**INFORMATION ABOUT THE APPOINTEE****Background details, Job profile and suitability**

Mr. Gian Chand Thakur was born on 20/04/1972 in Nirmand (Kullu) and had his primary education in Himachal Pradesh. After completing his graduation in 1994, he joined the Textile industry with Auro Spinning Mills of Vardhman Group. Mr. Gian Chand Thakur is having 26 years experience in the Textile Industry. He has rich experience in yarn manufacturing and specialized knowledge in the field of procurement of cotton, the main raw material and capital equipments at the Corporate Level. Mr. Gian Chand Thakur has been the Whole Time Director of the Company since October 2014 and proposed the Remuneration w.e.f. 01.10.2017 till the remaining period of his term of Rs. 60,000/- per month (Rupees Sixty Thousand Only).

**OTHER INFORMATION****a) Reasons of loss or inadequate profits:**

Current economic recession is a major reason for the low profitability and loss to the Company. Due to the global slowdown, every industry in India has been adversely affected. The financial crisis has swallowed the 55.7% market capitalization in the Textile Industry. Further, significant increase in the rates of interest and fluctuation of US Dollar against Rupee are also some of the factors for the current situation.

**b) Steps taken or proposed to be taken for improvement:**

The Company is taking steps towards the reduction of cost, introduction of value added products, better market penetration and improvement in realization.

**c) Expected increase in productivity and profits in measurable terms:**

The company has taken various initiatives to increase the productivity of the company. In return the profits will also increase, but are not measurable as the same is influenced by various factors such as market prices of dyed yarn, raw material and cost of various inputs.

The proposal outlined above is in the interest of the Company and the Board re-commends the resolution set out in the accompanying Notice as Special resolution.

**21.5 Explanation on qualification/ reservation/ adverse remarks in the Auditors' Report**

Members' attention is invited to the observations/Qualification made by the Statutory Auditors under Point No. 7(a) and 8 appearing in Independent Auditor's Report and by Secretarial Auditor in Secretarial Audit Report. The observations/Qualification made by auditors in their reports alongwith the management replies on them are as follows:

- a) Regarding Auditor's remark in their report in Point 7(a) and Secretarial Auditor's remark in their report, it is informed that the company accords top priority in depositing the statutory dues. However, the liquidity crunch being faced by it due to various reasons has led to some delay in the deposit of statutory dues.
- b) Regarding Auditor's Remark in their report in Point No. 8 and Secretarial Auditor's remark in their report, the slight delay in servicing the Banks dues i.e. Interest and Installment was mainly because of liquidity crunch. However the same was paid on 11th April, 2018 and 21st April, 2018, respectively to the bank. There has been no default in the payment of bank dues and the accounts of the Company are standard.

The Cost Auditor's Report for the period under review is self – explanatory and requires no comments.

**MANAGEMENT DISCUSSION & ANALYSIS REPORT****1. Industry And Economic Scenario & Outlook**

The Indian Textiles industry is extremely varied, with the hand-spun and hand-woven Textiles sectors at one end of the spectrum, while the capital intensive sophisticated mills sector at the other end of the spectrum. The decentralized power looms/ hosiery and knitting sector form the largest component of the Textiles sector. The close linkage of the Textile industry to agriculture (for raw materials such as cotton) and the ancient culture and traditions of the country in terms of Textiles make the Indian Textiles sector unique in comparison to the industries of other countries. The Indian Textile industry has the capacity to produce a wide variety of products suitable to different market segments, both within India and across the world.

India's Textiles sector is one of the oldest industries in Indian economy dating back several centuries. It is the third largest producer and exporter in the world after China. Even today, Textiles sector is one of the largest contributors to India's exports with approximately 11 percent of total exports. The Textiles industry is also labour intensive and is one of the largest employers.

The future for the Indian Textile industry looks encouraging in the long term, buoyed by both strong domestic consumption as well as export demand. With consumerism and disposable income on the rise, the retail sector has experienced a rapid growth in the past decade with the entry of several international players. The organized apparel segment is expected to grow at a Compound Annual Growth Rate (CAGR) of more than 13 per cent over a 10-year period.

There is optimism in the revival of the global economic outlook in the coming years though this view is not presently supported by economic fundamentals driven by higher economic growth in the advance economies and constrained by moderate growth in emerging markets.

The volume growth in the industry has been quiet modest over the past few years. Indian yarn production is at 7 million tons per annum and growing at around 3% per annum. Textile industry continues to be the second largest employer after agriculture, providing direct employment to 45-50 million people and indirect employment to another 50-60 million people. Labour forms a significant part of the cost of manufacture and hence the performance of this sector is very much dependent on various labour policies.

**2. Opportunities And Threats****Opportunities:**

- a) Large , potential Domestic and International Market
- b) Product Development and Diversification to cater Global Needs
- c) Greater Investment and FDI opportunities are available.
- d) Industry has large and diversified segments that provide wide variety of products

**Threats:**

- a) Unfavourable Labour Laws
- b) High Indirect Taxes, Power and Interest Rates
- c) Unfavourable Government policies
- d) Lower Productivity in various segments.
- e) To balance between Demand and Supply

**3. Risk And Concerns**

Pursuant to the requirement of erstwhile Clause 49 of Listing Agreement and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements), Regulations 2015, the Company has constituted a Business Risk Management Committee. The details of Committee and

its terms of reference are set out in the Corporate Governance Report forming part of the Board's Report. The Company has a robust Business Risk Management (BRM) framework to identify, evaluate business risks and opportunities. This framework seeks to create transparency, minimize adverse impact on the business objectives and enhance the Company's competitive advantage. The business risk framework defines the risk management approach across the enterprise at various levels including documentation and reporting. The key business risks identified by the Company and its mitigation plans are as under.

**a) Risk related to Personnel**

Our business is increasingly dependent on the skills and competencies of our employees and management team. The general war for talent in our growing economy has created a substantial risk related to the retention of key personnel both in manufacturing and managerial levels. This risk is mitigated through effective HR policies relating to recruitment and retention and a proactive remuneration and rewards policy that is periodically reviewed at the highest management level.

With excellent performance track as well as best HR practices we are able to attract and retain people for growth of our business.

**b) Risk related to Safety**

The company has taken adequate insurance covers to indemnify the risks associated with the safety of personnel, building, stock and other infrastructure of the Company. These include:

1. Fire Insurance Policies.
2. Marine/ Transit Insurance Policies.
3. Theft Insurance Policies.
4. Other Miscellaneous Policies.

The company has also taken steps to strengthen IT security system as well as physical security system at all our locations

**c) Compliance Related Risks**

The Company is committed to being a responsible corporate citizen and respects the laws and regulations of the country. All the compliances under various laws applicable to the Company, including under Companies Act 1956/2013, Factories Act, Income Tax Act 1961 etc., are followed in Letter & Spirit.

**4. Internal Control Systems And Their Adequacy**

The Company has an Internal Control System, commensurate with the size, scale and complexity of its operations. The scope and authority of the Internal Audit function is defined in the Internal Audit Manual. To maintain its objectivity and independence, the Internal Audit function reports to the Chairman of the Audit Committee of the Board & to the Chairman and Managing Director.

The Internal Audit Department monitors and evaluates the efficacy and adequacy of internal control system in the Company, its compliance with operating systems, accounting procedures and policies at all locations of the Company. Based on the report of internal audit function, process owners undertake corrective action in their respective areas and thereby strengthen the controls. Significant audit observations and recommendations along with corrective actions thereon are presented to the Audit Committee of the Board.

**5. Human Resources/ Human Resource Management.**

The Company recognizes people as its most valuable asset and it has built an open, transparent and meritocratic culture to nurture this asset. Talent Management is a key people planning tool that provides an integrated means of identifying, selecting, developing and retaining top talent within our organization. Your Company has kept a sharp focus on Employee Engagement.

**INDEPENDENT AUDITOR'S REPORT****TO THE MEMBERS OF  
HIMACHAL FIBRES LIMITED****Report on the Audit of the Standalone Ind AS Financial Statements**

We have audited the accompanying standalone Ind AS financial statements of **HIMACHAL FIBRES LIMITED** ("the Company"), which comprise the Balance Sheet as at 31 March 2018, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and summary of the significant accounting policies and other explanatory information.

**Management's Responsibility for the Standalone Ind AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We are also responsible to conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

**Opinion**

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at 31 March 2018, its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

**Other Matters**

The comparative financial information of the Company for the year ended 31 March 2017 and the transition date opening balance sheet as at 01 April 2016 included in these standalone Ind AS financial statements, are based on the previously issued statutory financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 audited by the predecessor auditor whose report for the year ended 31 March 2017 and 31 March 2016 dated 30 May 2017 and 30 May 2016 respectively expressed an unmodified opinion on those standalone financial statements, as adjusted for the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us.

Our opinion is not modified in respect of above matter.

**Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143(3) of the Act, we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.

e) On the basis of the written representations received from the directors as on 31 March 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2018 from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements; refer Note 34 to the standalone Ind AS financial statements.

ii. The company did not have any material foreseeable losses on long-term contracts including derivative contracts during the year ended 31 March 2018.

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

**“Annexure A” to the Independent Auditors' Report**

Referred to in paragraph 1 under the heading 'Report on Other Legal & Regulatory Requirement' of our report of even date to the financial statements of **M/s Himachal Fibres Limited** (“the Company”) for the year ended March 31, 2018:

- 1) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets;
- (b) The Fixed Assets have been physically verified by the management in a phased manner, designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the company and nature of its business. Pursuant to the program, a portion of the fixed asset has been physically verified by the management during the year and no material discrepancies between the books records and the physical fixed assets have been noticed.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the company.
- 2) (a) The management has conducted the physical verification of inventory at reasonable intervals.
- (b) The discrepancies noticed on physical verification of the inventory as compared to books records which has been properly dealt with in the books of account were not material.
- 3) The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under section 189 of the Act. Accordingly, the provisions of clause 3 (iii) (a) to (c) of the Order are not applicable to the Company and hence not commented upon.
- 4) In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of loans, investments, guarantees, and security.
- 5) The Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
- 6) We have broadly reviewed the books of account maintained by the Company in respect of products where, pursuant to the Rules made by the Central Government, the maintenance of cost records has been prescribed under sub-section (1) of Section 148 of the Companies Act, 2013 and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have however not made a detailed examination of the records with a view to determining whether they are accurate or not.
- 7) (a) According to information and explanations given to us and on the basis of our examination of the books of account, and records, the Company has not been regular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income-Tax, Sales tax, Service Tax, Duty of Customs, Duty of Excise, Value added Tax, Cess and any other statutory dues with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of the above were in arrears as at March 31, 2018 for a period of more than six months from the date on when they become payable except following:-

S. No.	Statute	Nature	Amount
1.	Income Tax Act, 1961	Income Tax (FY 12-13)	Rs. 3135565/-
2.	Himachal Pradesh Sales Tax Act	Works Contract Tax Payable	Rs. 136008/-

6.	Finance Act, 2005	Service Tax Payable	Rs. 3630/-

- b) According to the information and explanation given to us, there are no dues of income tax, sales tax, service tax, duty of customs, duty of excise, value added tax outstanding on account of any dispute.

8) In our opinion and according to the information and explanations given to us, the Company has defaulted in the repayment of dues to banks/Financial Institutions detailed as below:-

S. No.	Financial Institution and Banks	Particulars	Amount	Period of Default Since
1.	State Bank of India	Interest	507068.00	March 2018
		Installment	833000.00	

- 9) Based upon the audit procedures performed and the information and explanations given by the management, the company has not raised moneys by way of initial public offer or further public offer including debt instruments and term loans during the year under review. Accordingly, the provisions of clause 3 (ix) of the Order are not applicable to the Company and hence not commented upon.
- 10) Based upon the audit procedures performed and the information and explanations given by the management, we report that no fraud by the Company or on the company by its officers or employees has been noticed or reported during the year.
- 11) According to the information and explanations given to us and based on examination of records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act during the year under review.
- 12) Since the Company is not a Nidhi Company, therefore, the provisions of clause 4 (xii) of the Order are not applicable to the Company.
- 13) In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.
- 14) Based upon the audit procedures performed and the information and explanations given by the management, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of clause 3 (xiv) of the Order are not applicable to the Company and hence not commented upon.
- 15) Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company and hence not commented upon.
- 16) In our opinion, the company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) of the Order are not applicable to the Company and hence not commented upon.

**“Annexure B” to the Independent Auditor’s Report of even date on the Standalone Financial Statements of M/s Himachal Fibres Limited**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of M/s Himachal Fibres Limited (“the Company”) as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

**Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## Notes to financial statements for the year ended 31st March 2018

### 1. Corporate Information

Himachal Fibres Limited (hereinafter referred to as "the Company") is a Company incorporated and domiciled in India with its registered office is at Plot No. 43-44, Industrial Area, Barotiwala, District Solan, Himachal Pradesh. Corporate identification number of the company is L17119HP1980PLC031020 and the company is engaged in the business of manufacturing and sale of cotton polyester yarn and knitted clothes.

### 2. Significant accounting policies

The Company has consistently applied the following accounting policies to all periods presented in the financial statements.

#### (a) Basis of preparation and presentation

The financial statements of the Company comply in all material aspects with Indian Accounting Standards ("Ind AS") as prescribed under section 133 of the Companies Act, 2013 ("the Act"), as notified under the Companies (Indian Accounting Standards) Rules, 2015, Companies (Indian Accounting Standards) Amendment Rules, 2016, Companies (Indian Accounting Standards) Amendment Rules, 2017 and other accounting principles generally accepted in India.

The financial statement up to year ended 31st March, 2017 were prepared in accordance with Generally Accepted Accounting Principles (GAAP) in India and complied with the applicable accounting standards prescribed in the Companies (Accounting Standards) Rules, 2014 issued by the Central Government and as per relevant provisions of the Companies Act, 2013 read together with Paragraph 7 of The Companies (Accounts) Rules, 2014.

The financial statements for the year ended 31st March, 2018 are the first financial statements of the Company prepared under Ind-AS. The Company followed the provisions of Ind-AS 101 in preparing its opening Ind-AS Balance Sheet as of the date of transition i.e 1st April 2016. Some of the Company's Ind-AS accounting policies used in the opening Balance Sheet differed from its policies applied under Indian GAAP as at 31st March, 2016 and accordingly the adjustments were made to restate the opening balances as per Ind-AS. The resulting adjustment arose from events and transactions before the date of transition to Ind-AS were recognized directly through retained earnings as at 1st April, 2016 as required by Ind-AS 101. An explanation of how the transition to Ind-AS has affected the reported financial position, financial performance and cash flows of the Company is provided in note.

The financial statements were authorized for issue by the Company's Board of Directors on 30<sup>th</sup> May 2018.

#### (b) Basis of measurement

The financial statements have been prepared under the historical cost convention on accrual basis except for the following items:

- Certain financial assets and liabilities (including derivative instruments) that is measured at fair value
- Defined benefit liability/ (assets): present value of defined benefit obligation less fair value of plan assets. **Or Employee's Defined Benefit Plan as per actuarial valuation.**

#### (c) Functional and Presentation Currency

The financial statements are presented in Indian Rupees, which is also the Company's the functional currency.

#### (d) Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires the management to make estimates and judgment that affect the reported amounts of assets, liabilities, income, expenses and other comprehensive income (OCI) that are reported and disclosed in the financial statements and accompanying notes. These estimates and judgment are based on the management's best knowledge of current events, historical experience, actions that the Company may undertake in the future and on various other estimates and judgments that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

The area involving significant estimates and judgments are:

- Recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used
- Measurement of defined benefit obligations: key actuarial assumptions
- Estimation of useful lives of property, plant and equipment and intangible asset
- Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources

#### (e) Current / non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

#### Assets

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realized in, or is intended for sale or consumption in the company's normal operating cycle;
  - It is held primarily for the purpose of being traded
  - It is expected to be realized within 12 months after the reporting date; or
  - It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date
- Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

#### **Liabilities**

A Liability is classified as current when it satisfies any of the following criteria:

- It is expected to be settled in the company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is due to be settled within 12 months after the reporting date; or
- The company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

#### **(f) Property, plant and equipment**

##### **Recognition and measurement**

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and accumulated impairment losses, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located and condition necessary for it to be capable of operating in the manner intended by management.. The Company identifies and determines separate useful lives for each major component of the property, plant and equipment, if they have a useful life that is materially different from that of the asset as a whole.

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is de-recognized.

Property, plant and equipment under construction and cost of assets not ready for use at the year-end are disclosed as capital work-in-progress.

##### **Transition to Ind AS**

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment, recognized as at April 2016, measured as per Previous GAAP, and use the carrying value as the deemed cost of its property, plant and equipment.

##### **Subsequent expenditure**

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard or period of performance. All other expenses on existing property, plant and equipment, including day-to-day repairs, maintenance expenditure and cost of replacing parts, are charged to the Statement of Profit and Loss for the period during which such expenses are incurred.

##### **Depreciation**

Depreciation on property, plant and equipment has been provided on Straight line method in the manner and over the useful life of the assets prescribed under Part 'C' of Schedule II to the Companies Act, 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year-end and adjusted prospectively, if appropriate.

#### **(g) Impairment**

##### **Impairment of financial assets**

The Company recognizes loss allowance for expected credit losses on financial assets measured at amortized cost. At each reporting date, the Company assesses whether financial assets carried at amortized cost are credit impaired. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit impaired includes the following observable data:

- significant financial difficulty of the debtor;
- a breach of contract such as a default in payment within the due date;
- the restructuring of a loan or advance by the entity on terms that the Company would not consider otherwise;
- it is probable that the debtor will enter bankruptcy or other financial reorganization; or

The Company measures loss allowances at an amount equal to lifetime expected credit losses. Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information. The Company considers a financial asset to be in default when the debtor is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realizing security (if any) is held.

**Measurement of expected credit losses**

Expected credit losses are a probability weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

**Write-off**

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

**Impairment of non-financial assets**

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value on an appropriate discount factor.

**(h) Inventories**

The cost of inventories comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. The cost in respect of different classifications of inventories is computed as under:

- in case of raw material, stores and spares, diesel and packing material at first-in-first-out (FIFO) cost method plus direct expenses.
- in case of work-in-progress at raw material cost (determined on FIFO cost method) plus appropriate portion of conversion cost and other overheads incurred depending upon the stage of completion.
- in case of finished goods at raw material cost (determined on FIFO cost method) plus conversion cost, packing cost and other overheads incurred to bring the goods up to their present location and condition.
- Saleable waste/ Scrap has been valued at estimated net realizable value.
- Goods/ material in transit are valued at realizable value to date.

**(i) Foreign currency transactions**

Transactions in foreign currencies are recorded by the Company entities at their respective functional currency at the exchange rates prevailing at the date of the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currency are translated to the functional currency at the exchange rates prevailing at the reporting date

Exchange differences arising on settlement or translation of monetary items are recognized in the statement of Profit and Loss

**(j) Employee benefits**

– **Short-term employee benefits**

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid e.g., under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

– **Defined contribution plans**

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognized as an employee benefit expense in Statement of Profit and Loss in the periods during which the related services are rendered by employees.

– **Defined benefit plans**

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed quarterly/annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognized asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Re-measurements of the net defined benefit liability, which comprise actuarial gains and losses, are recognized in OCI. The Company determines the net interest expense (income) on the net defined benefit liability or the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then net defined benefit liability, taking into account any changes in the net defined benefit liability during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognized immediately in Statement of Profit and Loss. The Company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

**(k) Revenue recognition**– **Sale of goods**

- The Company recognizes revenue from sale of goods when the titles have been passed at which time all the following conditions are satisfied:
  - the Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
  - the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
  - the amount of revenue can be measured reliably;
  - it is probable that the economic benefits associated with the transaction will flow to the Company; and
  - the costs incurred or to be incurred in respect of the transaction can be measured reliably.
- The revenue from sale of goods is measured at the fair value of the consideration received or receivable, net of returns, if any excluding taxes or duties collected on behalf of the government.
- Shipping and handling amounts invoiced to customers are included in revenue and the related shipping and handling costs incurred are included in freight and forwarding expenses when the Company is acting as principal in the shipping and handling arrangement.

– **Other than sale of goods**

- Revenue (other than sale) is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. Export incentives and subsidies are recognized when there is reasonable assurance that the Company will comply with the conditions and the incentive will be received.
- Interest income is recognized on a time proportion basis taking into account the amount outstanding and the interest rate applicable.
- Insurance claims are accounted for on an accrual basis, to the extent these are measurable and ultimate collection is reasonably certain.

**(l) Borrowings**

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in Statement of Profit and Loss over the period of the borrowings using the effective interest method (EIR). Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

**(m) Borrowing costs**

Borrowing cost are interest and other costs incurred in connection with borrowing of funds. Borrowing costs directly attributable to acquisition or construction of qualifying assets are capitalized as part of the cost of such assets to the extent that they relate to the period till such assets are ready to be put to use. Qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are recognized as expense in the period in which they are incurred.

**(n) Leases**

A Lease is classified at the inception date as a finance lease or an operating lease. Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value, whichever is lower.

Lease payments under operating leases are recognized as an expense on a straight line basis in the statement of Profit and Loss over the lease term unless such payments are structured to increase in line with expected general inflation to compensate for lessor's expected inflationary cost increases.

**(o) Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts.

**i. Financial Assets****Initial recognition and measurement**

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

**Classifications**

The company classifies its financial assets as subsequently measured at either amortized cost or fair value depending on the company's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

**Business model assessment**

The company makes an assessment of the objective of a business model in which an asset is held at an instrument level because this best reflects the way the business is managed and information is provided to management.

**Debt instruments at amortized cost**

A financial asset is measured at amortized cost only if both of the following conditions are met:

- it is held within a business model whose objective is to hold assets in order to collect contractual cash flows.
- the contractual terms of the financial asset represent contractual cash flows that are solely payments of principal and interest.

After initial measurement, such financial assets are subsequently measured at amortized cost using the Effective Interest Rate ('EIR') method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss.

**Debt instrument at fair value through Other Comprehensive Income (FVOCI)**

Debt instruments with contractual cash flow characteristics that are solely payments of principal and interest and held in a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets are classified to be measured at FVOCI.

**Debt instrument at fair value through profit and loss (FVTPL)**

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL.

In addition, the company may elect to classify a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

**ii. Equity Instruments**

All equity instruments in scope of Ind AS 109 are measured at fair value. On initial recognition an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis.

All other Financial Instruments are classified as measured at FVTPL.

**De-recognition of financial assets**

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily de-recognized (i.e. removed from the company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognize the transferred asset to the extent of the company's continuing involvement. In that case, the company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the company could be required to repay.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognized in OCI is recognized in profit or loss.

**Impairment of financial assets**

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

With regard to trade receivable, the Company applies the simplified approach as permitted by Ind AS 109, Financial Instruments, which requires expected lifetime losses to be recognized from the initial recognition of the trade receivables.

**iii. Financial liabilities****Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, amortized cost, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of amortized cost, net of directly attributable transaction costs.

**Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

**Financial Liabilities measured at amortized cost**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are de-recognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

**Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities designated upon initial recognition as at fair value through profit or loss.

**Gains or losses on liabilities held for trading are recognized in the profit or loss.**

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk are recognized in OCI. These gains/losses are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of profit or loss.

**Derivative financial instruments**

Foreign exchange forward contracts are purchased to mitigate the risk of changes in foreign exchange rates associated with forecast transactions denominated in certain foreign currencies. The Company recognizes all derivatives as assets or liabilities measured at their fair value. The changes by marked to market then at each reporting date and the related gains (losses) are recognized in the Statement of Profit and Loss.

**De-recognition of financial liabilities**

The company de-recognizes a financial liability when its contractual obligations are discharged or cancelled, or expire.

**(p) Measurement of fair values**

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

**(q) Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less. For the purposes of the Cash Flow Statement, cash and cash equivalents is as defined above, net of outstanding bank overdrafts. In the balance sheet, bank overdrafts are shown within borrowings in current liabilities

**(r) Earning per share**

Basic earning per share (EPS) are calculated by dividing the net profit or loss after tax for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share (EPS), the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

**(s) Provisions and contingent liabilities**

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future obligation at pre-tax rate that reflects current market assessments of the time value of money risks specific to liability. They are not discounted where they are assessed as current in nature. Provisions are not made for future operating losses.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made. Contingent assets are disclosed in the financial statements.

**(t) Taxation**

Income tax comprises current and deferred tax. It is recognized in Statement of Profit and Loss except to the extent that it relates to an item recognized directly in equity or in other comprehensive income.

**i. Current tax**

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on a net basis or simultaneously.

**ii. Deferred tax**

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognized in respect of carried forward tax losses and tax credits.

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognizes a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized. Deferred tax assets - unrecognized or recognized, are reviewed at each reporting date and are recognized/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realized.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

**31. First time adoption of Ind AS**

This financial statement is the first financial statement that has been prepared in accordance with Ind AS together with the comparative period data as at and for the year ended 31st March 2017, as described in the summary of significant accounting policies. The transition to Ind AS has been carried out in accordance with Ind AS 101 'First time adoption of Indian Accounting Standards' with 1st April 2016 as the transition date. This note explains the exemptions availed by the company on first time adoption of Ind AS and the principal adjustments made by the Company in restating its Indian GAAP financial statements as at 1st April 2016 and financial statements as at and for the year ended 31st March 2016 in accordance with Ind AS 101.

**Exemptions applied**

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has, accordingly, applied following exemptions:

- a) The Company has elected to consider carrying amount of all items of property, plant and equipments measured as per Indian GAAP as recognized in the financial statements as at the date of transition, as deemed cost at the date of transition. The effect of consequential changes arising on the application of other Ind AS has been adjusted to the deemed cost of Property, Plant & Equipment.
- b) The Company has availed the exemption of fair value measurement of financial assets or liabilities at initial recognition and accordingly will apply fair value measurement of financial assets or liabilities at initial recognition prospectively to transactions entered into on or after 01st April 2016.
- c) The estimates at 1st April 2016 and at 31st March, 2017 are consistent with those made for the same dates in accordance with Indian GAAP (after adjustments to reflect any differences in accounting policies) apart from the following items under Indian GAAP did not require estimation:
  - Fair values of Financial Assets & Financial Liabilities
  - Impairment of financial assets based on expected credit loss model
  - Discount rates

The estimates used by the Company to present these amounts in accordance with Ind AS reflect conditions as at 1st April, 2016 and 31st March, 2017.
