Commenting on the Results by Mr. Pranav Saboo – MD & CEO

FY26 marked a year of **sustained momentum for Ethos Limited**, with consolidated revenues reaching **₹1,612.2 crore**, reflecting a **28.8% growth** over **₹1,251.6 crore in FY25** and **33.3% growth in Q4 FY'26**. The performance was driven by continued demand across our portfolio and the increasing premiumisation trend within the luxury timepiece and lifestyle segments.

Our expansion strategy remains firmly anchored in network growth, productivity enhancement, and deeper brand partnerships. We started the year with 73 boutiques and as of today, **98 boutiques across 32 cities**. We entered **six new markets** — **Ranchi, Jodhpur, Srinagar, Kanpur, Agra and Faridabad**, strengthening our nationwide reach and supporting long-term growth.

Foreign exchange volatility, particularly in the Swiss Franc, remained a key external headwind during the year. The **CHF/INR exchange rate moved from ₹96.98 as of 31 March 2025 to ₹122.6 as on 12th May 2026**, representing an INR depreciation of approximately **26%**. As the impact of higher costs was only partially passed through in pricing, and in line with our calibrated approach to protect long-term brand equity and customer relationships, margins were impacted.

The estimated adverse forex-related gross margin impact was approximately **₹18.7 crore**, comprising approximately **₹5.1 crore** from creditor restatement and **₹13.6 crore** from notional exchange losses and higher cost of goods sold.

Additionally, the Government's notification of the **Labour Code, effective 21 November 2025**, necessitated the restatement of gratuity, resulting in a **one-time charge of approximately ₹1.8 crore (consolidated)** recognised during the year, with a short-term impact on margins.

Our Lifestyle vertical continued to perform well, further strengthening Ethos's position as a destination for global luxury. The onboarding of Messika and the expansion of Rimowa to two boutiques mark important milestones in our Lifestyle journey, witnessing strong customer traction and reinforcing our confidence in the long-term potential of this segment.

As we scale, we remain committed to investing in **high-quality talent** while continuing to expand our presence in **premium and high-potential locations**, strengthening **brand visibility** and store productivity. We increased **Marketing Expenses** from **₹ 24 crore to ₹40 crore to support new businesses, new boutiques** and brand launches this year. Our people and network remain central to delivering differentiated customer experiences and operational excellence.

We remain focused on **disciplined execution, profitable growth, and sustainable value creation** as we progress towards our long-term ambition to achieve a **tenfold increase in revenue over the next decade**.
