Commentary on Q1FY27

Lakshmipathy D
Managing Director

It is with great delight that I present the performance of Five-Star Business Finance Limited ("Five Star" or "Company") for the quarter ended June 30, 2026. The quarter panned out in line with our expectations, which vindicated the actions we undertook to overcome the challenges we faced.

The most heartening facet of this quarter is the strong traction in disbursements that we achieved. We clocked our historical best in disbursements with quarterly disbursements coming in at INR 14,964 Mn, a growth of 23% over the previous quarter and 16% over the previous year. We ended the quarter with an AUM of INR 137,218 Mn, which is a sequential growth of 4% for the quarter. This clearly shows that Five Star is back on the growth trajectory and at this pace of quarterly growth (which will only improve in the coming quarters), we should be able to achieve our full year growth guidance very comfortably.

Collections continue to remain robust despite this being the seasonally weakest quarter; for the quarter ended June 30, 2026, we clocked a unique customer collection efficiency (excluding NPA loans) of 97.9% (98.1% in Q4FY26), with our x-bucket collections coming in at 99.2% (99.3% in Q4FY26). Our current book continues to improve and stood at 83.30% as compared to 82.69% as of the previous quarter. We also saw a good improvement in our 30+ book which reduced to 12.38% as compared to 12.69% in the previous quarter. With our strong collections, we should see asset quality metrics consistently improving in the quarters to come.

Our slippages (defined as increase in NPAs + write offs as a % of the opening standard AUM) remained flat at 0.70% compared to the previous quarter, and despite the seasonally weak nature of the quarter, our credit cost dropped sequentially to 1.85% for Q1FY27 from 1.88% for Q4FY26.

On the borrowings front, we borrowed INR 4,500 Mn at an all-inclusive cost of 8.33%, despite not so favourable liquidity conditions. This has also helped bring down our COF on the book from 8.95% for Q4FY26 to 8.80% for Q1FY27. Not only did this ensure our spreads to remain intact (despite drop in yields) but it also shows the strength of the franchise from the perspective of external stakeholders.

On the whole, it has been a great and satisfying quarter for Five Star, and sets the platform for the Company to achieve a strong trajectory across the facets of Growth, Profitability and Quality in the quarters to come.

Who We are

- NBFC providing secured financial solutions to Small Business customers and Self-employed Individuals who are largely cut-off from formal lending ecosystem
- Deep understanding of customer behavior and strong knowledge of market and regional dynamics, having been operating in this segment for over the last 2 decades
- Proprietary Underwriting & Collections model fine-tuned over 2 decades of experience

Target Customer Segment

Customers with informal income derived from everyday 'services'

Ticket Size & Income Profile

Average Ticket size of ₹3 – 5 lakhs
Household gross income of ₹25,000 – 40,000

Target Geography

Currently Southern India (TN, AP, Telangana & Karnataka), and MP, Maharashtra, UP, Chhattisgarh, Rajasthan, Gujarat

Property Backed Collateral

All loans are secured against borrower property – usually self occupied residential property

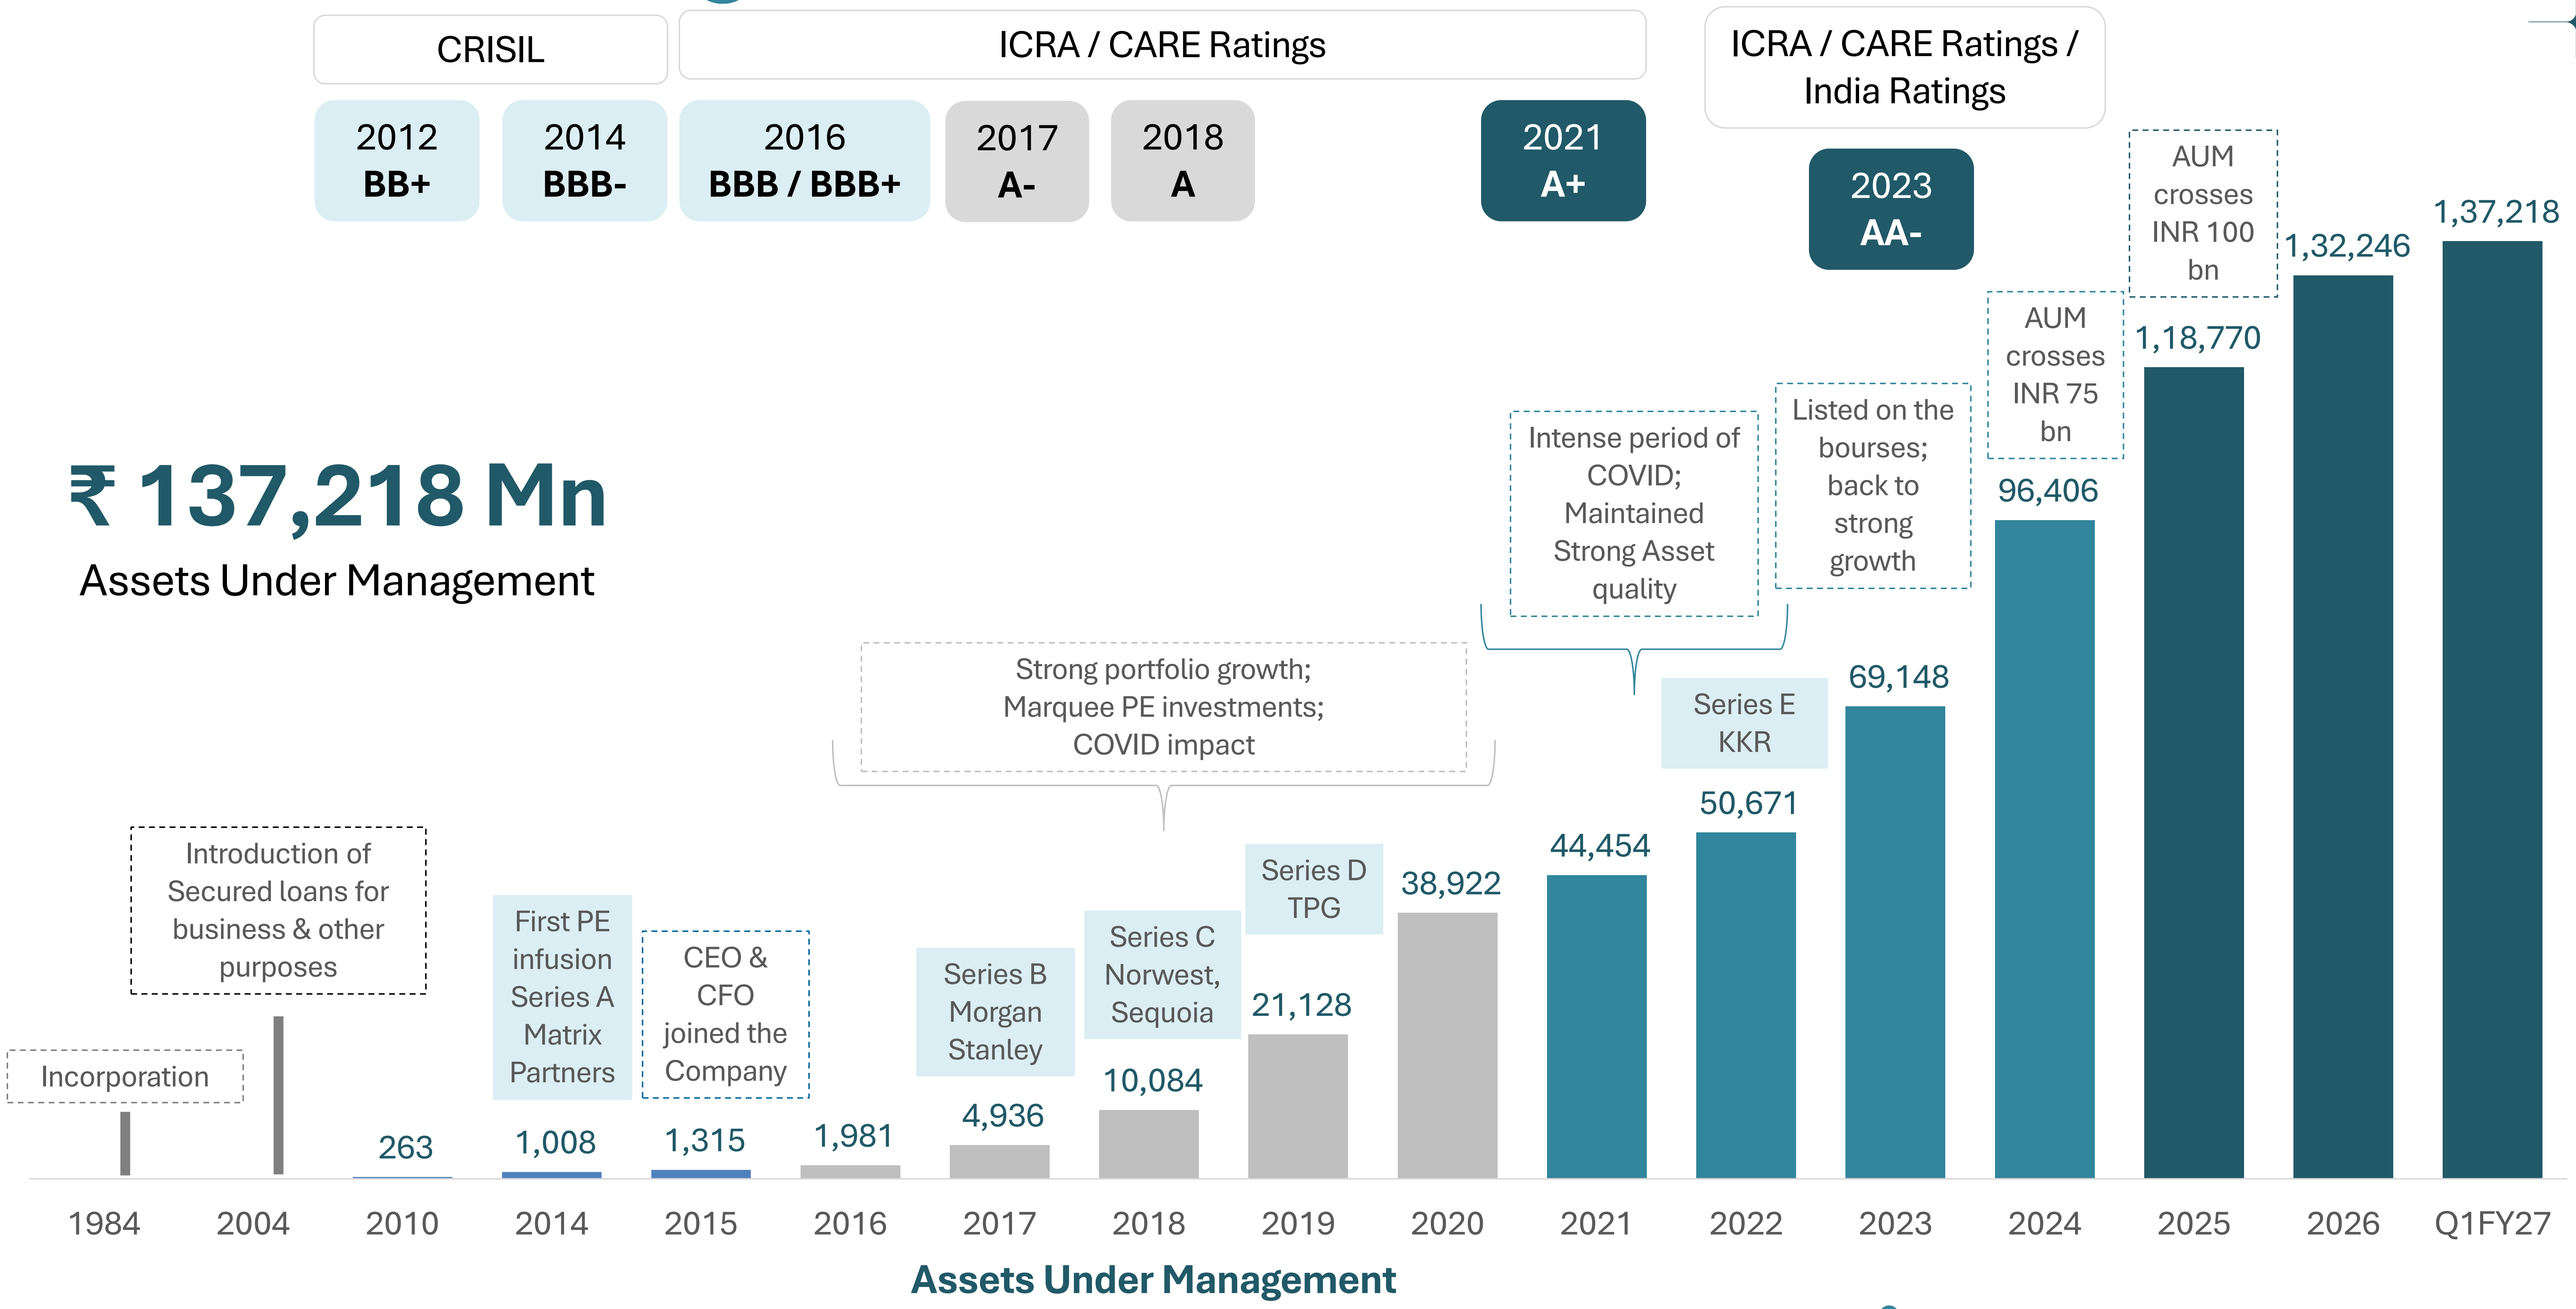
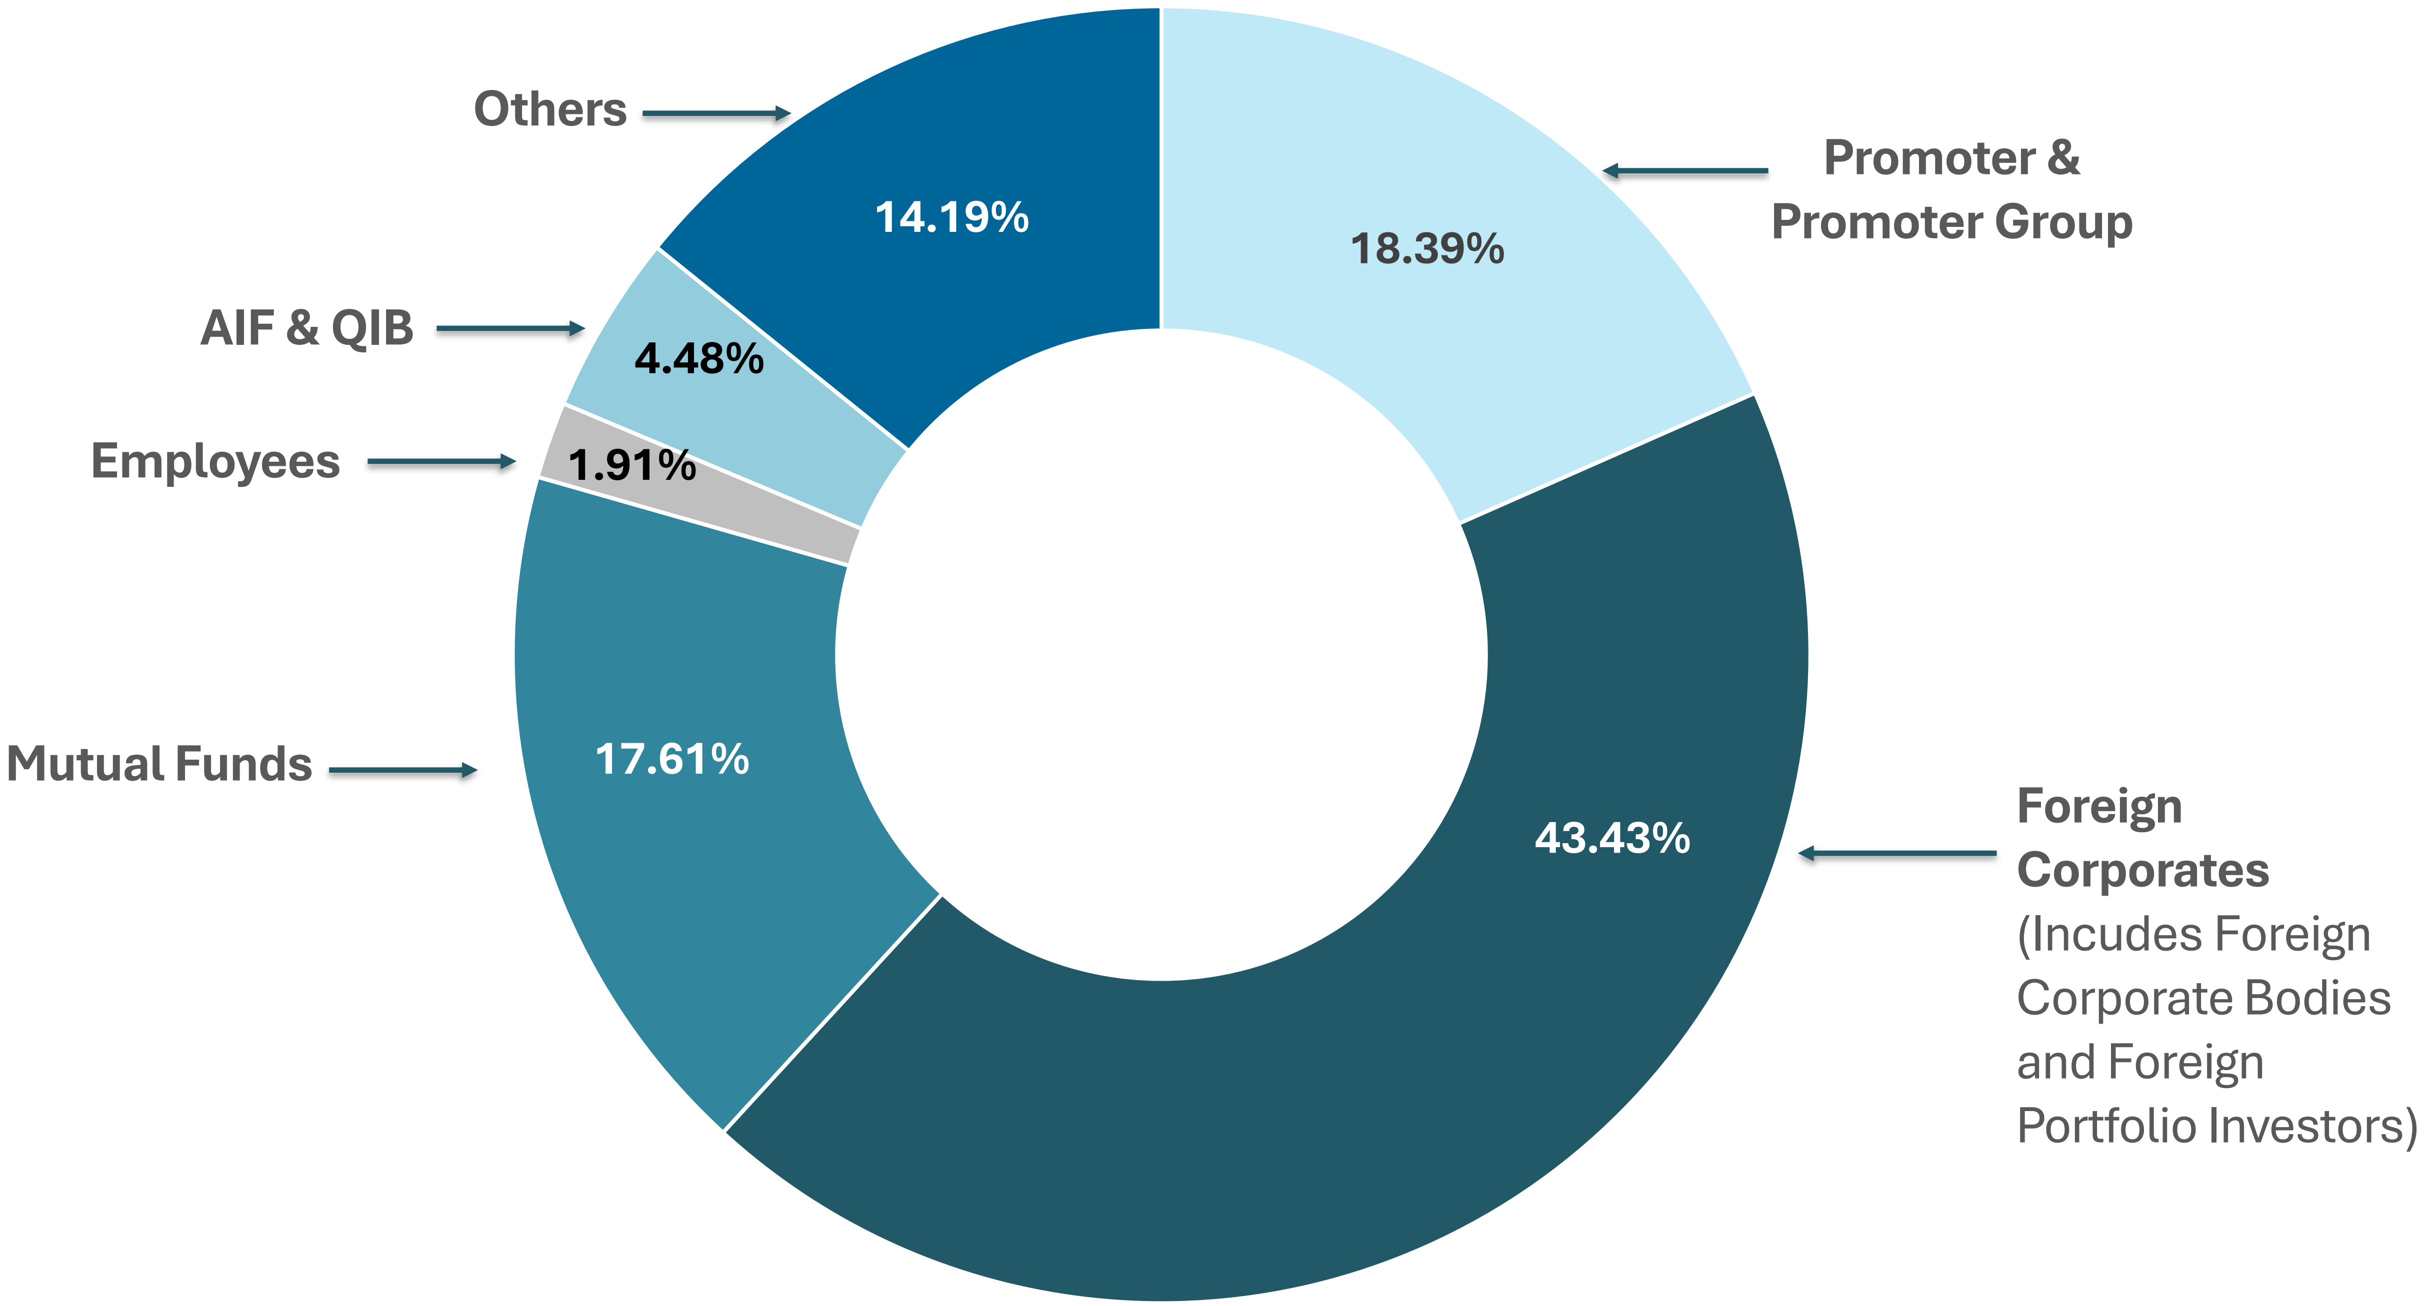
Our Journey

₹ 137,218 Mn
Assets Under Management



Shareholding – June 30, 2026



- Strong Promoter Holding
- Well-diversified cap table with strong participation from FIIs and Mutual Funds
- All Management team members hold shares / options amounting to ~2% of the Company's capital

% holding computed on a fully diluted basis, including ungranted, unvested and vested but unexercised options

What We do

Who are our Customers

Small Business Owners and Self-employed individuals involved in everyday cash and carry businesses with a service bias

Need funds to refinance borrowings from unorganised sources, which were originally taken to set up businesses

Need funds for other purposes such as business expansion, home renovation / improvement and other mortgage purposes (marriage, education, emergency etc)

What are the challenges

Given minimal banking habits, traditional underwriting methods are inadequate to establish the income stream

Inability to provide documentation required by traditional lenders

Lack of credit bureau footprint makes it necessary to carry out ecosystem checks

Expensive & time consuming underwriting process

Five Star's Capabilities

Credit appraisal of informal income with minimum documentation; Surrogates (lifestyle, ownership of assets, trade checks, etc) used to evaluate borrower cashflows, in the absence of verifiable income documents

Proprietary underwriting model developed to utilise ecosystem checks (neighbourhood / trade checks) as proxies for formal records

'On the ground' presence - ability to conduct physical verifications – mechanism has been created to ensure maker-checker controls in inspection process and operate at scale

Fully in-house underwriting model done by qualified, competent & well-trained staff

Distribution

Strong distribution network driven by contiguous branch expansion

Financial Inclusion – Reaching the Unreached

Company Vision
Reaching the Unreached through suitable credit solutions

Mission Statement
Provide appropriate credit solutions to the hitherto unreached segment of the market by developing a niche underwriting model, built towards evaluating the twin strengths of the borrowers' intention to repay and ability to repay, with the ultimate objectives of increasing customer satisfaction and maximizing stakeholder returns

Financial Inclusion
- Caters to the underserved market of small business loans
- Meets demand which is majorly catered by informal sources
- Employment opportunities in semi-urban and rural areas, since the focus is on hiring local talent

Catering to LIG customers
- Majority of AUM is provided to Low-income group customers, thereby fostering financial inclusion
- Loans for business and other purposes are provided at lower interest rates

Corporate Social Responsibility
- Significant spends are made towards CSR
- CSR objectives are tailored towards improving education, healthcare and livelihood
- Right implementation partners are onboarded, and a strong monitoring mechanism is in place to ensure proper utilisation of funds

Social Impact Indicators

Branch Presence

Significant branch presence in Tier 3 to Tier 6 towns

Customers ignored by banks / larger FIs

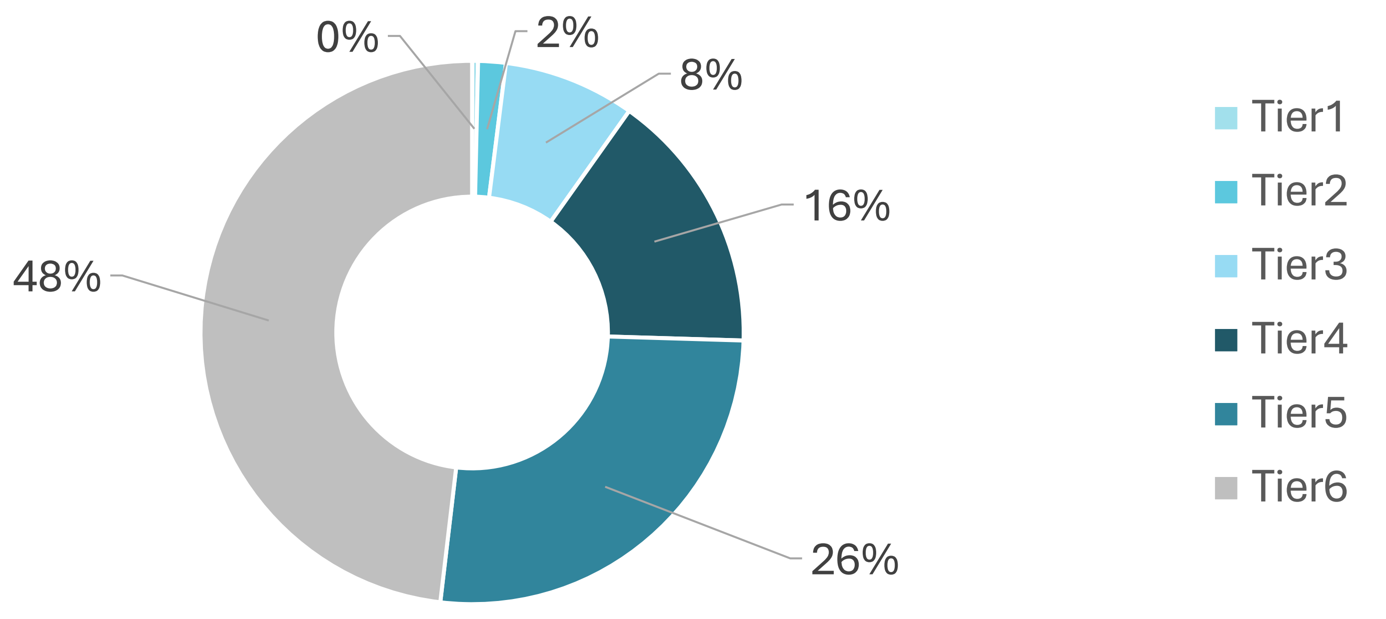
- Low-income borrowers
- Customers with strong incomes from everyday services but lacking the documentary evidence of such incomes
- Fully Collateralized loan

Lending for Business Purposes

- Predominant portion of lending towards business purposes (income generation)
- Displace unorganized institutions (money lenders) – First time borrowers to formal lending

Sustainable Finance

- The Company has raised funds from domestic DFIs and multi-lateral agencies to support women borrowers, facilitate social impact, etc



Tier 6 – Population < 50K; Tier 5 – Population 50K – 1L; Tier4 – Population 1L – 2L; Tier 3 – Population 2L – 10L; Tier 2 – Population 10L – 50L; Tier 1 – Population > 50L

- USD 20 Mn raised from Swedfund, to provide funding to small business owners
- USD 60 Mn raised from International Finance Corporation, to provide funding to micro-entrepreneurs and self-employed individuals with women being the primary borrowers
- USD 100 Mn raised from Asian Development Bank, to provide funding to lower-income group women borrowers
