IMPORTANT NOTES:

1. In view of the Circular No. 14/2020 dated April 8, 2020, Circular No.17/2020 dated April 13, 2020 issued by the Ministry of Corporate Affairs (MCA) followed by Circular No. 20/2020 dated May 05, 2020 and MCA General Circular No. 09/2023 dated 25th September, 2023, MCA General circular no. 09/2024 dated 19th September 2024 and MCA General circular no. 03/2025 dated 22nd September 2025 ("MCA Circulars"). The forthcoming AGM will thus be held through video conferencing (VC) or other audio visual means (OAVM). Hence, Members can attend and participate in the ensuing AGM through VC/OAVM.
2. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020, May 05, 2020, September 25, 2023 and September 19, 2024, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
3. The Members can join the AGM in the VC/OAVM mode 30 minutes before and 15 minutes after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a Proxy to attend and vote on his/her behalf and the Proxy need not be a Member of the Company. Since this AGM is being held through VC/OAVM, pursuant to the applicable MCA Circulars read with Securities and Exchange Board of India ("SEBI") Circular No. SEBI/HO/CFD/CFD-PoD-2/P/CIR/2024/133 dated 03th October, 2024 physical attendance of Members has been dispensed with. Further, SEBI vide its Notification dated 12th December, 2024, Regulation 44(4) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, ('Listing Regulations'), whereby the requirement to send proxy forms shall not be applicable to general meetings held only through electronic mode. Accordingly, the facility for appointment of Proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
6. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at <https://www.neerajpaper.com/>. The Notice can also be accessed from the website of the Stock Exchange i.e. BSE at www.bseindia.in. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.
7. Details under Listing Regulations and Secretarial Standards - 2 on General Meetings, in respect of the Directors seeking appointment/re-appointment at the Annual General Meeting, forms integral part of the notice. The Directors have furnished the requisite declarations for their appointment/re-appointment.
8. In accordance with, the General circular 10/2022 dated 28th December, 2022 and General Circular No.11/2022 dated 28th December, 2022 and General Circular No. 09/2023 dated 25th September, 2023 and MCA General circular no. 09/2024 dated 19th September 2024 and MCA General circular no. 03/2025 dated 22nd September 2025 issued by MCA along with other circular issued by SEBI, the Company will be conducting this Annual General Meeting ("AGM" or "Meeting") through Video Conferencing/Other Audio Visual Means ("VC"/"OAVM"). The Integrated Annual Report for Financial Year 2025-26, which inter-alia comprises of the Audited Financial Statements along with the Reports of the Board of Directors and Auditors thereon for the Financial Year ended 31st March 2026 pursuant to section 101 of the Act read with the Rules framed thereunder, are being sent only in electronic mode to those Members whose e-mail addresses are registered with the Company/RTA or the DP(s). The physical copies of such statements and Notice of AGM will be dispatched only to those shareholders who request for the same.

16. Additional information with respect to Item No. 2 is provided below in the notice.

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on 25.09.2026 and ends on 27.09.2026. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date 21.09.2026 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholder's/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding

FUTURE PROSPECTS

India is the 15th largest paper producer in the world. Demand for paper products, including writing papers, printing papers, and specialty papers, has been steadily increasing. India accounts for about 5% of the global paper market. The market value of the Indian paper industry is expected to reach US\$ 19.1 billion in 2033.

The Indian paper industry (valued at over ₹1,200 billion) is growing at a 6–7% annual rate. Key drivers include the booming e-commerce sector, the ban on single-use plastics pushing eco-friendly packaging, rising literacy rates driven by government education initiatives, and urbanization which spurs demand for premium consumer and hygiene products.

The market value of the Indian paper industry is expected to grow from 2024 to 2033 at a CAGR of around 7.5%. With the increase in literacy rate, more and more students are entering the education system and the demand for notepads, textbooks and supplementary materials is increasing and giving a positive boost to the paper industry. The future growth trend of the Indian paper industry is also being driven by the increasing demand for corrugated and household paper products.

The paper industry's growth is primarily driven by sustainability trends, expanding e-commerce, increasing packaging demand, technological innovation, recycling initiatives, and supportive environmental policies.

Key Drivers of Growth**1. Rising Demand for Sustainable Packaging**

- Growing preference for eco-friendly and biodegradable packaging over plastic.
- Increased use of paper bags, cartons, and corrugated boxes.

2. The E-Commerce & Packaging Revolution

- E-Commerce and Quick Commerce Boom: The surge in online shopping requires vast quantities of corrugated boxes, paperboards, and protective packaging materials.
- Retail Premiumization: FMCG brands are shifting toward aesthetic, high-quality, and premium paper-based packaging to attract consumers.
- Regulatory Bans on Plastics: Strict environmental regulations and bans on single-use plastics are forcing industries (textiles, food delivery) to adopt eco-friendly, recyclable paper alternatives

3. Population Growth and Urbanization

- Higher consumption of tissue paper, packaging, notebooks, and other paper products due to increasing population and urban lifestyles.

4. Growth in Food and Beverage Industry

- Increasing demand for paper cups, food containers, cartons, and wrapping materials for takeaway and delivery services.

5. Changing Lifestyles and Healthcare

- **Hygiene and Tissue Demand:** Post-pandemic, there is a distinct upward trend in the use of specialty and tissue papers. Urbanization and growth in the hospitality and healthcare sectors are accelerating this segment.
- **Pharma & Healthcare Packaging:** The expansion of pharmaceutical production requires high-quality, specialized paper for packaging and medical inserts.

6. Export Opportunities

- Growing international demand for paper products and packaging materials creates opportunities for manufacturers to expand into global markets.

ANNEXURE TO DIRECTORS REPORT MANAGEMENT DISCUSSION & ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENT

OUTLOOK OF PAPER INDUSTRY:

India is the 15th largest paper producer in the world. Demand for paper products, including writing papers, printing papers, and specialty papers, has been steadily increasing. India accounts for about 5% of the global paper market. The market value of the Indian paper industry is expected to reach US\$ 19.1 billion in 2033. The market value of the Indian paper industry is expected to grow from 2024 to 2033 at a CAGR of around 7.5%. With the increase in literacy rate, more and more students are entering the education system and the demand for notepads, textbooks and supplementary materials is increasing and giving a positive boost to the paper industry. The future growth trend of the Indian paper industry is also being driven by the increasing demand for corrugated and household paper products.

India's paper industry is flourishing both within the country and globally, fuelled by an increase in global demand. This growth is driven by the lifting of pandemic-related restrictions and the prohibition of single-use plastics.

Indian population is around 15% of world population but consumes only 5% of the total paper produced in the world. India's growing FMCG sector and high spending in education coupled with growth in organised retail and demand for better quality paper as well as more health consciousness of people, etc., are triggering factors of growth prospects of Indian Paper Industry. The industry provides direct employment to 0.5 million persons, and indirectly to around 1.5 million.

Most of the paper mills are in existence for a long time and hence present technologies fall in a wide spectrum ranging from oldest to the most modern. The mills use a variety of raw material viz. wood, bamboo, recycled fibre, bagasse, wheat straw, and grasses. In terms of share in total production, approximately 18% are based on wood, 73% on recycled fibre and 9% on agro-residues. The geographical spread of the industry, as well as market, is mainly responsible for the regional balance of production and consumption.

The paper Industry holds immense potential for growth in India as the per capita consumption is one of the lowest at around 15-16 kg, which is way behind the global average of 57 kg (200+kg for developed countries). India is the fastest growing market for paper globally and it presents an exciting scenario; paper consumption is poised for a big leap forward in sync with economic growth. The futuristic view is that growth in paper consumption would be in multiples of GDP and hence an increase in consumption by one kg per capita would lead to an increase in demand of 1 million tonnes. Healthy demand for printing and writing paper and firm realisations are further expected to drive growth for paper manufacturing companies.

In the last five to seven years, an amount of over Rs 25,000 crore has been invested in new efficient capacities and induction of clean and green technologies. The industry size of single-use plastics is estimated to be INR 10,000 crore. This move by the government will benefit all Indian paper mills to flourish their business. In India, only 15% of total paper and paperboard production is made from recycled materials, compared to a global average of 30% to 85%. As a result, there is a lot of potential for recycling in the paper industry.

About 50% of global paper demand is in Asia of which India is the fastest growing market in the world expected to grow at about 4% to 5% compound till at least 2030. According to various studies, the consumption of paper and board in India is expected to grow to over 35 million tons by 2035 from approximately 22 million tons presently. Now there are several drivers for growth of the Indian paper industry. Greater emphasis on education and literacy by the government coupled with the growth in business and commerce and demand for better quality paper by environmentally conscious consumers are the major drivers in the writing and printing segment.

According to the IPMA, paper consumption in India will likely reach 30 million tonnes by March 2027. There is growing demand from sectors such as FMCG and retail for innovative packaging solutions as they reduce dependency on plastics. Paper stocks can also benefit from the rising e-commerce shopping as well as ready-to-eat and packaged foods.

Projections indicate a 6 to 7% annual growth in paper consumption in India, reaching 30 million tonnes by FY 2026-27. The growth is likely to be attributed to a focus on education and literacy, coupled with the rise in organised retail.

SCOPE AND DEMAND OF PAPER INDUSTRY IN INDIA

According to the Indian Paper Manufacturers Association (IPMA), the Indian paper industry boasts an annual turnover exceeding ₹1,00,000 crore with production nearing 25 million tonnes across 850+ mills. Growing at 6-8% annually, India is the fastest-growing major paper market globally, driven by rising literacy, urbanization, and packaging demand.

Market Scope & Segment Demand

- **Packaging and Paperboard:** The largest and fastest-growing segment, expanding at over 8% annually and covering roughly 65% of the market due to e-commerce, organized retail, FMCG growth, and single-use plastic bans.
- **Printing and Writing Paper:** Steady demand is supported by government educational initiatives, the National Education Policy, and rising school enrollment.
- **Specialty and Tissue Paper:** Emerging as a high-margin, rapidly advancing sector driven by health consciousness, institutional hygiene needs, and urban lifestyles.
- **Newsprint:** The only major segment witnessing flat-to-declining demand as digital media consumption rises.

Market Investments & Focus Areas

- **Capacity Expansion:** Private players are investing heavily in tier-2 and tier-3 cities to meet soaring demand for corrugated boxes, kraft paper, and industrial packaging.
- **Green Packaging:** Driven by plastic bans, investments are heavily tilted toward bio-based, lightweight, and high-strength packaging papers and specialty papers (e.g., RFID and QR-coded smart packaging).
- **R&D Modernization:** The **Central Pulp & Paper Research Institute (CPPRI)** is continuously upgrading facilities to support innovations in process technology, eco-friendly bleaching, and alternative raw materials.

INDIAN PAPER PACKAGING INDUSTRY TRENDS

Surge in Technological Advancements

The Indian paper industry has undergone a significant transformation driven by technological advancements across various fronts. Innovations spanning manufacturing processes, automation, digitalization, and artificial intelligence have reshaped the industry landscape, enhancing efficiency and productivity at every stage of production.

Automation and artificial intelligence have emerged as primary catalysts for operational enhancement within the paper industry. Automated machinery has replaced manual labor, reduced errors and boosting productivity substantially. This transition has not only elevated operational efficiency but has also elevated quality standards across the board. Artificial intelligence has played a pivotal role in predictive maintenance, minimizing downtime, and optimizing overall efficiency. By harnessing AI algorithms, manufacturers can foresee maintenance requirements proactively, mitigating potential issues before they escalate. This predictive maintenance strategy ensures smoother operations and enhances productivity while maintaining consistent quality standards. Digitalization has become a cornerstone of modern paper manufacturing, enabling real-time monitoring and management of operations. Through digital platforms and technologies, manufacturers can monitor processes in real-time, identifying bottlenecks swiftly and implementing corrective measures promptly. This real-time data tracking facilitates efficient decision-making, improving overall operational performance. Also, digital technologies have revolutionized supply chain management in the paper industry. Real-time visibility into the supply chain allows for effective inventory management, logistics optimization, and streamlined operations. These digital advancements not only drive cost reductions but also enhance customer service through timely deliveries and minimized disruptions. Beyond operational enhancements, technology has propelled the paper industry towards sustainability. New technologies enable manufacturers to reduce their environmental impact by minimizing waste and energy consumption during production. Innovative pulping technologies increase pulp yield from raw materials, reducing waste and promoting resource efficiency. The energy-efficient

equipment and processes lower energy consumption, contributing to a greener and more sustainable industry. As the Indian paper industry continues to embrace technological advancements, it is poised for a future characterized by enhanced efficiency, sustainability, and innovation. By remaining at the forefront of technology adoption, the industry is primed for continued growth and prosperity, catering to evolving market demands while upholding sustainability principles.

Segmental Insights & Raw Material Insights

The Indian paper and paper products market witnessed the waste and recycled paper segment emerged as a dominant force, marking a significant shift towards sustainability in the industry. This dominance stems from several key factors, with environmental consciousness at the forefront. Concerns regarding deforestation and environmental degradation associated with traditional paper-making processes have prompted a growing demand for sustainable alternatives. Waste and recycled paper offer a solution by reducing the need for virgin pulp derived from trees, thus mitigating the environmental impact and promoting a circular economy. Economic considerations also contribute to the popularity of waste and recycled paper in India. Urban centers serve as hubs for waste paper collection, providing a readily available and cost-effective raw material for recycling. The recycling process requires less energy compared to traditional paper production methods, resulting in cost savings for manufacturers. This economic viability makes waste and recycled paper an attractive choice for businesses and consumers alike, further driving its dominance in the market. Government policies have played a pivotal role in fostering the growth of the waste and recycled paper segment. India, among other countries, has implemented regulations and incentives to promote recycling and reduce waste generation. These policies create a supportive framework for businesses and individuals to adopt sustainable practices, thereby accelerating the adoption of waste and recycled paper in the market. Overall, the waste and recycled paper segment's dominance underscores a broader trend towards sustainability in the Indian paper industry, with environmental, economic, and regulatory factors converging to drive its growth and adoption.

GOVERNMENT INITIATIVES & INVESTMENTS

- "Make in India": Government push for local manufacturing and 100% Foreign Direct Investment (FDI) has spurred investments in modern, high-capacity paper mills.

The Indian paper industry receives strong policy support and investment attraction under the Make in India initiative. Key government efforts feature 100% Foreign Direct Investment (FDI) allowance, Extended Producer Responsibility (EPR) guidelines for paper packaging, and research backing via the Central Pulp & Paper Research Institute (CPPRI)

- Technological Upgrades: Adoption of smart packaging (incorporating QR codes and RFID), automation in paper mills, and digitized production processes are reducing waste and boosting industry efficiency

Key Government Initiatives

- **100% FDI Allowance:** The Indian government permits 100% Foreign Direct Investment (FDI) under the automatic route in the pulp and paper sector, attracting significant global capital and technology transfer.
- **Extended Producer Responsibility (EPR):** Mandated phased recycling targets for producers, importers, and brand owners. This promotes a circular economy and massive investment in paper recovery and recycling infrastructure.
- **National Policy on Biofuels & BioE3:** Promotes the use of agricultural residues and non-wood renewable materials for paper production, decreasing reliance on traditional wood sources. **Infrastructure & Export Promotion:** Schemes like the **Export Promotion Capital Goods (EPCG)** allow duty-free import of capital goods for paper production, making Indian paper highly competitive abroad.

OPPORTUNITIES AND CHALLENGES OF PAPER INDUSTRY IN INDIA**Opportunities**

The paper industry in India is poised for significant growth and transformation, driven by emerging opportunities that promise to reshape its future. With increasing demand for paper products, particularly in the packaging and specialty paper segments, the industry is well-positioned to capitalize on new trends and technologies. The growing awareness of environmental issues and sustainability is also creating opportunities for companies to develop eco-friendly products and practices. Furthermore, government initiatives and investments in infrastructure are expected to boost the industry's competitiveness and exports. Few opportunities are :

- Growing Demand for Packaging Papers
- Increasing Demand for Specialty Papers
- Sustainable Products and Eco-Friendly Solutions
- Export Potential and Global Market
- Innovation and Technology Adoption

Challenges

The paper industry in India faces a multitude of challenges that threaten its sustainability and growth. From navigating complex environmental regulations and trade policies to managing raw material costs and competition from imports, the industry must contend with a range of obstacles. Additionally, the industry's environmental impact and sustainability concerns pose significant challenges, requiring companies to adopt eco-friendly practices and reduce their carbon footprint. Few major challenges are –

- Raw Material Sourcing and Sustainability
- Environmental Concerns and Regulations
- Digitalization and Changing Consumer Preferences
- Competition from Imports and Market Saturation
- Energy and Water Costs

SEGMENT -WISE /PRODUCT WISE PERFORMANCE

Company is engaged in trading of paper, waste paper and chemical. During the year-2025-26, turnover of Paper, Paper Board, chemical and Other Paper items contributed in the gross turnover of the Company which is as follows:

Revenue from products		
S.No	Products	Total (in Rs.)
1	Duplex	125882678.36
2	Kraft Paper	1048949226.12
3	Paper Waste	425096043.00
4	Poster Paper	14818721.68
5	Maize Starch "Unicorn"	46692650.00

OUTLOOK**Market Outlook 2026-2034:**

The India paper packaging market is set for steady growth over the forecast period, driven by the expansion of e-commerce, restrictions on single-use plastics, and increasing FMCG volumes boosting demand for lightweight, recyclable materials. Advances in sustainable substrates and digital printing technologies are expected to improve product variety and efficiency across the supply chain, supporting innovation while meeting evolving environmental and consumer requirements in packaging. The market generated a revenue of USD 19.42 Billion in 2025 and is projected to reach a revenue of USD 28.55 Billion by 2034, growing at a compound annual growth rate of 4.38% from 2026-2034.

RISKS AND CONCERN

The Indian paper industry struggles with high raw material costs, rising imports, and supply chain issues, while outdated technology, poor fiber quality, and strict environmental norms further pressure profitability and sustainability.

- **Rise in imports & market competition:** Paper imports rose 7.1% in FY25, with duty-free supplies from China and ASEAN. Lower prices and superior quality of imports are making domestic production less competitive for Indian manufacturers.
- **Supply chain disruptions:** The sector remains volatile due to global conflicts, shipping disruptions like the Red Sea crisis, and port strikes, which raise freight costs and disrupt supply chains, affecting efficiency, costs, and timely delivery.
- **Outdated technology and inefficient operations:** Many Indian paper mills use outdated machinery with limited automation, causing low productivity, high costs, and environmental inefficiency. Technology upgrades demand heavy investment, posing major challenges for smaller mills.
- **Poor availability and quality of domestic fiber:** India faces fiber deficiency due to restrictions on industrial plantations and an inefficient wastepaper collection system, leading to greater dependence on imports and reduced industry profitability.
- **Environmental concerns and regulatory pressure:** The paper industry faces major environmental challenges from deforestation, water and air pollution, and waste. Chemical use, including chlorine compounds, contributes to water contamination and poses serious health risks.

The company has instituted a robust risk management framework to proactively identify, assess, and mitigate potential risks, ensuring sustainable growth and operational resilience.

In accordance with Companies Act, 2013 and listing Regulation, the Board members were informed about risk assessment and minimization procedures after which the Board formally adopted steps for framing, implementing and monitoring the risk management plan for the company. In today's challenging and competitive environment, strategies for mitigating inherent risks in accomplishing the growth plans of the Company are imperative. The common risks inter alia are: Regulations, competition, Business risk, Investments, retention of talent and expansion of facilities. Business risk, inter-alia, further includes financial risk, political risk, fidelity risk, legal risk.

INTERNAL CONTROL SYSTEM AND ADEQUACY

The Company has adequate internal control procedures commensurate with the size of the Company and the nature of its business. These systems are designed to ensure that all the assets of the company are safeguarded and protected against any loss and that all the transactions are properly authorized recorded and reported. The internal audit is entrusted to M/s VPSJ & Co. a firm of Chartered Accountants.

The main thrust of internal audit is to test and review controls, appraisal of risks and business practices. The Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of internal control systems and suggests improvements to strengthen the same. The Board of Directors has framed a policy which ensures the orderly and efficient conduct of its business, safeguarding of its assets, to provide greater assurance regarding prevention and detection of frauds and accuracy and completeness of the accounting records of the company. Further your company has adequate internal financial control with reference to its financial statements.

Auditor's responsibility

Based on audit, our responsibility is to express an opinion on the compliance with the applicable laws and maintenance of records by the Company. We conducted our audit in accordance with the auditing standards CSAS 1 to CSAS 4 ("CSAS") prescribed by the Institute of Company Secretaries of India ("ICSI"). These standards require that the auditor complies with statutory and regulatory requirements and plans and performs the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

Due to the inherent limitations of an audit including internal, financial and operating controls, there is an unavoidable risk that some misstatements or material non-compliances may not be detected, even though the audit is properly planned and performed in accordance with the CSAS.

Our report of even date is to be read along with this letter.

1. Maintenance of Secretarial records is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.
2. We have followed the audit practices and processes as were appropriate to obtain responsible assurance about the correctness of the contents of secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices that we follow provide a responsible basis for our opinion.
3. We have not verified the correctness and appropriateness of financial records and books of accounts of the Company.
4. Wherever required, we have obtained the management representation about the compliance of laws, rules and regulations and happening of events etc.
5. The compliance of the provision of corporate and other applicable laws, rules, regulations, standards is the responsibility of management. Our examination was limited to verification of procedures on test basis.
6. The secretarial audit report is neither an assurance as to the future viability of the Company nor the efficacy or effectiveness with which the management has conducted the affairs of the Company.

Independent Auditor's Report

To,
The Members of
Neeraj Paper Marketing Limited

Opinion

We have audited the accompanying standalone financial statements of **Neeraj Paper Marketing Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, the profit and comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under; and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, comprehensive income,

changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error; and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error; design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the

public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The balance sheet, the statement of profit and loss, the statement of cash flow and the statement of changes in equity dealt with by this report are in agreement with the books of account.
- d) In our opinion, the aforesaid Standalone Ind AS financial statements comply with the Accounting Standards prescribed under section 133 of the Act, read with relevant rule issued thereunder.
- e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act;
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the matter to be included in the Auditor's Report under section 197(16), In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197(16) which are required to be commented upon by us.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements.
 - ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - iii) There were no amounts required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv)
 - (a) The management has represented that, to the best of it's knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The management has represented, that, to the best of it's knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and (c) Based on such audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement;

- v) No dividend have been declared or paid during the year by the company.
- vi) Based on our examination which included test checks, the company has used Tally accounting software for maintaining its books of accounts for the year ended 31st March, 2026 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software,

Considering our technical limitation in the accounting software, we are unable to comment on whether the audit trail has been tampered with or not as required by Rule 3(1) of the Companies (Accounts) Rules, 2014. Further Audit trail is preserved in the accounting software itself and not preserved separately.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

"Annexure A" To the Independent Auditor's Report

(Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 1(f) of 'Report on Other Legal and Regulatory Requirements' section)

We have audited the internal financial controls over financial reporting of **Neeraj Paper Marketing Limited** ("the Company") as of March 31, 2026 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) Default in repayment of borrowings:

(a) In our opinion and according to the information and explanations given by the management, we are of the opinion that the company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender;

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.

(d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long term purposes by the Company.

(e) On an overall examination of the financial statements of the Company and based on the representations of the Company, we report that the Company has neither taken any funds from any entity or person during the year nor it has raised funds through issue of shares or borrowings on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) The Company has not raised loans during the year on the pledge of securities held in its Subsidiaries or joint ventures or associate companies.

(x) Funds raised and utilisation:

(a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.

(b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.

(xi) Fraud and whistle-blower complaints:

(a) Based on the audit procedures performed and on the basis of information and explanations provided by the management, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government;

(c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year Government, during the year and up to the date of this report.

(xii) Nidhi Company:

The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) Resignation of Statutory Auditors:

There was no resignation of the statutory auditors of the Company during the year.

(xix) Material uncertainty on meeting liabilities:

On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company and/or certificate with respect to meeting financial obligations by the Company as and when they fall due. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) Corporate Social Responsibility (CSR):

Based on our examination, the provision of section 135 are not applicable on the company. Hence this clause is not applicable on the company.

(xxi) Disclosure of Qualifications or Adverse Remarks of Subsidiaries/Group Companies:

The reporting under Clause 3(xxi) of the Order is not applicable in respect of audit of the standalone financial statements. Accordingly, no comment in respect of the said clause has been included in this report.

Note '1'**Company Overview**

NEERAJ PAPER MARKETING LIMITED is having its Registered Office at 218-222, AGGARWAL PRESTIGE MALL, PLOT No.2, ALONG ROAD No.44, PITAMPURA, NEW DELHI-110034. The company is engaged in Trading & Marketing Business.

These financial statements were approved and adopted by Board of Directors of the Company in their meeting held on May 30th, 2026.

Note '2'**Basis of Preparation of Financial Statements****2.1 Statement of Compliance:**

The Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 and as amended time to time and relevant provisions of the Companies Act, 2013.

2.2 Basis of Preparation:

The Financial Statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (India Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standard) (Amendment) Rules, 2016. The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under Section 133 of the Companies Act 2013 ("the Act").

The financial statements have been prepared on an accrual basis and under the historical cost basis except for certain financial assets and financial liabilities which are measured at fair values as explained in relevant accounting policies. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The financial statements are presented in INR and all values are rounded to the nearest INR Lakh (1 Lakhs), except when otherwise indicated.

2.3 Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Notes.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

Note '3'**Significant Accounting Policies****3.1 Property, Plant and Equipment (PPE)**

These tangible assets are held for use in production, supply of goods or services or for administrative purposes. These are recognized and carried under cost model i.e. cost less accumulated depreciation and impairment loss, if any.

Cost includes freight, duties, taxes and other expenses directly incidental to acquisition, bringing the asset to the location and installation including site restoration up to the time when the asset is ready for intended use. Such Costs also include Borrowing Cost if the recognition criteria are met.

· When a major inspection/repair occurs, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of previous inspection/repair is derecognized.

· Depreciation has been provided on straight line method in terms of expected life span of assets as referred to in Schedule II of the Companies Act, 2013.

S.No.	Description of Assets	Useful life
1	Office building	60
2	Furniture and fixture	10
3	Vehicle	8
4	Air Conditioner	10
5	Computer	3

· Components relevant to Property, plant and equipment, where significant, are separately depreciated on straight line basis in terms of their life span assessed by technical evaluation in item specific context.

· Sales of Property, plant and equipment any profit earned/loss sustained towards excess/shortfall of sale value vis-a-vis carrying cost of assets is accounted for in statement of profit & loss.

3.2 Impairment

The carrying amount of Property, plant and equipment, Intangible assets and Investment property are reviewed at each Balance Sheet date to assess impairment if any, based on internal / external factors. An asset is treated as impaired, when the carrying cost of asset exceeds its recoverable value, being higher of value in use and net selling price. An impairment loss is recognized as an expense in the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed, if there has been an improvement in recoverable amount.

3.3 Inventory Valuation

Inventories are valued at the lower of cost or net realizable value. Cost includes purchase price, duties, transport & handling costs and other costs directly attributable to the acquisition and bringing the inventories to their present location and condition.

The basis of determination of cost remains as follows:

- Raw material, Packing Material: Moving Weighted Average Basis;
- Stores & spares: at standard cost which approximates the cost;
- Work-in-progress: Cost of input plus overhead up to the stage of completion;
- Finished Goods: Cost of input plus appropriate overhead.

3.4 Financial Assets & Liabilities

A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

At initial recognition, all financial assets are measured at fair value. Such financial assets are subsequently classified under following three categories according to the purpose for which they are held. The classification is reviewed at the end of each reporting period.

3.4.1 Financial Assets

At initial recognition, all financial assets are measured at fair value. Such financial assets are subsequently classified under following three categories according to the purpose for which they are held. The classification is reviewed at the end of each reporting period.

3.4.1.1 Financial Assets at Amortized Cost

At the date of initial recognition, are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates. These financial assets are intended to be held until maturity. Therefore, they are subsequently measured at amortized cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of the financial asset. The EIR amortization is included as interest income in the profit or loss. The losses arising from impairment are recognized in the profit or loss.

3.4.1.2 Financial Assets at Fair value through Other Comprehensive Income

At the date of initial recognition, are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates, as well as held for selling. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognized in Other Comprehensive Income (OCI). Interest income calculated using the effective interest rate (EIR) method, impairment gain or loss and foreign exchange gain or loss are recognized in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognized in Other Comprehensive Income is reclassified from the OCI to Statement of Profit and Loss.

3.4.1.3 Financial Assets at Fair value through Profit or Loss

At the date of initial recognition, financial assets are held for trading, or which are measured neither at Amortized Cost nor at Fair Value through OCI. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognized in the Statement of Profit and Loss.

- **Investment in Equity Shares**

Investment in equity instruments which are held for trading are classified as at fair value through profit or loss ('FVTPL'). For all other equity instruments, the company makes an irrevocable choice upon initial recognition, on an instrument by instrument basis, to classify the same as fair value through other comprehensive income ('FVTOCI') or fair value through profit or loss ('FVTPL'). Amount presented in other comprehensive income are not subsequently transferred to profit or loss.

- **Trade Receivables**

A Receivable is classified as a 'trade receivable' if it is in respect to the amount due from customers on account of goods sold or services rendered in the ordinary course of business. Trade receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment. For some trade receivables the Company may obtain security in the form of guarantee, security deposit or letter of credit which can be called upon if the counterparty is in default under the terms of the agreement.

- **Cash and Cash Equivalents**

Cash and cash equivalents comprise cash on hand, cash at bank and demand deposits with banks with an original maturity of three months or less which are subject to an insignificant risk of change in value.

- **Other Bank Balances**

Deposits with banks with an original maturity of more than three months but subject to 12 months are shown under this head.

- **De-recognition of Financial Assets**

Financial Asset is primarily derecognized when:

- The right to receive cash flows from asset has expired, or
- The Company has transferred its right to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement and either:
 - a) The Company has transferred substantially all the risks and rewards of the asset, or
 - b) The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its right to receive cash flows from an asset or has entered into a pass through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

3.4.2 Financial Liabilities

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, and derivative financial instruments. Subsequently, the measurement of financial liabilities depends on their classification, as described below:

3.4.2.1 Financial Liabilities at Fair Value through Profit or Loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial measurement recognition at fair value through profit or loss. Financial liabilities at fair value through profit or loss are at each reporting date with all the changes recognized in the Statement of Profit and Loss.

3.4.2.2 Financial Liabilities measured at Amortized Cost

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the effective interest rate method ('EIR') except for those designated in an effective hedging relationship. The carrying value of borrowings that are designated as hedged items in fair value hedges that would otherwise be carried at amortized cost are adjusted to record changes in fair values attributable to the risks that are hedged in effective hedging relationship.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the Statement of Profit and Loss.

Loans and Borrowings

After initial recognition, interest-bearing borrowings are subsequently measured at amortized cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

Trade and Other Payables

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

De-recognition of Financial Liability

A Financial Liability is derecognized when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other income or finance costs.

Offsetting of Financial Instruments

Financial Assets and Financial Liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

3.5 Revenue Recognition

The Company earns revenue primarily from manufacturing of duplex board.

Effective April 1, 2018, the Company has applied Ind AS 115 “Revenue from Contracts with Customers” which establishes a comprehensive framework to depict timing and amount of revenue to be recognized. The Company has adopted Ind AS 115 using cumulative effect method, where any effect arising upon application of this standard is recognized as at the date of initial application (i.e. April 1, 2018). The standard is applied retrospectively only to contracts that are not completed as at the date of initial application and the comparative information in the interim statement of profit and loss is not restated – i.e. the comparative information continues to be reported under previous standards on revenue i.e. Ind AS 18 and Ind AS 11. There was no impact on adoption of Ind AS 115 to the financial statements of the Company.

Revenue is recognized when the Company satisfies the performance obligation by transferring the promised services to the customers. Services are considered performed when the customer obtains control, whereby the customer gets the ability to direct the use of such services and substantially obtains all benefits from the services. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved.

In order to determine, if it is acting as principal or as an agent, the entity shall determine whether the nature of its promise is a performance obligation to provide the specified services itself (i.e. the entity is a principal) or to arrange for those services to be provided by the other party (i.e. the entity is an agent) for all its revenue arrangements.

3.6 Employee Benefits

· Defined Benefit Plan

The Company’s Liabilities on account of Gratuity of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from Registered Actuary in accordance with the measurement procedure as per Indian Accounting Standard (INDAS)-19., ‘Employee Benefits’. The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

The Provident Fund Contribution other than contribution to Employees’ Regional Provident Fund, is made to trust administered by the trustees. The interest rate to the members of the trust shall not be lower than the statutory rate declared by the Central Government under Employees’ Provident Fund and Miscellaneous Provision Act, 1952. The Employer shall make good deficiency, if any.

The Defined Benefit Plan can be short term or long terms which are defined below:

i) Short-term Employee Benefit

All employees’ benefits payable wholly within twelve months rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus, ex-gratia are recognized during the period in which the employee renders related service.

ii) Long-term employee Benefits

Compensated absences which are not expected to occur within 12 months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation at the balance sheet date.

iii) Termination Benefits

Termination benefits are recognized as an expense in the period in which they are incurred. The Company shall recognise a liability and expense for termination benefits at the earlier of the following dates:

- (a) When the entity can no longer withdraw the offer of those benefits; and
- (b) When the entity recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of termination benefits.

3.7 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

3.8 Income Tax

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternate Tax

Minimum Alternate Tax credit is recognized, as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period.

3.9 Earnings per Share (EPS)

Basic earnings per equity share are computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period.

Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

3.10 Provisions and Contingent Liabilities /Assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement. Contingent liabilities are not recognized but are disclosed in notes.

Contingent Assets are not recognized in financial statements but are disclosed, since the former treatment may result in the recognition of income that may or may not be realized. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate.

3.11 Leases

Ind AS 116, Leases (new standard on lease) is effective for the financial year beginning from 1st April, 2019. The new standard has a significant impact on the Lessee accounting and it prescribes a single lease model which requires capitalization of Right of Use (ROU) assets on the basis of future lease rentals and creations of leasehold obligation in the books of the lessee. The standard provides short term exemption and low value exemption wherein the assets and liability accounting may not be required and the lessee can record rental expenses in profit and loss. Other than these two exemptions there will not be any rent in the profit and loss and instead of rent there will be depreciation and interest cost will arise. There is no impact due to notification of this standard as the company has availed short term exemption and rent expense is reflecting in the statement of profit and loss.

3.12 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

3.13 Classification of Assets and Liabilities as Current and Non-Current

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as noncurrent.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

3.14 Fair value Measurement

The Company measures financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability.
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measure using the assumptions that market participants would used when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non financial asset takes into account a market participant's ability to generate economic benefits by using the assets in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure the fair value, maximizing the use of relevant observable inputs and maximizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured and disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level inputs that is significant to the fair value measurement as a whole:

1. Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.
2. Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices)
3. Level 3 – Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorization at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

3.15 Foreign Currency Transactions & Translations

Financial statements are presented in Indian Rupee, which is Company's functional currency. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement of monetary items on actual payments / realisations and year end translations are dealt with in Profit and Loss Statement. Non-Monetary Foreign Currency items are stated at cost.

S.No.	Particulars	During Current Reporting Period	During Previous Reporting Period
(i)	Export of goods calculated on FOB basis	Nil	Nil
(ii)	Royalty, know-how, professional and consultation fees,	Nil	Nil
(iii)	Interest and dividend	Nil	Nil
(iv)	Other income, indicating the nature thereof.	Nil	Nil

3.16 Significant Accounting Judgments, Estimates and Assumptions

In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgements which have significant effect on the amounts recognized in the financial statement:

- Income Taxes

Judgment of the Management is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the standalone financial statements.

- Contingencies

Judgment of the Management is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the company as it is not possible to predict the outcome of pending matters with accuracy.

- Allowance for uncollected accounts receivable and advances

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management deems them not collectible. Impairment is made on ECL, which are the present value of the cash shortfall over the expected life of the financial assets.

- Defined Benefit Plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in future. These Includes the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

- Fair Value Measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

NOTE '39'**FAIR VALUES**

Set out below is the comparison by class of the carrying amounts and fair value of the Company's financial instruments that are recognised in the financial statements.

(Rs. in Lakhs)

PARTICULARS	Carrying Amount		Fair Value	
	As at 31.03.2026	As at 31.03.2025	As at 31.03.2026	As at 31.03.2025
Financial Assets				
- At amortised cost				
Trade receivables	3,901.86	4,373.12	3,901.86	4,373.12
Cash and cash equivalents	115.25	9.49	115.25	9.49
Bank balances other than covered above	6.96	20.62	6.96	20.62
Financial Liabilities				
- At amortised cost				
Borrowings (non-current)	309.49	588.34	309.49	588.34
Borrowings (current)	469.32	907.86	469.32	907.86
Trade payables	2,186.53	1,900.09	2,186.53	1,900.09
Other Non Current Liability	157.31	101.31	157.31	101.31

The following methods / assumptions were used to estimate the fair values:

- (i) The carrying value of cash and cash equivalent, other bank balances, trade receivables, short term borrowings, other financial liabilities and trade payables approximate their fair value mainly due to the short-term maturities of these instruments.
- (ii) The fair value of non current borrowings is estimated by discounting future cash flows using rates applicable to instruments with similar terms, currency, credit risk and remaining maturities. The fair values of non current borrowings is assessed by the management to be same as their carrying value and is not expected to be significantly different if estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities.

There are no significant unobservable inputs used in the fair value measurement.
