Environment

The Company has undertaken several sustainability initiatives to strengthen its commitment to environmental responsibility. Some of the key efforts include:

- Launched the Rooftop Solar Loan Scheme, aimed at empowering customers by offering financial support for the purchase and installation of rooftop solar photovoltaic (PV) systems ranging from 3 KW to 10 KW.
- All offices have successfully switched to LED lighting, significantly cutting electricity usage while fostering sustainable practices. Additionally, the Company's Registered Office and 16 branches now operate with solar-backed UPS systems, further reinforcing eco-friendly initiatives.
- Company is actively minimizing single-use plastic consumption across all offices and branches. Initiatives include eliminating plastic bottles and straws for beverages while encouraging the adoption of eco-friendly alternatives.
- A rainwater harvesting system has been installed at the Corporate Office Building, supporting sustainable water management efforts. Additionally, water-efficient taps have been implemented to reduce water wastage.
- Company has successfully recycled 0.40 tons paper of e-waste and 1.2 tons of paper waste, demonstrating its dedication to responsible resource management and minimizing environmental impact.

Social

Cyber Security & Data Privacy

The Company has established a comprehensive Data Privacy and Cyber Security Policy to protect sensitive information and maintain operational resilience. Employees undergo regular security awareness training to enhance vigilance and preparedness. Customer privacy is rigorously safeguarded in accordance with the Digital Personal Data Protection Act.

The Company continues to advance gender diversity within its workforce. Compared to the previous year, the recruitment of female employees has increased by an 8.92%, reinforcing its commitment to fostering an inclusive workplace culture that values equal opportunities.

Company offer life insurance, Insurance for parents, medical insurance, accident insurance, and paternity leave.

The Company has successfully delivered approximately 30,000 hours of training, covering a diverse range of topics—including POSH (Prevention of Sexual Harassment), Compliance, HR Practices, Business Responsibility and Sustainability Reporting (BRSR), ESG Concepts, Preventive Vigilance, Risk Management, CERSAI, Credit Management, Recovery Strategies, and SARFAESI. This extensive training initiative has reached around 94% of our total staff.

Company ensures all employees actively participate in fire drill demonstrations. This mandatory initiative equips staff with essential fire safety protocols, reinforcing workplace security and preparedness in emergency situations.

Governance

Company has started uploading transcripts of every investor call on our website. This initiative is aimed at ensuring our shareholders stay well-informed and reflects our commitment to open and effective communication.

Sustainability Initiatives under CSR

Ecological Restoration and Water Conservation in Khyarsi Village, Jaunpur Block, Tehri Garhwal District, Uttarakhand

Khyarsi Village is situated 41 km west of Tehri's district headquarters, 25 km from the state capital Dehradun, and 40 km from the Haridwar branch. With a total population of 893, the village faces ecological challenges due to barren land conditions and limited water availability.

To rejuvenate the barren mountain landscape of Khyarsi Village through the plantation of 2,500 trees over a 6.5-acre land and construct a rainwater harvesting pond with a capacity of 1,100,000 liters, ensuring sustainable water conservation and environmental benefits for the local community.

Revival of Meenatchi Kulam Pond, Sivagangai District, Tamil Nadu

Meenatchi Kulam Pond is situated in Nainar Vayal Kottur, Thirumanavayal Panchayat, Devakkottai Taluk, Sivagangai District, Tamil Nadu.

Once a vital local water body, the pond played a crucial role in sustaining the surrounding ecosystem and community. However, over the past decade, it has gradually dried up due to inadequate maintenance. Revitalizing Meenatchi Kulam Pond was essential for ecological balance and local water security. By desilting, clearing debris, and removing invasive plants, the pond was restored to its former capacity, ensuring sustainable water management and benefiting the surrounding community. Total Area: 3 acres Water Storage Capacity: 5 crore liters

As part of our commitment to corporate social responsibility and sustainability, we have provided solar street lights, Solar rooftop panel, Solar tower light etc in multiple locations. This initiative aims to enhance safety, promote renewable energy usage, and support community development.
