Moldtek Snapshot

Established in 1986, one of the leading players in rigid plastic packaging in India. Publicly listed in 1993

10 Manufacturing Units, 2 stock points PAN India.
Current installed Injection molding capacity of over 63,000 TPA

Pioneers in the field of In-Mold labelling (IML) in India. HD photographic labels, produced by 100% hands-free operation & are 100% recyclable.

MTPL commands strong presence across all major customers like Asian Paints, Castrol, Shell, Mondelez, Hindustan Unilever, etc.

Superior margins in the packaging industry due to the cost advantage emanating from backward integration

Pharma – Continuing the Momentum

Pharma continues to have strong momentum with **strong growth** and achieving our Year 2 targets.

220% Growth in this FY

Added 2 new product lines – Squeeze lock CRC & Vile Holders

We on boarded multiple new clients and there is encouraging leads across all our product mix

Label Making Capabilities

Brought the entire label making activities under one single roof – which brought in measurable benefits through economies of scale

Added new printing technology – Offset; introduced AI based inspection system. Increased capacity by 50% and strengthened the team

20% more labels & 37% more SKUs were produced this year with better TAT

Steady Growth in Bulk Packs

Revival in Paint Segment and continued supported by the Q Pack segment, there is an encouraging trend in the Bulk Packs.

The company established RCPP and completely streamlined in the manufacturing

Decisive adoption of IML & HTL by the paint industry

Lubricant packs sales impacted due to PSU tenders & general decline in the industry

Food & FMCG – Growth

The thin wall has seen a steady but definite resurgence with a high double digit **15% growth.**

Successfully installed F&F capacity in Panipat and started supplies. Encouraging leads from the North – which will drive this segment growth over the next 2-3 years

Successfully introduced New packs – Sippers, Confectionary, Horlicks.

Capacity Optimization

This year the company focused on improving capacity optimization

5 plants consolidated into 2 locations translating into better EBIDTA growth

Proactive in forecasting to-be idle capacities and accordingly supporting order booking (low MOQ, new industry etc) & production sequencing

Technology, AI & Automation

AI based camera inspection systems being implemented for defect detection and dimensional certainty

Initiated automations in QC, Ink mixing, FG handling & lid printing

Continued R&D

The company continues to differentiate by **value addition through innovation** with focus on R&D

Established & streamlined RCPP usage

Introduced laser engravable IML, Metallized IML

Optimized cycle-times and introduced low weight packs

Improved locking mechanisms for modern trade

Strategic association

Entered into an understanding with a UK based experts - Vibe Generation LLP to develop & commercialize IP based precision caps & closures

Multiple customers in Pharma, Food, FMCG & paints – developing value adding solutions through product design, decorations & promotion launches
