Alok Gupta
Managing Director

- FY26 stands out as a defining year for ABD, marked by record annual profits and our second consecutive year of consistent quarterly performance post-listing. This success is driven by the accelerated growth of our P&A portfolio, build-up of our luxury portfolio and disciplined cost management
- Our P&A segment continues to deliver strong momentum, with improving traction in both volumes and value across regions
- Mass Premium & Others segment: in Q4FY26, while normalisation of stocking norms in Telangana supported q-o-q growth however policy driven price changes in Maharashtra continue to outweigh on industry offtake
- Officer's Choice retains its No. 1 position in India's Mass Premium category and leads as India's #1 exported brand, delivering 45%+ Gross Margins and serving as a key driver of profitability, cash flow generation, and market share gains
- ABD Maestro: Established a Super-Premium to Luxury portfolio with fast-track expansion in key markets in India and progressively in International markets & travel retail
- ABD's expansion from 23 to 36 international markets in FY26 with 14.1% topline growth reflects strong distribution expansion, supported by a highly profitable, asset light model with superior capital efficiency
- External environment:
 - With most key state policy updates in place, the regulatory landscape supports a growing business environment. A further uplift is expected once Telangana policy is finalized, along with expected price revision
 - Closely monitor global geopolitical developments and medium term inflationary trends, while leveraging emerging FTA opportunities to strengthen market access and cost competitiveness
 - Improving sentiment in Telangana following receipt of long-pending payments by industry players, with continued optimism on gradual clearance of outstanding dues
- FY27 outlook: Premiumisation-led revenue growth, continued investment in core & emerging brands, and disciplined execution of EBITDA-accretive backward integration projects
- Margin focus: Sustained emphasis on margin improvement in a medium-term inflationary environment, supported by premium mix, cost efficiencies, and operating leverage
