ALEMBIC PHARMACEUTICALS LIMITED

Alembic Pharmaceuticals Limited

Investor Presentation Q4 FY26

Safe Harbour Statement

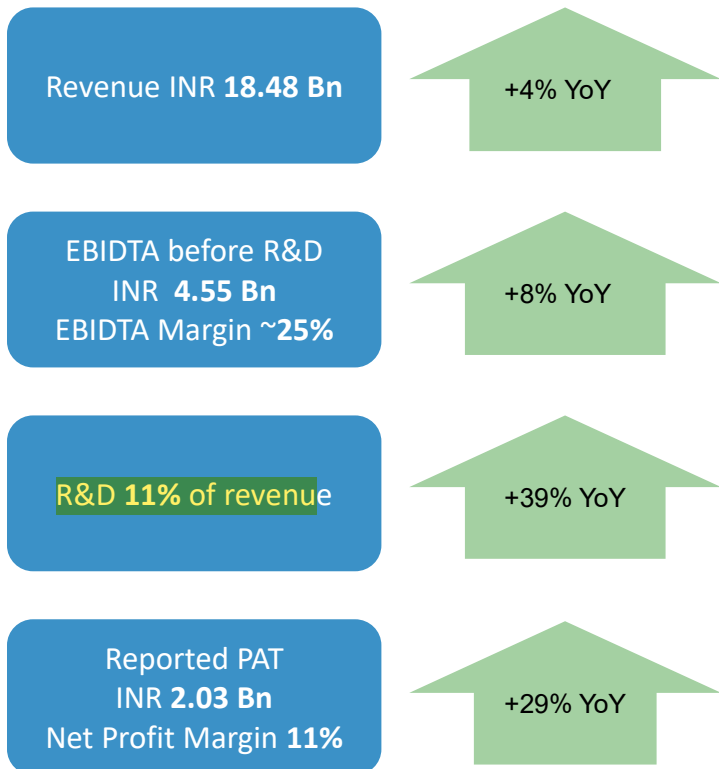

The materials and information presented herein may include forward looking statements , which reflect current expectations, projections, and assumptions. These statements are inherently subject to risks and uncertainties that could cause actual results or outcomes to differ materially from those anticipated.

Risks and uncertainties include general industry and market conditions, and general domestic and international economic conditions such as interest rate and currency exchange fluctuations. Risks and uncertainties particularly apply with respect to product related, forward-looking statements. Product risks and uncertainties include but are not limited to technological advances and patents attained by competitors, challenges inherent in new product development including completion of clinical trials; claims and concerns about product safety and efficacy; obtaining regulatory approvals; domestic and foreign healthcare reforms; trend towards managed care and healthcare cost containment, and governmental laws and regulations affecting domestic and foreign operations.

Also, for products that are approved, there are manufacturing and marketing risks and uncertainties, which include, but are not limited to the inability to build production capacity to meet demand, unavailability of raw materials, and failure to gain market acceptance.

Quarterly Snapshot

Key Highlights

Revenue

India Branded Business

Achieved a 4% YoY growth with quarterly revenues of INR 5.68 billion.

US Formulation

The business recorded a 11% year-over-year increase, driven by key product launches and gains in market share across select therapies.

Ex-US Formulation

The quarter recorded De-Growth of -2% year-over-year, while continued focus remains on expanding offerings and strengthening market reach.

API

The business reported consistent growth of 2% in Q4.

Profitability

Pre R&D EBITDA

Pre R&D EBITDA margin increased from 24% to 25%; 8% year-over-year growth.

R&D Spend

R&D expenses increased by 39%, driven by one-off peptide development and higher filings compared to the previous year.
