Your Company, achieved the following performance from the business undertakings retained by the company as demerged company, as per Scheme of Demerger approved by the NCLT; hence to facilitate comparison, previous year figures given in brackets in the following paragraphs for review of performance pertain to the business undertakings retained by your company.

During the year under review, the spinning unit produced 12341.51 tonnes (12282.12 tonnes) of yarn, of which 2772.85 tonnes (1699.68 tonnes) was used to produce knitted fabrics. The spinning unit sold 9722.74 tonnes (10751.06 tonnes) of yarn out of which exports accounted for 2399.30 tonnes (3063.76 tonnes) and 2692.03 tonnes (1651.06 tonnes) of knitted fabrics. Further, during the year under review, the Company sold 3730.17 tonnes (3674.65 tonnes) of waste cotton, of which exports accounted for 770.2 tonnes (900.66 tonnes). The Wind Mills with aggregate installed capacity of 18.145 MW generated 277.68 lakh units of Wind Electricity as against 165.48 lakh units in the last year. The entire power generated by Wind Mills was utilized for captive consumption at the textile mill. Unlike in the earlier years, TANGEDCO was able to evacuate most of the wind energy generated by the Wind mills as a result of which the performance of the Windmills improved significantly during the year under review.

The performance of the Spinning Unit in terms of profitability was affected by steep fall in prices of yarn due to supply/demand mismatch in the second half of the year. However the significant improvement in Wind Electricity generated for captive use, helped the Company to achieve improved profit during the year under review.

The Company's Technical Textile divisions viz. Coating, Lamination and Processing have stabilized their operations and have contributed to the overall performance of the Company in a significant way. The Bag division operating under the brands Wulf and Wulf Pro is improving its market share gradually. The Company which started supplying Home Textiles to M/s Ikea Distribution services during last year has improved its performance during the year. Moreover the Company which obtained an order from the Ministry of Defence for supply of Nuclear Biological Chemical (NBC) suits shipped the first consignment during the year. The overall sales turnover of the Company from all divisions aggregated to Rs.37767.95 Lakhs (Rs.30019.99 Lakhs) of which exports including Merchant exports amounted to Rs.7697.47 Lakhs (Rs.7040.06 Lakhs), the exports contributing 20.38% (23.45%) of the overall sales of the Company.

PROSPECTS FOR THE CURRENT YEAR

The Spinning segment of Textile Industry continues to face mismatch of prices of yarn with reference to cost of raw material and other inputs. The prices of cotton is likely to remain low in the current season due to increase in domestic production. Hence with expected increase in demand for cotton yarn both in domestic and export markets, the performance of the Spinning unit is set to improve in the remaining part of the ensuing year.

The contribution from Technical Textile products is likely to improve significantly in the coming years as new markets are explored. The recently started divisions of Garments are also expected to contribute to the overall earnings and profits of the Company in the ensuing years and hence the overall performance of these divisions augur well for the Company in the years to come.

Considering the above, the overall performance of the Company as a whole is likely to be better in the years to come.

MANAGEMENT DISCUSSION AND ANALYSIS

COMPANY'S BUSINESS

The Company's principal line of business is manufacturing and marketing of Cotton Yarn and Technical Textile products viz. Coated & Laminated fabrics, Home Textile and other value added products. The Company has a spinning unit near Coimbatore with an installed capacity of 52416 spindles, 58 Windmills with an installed capacity of 18.145 MW, Lamination, Coating and Garment units near Coimbatore and Processing unit at SIPCOT, Perundurai.

INDUSTRY STRUCTURE AND DEVELOPMENTS

India's textile industry has made a major contribution to the nation's economy in terms of net foreign exchange earnings and contribution to Gross domestic product. Textile's share in nation's GDP is about 6% and about 13% in exports. The Indian Textiles Industry currently estimated at around USD 108 billion is expected to reach USD 350 billion by 2025. Thus the growth and all round development of this Industry has a direct bearing on the improvement of the economy of the Country.

OPPORTUNITIES

Though India has become the second largest exporter of textiles and garments, its share in the global trade is approximately 5% only as compared to China with 39% share of the trade. Countries like Bangladesh, Pakistan and Vietnam have shown remarkable success. The slowdown in Chinese economy has rendered cost of textile production in China high as a result of which Chinese manufacturers have lost competitive advantage in the last few quarters. This has offered an opportunity for India's textile sector to grab market share in developed markets.

Strong raw material base, economized cost of production, supporting Government policies like TUF scheme, Scheme for Integrated Textile parks, Integrated processing development scheme for sanctioning processing parks and Integrated skill development scheme and recognition of Indian goods in International markets provide excellent opportunity for India to increase its share in World trade.

OUTLOOK

The outlook for Indian textile industry remains optimistic, as demand is expected to pick up on account of improving economic sentiments in both domestic and export markets. The Government has introduced Goods and Service Tax (GST) effective 1" July 2017 which is expected to provide a level playing field for all classes of manufacturers and hence will have positive impact on the economy.

RISKS AND CONCERNS

Availability of Cotton, the main raw material for manufacture of Cotton Yarn, is subject to the vagaries of nature and the prices also fluctuate wildly based on supply/demand in the World market and Government policy on export of Cotton. Availability of labour, competition from Countries having preferential trade agreement with developed economies are some of the risks faced by the textile industry.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has adequate internal control procedures and systems commensurate with its size and nature of its business for purchase of raw materials, plant and machinery, components and other items and sale of goods. The checks and controls are reviewed by the Audit Committee for improvement in each of these areas on a periodical basis. The internal control systems are improved and modified continuously to meet with changes in business conditions, statutory and accounting requirements.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The financial performance of the Company has been discussed at length in Director's Report to the Members.

ANNEXURE - B to Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Shiva Texyarn Limited ("the Company") as of 31st March, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial

reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its Subsidiary Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial

Shiva Texyarn Limited

reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its Subsidiary Company have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
