He also holds degrees in Commerce and Law from the University of Mumbai. He has strong expertise in Companies Act, 2013 SEBI regulations, and capital market compliances.

His prior stint was with LKP Securities Limited as Company Secretary & Compliance Officer,

wherein he handled Board/committee meetings, regulatory filings, listing compliances, and NCD related transactions. He has also worked with Edelweiss Group and Piramal Group, contributing to compliance management, regulatory reporting, and secretarial functions for listed entities, with proven abilities in stakeholder coordination and process automation.

CEO Message

Resilient by Discipline. Ready for the Next Chapter.

Message from the Chief
Executive Officer

*Resilience is not the absence
of volatility; it is the ability to
protect the institution, learn
quickly and emerge better
prepared.*

Dear Shareholders,

It is my privilege to present the Annual Report of Abans Enterprises Limited for FY 2025–26.

The year under review was one of the most demanding periods for our business in recent times. Commodity markets moved through sharp price swings; geopolitical developments disrupted established trade flows; currencies and funding conditions remained unsettled; and participants across the value chain had to respond to rapidly changing market and regulatory conditions. In businesses such as ours where execution, liquidity, risk control and timing are inseparable these forces tested both margins and operating agility.

Our trading scale expanded during the year, but profitability remained under pressure. We acknowledge this outcome with clarity and accountability. At the same time, the year demonstrated something equally important: the resilience of our platform. We continued to serve counterparties, honour commitments, manage exposures and preserve the organisational capacity required to build for the future.

FY 2025–26 was therefore not merely a difficult year; it was a year of learning, consolidation and renewal. It reinforced our conviction that sustainable growth must be built on disciplined risk management, prudent capital allocation, strong governance and the ability to adapt before market conditions compel us to do so.

Resilience Through a Turbulent Year

Volatility is inherent to commodity markets, but the speed and interaction of developments during the year were exceptional. Movements in precious metals, shifts in global interest-rate expectations, currency fluctuations, evolving import and trade dynamics, and periodic pressure on liquidity altered risk-reward equations across markets.

In such an environment, resilience cannot be measured only by revenue or quarterly earnings. It is reflected in the quality of decisions taken under pressure: when to participate, when to reduce exposure, how to protect liquidity, and how consistently the organisation follows its controls. Our teams responded by tightening monitoring, improving coordination and maintaining a sharper focus on counterparty quality, cash-flow visibility and risk-adjusted returns.

There were areas where execution and outcomes fell short of our aspirations. We have examined them carefully. The lessons from the year are being translated into stronger processes, clearer accountability and a more selective approach to growth. Our objective is not growth at any cost; it is growth that is repeatable, appropriately funded and capable of creating durable value.

Strengthening the Core

Abans Enterprises operates at the intersection of markets, trade and distribution. Our strength lies in understanding price, connecting supply with demand, managing execution across counterparties, and responding quickly to opportunities while remaining within a disciplined risk framework.

During the year, we continued to strengthen the foundations of our commodity trading and allied market activities. We sharpened attention on working-capital efficiency, trade-level profitability, inventory and price-risk controls, documentation, and the quality of our supplier and customer relationships. We also worked towards greater integration between business, finance, risk, operations and compliance so that decisions are informed by a common view of exposure and return.

This operating discipline will remain central to the Company's progress. In a low-margin, high-velocity business, small improvements in risk selection, funding efficiency and execution quality can materially improve outcomes. Equally, a single lapse can erode the gains of many successful transactions. Our focus is therefore on institutionalising discipline rather than depending on individual judgement alone.

Governance, Risk and Technology

Trust is the essential currency of our business. It is earned by doing what we say, maintaining transparency, protecting stakeholder interests and treating compliance as a responsibility and not as a procedural requirement.

We are strengthening our governance and risk architecture to keep pace with the complexity of our markets. This includes clearer risk limits, improved management information, faster escalation of exceptions, greater visibility into liquidity and counterparty exposures, and stronger review mechanisms. The purpose is not to eliminate entrepreneurial decision-making, but to ensure that it operates within a well-understood institutional framework.

Technology and data will play an increasingly important role in this journey. Our aim is to create timely, decision-ready information across trading, treasury, risk, finance and compliance. Better systems will help us reduce manual dependencies, improve control, identify emerging risks earlier and scale without weakening oversight.

Our People: Tested and Strengthened

The true character of an organisation becomes visible during difficult periods. Throughout the year, our colleagues demonstrated commitment, adaptability and a strong sense of responsibility. They responded to fast-changing market conditions, supported clients and counterparties, and continued to improve processes while managing the demands of day-to-day execution.

We are committed to building a culture that combines ownership with accountability. We want our people to act with speed, but never at the expense of judgement; to pursue opportunities, but

always with a clear understanding of downside; and to learn openly from outcomes. We will continue to invest in talent, leadership capability, domain expertise and long-term alignment.

The Way Ahead

As we enter FY 2026–27, we do so with realism about the environment and confidence in our ability to improve. Markets may remain volatile, but volatility also creates opportunity for organisations that possess liquidity, intelligence, relationships and discipline.

Our priorities for the year ahead are clear:

- Protect and strengthen the core trading franchise, with sharper focus on risk-adjusted profitability rather than volume alone.
- Improve capital and working-capital efficiency by aligning exposures, funding and inventory more closely with opportunity and liquidity.
- Deepen relationships with credible suppliers, customers, financial institutions and strategic partners across domestic and international markets.
- Use technology, automation and data-driven intelligence to strengthen execution, controls and management visibility.
- Build complementary, scalable business opportunities that are adjacent to our capabilities and do not compromise balance-sheet discipline.
- Maintain governance, compliance and responsible conduct as non-negotiable foundations of long-term value creation.

The coming year will be about converting resilience into performance. We will pursue growth selectively, measure success more rigorously and allocate resources where we have a genuine right to win. We will remain open to new opportunities, but our decisions will be anchored in capital preservation, cash generation and sustainable returns.

The past year reminded us that strong institutions are not built only in favourable markets. They are built when conditions are difficult through honest assessment, disciplined choices and a willingness to improve. We emerge from FY 2025–26 more experienced, more focused and more determined to build Abans Enterprises into a stronger, better-governed and future-ready enterprise.

With Gratitude

On behalf of the Board and management, I extend my sincere gratitude to our shareholders, customers, suppliers, banking partners, regulators, business associates and employees for their continued trust and support.

Your confidence strengthens our resolve. We remain committed to earning that confidence through responsible execution, transparent conduct and sustained value creation.

Together, we will move forward not untouched by turbulence, but strengthened by it.

Warm regards,

Jinesh Savla

FINANCIAL PERFORMANCE OF THE COMPANY

Review of Standalone Results

During the financial year under review, the Company recorded strong growth in its top line, with standalone total income increasing by 77.52% to Rs. 19,174.21 Lakhs, as

against Rs. 10,801.14 Lakhs in the previous financial year. This growth reflects the Company's continued efforts to scale its operations and expand its business footprint.

However, for the year under review, the Company recorded a Loss Before Tax of Rs. 192.16 Lakhs and a Loss After Tax of Rs. 158.16 Lakhs as against a Profit Before Tax of Rs. 440.04 Lakhs and Profit After Tax of Rs. 317.36 Lakhs in the previous financial year.

The Management remains focused on strengthening operational efficiencies and margin discipline, and is

confident of translating the Company's revenue growth into sustainable profitability in the coming years.

Review of Consolidated Results

During the financial year under review, the Company recorded a significant increase in consolidated scale, with Consolidated Total Income growing by 256.90% to Rs. 13,84,121.84 Lakhs, as against Rs. 3,87,815.89 Lakhs in the previous financial year.

On a consolidated basis, Profit before Tax stood at Rs. 841.11 Lakhs and Profit after Tax at Rs. 396.40 Lakhs, as against Profit before Tax at Rs. 3,154.25 Lakhs and Profit after Tax at Rs. 1,884.61 Lakhs respectively in the previous financial year. The moderation in profitability was primarily attributable to volatility in commodity prices during the year under review.

The Management remains confident in the Company's long-term fundamentals and continues to focus on improving consolidated margins as the Group scales its operations across key business segments.

ACCOUNTING METHOD

The financial statements of the Company for financial year ended March 31, 2026, standalone and consolidated basis, have been prepared in accordance with the Companies Act, 2013 ("the Act") read with the Companies (Accounts) Rules, 2014, as amended and other relevant provisions of the act, including accounting principles generally accepted in India, Indian Accounting Standards (Ind AS) specified under Sections 129 and 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015 and Schedule III of the Act. The consolidated financial statements incorporate the audited financial statements of the subsidiaries of the Company based on the effective ownership of the Company in such subsidiaries.

In accordance with the provisions of the Act, applicable Accounting Standards and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR Regulations"), the Audited Standalone and Consolidated Financial Statements of our Company for the Financial Year ended March 31, 2026, together with the Auditors' Report forms part of this Annual Report. The Audited Financial Statements (including the Consolidated Financial Statements) of our Company as stated above and the Financial Statements of our subsidiary, whose financials are consolidated with that of the Company, are available on our Company's website at <https://www.abansenterprises.com/financial-statement-subsidiaries>.

INFORMATION ON THE STATE OF AFFAIRS OF THE COMPANY

The information on the affairs of the Company has been detailed in the Management Discussion and Analysis Report ('MDA'), which forms part of this Annual Report.

TRANSFER TO RESERVES

In view of the loss incurred during the year under review, no amount has been transferred to Reserves.

DIVIDEND

The Board of the Company does not recommend any dividend for the financial year under review.

PUBLIC DEPOSITS

During the financial year under review, the Company has not accepted any deposits from the public falling within the meaning of sections 73 and 74 of the Companies Act, 2013 read with the Companies (Acceptance of Deposits) Rules, 2014.

Further, there were no outstanding deposits at the end of financial year 2025-26.

SHARE CAPITAL

The Authorised Share capital of the Company as on March 31, 2026 is Rs. 15,00,00,000/- (Rupees Fifteen Crores Only) divided into 7,50,00,000 Equity Shares of Rs. 2/- (Rupees Two Only) each. The Paid up Share Capital of the Company is Rs. 13,94,97,760/- (Rupees Thirteen crores Ninety Four Lakhs Ninety Seven Thousand Seven Hundred Sixty Only) divided into 6,97,48,880 Equity Shares of Rs. 2/- (Rupees Two Only) each fully paid up.

During the financial year under review, Company has neither granted sweat equity shares or stock options under the aforesaid scheme or any other employee benefit scheme, nor issued shares with differential voting rights.

MATERIAL CHANGES AND COMMITMENTS AFFECTING FINANCIAL POSITION OF THE COMPANY

Under Section 134(3)(I) of the Act, there have been no material changes and commitments affecting the financial position of the Company which have occurred between the end of the financial year of the Company to which the financial statements relate and the date of this Report.

MATERIAL EVENTS DURING THE YEAR

The Company had approved the Scheme of Amalgamation between Abans Jewels Limited, its wholly owned subsidiary, with Abans Enterprises Limited and their respective

shareholders ("Scheme") under Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 on November 8, 2024.

However, in view of the evolving business and market dynamics, the expected benefits of the proposed amalgamation are presently not sufficiently demonstrable, and accordingly the Board considered it prudent to withdraw the said Scheme at this stage. The National Company Law Tribunal (NCLT) disposed off the petition as withdrawn on 12th March 2026. However, no significant or material orders were passed by the Regulators or Hon'ble Courts or Tribunals which impact the going concern status and Company's operations in future.

CHANGE IN NATURE OF BUSINESS

During the financial year under review, there has been no change in the nature of business of the Company.

ANNUAL PERFORMANCE EVALUATION

Pursuant to the provisions of Sections 178 and 134(3)(p) and Schedule IV of the Act and in accordance with Regulation 17(10) and Regulation 25(4) of the SEBI LODR Regulations, and in terms of the Framework of the Board Performance Evaluation, the Board of Directors and Committees have carried out an annual evaluation of the Board as a whole, various Committees of the Board and Individual Directors.

The manner in which the evaluation was carried out has been set out in the Corporate Governance Report, which forms part of this Annual Report. The criteria for performance evaluation is broadly based on the Guidance Note on Board Evaluation issued by the ICSI.

The Board reviewed the performance of Individual Directors through a structured questionnaire based on various aspects which, inter-alia, included transparency, performance, the level of participation in the Board Meetings, inputs provided to executive management on matters of strategic importance, familiarization with the business of the Company and its Subsidiaries, etc.

The outcome of the Independent Directors' Meeting was discussed at the subsequent Board Meeting held on May 12, 2026, at which the performance of the Board as a whole, its Committees, and Individual Directors, including the Chairman, was also evaluated and discussed.

Pursuant to the provisions of Schedule IV of the Act and Regulation 25 of the SEBI LODR Regulations, the Independent Directors of the Company, at their Meeting held on March 27, 2026, evaluated the performance of Non-Independent Directors and the Board as a whole and also assessed the quality, quantity and timeliness of flow of information between the Management and the Board.

Outcome of the Performance Evaluation

The evaluation results indicated a high degree of satisfaction with the performance and effectiveness of the Board, its Committees, and Individual Directors. The Board reviewed the observations and suggestions arising therefrom and reaffirmed its commitment to strengthening governance practices through focused familiarisation programmes, knowledge enhancement sessions, and ongoing development of skills relevant to the Company's changing business and regulatory environment.

The Directors expressed satisfaction with the overall functioning of the Board and its Committees. The Committees continue to function effectively, with important issues being discussed beyond their formal terms of reference as mandated under applicable laws. The Board also expressed satisfaction with the individual contributions of each Director. A report on the performance evaluation was placed before the Board at its meeting held on May 12, 2026 for its review and noting.

FAMILIARIZATION PROGRAMME FOR INDEPENDENT DIRECTORS

The Company believes in continuously familiarizing its Independent Directors and Non-Executive Directors with the Company's business, industry dynamics, regulatory environment, business model, governance framework and key developments to enable them to effectively discharge their duties and responsibilities.

Upon appointment, Directors are provided with a formal Letter of Appointment setting out, inter-alia, their roles,

duties, responsibilities, rights and obligations under the Act and the SEBI LODR Regulations. They are also familiarized with the Company's operations, organisational structure, business segments, risk management framework and the businesses of the Abans Group.

Management Discussion and Analysis

1. Global Economy

Financial Year ("FY") 2025-26 was a year that unfolded in three chapters. It opened with the world carrying forward the momentum of 2024 with growth holding up, trade flowing and then from April 2025, the United States imposed sweeping tariffs on India and other nations, disrupting trade and rattling confidence and later by the final quarter, a bilateral India-US trade deal brought partial relief. Just as the year was closing, a new conflict erupted in the Middle East which changed the outlook for energy and global growth once again.

The International Monetary Fund's World Economic Outlook ("IMF WEO"), released on April 14, 2026 titled "Global Economy in the Shadow of War", which characterises the current macro environment as one where "after withstanding higher trade barriers and elevated uncertainty last year, global activity now faces a major test from the outbreak of war in the Middle East." This conflict which involves US and Israeli military strikes on Iran with the closure of the Strait of Hormuz, and serious damage to critical energy facilities has disrupted global oil and gas supplies, thereby raising inflation expectations, and introducing significant downside risk to an otherwise improving global growth trajectory. If the conflict remains limited in duration and scope, global growth is projected to slow down to 3.1% in 2026 and 3.2% in 2027 respectively.

US trade policy remained a defining macro variable through the first three quarters of FY 2025-26. India faced a cumulative US tariff burden of 50% on most exports combining a 10% universal baseline, 25% reciprocal tariff, and an additional 25% penalty linked to India's energy trade with Russia viz. from August 2025 through early February 2026. A significant de-escalation occurred in Q4 of FY 2025-26 on February 02, 2026 where President Donald Trump announced a bilateral trade framework with India formalized through an Executive Order thereby reducing the effective US tariff on most Indian goods from 50% to 18% (10% baseline + 18% reciprocal tariff, along with 25% Russia oil penalty fully removed). This reduction was confirmed in the IMF's April 2026 WEO which cited it as one of two factors behind the marginal upward revision to India's FY 2026-

27 growth forecast. For exporters of gems, jewellery, textiles, and engineering products, this was significant relief.

For precious metals, FY 2025-26 was a year of historic and violent price movements. Gold and silver prices in rupee terms reached record levels reflecting both the FY 2025-26 operating environment and the continuation of the global supercycle from Current Year 2025 ("CY").

Note: the commodity price statistics below reflect the global market environment across FY 2025-26 (April 2025 – March 2026) as well as CY 2025 context where specified.

- **Gold (FY 2025-26 trajectory):** Gold rose from around \$2,300–\$2,400 per ounce in April 2025 to a historic high of over \$5,500 in January 2026. After the Middle East conflict erupted in February 2026, gold surged again before settling at somewhat lower, though still elevated, levels through March 2026. In India, gold on Multi Commodity Exchange of India Limited ("MCX") hit approximately ₹1.7 lakh per 10 grams at its peak roughly doubling the price in the past two years.
- **Silver (FY 2025-26 trajectory):** Silver had its most dramatic year in modern History. It hit an all-time high of over \$83 per ounce in late December 2025, then corrected sharply within minutes in one of the most extreme intraday moves in commodity market history. Silver subsequently stabilised at elevated levels and ended the year well above where it started. In India, MCX silver peaked at approximately ₹2.9 lakh per kilogram. Silver is unique as it is both a safe-haven asset for investors and an industrial metal essential for solar panels and electric vehicles, which makes it especially sensitive to world events.
- **Middle East conflict and energy prices:** When US and Israeli forces struck Iran in late February 2026, the Strait of Hormuz was closed which is a waterway through which significant share of the world's oil and gas flows. Oil prices rose sharply. For a country like India, which imports the bulk of its crude oil requirements, this was a serious complication arriving right at the end of the financial year.

India GDP on Indian fiscal year basis (April–March) is 7.4% which was NSO First Advance Estimate for FY 2025-26 (released January 7, 2026). IMF WEO projected 6.5% in April 2026 for FY 2026-27.

Outlook on Global Economy

The International Monetary Fund (“IMF”) maps three possible futures. In the best case a short conflict fading by mid-2026 where global growth reaches 3.1% in 2026 and 3.2% in 2027, with inflation rate at 4.4%. If the conflict broadens and oil prices rise 80%, growth falls to 2.5% with inflation at 5.4%. In the worst case, global

growth could slow down to 2.0%. The IMF's base case assumes oil at \$82.22 per barrel.

2. Indian Economy

Even as much of the world navigated through trade disruptions and conflict. India delivered its best GDP growth in two years and maintained its position as the world's fastest growing major economy, reinforcing the country's standing as a global growth leader even as the international environment grew significantly more complex. The National Statistical Office (“NSO”) estimated real GDP growth at 7.4% for FY 2025-26, up from 6.5% in the previous year. In rupee terms, India's economy reached ₹357.14 lakh crore. The IMF independently estimated India's growth at 7.3%, noting that the second half of the year was particularly strong.

India Real GDP Growth (%)	FY21-22	FY22-23	FY23-24	FY24-25 (PE)	FY25-26 (FAE)
Real GDP Growth (%)	9.7%	7.6%	9.2%	6.5%	7.4%

(PE) = Provisional Estimates; (FAE) = First Advance Estimates released January 7, 2026.

This growth reflects India firing on all three economic engines. The services sector which is driven by strong performance in financial services, real estate, professional services, trade, hospitality, and public administration which grew at 9.1%. Manufacturing grew at 7.0%, supported by government incentive schemes. Agriculture grew at 3.1%, helped by a well-distributed monsoon.

India's rise on the world stage is now a fact. In 2025, India overtook Japan to become the world's fourth-largest economy by size, and is already the third-largest by purchasing power. India targets \$8 trillion by 2035 and \$30 trillion by 2047. Reflecting this, the capital investment budget for FY 2025-26 was ₹11.21 lakh crore and 3.1% of GDP.

Monetary conditions turned accommodative through FY 2025-26. The RBI cut its repo rate by 1 percentage point from 6.25% to 5.25%, its lowest since July 2022 as inflation stayed well within the 2–6% target band. Lower rates reduced borrowing costs for businesses and households, providing a real tailwind for investment and spending.

India's commodity markets deepened structurally through FY 2025-26. The India International Bullion Exchange (“IIBX”) at GIFT City consolidating its role as the country's primary institutional gold trading and import platform. Full details of the IFSCA framework circular, TRQ regime, and AEL's institutional standing are covered in Section 3E of this report.

Outlook on Indian Economy

Looking ahead, the IMF raised India's FY 2026-27 growth forecast to 6.4% an upward revision that stands out in a WEO otherwise marked by widespread downgrades due to the Middle East conflict. Two factors that drove this upgrade was the strong momentum which India carries from FY 2025-26 and improved US trade access following the deal in February 2026.

India's long-term story has been young workforce, improving infrastructure, disciplined spending, deepening financial markets which still remains intact. The near-term watch point is energy, given India's heavy dependence on imported crude oil of its crude oil and with the Hormuz Strait having disrupted and the US waiver on Russian crude having been expired in April 2026, energy supplies became genuinely challenging in the year's final weeks. The RBI held its rate at 5.25% in February 2026 with a neutral stance, keeping options open. If the conflict persists and oil stays at a higher rate cuts then it may need to pause.

3. Industrial Overview

India's commodity market comprises both agricultural and non-agricultural segments, each playing a critical role in the country's economic structure. Agricultural commodities primarily cover foodgrains, oilseeds, and plantation crops, while non-agricultural commodities spans energy, metals, and bullion.

India's commodity markets experienced exceptional and historically unprecedented activity in FY 2025-26. Precious metals dominated the landscape where gold and silver reached generational price highs, the silver market experienced one of the most extreme intraday dislocations in its modern history (December 29, 2025), and the Middle East conflict in Q4 FY26 which added a new layer of geopolitical safe-haven demand. Each segment is discussed in detail in the sub-sections that follow.

India's agricultural economy in FY 2025-26 maintained stability, supported by adequate monsoon distribution and improved farming practices.

The MCX, India's premier platform for non-agricultural commodity derivatives, reported record notional turnover values in FY 2025-26 led by the bullion segment. Gold futures and options saw heightened activity as prices crossed ₹1 lakh per 10 grams for the first time and continued their ascent through the year, while silver's extraordinary volatility culminating in the December 29, 2025, at an all-time high above USD

86 per ounce followed by a sharp intraday reversal generated significant trading volumes across both the futures and options segments.

Base metals i.e aluminium, copper, lead, and zinc remained actively traded. US tariff actions on aluminium and steel temporarily disrupted global supply chains and created brief price gaps between Indian and international markets, generating arbitrage opportunities. Underlying demand stayed firm, fed by India's ongoing infrastructure push.

Bullion Markets — A Year for the History Books

FY 2025-26 was the most consequential year in the modern history of global bullion markets. Gold and silver simultaneously established new all-time price records, driven by a powerful convergence of monetary easing, geopolitical safe-haven demand, accelerating central bank accumulation, and a structural industrial demand revolution for silver that has fundamentally repositioned the metal in the global commodity landscape.

Gold crossed USD 4,000 per ounce for the first time in October 2025 and went on to record fresh intraday highs in January 2026. The primary drivers were sustained central bank accumulation, a weaker US dollar as the Fed cut rates, and the safe-haven premium added by the Middle East conflict. Through year-end, gold held at elevated levels.

Silver's story was equally dramatic. Prices surged from approximately USD 28–30 per ounce at the start of the year to an all-time high above USD 86 per ounce on December 29, 2025, before one of the most violent intraday reversals in modern commodity history. Through Q4, silver stabilised in the USD 79–82 range. This reflects silver's structural transformation from a monetary metal to an essential industrial commodity. Solar panels, EVs, and AI data centres are driving record industrial demand, sustaining the sixth consecutive year of structural supply deficit.

For bullion market participants, the message from FY 2025-26 is clear i.e in a year of generational price moves what separates winners from bystanders is the ability to operate in both the physical and derivative markets simultaneously. For AEL with physical procurement networks, derivative hedging across MCX, COMEX, and IIBX, and GIFT City institutional standing. FY 2025-26 was both the most demanding and the most consequential year in the Company's history. For gold and silver, the fundamentals remain supportive into FY 2026-27.

Closer to home, India's bullion market reflected the same extraordinary story. Gold and silver prices reached levels that would have seemed impossible just two years ago. While record prices dampened jewellery buying volumes, they drove a surge in investment demand reshaping how Indian households, institutions, and businesses think about and engage with gold and silver.

In Indian rupee terms, gold reached approximately ₹1.7 lakh per 10 grams at its peak on the MCX during FY 2025-26, more than double its levels two years earlier. Although this price appreciation moderated volume demand in the jewellery segment, India's overall gold consumption remained resilient, reflecting the metal's deep cultural significance and its growing role as an investment asset. The Reserve Bank of India "RBI" continued to augment its gold reserves during FY 2025-26, reinforcing gold's strategic importance in India's foreign exchange management. Gold's share of India's total foreign exchange reserves, which had risen to approximately 11% by early FY 2025-26, reflects a deliberate institutional preference for hard assets amid heightened global monetary uncertainty.

Silver's performance in India was equally remarkable. The investment landscape for silver underwent a significant transformation in 2025, with both institutional and retail investors substantially increasing their exposure to the metal. MCX silver prices also touched record highs during FY 2025-26, rising multi-fold from levels recorded two years earlier. India emerged as the world's largest importer of refined silver in calendar year 2025, with import values rising sharply year-on-year. This surge was driven by rising demand from India's rapidly expanding solar manufacturing sector and electronics industry, alongside a growing base of silver investors attracted to the metal's dual appeal as both a monetary and industrial asset.

A defining structural development for India's bullion industry during FY 2025-26 was the further deepening of the India IIBX at GIFT City. The State Bank of India "SBI" became the first public sector bank to execute a gold trade on IIBX as a Special Category Client, marking a key step in reshaping India's bullion import framework. The IFSCA's comprehensive framework circular issued in October 2025 formalised the India-UAE CEPA Tariff Rate Quota regime, enabling Qualified Jewellers to import gold at concessional duty through IIBX, thereby providing a structural cost advantage and transforming the manner in which leading bullion participants access global supply. Abans Jewels Limited

("AJL"), wholly owned subsidiary of Abans Enterprises Limited is a Qualified Jeweller, and its TRQ Holder status positions the Company at the centre of this evolving institutional framework.

Outlook on Bullion Markets

Looking ahead to FY 2026-27, India's bullion market outlook remains compelling. Record of high gold and silver prices are expected to moderate jewellery volumes; however, investment demand is likely to remain strong, driven by global uncertainty arising from the conflict in the Middle East, RBI's continued accumulation of gold and growing retail familiarity with bullion as an asset class. The World Gold Council projects India's gold consumption to be in the range of 750-850 tonnes for FY 2026-27. Silver demand is expected to remain robust, supported by India's solar manufacturing ambitions, with the country targeting 500 GW of renewable energy capacity by 2030, as well as its rapidly growing electronics sector. For AEL, with its integrated physical and derivative bullion capabilities and institutional presence in GIFT City, this environment represents a strong strategic fit.

Indian Derivatives Market Overview

India's derivatives market continued to evolve during FY 2025-26. Following SEBI's tightening measures in FY 2024-25, including larger minimum contract sizes and reduced weekly expiries, equity derivatives volumes stabilised at more sustainable levels, with a greater share of activity attributable to hedgers and institutional participants.

Commodity derivatives, by contrast, witnessed exceptional activity. Bullion derivatives on MCX registered record notional turnover, driven by the extraordinary appreciation in gold and silver prices, reflecting strong underlying hedging demand. The silver flash crash on December 29, 2025, demonstrated both the risks associated with volatile commodity markets and the importance of active derivative participation for effective hedging. SEBI's progressive opening of commodity derivatives to FPIs, AIFs, PMS, and mutual funds, along with the approval of electricity futures, marked further structural deepening of India's derivatives market.

Indian Jewellery Manufacturing Industry

India's jewellery manufacturing industry navigated a challenging operating environment during FY 2025-26, shaped by the dual pressures of record-high precious metal prices and a difficult export environment. Gold

prices in Indian rupee terms crossed ₹1 lakh per 10 grams and continued to rise through the year, compressing jewellery demand in volume terms even as the investment-driven component of bullion consumption remained firm. Silver jewellery, which had already experienced a substantial decline of approximately 41% in export value in FY 2024-25, faced continued headwinds from elevated domestic prices, which moderated both retail and wholesale purchasing activity.

The export environment deteriorated further in half year ("H1") FY 2025-26 with the imposition of US reciprocal tariffs of 50% on most Indian goods, including gems and jewellery, effective August 2025. India's total gems and jewellery exports, which had already declined by approximately 12% to around USD 28.5 billion in FY 2024-25, faced an additional structural headwind as the US tariff burden rendered Indian jewellery less competitive in what remains one of the industry's most important export markets. Cut and polished diamond exports, which had declined by approximately 17% year-on-year in FY 2024-25, the lowest level in nearly two decades, continued to face subdued international demand through much of FY 2025-26.

A meaningful improvement arrived in Q4 FY 2025-26. The India-US bilateral trade framework announced in February 2026 reduced the effective US tariff on Indian goods from 50% to 18%, and the White House Joint Statement specifically identified gems and diamonds for further tariff reduction upon finalisation of the Interim Agreement. While the full benefit of this improvement will be felt primarily in FY 2026-27, the directional change represents a significant positive development for India's export-oriented jewellery manufacturers and provides a constructive backdrop for the year ahead.

The domestic jewellery market remained more resilient than the export segment during FY 2025-26, supported by India's deeply embedded cultural affinity for gold, sustained wedding-driven demand, and a growing preference among high-net-worth consumers for premium, customised jewellery as both an adornment and an investment. The premium and bespoke segment, where design innovation, artisan craftsmanship, and brand trust command a price premium that provides greater resilience against commodity price volatility, demonstrated stronger resilience than the mass-market and export segments.

Outlook

The outlook for FY 2026-27 is cautiously optimistic. The reduction in US tariffs from 50% to 18%, along with further reductions for gems and diamonds under negotiation, is expected to improve export economics. Domestically, the premium and luxury segment is expected to grow, supported by India's expanding high-net-worth population and the enduring cultural significance of gold. AEL's jewellery business, through AJL remains focused on the premium domestic segment, where its handcrafted designs and trusted supply relationships position it well for continued growth.

4. Company Overview

AEL is positioned at the epicentre of India's commodity markets, where the precision of derivatives trading meets the realities of physical delivery, and where market intelligence is translated into measurable outcomes, trade by trade. Incorporated in 1985 and re-envisioned under the current management since 2015, AEL participates in commodity derivatives, bullion, agricultural commodities, base metals, equity derivatives, and currency derivatives. The Company is listed on Bombay Stock Exchange Limited ("BSE") and Metropolitan Stock Exchange of India Limited ("MSEI") and operates through wholly owned subsidiaries in Dubai (UAE), Mauritius, and India, including AJL. AJL holds Qualified Jeweller and Tariff Rate Quota (TRQ) status at the IIBX at GIFT City.

In a market defined by volatility, AEL's competitive advantage lies in its ability to operate simultaneously across both worlds: financial and physical. On the derivatives side, the Company has deepened its risk management capabilities across MCX, NCDEX, COMEX, and the India International Bullion Exchange (IIBX) at GIFT City, bringing institutional discipline to markets that demand it most. On the physical side, AEL's footprint spans India's agricultural heartlands, global bullion procurement channels, and the structured delivery infrastructure that provides real-world grounding to its derivative positions.

FY 2025-26 was the year in which this model was tested at the highest scale the Company has ever encountered. Nine months of consolidated revenues reaching ₹7,302 crore up 289% year-on-year. Record gold and silver prices accompanied by extreme intraday volatility. A Middle East conflict reshaping global energy and safe-haven dynamics in the closing quarter.

AEL's theme for FY 2025-26 "*At the Epicentre: The Commodity Supercycle*" reflecting both the prevailing market reality and an organisational conviction. The global commodity supercycle is real, structural, and continues to unfold. India's role within this cycle is growing, becoming increasingly formalised, and deepening. AEL's position at its centre, built through a decade of disciplined execution, institutional relationship-building, and an unwavering commitment to integrity, is not circumstantial; it is earned.

During FY 2025-26, AEL also formally expanded its participation into equity, equity derivatives, and currency derivatives markets, extending its intelligence-led trading model beyond commodities into India's broader financial markets.

5A. Agri Commodities

Rooted in Legacy. Adapted for Precision.

AEL continued to leverage India's position as a global agricultural powerhouse during FY 2025-26,

maintaining its active trading presence across commodities. Operations span both futures and spot segments, creating a resilient two-way trading model that serves a wide spectrum of agri-commodity clients.

5B. Bullion and Base Metals

Precision in Every Gram. Intelligence in Every Trade.

Gold, silver, aluminium, copper, and lead continued to anchor AEL's commodity desk during FY 2025-26, but at a scale and price level that transformed every metric. Bullion trading revenues surged on the back of record gold and silver prices through the year. With every transaction fully hedged and physically backed, AEL retained its trusted position across India's bullion corridors and manufacturing-linked base metal markets, navigating the most volatile precious metals environment in a generation without a single counterparty default.

AEL's GIFT City Qualified Jeweller status and access to the India-UAE CEPA Tariff Rate Quota (TRQ) enabled duty-concessional gold imports through the India IIBX providing a structural procurement cost advantage over peers reliant on traditional nominated bank channels.

Bullion & Base Metals Turnover — Four-Year Track Record

Financial Year	Bullion (₹ Crores)	Base Metals (₹ Crores)	Total (₹ Crores)
FY 2022-23	1,087.95	2.66	1,090.61
FY 2023-24	926.18	88.41	1,014.59

FY 2025-26	13,432.79	261.18	13,693.97

5C. Commodity Derivatives

Turning Volatility into Precision. Every Cycle.

AEL's derivatives desk remains the analytical and risk management core of its Commodity Intelligence model, translating data into strategy and strategy into performance. During FY 2025-26, the derivatives desk operated in the most demanding environment in the Company's history.

5D. Jewellery - Abans Jewels Limited

Artisan Precision Meets Premium Market Demand.

AJL, wholly-owned subsidiary of AEL, continued its operations in the premium B2B jewellery segment through FY 2025-26. With gold consumption in India remaining resilient despite record-high prices sustained by cultural demand, wedding-driven buying, and growing investment interest, design-led offerings maintained strong traction

among high-net-worth retailers, premium stores, and discerning individual clients. The Company's collections spanning gold, diamonds, coloured stones, and fancy stones continued to serve as a mark of craftsmanship and trust for India's top-tier jewellery retail ecosystem.

Navigating the Landscape of Opportunities and Threats

Leveraging Growth Potential (Opportunities)

- **GIFT City and IIBX Deepening:** AEL's Qualified Jeweller and TRQ Holder status i.e. AJL positions it at the centre of India's formalising bullion import architecture. As IIBX deepens institutionally with SBI and other PSUs joining as participants, AEL's early-mover advantage creates lasting structural value.
- **US-India Trade De-escalation:** The reduction of US tariffs on Indian goods from 50% to 18% effective February 2026 improves the economics of India's export-oriented businesses, including jewellery and gems. The Interim Agreement framework, once finalised, could further reduce tariffs on gems and diamonds specifically.
- **India's Commodity Market Formalisation:** SEBI's regulatory has broadened FPIs, AIFs, PMS, mutual funds in commodity derivatives;

electricity futures approval deepens institutional liquidity on MCX and NCDEX, benefiting established participants like AEL.

Addressing Potential Challenges (Threats)

- **Middle East Conflict - Energy and Macro Risk:** India imports the bulk of its crude oil requirements. The Strait of Hormuz disruption removes a significant share of global crude supply previously transiting the waterway. With the US waiver for Russian crude purchases expiring April 11, 2026, India faces genuine energy supply constraints that could drive imported inflation, weaken the rupee, and force the RBI to pause its easing cycle. Higher oil prices also increase operating costs for commodity transportation, storage, and processing across AEL's supply chain.
- **Working Capital Intensity at Scale:** Margin management, collateral management, and reconciliation demands are materially

different from two years prior. Technology and treasury systems must continue to scale commensurately.

- **Bullion Price Concentration Risk:** Bullion trading constitutes the substantial majority of AEL's revenues. A sustained correction in precious metals prices or spread compression could disproportionately impact financial performance.

7. Risk and Concerns

Scale of treasury operations requires continued investment in risk management infrastructure as volumes compound.

Lending vertical requires capital scale-up to capture the full opportunity — internal accruals alone may not sustain the target growth rate.

8. Internal Control Systems and Their Adequacy

AEL maintains a robust internal control framework scaled to the nature and complexity of its operations across commodity trading, bullion, derivatives, equity markets, jewellery manufacturing, and cross-border operations. The Audit Committee of the Company provides central oversight, reviewing risks, evaluating mitigation strategies, and assessing control effectiveness at each meeting. An independent internal audit firm reports directly to the Audit Committee.

In light of FY 2025-26's significant operational scaling, extreme precious metals volatility, Q4 Middle East conflict developments, and new equity/currency derivatives operations, the Company strengthened its internal systems in four ways: real-time monitoring was upgraded to flag unusual positions instantly; reconciliation systems were improved for simultaneous positions across multiple exchanges; cross-border documentation was tightened; and responsibilities between trading, settlement, and treasury teams were reviewed and updated.

M/s. C L A S S & Co. LLP, Chartered Accountants, (Firm Registration No.: 101717W/W101120), Statutory Auditors of the Company have audited both standalone and consolidated financial statements and issued attestation

on internal financial controls under Section 143 of the Companies Act, 2013. The Audit Committee concluded that the Company's internal financial controls were adequate and functioning effectively as of March 31, 2026.

9. People and Culture

As of March 31, 2026, the Group had 104 permanent employees, compared to 68 as of March 31, 2025. Headcount growth reflects expansion in trading, risk management, technology, and compliance functions. Key people initiatives in FY 2025-26 included comprehensive regulatory compliance training (covering SEBI commodity/equity derivatives, FEMA, UAE AML), technology and trading skills development commensurate with the scale-up, and employee well-being programmes including Fun Friday sessions, inter-department cricket tournaments, and an immersive company offsite retreat. The Company complies fully with the Code on Social Security, 2020, Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, and all applicable HR-related statutory obligations.

10. Outlook

AEL enters FY 2026-27 with strategic strength and institutional maturity, shaped by a year that placed the Company at the genuine epicentre of the global commodity supercycle. The external environment for FY 2026-27 is characterised by three simultaneous dynamics: the ongoing Middle East conflict creating energy price pressure and geopolitical safe-haven demand for gold; India's continued position as the world's fastest-growing major economy; and the partial resolution of the US-India trade dispute through the February 2026 bilateral framework.

The macro environment for AEL's core businesses remains constructive. Gold is expected by leading global research houses to sustain elevated levels as safe-haven demand from the Middle East conflict overlays the structural bull drivers of central bank accumulation and de-dollarisation. Silver's structural supply deficit and industrial demand from the energy transition and AI infrastructure provides a multi-year price foundation. India's IIBX at GIFT City is deepening toward becoming a genuine institutional bullion price-setting hub. The

RBI's accommodative policy stance reduced the cost of carry on commodity trading positions.

Looking into FY 2026-27, AEL is committed in improving EBITDA margins through tighter spread management; deepening AEL's GIFT City procurement advantage; investing in technology systems navigating the energy situation as the Middle East conflict evolves; and maintaining strict regulatory compliance across every geography AEL operates in.

11. Safe Harbour / Cautionary Statement

This report may contain forward-looking statements as defined under applicable laws and regulations. These statements are based on management's current beliefs, assumptions, and information available as of the date of this report, including the IMF World Economic Outlook April 2026 and other publicly available macroeconomic data. Actual business results and financial performance may differ materially from those expressed or implied due to risk factors including commodity price

movements, Middle East conflict escalation, US trade policy changes, regulatory developments, energy price volatility, and other contingencies. The Company undertakes no obligation to revise forward-looking statements and assumes no liability for actions taken in reliance on information contained herein.

12. Closing Statement: At the Epicentre — Built for Every Cycle

As we close this Management Discussion and Analysis for FY 2025-26, we reflect on a year that validated AEL's model through the most severe tests it has yet encountered.

We thank our shareholders, clients, counterparties, regulators, exchanges, and employees for their trust. We enter FY 2026-27 with sharper systems, stronger governance, and conviction that the Company will build position at the epicentre of India's commodity markets in a global supercycle.

Believe in AEL. Together, let's lead at the epicentre.

CORPORATE GOVERNANCE REPORT

The report on Corporate Governance is prepared for the financial year ended March 31, 2026 in compliance with Regulation 34(3) read with Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR Regulations").

The Committee evaluated the balance of skills, knowledge and experience on the Board and ensured that the Board composition complied with the requirements of the Companies Act, 2013 and the SEBI LODR Regulations. The Committee also reviewed the succession planning processes for key positions to ensure continuity in leadership and availability of competent management personnel.

Through its structured approach, the Nomination, Remuneration and Compensation Committee contributed towards maintaining a transparent and robust framework for appointment, evaluation and remuneration, aligned with the long-term objectives of the Company.

Performance Evaluation

Pursuant to the provisions of the Companies Act, 2013 read with the rules made thereunder and Regulations 17 and 19 of the SEBI LODR Regulations, the Board, on the recommendation of the Nomination, Remuneration and Compensation Committee ("NRCC"), undertook a formal performance evaluation of the Board, its Committees and individual Directors for the financial year ended March 31, 2026.

The Committee carries out evaluation of performance of every Director annually and at such intervals considered necessary. Each year the Board of the Company carries out an evaluation of its own performance (excluding the director being evaluated).

The Board performance evaluation is designed to:

- Review the pre-determined role of the Board collectively and individual Directors in discharge of duties as set out by the Company from time to time.
- annually assess how well directors are discharging their responsibilities; collectively by assessing the Board's effectiveness; and individually by assessing the quality of a Director's contribution to general

discussions, business proposals and governance responsibilities;

- c) annually assess the performance of directors in discharging their responsibilities;
- d) regularly evaluate the Directors' confidence in the integrity towards the Company, the quality of the discussions at Board meetings, the credibility of the reports and information they receive, the level of interpersonal cohesion between Board members and the degree of Board knowledge; and
- e) enable Board members, individually and collectively, to develop the key skills required to meet foreseeable circumstances with timely preparation, agreed strategies and appropriate development goals.

This can be achieved by collectively assessing the Board's effectiveness and by individually assessing the quality of a Director's contribution to general discussions, business proposals and governance responsibilities. The Committee has laid down the criteria and procedure for evaluation of performance of Independent Directors and the Board in the Nomination, Remuneration & Performance Evaluation Policy available on the website of the Company at www.abansenterprises.com/NominationRemunerationPerformanceEvaluationPolicy.

Performance evaluation criteria for Independent Directors:

The performance of the Independent Directors is evaluated by the entire Board, excluding the Independent Director being evaluated in accordance with criteria specified vide SEBI Circular SEBI/HO/CFD/CMD/CIR/P/2017/004 dated January 05, 2017, Guidance Note on Board Evaluation issued by ICSI. The evaluation includes assessment of their performance as well as fulfilment of the independence criteria as specified under the Companies Act, 2013, SEBI LODR Regulations, and their independence from the Management.

The performance evaluation criteria for Independent Directors was determined by the NRCC. The evaluation process, inter alia considered various qualitative and quantitative parameters including active participation and contribution during meetings, professional commitment, effective application of knowledge and expertise, inputs provided to executive management on matters of strategic importance, familiarisation with the business of the Company and its subsidiaries, integrity, maintenance of confidentiality, and independence of behaviour and judgement.

Nomination, Remuneration & Performance Evaluation Policy

This Nomination, Remuneration & Performance Evaluation Policy is formulated in compliance with Section 178 of the Companies Act, 2013 read along with the applicable and other relevant Regulations with respect to Corporate Governance of the SEBI LODR Regulations, as amended from time to time. The Board of the Company has adopted the policy and procedures with regard to appointment, remuneration and evaluation of performance of Directors, Key Managerial Personnel and Senior Management. The Board periodically reviews this policy from time to time.

This policy has the following objectives:

- a) Laying down criteria, qualifications for identifying and appointment of a person as Director or at Senior Management level and ascertain the integrity, qualification, expertise and experience of the person and recommend to the Board his / her appointment;
- b) The level and composition of remuneration is reasonable and sufficient to attract, retain and motivate Directors of the quality required to run the Company successfully;
- c) Relationship of remuneration to performance is clear and meets appropriate performance benchmarks and;
- d) Remuneration to Directors, Key Managerial Personnel and Senior Management involves a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals;
- e) Define the criteria and procedure for evaluation of performance of Directors, Committees and the Board as a whole.

ANNEXURE 2

Disclosure of commodity price risk and hedging activities in terms of Regulation 34(3) read with clause 9(n) of Part C of Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

1. Risk management policy of the Company with respect to commodities, including through commodity price hedging:

Abans Enterprises Limited has an approved risk management mechanism. The key objectives of the mechanism are:

- Identification and categorisation of potential risks
- Assessment and mitigation of risks
- To monitor and assure continuous growth and to sustain market leadership in commodities. Price risk is the financial risk on an entity's financial performance/profitability upon fluctuations in the prices of commodities. As a trading intensive business, the Company is exposed to a variety of market risks, including the effects of changes in commodity prices and exchange rates.

The risk management mechanism is designed to manage the impact of commodity price fluctuations across its value chain to effectively manage its financial performance and profitability. Multiple levers are

deployed to mitigate these risks and the selection of a lever depends on the cost-benefit analysis and the extent of exposure including its assessment of ability to pass adverse fluctuation to the customer by way of price increases. The Company works on an ongoing basis on cost optimisation and process improvement exercises.

Company's key commodity trades are in Agricultural Commodities such as Coriander, Guar seed and Guargum etc., precious metals such as Gold, Silver Bar, precious stones such as Diamond and derivatives listed on recognized Indian Exchanges.

2. Exposure of the listed entity to commodity and commodity risks faced by the entity throughout the year:

a. Total exposure of the listed entity to commodities in INR

The company has an exposure of Rs. 99,06,215/- (Rupees Ninety Nine Lakhs Six Thousand Two hundred Fifteen).

b. Exposure of the listed entity to various commodities

Commodity Name	Exposure in INR towards the particular commodity	Exposure in Quantity terms towards the particular commodity (In Quintals)	% of such exposure hedged through commodity derivatives				
			Domestic Market		International Market		Total
			OTC	Exchange	OTC	Exchange	
Coriander	30,762	4.000	-	100%	-	-	-
Guargum	12,58,957	121.280	-	100%	-	-	-
Guar Seeds	86,16,496	1,640.606	-	100%	-	-	-

c. Commodity risks faced by the listed entity during the year and how they have been managed

Among other products, Group is engaged in to procuring of precious metals, diamonds and other agriculture product for its manufacturing and trading activities. Commodity price fluctuation risks could arise on account of changes in market price of commodities and inconsistency in the availability of the same. These could adversely impact earnings.

Diamond prices usually are not very volatile over a long period of time. Gold and agricultural products price risk is one of the important market risk for the Company.

The Company has a requisite framework and governance mechanism in place to ensure that the organization is adequately protected from the market volatility in terms of price and availability.

The Company's strong risk management department supports it to track factors which helps mitigate commodity price fluctuation risks. The Company has managed the foreign exchange risk and commodity price risk with appropriate hedging activities in accordance with policies of the Company.

Risk can be mitigated by entering into the following instruments to hedge against its commodity exposures:

1. Futures Contracts traded on recognised stock exchanges.
2. Option Contracts traded on recognised stock exchanges.

Transactions are covered with strict limits placed on maximum exposure, stop loss and maximum deal size at any point in time.

During FY 2025-26 commodity risks were managed accordingly, based on the parameters, prevailing business conditions and professional judgement.

INDEPENDENT AUDITOR'S REPORT

To the Members of Abans Enterprises Limited

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the Consolidated financial statements of Abans Enterprises Limited ("hereinafter referred to as the Parent Company") and its subsidiaries (the Parent Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2026, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditor on separate financial statements and on the other financial information of the subsidiary, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2026, their consolidated profit including other comprehensive income, their consolidated

cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group, in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr	Key Audit Matters	How our audit addressed the Key Audit Matter
1	Valuation of Market Linked Debentures (as described in Note No. 17 & 21 of the consolidated financial statements)	
	The Company has issued Market Linked Debentures (MLD) during current year linked to the levels of Nifty / Equity share. The outstanding balance of MLD as on March 31, 2026 is INR 7800.66 lakhs. The Company on the basis of Valuation Report obtained from the Registered Valuer has done valuation of the outstanding MLD. Considering the internal valuation along with the valuation report obtained of MLD is significant to overall financial statements and the degree of management's judgement involved in the estimate, any error in the estimate could lead to material misstatement in the financial statements. Therefore, it is considered as a key audit matter.	- Audit procedures included an assessment of internal controls over fair valuation of MLD outstanding on reporting date. - Assessed and reviewed the fair valuation of MLD by the Company on the basis of Valuation Report obtained from the Registered Valuer for compliance with Ind AS.

Information Other than the Consolidated Financial Statements and Auditor's Report

The Parent Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors Report including Annexures but does not include the financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available to us and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained in the audit or otherwise appears, to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated cash flows of the company and the Consolidated Statement of Changes in Equity in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (IND AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of the appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that we are operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and fair presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of Group as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether company has in place an adequate internal financial control system over financial reporting and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors and whose financial information we have audited, to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

1. We did not audit the financial statements of 2 (Two) subsidiary companies included in the consolidated

financial statements, whose financial statements reflect total assets of Rs. 6,596.52 Lakhs as on March 31, 2026, which reflects group's share of net profit (and other comprehensive income) of Rs. (6,675.85) Lakhs and net cash inflow of Rs. (51.46) lakhs for the year ended March 31, 2026. These financial statements and other financial information have been audited by other auditor whose reports have been furnished to us by the Parent Company's Management, and our opinion on the consolidated financial statements to the extent they have been derived from such audited financial statements / financial information is based solely on the reports of such other auditor.

Our opinion on the consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary and our report in terms of sub section (3) of section 143 of the Act, in so far it relates to the aforesaid subsidiary, is based solely on the report of other auditors.

2. The comparative financial information for the year ended March 31, 2025 was audited by another auditor whose report dated May 14, 2025 expressed an unmodified opinion on those financial statements. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of the subsidiary companies, associate companies and joint ventures, incorporated in India, as noted in the 'Other Matter' paragraph we give in the "Annexure A" a statement on the matters specified in paragraph 3(xxi) of the Order.
2. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements of the subsidiary and unaudited financial statements certified by management referred to in the Other Matters section above, we report, to the extent applicable, that:
 - a) We/ the other auditors whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditor/management as may be applicable.

“Annexure B”

to Independent Auditors’ Report on the Consolidated Financial statements of Abans Enterprises Limited

(Referred to in paragraph 2(f) under the heading “Report on other legal and regulatory requirements” of our report of even date.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

Opinion

We have audited the Internal Financial Control over financial reporting of **Abans Enterprises Limited** (“the company” or “the Parent”) and its subsidiary companies (the Parent Company and its subsidiaries incorporated in India, together referred to as “the Group”) as of March 31, 2026 in conjunction with our audit of the Consolidated Financial statements of the Company for the year then ended

In our opinion, the Group has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Management Responsibility for the Internal Financial Controls

The respective Board of Directors of the Parent company, its subsidiary companies and its associate companies, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls over financial reporting is applicable, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Group’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Consolidated Financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A group’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated Financial statements .

Inherent Limitations of Internal Financial Controls over Financial Reporting

In our opinion, considering nature of business, size of operations and organizational structure, the Group has in all material respects, an adequate internal financial controls system over financial reporting and such internal

financial controls over financial reporting were operating effectively as at 31st March, 2026, based on the internal control over financial reporting criteria established by the Holding Company and its subsidiaries incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

During the year, the principal activities of the Group consist of general trading of agri commodities, precious metals, trading in securites and derivative contracts on recognised stock exchanges.

Summary of the significant accounting policies

(a) Basis of Preparation

The Consolidated Financial Statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 as amended. Holding Company is listed on Bombay Stock Exchange and accordingly group has complied with the roadmap notified by The Ministry of "Corporate Affairs" (MCA) to implement Ind AS.

The Consolidated Financial Statements have been prepared under historical cost convention basis except the following assets and liabilities which have been measured at fair value or revalued amounts.

1. Certain Financial instruments measured at fair value through other comprehensive income (FVTOCI);
2. Certain Financial instruments measured at fair value through Profit and Loss (FVTPL);
3. Defined Benefit Plan asset measured at fair value;

The functional and presentation currency of the Group is Indian rupees. This consolidated financial statement is presented in Indian rupees in Lakhs. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures."

(b) Basis of Consolidation

The consolidated financial statements include the financial statements of the group companies. The consolidated financial statements have been prepared on the following basis:

- i) The consolidated financial statements of the company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, income, expenses, and cashflows, after fully eliminating intra-group balances and intra-group transactions.
- ii) In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All asstes and liabilities are converted at the rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve.
- iii) The carrying amount of parent's investment in each subsidiary and parent's portion of equity of each subsidiary is offset.
- iv) Non-controlling interest's share of profit / loss of consolidated subsidiaries for the year is identified and adjusted against the income of the group in the order to arrive at the net income attributable to shareholders of the group.
- v) Non-controlling interest's share of net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separate from the liabilities and the equity of the Company's shareholders.
- vi) When the proportion of the equity held by non-controlling interests changes, the Company adjusts the carrying amounts of the controlling and non-controlling interests to reflect the changes in their relative interests in the subsidiary. The Company recognises directly in equity any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid.

(c) Use of estimates

The presentation of the financial statements are in conformity with the Ind AS which requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Such estimates and assumptions are based on management's evaluation of relevant

Note 1: Significant Accounting Policies and Notes to Accounts forming part of Consolidated Financial Statement

for the year ended March 31, 2026

facts and circumstances as on the date of financial statements. The actual outcome may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the Financial Statements.

(d) Current versus Non-Current classification

All assets and liabilities have been classified as Current or Non Current as per the Group's normal operation cycle i.e. twelve months and other criteria set out in the Schedule III of the Act.

(e) Property, plant and equipment (PP&E)

Items of Property, Plant and Equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Capital work in progress is carried at cost and capitalised when the asset is ready to be put to use."

(f) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Cost comprises the acquisition price, development cost and any attributable / allocable incidental cost of bringing the asset to its working condition for its intended use.

Intangible assets acquired in a business combination that qualify for separate recognition are recognised as intangible assets at their fair values at the date of acquisition. The useful life of intangible assets are assessed as either finite or indefinite.

All finite-lived intangible assets, are accounted for using the cost model whereby intangible assets are stated at cost less accumulated amortisation and impairment losses, if any. Intangible assets are amortised over the useful life. Residual values and useful lives are reviewed at each reporting date.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

When an intangible asset is disposed of, the gain or loss on disposal is determined as the difference between the proceeds and the carrying amount of the asset, and is recognised in the statement of profit and loss within 'other income' or 'other expenses' respectively.

(g) Impairment of non-financial assets

At each reporting date, the Group assesses whether there is any indication based on internal /external factors, that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist. An impairment loss is reversed if the asset's or cash-generating unit's recoverable amount exceeds its carrying amount.

(h) Investments

Other investments of long term nature are carried at cost in the financial statements. Provision for diminution is made ,if of permanent nature.

Other Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis.

Note 1: Significant Accounting Policies and Notes to Accounts forming part of Consolidated Financial Statement

for the year ended March 31, 2026

(i) Inventories

Items of Inventory are measured at lower of the cost and Net Realizable value. Cost of inventory comprises of cost of purchase and other cost incurred to acquire it.

The cost formula used for this purpose is first in first out (FIFO) method and includes direct cost incurred in bringing the items of inventory to their present location and condition.

(j) Cash and cash equivalents

Cash and Cash Equivalents comprise cash and deposits with banks. The Group considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions and other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(k) Provisions

"Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement. Provisions are not recognized for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

(l) Contingent Liabilities

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liability is disclosed in the case of: -

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation
- a present obligation arising from past events, when no reliable estimate is possible - a possible obligation arising from past events, unless the probability of outflow of resources is remote.

(m) Financial Assets & Liabilities

(i) Financial assets

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.

For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Note 1: Significant Accounting Policies and Notes to Accounts forming part of Consolidated Financial Statement

for the year ended March 31, 2026

Initial recognition and measurement

Financial assets are recognized when the Group becomes a party to the contractual provisions of the instrument. Financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss."

Subsequent measurement

After initial recognition, financial assets (other than investments in subsidiaries and joint ventures) are measured either at:

- i) fair value (either through other comprehensive income or through profit or loss) or,
- ii) amortized cost

Measured at amortized cost:

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortized cost using the effective interest rate ('EIR') method less impairment, if any, the amortization of EIR and loss arising from impairment, if any is recognized in the Statement of Profit and Loss.

Measured at fair value through other comprehensive income (FVOCI):

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI) net of taxes. Interest income measured using the EIR method and impairment losses, if any are recognized in Profit and Loss. Gains or Losses on De-recognition In

case of investment in equity instruments classified as the FVOCI, the gains or losses on de-recognition are reclassified to retained earnings. In case of Investments in debt instruments classified as the FVOCI, the gains or losses on de-recognition are reclassified to statement of Profit and Loss."

Measured at fair value through profit or loss (FVTPL):

A financial asset not classified as either amortized cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognized as 'other income' in the Statement of Profit and Loss. The Group measures all its investments in equity (other than investments in subsidiaries and joint ventures) and mutual funds at FVTPL. Changes in the fair value of financial assets measured at fair value through profit or loss are recognized in Profit and Loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTPL are recognised in Profit and Loss."

Impairment of financial assets:

The Group assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortized cost, FVTPL and FVOCI and debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivable only, the Group applies the simplified approach permitted by Ind AS - 109 Financial Instruments."

A financial asset is de-recognized only when

- i) The Group has transferred the rights to receive cash flows from the financial asset or
- ii) Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership

Note 1: Significant Accounting Policies and Notes to Accounts forming part of Consolidated Financial Statement

for the year ended March 31, 2026

of the financial asset. In such cases, the financial asset is de-recognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognized. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognized if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

(ii) Financial liabilities

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Initial recognition and measurement

Financial liabilities are recognized when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at fair value.

Subsequent measurement

Financial liabilities other than those measured at fair value through profit and loss are subsequently measured at amortized cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in Profit and Loss.

De-recognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires."

Offsetting financial instruments:

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the

recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty."

The Group has defined its financial assets and liabilities below:

Cash and Cash Equivalents

The Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Trade Payables

These amounts represent liability for goods and services provided to the Group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition or as per the terms of trade. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

Trade Receivables

These amounts represent receivables for goods and services provided by the Group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually received within 30 days of recognition or as per the terms of trade. Trade and other receivables are presented as current assets unless payment is not due within 12 months after the reporting period."

(n) Deferred Hedging Cost

The deferred hedging expenses / loss represents the ineffective portion of the hedging instrument's fair value changes or cash flow hedges that do not qualify for immediate recognition in profit or loss. Such expenses/loss are charged to statement of profit & loss in the period the hedged item affects the statement profit & loss.

Note 1: Significant Accounting Policies and Notes to Accounts forming part of Consolidated Financial Statement

for the year ended March 31, 2026

(o) Revenue recognition

“Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government

- 1. Sale of goods, software & services :** Revenue from the sale of product and service is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates. Revenue is exclusive of tax which is collected on behalf of government.”
- 2. Profit/ (Loss) on derivatives :** It includes gains/ (loss) on derivative contracts and other assets class in addition to trade settlement, contract closure, expiry, and spot gains or losses related to derivative trading or settlement of financial contracts, are recognised as income or expenses, as applicable, in the Statement of Profit and Loss
- 3. Interest Income :** Interest is recognized on time proportion basis
- 4. Other income:** Other income is recognized only when it is reasonably certain that the ultimate collection will be made”

(p) Depreciation and Amortisation

Depreciation is calculated to systematically allocate the cost of Property, Plant and Equipment net of the estimated residual values over the estimated useful life. Depreciation is recognised by Group based on applicable law and accounting guidance. Depreciation is recognised on written down value (WDV) basis.

The residual values are not more than 5% of the original cost of the item of Property, Plant and Equipment. The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

(q) Leases

Ind AS 116 sets out the principles for the recognition, measurement and disclosure of leases for both lessees and lessors. A lessee recognises right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments.

The right-of-use asset is recognised at its carrying amount as if the standard had been applied since the commencement date, but discounted using the lessee's incremental borrowing rate as at 1 April 2019. In accordance with the standard, the Group has elected not to apply the requirements of Ind AS 116 to leases for which the underlying asset is of low value.

(r) Income taxes

Income Taxes

The income tax expense is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in Deferred Tax Assets and Liabilities attributable to temporary difference.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period i.e. as per the provisions of the Income Tax Act, 1961, as amended from time to time except in case of overseas subsidiary companies as applicable in the country of origin. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on the rates and tax laws enacted or substantively enacted, at the reporting date in the country where the Company operates and generates taxable income.”

Deferred Taxes

Deferred tax is provided in full on temporary difference

Note 1: Significant Accounting Policies and Notes to Accounts forming part of Consolidated Financial Statement

for the year ended March 31, 2026

arising between the tax bases of the assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred tax amounts of income taxes recoverable in future periods in respect of deductible temporary differences.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred Tax Assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority. Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred Tax Assets and Liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current and Deferred Tax is recognized in the Statement of Profit and Loss. The carrying amount of Deferred Tax Assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the Deferred Tax Asset to be utilized. Unrecognized Deferred Tax Assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

(s) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying asset are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed in the period in which they are incurred and reported in finance costs.

(t) Employee benefits

Indian entities operates the following post-employment schemes:

- A. Defined benefit plans Gratuity; and
- B. Defined contribution Plan - Provident Fund

Defined benefit plans – Gratuity Obligations

The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation."

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

Note 1: Significant Accounting Policies and Notes to Accounts forming part of Consolidated Financial Statement

for the year ended March 31, 2026

Defined Contribution Plans

Eligible employees of Group receive benefits from a provident fund, which is a defined benefit plan. Both the eligible employee and the Group companies makes monthly contributions to the provident fund plan equal to a specified percentage of the covered employee's salary. The Group contributes a portion to Recognized provident Fund set up by Employees Provident Fund Organization of India which is deposited to government account within due date as set under Employees' Provident Funds & Miscellaneous Provisions Act, 1952. The rate at which the annual interest is payable to the beneficiaries by the trust is being administered by the government."

Post employment benefits in case of overseas subsidiary are recognised in accordance with the applicable law and practices in the country of origin.

(u) Earnings per share

"Basic earnings per share is calculated by dividing the net profit / (loss) for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit / (loss) for the year attributable to equity shareholders and the weighted average numbers of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted at the beginning of the year and not issued at a later date.

In computing the diluted EPS, potential equity shares that either increase earnings per share or decrease loss per equity share, being anti-dilutive are ignored."

(v) Statement of Cashflow:

Cash Flows of the Group are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing Cash Flows. The cash flows from operating, investing and financing activities of the Company are segregated.

(w) Segment Reporting Policies:

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker. Whole Time Director & CEO of the Company has been identified as being the Chief Operating Decision Maker. Refer note 49 for the segment information presented.

Notes forming part of Consolidated Financial Statements

for the period ended March 31, 2026

1. Retained earnings represents the surplus / (deficit) in Profit and Loss Account and appropriations. It is available for distribution to shareholders.
2. Other comprehensive income consist of remeasurement gains / losses on defined benefits plans and gain / loss arising on conversion of functional currency to reporting currency of net assets of overseas subsidiaries.
3. Equity component of compound financial instrument is the difference between the fair value of compound instrument and the fair value of the liability component of the compound instruments.
4. The capital redemption reserve is a reserve account created by a company that seeks to redeem its own shares. The purpose of this reserve is to safeguard the company's financial position by setting aside funds for the redemption of shares. This reserve is created out of the company's profits and is not available for distribution as dividends to shareholders.
5. Capital reserve on consolidation is differential value of cost of investment in subsidiaries against the parent's portion of equity.
6. Debenture redemption reserve - The Companies Act, 2013 requires companies that issue debentures to create a debenture redemption reserve from annual profits until such debentures are redeemed. The Group, except for entities exempted from the requirement, is required to transfer a specified percentage (as provided in the Companies Act, 2013) of the outstanding redeemable debentures to debenture redemption reserve. The amounts credited to the debenture redemption reserve may not be utilised except to redeem debentures. On redemption of debentures, the amount may be transferred from debenture redemption reserve to retained earnings.
7. The Company has introduced Abans Enterprises Limited Employees Stock Option Scheme, 2025 ("AEL ESOS 2025") to offer and grant options not exceeding 69,74,888 convertible into equivalent number of equity shares of face value of Rs. 2 each of the Company.

All present and future permanent employees of the Company or its Holding Company or any existing and future subsidiary(ies) of the Company, working within India and / or such other persons including their respective directors, whether whole-time or not (except Independent Directors, Promoters or person belonging to Promoter Group and Directors who directly or indirectly holds more than 10% of the outstanding equity shares of the Company), are eligible to participate in the AEL ESOS 2025 and as may be selected by the Board on the basis of criteria prescribed in the Scheme in one or more tranches, at such price and on such terms and conditions as may be fixed or determined by the Nomination Remuneration and Compensation Committee. Each option entitles the holder to apply for one equity share of the Company, subject to the terms of the scheme.

The Company through a special resolution in a general meeting, may modify the terms of AEL ESOS 2025 in relation to options not yet granted, provided such modifications are not detrimental to the interests of the option holders.

The Company has however not yet granted any options to any employee during the current and previous year.

Note on SEBI Show cause Notice:

The Securities and Exchange Board of India (SEBI), through a Show Cause Notice dated August 29, 2023, alleged violations relating to Minimum Public Shareholding (MPS) requirements, the PFUTP Regulations, and the SAST Regulations. SEBI has further alleged that certain entities connected with the promoter group earned unlawful gains through trading in the shares of the Company, resulting in an alleged breach of MPS norms.

Notes forming part of Consolidated Financial Statements

for the period ended March 31, 2026

Without admitting or denying the allegations and with a view to avoiding prolonged litigation, the Company and Mr. Abhishek Bansal filed settlement applications under the SEBI (Settlement Proceedings) Regulations, 2018. The Company offered a settlement amount of ₹15.18 lakh in relation to the alleged MPS violation, while Mr. Bansal offered ₹103.01 lakh in relation to the alleged PFUTP and SAST violations. These settlement applications are presently under consideration by SEBI.

Without prejudice to their rights and contentions, the Company has also sought cross-examination of certain witnesses and filed applications for adjudication of preliminary issues before the Learned Whole Time Member of SEBI. These applications remain pending.

The Company has subsequently filed an appeal before the Securities Appellate Tribunal (SAT) seeking, inter alia, setting aside of the impugned orders and directions to SEBI to furnish relevant information and documents, as well as to permit cross-examination of the investigating officer whose report forms the basis of the Show Cause Notice. The matter is yet to be heard and has been adjourned multiple times and the next hearing is scheduled for August 20, 2026.

Additionally, the Company has filed a Special Leave Petition before the Hon'ble Supreme Court of India challenging certain conditions imposed by the Internal Committee of SEBI's Settlement Division in connection with the settlement application. During the previous hearing, SEBI sought permission to file a counter affidavit, which was rejected by the Court. The matter has been adjourned multiple times and is tentatively scheduled for hearing On July 21, 2026.

The proceedings remain pending before the relevant forums. Any potential action that may ultimately be taken by SEBI could include directions and/or monetary penalties under the SEBI Act, 1992. At this stage, however, the quantum of any liability, if any, cannot be reasonably estimated or quantified pending the final outcome of the proceedings.

Commitments:

The Company entered into an agreement with Glencore International AG for the import of copper from Japan. An advance payment of INR 367 lakhs was made to the vendor in February 2026. The supply commitment was fulfilled in April 2026 with the delivery of 197.3 metric tonnes of copper. Subsequently, a payment of INR 2,112 lakhs was made to the vendor in April 2026.

A. Gratuity (Defined Benefit Plan)

i) General Description:

The Group provides for gratuity for employees in India as per the payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The company's liability towards gratuity is determined on the basis of year end actuarial valuations applying the Projected Unit Credit Method (as per Ind AS 19) done by an independent actuary.

B. Fair value Measurement

All assets and liabilities for which the fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Inputs are quoted (unadjusted) market prices in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement are (other than quoted prices) included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

There are no transfers during the year in level 1, 2 and 3. The Company policy is to recognize transfers into and transfers out of fair value hierarchy level as at the end of reporting period.

C. Valuation techniques used to determine fair value

Specific valuation techniques used to value financial instruments include:

1. Derivative Financial Instruments - mark to market based on closing price on stock exchange

E. Financial risk management

Risk management framework

The Group's board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group has exposure to the following risks arising from financial instruments:

1. Credit risk
2. Liquidity risk and
3. Market risk

1. Credit risk

Credit risk is the risk that a customer or counterparty to a financial instrument will fail to perform or pay amounts due to the Group causing financial loss. It arises from cash and cash equivalents, deposits with banks and financial institutions, security deposits, loans given and principally from credit exposures to customers relating to outstanding receivables. The Group's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at reporting date. The Group continuously monitors defaults of customers and other counterparties, identified either individually or by the Group, and incorporates this information into its credit risk controls. Where available at reasonable cost, external credit ratings and/or reports on customers and other counterparties are obtained and used. The Group's policy is to deal only with creditworthy counterparties.

In respect of trade and other receivables, the Group is not exposed to any significant credit risk exposure to any single counterparty or any Group of counterparties having similar characteristics. Trade receivables consist of a large number of customers in various geographical areas. The Group has no history of customer default, and considers the credit quality of trade receivables that are not past due or impaired to be good. The credit risk for cash and cash equivalents, mutual funds, bank deposits, loans and derivative financial instruments is considered negligible, since the counterparties are reputable organisations with high quality external credit ratings. Group's provides for expected credit losses on financial assets by assessing individual financial instruments for expectation of any credit losses. Since the assets have very low credit risk, and are for varied natures and purpose, there is no trend that the company can draw to apply consistently to entire population. For such financial assets, the Group's policy is to provide for 12 month expected credit losses upon initial recognition and provides for lifetime expected credit losses upon significant increase in credit risk. The Group does not have any expected loss based impairment recognised on such assets considering their low credit risk nature, though incurred loss provisions are disclosed under each sub-category of such financial assets.

3. Market risk

Changes in market prices which will affect the Group's income or the value of its holdings of financial instruments is considered as market risk. It is attributable to all market risk sensitive financial instruments.

a. Currency risk

The Group is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US Dollar. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the Group's functional currency.

Sensitivity analysis

A reasonably possible strengthening /weakening of the Indian Rupee against US dollars at March 31 would have affected the measurement of financial instruments denominated in US dollars and affects profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

b. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the Group's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

INDEPENDENT AUDITOR'S REPORT

To
The Members of
Abans Enterprises Limited
Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of Abans Enterprises Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2026, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2026, its Loss including Other Comprehensive Income and its Cash flows, and the Statement of Changes in Equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 35 to the standalone financial statements, which describes that the Board of Directors of the Company had on November 8, 2024 approved a Scheme of Amalgamation for the proposed merger of its wholly owned subsidiary, Abans Jewels Limited, with the Company, with an appointed date of April 1, 2024 which was pending approval of the Hon'ble National Company Law Tribunal (NCLT), however, the proposed merger has been withdrawn by the transferor and transferee companies from the

Hon'ble National Company Law Tribunal (NCLT) in hearing held on March 12, 2026.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the Financial Statements and our Auditor's Report thereon

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the Financial Position, Financial Performance including Other Comprehensive Income, Cash Flows and the Statement Of Changes in Equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities;

selection and application of the appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that we are operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and fair presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether company has in place an adequate internal financial control system over financial reporting and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

The comparative financial information for the year ended March 31, 2025 was audited by another auditor whose report dated May 14, 2025 expressed an unmodified opinion on those financial statements. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure A statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

“Annexure B”

to Independent Auditors’ Report referred to in paragraph 2(f) under the heading Report on other legal and regulatory requirements” of our report of even date.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the Internal Financial Control over financial reporting of Abans Enterprises Limited (“the company”) as of 31st March 2026, in conjunction with our audit of the financial statements of the Company for the year then ended.

Management Responsibility for the Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial

controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls,

material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, considering nature of business, size of operations and organizational structure of the entity, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such

internal financial controls over financial reporting were operating effectively as at 31st March 2026 based on the Internal Control over Financial reporting criteria established by the Company considering the essential components of Internal Control stated in the Guidance Note on Audit of Internal Financial Controls over Financial reporting issued by the ICAI.

Note 1: Significant Accounting Policies and Notes to Accounts forming part of Financial Statement

for the year ended March 31, 2026

1) Nature of Operations

Abans Enterprises Limited (the Company) is a public company limited by shares domiciled in India, incorporated under the provisions of Companies Act, 1956. Its shares are listed on BSE Limited and Metropolitan Stock Exchange of India Limited. Its registered office is situated at 36/37/38A, 3rd Floor, 227, Nariman Bhavan Backbay Reclamation, Nariman Point, Mumbai 400021. The Company is engaged in general trading of agri commodities, precious metal and trading in derivatives on recognized exchange.

2) Summary of the significant accounting policies

(a) Basis of Preparation

The Financial Statement is prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 as amended.

The Balance Sheet, Statement of Change in Equity and Statement of Profit & Loss are presented in the format prescribed under Division II of Schedule III of the Act, as amended from time to time, that are required to comply with Ind AS. The Statement of Cash Flows has been presented as per the requirements of Ind AS 7 Statement of Cash Flows.

The Financial Statement have been prepared under historical cost convention basis except the following assets and liabilities which have been measured at fair value or revalued amounts. All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs in compliance with Schedule III of the Act, unless otherwise stated.

1. Certain Financial instruments measured at fair value through other comprehensive income (FVTOCI);
2. Certain Financial instruments measured at fair value through Profit and Loss (FVTPL);
3. Defined Benefit Plan asset measured at fair value;

(b) Use of estimates

The preparation of this financial Statement in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates, judgments and assumptions. This estimates, judgments and assumptions affect application of accounting policies and the reported amount of assets, liabilities, disclosure of contingent assets and liabilities at the date of financial Statement and the reported amount of income and expenses for the periods presented. Although this estimates are based on the management's best knowledge of current events and actions, uncertainty about this assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. Accounting estimates could change from period to period. Any revision to accounting estimates is recognized prospectively. Actual results could differ from the estimates. Any difference between the actual results and estimates are recognized in the period in which the results are known/materialize. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial Statement are as below:

1. Valuation of Financial Instruments;
2. Valuation of Inventories
3. Evaluation of recoverability and recognition of deferred tax assets;
4. Useful lives of property, plant and equipment and intangible assets;
5. Obligations relating to employee benefits;
6. Provisions and Contingencies;
7. Provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions;

Note 1: Significant Accounting Policies and Notes to Accounts forming part of Financial Statement

for the year ended March 31, 2026

(c) Property, plant and equipment (PP&E)

An item of property, plant and equipment that qualifies for recognition as an asset shall be measured at its cost. Cost comprises of the purchase price and any attributable / allocable cost of bringing the asset to its working condition for its intended use. Cost also includes direct cost and other related incidental expenses.

When significant components of property, plant and equipment are required to be replaced at intervals, recognition is made for such replacement of components as individual assets with specific useful life and depreciation if this components are initially recognized as separate asset. All other repair and maintenance costs are recognized in the statement of profit and loss as incurred.

An item of Property, Plant and Equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset.

Depreciation is provided from the date the assets are ready to be put to use, as per written down value (WDV) method over the useful life of the assets, as prescribed under Part C of Schedule II of the Companies Act, 2013 mentioned below.

Type of Asset	Estimated useful life
Motor Car	8 years
Furniture and fittings	10 years
Office Equipments	5 years
Computer	3 years

Gains or losses arising on the disposal of property, plant and equipment are determined as the difference between the disposal proceeds and the carrying amount of the assets and are recognized in the statement of profit and loss within 'other income' or 'other expenses' respectively.

(d) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Cost comprises the acquisition price, development cost and any attributable / allocable incidental cost of bringing the asset to its working condition for its intended use.

Intangible assets acquired in a business combination that qualify for separate recognition are recognized as intangible assets at their fair values at the date of acquisition. The useful life of intangible assets are assessed as either finite or indefinite.

All finite-lived intangible assets, are accounted for using the cost model whereby intangible assets are stated at cost less accumulated amortization and impairment losses, if any. Intangible assets are amortized over the useful life. Residual values and useful lives are reviewed at each reporting date.

Intangible assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

When an intangible asset is disposed of, the gain or loss on disposal is determined as the difference between the proceeds and the carrying amount of the asset, and is recognized in the statement of profit and loss within 'other income' or 'other expenses' respectively.

(e) Impairment of non-financial assets

At each reporting date, the Company assesses whether there is any indication based on internal / external factors, that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the statement of profit and loss. All assets are subsequently reassessed for indications that an impairment loss previously recognized may no longer exist. An impairment loss is reversed if the asset's or cash-generating unit's recoverable amount exceeds its carrying amount.

Note 1: Significant Accounting Policies and Notes to Accounts forming part of Financial Statement

for the year ended March 31, 2026

(f) Investments

Investments that are readily realisable and intended to be held for not more than a year are classified as current investments and are accounted as Fair Value through Profit and Loss Account. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Investments in Subsidiaries and other investments of long term nature are carried at cost in the financial statements. However, provision for diminution in value is made to recognize a decline, other than temporary, in the value of the investments.

(g) Inventories

Items of Inventory are measured at lower of the cost and Net Realizable value. Cost of inventory comprises of cost of purchase and other cost incurred to acquire it. The cost formula used for this purpose is first in first out (FIFO) method and includes direct cost incurred in bringing the items of inventory to their present location and condition.

(h) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, together with other short-term, highly liquid investments maturing within 3 months from the date of acquisition that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

(i) Provisions and Contingencies

A provision is recognized when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognized in the financial statements.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. Provisions are discounted to their present values, where the time value of money is material.

Any reimbursement that the Company is virtually certain to collect from a third party with respect to the obligation is recognized as a separate asset. However, this asset may not exceed the amount of the related provision.

No liability is recognized if an outflow of economic resources as a result of present obligations is not probable. Such situations are disclosed as contingent liabilities unless the outflow of resources is remote.

(j) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Recognition, initial measurement and derecognition :-

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transactions costs, except for those carried at fair value through profit or loss which are measured initially at fair value.

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognized (i.e. removed from the Company's balance sheet) when:

1. The rights to receive cash flows from the asset have expired, or
2. The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full

Note 1: Significant Accounting Policies and Notes to Accounts forming part of Financial Statement

for the year ended March 31, 2026

without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Classification and subsequent measurement of financial assets

For the purpose of subsequent measurement, financial assets other than those designated and effective as hedging instruments are classified into the following categories upon initial recognition:"

1. Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)

Debt instruments at fair value through profit or loss : FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

2. Debt instruments at Amortized cost: A 'debt instrument' is measured at the amortized cost if both the following conditions are met:
 - a. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
 - b. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

3. Equity instruments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognized by an acquirer in a business combination to which Ind AS 103 applies are classified as at fair value through profit and loss (FVTPL). For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of Profit and Loss.

Hedging Instrument

Hedge effectiveness is determined based on the principles laid down in the Guidance note on Derivatives issued by The Institute of Chartered Accountants of India.

These derivatives are held for risk management purposes i.e. economic hedges but the Company has elected not to apply hedge accounting requirements.

At the inception of the hedge, the Company documents the relationship between the hedging instrument and the hedged item, the risk management objective, strategy for undertaking the hedge and the methods used to assess the hedge effectiveness. Hedge effectiveness is the degree to which changes in the fair value or cash flows of the hedged item that are attributable to a hedged risk are offset by changes in the fair value or cash flows of the hedging instrument. Hedge effectiveness is ascertained at the time of inception of the hedge and periodically thereafter at Balance Sheet date. The portion of fair value gain/loss on the IRD that is determined to be an effective hedge is recognized directly in appropriate account i.e. 'Fair value

Note 1: Significant Accounting Policies and Notes to Accounts forming part of Financial Statement

for the year ended March 31, 2026

change (gain/loss) on derivatives' in the Balance Sheet and the portion of fair value gain/loss that gets determined as ineffective hedge or ineffective portion of effective hedge, basis the hedge effectiveness assessment is recognized in the Statement of Profit and Loss. . Costs associated with derivative contracts are considered as at a point in time cost.

Impairment of financial assets

The Company follows 'simplified approach' to recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit and loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL . For all other financial assets, ECLs are measured at an amount equal to the 12 Month ECL, unless there has been a significant increase in Credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECL (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in the statement of profit and loss.

Derecognition of Financial Assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- 1) the rights to receive cash flows from the asset have expired, or
- 2) the Company has transferred its rights to receive cash flows from the asset and substantially all the risks and rewards of the asset, or the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralised borrowing for the proceeds received.

Classification and subsequent measurement of financial liabilities

Initial Recognition and Measurement

All Financial Liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

Subsequent Measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition of Financial Instruments

The company derecognises a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire or it transfers the Financial Asset and the transfer qualifies for derecognition under Ind AS 109. A Financial Liability (or a part of a financial liability) is derecognized from the company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

Offsetting

Financial Assets and Financial Liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Derecognition of Financial Liabilities

The Company trades in to derivative financial instruments. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss.

(k) Fair value measurement

The Company measures financial instruments such as, investment in equity shares, at fair value on initial recognition

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is

based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

1. In the principal market for the asset or liability, or
2. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial Statement are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

1. Level 1 – Inputs are quoted (unadjusted) market prices in active markets for identical assets or liabilities that the entity can access at the measurement date.
2. Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
3. Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as

explained above. This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

(l) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government

1. Sale of goods: Revenue from the sale of goods is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates. Revenue is exclusive of tax which is collected on behalf of government.
2. Profit/ (Loss) on derivatives : Net Profit/ (Loss) on derivatives contracts on account of fair value changes are recognised as either income or expenses as the case may be in the profit and loss statement.
3. Interest income: Interest income from a financial asset is recognized using effective interest rate method.
4. Other income: Other income is recognized only when it is reasonably certain that the ultimate collection will be made.

(m) Foreign currencies Transaction and translation

- a) Monetary items: Transactions in foreign currencies are initially recorded at their respective functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in the statement of profit and loss.

Note 1: Significant Accounting Policies and Notes to Accounts forming part of Financial Statement

for the year ended March 31, 2026

- b) Non – Monetary items: Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each Balance Sheet date at the closing spot rate are recognized in the Statement of Profit and Loss in the period in which they arise.

(n) Leases

Ind AS 116 sets out the principles for the recognition, measurement and disclosure of leases for both lessees and lessors. A lessee recognizes right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments.

For short term and low value leases, the Company recognizes the lease payments as an operating expense on a straight line basis over the lease term.

(o) Income taxes

Tax expense recognized in the statement of profit and loss comprises the sum of deferred tax and current tax not recognized in OCI or directly in equity.

Current income tax is measured at the amount expected to be paid including interest to the tax authorities in accordance with the Indian Income-tax Act. Current income tax relating to items recognized outside statement of profit and loss is recognized outside statement of profit and loss (either in OCI or in equity).

Deferred income taxes are calculated using the liability method. Deferred tax liabilities are generally recognized in full for all taxable temporary differences. Deferred tax assets are recognized to the extent that it is probable that the underlying tax loss, unused tax credits or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant nontaxable income and expenses and specific limits on the use of any unused tax loss or credit. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized

to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognized outside statement of profit and loss is recognized outside statement of profit and loss (either in OCI or in equity).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxation authority.

(p) Borrowing costs

Borrowing costs are expensed in the period in which they are incurred and reported in finance costs.

(q) Deferred Hedging Cost :

The deferred hedging expenses / loss represents the ineffective portion of the hedging instrument's fair value changes or cash flow hedges that do not qualify for immediate recognition in profit or loss. Such expenses/loss are charged to statement of profit & loss in the period the hedged item affects the statement profit & loss.

(r) Employee benefits

1. Provident Fund

Retirement benefit in the form of Provident Fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

2. Gratuity

Gratuity is in the nature of a defined benefit plan. Provision for gratuity is calculated on the basis of actuarial valuations carried out at balance sheet date and is charged to the statement of profit and

Note 1: Significant Accounting Policies and Notes to Accounts forming part of Financial Statement

for the year ended March 31, 2026

loss. The actuarial valuation is performed using the projected unit credit method. Remeasurement, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

3. Compensates Absences

Leave encashment is recognized (as and when they accrue) as an expense in the statement of profit and loss in line with the leave policy of the Company.

(s) Earnings per share

Basic earnings per share is calculated by dividing the net profit / (loss) for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit / (loss) for the year attributable to equity

shareholders and the weighted average numbers of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted at the beginning of the year and not issued at a later date.

In computing the diluted EPS, potential equity shares that either increase earnings per share or decrease loss per equity share, being anti-dilutive are ignored.

(t) Statement of Cashflow:

Cash Flows of the Company are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing Cash Flows. The cash flows from operating, investing and financing activities of the Company are segregated.

(u) Segment Reporting Policies:

Segment reporting as per Ind-As 108 is not applicable as management has determined that the Company is involved in trading activity either in physical or on exchanges and operates under single chief operating decision maker.

Note on SEBI Show cause Notice

The Securities and Exchange Board of India (SEBI), through a Show Cause Notice dated August 29, 2023, alleged violations relating to Minimum Public Shareholding (MPS) requirements, the PFUTP Regulations, and the SAST Regulations. SEBI has further alleged that certain entities connected with the promoter group earned unlawful gains through trading in the shares of the Company, resulting in an alleged breach of MPS norms.

Without admitting or denying the allegations and with a view to avoiding prolonged litigation, the Company and Mr. Abhishek Bansal filed settlement applications under the SEBI (Settlement Proceedings) Regulations, 2018. The Company offered a settlement amount of ₹15.18 lakh in relation to the alleged MPS violation, while Mr. Bansal offered ₹103.01 lakh in relation to the alleged PFUTP and SAST violations. These settlement applications are presently under consideration by SEBI.

Without prejudice to their rights and contentions, the Company has also sought cross-examination of certain witnesses and filed applications for adjudication of preliminary issues before the Learned Whole Time Member of SEBI. These applications remain pending.

In furtherance of its legal remedies, the Company and the promoter had filed a writ petition before the Hon'ble Bombay High Court seeking appropriate directions prior to the conduct of any personal hearing by SEBI. However, the writ petition was not admitted in High Court.

The Company has subsequently filed an appeal before the Securities Appellate Tribunal (SAT) seeking, inter alia, setting aside of the impugned orders and directions to SEBI to furnish relevant information and documents, as well as to permit cross-examination of the investigating officer whose report forms the basis of the Show Cause Notice. The matter is yet to be heard and has been adjourned multiple times and the next hearing is scheduled for August 20, 2026.

Additionally, the Company has filed a Special Leave Petition before the Hon'ble Supreme Court of India challenging certain conditions imposed by the Internal Committee of SEBI's Settlement Division in connection with the settlement application. During the previous hearing, SEBI sought permission to file a counter affidavit, which was rejected by the Court. The matter has been adjourned multiple times and is tentatively scheduled for hearing on July 21, 2026.

The proceedings remain pending before the relevant forums. Any potential action that may ultimately be taken by SEBI could include directions and/or monetary penalties under the SEBI Act, 1992. At this stage, however, the quantum of any liability, if any, cannot be reasonably estimated or quantified pending the final outcome of the proceedings.

Note 35: Withdrawal of Proposed Merger with Wholly Owned Subsidiary

The Board of Directors of the Company at its meeting held on November 08, 2024 approved a Scheme of Amalgamation ("the Scheme") for the proposed merger of its wholly owned subsidiary, Abans Jewels Limited, with the Company, with an appointed date of April 1, 2024. The Scheme was subject to the approval of the Hon'ble National Company Law Tribunal (NCLT) and other statutory and regulatory authorities as may be required.

The proposed merger has been withdrawn by the Transferor and Transferee Companies by passing their respective Resolutions and the Hon'ble National Company Law Tribunal (NCLT) has disposed of as withdrawn in its order sheet of the hearing held on 12.03.2026.

The Company policy is to recognize transfers into and transfers out of fair value hierarchy level as at the end of reporting period.

C. Financial risk management

Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company has exposure to the following risks arising from financial instruments:

1. Credit risk
2. Liquidity risk and
3. Market risk

1. Credit risk

Credit risk is the risk that a customer or counterparty to a financial instrument will fail to perform or pay amounts due to the Company causing financial loss. It arises from cash and cash equivalents, deposits with banks and financial institutions, security deposits, loans given and principally from credit exposures to customers relating to outstanding receivables. The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at reporting date. The Company continuously monitors defaults of customers and other counterparties, identified either individually or by the Company, and incorporates this information into its credit risk controls. Where available at reasonable cost, external credit ratings and/or reports on customers and other counterparties are obtained and used. The Company's policy is to deal only with creditworthy counterparties.

In respect of trade and other receivables, the Company is not exposed to any significant credit risk exposure to any single counterparty or any company of counterparties having similar characteristics. Trade receivables consist of a large number of customers in various geographical areas. The Company has no history of customer default, and considers the credit quality of trade receivables that are not past due or impaired to be good. The credit risk for cash and cash equivalents, mutual funds, bank deposits, loans and derivative financial instruments is considered negligible,

Notes on Standalone Financial Statements

for the period ended March 31, 2026

since the counterparties are reputable organisations with high quality external credit ratings. Company provides for expected credit losses on financial assets by assessing individual financial instruments for expectation of any credit losses. Since the assets have very low credit risk, and are for varied natures and purpose, there is no trend that the company can draw to apply consistently to entire population. For such financial assets, the Company's policy is to provide for 12 month expected credit losses upon initial recognition and provides for lifetime expected credit losses upon significant increase in credit risk. The Company does not have any expected loss based impairment recognised on such assets considering their low credit risk nature, though incurred loss provisions, if any, are disclosed under each sub-category of such financial assets.

2. Liquidity risk

Liquidity Risk is defined as the risk that the Company will not be able to settle or meet its obligations on time at a reasonable price. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity through rolling forecasts of expected cash flows.

Exposure to liquidity risk

The table below is an analysis of Company's financial liabilities based on their remaining contractual maturities of financial liabilities at the reporting date.

(₹ in Lakhs)

March 31, 2026	Contractual cash flows

Other Financial Liabilities	59.51	-

3. Market risk

Changes in market prices which will affect the Company's income or the value of its holdings of financial instruments is considered as market risk. It is attributable to all market risk sensitive financial instruments.

a. Currency risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US Dollar. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the Company's functional currency.

No. 1714/2022), as the Scrutinizer to scrutinize the remote e-voting and e-voting at the AGM in a fair and transparent manner.

The Scrutinizer will submit the report to the Chairman of the Meeting/ Company Secretary/ Whole-Time Director & Chief Executive Officer of the Company after completion of the scrutiny of the remote e-voting and e-voting at the AGM. The voting results will be announced by the Chairman of the Meeting/ Company Secretary/ Whole Time Director & Chief Executive Officer of the Company within 2 (two) working days

from the conclusion of the AGM and will be posted on the Company's website viz. www.abansenterprises.com and will also be posted on the website of NSDL at www.evoting.nsdl.com. The results shall also be intimated to the Stock Exchanges where the securities of the Company are listed i.e. Bombay Stock Exchange Limited www.bseindia.com and Metropolitan Stock Exchange of India Limited www.msei.in.

5. Registrar and Share Transfer Agent and Investor Services Department

The Company's Registrar and Share Transfer Agent ("RTA") is Purva Sharegistry (India) Pvt. Ltd. In addition to the RTA, our Corporate Secretarial Department is happy to assist in case of any difficulties being experienced by the Members in their interaction with the RTA. For any communication, the Members may send an e-mail to the Company's Secretarial & Compliance Department at compliance@abansenterprises.com.

Address and details for correspondence with the RTA and the Secretarial Department are provided in the section titled 'Information at Glance' annexed to this Notice.

6. Inspection of Documents / Registers

Electronic copies of all the documents referred to in the accompanying Notice of the AGM shall be made available for inspection. During the 40th AGM, Members may access the scanned copy of the Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Act; the Register of Contracts and Arrangements in which Directors are interested maintained under Section 189 of the Act. Members desiring inspection of statutory registers and other relevant documents may send their request in writing to the Company at compliance@abansenterprises.com.

7. Electronic voting

In compliance with provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 ("Rules"), Regulation 44 of the SEBI LODR Regulations and MCA circulars, and SS-2, the Company is providing remote e-voting facility to enable the Members to cast their votes electronically on the matters included in this Notice. For this purpose, the Company has engaged the services of NSDL to provide e-voting facility to enable the Members to cast their votes electronically. The facility of casting votes by a Member using remote e-voting system as well as e-voting at the AGM will be provided by NSDL.

Members are requested to follow the procedure stated in the “Instructions for E-voting Section” of this Notice for casting of votes electronically.

The cut-off date for determining the Members eligible to vote on Resolutions proposed to be considered at the Meeting is Wednesday, September 02, 2026. The remote e-voting period will commence on Sunday, September 06, 2026 at 9:00 a.m. (IST) and end on Tuesday, September 08, 2026 at 5:00 p.m. (IST). The remote e-voting will not be allowed beyond the aforesaid date and time. The remote e-voting module shall be disabled thereafter. However, Members shall be able to vote during the Annual General Meeting.

The Resolutions set out in this Notice shall be deemed to have been passed on the date of the AGM, if approved by the requisite majority.

Only those Members whose names are appearing on the Register of Members/ List of Beneficial Owners as on the cut-off date i.e. Wednesday, September 02, 2026 shall be entitled to cast their vote through remote e-voting or voting through VC/ OAVM at the AGM, as the case may be. A person who is not a Member on the cut-off date should treat this Notice for information purpose only.

The Members who have cast their vote by remote e-voting prior to the AGM, may also attend and participate in the proceedings of the AGM through VC/ OAVM but shall not be entitled to cast their votes again. The Members can opt for only one mode of voting i.e. remote e-voting or e-voting through VC/ OAVM at the AGM. In case of voting by both the modes, vote cast through remote e-voting will be considered as final and e-voting through VC/ OAVM at AGM will not be considered. Members must note that voting by show of hands will not be available at the Meeting in terms of the aforesaid provisions.

Further, any person becoming a Member of the Company after the Notice of the AGM is sent out through e-mail and holds shares as on the cut-off date i.e. Wednesday, September 02, 2026, may obtain the user ID and password by sending a request to evoting@nsdl.co.in and can exercise their voting rights by following the instructions listed here below.

8. Proxy(ies)

Pursuant to provisions of Section 105 of the Act read with Rule 19 of the Companies (Management and Administration) Rules, 2014, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy

to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circulars through VC/ OAVM facility, the requirement of physical attendance of Members has been dispensed with.

Accordingly, the facility for appointment of proxies by the Members will not be available for this AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice pursuant to Circular No. 14/2020 dated April 08, 2020 issued by the Ministry of Corporate Affairs. However, the Body Corporates are entitled to appoint authorised representatives to attend the AGM through VC/ OAVM and participate there at and cast their votes through e-voting. Accordingly, the Members can inspect the same up to the date of the AGM, by sending an e-mail to the Company at compliance@abansenterprises.com

9. Corporate Representations

Corporate Shareholders (i.e. other than individuals, HUFs, NRIs, etc.)/ Institutional shareholders are required to send a scanned copy (PDF/ JPG Format) of their respective Board or governing body Resolution/ Authorization etc., authorizing their representative to attend the AGM through VC/OAVM on their behalf and to vote through remote e-voting. The said Resolution/ Authorization shall be sent to the Scrutinizer by e-mail on its registered e-mail address to office@csdakamat.com with a copy marked to compliance@abansenterprises.com. Institutional shareholders (i.e. other than individuals, HUFs, NRIs etc.) can also upload their Board Resolution/ Power of Attorney/Authority Letter, etc. by clicking on “Upload Board Resolution/ Authority Letter” displayed under “e-Voting” tab in their login.

10. Voting Rights

Voting rights shall be reckoned in proportion to the paid-up equity shares registered in the name of the Member as on the cut-off date i.e. Wednesday, September 02, 2026.

11. Joint Holders

In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company as on the cut-off date will be entitled to vote at the AGM.

12. Additional information of the Directors seeking appointment/re-appointment as per item no. 3 at the ensuing AGM, as required under Regulation 36(3) of the SEBI LODR Regulations and Clause 1.2.5 of the Secretarial Standard-2 on General Meetings (“SS-2”)

issued by the Institute of Company Secretaries of India (as amended from time to time), is annexed to the Notice.

13. Route Map

As the AGM is being held through VC/ OAVM, without the physical presence of the Members in terms of MCA Circulars, the route map is not annexed to this Notice.

14. Mandatory updation of PAN, KYC, Nomination and Bank details by Members:

- a) Members may please note that as per the SEBI Master Circular for Registrars to an Issue and Share Transfer Agents dated May 17, 2023 and SEBI Circular dated SEBI/HO/MIRSD/POD-1/P/ CIR/2023/181 dated November 17, 2023, SEBI has mandated the submission of PAN, KYC details and nomination by holders of physical securities, and linking PAN with Aadhaar. Member are requested to intimate changes, if any, pertaining to their name, postal address, e-mail address, telephone/ mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR Code, IFSC Code, etc.:
 - i. For shares held in electronic form: to their Depository Participants (DPs)
 - ii. For shares held in physical form: to the Company/ Company's Registrar and Transfer Agents, Purva Sharegistry (India) Pvt. Ltd. ("RTA") in prescribed Form ISR-1, Form ISR-2 and SH-13 (available on the Company's website at www.abansenterprises.com/downloads to update KYC and choice of Nomination (in case same are not already updated)
- b) Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_ RTAMB/P/CIR/2022/8 dated January 25, 2022, as amended, has mandated the listed companies to issue securities in dematerialized form only while processing service requests viz. Issue of duplicate securities certificate; claim from unclaimed suspense account; renewal/ exchange of securities certificate; endorsement; sub-division/splitting of securities certificate; consolidation of securities certificates/ folios; transmission and transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR-4, the format of which is available on the Company's website at www.abansenterprises.com and of the Company's RTA at support@purvashare.com.

It may be noted that any service request can be processed only after the folio is KYC Compliant.

- c) SEBI vide its Notification dated January 24, 2022 has amended Regulation 40 of the SEBI LODR Regulations which has mandated that all requests for transfer of securities including transmission and transposition requests be processed only in dematerialized form. In view of the same and to eliminate all risks associated with physical shares and avail various benefits of dematerialisation, Members are advised to dematerialise the shares held by them in physical form. Members can contact the Company or RTA, for assistance in this regard.
- d) Members holding shares in physical form, in identical order of names, in more than one folio are requested to send to the Company or RTA, the details of such folios together with the share certificates along with the requisite KYC Documents for consolidating their holdings in one folio. Requests for consolidation of share certificates shall be processed in dematerialized form.
- e) As per the provisions of Section 72 of the Act and SEBI Circular, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. If a Member desires to opt out or cancel the earlier nomination and record a fresh nomination, he/ she may submit the same in Form ISR-3 or SH-14 as the case may be. The said forms can be downloaded from the Company's website, at www.abansenterprises.com. Members are requested to submit the said details to their Depository Participant ("DP") in case the shares are held by them in dematerialized form and to RTA in case the shares are held in physical form.

In furtherance of the Government of India's initiatives on "Ease of Doing Business" and "Ease of Doing Investment", SEBI has dispensed with the requirement of issuance of Letter of Confirmation ('LOC') for effecting direct credit of securities to the dematerialized account of investors. This change aims to speed up the process significantly and will be effective from April 02, 2026. LOCs issued earlier remain valid for dematerialization within 120 days. Under the new framework, investors must already hold a demat account and submit a duly attested, recent Client Master List along with prescribed forms. RTA, Companies and Depositories are required to complete verification and credit

securities directly into the demat account within 30 days of the receipt of such request. Accordingly, Members are requested to make service requests to the Company through e-mail compliance@abansenterprises.com or by writing to the Company's RTA at support@purvashare.com by submitting a duly filled and signed Form ISR-4 & ISR-5, as the case may be along with recent Client Master List. The said forms can be downloaded from the Company's website at [Investor Downloads](#).

- f) SEBI vide its Master Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/2024/37 dated May 07, 2024, has mandated that with effect from April 01, 2024, dividend to security holders who are holding securities in physical form, shall be paid only through electronic mode. Such payment shall be made only after the shareholders furnish their PAN, contact details (postal address with PIN and mobile number), Bank Account details & Specimen Signature ("KYC").

15. Special Window for lodgement of physical share transfer requests:

A special window, as per mandate of SEBI, is available till February 4, 2027, to facilitate lodgement of transfer requests executed before April 1, 2019 but were either not lodged for transfer or were lodged and subsequently rejected, returned or not attended due to deficiency in the documents. Eligible shareholders are requested to submit the requisite documents before February 4, 2027 to Company/RTA. Securities transferred through this mechanism shall be credited only in dematerialized form and will remain under a one year lock-in, during which they cannot be transferred, lien-marked, or pledged. [SEBI Master Circular No. HO/38/13/(4)2026-MIRSD-POD/I/4298/2026 dated February 6, 2026]

The Company has communicated the opening of this special window through newspaper advertisements

16. Investor Grievance Redressal:

SEBI, vide Master Circular no. SEBI/HO/OIAE/OIAE_IAD-3/P/CIR/2023/195 dated December 28, 2023, has specified that a shareholder shall first take up his/

her/their grievance with the listed entity by lodging a compliant directly to the Company at compliance@abansenterprises.com and if the grievance is not redressed satisfactorily, the shareholder may, in accordance with the SCORES guidelines, escalate the same through the SCORES Portal at www.scores.sebi.gov.in in accordance with the process laid out therein. Only after exhausting all available options for resolution of the grievance, and if the shareholder is not satisfied with the outcome, he/she/they may initiate dispute resolution through the Online Dispute Resolution ("ODR") Portal at www.smartodr.in Members are requested to take note of the same.

As per circulars issued by SEBI from time to time, investors have been provided with an option for dispute resolution under the Stock Exchange arbitration mechanism where they can opt for arbitration with Stock Exchanges in case of any grievance with the Company and/or RTA.
