Fitting companies play a **vital role in facilitating the efficient operation of industrial processes** by providing **high-quality fittings** that enables the **seamless flow and control of fluids and gases** within complex piping systems

1

Product Range

Wide range of fittings such as elbows, tees, reducers, joints, flanges etc. designed to meet the specific requirements of different industries and applications

2

Material Expertise

We will work with various metals to ensure compatibility with the substances being transported and environmental conditions

3

Customization

We will provide customization services to tailor fittings according to clients' specifications, which may involve modifications in size, shape, material, or other parameters

4

Quality Assurance

Strict quality control standards to ensure the reliability, durability, and safety of their products, while complying with industry regulations and certifications

Faster approvals expected, given our **strong relations** and **proven track record of delivering quality products**

Capex Update 2 : Value added Welded Tubes

Description	Details	Impact
Value Added Product Line	Introducing a specialised product line of stainless and titanium welded tubes aimed at enhancing our competitive edge and profitability	Capacity Expansion
Low Competition	These specialized tubes represent critical innovation in an industry where such products are manufactured by only a select few players High precision engineering which makes it difficult for other players to enter the market	Revenue Growth & Margin Improvement
High reliability in critical applications	These value-added tubes are crafted to meet the demanding industrial requirements , boasting exceptional strength, precision, and resistance to corrosion	Increased Market Dominance
Increased sector outreach	We will manufacture both – Hygienic SS & Titanium grade of Tubes allowing us to diversify into sectors requiring critical application such as food processing, pharma along with nuclear and power sector as well	Value Added Premium Products

Phase 1 : Includes capacity expansion for setting up of value-added **Fittings & Welded Tubes**; to be completed by **March 2025**

Phase 2 : Includes capacity expansion for setting up of value-added **Fittings, Welded / Seamless - Pipes / Tubes**; to be completed by **December 2025**

Foraying into these **value-added product lines** present a **high Return on Capital Employed (ROCE)** opportunity for the company, poised to **amplify profitability** and **drive sustained financial growth**

Arun Kothari
Managing Director

Commenting on the Q4 & FY24 performance of the company Mr. Arun Kothari, Managing Director for Venus Pipes & Tubes Limited Said,

We are delighted to conclude this fiscal year on a high note, showcasing exceptional financial performance. Our revenues have surged to Rs 802.2 Cr, marking an impressive growth of 45.2%. EBITDA stood at Rs 146.3 Cr, exhibiting a staggering increase of 111.7%, with margins standing at 18.2% for FY24. PAT for the same period stood at Rs 85.9 Cr.

Throughout the year, our primary focus has been on expanding our export base. Leveraging our backward integration of seamless pipes, our export revenues have witnessed a remarkable surge of 231%, reaching Rs 98.7 Cr, now comprising approximately 12% of our total revenues. We have also started to receive orders from US markets, and we are looking ahead on penetrating this market along with Middle East, while simultaneously solidifying our presence across Europe.

In addition to our efforts to expand our export channels, we also have diversified our presence across various industries. This year, we successfully ventured into sectors such as oil & gas, railways, food processing, and paint industry.

Lastly, we recently announced capacity expansion into value added product lines, with foray into fittings business and adding capacities for titanium tubes. This strategic initiative enables us to provide comprehensive piping solutions. With our marquee customer base and quality product offerings, we are optimistic of increasing revenue and profitability growth.

We enter FY25 with an optimistic outlook and a focus on ramping up our capacities along with deeper export penetration. Our commitment remains steadfast towards reaching out to diverse sectors, maintaining product diversity, and expanding our footprint across various geographies with unwavering enthusiasm.

Products manufactured are as per the *International Standards* to cater both Domestic & International markets
