A 'PENTAFOCUS' APPROACH
FOR COLLECTIVE & INCLUSIVE GROWTH

A 'PENTAFOCUS' APPROACH

India is evolving at an accelerated pace and so are its needs. For over 75 years Supreme has emerged as a preferred partner in this journey of metamorphosis by offering advanced product solutions to meet the ubiquitously expanding use of plastics in all walks of life and industries. Thereby, actively contributing to the **growth of its customers and the society at large.**

Driven by the constant urge to innovate and deliver customer-centric end-to-end solutions, Supreme, a pioneer and one of the leading names in the Indian plastics industry, has constantly strived to grow sustainably and responsibly, by creating an ecosystem that is helping the collaborators, stakeholders, society and its people, the soul of the company, to thrive progressively.

Supreme's leadership in the world of plastics manifests in its unmatched array of advanced customized products and solutions with a deep understanding of the customer's needs.

The Group complements this insight with its robust cutting edge manufacturing capabilities -- spread across the country, a vast network of offices and distributor/dealer network.

And a highly responsive team that ensures an enhanced customer life-cycle experience.

With this integrated and 'PENTAFOCUS' approach in mind, Supreme Group is continually getting better and stronger with each passing year. Getting lauded for its various attributes of excellence from product development to quality consciousness and beyond.

Explanatory Statement under Section 102(1) of the Companies Act, 2013

Item No. 5 and 6

The Members of the Company at their Seventy Second Annual General Meeting of the Company held on Wednesday the 17th September, 2014, had approved the appointment of Shri Y.P. Trivedi (DIN: 00001879), and Shri B.V. Bhargava (DIN: 00001823) as Independent Directors of the Company for a period of five years from 17th September, 2014 to 16th September, 2019, pursuant to provisions of Section 149, 152 and Schedule IV of the Companies Act, 2013 read with the Companies (Appointment and Qualification of Directors) Rules, 2014 and Listing Agreements with the Stock Exchanges. They hold office as Independent Directors of the Company upto the close of business hours on 16th September, 2019 in their present first term.

Pursuant to the provisions of Section 149(10) of the Companies Act, 2013, an Independent Director shall be eligible for re-appointment on passing of a Special Resolution by the Company. Further, a new sub-regulation 17(1A) of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 mandates that no listed entity shall appoint a person or continue the directorship of any person as a Non-Executive Director who has attained the age of seventy five years, unless a Special Resolution is passed to that effect.

The Company has received individual notices in writing from Members of the Company under the provisions of Section 160(1) of the Companies Act, 2013 as amended by the Companies (Amendment) Act, 2017, proposing the candidature of Shri Y.P. Trivedi and Shri B.V. Bhargava for the office of Directors of the Company.

Shri Y.P. Trivedi and Shri B.V. Bhargava, Non-Executive Independent Directors of the Company, being eligible for re-appointment, have given their consents as well as requisite disclosures along with a declaration to the Board that they meet the criteria of independence as provided under Section 149(6) of the Companies Act, 2013 and Regulation 16(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended. In the opinion of the Board of Directors of the Company, each of the said Directors fulfil the conditions specified in the Companies Act, 2013 & Rules framed there under and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended for re-appointment of Independent Director.

The Board of Directors of the Company, based on the performance evaluation of Independent Directors and as per recommendation of the Nomination & Remuneration Committee, at its meeting held on 7th May, 2019, approved the re-appointment of Shri Y.P. Management Discussion and Analysis

1. OVERVIEW

The various initiatives taken by the Central and State Governments have started showing fruitful outcome in the year. The focus on construction of affordable houses, effective implementation of RERA, Swachha Bharat Mission, Amrut Yojana and other infrastructure building activities are enabling the Company to grow its Plastics Piping System Business.

The Government announcement to build 100 smart cities is also taking shape. It has started in certain cities. It is expected that the whole scheme will have bigger role to play to boost business in the years to come.

The initiatives taken up-to-date by the Government are gathering momentum. With an expected growth in the businesses of several verticals, the Company took steps to put new production units and also expand capacity in several of its existing units. All the investment plans have fructified or are fructifying by June 2019 within the planned investment and time frame.

The Company had plans to put new units at Andhra Pradesh (AP) and Assam in the beginning of the year 2019. As the land negotiation dragged for a long period, the company has prioritised to put a Greenfield plant at Orissa. The effective actions will be taken in this year on this initiative. The plans to put up units at A.P and Assam will follow thereafter.

The raw material availability was adequate and affordable. The PVC prices in the first ten months maintained upward bias. Suddenly the prices dropped in March by 12.5% in five week times. This resulted in steep inventory loss in the working of the Company for the year eroding its operating margin to some extent.

The Company is a large convertor of PVC resin. Company currently expects that this lower price regime of PVC may continue for some time. It will broaden the Company's business volume and also reduce working capital requirements.

The prices of other Polymers have improved to some extent from their lowest level. The Company converts mostly commodity plastics where prices have tendency to remain volatile. However, for the current year, the Company expects Polymer prices to remain affordable. Availability of raw material is also going to remain adequate.

The Government has committed to revisit the GST rates. Its pronounced aim to reduce the number of GST rate slabs triggers hope that Company's product which mostly fall in 18% slab of GST may go down to a lower level whenever the slabs of GST rates are compressed.

When the GST was introduced it was expected that informal sector may graduate faster to move to formal sector. However, pace of moving to formal sector by informal players is quite slow.

The Company remains committed to boost its value added business and to increase its export turnover. To boost export business, Company participates last year in 20 international Exhibitions for its various products. This has boosted its export turnover from \$ 16.93 million to \$ 23.05 million. Company continues to work aggressively to boost its export business by intensive marketing and making investments in products which can generate larger growth in export business.

In absolute quantum, the value added product turnover has also shown quantum jump. The turnover of such products have grown to ₹ 1944 crores compared to the turnover of ₹ 1734 Crores in the year 2017-18.

In most of its divisions the focus remains to grow the value added businesses. Several investments were made and also planned in the current year in this target to go on growing value added business turnover.

2. PRODUCT GROUPS:

The product groups of the Company have been recast as follows:

3. COMPANY'S STRENGTH AND GROWTH DRIVERS

3.1 Manufacturing Sites

The Company is operating from 25 manufacturing sites operating across 12 States and Union Territories. During the year under review, Company has put up two new facilities at Giloth (Rajasthan) and Jadcherla (Telangana). Company has divested Khushkhera Unit to a newly formed Joint Venture Company namely Kumi Supreme India Private Limited. Company also shifted its existing property, plant and equipment of Hosur Unit I to newly expanded Hosur Unit II in order to achieve better synergies and cost optimization. Land & Building of Hosur Unit I has been divested resulting into gain of ₹ 11.31 crores. The Company intends to start working on further new sites to put up new plants and considering Orissa, Assam & A.P. as probable destinations to expand its geographical spread.

3.2 Distribution network

Your Company is committed to increase its reach throughout the country. Company is continuously working on strengthening its distribution network. The distributors strength has gone up to 3778 Nos. by the end of March 2019 compared to 3303 Nos. by March 2018.

Company has also started selling products directly to big retailers in selected areas. Selectively, the Company has strengthened its supply system to service those retailers in a cost efficient manner. Company is also expanding its reach through opening more Depot wherever it is unable to rope in strong and resourceful channel partner.

3.3 Growth Drivers

Your Company is strengthening its brand in multiple ways. Company is increasing its spend on Advertisement through Electronic & Print media and participating in several Exhibitions in India and abroad along with large meets of plumbers, Dealers, Retailers and Architects. Company is also taking legal recourse to contain counterfeit products in Plastics pipe System, XF Products and Furniture. Company assiduously works to address this menace. Further Company is opening more knowledge centers in various parts of the country to showcase its product range, guide on correct installation techniques and continuously upgrade the knowledge of architects, contractors, farmers and other fraternities of the society related to Company's products.

4. OPERATIONAL PERFORMANCE

4.1 Plastics Piping Systems

The Company continues its objective to grow Plastic Pipe System business. The Company is leader in this segment as it has the largest portfolio of products, which is being

continuously increased, to offer more systems as required in the economy.

The Company during the year under review registered an over all revenue growth of 16% in Plastic Piping System made from different plastic materials. Overall the Company sold 2,79,748 Tons of Pipe System compared to 2,56,330 Tons in the same period of last year.

The Government at the Centre and States has put the priority focus on Swatch Bharat Abhiyan, Sanitation and affordable houses to all and development of 100 smart cities on all India basis. Real Estate Regulation Act (RERA) has created a major transformation the way housing construction for sale was in vogue in the Country. Many prominent Business Houses have made ambitious plans in this sector to grow geometrically with launch of their projects at multiple locations. The growth tempo has now started and the Company expects good demand coming from the segment this year onwards.

The Company incurred Capex of ₹ 127 crore in this year in its various plants to build more capacities and increase range. Majority of them has been put to use .

The Company with objective of making its footprint for manufacturing at South Zone, for Plastic Piping Division, has got 50 acres of land allotted at Jadcherla-District Mahaboobnagar at Telangana. The production of Water & Septic Tanks at that location has started. The Company will launch other Piping System products at this location in this year. The Company also intends to launch new specialty systems from Jadcherla plant for Piping System to cater to high end applications.

The plant at Kharagpur is fully operational. The capacity increase for PVC, HDPE & CPVC Pipes is now in place and operational. The Company is also exploring further increasing the capacity of HDPE Pipe at Kharagpur plant to cater to increased demand. The Company has also decided to start manufacturing of Moulded Fittings at Kharagpur to service Eastern market effectively which should go in production during 2019-20.

To meet the increasing demand of HDPE Pipes in North India, the Company has put up the capacity in Malanpur Unit No.3. The commercial production of it has started.

The enhanced capacity for Roto Moulded Products is made operational at Kanpur & Malanpur plants. The Company launched Roto Moulded temporary Toilet and multi-station Urinal basically for construction sites, Melas and exhibitions during the year. Both these products are well accepted by the market supporting cleanliness and environment. The Company plans to substantially increase the business of Water Tanks through different market strategy of servicing directly to retailers from the respective factories. The actions for same are being initiated on all India basis for retailers appointment. The Company also intends to launch Premium range of Water Tanks with added features.

The production of Double Wall Corrugated HDPE Pipes has started from Gadegaon and Kharagpur plants with BIS Certification. The Company is in process to educate various departments the benefits of putting in place a good quality DWC Pipes with latest technology and using virgin certified raw materials in terms of performance and longer life.

The Company introduced 63 nos. of variety of Injection Moulded Pipe fittings during 2018-19. They all have been well received in the market. The sale of moulded fittings increased

by 15% in volume terms during the year under review. The Company has plan of introducing further new items during the year as per system requirement. The total product portfolio in Plastic Pipe System has reached 8085 nos., thus adding 355 products to the range of various Plastic Piping System compared to previous year.

The Company manufactures the cPVC Pipes at three of its manufacturing location and cPVC Fittings at two of its manufacturing locations. The Company has planned further expansion of cPVC Pipe manufacturing at it's Malanpur Plant and plans to set up facility to make these pipes at Jadcherla plant. The cPVC system sales during last year grew by 28% in value over previous year.

The AQUAKRAFT Bath Fittings introduced by the Company is well established now including newly launched Chrome Plated range. There were 13 new items introduced during the year. The portfolio in Bath Fittings has reached to 108 items. Company continues to import some variety of Bath Fittings to service local market. The Company plans to further complement the range during 2019-20 by introducing large varieties of products in Bath fittings. The Company also plans to enhance its manufacturing facility at Pondicherry at adjacent plot. The Bath Fittings sales during last year grew by 42% over previous year.

The Company's business to Export market during the year saw a growth of 47.8% in US \$ terms. The Company is continuously trying to boost its export business of Piping Systems.

The Division's Value Added Products sale was 39% compared to 38% in the previous year. The Company has also added further 87 direct business Channel partners during the year taking the total to 1071 Nos. The Company continues to expand its reach by appointing Distributors in areas where there is a gap. The Company has also started directly servicing retailers in selected markets for certain specific products of this division.

The Company has multiple Knowledge Centres across the country to train Plumbers and interact with Farmers, Architects and Plumbing consultants in respective zones. Currently, they are functioning at Gadegaon, Kochi, Malanpur and Kharagpur. Company expects to start such centres at more locations in near future.

With the help of specialists the Company has embarked upon a new activity with nomenclature as "Plumbing Workshop" which is a full day session to educate Plumbers and Plumbing Contractors. Here the sharing is of latest Plumbing techniques along with applications of new products introduced by Company in the recent past in the range. The markets have very well appreciated it and there is pressure on Company to increase the Plumbing Workshop number substantially. The Company organized 276 Plumbing workshops in the year 2018-19 throughout the year. Company plans to organize close to 500 Plumbing Workshop during the year 2019-20. There are now more than 99,000 Plumbers connected with the Company.

Company has started monitoring data of retailers who buy regularly through it's distribution channels. An action plan to increase the number of such retailers on all India basis has been worked out and will be tracked.

Company's FlameGuard fire sprinkler system is moving slowly but steadily in the Indian market. Many leading developers in Mumbai accepted the concept and started using the system.

At present there are 10-12 on-going projects of prestigious builders in Mumbai. Apart from Mumbai, the system is supplied to projects in Himachal Pradesh, Goa, Gujarat and Telangana. Apart from residential projects, Company expects good business from the Hotel Industry all over India. In last financial year, Company exported the system to Srilanka and Philippines and export base will be further broadened in current financial year.

Company achieved license from Bureau of Indian Standards (BIS) to manufacture such pipes. Apart from BIS, FlameGuard pipes are also UL listed. The BIS standard for FlameGuard fittings has been published and the Company is doing the needful for approval. Company has also sent the samples of fittings for UL listing at USA and expect UL listing within 2-3 months. To reduce the dependency on imports some more fittings are being developed indigenously. Thereafter Company will be in position to supply majorly indigenously manufactured products and will become more competitive in business.

BIS Standard for the installation of the sprinkler system is not yet revised. However, the CPVC as an alternate material is in consideration in the draft. After the standard gets published, the business will be boosted.

As far as the approval part is considered, the system being new to the Indian Market, multiple approvals are required. There is no fixed format and it changes from state to state and even city to city. At present Company has approvals from Chief Fire Officer (CFO) Mumbai, Director Fire Services Maharashtra, Gujarat, Karnataka and Uttar Pradesh. Recently the system was also approved by Dy. Director Uttar Pradesh which will facilitate business in NCR market.

To support environment concern the Company is gearing up to meet with National Green Tribunal and court directive of phasing out Lead stabilizers from manufacturing of different types of uPVC Pipes. The Company is planning a phased out schedule for different variety of PVC Pipes having Lead stabilizers to produce with Lead free stabilizers.

4.2 Consumer Products

4.2.1 Furniture

The Company's furniture business during the year grew by 14 % in value terms and 5% in volume terms reaching ₹ 400 Crore mark during the year. The growth of the Company has been higher than other leading brands of Plastic Furniture among plastic furniture segment. However, the sales of unorganized players continued to gather momentum due to high acceptance of brown colour and matt finish products where the use of reprocessed polymers makes little difference in the overall appeal of the product.

The Company successfully completed the process of setting up a Green Field project for manufacture of Injection Moulded Furniture at Jadcherla near Hyderabad in Telangana. The plant has gone into operation from first week of April 2019 and will help the Company in improving its market share in Southern States. In fact, the new plant will serve as a feeder unit for all other zones also due to its location & connectivity. The additional capacity of this green field project will enable the Company to grow rapidly during the year. Apart from Jadcherla plant, the Company currently manufactures Injection Moulded Furniture at Puducherry (UT), Durgapur (West Bengal), Derabassi (Punjab), Gadegaon (Maharashtra) & Guwahati (Assam) to cater effectively different regions of the country.

The Company also manufactures Blow Moulded Tables at its Kharagpur (West Bengal) plant which has now stabilized and showing good growth over last year. However, the plant is still operating at less than 50 % of its capacity. Looking at wide acceptance of Blow Moulded Tables and increase in range, the Company expects to utilize 70-75 % capacity utilization by end of this year. The Company currently manufactures 11 products made with Blow Moulded technology which have been well appreciated by the market. The Company will commercially launch six new products in the first quarter to cater different market segments and increase acceptance of Blow Moulded products. The Company is optimistic about future growth from this segment and would look forward to expand its capacity for achieving economies of scale. The export potential of this segment is yet to be realized due to high cost of metal fabrication.

The Company has already committed investment on various new furniture models which will go into production by 2nd & 3rd Quarter of the year and help in growth of business during the year. The Company introduced twelve new furniture models during the year. The Company's two seater rattan finish Love Seat Sofa which made an ideal combination with its fast selling model Cambridge Chair and Vegas Center Table was well appreciated during the year in domestic as well as International Market. All the new models introduced during the year were well appreciated and the Company hopes to get good growth from its new introductions.

The Company plans to start manufacture of Roto Moulded Furniture and expect to launch Four models of Roto Moulded Furniture in 1st Quarter of this year.

The Company's furniture is currently available to its customers through nationwide network of 12,000 retailers. The Company plans to add another 1400 retailers during the year. The Company increased its strength of channel partners from 900 to 1045 Nos and continues to increase its presence in unrepresented areas. The Company has established itself as a premium brand amongst its trade channel and customers due to its continuous focus on Quality, innovation and wide range of products. It is perceived as Premium Furniture Manufacturer by trade partners and consumers.

The Company continues to focus on developing its export market and has received good acceptance by various customers. The Company participated in Three International Furniture Exhibition in the year. This initiative enabled it to show case its wide range of Furniture in various International markets.

The Company achieved breakthrough with some of the leading retailers in international market. This has resulted in value growth to ₹ 5.50 crores in the year under review compared to an export of ₹ 1.90 crores in the 2017-18 year. This augurs well for future high growth in Furniture export business.

The Company has now been awarded SA 8000 certification for its Lalru plant reinforcing the practices adopted of international standards for social accountability which would help in adding more large retailers as its customers in future.

4.3 Industrial Products

4.3.1 Industrial Components

The year started against the backdrop of improved business sentiments resulting from gradual economic recovery and various steady reforms initiated by the government. Demand revival took momentum both in Automotive and Consumer

Durable sector being catered by the Division. At the beginning of the year, the Division had projected growth of 16% and 18% in Value and Volume terms in both the sectors put together. The trend was quite encouraging until November'18 but took severe beating thereafter. This was because market didn't pick up as expected during festive season resulting in inventory pile up with most of Automobile and Appliances manufacturers followed by sluggish demand thereafter. However, Company acquired sizable order for supply of sub-assemblies for EVMs and VVPATs which helped to cover deficit in sales occurred during last 4 months of the year. Division grew by 20% and 12% respectively in Value and Volume terms over previous year.

As informed earlier, Khushkhera Unit of the division was transferred to newly formed joint venture company namely Kumi Supreme India Pvt Limited promoted jointly with Kumi Kasai Co of Japan on 30th June, 2018 as a going concern. This JV Company grew 14% and 6% in value and volume terms over previous year when this plant was part of Supreme Entity. This JV has been continuously acquiring good business from Maruti Suzuki, Honda Motors and other tier 1 customers in many of its new models. Company expects good long-term prospects of that JV Company with these customers.

In order to meet improved demand of one of the Company's major AC customer the Company had decided to put up a new plant at Ghiloth near Nimarana, Rajasthan and is operative since September'18. This plant is equipped with the most modern manufacturing facilities. Scope is kept for future expansion as company expects good growth from this facility during years to come. **Noida Plant** revenue together with Ghiloth Plant grew by over 9%. Demand for AC and Coolers is steadily improving indicating healthy growth in future. Noida and Ghiloth plant together are poised to be focused entities for White Goods Business. Both the plants together embarked on Operational Excellence Program to become Future Ready.

Auto Business in the western India improved further during FY18-19 first half revenue steadily improving from our major customer Tata Motors being mainly serviced from **Talegaon Plant**. Company acquired a major non-recurring order of EVM and VVPATs sub assemblies, which kept the plant busy for more than 2 quarters improving the plant capacity utilization. Company is aggressively focusing to improve ROI by various BPR measures.

Chennai Plant registered Revenue growth of over 27% buoyed by good demand from Appliances Sector Customers. Company has embarked on expanding this plant to exploit future Business opportunities here. The facility will be operational by second quarter of the current year. This expansion should help company to improve plant revenue significantly during next couple of years. **Pondy Plant** achieved a good Revenue growth of 16% driven by good demand for Washing Machines. The drive was taken to improve the operations further to enhance productivity, Quality, Cost Optimization, and Skills Up-gradation to meet increased expectations from customers and stay competitive. Both Chennai and Pondy plant would work to establish high level of synergy to become major Industrial Plastic Parts and Assembly Source of South.

Durgapur Plant also achieved healthy value and volume growth of 28% and 25% respectively due to maturation of the new businesses acquired during previous years. Company has planned Operational Excellence initiatives and major re-layout of the plant to improve Overall Operations.

Company has taken drive to rationalize and reorient the machine capacities at its various locations to align it with the changed Product- Mix. While doing so, the new machines and equipment being added are equipped with the latest Technology, Energy efficient, designed for Good repeatability for better quality and improved productivity. Wherever feasible and cost-effective, Automation is being considered to for better productivity and quality. All these initiatives will ensure enhanced Quality, Productivity, Safety, Energy conservation and Cost Optimization. It is helping us to negate the impact of inflation due to various manufacturing cost increases. The various such initiatives of the Company would support Environment and help Go Green. Continuous focus on employee engagement initiatives is helping company to enhance its Human Capital.

Overall rating of the company by its customers meets or exceeds their expectations. Company is considered a highly dependable and valuable supplier. The Journey towards excellence is being cultivated as a culture and will be continuous.

4.3.2 Material Handling Products

The Material Handling Products Division (MHD) has performed with good results in few sectors and below expectations in few sectors. Overall the Division has performed reasonably well during the year under review.

The Division caters diverse Industry needs with following products lines

- 1) Crates:- for Industrial, Engineering, Automobiles, Retail
- 2) Fisheries, Fruit & Vegetable and Dairy.
- 3) Pallet for Warehousing, storage and Transit of material.
- 4) Bottle crates- For soft drink and beverages industries
- 5) Roto moulded crates, Pallet, Dustbins and customized products

The Industrial crates which services to Sector like, Automobile, Engineering, Appliances, FMCG and Retails has grown over by 9%, Considering the flat results of Automobile and Engineering, Appliances sectors which are the main customers for industrial crates the growth is good. New crates models introduced during the year have been well accepted by the customers and are expected to give good growth next year as well.

Your Company continues to provide customized fabricated crates solution for the major Automobile and Appliances customers even when these industries had very sluggish year, our business has shown steady growth and retention of major customers.

In Dairy business your Company has developed a patented design model with good initial successes, The Company is confident that during the current year the model will be a game changer in Dairy Industry.

In Pallet the Division has posted excellent result with growth of over 34%, both injection and roto pallets have shown good results achieved through Industrial customers only. None of the Govt. Agencies have purchased any significant quantities during the year under review. Company will soon introduce few more models to serve more numbers of customers which are not served presently. Your company has also planned to enhance the capacity for Pallet production during the current

year considering the momentum of sales and is hopeful of even better results with its pallet range.

The division has introduced a new product line "PP Corrugated Sheet" manufacturing at Lalru, Punjab unit. This product line is aimed to provide high quality customized, value added products to its customers. After initial teething troubles during first few months, this product line has started showing progressive results. Division is hopeful of running full capacity during the current year and fulfill its' customer aspirations of consistent top quality product which is presently not available to them with smaller & unorganised players

Roto products of Division have shown positive trends with over 13% growth. With locational advantage of geographically manufacturing spread, Division shall be introducing many customized solutions in this category also during the year for even better growth.

The Company has introduced one model in Injection moulded dustbin with high acceptance. Looking at the success of this model, other models are in pipeline for the current year to ensure the market participation and be a part of Swachha Bharat Mission.

The Bottle Crates business of the Division languished due to poor demand from major soft drink players.

Your Company follows strict quality norms and refrains from using recycled plastic particularly demanded in Fruit and Vegetable crates category. Fruits and vegetable crates are sold only to selected quality conscious customers.

Division is continuously growing its distribution network with over 210 channel partner all over India. Division still need to strengthen its network and increase its distribution spread specially in eastern and southern India.

4.3.3 Composite LPG Cylinder

The Company received order for 80,000 cylinders for supplies to Bangladesh in the beginning of this financial year. Company started executing the order in time bound manner. The Company received some complaints which had arisen due to non-conformity of some bought out components. The Company stopped supplies beyond 63,000 cylinders after knowing quality problem on these components.

The Company's technical team in consultation with it's associate in The Czech Republic has found a workable solution to address the issue at Bangladesh. It will take few months to resolve the issue. Based on that, the Company is addressing the quality issues in certain quantities among the cylinders supplied.

The Company has made necessary provision of cost involved in addressing this issue, in the working of the year 2018-19.

Supplies of 20 kg. cylinders to Korea is being used successfully. The Company hopes to get good orders from it's customers in Korea.

The Company has also supplied initial quantities in the African Continent. Company expects to supply further quantities in this financial year.

The Company has received indications from Oil Marketing Companies to get more orders from Government Oil Companies in this year.

The Company was hopeful of turnaround of this Division in the financial year 2018-19 but due to quality issue of Bought out component, it turned out to be a tough year. The Company expects improved performance from 3rd quarter onwards in the current financial year in this division.

4.4 Packaging Products

4.4.1 Packaging Films

Performance Films Division (PFD)

The Performance Films Division has achieved expansion in capacity at the Company's existing location in Khopoli. The division has acquired a new 7 layer film extrusion unit as well as an 8 colour CI Flexographic Printing press. Both of the new equipments will help the Company to deliver better quality of product and will improve our lead times due to the increase in flexibility of production capabilities.

The Company has also added one lamination unit to cater to demand from its existing customers. This will also help the Company in creating value added products to its portfolio.

The division has a slow-down in business owing to competitive pressure and increase in manufacturing capacity in the industry in the year under review.

Overall sale was 6703 tons as against 7454 tons in the previous year due to intense competition. Consequently the sales value was also lower from ₹ 125.31 crores to ₹ 109.63 crores. Exports were also lower at 1316 tons as against 1659 tons in the previous year. Here also the prices were under pressure due to stiff competition from Indian manufacturers.

The Company remains optimistic in the current year. Even though the prices are under pressure, the customers base is sustained due to the Company's quality commitment and service.

The Company expects to achieve substantial volume and value growth in this business in the current year due to increase in customer base in India and Abroad. This has been made possible due to increase in the production capacity with improved product mix.

4.4.2 Protective packaging division (PPD)

PPD has recorded 10.18 % growth in value and 11.50 % in volume during the year under review. The total sale achieved is 26018 MT as against 23335 MT of last year.

EPE requirement has been growing in mattress application.

The division has installed additional foam production capacity of 4000 MTPA at Hosur to meet the increasing demand for south market. The division is also working to enhance the productivity of existing extruders at all places to cater to the increasing demand.

The division is also starting a new facility at the Jadcherla complex with an EPE capacity of 3200 tons of epe alongwith 1440 tons of ABE, to cater to the increasing demand in Telangana & Andhra Pradesh alongwith some neighboring states which are logistically cost effective. Due to civil delays the plant is expected to go on stream by 2nd quarter of this financial year.

The division is also now on the verge of offering a premium range of foam variants to all institutional mattress customers.

New NBR sheet plant at Malanpur has started commercial production during the month of September 2018. The

Company's products have been appreciated in the market. Within two months of operation the new plant has been stabilized with the targeted density of 45 kg/m³. Also many of the imported ingredients have been replaced by local ingredients. By adding an adhesive lamination line, a large numbers of variants have now been added. A few more new variants will be added in the coming year. The division will be offering a comprehensive list of thermal insulating products.

The Two units at Hosur were merged into a single unit. This unit now has a total built up area of over 350000 sq ft. The modern layout ensures a smooth flow of material ensuring movement efficiencies. The vacated premise of Unit 1 has been sold. The overall production capacity stands at 15000 tons against 10000 tons in the previous year. The division expects significant growth of business in South zone

Kharagpur capacity of EPE foam was also increased by 2600 tons in the year under review. Production of single stage, crosslinked block foam has also commenced in the month of March 2019 to better service the East Zone customers

Due to introduction of new pollution control norms in Maharashtra, production of Air bubble film line and lower thickness foam was stopped at Urse for two months which has affected the business of west zone to some extent.

Packaging

Packaging vertical has grown by 5.91 % in value and 8.66 % in volume as against last year. Major growth has come from polyethylene foam business due to superior quality of low density against other local competitors. The Tandem Foam Extruder which had been developed by the Engineering team is one of the key factors for growth of this business.

The division has successfully developed many items for Decathlon which were earlier imported by them. The division expects few more products to be introduced this year. Talks are on to enroll Supreme as a global supplier by Decathlon.

Several new products have been added to our range of single stage block Cross linked foam products for the footwear and packaging industries. The overall installed production capacity has also increased from 5000 MTPA to 6300 MTPA at Hosur and Malanpur.

The business of Two stage block foam which was sluggish for the past few years has now picked up. Production capacity has been doubled from 203 MTPA to around 324 MTPA with marginal investment during the year to cater to the increased demand.

Civil

Civil business has grown by 14.16% in value and 13.95 % in volume in the current year. Increased infrastructure development in the country has increased business opportunity in Government projects. DURA floor protector – XF which is a composite product of Silpaulin and EPE foam used as a re-usable floor protection for interior works is now gaining popularity in the market and is expected to grow further in the current year.

Insulation

The growth of Insulation vertical has shown significant growth of 49.46% in value and 68.27% in volume against the previous year. This is on account of introduction of NBR sheets & large diameter tubes in the year under review. Business of PE crosslink foam had taken a beating in the previous years

on account of multiple manufacturers entering the field, & continued offering inferior products at low prices. To counter the same, the Company has developed several low cost products, with better properties, duly certified. Business is improving due to wider range of product portfolio & the Company expects further improvement in the coming year.

This vertical has initiated several steps to reduce cost of products without compromising quality against declared specification duly certified. The R&D team is also working on several International certifications for Insu range of products. With the introduction of NBR sheets, the division is now offering a wide range of Insulation products which are generally specified by HVAC consultants. The vertical is expecting good business growth in the current year.

The division is working on developing several acoustic insulation products. What started as a Two product offering a couple of years ago is now a multi product offering. As the Company learns the business of acoustics better, it hopes to grow this into a full fledged vertical.

Exports

The division has participated for the first time in two International Foam Exhibitions. New markets need different certifications. The process is on and the division expects positive results. Exports during the year were ₹ 770 lacs against ₹ 218 lacs in the previous year.

Technology

In last two years, the division had developed 2 nos. of 400 kg/hr capacity Tandem Extruder through a Korean vendor. Now the division has developed 500 kg / hr Tandem Extruder which is running successfully at Hosur unit. These extruders are generally used for making low density foam, which creates an advantage against competitors.

Product - Recognition

The Company's INSU ranges of products are certified as GREEN by CII – Sohrabji Godrej Green Business Centre on behalf of IGBC. The INSU range of products are also certified with International standards UL VO (Taiwan), NZ 1530 (New Zealand). NBR sheets and tubes have also been certified by FM USA for its superior fire resistance. The division is working on getting few more International certifications which will create further export opportunities in the forthcoming period.

4.4.3 Cross Laminated Film

The Business of Cross Laminated Film & Products had a positive growth in volume during the year despite stiff competition from several players who have entered this business in last two years.

The Company's main products are Tarpaulins, bags, fumigation covers, vermi bed, rainwater harvesting sheets & pond liners. With most parts of India facing water crisis the Government is focusing on harvesting water. The Government of India has doled out many schemes for conservation of water including subsidies to farmers for building water ponds. This has resulted in increase in demand for Company's pond liners which is available with warranty.

The new fabricated products developed by the Company have been well accepted by the market. The Company has developed many products by laminating the XF film with other substrates. The Company expects the sale of these fabricated / laminated products to grow manifolds during the coming year.

The Company was earlier selling Reprocess Granules which it was unable to reuse. During the year Company has manufactured & sold tarpaulins made from own generated Reprocess Granules to target the low cost Tarpaulin Segment. This product is well accepted in the Market & will give better realization, than selling such granules.

The quality of the product offered by several new players who have entered this business is not comparable. To distinguish Company's products from those of competitors the Company is promoting products made from Cross Line Bonded Film. This film is now available in all the thicknesses & has patent protection. The Company is aiming to substantially increase the capacity to manufacture these products. The Company now owns the patents worldwide & hence there is lot of savings in royalties which would have been payable otherwise.

In USA the Company has tied up with some local players to sell the product online on Amazon & through some store chains online and offline. The Company is now receiving repeat orders from USA customers. The Company is planning to showcase its product in exhibitions to be held in South East Asia, Latin America, Africa & USA. This will open up new markets besides strengthening the existing markets. The Company's Exports have grown by 14% in volume over the previous year.

The Company's bags are finding more acceptance from industrial product makers. The business of bags has gone up by 21% in volume in the year compared to previous year.

The Company's technical collaborator has now perfected the Cross Plastic Film Technology & is in the process of preparing drawings of the equipment's for manufacturing this film. The Company intends to place orders for the equipment's in the coming year. The Company has now acquired worldwide rights in the patents of newly developed Cross Plastics Technology from it's Collaborator which will bring in lots of savings in the years to come.

4.5 Construction Business

The company has developed Commercial Premises viz "Supreme Chambers" with a view to monetize the land parcel it held on shifting of its manufacturing activities out of Mumbai. The aesthetically designed green building having many eco-friendly features & infrastructure facilities was completed in 2010-2011 with all permissions including Occupation Certificate in place.

At the beginning of the year total 51258 sq ft of saleable area was available for Sale at the said premises. During the year under review the Company sold 38718 sq ft saleable area at an aggregate consideration of ₹ 80.85 crores. Now only 12540 sq ft remaining area is available for sale.

The Company is hopeful to monetize the same during the current year.

5. FINANCE

1. A brief on borrowing levels and finance cost is given below:-

Particulars	Measure	F.Y. 2018-19	F.Y. 2017-18
Net borrowing level at the end of the year	₹ In crores	160.94	246.40

Particulars	Measure	F.Y. 2018-19	F.Y. 2017-18
Average Monthly Borrowings	₹ in crores	265.58	335.95
Interest & finance charges	₹ In crores	26.00	20.64
Average cost of borrowings at the end of the year	% p. a	8.23	7.12
Financial cost as a % of Turnover	%	0.46	0.41
Total Debt : Equity Ratio		0.08	0.14

RBI kept the Key policy rates at elevated levels during majority period of the year under review. The Repo rate, was at 6.00% at the start of the year touched a high of 6.50% in the December, 2018 Thereafter the RBI has reduced the Repo Rate by 25 bps each in February 2019 & in April 2019 aggregating to the reduction of 50 bps in their respective monetary review meetings. Thus the Repo Rate has been gradually brought down to 6.00% presently. The higher rates generally resulted in relatively higher cost of borrowing for the working capital requirements of the Company.

2. Working Capital Borrowing

2.1. Foreign Currency Borrowing

After the discontinuation of Letter of Undertakings (LOUs) by RBI, availability of low cost Working capital Credit in foreign currency (Buyer's credits) became scarce initially. However, the Company has managed to restart availing of Buyer's credit funding, directly from overseas lenders at competitive rates.

2.2. Commercial Papers

During the year under review, the Company continued to place cost effective Commercial Papers (CPs) in the market to avail low cost INR funding. However, with the latest guidelines from RBI, w.e.f. 1st April, 2019, borrowers will have to avail 40% (60% w.e.f. 1st July, 2019) of Fund based limits by way of Working capital demand loans (WCDL) from Banks. As a result the Company's cost of borrowing is expected to go up, as it will have to reduce its exposure to CPs and Buyer's Credits, in favour of costlier WCDLs.)

2.3. Dealers' financing & Vendor Management.

The Dealers' finance facilities extended to the selected Channel Partners of the Company has progressed well with more & more Channel Partners are interested to get enrolled on the Channel Finance Scheme. The total sanctioned limit under the scheme was around ₹ 87 crores & the utilization was around ₹ 61 crores at the end of the year.

The company continues to negotiate favourable credit terms with its suppliers for effectively managing its working capital requirements.

3. Term Debt

During the year under review, the Company has repaid its entire term debt component amounting to ₹ 15.38 crores and

has become debt free Company (except for its Working capital facilities).

4. CRISIL Rating

During the year, the Rating for Company's Short term bank facilities was reaffirmed at "CRISIL A1+" by CRISIL (which is highest rating for the Short term instruments).

CRISIL vide its letter dated 2nd April 2019 has upgraded the Rating for Long Term Bank facilities from "CRISIL AA Stable" to "CRISIL AA Positive (Outlook Revised from stable and rating reaffirmed)".

The outlook revision is driven by improvement in the company's business risk profile led by strengthening presence in the domestic market backed by wider distribution network and expected increase in number of manufacturing facilities. The company has a strong market position across multiple segments in the plastic products industry, and high-margin, value-added products make a healthy contribution of around 35% to revenue.

5. Capital Expenditure

5.1. Considering optimistic business growth potential, the Company has incurred Capital Expenditure (Capex) of ₹ 384 crores, during the year under review. The highlights of the Capex incurred are as follows.

- Increase in capacity of Plastics Pipe and Fittings at Khargapur, Jalgaon and Malanpur.
- Increase in capacity of Roto moulded products at Malanpur, Kanpur and Jadcherla.
- Increase in capacity of Protective Packaging Products at Malanpur, Kharagpur, Hosur and Jadcherla.
- Increase in capacity of Plastic moulded furniture/Material Handling crates at Jadcherla, Lalru and Durgapur.
- Increase in capacity of Industrial Components at Ghiloth and Talegaon.
- Increase in capacity of Multilayer performance Packaging film at Khopoli.
- Addition of new moulds to increase product range and introduce new products in Plastics pipe and fittings, Furniture and Material handling products.

5.2. During the current year i.e. 2019-20, the Company envisages Capex in the range of about ₹ 300-350 crores, mainly on the following.

- Putting Moulding shop at Kharagpur complex
- Establishing capacity to manufacture PVC Pipe System/HDPE Pipe System/CPVC Pipe System/PEX Piping system at Jadcherla
- Expanding Roto Moulding Capacity at Jadcherla
- Putting another Unit at Pondy's new site to increase Bath fitting capacity
- Adding several varieties of Injection Moulding and Blow moulded furniture in the Company's range of furniture
- Installing additional equipment to increase production of XL Bonded XF film at It's Silvassa and Get Muvala Units.
- Increasing PVC Pipe manufacturing capacity at Kanpur Dehat Unit

- h) To add innovative fabricating machines to produce several varieties of new fabricated products from XF film.
- i) To add end of the line fabrication machines for performance packaging films.
- j) To install balancing machines in Protective Packaging Division
- k) To increase capacity at Gadegaon and replace certain old machines at Lalru plant and to invest in moulds for increased product range in Material Handling Products
- l) To expand capacities in Industrial Product Division at Ghiloth and Chennai moulding unit

During the year under review (1) the company has divested its Khushkheda unit to a newly formed joint venture company viz Kumi Supreme India Pvt Ltd and realized net gain of ₹ 70.44 crores from the proceeds thereof (2) Relocated all its Plant & Machineries from Hosur unit 1 to Hosur unit 2 & sold land & buildings at Hosur unit 1 & realized ₹ 17.41 crores therefrom.

Moreover the company has also realized ₹ 80.85 crores from the Sale of commercial premises at Supreme Chambers.

In view of the receipt of the above proceeds coupled with internal accruals from its operational performance, company's Cash flows average monthly borrowings have been reduced by ₹ 70.37 crores inspite of large capital expenditure and increased working capital requirement.

With the steady growth in cash accruals in the medium term with moderate Capex of around ₹ 350 to ₹ 400 crores annually financial risk profile of the company should remain robust in coming years.

6. INTERNAL CONTROL SYSTEM

The Company has adequate internal audit and control systems. Independent Auditors' Report

To The Members of
The Supreme Industries Limited

Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of The Supreme Industries Limited ("the Company"), which comprises of Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information in which are included the standalone financial statements for the year ended on that date audited by the branch auditors of the Company's 27 manufacturing units located in the India.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2019, its profits (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significant in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No	Key Audit Matters	Auditor's response
1.	<p>Information Technology (IT) Systems and Controls</p> <p>During the year the Company has implemented SAP, a new Enterprise Resource Planning (ERP) System. The new system is fully integrated financial accounting and reporting system.</p> <p>The implementation of ERP has a risk of loss of integrity of key financial data being migrated and elimination of traditional controls without replacing them with the new effective controls measures, monitoring of IT controls which are relating to critical business processes such as purchase, production, sales, inventory and including recording of transactions, which could lead to financial errors or mis-statements and inaccurate financial reporting and also there is risk that automated accounting procedures and related IT manual controls might not work.</p> <p>We have accordingly designated this as a focus area in the audit.</p>	<p>Audit procedures performed:</p> <p>We have performed procedures to ensure the migration of financial data between old system and new system.</p> <p>Our audit approach consisted testing of design and operating effectiveness of internal controls and substantive testing around the new ERP system. We also performed sufficient test of details as a part of our audit.</p> <p>We have performed the test of details for areas where the Management has implemented manual controls during the year including the continuing manual controls as at the year end.</p> <p>We have performed the test of controls regarding the appropriateness of system access and an effective maker and checker system built in the ERP system for proper authorizations of transactions and posting of accounting entries.</p> <p>The combination of these tests of controls and procedures performed, gave us a sufficient evidence to enable us to rely on the operations of ERP system for the purpose of the audit of the financial statements.</p>

Sr. No	Key Audit Matters	Auditor's response
2.	<p>Industrial Promotion Scheme (IPS) receivables</p> <p>Other current assets include government grant in the form of refund of Sales tax/GST under IPS Scheme of ₹ 6,242 lacs as at March 31, 2019 from the states of Maharashtra, Madhya Pradesh, West Bengal and Rajasthan as the respective scheme notifications were issued by the aforesaid State Governments.</p> <p>Post GST, the state of west Bengal is yet to notify the IPS scheme and accordingly, the Company has not recognized grant, since July 2017, in this regard. The amount whereof is presently not ascertainable.</p> <p>Management judgement is involved in assessing the accounting for grants and particularly in considering the probability of a grant being released and we have accordingly designated this as a focus area of the audit.</p>	<p>Audit Procedure performed:</p> <p>In response to the risk of completeness of the accruals in the financial statements:</p> <p>We have examined the eligibility certificates and obtained a list of year wise break- up of the IPS receivables by the Company for all the financial years. We had discussed the status of the assessment of grants receivable for all the financial years and the Management view on the expected time frame by which the grants will be released. Additionally, we have considered the status of the previous assessments and the adjustments, if any, done by the respective concerned authorities.</p> <p>Based on the procedures performed, those gave us a sufficient evidence to conclude that the grants have been accounted in terms of the schemes announced by various state governments.</p>

Information Other than the Standalone Financial Statements and Auditor's report thereon

The Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to the Board report, Business responsibility Report, Corporate Governance report and Shareholder's information, but does not include the standalone financial statement and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis

for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) Planning the scope of our audit work and in evaluating the results of our work and (ii) To evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters:

We did not audit the financial statements of 27 branches included in the standalone financial statements of the Company whose financial statements reflect the total assets of ₹ 283,816 lacs as at March 31, 2019 and total revenue of ₹ 551,657 lacs for the year ended on that date. The financial statements of these branches have been audited by the branch auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of these branches, is based solely on the report of such branch auditors.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. Pursuant to the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and records.

Annexure B to the Independent Auditor's Report

ANNEXURE "B" REFERRED TO IN "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" SECTION OF OUR REPORT TO THE MEMBERS OF THE SUPREME INDUSTRIES LIMITED OF EVEN DATE:

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of the Supreme Industries Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential component of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the entity are being made only in accordance with authorisations of management; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the entity's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential Component of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the financial statements for the year ended 31st March, 2019

1. BASIS OF PREPARATION, MEASUREMENT AND SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of Preparation and Measurement

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified under the Companies (Indian Accounting standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules 2016 prescribed under section 133 of the Companies Act, 2013.

The financial statements are prepared and presented on accrual basis and under the historical cost convention, except for the following material items that have been measured at fair value as required by the relevant Ind AS:

- Certain financial assets and liabilities are measured at Fair value (refer accounting policy on financial instruments - Refer note 1.9 below)
- Defined Benefit and other Long-term Employee Benefits - Refer note 1.11 below
- Derivative Financial instruments – Refer note 1.9 below

These standalone financial statements are approved for issue by the Company's Board of Directors on May 07, 2019.

1.2 Use of Estimates and Judgements

The preparation of the financial statements requires that the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

All the assets and liabilities have been classified as current or non-current as per the company's normal operating cycle of twelve months and other criteria set out in Schedule III to the Companies Act, 2013.

Areas involving critical estimates and Judgements are:

- Estimation of Defined benefit obligations
- Estimation of Current tax expenses

1.3 Property, Plant and Equipment & Intangible Assets

Property, Plant and Equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Costs include freight, import duties, non-refundable purchase taxes and other expenses directly attributable to the acquisition of the asset.

Leasehold land is stated at historical cost less amounts written off proportionate to expired lease period.

Intangible Assets

Intangible assets are held on the balance sheet at cost less accumulated amortisation and impairment losses. Intangible assets developed or acquired with finite useful life are amortized on straight line basis over the useful life as specified below:

- Computer Software and Licenses – 3 to 5 years
- Right to Use, Patents– 5 years

Capital Work-in-progress and Pre-operative Expenses during Construction Period

Capital Work-in-Progress includes project expenditure incurred during construction period on projects under implementation treated as pre-operative expenses pending allocation to the assets. These expenses are apportioned to the respective fixed assets on their completion / commencement of commercial production.

Depreciation/amortisation:

Depreciation is provided on the straight-line method applying the useful lives as prescribed in part C of Schedule II to the Companies Act, 2013. The range of estimated useful lives of Property, Plant & Equipment are as under:

Category	Useful Life
Buildings (including roads)	10- 60 Years
Plant & Equipment*	7- 25 Years

Notes to the financial statements for the year ended 31st March, 2019

Category	Useful Life
Moulds & Dies*	2- 6 Years
Furniture & Fixture	10 Years
Office Equipment	3 - 5 Years
Vehicles	8 - 10 Years

* Useful life of Plant & Equipment of Plastic Piping System Division, Protective Packaging Division and Cross Laminated Film Division and Moulds and Dies are determined based on the internal assessment supported by independent technical evaluation carried out by external valuers.

The management believes that the useful life as given above the best represent the period over which the management expects to use these assets. The company reviews the useful lives and residual value at each reporting date.

Depreciation on assets added/sold or discarded during the year is being provided on pro-rata basis up to the date on which such assets are added/sold or discarded. Leasehold Land is amortized over the period of lease.

Assets costing up to ₹ 10,000 each are depreciated fully in the year of purchase.

Gains/Losses on disposals/de-recognition of property, plant and equipment are determined by comparing proceeds with carrying amount and these are recognized in statement of profit & Loss.

Assets held for sale

Non-current assets or disposal groups comprising of assets and liabilities are classified as 'held for sale' when all of the following criteria's are met:

- Decision has been made to sell.
- The assets are available for immediate sale in its present condition.
- The assets are being actively marketed and
- Sale has been agreed or is expected to be concluded within 12 months of the Balance Sheet date.

Subsequently, such non-current assets and disposal groups classified as 'held for sale' are measured at the lower of its carrying value and fair value less costs to sell. Non-current assets held for sale are not depreciated or amortised.

1.4 Impairment of Non-Financial Assets

The Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets are impaired. If any such indication exists, the Company estimates the amount of impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

1.5 Revenue from Contracts with Customers

The Company recognizes revenue, whenever control over distinct goods or services is transferred to the customer; i.e. when the customer is able to direct the use of the transferred goods or services and obtains substantially all of the remaining benefits, provided a contract with enforceable rights and obligations exists and amongst others collectability of consideration is probable taking into account customer's creditworthiness.

Revenue is the transaction price the Company expects to be entitled to. In determining the transaction price, the Company considers effects of variable consideration, the existence of significant financing contracts, noncash consideration and consideration payable to the customer, if any. The Company considers whether there are other promises in the contract that are separate performance obligations to which the transaction price needs to be allocated (e.g. warranties etc.).

Variable Consideration

If the consideration in a contract includes a variable amount, the company estimates the amount of consideration to which it will be entitled to in exchange for transferring goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant reversal of revenue will not occur once associated uncertainties are resolved. Some contracts with the customers provide them with a right to return and volume rebates. The right to return and volume rebates gives rise to variable consideration.

Notes to the financial statements for the year ended 31st March, 2019

The amount of variable consideration is calculated by either using the expected value or the most likely amount depending on which is expected to better predict the amount of variable consideration. Consideration is also adjusted for the time value of money if the period between the transfer of goods or services and the receipt of payment exceeds twelve months and there is a significant financing benefit either to the customer or the Company. If a contract contains more than one distinct good or service, the transaction price is allocated to each performance obligation based on relative stand-alone selling prices. If stand-alone selling prices are not observable, the Company reasonably estimates those.

Revenue is recognized for each performance obligation either at a point in time or over time.

Sale of goods: Revenues are recognized at a point in time when control of the goods passes to the buyer, usually upon either at the time of dispatch or delivery. In case of export sale, it is usually recognised based on the shipped-on board date as per bill of lading. Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc.

Revenues from services: Revenues are recognized over time on a straight-line basis or, if the performance pattern is other than straight-line, as services are provided/rendered.

Other Income

Dividend income on investments is recognised when the right to receive dividend is established.

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest. For all financial instruments measured at amortised cost, interest income is recorded using the Effective interest rate method to the net carrying amount of the financial assets.

1.6 Contract balances:

Trade Receivables:

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e. only a passage of time is required before payment of the consideration is due).

Contract liabilities:

A contract liability is the obligation to transfer goods or services to a customer for which the company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the company transfer goods and services to the customer, a contract liability is recognised when the payment is made or the payment is due, whichever is earlier. Contract liabilities are recognised as revenue when the company performs under the contract.

1.7 Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received, and all attached conditions will be complied with. Government grants related to revenue are recognised on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate. Such grants are deducted in reporting the related expense. When the grant relates to an asset, it is recognized as income over the expected useful life of the asset.

In case a non-monetary asset is given free of cost it is recognised at a fair value. When loan or similar assistance are provided by government or related institutions, with an interest rate below the current applicable market rate, the effect of this favorable interest is recognized as government grant. The loan or assistance is initially recognized and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received.

1.8 Inventories

Inventories includes Raw Material, Work-in-Progress, finished goods, Stores & spares, Consumables, Packing Materials, Goods for resale and commercial premises are valued at lower of cost and net realizable value. Materials in transit is valued at cost incurred till date.

Raw Material and Components – Cost include cost of purchases and other costs incurred in bringing the inventories to their present location and condition. Cost is determined using moving average and, in some cases, identified lot basis / First in first out (FIFO) basis.

Finished/Semi-Finished Goods – cost includes cost of direct material, labor, other direct cost and a proportion of fixed manufacturing overheads allocated based on the normal operating capacity but excluding borrowing costs. Cost is determined on weighted average cost basis/moving average cost

Stores, Spare Parts, Consumables, Packing Materials etc. – cost is determined on FIFO basis.

Goods for Resale – cost is determined on FIFO basis.

Commercial Premises – Cost includes cost of land, premium for development rights, construction cost, materials, services and allocated interest and expenses incidental to the construction business.

Notes to the financial statements for the year ended 31st March, 2019

Net realisable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to make the sale.

Adequate allowance is made for obsolete and slow moving items.

1.9 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets - Initial recognition

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

Subsequent measurement

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

- (a) the entity's business model for managing the financial assets and
- (b) the contractual cash flow characteristics of the financial asset.

(a) Measured at amortised cost:

A financial asset is measured at amortised cost, if it is held under the hold to collect business model i.e. held with an objective of holding the assets to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest on the principal outstanding. Amortised cost is calculated using the effective interest rate ("EIR") method by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, gain or loss, if any, is recognised to Statement of Profit and Loss.

(b) Measured at fair value through other comprehensive income (FVOCI):

A financial asset is measured at FVOCI, if it is held under the hold to collect and sell business model i.e. held with an objective to collect contractual cash flows and selling such financial asset and the contractual cash flows are solely payments of principal and interest on the principal outstanding. It is subsequently measured at fair value with fair value movements recognised in the OCI, except for interest income which recognised using EIR method. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in the OCI is reclassified from the equity to Statement of Profit and Loss.

(c) Measured at fair value through profit or loss (FVTPL):

Investment in financial asset other than equity instrument, not measured at either amortised cost or FVOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Equity Instruments:

All investments in equity instruments classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL.

For all other equity instruments, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised in Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in the OCI. Amounts recognised in Other Comprehensive Income (OCI) are not subsequently transferred to Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised in Statement of Profit and Loss.

Impairment

The Company recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward-looking.

Notes to the financial statements for the year ended 31st March, 2019

The Company's trade receivables or contract revenue receivables do not contain significant financing Branch and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance. It recognizes impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition.

For financial assets other than trade receivables, the Company recognises 12-month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12 months ECL.

Impairment loss allowance including ECL or reversal recognized during the period is recognized as income/ expense in the Statement of Profit and Loss. This amount is reflected under the head 'other expenses' in the Statement of Profit and Loss. The impairment loss is presented as an allowance in the balance sheet as a reduction from the net carrying amount of the trade- receivable, loan, deposits and lease receivable respectively.

De-recognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Financial Liabilities

Initial Recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts and derivative instruments.

Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Loans & Borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

Financial Guarantee Contracts

Financial guarantee contracts issued by the Company are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative adjustments.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Derivative financial instruments & hedge accounting

The Company uses derivative financial instruments, such as forward foreign exchange contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in Statement of Profit and Loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Notes to the financial statements for the year ended 31st March, 2019

The Company designates their derivatives as hedges of foreign currency risk associated with the cash flows of highly probable forecast transactions and variable interest rate risks associated with the borrowings.

The Company documents at the inception of hedging transaction the economic relationship between hedging instruments and hedged items including whether the hedging instrument is expected to offset cash flow of hedged items. The Company documents its risk management objective and strategy for undertaking various hedge transaction at the inception of each hedge relationship.

Cash flows hedge that qualify for the hedge accounting

Any gains or losses arising from changes in the fair value of derivatives are taken directly to statement of profit & loss, except for the effective portion of cash flow hedge which is recognized in other comprehensive income and presented as separate Branch of equity which is later reclassified to statement of profit & loss when the hedge item affects profit & loss.

Offsetting of financial instruments

Financial assets and financial liabilities are off-set, and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

1.10 Fair Value Measurement:

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

1.11 Employee Benefits

The Company has provides following post-employment plans such as:

- (a) Defined benefit plans such a gratuity and
- (b) Defined contribution plans such as Provident fund & Superannuation fund

a) Defined-benefit plan:

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations is calculated annually by actuaries through actuarial valuation using the projected unit credit method.

Notes to the financial statements for the year ended 31st March, 2019

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest expense or income

Re-measurement comprising of actuarial gains and losses arising from:

- (a) Re-measurement of Actuarial(gains)/losses
- (b) Return on plan assets, excluding amount recognized in effect of asset ceiling
- (c) Re-measurement arising because of change in effect of asset ceiling

are recognised in the period in which they occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods.

Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Company determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

b) Defined-contribution plan:

Under defined contribution plans, provident fund, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Company's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

c) Other employee benefits:

- (a) Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the Balance sheet date determined based on an actuarial valuation.
- (b) Undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the period when the employee renders the related services.
- d) Expenses incurred towards voluntary retirement scheme are charged to the statement of profit and loss as and when incurred.
- e) Other benefits comprising of discretionary long service awards are recognized as and when determined.

1.12 Leases

A lease is classified at the inception date as a finance lease or an operating lease. Leases under which the Company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss

Other leases are treated as operating leases, with payments are recognised as expense in the statement of profit & loss on a straight-line basis over the lease term.

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

1.13 Foreign Currency Transactions

a) Initial Recognition

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year.

b) Measurement of Foreign Currency Items at the Balance Sheet Date

Foreign currency monetary items of the Company are restated at the closing exchange rates. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction. Non-monetary items that are measured at fair value in a foreign

Notes to the financial statements for the year ended 31st March, 2019

currency are translated using the exchange rates at the date when the fair value was determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in the fair value of the item. Exchange differences arising out of these transactions are charged to the Statement of Profit and Loss.

1.14 Taxes on Income

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income. In this case, the tax expense is also recognized in other comprehensive income or directly in equity, as the case may be.

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items, that are never taxable or tax deductible. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing and applicable for the relevant assessment year. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

The Company offsets the current tax assets and liabilities (on a year on year basis) where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis.

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets are not recognised where it is more likely than not that the assets will not be realised in the future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Minimum Alternative Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income-tax during the specified period.

1.15 Research and Development Expenditure

Research costs are expensed as incurred. Product development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, further economic benefits are probable, the Company has an intention and ability to complete and use or sell the product and the costs can be measured reliably.

1.16 Provisions and Contingencies

A provision is recognised when there is a present legal or constructive obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, and in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A disclosure for a contingent liability is made where there is a possible obligation arising out of past event, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation arising out of past event where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

1.17 Cash and Cash Equivalents

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

Notes to the financial statements for the year ended 31st March, 2019

1.18 Cash Flow Statement

Cash flows are reported using the indirect method where by the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

1.19 Borrowing Cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

1.20 Earnings Per Share

Basic EPS is arrived at based on net profit after tax available to equity shareholders to the weighted average number of equity shares outstanding during the year. The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless impact is anti-dilutive.

1.21 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM).

The Company has identified its Managing Director as CODM who is responsible for allocating resources and assessing performance of the operating segments and makes strategic decisions.

1.22 Exceptional Items

When an item of income or expense within profit or loss from ordinary activity is of such size, nature or incidence that their disclosure is relevant to explain the performance of the Company for the year, the nature and amount of such items is disclosed as exceptional items.

1.23 Cash Dividend

The Company recognizes a liability to pay dividend when the distribution is authorised and the distribution is no longer at the discretion of the Company i.e. when the dividend distribution is being approved by the shareholders. A corresponding amount is recognized directly in equity.

31 FINANCIAL INSTRUMENTS

The Management assessed that cash and cash equivalents, trade receivables, trade payables and other current liabilities approximate their carrying amounts largely due to the short term maturities of these instruments. The fair value of the financial assets and financial liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

The carrying amounts and fair values of financial instruments by category are as follows:

a. Financial assets

Fair value estimation

For financial instruments measured at fair value in the Balance Sheet, a three level fair value hierarchy is used that reflects the significance of inputs used in the measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

- Level 1: quoted prices for identical instruments
- Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: inputs which are not based on observable market data.

	Level 1	Level 2	Level 3
As at 31st March, 2019			
Assets at fair value			
Investments	2	–	519
Liabilities at fair value			
Derivative financial instruments	–	331	–
As at 31st March, 2018			
Assets at fair value			
Investments	6		4
Liabilities at fair value			
Derivative financial instruments	–	53	–

The fair value of investments in equity is based on the price quotation at the reporting date derived from quoted market prices in active market. The Company enters into derivative financial instruments with various counterparties, principally financial institutions. Foreign exchange forward contracts are valued using valuation techniques, which employs the use of market observable inputs. The most frequently applied valuation techniques include forward pricing using present value calculations.

32 RISK MANAGEMENT

Financial risk management objectives and policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's activity exposes it to market risk, liquidity risk, commodity risk and credit risk. In order to minimise any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts, foreign currency and interest rate swaps are entered to hedge certain foreign currency risk exposures to hedge variable interest rate exposures. Derivatives

Notes to the financial statements for the year ended 31st March, 2019

₹ in Lacs

are used exclusively for hedging purposes and not as trading or speculative instruments. The Company's financial risk management policy is set by the Managing Director and governed by overall direction of Board of Directors of the Company.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

S.No.	Risk	Exposure arising from	Measurement	Risk Management
A	Credit risk	Cash and cash equivalents, trade receivables, derivative financial instruments, financial assets measured at amortised cost.	Ageing analysis. Credit ratings	Credit limits and letters of credit and Performance guarantees.
B	Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
C	Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Interest rate swaps
D	Market risk – foreign exchange	Future commercial transactions recognised financial assets and liabilities not denominated in INR.	Cash flow forecasting Sensitivity analysis	Forward foreign exchange contracts
E	Commodity risk	Purchase of Raw Material	Fluctuation of Crude Price and Currency rates	Procurement and inventory strategy

A. CREDIT RISK

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assess financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- Actual or expected significant adverse changes in business
- Actual or expected significant changes in the operating results of the counterparty

Ind AS 116 - Leases

On March 30, 2019, Ministry of Corporate affairs have notified Ind AS 116 – “Leases”. Ind AS 116 will replace the existing leases standards Ind AS 17 – “Leases” and related interpretations. The new standard sets out the principles for the recognition, measurement, presentation and disclosures of lease for both lease and lessor. Ind AS 116 introduces a single lease accounting model and requires a lessee to recognise the assets and liabilities for all leases with a term of more than 12 months, unless the underlying assets are of low value. Ind AS 116 substantially carried forward the accounting treatment prescribed for lessor. The effective date for adoption of Ind AS 116 is annual period beginning on or after April 01, 2019. The Company is evaluating the impact of the issued Ind AS 116 on its financial statements.

Independent Auditors' Report on Consolidated Financial Statements

To the Members of
The Supreme Industries Limited

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the accompanying financial statements of The Supreme Industries Limited ("the Parent Company"), its foreign subsidiary and its associates (hereinafter to be referred as "the Group") which comprises of consolidated Balance Sheet as at March 31, 2019, the consolidated statement of Profit & Loss (including other comprehensive income), the consolidated Statement of changes in equity and the consolidated Statement of cash flow for the year than ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information in which are included the financial statements for the year ended on that date audited by the branch auditors of the parent company's 27 manufacturing units located in the India.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Group as at 31st March 2019, its profits (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No	Key Audit Matters	Auditor's response
1.	Information Technology (IT) Systems and Controls During the year the parent company has implemented SAP, a new Enterprise Resource Planning (ERP) System. The new system is fully integrated financial accounting and reporting system. The implementation of ERP has a risk of loss of integrity of key financial data being migrated and elimination of traditional controls without replacing them with the new effective controls measures, monitoring of IT controls which are relating to critical business processes such as purchase, production, sales, inventory and including recording of transactions, which could lead to financial errors or mis-statements and inaccurate financial reporting and also there is risk that automated accounting procedures and related IT manual controls might not work. We have accordingly designated this as a focus area in the audit.	Audit procedures performed: We have performed procedures to ensure the migration of financial data between old system and new system. Our audit approach consisted testing of design and operating effectiveness of internal controls and substantive testing around the new ERP system. We also performed sufficient test of details as a part of our audit. We have performed the test of details for areas where the Management has implemented manual controls during the year including the continuing manual controls as at the year end. We have performed the test of controls regarding the appropriateness of system access and an effective maker and checker system built in the ERP system for proper authorizations of transactions and posting of accounting entries. The combination of these tests of controls and procedures performed, gave us a sufficient evidence to enable us to rely on the operations of ERP system for the purpose of the audit of the consolidated financial statements.
2.	Industrial Promotion Scheme (IPS) receivables Other current assets include government grant in the form of refund of Sales tax/GST under IPS Scheme of ₹ 6,242 lacs as at March 31, 2019 from the states of Maharashtra, Madhya Pradesh, West Bengal and Rajasthan as the respective scheme notifications were issued by the aforesaid State Governments. Post GST, the state of West Bengal is yet to notify the IPS scheme and accordingly, the Company has not been recognized grant, since July 2017, in this regard. The amount whereof is presently not ascertainable.	Audit Procedure performed: In response to the risk of completeness of the accruals in the consolidated financial statements: We have examined the eligibility certificates and obtained a list of year wise break- up of the IPS receivables by the Company for all the financial years. We had discussed the status of the assessment of grants receivable for all the financial years and the Management view on the expected time frame by which the grants will be released. Additionally, we have considered the status of the previous assessments and the adjustments, if any, done by the respective concerned authorities.

Sr. No	Key Audit Matters	Auditor's response
	Management judgement is involved in assessing the accounting for grants and particularly in considering the probability of a grant being released and we have accordingly designated this as a focus area of the audit.	Based on the procedures performed, those gave us a sufficient evidence to conclude that the grants have been accounted in terms of the schemes announced by various state governments.

Information Other than the Consolidated Financial Statements and auditor's report thereon

The Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to the Board report, Business responsibility Report, Corporate Governance report and Shareholder's information, but does not include the consolidated financial statement and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the Companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability

to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters:

- We did not audit the financial statements of 27 branches included in the consolidated financial statements of the group whose financial statements reflects total assets of ₹ 283,816 lacs as at March 31, 2019 and total revenue of ₹ 551,657 lacs for the year ended on that date, as considered in the consolidated financial statements. The financial statements of these branches have been audited by the branch auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of these branches, is based solely on the report of such branch auditors.
- We did not audit the financial statements of a subsidiary included in the consolidated financial statements of the Group whose financial statements reflects total assets of ₹ 351 lacs as at March 31, 2019 (as at 31 March, 2018 ₹ 361 lacs); total revenue of ₹ 420 lacs, net profit of ₹ 80 lacs and net cash outflow of ₹ 153 lacs for the year ended 31 March, 2019 (revenue of ₹ 313 lacs, net profit of ₹ 56 lacs and net cash inflows of ₹ 59 lacs for the year ended March 31, 2018), as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit of ₹ 1,438 lacs for the year ended 31 March, 2019 (₹ 3,466 lacs for the year ended 31 March, 2018), as considered in the consolidated financial statements, in respect of two associates (an associate in case of previous year), whose financial statements / financial information have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary and associates, and our report in terms of sub-section (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary and associates, is based solely on the report of other auditors.

Our opinion on the consolidated financial statements is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

- As required by Section 143(3) of the Act, we report that:
 - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - In our opinion, proper books of account as required by law maintained by the Group have been kept so far as it appears from our examination of those books and records.
 - The reports on the financial statements of branches of the Company audited under section 143(8) of the Act by nine firms of independent auditors have been sent to us and properly dealt with by us in preparing this report.

- (d) The Consolidated Balance sheet, the Consolidated Statement of Profit & Loss (including other comprehensive income), Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (e) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Account) Rules, 2014.
- (f) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2019 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of associate companies incorporated in India, none of the directors of the Group companies and its associate companies incorporated in India is disqualified as on 31st March, 2019 from being appointed as a Director in terms of Section 164 (2) of the Act.
- (g) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and the operating effectiveness of such controls, please refer Annexure B of the standalone audit report attached with the standalone financial statements included in this annual report.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Sec 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Group to its directors during the year is in accordance with the provisions of section 197 of the Act.
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Group has disclosed the impact of pending litigations on its financial performance in its consolidated financial statements. [Refer note no. 36 to the standalone financial statements]
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

BASIS OF PREPARATION, MEASUREMENT AND SIGNIFICANT ACCOUNTING POLICIES

1.2 Basis of Preparation and Measurement

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the ‘Ind AS’) as notified under the Companies (Indian Accounting standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules 2016 prescribed under section 133 of the Companies Act, 2013.

The consolidated financial statements of the Group are prepared and presented on accrual basis and under the historical cost convention, except for the following material items that have been measured at fair value as required by the relevant Ind AS:

- Certain financial assets and liabilities are measured at Fair value
- Defined Benefit and other Long-term Employee Benefits
- Derivative Financial instruments

These consolidated financial statements are approved for issue by the Company’s Board of Directors on May 07, 2019.

1.3 Use of Estimates and Judgements

The preparation of the financial statements requires that the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates.

The estimates and judgements used in the preparation of the consolidated financial statements are continuously evaluated by the Group and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Group believes to be reasonable under the existing circumstances. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

All the assets and liabilities have been classified as current or non-current as per the group’s normal operating cycle of twelve months and other criteria set out in Schedule III to the Companies Act, 2013.

1.4 Basis of Preparation of Consolidation Financial Statements

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries and associates as at 31 March 2019. The Parent Company prepares and report its consolidated financial statements in INR (₹).

Subsidiaries:

Subsidiaries are all entities over which the group has control. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

Notes to the Consolidated Financial Statements for the year ended 31st March, 2019

The group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of controls. Consolidation of a subsidiary begins when the group obtains control over the subsidiary and ceases when the group loses control of the subsidiary.

Consolidation procedure:

Subsidiaries:

- Combine, on line by line basis like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31 March. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

1.5 Goodwill

Goodwill arising on an acquisition of a business is initially recognized at cost at the date of acquisition. After initial recognition, goodwill is measured at cost less accumulated impairment losses, if any.

1.6 Investments in Associates

Associates are all entities over which the group has significant influences but not control or joint control. This is generally the case where the group holds between 20% to 50% of the voting rights or the group has power to participate in the financial and operating policy decision of the investee. Investments in associate are accounted for using equity method accounting.

The results and assets and liabilities of associates are incorporated in these consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with Ind AS 105.

Under the equity method, an investment in an associate is initially recognised in the consolidated balance sheet at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate.

On acquisition of the investment in an associate, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

Distributions received from an associate reduce the carrying amount of the investment. Unrealised gains on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transactions provides evidence of an impairment of the assets transferred.

When the Group's share of losses of an associate exceeds the Group's interest in that associate (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate.

1.7 Foreign Currency Transactions

In preparing the financial statements of each individual group entity, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary

Notes to the Consolidated Financial Statements for the year ended 31st March, 2019

items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for:

- exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in the foreign operation), which are recognised initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items.

For the purposes of presenting these consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into Indian Rupees using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity (and attributed to non-controlling interests as appropriate).

On disposal of foreign operations (i.e. a disposal of the Group's entire interest in a foreign operation, a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in a joint arrangement or an associate that includes a foreign operation of which the retained interest becomes a financial asset), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Group are reclassified to profit or loss.

In addition, in relation to a partial disposal of a subsidiary that includes a foreign operation that does not result in the Group losing control over the subsidiary, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognised in profit or loss. For all other partial disposals (i.e. partial disposals of associates or joint arrangements that do not result in the Group losing significant influence or joint control), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

1.8 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM).

The Group has identified its Managing Director as CODM which assesses the operational performance and position of the Group and makes strategic decisions.

1.9 For other accounting policies - Refer significant accounting policies mentioned in the standalone financial statement.

Notes to the Consolidated Financial Statements for the year ended 31st March, 2019

Notes:

- a) Most of the issues of litigation pertaining to Central Excise/Service Tax/Income Tax are based on interpretation of the respective Law & Rules thereunder. Management has been opined by its counsel that many of the issues raised by revenue will not be sustainable in law as they are covered by judgments of respective judicial authorities which supports its contention. As such no material impact on the financials of the Group is envisaged.
- b) Sales Tax and Entry Tax related litigation/demand primarily pertains to non-receipt of declaration forms from customers and mismatch of input tax credit or some interpretation related issues w.r.t. applicability of schemes. Counsel of the Company opined positive outcome based on merits of the cases under litigation. In most of the cases, required documents are being filed and minor impact if any, shall be given in the year of final outcome of respective matter in appeal.
- c) Other issues are either in ordinary course of business or not of substantial nature and management is reasonably confident of their positive outcome. Management shall deal with them judiciously and provide for appropriately, if any such need arises.
