MANAGEMENT DISCUSSION AND ANALYSIS REPORT

In this Management Discussion and Analysis Report, your Directors present a comprehensive overview of the company's performance, achievements and prospects for the financial year ended on 31st March, 2026. This report aims to provide stakeholders with insights into the company's operations, key financial metrics, risk management, opportunities, threats and future outlook.

INDIAN AGRI OVERVIEW

The agriculture sector is the largest source of livelihood in India. The country is one of the largest producers of agriculture and food products in the world. The agriculture and allied sector remains integral to the Indian economy, contributing significantly to employment, food security, and rural demand. As per the First Revised Estimates released in the RBI's April 2025 Monetary Policy Report, agriculture and allied sector GVA grew by 2.7% in FY 2023-24. For FY 2024-25, the First Advance Estimate projects a robust growth of 4.6%, supported by favorable weather conditions and increased procurement. The country produces many crops and food grains such as rice, wheat, pulses, oilseeds, coffee, jute, sugarcane, tea, tobacco, groundnuts, dairy products, fruits, etc. India remains the world's largest producer of pulses (~27 million tonnes) and millets (~50 million tonnes). Government initiatives like the NFSM, Millet Mission, and PDS integration continue to boost these segments. Looking ahead, with a normal monsoon forecast and sustained policy support, agriculture & allied GVA is expected to grow by 3.5%-4.0% in FY 2025-26 (per RBI outlook).

Your company is well-positioned to capitalize on these growth trajectories across pulses, millets, and other agri commodities.

GLOBAL BUSINESS ENVIRONMENT

According to the IMF's World Economic Outlook Update, January 2025, global growth is projected at 3.3% for both 2025 and 2026, slightly below the historical average of 3.7%. This forecast reflects an upward revision for the United States, offsetting downward revisions in other major economies. Global headline inflation is expected to decline to 4.2% in 2025 and 3.5% in 2026, with advanced economies likely to return to their inflation targets earlier than emerging market and developing economies.

INDIAN ECONOMIC REVIEW

The IMF's Article IV Consultation report for February 2025 highlights a resilient Indian economy projected to grow at 6.5% in FY2025, supported primarily by strong private consumption and stable macroeconomic fundamentals. Despite global uncertainties and domestic challenges, India continues to be one of the fastest-growing major economies.

Inflation is expected to moderate further, with food price pressures easing, helping to bring headline inflation closer to the Reserve Bank of India's target range. The current account deficit is forecasted to widen slightly to around 1.3% of GDP, driven by a modest increase in import demand, but is expected to remain manageable.

Key risks include potential weather-related shocks impacting agriculture, global trade tensions, and vulnerabilities in the financial sector. The report underscores the importance of continued structural reforms and increased private investment to sustain robust growth and enhance economic resilience.

Overall, the IMF maintains a positive outlook on India's medium-term growth trajectory, emphasizing the need for prudent fiscal management and policies to support inclusive development.

OUTLOOK

As part of its strategic transformation, the company also changed its name to Annvrridhhi Ventures Limited. The new name reflects the company's core vision—"Ann" meaning *food* and "Vrridhhi" meaning *growth* - symbolizing its commitment to sustainable growth in the agri-commodities sector.

In the FY 2025-26, the company continued trading in pulses and further expanded into millets, aligning with rising consumer demand for healthy and climate-resilient crops. With a focus on building robust sourcing channels and establishing a strong domestic market presence, the company is also actively exploring opportunities in international trade.

The management remains optimistic about the future, with a clear strategic roadmap aimed at expanding its product portfolio, strengthening supply chains, and delivering long-term value to stakeholders. With these initiatives underway, Annvrridhhi Ventures Limited is well-positioned to achieve sustainable growth and profitability in the years ahead.

FORWARD LOOKING STATEMENTS

Statements in the Management Discussion and Analysis of financial condition and results of operations of the company describing the company's objectives, expectations or predictions, market and industry trends, strategic initiatives, technological advancements which may be forward looking within the meaning of applicable securities laws and regulations. Forward looking statements involves risks, uncertainties, assumptions and expectations of future events. These statements are based on current expectations and projection about future events and financial performance which may not necessarily prove accurate.

The Company cannot guarantee that these assumptions and expectations are accurate or will be realized. Actual results may differ materially from those expressed in the statement.

INDUSTRY STRUCTURE AND DEVELOPMENT

In the FY 2025-26, the Company is working in one business vertical- trading of agricultural commodities like pulses, spices and millets. The Company is also actively looking out for more opportunities in other commodities like spices, dairy sector etc. to achieve the management's vision of growth and expansion in coming years.

INDUSTRY PERFORMANCE

India continues to be a net importer of pulses and lentils, primarily due to the persistent gap between domestic production and growing consumption needs. Pulses like pigeon peas, chickpeas, lentils, and moong form an essential part of the Indian diet and are integral to the country's food security strategy.

It is anticipated that in the current agricultural season, there will be a shortfall in indigenous production as compared to the previous year, further reinforcing the country's reliance on imports. This structural dependence on international sourcing presents both challenges and opportunities within the agri-commodities trade ecosystem.

Against this backdrop, Annvrridhhi Ventures Limited has positioned itself strategically in the import and domestic trading of pulses, including key varieties such as pigeon peas and chickpeas. The company is actively leveraging global trade relationships to source pulses and lentils from African nations and other key producing regions, ensuring consistent quality and competitive pricing.

At the same time, the management is exploring opportunities to expand into trading of other major agri-commodities, aiming to bring in operational expertise and scale efficiencies. As the global agri trade landscape becomes increasingly dynamic- driven by changing weather patterns, policy shifts, and food security concerns- the company seeks to capitalize on emerging trends while contributing to the steady supply of essential food grains in the Indian market.

BUSINESS PERFORMANCE AND SEGMENT REPORTING

The analysis in this section relates to the financial results for the year ended on 31st March, 2026. The financial statements of the company are prepared in compliance with the Indian Accounting Standards (referred to as 'IND AS') prescribed under Section 133 of The Companies Act, 2013, read with The Companies (Indian Accounting Standards) Rules, as amended from time to time. Significant accounting policies used in the preparation of the financial statements are disclosed in the notes to the Standalone financial statements. At present, the company operates under a single reportable segment – Agri Commodity Trading – in accordance with applicable accounting standards.

INTERNAL CONTROL AND ADEQUACY OF INTERNAL CONTROL

The Company has appropriate Internal Control Systems for business processes, financial reporting & controls, compliance with applicable laws, regulations etc. The Company has appointed Statutory Auditors to evaluate Internal Control System. Regular internal audits and checks ensure that system and procedures are continuously improved. The Audit Committee reviews the adequacy and effectiveness of Internal Control Systems and suggests ways of further strengthening them from time to time.

OPPORTUNITIES AND THREATS

Opportunities and threats have various benchmarks and keep changing on the various domestic and global business outlooks.

Opportunities:

- Strong global demand of grains and pulses to continue
- Rising demand of millets
- Import reliance in India
- Capacity expansion and development of new business lines
- Good geographical reach and continued efforts to expand it

Risks and Threats:

- Logistics and supply chain disruptions, increase in related costs
- Commodity price volatility
- Climate uncertainty
- Increasing global trade war and sanction
- Competition and margin pressure

The Company recognizes that above risks are an integral part of business and is committed to control & manages these risks in a proactive and efficient manner. The Company assesses various potential risk factors from time to time in the internal & external environment and incorporate risk mitigation in its strategy, business and operation plans using cost-effective available tools to minimize its impact on the overall businesses.

RISKS AND CONCERNS

a) Foreign Exchange Risk

In case of imports, the company is exposed to risk from market fluctuations of Foreign Exchange. The company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks and takes appropriate actions to mitigate the risks as much as possible.

b) Commodity Price Risk

This risk cannot be eliminated in case of imports because there is a time lag between the date of placing order and receiving delivery. Further, for the sake of economy, size of import contracts is too big to achieve back-to-back tie up with local buyers.

c) Physical Risks to Cargo

Warehouse to warehouse insurance cover is obtained for domestic trade. For imports on CIF basis the supplier obtains insurance cover and for import on C&F basis insurance cover is obtained by the Company.

FINANCIAL PERFORMANCE

The Financial performance with respect to operational performance are provided in the Board's Report.

DETAILS OF SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS

Details of significant changes in key financial ratios may be referred to in Note No. 34 of the Standalone Financial Statements.

HUMAN RESOURCES AND INDUSTRIAL RELATIONS

The Company has adequate and qualified employees. The Board of Directors wishes to place on record its appreciation for the contribution made by all the employees at all levels during the year. The Company provides a challenging, open and professional satisfying work environment to its employees. Necessary steps are taken for boosting their motivation and active involvement in the organization. The Company also encourages its employees to continuously upgrade and improve their skills and qualifications.

COMPLIANCE

The Compliance department of the company ensures strict observance of all statutory and regulatory requirements for the company. The Compliance Department of the Company continues to play a pivotal role in ensuring implementation of compliance functions in accordance with the directives issued by different regulators, the Company's Board of Directors and the Company's Compliance Policy.

By complying with the provisions of the SEBI Listing Regulations, the Company has an optimum combination of executive and non-executive directors with a woman independent director. The Different Committees of the Board reviews the performance of the Compliance Department and the status of compliance with regulatory/internal guidelines on a periodic basis.

CAUTIONARY STATEMENT

Dispute Resolution Mechanism at Stock Exchanges (SMART ODR)

SEBI introduced the common Online Dispute Resolution (ODR) portal to further streamline the complaint/ dispute resolution mechanism, under the aegis of stock exchanges and Depositories (collectively referred to as market infrastructure) by establishing an online conciliation and arbitration process. Disputes between investors and listed companies (including their RTAs) can be referred for resolution through the ODR portal, provided such complaint/ dispute is not pending before any arbitral process, court, tribunal or consumer forum. Shareholders can access the ODR portal at <https://smartodr.in>.

The framework encompasses various stakeholders, including Recognized Stock Exchanges, Clearing Corporations, Depositories, Stock Brokers, Depository Participants, Listed Companies and SEBI Registered Intermediaries. The circular emphasizes the usage of online conciliation and arbitration mechanisms, offering investors and market participants an efficient way to resolve disputes. The Company has registered itself on ODR portal and endeavors to resolve all complaints.

During the financial year 2025-26, no complaints were received by the Company from investors.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF ANNVRRIDHHI VENTURES LIMITED (FORMERLY KNOWN AS J. TAPARIA PROJECTS LIMITED)

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **ANNVRRIDHHI VENTURES LIMITED (FORMERLY KNOWN AS J. TAPARIA PROJECTS LIMITED)** (the "Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026 and its Profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	How The Matter Was Addressed In Our Audit
1	Rights Issue Transactions During the year, the Company undertook two rights issue processes. Pursuant to the Draft	Our audit procedures included, among others: a) Examining the Board of Directors'

Letter of Offer dated 23 December 2024 and Board approval dated 05 April 2025, the Company proposed a rights issue of 3,24,00,000 equity shares aggregating to ₹48.60 crore. The issue remained open from 28 April 2025 to 27 May 2025; however, the same was cancelled on 29 May 2025 due to non-receipt of minimum subscription as required under Regulation 86(2) of the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018. Subsequently, pursuant to the Draft Letter of Offer dated 02 August 2025 and Letter of Offer dated 01 November 2025, the Company launched a second rights issue of partly paid-up equity shares. The issue was open from 17 November 2025 to 16 December 2025 and 2,96,21,647 partly paid-up equity shares were allotted on 17 December 2025 against receipt of application money of ₹7.41 crore (₹ 2.50 Per Share). Further, the Rights Issue Committee approved the first call of ₹3.50 per share on 02 March 2026, with the call money issue period being 25 March 2026 to 08 April 2026. The Company received ₹4.47 crore against 1,27,77,039 partly paid-up equity shares and approved their conversion to ₹6.00 paid-up shares on 13 April 2026. Approval for trading of such shares was received from BSE on 22 April 2026 and trading commenced on 28 April 2026. Considering the significance of these capital raising transactions, the judgments involved in ensuring compliance with applicable SEBI regulations, accounting for share capital and related receipts, and the adequacy of disclosures in the financial statements, we determined this matter to be a key audit matter as per Note No.13 of financial statement.	and Rights Issue Committee's resolutions relating to both rights issues. b) Examining the Draft Letter of Offer, Letter of Offer, stock exchange filings, approvals and public announcements, including the cancellation of the first rights issue. c) Assessing compliance with applicable provisions of the Companies Act, 2013 and SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018. d) Verifying receipts of application money and first call money with bank statements and other supporting records on test basis e) Verifying the reconciliation of shares allotted, call money received and shares converted during the year. f) Evaluating the accounting treatment of share capital transactions and assessing the adequacy of related disclosures in the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and for taking actions deemed appropriate under the relevant laws and regulations.

Management's Responsibilities for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The comparative financial figures of the Company for the preceding periods ended March 31st, 2025, included in this Statement are based on previously issued financial results that were Audited by the predecessor Auditor who expressed unmodified opinion vide their respective audit reports.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our

knowledge and belief were necessary for the purposes of our audit.

- b) In our opinion, proper books of account as required by law relating to the preparation of the aforesaid standalone of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members ANNVERRIDHHI VENTURES LIMITED (FORMERLY KNOWN AS J. TAPARIA PROJECTS LIMITED) of even date

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of sub- section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

We have audited the internal financial controls over financial reporting **ANNVERRIDHHI VENTURES LIMITED (FORMERLY KNOWN AS J. TAPARIA PROJECTS LIMITED)** (the “Company”) as of March 31, 2026 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting, and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of ANNVERRIDHHI VENTURES LIMITED (FORMERLY KNOWN AS J. TAPARIA PROJECTS LIMITED))

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

i. In respect of the Company's Property, Plant and Equipment and Intangible Assets:

- (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.
(B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has carried out physical verification of Property, Plant and Equipment, and right-of-use assets, and has a program to cover all the assets in a phased manner over the period of three year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanation given to us and on the basis of our examination of the records of the company, there is no immovable property (other than taken on lease) disclosed in the financial statements. Accordingly, the provision of Clause 3(i)(c) of the Order is not applicable to it.
- (d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

- ii. (a) The inventory, except stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.
- (b) In our opinion and according to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of ₹ 5 crore, in aggregate, during the year, from banks on the basis of security of current assets, which are also supported by personal guarantees of directors.

(Amount in Lakhs)

Period	As per Statement	As per books	Difference
Receivables and Inventories as on 31.03.2026	2935.69	2983.91	48.22

- iii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, during the year the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties and hence reporting under 3(iii) (a to f) of the order is not applicable.
- iv. According to the information and explanations given to us and on the basis of our examination of records of the Company, in respect of investments made and loans, guarantees and security given by the Company, in our opinion the provisions of Section 185 and 186 of the Companies Act, 2013 ("the Act") have been complied.
- v. The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- vi. The maintenance of cost records has not been specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause (vi) of the Order is not applicable to the Company.
- vii. In respect of statutory dues:
 - (a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Income Tax and other material statutory dues applicable to it with the appropriate authorities though there has been a delay in a few cases. Further, no undisputed amounts payable in respect of Goods and Service tax, Income Tax and other material statutory dues are in arrears as at March 31, 2026 for a period of more than six months from the date they became payable except undisputed statutory dues outstanding as at 31st March 2026, relating to Professional Tax for a period of more than six months from the date they become payable.

Particulars	Amount Outstanding as on 31.03.2026
Professional Tax Payable	Rs. 16,720

- viii. As per the information and explanation provided to us and on the basis of examination of records of the company, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 and hence reporting under clause 3(viii) is not applicable.
- ix.
 - (a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to financial institutions, banks and government.
 - (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
 - (c) In our opinion and according to the information and explanation given to us, the company has utilised the money obtained by way of term loans during the year for the purposes for which they were obtained.
 - (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

(e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies (as defined under the Act).

x. In respect of Paragraph 3(x):

a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) and term loan during the year. Accordingly, paragraph 3(x)(a) of the Order is not applicable on the Company.

b) During the year, the Company has raised money by way of Rights Issue of equity shares. The Company has not made any preferential allotment or private placement of shares or fully, partly or optionally convertible debentures during the year and hence reporting under clause 3(x)(b) of the Order is not applicable.

xi. (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) According to the information and explanations given to us including the representation made to us by the management of the Company, there are no whistle-blower complaints received by the Company during the year.

xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable

xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable Indian accounting standards .

xiv. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have not considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.

xv. In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

xvi. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi) (a), (b) and (c) of the Order is not

applicable.

(b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi) (d) of the Order is not applicable.

- xvii. The company has not incurred any cash loss during Current financial year and immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year .
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. According to Section 135, Corporate Social Responsibility (CSR) is not applicable to the company, and hence reporting under clause 3(xx) of the Order is not applicable.

NOTES TO THE FINANCIAL STATEMENTS

1.	Corporate Information Annvrridhhi Ventures Limited (formerly known as J. Taparia Projects Limited) (“the Company”) is a public limited company incorporated in India and governed by the Companies Act, 2013. The shares of the Company are listed on the Bombay Stock Exchange. The registered office of the Company is located at Room No. 202, 41/A, Tara Chand Dutta Street, Kolkata - 700 073, West Bengal, India. The Company is engaged in the business of import and local trading of agricultural commodities, mainly pulses, millets, spices, consumer food items etc.
2.	Statement of Compliance and Basis of Preparation and Presentation
	2.1 Basis of preparation and presentation These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the ‘Ind AS’) as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time. These financial statements have been prepared on going concern basis, under historical cost convention and on accrual basis except for certain financial instruments which are measured at fair values as required by relevant Ind AS. The Company follows indirect method prescribed in Ind AS 7- Statement of Cash Flows of presentation of its cash flows. Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Company’s Financial Statements are presented in Indian Rupees (Rs.), which is also its functional currency and all values are rounded to the nearest lakh (Rs. 00,000), except when otherwise indicated.
	2.2 Classification of current and non-current assets and liabilities All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle and other criteria set out in the Schedule III (Division II) to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities. Current versus non-current classification The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is: - Expected to be realized or intended to be sold or consumed in normal operating cycle - Held primarily for the purpose of trading

		- Expected to be realized within twelve months after the reporting period, or - Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current. A liability is current when: - It is expected to be settled in normal operating cycle - It is held primarily for the purpose of trading - It is due to be settled within twelve months after the reporting period, or - There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.
	2.3	Significant accounting judgements, estimates and assumptions The preparation of the Company's Financial in conformity with Ind AS requires the management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in next financial years.
	2.3.1	Property Plant and Equipment/ Intangible Assets Estimates are involved in determining the cost attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the management. Property, Plant and Equipment/Intangible Assets are depreciated/ amortised over their estimated useful life, after taking into account estimated residual value. Management reviews the estimated useful life and residual values of the assets annually in order to determine the amount of depreciation/ amortisation to be recorded during any reporting period. The useful life and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological and future risks. The depreciation/ amortisation for future periods is revised if there are significant changes from previous estimates.
	2.3.2	Provisions The timing of recognition and quantification of the liability (including litigations) requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.
	2.3.3	Impairment of Financial Assets The impairment provisions for Financial Assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward-

		looking estimates at the end of each reporting period.
	2.3.4	Fair Value Measurement The Company measures financial instruments, such as investments and derivatives at fair values at each Balance Sheet date. Fair value is the price that would be received on sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. Fair value for measurement and /or disclosure purpose in these financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities (for which fair value is measured or disclosed in the financial statements) are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole: Level – 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities. Level – 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable Level – 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable. For assets and liabilities, that are recognized in the financial statements on a

		recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. The management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for disposal in discontinued operations.
3. Material Accounting Policies		
3.1	Property, Plant and Equipment Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use. The cost of an item of Property Plant and Equipment is recognized as an asset if, and only if, it is probable that the economic benefits associated with the item will flow to the Company in future periods and the cost of the item can be measured reliably. Expenditure incurred after the property plant and equipment have been put into operations, such as repairs and maintenance expenses are charged to the Statement of Profit and Loss during the period in which they are incurred. An item of property plant and equipment is de-recognized upon disposal or when no future economic benefits are expected to arise from the continued use of the assets. Any gain or loss arising on the disposal or retirement of an item of property plant and equipment, is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss. Depreciation on Property, Plant and Equipment is provided using written down value method on depreciable amount at the rates specified in Schedule II of the Companies Act, 2013. Depreciation is provided based on useful life of the assets, which, in the opinion of the management, broadly corresponds to life as prescribed in Schedule II to the Companies Act, 2013. The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. This reassessment may result in change in depreciation expense in future periods.	
3.2	Intangible Assets Intangible assets acquired separately: Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible	

	assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses. Internally-generated intangible assets: An internally-generated intangible asset arising from development (or from the development phase of an internal project) is recognised if, and only if, all of the following have been demonstrated: • the technical feasibility of completing the intangible asset so that it will be available for use or sale • the intention to complete the intangible asset and use or sell it; • the ability to use or sell the intangible asset; • how the intangible asset will generate probable future economic benefits; • the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and • the ability to measure reliably the expenditure attributable to the intangible asset during its development. The amount initially recognised for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated intangible asset can be recognised, development expenditure is recognised in the Statement of profit and loss in the period in which it is incurred. Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately. An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in the Statement of profit and loss when the asset is derecognised. Useful lives of intangible assets Amortisation is provided on a written-down value method basis over estimated useful lives of the intangible assets as per details below: • <i>Computer Software- Over a period of 6 years.</i>
3.3	Impairment of tangible and intangible assets At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Recoverable amount is the higher of fair value less costs of disposal and value in use. Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the

		asset may be impaired. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. For impairment testing, assets that don't generate independent cash flows are grouped together into cash generating units (CGU's). Each CGU represents the smallest group of assets that generate cash inflows that are largely independent of the cash inflows of other assets or CGU's. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash- generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified. If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Statement of profit and loss. When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the Statement of profit and loss.
	3.4	Inventories Inventories are measured at the lower of cost and net realisable value. Cost of stock-in-trade is computed on the costs incurred from consignment-to-consignment basis where such computation is possible. Otherwise, the cost is computed on FIFO (First in, First out) basis. Such costs include all costs of purchases, and other costs incurred in bringing the inventories to their present location and condition. The net realisable value is the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.
	3.5	Provisions and Contingent Liabilities Provisions: Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

	Contingencies: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.
3.6	Taxation Income tax expense comprises current and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or in equity. In which case, the tax is also recognised in other comprehensive income or equity. Current Tax: Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Deferred Tax: Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.
3.7	Foreign currency Transactions and Translation Transactions in currencies other than Company's functional currency (foreign currencies) are recorded at the rates of exchange prevailing on the date of transaction. At the end of the reporting period, monetary items denominated in foreign currencies are reported using the exchange rate prevailing as at reporting date. Non-monetary items denominated in foreign currencies which are carried in terms of historical cost are reported using the exchange rate at the date of the transaction. Exchange differences arising on the settlement of monetary items or on translating monetary items at the exchange rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or expenses in the year in which they arise.
3.8	Revenue Recognition Revenue from operations/ Sale of Goods:

	Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services. The Company is generally the principal as it typically controls the goods or services before transferring them to the customer. Revenue is measured at the amount of consideration which the Company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognised when it becomes unconditional. Generally, the credit period varies between 0-90 days from the shipment or delivery of goods or completion of services as the case may be. Revenue from sale of goods is net of Goods and Service Tax, returns, discounts, rebates and incentives. Further, a debit or credit note may be issued to certain customers to account for rate difference owing to market volatility, quality issues raised by the buyer and accepted by the management upon delivery of the goods , etc. Interest Income: Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable. Dividends: Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity, and the amount of the dividend can be measured reliably.
3.9	Employee Benefits Short-term obligations: Short-term employee benefits including salaries and wages are recognized as an expense on accrual basis. Leave benefits: The Company provides for leave benefits to eligible employees. No provision has been made on account of leave benefits since there are no paid leaves to the credit of employees as at the end of the year. Gratuity: The company provides for gratuity, a defined benefit retirement plan ('the Gratuity Plan') covering eligible employees. The Gratuity plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with

		the company. Provision has been made on account of gratuity as required by the governing laws according to the actuarial valuation report. The company has complied with Ind AS 19 'Employee Benefits'.
	3.10	Borrowings Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. Borrowings are classified as current liabilities unless the entity has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.
	3.11	Borrowing Costs Borrowing cost directly attributable to acquisition and construction of assets that necessarily takes substantial period of time are capitalised as part of the cost of such assets up to the date when such assets are ready for intended use or sale. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.
	3.12	Earnings Per Share Basic earnings per share are calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share are computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares.
	3.13	Cash and Cash Equivalents Cash and cash equivalents consist of cash and cheques on hand, cash at banks, demand deposits from banks and short-term, highly liquid instruments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

	3.14	Segment Reporting The Company does not have any separate segment from which any income or revenue from operation is derived neither any geographical segments exists as such, hence there are no separate reportable segments as per Ind AS.
	3.15	Investments and Financial Instruments
	a)	Investment in Subsidiaries The Company has elected to account for its investments in subsidiaries at cost.
	b)	Other Investments and Financial Assets
		i) Classification The Company classifies its financial assets in the following measurement categories depending upon the Company's business model for managing the financial assets and the contractual terms of the cash flows. - those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and - those measured at amortized cost. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income, as elected. The Company reclassifies debt investments when and only when its business model for managing those assets changes. The company does not have any debt investment for any of the periods presented in the financial statements. ii) Measurement At initial recognition, the Company measures a financial asset at its fair value including, in the case of 'a financial asset not at fair value through profit or loss', transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at 'fair value through profit or loss' are expensed in profit or loss Equity Instruments: All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'. However, dividend on such equity investments is recognised in Statement of Profit and loss when the Company's right to receive payment is established. Debt Instruments: Subsequent measurement of debt instruments depends on the entity's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the entity classifies its debt instruments:

			• Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method. • Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method. • Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.
		iii)	Impairment of Financial Assets The entity assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost, FVOCI debt instruments, trade and other receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL. The impairment methodology applied depends on whether there has been a significant increase in credit risk.
		iv)	Derecognition of Financial Assets A financial asset is derecognised only when • The entity has transferred the rights to receive cash flows from the financial asset or • retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one

			or more recipients. Where the entity has transferred an asset, the entity evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the entity has not retained control of the financial asset. Where the entity retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset. v) Offsetting Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on net basis or to realise the assets and settle the liabilities simultaneously. vi) Write-off The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the company determines that the trade receivable does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the company's procedures for recovery of amounts due.
		c)	Financial liabilities and equity instruments
		i)	Classification as debt or equity Debt and equity instruments issued by Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. Equity instruments An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. ii) Measurement of Financial liabilities Financial liabilities that are not held-for-trading and are not designated as at

			FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included under 'Finance costs'. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability. All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.
		iii)	Derecognition of Financial Liabilities The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.
4.	Other Statutory Information		
	i)	The Company does not have any Benami property, where any proceeding has been initiated or pending against the Group for holding any Benami property.	
	ii)	The Company does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.	
	iii)	The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.	
	iv)	The company has not advanced or loaned or invested funds to any person(s) or entity(is), including foreign entities (Intermediaries) with the understanding that the Intermediary shall: (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries	
	v)	The company has not received any fund from any person(s) or entity(is), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Group shall: (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.	
	vi)	The company does not have any transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961.	
	vii)	The company is not declared as wilful defaulter by any bank or financial institution (as	

	defined under the Companies Act, 2013) or consortium thereof or other lender in accordance with the guidelines on wilful defaulters issued by the Reserve Bank of India.
5.	Recent accounting pronouncements Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2026, new and amended standards adopted by the Company are as follows: In May 2025, the Ministry of Corporate Affairs(MCA) notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its Financial Statements. In August 2025, the MCA notified the Companies (Ind AS) Second Amendment Rules, 2025. These amendments relate to: (a) Classification of liabilities as current or non-current and non-current liabilities with Covenants (Ind AS 1, Presentation of Financial Statements) w.e.f. 1st April 2025. The amendment relates to classification of liabilities as current or non-current liabilities with covenants. In the context of classifying a liability as current, it requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities. (b) Disclosure of supplier finance arrangements (Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures) requires to inform users of financial statements of the existence of supplier finance arrangements and explains the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and, based on its evaluation has determined that it does not have any significant impact on its financial statements. (c) International Tax Reform – Pillar Two Model Rules (Ind AS 12, Income Taxes) applicable immediately- The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. 33. FINANCIAL RISK MANAGEMENT

The Financial risk management is practices and procedures that a Company uses to optimize the amount of risk it handles with financial interest. The Risk management is done to identify how risks associated with the Company will be identified, analyzed, and managed. It outlines how risk management activities will be performed, recorded, and monitored by the Company. The basic objective of risk management plan is to implement an integrated risk management approach to ensure all significant areas of risks are identified, understood and effectively managed, to promote a shared vision of risk management and encourage discussion on risks at all levels of the organization to provide a clear understanding of risk/ benefit trade-offs, to deploy appropriate risk management methodologies and tools for use in identifying, assessing, managing and reporting on risks.

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and other price risk, such as commodity risk. Financial instruments affected by market risk include loans and borrowings and refundable deposits. The company does not have any loans and borrowings during the year under consideration.

Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The credit risk arises principally from its operating activities (primarily trade receivables) and from its investing activities, including deposits with banks and financial institutions and other financial instruments. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables are monitored on a continuous basis by the receivables team. The Company establishes an allowance for credit loss that represents its estimate of expected losses in respect of trade and other receivables based on the past and the recent collection trend. The movement in allowance for credit loss in respect of trade and other receivables during the year was as follows:

(Amount in Rs. Lakhs)

Allowance for Credit Loss	At at 31.03.2026	At at 31.03.2025
Opening balance	8.88	4.44
Credit loss provided/ (reversed)	-0.52	4.44
Closing balance	8.36	8.88

Credit risk on cash and cash equivalent is limited as the Company generally transacts with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies.

Liquidity Risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time. The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Company has outstanding borrowings in the form of bank overdraft payable on demand.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

34. RATIO ANALYSIS

Particulars	Numerator	Denominator	2025-26	2024-25	% variance	Reason for Variance
Current Ratio	Current Assets	Current Liabilities	1.43	1.07	34.18%	The current ratio increased from 1.07 in FY 2024-25 to 1.43 in FY 2025-26, primarily due to an improvement in the company's current asset position relative to current liabilities during the year. The increase in working capital facilities and the funds raised through the rights issue also supported the Company's liquidity position during the year.
Debt Equity Ratio	Total Debt	Total Shareholders Equity	0.69	0.15	361.66%	The debt equity ratio increased from 0.15 in FY 2024-25 to 0.69 in FY 2025-26, mainly due to the substantial increase in the Company's working capital borrowing limits, resulting in a higher debt position during the year.
Debt Service Coverage Ratio	Earnings before Interest and Tax	Interest Expense + Principal repayments	2.33	8.15	-71.39%	The decrease in DSCR is mainly attributable to the substantial increase in working capital borrowings during the year and the resulting increase in interest and debt servicing obligations.
Return on Equity	Net Profit after Tax	Average Shareholder's Equity	5.02%	7.39%	-32.04%	The decrease in return on equity is mainly due to the impact of non-recurring expenses incurred during the year, including expenses relating to the rights issue, together with the increase in shareholders' equity pursuant to the rights issue. These factors resulted in lower returns relative to the average shareholders' equity during the year.
Inventory Turnover Ratio	Cost of Goods Sold	Average Inventories	392.83	-	NA	The inventory turnover ratio is exceptionally high due to the nature of the business, which operates primarily on a consignment-to-consignment basis. Inventory is generally purchased and sold/cleared within a short period, resulting in minimal inventory being carried at the year-end. Also, the opening inventory was NIL.
Trade Receivables Turnover Ratio	Net Credit Sales	Average Trade Receivables	3.98	5.59	-28.89%	The trade receivables turnover ratio decreased from 5.59 in FY 2024-25 to 3.98 in FY 2025-26, primarily due to comparatively slower conversion of trade receivables into cash.
Trade Payables Turnover Ratio	Net Credit Purchases	Average Trade Payables	6.54	6.25	4.51%	The trade payables turnover ratio increased marginally during the year due to changes in the level of credit purchases and average trade payables.
Net Capital Turnover Ratio	Net Sales	Working Capital	9.44	49.22	-80.82%	The net capital turnover ratio decreased significantly from 49.22 in FY 2024-25 to 9.44 in FY 2025-26, primarily due to an increase in working capital relative to net sales during the year. The decrease indicates that a comparatively higher amount of working capital was employed to generate the level of sales achieved during the year.
Net Profit Ratio	Net Profit after Tax	Net Sales	0.72%	1.10%	-34.18%	The decrease in the net profit ratio is mainly due to the impact of one-time expenses incurred during the year, including expenses relating to the rights issue, along with higher finance costs arising from the substantial increase in working capital borrowings. These factors adversely affected the net profit for the year.
Return on Capital Employed	Earnings before Interest and Tax	Capital Employed	6.80%	7.89%	-13.85%	The decrease in ROCE is mainly attributable to the impact of non-recurring expenses incurred during the year and the increase in finance and other costs. In addition, the increase in capital employed following the rights issue contributed to the lower return on the capital employed during the year.
