- d) In case the shares held in dematerialized form please update any change in your address (including pin code), bank details to your respective Depository Participant.

11. Voting through electronic means

In compliance with provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended from time to time and Regulation 44 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, Members are provided with the facilities to cast their votes on all resolutions set forth in the Notice of the Annual General Meeting using electronic means and business may be transacted through remote e-voting. The Company has engaged the service of Central Depository Services (India) Ltd. (CDSL) as the authorized agency to provide the remote e-voting facilities.

The facility for voting through ballot paper shall be made available at the Annual General Meeting and the members attending the meeting who have not cast their vote by remote e-voting shall be able to exercise their right at the meeting through ballot paper.

The members who have cast their vote by remote e-voting prior to the Annual General Meeting may also attend the Annual General Meeting but shall not be entitled to cast their vote again.

The notice of the e-voting process along with printed Attendance Slip and Proxy Form is being dispatched to all the Members. The e-voting particulars are provided at the bottom of the Attendance Slip.

The Instructions for E-Voting are as under:

- (i) The remote e-voting period begins from 27-09-2022 from 9.00 A.M. and ends on 29-09-2022 till 5.00 P.M. During this period, shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off/entitlement date of 23-09-2022 may cast their vote electronically. The remote e-voting module shall be disabled by Central Depository Services (India) Ltd. for voting thereafter.
- (ii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iii) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Management Discussion and Analysis Report has to be read in conjunction with the Company's financial statements, covering overall performance and outlook of its activities which read as follows:

MACROECONOMIC VIEW

The Indian economy had begun to recover since the second half of FY2021. Thus, FY2022 began with an expectation that we would soon see GDP surpass the pre-pandemic level of the financial year 2019-20 (FY2020). The service sector which accounts for more than half the Indian economy was most impacted on account of the COVID-19 restrictions especially for activities that needed human contact. Although the overall service sector now contributes to 54% of the GDP as against the pre-pandemic levels of 55%, there is a wide dispersion of performance among the different sub-sectors. The financial, real estate and the public administration segments are now well above the pre-pandemic levels. However, contact sensitive segments like travel, trade and hotels are yet to reach the pre-pandemic levels of value added.

Although private consumption expenditure barely crossed the pre-pandemic levels, growth of government consumption expenditure and gross fixed capital formation made up for the muted private consumption expenditure. GST collection is a good indicator to assess country's growth and economic recovery, it increased by over 30% in FY2022 to ₹ 14.83 lakh crore, indicating revival and growth momentum.

The Government of India announced a growth oriented and expansionary budget for the FY2023 with a strong push on investments to lift economic growth. The compounded annual growth rate for capital expenditure of FY2023 over FY2020 is projected at 28% while revenue expenditure is contained at 12%. The budget's expectation is that such capex-led growth would take India on a growth path even at the cost of a fiscal deficit of 6.4% in FY2023, coming on top of 6.8% in FY2022.

Inflation has emerged as a global challenge owing to the surge in energy prices, non-food commodities, input prices disruptions of global supply chains and rising freight costs. In India, retail inflation measured by the Consumer Price Index (CPI) edged up to 6.95% in March 2022 from 5.66% in December 2021. The food group registered a significant decline in prices primarily on account of vegetables, meat and fish, edible oils, and fruits. Fuel inflation eased in December 2021 but remained in double digit and remains a serious cause of worry.

The RBI introduced its Resolution Framework-2.0 in May 2021 during the outbreak of the deadly second wave which gave impacted and vulnerable borrowers breathing space to meet their repayment obligations. Simultaneously, the RBI maintained adequate liquidity to support its accommodative stance throughout the year. It resorted to rebalancing liquidity on a dynamic basis without compromising systemic liquidity. Moreover, the RBI kept its key policy rates including repo rate, reverse repo rate and bank rate unchanged at 4%, 3.35% and 4.25% respectively throughout FY2022.

On balance, we believe that the Indian economy is well positioned to counter the challenges posed by any new waves of the pandemic. The inflation challenge needs to be tackled carefully without resorting to sharp interest rate hikes, as it may dampen the pace of economic recovery. The other serious risk relates to major disruptions in the global supply chains mostly emanating from China; and, more recently, with the Ukraine conflict, from Russia. It is difficult to predict how these will play out. So, we need to be prepared for continuous volatility and external disruptions.

In October 2021 and December 2021, the RBI introduced the Scale Based Regulation (SBR) and Prompt Corrective Action (PCA) framework for the NBFCs, which would come into force from October 1, 2022 that include:

a) All non-deposit taking NBFCs with asset size of Rs. 50bn and above and all deposit taking NBFCs irrespective of their asset size, shall maintain a liquidity buffer in terms of LCR. This measure ensures that in the event of liquidity crisis, the NBFCs will be in a position to meet their short-term financial obligations. The moot point of introducing LCR appears to keep a check on asset liability mismatch.

b) Earlier classification of NBFCs into deposit taking and non-deposit taking has now been replaced with (i) NBFC Base Layer (NBFC-BL); (ii) NBFC Middle Layer (NBFC – ML); and (iii) NBFC Upper Layer (NBFC- UL). There is also an NBFC Top Layer (NBFC- TL), which is expected to remain empty until the RBI feels it necessary to move NBFCs from the NBFCUL. The intention behind this four-tier classification is to ensure that the NBFCs not taking public funds will remain in the base layer since that warrants a lesser degree of scrutiny. All deposit-taking NBFCs and non-deposit-taking NBFCs with an asset size exceeding Rs.10bn have been placed in the middle layer to ensure more focus on those entities, which are more likely to fail and, on whose failure, there would be a significant impact on the functioning of financial institutions. The upper layer is intended to be populated with those entities, which in the opinion of the RBI require intense scrutiny.

c) The RBI has introduced PCA for NBFCs. PCA will enable supervisory intervention at appropriate time and require the supervised entity to initiate and implement remedial measures in timely manner to restore its financial health. PCA for NBFCs is based on the financial position of NBFCs on or after March 31, 2022. It will be applicable to all deposit-taking NBFCs excluding government NBFCs, primary dealers and housing finance companies and other non-deposit-taking NBFCs in the middle, upper and top layers.

The regulatory vigil over the NBFCs continues with focus on four key cornerstones of (i) responsible financial innovation,

(ii) accountable conduct, (iii) responsible governance, and (iv) centrality of the customer.

INDUSTRY VIEW

NBFCs have become important constituents of the financial sector and have been recording higher credit growth than scheduled commercial banks (SCBs) over the past few years. NBFCs are leveraging their superior understanding of regional dynamics and customised products and services to expedite financial inclusion in India. Lower transaction costs, quick decision making, customer orientation and prompt service standards have typically differentiated NBFCs from banks. Considering the reach and expanse of NBFCs, they are well-suited to bridge the financing gap in a large country like India. Systemically Important NBFCs have demonstrated agility, innovation, and frugality to provide formal financial services to millions of Indians.

The systemic importance of the NBFC sector can be gauged by the following facts:

- The NBFC sector (including HFCs) has assets worth more than ₹ 54 lakh crore as of 31 March 2021, equivalent to about 25% of the balance sheet size of the banking sector — up from 12% of the balance sheet size of banks in 2010.
- Over the last five years, NBFC's assets have grown at cumulative average growth rate of 17.9%.
- NBFCs were the largest net borrowers of funds from the financial system, with gross payables of ₹ 12.06 lakh crore and gross receivables of ₹ 1.65 lakh crore as of 30 September 2021. HFCs were the second largest net borrowers of funds from the financial system, with gross payables of ₹ 7.38 lakh crore and gross receivables of ₹ 0.61 lakh crore as of 30 September 2021.
- Credit delivery growth of NBFCs in terms of the share of GDP has grown from 8.6% in FY2013 to 13.7% in FY2021. This is an enviable track record despite the business models of the NBFCs being severely tested by four large external events in the last few years, namely, (i) demonetisation, (ii) GST implementation, (iii) failure of few large NBFCs, and (iv) the pandemic. The fact that many NBFCs have managed to overcome these stresses without significant impact on financial position is a testimony to their resilience and agility.

We believe that NBFCs with superior capital adequacy, better margins, frugal cost management, prudent risk management and those incorporating above four key cornerstones in their business models will continue to deliver sustainable growth in the foreseeable future.

FINANCIAL PERFORMANCE-OVERVIEW

Sarvottam Finvest Limited ("The Company") is a registered Non-Banking Financial Company (NBFC). The performance of the Company is discussed in the Directors' Report. The Company is listed on Calcutta Stock Exchange Limited and Bombay Stock Exchange. The financial statements of the Company are prepared in compliance with applicable provision of the Companies Act, 2013 and applicable Indian Accounting Standards. The Company has earned income from financing, providing loans and advances trading of securities, interest and dividend. The Company will extend the business further through identification of promising investment opportunities, through leveraging its resources. Company is also looking forward to expand its operations in the other fields permitted by the regulator, in conformity with its present status. The Company is engaged in the businesses permitted for Non-Banking Financial Company and offered a wide range of fund based financial services to its customers. Nearly 100 percent of the operating profits were contributed by core businesses viz., lending, trading in securities and investments.

CAPABILITIES AND STRATEGY

India's financial services sector comprises of commercial banks/co-operative banks, non-banking financial companies, insurance companies, pension / mutual funds and other various entities. India is expected to be fourth largest private wealth market globally by 2028. The NBFC sector plays important role in financial inclusion by meeting credit needs of retail and MSME sector. The NBFC sector provides efficient credit distribution reach to untapped and under-penetrated regions and customer class. It brings the much-needed diversity to the financial sector by providing consumer credit, including automobile finance, home finance and consumer durable products finance, wholesale finance products such as bills discounting for small and medium companies and fee based services such as investment banking and underwriting. NBFCs have carved niche business areas for them within the financial sector space and are also popular for providing customized products. Few NBFCs have upheld their position in this market. However, intense competition, dynamic environment, compliance framework and stricter regulations are forcing companies to change its framework. The Company is helping enterprises to rationalize and making business operationally efficient and remain cost competitive in market. The Company is in process of creating a separate niche in market. The Company's strategy for long term profitable growth is based on continuous scaling and updated to its core businesses, while investing in new customers, services, markets and industries. The Company's strategy of strengthening the current business and investing in future revolves around:

1. Customer centricity.
2. Proximity to client's location.
3. Transparent communication.
4. Flexible control systems

OPPORTUNITY AND THREATS

Non-Banking Financial Companies ("NBFCs") remain one of the most important pillars for ushering financial inclusion in India, reaching out to a hitherto under/served populace and in the process leading to "formalization" of the credit demand. The NBFCs cater to the needs of both the retail as well as commercial sectors and, at times, have been able to develop strong niches with their specialized credit delivery models that even larger players including banks, have found hard to match. This has further provided a fillip to employment generation and wealth creation and in the process, bringing in the benefits of economic progress to the weaker sections of the society. The last two years were challenging on account of the pandemic during which both business and collections were severely impacted. However, from Q2 FY 2021-22, credit growth has picked up significantly due to receding impact of COVID shutdowns, the pent-up demand in the economy and an uptick in multiple economic indicators. This was evidenced as per RBI's 'Data on sectoral deployment of bank credit' wherein non-food bank credit registered a y-o-y growth of 9.7% in March 2022. While the economy is on the path to recovery, there are certain headwinds that may impact the growth and credit offtake. The NBFC sector may get impacted if elevated levels of retail inflation, crude oil prices and supply chain disruptions continue over a prolonged period. Borrowing rate is expected to rise in the wake of rate hikes announced by RBI in May 2022, which may lead to pressure on margins. Any loan re-pricing may lead to reduced demand as well as deterioration in credit quality for small borrowers. However, there's room for optimism – receding pandemic impact along with large vaccinated population, rising private investments, higher consumption levels and thrust on capital expenditure in Union Budget 2022 shall in tandem lead to a higher growth trajectory for the economy. This shall also translate into a better performance vis-à-vis the year gone by for most of the leading financial services institutions including NBFCs. With its strong parentage, brand recognition, liquidity and strong distribution network, Sarvottam Finvest Limited is poised to capitalize on this opportunity and foresee an increase in market share across all segments with the introducing new products and tapping deeper markets. Further, the Company's robust risk management framework with a deep understanding of underwriting and credit controls shall help to mitigate the risk of deterioration in asset quality.

RISKS AND CONCERNS

The Company aims to operate within an effective risk management framework to actively manage all the material risks faced by the organization and make it resilient to shocks in a rapidly changing environment. It aims to establish consistent approach in management of risks and strives to reach the efficient frontier of risk and return for the organization and its shareholders. Broad categories of risk faced by the Company are Credit Risk, Market Risk, Operational Risk, Fraud Risk, Compliance Risk, Cyber Security and Reputation Risk. The risk management policies are well defined for various risk categories supplemented by periodic monitoring through the sub committees of the Board

(i) The Company reviews its risk factors annually in order to keep it aligned with the changing global risks.

(ii) The Company manages such risks by maintaining a conservative financial profile and following prudent business and risk management practices.

(iii) The company is operating on a well-defined plan and strategy; hence we are equipped to face any change in regulatory risk.

(iv) The risk appetite is enunciated by the Board from time to time.

IMPACT OF COVID - 19

The beginning of financial year 2021-22 (FY2022) was once again dominated by the COVID-19 pandemic as new waves of infection swept across the world. In India, the second wave (called 'Delta') proved far more lethal than the first that struck in 2020. After a shaky start in some places, the vaccine immunisation programme by the Indian Government and Governments across the world has been exemplary. It saved lives and livelihood.

The highly transmissible variant 'Omicron' in early January 2022 (the third wave) spread rapidly across the world. During this wave, India's daily number of reported cases peaked to nearly 350,000 on 20 January 2022. Faced with the prospect of yet more lockdowns, there was fear that the world would face yet another year of slow economic growth. Fortunately, while highly transmissible, Omicron was not as lethal as Delta. So, while many got infected, fatality rate was fortunately low. As long as the new variants are like Omicron, we should have less to worry about mass hospitalisations, high mortality, multiple lockdowns and lower growth.

This pandemic has inflicted enormous pain and suffering to individuals and corporates alike across the world. However, it gave the world an opportunity to reinvent itself to adapt to new ways of life and business. COVID-19 was a real test of resilience and agility for every business. Corporations that have successfully adapted the challenges thrown by COVID-19 have become more resilient and prepared to weather future disruptions. It was not just the corporate sector that has been forced to rapidly adapt. Public services organisations, regulators, governments, and local administrations have demonstrated their potential to adapt and overcome.

COMPLIANCE

We have a robust risk management framework covering all elements of risk management which is aligned to RBI requirements and also other international best practices. The company regularly monitors the changes in legislation pertaining to employment, labour and immigration laws across the globe to ensure total compliance assisted by regular audits. The key areas where the Company needs to introduce new policies or modify the existing policies to remain compliant are identified and acted upon. The Company has complied with all the regulations and guidelines of RBI applicable to a Non-Banking Finance Company.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has adequate internal control system commensurate with its size and nature of business. Conforming to the requirements of the regulatory authorities such as the RBI and the SEBI and consistent with the requirements of the Listing agreements with the Stock Exchanges, the company has institutionalized an elaborate system of control processes designed to provide a high degree of assurance regarding the effectiveness and efficiency of operations, the adequacy of safeguards for assets, reliability of financial controls and compliance with applicable laws and regulations. These systems are designed in a manner to provide reasonable assurance about the integrity and reliability of the financial statements. The Internal Auditors are mandated to carry out periodical audit and report on areas of non-compliances/weaknesses. Corrective actions in case of reported deficiencies, if any, are taken actively to further strengthen the internal control systems. These reports are reviewed by the Audit Committee of the Board of Directors for follow-up action and instructions are issued for taking necessary measures. The Company's present business operations are preponderantly that of a Loan Company, future of which largely depends upon financial and capital markets. The Company has exposure in financially sound entities. The management is optimistic about the future outlook of the Company. Further, more promising areas of activity are being explored on a sustained basis. The Company will expand its activities, consistent with its status as a Non-Banking Finance Company.

HUMAN RESOURCES

The Company firmly believes that intellectual capital and human resources is the backbone of the Company's success. The Company always treats human resources as its most valuable assets and continuously evolves policies and process to attract and retain its substantial pool of managerial resources through friendly work environment. The Company has always aimed to create a work place where every person can achieve his optimum potential. In view of this, the Company encourages its people to balance their professional and personal responsibilities leading to a more productive tenure of its employees. The Company lays great emphasis on building a motivated work force, which can participate constructively in the growth of the Company. The pandemic has brought impactful changes in all our lives highlighting importance of social distancing, wearing of masks, use of sanitizers, maintaining cleanliness to mitigate spread of Corona virus and developing habits of living with the Corona virus, the longevity of which is not yet known. The Company continued to create awareness amongst employees to strictly follow the Social Distancing protocol and mitigate the health risks during the pandemic by adapting to new methods of efficient working, striking work-life balance, switching to Work From Home (WFH) whenever necessary.

INDEPENDENT AUDITORS' REPORT

To the Members,
Sarvottam Finvest Limited

Report on the Audit of the IndAS Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **SARVOTTAM FINVEST LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss, Statement of changes in equity and Statement of Cash Flows for the year then ended, and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and profit/ loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current year. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that the matter described below to be the key audit matter to be communicated in our report.

<u>Sr. No.</u>	<u>Key Audit Matters</u>	<u>How the matter was addressed in our audit:</u>
1.	Impairment loss allowance of loans ("Impairment loss allowance") is a key audit matter as the Company has significant credit risk exposure. The value of loans on the balance sheet is significant and there is a high degree of complexity and judgment involved for the Company in estimating individual and collective credit impairment provisions, write-offs against these loans and to additionally determine	We started our audit procedures with the understanding of the internal control environment related to Impairment loss allowance. Our procedures over internal controls focused on recognition and measurement of impairment loss allowance. We assessed the design and tested the operating effectiveness of the selected key controls implemented by the Company.

	<p>the potential impact of unprecedented COVID-19 pandemic on asset quality and provision of the Company.</p> <p>The Company's model to calculate expected credit loss ("ECL") is inherently complex and judgment is applied in determining the three-stage impairment model ("ECL Model"), including the selection and input of forward-looking information. ECL provision calculations require the use of large volumes of data. The completeness and reliability of data can significantly impact the accuracy of the modelled impairment provisions. The accuracy of data flows and the implementation of related controls are critical for the integrity of the estimated impairment provisions.</p>	<p>We also assessed whether the impairment methodology used by the Company is in accordance with the assumptions and methodology approved by the Board of Directors of the Company, which is based on and in compliance with Ind AS 109, "Financial instruments". More particularly, we assessed the approach of the Company regarding the definition of default, Probability of Default, Loss Given Default and incorporation of forward-looking information for the calculation of ECL.</p> <p>For loans which are assessed for impairment on a portfolio basis, we performed particularly the following procedures:</p> <ul style="list-style-type: none"> - tested the reliability of key data inputs and related management controls; - checked the stage classification as at the balance sheet date as per definition of default; - validated the ECL model and calculation; - calculated the ECL provision manually for a selected sample.

Emphasis of Matter

We draw attention to note no. 2 to the standalone financial statements in which the Company describes the continuing uncertainties arising from the COVID-19 pandemic.

Our opinion is not modified in respect of this matter.

Information other than the financial statements and Auditors' report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Board's Report (including annexures thereto), Management Discussion and Analysis and Report on Corporate Governance (collectively referred to as 'other information') but does not include the standalone financial statements, and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for the safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent and design, implementation, and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that gives a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern, and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- a) Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has an adequate internal financial controls system in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty

exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- e) Evaluate the overall presentation, structure, and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure ('Annexure A') a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, Statement of Profit and Loss, Statement of changes in equity, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of written representations received from the Directors as on March 31, 2022, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022, from being appointed as a director in terms of Section 164(2) of the Act.

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”.
- (g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors), 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its financial position.
 - ii. In our opinion and as per the information and explanations provided to us, the Company has not entered into any long-term contracts including derivative contracts, requiring provision under applicable laws or accounting standards, for material foreseeable losses
 - iii. There were no amounts that were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. a) The company has not advanced any funds to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
b) The company has not received any funds from any persons or entities, including foreign entities (“Funding Parties”) with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The company has not declared or paid any dividend during the year.
3. With respect to the matter to be included in the Auditors’ Report under Section 197 (16):
In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act.

- (b) The Company has conducted the non-banking financial activities with a valid Certificate of Registration ('CoR') from the RBI as per the RBI Act. The Company has not conducted any housing finance activities and is not required to obtain CoR for such activities from the RBI.
- (c) The Company is not a Core Investment Company (CIC) as defined under the Regulations by the Reserve Bank of India. Accordingly, reporting under clause (xvi)(c) and (d) of paragraph 3 of the Order are not applicable.
- (d) As informed by the Company, the Group to which the Company belongs has no CIC as part of the Group.
- (xvii) The company has not incurred cash losses in this financial year and in the immediately preceding financial year.
- (xviii) There has not been any resignation of the statutory auditors during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the Ind AS financial statements and our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which cause us to believe that any material uncertainty exists as on the date of this audit report and that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.
- (xx) The provision of section 135 of the Companies Act, 2013 does not apply to the company. Hence, reporting under clause (xx) of paragraph 3 of the Order is not applicable.
- (xxi) The reporting under clause (xxi) is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

ANNEXURE 'B' TO THE INDEPENDENT AUDITORS REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF SARVOTTAM FINVEST LIMITED

Report on the Internal Financial Controls under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Sarvottam Finvest Limited ("the Company")** as of 31st March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation, and maintenance of, adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and retained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide

reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting, and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements for the year ended March 31, 2022

Note No. 1 - Corporate Information

Sarvottam Finvest Ltd. ('the Company', 'SFL') is a company limited by shares, incorporated on 30 November 1978 and domiciled in India. The Company is engaged in the business of financing, providing loans and advances, inter-corporate deposits and investment & trading in shares & securities. Its shares are listed on The Calcutta Stock Exchange Limited and BSE Limited. The Company has its registered office at 3, Bentinck Street, Kolkata, West Bengal, India.

The Company is a non-deposit taking Non-Banking Financial Company (NBFC), registered with the Reserve Bank of India (RBI) with effect from 09-July -2012, with Registration No. B.05.01047 and classified as NBFC Investment and Credit Company (NBFC-ICC) pursuant to circular DNBR(PD) CC No. 097/03.10.001/2018-19 dated 22 February 2019.

The audited financial statements were subject to review and recommendation of Audit Committee and approval of Board of Directors. On 30 May 2022, Board of Directors of the Company approved and recommended the audited financial statements for consideration and adoption by the shareholders in its annual general meeting.

Note No. 2 - Basis of Preparation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under Section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act and the Master Direction – Non-Banking Financial Company – Non-Systemically Important Non-Deposit taking Company (Reserve Bank) Directions, 2016 ('the NBFC Master Directions') issued by RBI. Despite the outbreak of Covid-19, the financial statements have been prepared on a going concern basis. The Company uses accrual basis of accounting except in case of significant uncertainties.

(i) Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded off to the nearest rupees, unless otherwise indicated.

(ii) Use of Estimates & Judgements

The preparation of these Financial Statements requires management judgements, estimates and assumptions that affect the application of Accounting Policies, the Accounting disclosures made and the reported amounts of Assets, Liabilities, Income and Expenses. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to Accounting estimates are recognised in the period in which the estimates are revised and any future periods effected pursuant to such revision.

Estimation of uncertainties relating to the global health pandemic from COVID-19:

The management has assessed the potential impact of COVID-19 on the financial results of the Company. In assessing the carrying value of its assets, the Company has considered internal and certain external information up to the date of approval of these financial results including economic forecasts. The Company expects to recover the carrying amount of these assets. The Company will keep monitoring any future material changes due to the global health pandemic in estimates as at the date of approval of these financial results.

Note No. 3 - Significant Accounting Policies

The note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

3.1 Revenue Recognition*(i) Interest income*

Interest income is calculated by applying effective interest rate.

(ii) Dividend income

Dividend on shares & securities is recognised on receipt basis.

(iii) Sale of stock-in-trade

Notes to the Financial Statements for the year ended March 31, 2022

Revenue is recognized on satisfaction of performance obligation upon transfer of control of products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services.

3.2 Expenditures*(i) Finance costs*

Borrowing costs on financial liabilities are recognised using the Effective interest rate.

(ii) Other expenses

Other expenses which are not directly linked to the sourcing of financial assets are recognised in the Statement of Profit and Loss on an accrual basis.

3.3 Cash and cash equivalents

Cash and cash equivalents include cash on hand, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

3.4 Financial Instruments

A financial instrument is defined as any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Trade receivables and payables, loan receivables, investments in securities and subsidiaries, debt securities and other borrowings, preferential and equity capital etc. are some examples of financial instruments. All the financial instruments are recognised on the date when the Company becomes party to the contractual provisions of the financial instruments. For tradable securities, the Company recognises the financial instruments on settlement date.

3.5 Financial assets

Financial assets include cash, or an equity instrument of another entity, or a contractual right to receive cash or another financial asset from another entity. Few examples of financial assets are loan receivables, investment in equity and debt instruments, trade receivables and cash and cash equivalents.

3.5.1 Classification and subsequent measurement

The Company has applied Ind As 109 and classifies its financial assets in the following measurement categories: - Fair value through profit or loss (FVTPL)

- Fair value through other comprehensive income (FVOCI); or
- Amortised cost

Fair value through profit or loss; Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss; A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in statement of profit and loss in the period in which it arise, unless it arises from debt instruments that were designated at fair value or which are not held for trading. Interest income from these financial assets is included in 'interest income' using the effective interest rate method.

Fair value option for financial assets; The Company may also irrevocably designate financial assets at fair value through profit or loss if doing so significantly reduces or eliminates an accounting mismatch created by assets and liabilities being measured on different bases.

Amortised Cost; Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest ('SPPI'), and that are not designated at FVTPL, are measured at amortised cost. The carrying amount of these assets

Is adjusted by any expected credit loss allowance recognise and measured .Interest income from these financial assets is recognised using the effective interest rate method.

However, the loans granted by the company are in the nature of repayable on demand and the time period of the same is uncertain and as a result, amortised cost of loans has not been taken.

Notes to the Financial Statements for the year ended March 31, 2022

3.5.2 Interest Income

Interest income is calculated by applying the effective interest rate to the gross carrying amount of financial assets, except for:

- a) Purchased or originated credit impaired (POCI) financial assets, for which the original credit –adjusted effective interest rate is applied to the amortised cost of that financial assets.
- b) Financial assets that are not 'POCI' but have subsequently become credit-impaired (or 'stage 3'), for which interest revenue is calculated by applying the effective interest rate to their amortised cost (i.e. net of the expected credit loss provision).

The effective interest rate is the exactly discounts estimated future cash payments or receipts through the expected life of the financial assets or liability to the gross carrying amount of a financial assets (i.e, its amortised cost before any impairment allowance) or to the amortised cost of a financial liability. The calculation does not consider expected credit losses and includes transaction cost, premiums or discounts and fees and points paid or received that are integral to the effective interest rate, such as origination fees. For FVOCI financial assets –assets that are credit impaired at initial recognition the company calculates the credit-adjusted effective interest rate, which is calculated based on the amortised cost of the financial assets instead of its gross carrying amount and incorporates the impact of expected credit losses in estimated future cash flows.

3.5.3 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets. The Company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair values gains and losses to profit or loss following the derecognition of the investment. Changes in the fair value of financial assets at fair value through profit or loss are recognised in net gain/loss on fair value changes in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Gains and losses on equity investments at FVTPL are included in the statement of Profit and Loss.

3.5.4 Impairment

The Company assesses on a forward looking basis the expected credit losses (ECL) associated with its debit instruments carried at amortised cost and FVOCI and with the exposure arising from loan commitments and financial guarantee contracts. The Company recognizes a loss allowance for such losses at each reporting date.

The measurements of ECL reflects:

- An unbiased probability-weighted amount that is determined by evaluating a range of possible outcome;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The measurement of the ECL allowance is an area that requires the use of complex models and significant assumptions about future economic condition and credit behaviour (e.g. the likelihood of customers defaulting and the resulting losses.)

3.5.5 Write-off policy

The Company writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include (i) ceasing enforcement activity and (ii) where the company's recovery method is foreclosing on collateral and the value of the collateral is such that there is no reasonable expectation of recovering in full.

3.5.6 Derecognition other than on a modification

Financial assets, or a portion thereof, are derecognised when the contractual rights to receive the cash flows from the assets have expired, or when they have been transferred and either (i) the Company transfers substantially all the risk and rewards

Notes to the Financial Statements for the year ended March 31, 2022

of ownership, or (ii) the Company neither transfer nor retains substantially all the risks and rewards of ownership and the company has not retained control. The company directly reduces the gross carrying amount of a financial assets when there is no reasonable expectation of recovering a financial assets in its entirety or a portion thereof.

3.6 Property, plant and equipment (PPE)

Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated losses, if any. Cost includes expenses directly attributable to bringing the Asset to their location and conditions necessary for it to be capable of operating in the manner intended by the management.

Subsequent cost are included in the asset's carrying amount or recognized as separate asset, as appropriate, only when it is probable that is future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using the straight-line method to allocate their cost less their residual values on the basis of useful lives prescribed in Schedule II to the Companies Act, 2013.

The residual values are not more than 5% of the cost of an item of PPE. Depreciation methods, useful lives and residual values are reviewed at the end of each financial year and adjusted prospectively, if appropriate.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

3.7 Financial liabilities

Financial liabilities include liabilities that represent a contractual obligation to deliver cash or another financial assets to another entity, or a contract that may or will be settled in the entities own equity instruments. Few examples of financial liabilities are trade payables, debt securities and other borrowings and subordinated debts.

3.7.1 Initial measurement

All financial liabilities are recognised initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade payables, other payables, debt securities and other borrowings.

3.7.2 Subsequent measurement

After initial recognition, all financial liabilities are subsequently measured at amortised cost using the EIR [Refer note no. 3.1(i)]. Any gains or losses arising on derecognition of liabilities are recognised in the Statement of Profit and Loss.

3.7.3 Derecognition

The Company derecognises a financial liability when the obligation under the liability is discharged, cancelled or expired.

3.8 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet only if there is an enforceable legal right to offset the recognised amounts with an intention to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

3.9 Fair value measurement

The Company measures its qualifying financial instruments at fair value on each Balance Sheet date.

Fair value is the price that would be received against sale of an asset or paid to transfer a liability in an orderly transaction

Notes to the Financial Statements for the year ended March 31, 2022

between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place in the accessible principal market or the most advantageous accessible market as applicable. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy into Level I, Level II and Level III based on the lowest level input that is significant to the fair value measurement as a whole. For a detailed information on the fair value hierarchy, refer note no. 34. For assets and liabilities that are fair valued in

the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

3.10 Inventory

Inventories are stated at lower of cost and net realisable value. Cost is determined on first-in, first-out (FIFO) basis, as considered appropriate by the Company. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

Provision is made for obsolete/slow moving/defective stocks, wherever necessary.

3.11 Taxes

3.11.1 Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) prescribed therein. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current tax relating to items recognised outside profit or loss is recognised in correlation to the underlying transaction either in OCI or directly in other equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

3.11.2 Deferred tax

Deferred tax is provided using the Balance Sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for deductible temporary differences to the extent that it is probable that taxable profits will be available against which the deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets, if any, are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised either in OCI or in other equity. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

3.12 Impairment of non-financial assets

Notes to the Financial Statements for the year ended March 31, 2022

An assessment is done at each Balance Sheet date to ascertain whether there is any indication that an asset may be impaired. If any such indication exists, an estimate of the recoverable amount of asset is determined. If the carrying value of relevant asset is higher than the recoverable amount, the carrying value is written down accordingly.

3.13 Provisions and contingent liabilities

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. The Company also discloses present obligations for which a reliable estimate cannot be made. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Note No. 33 - Schedule to the Balance Sheet as required in terms of Non-Banking Finance Company - Non Systematically Important Non-Deposit taking (Reserve Bank) Directions, 2016 is annexed.

Note No. 34 - Fair values and fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market

The carrying amounts and fair values of financial instruments by category are as follows:
