CORPORATE GOVERNANCE REPORT

1. OUR PHILOSOPHY ON CORPORATE GOVERNANCE

Effective corporate governance practices constitute the strong foundation on which successful commercial enterprises are built to last. The Company's philosophy on corporate governance oversees business strategies and ensures fiscal accountability, ethical corporate behavior and fairness to all stakeholders comprising regulators, employees, customers, vendors, investors and the society at large. At Fedders Holding Limited (*Formerly known as IM+ Capitals Limited*), Corporate Governance is more than just adherence to the statutory and regulatory requirements. It is equally about focusing on voluntary practices that underlie the highest levels of transparency and propriety. We are committed to defining, following and practicing the highest level of Corporate Governance across all our business functions. Our corporate governance is reflection of our value system encompassing our culture, policies and relationship with our stakeholders. Integrity and transparency are keys to our corporate governance practices and performance and ensure that we retain and gain the trust of our stakeholders at all times.

Corporate Governance is the combination of practices and compliance with laws and regulations leading to effective control and management of the organization. We consider stakeholders as our partners in our success and remain committed to maximizing stakeholder value. Good Corporate Governance leads to long term stakeholder value. Integrity, transparency and accountability are the major ingredients of the philosophy behind the Corporate Governance practices adopted by Fedders Holding Limited (*Formerly known as IM+ Capitals Limited*). The Company has a well-established and proven system which not only ensures complete transparency and fairness but also ensures the integrity in the operations and conduct of the Company. Existence of a strong mechanism to ensure the regulatory compliances is another aspect on which the Company has set a very high standard. The Company continues its endeavor to achieve corporate excellence in its functioning and conduct of business with strong accountability so as to generate sustainable economic value for all its stakeholders.

The key principles of our corporate governance are

- Satisfy both the letter of law and the spirit of law.
- Ensure high level of transparency and disclosure.
- Treating the management as trustee of shareholders' capital.
- Have a simple and transparent corporate structure driven solely by business needs.
- Prioritizing stakeholders' relationships.

Key Board activities during the year

The Board provides and critically evaluates strategic direction of the Company, management policies and their effectiveness. Their main function is to ensure that long-term interests of the stakeholders are being served. The agenda for Board is detailed analysis and review of annual strategic and operation plans and capital allocation and budgets. In addition, the Board also reviews the business plans of Business Divisions.

Role of the Company Secretary in Overall Governance Process

The Company Secretary plays a key role in ensuring that the Board procedures are followed and regularly reviewed. He ensures that all relevant information, details and documents are made available to the directors for effective decision making at the meetings. He is primarily responsible to ensure compliance with applicable statutory requirements and is the interface between the Company and regulatory authorities.

Selection and Appointment of New Directors on the Board

Considering the requirements of the skill-sets on the Board and the broad guidelines, eminent persons having an independent standing in their respective field/profession and who can effectively contribute to the Company's business and policy decisions are considered by the Nomination and Remuneration Committee for appointment of new Directors on the Board. The number of directorships and memberships in various committees of other companies by such persons is also considered.

INDEPENDENT AUDITORS' REPORT**TO THE MEMBERS OF FEDDERS HOLDING LIMITED
(FORMERLY KNOWN AS IM+ CAPITALS LIMITED)****Report on the Audit of the Standalone Financial Statements.****Opinion**

We have audited the accompanying standalone financial statements of **Fedders Holding Limited (Formerly Known as IM+ Capitals Limited) ('the Company')**, which comprise the Balance Sheet as at **March 31st, 2026**, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the material accounting policies and other explanatory information (hereinafter referred to as 'the standalone financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ('Ind AS') and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31st, 2026, the loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this Auditor report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial

statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional's skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or Conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

1. During the year internal auditor were appointed for the year, however internal audit report for the half yearly ended 31st March 2026 is not provided to us.

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Fedders Holding Limited (Formerly Known as IM+ Capitals Limited) ('the Company')** as of 31st March 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH' 2026**NOTE: 1 SIGNIFICANT ACCOUNTING POLICIES****1.1 Corporate Information**

Fedders Holding Limited ("the Company") is a company limited by shares incorporated and domiciled in India. The company is primarily engaged in the business of investment /finance/ Consultancy. In the previous year, the company has shifted its registered office from 72, Ground Floor, World Trade Center, Babar Road, Connaught Place, New Delhi - 110001 to C-15, RDC Rajnagar, Ghaziabad, Uttar Pradesh- 201001. Consequently, CIN number of the company has changed from CIN: L74140DL1991PLC340407 to CIN: L74140UP1991PLC201030. The Equity shares of the company are listed on Bombay Stock Exchange.

1.2 Statement of Compliance

The Standalone Financial Statements have been prepared in accordance with Companies Act 2013, Indian Accounting Standard (Ind AS) and complies with other requirements of law and were authorised for issue in accordance with a resolution of the Board of Directors of the company passed on 29.05.2026.

1.3 Basis of Preparation

The financial statements of the company are consistently prepared and presented under historical cost convention on an accrual basis in accordance with Ind AS except for certain financial assets and liabilities that are measured at fair values.

The company's functional currency and presentation currency is Indian Rupees (INR). All amounts disclosed in the financial statements and notes are in INR except otherwise indicated and rounded off to lakh & upto two decimals.

Classification of Assets and Liabilities into current and Non-Current

The Company presents its assets and liabilities in the Balance Sheet based on current/ non-current classification.

As asset is treated as current when it is:

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- a) it is expected to be settled in normal operating cycle;
- b) it is held primarily for the purpose of trading;
- c) it is due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle being a period within twelve months for the purpose of current and non-current classification of assets and liabilities.

1.4 Use of judgements, estimates and assumptions

The preparation of the company's financial statements required management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment in the future periods in the carrying amount of assets or liabilities affected.

In the company's accounting policies, management has made judgements in respect of evaluation of recoverability of deferred tax assets, which has the most significant effect on the amounts recognised in the financial statements:

The following are the key assumptions concerning the future, and other other key sources of estimation uncertainty at the end of reporting period that may have significant risk of causing material adjustments to the carrying amounts of assets and liabilities with in: -

a) Useful life of property, plant and equipment and intangible assets: The company has estimated useful life of the Property, Plant and Equipment as specified in Schedule II to Companies Act 2013. However, the actual useful life for individual equipments could turn out to be different, there could be technology changes, breakdown, unexpected failure leading to impairment or complete discard. Alternatively, the equipment may continue to provide useful service well beyond the useful assumed.

b) Fair value measurement of financial instruments: When the fair values of financial assets and financial liabilities cannot be measured based on quoted process in active market, the fair value is measured using valuation techniques including book value and discounted cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not possible, a degree of judgement is required in establishing fair values.

c) Impairment of financial and non-financial assets: The impairment provisions for the financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the input for the impairment calculations, based on Company's past history, existing market conditions, technology, economic developments as well as forward looking estimates at the end of each reporting period.

d) Taxes: Taxes have been paid / provided, exemptions availed, allowances considered etc. are based on the extent laws and the company's interpretation of the same based on the legal advice received wherever required. These could differ in the view taken by the authorities, clarifications issued subsequently by the government and court, amendments to statutes by the government etc.

e) Defined benefit plans: The cost of defined benefit plans and other post-employment benefits plans and the present value of such obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future.

f) Provisions: The Company makes provisions for leave encashment and gratuity, based on report received from the independent actuary. These valuation reports use complex valuation models using not only the inputs provided by the Company but also various other economic variables. Considerable judgement is involved in the process. However, during the FY 2025-2026, company has no such obligations.

g) Contingencies: A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required

to settle the present obligations at the end of the reporting period. However, the actual liability could be considerably different.

1.5 Property, Plant and Equipment

Freehold land is carried at historical cost. All other property, plant and equipment are stated at cost, net of recoverable taxes, trade discounts and rebates less accumulated depreciation and impairment loss, if any. The cost of tangible assets comprises its purchase price, borrowing cost, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, initial estimation of any decommissioning obligations and finance cost.

When significant parts of the Property, Plant and Equipment are required to be replaced at intervals, the company derecognises the replaced part, and recognises the new part with its own associated useful life and depreciated accordingly. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement, if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the Statement of Profit and Loss as incurred.

Cost of Software directly identified with hardware is recognised along with the cost of hardware.

An item of Property, Plant and Equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit and Loss when the asset is derecognised.

Capital Work-in- progress includes cost of Property, Plant and Equipment which are not ready for their intended use.

The residual values and useful lives of Property, Plant and Equipment are reviewed at each financial year end, and changes, if any, are accounted prospectively.

Depreciation on Property, Plant & Equipment are provided at the rate specified in accordance with Schedule II of the Companies Act, 2013 using written down value method stated as under:

Sr. No.	Description of Property, Plant & Equipment	Rate of Depreciation using wdv method
i.	Office Equipment	45.07%
ii	Plant & Machinery	63.16%
iii	Vehicle	32.23%
iv	Furniture & Fixtures	25.89%
v	Electrical Fittings	25.89%

Property, Plant and Equipment which are added/ disposed off during the year, depreciation is provided on pro rata basis with reference to the month of addition / deletion.

In line with the provisions of Schedule II of the Companies Act 2013, the Company depreciates significant components of the main asset (which have different useful lives as compared to the main asset) based on the individual useful life of those components. Useful life for such components has been assessed based on the historical experience and internal technical inputs.

1.6 Intangible Assets

Intangible Assets are recognised only if they are separately identifiable and the Company expects to receive future economic benefits arising out of them. Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation/ depletion and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use.

Intangible assets with finite lives are amortised on straight line basis over their useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each year end. The amortised expense on intangible assets with finite lives and impairment loss is recognised in the Statement of Profit and Loss.

The useful lives of intangible assets are reviewed periodically at each financial year end. However, during the FY 2025-26, company not having any intangible assets.

Gains or losses arising from derecognition of an intangible asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

Intangible assets with indefinite useful lives, are not amortised, but are tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis. The impairment loss on intangible assets with indefinite life is recognised in the Statement of Profit and Loss.

1.7 Impairment of Non– Financial assets

At each Balance Sheet date, the Company assesses whether there is an indication that an asset may be impaired and also whether there is an indication of reversal of impairment loss recognised in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, the Company determines the recoverable amount and impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

1.8 Cash and cash Equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

For the purpose of statement of cashflows, cash and cash equivalents consist of cash and short-term deposits as defined above, net of outstanding bank overdrafts as they are considered as an integral part of the Company's cash management.

Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Bank Balances other than above

Dividend escrow account balances, deposits with banks as margin money for guarantees issued by the banks, deposits kept as security deposits for statutory authorities are accounted as bank balances other than Cash and Cash equivalents.

1.9 Non-current Assets Held for Sale

Non-current assets classified as held for sale are measured at the lower of carrying amount or fair value less costs to sell.

Non-current assets are classified as held for sale if their carrying amounts will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such assets

Property, plant and equipment and intangible assets are not depreciated or amortized once classified as held for sale.

1.10 Financial Instruments

A Financial instrument is any contract that gives rise to a Financial asset of one entity and a Financial liability or equity instrument of another entity.

A. Financial Assets:

(i) Classification:

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income, or fair value through profit and loss on the basis of its business model for managing the financial asset and the contractual cash flow characteristics of the financial asset.

(ii) Initial recognition and measurement

All Financial assets are recognised initially at fair value plus, in the case of financial assets not recognised at fair value through profit and loss, transaction costs that are attributable to the acquisition of the Financial asset.

(iii) Financial assets measured at amortised cost:

Financial assets are subsequently measured at amortised cost using effective interest rate method (EIR), if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. The losses arising from the impairment are recognised in the Statement of Profit and Loss.

(iv) Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms give rise to cash flows that are solely payments of principal and interest on the principal outstanding. On derecognition of the assets, cumulative gain or loss previously recognised in other comprehensive income is transferred from other comprehensive income to Reserve & Surplus.

(v) Financial assets measured at fair value through profit and loss

Financial assets under this category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in profit and loss.

(vi) Derecognition of financial assets

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

AA. Impairment of Financial Assets

In accordance with Ind-AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

B. Financial Liabilities

(i) Classification

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit and loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

(ii) Initial recognition and measurement

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

(iii) Subsequent measurement

All financial liabilities are re-measured at fair value through statement of profit and loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through statement of profit and loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

(iv) Loans and borrowings

Interest bearing loans and borrowings are subsequently measured at amortised cost using effective interest rate (EIR) method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are derecognised as well as through EIR amortisation process. The EIR amortisation is included as finance cost in the Statement of Profit and Loss.

(v) Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of

the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

(vi) Derivative financial instruments

The Company uses derivative financial instruments such as forward currency contracts and options to hedge its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. The gain or loss in the fair values is taken to Statement of Profit and Loss at the end of every period. Profit or loss on cancellations / renewals of forward contracts and options are recognised as income or expense during the period.

C. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

1.11 Fair value measurement

The Company measures certain financial assets and financial liabilities including derivatives and defined benefit plans at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability; or

In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

1.12 Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

1.13 Provisions, Contingent liabilities, Contingent Assets

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligations at the end of the reporting period. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the changes in the provision due to the passage of time are recognised as a finance cost.

Contingent liabilities are disclosed in the case of:

a present obligation arising from the past events, when it is not probable that an outflow of resources will be required to settle the obligation;

a present obligation arising from the past events, when no reliable estimate is possible;

a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent assets are not recognised but disclosed in the financial statements when an inflow of economic benefit is probable.

1.14 Employee Benefits

A. Short Term Benefits

Short Term Benefits are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss of the period in which the related service is rendered.

B. Post-Employment benefits - Defined Benefit Plans: Gratuity (Unfunded)

The Company has an obligation towards gratuity - a defined benefit retirement plan covering eligible employees. The plan provides a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service or part thereof in excess of six months. Vesting occurs upon completion of five years of service and is payable thereafter on occurrence of any of above events.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method with actuarial valuations being carried out at each Balance Sheet date, which is recognised in each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in the net interest on the net defined liability and the return on plan assets (excluding amounts included in net interest

on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earning through Other Comprehensive Income in the period in which they occur. Re-measurements are not re-classified to the Statement of Profit and Loss in subsequent periods. Past service cost is recognized in the Statement of Profit and Loss in the period of plan amendment.

Net interest is calculated by applying the discount rate to the net defined benefit plan liability or asset.

The Company recognizes the following changes in the net defined benefit obligations under employee benefit expenses in the Statement of Profit and Loss:

Service costs comprising of current service costs, past-service costs, gains and losses on curtailments and non-routine settlements

During the FY 2025-2026, Provisions for Gratuity has not been taken into consideration, since there is no employee with a continuous service for more than 5 years.

C. Other Long-Term Employee Benefits – Compensated Absences/ Leave Encashment (Unfunded)

The Company provides for encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment / availment. The Company makes provisions for compensated absences based on an independent actuarial valuation carried out at each reporting date, using Projected Unit Cost Method. Actuarial gains and losses are recognized in the Statement of Profit and Loss.

1.15 Segment Information

The company operates in one operating segments namely Consulting Services and Investments.

1.16 Revenue Recognition

The company derives revenue from interest on loan granted, dividend as also by rendering of professional services.

In accordance with Ind AS-115, the revenue is recognized at a time when performance obligation is satisfied

- a)** Interest Income on loan / deposits others are recognised on accrual basis, while Dividend / Interest on shares & securities are recognised when right to receive the Dividend are established.
- b)** Profit / (Loss) on sale of Investment in shares & securities, are recognised upon transfer of control of such investment.
- c)** Management Consultancy Fees/ Income are accounted at a time when performance obligation is satisfied in an amount that reflects the consideration the company expects to receives in exchange for those services.

Current Tax

The Company provides current tax based on the provisions of the Income Tax Act, 1961 applicable to the Company.

Deferred Tax

Deferred tax is recognised using the Balance Sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or liability is settled, based on tax rates (and tax laws) that have been enacted or substantially enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

1.17 Earnings per Share

Basic earnings per share are calculated by dividing the profit after tax or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. In case there are any dilutive securities during the period presented, the impact of the same is given to arrive at diluted earnings per share.

1.18 Leases

In accordance with Ind AS 116, the company recognises right of use assets representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of right of use asset measures at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before commencement date less any lease incentive received plus any initial direct cost incurred and an estimate of cost to be incurred by lessee in dismantling and removing underlying asset or restoring the underlying asset or site on which it is located. The right of use asset is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any, and adjusted for any re-measurement of lease liability. The right of use assets is depreciated using the Straight-Line Method from the commencement date over the charter of lease term or useful life of right of use asset. The estimated useful life of right of use assets are determined on the same basis as those of Property, Plant and Equipment. Right of use asset are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in Statement of Profit and Loss.

The company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the company uses incremental borrowing rate.

The lease liability is subsequently re-measured by increasing the carrying amount to reflect interest on lease liability, reducing the carrying amount to reflect the lease payments made and re-measuring the carrying amount to reflect any reassessment or lease modification or to reflect revised-in-substance fixed lease payments. The company recognises amount of re-measurement of lease liability due to modification as an adjustment to write off use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of right of use assets is reduced to zero and there is further reduction in measurement of lease liability, the company recognises any remaining amount of the re-measurement in Statement of Profit and Loss.

The company has elected not to apply the requirements of Ind AS 116 to short term leases of all assets that have a lease term of 12 months or less unless renewable on long term basis and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on Straight Line basis over lease term.

1.19 Foreign exchange transactions

Foreign currency transactions are accounted for at the exchange rate prevailing on the date of the transaction. All monetary foreign currency assets and liabilities are converted at the exchange rates prevailing at the reporting date. All exchange differences arising on translation of monetary items are dealt with in the Statement of Profit and Loss.

Financial Risk Management

The company's activities expose it to a variety of financial risks: interest rate risk, credit risk and liquidity risk. The company's overall risk management strategy seeks to minimise adverse effects from the unpredictability of financial markets on the company's financial performance. These risks are managed by the Management of the company under Board of Directors of the company to minimize potential adverse effects to the financial performance of the company.

Interest rate risk

Interest rate risk primarily arises from floating rate borrowings. The Company do not have any borrowings from outside parties. The loan given to wholly owned subsidiary company is interest bearing and, therefore, interest rate risk is minimised.

Credit risk

Credit risk is the risk of financial loss to the company, if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables.

Investments / Inter Corporate Loan

The company has given loan to its wholly owned subsidiary which is also interest bearing and therefore less prone to credit risk. The company has also invested in real estate properties by giving advances and are also less prone to credit risk.

Cash & cash equivalents

With respect to credit risk arising from financial assets which comprise of cash and cash equivalents, the Company's risk exposure arises from the default of the counterparty, with a maximum exposure equal to the carrying amount of these financial assets at the reporting date. Since the counter party involved is a bank, Company considers the risks of non-performance by the counterparty as non-material.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. The Company's finance department is responsible for fund management. In addition, processes and policies related to such risks are overseen by senior management.

Cash, Cash Equivalent, Bank Balance (Note No.-10)	7.00	4.99
Undrawn fund-based Credit Facilities	Nil	Nil
Bank & Other Borrowings	Nil	Nil

The company has no secured or unsecured borrowings and has adequate and sufficient liquidity as detailed above to meet any kind of exigencies. In addition, the company has recourse to recall loans given to wholly owned subsidiary company. These measures are considered by the management adequate to ensure that the company is not exposed to any kind of liquidity risk.

Capital Risk

The company has no borrowings, therefore, not prone to capital risk

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF FEDDERS HOLDING LIMITED (FORMERLY KNOWN AS IM+ CAPITALS LIMITED)

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying consolidated financial statements of Fedders Holding Limited (Formerly Known as IM+ Capitals Limited) ("the Holding Company") its subsidiaries incorporated in India listed in below (the Holding Company, its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at **March 31, 2026**, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the financial statements:

i) includes the result of the following entities:

1. IM+ Investments & Capital Private Limited- Wholly Owned Subsidiary
2. Fedders Electric and Engineering Limited - Wholly Owned Subsidiary

ii) except for possible effects of the matters described in qualified opinion section of our report, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2026, the consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Qualified Opinion

As we are also the statutory auditor of wholly owned subsidiaries, in the case, wholly owned subsidiary namely "Fedders Electric and Engineering Limited", we have issued qualified opinion, being the figures of wholly owned subsidiary are material which are consolidated, hence, we have also qualified our opinion on consolidated financial statement on the basis of below qualification given in the Audit Report of wholly owned subsidiary namely "Fedders Electric and Engineering Limited". Attention is invited to:

- a. Sum of amount Rs 47.65 lakh was required to be transferred to Investor Education and Protection Fund till 31-03-2026 which is not yet transferred to investor education fund by the company.
- b. The company has not maintained proper records (Fixed Assets Register) with respect to Fixed Assets owned by the company which has been handed over at the time of takeover from old management, and depreciation is charged on the best estimates of management of the company.
- c. The company is having 0.50% non-convertible redeemable cumulative preference shares of Rs. 10 each at a premium of 400% of the Face Value of preference shares, redeemable after 8 years, and 0.50% non-convertible redeemable cumulative preference shares of Rs 10 each at a premium of 700% of the Face Value of preference shares, redeemable after 4 years. As per the requirements of Ind AS 109- Financial Instruments, the Company has not determined or disclosed the present value of theses financial liabilities, nor has it applied the effective interest method for subsequent measurement. In the absence of necessary information, we are unable to quantify the impact of this departure from Ind AS 109 on the financial statement.

During the course of audit, it is found that in respect of "tour & travelling expenses payment has been made through credit card, however satisfactory supporting documents were not produced to us. In the absence of such documentation, we are unable to determine the correctness and accuracy of the expenses recorded.

- d. Accordingly, we are unable to quantify the impact, if any, of these matters on the financial results.
- e. We draw attention to the note no. 15 of financial statements where in management has disclosed the recognition of trade receivable which were written off in earlier year of Rs. 47.66 crore included in other income. However, documents provided are not adequate to form an opinion. Hence, we are unable to determine the correctness and accuracy of income recorded. Consequently, other income and debtors would have been lower by the respective amount.

The consequential impact of above qualifications, if any, on the financial statements remains unascertained.

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report*. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

1. We draw attention to the audit report issued by us in case of the wholly owned subsidiary, namely "IM+ Investments & Capital Private Limited", wherein an unmodified opinion has been expressed on the standalone financial statements for the year ended March 31, 2026. The said audit report contains an Emphasis of Matter paragraph in respect of the following matter(s):
 - a. We draw attention to note 1 of Notes to Accounts of the Financial Statements of IM+ Investments & Capital Private Limited regarding the application filed by the Company with Reserve Bank of India (RBI) dated December 09, 2025 for cancellation of CoR, on account of voluntary exit from Non- Banking Financial Institution (NBFI) business. RBI admitted the application of company and in exercise of their powers conferred under Section 45-IA (6) of the RBI Act, 1934, has cancelled the CoR issued by Reserve Bank of India w.e.f. March 30, 2026 via order no. "DEL.DOR.NBFCBL. No. S950/24-03-039/2025-2026."
 - b. We draw attention to Note No. 42 of the financial statements of IM+ Investments & Capital Private Limited regarding write off of certain old balances during the year, comprising advance paid towards proposed purchase of flat amounting to Rs. 147.00 lakhs, balances recoverable from Revenue Authorities amounting to Rs. 23.81 lakhs and advances given amounting to Rs. 61.72 lakhs, aggregating to RS. 232.53 lakhs, which have been written off in the Statement of Profit and Loss based on management's assessment of non-recoverability considering prolonged pending status, unsuccessful recovery efforts and low probability of realization.
2. We draw attention to the audit report issued by us in case of the wholly owned subsidiary, namely "Fedders Electric and Engineering Limited", wherein a qualified opinion has been expressed on the standalone financial statements for the year ended March 31, 2026. The said audit report contains an Emphasis of Matter paragraph in respect of the following matter(s):
 - a. We draw attention to not 35 of Notes to Accounts of the Financial Statements. As per approved resolution plan, the 100% shareholding of the company has been approved to be given to successful resolution applicant. The Company was listed with NSE and BSE however, Share trading of Company is suspended, status on BSE is "Suspended due to Penal reasons, Suspended due to Procedural reasons" and on NSE is "Temporary Suspended". The Company has decided to voluntary delist its share from NSE and BSE as well and accordingly company has

moved an application to the Hon'ble NCLT Allahabad Bench to make an amendment in approved resolution plan and allow the Company to get its share delisted from NSE and BSE as well. Accordingly, Hon'ble NCLT has allowed the company for delisting the shares and given direction to NSE and BSE to complete the process of delisting vide its order dated 16.10.2025. Thereafter, the NSE and BSE vide its order dated 23.02.2026 has delisted the shares of the Company w.e.f. 02.03.2026.

Our opinion on the consolidated financial statements is not modified in respect of the above matter(s).

Key Audit Matters

We draw attention to the audit report issued by us in case of the wholly owned subsidiary, namely "Fedders Electric and Engineering Limited", wherein Key Audit Matter has been given in the standalone financial statements for the year ended March 31, 2026. The said key audit matter being a considerable matter hence, given as under:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. *In addition to the matter described in the "Basis for Qualified Opinion" section we have determined the matter described below to be the key audit matter to be communicated in our report.*

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of risks of a material misstatement of standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS financial statements.

Key Audit Matter

Revenue Recognition

Revenue is measured taking into account discounts and rebates earned by the customers on sales. These arrangements result in deductions to gross sales in arriving at turnover and give rise to obligations for the Company to provide customers with rebates, discounts, allowances.

Auditor's Response

Principal Audit Procedures

Obtained an understanding of the policies and procedures applied to revenue recognition including testing the design and operating effectiveness of controls related to revenue recognition processes employed by the Company.

- *Performed procedures by analysing the cost of sales related to discounts, incentives, rebates and margins to total revenue recognized as compared with prior year.*
- *Assessed the relevant estimates made by the management in connection with discounts incentives and rebates at year's end.*
- *Performed procedures for a sample of revenue transactions at the year end to assess whether they were recognized at the correct period by corroborating the date of revenue recognition to third party support such as bills of lading, lorry receipt etc.*
- *Analysed other adjustments and credit notes issued after the reporting date.*

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's

Information, but does not include the consolidated financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this Auditor report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of consolidated financial statements by the directors of holding company as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional

omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statement which have been audited by other auditors, such other auditor remains responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of holding company and subsidiary company incorporated in India included in financial statement of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE-B TO THE AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2026, we have audited the internal financial controls over financial reporting of Fedders Holding Limited (Formerly Known as IM+ Capitals Limited) ("the Holding Company") and its subsidiary Company incorporated in India as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary Company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the holding Company and its subsidiary Company incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect that transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally

accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal financial Controls over financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

As we are also the statutory auditor of wholly owned subsidiaries, in the case, wholly owned subsidiary namely "Fedders Electric and Engineering Limited", we have issued qualified opinion, being the figures of wholly owned subsidiary are material which are consolidated, hence, we have also qualified our opinion on consolidated financial statement. Attention is invited to:

According to the information and explanations given to us and based on our audit, as stated in the 'Basis for Qualified Opinion' paragraph of our report, considering the consequential impact, if any, it may have on company's processes and internal controls including procurements, related party transactions and compliance with laws and regulations to that extent we are unable to comment on whether there exists any material weakness in the company's internal controls as at March 31, 2026. In our opinion, except for the possible effects of the matter described on the achievement of the objectives of the control criteria, the company has maintained, in all material respects, adequate internal financial controls with reference to standalone financial statements were operating effectively as of March 31, 2026, based on internal controls stated in the Guidance Note issued by the ICAI.

Explanatory paragraph

As we are also the statutory auditor of wholly owned subsidiaries, in the case, wholly owned subsidiary namely "Fedders Electric and Engineering Limited", we have issued qualified opinion, being the figures of wholly owned subsidiary are material which are consolidated, hence, we have also qualified our opinion on consolidated financial statement. Attention is invited to:

We also have audited, in accordance with the Standards on Auditing issued by ICAI, as specified under the section 143 (10) of the Act, the standalone financial statements of the company. The matter described above was considered in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2026 standalone financial statements of Fedders Electric and Engineering Limited and this report affect our report dated 28th May, 2026, which expressed modified opinion on those financial statements.

The company registered office located at C-15, RDC Rajnagar, Ghaziabad, Uttar Pradesh- 201001. Consequently, CIN number of the company is CIN: L74140UP1991PLC201030. The Equity shares of the company are listed on Bombay Stock Exchange.

Note: 1

1. SIGNIFICANT ACCOUNTING POLICIES

1.1 Statement of Compliance

The Consolidated Financial Statements have been prepared in accordance with Companies Act 2013, Indian Accounting Standard and complies with other requirements of law and were authorised for issue in accordance with a resolution of the Board of Directors of the company passed on 29.05.2026.

1.2 Basis of Preparation

The Consolidated Ind AS financial statements of the company are consistently prepared and presented under historical cost convention on an accrual basis in accordance with Ind AS except for certain financial assets and liabilities that are measured at fair values.

The company's functional currency and presentation currency is Indian Rupees (INR). All amounts disclosed in the financial statements and notes are in INR except otherwise indicated.

Classification of Assets and Liabilities into current and Non- Current

The Company presents its assets and liabilities in the Consolidated Balance Sheet based on current/ non-current classification.

As asset is treated as current when it is:

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- a) it is expected to be settled in normal operating cycle;
- b) it is held primarily for the purpose of trading;
- c) it is due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle being a period within twelve months for the purpose of current and non-current classification of assets and liabilities.

1.3 Use of judgements, estimates and assumptions

The preparation of the company's consolidated financial statements required management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying

disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment in the future periods in the carrying amount of assets or liabilities affected.

In the company's accounting policies, management has made judgements in respect of evaluation of recoverability of deferred tax assets, which has the most significant effect on the amounts recognised in the financial statements:

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of reporting period that may have significant risk of causing material adjustments to the carrying amounts of assets and liabilities with in: -

a) Useful life of property, plant and equipment and intangible assets: The company has estimated useful life of the Property, Plant and Equipment as specified in Schedule II to Companies Act 2013. However, the actual useful life for individual equipments could turn out to be different, there could be technology changes, breakdown, unexpected failure leading to impairment or complete discard. Alternatively, the equipment may continue to provide useful service well beyond the useful assumed.

b) Fair value measurement of financial instruments: When the fair values of financial assets and financial liabilities cannot be measured based on quoted process in active market, the fair value is measured using valuation techniques including book value and discounted cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not possible, a degree of judgement is required in establishing fair values.

c) Impairment of financial and non-financial assets: The impairment provisions for the financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the input for the impairment calculations, based on Company's past history, existing market conditions, technology, economic developments as well as forward looking estimates at the end of each reporting period.

d) Taxes: Taxes have been paid / provided, exemptions availed, allowances considered etc. are based on the extent laws and the company's interpretation of the same based on the legal advice received wherever required. These could differ in the view taken by the authorities, clarifications issued subsequently by the government and court, amendments to statutes by the government etc.

e) Defined benefit plans: The cost of defined benefit plans and other post-employment benefits plans and the present value of such obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future.

f) Provisions: The Company makes provisions for leave encashment and gratuity, based on report received from the independent actuary. These valuation reports use complex valuation models using not only the inputs provided by the Company but also various other economic variables. Considerable judgement is involved in the process.

g) Contingencies: A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligations at the end of the reporting period. However, the actual liability could be considerably different.

1.4 PRINCIPLES OF CONSOLIDATION

The Consolidated Financial Statements represent consolidation of accounts of the Company, its subsidiary, associates and Limited Liability Partnership (LLP).

The Consolidated Financial statements relate to the IM+ Group. In the preparation of these Consolidated Financial Statements, investments in Subsidiary have been accounted for in accordance with Indian Accounting Standard (IND AS) 110. The "Consolidated Financial Statements" and are prepared on the following basis:

The Financial Statements of the Company and its Subsidiary are consolidated on a line-by-line basis by adding together the book values of the like items of assets, liabilities income and expenses after eliminating all significant intra-group balances and intra-group transactions and also unrealized profits or losses in accordance with Indian Accounting Standard (IND AS) 110. The items of income and expenses are consolidated only for the period from which the companies became the company's subsidiary.

The Consolidated Financial Statements are prepared using uniform accounting policies for like transactions or other events in similar circumstances and are presented, to the extent possible, in the same manner as the Company's separate financial statements.

The difference between the costs to the Company of its investment in Subsidiary over its proportionate share in the equity of the investee company at the time of acquisition of shares in the Subsidiary is recognized in the financial statements as Goodwill or Capital Reserve, as the case may be. Goodwill is tested for impairment by the management on annual basis.

Companies considered in the consolidated financial statements are:

Name of the Company/ Firm	Country of incorporation	Holding as on March 31, 2026	Financial year ends on
Subsidiary			
IM+ Investments & Capital Private Limited	India	100%	31-Mar-26
Fedders Electric & Engineering Limited	India	100%	31-Mar-26

1.5 Property, Plant and Equipment

Freehold land is carried at historical cost. All other property, plant and equipment are stated at cost, net of recoverable taxes, trade discounts and rebates less accumulated depreciation and impairment loss, if any. The cost of tangible assets comprises its purchase price, borrowing cost, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, initial estimation of any decommissioning obligations and finance cost.

When significant parts of the Property, Plant and Equipment are required to be replaced at intervals, the company derecognises the replaced part, and recognises the new part with its own associated useful life and depreciated accordingly. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement, if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the Statement of Profit and Loss as incurred.

Cost of Software directly identified with hardware is recognised along with the cost of hardware.

An item of Property, Plant and Equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit and Loss when the asset is derecognised.

Capital Work-in- progress includes cost of Property, Plant and Equipment which are not ready for their intended use.

The residual values and useful lives of Property, Plant and Equipment are reviewed at each financial year end, and changes, if any, are accounted prospectively.

Depreciation on the Property, Plant and Equipment is provided over the useful life of assets as specified in Schedule II to the Companies Act, 2013 using Written Down Value method. Property, Plant and Equipment which are added/ disposed off during the year, depreciation is provided on pro rata basis with reference to the month of addition / deletion.

In line with the provisions of Schedule II of the Companies Act 2013, the Company depreciates significant components of the main asset (which have different useful lives as compared to the main asset) based on the individual useful life of those components. Useful life for such components has been assessed based on the historical experience and internal technical inputs.

1.6 Intangible Assets

Intangible Assets are recognised only if they are separately identifiable and the Company expects to receive future economic benefits arising out of them. Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation/ depletion and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use.

Intangible assets with finite lives are amortised on straight line basis over their useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each year end. The amortised expense on intangible assets with finite lives and impairment loss is recognised in the Statement of Profit and Loss.

The useful lives of intangible assets are assessed as either finite or indefinite.

Gains or losses arising from derecognition of an intangible asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

1.7 Impairment of Non– Financial assets

At each Balance Sheet date, the Company assesses whether there is an indication that an asset may be impaired and also whether there is an indication of reversal of impairment loss recognised in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, the Company determines the recoverable amount and impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

1.8 Cash and cash Equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

For the purpose of statement of cashflows, cash and cash equivalents consist of cash and short-term deposits as defined above, net of outstanding bank overdrafts as they are considered as an integral part of the Company's cash management.

Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Bank Balances other than above

Dividend escrow account balances, deposits with banks as margin money for guarantees issued by the banks, deposits kept as security deposits for statutory authorities are accounted as bank balances other than Cash and Cash equivalents.

1.9 Non-current Assets Held for Sale

Non-current assets classified as held for sale are measured at the lower of carrying amount and fair value less costs to sale.

Non-current assets are classified as held for sale if their carrying amounts will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such assets

Property, plant and equipment and intangible assets are not depreciated or amortized once classified as held for sale.

1.10 Financial Instruments

A Financial instrument is any contract that gives rise to a Financial asset of one entity and a Financial liability or equity instrument of another entity.

A. Financial Assets:

(i) Classification:

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income, or fair value through profit and loss on the basis of its business model for managing the financial asset and the contractual cash flow characteristics of the financial asset.

(ii) Initial recognition and measurement

All Financial assets are recognised initially at fair value plus, in the case of financial assets not recognised at fair value through profit and loss, transaction costs that are attributable to the acquisition of the Financial asset.

(iii) Financial assets measured at amortised cost:

Financial assets are subsequently measured at amortised cost using effective interest rate method (EIR), if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. The losses arising from the impairment are recognised in the Statement of Profit and Loss.

(iv) Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms give rise to cash flows that are solely payments of principal and interest on the principal outstanding.

(v) Financial assets measured at fair value through profit and loss

Financial assets under this category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in profit and loss.

(vi) Derecognition of financial assets

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

AA. Impairment of Financial Assets

In accordance with Ind-AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

B. Financial Liabilities

(i) Classification

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit and loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

(ii) Initial recognition and measurement

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

(iii) Subsequent measurement

All financial liabilities are re-measured at fair value through statement of profit and loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through statement of profit and loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

(iv) Loans and borrowings

Interest bearing loans and borrowings are subsequently measured at amortised cost using effective interest rate (EIR) method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are derecognised as well as through EIR amortisation process. The EIR amortisation is included as finance cost in the Statement of Profit and Loss.

(v) Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

(vi) Derivative financial instruments

The Company uses derivative financial instruments such as forward currency contracts and options to hedge its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. The gain or loss in the fair values is taken to Statement of Profit and Loss at the end of every period. Profit or loss on cancellations / renewals of forward contracts and options are recognised as income or expense during the period.

C. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

1.11 Fair value measurement

The Company measures certain financial assets and financial liabilities including derivatives and denied benefit plans at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability; or

In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

1.12 Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

1.13 Provisions, Contingent liabilities, Contingent Assets

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligations at the end of the reporting period. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the changes in the provision due to the passage of time are recognised as a finance cost.

Contingent liabilities are disclosed in the case of:

a present obligation arising from the past events, when it is not probable that an outflow of resources will be required to settle the obligation;

a present obligation arising from the past events, when no reliable estimate is possible;

a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent assets are not recognised but disclosed in the financial statements when an inflow of economic benefit is probable.

1.14 Employee Benefits

A. Short Term Benefits

Short Term Benefits are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss of the period in which the related service is rendered.

B. Post-Employment benefits - Defined Benefit Plans: Gratuity (Unfunded)

The Company has an obligation towards gratuity - a defined benefit retirement plan covering eligible employees. The plan provides a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service or part thereof in excess of six months. Vesting occurs upon completion of five years of service and is payable thereafter on occurrence of any of above events.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method with actuarial valuations being carried out at each Balance Sheet date, which is recognised in each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in the net interest on the net defined liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not re-classified to the Statement of Profit and Loss in subsequent periods. Past service cost is recognized in the Statement of Profit and Loss in the period of plan amendment.

Net interest is calculated by applying the discount rate to the net defined benefit plan liability or asset.

The Company recognizes the following changes in the net defined benefit obligations under employee benefit expenses in the Statement of Profit and Loss:

Service costs comprising of current service costs, past-service costs, gains and losses on curtailments and non-routine settlements

Net current expenses or income

C. Other Long-Term Employee Benefits – Compensated Absences/ Leave Encashment (Unfunded)

The Company provides for encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment / availment. The Company makes provisions for compensated absences based on an independent actuarial valuation carried out at each reporting date, using Projected Unit Cost Method. Actuarial gains and losses are recognized in the Statement of Profit and Loss.

1.15 Segment Information

The company operates in one operating segments namely Consulting Services and Investments.

1.16 Revenue Recognition

The company derives revenue from interest on loan granted, dividend as also by rendering of professional services. In accordance with Ind AS-115, the revenue is recognized at a time when performance obligation is satisfied

- a) Interest Income on loan / deposits others are recognised on accrual basis, while Dividend / Interest on shares & securities are recognised when right to receive the Dividend are established.
- b) Profit / (Loss) on sale of Investment in shares & securities, are recognised upon transfer of control of such investment.
- c) Management Consultancy Fees/ Income are accounted at a time when performance obligation is satisfied in an amount that reflects the consideration the company expects to receives in exchange for those services.

Current Tax

The Company provides current tax based on the provisions of the Income Tax Act, 1961 applicable to the Company.

Deferred Tax

Deferred tax is recognised using the Balance Sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or liability is settled, based on tax rates (and tax laws) that have been enacted or substantially enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

1.17 Earnings per Share

Basic earnings per share are calculated by dividing the profit after tax or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. In case there are any dilutive securities during the period presented, the impact of the same is given to arrive at diluted earnings per share.

1.18 Leases

In accordance with Ind AS 116, the company recognises right of use assets representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of right of use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before commencement date less any lease incentive received plus any initial direct cost incurred and an estimate of cost to be incurred by lessee in dismantling and removing underlying asset or restoring the underlying asset or site on which it is located. The right of use asset is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any, and adjusted for any re-measurement of lease liability. The right of use assets is depreciated using the Straight-Line Method from the commencement date over the charter of lease term or useful life of right of use asset. The estimated useful life of right of use assets are determined on the same basis as those of Property, Plant and Equipment. Right of use asset are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in Statement of Profit and Loss.

The company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the company uses incremental borrowing rate.

The lease liability is subsequently re-measured by increasing the carrying amount to reflect interest on lease liability, reducing the carrying amount to reflect the lease payments made and re-measuring the carrying amount to reflect any reassessment or lease modification or to reflect revised-in-substance fixed lease payments. The company recognises amount of re-measurement of lease liability due to modification as an adjustment to write off use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of right of use assets is reduced to zero and

there is further reduction in measurement of lease liability, the company recognises any remaining amount of the re-measurement in Statement of Profit and Loss.

The company has elected not to apply the requirements of Ind AS 116 to short term leases of all assets that have a lease term of 12 months or less unless renewable on long term basis and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense over lease term.

1.19 Foreign exchange transactions

Foreign currency transactions are accounted for at the exchange rate prevailing on the date of the transaction. All monetary foreign currency assets and liabilities are converted at the exchange rates prevailing at the reporting date. All exchange differences arising on translation of monetary items are dealt with in the Statement of Profit and Loss.
