GHCL Announces Financial Performance for Q4/ FY25 (Standalone)

PAT grows by 23% in Q4FY25 YoY

New Delhi, 08th May 2025: GHCL Limited, India's leading Chemical Company, today announced its financial results for Q4 FY25.

Commenting on the financial performance, Mr. R S Jalan, MD, GHCL Limited said "We are delighted to report a robust year-end performance, marked by significant EBITDA growth and margin expansion. This outcome reflects consistent volume expansion driven by steady demand and effective cost optimization. Our industry-leading productivity, backed by operational excellence and a differentiated customer base, has been key to this achievement.

Looking ahead, Global soda ash markets are witnessing increased supply and softer price trends, amid moderate demand and rising tariff-related volatility. In contrast, India remains a bright spot, demonstrating resilient growth driven by sustained domestic consumption.

Our ongoing capital expenditure program remains aligned with our long-term strategy, to strengthen manufacturing capabilities, deepen our sustainability efforts, and diversify into adjacent sectors. We are making excellent progress on the Vacuum Salt and Bromine project, which is on track for commissioning in FY26. Additionally, basic engineering activities have commenced for our Greenfield Soda Ash Plant. Leveraging our strong financial foundation and proactive engagement within the market, we are confident about GHCL's continued growth trajectory, creating long term value for all our Stakeholders."
