Q1 FY19-20

**INVESTOR
COMMUNICATION**

The journey of Jain Irrigation Systems Ltd. started with a young boy who wanted to excel at his studies, even if it meant studying under the only lamp in his village. His determination and ideas revolutionised the face of the agricultural industry in India and in turn, he was recognised globally for his work.

But more than recognition, it was his devotion to do good for the society that gained him the affection of millions.

In no time, our founder chairman, Late Mr. Bhavarlal Jain became 'Bhau' (brother) for all those who worked with him. His journey became an inspiration and his legacy laid the foundation of JISL.

Bhau nurtured every member of JISL in such a way that they adapted these values as their own with the same commitment and passion. To the point that the lesson of unity runs in the DNA of the organisation and each member of JISL is its proud guardian. Across geographies, JISL leadership and management team is experienced with an established track record over decades.

Fortune magazine hailed JISL as the only Indian Company in the top 51 companies who change the world by 'Doing Well by Doing Good'. Even when we've come so far, all the services and achievements of JISL are direct outcomes of this deep-rooted value. The principles of staying and working as one aren't just things that we write on the wall. They're commitments held by every associate, stakeholder partner and farmer. They're tenets that have stood true through time and have been shared between generations. They're values that live in the stories of the associates of JISL.
