FOUNDER'S MESSAGE

My Dear Stakeholders,

It gives me immense pleasure to present the Annual Report of **Yug Decor Limited** for the financial year 2025-26.

The year under review has been one of continued transformation for the Indian adhesives and plywood industry. The structural growth of the Indian economy, increasing urbanisation, rising housing requirements, expansion of the furniture and interior décor markets, and growing preference for organised and branded products continue to create attractive opportunities for the sector.

The Indian adhesives and plywood industry continues to witness encouraging growth, driven by increasing housing demand, urbanisation, furniture and interior décor, modular kitchens, renovation activities and infrastructure development. Rising consumer awareness is also creating greater demand for quality, durable and environmentally responsible products.

The sector offers significant long-term opportunities, supported by India's growing economy and relatively low per-capita consumption of wood-based products. At the same time, rising raw material costs, competitive intensity and evolving customer expectations remain key challenges for the industry.

At **Yug Decor Limited**, our focus remains firmly aligned with these changing industry dynamics. We continue to strengthen our product portfolio, improve operational efficiencies and expand our market reach while maintaining our commitment to quality and customer satisfaction. Our objective is not merely to participate in the growth of the adhesives and plywood industry, but to build a business that is trusted by customers, valued by channel partners and capable of creating sustainable long-term value for our shareholders.

We recognise that the road ahead will also present challenges. Volatility in raw material prices, competitive intensity, changing regulatory requirements, evolving customer expectations and broader economic uncertainties require discipline, agility and prudent decision-making. We remain committed to managing these challenges responsibly while pursuing opportunities that are consistent with our long-term strategy.

India's growth story provides a strong foundation for the future of the adhesives, plywood and allied building-materials industries. We remain optimistic about the opportunities ahead and believe that the combination of rising consumption, urbanisation, housing demand, furniture and interior growth, and increasing preference for organised products can create sustained opportunities for companies with the right capabilities and customer focus.

I take this opportunity to express my sincere gratitude to our **Board of Directors** for their valuable guidance and to our employees and workers for their dedication and commitment. I also extend my heartfelt appreciation to our customers, dealers, distributors, suppliers, bankers, business associates and government authorities for their continued support and confidence in us.

As we move forward, we remain committed to strengthening Yug Decor Limited, pursuing sustainable growth and creating enduring value for all our stakeholders.

I am confident that with the collective efforts of our team and the continued support of our stakeholders, we will be able to successfully navigate the opportunities and challenges ahead and build a stronger Yug Decor Limited for the future.

Warm Regards,

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENT:

The Company operates through two business divisions, namely Plywood and Adhesives, which complement each other by serving the building materials, furniture, interior infrastructure and construction sectors. During FY 2025-26, the Indian plywood and adhesives industries continued to witness healthy demand driven by residential housing, commercial construction, renovation activities and increasing preference for branded products. While demand remained resilient, manufacturers continued to operate in a competitive environment characterized by fluctuations in input costs, changing customer preferences and increasing emphasis on product quality and environmental compliance.

Here's an overview of the key market drivers for the Adhesive Industry:

Opportunities & Threats for Adhesive Industry:

➤ **Opportunities for the Adhesive Industry are as follows:**

- Increasing demand from housing, furniture, modular kitchens and interior décor: Growing residential construction, furniture manufacturing and interior furnishing activities are driving demand for adhesives across various applications. Increasing urbanisation and changing consumer preferences are further supporting this demand.
- Rising adoption of premium, waterproof and specialty adhesive solutions.
- Growing demand for low-VOC, environment-friendly and water-based adhesives.
- Expansion of distribution networks in Tier-II and Tier-III cities.
- Continued growth in repair, renovation and home improvement activities.

➤ **Threats to the Adhesive Industry are as follows:**

- Volatility in prices of imported petrochemical derivatives, resins and specialty chemicals due to global supply-demand dynamics and currency fluctuations.
- Intense competition from established national brands and regional manufacturers resulting in pricing pressure.
- Increasing regulatory focus on environmental compliance and sustainable manufacturing.
- Dependence on imported raw materials exposing manufacturers to exchange-rate movements.
- Rising freight, energy and logistics costs impacting operating margins.

As far as our plywood division is concerned Indian plywood industry is experiencing robust growth, driven by urbanization, rising disposable incomes, and increased demand from the construction and furniture sectors. Here's an overview of the key market drivers for the Plywood Industry.

Opportunities & Threats for Plywood Industry

➤ Opportunities for the Plywood Industry are as follows:

- Continued government focus on housing, infrastructure and urban development.
- Rising demand for modular furniture, office spaces and premium interiors.
- Increasing shift of consumers towards organised and branded plywood manufacturers.
- Growing acceptance of value-added products such as calibrated plywood, decorative panels and moisture-resistant boards.
- Expansion of retail and dealer networks across emerging markets.

➤ Threats to the Plywood Industry are as follows:

- Fluctuation in timber prices and limited availability of quality raw materials.
- Competition from MDF, particle boards and other engineered wood products in selected applications.
- Price competition from the unorganised sector.
- Increasing transportation and manufacturing costs affecting profitability.
- Compliance costs associated with quality standards and environmental regulations.

Our promoters are committed towards ensuring a clear understanding of our operating matrix among all stakeholders which will enable us to uphold a predictable and stable process, leading to improved outcomes and strengthened corporate sustainability.

Your Company's governance structure has well-defined roles and responsibilities, which enables and empowers the management to identify, assess and leverage business opportunities and manage risks effectively. The Company has identified the below mentioned risk and suggested the mitigation strategy:

❖ **Macro-economic risk:**

The plywood and other allied businesses are impacted by national or international events with economic impacts beyond our control

❖ **Risk associated with raw material and supply:**

The Company uses timber, veneers, resins, chemicals and other inputs whose prices may fluctuate because of global commodity prices, foreign exchange movements, import policies and supply-demand imbalances. Such fluctuations may adversely impact production costs and operating margins if not adequately managed.

Mitigations: The Company continues to diversify its supplier base, maintain optimum inventory levels, negotiate long-term procurement arrangements wherever feasible and regularly monitor raw material costs to minimize the impact of price volatility.

❖ **Credit Risk:**

The Company by virtue of extending credit to its customers is exposed to credit risk in terms of non-realization of book debts and delayed recovery of receivables thereby posing unexpected cash flow issues.

Mitigations: The effective risk management practices of the Company includes regular evaluation of creditability of customers, frequent review of credit limits of the customers and fixing/ tightening of credit limits according to the track record of the customers.

❖ **Demand risk:**

Demand for plywood and adhesives is closely linked to construction, infrastructure, furniture manufacturing and interior furnishing activities. Any slowdown in these sectors could impact sales volumes.

Mitigations: The Company continues to diversify its customer base, strengthen its dealer network, expand geographical presence and broaden its product portfolio to reduce dependence on any single market segment.

❖ **Geographic risk:**

The Company's over reliance on few regions might affect the future prospects for the growth of the Company.

Mitigations: The Company continues to strengthen its presence across multiple regions of India to reduce dependence on any particular geography and to capture growth opportunities in emerging markets through an expanding distribution network.

Internal control systems and their adequacy

The Company has established an effective internal control system that undergoes continuous review. Additionally, corrective measures are taken to enhance efficiency levels as needed, highlighting its strong focus on quality management and ecofriendly processes. Our objectives are to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) Planning the scope of our audit work and in evaluating the results of our work and (ii) To evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure B” to the Independent Auditor’s Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **M/S. YUG DECOR LIMITED** (“the Company”) as of March 31, 2026 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control

over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanation given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on the criteria for Internal Financial control over Financial Reporting established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.
