Hyderabad, February 13, 2012: Pitti Laminations Ltd, one of the largest manufacturers of electrical stampings and laminations in India announced 134.10% jump in net profit for third quarter ended December 31st, 2011 to Rs 6.11 crores as against Rs 2.61 crores in the corresponding quarter ending December 31st 2010

Revenue for the quarter rose 47.64% to Rs103.23 crores from Rs 69.92 crores. The growth in revenue is majorly due to export sales. The EPS of the company stood at Rs 5.70 as against Rs 2.76 in Q3FY11.

Revenue for the nine-month period ending December 31, 2011 jumped 77.23% to Rs.308.67 crores from Rs.174.16 crores. The Net Profit of the Company during the period rose 187.68% to Rs.16.11 crores as against Rs.5.60 crores in the nine-month period December 31st, 2010. EPS stood at Rs.15.02 as against Rs.5.93 in the nine-month period of 2010.

Commenting on the Company's performance Mr Sharad B Pitti, Chairman and Managing Director, Pitti Laminations Ltd said, "The quarter had been good on account of export sales despite a challenging business environment. The total business witnessed growth on account of export sales"
