## Chairman's Statement

### Dear Fellow Shareholders,

The Steel industry is the backbone of any economy, especially in developing countries whose material intensity is likely to increase significantly in the future, for infrastructure development and growth in manufacturing sector. Among these, Indian economy is one that is poised to grow significantly over the next decade with its per capita consumption nearly at one-fourth of the global average. A competitive and efficient domestic steel industry is a pre-requisite for India to succeed in its industrial vision for 'Make in India'. Investments in the steel sector are highly capital intensive and long term in nature, whose economic viability is dependent on the fundamental growth assumptions of the domestic economy. The Government of India aims to triple the steel capacity to 300 million tonnes by 2025. In order to ensure that such capacity is viable to set up and value creating for the stakeholders, it is important to ensure that the ease of doing business is enhanced and the Indian steel industry is not unfairly harmed by low priced subsidised imports from overseas.

In India, the Steel Industry is passing through a challenging phase. Domestic consumption is severely affected due to lack of activity in infrastructure, as well as in the manufacturing scope. The biggest challenge facing the domestic steel industry is to have the per capita steel consumption in India at par with the average global company. In

this challenging phase, your Company had tried its best to maintain the level of performance. The financial year 2015-16 has been an average year for the Company. The Company faced many challenges in its operating sector due to falling prices of finished products, spurred by significant imports from countries like China, Korea etc. like many other players operating in the similar sector. In spite of significant fall in prices of finished goods as compared to last year, the Company's revenue from operations decreased by 0.34% only. However, net profit significantly decreased by 78.87%.

Since your Company is engaged in the production of Wire Rods and TMT bars which are mainly used in the construction and infrastructure as well as in the manufacturing units, therefore, the outlook for your Company is closely linked to that of the steel, infrastructure and real estate industry and the demand for TMT and wire rod in particular is influenced by the price & availability of raw materials. Looking into present market situation, the future of the Company looks good and forward looking.

Further, we express our deep condolences for the sudden demise of Shri Shyam Bahadur Singh, Independent Non-Executive Director of the Company on March 26, 2016 and deeply appreciate the valuable contributions made by him in the growth of the Company.

## CORPORATE SOCIAL RESPONSIBILITY

CSR activities continue to play a pivotal role with focus on inclusive sustainable growth. In the year 2015-16, the emphasis was on society's care and provision of welfare measures to the needy. A separate section is provided in Directors' Report regarding CSR activities.

## CORPORATE GOVERNANCE

Your company's commitment to transparency in Corporate Governance is reflected in its establishing appropriate systems and procedures for every process. A separate Report on Corporate Governance along with Certificate on Compliances of Corporate Governance and Secretarial Audit forms part of the Annual Report.

## ROAD AHEAD

India is increasingly becoming an important part of the international steel market and a key growth area for steel production, based on various positive factors including its strong demand for steel arising from strong economic growth, low per capita steel consumption and abundant iron ore reserves. As India is one of the fast progressing nations around the world and we are expecting fast growth in the near future, demand for steel related products will always be there and will increase substantially keeping in mind the present pace in the Economy. We believe, the Company will be able to flourish in the competitive market along with an increase in demand for the products. Further, our marketing team is also well poised to capture new opportunities created. The demand for long products i.e. TMT Bars and Wire Rods in India is expected to remain robust in long run due to escalation in demand created due to up-coming smart cities, infrastructure development and also from other sectors consumer durables, oil and gas, industrial machinery and real estate.

## APPRECIATION

I would like to take this opportunity to place on record our gratitude to all stakeholders – shareholders, customers, vendors, the various Governments and regulatory agencies, and our banks and financial institutions for their encouragement and support and to all employees for their contribution to the growth of the company throughout the year. I would also like to express my profound appreciation for the guidance and support from all the members of the Board. In addition, I would like to express my deep gratitude to all our stakeholders for the continued faith in **Adhunik** and I assure you that we will strive to accelerate our growth in coming years.

With best wishes,

Sincerely,

Mahesh Kumar Agarwal

Chairman

### OPERATIONS

Iron & Steel is indispensable for nation building and has a direct linkage with nation's health and growth. FY 2015-16 continued to be a very challenging year for global economy and in particular for iron and steel industry in India. The key highlights of Company's performance during the year under review are:

- In spite of significant fall in prices of finished goods as compared to last year, revenue from operations decreased by 0.34% to Rs. 41,075.44 Lakhs only.
- In spite of significant fall in prices of finished goods in relation to fall in prices of raw materials as compared to last year, EBITDA decreased by 31.27% to Rs. 2,596.14 Lakhs only as compared to Rs. 3,777.29 Lakhs in last year.
- Profit before Tax decreased by 68.63% to Rs. 495.26 Lakhs of current year as compared to Rs. 1,578.65 Lakhs of last year.
- Profit after Tax decreased by 78.87% to Rs. 227.43 Lakhs of Current year as compared to Rs. 1,076.55 Lakhs of last year.

### STATE OF THE COMPANY'S AFFAIRS

The financial year 2015-16 has been an average year for the Company. The Company had faced many challenges in its operating sector due to falling in prices of finished products, spurred by significant imports from countries like China, Korea etc. like many other players operating in the similar sector. With the intervention of government of India and its implementation of various measures and steps in its foreign policy, the impact of the situation was nullified not fully but to some extent. The overall state of affairs of the Company keeping in mind the present market scenario is satisfactory.

### MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION

There is no such material change and commitment affecting the financial position of your Company which have occurred between the end of the financial year of your company to which the financial statements relate and the date of the report.

### CHANGE(S) IN THE NATURE OF BUSINESS, IF ANY

**MANAGEMENT DISCUSSION & ANALYSIS REPORT****A. ECONOMIC OVERVIEW****INDIAN ECONOMY**

India is the world's third-largest producer of crude steel (up from eighth in 2003) and is expected to become the second-largest producer by the end of 2016. The growth in the Indian steel sector has been driven by domestic availability of raw materials such as iron ore and cost-effective labour. The steel sector has been a major contributor to India's manufacturing output. The Indian steel industry is very modern with state-of-the-art steel mills. It has always strived for continuous modernisation and up-gradation of older plants and higher energy efficiency levels.

The steel sector in India contributes nearly two per cent of the country's gross domestic product (GDP) and employs over 600,000 people. The per capita consumption of total finished steel in the country has risen from 51 Kg in 2009-10 to about 59 Kg in 2014-15. India's steel consumption for FY 2015-16 is estimated to increased by 7 per cent, higher than 2 per cent growth last year, due to improving economic activity, as per E&Y's 'Global Steel 2015-16' report.

India's crude steel capacity reached to 109.85 Million Tonnes (MT) in 2014-15, a growth of 7.4 per cent. Production of crude steel grew by 8.9 per cent to 88.98 MT. Total finished steel production for sale increased by 5.1 per cent to 92.16 MT. Consumption of total finished steel increased 3.9 per cent to 76.99 MT. Driven by rising infrastructure development and growing demand for automotive, steel consumption is expected to reach 104 MT by 2017.

**GLOBAL ECONOMY**

World Steel Association provided a comprehensive overview of steel industry activities, stretching from crude steel production to apparent steel use, from indications of global steel trade flows to iron ore production and trade. Edwin Basson, Director General of world steel, said, "In 2015, concern over excess capacity once again increased. Restructuring is not new; it is an ongoing process as old as the industry itself and it requires appropriate industrial policy developed by governments in co-operation with industry. Barriers to exit as well as social and environmental impacts need to be addressed and planned for. In today's economic context it is ever more crucial that policies promote a level playing field to ensure that steel companies in one region are not put at a disadvantage with steelmakers from other regions or in relation to competing materials."

World crude steel production was 385.7 Mt in the first three months of 2016, down by -3.6% compared to the same period in 2015. Asia produced 263.6 Mt of crude steel, a decrease of -3.1% over the first quarter of 2015. The EU produced 40.9 Mt of crude steel in the first quarter of 2016, down by -7.0% compared to the same quarter of 2015. North America's crude steel production in the first three months of 2016 was 27.5 Mt, a decrease of -1.1% compared to the first quarter of 2015. The C.I.S. produced 25.0 Mt of crude steel in the first three months of 2016, a decrease of -0.4% over the same months of 2015.

China's crude steel production for March 2016 was 70.7 Mt, an increase of 2.9% compared to March 2015. Elsewhere in Asia, Japan produced 8.6 Mt of crude steel in March 2016, a decrease of -6.8% compared to March 2015. India's crude steel production was 8.1 Mt in March 2016, up by 3.4% on March 2015.

## **B. INDUSTRY STRUCTURE AND DEVELOPMENTS**

The year 2015 was marked by deflation of commodity prices globally bringing down steel prices. In the Indian context, the drop was steeper than that of other raw materials, leading to severe pressure on operating margins of steel plants.

Besides, weak demand in major steel producing countries such as China, Japan and South Korea led them to focus on exports at aggressive prices, including on India, adversely impacting the domestic industry. It led to prices of some products hit a ten-year low in Indian market.

The combination of predatory pricing and import glut have jeopardised billions of dollars in loans raised by the domestic steel companies for capacity expansion, a situation that has a major bearing on the financial health of some of the largest banks in India. Global ratings agency Moody's expects profitability of Indian steel firms to be lower in 2016 compared to the previous years, but the country would be better placed than its peers in Asia, where it expects the sector to be hit by weak profitability and oversupply.

### **GOVERNMENT INITIATIVES**

The Government of India is aiming to scale up steel production in the country to 300 MT by 2025 from 81 MT in 2013-14. The Ministry of Steel is facilitating setting up of an industry driven Steel Research and Technology Mission of India (SRTMI) in association with the public and private sector steel companies to spearhead research and development activities in the iron and steel industry at an initial corpus of Rs 200 crore (US\$ 31.67 million).

Some of the other recent government initiatives in this sector are as follows:

- Government of India auction coal blocks with huge reserves to steel and cement firms in the last FY.
- Government has planned Special Purpose Vehicles (SPVs) with four iron ore rich states i.e., Karnataka, Jharkhand, Orissa, and Chhattisgarh to set up plants having capacity between 3 to 6 MTPA.
- A Project Monitoring Group (PMG) has been constituted under the Cabinet Secretariat to fast track various clearances/resolution of issues related to investments of Rs 1,000 crore (US\$ 152 million) or more.
- To increase domestic value addition and improve iron ore availability for domestic steel industry, duty on export of iron ore has been increased to 30 per cent.

Your Company is engaged in the production of TMT bars and wire rods which are mainly used in the construction industry. As such, the outlook for your Company is closely linked to that of the steel, infrastructure and real estate industry and the demand for TMT and wire rod in particular is influenced by the price & availability of raw materials.

## **C. OPPORTUNITIES AND THREATS**

The outlook for the global economy is mostly positive with growth picking up in the US, India and Southeast Asia, while several emerging markets are experiencing a deceleration in growth. However, the structural shift in the transitioning Chinese economy could cap this momentum.

Countries and businesses are becoming increasingly interdependent through trade, investment and financial systems across the world. The risks and opportunities in the steel business are getting larger in scale and impact, with their sources becoming more diverse and global.

The businesses that ride the next wave of growth will be those that understand the trends and refine their strategies, business models and portfolios according to a truly global mind-set. The steel producers must find the right balance between globalization and customization.

The steel industry is faced with dwindling investments, financial market turbulence and geopolitical conflicts in many developing regions. The industry's low-growth outlook will persist until other developing regions of sufficient size and strength can support another major growth cycle. It has come to the notice of the government that the imports from China, Japan and Korea have increased, which is creating trouble for the domestic steel industry and also causing losses to it.

#### D. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

The company has identified iron & steel products as its sole operating segment and the same has been treated as primary segment. The Company is mainly involved in the production of rolled products only.

#### E. FUTURE OUTLOOK

India is expected to become the world's second largest producer of crude steel in the next 10 years, moving up from the third position, as its capacity is projected to increase to about 300 MT by 2025. Huge scope for growth is offered by India's comparatively low per capita steel consumption and the expected rise in consumption due to increased infrastructure construction and the thriving automobile and railways sectors.

The demand for steel has been worked out on the basis of observed relationship between steel consumption and selected macro-economic variables under four scenarios of GDP growth (i.e. of 8%, 8.5%, 9% and 9.5%) by 2016-17. Therefore, it is likely that in the next five years, demand will grow at a considerably higher annual average rate of 10.3% as compared to around 8.1% growth achieved during the last two decades (1991-92 to 2010-11).

#### F. RISKS AND CONCERNS

Risk management is the continuing process to identify, analyse, evaluate and treat loss exposures to monitor risk control and financial resources to mitigate the adverse effects of loss. In today's complex business environment, effective risk management is critical to success of any business. The Company has a risk management team, which periodically evaluates the risks associated with the business and taking necessary initiatives to minimize its impact. This also helps the Company in taking business decisions with balanced risks and rewards comparison. The risk management framework ensures compliance with the requirements of relevant Regulations under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirement) Regulations, 2015.

Risk Management comprises of three key components as below:

- i. Risk Identification
- ii. Risk assessment and its mitigation
- iii. Risk monitoring and its assurance

Your Company has identified the following aspects as the major risks for its operations:

##### i. Industry Risk

Demand is dependent on general economic conditions. A downturn can affect business and earnings. The low per capita steel consumption in India coupled with a large population base provides significant growth opportunities to the iron and steel industry. The urgent need towards infrastructure creation and surging consumption growth are visible opportunities that will drive iron and steel demand.

##### ii. Raw Material Risk

Inability of the Company to procure right quality and quantity of raw material at right price could affect business sustainability. The operational unit of the Company is located in the Eastern India steel belt where factories of all major steel producers are located. So, raw materials are easily and locally available and accessible. Further, the requirements can also partly be mitigated from supply from the group companies.

##### iii. Cost Risk

Managing costs is a key to protect profitability, especially across volatile market cycles. The Company had implemented a vast cost reduction/ cost control program under the supervision of expert team of professionals who are actively engaged in finding various cost reduction techniques that could be implemented without hampering the quality and credibility of the brand of its products.

**iv. Health, Safety and Environment Risk**

The manufacture of steel involves steps that are potentially hazardous if not executed with due care. The Company maintains the highest safety standards within its operating units and is an ISO certified (ISO 9001:2008, 14001:2004 & 18001:2007) organization. Further, there is a team of professional who conducts regular training programs to implement the concept of maintain safe operations among the employees and to educate the team on safety norms and procedures to be followed in an unfortunate situation.

**G. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY**

Your Company has instituted adequate internal control systems commensurate with its size and scale of operations. The Audit Committee in which majority of members are Independent Director periodically reviews significant audit findings, adequacy of internal control and compliance with Accounting Standards amongst others with the help of the Internal and Statutory Auditors and reports to the Board on its adequacy. It helps in ensuring the integrity of the accounting system and reliability of all financial and operational information. The Internal Control Systems are reviewed periodically and revised to keep in tune with the changing business environment

**H. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE**

The financial year 2015-16 has been an average year for the Company. The Company had faced many challenges in its operating sector due to falling in prices of finished products, spurred by significant imports from countries like China, Korea etc. like many other players operating in the similar sector. With the intervention of government of India and its implementation of various measures and steps in its foreign policy, the impact of the situation was nullified not fully but to some extent. The overall state of affairs of the Company keeping in mind the present market scenario is satisfactory.

**I. HUMAN RESOURCES/INDUSTRIAL RELATIONS**

The human resource philosophy and strategy of your Company have been designed to attract and retain the best talent, creating a workplace environment that keeps employees engaged, motivated and encourages innovation. Your Company has fostered a culture that rewards continuous learning, collaboration and development, making it future ready with respect to the challenges posed by ever-changing market realities. There are 127 number of permanent employees employed in your Company. Employees are your Company's most valuable asset and your Company's processes are designed to empower employees and support creative approaches in order to create enduring value. Your Company maintains a cordial relationship with its employees. Its emphasis on safe work practices and productivity improvement is unrelenting. Your Directors wish to place on record the excellent co-operation and contribution made by the employees at all levels to the growth and development of the Company.

**J. CAUTIONARY STATEMENT**

Statement in this "Management Discussion and Analysis" describing the Company's objectives, projections, estimates, expectations or predictions may be "forward looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied in the Report. Important factors that could make a difference to the Company's operations include global and Indian demand and supply conditions, finished goods prices, input materials availability and prices, cyclical demand and pricing in the Company's principal markets, changes in Government regulations, tax regimes, economic developments within India and the countries within which the Company conducts business and other factors such as litigation and labour negotiations. The Company assumes no responsibility to publicly amend, modify or revise any forward looking statements, on the basis of any subsequent development, information or events or otherwise.

**K. DISCLOSURE OF ACCOUNTING TREATMENT**

The Financial statements were prepared as per the prescribed Accounting Standards.

## REPORT ON CORPORATE GOVERNANCE

Corporate Governance is the combination of voluntary practices and compliance with laws and regulations leading to effective control and management of the Organization. Good Corporate Governance leads to long term shareholder value and enhances interest of other stakeholders.

The Directors present the Company's Report on Corporate Governance pursuant to the applicable Regulations under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 with BSE Limited (BSE) and Calcutta Stock Exchange Limited (CSE). The report containing the details of Corporate Governance systems and processes at Adhunik Industries Limited is as follows:

### 1) COMPANY'S PHILOSOPHY ON CODE OF CORPORATE GOVERNANCE

Company's philosophy on Corporate Governance is to achieve the highest level of transparency, accountability in all of its interactions with its stakeholders including shareholders, employees, lenders and the Government. We believe that Corporate Governance is voluntary and self-discipline code which means not only ensuring compliance with regulatory requirements but also being responsive to our stakeholders needs. This is demonstrated in shareholder returns, high credit ratings, governance processes and an entrepreneurial performance focused work environment. The Company is always been pro-active to ensure continuing value creation for each of its stakeholders and above all to achieve business excellence with the goal of long-term sustainable development. The Company is committed to transparency in all its dealings and places high emphasis on business ethics.

Corporate governance encompasses a set of systems and practices to ensure that the Company's affairs are being managed in a manner which ensures accountability, transparency and fairness in all transactions in the widest sense. The objective is to meet stakeholders' aspirations and societal expectations. Good governance practices stem from the dynamic culture and positive mindset of the organization. The basic philosophy of Corporate Governance of the Company is to achieve business excellence and to dedicate itself for increasing long-term shareholders' value, keeping in view the needs and interests of all its stakeholders.

The key elements of good Corporate Governance include honesty, trust and integrity, openness, performance orientation, responsibility and accountability, mutual respect and a commitment to the organization. The Corporate Governance framework of the Company ensures that a timely and accurate disclosure is made on all material matters regarding the Company, including the financial statements, performance, ownership and governance of the Company. This improves public understanding of the structure, activities and policies of the organization. Consequently, the organization is able to attract investors and enhance the trust and confidence of the stakeholders.

The essence of Corporate Governance lies in promoting and maintaining integrity, transparency and accountability in the management's higher levels. The demands of corporate governance require professionals to raise their competence and capability levels to meet the expectations in managing the enterprise and its resources effectively with the highest standards of ethics. It has thus become crucial to foster and sustain a culture that integrates all components of good governance by carefully balancing the complex inter-relationship among the Board of Directors, Audit Committee, Finance, Compliance and Assurance teams, Auditors and the senior management. At Adhunik Industries, our employee satisfaction is reflected in the stability of our senior management, low attrition across various levels and growth in profitability.

### 2) APPROPRIATE GOVERNANCE STRUCTURE WITH DEFINED ROLES AND RESPONSIBILITIES

The Company has put in place an internal governance structure with defined roles and responsibilities of every constituent of the system. The Company's shareholders appoint the Board of Directors, which in turn governs the Company. The Board has established five Committees to discharge its responsibilities in an effective manner. AIL's Company Secretary acts as the Secretary to all Committees. The Managing Director (MD) provides overall direction and guidance to the Board. Concurrently, the MD is responsible for overall implementation. In the operations and functioning of the Company, the MD is assisted by the Directors of the Company.

The Board of Directors ('The Board') is at the core of our Corporate Governance practice and oversees how the management serves and protects the long-term interest of all our stakeholders. ## Independent Auditors' Report

To the Members of  
Adhunik Industries Limited,

### Report on the Financial Statements

We have audited the accompanying financial statements of Adhunik Industries Limited ("the company"), which comprise the Balance Sheet as at 31<sup>st</sup> March 2016, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

### Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section of the financial 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2016;
- b) in the case of the Statement of Profit and Loss, of the profit for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

### Report on other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order 2016 ('the order') issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013 we give in the '**Annexure A**' statement of the matters specified in paragraph 3 and 4 of the order to the extent applicable.

## **Annexure 'B' to the Independent Auditor's Report**

### **Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act').**

We have audited the internal financial controls over financial reporting of Adhunik Industries Limited ('the Company') as of 31 March 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;

**Adhunik**

- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of the Management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

### **NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH 2016**

#### **1) CORPORATE INFORMATION:**

Adhunik Industries Ltd ("the company") is a public limited company, having manufacturing facilities at Durgapur, West Bengal. Its equity shares are listed on Stock Exchanges in India. The Company is primarily engaged in the manufacture and sale of iron and steel products.

#### **2) SIGNIFICANT ACCOUNTING POLICIES:**

##### **(I) Basis of Accounting:**

The financial statements have been prepared to comply in all material respects with the notified Accounting Standards by the Companies (Accounting Standards) Rules 2006 (as amended) and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared on an accrual basis under the historical cost convention. Except otherwise mentioned, the accounting policies applied by the Company are consistent with those used in the previous year.

##### **(II) Presentation and disclosure of financial statement:**

The Company has prepared financial statements as per schedule III notified under the Companies Act, 2013. The company has also reclassified the previous year figures in accordance with the requirements applicable in the current year.

##### **(III) Use of Estimates:**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and result of operation during the reported year. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

##### **(IV) Revenue Recognition:**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

- (a) Revenue from sale of goods and services rendered is recognized when significant risks and rewards of ownership of products and services have passed to the customers.
- (b) Claims made in respect thereof is accounted as income in the year of receipts or acceptance by the client or evidence of acceptance received by the client.
- (c) Dividend is recognized on cash basis.
- (d) Interest is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.
- (e) Revenue in respect of rejected/scrapped materials is recognized as and when these are sold or amount there against is ascertained.

##### **(V) Fixed Assets:**

- (a) Fixed assets are stated at cost, less accumulated depreciation / amortization and impairment if any. Cost comprises the purchase price inclusive of duties (net of CENVAT & VAT), taxes, incidental expenses, erection/commissioning expenses, and interest, etc upto the date the asset is put to use.
- (b) Machinery spares which can be used only in connection with an item of fixed assets and whose use as per technical assessment is expected to be irregular, are capitalized and depreciated over the residual useful life of the respective assets.

**ADHUNIK INDUSTRIES LIMITED**

CIN : L65921WB1979PLC032200

**NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH 2016**

- (c) Expenditure on New Projects and Substantial Expansion: Expenditure directly relating to construction activity is capitalized. Indirect expenditure incurred during construction period is capitalized as part of the indirect construction cost to the extent to which the expenditure is indirectly related to construction activity or is incidental thereto. Other indirect expenditure (including borrowing costs) incurred during the construction period which is not related to the construction activity nor is incidental thereto is charged to the Profit & Loss Account. Income earned during construction period is deducted from the total of the indirect expenditure. All direct capital expenditure on expansion are capitalized. As regards indirect expenditure on expansion, only that portion is capitalized which represents the marginal increase in such expenditure involved as a result of capital expansion. Both direct and indirect expenditure are capitalized only if they increase the value of the asset beyond its original standard of performance.

**(VI) Depreciation:**

- (a) The Classification of Plant and Machinery into continuous and non-continuous process is done as per technical certification and depreciation thereon is provided accordingly.
- (b) Depreciation on Fixed Assets is provided on Straight Line Method based on the estimated useful life of the assets as prescribed in Schedule II of the Companies Act, 2013. The residual value has been considered as 5% for the assets.
- (c) Depreciation includes the amount written off in respect of leasehold land over the respective lease period.
- (d) Depreciation on fixed assets added / disposed off during the year, is provided on pro-rata basis with reference to the month of addition / disposal.
- (e) Discarded Fixed Assets awaiting disposal are valued at estimated realizable value and disclosed separately.
- (f) Depreciation on Insurance Spares / standby equipments is provided over the useful lives of the respective mother assets.

**(VII) Fixed Assets acquired under lease:****(a) Finance Lease**

- (i) Assets acquired under lease agreements which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the lower of the fair value and present value of the minimum lease payment after discounting them at an appropriate discount rate at the inception of the lease term and disclosed as leased assets. Lease Payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly to expenses account.
- (ii) Lease assets capitalized, if any, are depreciated over the shorter of the estimated useful life of the asset or the lease term.

**(b) Operating Lease**

Lease where the lessor effectively retains substantially all the risks and benefits of ownership of the leased assets, are classified as operating lease. Operating lease payments are recognized as expense in the profit and loss account on a straight line basis over the lease term.

**(VIII) Investments:**

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

### **NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH 2016**

#### **(IX) Inventories:**

- (a) Raw Materials, Stores & Spares & Packing Materials are valued at lower of cost computed on FIFO basis and net realizable value.
- (b) Finished Goods are valued at lower of cost computed on weighted average basis or net realizable value. Cost of finished goods includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity.
- (c) By-products are valued at net realizable value.
- (d) Net realizable value is the estimated selling price in the ordinary course of business less estimated costs of completion and the estimated costs necessary to make the sale.

#### **(X) Cash & Cash Equivalents:**

Cash and cash equivalents in the Cash Flow comprise cash at bank and in hand (including cheques / drafts in hand), balance lying in banks in current account (including overdraft) and deposits with maturity within 3 months.

#### **(XI) Excise Duty:**

Excise Duty on Finished Goods stock lying at the factories is accounted for at the point of manufacture of goods and is accordingly considered for valuation of finished goods stock lying in the factories as on the Balance Sheet date.

#### **(XII) Employees Benefits:**

- i. Provident Fund is a defined contribution scheme and the contributions are charged to the Profit & Loss Account of the year when these are due.
- ii. Gratuity liability is a defined benefit obligation and is provided for on the basis of actuarial valuation made at the end of Financial Year.
- iii. Actuarial gain/losses are immediately taken to the Profit & Loss Account and are not deferred.

#### **(XIII) Borrowing Costs:**

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalized until the time all substantial activities necessary to prepare the qualifying assets for their intended use are complete. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

#### **(XIV) Provisions:**

A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

Provisions made in terms of Accounting Standard 29 are not discounted to its present value and are determined based on the best estimates required to settle the obligation at the Balance Sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

**NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH 2016****(XV) Taxation:**

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is 'reasonable certainty' that sufficient future taxable income will be available against which such deferred tax assets can be realized.

MAT credit is recognized as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the Minimum Alternative Tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the profit and loss account and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

**(XVI) Segment Reporting:**

The Company has identified Iron & Steel products as its sole operating segment and the same has been treated as primary segment.

**(XVII) Contingent Liabilities:**

Liabilities which are material and whose future outcome cannot be ascertained with reasonable certainty, are treated as contingent and disclosed by way of Notes to the Accounts.

**(XVIII) Earning per share:**

Earning per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders, by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

**(XIX) Impairment of Assets:**

- i. The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.
- ii. After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

**(XX) Foreign Currency Translation:**

**Initial recognition:** Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of transaction.

**Conversion:** Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value determined.

**Exchange Difference:** Exchange differences are recognized as income or as expenses in the period in which they arise.

**EXPLANATORY STATEMENT****[PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013]**

The following Statement sets out all material facts relating to the Special Business mentioned in the accompanying Notice:

**ITEM NO. 4**

The Board of Directors on the recommendation of Audit Committee has approved the appointment and remuneration of M/s. Dipak Lal & Associates, Cost Accountants, (Membership

No. 28441) as cost auditor of the Company, for a remuneration of Rs. 25,000/- to conduct the audit of the cost records maintained by the Company for the financial year ending on 31st March, 2017 at a remuneration of Rs. 25,000/- (Rupees Twenty Five Thousand only) (plus service tax and out-of-pocket expenses).

M/s. Dipak Lal & Associates, Cost Accountants have furnished a certificate regarding their eligibility for appointment as Cost Auditors of the Company. M/s. Dipak Lal & Associates, Cost Accountants have vast experience in the field of cost audit.

In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014 including any statutory modification(s) or re-enactment(s) thereof and as amended from time to time), the remuneration payable to the Cost Auditors has to be ratified by the shareholders of the Company.

Accordingly, consent of the members is sought for passing an Ordinary Resolution as set out at item no. 4 of the Notice for ratification of the remuneration payable to the Cost Auditors for the financial year ending March 31, 2017.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 4 of the Notice.

The Board recommends the Ordinary Resolution set out at Item No. 4 of the Notice for approval by the shareholders.

**ITEM NO. 5**

As per the provisions of Section 149(1) of the Companies Act, the Board of Directors based on the recommendation of the Nomination and Remuneration Committee has appointed Mr. Chandra Shekhar Jalan as an Additional Non-Executive Independent Director of the Company pursuant to provisions of Section 161(1) of the Companies Act, 2013 and the Article of Association of the Company on May 27, 2016 and will hold office only up to the conclusion of 37<sup>th</sup> Annual General Meeting. The Company had received notice in writing from a member along with a deposit of requisite amount under Section 160 of the Act proposing the candidature of Mr. Chandra Shekhar Jalan for the office of director of the Company.

Keeping in view his vast expertise and knowledge, it will be in the interest of the Company that Mr. Chandra Shekhar Jalan will be appointed as an Independent Director of the Company. He shall not be liable to retire by rotation and shall hold office as an Independent Director for a term up to five consecutive years on the Board of the Company.

**Notice (Cont.)**

The matter regarding appointment of Mr. Chandra Shekhar Jalan as an Independent Director was placed before the Nomination and Remuneration Committee, which commends his appointment as an Independent Director up to the conclusion of 42<sup>nd</sup> Annual General Meeting of the Company.

Mr. Chandra Shekhar Jalan is not disqualified from being appointed as Director in terms of Section 164 of the Act. The Company had received the consent to act as director and declaration from him that he meets the criteria of independence as prescribed both under Section 149 (6) of the Act and under Regulation 16 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

In the opinion of the Board, Mr. Chandra Shekhar Jalan fulfills the conditions specified in the Act and the Rules made there under and also under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 for appointment as Independent Director and is independent of the Management.

In compliance with the provisions of Section 149 read with Schedule IV of the Act, the appointment of Mr. Chandra Shekhar Jalan as an Independent Director is now being placed before the members in General Meeting for their approval.

Copy of the draft letter for appointment of Mr. Chandra Shekhar Jalan as an Independent Director setting out the terms and conditions of his appointment shall be open for inspection without any fees by the Members at the Registered Office during normal business hours on any working day of the Company between 10:00 A.M. to 04:00 P.M. except Saturdays, Sunday and Holidays till the date of AGM.
