Q4 & FY25

MANAGEMENT COMMENTARY – FY25

Performance Highlights, Mr. Gnanesh (Sunil) Gala, Managing Director:

“In FY25, our revenue grew marginally and stood at Rs. 1,733 crores, reflecting a growth of 2.5% year-on-year. Our publication segment grew by 3% from Rs. 693 Cr to Rs. 714 Cr and stationery business grew from Rs. 996 Cr to Rs. 1,014 Cr.

- Speaking about our Publication business performance, it continued to be under pressure even in this year due to no changes in the curriculum of the both the States. Second-hand book market continued to prevail due to this resulting in below average counter sales of new books.*

Going forward, the Company is confident of growing for the next couple of years on account of change of curriculum cycle from FY 26.

- Domestic stationery business degrew by 13% in FY25. Drop in paper prices resulted in reduction of product pricing and hence lower realization by around 9% and volume drop of 4% was on account of competition from unorganized sector.*

As the paper prices have stabilized now, the trade is convinced about no further reduction in paper price and hence we anticipate that the orders would be placed by them confidently expecting no further drop in MRPs.

- Export stationery segment demonstrated a growth of 12% in FY25. New product introduction and newer territories helped Navneet to expand its topline even though new rates were negotiated with the clients after reduction in paper prices.*

The final positive or negative impact of the US tariffs is unknown till final tariffs are decided by the US for each of the countries. Thankfully, the Company has not faced any cancellation of orders, but going forward the trade is maintaining the “Wait and Watch” strategy till the final outcome. We are, however, positive on gaining market share from our present and future product offerings in the US. We plan to further expand our product offerings to include both paper and non-paper stationery items.

By continuing to innovate and adapt to changing market conditions, we aim to strengthen our presence and achieve significant advancements in our core business of publishing integrated with technology offerings and introduction of new category of products in stationery segment. This will drive sustainable growth and deliver greater stakeholders’ value.”
