Notes:

1. The Ministry of Corporate Affairs (“MCA”) has vide its General Circular No. 10/2022 dated December 28, 2022 read with General Circular No. 02/2022 dated May 05, 2022, General Circular No. 20/2020 dated May 05, 2020 (collectively referred to as “MCA Circulars”) and SEBI Circular No. SEBI/HO/CFD/PoD-2/P/CIR/2023/4 dated January 05, 2023, permitted the holding of the Annual General Meeting (“AGM”) through VC / OAVM, without physical presence of the members at a common venue.

In compliance with the MCA Circulars and SEBI Circular, the AGM of the members of the Company is being held through VC / OAVM. The registered office of the Company shall be deemed to be the venue for the AGM.

2. Pursuant to the provisions of the Companies Act, 2013 (“the Act”), a member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his / her behalf and the proxy need not be a member of the Company. Since the AGM is being held in accordance with the MCA Circulars through VC, physical attendance of members has been dispensed with.

Accordingly, the facility for appointment of proxies by the members will not be available for the AGM and hence the Proxy Form, Attendance Slip and route map of the AGM are not annexed to this Notice.

3. Corporate shareholders (i.e. other than individuals / HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or governing body Resolution/Authorization etc., authorizing its representative to attend the AGM through VC / OAVM on its behalf and to vote through remote e-voting. The said Resolution/Authorization shall be sent to the Company by email through its registered email address to investor.care@cmrsl.net with a copy marked to insta.vote@linkintime.co.in.
4. The relevant details, pursuant to Regulation 36(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”) and Secretarial Standard on General Meetings (Secretarial Standards-2) issued by the Institute of Company Secretaries of India, in respect of director(s) seeking appointment/re-appointment at this AGM is annexed as Annexure.
5. The Registrar and Share Transfer Agent of the Company, Link Intime India Private Limited, having its office at Noble Heights, 1st Floor, NH-2, C-1 Block LSC, Near Savitri Market, Janakpuri, New Delhi-110058 (“LIPL”), is handling registry work in respect of entire shares of the Company which are held in electronic/dematerialised form.
6. The Board, at its meeting held on May 25, 2023, has recommended a final dividend of Rs. 2/- per share. The record date for the purpose of final dividend for fiscal 2023 is August 25, 2023 (“Record Date”). The final dividend, once approved by the members in the ensuing AGM, will be paid by September 25, 2023, electronically through various online transfer modes to those members who have updated their bank account details. For members who have not updated their bank account details, dividend warrants / demand drafts / cheques will be sent to their registered addresses. To avoid delay in receiving dividend, members are requested to update their KYC with their depositories to receive the dividend directly into their bank account.
7. Members may note that the Income Tax Act, 1961, (“the IT Act”) as amended by the Finance Act, 2020, mandates that dividend paid or distributed by a company on or after April 1, 2020 shall be taxable in the hands of members. The Company shall therefore be required to deduct tax at source (TDS) at the time of making the payment of final dividend. To enable us to determine the appropriate TDS rate as applicable, members are requested to submit relevant documents, as specified in the below paragraphs, in accordance with the provisions of the IT Act.

For resident shareholders, taxes shall be deducted at source under Section 194 of the IT Act as follows:

Members having valid PAN	10%* or as notified by the Government of India
Members not having PAN / valid PAN	20% or as notified by the Government of India

* As per the Finance Act, 2021, Section 206AB has been inserted effective July 1, 2021, wherein the higher rate of tax (twice the specified rate) would be applicable on payment made to a shareholder who is classified as ‘Specified Person’ as defined under section 206AB of the Finance Act, 2021.

* As per section 139AA of the IT Act, every person who has been allotted a PAN and who is eligible to obtain Aadhaar, shall be required to link the PAN with Aadhaar. In case of failure to comply with this, the PAN allotted shall be deemed to be invalid / inoperative and he shall be liable to all consequences under the IT Act and tax shall be deducted at the higher rates as prescribed under the IT Act.

However, no tax shall be deducted on the dividend payable to resident individual shareholders if the total dividend to be received by them during financial year 2023-24 does not exceed Rs. 5,000, and also in cases where members provide Form 15G / Form 15H (Form 15H is applicable to resident individual shareholders aged 60 years or more) subject to conditions specified in the IT Act. Resident shareholders may also submit any other document as

prescribed under the IT Act to claim a lower / nil withholding of tax. PAN is mandatory for members providing Form 15G / 15H or any other document as mentioned above.

For non-resident shareholders, taxes are required to be withheld in accordance with the provisions of Section 195 and other applicable sections of the IT Act, at the rates in force. The withholding tax shall be at the rate of 20%** (plus applicable surcharge and cess) or as notified by the GOI on the amount of dividend payable. However, as per Section 90 of the IT Act, non-resident shareholders have the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA), read with Multilateral Instrument (MLI) between India and the country of tax residence of the shareholders, if they are more beneficial to them. For this purpose, i.e. to avail the benefits under the DTAA read with MLI, non-resident shareholders will have to provide the following:

- Copy of the PAN card allotted by the Indian income tax authorities duly attested by the shareholders or details as prescribed under rule 37BC of the Income Tax Rules, 1962.
- Copy of the Tax Residency Certificate for financial year 2023-24 obtained from the revenue or tax authorities of the country of tax residence, duly attested by shareholders.
- Electronic Form 10F as per notification no. 03/2022 dated July 16, 2022 issued by the Central Board of Direct Tax [Notification can be read under notification-no-3-2022-systems.pdf (incometaxindia.gov.in)]. Form 10F can be obtained electronically through the e-filing portal of the income tax website at <https://www.incometax.gov.in/iec/foportal>
- Self-declaration by the shareholders of having no permanent establishment in India in accordance with the applicable tax treaty.
- Self-declaration of beneficial ownership by the non-resident shareholder.
- Any other documents as prescribed under the IT Act for lower withholding of taxes, if applicable, duly attested by the shareholders.

In case of Foreign Institutional Investors (FII) / Foreign Portfolio Investors (FPI), tax will be deducted under Section 196D of the IT Act at the rate of 20%** (plus applicable surcharge and cess) or the rate provided in relevant DTAA, read with MLI, whichever is more beneficial, subject to the submission of the above documents, if applicable.

** As per the Finance Act, 2021, Section 206AB has been inserted effective July 1, 2021, wherein the higher rate of tax (twice the specified rate) would be applicable on payment made to a shareholder who is classified as 'Specified Person' as defined under the provisions of the aforesaid Section. However, in case of a non-resident shareholder or a non-resident FPI / FII, the higher rate of tax as mentioned in section 206AB shall not apply if such non-resident does not have a permanent establishment in India.

The aforementioned declarations and documents are required to be submitted by the Shareholders to investor.care@cmrsl.net or to RTA at delhi@linkintime.co.in, latest by September 01, 2023.

8. SEBI has made it mandatory for listed companies to make all payments to investors including dividend to members, by using any RBI approved electronic mode of payment viz. Electronic Clearing Service/ Direct Credit/ Real Time Gross Settlement/ National Electronic Funds Transfer etc.

Therefore, Members may please note that their bank details as furnished by the respective depositories (i.e. National Securities Depository Limited, and Central Depository Services (India) Limited) ("DPs") to the Company will be considered for remittance of dividend as per the applicable regulations of the depositories and the Company will not be able to accede to any direct request from such Members for change/addition/deletion in such bank details. Accordingly, the Members are requested to ensure that their DPs update their Electronic Bank Mandate details. For Members who are unable to receive the dividend directly in their bank accounts through Electronic Clearing Service or any other means due to non-registration of the Electronic Bank Mandate, the Company shall dispatch the dividend warrants / demand drafts / cheques to such Members.

9. The Register of Members and Share Transfer Books of the Company will remain closed from Thursday, September 14, 2023 to Wednesday, September 20, 2023 (both days inclusive) in terms of the provisions of Section 91 of the Act for the purpose of e-voting at the AGM.
10. Members are requested to intimate changes, if any, pertaining to their name, postal address, e-mail address, telephone/mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code, etc. to their DPs.

11. In terms of Regulation 40(1) of the Listing Regulations, as amended from time to time, transfer, transmission and transposition of securities shall be effected only in dematerialized form. The entire paid-up capital of the Company is in dematerialised form.
12. As per the provisions of Section 72 of the Act, the facility for making nomination is available for the Members in respect of the shares held by them. Please contact your DP and register your email address and bank account details in your demat account, as per the process advised by your DP.
13. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company as on the cut-off date will be entitled to vote during the AGM.
14. In compliance with the aforesaid MCA Circulars and SEBI Circular, Notice of the AGM along with the Annual Report 2022-23 is being sent only through electronic mode to those Members whose email addresses are registered with the Company / Depositories, unless any Member requests for physical copy of the same. Members may note that the Notice and Annual Report 2022-23 will also be available on the Company's website www.cmssl.net, website of the stock exchange i.e. National Stock Exchange of India Limited at www.nseindia.com, and on the website of LIPL at <https://instavote.linkintime.co.in>. For any communication, the shareholders may also send requests to the Company's investor email id: investor.care@cmssl.net.
15. The documents referred to in the Notice shall be available for inspection electronically by the Members during business hours upto the date of AGM, in accordance with the applicable statutory requirements based upon the requests received by the Company at investor.care@cmssl.net.
16. The Company has no unpaid/unclaimed dividend for any financial year required to be transferred to the Investor Education and Protection Fund of the Central Government under the provisions of Section 124 of the Act.
17. Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
18. Instructions for e-voting and joining the AGM through VC are as follows:

Notes:

1. The Ministry of Corporate Affairs ("MCA") has vide its General Circular No. 10/2022 dated December 28, 2022 read with General Circular No. 02/2022 dated May 05, 2022, General Circular No. 20/2020 dated May 05, 2020 (collectively referred to as "MCA Circulars") and SEBI Circular No. SEBI/HO/CFD/PoD-2/P/CIR/2023/4 dated January 05, 2023, permitted the holding of the Annual General Meeting ("AGM") through VC / OAVM, without physical presence of the members at a common venue.

In compliance with the MCA Circulars and SEBI Circular, the AGM of the members of the Company is being held through VC / OAVM. The registered office of the Company shall be deemed to be the venue for the AGM.

2. Pursuant to the provisions of the Companies Act, 2013 ("the Act"), a member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his / her behalf and the proxy need not be a member of the Company. Since the AGM is being held in accordance with the MCA Circulars through VC, physical attendance of members has been dispensed with.

Accordingly, the facility for appointment of proxies by the members will not be available for the AGM and hence the Proxy Form, Attendance Slip and route map of the AGM are not annexed to this Notice.

3. Corporate shareholders (i.e. other than individuals / HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or governing body Resolution/Authorization etc., authorizing its representative to attend the AGM through VC / OAVM on its behalf and to vote through remote e-voting. The said Resolution/Authorization shall be sent to the Company by email through its registered email address to investor.care@cmrsl.net with a copy marked to insta.vote@linkintime.co.in.
4. The relevant details, pursuant to Regulation 36(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") and Secretarial Standard on General Meetings (Secretarial Standards-2) issued by the Institute of Company Secretaries of India, in respect of director(s) seeking appointment/re-appointment at this AGM is annexed as Annexure.
5. The Registrar and Share Transfer Agent of the Company, Link Intime India Private Limited, having its office at Noble Heights, 1st Floor, NH-2, C-1 Block LSC, Near Savitri Market, Janakpuri, New Delhi-110058 ("LIPL"), is handling registry work in respect of entire shares of the Company which are held in electronic/dematerialised form.

6. The Board, at its meeting held on May 25, 2023, has recommended a final dividend of Rs. 2/- per share. The record date for the purpose of final dividend for fiscal 2023 is August 25, 2023 ("Record Date"). The final dividend, once approved by the members in the ensuing AGM, will be paid by September 25, 2023, electronically through various online transfer modes to those members who have updated their bank account details. For members who have not updated their bank account details, dividend warrants / demand drafts / cheques will be sent to their registered addresses. To avoid delay in receiving dividend, members are requested to update their KYC with their depositories to receive the dividend directly into their bank account.
7. Members may note that the Income Tax Act, 1961, ("the IT Act") as amended by the Finance Act, 2020, mandates that dividend paid or distributed by a company on or after April 1, 2020 shall be taxable in the hands of members. The Company shall therefore be required to deduct tax at source (TDS) at the time of making the payment of final dividend. To enable us to determine the appropriate TDS rate as applicable, members are requested to submit relevant documents, as specified in the below paragraphs, in accordance with the provisions of the IT Act.

For resident shareholders, taxes shall be deducted at source under Section 194 of the IT Act as follows:

Members having valid PAN	10%* or as notified by the Government of India
Members not having PAN / valid PAN	20% or as notified by the Government of India

* As per the Finance Act, 2021, Section 206AB has been inserted effective July 1, 2021, wherein the higher rate of tax (twice the specified rate) would be applicable on payment made to a shareholder who is classified as 'Specified Person' as defined under section 206AB of the Finance Act, 2021.

* As per section 139AA of the IT Act, every person who has been allotted a PAN and who is eligible to obtain Aadhaar, shall be required to link the PAN with Aadhaar. In case of failure to comply with this, the PAN allotted shall be deemed to be invalid / inoperative and he shall be liable to all consequences under the IT Act and tax shall be deducted at the higher rates as prescribed under the IT Act.

However, no tax shall be deducted on the dividend payable to resident individual shareholders if the total dividend to be received by them during financial year 2023-24 does not exceed Rs. 5,000, and also in cases where members provide Form 15G / Form 15H (Form 15H is applicable to resident individual shareholders aged 60 years or more) subject to conditions specified in the IT Act. Resident shareholders may also submit any other document as prescribed under the IT Act to claim a lower / nil withholding of tax. PAN is mandatory for members providing Form 15G / 15H or any other document as mentioned above.

For non-resident shareholders, taxes are required to be withheld in accordance with the provisions of Section 195 and other applicable sections of the IT Act, at the rates in force. The withholding tax shall be at the rate of 20%** (plus applicable surcharge and cess) or as notified by the GOI on the amount of dividend payable. However, as per Section 90 of the IT Act, non-resident shareholders have the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA), read with Multilateral Instrument (MLI) between India and the country of tax residence of the shareholders, if they are more beneficial to them. For this purpose, i.e. to avail the benefits under the DTAA read with MLI, non-resident shareholders will have to provide the following:

- Copy of the PAN card allotted by the Indian income tax authorities duly attested by the shareholders or details as prescribed under rule 37BC of the Income Tax Rules, 1962.
- Copy of the Tax Residency Certificate for financial year 2023-24 obtained from the revenue or tax authorities of the country of tax residence, duly attested by shareholders.
- Electronic Form 10F as per notification no. 03/2022 dated July 16, 2022 issued by the Central Board of Direct Tax [Notification can be read under notification-no-3-2022-systems.pdf (incometaxindia.gov.in)]. Form 10F can be obtained electronically through the e-filing portal of the income tax website at <https://www.incometax.gov.in/iec/foportal>
- Self-declaration by the shareholders of having no permanent establishment in India in accordance with the applicable tax treaty.
- Self-declaration of beneficial ownership by the non-resident shareholder.
- Any other documents as prescribed under the IT Act for lower withholding of taxes, if applicable, duly attested by the shareholders.

In case of Foreign Institutional Investors (FII) / Foreign Portfolio Investors (FPI), tax will be deducted under Section 196D of the IT Act at the rate of 20%** (plus applicable surcharge and cess) or the rate provided in relevant DTAA, read with MLI, whichever is more beneficial, subject to the submission of the above documents, if applicable.

** As per the Finance Act, 2021, Section 206AB has been inserted effective July 1, 2021, wherein the higher rate of tax (twice the specified rate) would be applicable on payment made to a shareholder who is classified as 'Specified Person' as defined under the provisions of the aforesaid Section. However, in case of a non-resident shareholder or a non-resident FPI / FII, the higher rate of tax as mentioned in section 206AB shall not apply if such non-resident does not have a permanent establishment in India.

The aforementioned declarations and documents are required to be submitted by the Shareholders to investor.care@cmrsl.net or to RTA at delhi@linkintime.co.in, latest by September 08, 2023.

8. SEBI has made it mandatory for listed companies to make all payments to investors including dividend to members, by using any RBI approved electronic mode of payment viz. Electronic Clearing Service/ Direct Credit/ Real Time Gross Settlement/ National Electronic Funds Transfer etc.

Therefore, Members may please note that their bank details as furnished by the respective depositories (i.e. National Securities Depository Limited, and Central Depository Services (India) Limited) ("DPs") to the Company will be considered for remittance of dividend as per the applicable regulations of the depositories and the Company will not be able to accede to any direct request from such Members for change/addition/deletion in such bank details. Accordingly, the Members are requested to ensure that their DPs update their Electronic Bank Mandate details. For Members who are unable to receive the dividend directly in their bank accounts through Electronic Clearing Service or any other means due to non-registration of the Electronic Bank Mandate, the Company shall dispatch the dividend warrants / demand drafts / cheques to such Members.

9. The Register of Members and Share Transfer Books of the Company will remain closed from Thursday, September 14, 2023 to Wednesday, September 20, 2023 (both days inclusive) in terms of the provisions of Section 91 of the Act for the purpose of e-voting at the AGM.
10. Members are requested to intimate changes, if any, pertaining to their name, postal address, e-mail address, telephone/mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code, etc. to their DPs.
11. In terms of Regulation 40(1) of the Listing Regulations, as amended from time to time, transfer, transmission and transposition of securities shall be effected only in dematerialized form. The entire paid-up capital of the Company is in dematerialised form.
12. As per the provisions of Section 72 of the Act, the facility for making nomination is available for the Members in respect of the shares held by them. Please contact your DP and register your email address and bank account details in your demat account, as per the process advised by your DP.
13. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company as on the cut-off date will be entitled to vote during the AGM.
14. In compliance with the aforesaid MCA Circulars and SEBI Circular, Notice of the AGM along with the Annual Report 2022-23 is being sent only through electronic mode to those Members whose email addresses are registered with the Company / Depositories, unless any Member requests for physical copy of the same. Members may note that the Notice and Annual Report 2022-23 will also be available on the Company's website www.cmrsl.net, website of the stock exchange i.e. National Stock Exchange of India Limited at www.nseindia.com, and on the website of LIPL at <https://instavote.linkintime.co.in>. For any communication, the shareholders may also send requests to the Company's investor email id: investor.care@cmrsl.net.
15. The documents referred to in the Notice shall be available for inspection electronically by the Members during business hours upto the date of AGM, in accordance with the applicable statutory requirements based upon the requests received by the Company at investor.care@cmrsl.net.
16. The Company has no unpaid/unclaimed dividend for any financial year required to be transferred to the Investor Education and Protection Fund of the Central Government under the provisions of Section 124 of the Act.
17. Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.

18. Instructions for e-voting and joining the AGM through VC are as follows:

Investors are hereby informed that statements in this Management Discussion & Analysis describing the objectives, projections, estimates and expectations of Cyber Media Research & Services Limited ("CMRSL"/"the Company") may be 'forward-looking statements' within the meaning of applicable laws and regulations. The following discussions and analysis should be read in conjunction with the Company's financial statements included herein and the notes thereto.

This MDA covers the overall business of Cyber Media Research & Services Ltd including its subsidiary. The financial figures are provided for the consolidated business of the group. If stand-alone numbers are considered, they are highlighted as such.

Industry Overview

This chapter has been extracted/ derived from the "Dentsu-e4m Digital Report 2023"

The India economy is growing at an unprecedented pace, bringing the future of digital economy closer to us. The new digital economy is revolutionising the Indian advertising industry. At present, digital advertising industry stood at a market size of Rs. 29,784 crore, growing at 39.5% over 2021 and is forecasted to reach Rs. 51,110 crore, with a compounded growth rate of 31% by 2024.

Television has the largest advertising spend share of 40%, followed by digital media at 35% and print media at 21%. The digital media spend is expected to overtake that of television in 2023.

Digital media spend is driven by social media with a contribution of 30% followed by 28% on online video and 23% on paid search. Video and app consumption will continue to remain key growth drivers in the industry. These continue to expand the market at rapid pace while presenting new opportunities as well. Due to the rapid adoption of the next generation of artificial intelligence (AI), Web3, and similar technologies, as well as the development of the mass market, Indian consumers' expectations are set to evolve towards convenience, commerce, and experimental media and marketing. The future of the digital economy will revolutionise businesses at all levels, including the grassroots levels, and will usher us into a new dawn of immersive marketing and creativity.

Digital Ad Market Size in 2023

Among digital media advertising formats, social media takes the largest spends share of 30% (Rs. 8,757 crore), closely followed by online video (28%, Rs. 8,319 crore).

Spends on paid search contribute 16% (Rs 4,816 crore) to Indian digital advertising market.

Social media and online video formats have consistently been the strongest and largest advertising formats on digital media. Online video has seen the fastest growth due to the rapid increase in the number of consumers of this medium, owing to the widespread availability of low-cost smartphones and high-speed connectivity.

Content consumption on digital media has been driven primarily by online video and social media. We expect online video advertising formats to have the highest compounded growth rate of 34% to reach spends share of 29% by 2024 and be at par with social media.

Social media is expected to grow at a compounded rate of 31% to reach spends share of 29% by the end of 2024. Paid search is expected to have a compounded growth rate of 28% and will have spends share of 22% by the end of 2024.

Segments that are up-and-coming and expected to fuel growth in the coming years include programmatic media buying, connect TV, digital out-of-home, and Web3 technologies.

Digital media spends across industry verticals

The FMCG segment makes the biggest contribution of 38% (Rs 11,403 crore) and has grown 28% over the previous year. This is followed by e-commerce category contributing 20% (Rs 5,982 crore) to the digital media industry in India. The contribution by the e-commerce segment has grown around three times as compared to the previous year.

The majority of the FMCG category's digital media budget is spent on online video (43%), followed by social media (25%). The e-commerce segment spends 52% of its digital media budget on paid search and 19% on social media. Spends on paid search by e-commerce segment has grown six times over the previous year. The consumer durables category spends 35% of its digital media budget on paid search, followed by 20% on social media and display banners respectively. The pharmaceutical industry spends 53% of its digital media budget on paid search, which has increased eleven times in a year.

Auto industry spends 31% of its digital media budget on paid search and 26% on online video. The telecom sector spends 28% on online video, 27% on social media and 25% on paid search. The education category spends 35% of its digital media budget on online video while the BFSI industry spends 42% on paid search, followed by 27% on display banners. Social media accounts for 38% of the retail category's digital media spends, followed by paid search (29%), and display banners (20%).

CMRSL's Business

CMRSL businesses continue to increase its customer base while increasing the share of wallet from its existing customer base as well. FY2022-23 was the best performance for the Company in its history and the management expects the growth to accelerate in the current financial year as well.

With macro-economic factors looking positive, CMRSL has also invested in expanding its technology and sales teams so as to create a larger footprint in the market.

It is relevant to note that AI will have significant impact on the marketing industry. New technology platforms such as OpenAI's ChatGPT will bring forward more technology adoption, automation, simplification and data-centric decision. In line with this CMRSL has initiated investments towards integrating AI powered solutions within its technology stack, across our business streams.

The Company clearly sees this as an opportunity to increase market share, and ramp up its offerings for clients in advertising, programmatic and data analytics. Given the recency of this technology CMRSL will continue to invest its resources towards building its technology stack.

The long-term prospects for CMRSL continue to remain positive both at a macro-level, as well as based on strategic bets being made by the Company in new areas of growth.

Advertiser

CMRSL's advertiser business has been a key revenue driver. Advertisers continue to invest across digital and as the share of the pie increases the Company is looking at continuing to gain more customers both in India and abroad. Our media buying and performance marketing services continue to provide data driven ROI to advertisers. These campaigns involve campaign management, app installs, advisory services, creative services, social media planning, and social media execution.

However, in addition to providing services the Company is ramping up more resources towards its martech SaaS offering – CMGalaxy. CMGalaxy is a virtual CMO assistant. It is market intelligence tool that allows advertisers to map their entire marketing funnel across multiple demand channels. It delivers a high degree of automation that is powered by AI, and simplifies multiple marketing functions. This fast and clear data flow enables advertisers to be competitive and ensure their marketing budget utilization is done effectively. Our AI/ML engine processes the data to provide better understanding of user behavior and this significantly improves the advertiser's ability to plan their future marketing campaigns.

Programmatic

Advertisers and ad agencies need quality inventory to deliver digital marketing campaigns for their clients for which they use multiple supply partners. Programmatic advertising drives performance marketing which drives higher sales for customers. The Company, through its platform CyberAds performs ad match in real-time to enable the right ad to be viewed by relevant audiences. CyberAds platform provides an automated, machine learning driven programmatic and media buying solutions. Our targeting engine provides brands and agencies end-to-end media buying creating better targeting and ROI across campaigns. CyberAds automated platform leverages deep understanding of user behaviour and cross-device targeting that allows brands to target inventory across multiple publishers to reach users in targeted manner. This allows them reach to new potential customers at lower costs.

The Company's programmatic offerings have grown in the past year at a rapid pace, and build a healthy network of industry relationships that allow steady growth to the business.

Data Analytics

CMRSL is a premier research and consulting firm offering customers strategic and tactical insights in the form of market intelligence, market ecosystem mapping and go-to-market services. The Company's research and advisory services operates with premium data across technology, telecom, life sciences, automotive, manufacturing, and other industry verticals. This includes key sectoral trends,

definite viewpoints on emerging markets and providing in-depth consumer insights. Among key initiatives includes building more market trackers, custom data and custom dashboards for clients. The Company provides its customers with ability to collect, process, visualize, and effectively deliver insights against large data sets.

The team primarily deals with large enterprise clients, and has successfully onboarding large enterprise customers.

Publisher

The Company ties up with web channels & publishers to monetize their ad inventory. This is monetized via demand platforms such as Google, Pubmatic, Magnite, among others. Publishers earn by monetizing this inventory via several advertisers. The Company is a Google Publishing Partner on GAM360, AdSense and AdX products.

Auxo Ads platform allows publishers to optimize revenues and manage their traffic more effectively. Auxo Ads captures large data regarding users and their behavior that helps publishers understand their user better. The data collected is utilized to build better predictive models to improve monetization, analysis and targeting.

The Publisher business has experienced a slow down in FY 2022-23 due to significant changes made by Google. Furthermore, increased competition in this sector requires an investment towards creating improved offerings for clients. The Company expects a revival of its Publisher business through the current financial year.

Opportunities and Threats

Opportunities

Segments that are up-and-coming and expected to fuel growth in the coming years include programmatic media buying, connectTV, digital out-of-home, and Web3 technologies.

The AI Opportunity

Artificial intelligence based on large-language models will create substantial shifts across the advertising industry. Being a digital marketing organization that has its own technology stack, the Company sees this as a necessary space of investment and growth. Brands are likely to adopt and require large set of AI driven marketing solutions. CMRSL will rapidly look to enter this space and fill this need across advertisers. This initiative will further strengthen the offering to attract more international clients as well.

Expand our Current Business Relationships

CMRSL's goal is to build long-term, sustainable business relationships with our customers to generate increasing revenues. The Company will expand the scope and range of services provided to our existing customers by continuing to build expertise and extending capabilities into new and emerging marketing technologies. In addition, the Company intends to continue to invest towards building more powerful martech and ad-tech solutions. In addition, the Company intends to continue to build relationships with various global companies as business partners which can provide us with better benefit by introducing local clients.

Optimal Utilization of Resources & Establishing Better Processes

The Company constantly endeavours to improve its technical process, and will increase service activities to optimize the utilization of resources. For FY 2022-23, developments include deployment of HRMS SaaS for all Cyberites, deployment of internal finance platform that automates multiple functions, roll-out of OKRs to track better productivity across teams, usage of Jira project management tool to track technology development, more effective cashflow management systems, among other steps towards good governance.

CMRSL has developed effective internal systems, and intends to continue to establish systems and processes to ensure effective management control and team betterment.

Attract, develop and retain highly-skilled employees

CMRSL employees are one of its most important assets. The Company focuses on the quality and level of performance that our employees deliver by investing in recruitment, training, retention practices, maintenance of a culture of innovation. The Company also creates a balance between a challenging and rewarding work environment. CMRSL's talent development strategy focusses on engaging, motivating and developing a high performing workforce and aim to create and sustain a positive workplace culture for the employees. The Company also has a competency training framework, seamlessly integrated into our business that has been designed for new employees to be "project-ready".

Threats

The increasing spread of fake and bad quality content has emerged as a major concern for social media. Further, with dynamic technological innovations taking place, the media sector is facing considerable uncertainty.

As we continue to foray ahead, we anticipate increased competition in the digital domain from other businesses trying to emulate us, as well as from several niche enterprises in the digital media, social media, and other online services, with whom we are competing, using our expertise and brand position in the market as a single-stop shop.

The company is continuously monitoring the various threats which can hamper growth and is taking appropriate and effective steps in this regard.

Operating segment-wise performance

The highlights of segment wise overall performance on consolidated basis are as under:

Particulars	(Rs. in Lakhs)	
	Digital Services	
	2022-23	2021-22
Income	6,317.68	5,678.13
Expenses	5,878.10	5,327.60
Earnings before interest, tax, depreciation and amortization (EBITDA)	439.580	350.53

Business Outlook

CMRSL has continued to increase its customer base while increasing the share of wallet from its existing customer base as well. The Company's goal is to build long-term, sustainable business relationships with our customers to generate increasing revenues. The Company will expand the scope and range of services provided to our existing customers by continuing to build expertise and extending capabilities into new and emerging marketing technologies.

The Company constantly endeavours to improve its technical process, and will increase service activities to optimize the utilization of resources. The Company ties up with web channels & publishers to monetize their ad inventory. This is monetized via demand platforms such as Google, Pubmatic, Magnite, among others. Publishers earn by monetizing this inventory via several advertisers.

Risks and Concerns

The Company has established a risk management framework to identify and mitigate risks arising from external and internal factors. A risk identification exercise is carried out periodically to identify various strategic, operational, financial and compliance-related risks.

Few risks and uncertainties that can affect the business include the inherent risk of cybercrimes and data breach that may impact reputation, exposure to litigations and competition from emerging digital platforms and other social media apps.

Potential risks are reviewed on an ongoing basis and mitigating controls are deliberated upon as an integral part of decision-making. To stay ahead of the competition and minimize exposure to risk, the Company has taken various initiatives like continuous engagement with the editorial team and upgradation of editorial processes to ensure factual accuracy of content published, greater focus on reaching newer segments and geographies. Further, to monitor status of statutory compliances across all locations/ functions helps the Company to minimize its exposure to any non-compliance to statutory and legal requirements.

Further, the Company is continuously evaluating the evolving situation and taking necessary steps to mitigate its impact, while ensuring business continuity. The Company is also taking cost optimization efforts across businesses and functions.

Information Security

The Company accords great importance to the security of its information assets. To ensure that this gets desired focus and attention, Information Officer is entrusted with the task of ensuring that your Company has the requisite security posture.

Internal Control Systems and their Adequacy

CMRSL has aligned its current systems of internal financial control with the requirement of Companies Act 2013. The Company has adopted the internal control integrated framework which is intended to increase transparency and accountability in an organization's

process of designing and implementing a system of internal control. The framework requires a company to identify and analyze risks and manage appropriate responses. The Company has successfully laid down the framework and ensured its effectiveness.

CMRSL's internal controls are commensurate with its size and the nature of its operations. These have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorized use, executing transactions with proper authorization and ensuring compliance with corporate policies. CMRSL has a well-defined delegation of power with authority limits for approving contracts as well as expenditure. Processes for formulating and reviewing annual and long-term business plans have been laid down. CMRSL uses a state-of-the-art enterprise resource planning system that connects all parts of the organization, to record data for accounting, consolidation and management information purposes. It has continued its efforts to align all its processes and controls with best practices.

CMRSL management assessed the effectiveness of the company's internal control over financial reporting (as defined in Regulation 17 of the Listing Regulations as of March 31, 2023).

M/s. Goel Minrti & Associates, the statutory auditors of CMRSL have audited the financial statements included in this annual report and have issued an attestation report on the company's internal control over financial reporting (as defined in section 143 of Companies Act 2013).

CMRSL has appointed M/s. R R R S & Associates, Chartered Accountants to oversee and carry out internal audit of its activities. In line with best practice, the conduct of internal audit is oriented towards the review of internal controls and risks in the company's operations such as service delivery, accounting and finance, procurement, employee engagement, statutory compliances.

The audit committee reviews reports submitted by the management and audit reports submitted by internal auditors and statutory auditors. Suggestions for improvement are considered and the audit committee follows up on corrective action. The audit committee also meets CMRSL's statutory auditors to ascertain, inter alia, their views on the adequacy of internal control systems and keeps the board of directors informed of its major observations periodically.

Based on its evaluation (as defined in section 177 of the Companies Act, 2013 and Regulation 18 of the Listing Regulations), CMRSL's audit committee has concluded that, as of March 31, 2023, the company's internal financial controls were adequate and operating effectively.

INDEPENDENT AUDITOR'S REPORT

To the Members of Cyber Media Research & Services Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **CYBER MEDIA RESEARCH & SERVICES LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended 31st March, 2023. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S. No	Key Audit Matters	How our audit addressed the key audit matter
1	Revenue Recognition <ul style="list-style-type: none"> The timing of revenue recognition is relevant to the reported performance of the Company. We identified revenue recognition as a key audit matter because of quantum of revenue and the time and audit effort involved in auditing the terms of the customers contract and the revenue recognised. Accuracy of recognition, measurement, presentation and disclosures of revenues and related balances in view of IND AS 115 “Revenue from Contracts with Customers”. Ind AS 115 requires certain key judgements including identification of distinct performance obligations and transaction price. 	<ul style="list-style-type: none"> We assessed the compliance of the revenue recognition accounting policies against the requirements of Ind AS. We evaluated the design and operating effectiveness of the relevant key financial controls with respect to revenue recognition on selected transactions. Using sampling, we tested the terms of the revenue contracts against the recognition of revenue based on the underlying documentation and records. We tested the accuracy of revenue recognised around year end. On a sample basis, we evaluated the revenue being recognised in the correct accounting period. We assessed the adequacy of disclosures in the standalone financial statements against the requirements of Ind AS 115, Revenue from contracts with customers. We assessed the Company's process of identification of distinct performance obligations and transaction price and for the same we selected a sample of contracts, covering all types of revenue recognized by the Company and performed the following procedures: <ul style="list-style-type: none"> ➤ Considered the terms of the contracts to determine the transaction price specially to ascertain if there is any financing component in the arrangement where advances have been received from the customers. ➤ Read, analysed and identified the distinct performance obligations in these contracts. ➤ Compared these performance obligations with that identified and recorded by the Company. ➤ Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings. Based on work performed, we found the management's assessment of determination of transaction price and identification of distinct performance obligation is reasonable.
2	Impairment of Trade Receivables <ul style="list-style-type: none"> The Company has applied a simplified ECL model to determine the impairment against trade receivables at the reporting date. The expected credit loss (ECL) model involves the use of various assumptions and study of historical observed defaults rates over the expected life of trade receivables. The significant judgments include the assessment for the forward looking estimates. Due to the significance of trade receivables and the significant judgment involved in determining the ECL, the impairment of trade receivables was considered to be Key audit matter 	<ul style="list-style-type: none"> We have assessed the design and implementation and tested the operating effectiveness of the Company's relevant key financial controls around the ECL allowance. We critically assessed the ECL model developed by the Company and verified with requirement of Ind AS 109. Tested Key assumptions and judgments, such as those used to assess the likelihood of default and loss on default by comparing two historical data We considered the adequacy of the disclosures in the standalone financial statements against the requirement of Ind As 109, Financial Instruments and Ind AS 107, Financial Instruments Disclosures

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charges with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with accounting standards (i.e. Companies (Indian Accounting Standard) Rules 2015) specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company does not have any pending litigations which would impact its financial position.
- ii. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
- vi. Reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023, hence no comments are provided.

Annexure 'A' to the Independent Auditor's Report of even date on standalone financial statements as at and year ended 31st March 2023 of Cyber Media Research & Services Limited

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Cyber Media Research & Services Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of the Company's property, plant and equipment and Intangible Assets:
 - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.
(B) The Company has maintained proper records showing full particulars of intangible assets.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its property, plant and equipment by which all property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company.
 - (d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.
 - (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii.
 - (a) The Company does not have any inventory and hence reporting under clause 3(ii)(a) of the Order is not applicable.
 - (b) The Company has not been sanctioned working capital limits at any points of time during the year, from banks or financial institutions on the basis of security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable.
- iii. The company has not made investment in, provided any guarantee or security or advances in the nature of loans secured or unsecured to companies, firms, Limited liability partnerships or any other parties.
 - (a) However, the Company has granted a secured loan of Rs 985.00 Lakhs to its Holding Company Cyber Media (India) Limited. No amount granted in any way to any other party during the year. The said loan was outstanding in this entirety on 31st March 2023.
 - (b) In our opinion the grant of aforesaid loan is not prejudicial to the interest of the Company.
 - (c) With respect to the aforesaid loan the schedule of repayment of Principal and payment of interest has been stipulated.
 - (d) The repayment of principal and payment of interest shall commence from the financial year 2023-24. There is no overdue of amount.
 - (e) No loan or advance in the nature of loan granted earlier has fallen due during the year.
 - (f) The company has not granted any loans or advances in the nature of loan either repayable on demand or without specifying any terms or period of repayment.
- iv) In respect of loans granted by the company the provisions of section 185 & 186 of the Companies act, 2013 have been complied with. The company has not made any investment, given any guarantee or security to any person during the year.
- v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.

vi) The maintenance of cost records has not been specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause (vi) of the Order is not applicable to the Company.

vii) In respect of statutory dues:

(a) In our opinion, the Company has been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no dues of GST, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Value added tax, Cess or other statutory dues which have not been deposited by the Company on account of disputes.

viii) The Company has not surrendered or disclosed income which has not been recorded in the books of accounts in the assessment under the Income Tax Act, 1961. Hence reporting under clause 3(viii) of the Order is not applicable to the Company.

ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender. Hence reporting under clause 3(ix)(a) of the Order is not applicable.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or other lender.

(c) The Company has applied term loans for the purpose for which the loans were obtained.

(d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

(e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.

(f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries and hence reporting on clause 3(ix)(f) of the Order is not applicable.

x) (a) The Company has raised moneys by way of initial public offer during the year of Rs. 734.40 Lakhs. Objects for which funds have been raised and its utilisation is as per the following table:

Original Object	Original allocation	Modified allocation, if any	Funds Utilized	Funds Unutilized	Deviation (being inter head reallocation)
Meeting working capital requirement	430.00	NA	412.43	-	17.57
Investment in new projects and general corporate purpose	252.09	NA	Nil	252.09	Nil
Public Issue expenses	52.31	NA	69.88	-	(17.57)
Total	734.40		482.31	252.09	-

(b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.

xi) (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) According to the information and explanations given by the Management, the Company has not received any whistle-blower complaints during the year.
- xii) The Company is not a Nidhi Company and hence reporting under clause 3 (xii) of the Order is not applicable.
- xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
(b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv) In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi) (a) In our opinion, the Company not being a Non-Banking Financial Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
(b) The Company has not conducted any Non-Banking Financial or Housing Financial Activities.
(c) The Company is not a Core Investment Company (CIC) as defined by the regulation made by Reserve Bank of India.
(d) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- xviii) There has been no resignation of the statutory auditors of the Company during the year.
- xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx) In our opinion and according to the information and explanations given by the Management, provision of section 135 of the Companies Act, 2013 is not applicable on the company. Accordingly, reporting under clause 3(xx) of the Order is not applicable.
- xxi) These are not consolidated financial statements. Accordingly reporting under clause 3(xxi) of the Order is not applicable.

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Cyber Media Research & Services Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

We have audited the internal financial controls over financial reporting of **CYBER MEDIA RESEARCH & SERVICES LIMITED** (the “Company”) as of March 31, 2023 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any

evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

SIGNIFICANT ACCOUNTING POLICIES OF STANDALONE FINANCIAL STATEMENTS

1. Corporate Information

Cyber Media Services Pte. Ltd. (the “Company”) is an exempt private company incorporated in the Republic of Singapore. The immediate and holding company is Cyber Media Research & Services Limited and ultimate holding company is Cyber Media (India) Limited, both incorporated in India.

The registered office of the Company is located at 1 North Bridge Road 07-10 High Street Centre Singapore 179094. The principal activity of the Company during the course of the financial year is advertising activities and digital marketing services. There have been no significant changes in the nature of these activities during the financial year.

2. Significant Accounting Policies

A summary of basis of preparation and significant accounting policies adopted in the preparation of these financial statements are as given below. These bases of preparation and accounting policies have been applied consistently to all periods presented in the financial statements.

2.1 Statement of Compliance

These standalone financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as “Ind AS”) as prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules 2015 as amended from time to time and other accounting principles generally accepted in India.

2.2 Basis of preparation and presentation

The Financial Statements are prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Unless otherwise stated, all amounts are stated in Lakhs of Rupees.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company’s normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

In addition, for financial reporting purposes fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs for the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety, which are described as follows:

- a) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- b) Level 2 inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.
- c) Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Use of Estimates

The preparation of financial statements requires management to make judgments, estimates and assumptions that may impact the application of accounting policies and the reported value of assets, liabilities, income, expenses and related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. The estimates and management’s judgments are based on previous experience & other factors considered reasonable and prudent in the circumstances. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

In order to enhance understanding of the financial statements, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is as under:

1. Formulation of accounting policies

The accounting policies are formulated in a manner that results in financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. Those policies need not be applied when the effect of applying them is immaterial.

2. Post-employment benefit plans

Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.

3. Provisions and contingencies

The assessments undertaken in recognizing provisions and contingencies have been made in accordance with Ind AS 37 'Provisions, contingent liabilities and contingent assets'. The evaluation of the likelihood of the contingent events has required best judgment by management regarding the probability of exposure to potential loss. Should circumstances change following unforeseeable developments, this likelihood could alter.

d) Income taxes

Significant estimates are involved in determining the provision for income taxes, including amount expected to be paid/ recovered for uncertain tax positions.

2.4 Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer and complete satisfaction of all performance obligations. Revenue is measured at the amount of consideration which the Company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognised when it becomes unconditional.

If at the time of rendering of services or sales there is significant uncertainty in Ultimate collection of the revenue, then the revenue recognition is postponed and in such Cases revenue is recognized only when it becomes reasonably certain that ultimate collection will be made. When the uncertainty of collection of revenue arises subsequently after the revenue recognition, provision for the uncertainty in the collection is made rather than adjustment in revenue already recognized. Dividend income is recognized when right to receive is established. Interest Income is recognized on time proportion basis taking in to account the amount outstanding and rate applicable based on effective interest method.

2.5 Property, Plant and Equipment (PPE)

Property, plant and equipment (PPE) are carried at cost less accumulated depreciation and impairment losses, if any.

The cost of Property, plant and equipment (PPE) comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses, present value of decommissioning costs (where there is a legal or constructive obligation to decommission) and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use. Property, plant and equipment are tested for impairment whenever events or changes in circumstances indicate that an asset may be impaired. If an impairment loss is determined, the remaining useful life of the asset is also subject to adjustment. If the reasons for previously recognised impairment losses no longer exist, such impairment losses are reversed and recognised in income. Such reversal shall not cause the carrying amount to exceed the amount that would have resulted had no impairment taken place during the preceding periods.

Depreciation

Depreciation is provided for Property, Plant and Equipment so as to expense the cost less residual values over their estimated useful lives. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period. Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Category	Useful Life
Office equipment	5 years
Furniture and fixture	10 years
Computers	3 years
Building	60 years
Vehicle	8 Years

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains and losses arising from Derecognition of Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognised.

Amortization of Intangible assets

Intangible assets are amortized on a straight-line basis over the estimated useful economic life. The amortization period and the amortization method are reviewed at each financial year end. If the expected useful life of the asset is significantly different from the previous estimate, the amortization period is changed accordingly.

The useful lives of intangible assets are assessed as either definite or indefinite. Intangible assets are tested for impairment at the end of each reporting period.

Softwares are amortised over the life of the software or 5 years, whichever is lower

2.6 Inventory

Inventory of newsprint, goods in transit are stated at cost or net realisable value, whichever is lower. Cost comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formulae used are 'First in First Out', 'Average cost', or 'Specific Identification', as applicable. Due allowance is estimated and made for defective and obsolete items, wherever necessary, based on the past experience of the Company.

2.7 Taxation

Income tax expense represents the sum of tax currently payable and deferred tax.

2.7.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

Current tax is determined on the basis of taxable income and tax credits computed for Company, in accordance with the applicable tax rates and the provisions of applicable tax laws applicable to Company in the respective jurisdiction in which it operates.

Advance taxes and provisions for current income taxes are presented in the Balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant taxpaying units intends to settle the asset and liability on a net basis.

2.7.2 Deferred Tax

Deferred tax assets and liabilities are measured using the enacted/substantively enacted tax rates and laws for continuing operations. Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses. The carrying amount of deferred tax assets is reviewed at each balance sheet date to reassess realisation.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.8 Employee Benefits

Defined contribution plan

A Defined contribution plan is a post-employment benefit plan under which the company pays fixed contributions in respect of the employees into an independent fund administered by the government/ pension fund manager and will have no legal or constructive obligation to pay further amounts after its payment of the fixed contribution. Obligations for contributions to defined contribution plans are recognized as an employee benefit expense in statement of profit and loss in the period during which services are rendered by employees.

The company has a defined contribution plan which includes pension scheme and provident fund scheme. Company's contribution towards provident fund and pension scheme for the year are recognised as an expense and charged to the statement of profit and loss.

Defined benefit plan

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The company's liability towards gratuity and post-retirement benefits such as medical benefits are in the nature of defined benefits plans.

The company's net obligation in respect of defined benefit plans is determined using the projected unit credit method, with actuarial valuations being carried out at the end of reporting period. Actuarial gain/loss on re-measurement of gratuity and other post-employment defined plans are recognised in other comprehensive income (OCI). Past service cost is recognised in the statement of Profit and Loss account in the period of a plan amendment.

Other long-term employee benefits

The company's obligation towards leave encashment is in the nature of other long term employee benefits. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to statement of profit and loss in the period in which such gains or losses are determined.

Short-term employee benefits

Short term employee benefits such as salaries and wages are recognised on undiscounted basis in the statement of Profit and Loss account, on the basis of the amount paid or payable for the period during which services are rendered by the employee.

2.9 Provision, Contingent Liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent liabilities are not recognized but are disclosed in notes.

2.10 Financial instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss (FVTPL) are recognised immediately in the statement of profit and loss.

Trade receivables not containing any significant financing component or where practical expedient as per para 63 of Ind AS 115 is applied are recognised and measured at transaction price.

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortized cost

Financial assets are subsequently measured at amortised cost using the effective interest method if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income (OCI) if these financial assets are held within a business whose objective is achieved by both selling financial assets and collecting contractual cash flows, the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. On initial recognition, the Company makes an irrevocable election on an instrument-by-instrument basis to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments, other than equity investment which are held for trading. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the "Reserve for equity instruments through other comprehensive income". The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments. So far, the Company has not elected to present subsequent changes in fair value of any investment in OCI.

Financial assets at fair value through profit or loss ('FVTPL')

Investment in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investment in equity instruments which are not held for trading. Other financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

Impairment of financial assets (other than at fair value)

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. However, for trade receivables, the Company measures the loss allowance at an amount equal to lifetime expected credit losses. In cases where the amounts are expected to be realised

up to one year from the date of the invoice, loss for the time value of money is not recognised, since the same is not considered to be material.

Derecognition of financial assets

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in profit or loss if such gain or loss.

2.11 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its liabilities. As per paragraph B5.2.3 of Ind AS 109, Financial Instruments, all investments in equity instruments must be measured at fair value. However, in limited circumstances, cost may be an approximate estimate of fair value. That may be the case if sufficient more recent information is not available to measure the fair value. As in each of these investments, the Company's % voting power is less than 20% (in most of cases it is less than 2%) and as these are unlisted entities, recent detailed information is not available. Hence these are valued at cost which is considered to be approximate fair value. Investments in equity shares of subsidiary and associates are measured at costs as per Ind-As 28. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Compound financial instruments

The components of compound instruments are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by issue of fixed number of the Company's own equity instruments in exchange of a fixed amount of cash or another financial asset is an equity instrument. At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortized cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

Financial liabilities

All financial liabilities are subsequently measured at amortized cost using the effective interest method.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.12 Trade and other Payables

These amounts represent liabilities for goods & services provided to the Company prior to the end of the financial year which are unpaid. These are recognised initially at fair value and subsequently measured at amortised cost using effective interest method.

2.13 Segment reporting

The Company is mainly engaged in Media Business which is identified as the only reportable business segment of the Company in accordance with the requirements of Ind AS 108, 'Operating Segment Reporting', notified under the Companies (Indian Accounting Standards) Rules, 2015. All the operating facilities are located in India. The Company's business activity primarily falls within a single geographical segment.

2.14 Statement of Cash flow

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.15 Earnings per share

Basic earnings per share are computed by dividing the profit/loss for the year attributable to the shareholders of the parent Company by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/loss for the year attributable to the shareholders of the parent as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

2.16 Operating Cycle, Current Assets and Current Liabilities

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

2.17 Leases

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

As a lessee, the Company determines the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are re-measured with a corresponding adjustment to the related ROU asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the ROU asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

2.18 Critical accounting judgements and key sources of estimation uncertainty

2.18.1 Critical accounting judgements in applying accounting policies

The following are the critical judgements, apart from those involving estimations that the Management have made in the process of applying the Company's accounting policies and that have most significant effect on the amounts recognised in the consolidated financial statements.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

2.19 Key Source of estimation uncertainty

Key source of estimation uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of investments, provisions and contingent liabilities.

The areas involving critical estimates are:

Useful lives and residual values of property, plant and equipment

Useful life and residual value of property, plant and equipment are based on management's estimate of the expected life and residual value of those assets. These estimates are reviewed at the end of each reporting period. Any reassessment of these may result in change in depreciation expense for future years (Refer note no 2.5).

Impairment of Property Plant and Equipment

The recoverable amount of the assets has been determined on the basis of their value in use. For estimating the value in use it is necessary to project the future cash flow of assets over its estimated useful life. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in statement of profit or loss.

Valuation of Deferred tax assets

Deferred tax assets are recognised only to the extent it is considered probable that those assets will be recoverable. This involves an assessment of when those deferred tax assets are likely to reverse and a judgment as to whether or not there will be sufficient taxable profits available to offset the tax assets when they do reverse. The Company reviews the carrying amount of deferred tax assets at the end of each reporting period. Any change in the estimates of future taxable income may impact the recoverability of deferred tax assets.

2.20 Going concern

There are no significant material orders passed by the Regulators/Courts which would impact the going concern status of the Company and its future operations.

2.21 Foreign Currency Transaction

Functional and presentation currency

Items included in the financial statements of entity are measured using currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is entity's functional and presentation currency.

Transactions and Balances

Transactions in foreign currencies are initially recorded at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item.

2.22 Dividend

Dividends and interim dividends payable to the Company's shareholders are recognized as changes in equity in the period in which they are approved by the shareholders' meeting and the Board of Directors respectively.

2.23 Material Prior Period Error

Material prior period errors are corrected retrospectively by restating the comparative amounts for the prior periods presented in which the error occurred. If the error occurred before the earliest period presented, the opening balances of assets, liabilities and equity for the earliest period presented, are restated.

2.24 Subsequent Event

There is no event after reporting period which needs to be disclosed.

2.25 Standards issued but not yet effective:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

0 to 1 Year	12.16	6.91
1 to 2 Year	18.27	10.51
More than 5 Years	3.13	1.94

These plans typically expose the Company to actuarial risks such as Investment risk, salary risk, discount rate risk, mortality risk, withdrawals risk.

Salary risk

The present value of the defined benefit plan liability is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Investment risk

The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to Government Bonds Yield. If plan liability is funded and return on plan assets is below this rate, it will create a plan deficit.

Discount rate risk

A decrease in the bond interest rate (discount rate) will increase the plan liability.

Mortality & disability risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants. For this report we have used Indian Assured Lives Mortality (2006-08) ultimate table. A change in mortality rate will have a bearing on the plan's liability.

Withdrawals

Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF CYBER MEDIA RESEARCH & SERVICES LIMITED

REPORT ON THE AUDIT OF CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the accompanying consolidated financial statements of **CYBER MEDIA RESEARCH & SERVICES LIMITED** ("hereinafter referred to as the Holding Company"), its subsidiaries (Holding Company and its Subsidiaries together referred to as "the Group"), which comprise consolidated balance sheet as at 31st March 2023, consolidated statement of profit and loss, including statement of other comprehensive income, consolidated statement of cash flow and the consolidated statement of changes in equity for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act 2013 ('Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the act read with the Companies (Indian Accounting Standards) Rules 2015 as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the group as at 31st March 2023, of its consolidated profit and other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis of opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by Institute of Chartered Accountant of India (ICAI), together with ethical requirement that are relevant to our audit of the consolidated financial statements under the provisions of the act and rules made there under and we have fulfilled our other ethical responsibilities and in accordance with the provisions of the Companies Act, 2013. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended 31st March, 2023. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

S.No.	Key Audit Matters	How our audit addressed the key audit matter
1	Revenue Recognition <ul style="list-style-type: none"> The timing of revenue recognition is relevant to the reported performance of the Company. We identified revenue recognition as a key audit matter because of quantum of revenue and the time and audit effort involved in auditing the terms of the customers contract and the revenue recognised. Accuracy of recognition, measurement, presentation and disclosures of revenues and related balances in view of IND AS 115 "Revenue from Contracts with Customers". Ind AS 115 requires certain key judgements including identification of distinct performance obligations and transaction price. 	<ul style="list-style-type: none"> We assessed the compliance of the revenue recognition accounting policies against the requirements of Ind AS. We evaluated the design and operating effectiveness of the relevant key financial controls with respect to revenue recognition on selected transactions. Using statistical sampling, we tested the terms of the revenue contracts against the recognition of revenue based on the underlying documentation and records. We tested the accuracy of revenue recognised around year end. On a sample basis, we evaluated the revenue being recognised in the correct accounting period. We assessed the adequacy of disclosures in the standalone financial statements against the requirements of Ind AS 115, Revenue from contracts with customers. We assessed the Company's process of identification of distinct performance obligations and transaction price and for the same we selected a sample of contracts, covering all types of revenue recognized by the Company and performed the following procedures: <ul style="list-style-type: none"> ➤ Considered the terms of the contracts to determine the transaction price specially to ascertain if there is any financing component in the arrangement where advances have been received from the customers. ➤ Read, analysed and identified the distinct performance obligations in these contracts. ➤ Compared these performance obligations with that identified and recorded by the Company. ➤ Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings. Based on work performed, we found the management's assessment of determination of transaction price and identification of distinct performance obligation is reasonable.
2	Impairment of Trade Receivables <ul style="list-style-type: none"> The company has applied a simplified ECL model to determine the impairment against trade receivables at the reporting date. The expected credit loss (ECL) model involves the use of various assumptions and study of historical observed defaults rates over the expected life of trade receivables. The significant judgments include the assessment for the forward looking estimates. Due to the significance of trade receivables and the significant judgment involved in determining the ECL, the impairment of trade receivables was considered to be Key audit matter 	<ul style="list-style-type: none"> We have assessed the design and implementation and tested the operating effectiveness of the Company's relevant key financial controls around the ECL allowance. We critically assessed the ECL model developed by the Company and verified with requirement of Ind AS 109. Tested Key assumptions and judgments, such as those used to assess the likelihood of default and loss on default by comparing two historical data We considered the adequacy of the disclosures in the Consolidated financial statements against the requirement of Ind As 109, Financial Instruments and Ind AS 107, Financial Instruments Disclosures

When we read the Holding Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions required under SA 720, 'The Auditor's Responsibilities Relating to Other Information'

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with companies (Indian Accounting Standard) Rules, 2015 as amended, ("Ind AS").

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management and Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the group are also responsible for the overseeing the financial reporting process of the group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements.

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with standards of auditing ('SA's) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and jointly controlled entities to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance of the Holding Company and such other Companies included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended 31st March, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Annexure “2” to the Independent Auditor’s Report of even date on Ind AS consolidated financial statements as at and year ended 31st March 2023 of Cyber Media Research & Services Limited

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of consolidated financial statements of **Cyber Media Research & Services Limited** (hereinafter referred to as “the Holding Company”) as of and for the year ended 31st March 2023. We have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its Subsidiary Company (the Holding and its Subsidiary together referred to as “the group”), which is a company incorporated in India as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its Subsidiary Company, incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the Holding Company, its Subsidiary Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the ‘Guidance Note’) issued by the Institute of Chartered Accountants of India (the ‘ICAI’).

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective companies’ policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (the ‘Act’).

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing (‘the Standards’), issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements with reference to these financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to consolidated financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial with reference to consolidated financial statements includes those policies and procedures that:

- Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- Provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the company; and
- Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matter

Our aforesaid report under section 143(3)(i) of the act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it related to one subsidiary, (which is a company incorporated in India) is based solely on the corresponding reports of the auditor of such company incorporated in India.

Opinion

In our opinion, to the best of our information and according to the explanation given to us and on the consideration of reports of other auditor, the Holding Company and its Subsidiary Company which is a company incorporated in India have maintained in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements are generally operating effectively as at 31st March 2023, based on the internal control with reference to consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountant of India.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

1. General Information

Cyber Media Research & Services Limited is a public limited company incorporated under Indian Companies Act, 1956, having its registered office at National Capital Territory of Delhi. The object of the company is to act as market research, market analysis, management and consulting organization dedicated to computer, communications and information technology industry and to investigate and collect information and to provide for and undertake delivery and holding of lectures, denominations, exhibitions, seminars and meetings in connection therewith.

2. Standard issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

These amendments have either no applicability to the Group or if applicable, the impact is either immaterial or presently being ascertained.

3. Significant Accounting Policies

3.1 Statement of Compliance

These Financial Statements have been prepared in accordance with the Indian Accounting Standards (referred to as Ind AS) to comply with the Companies (Indian Accounting Standards) Rules 2015, as amended specified under Section 133 of the Companies Act, 2013, and the relevant provisions of the Companies Act, 2013.

3.2 Basis of consolidation, preparation and presentation (Refer management assessment on going concern at note 3.21)

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Unless otherwise stated, all amounts are stated in Millions of Rupees.

Historical cost is the amount of cash or cash equivalents paid or the fair value of the consideration given to acquire assets at the time of their acquisition or the amount of proceeds received in exchange for the obligation, or at the amounts of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another

valuation technique. Fair value for measurement and/or disclosure purpose in these financial statements is determined on such basis except for, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value.

In addition, for financial reporting purposes fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs for the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety, which are described as follows:

- Level 1 -Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 -Inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3- inputs are unobservable inputs for the asset or liability.

Enterprises consolidated as subsidiary in accordance with Indian Accounting standard 110- Consolidated Financial Statement

S. No.	Name of Enterprises	Country of Incorporation	Proportion of Ownership Interest
1.	Cyber Media Services Pte Limited	Singapore	100 %

3.3 Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Difference between the actual results and estimates are recognized in the period in which the results are known/materialised.

3.4 Revenue recognition

Revenue of all material items and nature are recognized at the time of rendering of sales or Services. If at the time of rendering of services or sales there is significant uncertainty in Ultimate collection of the revenue, then the revenue recognition is postponed and in such Cases revenue is recognized only when it becomes reasonably certain that ultimate collection will be made. When the uncertainty of collection of revenue arises subsequently after the revenue recognition, provision for the uncertainty in the collection is made rather than adjustment in revenue already recognized. Dividend income is recognized when right to receive is established. Interest Income is recognized on time proportion basis taking in to account the amount outstanding and rate applicable.

3.5 Property, Plant and Equipment (PPE)

Property, plant and equipment (PPE) are carried at cost less accumulated depreciation and impairment losses, if any.

The cost of Property, plant and equipment (PPE) comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses, present value of decommissioning costs (where there is a legal or constructive obligation to decommission) and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use.

Property, plant and equipment are tested for impairment whenever events or changes in circumstances indicate that an asset may be impaired. If an impairment loss is determined, the remaining useful life of the asset is also subject to adjustment. If the reasons for previously recognised impairment losses no longer exist, such impairment losses are reversed and recognised in income. Such reversal shall not cause the carrying amount to exceed the amount that would have resulted had no impairment taken place during the preceding periods.

Depreciation

Depreciation is recognised for Property, Plant and Equipment (PPE) so as to write-off the cost less residual values over their estimated useful lives. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis taking into account commercial

and technological obsolescence as well as normal wear and tear. Depreciation on tangible assets is provided on straight line method, except for vehicles which are depreciated on written down value method, over the useful lives of the assets estimated by Management. Depreciation on assets acquired is provided for the full month, irrespective of the date on which the assets were put to use and depreciation is not provided in the month of sale/discard of an asset. Depreciation for assets purchased/sold during a period is proportionately charged. Individual low cost assets (acquired for less than Rs.5000) are entirely depreciated in the year of acquisition.

3.6 Inventory

Inventory of newsprint, goods in transit are stated at cost or net realisable value, whichever is lower. Cost comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formulae used are 'First in First Out', 'Average cost', or 'Specific Identification', as applicable. Due allowance is estimated and made for defective and obsolete items, wherever necessary, based on the past experience of the Company / Group.

3.7 Taxation

Income tax expense represents the sum of tax currently payable and deferred tax.

3.7.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

Current tax is determined on the basis of taxable income and tax credits computed for Company / Group, in accordance with the applicable tax rates and the provisions of applicable tax laws applicable to Company / Group in the respective jurisdiction in which it operates.

Advance taxes and provisions for current income taxes are presented in the Balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant taxpaying units intends to settle the asset and liability on a net basis.

3.7.2 Deferred Tax

Deferred tax assets and liabilities are measured using the enacted/substantively enacted tax rates and laws for continuing operations. Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses. The carrying amount of deferred tax assets is reviewed at each balance sheet date to reassess realisation.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

3.8 Employee Benefits

Defined contribution plan

A defined contribution plan is a plan under which the Company / Group pays fixed contributions into an independent fund administered by the government/Company / Group administrated Trust. The Company / Group have no legal or constructive obligations to pay further contributions after its payment of the fixed contribution.

Defined benefit plan

The defined benefit plans sponsored by the Company / Group define the amount of the benefit that an employee will receive on completion of services by reference to length of service and last drawn salary. Gratuity is in the nature of a defined benefit plan. The liability recognised in the financial statements in respect of the plan is the present value of the defined benefit obligation net of fair value of plan assets at the reporting date, together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is calculated at the reporting date by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the statement of Other Comprehensive Income in the period in which such gains or losses are determined.

Other long-term employee benefits

Liability in respect of compensated absences becoming due or expected to be availed more than one-year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to statement of profit and loss in the period in which such gains or losses are determined.

Short-term employee benefits

Expense in respect of other short term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employee.

3.9 Provision, Contingent Liabilities

Provisions are recognised when the Company / Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company / Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement; unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent liabilities are not recognized but are disclosed in notes.

3.10 Financial instruments

Financial assets and liabilities are recognised when the Company / Group becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss (FVTPL) are recognised immediately in the statement of profit and loss.

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Cash and cash equivalents

The Company / Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortized cost

Financial assets are subsequently measured at amortised cost using the effective interest method if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income (OCI) if these financial assets are held within a business whose objective is achieved by both selling financial assets and collecting contractual cash flows, the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. On initial recognition, the Company / Group makes an irrevocable election on an instrument-by-instrument basis to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments, other than equity investment which are held for trading. Subsequently, they are measured at fair value

with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments. So far, the Company / Group has not elected to present subsequent changes in fair value of any investment in OCI.

Financial assets at fair value through profit or loss ('FVTPL')

Investment in equity instruments are classified as at FVTPL, unless the Company / Group irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investment in equity instruments which are not held for trading. Other financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

Impairment of financial assets (other than at fair value)

The Company / Group measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company / Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. However, for trade receivables, the Company / Group measures the loss allowance at an amount equal to lifetime expected credit losses. In cases where the amounts are expected to be realised up to one year from the date of the invoice, loss for the time value of money is not recognised, since the same is not considered to be material.

Derecognition of financial assets

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in profit or loss if such gain or loss.

3.11 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a Company / Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its liabilities. Equity instruments issued by the Company / Group are recognised at the proceeds received, net of direct issue costs.

Compound financial instruments

The components of compound instruments are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by issue of fixed number of the Company / Group's own equity instruments in exchange of a fixed amount of cash or another financial asset is an equity instrument. At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortized cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date. The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option. Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

Financial liabilities

All financial liabilities are subsequently measured at amortized cost using the effective interest method.

Derecognition of financial liabilities

The Company / Group derecognise financial liabilities when, and only when, the Company / Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

3.12 Trade and other Payables

These amounts represent liabilities for goods & services provided to the Company / Group prior to the end of the financial year which are unpaid. These are recognised initially at fair value and subsequently measured at amortised cost using effective interest method.

3.13 Segment reporting

The Company / Group is mainly engaged in Media Business which is identified as the only reportable business segment of the Company / Group in accordance with the requirements of Ind AS 108 , 'Operating Segment Reporting', notified under the Companies (Indian Accounting Standards) Rules, 2015. All the operating facilities are located in India. The Company / Group's business activity primarily falls within a single geographical segment.

3.14 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company / Group are segregated based on the available information.

3.15 Earnings per share

Basic earnings per share is computed by dividing the profit/loss for the year attributable to the shareholders of the parent Company / Group by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/loss for the year attributable to the shareholders of the parent as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

3.16 Operating Cycle

Based on the nature of products/activities of the Company / Group and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company / Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

3.17 Leases

Till 31st March 2019, the Company / Group had adopted Ind AS 17, Leases. In March 2019, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) Amendment Rules, 2019 notifying Ind AS 116, Leases and withdrawing Ind AS 17, Leases. Ind AS 116 is effective from accounting periods beginning from 1st April 2019.

Ind AS 116 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognizes a right of use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the erstwhile standard – i.e. lessors continue to classify leases as finance or operating leases. The Company / Group has applied

the transition provisions as mentioned in Appendix C to Ind AS 116. There is no financial impact on the Company / Group on adoption of Ind AS 116.

At inception of a contract, the Company / Group assesses whether the contract is, or contains a lease. A contract is, or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration

Company / Group as a lessor

The Company / Group classify each of its leases as either an operating lease or a finance lease.

Leases in which the Company / Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. The depreciation policy for depreciable underlying assets subject to operating leases is consistent with the Company / Group's normal depreciation policy for similar assets.

Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company / Group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company / Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Company / Group as a lessee

At the contract commencement date, the Company / Group recognize right – of – use asset and a lease liability. A right – of – use asset is an asset that represents a lessee's right to use an underlying asset for the lease term. The Company / Group has elected not to apply the aforesaid requirements to short term leases (leases which at the commencement date has a lease term of 12 months or less) and leases for which the underlying asset is of low value as described in paragraphs B3 – B9 of Ind AS 116.

A right of use asset is initially measured at cost and subsequently applies the cost mode ie less any accumulated depreciation and any accumulated impairment losses and adjusted for any remeasurement of lease liability. Ind AS 16, Property, Plant and Equipment is applied in depreciating the right – of – use asset.

A lease liability is initially measured at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, the Company / Group's incremental borrowing rate is used. Subsequently, the carrying amount of the lease liability is increased to reflect interest on lease liability; reduced to reflect the lease payments; and remeasured to reflect any reassessment or lease modifications or to reflect revised in – substance fixed lease payments.

3.18 Subsequent events

There is no event after reporting period which needs to be disclosed.

3.19 Critical accounting judgements and key sources of estimation uncertainty

3.19.1 Critical accounting judgements in applying accounting policies

The following are the critical judgements, apart from those involving estimations that the Management have made in the process of applying the Company / Group's accounting policies and that have most significant effect on the amounts recognised in the consolidated financial statements.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

3.20 Key Source of estimation uncertainty

Key source of estimation uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of investments, provisions and contingent liabilities.

The areas involving critical estimates are:

Useful lives and residual values of property, plant and equipment

Useful life and residual value of property, plant and equipment are based on management's estimate of the expected life and residual value of those assets. These estimates are reviewed at the end of each reporting period. Any reassessment of these may result in change in depreciation expense for future years (Refer note no 3.5).

Impairment of Property Plant and Equipment

The recoverable amount of the assets has been determined on the basis of their value in use. For estimating the value in use it is necessary to project the future cash flow of assets over its estimated useful life. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in statement of profit or loss.

Valuation of Deferred tax assets

Deferred tax assets are recognised only to the extent it is considered probable that those assets will be recoverable. This involves an assessment of when those deferred tax assets are likely to reverse and a judgment as to whether or not there will be sufficient taxable profits available to offset the tax assets when they do reverse. The Company / Group review the carrying amount of deferred tax assets at the end of each reporting period. Any change in the estimates of future taxable income may impact the recoverability of deferred tax assets.

Sensitivities due to mortality and withdrawals are not material & hence impact of change not calculated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the statement of financial position.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

- x. The estimates of future salary increase considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors. The above information is certified by the actuary and relied upon by the auditors.
- xi. The employer's best estimate of contribution expected to be NIL since the scheme is managed on unfunded basis.

Sensitivities due to mortality and withdrawals are not material & hence impact of change not calculated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the statement of financial position.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

viii. The estimates of future salary increase considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors. The above information is certified by the actuary and relied upon by the auditors.

ix. The employer's best estimate of contribution expected to be NIL since the scheme is managed on unfunded basis.

x. Maturity profile of Defined Benefit obligation

Year	As at 31 March 2023	As at 31 March 2022
0 to 1 Year	12.16	6.91
1 to 2 Year	18.27	10.51
More than 5 Years	3.13	1.94

These plans typically expose the Company to actuarial risks such as Investment risk, salary risk, discount rate risk, mortality risk, withdrawals risk.

Salary risk

The present value of the defined benefit plan liability is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Investment risk

The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to Government Bonds Yield. If plan liability is funded and return on plan assets is below this rate, it will create a plan deficit.

Discount rate risk

A decrease in the bond interest rate (discount rate) will increase the plan liability.

Mortality & disability risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants. For this report we have used Indian Assured Lives Mortality (2006-08) ultimate table. A change in mortality rate will have a bearing on the plan's liability.

Withdrawals

Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

Note:

These disclosures are based on the best information that was available with the Company.
