MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENT

The Non Banking Financial Companies (NBFC) sector is still struggling for its growth in India. The NBFC sector is doing much better all over the world as compared to Asian Countries as the general perception about NBFC in the mind of public is still hazy. Other reason may be the excess regulatory requirements by the Reserve Bank of India which constituted a hurdle for its growth in India. Except few NBFC's no other company is working well. This has created a very discouraging situation for the remaining NBFC who have no option except to diversify from its business of financing. Entrance of banks in consumer durable financing as well as in housing finance has brought forth a huge competition and has also added to worst scenario for the NBFC's. This has virtually put a stop on private financing and most of the Non-Banking Finance Companies are out of this business.

2. OPPORTUNITIES AND THREATS

Due to recession all over the world, the Indian economy, though not affected substantially, has suffered and the opportunities have become limited in all spheres of businesses. The financial market has suffered a lot and the business for NBFC's have further reduced. This did not discourage the board of directors of your Company who are constantly looking for an opportunity to expand the business of the Company. Your Company being in the financial services sector is facing a very stiff competition from public sector as well as private sector banks and financial institutions. It is trying to cope up with the same but is finding it difficult to match up with them in expertise as well as finances available. However, the Company is trying its level best to achieve the same level of competence to meet the challenges thrown in this sector.

3. SEGMENT-WISE OR PRODUCT WISE PERFORMANCE

The company operates in only single segment. Hence segment wise performance is not applicable.

4. OUTLOOK AND FUTURE PROSPECTS

Competition continues to be intense, as the Indian and foreign banks have entered the retail lending business in a big way, thereby exerting pressure on margins. The erstwhile providers of funds have now become competitors. NBFCs can sustain in this competitive environment only through optimization of funding costs, identification of potential business areas, widening geographical reach, and use of technology, cost efficiencies, strict credit monitoring and raising the level of customer service.

5. RISKS & CONCERNS

In today's complex business environment, almost every business decision requires executives and managers to balance risk and reward. Effective risk management is therefore critical to an organization's success. Globalization, with increasing integration of markets, newer and more complex products & transactions and an increasingly stringent regulatory framework has exposed organisations to newer risks. As a result, today's operating environment demands a rigorous and integrated approach to risk management. Timely and effective risk management is of prime importance to our continued success. Increased competition and market volatility has enhanced the importance of risk management.

6. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The established Internal Control Systems of your Company are adequate to ensure that all the activities are monitored and controlled against any misuse or misappropriation of asset and that the transactions are authorized, recorded and reported correctly. More so, these internal control systems are regularly monitored by the Audit Committee of your Company and are improved upon on regular basis.

7. HUMAN RESOURCES

The Company regards its employees as valuable asset and continuously reviews and evolves policies and procedures to attract and retain its pool of technical and managerial personnel through a conducive work environment.

8. CAUTIONARY STATEMENT

The Management Discussion and Analysis Report may contain statements that might be considered forward looking. These statements are subject to certain risks and uncertainties. Actual results may differ materially from those expressed in the statement as important factors could influence the company's operations such as Government policies, local, political and economic development, risk inherent to the Company's growth and such other factors.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

- 3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls over financial reporting. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
- 4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
- 5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be

detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Referred to as Annexure 'A' in paragraph 10(f) under Independent Auditors' Report of even date to the members of Finkurve Financial Services Limited on the consolidated financial statement for the year ended on 31st March, 2016.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Management's Responsibility for Internal Financial Controls

2. The Respective Board of Directors of the Holding Company and its subsidiary companies and its associates incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("the Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

- 3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls over financial reporting. Meaning of Internal Financial Controls over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company and its subsidiary companies and its associates incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company and its subsidiary companies and its associates incorporated in India considering the essential components of internal control stated in the Guidance Note.

Other Matter

9.
