Domain Expertise Across Diverse Business Verticals

Roads & Bridges

Provides end-to-end design, construction, and maintenance solutions for roads, highways, and bridges, including standalone bridge projects.

Tunnels

Provides end-to-end design and construction solutions for tunnels, cut-and-cover structures, and caverns, including upgrades, restoration, and stabilization of existing tunnels.

Slope Stabilization

Provides design and construction solutions for slope stabilization, including reinforced soil structures, to protect infrastructure, the environment, and public safety.

Record-Breaking Engineering Marvels

SRM Contractors stands at the forefront of redefining infrastructure possibilities, delivering iconic engineering marvels in India's most challenging and strategic environments.

RS Wall Reasi, KRCL
India's Tallest Railway Loading Wall

Built India's highest reinforced soil wall designed for heavy-duty railway loading at Reasi, Jammu & Kashmir.

The wall exemplifies advanced engineering in reinforced soil technology, tailored for difficult Himalayan terrain and large operational loads.

Received the ET Infra Rail Show Award for Excellence in Railway EPC Construction (2025 edition).

Precast Cut-and-Cover Tunnel, Leh, Ladakh
India's Longest Precast Cut-and-Cover Tunnel – Leh, Ladakh

Engineered and executed the country's longest precast tunnel at a breathtaking 12,300 feet in Leh.

Achieved rapid deployment and structural durability despite extreme altitude, delivering a breakthrough in strategic Himalayan connectivity.

The tunnel was proudly inaugurated by Honorable Defense Minister Rajnath Singh

Cavern, Hanle, Ladakh, BRO
India's Highest Underground Cavern – Hanle, Ladakh

Designed and built a pioneering underground cavern for the Indian Army and BRO at 15,200 feet, carving a new record for high-altitude defense infrastructure

Demonstrated expertise in complex tunneling and reinforced structures, ensuring maximum safety and operational readiness even in the world's harshest climates.

Building Blocks of SRM Contractors

Resilient Business Model

Road & Bridges Projects

The Roads division designs, constructs, upgrades, and maintains roads, highways, and bridges, including realignment, widening, restoration, and strengthening. 54% of the orderbook contains Road and Bridge Projects. Delivered key projects ahead of schedule.

Tunnel Projects

The Tunnel division designs and constructs new tunnels and caverns, and specializes in upgrading, restoring, and stabilizing existing tunnel infrastructure. 7% of the orderbook contains Tunnel Projects.

Slope Stabilization

The Slope Stabilization division designs and builds reinforced soil slopes to improve stability and safeguard infrastructure, the environment, and public safety. 28% of the orderbook contains Slope Stabilization Projects.

Other Civil Construction Activities

The company also undertakes civil construction projects, including government housing, drainage, and irrigation & flood control works for various public sector clients. 11% of the orderbook contains Tunnel Projects.

1.3 Investment Thesis Strategic Project Clustering

PAN India Presence

- Operations spanning multiple states and Union Territories with plans for further expansion in India and Overseas.
- ISO Certified processes and strategic partnership with international Firms like Maccaferri.
- Pioneering solutions in high-altitude constructions and geotechnical engineering.

Selective and Strategic Contracting

- Rigorous evaluation of projects before bidding, with emphasis on EPC contracts.
- Selection based on factors such as terrain familiarity, resource availability, and clustering potential.
- Contracts that align with operational strengths, improving execution quality and risk management.

Government's Future Initiatives

- Projects are clustered geographically to maximize synergies. Manpower, equipment, and materials across nearby sites reduce overhead costs.
- Lower transportation expenses and limited need for new equipment investments lead to economies of scale.
- Clustering principle applied consistently, including on sub-contract projects, further boosting margins.

1.4 Investment Thesis Expertise in Challenging Geographies

Expertise in Challenging Terrain

18+ years in J&K & Ladakh, specializing in complex hilly infrastructure. Proven ability to manage steep gradients, sharp bends & extreme weather conditions. Recent contract win in Uttarakhand further validates execution capabilities.

Strong Competitive Edge

Robust technical know-how and consistent timely execution track record. Solid financial strength and price competitiveness secure major GoI-funded projects. Trusted partner for complex and large sub-contracting assignments.

Established Regional Leadership

Recognized as a leading infrastructure player in J&K & Ladakh region. Expanding footprint into other difficult hilly regions across India. Industry recognition (D&B Report) further reinforces strong leadership.

Growth Outlook - In FY27

Strategic Acquisition - 51% stake in Maccaferri Infrastructure Pvt. Ltd. (MIPL)

01

Expanding Horizons : This strategic acquisition of 51% stake in Maccaferri Infrastructure Pvt. Ltd., a wholly owned subsidiary of an Italian multinational brand with presence in over 100 countries is expected to significantly aid SRM in expanding their business PAN-India and abroad.

02

Enhanced Capabilities : Strengthened expertise in geotechnical and environmental solutions, including slope stabilization, soil retention, and erosion control.

03

Robust Financial Strength : With MIPL's robust order book its consolidation in the quarter boosts SRM's financial strength, enhance revenue visibility, and improve overall financial position

04

Business Synergies : Complemented SRM Contractors' EPC and HAM portfolio, enabling integrated and specialized project execution.

05

Market Positioning : Positioned SRM as a diversified infrastructure player with advanced technical solutions and broader market reach.

Strategic Acquisition of 51% Stake in Maccaferri Infrastructure Pvt. Ltd. (MIPL)

Recognition & Achievements

The award recognizes his exceptional contributions to the infrastructure sector, specifically for

"Excellence in Roads and Highways in Hilly Terrain."

This accolade celebrates remarkable achievements in spearheading complex road and highway development projects across India's most challenging hill regions at a young age.

Mr. Puneet Pal Singh, Managing Director of the company has been conferred with the prestigious **"ET Young Industry Leaders 2025"** award by the **Times of India Group**.

*The company had received ET Infra Leadership Award 2025
in*

“Excellence in Border/Remote/Hilly Region Infrastructure” for delivering India’s longest precast cut-and-cover tunnel at Leh - a national engineering milestone executed at 12,300 ft under extreme climatic, security and logistical conditions located in a restricted military zone near the Line of Actual Control (LAC) near Galwan Valley

*which marks our second consecutive ET Infra award this year, following the earlier win for the project of India’s Highest Reinforced Soil Wall with Railway Loading for “**Excellence in Railway EPC Construction**”.*

The award was received by

**Dr. Sanjay Mehta (Chairman & Promoter) and
Mr. Puneet Pal Singh (Managing Director).**

RASHTRIYA RATNA SAMMAN 2026

The Company has been honoured with the prestigious “Rashtriya Ratna Samman 2026” under the category EPC Contractor of the Year, recognizing our outstanding contribution to infrastructure development and excellence in Engineering, Procurement, and Construction (EPC) services.

This recognition is a testament to SRM’s unwavering commitment to delivering high-quality infrastructure across challenging terrains, including landmark achievements in high-altitude and complex engineering environments. Our consistent focus on technical excellence, innovation, and timely execution continues to strengthen our position as a leading EPC contractor in India.
