Chairman's Message

My Dear Shareowners,

We are pleased to present to you our 17thAnnual Report for the Financial Year (FY) 2020-21.

The year began with outbreak of the Covid-19 pandemic, an unparalleled calamity in the recent history of mankind. The world as we know was thrown into turmoil, and all that was taken for granted was threatened impacting lives and livelihood. A number of global economies went into a state of enforced and extended lockdowns to contain its spread. The pandemic during 2020-21 brought in challenges which came unexpectedly in the form of waves impacting our supply chain, commodity prices and other economic factors. We are prepared to face these uncertainties in partnership with our stakeholders; we collectively emerged stronger over the past year.

The paramount focus of your Company was on employee safety, health, morale and security of all operational assets. The Company maintained high levels of communication within the organization at all levels and with all stakeholders including vendors, suppliers, customers and end users. Major functions were conducted in virtual mode and adoption of digital practices were encouraged.

Despite a tough market environment impacted by repeated lockdowns and a drop in steel demand, your Company was able to maintain performance both in terms of turnover and profitability. We are happy to share that during FY 2020-21, we were able to record robust revenue growth. Improved operational efficiencies and strict cost control led to increasing operational profitability.

Your Company achieved atop-line growth of 7.55% (Y-O-Y) driven by better realisation and improved market conditions, especially in H2FY 2020-21. Strong operational turn around translated into robust bottom-line performance as well. Your Company's EBITDA touched ₹ 17,015.60 Lakhs and a net profit of ₹ 10,366.30 Lakhs against ₹ 5,812.42 Lakhs in the previous year2019-20. Standalone Earnings per Share (EPS) stood at ₹ 3.67 (face value of ₹ 1/- each) and Consolidated Earnings per Share (EPS) stood at ₹ 4.37 (face value of ₹ 1/- each) for the Financial Year ended March 31, 2021. Your Company focussed aggressively on cashflow management, while pursuing deleveraging. I feel privileged to report that your Company has cleared in advance the long-term loan of ₹ 3,000.00 Lakhs instalments falling due until FY 2022-23 and deleveraged the Company significantly in FY 2020-21. This has helped enhance investor confidence as reflected in the Company's market capitalisation. We embarked on the journey of transformation and closed the year with a strong performance, leading us to a sense of optimism and confidence that we will attain greater heights in the year ahead.

Gallantt Ispat is a trusted name in the Steel industry and it has done so by having the right combination of dedicated employees, effective manufacturing processes and a sustained effort of building long term relationships with external stakeholders. We are making continuous investments in our productive assets, and our growth plans are also being formulated, bearing in mind our focus on efficient allocation of capital. The decisions taken to expand our facilities are deeply thought out and followed by meticulous research and planning. Integration is a key pillar of our growth strategy as it enables us to strengthen and reinforce our competitive position.

Our people are vital to our success and we continue to focus on building their capabilities and driving a high-performance culture. During the year, numerous training programmes were rolled out for upskilling and professional growth. We also provided multiple learning and development opportunities to develop future leaders and keep the talent pipeline flowing. The health and safety of its workforce has always been paramount to Gallantt Ispat. The Company has placed utmost priority on the health and safety of the employees – from testing to contact tracing, monitoring social distancing norms, hygiene at workplace, classifying employee risk levels and providing appropriate healthcare responses, apart from sharing regular travel advisories.

As I sign off, I would like to thank all our employees, customers, partners, suppliers, shareholders and all other stakeholders for their continued support. Gallantt Ispat also acknowledges the support extended by various government agencies.

Thanks,

C. P. AGRAWAL

The Company has considered internal and external sources of information up to date of approval of these financial statements in evaluating possible effects that may result from the pandemic relating to Covid-19 on the carrying amounts of trade and unbilled receivables, investments, goodwill and intangible assets. The Company is confident about the recoverability of these assets.

There is no change in the nature of the business of the Company. Disclosure of financial statement of Associate Company M/s. Gallantt Metal Limited has been provided in the prescribed format as a part of this Report. There were no significant and material orders passed by regulators or courts or tribunals impacting the going concern status and Company's operations in future. Factory had been working efficiently during the year. Safety measures and processes have been installed and improved upon at the plants and work sites. There are no material changes or commitments affecting the financial position of the Company which have occurred betweenthe end of the financial year and the date of this Report.

Due to nationwide lockdown declared by the Government of India, manufacturing and sales operations were shut down in late March, 2020 and partially resumed in the month of April and became fully operational from start of June, 2020 which has impacted Company's operations during the months of March, April and May, 2020. The Company's Agro Businesses, being in the 'essential' category, remained operational. The overall demands of the steel products have been impacted but due to easing out of restriction in lockdown demand for the products are improving.

COVID 19 STEPS TAKEN BY THE COMPNAY

In view of the lockdown across the country due to the COVID-19 pandemic, manufacturing operations of the Company across all its locations were suspended temporarily during March and April-2020, in compliance with the directives/orders issued by the relevant authorities. The consolidated financial results for the year ended March 31, 2021 were impacted by disruptions owing to COVID 19. Annexure - I to the Directors' Report

Dividend Distribution Policy

1. Statutory Mandate

The Board of Directors (The 'Board') of Gallantt Ispat Limited ("the Company") has adopted the following Policy for Distribution of Dividend to the Shareholders of the Company.

2. Background

The Steel industry is a capital-intensive industry. Most units of the owned by the Company entails substantial capital outlays.

A large proportion of the financing of the Company is through equity capital. With a low level of borrowing in proportion to equity capital, the outlay on dividend forms a substantial part of the cost of capital. It is the Company's endeavour to maintain and pay dividend keeping market expectations in mind. The dividend paid as a proportion of earnings has been maintained accordingly.

The prevailing Governmental and geopolitical environment directly impacts profit in the steel industry. Infrastructural development, both domestic and foreign, depends on factors that are beyond the control of the Company. In the past, the need to meet the general investor's expectations of return on equity during the years of instability has resulted in a relatively reasonable payout ratio.

3. Policy

This Policy for Distribution of Dividend to Shareholders of the Company is framed in terms of Regulation 43 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as the "Listing Regulations").

4. Dividend

The Board will finalise the dividend to be declared by the Company based on the above stated background while also considering the following:

Dividend will be declared once a year based onthe profits as per the Audited Financial Statements for the year. The Board may declare an interim dividend after satisfying themselves about the distributable profit.

Normally, the Dividend will be declared out of the current year's profit of the Company, subject to the following:

- i) Company's need of Capital Expenditures/ Investment;
- ii) Cash Flow position.

Given that profits can be volatile, the Board to the

extent feasible, in the quantum of Dividend paid to Shareholders. Should the current year'sprofit be inadequate, the Board may, after considering the Carried Forward Balance in the Profit & Loss Account of the Company, declare dividend or declare dividend out of Reserves, as is permitted under the law.

As such, the Company may declare the Dividend out

- Current year's profit
 - a) after providing for depreciation in accordance with Sub-section (2) of Section 123 of the Companies Act, 2013 ("Act") and
 - b) after transfer of such percentage of its profits for that Financial Year to reserves as may be required under the law and as the Board of Directors may deem fit; OR
- ii) Carried Forward Balance in the Profit & Loss Account; OR
- iii) Free Reserve as may be permitted under law;
- iv) A combination of (i), (ii) and (iii) above.

5. Factors to be considered for declaration of Dividend

- Capital Expenditure /Investment requirement of the Company for:
 - a) New projects;
 - b) Ongoing projects including expansion, renovation or modernisation etc.
 - c) Acquisition of major fixed assets including land and buildings;
 - d) Acquisition of any business entity etc.
- ii) Payment of any major liability;
- iii) Any other requirements for fund conservation;
- iv) Agreement with lending institutions.

6. Revision in the Policy

The Board of Directors will review the policy from time to time or when changes may be required.

7. General

All the words and expressions used in this Policy, unless defined hereinafter, shall have the meaning respectively assigned to them under the Listing Regulations and in the absence of its definition or explanation therein, as per the Companies Act, 2013 and the Rules, Notifications and Circulars made/ issued thereunder, as amended from time to time.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

MANAGEMENT DISCUSSION AND ANALYSIS REPORT Forming part of the Report of the Directors for the year ended 31st March, 2021

ECONOMY OVERVIEW AND DEVELOPMENT

FY 2020-21 has been an unprecedented year in moderntimes, with the COVID-19 pandemic impacting human lifeextensively across the globe. In 2020, the world experienced a crisis like no other and it is expected to continue in 2021. Its impact on the economicfront, too, has been significant. The slowdown acrosse conomies witnessed in 2019 exacerbated further in 2020 by the shock delivered by the pandemic. As a result, the global GDP is believed to have contracted by ~3.3% in 2020, with all major economics moving into negative territory. China was the only exception amongst the major economies to have posted a positive growth in 2020, albeitat a much lower rate of 2.3%. The pandemic has caused heavy toll on life and livelihood and pushed millions into poverty. This may impact economic activities and the income level for some time. Assuming success of the vaccine rollout, the World Bank indicated that the global economy will expand by 4% in 2021. However, the latest surge of Covid-19 infection in the leading economies may dent the expansion to some extent.

The economic upheaval could have been much more severe had it not been for the quick and synchronised response from central banks and governments globally, although this too varied across countries. The increase in balance sheet sizes of almost allcentral banks and the supportive measures undertaken by governments globally ensured easy availability of funding and support for both private and public consumption. This support has been instrumental in the progressive recovery seen in the last two quarters of the calendar year as compared to the significant contractions observed in the first two quarters. The sequential recovery in global trade coupled with the easy liquidity conditions have also led to a sharp rise incommodity prices, especially in the last quarter of FY 2019-20. This has been further aggravated by largescale disruptions in the global supply chain, with shipping line capacities and container availability posing a major challenge.

The steel industry (excluding China) also witnessed a significant decline in production and demand during the first half of 2020. However, analmost equally stronger recovery has been witnessed in the second half of the year. According to World Steel Association ('WSA'), global crude steel production reached 1,864 million tonnes in 2020, down by 0.9% as compared to 2019. China has

produced 1,053 million tonnes of crude steel in 2020, up by 5.2% over 2019. China's share of global crude steel production has also increased from 53.3% in 2019 to 56.5% in 2020. Global steel demand has also seen only a minor contraction of ~0.2% in 2020 due to a very strong recovery in China during H1 (Half-Year) 2020 and a better than expected rebound in the rest of the world during H2 (Half-Year) 2020.

INDIAN ECONOMY

The pandemic hit the economy when the growth was declining. The Government action on managing the pandemic as well as the economy helped to arrest the degrowth to 9.6% for the financial year ('FY') 2020-21. This is a significant improvement considering 23.9% shrinkage recorded in GDP for April-June quarter. Considering positive sentiments of the last two quarters of FY 2020-21, the World Bank estimates that the Indian economy will recover by 5.4% in FY 2021-22. However, the surge in Covid-19 positive cases and the death toll starting April 2021 may slow down the economy to some extent and may adversely impact the forecast growth.

However, India has witnessed a gradual resumption of economic activity from Q2FY2021 onwards. The initial recovery was driven by government spending on infrastructure, exports and rural economy. The recovery has gained momentum since August 2020 with pickup in consumption demand driven by festive buying and return of urban consumption resulting in GDP growth of 0.4% in Q3 FY2021. Despite this recovery, India is estimated to see a contraction of ~8% in the annual GDP of FY 2021 due to sharp fall seen in H1 FY 2021.

India's steel industry has also suffered from production losses due to lockdown in Q1 FY 2021 and recovered gradually since then, initially drivenby exports followed by gradual recovery in domestic demand. A strong rebound in manufacturing and infrastructure development activity during H2 FY 2021 has led to a sharp rise in both production and consumption of steel in India. According to the Joint Plant Committee, India's crude steel production has reached ~92 million tonnes during the period April 2021 to February 2022 and is estimated to reach 103 million tonnes by end of FY2021, registering a decline of ~5.5% over the last year. India's finished steel demand is estimated to be ~93 million tonnes for FY 2021 as against ~100 million tonnes in FY2020, a drop of ~7%.

INDUSTRY STRUCTURE AND DEVELOPMENTS Global Steel Industry

Disruption on both demand and supply resulted in global steeldemand in 2020 to fall by 0.2% against a growth of 3.7% in 2019. The total demand in 2020 was 1,772 MnT against 1,775 MnT in 2019. The impact of COVID-19 has been

much more benign forthe steel industry due to resurgent demand in China and better than expected post lockdown recovery globally in second half of 2020. China and Turkey were two key countries that saw an increase in finished steel demand of 9% and 13% respectively in 2020. North America and the European Union ('EU') have experienced strong decline in steel demand owing to the COVID-19 pandemic. Both regions experienced demand decline of around 11%-16%. India also contributed to global decline, as steel consumption in India declined by 13.7% to 88.5 MnT in 2020 against 102.6 MnT in 2019.

The Steel pricing scenario has remained buoyant since Q4 FY 2020-21, which has seen highs not witnessed in over a decade. In CY 2020, average global steel price was about US\$582/tonne. However, as CY 2021 commenced, average price in the first five months jumped to US\$883/ tonne. China, the largest steel making country, is limiting production, restricted exports, encouraging import of semi-finished steel and is focusing on domestic consumption. This means that excessive supply and dumping experienced earlier from China are expected to be under control. Similarly, across the world, the under investment for past several years on infrastructure is now an opportunity to stimulate economic activity with huge spending on infrastructure through massive fiscal stimulus. This presents a case for sustained and growing demand. However, on the supply side the increase is not proportionate, with rising scrutiny on Environmental, Social and Governance (ESG) aspects. In light of this, steel demand and pricing are expected to remain firm in the near-to-medium-term, with bouts of short-term corrections.

Indian Steel Industry

India's steel industry has also suffered the production loss due to lockdown last year and recovered gradually sincethen, initially driven by export followed by gradual recoveryin domestic demand. Strong rebound in manufacturing and infrastructure development activity has led to a sharp rise in both production and consumption of steel in India. In 2021, India's steel demand is expected to grow by 20% over 2020, taking the demand higher than the pre-pandemic level of 103MnT, driven by strong infrastructure spending and sustained demand of automotive and consumer durables.

Government focus on strengthening the domestic manufacturing base under the Atmanirbhar Bharat program presents a strong opportunity for steel consumption in India. The production linked incentive scheme, which intends to incentivise the additional production in India, is expected to boost steel demand in automobile & auto components, consumer durables, solar equipment, telecom, etc.

As a matter of pride, the Indian steel industry is very modern with state-of-the-art steel mills. It has always strived for continuous modernisation and up-gradation of older plants and higher energy efficiency levels.

Government Initiatives

Some of the other recent Government initiatives in this sector are as follows:

- Under the Union Budget 2020-21, the government allocated Rs. 39.25 crore (US\$ 5.4 million) to the Ministry of Steel.
- In January 2021, the Ministry of Steel, Government of India, signed a Memorandum of Cooperation (MoC) with the Ministry of Economy, Trade and Industry, Government of Japan, to boost the steel sector through joint activities under the framework of India-Japan Steel Dialogue.
- In December 2020, the Minister for Petroleum & Natural Gas and Steel, Mr. Dharmendra Pradhan, has appealed to the scientific community to Innovate for India and create competitive advantages to make India 'Aatmanirbhar'.
- In September 2020, the Ministry of Steel prepared a draft framework policy for development of steel clusters in the country.
- On October 1, 2020, Directorate General of Foreign Trade (DGFT) announced that steel manufacturers in the country can avail duty drawback benefits on steel supplied through their service centres, distributors, dealers and stock yards.
- Government introduced Steel Scrap Recycling Policy to reduce import.
- An export duty of 30% has been levied on iron ore^ (lumps and fines) to ensure supply to domestic steel industry.
- Government of India's focus on infrastructure and restarting road projects is aiding the demand for steel. Also, further likely acceleration in rural economy and infrastructure is expected to lead to growth in demand for steel.
- The Union Cabinet, Government of India approved the National Steel Policy (NSP) 2017, as it intend to create a globally competitive steel industry in India. NSP 2017 envisage 300 million tonnes (MT) steel-making capacity and 160 kgs per capita steel consumption by 2030-31.
- The Ministry of Steel is facilitating setting up of an industry driven Steel Research and Technology Mission of India (SRTMI) in association with the public

and private sector steel companies to spearhead research and development activities in the iron and steel industry at an initial corpus of ₹ 200 crore (US\$ 30 million).

 The Government of India raised import duty on most steel items twice, each time by 2.5% and imposed measures including anti-dumping and safeguard duties on iron and steel items.

National Steel Policy 2017

The new Steel Policy enshrines the long term vision of the Government to give impetus to the steel sector. It seeks to enhance domestic steel consumption and ensure high quality steel production and create a technologically advanced and globally competitive steel industry.

The National Steel Policy, 2017, has envisaged 300 million tonnes of production capacity by 2030-31. The per capita consumption of steel has increased from 57.6 kg to 74.1 kg during the last five years.

Key features of the NSP 2017:

- Create self-sufficiency in steel production by providing policy support & guidance to private manufacturers, MSME steel producers, CPSEs.
- 2. Encourage adequate capacity additions.
- 3. Development of globally competitive steel manufacturing capabilities.
- 4. Cost-efficient production.
- 5. Domestic availability of iron ore, coking coal & natural gas.
- 6. Facilitating foreign investment.
- 7. Asset acquisitions of raw materials &
- 8. Enhancing the domestic steel demand.

Huge scope for growth is offered by India's comparatively low per capita steel consumption and the expected rise in consumption due to increased infrastructure construction and the thriving automobile and railways sectors.

We, at Gallantt Ispat, has the following production data of the Fiscal 2020-21 under the Steel Segment:

Steel Segment products wise	Production (in MT)
Sponge Iron (M.T.)	2,32,001
M.S. Billets (M.T.)	2,61,135
M.S. Round Bar & Miss Rolled Bar (M.T.)	2,57,527
Wheat Products (M.T.)	51,731
Power Generation (KWH)	23,55,22,319

Agro Industry (Wheat Products)

The Indian food industry is poised for huge growth,

increasing its contribution to world food trade every year due to its immense potential for value addition, particularly within the food processing industry. Indian food and grocery market is the world's sixth largest, with retail contributing 70 per cent of the sales. The Indian food processing industry accounts for 32 per cent of the country's total food market, one of the largest industries in India and is ranked fifth in terms of production, consumption, export and expected growth.

"India's Agricultural and Allied Activities sector has shown its resilience amid the adversities of Covid-19 induced lockdowns which is reflected in the sector's FY 2020-21 growth estimate of 2.3% compared to 4.3% in FY 2019-20. Agriculture remained the silver lining while contact-based services, manufacturing, construction were hit hardest and recovered steadily. Exports of agriculture and allied products recorded expansion. The share of the sector in Gross Value Added ('GVA') of the country at current prices is 17.8% for FY 2019-20."

Agriculture and Input Industry

A World Bank research study estimated the impact of Covid-19 on Agriculture as (3.04)% and (1.5)% on Crop Protection [deviation from benchmark output measured in USD in %]. The report also estimates a modest growth of the crop protection market compared to previous year led by Asia and North America. The report also reflects the strong fiscal support to farmers by Governments led by the USA and followed by the European Union, China and India.

In the past, the agriculture productivity enhancement happened mostly with intensive use of the land already under cropping aided by improved farming practices, irrigation, improved varieties, modern inputs, etc. These trends are expected to continue to ensure that supplies match the increasing demand for agricultural produce in the near future.

On one hand there is high expectation from agriculture and its various stakeholders which includes regulators, consumers, food processors, retailers, etc. and on the other hand the farmer is facing increasing challenges such as climate change, soil health, evolving pest and disease incidences and ever-increasing pressure on resources such as land, water, labour, capital, etc. Volatility induced by geopolitical challenges and other environmental factors is further increasing the complexity of agriculture activities globally.

Agriculture inputs industry is continuously innovating to support the farmers to address these challenges to serve its stakeholders better. It can also be observed that the

increasing role of digital not only brings efficiency to the operations of agriculture input players but also helps farmers to make informed decisions supported by big data and analytics.

We, at Gallantt Ispat, has the following production data of the Fiscal 2020-21 under the Agro Segment:

Agro Segment products wise	Production (in MT)
Maida (refined wheat flour)	29,226.53
Suji (Semolina)	7,170.41
Atta (Flour)	2,799.24
Choker (Wheat Bran)	12,534.47

OPPORTUNITIES & THREATS Opportunities

Government focus on strengthening the domestic manufacturing base under the Atmanir bhar Bharat program presents a strongopportunity for steel consumption in India. The production linkedincentive scheme, which intends to incentivise the additional production in India, is expected to boost steel demand in automobile& auto components, consumer durables, solar equipment, telecom,etc.

The global construction industry is the world's largest consumer of base metal commodities, including steel. TMT steel bars are one of the major significant steel products and are used as reinforcement bars in building the supportive frames of modern infrastructure. Growth in the global economy coupled with increasing rising per capita income is driving the global construction industry which will subsequently lead to the expansion of the global TMT steel bar market.

As the country transitions into an economic powerhouse, steel demand is poised to log a compound annual growth rate (CAGR) of 7-7.5% between fiscals 2022 and 2025. A large part of this growth will be spurred by the government's Rs 111 lakh crore National Infrastructure Pipeline initiative through fiscal 2025. Here, the government's initiatives on housing (Housing for All), roads (Bharatmala), ports (Sagarmala), railways (dedicated freight corridors, metros, and bullet train), and airports (Udaan) will provide impetus. The industry has the potential to help India regain its positive trade balance in steel as well as to drive the country's export manufacturing capabilities. Mandatory road crash barriers on national highways, rising concretisation, use of pre-engineered buildings, design changes in urban housing (underground parking and bigger span) - all augur well for steel demand in the long term.

Threats and Risks Covid-19

The outbreak of the deadly Covid-19 pandemic, followed By the lockdown in the country has adversely affected the business operations of the Company. Due to the rapid spread of the Covid - 19 in the Country, the health of the employees and workers of the Company has become priority of the Company over the business operations. This unproductive lockdown is resulting in the financial burden for the Company. The depressed market conditions due to Covid - 19 have further resulted in decrease in manpower requirement resulting in idling of work force.

Resurgence of infections leading to fresh lockdowns, both localizedas well as at regional / national levels resulting in disruption ineconomic activity. Large dependence of the agricultural sector on monsoon. In the last2 (two) years a normal monsoon has supported the growth in theagricultural sector. Slower recovery in services, which is the backbone of Indianeconomy.

The availability of raw material at right price remains a concern for the steel sector and then there is the threat of cheap dumping from China, say experts and industry players. The government, however, is keeping a brave face and its focus areas for the New Year include increasing per capital steel consumption, finding new markets for India made steel and a shift in the industry's attention towards production of special steel.

India's steel industry is going through an acute shortage of labour that threatens to bring it to a halt. Apart from the labour issue, a slump in demand for the product and squeeze in the supply of a key raw material has added to the woes. The supply of coal, a key raw material has also suffered because South Africa - one of the biggest sources, is itself going through a lockdown.

^{*}Company has Integrated Steel Plant facilities at Sahjanwa, Gorakhpur. Being an Integrated Steel Plant, Company, during the manufacturing process of end products TMT Bars also manufactures Sponge Iron, Billets etc.

OUTLOOK

The outlook for the industry looks reasonable, since India has good iron ore deposits, skilled manpower and growing demand for steel. The improved demand is expected to continue in the current fiscal as well on the back of ongoing government funded infrastructure projects. The domestic steel sector has witnessed a strong revival in third quarter of FY 2020-21 regaining the pre COVID-19 level because of a combination of factors such as strong retail demand emanating from a thriving rural economy, and green shoots of recovery in white goods and the automobile sector, especially from tractors, passenger vehicles and two-wheelers.

This spree of high demand is likely to continue in FY22 backed by an uptick in the overall consumption; government's efforts to improve infrastructure, coupled with the 'AtmanirbharBharat' policy and the Production Linked Incentive (PLI) initiative. Government route for investment on infrastructure and projects such as affordable housing, railway line, metro rail, shipbuilding, oil & gas distribution pipeline projects, etc., should boost steel consumption. Additionally, the government's focus on rural infrastructure projects will also give an impetus to the steel demand. The medium to long term outlook in the Products of the Company remains very encouraging.

RISKS AND CONCERNS

Economic recession gripped global economy following the lockdowns and surge in infections due to the Covid-19 pandemic was sudden and unexpected. While India is facing a tough battle with the second wave, a potential third wave or other complications could again impact both the domestic and global economy. External factors such as government policies and rainfall could have a significant impact on sales of Steel Products.

Availability of Raw materials like Iron Ore, Coal etc. at a competitive cost is the main area of concern for the Company Any sharp hike in raw material costs arising out of geopolitical conflicts could stretch working capital requirements and increase short-term borrowings, impacting the Company's finance costs. Our profitability and cost effectiveness may be affected due to change in the prices of raw materials, power and other input costs. While we are typically able to pass on these costs to our customers with a slight lag. This risk is significant and is carefully monitoring.

Geopolitical conflicts and trade wars between major economies could impact global steel demand and production, leading to a decline in steel demand. Similarly, high cost of iron ore and coal impacting the EBITDA margin. Availability and cost of required grade of Iron ore

are impacted by Global movement and parity of landed cost considering price, freight, tariff and exchange rates and also Domestic demand-supply gap, constraints and vendor actions. All these concern as well as Government policies and their impact on raw materials availability are being tracked regularly.

The Company does not apprehend any inherent risk in the long run, with the exception of certain primary concerns that have afflicted the progress of our industry in general, like:

- Shortage of Labour
- Rising manpower and material costs
- Approvals and procedural difficulties
- Lack of adequate sources of finance.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has adequate internal controls commensurate with the nature of its business and size of its operations, to effectively provide for the safety of its assets, reliability of financial transactions with adequate checks and balances, adherence to applicable statutes, accounting policies, approval procedures and to ensure optimum use of available resources. These systems are reviewed and improved regularly.

The Company has a comprehensive budgetary control system to monitor revenue and expenditure against approved budget on an ongoing basis. The Audit committee of Board of Directors on regular intervals and in coordination with internal and statutory Auditors reviews the adequacy of internal control systems within the company.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

SECTION E: PRINCIPLE-WISE PERFORMANCE

PRINCIPLE 1

ETHICS, TRANSPARENCY AND ACCOUNTABILITY

Does the policy relating to ethics, bribery and corruption cover only the Company? Yes/No. Does it extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs Others?

Ethics, transparency and accountability are the three basic pillars on which the compliance eco-system of your Company is built. The compliance management system has been designed in such a way that it not only helps adhere to the regulatory requirements but also develops a culture of self-regulation and accountability at the grass root level within the organization. In the present times when governance is looked upon as a critical aspect of sustainability, we believe, our compliance management systems play a significant role in ensuring good corporate governance. All internal stakeholders of the Gallantt Ispat Limited are subjected to work within boundaries of the Code of Conduct.

1. Under this principle, the Company has the following **Policies:**

- Whistle Blower Policy to provide an avenue for directors and employees to inform about any wrongdoing in the company and reassurance that they will be protected from reprisals or victimization for whistle blowing.
- Policy for Determining Materiality of Events and Information - The objective of this Policy is: (a) to ensure disclosure of any event or information which, pursuant to SEBI regulations is material, (b) to determine whether an event or information is material or not, and (c) to ensure timely, accurate, uniform and transparent disclosure.

- **Code of Conduct for Directors & Senior Management** - to ensure, inter-alia, protection of confidential information, preventing conflict of interest, ensuring that anti-bribery and corruption laws are complied with, and ensure compliance with all the applicable laws, regulations and Company's policies.
- Company's Code of Conduct on (prevention of) Insider Trading - to prevent insider trading and protect of price sensitive information.
- e) Policy on prevention of sexual harassment.

These policies cover the Company, subsidiaries.

How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

The Company has in place different mechanisms for receiving and dealing with complaints from different stakeholders viz. shareholders, customers, employees, vendors etc. There are dedicated resources to respond to the complaints within a time bound manner. During the year, your Company has not received complaint from shareholders.

PRINCIPLE 2

PRODUCT LIFE CYCLE SUSTAINABILITY

List up to 3 of your products or services whose design has incorporated social or environmental concerns, risksand/or opportunities.

Our operations have carried out significant test work on the physical and chemical characteristics of their products to ensure their properties and potential impacts. Further, the Company ensures that all processes, plant, equipment, machinery and material provided at plant are safe to the people as well as environment. Your Company has been constantly improving its operational efficiencies for reducing the consumption of resources without compromising on the quality and quantity of its production. Your Company take initiatives to improve awareness about legal compliances, enhance eco-friendly efficiencies, packaging / logistics improvements at the suppliers end. Supplier and transporter meets are held on a periodical basis where your Company engages and encourages them to undertake sustainable practices across supply chain.

We are conscious that extraction of natural resources gives rise to negative environmental impacts, from gas and particulate emissions and hazardous waste;

to water extraction and landscape modification. To this end, we manage our footprint to the most stringent global standards throughout the project life cycle.

Our three major products are Sponge Iron, Re-Rolled Products and Agro Products. We make all efforts to ensurethat we produce, in a safe and environmentally responsible manner. Over the years, we have constantly improved our recoveries, reduced hazardous waste generation, improved water and energy consumption and reduced our tailings to optimally use available natural resources.

- 2. Does the company have procedures in place for sustainable sourcing (including transportation)?
 - a) If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof in about 50 words or so.

Our product movements to consumers take place through rail and roadways. The environmental impacts like dust emission during transportation of coal, iron ore, lime etc., final products and road dust etc. have been identified. All safety and environmental protocols are followed and proper training is provided for handling. At material handling areas for coal and iron ore, new technologies are installed with proper water sprinklers. Ore transport from the railways to the factory point is carried out through trucks with properly covered to ensure no spillage and dust generation.

The Company has adopted Green Logistics Process in the entire supply chain using reuseable trolleys, bins and pallets thereby significantly eliminating use of packaging materials.

- 3. Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?
 - a) If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

The Company sources its major inputs like

Iron Ore and Coal from large national and international manufacturers/sellers. For Agro Division we procure inputs (Wheat etc.) from local market. Going forward, we will make further efforts to increase local sourcing. Our direct & indirect employment as also our CSR activities are largely focused on the communities surrounding our operations.

4. Does the company have a mechanism to recycle products and waste? If yes what is the percentage ofrecyclingof products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words orso.

Our primary activities are in the producing of steel and agro products as well as power generation using well established processes and technologies. Our focus on best available technology helps us to produce these products using efficient energy consumption and maximum product output.

Our main priority is to reduce both the quantity and toxicity of our waste, followed by recovery, reuse and recycling. Waste heat of Sponge Iron plant is recycled to generate power. Waste of steel plants and residual files are sold and disposed in land filling. Furnace slag are sold to buyers, they use these in road construction, land levelling and in the abrasive and cement industries. Fly ash from our power plants was sent to nearby cement and brick manufacturing units together with land levelling. Wastage of Agro Products (Wheat) are sold to be used in feeding animals.

2.11 Induction and Familiarization Program for Directors

Your Company follows a structured orientation and familiarization programme through various reports/codes/internal policies for all the Directors with a view to update them on the Company's policies and procedures on a regular basis.

Periodic presentations are made at the Board Meetings on business and performance, long term strategy, initiatives and risks involved.

The details of familiarisation programme have been posted in the website of the Company www.gallantt.com

2.12 Independent Directors

Your Company appointed Independent Directors having expertise/experience in their respective field/profession. None of the Independent Directors are Promoters or related to Promoters. They do not have pecuniary relationship with the Company and further do not hold two percent or more of the total voting power of the Company.

Every Independent Director, at the first meeting of the Board in which he/she participates as a Director and thereafter at the first meeting of the Board in every financial year, gives a declaration that he/she meets the criteria of independence as required under Section 149(7) of the Companies Act, 2013.

All Independent Directors maintain their limits of directorships as required under Listing Regulations. The Company had issued a formal letter of appointment to all Independent Directors and the terms and conditions of their appointment have been disclosed in the website of the Company www.gallantt.com

Pursuant to sub section (6) of Section 149 of the Companies Act, 2013 and Regulation 16(1) (b) of the SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015, the Independent Directors of the Company viz. Mr. Dindayal Jalan, Mr. Ashtbhuja Prasad Srivastava, Mrs. Smita Modi and Mrs. Sangeeta Upadhyay have given declaration to the Company that they qualify the criteria of independence as required under the Act and the regulations. Also, Mr. Udit Agarwal has been appointed as an Additional Independent Director on the Board of the Company with effect from June 29, 2021. He has also submitted declaration to the Company that he qualifies the criteria of independence as required under the Act and the regulations.

2.13 Board Procedures

The Board meets at least once in a quarter to review financial results and operations of the Company. In addition to the above, the Board also meets as and when necessary to address specific issues concerning the businesses of your Company. The Board Meetings are governed by a structured Agenda. The Agenda along with detailed explanatory notes and supporting material are circulated in advance before each meeting to all the

Directors for facilitating effective discussion and decision making. The Board members are, on a quarterly basis, appraised by the Managing Director & CEO on the overall performance of the Company through presentations and detailed notes.

Time gap between two consecutive meetings does not exceed 120 days. The agenda and agenda notes are circulated to all the Directors well in advance, usually a week before the Meeting. In case of sensitive agenda matters, where it is not practical to circulate the relevant information as part of the agenda papers, the same is tabled at the meeting. In special and exceptional circumstances, additional or supplementary agenda items are taken-up for discussion with the permission of the Chairman. The members of the Board or Committees are free to suggest any item to be included in the agenda, in addition to exercising their right to bring up matters for discussion at the meeting with permission of the Chairman.

The Senior Management Personnel are invited to the Board/ Committee Meetings to apprise and update the members on the items being discussed at the meeting. The Members of the Board have complete freedom to express their opinion and have unfettered and complete access to information in the Company. All the decisions are taken after detailed deliberations by the Board Members at the meetings.

2.14 Performance evaluation of Directors

The Nomination and Remuneration Committee of the Board laid down the criteria for performance evaluation of all Directors. The performance evaluation has been done by the entire Board of Directors, except the Director concerned being evaluated. The criteria for performance evaluation are as follows:

- The ability to contribute to and monitor our corporate governance practices.
- The ability to contribute by introducing international best practices to address business challenges and risks.
- Active participation in long-term strategic planning.
- Commitment to the fulfilment of a Director's obligations and fiduciary responsibilities; these include participation in Board and Committee meetings.
- performance of the directors

 fulfilment of the independence criteria as specified in these regulations and their independence from the management.

The criteria for the performance evaluation included the following:

- The Board Structure, composition and quality of Board, Board meeting schedule, agenda and collaterals, board meeting practices and overall board effectiveness.
- Board Committees Composition, charter, information flow and effectiveness of the meetings, recommendation to the Board, etc.
- Individual Directors Attendance at the meetings, preparedness for discussion, quality of contribution, engagement with fellow board members, KMPs and senior management, etc.
- The Chairman The Chairman was additionally evaluated on few parameters such as leadership provided to the Board, promoting effective participation of all board members in the decisionmaking process, etc.

The Independent Directors had to assess the performance of the Board and committees as a whole and for the assessment of Executive Chairperson, Executive Director, Non-Executive Director, Board and Committees as a whole.

Based on the criteria set by the Nomination and Remuneration Committee, the Board carries out an annual evaluation of its own performance, its Committees and individual Director(s) including the Chairman of the Board. The questionnaires on performance evaluation are prepared in line with the Companies Act, 2013, the Listing Regulations and in accordance with the set guideline Board evaluation, issued by the SEBI. Proper mechanism has been provided to each Director for their feedback and evaluation. The parameters for performance evaluation of the Board includes the roles and responsibilities of the Board, timeliness for circulating the board papers, content and the quality of information provided to the Board, overseeing and guiding on major plans of action, risk management, annual budget/capex, acquisition and investment/ divestments etc. The performance of the Committees are evaluated based on criteria such as adequate independence of each Committee, frequency of meetings and time allocated for discussions at meetings,

functioning of Board Committees and effectiveness of its advice & recommendation to the Board, etc. Performance evaluation of Independent Directors is done by the entire Board, excluding the Independent Director being evaluated, based on various aspects such as attendance, contribution in Board and Committee meetings, judgment, performance and exercise of duties with due and reasonable care.

In addition, the evaluation criterion for Chairman includes attendance, effectiveness of leadership, relationship with Board and shareholders, effective and maximum usage of Board support system etc.

The Executive Directors are evaluated on various aspects, including inter alia overall performance of Management, accomplishment of long-term objectives, efforts made by them towards enhancing brand equity, compliance with regulatory law(s) and to encourage new initiatives and expansions etc. Non- Executive Directors are also evaluated on the basis of criteria such as attendance and participation in meetings of Board and Committees, contribution to the development of long-term strategy and risk management, updating in the relevant areas such as corporate governance, industry and market scenario etc.

The Nomination and Remuneration Committee and Board of Directors expressed their satisfaction towards the process followed by the Company for evaluating the performance of the Directors, Board as a whole including Chairman and its Committees.

2.15 Non-executive Directors' compensation and disclosures

Except sitting fees for attending meetings of Board and Committee thereof, Non-executive Directors (including Independent Directors) are not paid fixed fees/remuneration.

2.16 Other Provisions as to Board and Committees

The Board met 7 times during the year and the time gap between any two meetings did not exceed 120 days.

2.17 Independent Directors confirmation by the Board

All Independent Directors have given declarations that they meet the criteria of independence as laid down under Section 149(6) of the Companies Act, 2013 and Regulation 16(1) (b) of the SEBI LODR Regulations 2015.

In the opinion of the Board, the Independent Directors, fulfil the conditions of independence specified in Section 149(6) of the Companies Act, 2013 and Regulation 16(1) (b) of the SEBI LODR Regulations 2015. Independent Auditor's Report

TO THE MEMBERS OF GALLANTT ISPAT LIMITED

Report on the Standalone Financial Statements Opinion

We have audited the accompanying standalone financial statement of GALLANTT ISPAT LIMITED ('The Company') which comprises the Balance Sheet as at March 31, 2021, the Standalone Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of changes in equity and Standalone Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information (thereinafter referredto as "the standalone financial statements"), which we have signed under reference to this report.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statement in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalonefinancial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Emphasis of Matter

We draw your attention to Note No. 51 to the statement which explains the uncertainties and the management's assessment of the financial impact due to the lockdown and other restrictions and conditions related to the COVID-19 pandemic situation, for which a definitive assessment of the impact is highly dependent upon circumstances/

developments as they evolve in subsequent periods. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended 31st March, 2021. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and informing our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information other than the Standalone Financial Statement and Auditor's Report Thereon

The Company' Board of Directors is responsible for the preparation of the other information. The other information comprises the information include in the Management Discussions and Analysis, Board's Report including Annexure to Board' Report, Business Responsibility Report, Corporate Governance and shareholder's Information, but does not include the standalone financial statement and our auditor's report thereon.

Our opinion on the standalone financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of standalone financial statement, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statement or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and those charged with governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these standalone financial statements that give a true and fair view of thefinancial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India. This responsibility also includes responsible the maintenance of the adequate accounting records in accordance with the provisions of

Independent Auditor's Report (Contd.)

the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement
 of the financial statements, whether due to fraud
 or error, design and perform audit procedures
 responsive to those risks, and obtain audit evidence
 that is sufficient and appropriate to provide a basis
 for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for
 one resulting from error, as fraud may involve collusion,
 forgery, intentional omissions, misrepresentations, or
 the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit

procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company's to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Independent Auditor's Report (Contd.)

Other Matters

1. Due to COVID-19 pandemic and consequential nationwide lockdown announced by the Central and various State Government including travel restriction, maintenance of social distancing, etc, the audit team has performed audit from Head Office, Branch Office and remote location on the basis of data, scanned copies, documents, management estimates, assumptions, certificates and other information supplied electronically by the management on online platform. We have relied on Management's assurances of the authenticity, completeness and accuracy of these records electronically submitted to us. Further, our attendance at the physical inventory verification done by the Management was impracticable under the current lockdown restrictions imposed by the Government and we have therefore, relied on the related alternative audit procedures to audit the existence of inventory as per the guidance provide in SA-501 "Audit Evidences- Specific Consideration for Selected Items" and have obtained sufficient appropriate audit evidence to issue our unmodified opinion on this statement.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

- 1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the cash flows are dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statementscomply with the specified under Section 133 of the Act, read with companies (Indian Accounting Standards) Rules, 2015, as amended.
 - e) On the basis of the written representations received from the directors of the Company as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified

- as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:
 - In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - The Company has disclosed the impact of pending litigations on itsfinancial position of the financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-termcontracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund.
- 2. The Companies (Auditor's Report) order, 2016 ("the order") issued by the Central Government of India in terms of subsection (11) of section 143of the Act, we give in the Annexure B, a statement on the matters specified in the paragraph 3 and 4 of the order, to the extent applicable.

Annexure - A to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of GALLANTT ISPAT LIMITED ("the Company") as of 31st March 2021 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit

evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidences we have obtained are sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility

Annexure - A to the Independent Auditor's Report (Contd.)

of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note -01 Corporate information

Gallantt Ispat Limited ('the Company' / 'GIL'), incorporated in the year 2005, is engaged in the business of Iron & Steel, Agro, Power and Real Estate. The Company was promoted by M/s. Gallantt Metal Limited, Mr. Chandra Prakash Agrawal, Mr. Prem Prakash Agrawal, Mr. Nitin M Kandoi and M/s. Chandra Prakash Agrawal & Sons (HUF). Company floated its capital base by coming out with Initial Public Offerings of Equity Shares in the year 2010. Company is listed on both the premier stock exchanges viz. Bombay Stock Exchange Limited and National Stock Exchange of India Limited. The Company is engaged in manufacturing of Steel and Steel products and having its manufacturing unit at GIDA, Sahajanwa, District: Gorakhpur in the State of Uttar Pradesh.

Authorization of financial statements

The Standalone Financial Statements were authorized for issue in accordance with a resolution passed in Board of Directors meeting held on 29th June 2021.

Note -02 Significant Accounting Policies

1 Basis of measurement

The standalone financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 and relevant provisions of the Act (as amended from time to time).

These financial statement have been prepared on accrual basis of accounting using historical cost convention except certain financial assets, financial liabilities and share based payment measured at fair value.

2 Functional and presentation currency

The functional currency and presentation currency of the Company is Indian Rupee ("₹") which is the currency of the primary economic environment in which the Company operate. All amounts have been rounded to the nearest lakhs, unless otherwise indicated.

3 Key estimates and assumptions

The preparation of separate financial statements is in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the separate financial statements and the

reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are included in the notes.

4 Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values for financial instruments.

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

5 Property, Plant and Equipment (PPE)

Land, Buildings, Plant and Equipment, Furniture and Fixtures and Vehicles held for use in the production or supply of goods or services, or for administrative purposes are stated at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated. Cost includes purchase cost of materials, including import duties and non-refundable taxes, any directly attributable costs of bringing an asset to the location and condition of its intended use and borrowing costs capitalised in accordance with the Company's accounting policy.

Properties in the course of construction for production or supply of goods or services or for administrative purposes are carried at cost, less any recognsed impairment losses.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over the useful lives, using the straight-line method. Depreciation of assets commences when the assets are ready for their intended use. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes is accounted as change in estimate on a prospective basis.

Estimated useful lives of the assets are as follows:

Buildings: : 15 to 60 years
Plant and equipment : 10 to 40 years

Furniture and Fixtures : 10 years

Office Equipments : 5 years

Electrical Installations : 10 Years

Computers : 3 years

Two Wheelers : 10 years

Motor Vehicles &

Commercial Vehicles : 8 years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is recognised in profit and loss.

The Company has elected to continue with the

carrying value of all of its property, plant and equipment recognised as of April 1, 2016 measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date. Further the company has regrouped the classifications of assets whereever required.

6 Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment (if any) losses. Amortisation is recognised at straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

An intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of intangible assets is recognised in profit and loss.

The Company has elected to continue with the carrying value of all of its intangible assets recognised as of April 1, 2016 measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

7 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets (other than goodwill) to determined whether there is any indication that those assets have suffered any impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate

that reflects current market assessments of the time value of money and risks specific to the asset for which the estimates of future cash flows have not be adjusted.

If the recoverable amount of an asset or cash generating unit is estimated to be less than the carrying amount, the carrying amount of the asset or cash generating unit is reduced to its recoverable amount. An impairment loss is recognised immediately in profit and loss.

When an impairment loss subsequently reverses, the carrying value of the asset or cash generating unit is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset or cash generating unit in prior years. Any reversal of an impairment loss is recognised immediately in profit and loss.

8 Investments in Subsidiaries and Associates

Investments in subsidiaries and associates are carried at cost less accumulated impairment losses, if any. Cost includes the purchase price and other costs directly attributable to the acquisition of investments. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries and associates, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

Upon first-time adoption of Ind AS, the Company has elected to measure its investments in subsidiaries and associates at the Previous GAAP carrying amount as its deemed cost on the date of transition to Ind AS i.e., April 01, 2016.

9 Inventories

Raw materials, work-in-progress and finished products are valued at lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes purchase price, non refundable taxes and duties and other directly attributable costs incurred in bringing the goods to the point of sale. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty.

Stores and spares are valued at cost comprising of purchase price, non refundable taxes and duties and

other directly attributable costs after providing for obsolescence and other losses, where considered necessary.

Value of inventories are generally ascertained on the "FIFO (First in First out)" basis.

10 Cash and Cash equivalents

Cash and cash equivalents in the balance sheet comprise cash on hand, bank balances and shortterm deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

11 Financial Assets

i Initial recognition and measurement

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the statement of profit and loss. In other cases, the transaction cost is attributed to the acquisition value of the financial asset.

ii Subsequent Measurement

Financial assets are subsequently / classified and measured at

- a- amortised cost
- b- fair value through profit and loss (FVTPL)
- c- fair value through other comprehensive income (FVOCI)

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

iii Trade Receivables and Loans

Trade receivables are initially recognised at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated

future cash income through the expected life of financial instrument.

iv Debt Instruments

- (a) Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the Company's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.
- (b) Measured at amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.
- (c) Measured at fair value through profit or loss: A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'Other Income' in the Statement of Profit and Loss.

v Equity Instruments

All investments in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in

the Statement of Profit and Loss.

vi Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

vii Impairment of Financial asset

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financials assets in FVTPL category.

For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall.

The impairment losses and reversals are recognised in Statement of Profit and Loss.

12 Financial Liabilities

i Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method.

ii Subsequent Measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

iii Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

13 Offeseting of Financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

14 Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of item being hedged and the type of hedge relationship designated.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

15 Provisions and Contingent Liabilities

Provisions are recognized when the Company has a present obligation as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. The expenses relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by

the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is probable.

Commitments includes the amount of purchase orders (net of advance) issued to parties for acquisition of assets.

Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

16 Revenue recognition

i) Revenue from contracts with customer:

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer. The Company assesses promises in the contract to identify separate performance obligations to which a portion of transaction price is allocated.

Revenue is measured based on the amount of consideration to which the Company expects to be entitled in exchange of goods. The transaction price includes Excise Duty, however it excludes amount collected on behalf of third parties such as Goods and Service Tax (GST), Value Added Tax (VAT) etc. which the Company collects on behalf of the government.

In determining the transaction price, the Company estimates the variable consideration to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

The Company recognises revenue from each distinct good or service over time if the customer simultaneously receives and consumes the benefits provided by the Company's performance as it performs. Revenue from transmission of gas through pipeline is recognized over the period in which the related services are performed. Customers are billed on fortnightly basis.

Sale of goods

Sales are recognised when goods are supplied and significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of contract and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of the goods.

ii) Dividend and Interest income

Dividend income is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and amount of income can be measured reliably.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the asset's net carrying amount on initial recognition.

iii) Insurance Claims

Insurance claims are accounted for on acceptance and when there is a resonable certainty of receiving the same, on ground of prudence.

17 Foreign Currencies Transactions

The financial statements of the Company are presented in Indian Rupee (INR), which is Company's functional and presentation currency.

Transactions in currencies other than entity's functional currency (foreign currency) are recorded at the rates of exchange prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currencies (other than derivative contracts) remaining unsettled at the end of the each reporting period are remeasured at the rates of exchange prevailing at that date. Non-monetary items carried at fair value that at denominated in foreign currency are retranslated at the rate prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange difference on monetary items are recognised in profit and loss in the period.

18 Borrowing costs

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing. Borrowing costs that are directly attributable to the acquisition of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of that asset till the date it is put to use. Other borrowing costs are recognised as an expense in the period in which they are incurred.

19 Employee Benefits

i) Short-term benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, performance incentives, etc., are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the employee renders the related service.

ii) Post Employment Benefit

(a) Defined Contribution Plans

Payments made to a defined contribution plan such as Provident Fund and Family Pension maintained with Regional Provident Fund Office are charged as an expense in the Statement of Profit and Loss as they fall due.

(b) Defined Benefit Plans

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, after discounting the same. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses are recognized immediately in Other Comprehensive Income (OCI). Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset). Net interest

expense and other expenses related to defined benefit plans are recognized in Statement of Profit and Loss.

20 Taxes on Income

i) Current tax

Current tax is payable based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Standalone statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

ii) Deferred tax

Deferred tax is the tax expected to be payable or recoverable on temporary differences between the carrying value of assets and liabilities in the Standalone financial statements and the corresponding tax bases used in the computation of taxable profits and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are only recognised on deductible temporary differences to the extent that is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the

period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights too set off current tax assets and current tax liabilities within that jurisdiction.

iii) Minimum alternate tax

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is recognised as a deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the Company will pay normal income tax during the specified period and it is probable that future economic benefit associated with it will flow to the Company.

iv) Current and deferred tax are recognised in profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

21 Earning Per Share

Basic Earnings per share is calculated by dividing the net profit / (loss) for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit / (loss) for the period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

36 Capital management

The Company manages its capital to ensure that entities will be able to continue as going concerns while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Capital structure of the Company consists of net debt (borrowings as detailed in notes [16] and [19] offset by cash and bank balances) and the total equity of the Company.

(₹ in lacs)

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, long term-term borrowings, short-term borrowings, less cash and short-term deposits.

Gearing Ratio

The gearing ratio at end of the reporting period was as follows

	As at 31.03.2021	As at 31.03.2020

37 Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings and trade and other payables. The Company's principal financial assets include loans, trade and other receivables, and cash and short-term deposits that derive directly from its operations. The Company also holds FVTOCI investments and enter into derivative transactions. The Company is exposed to market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Company seeks to minimise the effects of these risks by using derivative financial instruments to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange risks, interest rate risk, credit risk, the use of financial derivatives and non-derivative financial instruments. The Company does not enter into or trade financial instruments including derivative financial instruments, for speculative purposes.

37.01 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company enters into derivative financial instruments to manage its exposure to foreign currency risk and interest rate risk.

Foreign currency risk management

The Company is exposed to currency risk on account of its borrowings, Receivables for Exports and Payables for Imports in foreign currency. The functional currency of the Company is Indian Rupee. The Company manages currency exposures within prescribed limits, through use of forward exchange contracts. Foreign exchange transactions are covered with strict limits placed on the amount of uncovered exposure, if any, at any point in time.

Exposure to currency Risk

The currency profile of financial liabilities as at Balance Sheet dates are as below:

	Currency	As at 31.03.2021	As at 31.03.2020
Financial Liabilities			
Hedged			
Trade Paybale	USD	-	-
	INR	-	-
Unhedged			
Trade Paybale	USD	-	-
	INR	-	-

(₹ in lacs)

Interest rate risk management

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the company's short-term debt obligations with floating interest rates.

Interest rate sensitivity analysis

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

37.02 Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans and advances.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade receivables and loans and advances

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company monitors each loans and advances given and makes any specific provision wherever required.

Based on prior experience and an assessment of the current economic environment, Management believes there is no credit risk provision required. Also Company does not have any significant concentration of credit risk.

The ageing of trade receivables that were not impaired was as follows:

Particulars	As at 31.03.2021	As at 31.03.2020
More than Six months	327.75	228.30
Others	4,754.93	3,798.11
	5,082.68	4,026.41

37.03 Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The Company has access to funds from debt markets through loan from banks and other Debt instrument. The Company invests its surplus funds in bank fixed deposits.

39 Fair value measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimare the fair values:

Fair value of cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, working capital loan from banks approximate their carrying amounts largely due to the short term maturities of these instruments.

Financial instruments other than above are carried at amortised cost except certain assets which are carried at fair value.

The company uses the following hierarchy for determining and disclosing the fair value of finnacial instruments by valuation technique.

Level -1: Quoted prices in active markets for identical assets or liabilities

Level -2: Other techniques for which all inputs which have a significants effects on the recorded fair value are observable

Level -3: Techniques using inputs having significant effect on the recorded fair value that are not based on observable market data.

- 45 Company has established this unit under attraction of financial incentives and other benefits of an scheme of State Government of Uttar Pradesh notified vide Government Order No. 1502/77-6-2006-10 tax/04 dated 1st June 2006 and which have been elaborated in Government Order No. 2941/77-6-2006-10 tax/04 dated 30th November 2006 and amended from time to time. The said scheme provides following financial incentives besides other benefits to the industries established in the State after 1st June, 2006. Company has complied with all the formalities required in this regard and has been declared an eligible unit under the scheme; as such the company is entitled to get following financial incentives:
 - a) Capital investment subsidy, additional capital investment subsidy and infrastructure subsidy @ 35% on fixed capital investment.
 - b) Reimbursement of freight paid on raw materials subject to maximum of 65% of the fixed capital investment.
 - c) Amount of payable Commercial Taxes to State Government (VAT at that time presently GST) to be converted into interest free loan, repayable after a period of 15 years.

₹ in lacs

State Government after declaring the unit as eligible unit disbursed an amount of ₹ 24.28 crores as part payment of the subsidies in the year 2010, but thereafter refused to pay the balance amount of financial incentives. Having no option, company moved to Hon'ble High Court of Allahabad Lucknow Bench in 2011 and after a long battle in court, finally Hon'ble High Court vide its order dated 22.03.2018 directed State Government to pay all the incentives within three months time. State Government instead complying with the order moved an special leave petition No.19796 before the Hon'ble Supreme Court which is pending for final disposal before the Hon'ble Supreme Court.

Financial Benefits to be received Under the Scheme are as under:

- a) Company is eligible for incentives i.e. Capital investment subsidy @ 20% of fixed capital investment, infrastructure subsidy @ 10% of total fixed capital investment and 5% additional capital subsidy being the first unit in Purvanchal region totalling subsidy @ 35% on fixed capital investment. Company has claimed for ₹ 12,262.00 lacs against the capital investment made upto 31st May 2012. The incentive received of ₹ 2,428.00 Lacs has been credited in fixed assets in the ratio of capital investment made. No provision has been made for the unrealized claim of ₹ 9,834.00 lacs in the books.
- b) Reimbursement of freight paid on raw materials subject to maximum of 65% of the fixed capital investment.
 - Company is eligible for reimbursement of freight paid on transportation of raw material as freight subsidy on Iron Ore equivalent to the Railway freight. The total amount of freight subsidy is restricted to 65% of the total capital investment under the scheme that comes ₹ 22,775.00 Lacs. Since company has already claimed ₹ 22,775.00 lacs till March 2018 as such no amount is available to be claimed as freight subsidy during the year and onward.
- c) Amount of payable Commercial Taxes to State Government (VAT at that time presently GST) to be converted into interest free loan, repayable after a period of 15 years.
 - Company is eligible for Interest free loan equivalent to the amount of VAT, CST & GST liability for 15 years and which shall be re-payable after 15 years. The company has claimed as interest free loan amounting to ₹ 10,828.03 lacs up to 30th June 2017 on account of VAT upto 30th June, 2017. Out of total claim of ₹ 10,828.03 lacs, ₹ 9,255.64 lacs has not been deposited to Commercial Tax department in accordance with order of Hon'ble High Court of Allahabad in writ petition no. 8886/2011, however, ₹ 1,572.39 Lacs have already been deposited before the said stay order.
 - Further as the GST act has replaced the VAT and CST w.e.f. 01.07.2017, Company has paid total amount of ₹ 29,408.68 Lacs as GST to the Government from 01.07.2017 to 31.03.2021. Out of this, deposited amount of ₹ 13,048.37 Lacs relates to old unit covered under this scheme which is eligible to be converted as interest free loan. Thus an amount of ₹ 13,048.37 Lacs is refundable as interest free loan.
- **46.** Company has expanded capacities of its units under attraction of financial incentives and other benefits of an scheme of State Government of Uttar Pradesh notified vide Government Order No. 1457/77-6-12-08-(M)/12 T.C.VII dated 23.01.2013 as amended from time to time. The said scheme provides refund of 80% of the amount cash paid as SGST, as well as interest subsidy equivalent @ 5% per annum paid on term loan. This expansion has been declared eligible under this scheme, hence eligible for
 - a) refund of 80% of the amount cash paid as SGST on account of sales from expanded capacities. Company has paid an amount of ₹ 15,097.50 Lacs in cash as SGST for the period from 1st December, 2017 to 31st March, 2021 and company has filed its claim for release of subsidy from time to time for ₹ 12,078.00 Lacs but disbursement and payment by State Government is subject to settlement and verification of claim as per their calculation, as such final effect of same is being given in accounts as and when they are settled. , however company has been sanctioned only an amount of ₹ 3,157.25 Lacs as SGST refund on 31st March 2020 against the said claim, which was accounted for in 2019-20.
 - b) ₹ 334.21 Lacs claimed as interest subsidy, outof this ₹ 182.14 lacs lacs has been refunded by State Government on 31 st March 2020 which was accounted for in 2019-20. Further as term loan has been repaid in full no further interest subsidy will be allowed in this account.

Independent Auditor's Report

TO THE MEMBERS OF GALLANTT ISPAT LIMITED

Report on the consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statement of GALLANTT ISPAT LIMITED ('The Company') and its associates (together referred to as "the group) which comprises the Consolidated Balance Sheet as at March 31, 2021, the Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated Statement of changes in equity, Consolidated Statement of Cash Flows for the year ended, and summary of significant accounting policies and other explanatory information (thereinafter referred to as "the consolidated financial statements"), which we have signed under reference to this report.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2021, the consolidated profit, consolidated total comprehensive income consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statement in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Emphasis of Matter

We draw your attention to Note No. 51 to the statement which explains the uncertainties and the management's assessment of the financial impact due to the lockdown and

other restrictions and conditions related to the COVID-19 pandemic situation, for which a definitive assessment of the impact is highly dependent upon circumstances/ developments as they evolve in subsequent periods.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended 31st March, 2021. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information other than the Consolidated Financial Statement and Auditor's Report Thereon

The Company' Board of Directors is responsible for the preparation of the other information. The other information comprises the information include in the Management Discussions and Analysis, Board's Report including Annexure to Board' Report, Business Responsibility Report, Corporate Governance and shareholder's Information, but does not include the consolidated financial statement and our auditor's report thereon

Our opinion on the consolidated financial statement does not cover the other information and we do express any form of assurance conclusion thereon

In connection with our audit of consolidated financial statement, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statement or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and those charged with governance for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these consolidated financial statements that give a true and fair

Independent Auditor's Report (Contd.)

view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India including the Ind AS the specified under section 133 of the Act. The respective Board of Directors of the Companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or

In preparing the consolidated financial statements, the respective Board of Directors of the Companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are responsible for overseeing the Company's financial reporting process of the Group.

Auditor's Responsibilities for the Audit of Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect

Independent Auditor's Report (Contd.)

of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, includingany significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

Due to COVID-19 pandemic and consequential nationwide lockdown announced by the Central and various State Government including travel restriction, maintenance of social distancing, etc, the audit team has performed audit from Head Office, Branch Office and remote location on the basis of data, scanned copies, documents, management estimates, assumptions, certificates and other information supplied electronically by the management on online platform. We have relied on Management's assurances of the authenticity, completeness and accuracy of these records electronically submitted to us. Further, our attendance at the physical inventory verification done by the Management was impracticable under the current lockdown restrictions imposed by the Government and we have therefore, relied on the related alternative audit procedures to audit the existence of inventory as per the guidance provide in SA-501 "Audit Evidences- Specific Consideration for Selected Items" and have obtained sufficient appropriate audit evidence to issue our unmodified opinion on this statement.

Our opinion is not modified in respect of this matter.

Annexure - A to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of GALLANTT ISPAT LIMITED ("the Company") and its associate companies which are companies incorporated in India as of that date, for the year ended 31st March 2021 in conjunction with our audit of the consolidated financial statements of the Company.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Respective Board of Directors of the Company and its associate companies, which are companies incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the

Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (`ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial

Annexure - A to the Independent Auditor's Report (Contd.)

reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidences we have obtained are sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of

- financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

OTHER MATTERS

Our aforesaid reports under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to one associate which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Note -01 Corporate information

Gallantt Ispat Limited ('the Company' / 'GIL'), incorporated in the year 2005, is engaged in the business of Iron & Steel, Agro, Power and Real Estate. The Company was promoted by M/s. Gallantt Metal Limited, Mr. Chandra Prakash Agrawal, Mr. Prem Prakash Agrawal, Mr. Nitin M Kandoi and M/s. Chandra Prakash Agrawal & Sons (HUF). Company floated its capital base by coming out with Initial Public Offerings of Equity Shares in the year 2010. Company is listed on both the premier stock exchanges viz. Bombay Stock Exchange Limited and National Stock Exchange of India Limited. The Company is engaged in manufacturing of Steel and Steel products and having its manufacturing unit at GIDA, Sahajanwa, Dist Gorakhpur in the State of Uttar Pradesh.

Authorization of financial statements

The Standalone Financial Statements were authorized for issue in accordance with a resolution passed in Board of Directors meeting held on 29th June 2021.

Note -02 Significant Accounting Policies

1 Basis of measurement

The standalone financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 and relevant provisions of the Act (as amended from time to time).

These financial statement have been prepared on accrual basis of accounting using historical cost convention except certain financial assets, financial liabilities and share based payment measured at fair value.

2 Functional and presentation currency

The functional currency and presentation currency of the Company is Indian Rupee ("₹") which is the currency of the primary economic environment in which the Company operate. All amounts have been rounded to the nearest lakhs, unless otherwise indicated.

3 Key estimates and assumptions

The preparation of separate financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the separate financial statements and the

reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are included in the notes.

4 Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values for financial instruments.

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

5 Property, Plant and Equipment (PPE)

Land, Buildings, Plant and Equipment, Furniture and Fixtures and Vehicles held for use in the production or supply of goods or services, or for administrative purposes are stated at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated. Cost includes purchase cost of materials, including import duties and non-refundable taxes, any directly attributable costs of bringing an asset to the location and condition of its intended use and borrowing costs capitalised in accordance with the Company's accounting policy.

Properties in the course of construction for production or supply of goods or services or for administrative purposes are carried at cost, less any recognsed impairment losses

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over the useful lives, using the straight-line method. Depreciation of assets commences when the assets are ready for their intended use. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes is accounted as change in estimate on a prospective basis.

Estimated useful lives of the assets are as follows:

Buildings : 15 to 60 years
Plant and equipment : 10 to 40 years

Furniture and Fixtures : 10 years
Office Equipments : 5 years
Electrical Installations : 10 Years
Computers : 3 years
Two Wheelers : 10 years

Motor Vehicles &

Commercial Vehicles : 8 years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is recognised in profit and loss.

The Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as of April 1, 2016 measured

as per the previous GAAP and use that carrying value as its deemed cost as of the transition date. Further the company has regrouped the classifications of assets whereever required.

6 Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment (if any) losses. Amortisation is recognised at straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

An intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of intangible assets is recognised in profit and loss.

The Company has elected to continue with the carrying value of all of its intangible assets recognised as of April 1, 2016 measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

7 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets (Other than goodwill) to determined whether there is any indication that those assets have suffered any impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset for which the estimates of future cash flows have not be adjusted.

If the recoverable amount of an asset or cash generating unit is estimated to be less than the carrying amount, the carrying amount of the asset or cash generating unit is reduced to its recoverable amount. An impairment loss is recognised immediately in profit and loss.

When an impairment loss subsequently reverses, the carrying value of the asset or cash generating unit is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset or cash generating unit in prior years. Any reversal of an impairment loss is recognised immediately in profit and loss.

Investments in Subsidiaries and Associates

Investments in subsidiaries and associates are carried at cost less accumulated impairment losses, if any. Cost includes the purchase price and other costs directly attributable to the acquisition of investments. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries and associates, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

Upon first-time adoption of Ind AS, the Company has elected to measure its investments in subsidiaries and associates at the Previous GAAP carrying amount as its deemed cost on the date of transition to Ind AS i.e., April 01, 2016.

Inventories

Raw materials, work-in-progress and finished products are valued at lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes purchase price, non refundable taxes and duties and other directly attributable costs incurred in bringing the goods to the point of sale. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty.

Stores and spares are valued at cost comprising of purchase price, non refundable taxes and duties and other directly attributable costs after providing for obsolescence and other losses, where considered necessary.

Value of inventories are generally ascertained on the "FIFO (First in First out)" basis.

10 Cash and Cash equivalents

Cash and cash equivalents in the balance sheet comprise cash on hand, bank balances and shortterm deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

11 Financial Assets

Initial recognition and measurement

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the statement of profit and loss. In other cases, the transaction cost is attributed to the acquisition value of the financial asset.

Subsequent Measurement

Financial assets are subsequently / classified and measured at

- a- amortised cost
- b- fair value through profit and loss (FVTPL)
- c- fair value through other comprehensive income (FVOCI)

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

Trade Receivables and Loans

Trade receivables are initially recognised at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

Debt Instruments

(a) Debt instruments are initially measured at amortised cost, fair value through

other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the Company's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

- (b) Measured at amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.
- (c) Measured at fair value through profit or loss: A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'Other Income' in the Statement of Profit and Loss.

v Equity Instruments

All investments in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

vi Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

vii Impairment of Financial asset

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financials assets in FVTPL category.

For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall.

The impairment losses and reversals are recognised in Statement of Profit and Loss.

12 Financial Liabilities

i Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method.

ii Subsequent Measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

iii Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

13 Off-setting of Financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

14 Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of item being hedged and the type of hedge relationship designated.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

15 Provisions and Contingent Liabilities

Provisions are recognized when the Company has a present obligation as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. The expenses relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle

the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is probable.

Commitments includes the amount of purchase orders (net of advance) issued to parties for acquisition of assets.

Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

16 Revenue recognition

i) Revenue from contracts with customer:

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer. The Company assesses promises in the contract to identify separate performance obligations to which a portion of transaction price is allocated.

Revenue is measured based on the amount of consideration to which the Company expects to be entitled in exchange of goods. The transaction price includes Excise Duty, however it excludes amount collected on behalf of third parties such as Goods and Service Tax (GST), Value Added Tax (VAT) etc. which the Company collects on behalf of the government.

In determining the transaction price, the Company estimates the variable consideration to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

The Company recognises revenue from each distinct good or service over time if the customer simultaneously receives and consumes the benefits provided by the Company's performance as it performs. Revenue from transmission of gas through pipeline is recognized over the period in which the related services are performed. Customers are billed on fortnightly basis.

Sale of goods

Sales are recognised when goods are supplied and significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of contract and no significant uncertainty

exists regarding the amount of the consideration that will be derived from the sale of the goods.

ii) Dividend and Interest income

Dividend income is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and amount of income can be measured reliably.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the asset's net carrying amount on initial recognition.

iii) Insurance Claims

Insurance claims are accounted for on acceptance and when there is a resonable certainty of receiving the same, on ground of prudence.

17 Foreign Currencies Transactions

The financial statements of the Company are presented in Indian Rupee (INR), which is Company's functional and presentation currency.

Transactions in currencies other than entity's functional currency (foreign currency) are recorded at the rates of exchange prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currencies (other than derivative contracts) remaining unsettled at the end of the each reporting period are remeasured at the rates of exchange prevailing at that date. Non-monetary items carried at fair value that at denominated in foreign currency are retranslated at the rate prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange difference on monetary items are recognised in profit and loss in the period.

18 Borrowing costs

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing. Borrowing costs that are directly attributable to the acquisition of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of that asset till the date it is put to use. Other borrowing costs are recognised as an expense in the period in which they are incurred.

19 Employee Benefits

i) Short-term benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, performance incentives, etc., are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the employee renders the related service.

ii) Post Employment Benefit

(a) Defined Contribution Plans

Payments made to a defined contribution plan such as Provident Fund and Family Pension maintained with Regional Provident Fund Office are charged as an expense in the Statement of Profit and Loss as they fall due.

(b) Defined Benefit Plans

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, after discounting the same. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses are recognized immediately in Other Comprehensive Income (OCI). Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset). Net interest expense and other expenses related to defined benefit plans are recognized in Statement of Profit and Loss.

20 Taxes on Income

i) Current tax

Current tax is payable based on taxable profit for

the year. Taxable profit differs from 'profit before tax' as reported in the Standalone statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

ii) Deferred tax

Deferred tax is the tax expected to be payable or recoverable on temporary differences between the carrying value of assets and liabilities in the Standalone financial statements and the corresponding tax bases used in the computation of taxable profits and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are only recognised on deductible temporary differences to the extent that is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights too set off current tax assets and current tax liabilities within that jurisdiction.

iii) Minimum alternate tax

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is recognised as a deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the Company will pay normal income tax during the specified period and it is probable that future economic benefit associated with it will flow to the Company.

iv) Current and deferred tax are recognised in profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

21 Earning Per Share

Basic Earnings per share is calculated by dividing the net profit / (loss) for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit / (loss) for the period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

36 Capital management

The Company manages its capital to ensure that entities will be able to continue as going concerns while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Capital structure of the Company consists of net debt (borrowings as detailed in notes [16] and [19] offset by cash and bank balances) and the total equity of the Company.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, long term-term borrowings, short-term borrowings, less cash and short-term deposits.

Gearing Ratio

The gearing ratio at end of the reporting period was as follows

	As at 31.03.2021	As at 31.03.2020

37 Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings and trade and other payables. The Company's principal financial assets include loans, trade and other receivables, and cash and

in lacs)

short-term deposits that derive directly from its operations. The Company also holds FVTOCI investments and enter into derivative transactions. The Company is exposed to market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Company seeks to minimise the effects of these risks by using derivative financial instruments to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange risks, interest rate risk, credit risk, the use of financial derivatives and non-derivative financial instruments. The Company does not enter into or trade financial instruments including derivative financial instruments, for speculative purposes.

37.01 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company enters into derivative financial instruments to manage its exposure to foreign currency risk and interest rate risk.

Foreign currency risk management

The Company is exposed to currency risk on account of its borrowings, Receivables for Exports and Payables for Imports in foreign currency. The functional currency of the Company is Indian Rupee. The Company manages currency exposures within prescribed limits, through use of forward exchange contracts. Foreign exchange transactions are covered with strict limits placed on the amount of uncovered exposure, if any, at any point in time.

Exposure to currency Risk

The currency profile of financial liabilities as at Balance Sheet dates are as below:

	Currency	As at 31.03.2021	As at 31.03.2020
Financial Liabilities			
Hedged			
Trade Paybale	USD	-	-
	INR	-	-
Unhedged			
Trade Paybale	USD	-	-
	INR	-	-

Interest rate risk management

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the company's short-term debt obligations with floating interest rates.

Interest rate sensitivity analysis

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

37.02 Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans and advances.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade receivables and loans and advances.

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

₹ in lacs

The Company monitors each loans and advances given and makes any specific provision wherever required. Based on prior experience and an assessment of the current economic environment, Management believes there is no credit risk provision required. Also Company does not have any significant concentration of credit risk. The ageing of trade receivables that were not impaired was as follows:

Particulars	As at 31.03.2021	As at 31.03.2020
More than Six months	327.75	228.30
Others	4,754.93	3,798.11
	5,082.68	4,026.41

37.03 Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The Company has access to funds from debt markets through loan from banks and other Debt instrument. The Company invests its surplus funds in bank fixed deposits.

39 Fair value measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimare the fair values:

Fair value of cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, working capital loan from banks approximate their carrying amounts largely due to the short term maturities of these instruments.

Financial instruments other than above are carried at amortised cost except certain assets which are carried at fair value

The company uses the following hierarchy for determining and disclosing the fair value of finnacial instruments by valuation technique.

- Level -1: Quoted prices in active markets for identical assets or liabilities
- Level -2 : Other techniques for which all inputs which have a significants effects on the recorded fair value are observable

Level -3: Techniques using inputs having significant effect on the recorded fair value that are not based on observable market data.

42 Subsequent Events

There are no significant subsequent events that would require adjustments or disclosures in the financial statements as on the balance sheet date.

- 43 Balances under Trade receivables, Trade Payables, Loans and Advances payable or receivable are subject to confirmation to be received from some of the parties.
- 44 Disclosure as per Section 22 of the Micro, Small and Medium Enterprises Development Act, 2006

We have received few intimation from suppliers regarding the status under the Micro, Small and Medium Enterprises Development Act, 2006. As at March 31, 2021 and March 31, 2020, there are no outstanding dues to Micro, Small and Medium Enterprises. There is no interest due or outstanding on the same. During the year ended March 31, 2021 amount due to the Micro, Small and Medium Enterprises was paid within the appointed day as defined in the Micro, Small and Medium Enterprises Development Act, 2006.

- 45 Company has established this unit under attraction of financial incentives and other benefits of an scheme of State Government of Uttar Pradesh notified vide Government Order No. 1502/77-6-2006-10 tax/04 dated 1st June 2006 and which have been elaborated in Government Order No. 2941/77-6-2006-10 tax/04 dated 30th November 2006 and amended from time to time. The said scheme provides following financial incentives besides other benefits to the industries established in the State after 1st June, 2006. Company has complied with all the formalities required in this regard and has been declared an eligible unit under the scheme; as such the company is entitled to get following financial incentives:
 - Capital investment subsidy, additional capital investment subsidy and infrastructure subsidy @ 35% on fixed capital investment.
 - Reimbursement of freight paid on raw materials subject to maximum of 65% of the fixed capital investment.
 - Amount of payable Commercial Taxes to State Government (VAT at that time presently SGST) to be converted into interest free loan, repayable after a period of 15 years.

State Government after declaring the unit as eligible unit disbursed an amount of ₹ 24.28 crores as part payment of the subsidies in the year 2010, but thereafter refused to pay the balance amount of financial incentives. Having no option, company moved to Hon'ble High Court of Allahabad Lucknow Bench in 2011 and after a long battle in court, finally Hon'ble High Court vide its order dated 22.03.2018 directed State Government to pay all the incentives within three months time. State Government instead complying with the order moved an special leave petition No.19796 before the Hon'ble Supreme Court which is pending for final disposal before the Hon'ble Supreme Court.

Financial Benefits to be received Under the Scheme are as under:

- Capital investment subsidy, additional capital investment subsidy and infrastructure subsidy @ 35% on fixed capital investment.
 - Company is eligible for incentives i.e. Capital investment subsidy @ 20% of fixed capital investment, infrastructure subsidy @ 10% of total fixed capital investment and 5% additional capital subsidy being the first unit in Purvanchal region. Company has claimed for ₹ 12,262.00 lacs against the capital investment made upto 31st May 2012. The incentive received of ₹ 2,428.00 Lacs has been credited in fixed assets in the ratio of capital investment made. No provision has been made for the unrealized claim of ₹ 9,834.00 lacs in the books.
- Reimbursement of freight paid on raw materials subject to maximum of 65% of the fixed capital investment.
 - Company is eligible for reimbursement of freight paid on transportation of raw material as freight subsidy on Iron Ore equivalent to the Railway freight. The total amount of freight subsidy is restricted to 65% of the

total capital investment under the scheme that comes ₹ 22,775.00 Lacs. Since company has already claimed ₹ 22,775.00 lacs till March 2018 as such no amount is available to be claimed as freight subsidy during the year and onward.

c) Amount of payable Commercial Taxes to State Government (VAT at that time presently GST) to be converted into interest free loan, repayable after a period of 15 years.

Company is eligible for Interest free loan equivalent to the amount of VAT, CST & SGST liability for 15 years and which shall be re-payable after 15 years. The company has claimed as interest free loan amounting to ₹ 10,828.03 lacs up to 30th June 2017 on account of VAT upto 30th June, 2017. Out of total claim of ₹ 10,828.03 lacs, ₹ 9,255.64 lacs has not been deposited to Commercial Tax department in accordance with order of Hon'ble High Court of Allahabad in writ petition no. 8886/2011, however, ₹ 1,572.39 Lacs have already been deposited before the said stay order.

Further as the GST act has replaced the VAT and CST w.e.f. 01.07.2017, Company has paid total amount of ₹ 29,408.68 Lacs as GST to the Government from 01.07.2017 to 31.03.2021. Out of this, deposited amount of ₹ 13,048.37 Lacs relates to old unit covered under this scheme which is eligible to be converted as interest free loan. Thus an amount of ₹ 13,048.37 Lacs is refundable as interest free loan.

- **46.** Company has expanded capacities of its units under attraction of financial incentives and other benefits of an scheme of State Government of Uttar Pradesh notified vide Government Order No. 1457/77-6-12-08-(M)/12 T.C.VII dated 23.01.2013 as amended from time to time. The said scheme provides refund of 80% of the amount cash paid as SGST, as well as interest subsidy equivalent @ 5% per annum paid on term loan. This expansion has been declared eligible under this scheme, hence eligible for
 - a) refund of 80% of the amount cash paid as SGST on account of sales from expanded capacities. Company has paid an amount of ₹ 15,097.50 Lacs in cash as SGST for the period from 1st December, 2017 to 31st March, 2021 and company has filed its claim for release of subsidy from time to time for ₹ 12,078.00 Lacs but disbursement and payment by State Government is subject to settlement and verification of claim as per their calculation, as such final effect of same is being given in accounts as and when they are settled. , however company has been sanctioned an amount of ₹ 3,157.25 Lacs as SGST refund on 31st March 2020 which was accounted for in 2019-20.
 - b) ₹ 334.21 Lacs claimed as interest subsidy, out of this ₹ 182.14 lacs lacs has been refunded by State Government on 31 st March 2020 which was accounted for in 2019-20. Further as term loan has been repaid in full no further interest subsidy will be allowed in this account.
- The Company has only one class of Equity Shares having a par value of ₹ 1/- per share. Each holder of equity shares is entitled to one vote per share.
