EXPLANATORY STATEMENT (Pursuant to Section 102 of the Companies Act, 2013)

Item No.: 3, 4, 5, 6 & 7

Mr Sriprakash Bho opal ('Mr Bhoo pal') (DIN 00042977), Mr Nilotpal Dutta ('Mr Dutta') (DIN 00045667), Mrs An up Kaur Bindra ('Mrs Bindra') (DIN 03391125), Mr Lalit Kumar Halwasiya ('Mr Halwasiya') (DIN 00211756) and Mrs Sonia Barman ('Mrs Barman') (DIN 06910929) are Non-executive Independent Directors of the Company.

Mr Bhoopal and Mr Duttaboth joined the Board of Directors of the Company with effect from 17th October, 2003 and at the Thirty-seventh Annual General Meeting held on 10th September, 2014, continuance of both of them as Independent Directors of the Company was approved for five years upto 31st March, 2019. At the same Annual General Meeting, both Mrs Bindra and Mr Halwasiya were appointed as Independent Directors of the Company for a period of five years with effect from 29th May, 2014 which terms expire on 28th May, 2019. At the Thirty-eighth Annual General Meeting held on 26th September, 2015, Mrs Sonia Barman was appointed as an Independent Director for a period of five years with effect from 22nd September, 2014 which term expires on 21st September, 2019.

The Performance evaluation of all the Independent Directors were conducted by the entire Board (excluding the Director being evaluated) on the basis of criteria such as transparency, analytical capability, advising,

providing suggestion to the Company's management, level of skill and expertise etc. On the basis of said evaluation, the Board approved all their reappointments.

The Company has received declarations from all the Independent Directors confirming that they meet the criteria of Independence as prescribed under Section 149(6) of the Act and as per SEBI(Listing Obligations and Disclosure Requirements) Regulations, 2015.

The Brief resume, nature of expertise in specific functional areas and names of companies in which they hold directorships, memberships/chairmanships of Board Committees, shareholding and relationships between Directors inter-se, etc. are provided in the Annexure to this Notice.

In terms of Section 149 of the Act, an Independent Director shall hold office for a term of five consecutive years on the Board of the Company; and shall be eligible for reappointment on passing of a Special Resolution by the Company and disclosure of such appointment in the Board's Report. Further, Regulation 17(1A) of the SEBI (Listing Oblig ations and Disclosure Requirements) Regulations, 2015 requires approval of the Shareholders for reappointments of Mr Bhoopal, who has attained the age of 75 years and Mrs Bindra, who would attain the age of 75 years during the course of her proposed period of reappointment, as Non-executive Indipendent Directors.

The Nomination and Remuneration Committee upon consideration has recommended reappointment for fur ther terms of five years for all the Independent Directors. The Bo and considers that the continued association of all the Independent Directors would be beneficial to the Company and it is desirable to continue to avail of their services as Independent Directors for further periods of five years as aforesaid and that each of them fulfill the conditions required for such reappointment.

The Special Resolutions set out in Item Nos 3, 4, 5, 6 and 7 of the Convening Notice are to be considered accordingly and the Board recommends their acceptance.

Mr Bhoopal, Mr Dutta, Mrs Bindra, Mr Halwasiya and Mrs Barman are interested in Item Nos 3, 4, 5, 6 and 7, of the Convening Notice respectively. No other Director or Key Managerial Personnel of the Company and their relatives is concerned or interested, financially or otherwise, in the Special Resolutions set out at Item Nos 3, 4, 5, 6, and 7 of the Convening Notice.

Item No. 8

Pursuant to Section 148(3) of the Companies Act, 2013 read with Rule 14(a) of the Companies (Audit and Auditors) Rules, 2014, the Board at their meeting held on 26th May, 2018, based on the recommendations of the Audit Committee, approved the appointment of M/s Shome & Banerjee, Cost Accountants (FRN 000001) as Cost Auditors of the Company for the financial year 2018-19 at a fee of ₹1,00,000 to gether with reimbursement of applicable taxes and out of pocket expenses, if any, for conducting the audit of the cost records of the Company. In accordance with the said provision the remuneration payable to the Cost Auditors has to be approved by the shareholders.

The Resolution set out in Item No. 8 of the Convening Notice is to be considered accordingly and the Board recommends its acceptance.

No Director and Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the Resolution set out at Item No. 8 of the Convening Notice.

Item No.9

Warren TeaLimited ('the Transferor Company') had undergone a demerger through a Scheme of Arrangement ('the Scheme') after obtaining requisite approvals from BSE Limited and the Calcutta Stock Exchange Limited by their Observation Letters dated 17th June, 2013 and 18th June, 2013 respectively and that of the Shareholders of the Companyon 13th September, 2013. The said Scheme was effected by Order dated 16th December, 2013 of the Hon'ble Gauhati High Court filed with the Registrar of Companies, North Eastern Region.

Prior to the aforesaid demerger, there had been two groups of promoters, hereinafter called the "Goenka Group" headed by Mr Vinay K Goenka and the "Ruia Group" headed by Mr Anil Kumar Ruia, constituents of both of which had held shares in the Transferor Company.

In consideration of the demerger, the Shareholders of the Transferor Company were given 1 equity share of ₹ 10 each in the Transferee Company as fully paid up for every 1 equity share of ₹ 10 each held in the Transferor Company. The Scheme contemplated facilitation and eventual separation and realigning of promoters' interest in the Transferor Company and in the Transferee Company between the aforesaid two groups of promoters and to that end allowed the said two groups of promoters to transfer the shares in the Transferor Company and the Transferee Company between themselves pursuant to the Scheme in any manner whatso ever.

Following the Hon'ble High Court's Order, subsequent to the Scheme having come into effect, the two group of promoters exchanged identical number of the shares in the Transferor Company and in the Transferee Company. Subsequent to such exchange, the Ruia Group have been completely dissociated from the Transferor Company in every way including that no representative of the Ruia Group is a Director of the Transferor Company and the two Companies and their respective promoter groups have stood to tally independent of each other.

In the premises aforesaid, as all the transactions and transfers pursuant to the Scheme having been completed and since there has been completed issociation between the two groups, it is legally inappropriate to consider the entities in the Ruia Group as 'Promoter' any longer but to treat and reclassify them as members of the public.

Both in terms of Regulation 31A of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and applicable procedure of Stock Exchange, such reclassification require the approval of the Shareholders of the (Transferor) Company.

The Resolution set out in Item No.9 of the Convening Notice is to be considered accordingly and the Board recommends its acceptance.

No Director and Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the Resolution set out at Item No. 9 of the Convening Notice.

Management Discussion and Analysis Report

Regulation 34 of the Securities and ExchangeBoard of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 stipulates disclosure under specific heads which are given in the following paragraphs and which continue to be followed in the usual course of the Company's business over the years in discussion amongst the Directors and Senior Management Personnel.

(a) Industry Structure and Developments

Tea enjoys worldwide consumer preference. India is the world's second largest consumer and second largest teaproducer, providing employment opportunities, both direct and indirect, to more than a million people.

Tea has always been a vital part of the country's culture. This is an area where the country can take a lot of pride in also because of its foreign exchange earnings with its consequential contribution to the Company's National Income. Tea is still the beverage of choice in India. Creative marketing and branding has also elevated the status of tea and brought it under the purview of a lifestyle choice.

(b) Opportunities and threats

Your Company's product and vision focuses on a natural beverage which also finds itself in the health and wellness segment. Significant increase in commodity input costs may lead to a dilution of margin's which can limit the scope to innovate and expand. Tea is a valuable global agricultural commodity, both commercially and culturally. Assam, an agrarian state in northeast India, is the largest tea growing region in the world and the productivity (both in terms of quantity and quality) requires a specific range of enviro-climatic conditions. Climatic changes are occurring across the globe, effects of which are also felt in this country. In the last decades, In dia has come down to lower range in the export ladder due to stiff c ompetition mainly from Sri Lanka, Kenya and Chin a. Other threats are weather related which are not in the control of the Industry. Nonetheless, good agricultural practices can reduce the effects of adverse climatic conditions to some extent. Your C ompany maintains the standards of its produce both in the domestic as well as overseas markets, due to its consistent thrust on quality and best agricultural practices. Your Company's estates are R ainforest Alliance, ISO 22000:2005 and also Trustea c ertified. In addition, Company's Integrated Pest Management Policy relating to agro inputs is in conformity with the Plant Protection Code of Tea Board of India.

(c) Segment-wise or Product-wise Performance

The Company does not have any separate primary business segment as it sells only black tea in bulk both in domestic and overseas markets.

(d) Outlook

Tea continues to be the most popular beverage in the country and is growing in significance as a health drink. The industry continues to be affected by steadily rising input costs, including labour and welfare costs. Besides these, climate change is also a factor likely to affect growing conditions and truly the quality and quantity of produce. Strategies should be adopted to infiltrate more into the market on the strength of quality and thereby increase demand. Your Directors continue in their emphasis on the "Quality" of tea as well as maintaining strict watch on MRL norms so as to make your Company's tea a truly health drink.

(e) Risks & Concerns

Weather, historically, has played an important role in the success or failure of any agro horticultural pursuits including plantations. With climatic changes, erratic rainfall and weather conditions, the tea bushes get affected which takes time to recover. Increasing input costs including wages, social costs, energy costs and other input costs remain a major constraint for the Indian Tea Industry. In the face of fluctuating growing conditions coupled with increasing costs, what is called for are good agricultural practices, an adaptive strategy to deal with climate change, suitable adaptations in the plantations including mechanized harvesting together with pro-active marketing efforts with a view to improving the performance of the in dustry, of which your Company is a part.

(f) Internal Control Systems & their Adequacy

There are adequate internal control systems at all levels of Management of the Company. These are reviewed from time to time and improved upon, where required. The Company has implemented internal control systems with a view to ensure that assets are safeguarded and protected against losses and transactions are recorded and reported correctly. These include comprehensive internal auditby external Chartered Accountants besides checks carried outby the Cost Auditors, the Secretarial Auditors and the Statutory Auditors during the course of their respective audits. Such systems are commensurate with the Company's size and nature of operations and provide reasonable assurance with regard to reliable data, compliances, securing its assets from unauthorized use or loss and ensuring that operations are carried out in consonance with the Company's policies. The different sets of auditors periodically visit the Company's units, their reports are looked into by the Management and by the Audit Committee for effecting corrective action/improvement as may be called for.

(g) Financial Discussion on Performance with respect to Operational Performances

Climatic conditions during the year under review continued to fall short of the levels conducive to result in desired quality and quantity of the crop produced. The Company's revenue improved from that of the previous year, which contributed to improvement in the bottom-line for the year under review. However, the Company continues with its focus in improvement both qualitative and quantitative terms and continues to follow good governance practices across all its operations.

(h) Material Developments in Human Resources/Industrial Relations Front including number of people employed

Human resources are the most valuable assets of the Company and thus adequate care istaken by the Company for their development and well being. Tea being an essentially labour intensive industry, the employees are the mainstay of its operations. All estates of your Company are certified under the Rainforest Alliance as well as Trustea indicating firm commitment towards sustainability as well as workers' health, hygiene and safety. It is your Company's endeavour to provide safe, healthy and sustainable work environmentin all the estates. Your Company deeply appreciates the per formance and cooperation of the employees for the year and looks forward to maintain cordial relations in the years to come. Your Company continues with its endeavours for ongoing training at various levels as well as with its efforts to bring down absenteeism. Your Company believes in employee empowement across the entire organization in order to achieve organizational effectiveness.

INDEPENDENT AUDITORS' REPORT

To the Members of Warren Tea Limited

Report on the Standalone Financial Statements

We have audited the accompanying stand alone Ind AS financial statements of **Warren Tea Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone lnd AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Companyin accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Actfor safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone and ASf inancial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under and the order issued under Section 143(11) of the Act.

We conducted our auditof the standalone In d AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reason able assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain auditevidence about the amounts and disclosures in the standalone Ind As financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and

Auditors' Report (Confinued)

fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's directors, as well as evaluating the overall presentation of the standalone lnd AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting princip les generally accepted in India, of the state of affairs of the Company as at March 31, 2018, and its loss, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Other Matter

The financial information of the Companyfor the year ended March 31, 2017 and the transition date opening balance sheet as at April 1, 2016 included in these standalone Ind AS financial statements, are based on the previously issued statutory financial statements for the years ended March 31, 2017 and March 31, 2016 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited by us, on which we expressed an unmodified opinion dated May 30, 2017 and May 26, 2016 respectively. The adjustments to those financial statements for the differences in accounting principles adopted by the Company on transition to the Ind AS have been audited by us.

Our opinion is not qualified in respect of this matter.

Auditors' Report (Confinued)

'ANNEXURE - B' TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We haveaudited the internal financial controls over financial reporting of **Warren Tea Limited** ("the Company") as of March 31, 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The C ompany's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether a dequate internal financial controls over financial reporting was established and maintain ed and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable

Auditors' Report (Confinued)

assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control overfinancial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of the management and directors of the company; and
- (3) providereasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Becauseof the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become in adequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, and to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the In stitute of Chartered Accountants of India.

Note 30

1. Company Overview

Warren Tea Limited is engaged in the growing, harvesting, manufacture and sale of tea. The Company operates with seven tea estates situ ated in Assam and sells tea in bulk both in domestic and international markets. The Company is listed on the Bombay and C alcutta Stock Exchanges.

2. Statement of Compliance with Ind AS

These financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) as contained in Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 and other elevant provisions of the Companies Act, 2013 (the Act). The financial statements up to the year ended 31st March 2017were prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act. The financial statements for the year ended 31st March, 2018 are the first financial statements of the Company under Ind AS. Comparative figures relating to previous year and on the date of transition have also been prepared in accordance with Ind AS. The date of transition to Ind AS is 1st April, 2016.

3. Significant Accounting Policies

3.1 Classification of Current and Non-Current Assets and Liabilities

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria setout in the Schedule III to the Companies Act, 2013 and Ind AS 1. The Company has ascertained its operating cycle as twelve months for the purpose of classification of current and non-current assets and liabilities.

3.2 Historical Cost Conventions

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention, except for the following:

- i) certain financial assets and liabilities that are measured at fair value;
- ii) Plan assets relating to defined benefit plans that are measured at fair value;
- iii) biological assets (including un-plucked green leaves) measured at fair value less cost to sell.

Historical cost is generally based on the fair value of the consideration received in exchange for goods and services.

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the C ompany takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis and measurements that have some similarities to fair value but are not fair value, such as net real isable value in Ind AS 2 or value in use in Ind AS 36.

The preparation of financial statements in conformity with Ind AS requires management to make estimates based on its judgements, and assumptions that affect the application of the accounting policies and the

Note 30 (Confinued)

reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period; they are recognised in the period of the revision as well as for future periods if the revision affects both current and future periods.

3.3 Sales and Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of sales returns and trade discounts.

Revenue for Sale of Goods is recognised in the Income Statement when the title, risk and rewards of ownership passed to the buyer.

3.4 Foreign Currency Transactions

Transactions in foreign currency are accounted for at the exchange rates prevailing on the date of transactions. Monetary assets and liabilities related to foreign currency transactions remaining unsettled at the end of the year are translated at year-end exchange rates. Exchange Gains or Losses arising out of fluctuations in the exchange rates on settlement or translation are recognised in the Statement of Profit and Loss in the period in which they arise.

3.5 Government Grants/ Assistance

Government Grants/ Assistance (Grant) are recognised at their fair value where there is a reasonable assurance that the Grantwill bereceived and the Company will comply with the conditions attached to them.

Grants relating to income are recognised in profit or loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the Grants are intended to compensate.

Grants relating to assets are presented as deferred income in the Balance Sheet and are recognised in profit or loss on a systematic basis over the useful life of the related assets.

3.6 Property Plant and Equipment

(i) Bearer Plants

Bearer Plants have been recognised on 1st April, 2016 as an item of Property, Plant and Equipment in accordance with previous GAAP, on which depreciation has been provided. Expenses on replanting and young teamaintenance of Bearer Plants are considered as Capital Work-in-Progress. Depreciation on Bearer Plants is charged on estimated useful life of 77 years ascertained upon technical evaluation. Depreciation on Bearer Plants is recognised so as to write off its cost overuseful lives, using the straight-line method. In accordance with Ind AS, Bearer Plants are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

(ii) Items Other than Bearer Plants

Freehold I and is carried at historical cost. All other items are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the construction or acquisition of the items of the related property, plant and equipment.

Note 30 (Confinued)

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Depreciation of these assets, are on the same basis as other property assets, and commences when the assets are ready for their intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, onlywhen it is probable that future economic benefits associated with the item will flow to the Companyand the cost of the itemcan be measured reliably. All other repairs and maintenance are charged to profit and loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derec ognised upon disposal or when no future economic benefits are expected to arise from its use. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Items of Property, Plant and Equipment are depreciated in a manner that amortises the cost of the assets net of its residual value, over their useful lives on a straight line basis. For additions/ disposals of items during the course of the year, depreciation/amortisation is recognised on a pro-rata basis. Estimated useful lives of the assets are considered as specified in Schedule II of the Companies Act, 2013.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period and the effect of any changes in estimate is accounted for on a prospective basis. Compensation receivable for acquisition of Assets of the Company is accounted for upon acceptance of the Company's claim by the appropriate authorities.

Impairment of Assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised in profit or loss for the amount by which the asset's carrying amount exceeds its recoverable amount. Assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as at 1st April, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.

3.7 Intangible Assets

Intangible Assets of the Company are recognised when it is an identifiable non-monetory asset without physical substance. An Asset is recognised when it is expected to provide future economic benefits to flow to the Company. These assets are capitalised at the price what would be received to sale an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Useful life is determined as the period over which an asset is expected to be available for use by the Company. Depreciation on Intangible Assets is recognised so as towrite-off its cost over the useful life.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its Intangible Assets recognised as of 1 st April, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost.

Note 30 (Confinued)

3.8 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the relevant instrument and are initially measured at fair value. Transaction costs that are directly attributable to the ac quisition or issues of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial assets or financial liabilities. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date when the Company commits to purchase or sell the asset.

(i) Financial Assets Recognition and Classification

The financial assets are classified at initial recognition in the following measurement categories as:

- those subsequently measured at amortised cost.
- those to be subsequently measured at fair value [either through other comprehensive income (OCI), orthrough profitor loss]

Subsequent Measurement

- Financial assets measured at amortised cost-

Financial assets which are held within the business model of collection of contractual cash flows and where those cash flows represent payments solely towards principal and interest on the principal amount outstanding are measured at amortised cost. A gain or loss on a financial asset that is measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired.

- Financial assets measured at fair value through other comprehensive income

Financial assets that are held within a business model of collection of contractual cash flows and for selling and where the assets' cash flow represents solely payment of principal and interest on the principal amountoutstanding are measured at fair value through OCI. Movements in carrying amount are taken through OCI, except for recognition of impairment gains or losses.

When a financial asset, of their than investment in equity in strument, is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to statement of profit and loss. Classification of equity instruments, not being investments in subsidiaries, associates and joint arrangements, depend on whether the Company has made an irrevocable election at the time of initial recognition to accountfor the equity investment at fair value through OCI. When investment in such equity instrument is derecognised, the cumulative gains or losses recognised in OCI is transferred within equity on such derecognition.

- Financial assets measured at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. Movements in fair value of these instruments are taken in profit or loss.

Impairment of financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Impairment losses are recognised in the profit or loss where there is an objective

Note 30 (Confinued)

evidence of impairment b ased on reasonable and supportable information that is available without undue cost or effort. The Companyrecognises loss allowances on tradereceivables when there is objective evidence that the Company will not be able to collect all the due amounts depending on product c ategories and the payment mechanism prevailing in the industry.

Income recognition on financial assets

Interest income from financial assets is recognised in profit or loss using effective interest rate method, where applicable. Dividen d income is recognised in profit or loss only when the Company's right to receive p ayments is established and the amount of dividend can be measured reliably.

(ii) Financial Liabilities

The Company's financial liabilities in clude trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Financial liabilities are classified according to the substance of the contractual arrangements entered into. Fin ancial liabilities are classified, at initial recognition, as subsequently measured at amortised cost unless they fulfill the requirement of measurement at fair value through profit or loss. Where the financial liability has been measured at amortised cost, the difference between the initial carrying amount of the financial liabilities and their redemption value is recognised in the statement of profit and loss over the contractual terms using the effective interest rate method.

Financial liabilities at fair value through profit or loss are carried at fair value with changes in fair value recognised in the finance income or finance cost in the statement of profit and loss.

(iii) Derecognition of financial assets and financial liabilities

Financial assets are derecognised when the rights to receive benefits have expired or been transferred, and the C ompany has transferred substantially all risks and rewards of ownership of such financial asset. Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is disc harged, cancelled or expires.

(iv) Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

3.9 Employee Benefits

a) Short Term Employee Benefits

These are recognised at the undiscounted amount as expense for the year and are expensed as the related service is provided.

b) Other Long term Employment Benefits

The cost of providing lon g-term employee benefits is determined using Projected UnitCred it Method with actu arial valuation being carried out at each Balance Sheet date. Actuarial gains and losses and past service cost are recognised immediately in the Statement of Profit and Loss for the period in which they occur. Long term employee benefit obligation recognised in the Balance Sheet represents the present value of related obligation.

Note 30 (Confinued)

c) Post Employment Benefits

Contributions under Defined Contribution Plans payable in keeping with the related schemes are recognised as expenditure for the year.

In case of Defined Benefit Plans, the cost of providing the benefit is determined using the Projected Unit Credit Method with actuarial valuation being carried out at each Balance Sheet date. Actuarial gains and losses are recognised in full in the Other Comprehensive Income for the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested, and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, if any, and as reduced by the fair value of plan assets, wherefunded. Any asset resulting from this calculation is limited to the present value of any economic benefit available in the form of refunds from the plan or reductions in future contributions to the plan.

- (i) The Company operates defined Contribution Schemes of Provident Funds and makes regular contributions to Provident Funds which are fully funded and administered by the Trustees and are independent of the Company's finance. Such contributions are recognised in the Accounts on accrual basis. In terest accruing to the Fund administered by the Trustees are credited to respective members' accounts based on the rates stipulated by the Government and shortfall if any, recognised on the basis of actuarial valuation report in this regard, is borne by the Company.
- (ii) The Company operates defined benefit Superannuation and Gratuity Schemes administered by the Trustees, which are independent of the Company's finance. Such obligations are recognised in the Accounts on the basis of actuarial valuation applying Projected Unit Credit Method including gains and losses at the year-end.
- (iii) The Company operates a defined benefit Pension Scheme and Additional Retiral Benefitfor certain categories of employees for which obligations are recognised in the Accounts based on actuarial valuation applying Projected Unit Credit Method including gains and losses at the year-end.

3.10 Inventories

Inventories of Stores, as existing at the year-end, represent weighted average cost of procurements. Provision is made for obsolete and slow moving inventories whenever necessary in the Accounts. Finished goodsproduced from agricultural produce are valued at lower of cost, arrived at byadding the cost of conversion to the fair value of agricultural produce and the net realisable value. Net realisable value represents the estimated selling price for inventories less all selling costs.

3.11 Biological Assets

Biological assets of the Company comprises un-harvested green tea leaves that are classified as current assets.

The Comp any recognises biological assets when, and only when, the Company controls the assets as a result of past events. It is probable that future economic benefits associated with such assets will flow to the Company and the fair value or cost of the assets can be measured reliably. Expenditure incurred on biological assets are measured on initial recognition and at the end of each reporting period at its fair value less costs to sell. The gain or loss arising from a change in fair value less costs to sell of biological

Note 30 (Confinued)

assets are included in statement of profit and loss for the period in which it arises.

On transition to Ind AS the Company has recognised biological assets for the first time as required by Ind AS 101 at fair value less cost to sell as at 1st April, 2016 (transition date).

3.12 Trade Receivables

Trade rec eivables are rec ognised at Fair Value less provision for impairment if any.

3.13 Provision and Contingent Liabilities

Provision's are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking in to account the risks and uncertainties surrounding the obligation.

Contingent Liabilities are disclosed when there is a possible obligation which may arise from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or reliable estimate of the amount cannot be made.

3.14 Borrowing Cost

Interest and other borrowing costs attributable to qualifying assets are capitalised. Other Interest and Operational Borrowing Costs are recognised as Revenue Expenditure in the year in which these are incurred and are charged to Profit and Loss.

3.15 Taxes on Income

Taxes on income comprises of current taxes and deferred taxes. Current Tax in the statement of profit and loss is determined as the amount of income-tax payable/recoverable in respect of the taxable income for the current period using tax rates and tax laws enacted during the period, together with any adjustment to tax p ayable in respect of previous years.

Deferred Tax is recognised on temporary differences between the carrying amount of assets and liabilities and the corresponding tax bases used in the computation of taxable profit.

Deferred Tax Assets are rec ognised subject to the consideration of prudence only to the extent that there is reason able certainty that sufficientfuture taxable income will be available against which such deferred tax assets can be realised. Such deferred tax assets and liabilities are not recognised if the temporary differences arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profitnor the accounting profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred

Note 30 (Confinued)

tax are also recognised in other comprehensive income or directly in equity net of tax respectively.

4. First-time adoption of Ind AS Transition to Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS. The date of Transition to Ind AS is 1st April, 2016.

The accounting policies set out above have been applied in preparing the financial statements for the year ended 31st March, 2018, comparative information presented in these financial statements for the year ended 31st March, 2017 and in the preparation of an opening Ind AS Balance Sheet at 1st April, 2016 (date of transition). In preparing its opening Ind AS Balance Sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP).

Exemptions and Exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

Ind AS Optional Exemptions

4.1 Deemed cost

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition. This exemption can also be used for Intangible As sets covered by Ind AS 38.

Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value. The Company does not have any de-commissioning liabilities as on the date of transition and accordingly no adjustments have been made for the same.

4.2 Measurement of Investment in Associate

Ind AS 101 allows a first time adopter to measure investment in associate at cost determined in accordance with Ind AS 27 or at deemed cost i.e, fair value of such investments at the entity's date of transition or previous GAAP carrying amount at the date of transition. Accordingly, the Company has elected to apply this exemption and have adopted previous GAAP carrying amount of such investments at the company's date of transition as carrying amount of investment in Associate.

Ind AS Mandatory Exceptions

4.3 Estimates

An entity's estimates in ac cordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at 1 st April, 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP.

Note 30 (Confinued)

4.4 Classification and Measurement of Financial Assets

The Company undertook an assessment of classification and measurement of financial assets on the basis of the facts and circ umstances that exist at the date of transition to Ind AS as required by Ind AS 101.

5. Notes to First-time Adoption

5.1 Replanting Cost

Under the previous GAAP, replanting cost was charged off to profit and loss account as and when incurred. Under Ind AS, such cost is being recognised as Bearer Plant within the meaning of Ind AS 16 "Property, Plant and Equipment".

5. 2 Depreciation on Bearer Plants

Under Ind AS, since bearer plants come within the ambit of Ind AS16 "Proper ty, Plant and Equipment", depreciation is being provided on bearer plants.

5.3 Fair valuation of Investments

Under the previous GAAP, investments in equity instruments were classified as long-term investments based on the intended holding period and realisability. Long-term investments were carried at cost less provision for other than temporary decline in the value of such investments. Under Ind AS, these investments are required to be measured at fair value, except for Investments in associates for which exemption with regard to carrying amount of such investments at the entity's date of transition as deemed cost is adopted.

5.4 Inventories

Finished Goods:

Under previous GAAP, tea stock has been valued at the lower of cost and net realisable value. Cost of inventories comprise all costs of production of green leaf, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Under Ind AS, cost of inventories comprise fair value of green leaf at the time of harvest less cost to sell, conversion cost (i.e 40 % of factory cost) and other costs in curred in bringing the inventories to their present location and condition.

5.5 Borrowings

Ind AS 109 requires transaction costs incurred towards origination of borrowings to be deducted from the carrying amount of borrowings on initial recognition. These costs are recognised in the profit or loss over the tenure of the borrowing as part of the interest expense by applying the effective interest rate method. Under previous GAAP, these transaction costs were charged to profit or loss as and when incurred.

5.6 Remeasurements of post employment benefit obligations

Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit or loss.

5.7 Retained Earnings

Retained earnings as at 1st April, 2016, the transition date, has been adjusted consequent to the above

Note 30 (Confinued)

Ind AS transition adjustments.

5.8 Other Comprehensive Income

Under Ind AS, all items of income and expense recognised in aperiod should be included in profitor loss for thep eriod, unless a Standard requires or permits otherwise, Items of income and expense that are not recognised in profit or loss but are shown in the statement of profit and loss as 'other comprehensive income' includes re-measurements of defined benefit plans and fair value gains or (losses) on investments in equity instruments. The concept of other comprehensive income did not exist under previous GAAP.

6. Financial Instruments and Related Disclosures Capital Management

The Company's objective is to have a strong capital base in order to maximise the shareholders' wealth and to ensure the continuity of the business from its internal resources and if found necessary, from a judicious use of borrowing facilities to fund requirements during the peak season of working capital as well as requirements for a comprehen sive growth of the Company.

7. Financial risk management objectives

The Company's faces a variety of financial risks, including market risk, credit risk and liquidity risk. The Company continues to focus on business risk management. The Company management seeks to enable the early identification, evaluation and effective management of key risks facing the business. The Company has strong internal control systems resting on policies and procedures issued by appropriate authorities, process of regular audits and monitoring of risks.

a) Market risk

The Company's business, primarily agricultural in nature, future cash flows will fluctuate because of adverse weather conditions and lack of future markets. The Company closely monitors the changes in market conditions and select the sales strategies to mitigate its exposure to risk.

b) Foreign currency risk

The Comp any undertakes transactions denominated in for eign currency which results in exchange rate fluctuations. Such exchange rate risk primarily arises from transactions made in foreign exchange. A significant portion of these transactions are in US Dollar and Euro.

c) Foreign currency sensitivity

The impact of sensitivity analysis arising on account of outstanding foreign currency denominated assets and liabilities is insignificant.

d) Interest rate risk

Interest rate risk refers to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The objective of the Company is to lessen the impact of adverse interest rate movements on its earnings and cash flows and to minimise counter party risks.

The Companyis exposed to interestrate volatilities primarily with respect to its shortterms borrowings from banks as well as Financial Institutions.

The Company manages such risk by proper leverage of its internal resources.

Note 30 (Confinued)

e) Interest rate sensitivity

Since the borrowings are all short term in nature, the possible volatility in the interest rate is minimal.

f) Liquid ity risk

Liquidity risk is the risk that the Company may encounter difficulty including seasonality in meeting its oblig ations. The Company mitigates its liquidity risks by ensuring timely collections of its trade receivables, close monitoring of its credit cycle and ensuring optimal movements of its inventories.

g) Cred it risk

Credit risk is the risk that counter party will not meet its obligations leading to a financial loss. The Company has its policies to limit its exposure to credit risk arising from outstanding receivables. Management regularly assess the credit quality of its customers. The credit risk of the Company is relatively low as the Company also sells largely its teas through the auction system which is on cash and carry basis and through exports which are mostly backed by letter or credit or on advance basis.

8. Fair value measurements Fair value hierarchy

Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:

- Level 1: Quoted prices in active market for identical assets or liabilities.
- **Level 2**: Inputs other than quoted price including within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If signific ant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: Inputs for the assets or liabilities that are not based on observable market data. If one or more of the significant inputs is not based on observable market data, the fair value is determined using generally accepted pricing models based on a discounted cash flow analysis, with the most significant input being the discount rate that reflects the credit risk of counterparty. This is the case with listed instruments where market is not liquid and for unlisted instruments.

The management consider that the carrying amounts of financial assets (other than those measured at fair values) and liabilities recognised in the financial statements approximate their fair value as on March 31, 2018. March 31, 2017 and April 1, 2016.

There has been no change in the valuation methodology for Level 3 inputs during the year. There were no transfers between Level 1 and Level 2 during the year.

INDEPENDENT AUDITORS' REPORT

To the Members of

Warren Tea Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of Warren Tea Limited ("the Company") and its associate company, comprising of the Consolidated Balance Sheet as at March 31, 2018, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity, the Consolidated Statement of Cash Flows for the year then ended, and a summary of the significant accounting policies and other explan atory information (hereinafter referred to as "the consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Company including its associate company in accordance with the accounting principles generally accepted in Indiain cluding the Indian Accounting Standards (IndAS) prescribed under Section 133 of the Act. The respective Board of Directors of the company and of its associate company are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An auditinvolves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraudor error. In making those risk assessments, the auditor considers internal financial control relevant

Auditors' Report (Continued)

to the Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design auditprocedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated hd AS financial statements give the information required by the Actin the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Company and its associate company as at March 31, 2018, and their consolidated loss, consolidated total comprehensive income, consolidated statement of changes in equity and their consolidated cash flows for the year ended on that date.

Other Matter

The comparative financial information of the Company for the year ended March 31, 2017 and the transition date opening balance sheet as at April 1, 2016 included in these consolidated Ind AS financial statements, are based on the previously issued statutory financial statements for the years ended March 31, 2017 and March 31, 2016 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited by us, on which we expressed an unmodified opinion dated May 30, 2017 and May 26, 2016 respectively. The adjustments to those financial statements for the differences in accounting principles adopted by the Company on transition to the Ind AS have been audited by us.

Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

- 1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
- (a) We have so ught and obtained all the information and explanation s which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements.
- (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.

Auditors' Report (Confinued)

- (e) On the basis of the written representations received from the directors of the Company and its associate company as on March 31, 2018 and the reports of the statutory auditor of the associate company, none of the directors of the Company and its associate company is disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls overfinancial reporting of the Company and its associate company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Auditand Auditor's) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated Ind AS financial statements disclose the impact of pending litigations on consolidated financial position of the Company and its associate company as referred to in Note No. 30 (11) to the financial statements.
 - ii. The Company and its associate company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

Auditors' Report (Continued)

'ANNEXURE - A' TO THE INDEPENDENT AUDITOR' SREPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Warren Tea Limited ("the Company") and its associate company as of March 31, 2018 in conjunction with our audit of the Consolidated Ind AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Companyand its associate companyare responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conductof its business, including adherence to company's policies, the saf eguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether a dequate internal financial controls over financial reporting was established and maintain ed and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

Acompany's internal financial control over financial reporting is a process designed to provide reasonable

Auditors' Report (Confinued)

assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control overfinancial reporting includes those policies and procedures that:

- (1) per tain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) providereasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company and its associate company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note 30

1. Company Overview

Warren Tea Limited is engaged in the growing, harvesting, manufacture and sale of tea. The Company operates with seven tea estates situ ated in Assam and sells tea in bulk both in domestic and international markets. The Company is listed on the Bombay and C alcutta Stock Exchanges.

2. Statement of Compliance with Ind AS

These Consolidated financial statements complyin all material aspects with Indian Accounting Standards (Indian Accounting Standards) Rules, 2015 notified under Section 133 and other March 2017 were prepared inaccordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act. The financial statements for the year ended 31st March, 2018 are the first financial statements of the Company under Ind AS. Comparative figures relating to previous year and on the date of transition have also been prepared in accordance with Ind AS. The date of transition to Ind AS is 1st April 2016.

3. Significant Accounting Policies

3.1 Classification of Current and Non-Current Assets and Liabilities

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria setout in the Schedule III to the Companies Act, 2013 and Ind AS 1. The Company has ascertained its operating cycle as twelve months for the purpose of classification of current and non-current assets and liabilities.

3.2 Historical Cost Conventions

These fin ancial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention, except for the following:

- i) certain financial assets and liabilities that are measured at fair value;
- ii) Plan assets relating to defined benefit plans that are measured at fair value;
- iii) biological assets (including un-plucked green leaves) measured at fair value less cost to sell.

Historical cost is generally based on the fair value of the consideration received in exchange for goods and services.

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis and measurements that have some similarities to fair value but are not fair value, such as net real isable value in Ind AS 2 or value in use in Ind AS 36.

The preparation of financial statements in conformity with Ind AS requires management to make estimates based on its judgements, and assumptions that affect the application of the accounting policies and the

Note 30 (Confinued)

reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period; they are recognised in the period of the revision as well as for future periods if the revision affects both current and future periods.

The Consolidated Financial Statements comprise the financial statements of its Associate being Maple Hotels & Resorts Limited, India, holding 46.92% ownership by the Company.

Investments in Associate Companies is accounted for in accordance with IND AS 28 on Investments in Associates and Joint Ventures in consolidated financial statements prescribed under the Act, under Equity Method.

3.3 Sales and Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of sales returns and trade discounts.

Revenue for Sale of Goods is recognised in the Income Statement when the title, risk and rewards of ownership passed to the buyer.

3.4 Foreign Currency Transactions

Transactions in foreign currency are accounted for at the exchange rates prevailing on the date of transactions. Monetary assets and liabilities related to foreign currency transactions remaining unsettled at the end of the year are translated at year-end exchange rates. Exchange Gains or Losses arising out of fluctuations in the exchange rates on settlement or translation are recognised in the Statement of Profit and Loss in the period in which they arise.

3.5 Government Grants/Assistance

Government Grants/Assistance (Grant) are recognised at their fair value where there is a reasonable assurance that the Grant will be received and the Company will comply with the conditions attached to them.

Grants relating to income are recognised in profit or loss on a systematic basis over the periods in which the Companyrecognises as expenses the related costs for which the Grants are intended to compensate.

Grants relating to assets are presented as deferred income in the Balance Sheet and are recognised in profit or loss on a systematic basis over the useful life of the related assets.

3.6 Property Plant and Equipment

(i) Bearer Plants

Bearer Plants have been recognised on 1st April, 2016 as an item of Property, Plant and Equipment in accordance with previous GAAP, on which depreciation has been provided. Expenses on replanting and young teamaintenance of Bearer Plants are considered as Capital Work-in-Progress. Depreciation on Bearer Plants is charged on estimated useful life of 77 years as certained upon technical evaluation. Depreciation on Bearer Plants is recognised so as to write off its cost overuseful lives,

Note 30 (Confinued)

using the straight-line method. In accordance with Ind AS, Bearer Plants are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

(ii) Items Other than Bearer Plants

Freehold I and is carried at historical cost. All other items are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the construction or acquisition of the items of the related property, plant and equipment.

However, depreciation on Property, Plant and Equipment and Intangible Assets of the associate Company is provided on Written Down Value Method over the usefullife of an assetas per Schedule II to the Companies Act, 2013.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Depreciation of these assets, are on the same basis as other property assets, and commences when the assets are ready for their intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, onlywhen it is probable that future economic benefits associated with the item will flow to the Companyand the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit and loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derec ognised upon disposal or when no future economic benefits are expected to arise from its use. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Items of Property, Plant and Equipment are depreciated in a manner that amortises the cost of the assets net of its residual value, over their useful lives on a straight line basis. For additions/ disposals of items during the course of the year, depreciation/amortisation is recognised on a pro-rata basis. Estimated useful lives of the assets are considered as specified in Schedule II of the Companies Act, 2013.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period and the effect of any changes in estimate is accounted for on a prospective basis. Compensation receivable for acquisition of Assets of the Company is accounted for upon acceptance of the Company's claim by the appropriate authorities.

Impairment of Assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised in profit or loss for the amount by which the asset's carrying amount exceeds its recoverable amount. Assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as at 1st April, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.

Note 30 (Confinued)

3.7 Intangible Assets

Intangible Assets of the Company are recognised when it is an identifiable non-monetory asset without physical substance. An Asset is recognised when it is expected to provide future economic benefits to flow to the Company. These assets are capitalised at the price what would be received to sale an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Useful life is determined as the period over which an asset is expected to be available for use by the Company. Depreciation on Intangible Assets is recognised so as towrite-off its cost over the useful life.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its Intangible Assets recognised as of 1st April, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost.

3.8 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the relevant instrument and are initially measured at fair value. Transaction costs that are directly attributable to theac quisition or issues of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial assets or financial liabilities. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date when the Company commits to purchase or sell the asset.

(i) Financial Assets Recognition and Classification

The financial assets are classified at initial recognition in the following measurement categories as:

- those subsequently measured at amortised cost.
- those to be subsequently measured at fair value [either through other comprehensive income (OCI), or through profitor loss]

Subsequent Measurement

- Financial assets measured at amortised cost-

Financial assets which are held within the business model of collection of contractual cash flows and where those cash flows represent payments solely towards principal and interest on the principal amount outstanding are measured at amortised cost. A gain or loss on a financial asset that is measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired.

- Financial assets measured at fair value through other comprehensive income

- Financial assets that are held within a business model of collection of contractual cash flows and for selling and where the assets' cash flow represents solely payment of principal and interest on the principal amountoutstanding are measured at fair value through OCI. Movements in carrying amount are taken through OCI, except for recognition of impairment gains or losses.

When a financial asset, other than investment in equity in strument, is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to statement of profit and loss. Classification of equity instruments, not being investments in subsidiaries, associates and joint

Note 30 (Confinued)

arrangements, depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through OCI. When investment in such equity in strument is derecognised, the cumulative gains or losses recognised in OCI is transferred within equity on such derecognition.

- Financial assets measured at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. Movements in fair value of these instruments are taken in profit or loss.

Impairment of financial assets

The Company assesses at each date of balance sheetwhether a financial asset or a group of financial assets is impaired. Impairment losses are recognised in the profit or loss where there is an objective evidence of impairment based on reasonable and supportable information that is available without undue costor effort.

The Company recognises loss allow anceson tradereceivables when there is objective evidence that the Company will not be able to collect all the due amounts depending on product categories and the payment mechanism prevailing in the industry.

Income recognition on financial assets

Interest income from financial assets is recognised in profit or loss using effective interest rate method, where applicable. Dividend income is recognised in profitor loss only when the Company's right to receive payments is established and the amount of dividend can be measured reliably.

(ii) Financial Liabilities

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial quarantee contracts.

Financial liabilities are classified according to the substance of the contractual arrangements entered into. Fin ancial liabilities are classified, at initial recognition, as subsequently measured at amortised cost unless they fulfill the requirement of measurement at fair value through profit or loss. Where the financial liability has been measured at amortised cost, the difference between the initial carrying amount of the financial liabilities and their redemption value is recognised in the statement of profit and loss over the contractual terms using the effective interest rate method.

Financial liabilities at fair value through profit or loss are carried at fair value with changes in fair value recognised in the finance income or finance cost in the statement of profit and loss.

(iii) Derecognition of financial assets and financial liabilities

Financial assets are derecognised when the rights to receive benefits have expired or been transferred, and the C ompany has transferred substantially all risks and rewards of ownership of such financial asset. Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

(iv) Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle

Note 30 (Confinued)

on a net basis or realise the asset and settle the liability simultaneously.

3.9 Employee Benefits

a) Short Term Employee Benefits

These are recognised at the undiscounted amount as expense for the year and are expensed as the related service is provided.

b) Other Long term Employment Benefits

The cost of providing long-term employee benefits is determined usin g Projected Unit Credit Method with actuarial valuation being carried out at each Balance Sheet date. Actuarial gains and losses and past service cost are recognised immediately in the Statement of Profit and Loss for the period in which they occur. Long term employee benefit obligation recognised in the Balance Sheet represents the present value of related obligation.

c) Post Employment Benefits

Contributions under Defined Contribution Plans payable in keeping with the related schemes are recognised as expenditure for the year.

In case of Defined Benefit Plans, the cost of providing the benefit is determined using the Projected Unit Credit Method with actuarial valuation being carried out at each Balance Sheet date. Actuarial gains and losses are recognised in full in the Other Comprehensive Income for the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested, and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, if any, and as reduced by the fair value of plan assets, where funded. Any asset resulting from this calculation is limited to the present value of any economic benefit available in the form of refunds from the plan or reductions in future contributions to the plan.

- (i) The Companyoperates defined Contribution Schemes of Provident Funds and makes regular contributions to Provident Funds which are fully funded and administered by the Trustees and are independent of the Company's finance. Such contributions are recognised in the Accounts on accrual basis. In terestaccruing to the Fund administered by the Trustees are credited to respective members' accounts b ased on the rates stipulated by the Government and shortfall if any, recognised on the basis of actuarial valuation report in this regard, is borne by the Company.
- (ii) The Company operates defined benefit Superannuation and Gratuity Schemes ad ministered by the Trustees, which are independent of the Company's finance. Such obligations are recognised in the Ac counts on the basis of actuarial valuation applying Projected UnitCredit Method including gains and losses at the year-end.
- (iii) The Company operates a defined benefit Pension Scheme and Additional Retiral Benefit for certain categories of employees for which obligations are recognised in the Accounts based on actuarial valuation applying Projected Unit Credit Method including gains and losses at the year-end.

3.10 Inventories

Inventories of Stores, as existing at the year-end, represent weighted average cost of procurements. Provision is made for obsolete and slow moving inventories whenever necessary in the Accounts.

Note 30 (Confinued)

Finished goodsproduced from agricultural produce are valued at lower of cost, arrived at by adding the cost of conversion to the fair value of agricultural produce and the net realisable value. Net realisable value represents the estimated selling price for inventories less all selling costs.

3.11 Biological Assets

Biological assets of the Company comprises un-harvested green tea leaves that are classified as current assets.

The Comp any recognises biological assets when, and only when, the Company controls the assets as a result of past events. It is probable that future economic benefits associated with such assets will flow to the Company and the fair value or cost of the assets can be measured reliably. Expenditure incurred on biological assets are measured on initial recognition and at the end of each reporting period at its fair value less costs to sell. The gain or loss arising from a change in fair value less costs to sell of biological assets are included in statement of profit and loss for the period in which it arises.

On transition to Ind AS the Companyhas recognised biological assets for the first time as required by Ind AS 101 at fair value less cost to sell as at 1st April, 2016 (transition date).

3.12 Trade Receivables

Trade rec eivables are rec ognised at Fair Value less provision for impairment if any.

3.13 Provision and Contingent Liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking in to account the risks and uncertainties surrounding the obligation.

Contingent Liabilities are disclosed when there is a possible obligation which may arise from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or reliable estimate of the amount cannot be made.

3.14 Borrowing Cost

Interest and other borrowing costs attributable to qualifying assets are capitalised. Other Interest and Operational Borrowing Costs are recognised as Revenue Expenditure in the year in which these are incurred and are charged to Profit and Loss.

3.15 Taxes on Income

Taxes on in come comprises of current taxes and deferred taxes. Current Tax in the statement of profit and loss is determined as the amount of income-tax payable/recoverable in respect of the taxable income for the current period using tax rates and tax laws enacted during the period, together with any adjustment to tax p ayable in respect of previous years.

Deferred Tax is recognised on temporary differences between the carrying amount of assets and liabilities and the corresponding tax bases used in the computation of taxable profit.

Note 30 (Confinued)

Deferred Tax Assets are rec ognised subject to the consideration of prudence only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Such deferred tax assets and liabilities are not recognised if the temporary differences arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity net of tax respectively.

4. First-time adoption of Ind AS Transition to Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS. The date of Transition to Ind AS is 1st April, 2016.

The accounting policies set out above have been applied in preparing the financial statements for the year ended 31 st March, 2018, comparative information presented in these financial statements for the year ended 31 st March, 2017 and in the preparation of an opening Ind AS Balance Sheet at 1st April, 2016 (date of transition). In preparing its opening Ind AS Balance Sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards no tified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP).

Exemptions and Exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

Ind AS Optional Exemptions

4.1 Deemed cost

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition. This exemption can also be used for Intangible Assets covered by Ind AS 38.

Accordingly, the Company has elected to measureall of its property, plantan d equipment and intangible assets at their previous GAAP carrying value. The Company does not have any de-commissioning liabilities as on the date of transition and accordingly no adjustments have been made for the same.

4.2 Measurement of Investment in Associate

Ind AS 101 allows a first time adopter to measure investment in associate at cost determined in accordance with Ind AS 27 or at deemed cost i.e., fair value of such investments at the entity's date of transition or previous GAAP carrying amount at the date of transition. Accordingly, the Company has elected to apply this exemption and have adopted previous GAAP carrying amount of such investments

Note 30 (Confinued)

at the company's date of transition as carrying amount of investment in Associate.

Ind AS Mandatory Exceptions

4.3 Estimates

An entity's estimates in ac cordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at 1st April, 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP.

4.4 Classification and Measurement of Financial Assets

The Company undertook an assessment of classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS as required by Ind AS 101.

5. Notesto First-time Adoption

5.1 Replanting Cost

Under the previous GAAP, replanting cost was charged off to profit and loss account as and when incurred. Under Ind AS, such cost is being recognised as Bearer Plant within the meaning of Ind AS 16 "Property, Plant and Equipment".

5.2 Depreciation on Bearer Plants

Under Ind AS, since bearer plants come within the ambit of Ind AS 16 "Proper ty, Plant and Equipment", depreciation is being provided on bearer plants.

5.3 Fair valuation of Investments

Under the previous GAAP, investments in equity instruments were classified as long-term investments based on the intended holding period and realisability. Long-term investments were carried at cost less provision for other than temporary decline in the value of such investments. Under Ind AS, these investments are required to be measured at fair value, except for Investments in associates for which exemption with regard to carrying amount of such investments at the entity's date of transition as deemed cost is adopted.

5.4 Inventories

Finished Goods:

Under previous GAAP, tea stock has been valued at the lower of cost and net realisable value. Cost of inventories comprise all costs of production of green leaf, costs of conversion and other costs incurred in bringing their ventories to their present location and condition.

Under Ind AS, cost of inventories comprise fair value of green leaf at the time of harvestless cost to sell, conversion cost (i.e 40 % of factory cost) and other costs in curred in bringing the inventories to their present location and condition.

5.5 Borrowings

Ind AS 109 requires transaction costs incurred towards origination of borrowings to be deducted from the carrying amount of borrowings on initial recognition. These costs are recognised in the profitor loss over the tenure of the borrowing as part of the interest expense by applying the effective interest rate

Note 30 (Confinued)

method. Under previous GAAP, these transaction costs were charged to profit or loss as and when incurred.

5.6 Remeasurements of post employment benefit obligations

Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit or loss.

5.7 Retained Earnings

Retained earnings as at 1st April, 2016, the transition date, has been adjusted consequent to the above Ind AS transition adjustments.

5.8 Other Comprehensive Income

Under Ind AS, all items of income and expense recognised in aperiod should be included in profitor loss for the period, unless a Standard requires or permits other wise, Items of income and expense that are not recognised in profit or loss but are shown in the statement of profit and loss as 'other comprehensive income' includes remeasurements of defined benefit plans and fair value gains or (losses) on investments in equity instruments. The concept of other comprehensive income did not exist under previous GAAP.

6. Financial Instruments and Related Disclosures Capital Management

The Company's objective is to have a strong capital base in order to maximise the shareholders' wealth and to ensure the continuity of the business from its internal resources and if found necessary, from a judicious use of borrowing facilities to fund requirements during the peak season of working capital as well as requirements for a comprehensive growth of the Company.

7. Financial risk management objectives

The Company's faces a variety of financial risks, including market risk, credit risk and liquidity risk. The Company continues to focus on business risk management. The Company management seeks to enable the early identification, evaluation and effective management of key risks facing the business. The Company has strong internal control systems resting on policies and procedures issued by appropriate authorities, process of regular audits and monitoring of risks.

a) Market risk

The Company's business, primarily agricultural in nature, future cash flows will fluctuate because of adverseweather conditions and lackof future markets. The Company closely monitors the changes in market conditions and select the sales strategies to mitigate its exposure to risk.

b) Foreign currency risk

The Comp anyunder takes transactions denominated in for eign currency which results in exchange rate fluctuations. Such exchange rate risk primarily arises from transactions made in foreign exchange. A significant portion of these transactions are in US Dollar and Euro.

c) Foreign currency sensitivity

The impact of sensitivity analysis arising on account of outstanding foreign currency denominated assets and liabilities is insignificant.

Note 30 (Confinued)

d) Interest rate risk

Interest rate risk refers to the risk that the fairvalue or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The objective of the Company is to lessen the impact of adverse interest rate movements on its earnings and cash flows and to minimise counter party risks.

The Companyis exposed to interestrate volatilities primarily with respect to its short terms borrowings from banks as well as Financial Institutions.

The Company manages such risk by proper leverage of its internal resources.

e) Interest rate sensitivity

Since the borrowings are all short term in nature, the possible volatility in the interest rate is minimal.

f) Liquid ity risk

Liquidity risk is the risk that the Company may encounter difficulty including seasonality in meeting its obligations. The Company mitigates its liquidity risks by ensuring timely collections of its trade receivables, close monitoring of its credit cycle and ensuring optimal movements of its inventories.

g) Credit risk

Credit risk is the risk that counter party will not meet its obligations leading to a financial loss. The Company has its policies to limit its exposure to credit risk arising from outstanding receivables. Management regularly assess the credit quality of its customers. The credit risk of the Company is relatively low as the Company also sells largely its teas through the auction system which is on cash and carry basis and through exports which are mostly backed by letter or credit or on advance basis.

8. Fair value measurements Fair value hierarchy

Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Quoted prices in active market for identical assets or liabilities.

Level 2: Inputs other than quoted price including within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: Inputs for the assets or liabilities that are not based on observable market data. If one or more of the signific ant inputs is not based on observable market data, the fair value is determined using generally accepted pricing models based on a discounted cash flow analysis, with the most significant input being the discount rate that reflects the credit risk of counterparty. This is the case with listed instruments where market is not liquid and for unlisted instruments.

Note 30 (Continued) (₹ in Lakhs)

The management consider that the carrying amounts of financial assets (other than those measured at fair values) and liabilities recognised in the financial statements approximate their fair value as on March 31, 2018, March 31, 2017 and April1, 2016.

There has been no change in the valuation methodology for Level 3 inputs during the year. There were no transfers between Level 1 and Level 2 during the year.

9 Under the Assam Fixation of Ceiling of Land Holding Act, 1956, undeveloped lands, approximately 2145 hectares (Previous Year - 2145 hectares) have been vested in the State Government. Necessary adjustments in respect of land compensation will be made in the accounts on settlement of the same.
