Subject: Investor/analyst presentation on financial results for the quarter and half year ended on September 30, 2025.

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, enclosed herewith is the investor/analyst presentation on performance highlights of the Company for the unaudited Financial Results (Standalone and Consolidated) of the Company for the quarter and half year ended on September 30, 2025.

The same is also being made available on the Company's website www.premierenergies.com.

Thanking you,

Yours truly,
For **Premier Energies Limited**

Ravella Sreenivasa Rao
Company Secretary & Compliance officer

PREMIER ENERGIES LIMITED

Q2 FY 2026 Earnings Call

28 October 2025

Disclaimer

This presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation.

Certain matters discussed in this presentation may contain statements regarding the Company's market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees for the future performance of the Company and subject to known and unknown risks, uncertainties, and assumptions that are difficult to predict by the Company.

These risks and uncertainties include but are not limited to, performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and worldwide competition, the Company's ability to successfully implement its strategy, Company's future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, withdrawal of governmental fiscal incentives, the Company's market preferences and its exposure to market risks, as well as other risks.

INDUSTRY HIGHLIGHTS

Attractive growth prospects for solar manufacturing

Growing demand

Solar capacity addition in India, GW AC

Clear path to 100% domestic manufacturing

ALMM implementation timeline

Source: MNRE

Notes: MNRE has clarified that ALMM-II compliance is mandatory for utility scale projects bid after 9 December 2024 depending on respective tender specification. ALMM-III policy is currently in draft stage.

Strong policy support for domestic manufacturing

GST on solar cells, modules and inverters slashed from 12% to 5%
Lower project costs >> boost in consumer demand

MNRE announces ALMM-II enforcement timeline
Domestic cells required for utility-scale solar projects bid after August 2025 and for private projects completed after May 2026

ALMM-III proposed for ingot-wafer manufacturing
Expected timeline - June 2028 completion date for rooftop solar and open-access projects; bid cut-off date one month after three manufacturers reach a combined manufacturing capacity of 15 GW per year for utility scale projects

Data localization for inverters
MNRE has mandated India-based data storage for Surya Ghar rooftop solar inverters to enhance cybersecurity and data sovereignty

DGTR recommends anti-dumping duties on Chinese solar cell and module imports
Anti-dumping duties of up to 30% on imports of solar cells and modules originating in or exported from China for a three-year period

BESS VGF scheme amendment to mandate Energy Management System
Ministry of Power has mandated use of India-developed EMS for projects under VGF scheme

MNRE issues guidelines for storage battery testing and approvals
Proposal to mandate BIS registration for energy storage batteries ensuring standardized testing, safety and performance for solar applications

Monitoring regime for solar imports
All imports of solar cells and modules from 1 November 2025 to be monitored by the government

ALMM approved cell and module capacity

ALMM-approved cell capacity, MW

ALMM-approved module capacity, MW

Improving outlook for cell manufacturing in the US

US maintains IRA incentives for solar manufacturers

Incentives for US made solar cells/modules intact until 2029; gradual phase out by 2032; projects completed by 2027 eligible for incentives, provided they commence construction by mid-2026

US launches AD/CVD investigations on cell and module imports from India, Indonesia and Laos

Alleged dumping margins of 123% for India, 94% for Indonesia and up to 190% for Laos

US imposes 50% tariff on Indian imports

25% reciprocal tariff plus an additional 25% penal levy linked to India's continued oil imports from Russia wef August 2025

Soaring BESS demand

Tender status, GWh

Cumulative tender issuance

Source: IESA (29 September 2025)

Note: Tender status data excludes awarded FDRE projects, where storage capacity numbers are not known yet.

BUSINESS UPDATES

Expansion of the cell project

4.8 GW

to

7.0 GW

- Alignment with our Mission 2028 ahead of target
- Capitalise on growing demand
- Competitive cost of production – higher scale, lower capex
- Incremental capex financed through internal accruals

7 GW cell manufacturing plant Naidupeta, Andhra Pradesh

- ✓ Land development work completed
- ✓ Building work in progress
- ✓ Machinery orders being placed
- ✓ Debt financing tied up
- ✓ Target completion date – 4.8 GW by June 2026; remaining 2.2 GW by September 2026

Planning for ingot-wafer capacity

2.0 GW wafers
to

5.0 GW ingot-wafers

- Draft ALMM-III policy issued for ingot-wafer manufacturing
- Project scope and size enhanced

5 GW ingot-wafer manufacturing plant Naidupeta, Andhra Pradesh

- ✓ Land acquired
- ✓ Site development work in progress
- ✓ Design work commenced
- ✓ Machinery orders for first phase of wafer production being placed
- ✓ Target completion date – December 2027

Other key projects

5.6 GW Module manufacturing plant Seetharampur, Telangana

- ✓ Land acquisition completed
- ✓ Site levelling and building foundations completed
- ✓ Machinery orders being placed
- ✓ Debt financing tied up
- ✓ Target completion date – March 2026

BESS manufacturing plant Pune, Maharashtra

- ✓ Hired an experienced team
- ✓ Land acquisition underway
- ✓ Process of identifying technology partners and vendors underway
- ✓ Target commissioning – June 2026

Aluminium manufacturing plant Seetharampur, Telangana

- ✓ Land acquired and development initiated
- ✓ Machinery and utility tool orders placed
- ✓ Phase 1 capacity - 18,000 MT p.a
- ✓ COD target date – March 2027

Order book

As on 30 September 2025

Split by value

Split by geography

Order book, INR Mn

Production

Quarterly production, MW

Effective capacity utilization

Note: All numbers are rounded off to the nearest whole number. Effective capacity is actual installed capacity adjusted for number of working days and product specification. Cell capacity utilisation was comparatively lower in Q2 due to progressive ramp up of the new 1.2 GW cell line.

Other contract wins

Orders worth INR 1,749 Mn from the Republic of Benin, Africa

- 750 rooftop solar systems
- Over 4,400 high-efficiency solar streetlights
- 650 solar water heaters

Orders worth INR 583 Mn from Maharashtra and Madhya Pradesh

- 2,630 solar pump systems
- Under PM-KUSUM scheme

SUSTAINABILITY AND ESG

Sustainability goals

 **38%**
Female employees
on shop floor

 **25%**
Women on company
board

 **Zero Liquid Discharge**
Recycle 75% of water
Reuse 80% of water
recycled

 **Rainwater
harvesting facility**
35 million litres
capacity

 **Avoided emission** of
24 MMTCO₂e in Q2 FY
2026 by supply of
modules & cells

 **Enhanced plant
capacity**
potential carbon
emissions reduction
of 167 MMTCO₂e for
every year of
production

 Certified **Great Place to
Work** for the fourth year
in a row

 **Total green jobs: 8,558**

 **20,000+ hours** of
employee training annually

 **ESOP scheme**

Sustainability goals

India's first LEED gold rated solar manufacturing facility certification by US Green Building Council

Kiwa Top Performer – 2023, 2024, 2025

Technology automation

Zero waste to land fill

Traceable and audited sourcing

Adopted **9.74 acres** for greenbelt development

GHG emission accounting process implemented for scope 1 and 2 emissions

11.6 MW rooftop solar project reducing scope 2 emissions by 18,920 MTCO₂e

Empowering communities

Funding support to Heal a Child Foundation to provide medical treatment for critically ill underprivileged children

Installation of rooftop solar system at Sant Ishar Singh Ji Memorial Public School, Ludhiana

Financial support for flood-affected families in Uttarakhand, Punjab, and Jammu & Kashmir

Awarded by Rotary Foundation India for commitment to Social Responsibility creating a positive and sustainable impact in society

NEW BUSINESSES

Inverters – KSolare acquisition

Current capacity - 500,000 inverters p.a Extensive range of residential inverters 12 years of proven track record All necessary certifications and accreditations Experienced team Nationwide service network	New capacity - 1,000,000 inverters p.a Location - brownfield site at Pune Estimated COD June 2026
---	--

FY 2025 unaudited financials	
Revenue	INR 3,428 Mn
EBITDA	INR 316 Mn
PAT	INR 231 Mn
Net worth	INR 686 Mn

Note: All numbers are rounded off to the nearest whole number.

Inverter business – compelling market fundamentals

India rooftop solar installations, MW

Growing policy support for domestic manufacturing

Mandatory data localization

MNRE has mandated India-based data storage for Surya Ghar rooftop solar inverters to enhance cybersecurity and data sovereignty

Inverter shipments in India in Q2, MW

BIS registration requirement

MNRE has proposed mandatory BIS registration for off-grid, grid-tied, and hybrid solar inverters to ensure safety, performance and quality compliance

Source: MNRE, JMK Research

Transformers – Transcon acquisition

FY 2025 audited financials

Revenue	INR 2,666 Mn
EBITDA	INR 340 Mn
PAT	INR 163 Mn
Net worth	INR 1,201 Mn

Note: All numbers are rounded off to the nearest whole number.

Transformer business - compelling market fundamentals

- High growth in demand because of electrification of economy – strong alignment with RE capacity addition
- Attractive export potential
- Supply shortage particularly for HV, EHV and specialised products
- Policy support for domestic manufacturing
- Shift towards higher margin MV, HV and EHV transformers

Power generation capacity, GW

Transformer demand, GVA

Powering clean energy with a complementary product portfolio

Solar module manufacturing

Ingots

Wafers

Cells

Modules

Allied products

Inverters

BESS

Transformers

- Diversified product portfolio with new engines of growth
- Allied products expected to contribute about 25% of group revenues
- Strong sales synergies – lower cost of customer acquisition and better margins

ANNEXURE – COMPANY BACKGROUND

30 years of solar manufacturing excellence

Mission 2028

To become India's leading provider of cleantech solutions with a portfolio of complementary products

Leading Indian manufacturer of cells and modules

Amongst the largest integrated
cell-module manufacturers in India

One of the first
Indian companies to produce TOPCon cells

30 years
of successful manufacturing track record

Nearly 100% market share
in solar cell exports from India

Top Performer
in Kiwa Module Reliability Scorecard

ALMM, DCR and BIS compliant
meeting all major Indian and international
quality standards

Banked by top
IPPs and EPC contractors

Backward integration into wafers
in JV with Taiwan based Sino-American
Silicon Products Inc.

First USGBC-LEED gold rated
solar manufacturing facility in India

Certifications and awards

2025

CII award for CFO of the
year – energy,
infrastructure & utilities

**2025**

1.925 GW cell
capacity approved
under ALMM-II in July

**2025**

CII award for
manufacturing
excellence

**2025**

Financial deal of
the year

**2025**

Recognized among
India's 500 most
valuable companies

**2025**

Best in industry in the
energy, oil & gas sector

**2024**

Star labelling
certification with 4-Star
rating

**2024**

Environmental
responsibility initiatives
of the year

Growing demand in India and worldwide

Solar PV installed capacity, GW

Power generation capacity addition in India from FY 2025-2032, GW

Source: IRENA, CEA

Strong policy tailwinds

Demand-side support

Renewable Purchase Obligation

RPO target for DISCOMs and bulk users rising from 29.9% in FY 2025 to 43.3% in FY 2030

PM Surya Ghar Muft Bijli Yojana

10 million residential rooftop installations, about 30 GW, in 3 years using DCR modules

PM Kusum Scheme

34.8 GW agri-solar capacity addition target by March 2026 using domestic modules

CPSU Scheme – Phase II

12 GW grid-connected solar power capacity target with DCR modules

Green Open Access Rules

Grid access for consumers with over 100 kW consumption

Supply-side support

Solar park scheme

37.7 GW land and transmission infrastructure for project developers by FY2026

Transmission system upgrades

INR 2.4 trillion capital expenditure by FY 2030 focuses on renewable capacity addition

Standard competitive bidding framework

100% transparency in allocation of all projects

Liberalised investment regime

100% FDI in sector

Mandatory storage for solar projects

Minimum 10% storage capacity for 2 hours

Make in India support

ALMM

Enlisting requirement for cell and module manufacturing

Domestic Content Requirement

For residential solar, agri-solar and PSU schemes

Import Duties

BCD plus AIDC of 27.5% on cells and 40% on modules

Lower Corporate Tax Rate

15% tax for companies incorporated on or after October 2019

State Government Subsidies

Up to 30% capital and/ or operating expenditure subsidies plus rebates on GST, water and electricity charges

Clear demand visibility for DCR modules

Source: Internal research; estimates as of 31 March 2025 | Notes: For corporate projects, ALMM-cell is applicable only to grid-connected projects. KUSUM scheme validity is expected to be extended to at least FY 2027.

Thank you!
