MANAGEMENT DISCUSSION AND ANALYSIS

a) **OVERVIEW: GLOBAL ECONOMY**

One of the most unique years in recent times, CY* 2020 stood witness to the outbreak of the COVID-19 pandemic, which disrupted and shifted socio-economic dynamics globally. The year saw the pandemic spread across different geographies with different intensity, leading governments, businesses, organisations and individuals to respond in their own unique ways to adapt to the new normal. It was truly a year of two distinct halves, with the first two quarters mired in uncertainty and the last two quarters witnessing some green shoots of economic recovery following the large-scale fiscal stimuli, monetary policy impetus, and massive public health efforts of national governments all across the world.

The April 2021 World Economic Outlook (WEO) noted that advanced, emerging and developing economies were witnessing a 4.7% and 2.2% y-o-y de-growth in 2020, respectively.

Effective policies are essential to forestall the possibility of worse outcomes, and the necessary measures to reduce contagion and protect lives are an important investment in long-term human and economic health. Because the economic fallout is acute in specific sectors, policymakers will need to implement substantial targeted fiscal, monetary, and financial market measures to support affected households and businesses domestically. And internationally, strong multilateral cooperation is essential to overcome the effects of the pandemic, including to help financially constrained countries facing twin health and funding shocks, and for channelling aid to countries with weak health care systems.

b) **EXECUTIVE SUMMARY:**

The total revenue (net) of the Company for the year ended 31st March 2021, decreased by 85.50% and stood at ₹ 106.64 Lakhs as against ₹ 735.68 in the previous year. During the year the Company has incurred losses of ₹ 17.61 lakhs as against loss of ₹ 204.26 lakhs in the previous year. The year under review was adversely affected due to stressed working capital and liquidity crunch thereby affecting the earning capacity of the Company. The performance during the year was not satisfactory due to various reasons beyond the control of the Management. The products in which the Company is dealing, is facing cutthroat competition. At the same time, the costs have increased due to inflation in the economy and devaluation of Rupee against the foreign currencies. Due to this, the Company is currently facing liquidity mismatch wherein it is not generating enough cash flows to meet its debt obligations on time. Further there is huge dumping of the products from China and other countries which has resulted in the stiff competition and price reduction which has resulted in lower capacity utilization.

Further the COVID-19's impact on our lives and economy has been earth shattering. The lockdowns and restrictions have sent the global supply chain in disarray and have halted industrial growth and have brought to the fore the importance of building domestic manufacturing facilities.

c) **KEY CHALLENGES TO STEEL INDUSTRY**

To stop the pandemic on its vicious path, the nation has been put under extended lockdown. While steel industry has been barely able to function under such a constraints, absence of workers or logistical support are creating roadblock. In this issue we continue to seek important insights from the key players in this sector on how they are bravely facing up to the challenge..

During this pressing time when the whole world is under an economic shock and all industries are facing equally analogous issues, steel industry is no exception. The industry is facing turmoil in terms of raw materials availability, supply disruptions and demand fluctuations. There has been a drastic decline in the consumption pattern during this pandemic and every industry has faced the wrath of it.

We have our ears on the ground listening to all problems, pain areas and requirements of our customers' post lockdown and have already chalked out a contingency plan to help them return to normalcy in their production operations. The Lockdown has helped us buy some time from our busy schedule to ponder on improvement programs, technological up-gradation and also increased our appetite to take risks by accepting innovative home-grown solutions for age-old traditional problems.

Key challenges would be (a) availability of labour, since most of the work force has returned back to their home towns and are not expected back early; (b) continue normal working while maintaining "social distancing" since present working arrangement is not suitable for this. This will automatically reduce productivity leading to a strain on both top and bottom line; (c) fear of imposition of intermittent lockdowns if Covid cases show a steep rise. This will greatly affect continuity in working and (d) Since our business is greatly dependent on air/train/road travel and since there seems to be no clarity on restart/regularization of this, it is bound to affect business.

The slowdown, further aggravated by the lockdown due to Covid-19 outbreak, has certainly had a negative impact on our company but we have coped to the extent possible. All work which could be carried out from home like engineering activities, coordination with customers on technological questions, have been done via VPN connectivity.

d) INDUSTRY STRUCTURE AND DEVELOPMENTS:

Our Company is engaged in the business of manufacturing Bright Steel Bars and wires and is in the market to sell domestically and in exports since 1974. The Quality control and manufacturing process consist of in-house treatment and has standard quality name for more than 2 decades. Due to financial constraints, the company is been depending on business of processing steel on job work basis to maintain better economics and has successfully been able to achieve job work production. The Company also has indulged in the special heat treatment job in order to establish future market of Hardened & Tempered steel for exports as well as domestic, which will pave the path of revival and re-instating the strength of the company.

DOMESTIC MARKET: -

In FY 2020-21, the Indian economy witnessed a V-shaped recovery after experiencing a technical recession for two consecutive quarters.

The year was a testament to both India's underlying strengths and fault lines. The course of the COVID-19 spread was the primary determinant of economic movement in the country, as it was around the world. As the pandemic reached India, the Union Government rightly prioritised life and health above everything else, and initiated consecutive lockdowns of varying degrees to restrict public movement and manage the health infrastructure. With 65% of the economy locked down, India stood witness to a historical gross domestic product (GDP) de-growth of 24.4% in Q1 FY21 (Source: Provisional National Income estimates by the National Statistical Office). However, as the lockdowns eased, the GDP movement was moderated in the subsequent quarter before entering positive growth territory in Q3 FY21. At a y-o-y level, the NSO estimates that the GDP contracted by 7.3% in FY 2020-21, and gross value added (GVA)

fell by 6.2%. Going forward, the IMF expects India to register a growth of 9.5% and 8.5% in FY 2021-22 and FY 2022-23, respectively, on the back of a lower base, ability to mitigate risks from newer COVID-19 waves, and offtake of government programmes spurring investments and activity. India's faster-than-expected recovery was driven by concerted efforts in the form of fiscal, monetary and budgetary interventions by the Government of India. These will further augment India's growth trajectory.

COVID-19 pandemic severely disrupted domestic demand, in particular during the month of April. However, there is a recovery visible in the market.

We are seeing the domestic market recover and that's a reason why our operations are running at full capacity.

There has been a substantial change of steel requirement in the domestic as well as international market for the consumption of Bright Steel Bars and wires. Majority of Bright Steel Bars and wires are used for making the various kinds of components for Automotive industry, Machinery manufacturing industry, Dairy & food processing industry, chemical and fertilizer industry, electronics and electrical appliances industry along with computer industry. Due to global interaction and industrial change in domestic market, various companies have invested especially in automobile industry and electrical appliances industry along with computer industry. As your company has been well versed with international business, quality specifications, end market trends, which will be convenient and easy for the company to capture such trends. Various trial orders and sample approvals and certain bulk supplies have been established during the year to continue the pace with domestic market.

INTERNATIONAL MARKET: -

Globally, steel is being viewed as a material that can cater to the needs of the present as well as the future. Post-pandemic, as nations and economies build back, the role steel will play is significant. It will also occupy centre stage in 'building back better', with its inherently circular characteristics such as infinite recyclability and ability to build structures that last.

The Company is well established for selling and marketing Stainless Steel Bright Bars internationally in most of the developing countries and has maintained their market share. In the international scenario for Stainless Steel Bright Bars business has been on the greater recessionary trend for few years due to which the company has to go through the constant survival problems. But, at the same time, due to long term standing in the market, the company has been able to maintain its market outside India for Stainless Bright Bars and capturing orders and executing the same with the various financial arrangements. Short term spurts of improved demand has been affecting the company to regain its position from time to time in the international market, but the consistent improvement has been lacking in the international market since long time. The company has still been able to remain in the market even with these trends as well recessionary trends. As known worldwide, Indian steel has faced a lot of anti-dumping suits for Bright Steel Bars from European Community, U.S.A., Canada, the company has successfully being able to fight such anti-dumping petition and retain reasonable supplies to these countries and struggle to retain its position even at low profitability.

e) **OPPORTUNITIES AND THREATS**

OPPORTUNITIES

- India continues to be the world's second largest steel producer and consumer at an aggregate level. The country has been witnessing increasing industry consolidation and stronger integration across steel value chains of major producers. The call for India to be self-reliant will be significantly supported by the use of steel as a customisable building material across various conventional and value-added use cases. In FY 2020-21, India's steel sector witnessed an initial downturn, with government-mandated lockdowns hampering production. However, towards the end of the second quarter, capacity utilisation was restored in most plants. For Indian companies, the export scenario remained a key enabler, helping in the offtake of their inventory at better prices. However, as domestic prices were nearly on par with the global commodity movement, steelmakers refocused on the domestic markets. Input prices remained elevated.
- The Company is engaged in the business since more than forty-five years and has expertise for marketing and quality maintenance of international quality standards for more than 2 decades and enjoys the market share in developed countries like United States and European market.
- So far, our governing administrations have been very proactive in taking all possible measures to restrict the spread of this pandemic in our country. We are optimistic that in the coming months and weeks we would be able to contain this threat. We expect the demand to start picking up gradually and the economy settles down back to its original pristine.
- We believe that with accurate indigenous refractory solutions, we can reduce import dependency and provide 'Best of the Worlds' solutions through 'Make in India' to our customers. We are keeping a close watch on customer refractory requirements to address the critical areas in the Iron and Steel industry.
- Boding well for both exporters and domestic players in India, China has imposed fresh tariffs for steel exports, to support its rising domestic steel consumption. This is expected to create a sizeable vacuum and open up export opportunity for Indian players. It would also reduce dumping and re-route steel to India's domestic market, creating demand for steel made in India.

f) **THREATS**

- As the major product of the company is made of Stainless Steel carrying high nickel (metal) which is a sensitive item quoted in LME (London Metal Exchange), the fluctuation may affect the business opportunities and its profitability.
- As company's major business is depending on exports the fluctuation in foreign currency may also affect the profitability.

➤

g) **SEGMENT- WISE PERFORMANCE**

The Company has in the last few years developed various heat treatment processes and successfully supplied commercial lots of heat-treated bars to specific standards in the international market in American, German standards. The scope of business is huge and normal, as this product is utilized and acceptable for various applications in the Engineering industries including Petro Chemical, Oil & Natural gas and Automotive industries worldwide. The company is looking for better profitability business and this kind of supplies keeping the edge over the other competitors. Stringent quality standards and method of processing has been introduced to achieve better reliability and traceability for these kinds of products which is mandatory for extending marketing. The international players and competitors for such products are from Italy, Spain and Korea, but with such renowned and established competitors, the company has been able to stand in the international market, establishing its product range internationally.

h) HUMAN RESOURCE

The Company takes pride in the commitment, competence and dedication shown by its employees in all areas of business. The company's belief is that its people are the primary source of its competitive advantage and consistently puts emphasis on Human Resource Development, which remains vital and strategic to the company. The Company is committed to nurturing, enhancing and retaining talent through Learning & Organizational Development to support the organization's growth and its sustainability in the long run. Cordial employee relations, in keeping with tradition, are being pursued vigorously. Industrial relations have continued to be harmonious throughout the year. This has been possible by creating a performance driven culture against the backdrop of care and concern for all employees. Objective appraisal systems based on Key Result Areas (KRAs) are in place.

The backbone of steel consumption is the push for infrastructure development and generation of employment. Infrastructure development itself would consume steel. Higher employment/better wages would mean that consumers would spend on consumer durables, automobiles etc. which would in turn further fuel the steel industry. This infrastructure development has to center around rural India.

i) RETURN ON NET WORTH:

Return on Net worth during the previous and current financial year is negative due to losses.

j) OUTLOOK FOR THE FUTURE

GFL expects the steel upcycle to continue in the near-to-medium term, given the structural changes that are reshaping the global steel sector, such as the Chinese restriction on exports, ongoing geopolitical dynamics and concerted public expenditure across the world. At an India level, the second wave of COVID-19 has put temporary brakes on an otherwise fast-paced recovery. GFL is committed to serving the nation and has provided whatever support was necessary across the board. From a business standpoint, the Company remains bullish on the India opportunity, which is driven by rising infrastructure projects, accelerated vaccination, policy continuity and a government-led push for self-reliance. GFL's expansion and strategic divestments, and other initiatives are directed at making the best of this opportunity. The Company is also looking at export markets as a strong driver and going forward.

k) INTERNAL CONTROL SYSTEMS

The Company has proper and adequate systems of Internal Control to ensure that all the assets are safeguarded from loss, damage or disposition. Checks & balances are in place to ensure that transactions are adequately authorised and recorded and that they are reported correctly. The Board of Directors considers internal controls as adequate as it regularly reviews the findings and recommendations of internal audit.

l) FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

During the previous year the major source of income consisted of exports /sales whereas in the current year commission has been derived from the exports/sales passed onto fellow industries to maintain the marketing strength of the company. The financial statements are prepared in accordance with Section 134 of the Companies Act, 2013 and accounting principles generally accepted in India, including Indian Accounting Standards. The results of the operations are discussed in the Boards' Report.

m) CAUTIONARY STATEMENT:

Statement in this Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectations or predictions may be "forward-looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied due to risk and uncertainties. Important factors that could make a difference to the Company's operations include raw material availability and prices, cyclical demand and pricing in the Company's principal markets, changes in Government regulations, tax regimes, economic developments within India and the countries in which the Company conducts business and other incidental factors.

INDEPENDENT AUDITOR'S REPORT

To the Members of
GRAND FOUNDRY LIMITED
Report on the Audit of the Standalone Financial Statements

Opinion:

We have audited the accompanying Standalone financial statements of **M/s. GRAND FOUNDRY LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statements of Profit and Loss and Cash Flows for the year ended on that date and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed u/s. 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the these standalone financial statements that give a true and fair view of the financial position and financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by Section 143(3) of the Act, based on our audit we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. the Balance Sheet, the Statement of Profit and Loss and Cash Flow dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - e. On the basis of written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021, from being appointed as a director in terms of Section 164(2) of the Act.
 - f. With regard to the adequacy of internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, we provide a report in "Annexure A". Our Report expresses an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial controls over financial reporting.
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the company has not paid any remuneration to the Director's as mentioned in provisions of section 197 of the Act.
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014(as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- 2) As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraph 3 and 4 of the order.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under Report on Other Legal and Regulatory Requirements' section of our report to the Members of GRAND FOUNDRY LIMITED of even date).

REPORT ON THE INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("the act")

We have audited the internal financial controls over financial reporting of **GRAND FOUNDRY LIMITED** ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS:

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act 2013 ("the Act").

AUDITORS' RESPONSIBILITY:

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial control system over financial reporting of the company.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING:

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION:

In our opinion, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

(Referred to in paragraph 2 under Report on Other Legal and Regulatory Requirements’ section of our report to the Members of GRAND FOUNDRY LIMITED of even date).

i) In respect of the Company’s Fixed Assets

- a) The company is maintaining proper records showing full particulars, including quantitative details and situation of fixed assets;
- b) The company has a program of verification to cover all the items of fixed assets in a phased manner, which in our opinion, is reasonable having regard to the size of the company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the management during the year. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
- c) According to the information and explanation given to us, the records examined by us and based on the examination of the conveyance deeds/registered sale deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date.
 - ii) The Company is not a service provider. Accordingly, the provision of clause (ii) of para 3 of the Order, 2016 is applicable. The inventory has been physically verified at proper intervals.
 - iii) As informed, the Company has not granted any loans, secured or unsecured to companies, or other parties covered in the register maintained under Section 189 of the Companies Act, 2013.
 - iv) As informed, the Company has not granted any loan, not given any guarantee and hence the compliance of the provisions of Section 185 and 186 of the Companies Act, 2013 is not applicable and hence not commented upon.
 - v) The Company has not accepted deposits during the year and does not have any unclaimed deposits as at March 31, 2021 and therefore, the provisions of the clause 3 (v) of the Order are not applicable to the Company.
 - vi) The maintenance of cost records has not been specified by the Central Government under section 148(1) of the Companies Act, 2013 for the business activities carried out by the Company. Thus, reporting under clause 3(vi) of the order is not applicable to the Company
 - vii) According to the information and explanations given to us, in respect of statutory dues:
 - (a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees’ State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues applicable to it with the appropriate authorities.
 - (b) There were no undisputed amounts payable in respect of Provident Fund, Employees’ State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.
- viii) Based on the records examined by us and according to the information and explanations given to us, the Company has not borrowed loans from banks, government or debenture holders. Accordingly, the provision of clause (viii) of para 3 of the Order is not applicable to company.
- ix) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) and term loans. Accordingly, the provision of clause (ix) of para 3 of the Companies (Auditor’s Report) Order, is not applicable.
- x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no material fraud on the Company by its officers or employees has been noticed or reported during the year.

- xi) In our opinion and according to the information and explanations given to us, the Company has not paid/provided managerial remuneration as mentioned in section 197 read with Schedule V to the Act.
- xii) The Company is not a Nidhi Company and hence reporting under clause 3 (xii) of the Order is not applicable to the Company.
- xiii) In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly paid convertible debentures and hence reporting under clause 3 (xiv) of the Order is not applicable to the Company.
- xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected to its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. General Information

Grand Foundry Limited is incorporated in India in March 1973 under the Indian Companies Act, 1956. The company is engaged in manufacturing of Bright Steel bars and wires. The company's products are utilized for various applications in the engineering industries, including petro chemical, oil and natural gas and automotive industries throughout the world. The company supplies every grade of steel required by the engineering industry to customers spread out throughout Indian and countries, such as the United States, Japan, Singapore, Italy, Australia and Canada. The company also offers pickling and heat treatment lines.

2. Significant Accounting Policies :

2.1 Statement of Compliance :

These Financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

2.2 Current non-current Classification

All assets and liabilities have been classified as current and non-current as per the company's normal operating cycle (12 months) and other criteria set out in the Schedule III of the Act and Ind AS 1 Presentation of financial statements. Based on the nature of products and the time between the acquisition of assets for processing and their realisation, the Company has ascertained its operating cycle as 12 months for the purpose of current / non-current Classification of assets and liabilities.

Assets:

An Asset is classified as current when it satisfies any of the following criteria:

It is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle.

It is held primarily for the purpose of being traded

It is expected to be realised within 12 months after the reporting date; or

It is a cash and cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Liabilities:

A Liability is classified as current when it satisfies any of the following criteria:

It is expected to settle in the Company's normal operating cycle;

It is held primarily for the purpose of trading

It is due to be settled within 12 months after the reporting date;

The company's Board of Directors approves the financial statements For issue on May 29, 2019. The aforesaid financial statement have been prepared in Indian Rupee.

2.3 Foreign Currencies :

Transactions in the foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and lossess on the settlement of foreign currency transactions are recognised in the statement of Profit and loss.

2.4 Borrowing Cost

Borrowing cost include interest, fees and other charges incurred in connection with the borrowing of funds and is considered as revenue expenditure for the year in which it is incurred except for borrowing cost attributed to the acquisition/ improvement of qualifying capital assets and incurred till the commencement of commercial use of the assets and which is capitalised as cost of the assets.

2.5 Property, plant and Equipment

Fixed Assets are stated at cost less accumulated depreciation and impairment if any. Cost includes qualifying assets, borrowing costs capitalised in accordance with the company's accounting policy and includes all other expenditure that is directly attributable to the acquisition of the items. Depreciation has been provided on Written Down value and straight line method as per the useful life prescribed in Schedule II to the Companies Act, 2013. the estimated usage of the assets, the operation condition of the asset, past history of replacement, anticipated technological changes, manufacturers warrants and maintenance support etc.,

Estimated useful lives of the assets are as follows :

Class of Assets	Years
Furniture and Fixtures	6-7 years
Vehicles	6-7 years

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. Fixed assets are derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the assets. Any gain or loss arising on the disposal or retirement of any fixed assets are determined as the difference between the sales proceeds and the carrying amount of the assets and are recognised in profit or loss.

2.6 Inventories

Inventories are stated at the Raw material cost value.

Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The Company's liability for current tax is calculated using the Indian tax rates and laws that have been enacted by the reporting date. The Company periodically evaluates the positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretations and provisions where appropriate.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and current tax liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum Alternate Tax (MAT) credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

Employee Benefits

Short-term Obligations

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

2.7 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligations its carrying amount is the present value of those cash flows (when the effect of the time value of money is material)

When some or all the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.8 Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, Current bank balances held at call with banks .

2.9 Earning Per Share

Basic earning per share is computed by dividing the profit/(loss) after tax by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for treasury shares,bonus issue, bonus element in a rights issue to existing shareholders share split and reverse share split. Diluted earnings per share is computed by dividing the profit/(loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted

average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares including the treasury shares held by the company to satisfy the exercise of the share options by the employees.

Major Events and future prospects

SECURITY EXCHANGE BOARD OF INDIA (SEBI) to consider :

To grant exemption to the company from the provisions of SEBI Guidelines for Preferential Allotment of Shares, SEBI (Substantial Acquisition of shares & Takeovers) Regulations, 1997, SEBI (Disclosure & Investor Protection) Guidelines, 2000, SEBI (Central Listing Authority) Regulations, 2002 and ceiling on promoters holding and any other applicable Rules and Regulations for the issue of equity shares to the Promoters as envisaged under the Scheme, provided such equity shares shall be locked in for a period of one year in case allottees are non-promoters.

NATIONAL STOCK EXCHANGE/BOMBAY STOCK EXCHANGE to consider :

Stock Exchange(s) on which the shares of the company are listed shall :

- i) Revoke the suspension of trading of the equity shares forthwith and list the reduced shares as well as shares allotted in terms of the sanctioned scheme without any cost of charges;
- ii) Exempt the Company from the provisions of the Companies Act, SEBI Guidelines and the listing requirements
- iii) Waive listing fees and other arrears including interest and penalties ; and
- iv) Allow trading of shares

4 Critical estimates and judgements

The Company is required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future period, if the revision current and future period

A Key sources of estimation uncertainty

i Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of crystallising or are very difficult to qualify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes are not recognised.

ii Provisions and liabilities

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events that can reasonably be estimated.

The timing of recognition requires application of judgement to existing facts and circumstances, which may be subject to change. The amounts are determined by discounting the expected future cash flows at a pre- tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

iii **Useful lives of Fixed assets**

Management reviews the useful lives of Fixed assets at once in a year. Such lives are dependent upon an assessment of both the technical lives of the assets and also their likely economic lives based on various internal and external factors including relative efficiency and operating costs. Accordingly depreciable lives are reviewed annually using the best information available to the management.
