
- d) Non-monetary items (such as Equity Investments, Property plant and equipment, Intangible assets etc.), denominated in foreign currencies are accounted at the exchange rate prevailing on the date of transaction(s) other than those measured at fair value.
- e) Any gains or loss arising on account of exchange difference either on settlement or on translation is adjusted in the Statement of Profit & Loss.
- f) Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-

monetary items is recognized in line with the gain or loss of the item arising on determination of fair value of such item, either in other comprehensive income or the Statement of Profit and Loss as the case maybe.

1.6 Borrowing Cost

Borrowing costs consist of:

- (a) interest expense calculated using the effective interest method as described in Ind AS 109 –'Financial Instruments'
- (b) interest expense on lease liabilities recognized in accordance with Ind AS 116–'Leases' and
- (c) exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Borrowing cost of the funds specifically borrowed for the purpose of obtaining qualifying assets and eligible for capitalization along with the cost of the assets, is capitalized up to the date when the asset is ready for its intended use after netting off any income earned on temporary investment of such funds. Other borrowing costs are recognized as expense in the year of incurrence.

1.7 Government Grants

Government Grants are not recognized until there is reasonable assurance that the Company will comply with conditions attached to them and the grants will be received. In case of depreciable assets, the cost of the assets is shown at gross value and grant thereon is taken to deferred income which is recognized as income in the Statement of Profit and Loss over the useful life of the asset. Government Grants related to non-depreciable assets may also require the fulfillment of certain obligations and would then be recognised in profit or loss over the periods that bear the cost of meeting the obligations.

1.8 Non-Current Assets held for Sale:

Non-current assets or disposable groups classified as held for sale are measured at the lower of carrying amount and fair value less cost to sale. Assets and liabilities classified as held for sale are presented separately in the balance sheet.

Non-current assets or disposable groups are classified as held for sale if their carrying amount will be recovered principally through a sale rather than through continuing use. Management must be committed to the sale expected within one year from the date of classification. Action required to complete the plan of sale should indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

PPE and Intangible assets once classified as held for sale are not depreciated or amortised.

1.9 Inventories

- a) Stock of Liquefied Natural Gas (LNG) and Natural Gas in pipelines is valued at cost on First in First out (FIFO) basis or net realizable value, whichever is lower.
- b) Raw materials and finished goods are valued at weighted average cost or net realizable value, whichever is lower. Finished goods include excise duty and royalty wherever applicable.
- c) Stock in process is valued at weighted average cost or net realisable value, whichever is lower. It is valued at weighted average cost where the finished goods in which these are to be incorporated are expected to be sold at or above the weighted average cost.
- d) Stores and spares and other material for use in production of inventories are valued at weighted average cost or net realisable value, whichever is lower. It is valued at weighted average cost

where the finished goods in which they will be incorporated are expected to be sold at/or above cost.

- e) Surplus / Obsolete Stores and Spares are valued at cost or net realisable value, whichever is lower.
- f) Surplus / Obsolete Capital Stores, other than held for use in construction of a capital asset, are valued at lower of cost or net realisable value.
- g) Imported LNG in transit is valued at CIF value or net realizable value whichever is lower.
- h) Renewable Energy Certificates (RECs) are valued at cost on First in First out (FIFO) basis or net realizable value, whichever is lower.

1.10 Revenue recognition

The Company has applied the modified retrospective approach on transition to Ind AS 115.

- a) Revenue is recognized to depict the transfer of control of promised goods or services to customers upon the satisfaction of performance obligation under the contract in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Consideration includes contributions by customers towards assets over which Company has control.
- b) Where performance obligation is satisfied over time, company recognizes revenue using input/ output method based on performance completion till reporting date. Where performance obligation is satisfied at a point in time, company recognizes revenue when customer obtains control of promised goods and services in the contract.
- c) The Company uses output method in accounting for the revenue in respect of sale of services. Use of output method requires the Company to recognize revenue based on performance completion till date e.g. time elapsed. The estimates are assessed continually during the term of the contract and the company re-measures its progress towards complete satisfaction of its performance obligations satisfied over time at the end of each reporting period.
- d) Company updates its estimated transaction price at each reporting period, to represent faithfully the circumstances present at the end of the reporting period and the changes in circumstances during the reporting period including penalties, discounts and damages etc.
- e) Insurance claims are accounted for on the basis of claims admitted by the insurers.
- f) Claims (including interest on delayed realization from customers) are accounted for, when there is significant certainty that the claims are realizable.
- g) Liability in respect of Minimum Guaranteed Offtake (MGO) of Natural gas is not provided for where the same is secured by MGO recoverable from customers. Payments/receipts during the year on account of MGO are adjusted on receipt basis.
- h) Minimum charges relating to transportation of LPG are accounted for on receipt basis.
- i) In terms of the Gas Sales Agreement with the customers, amount received towards Annual Take or Pay Quantity (ATOPQ) of Gas is accounted for on the basis of realization and shown as liability till make up Gas is delivered to customer as per the contract.
- j) Dividend is recognized when right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably.

1.11 Depreciation /Amortisation

A. Property Plant and Equipment (PPE)

Depreciation on PPE (including enabling assets) is provided in accordance with the manner and useful life as specified in Schedule II of the Companies Act, 2013, on straight line method (SLM) on pro-rata basis (monthly pro-rata for bought out assets), except for the assets as mentioned below where different useful life has been taken on the basis of external / internal technical evaluation:

Particulars	Years
Furniture provided for the use of employees	6 years
Electrical Equipment's provided for the use of employees	4 years
Mobile Phones provided for the use of employees	2 years

Cost of the leasehold land is amortized over the lease period except perpetual leases.

Depreciation due to price adjustment in the original cost of fixed assets is charged prospectively.

The residual values, useful lives and methods of depreciation of PPE are reviewed at each financial year end and adjusted prospectively, if appropriate. The depreciation/amortization for future periods is revised if there are significant changes from previous estimates. The Company has considered residual value of PPE at 5% of the cost of assets.

b) Intangible Assets

- i. Right of use (ROU) having indefinite life (for which there is no foreseeable limit to the period over which they are expected to generate net cash flows given the fact that these rights can be used even after the life of respective pipelines) are not amortized, but are tested for impairment annually.
- ii. The cost of Intangible assets comprising software and licences, etc. are amortised on Straight Line Method (SLM) over a period of 5 years/actual useful life whichever is lower from the date of capitalization.
- iii. After impairment of assets, if any, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

C) Capital assets facilities installed at the consumers' premises

Capital assets facilities installed at the consumers' premises on the land whose ownership is not with the company, has been depreciated on SLM basis in accordance with the useful life as specified in Schedule II of the Companies Act, 2013.

1.12 Employees Benefits

- (a) All short term employee benefits are recognized at the undiscounted amount in the accounting period in which they are incurred.
- (b) The Company's contribution to the Provident Fund is remitted to a separate trust established for this purpose based on a fixed percentage of the eligible employee's salary and debited to Statement of Profit and Loss / CWIP. Further, the company makes provision as per actuarial valuation towards any shortfall in fund assets to meet statutory rate of interest in the future period, to be compensated by the company to the Provident Fund Trust.

- (c) Employee Benefits under Defined Benefit Plans in respect of post-retirement medical scheme and gratuity are recognized based on the present value of defined benefit obligation, which is computed on the basis of actuarial valuation using the Projected Unit Credit Method. Actuarial liability in excess of respective plan assets is recognized during the year.
- (d) Obligations on other long term employee benefits, viz., leave encashment, compensated absence and long service awards are provided using the Projected Unit Credit method of actuarial valuation made at the end of the year.
- (e) Re-measurement including actuarial gains and losses are recognized in the balance sheet with a corresponding debit or credit to retained earnings through Statement of Profit and Loss or Other Comprehensive Income in the year of occurrence, as the case may be. Re-measurements are not reclassified to the Statement of Profit and Loss in subsequent periods.
- (f) The Company also operates a defined contribution scheme for Pension benefits for its employees and the contribution is remitted to a separate Trust.
- (g) Liability for gratuity and Post-Retirement Medical Scheme (PRMS) as per actuarial valuation is funded with a separate trust.

1.13 Impairment of non-financial assets

The Carrying amount of cash generating unit are reviewed at each reporting date. In case there is any indication of impairment based on Internal / External factors, impairment loss is recognized wherever the carrying amount of asset exceeds its recoverable amount.

1.14 Provisions, Contingent Liabilities, Contingent Assets & Capital Commitments

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, the amount of a provision shall be the present value of the expenditures expected to be required to settle the obligation. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The expense relating to a provision is presented in the statement of profit and loss net of reimbursement, if any.

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

Contingent assets are possible assets that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are disclosed in the financial statements when inflow of economic benefits is probable on the basis of judgment of management. These are assessed continually to ensure that developments are appropriately reflected in the financial statements.

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities/ assets exceeding ₹ 5 Lacs in each case are disclosed by way of notes to accounts except when there is remote possibility of settlement/realization.

Estimated amount of contracts (Inclusive of Tax & net of advances) remaining to be executed on capital accounts are disclosed in each case above ₹ 5 lacs.

1.15 Taxes on Income

a) Current Tax

Provision for current tax is made as per the provisions of the Income Tax Act, 1961. Deferred tax is provided, using the balance sheet method, on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes considering the tax rate and tax laws that have been enacted or substantively enacted as on the reporting date.

b) Deferred Tax

Deferred tax relating to items recognized outside Statement of Profit and Loss is recognized outside Statement of Profit and Loss (either in Other Comprehensive Income or in Equity).

The carrying amount of deferred tax assets is reviewed at each reporting date and is adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities are recognised for all taxable temporary differences, except when the deferred tax liabilities arises from the initial recognition of assets/ liabilities/ goodwill in a transaction that is not a business combination and at the transaction, affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets/ liabilities are measured based on the tax rates (and tax laws) that have been enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legal right exists to set off the same.

1.16 Research & Development Expenditure

Revenue expenditure on Research and Development is charged to Statement of Profit and Loss in the year in which it is incurred. Capital expenditure on Research and Development is capitalized in case the same qualifies as asset.

1.17 Cash and cash equivalents

Cash and cash equivalents consist of cash at bank and in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

1.18 Segment reporting

The Management of the company monitors the operating results of its business Segments for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements.

The Operating segments have been identified on the basis of the nature of products / services.

- a) Segment revenue includes directly identifiable with/allocable to the segment including inter-segment revenue.
- b) Expenses that are directly identifiable with / allocable to segments are considered for determining the segment result.
- c) Expenses which relate to the Company as a whole and not allocable to segments are included under unallocable expenditure.
- d) Income which relates to the Company as a whole and not allocable to segments is included in unallocable income.
- e) Segment assets including CWIP and liabilities include those directly identifiable with the respective segments. Unallocable assets and liabilities represent the assets and liabilities that relate to the Company as a whole and not allocable to any segment.

1.19 Earning per share

Basic earnings per equity share is computed by dividing the net profit after tax attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share is computed by dividing adjusted net profit after tax by the aggregate of weighted average number of equity shares and dilutive potential equity shares during the year.

1.20 Liquidated damages/ Price Reduction Schedule

Amount recovered towards Liquidated Damages/Price Reduction Schedule are adjusted/appropriated as and when the matter is settled.

1.21 Statement of Cash Flow

Statement of cash flow is prepared in accordance with the indirect method prescribed in Ind AS 7, 'Statement of Cash Flows'

1.22 Fair value measurement

The Company measures financial instruments including derivatives and specific investments (other than subsidiary, joint venture and associates), at fair value at each balance sheet date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- (i) **Level 1** — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- (ii) **Level 2** — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- (iii) **Level 3** — Valuation techniques for which the lowest level

input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

1.23 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(A) Financial Assets

(i) Classification

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through Statement of Profit and Loss on the basis of its business model for managing the financial assets and the contractual cash flows characteristics of the financial asset.

(ii) Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Statement of Profit and Loss, transaction costs that are attributable to the acquisition of the financial asset.

(iii) Subsequent measurement

For purposes of subsequent measurement financial assets are classified in below categories:

i. Financial assets carried at amortised cost

A financial asset other than derivatives and specific investments, is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial assets at fair value through other comprehensive income

A financial asset other than derivatives comprising specific investment is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

iii. Financial assets at fair value through Statement of Profit and Loss

A financial asset comprising derivatives which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(iv) De recognition

A financial asset is primarily derecognized when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

(v) Investment in subsidiaries, joint ventures and associates

- i. The company has accounted for its investment in subsidiaries, joint ventures and associates at cost. The company assesses whether there is any indication that these investments may be impaired. If any such indication exists, the investment is considered for impairment based on the fair value thereof.
- ii. When the company issues financial guarantees on behalf of subsidiaries, joint ventures and associates initially it measures the financial guarantee at their fair values and subsequently measures at higher of:
 - The amount of loss allowance determined in accordance with impairment requirements of Ind AS 109 and
 - The amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of Ind AS 115 'Revenue from Contracts with Customers'
- iii. The Company recognize the initial fair value of financial guarantee as deemed investment with a corresponding liability recorded as financial guarantee obligation. Such deemed investment is added to the carrying value amount of the investment in subsidiaries, joint venture and associates. Financial guarantee obligation is recognized as other income in Statement of Profit and Loss over the remaining period of financial guarantee.

(vi) Impairment of other financial assets

The Company assesses impairment based on expected credit losses (ECL) model for measurement and recognition of impairment loss on the financial assets that are trade receivables or contract revenue receivables and all lease receivables etc.

(B) Financial liabilities

(i) Classification

The Company classifies all financial liabilities as subsequently measured at amortized cost, except for financial liabilities at fair value through Statement of Profit and Loss. Such liabilities, including derivatives shall be subsequently measured at fair value.

(ii) Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's

financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, and derivative financial instruments.

(iii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

i. Financial liabilities at amortised cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the effective interest rate (EIR) method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

ii. Financial liabilities at fair value through Statement of Profit and Loss

Financial liabilities at fair value through Statement of Profit and Loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through Statement of Profit and Loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category comprises derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

(iv) Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

(C) Embedded Derivatives

- a) If the hybrid contract contains a host that is an asset within the scope of Ind AS 109, the Company does not separate embedded derivatives. Rather, it applies the classification requirements contained in Ind AS 109 to the entire hybrid contract.
- b) If the hybrid contract contains a host that is not an asset within the scope of Ind AS 109, the Company separate embedded derivatives from the host and measures at fair value with changes in fair value recognized in statement of profit or loss if, and only if:
 - (i) The economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host.
 - (ii) A separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and
 - (iii) The hybrid contract is not measured at fair value with changes in fair value recognized in profit or loss

(D) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(E) Derivative financial instruments and Hedge Accounting

The Company uses derivative financial instruments, in form of forward currency contracts, interest rate swaps, cross currency interest rate swaps, commodity swap contracts to hedge its foreign currency risks, interest rate risks and commodity price risks.

(i) Derivatives Contracts not designated as hedging instruments

- i. The derivatives that are not designated as hedging instrument under Ind AS 109, are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.
- ii. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss.

(ii) Derivatives Contracts designated as hedging instruments

- The derivatives that are designated as hedging instrument under Ind AS 109 to mitigate its risk arising out of foreign currency and commodity hedge transactions are accounted for as cash flow hedges.
- The Company enters into hedging instruments in accordance with policies as approved by the Board of Directors, provide written principles which is consistent with the risk management strategy of the Company.
- The hedge instruments are designated and documented as hedges at the inception of the contract. The effectiveness of hedge instruments is assessed and measured at inception and on an ongoing basis. The effective portion of change in the fair value of the designated hedging instrument is recognized in the "Other Comprehensive Income" as "Cash Flow Hedge Reserve". The ineffective portion is recognized immediately in the Statement of Profit and Loss as and when occurs. The amount accumulated in Cash Flow Hedge Reserve is reclassified to profit or loss in the same period(s) during which the hedged item affects the Statement of Profit or Loss Account. In case the hedged item is the cost of non-financial assets / liabilities, the amount recognized as Cash Flow Hedge Reserve are transferred to the initial carrying amount of the non-financial assets / liabilities.
- If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in Cash Flow Hedging Reserve remains in Cash Flow Hedging Reserve till the period the hedge was effective. The cumulative gain or loss previously recognized in the Cash Flow Hedging Reserve is transferred to the Statement of Profit and Loss upon the occurrence of the underlying transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified in the Statement of Profit and Loss.

1.24 Leases

The Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method. The Company assesses at the inception of contract whether a contract is, or contains, a lease i.e. if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a Lessee

1. Identifying a lease

At the inception of the contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The company assesses whether:

- i. The contract involves the use of an identified asset, specified explicitly or implicitly.
- ii. The Company has the right to obtain substantially all the economic benefits from use of the asset throughout the period of use, and
- iii. The Company has right to direct the use of the asset.

Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

2. Initial recognition of Right of use asset (ROU)

The Company recognizes a ROU asset at the lease commencement date (i.e., the date the underlying asset is available for use). ROU assets are initially measured at cost less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, adjusted for any lease payments made on or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or site on which it is located, less any lease incentives received.

3. Subsequent measurement of Right of use asset (ROU)

ROU assets are subsequently amortized using the straight-line method from the commencement date to the earlier of the end of the useful life of ROU asset or the end of the lease term. If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. In addition, the right of use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurement of the lease liability. Refer to the accounting policies in section 1.12 Impairment of non-financial assets.

4. Initial recognition of lease liability

Lease liabilities are initially measured at the present value of the lease payments to be paid over the lease term. Lease payments included in the measurement of the lease liabilities comprise of the following:

- i. Fixed payments, including in-substance fixed payments
- ii. Variable lease payments that depend on an index or a rate
- iii. Amounts expected to be payable under a residual value guarantee; and
- iv. The exercise price under a purchase option, extension option and penalties for early termination only if the Company is reasonably certain to exercise those options.

5. Subsequent measurement of lease liability

Lease liabilities are subsequently increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

6. Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption. Lease payments on short-term leases and leases of low-value assets are recognized as expense in Statement of Profit and Loss.

As a Lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the lease term.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables and finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Estimates and assumptions

Determination of discount rate as a lessee

Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. Company estimates its incremental borrowing rate, which is the rate of interest that the Company would have to pay to borrow on a collateralized basis over a similar term an amount equal to the lease payments in a similar economic environment using observable available inputs (such as market interest rates).

1.25 The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification as below.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or

- Cash or Cash Equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is treated as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current

1.26 Recent accounting pronouncements - Standards issued but not yet effective:

The Ministry of Corporate Affairs (MCA) has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 vide notification No. G.S.R 242(E) dated 31st March 2023, effective from 1st April 2023. The following are the major amendments

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how company should account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments clarify the definition of a change in accounting estimates by replacing with a definition of accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

NOTE-1 B: Significant Accounting Judgements, Estimates and Assumptions

The preparation of the Company's consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, accompanying disclosures, contingent liabilities/assets at the date of the consolidated financial statements. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Uncertainty about these assumptions and estimates could result in outcomes that require adjustment to the carrying amount of assets or liabilities affected in future periods.

In particular, the Company has identified the areas where significant judgements, estimates and assumptions are required. Further information on each of these areas and how they impact the various accounting policies are described below and also in the relevant notes to the financial statements. Changes in estimates are accounted for prospectively.

1. Judgments

In the process of applying the Company's accounting policies, management has made the judgments, which have the most significant effect on the amounts recognized in the consolidated financial statements:

1.1 Contingencies

Contingent liabilities and assets which may arise from the ordinary course of business in relation to claims against the Company, including legal, contractor, land access and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involve the exercise of significant judgments and the use of estimates regarding the outcome of future events.

2. Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company determines its assumptions and estimates on parameters available when the financial statements are prepared. Existing circumstances and assumptions about future developments, however, may change due to market change or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

2.1. Estimation uncertainties relating to global health pandemic from COVID-19:

On March 11, 2020 the World Health Organization (WHO) declared the outbreak of new Corona virus ("COVID-19") as a global pandemic. This outbreak is causing significant disturbances and slowdown of economic activity. The Company's operations were slightly impacted in the last week of March 2020, resulting in slight reduction of sales volumes due to nationwide lockdown advised by the Government of India in view of COVID-19.

In assessing the recoverability of carrying amounts of Company's assets such as property, plant and equipment, trade receivables, loans/ advance, intangible assets, investments and other assets etc., the Company has considered various internal and external information up to the date of approval of these financial statements and concluded that they are recoverable based on the cash flow projections.

The Company has assessed the potential impact of COVID-19 based on the current circumstances and expects no significant impact on the continuity of operations of the business on long term basis/ on useful life of the assets/ on financial position etc.

2.2 Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

2.3 Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

2.4 Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

2.5 Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgments in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. Impairment of investment in subsidiaries, joint ventures or associates is based on the impairment calculations using discounted cash flow/net asset value method, valuation report of external agencies, Investee Company's past history etc.

Nature and Purpose of reserves

A Retained Earnings

The Retained Earnings represents accumulated earnings of the Company. Retained Earnings is a free reserve of the Company and is used for the purposes like issuing bonus shares, buy back of shares and other purposes (like declaring Dividend etc.) as per the approval of Board of Directors. It includes the re-measurement gain/(loss) on defined benefit plans which will not be re-classified to statement of profit and loss in subsequent periods.

B Bond Redemption Reserve

As per the Companies Act, 2013 a Bond Redemption Reserve is required to be created for all bonds/ debentures issued by the Company at a specified percentage. Further, MCA vide notification No. 574 (E) dated 16th August 2019, creation of Bond Redemption Reserve is not required for listed companies. However, there is no clarity in the notification whether non-creation of Bond Redemption Reserve is applicable for bonds issued before notification date. Therefore, the Company has decided to continue creation of Bond Redemption Reserve as per conservative approach. This reserve is created out of appropriation of profits over the tenure of bonds and during the current year the Company has fully repaid bonds. Accordingly, the Company has transferred back Bond redemption reserve to Retained earnings.

C Fair Value of Equity Instruments

This reserve represents the cumulative effect of fair value fluctuations of investments made by the company in equity instruments of other entities. The cumulative gain or loss arising on such changes are recognised through Other Comprehensive Income (OCI) and accumulated under this

reserve. This will not be re-classified to the statement of profit and loss in subsequent periods.

D Cash Flow Hedge Reserve

The Cash Flow Hedge Reserve represents the cumulative effective portion of gains/ (losses) arising on changes in fair value of designated portion of hedging instruments entered into for cash flow hedges. The cumulative gain/ (loss) arising on such changes are recognised through Other Comprehensive Income (OCI) and accumulated under this reserve. Such gains/ (losses) will be reclassified to statement of profit and loss in the period in which the hedged item occurs/ affects the statement of profit and loss.

E Capital Redemption Reserve

As per the Companies Act 2013, capital redemption reserve is created when company purchases its own shares out of free reserves or securities premium. A sum equal to the nominal value of the shares so purchased is transferred to capital redemption reserve. Utilization of this reserve is governed by the provisions of the Companies Act 2013.

F Foreign Currency Translation Reserve

This reserve represents the cumulative effect of exchange difference arising due to consolidation procedure applied on the group entities having functional currency other than INR, and held their until disposal of the foreign operation as per Ind AS 21 "The Effects of Changes in Foreign Exchange Rates".

G Capital reserves

Capital Reserve was created through business combinations and shall be utilised as per the provisions of the Companies Act 2013.

*5: Consolidated financial statement of ONGC Tripura Power Company Limited includes its 26% interest in Joint Venture Company i.e. North East Transmission Company Limited.

B) The accounts of all Group Companies, its joint ventures and associates are drawn up to the same reporting date as the parent entity (i.e. Financial Year ended 31st March, 2023), except Fayoum Gas Company (for whom the accounts are drawn up as at 31st December, 2022, due to local reporting requirements in respective countries) and for China Gas Holding Limited having its reporting period ending 31st March 2023 but due to local legal requirements could not provide the financials till the time of consolidation, hence management provided the financial information up to 31st December, 2022 and same have been used in consolidation. No adjustments (except dividend and intra group transaction) have been done for the period subsequent to that date, since there are no significant material transactions, as informed by respective company's management.

- C) The unaudited Financial statements and relevant notes to accounts available up to 11th May, 2023 has been taken in to account in preparing consolidated financial statements in respect of Joint ventures/associates namely Bhagyanagar Gas Limited, Central UP Gas Limited, Green Gas Limited, Talcher Fertilizers Limited, Vadodara Gas Limited, TAPI Pipeline Company Limited, Mahanagar Gas Limited, Indraprastha Gas Limited, Brahmaputra Crackers and Polymers Ltd., ONGC Petro Additions Limited, Ramagundam Fertilizers and Chemicals Limited, China Gas Holdings Limited, LLC Bharat Energy Office and LNG Japonica Shipping Corporation Limited.
- D) Information about Partially owned Subsidiaries having material non-controlling interest is given at **Annexure-A**
- E) Summarized financial information of joint ventures and associates is given in **Annexure-B**.
- F) The Group has unrecognized share of losses in respect of ONGC Petro additions Ltd amounting to ₹ 2,578.88 crore as at 31st March 2023 as per its Unaudited financial statements. It has not been recognized in consolidated financial statements, as Group's share of losses exceeds Group's interest in the Associate.
- G) Significant Judgement and assumptions made in consolidation:-
- The Group holds 48.98% equity shares of Tripura Natural Gas Company Limited (TNGCL), but based on a control assessment carried out under Ind AS 110 'Consolidated Financial Statements', TNGCL is considered to be a subsidiary of the Company because the Company has a sufficiently dominant voting interest to direct the relevant activities of TNGCL.
 - In Brahmaputra Cracker and Polymer Limited (BCPL), the Group holds 70% of equity shares in the Company but based on a control assessment carried out under Ind AS 110 'Consolidated Financial Statements', BCPL is considered to be an associate because the Company does not have absolute power over managing the relevant activities of BCPL, but have a significant influence in the decision making for relevant activities.
 - The Group holds 88.13% equity shares of Bengal Gas Company Limited (BGCL). Further based on a control assessment carried out under Ind AS 110 'Consolidated Financial Statements', BGCL is considered to be a subsidiary of the Company because the Company has a sufficiently dominant voting interest to direct the relevant activities of BGCL.
 - In China Gas Holdings Limited Group holds 2.76% equity shares but assessed as an associate as per IND AS 28 "Investments in Associates and Joint Ventures" as group have representation on the board of directors of the company.

- Pending court cases in respect of certain customers for recovery towards invoices raised by the Company for use of APM gas for non-specified purposes by fertilizer companies pursuant to guidelines of Ministry of Petroleum & Natural Gas (MoPNG), the Company has issued claim letters amounting to ₹ 1,704.56 crore (Previous Year: ₹ 1,704.56 crore) on the basis of information provided by Fertilizer Industry Coordination Committee (FICC). The proceeds, if received, will be transferred to the Gas Pool.
- During the current financial year one of the Company's Long term LNG Supplier disrupted LNG supplies due to geopolitical situation. The Company has been making multiple efforts on various levels to remedy the situation. The Company is also pursuing its contractually available legal recourse for Specific Performance by the LNG Supplier of its contractual obligations. Accordingly, the impact on the Company shall be assessed post outcome of the said legal recourse.

32) Pricing and Tariff:-

- With effect from 1st April 2002, Liquefied Petroleum Gas (LPG) prices have been de-regulated and decided on the basis of import parity prices fixed by the Oil Marketing Companies. However, the pricing mechanism is provisional and is yet to be finalized by the Ministry of Petroleum and Natural Gas (MoPNG). Impact on pricing, if any, will be recognized as and when the matter is finalized.
- Natural Gas Pipeline Tariff and Petroleum Products Pipeline Transportation Tariff are subject to various Regulations issued by Petroleum and Natural Gas Regulatory Board (PNGRB) from time to time. Impact on profits, if any, is being recognized consistently as and when the pipeline tariff is revised by orders of PNGRB.
- The Company has filed appeal(s) before Appellate Tribunal (APTEL), against various moderations done by PNGRB in respect of Final Tariff Order(s) issued by PNGRB for Dadri-Bawana-Nangal Natural Gas Pipeline (DBNPL), Chhainsa-Jhajjar-Hissar Natural Gas Pipeline (CJHPL), Cauvery Basin, Kochi-Koottanad-Bengaluru-Mangaluru Pipeline (KKBMLP), Krishna Godavari Basin (KG Basin) and Dabhol-Bangalore Pipeline (DBPL) Networks. The same are pending for final adjudication.

- iv. During the financial year 2015-16, the Company has filed a Writ Petition before Hon'ble Delhi High Court challenging the jurisdiction of PNGRB to fix transmission tariff for natural gas marketed to consumers. Hon'ble High Court has dismissed the aforesaid Writ Petition vide its Order dated 11th April 2017. In this regard, the Company has filed a Review Petition before the Hon'ble Delhi High Court on 12th May 2017 which has been admitted by the Hon'ble Court and is pending for final adjudication.
- v. PNGRB vide Gazette Notification No. F. No. PNGRB RB/COM/3-PPPL Tariff (1)/2012 Vol-IV (P-1018) dated 14th December 2021, has extended the existing LPG Pipeline tariff determination regulations till 30th September 2023.

33) On 19th February 2014, PNGRB notified the Amended Affiliate Code of Conduct Regulations by insertion of Regulation 5A mandating that an entity engaged in both marketing and transportation of natural gas shall create a separate legal entity on or before 31st March 2017 so that the activity of transportation of natural gas is carried on by such separate legal entity and the right of first use shall, however, be available to the affiliate of such separate legal entity. The Company has challenged the said PNGRB Regulation before Hon'ble Delhi High Court by way of a Writ Petition and the same is pending for final adjudication.

Pursuant to the notification of PNGRB (Determination of Natural Gas Pipeline Tariff) Amendment Regulations, 2022 dated 17.11.2022, and the subsequent submission of GAIL, PNGRB, vide Tariff Orders dated 22.03.2023 and 24.03.2023, has determined Integrated Tariff (levelized and zonal apportionment) for GAIL's Integrated Natural Gas Pipeline (comprising Integrated HVJ, DUPL-DPPL, DBPL, DBNPL, CJHPL, JHBDPL, South Gujarat sub-network, Trombay and Uran-Thal-Usar sub-networks) with effect from 1st April, 2023.

34) Pursuant to the notification of PNGRB (Determination of Natural Gas Pipeline Tariff) Second Amendment Regulations, 2020 dated 23.11.2020 and the amendments in the PNGRB (Determination of Natural Gas Pipeline Tariff) Regulations, 2008, PNGRB, vide Tariff Order dated 29th March, 2023, has determined the 'Unified Tariff' for the National Gas Grid System (NGGS), which has come into force with effect from 1st April, 2023. The NGGS comprises of twelve (12) inter-connected natural gas pipelines of nine (09) entities. Under the same, customers/shippers across the country and located on the NGGS shall be paying the same applicable zonal unified tariff for movement of gas from the Unified Entry Point up to the Unified Exit Point on the NGGS. However, Revenue Entitlement of GAIL would be as per its Approved Zonal Integrated Tariff and KG-Basin Tariff which are part of the NGGS.

Accordingly, current liabilities include a sum of ₹ 87.63 crore (Previous Year ₹ 87.63 crore) on this account, as on 31st March 2023 which is payable to the above said power plants and / or to the Government of India.

38) Ind AS 115 - Revenue from Contracts with Customers

Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue be recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

Ind AS 115 requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers. The standard also specifies the accounting for the incremental costs of obtaining a contract and the costs directly related to fulfilling a contract. In addition, the standard requires extensive disclosures.

44) Additional information, as required under Schedule III to the Companies Act, 2013, of enterprises consolidated as Subsidiaries/ Associates / Joint Ventures is given as per **Annexure-E**.

45) In respect of Subsidiary and Joint Ventures/Associate Companies, the following salient notes to accounts are disclosed.

I) GAIL Gas Limited

- a) The company is carrying on construction activities for capital projects in 11 GAs awarded by the PNGRB in 9th, 10th and 11th CGD bidding round to meet the Minimum Work Program (MWP) targets as per grant of authorization. Keeping in view non-availability of pipeline connectivity from the gas source as well as slow down progress due to COVID-19 pandemic in past, PNGRB deferred the period of meeting the MWP targets under Regulation 11 and 12 of the PNGRB regulations, 2008. There is a shortfall in achievement of MWP targets as per grant of authorization in its 5 GAs out of the total 11 GAs. In this regard the Company have not received any notices from PNGRB till date. Therefore, penalty for not meeting of MWP targets aggregating to ₹ 4.72 Crores as on 31st March, 2023, (Previous year: ₹ 7.92 Crore) has been disclosed as Contingent Liability. Management is hopeful that the PNGRB Board will not levy any penalty due to non-availability of pipeline connectivity in these GAs.
- b) As on 31.03.2023, the company has an equity investment of ₹ 98.57 Crores (Previous Year: ₹ 94.52 Crores) and investment in Preference shares of ₹ 100 Crores (Previous Year: ₹ 100 Crores) in Andhra Pradesh Gas Distribution Corporation Ltd. (APGDCL), a Joint Venture (JV) company, including advance pending allotment of ₹ NIL (Previous Year: ₹ 26.15 Crores) as per joint venture agreement. The Board of Directors of the company had given in principle approval to transfer shares held by the company in APGDCL (including shares held, subscription made against equity call, CCCPS and any further investment in APGDCL till final approval of the Board of GAIL(India) Limited is received) to the holding company GAIL(India) Limited and initiate necessary action in this regard subject to the consent of Govt. of Andhra Pradesh entities (i.e other joint venture partners of the JV company) and GAIL (India) Limited. The consent is yet to be received.

II) GAIL Global (USA) Inc.

- a) During December 2022, the Company entered into a Credit Facility Agreement with a bank for borrowings of up to \$70,000,000 (the "New Line of Credit"). The outstanding balance on the New Line of Credit at March 31, 2023 was \$64,500,000 and it matures on December 15, 2023. Borrowings under the New Line of Credit accrue interest at the one-month SOFR (4.87% at March 31, 2023) plus 1.00% and is payable monthly. The New Line of Credit is guaranteed by the Parent for an annual fee of 0.43% payable quarterly in arrears, calculated based on the outstanding principal plus overdue interest.

The following table comprises the outstanding lines of credit balance at March 31, 2023 and 2022:

(in USD \$)

Particulars	2023	2022
Line of Credit	64,500,000	67,000,000
Working Capital Line of Credit	42,947,145	41,821,565
Lines of Credit	107,447,145	108,821,565

III) Mahanagar Gas Limited

- a) GAIL (India) Limited (GAIL) raised demand in April 2014 for transportation tariff with respect to ONGC's Uran Trombay Natural Gas Pipeline (UTNGPL) pursuant to demand on them by Oil and Natural Gas Corporation Limited (ONGC), based on

the Petroleum and Natural Gas Regulatory Board (PNGRB) order dated 30.12.2013, determining tariff for ONGC's UTNGPL as a common carrier. The total demand raised by GAIL for the period from November 2008 till July 2021 was ₹ 331.80 Crore. The Company disputed the demand with GAIL based on contractual provisions and since the transportation charges are to be paid by a third-party user for utilisation of UTNGPL to ONGC as common carrier and not for transportation of its own gas by ONGC.

The Company filed an appeal with the PNGRB in February 2015, the same was dismissed in October 2015. The Company filed a writ petition, in November 2015, with the Hon'ble High Court of Delhi. The Court advised the Company to file an appeal with Appellate Tribunal for Electricity (APTEL) being Appellate Authority of the PNGRB in November 2016. The matter was heard by APTEL and remanded back to the PNGRB on technical grounds in September 2019. PNGRB in March 2020, had passed an Order which directed the Company and GAIL to pay the disputed transportation tariff to ONGC. The Company filed an Appeal before APTEL against the PNGRB order in April 2020. The matter was heard by APTEL in October 2020. APTEL remanded back the case in July 2021 to PNGRB for proper adjudication. The matter was heard by PNGRB in April 2022 and an order was passed in September 2022 directing the Company to pay the disputed transportation tariff for the period 2014 to 2021 as per the transportation tariff fixed by PNGRB for UTNGPL. The Company had filed a writ before the Hon'ble High Court of Delhi challenging the PNGRB's September 2022 order. The Hon'ble High Court of Delhi vide its order dated 13.12.2022 has stayed the recovery against the PNGRB order and has directed the Company to deposit a sum of ₹ 50 Crore with GAIL by 15.02.2023, which was deposited with GAIL on 14th February 2023. The Hon'ble court of Delhi has listed the next hearing on May 16, 2023. Based on the legal opinions obtained, the Company believes that it has a strong case and does not expect any outflow of resources. Hence, no provision has been recognised.

- b) The revision of Trade Discount with the Oil Marketing Companies (OMCs) is pending from earlier years. In November 2021, The Ministry of Petroleum & Natural Gas (MoP&NG) issued guidelines pertaining to revised Trade Discounts and subsequently citing MoP&NG guideline, OMCs have raised their demand to the Company. However, the demand raised by OMCs is not as per the guidelines issued by the MoP&NG and hence the Company has contested the demand raised by OMCs. Further the Company has raised the matter to the MoP&NG vide its letter dated 30th December 2021, requesting their intervention and advised the OMCs to adhere to the guidance provided by the MoP&NG. Pending settlement, the liability is provided to the extent considered appropriate by the Company.

IV) ONGC Petro additions Limited

- a) The Company has set up a Petrochemical Complex in Special Economic Zone (SEZ), situated at Dahej, Gujarat. In view of changes in market dynamics over the years, the demand for petrochemical products has increased in domestic market. Therefore, Company is selling its majority of products in Domestic Tariff Area (DTA), However, Basic Custom Duty is applicable on the sale of products from SEZ to DTA which is directly impacting the margin of the company. Therefore, Board of directors has accorded approval to make an application for voluntary exit from SEZ.

Development Commissioner, Dahej SEZ has conveyed in-principal approval for exit from SEZ subject to de-notification of the area; payment of all applicable duties and taxes which may be finalised on the basis of the date of final exit and compliance of all the provisions of SEZ Act and other Rules. These activities / approvals

are in process. The unit is still under the SEZ and the proposal for approval of final exit will be considered subject to approval of de-notification from Ministry of Commerce and Industries, New Delhi.

SEZ exit is expected to bring significant improvement in the future margins along with one time cost. The above estimates are provisional and includes disputed demand pending before court and authorities. Actual outflow on account of SEZ exit and its quantum is contingent upon the terms and conditions on which various approvals may be granted. Since various NOC, approvals and duty assessment for SEZ exit are under consideration with the competent authorities and application for SEZ exit is voluntary. In nature, management believes that a final decision on exit can only be taken based on the terms and conditions mentioned in these approvals. Therefore, company has not recognised the estimated one time liability as well as estimated future benefits in the books of accounts.

- b) The Company has incurred a net loss after tax for the year ended March 31, 2023 of ₹ 4,155.5 Crore (year ended March 31, 2022 ₹ 534.7 Crores) and cumulative loss up to March 31, 2023 reached to ₹ 13,000.30 Crores. There is negative working capital as at March 31, 2023 of ₹ 7,075 Crores (March 31, 2022 ₹ 8,486.7 Crores). Based on scheduled repayment, ₹ 2,217.2 Crores is due for repayment within 12 months from the date of these financial statements.

Assessment: Management have assessed the above operational conditions and indicators and have come to the conclusion that no material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern based on cash flow forecasts and the plan management has put in place.

Mitigation Plan: Company is constantly reviewing its operations to improve margins. It has taken following measures which will improve profitability:-

- 1) Increase in efficiency and production ramp up post Major turnaround activity.
- 2) Ongoing efforts for optimization of Product mix and to improve the net back.
- 3) Exit from SEZ area will improve the net back from Domestic sales.
- 4) Expected reduction in feed and gas prices.

Conclusion: Based on plans, management has concluded on ability of the company to continue as going concern and financial statements have been prepared on that basis.

V) Brahmaputra Cracker and Polymer Ltd.

54) Financial Risk management

The company is exposed to a number of financial risks arising from natural business exposures as well as its use of financial instruments including market risks relating to commodity prices, foreign currency exchange and interest rates, credit risk, and liquidity.

a) Market Risk

Market risk is a risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of four types of risks i.e. interest rate risk, foreign currency risk, equity price risk and commodity price risk. Financial instruments affected by market risk includes Loans, Borrowings, Deposits and Derivative Instruments.

(i) Interest rate risk

Interest rate risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the long-term domestic rupee term loans with floating interest rates. The Company manages its interest rate risk according to its Board approved Foreign Currency and Interest Rate Risk Management Policy. Market interest rate risk is mitigated by hedging through appropriate derivatives products such as interest rate swaps & full currency swaps, in which it agrees to exchange, at specified intervals, the difference between fixed and variable rate interest amounts calculated by reference to an agreed-upon notional principal amount.

(ii) Foreign Currency Risk

Foreign currency risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company transacts business in local currency and foreign currency, primarily US Dollars. Company has obtained foreign currency loans and has foreign currency trade payables and receivables and is therefore, exposed to foreign exchange risk. As per its Board approved policy, Company may mitigate its foreign currency risk through plain vanilla derivative products such as foreign exchange option contracts, swap contracts and forward contracts for hedging such risks. These foreign exchange contracts, carried at fair value, may have varying maturities depending upon the underlying contract requirement and risk management strategy of the Company.

Foreign Currency Sensitivity

The following table demonstrates the sensitivity in the USD, EURO, and other currencies to the functional currency of Company, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including foreign currency derivatives.

(iii) Commodity Price Risk

Company imports LNG for marketing and for its internal consumption on an on-going basis and is not exposed to the price risk to the extent it has contracted with customers in India and overseas on back to back basis. However, the company is exposed to the price risk on the volume which is not contracted on back to back basis. As most of the LNG purchase and sales contracts are based on natural gas or crude based index, such price risk arises out of the volatility in these indices. In order to mitigate this index linked price risk, Company has been taking appropriate derivative products in line with the Board approved 'Natural Gas Price Risk Management Policy'.

(iv) Equity Price Risk

The Company's listed and non-listed equity investments are susceptible to market price risk arising from uncertainties about future values of these investments. The Company manages the equity price risk through review of investments on a regular basis. The Company's Board of Directors reviews and approves all the equity investment decisions of the Company.

At the reporting date, the exposure to unlisted equity investments at fair value was ₹ 280.76 crore (Previous Year ₹ 233.42 crore).

At the reporting date, the exposure to listed equity investments at fair value was ₹ 4,662.74 crore (Previous Year ₹ 5,058.89 crore). A variation of (+/-) 10% in share price of equity investments listed on the stock exchange could have an impact of approximately (+/-) ₹ 466.27 crore (Previous Year ₹ 505.89 crore) on the OCI and equity investments of the Company. These changes would not have an effect on profit or loss.

b) Liquidity Risk

Liquidity risk is the risk that suitable sources of funding for Company's business activities may not be available. The Company's objective is to maintain optimum level of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It also maintains adequate sources to finance its short term and long-term fund requirements such as overdraft facility and long term borrowing through domestic and international market.

c) Credit risk – in respect of Holding Company

Credit risk is a risk that a customer or ship party to a financial instrument may fail to perform or pay the due amounts causing financial loss to the Company. It is considered as a part of the risk-reward balance of doing business and is considered on entering into any business contract to the extent to which the arrangement exposes the Company to credit risk. It may arise from Cash and Cash Equivalents, Derivative Financial Instruments, deposits with financial institutions and mainly from credit exposures to customers relating to outstanding receivables. Credit exposure also exists in relation to guarantees issued by the Company. Each segment is responsible for its own credit risk management and reporting.

The Company has issued Corporate Guarantees on behalf of its group companies, refer note no. 50 (b) for details.

Trade Receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. An impairment analysis is performed at each reporting date on an individual basis for major clients.

Financial Instruments and Cash Deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with approved limits of its empaneled bank, for the purpose of investment of surplus funds and foreign exchange transactions. Foreign exchange transaction and investments of surplus funds are made only with empaneled Banks and Liquid & Overnight Mutual Funds. Credit limits of all Banks are reviewed by the Management on regular basis.

d) Capital Management

Capital includes issued capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximize the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders, or issue new shares. No changes were made in the objectives, policies or processes during the reporting year.

55) Accounting Classifications and Fair Value Measurements

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: technique which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

As at 31st March 2023, the Company held the following financial instruments carried at fair value on the statement of financial position.

56) Hedging Activities and Derivatives

Derivatives not designated as hedging instruments

The Company uses forward currency contracts, interest rate swaps, cross currency interest rate swaps, commodity swap contracts to hedge its foreign currency risks, interest rate risks and commodity price risks. Derivative contracts not designated by management as hedging instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value on each reporting date. Such contracts are entered into for periods consistent with exposure of the underlying transactions.

Derivatives designated as hedging instruments:

Cash Flow Hedges

The Company enters into hedging instruments in accordance with policies as approved by the Board of Directors with written principles which is consistent with the risk management strategy of the Company. Company has decided to apply hedge accounting for certain derivative contracts that meets the qualifying criteria of hedging relationship entered into post 1st October, 2017.

Foreign Currency Risk

Foreign exchange forward contracts are designated as hedging instruments in cash flow hedges of firm commitment of capital purchases in USD and existing borrowings e.g. USD / Japanese Yen etc.

Commodity Price Risk

The Company purchases and sells natural gas / liquefied petroleum gas on an ongoing basis as its operating activities. The significant volatility in natural gas / liquefied petroleum gas prices over the years has led to Company's decision to enter into hedging instruments through swap transactions including basis swaps. These contracts are designated as hedging instruments in cash flow hedges of forecasted sales and purchases of natural gas / liquefied petroleum gas.

The table below shows the position of hedging instruments and hedged items (underlying) as at the balance sheet date.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) READ WITH SECTION 129(4) OF THE COMPANIES ACT, 2013 ON THE CONSOLIDATED FINANCIAL STATEMENTS OF GAIL (INDIA) LIMITED FOR THE YEAR ENDED 31 MARCH 2023

The preparation of Consolidated Financial Statements of GAIL (India) Limited for the year ended 31 March 2023 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditors appointed by the Comptroller and Auditor General of India under section 139(5) read with section 129(4) of the Act are responsible for expressing opinion on the financial statements under section 143 read with section 129(4) of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide Audit Report dated 18 May 2023.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the consolidated financial statements of GAIL (India) Limited for the year ended 31 March 2023 under section 143(6)(a) read with section 129(4) of the Act. We conducted a supplementary audit of the financial statements of companies mentioned in Annexure-A but did not conduct supplementary audit of financial statements of companies mentioned in Annexure-B for the year ended on that date. Further, Section 139(5) and 143(6)(a) of the Act are not applicable to the companies mentioned in the Annexure-C being private entities/ entities incorporated in foreign countries under the respective laws for appointment of their Statutory Auditors and for conduct of supplementary audit. Accordingly, Comptroller & Auditor General of India has neither appointed the Statutory Auditors nor conducted the supplementary audit of these companies. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit, nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditor's report under section 143(6)(b) of the Act.

For and on behalf of the
Comptroller & Auditor General of India
