Keeping in view the strong results, the Board of Directors also declared a Interim dividend for the FY 2025-26 to the shareholders @ Re. 1 per share on the face value of Rs 5 per share.

Shri Sanjiv Kumar Singh Chairman-cum-Managing Director, HCL, stated that as part of a social security measure, the company has under the quarter under review, has made a one-time provision of Rs. 95.75 crore of a new Post-Retirement Medical Scheme (PRMS), on the basis of actuarial valuation of the scheme done by an independent actuary as per the guidelines of Ind As-19 issued by ICAI. He added that the Q3 results stand as a testament to the hard work and commitment of all employees and unwavering support of all stakeholders. The Profit has been achieved through operational excellence, sustained productivity, supported by higher volume and metal prices. CMD was happy to share that the results declared as above are after the said provision.

India is taking decisive steps to secure the supply of critical minerals that underpin microchips, batteries, electric vehicles, clean energy systems, semiconductors, and artificial intelligence

technologies. These strategic minerals are largely embedded in hard rock formations and require advanced mineral processing capabilities for efficient extraction. Leveraging its proven expertise in hard rock mining and mineral beneficiation, HCL is well positioned to make a strategic entry into the critical minerals sector and contribute significantly to the nation's technological and economic priorities.
