## The World of Manufacturing

Himatsingka is a vertically integrated textile major that designs, develops, manufactures, distributes and retails a suite of textile products.

The Group has one of the largest installed capacities globally for producing Bedding products, Bath products, Drapery & Upholstery fabrics and ultra-fine count Cotton Yarn.

The Group is focussed on providing integrated solutions for its global clientele. Integrated from fibre to shelf, the Group's manufacturing and

distribution capabilities are indeed seamless and help de-risk the global supply chain and drive value for stakeholders.

Not only are we focussed on building world-class facilities that have global scale, we are also driven to create next generation shop floors that epitomise digital solutions and automation. This helps us remain cost-efficient, greener and above all drives agility that enables a high degree of responsiveness to constantly changing consumer preferences.

Enhancing our digital quotient via production automation, intensive data analytics and developing cutting-edge applications is the key to monitoring and driving efficiencies.

### **Our Collection of Brands**

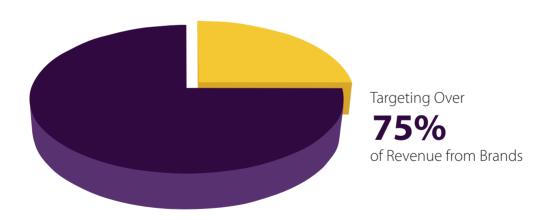

A strong brand portfolio is integral to the integrated strategy of Himatsingka. Over the years, we have relentlessly pursued building our brand portfolio (both licensed and owned), that connects with consumers across geographies.

Our brand portfolio consists of some of the most recognised fashion labels and industry-defining, technology-driven brands. During FY 2018, our branded revenue streams witnessed

robust growth. Revenues from brands grew by approximately 46% and stood at ₹1,610 crores.

We concluded the acquisition of a suite of brands that were a part of the Home portfolio of the Global Brands Group. This will give us exclusive licence rights to the famous and iconic Tommy Hilfiger Home brand, the Copper Fit brand and other brands. This acquisition will augment and strengthen our existing portfolio.

Himatsingka's brand portfolio consists of over 10 brands now and will drive growth going forward. Our brands appeal to a broad spectrum of consumers and help us balance our presence across price points and cater to a broader demographic profile.

## Global Leader in Track & Trace Capabilities

Himatsingka has forever changed the home textile industry and the market for cotton products. We have emerged to be a global leader in Track & Trace capabilities with regard to the cotton value chain.

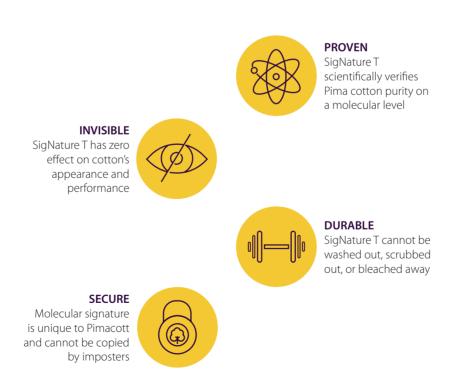

For the first time ever in the home textile industry, every step in the supply chain, from farm to shelf, can be verified and guaranteed to be as labelled. With exclusive global rights to the patented DNA tagging technology, Himatsingka has the ability to attach DNA markers to every

fibre, thus facilitating the ability to track product through every phase of the value chain.

PimaCott<sup>®</sup>, HomeGrown Cotton<sup>®</sup> and Organicott<sup>®</sup>, our three globally marketed cotton brands are available for a full range of Bed and Bath products.

Himatsingka is rewriting the rules of global cotton mapping capabilities to further enhance transparency across the cotton value chain, thus bringing greater value to the consumer.

Augmenting our traceability solutions portfolio will be a key area of focus going into FY 2019.

### Business Highlights — FY 2018

Commissioned the world's largest cotton spinning plant under one roof with an installed capacity of 2,11,584 spindles

Continued focus on building IP led revenue streams. Revenues from brands crossed the ₹1,600 crore mark

Global leader in cotton Track & Trace capabilities continued to augment traceability solutions portfolio

Commenced construction on the new greenfield Terry Towel facility with an installed capacity of 25,000 TPA Acquired rights to a suite of brands including the iconic Tommy Hilfiger home brand. Estimated annual revenue of acquired portfolio is ₹400+ crores

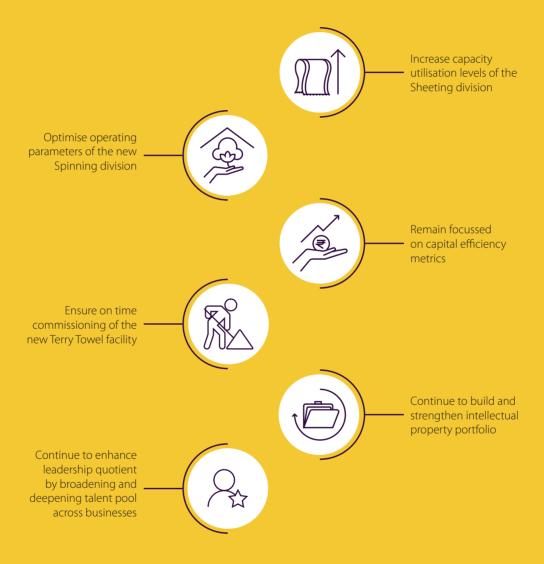

Stable capital efficiency ratios on the ROCE & ROE front despite significant balance sheet expansion

Total Assets crossed the ₹4,000 crore mark and stood at ₹4,219 crores

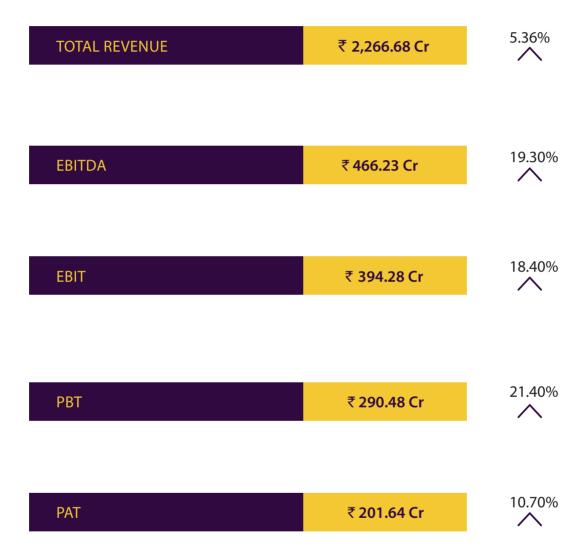

Crossed new milestones on Consolidated Total Revenue, Consolidated EBIDTA and Consolidated PAT fronts

Crossed the 6,000 employee mark

#### Dear Shareholders,

At the outset, fiscal 2018 was a year marked by global macro-economic challenges, historic developments on the domestic regulatory front and an ever changing retail environment both onshore and offshore.

On the domestic front, it was a momentous year for India with all the policy reforms that were put in place to enable both the private and public sector enterprises to continue their sustained and high growth trajectories. The 'One Nation One Tax' GST policy, the transformed regulations on the banking front and various other policy measures will usher in regulatory clarity, allow ease of doing business and stimulate investments.

"Seamless integration from fibre to shelf continues to be an integral part of our business model and helps us build and sustain a competitive advantage across the product categories we operate in."

Globally, while economic growth rates were indeed encouraging, growing protectionism impacted merchandise trade and ignited geo-political tensions, which are a cause of concern and may cast a shadow on global trade going forward. The global retail environment, especially in the advanced economies of North America and Europe, continued to see increased online activity across product categories, and the pace of change in embracing omni-channel retailing continues.

#### **Business Review**

### The World of Manufacturing

At Himatsingka, we have been busy with various consolidation and growth initiatives across our businesses. Seamless integration from fibre to shelf continues to be an integral part of our business model and helps us build and sustain a competitive advantage across the product categories we operate in. Himatsingka augmented its Sheeting capacity by completing its brownfield sheeting expansion in FY 2017. We are pleased to have completed, on

schedule, another landmark project during FY 2018. We commissioned for commercial production, the world's largest Spinning plant under one roof with an installed capacity of 2,11,584 spindles.

This project enhances our integration quotient and relatively de-risks our model from volatile raw material price fluctuations. Himatsingka now operates amongst the world's largest integrated Sheeting plants and the world's largest cotton Spinning plant under one roof. Both these facilities are state-of-the-art and will help drive financial and operating performance going forward.

In order to broaden our home textile manufacturing portfolio, we commenced construction on our new Terry Towel facility that will be equipped with an installed capacity of 25,000 TPA (Tons per Annum). The new plant will be best-in-class, and is scheduled to be commissioned by H1 2020.

We endeavour to continue with our steadfast focus and discipline on operating our manufacturing assets. Capital and operating efficiency parameters have been and remain a key priority going into FY 2019.

"We are pleased to have completed, on schedule, another landmark project during FY 2018. We commissioned for commercial production, the world's largest Spinning plant under one roof with an installed capacity of 2,11,584 spindles."

#### Our Collection of Brands

Our broad manufacturing portfolio, coupled with deep technical and operational know-how, will help us enhance global market share by leveraging our strong brand platforms. FY 2018 has been a busy year vis-à-vis initiatives to enhance our brand portfolio. We concluded the acquisition of the rights to a suite of brands that were a part of the Home portfolio of the Global Brands Group. This will give us exclusive licence rights to the famous and iconic Tommy Hilfiger Home brand, the Copper Fit brand and other brands. This acquisition will augment and strengthen our existing portfolio.

We remain focussed on enhancing branded revenue streams globally. Revenues from brands during FY 2018 crossed the ₹1,600 crore mark. This was a significant jump from the approximately ₹1,100 crores that we clocked during FY 2017.

Our exclusive global rights to the patented DNA technology platform for cotton tagging has ensured that we remain global leaders in the cotton Track & Trace space. Our array of exclusive cotton brands that include the Pimacott®, HomeGrown Cotton® and the Organicott® brands have been well received. They have found their way to shelves across key markets. Augmenting our traceability solutions portfolio will be a key area of focus going into FY 2019.

Himatsingka's brand portfolio consists of over 10 brands now and will drive growth going forward. Our brands appeal to a broad spectrum of consumers and helps us balance our presence across price points and cater to a broader demographic profile.

### **Our Operating Scorecard**

The various initiatives across divisions have augured well for our financial and operating performance during FY 2018. Consolidated Total Revenues grew by 5.3 % and stood at ₹2,266.69 crores versus ₹2,151.60 crores during FY 2017. Our Consolidated Total Revenues have grown at a CAGR of 6.05% over the last 5 years.

Consolidated EBITDA and Profit After Tax (PAT) for FY 2018 grew by 19.3% and 10.7% respectively. While Consolidated EBITDA for FY 2018 stood at ₹466.23 crores versus ₹390.89 crores during FY 2017, Consolidated PAT stood at ₹201.64 crores versus ₹182.10 crores during FY 2017. Our 5 year CAGR for consolidated EBITDA and PAT stood at 22.8% and 28.8% respectively.

Our focus on sweating assets helped us augment our margin profile during FY 2018. Our consolidated EBITDA margin grew from 18.2% in FY 2017 to 20.6% in FY 2018. This was also aided by the commissioning of the Spinning facility in the last quarter of FY 2018.

During FY 2018, consolidated Total Assets saw substantial growth and stood at ₹4,219 crores versus ₹2,893 crores during FY 2017. This was driven by the increase in Gross Fixed Assets, primarily on account of new projects commissioned and under construction during the year. Considering the commissioning of the new Spinning plant occurred on 5 February 2018, the increase in capital employed excluding work-in-progress projects has had an adverse impact on our capital efficiency parameters. The ROCE and ROE for FY 2018, stood at 13.1% and 17.6% respectively.

"Our 5-year CAGR for consolidated EBITDA and PAT stood at 22.79% and 28.75% respectively."

#### Themes for FY 2019

On the manufacturing front, we will remain focussed on enhancing capacity utilisation levels and sweating assets across the value chain. Enhancing our digital quotient via production automation, intensive data analytics and developing cutting-edge applications will be key to monitoring and driving efficiencies.

We will also be focussed on project execution to ensure ongoing capital projects are commissioned on schedule and within budgets. This is important as it will aid in developing new revenue streams and thereby de-risking current revenue streams. On the brands front, we will have a multi-faceted strategy to enhance global market share and will be focussed on the following:

- Developing our presence in the European markets
- · Continuing to strengthen our IP portfolio
- Working with clients to deepen consumer reach via e-commerce and m-commerce channels
- Exploring new product adjacencies to our existing Bedding and Bath solutions

### **Building a Sustainable Enterprise**

Manufacturing solutions aided by enhanced digital platforms and the introduction of robotics to functions across the value chain will be key components of creating a lean and sustainable manufacturing platform.

These next generation shop floors will also help drive cost efficiencies, reduce carbon footprint and embody the highest levels of agility that will be required to respond to the dynamic and everchanging consumer preferences across markets.

"Manufacturing solutions aided by enhanced digital platforms and the introduction of robotics to functions across the value chain will be key components of creating a lean and sustainable manufacturing platform."

However, at the centre of all such initiatives are our people, our mind. We constantly endeavour to train and equip our human capital pool with the right skill and leadership quotient that drive the bold and complex initiatives required to be implemented across our businesses.

We believe that our people are integral not only in achieving tangible corporate goals but also in assisting us to become a responsible enterprise with a holistic approach in conducting our businesses.

Our people are responsible for preserving our culture and upholding our values thus paving the way to deliver sustainable governance for stakeholders.

### Looking Ahead

As we look ahead and introspect on the year gone by, we think about the vibrant and pulsating global economy with all its complexities. To stay relevant in this dynamic environment, it is imperative that we focus on our areas of priority and continue to strengthen our capabilities across businesses and functions. Our strong foundation spanning infrastructure, technical know-how, human capital and a robust value framework will help us build a global sustainable enterprise.

Creating value for our stakeholders, while adhering to our core principles of strong governance and responsible practices, continues to be an integral part of life at Himatsingka.

We take this opportunity to express our sincere gratitude to our shareholders, employees, bankers, clients, suppliers, the Board and other stakeholders for their continued support and belief in Himatsingka.

Sincerely,

Shrikant Himatsingka Managing Director & CEO Dinesh Himatsingka Executive Chairman

### MANAGEMENT DISCUSSION AND ANALYSIS

### GLOBAL ECONOMIC OVERVIEW

Global economic growth for 2017 is estimated at 3.7%, significantly above the earlier forecast of 3.3%. This was driven by the robust performance in the major emerging economies and improved investments across advanced economies. The United States witnessed growth of 2.3% primarily on account of higher investments, buoyant labour markets and enhanced consumer spending. The Eurozone too grew at approximately 2.4% driven by improvements in labour markets and consumption. The global economic growth for 2018 is estimated

at 3.9% compared to 3.7% achieved during 2017. Among the advanced economies, the United States is expected to witness a steady pace of growth while the Euro region and the United Kingdom could witness growth interruptions and challenges given the macro-economic surprises that have surfaced recently. Among emerging market and developing economies, the growth prospects also seem challenging amid the rise in oil prices, escalating trade tensions and currency pressures playing out in fundamentally weak economies.

Table 1: World Economic Growth — Projections

(Source: IMF — World Economic Outlook, July 2018)

 $E^{\Lambda}$  = Expected P\* = Projections

The Global merchandise trade witnessed a positive momentum in 2017 registering a volume growth of 4.7% compared to 1.8% in 2016 on account of global economic growth. The upswing in global trade volume was propelled by improved investment, higher consumption, buoyant commodity prices and expansionary labour markets. In 2017, imports from developing economies witnessed a growth of 7.2% compared to 1.9% in 2016 while exports grew 5.7% compared to 2.3% during previous year. Developed economies, however, saw imports and exports grow by 3.1% and 3.5% in 2017 as compared to 2.0% and 1.1% in previous year, respectively.

The WTO anticipates a global merchandise trade volume growth of 4.4% in 2018, and 4.0% in 2019. This downward bias on growth rate is on account of the escalating trade wars between certain economies. Further, triggers include NAFTA and mounting political uncertainty with regard to Brexit. These events could derail the recovery and depress investments dampening global merchandise trade. In addition, the higher-than-desired inflation rates may trigger interest rate increases that may hinder the underlying growth momentum of merchandise trade.

### INDIAN ECONOMIC OVERVIEW

The long-term growth potential of the Indian economy stands undisputed, and the recent reforms have laid a strong foundation in order to tap this growth potential. The much-awaited Goods and Services Tax (GST), the transformed bankruptcy code and the transparent allocation of natural resources are some of the macro-economic reforms that will be instrumental in driving long-term sustainable economic growth.

Policy reforms are making India a place with unprecedented opportunities for global and domestic businesses. India's progress on the World Bank rankings on the Ease of Doing Business, all-time high Foreign Direct Investment (FDI) achieved during FY 2017 and a sustained focus on fiscal consolidation will aid in achieving buoyant growth rates.

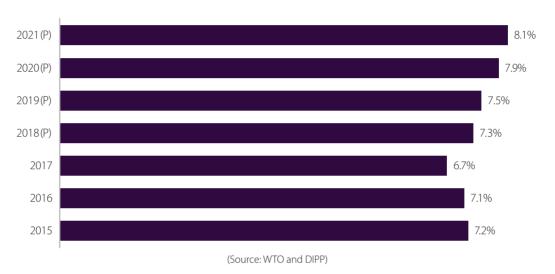

(Source: KPMG Reports and Ministry of Commerce, GOI)

With all the positivity that the reforms have generated, India's GDP growth is expected to come in at 7.5% in 2019, 7.9% in 2020 and 8.1% in 2021. This will make India the fastest growing large economy. While India attempts to sustain a high growth trajectory, it remains focussed on fiscal

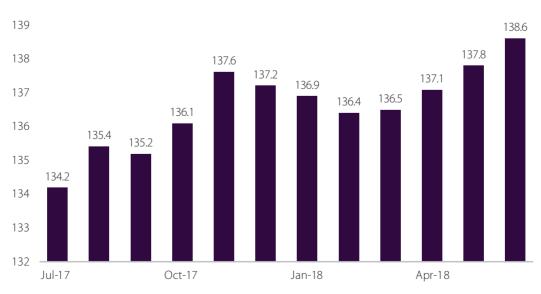

discipline and consolidation. The fiscal deficit is targeted to be reduced to 2.5% of GDP by FY 2023 while the Net Debt to GDP ratio is targeted to come in at 38.7% from the present levels of 49.7% during the same period.

Table 3: India's GDP Growth (% Change)

Inflation unveiled a mixed scenario in 2017–18. The Consumer Price Index (CPI) inflation decreased to 4.3% in March 2018 while the WPI inflation remained unchanged at 2.5% in March 2018. However, inflation is expected to remain buoyant owing to rising crude oil and commodity prices

Table 4: India Consumer Price Index

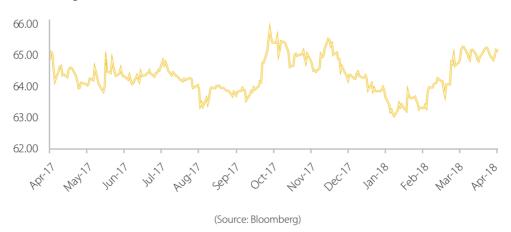

(Source: Ministry of Statistics and Programme Implementation (MOSPI))

The Indian rupee (INR) has shown tremendous strength over the better part of 2017, especially looking at the past trend when it had seen a fall for almost six years. The remarkable rise in INR could have been prompted by strong foreign flows, proactive policy initiatives, and relative weakness in the US dollar. However, a rising INR is not always

welcome for all sectors. As long as the real value of INR is higher than the real value of currencies of other competing nations, Indian exports will be outpriced in the global markets. It is important to acknowledge that rising real exchange rate (REER) remains above 100, which suggests that the Indian currency remains over-valued at current levels.

Table 5: Exchange Rate Movement (USD/INR)

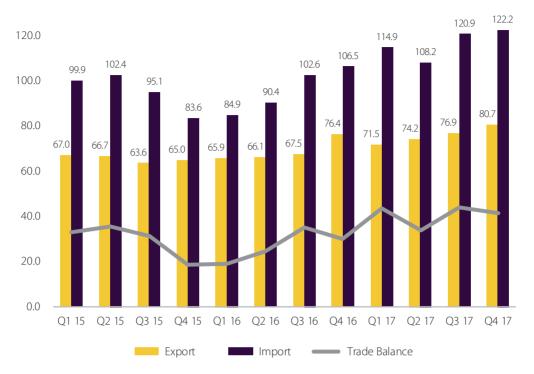

On the trade front, total exports during FY 2017–18 grew at a healthy rate of 11.7% to USD 303.6 billion compared to USD 271.9 billion in FY 2016–17. Major export destinations during FY 2017–18 were North America with a 17.8% share of total export, followed by the EU region with a share of 17.6%. Imports during the fiscal, on the other hand, stood at USD 462.8 billion — an increase of 20.0% from USD 384.5 billion in 2016–17.

As per the current rankings, India is the 20<sup>th</sup> largest exporter (with a share of 1.7%) and the 11<sup>th</sup> largest importer (with a share of 2.5%) of merchandise trade in the world. In Commercial Services Exports, India was the 8<sup>th</sup> largest exporter in 2017 (with a share of 3.5%). India ranks 10<sup>th</sup> globally (with a share of 3.0%) in imports of commercial services.

**USD** billion

(Source: Ministry of Commerce and Industry Department of Commerce)

### **GLOBAL TEXTILE INDUSTRY**

The global textiles and apparel trade for 2017 stood at USD 752 billion (USD 729 billion in 2016) and contributed to 4.6% of global trade (4.6% during 2016). Of USD 752 billion, USD 455 billion came from the apparel sector and USD 296 billion came from the textile sector. The global textile and apparel trade

has witnessed a CAGR of 2.5% from 2007 through 2017. The Global Textile and Apparel Trade is estimated to grow at a CAGR of approximately 4.5%–5.5% and is likely to touch approximately USD 1 trillion by 2023. The Global Home Textile Trade forms a substantial part of the global textile and apparel trade.

Table 7: World Textile & Apparel Trade **USD** billion 

(Source: International Trade Statistics 2017, WTO)

Table 8: Global Home Textiles Growth USD billion 2017\*E ■ Table Linen ■ Furnishing ■ Curtains ■ Blankets ■ Bath/Kitchen Linen ■ Bed Linen ■ Carpets

(Source: UN Comtrade)

### INDIAN TEXTILE INDUSTRY

Textiles and apparel play a major role in the Indian economy. It contributes 14.0% to industrial production and 4.0% to GDP. It employs over 45 million people, making it one of the largest sources of employment generation in the country. The size

of India's textile and garment market in 2017 was approximately USD 150 billion, and is expected to grow to USD 223 billion by 2021, at a CAGR of 10.4% between 2016–21.

\*E=Estimates

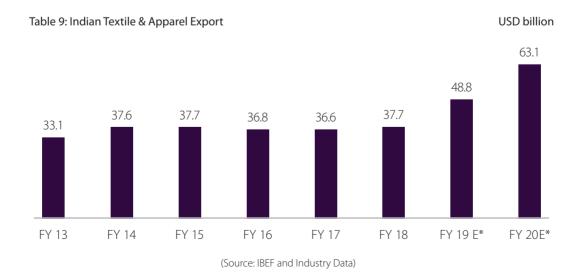

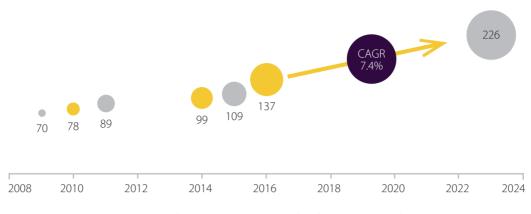

Table 10: Indian Textile and Apparel Industry — Exports & Domestic

(Source: National Investments Promotion and Facilitation Agency and IBEF)

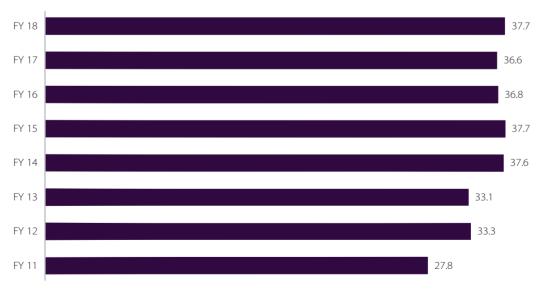

\*E=Estimates

Over the years, India has gradually increased its share in global textile and apparel exports from 3.6% in 2006 to 5.9% in 2017 (Source: WTO). The strong performance of the textile and apparel exports is reflected in the value of exports from the sector over the years. Textile exports witnessed a CAGR of 6.4%

from FY 2007–2018. India has been able to achieve this due to its competitive advantage and capacity built over years. The sector has also witnessed increasing outsourcing as Indian players moved up the value chain, from being mere converters to vendor partners of global retail giants.

Table 11: Indian Exports of Textile and Clothing

USD billion

(Source: IBEF and Industry Data)

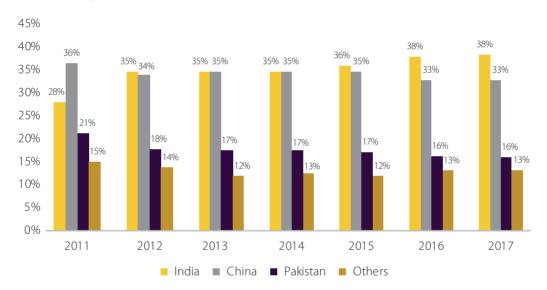

For Himatsingka, the USA continues to be the largest market in FY 2018 as well. The USA imported USD 2.7 billion of cotton-based bedding products primarily from India, China and Pakistan during 2017. The three countries contributed to 87% of the total cotton-based bedding products that were imported into the USA.

The USA has continuously increased its sourcing of cotton sheets, pillow cases, bed spreads and quilts from India, over the years, making India the largest supplier of cotton bedding products to the USA.

The USA continues to dominate the global market for home textile products. The chart below depicts the percentage share of USA imports of Cotton Sheets, Pillow Cases, Bedspreads and Quilts. India and China continued their dominance in the USA market with over a two-third share of imports; with India's share at 38.3% of the total imports (of the above products). Over the years, India's export of the above products to the USA has increased significantly and has overtaken China as the major exporter.

Table 12: US Imports

### % Shares of Countries

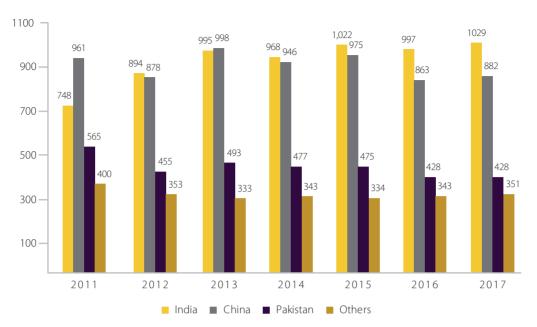

(Source: OTEXA, Department of Commerce, United States of America)

Total imports of these products from India stood at USD 470 million in 2008. Imports grew to USD 1.03 billion in 2017, which translates to a CAGR of 9.1%. China, which used to be the largest player in 2008

with USD 1.2 billion exports to USA. This has declined to USD 882 million in 2017, which translates into a CAGR of -3.8%.

Table 13: US Imports — Cotton Sheets, Pillow Cases, Bed Spreads and Quilts

USD million

(Source: OTEXA, Department of Commerce, United States of America)

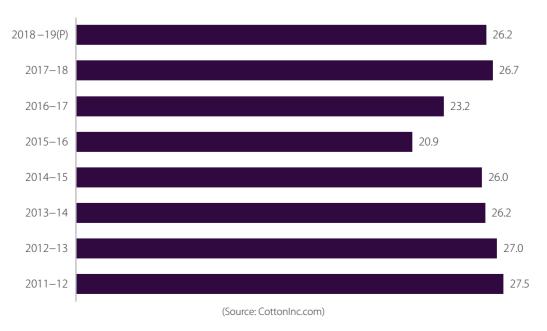

### **GLOBAL COTTON SCENARIO**

Cotton is among the most extensively-used fibres in the global textile space. India's vast cotton resources give it a strong competitive edge, as well as position it to address the growing domestic demand for cotton textiles. After a four-year decline, world cotton production witnessed an uptick commencing 2016–17, and stood at 26.7 million metric tons during the cotton year 2017–18.

However, in 2018–19, the world cotton production is expected to fall 3.6% to about 26.2 million metric tons with declining yields and falling acreage among major cotton producing countries.

Table 14: World Cotton Production

Million Metric Tons

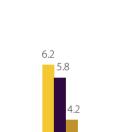

India and China contribute to approximately 50% of the global cotton output. Over the years, India's production has been rising, while China's production has been fluctuating. As a result, India has surpassed China as the world's largest cotton producer. In 2017–18, India contributed 23.2% of the global cotton production, while China contributed 22.4%.

Cotton production in the USA has been increasing over the last 3 years and contributes 17.0% of the world's total cotton production in 2017–18.

Table below shows India's cotton production vis-à-vis China, USA and Pakistan over the last 5 years and also the projection for 2018–19.

Table 15: Cotton Production — Region Wise

Million Metric Tons

(Source:Unites States Department of Agriculture (USDA))

During 2017–18, global cotton production was up 15.1% from 10.9% of the previous year due to notable increase observed among all cotton producing counties like, China, India and USA.

India's 2017–18 production rose by 5.5% owing to increased acreage (up 13%) from the previous year and favourable cotton prices, which was partly offset by lower yields. China's cotton production surged 20.9% in 2017–18 primarily driven by increased cultivation area and robust yields.

The table below gives a snapshot of the world's cotton production over the last 5 years. In 2017–18, global cotton production increased by 15.1%, while the consumption increased by 5.2% as compared to previous year. The increase in production primarily came from China, which contributed 27.0% of the total 3.5 million metric tons increase in global cotton production in 2017–18 over 2016–17.

Table 16: World Cotton Balance Sheet

### WORLD COTTON BALANCE SHEET

### **RISK MANAGEMENT**

RISK FACTORS	RISK	MITIGATION
CONCENTRATION	Concentration on certain markets and customers for a substantial part of the Group's business.	The Group is continuously pursuing opportunities in expanding market presence across new geographies and client groups in order to mitigate the risk.
RAW MATERIAL	Raw material costs account for approximately 55% of the Group's sales. Our operating performance may be adversely impacted by volatility on the cost of raw materials.	The Group's enhanced level of backward integration coupled with identifying alternate sources of supply will help in absorbing volatility.
COMPETITION	Intense competition from other manufacturers from India and China may adversely affect Group's performance.	The Group maintains its competitive advantage given its seamless integration from fibre to shelf including manufacturing capacities of global scale and a brand portfolio with global reach.
CURRENCY	The Group's global presence exposes its businesses to currency fluctuations which may have an adverse effect on its financial performance.	With an established Currency Risk Management Policy, the foreign currency exposures are continuously monitored and hedged on rolling basis which helps mitigate volatility risk.
REGULATORY	The Textile Industry is exposed to domestic and international regulations and policies, which may change from time to time, thereby potentially impacting financial performance.	The Group continues to engage with policy makers through industry bodies and other stakeholders to access, review and represent concerns stemming from policy-related matters.

### INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company's internal control systems ensure proper safeguarding of assets, maintaining proper accounting records and reliable financial information. An external independent firm carries out the internal audit of the Company's operations and reports its findings to the Audit Committee on a regular basis. Internal Audit also evaluates the functioning and quality of internal controls and provides assurance of its adequacy and effectiveness through periodic reporting.

The combination of policies and processes address the various risks associated with the Company's business. The Company periodically reviews the risk management framework to maintain its contemporariness so as to effectively address the emerging challenges in a dynamic business environment.

### **HUMAN RESOURCES**

Our approach to Human Resources has enabled us to be able to attract, integrate, develop and retain the talent required for driving sustainable growth. The continued focus on enhancing employee capabilities and benchmarking to be able to deliver best-in-class working environments have helped the Group maintain its leadership in the Home Textile industry.

Our HR processes and systems have enabled us to be agile and responsive to the dynamic global environment that prevails today. We are focussed on creating a culture that is performance-driven and recognises innovation across the spectrum of activities within the Group. The Group employs over 6,000 people across its businesses.

### DISCUSSION — CONSOLIDATED FINANCIAL PERFORMANCE

### **CONSOLIDATED INCOME STATEMENT**

A summary of our financial performance for FY 2018 and FY 2017 is as follows:

(₹ Lacs)

Particulars	2017–18	2016–17	Change %
Revenue from operations	224,906	213,841	5.2%
Other income	1,763	1,319	33.7%
Cost of materials consumed	118,565	122,671	-3.3%
As a % of revenue	52.7%	57.4%	-
Employee benefit expenses	20,912	19,743	5.9%
Other expenses	40,569	33,657	20.5%
EBITDA	46,623	39,089	19.3%
Depreciation	7,195	5,801	24.0%
EBIT	39,428	33,288	18.4%
Interest and finance costs	10,380	9,353	11.0%
Profit before tax	29,048	23,935	21.4%
Profit after tax	20,164	18,210	10.7%

### Revenue Analysis

 Consolidated revenue for the year increased by 5.4% to ₹2,26,668 lacs, on account of healthy growth from Brands. Branded revenue grew from ₹1,10,000 lacs in 2016–17 to ₹1,61,000 lacs in 2017–18.

### **Expenditure Analysis**

- The cost of materials consumed stood at
   ₹118,565 lacs during the year. Material costs as a
   percentage of revenue decreased from 57.4% to
   52.7% on account of changes in product
   mix, GST benefits and commissioning of the
   Spinning plant.
- Employees benefit expenses increased by 5.9% to ₹20,912 lacs on account of annual inflation, employee additions in the expanded Sheeting

- capacity and in the newly-commissioned Spinning plant which is a backward integration in the value chain.
- Interest and finance charges increased by 11% to ₹10,380 lacs owing to the term loans taken for the new projects, and increased working capital.

### **Profitability Analysis**

- EBITDA increased by 19.3% to ₹46,623 lacs.
   The EBITDA margins improved to 20.6% compared to 18.2% in the previous year.
- The consolidated profit after tax for the year increased by 10.7% to ₹20,164 lacs.

### **CONSOLIDATED BALANCE SHEET**

The analysis of our Consolidated Balance Sheet for FY 2018 and FY 2017 is shown here:

(₹ Lacs)

		, ,
Particulars	As on 31/03/2018	As on 31/03/2017
Property, plant and equipment including CWIP and intangible assets	1,95,814	1,07,870
Goodwill	35,104	34,142
Other financial assets	31,687	12,434
Deferred tax assets (net)	3,142	3,744
Non-current income tax assets (net)	888	793
Other assets	32,852	29,780
Inventories	99,027	75,388
Trade receivables	9,910	6,827
Cash and cash equivalents	13,472	18,359
Total Assets	4,21,895	2,89,337
Equity share capital	4,923	4,923
Other equity	1,17,830	1,01,803
Total borrowings	2,25,517	1,40,727
Provisions	1,816	1,621
Deferred tax liabilities (net)	793	95
Other liabilities	27,941	9,796
Trade payables	35,114	26,146
Other current financial liabilities	4,936	3,208
Current Income tax liabilities (net)	3,025	1,017
Total Assets	4,21,895	2,89,337

### **Analysis of Assets**

- Property, Plant and Equipment including CWIP and Intangible assets increased by ₹87,944 lacs mainly on account of commissioning of the new Spinning plant and additions to the Sheeting capacity, including the applicable government incentives accounted in line with Ind AS 20 (Accounting for Government Grants and Disclosure of Government Assistance).
- Goodwill increased by ₹962 lacs to ₹35,104 lacs due to translation impact.
- Other financial assets increased by ₹19,253 lacs mainly on account of increase in subsidy receivable under various government schemes by ₹12,713 lacs, and the increase in current and non-current investments ₹12,545 lacs, partially set off by the decrease of ₹4,453 lacs in mark-to-market derivative asset and long-term deposits of ₹1,543 lacs.
- Inventories increased by ₹23,639 lacs in preparation for launch of new programmes.

- Other assets increased by ₹3,072 lacs mainly due to increase in balance with statutory authorities by ₹7,140 lacs, and increase in government subsidy by ₹3,999 lacs set off by the decrease in capital advances by ₹8,681 lacs.
- Trade receivable increased by ₹3,082 lacs in line with revenue growth, and the timing of the sales towards the close of the financial year.

### Analysis of Liabilities

- Total borrowings increased to ₹225,517 lacs mainly due to additional borrowings towards new projects by ₹51,367 lacs, and increase of ₹33,422 lacs in short-term borrowings. The increase in short-term borrowings was primarily on account of delay in receiving export incentives, state subsidies and GST refunds.
- Provisions increased by ₹195 lacs, mainly due to the provision for gratuity.
- Other liabilities increased by ₹18,145 lacs mainly due to deferred revenue arising from government incentives accounted in line with Ind AS 20 (Accounting for Government Grants and Disclosure of Government Assistance).

### **BOARDS' REPORT**

Your Directors are pleased to present the Thirty Third Annual Report on the operations and performance of your Company, together with audited financial statements and auditors' report for the year ended March 31, 2018.

### 1. Performance Review for FY18 and Outlook

The financial highlights for the year under review are given below:

(₹ Lacs)

Particulars		Standalone			Consolidated	
	2017-18	2016-17	Change %	2017-18	2016-17	Change %
Revenue from Operations	160,803	139,807	15.02	224,906	213,841	5.17
Other Income	3,551	4,192	-15.28	1,763	1,319	33.66
Total Revenue	164,354	143,999	14.13	226,669	215,160	5.35
EBITDA	41,994	35,155	19.45	46,623	39,089	19.27
EBITDA Margin (%)	26.12	25.15	-	20.73	18.28	-
EBIT	36,465	30,855	18.18	39,428	33,288	18.45
Profit before exceptional items	29,360	24,490	19.88	29,048	23,936	21.36
Profit before tax	29,360	24,490	19.88	29,048	23,936	21.36
Tax Expense	8,755	6,805	28.64	8,884	5,725	55.18
Profit after tax	20,605	17,684	16.52	20,164	18,210	10.73

During FY18, Consolidated Total Revenue increased by 0.53% % to ₹ 2,26,669 Lacs and Consolidated EBITDA grew by 4.86 % to ₹ 46,623 Lacs. The increase in EBITDA was driven mainly by growth in Revenues, optimization of costs and increase in operational efficiencies across the Group.

During the year, the Company made significant progress on various initiatives across its businesses. The key achievements of FY18 are as follows:

- First full year of operations of the integrated Sheeting facility after completion of its brownfield expansion. The operating parameters and utilization levels were stable through the year.
- Successfully commissioned the new Greenfield cotton Spinning facility during Q4 FY18. The plant has an installed capacity of 211,584 spindles and is the world's largest plant under one roof. This project facilitates the Group's backward integration initiatives.
- Concluded the acquisition of the home portfolio from the Global Brands Group. This initiative is in line with the Group's focus on augmenting revenue streams from brands.
- Commenced construction of the greenfield integrated Terry Towel project during Q4 FY18. This project will help augment the Group's home textile manufacturing portfolio.
- The Group consolidated and enhanced revenue streams from its brand portfolio. Revenues from brands stood at ₹ 1,610 Crores compared to ₹ 1,100 Crores in FY17.

### **Subsidiary and Associate Companies**

As on March 31, 2018, the Company had the following subsidiaries and associate companies:

### **Subsidiaries**

- HimatsingkaWovens Private Limited,
- Himatsingka Holdings NA Inc,
- Himatsingka America Inc.,
- Himatsingka Europe Limited,
- Giuseppe BelloraSrl.
- Himatsingka Singapore Pte. Limited,
- Twill & Oxford LLC.

### **Associate Company**

• Himatsingka Energy Private Limited

As required under section 129(3) of the Companies Act, 2013, the Company has prepared consolidated financial statements which form a part of the Annual Report.

The consolidated financial statements presented by the Company includes the financial results of its subsidiary companies. Further, a statement containing the salient features of the financial statements of its subsidiaries in form AOC-1 is annexed to this report as **Annexure 1.** 

Pursuant to section 136 of the Companies Act, 2013, the audited financial statements of the subsidiaries are available on the Company's website at http://www.himatsingka.com/financial-information.html. The Balance Sheet, Statement of Profit and Loss and other documents of the subsidiary companies are kept for inspection at the registered office of the Company and that of the respective subsidiary companies. The Company will make available separate audited and unaudited financial statements of the subsidiary companies and the related information to any member of the Company who may be interested in obtaining it.

As required under Regulation 24 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company has drafted a policy for determining material subsidiaries. The policy has been disclosed on the Company's website and can be found at http://www.himatsingka.com/corporate-governance.html

### **Research and Development**

Research and development continues to provide valuable support to our business and has helped us to keep pace with dynamic market conditions. We continue to give in-house research and innovation the highest priority.

### Environment, Safety, Energy conservation and Technology absorption

Safety and environmental protection remain a key area of focus for the Company. Investments are continuously made in projects that reduce / treat waste and increase energy efficiencies. We regularly upgrade our effluent treatment and water recycling plants to keep abreast with technological advancements and ensure eco-friendly production and best in class employee safety standards.

### 2. Dividend

Your Directors in their meeting held on May 25, 2018, have recommended a final dividend of 50% (₹ 2.50 per equity share) for the financial year ended March 31, 2018, subject to approval by the shareholders at the ensuing Annual General Meeting.

### 3. Transfer to Reserves

During the year the Company has not transferred any amount to reserves.

### 4. Extract of Annual Return

Pursuant to Section 134 read with Section 92(3) of the companies Act, 2013, the requirement of including the extract of Annual Return (Form MGT 9) as an annexure in the Board's Report has been done away with as per notification of Section 36 of the Companies (Amendment) Act, 2017. In this regard the extract of Annual Return is disclosed on the Company's website and can be found at http://www.himatsingka.com/anual-report.html.

### 5. Number of meetings of the Board

The details of the meetings of the Board and the details of the attendance of the Directors in the meetings are provided in the Corporate Governance Report appearing elsewhere in the Annual Report.

### 6. Directors' Responsibility Statement

As required by the provisions of Section 134(3)(c) of the Companies Act, 2013 we, the Directors of Himatsingka Seide Limited, confirm the following:

- (a) in the preparation of the annual accounts, the applicable accounting standards has been followed along with proper explanation relating to material departures;
- (b) the directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company at the end of the financial year and of the profit and loss of the company for that period;
- (c) the directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013, for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;
- (d) the directors have prepared the annual accounts on a going concern basis; and
- (e) the directors, have laid down internal financial controls to be followed by the company and such internal financial controls are adequate and are operating effectively;
- (f) the directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

### 7. Declaration by Independent Directors

The Company has received from each of its Independent Directors, the declaration as stipulated under Section 149(7) of the Companies Act, 2013, confirming that the Director meets the criteria of independence as laid down under section 149(6) of the Companies Act, 2013.

### 8. Nomination and Remuneration Policy

The Company has formed a Nomination and Remuneration Committee as required under Section 178 of the Companies Act, 2013. The Committee has formulated a policy as required under Section 178(3) of Companies Act, 2013 stipulating the criteria for determining qualifications, positive attributes and independence of a director and also the criteria relating to the remuneration for the directors, key managerial personnel and other employees and their performance evaluation. Pursuant to the proviso of sub-section (4) of Section 178 of the Companies Act, 2013, the aforesaid policy is available on the Company's website at http://www.himatsingka.com/corporate-governance.html.

### 9. Auditors and Auditors' Report

### **Statutory Audit**

The report of Statutory Auditors M/s BSR and Co., LLP, Chartered Accountants, for FY 2017-18 (appearing elsewhere in the Annual Report) does not have any qualification, reservation or adverse remarks.

Pursuant to the provisions of Section 139 of the Companies Act, 2013 and the rules framed thereafter, M/s. BSR and Co., LLP, Chartered Accountants, were appointed as statutory auditors of the Company and are to hold office until the conclusion of the 37<sup>th</sup> Annual General Meeting of the Company, subject to ratification by the Members at every Annual General Meeting till the 37<sup>th</sup> Annual General Meeting of the Company.

The requirement relating to ratification of Auditors by the members of the Company at every AGM has been dispensed with by the Companies Amendment Act, 2017 vide Notification No. S.O. 1833(E) dated May 07, 2018. Pursuant to the said amendment, during the five-year term of appointment / re-appointment of Statutory Auditors, ratification of the appointment / re-appointment by the members in the Annual General Meeting is not required. Accordingly, business item of ratification of re-appointment of Statutory Auditors is not included in the Notice dated August 09, 2018, calling 33rd Annual General Meeting of the Company.

### **Secretarial Audit**

The Company had appointed Mr. Vivek Bhat, Company Secretary in Practice, Bengaluru, to conduct the secretarial audit as required under Section 204 of the Companies Act, 2013. The Secretarial Audit Report given by Mr. Vivek Bhat is appended as **Annexure 2** to the Board's Report.

### In the above mentioned report, Mr. Vivek Bhat has made the following comment:

"The Company could not spend the eligible profit on Corporate Social Responsibility measures. However, the Company has constituted the CSR Committee and its constitution was as per the regulation."

### **Board's Response to Comments of Secretarial Auditor**

During the year, the Company registered the "Himatsingka Foundation" trust to undertake various CSR activities including rural development, education and other community development programs. The Company is preparing a detailed plan for the implementation for various programs on a sustainable basis and hence was unable to spend the required amounts in FY18.

As per the provisions, the total amount to be spent by the Company on CSR activities for the FY 2017-18 was ₹ 368.59 Lacs. During the year, an amount of ₹61.83 Lacs was spent by the Company.

### **Cost Auditors**

Since the Company's export revenue, in foreign exchange, for the financial year 2017-2018 was greater than 75% (seventy five percent) of the total revenue of the Company, the Company falls within the exemption specified in Clause 4(3) of The Companies (Cost Records and Audit) Rules, 2014. In view of this, there is no requirement to furnish cost audit of cost records of the Company for its units at Hassan and Doddaballapur.

### 10. Particulars of Loans, Guarantees, Investments and Securities made

The particulars of loans made, guarantees given, investments made and securities provided as per the provisions of Section 186 of the Companies Act, 2013 and the relevant rules made thereunder are given in the notes to the standalone financial statements.

### 11. Particulars of Contracts or arrangements with related parties

All transactions entered into by the Company with its related parties are at arm's length and in the ordinary course of business. However, the list of material related party transactions as per the Company's policy on related party transactions, as required under rule 8(2) of Companies(Account) Rules, 2014, is annexed to the Board's Report as **Annexure 3.** 

The Company has also formulated a policy on dealing with Related Parties Transactions as required under Regulation 23 of SEBI(Listing Obligations and Disclosure Requirements) Regulations, 2015. The same is available in the Company's website at http://www.himatsingka.com/corporate-governance.html.

### 12. Other Significant Events

Scheme of Arrangement between the Company and Himatsingka Wovens Private Limited: Himatsingka Wovens Private Limited ("HWPL"), a wholly owned subsidiary of the Company and conducts the retail business in India. The Company wishes to demerge the retail business into the Company and retain the real estate assets in HWPL. The Scheme of Arrangement is subject to the approval of the Shareholders and forms part of the notice of the ensuing 33rd Annual General Meeting of the Company.

### 13. Material changes

Himatsingka America Inc., a wholly owned subsidiary of Himatsingka Seide Limited concluded the acquisition of the home portfolio from the Global Brands Group Holding Limited on May 18, 2018. The acquired home portfolio includes the exclusive license rights to the famous and iconic Tommy Hilfiger Home brand, the Copper Fit brand and other brands.

### 14. Conservation of energy, Technology absorption & Foreign exchange

The details of conservation of energy, technology absorption and foreign exchange are annexed to the Board's Report as **Annexure 4.** 

### 15. Risk Management

The Company has developed and implemented a comprehensive Risk Management Policy and framework to counter and mitigate the various risks encountered by the Company. In terms of the provisions of Section 134 of the Companies Act, 2013 a Risk Management Report is set out in this Annual Report.

### 16. Board Committees

The details pertaining to the composition of Board Committees are included in the Corporate Governance report, which is part of this report.

The details of the composition of CSR Committee, the CSR Policy and the CSR spending have been elaborated in the **Annexure 5** to this report.

### 17. Board Performance Evaluation

The Company has, during the year, conducted an evaluation of the Board as a whole, its committees and the individual Directors including the Independent Directors as stipulated in the Nomination and Remuneration Policy adopted by the Company. The evaluation was carried out through different evaluation forms which covered among others the evaluation of the composition of the Board/ committee, its effectiveness, activities, governance, and with respect to the Chairman and the individual Directors, their participation, integrity, independence, knowledge, impact and influence on the Board.

The Independent Directors of the Company also convened a separate meeting and evaluated the performance of the Board, the Non-Independent Directors and the Chairman.

### 18. Directors and Key Managerial Personnel

In accordance with the provisions of the Companies Act, 2013, and Articles of Association of the Company, Mr. V Vasudevan, Executive Director, retires by rotation and being eligible, offers himself for re-appointment. His re-appointment will be placed as one of the agenda items in the ensuing Annual General Meeting.

In accordance with the provisions of the Companies Act, 2013, the Board appointed Mr. Ashutosh Halbe as the Interim Chief Financial Officer of the Company w.e.f. July 5, 2017. Subsequently the Board at its meeting held on July 26, 2017 approved the appointment of Mr. K. P. Rangarai, as the President Finance and Group Chief Financial Officer w.e.f., August 2, 2017.

### **Retirements and Resignations**

- Mr. Berjis Desai resigned as Director with effect from May 23, 2017
- Mr. Aditya Himatsingka resigned as Executive Director with effect from May 23, 2017
- Mr. Ashutosh Halbe resigned as Interim Chief Financial Officer with effect from August 2, 2017 and continued to serve as Chief Financial Officer of North American operations.

Your Directors wish to place on record their deep appreciation for the outstanding contributions and services rendered by Mr. Berjis Desai and Mr. Aditya Himatsingka during their tenure.

### 19. Vigil Mechanism

As a vigilant organization, the Company takes adequate measures to ensure the highest standards of transparency, professionalism, integrity and compliance in its conduct of business.

It is Company's endeavor to provide its employees a secure working environment and therefore the Company has established a "Whistle Blower Policy" as required under the Companies Act, 2013. The same is also available on the Company's website.

Mr. Ashok Sharma, Company Secretary, has been designated as the Chief Compliance Officer under the policy and employees may report any lapse or suspected lapse of integrity and or compliance of any nature, financial or otherwise to him. In exceptional cases, where the Whistle Blower is not satisfied with the outcome of the investigation and or the decision, she/he may make a direct appeal to the Chairman of the Audit Committee, whose contact details are part of the Whistle Blower Policy.

During the year, no complaints were received under this mechanism.

20. Remuneration of Directors and Key Managerial Personnel (KMP)

a) Details of Directors' remuneration

a) Details of Directors' remuneration	neration						(₹ Lacs)
Director	DIN	Sitting fees	Salaries and Perks	Commission	Total	Ratio (x)	% Change

### Form No. MR-3 SECRETARIAL AUDIT REPORT

For the Financial Year ended March 31, 2018

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To.

### The Members M/s Himatsingka Seide Limited

10/24, Kumara Krupa Road High Grounds, Bangalore – 560001

I have conducted the secretarial audit of the compliance of applicable statutory provision e Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2018, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by M/s Himatsingka Seide Limited for the financial year ended on 31st March, 2018 according to the provisions of:

- I. The Companies Act, 2013 (the Act) and the Rules made thereunder;
- II. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder;
- III. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- IV. Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of investment in overseas subsidiary and External Commercial Borrowings;
- V. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act')
  - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
  - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
  - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements)Regulati egulations, 1993 regarding the Companies Act and dealing with client;
  - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
  - h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
- VI. Other laws applicable to the Company like Factories Act, 1948, The Payment of Gratuity Act etc.,

### I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with the BSE Limited, National Stock Exchange of India Limited.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards etc mentioned above except to the extent as mentioned below

1. The company could not spend the eligible profit on Corporate Social Responsibility measures. However the Company has constituted the CSR Committee and its constitution was as per the regulation.

### I further report that,

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non- Executive Directors, Woman Director and Independent Directors. The Changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act. Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting. Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

**I further report that** there are adequate systems and processes in the company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

Place: BengaluruVIVEK BHATDate: July 4, 2018Practicing Company Secretary, CP 8426

This report is to be read with my letter of even date which is annexed as Annexure A and forms an integral part of this report.

### Annexure A

To, The Members M/s Himatsingka Seide Limited 10/24, Kumara Krupa Road High Grounds, Bangalore – 560001.

My report of even date is to be read along with this letter.

- 1. Maintenance of secretarial record is the responsibility of the management of the Company. My responsibility is to express an opinion on these secretarial records based on my audit.
- 2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. I believe that the processes and practices, I followed provide a reasonable basis for my opinion.
- 3. I have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company.
- 4. Wherever required, I have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
- 5. The Compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. My examination was limited to the verification of procedures on test basis.
- 6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

### **Dr. K R S Murthy** (Chairman, CSR Committee)

### Annexure 6

### CORPORATE GOVERNANCE

Pursuant to Regulation 34(3) and Schedule V(C) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("LODR").

### 1. Company's Governance Philosophy

Corporate Governance refers to a combination of laws, regulations, procedures, implicit rules and good corporate practices that ensure Company's adherence to fair practices in order to meet the obligations to various stakeholders.

Himatsingka is committed to set the highest standards of Corporate Governance in order to create stakeholder value. We believe Corporate Governance is integral to managing and monitoring a corporation with the highest degree of responsibility. At its core, our governance practices endeavor to maximize integrity, transparency, ethical practices and accountability in the conduct of business. The Corporate Governance framework ensures that we make timely and accurate disclosures regarding the financial and operating performance, ownership and governance of the Company.

Your Company will continue to focus its resources and capabilities to ensure Corporate Governance practices are current, relevant and sustainable in order to safeguard the interest of stakeholders and strengthen the very foundation and principles on which the Company builds and expands businesses.

Chairmanship/Membership of only Audit Committee and Stakeholders' Relationship Committee is considered.

<sup>\*\*</sup> Resigned w.e.f., May 23, 2017

During the year 2017-18, the Board of Directors met eight times on the following dates: May 23, 2017, July 5, 2017, July 26, 2017, August 10, 2017, September 23, 2017, November 7, 2017, February 9, 2018 and March 31, 2018. The time gap between two meetings did not exceed 120 days.

### Code of Conduct

The Company has adopted the Code of Conduct for the Board of Directors and Senior Management Personnel of the Company. The Company has received confirmations from the Directors as well as Senior Management Personnel regarding compliance of the Code during the year under review. Both the codes are posted on the website of the Company.

During the year, information as required under Schedule II part A of Regulation 17 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 has been placed to the Board for its consideration.

### **Familiarization Programme and Training**

The Board members are provided with necessary documents/brochures, reports and internal policies to enable them to familiarize with the Company's procedures and practices. In addition, presentations are made at the Board and Committee Meetings on the performance of the Company along with subsidiaries and quarterly updates on relevant statutory changes. The details of familiarization programme for Independent Directors are posted on the website of the Company at http://www.himatsingka.com/corporate-governance.html .

### **Re-appointment of Directors**

In accordance with the provisions of the Companies Act, 2013, and the Articles of Association of the Company, Mr. V.Vasudevan being eligible, offers himself for re-appointment. His re-appointment will be placed as one of the agenda in the ensuing Annual General Meeting.

### 3. Audit Committee

The constitution of the Committee is in conformation with the requirements under Section 177 of the Companies Act, 2013 and Regulation 18 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. No changes were required to be made to the Committee structure during the year.

The Audit Committee of the Board, inter alia, provides reassurance to the Board on the existence of an effective internal control environment that ensures:

- efficiency and effectiveness of operations;
- safeguarding of assets and adequacy of provisions for all liabilities;
- reliability of financial and other management information and adequacy of disclosures;
- compliance with all relevant statutes.

### The functions of the Audit Committee include the following:

- The recommendation for appointment, remuneration and terms of appointment of auditors of the Company;
- Review and monitor the auditor's independence and performance, and effectiveness of audit process;
- Examination of the financial statement and the auditors' report thereon;
- Approval or any subsequent modification of transactions of the Company with related parties;
- Scrutiny of inter-corporate loans and investments;
- Valuation of undertakings or assets of the Company, wherever it is necessary;
- Evaluation of internal financial controls and risk management systems;
- Monitoring the end use of funds raised through public offers and related matters;
- Oversight of the Company's financial reporting process and the disclosure of its financial information to ensure that the financial statement is correct, sufficient and credible;
- Approval of payment to statutory auditors for any other services rendered by the statutory auditors;
- Reviewing, with the management, the annual financial statements and auditor's report thereon before submission to the Board for approval, with particular reference to:
  - ➤ Matters required to be included in the Director's Responsibility Statement to be included in the Board's report in terms of clause (c) of sub-section 3 of section 134 of the Companies Act, 2013;
  - > Changes, if any, in accounting policies and practices and reasons for the same;
  - > Major accounting entries involving estimates based on the exercise of judgment by management;
  - > Significant adjustments made in the financial statements arising out of audit findings;
  - > Compliance with listing and other legal requirements relating to financial statements;
  - Disclosure of any related party transactions;
  - ➤ Modified opinion(s) in the draft audit report;

- Reviewing, with the management, the guarterly financial statements before submission to the Board for approval;
- Reviewing, with the management, the statement of uses / application of funds raised through an issue (public issue, rights issue, preferential issue, etc.), the statement of funds utilized for purposes other than those stated in the offer document / prospectus / notice and the report submitted by the monitoring agency monitoring the utilisation of proceeds of a public orrights issue, and making appropriate recommendations to the Board to take up steps in this matter;
- Reviewing, with the management, performance of statutory and internal auditors, adequacy of the internal control systems;
- Reviewing the adequacy of internal audit function, if any, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit;
- Discussion with internal auditors of any significant findings and follow up there on;
- Reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the Board;
- Discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post audit discussion to ascertain any area of concern;
- To look into the reasons for substantial defaults in the payment to the depositors, debenture holders, shareholders (in case of non-payment of declared dividends) and creditors;
- To review the functioning of the Whistle Blower mechanism;
- Approval of appointment of CFO (i.e., the whole-time Finance Director or any other person heading the finance function or discharging that function) after assessing the qualifications, experience and background, etc. of the candidate;

During the year 2017-18, the Audit Committee met on seven occasions i.e. May 23, 2017, July 5, 2017, July 26, 2017, August 10, 2017, November 7, 2017, February 9, 2018 and March 31, 2018. The minutes of the Audit Committee meetings are placed before the Board of Directors in the subsequent Board Meeting. The Chairman of the Committee was present in all the seven meetings held.

The constitution of the Audit Committee and attendance of the members for the year 2017-18 is as under:

Name of Director	Position	No. of meetings attended/ held
Mr. Rajiv Khaitan	Chairman	7/7
Dr. K.R.S. Murthy	Member	7/7
Mr. Berjis M Desai*	Member	1/1
Mr. Shrikant Himatsingka	Member	6/7
Ms. Sangeeta Kulkarni	Member	7/7

<sup>\*</sup> Resigned w.e.f., May 23, 2017

Mr. Rajiv Khaitan. Chairman of the Audit Committee was present at the last Annual General Meeting. The Statutory Auditor, Internal Auditor, and the Chief Financial Officer are invited to attend and participate at meetings of the Committee. The Company Secretary acts as the secretary to the Committee.

### 4. Nomination and Remuneration Committee

The constitution of the Committee is in conformation with the requirements under Section 178 of the Companies Act, 2013 and Regulation 19 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The Nomination and Remuneration Committee of the Board comprises of three Independent Directors. During the year 2017-18, the Committee met on Six occasions i.e., May 23, 2017, July 5, 2017, July 26, 2017, August 10, 2017, November 7, 2017 & February 9, 2018.

The annual compensation of the Executive Directors is approved by the Committee within the parameters set by the shareholders at their meetings.

The Committee has devised a Nomination and Remuneration Policy in line with the requirements under the Companies Act, 2013 and under the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, which includes performance evaluation criteria for Independent Directors and the Board. The minutes of the Nomination and Remuneration Committee meetings are placed before the Board of Directors in the subsequent Board Meeting. The Chairman of the Committee was present in all the six meetings held. The Policy is enclosed as an annexure to the Boards' Report.

The following Directors are the members of the Committee:

Name of Director	Position	No. of meetings attended/ held
Mr. Rajiv Khaitan	Chairman	6/6
Dr. K.R.S. Murthy	Member	6/6
Mr. Berjis M Desai*	Member	1/1
Ms. Sangeeta Kulkarni**	Member	5/5

<sup>\*</sup>Resigned w.e.f., May 23, 2017; \*\* Appointed as member of the Committee w.e.f., June 30, 2017,

Ms.Sangeeta Kulkarni	2.10	Nil	12.00	14.10
Mr. Berjis M Desai*	0.30	Nil	Nil	0.30
Mr. Aditya Himatsingka *	Nil	11.78	Nil	11.78

<sup>\*</sup>Resigned w.e.f., May 23, 2017; ^Paid to Khaitan and co, LLP.

### The Contract tenures of the Executive Directors are as follows:

No	Name	Tenure
1.	Mr. D. K. Himatsingka	From April 1, 2014 to March 31, 2019
2.	Mr. Shrikant Himatsingka	From June 3, 2013 to June 2, 2018
3.	Mr. V. Vasudevan	From May 21, 2016 to May 20, 2021

The following represent the details of pecuniary transactions entered by the Company where the non-executive Directors are interested:

(₹ Lacs)

Name of the Director	Purpose	Amount
Mr. Rajiv Khaitan	Professional fees paid to Khaitan & Co. LLP	33.27

Mr. Rajiv Khaitan is a senior partner of M/s. Khaitan & Co., LLP, Solicitors and Advocates who have professional relationship with the Company.

Apart from the above, none of the other Non-Executive Directors have any pecuniary relationship or transaction with the Company, its promoters, its management or its subsidiaries.

### Criteria for making payments to Non-Executive Directors:

The Non-Executive Directors (NEDs) are paid remuneration by way of Commission and Sitting Fees. In terms of the shareholders' approval obtained at the AGM held on September 23, 2014 for a period of five years commencing from April 1, 2014, the Commission is paid at a rate not exceeding 1% per annum of the profits of the Company computed in accordance with Section 197 of the Companies Act, 2013. The approval for payment of commission to NEDs is valid upto March 31, 2019.

A sitting fee of ₹ 10,000/- for attendance at each meeting of the Board, Audit Committee, Remuneration Committee, Risk Management Committee and Independent Directors' meeting is paid to its Members (excluding Executive Directors).

The Company also reimburses out-of-pocket expenses to Directors for attending meetings.

### 6. Share Transfer Committee

The Company has a Share Transfer Committee. This comprises three Directors. The Committee deals with various matters relating to share transfer, share transmission, issue of duplicate share certificates, the approval of split and consolidation requests, the dematerialization and re-materialisation of shares as well as other matters that relate to the transfer and registration of shares. The members of this committee are Mr. D.K. Himatsingka, Mr. Shrikant Himatsingka and Mr.V Vasudevan.

### 7. Stakeholder's Relationship Committee

The constitution of the Committee is in conformation with the requirements under Section 178 of the Companies Act, 2013 and Regulation 20 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The Company has a Stakeholders Relationship Committee comprising of three Directors and the Chairman is an Independent, Non-Executive Director. The Committee looks into redressing of shareholder and investors complaints like transfer of shares, non-receipt of annual reports, non-receipt of declared dividend and related matters.

Four meetings of the Committee were held during the year – on May 23, 2017, August 10, 2017, November 7, 2017 and February 9, 2018. The Chairman of the Committee was present in all the four meetings held.

The minutes of the Stakeholders Relationship Committee meetings are placed before the Board of Directors in the subsequent Board meeting.

Constitution of Stakeholders Relationship Committee for the year 2017-18 and related information:

Name of Director	Position	No. of meetings attended/ held
Dr K R S Murthy	Chairman	4/4
Mr. Rajiv Khaitan	Member	4/4
Mr. D.K. Himatsingka	Member	4/4

The Company Secretary of the Company acts as the secretary to the Committee.

There were no pending investor complaints at the beginning of the year. During the year 2017-18, the Company received 141 investor complaints, which have been attended to and no complaints remain unresolved at the end of the year.

### 8. Risk Management Committee

The Board has constituted a Risk Management Committee whose prime responsibility is to implement and monitor the risk management plans and policy of the Company. During the year two meetings of the Committee were held on August 10, 2017 and February 9, 2018. The minutes of Risk Management Committee meetings are placed before the Board of Directors in the subsequent Board meeting.

Constitution of Risk Management Committee for the year 2017-18 and related information:

Name of Director	Position	No. of meetings attended/ held

# INDEPENDENT AUDITOR'S CERTIFICATE ON CORPORATE GOVERNANCE

### TO THE MEMBERS OF HIMATSINGKA SEIDE LIMITED

This certificate is issued in accordance with the terms of our engagement letter dated 27 September 2017 and addendum dated July 27 2018.

Himatsingka Seide Limited ('the Company') requires Independent Auditor's Certificate on Corporate Governance as stipulated in Regulations 17-27, Clauses (b) to (i) of Regulation 46(2) and paragraphs C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') for the period 1 April 2017 to 31 March 2018

### Managements' Responsibility

The preparation of the Corporate Governance report is the responsibility of the Management of the Company along with the maintenance of all its relevant supporting records and documents. The Management is responsible for ensuring that the Company complies with the requirements as stipulated in Regulations 17-27, Clauses (b) to (i) of Regulation 46(2) and paragraphs C, D and E of Schedule V of the Listing Regulations for the period 1 April 2017 to 31 March 2018. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the report and applying an appropriate basis of preparation.

### Auditor's Responsibility

Pursuant to the requirements of the Listing Regulations, our responsibility is to state whether the Company has complied with the above said compliances of the conditions of Corporate Governance for the period 1 April 2017 to 31 March 2018.

We have examined the compliance of conditions of Corporate Governance by the Company for the period 1 April 2017 to 31 March 2018 as per Regulations 17-27, Clauses (b) to (i) of Regulation 46(2) and paragraphs C, D and E of Schedule V of the Listing Regulations. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

We have conducted our examination in accordance with the 'Guidance Note on Reports or Certificates for Special Purposes' issued by the Institute of Chartered Accountants of India. The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

### Opinion

In our opinion and to the best of information and according to the explanations given to us and representations made by the Management, we state that the Company has complied with the conditions of Corporate Governance as specified in Regulations 17-27, Clauses (b) to (i) of Regulation 46(2) and paragraphs C, D and E of Schedule V of the Listing Regulations, as applicable.

We state that such compliance is neither an assurance as to the future viability of the Company nor as to the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

### Restriction on use

This certificate is issued solely for the purpose of complying with Regulations 17-27, Clauses (b) to (i) of Regulation 46(2) and paragraphs C, D and E of Schedule V of the Listing Regulations for the period 1 April 2017 to 31 March 2018 and may not be suitable for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

### **DIVIDEND DISTRIBUTION POLICY**

### **Preamble**

SEBI vide notification No. SEBI/ LAD-NRO/GN/2016-17/008 dated July 08, 2016 mandates that the top five hundred listed entities based on market capitalization (calculated as on March 31 of every financial year) shall formulate a dividend distribution policy which shall be disclosed in their annual reports and on their websites

The Board of Directors of the Himatsingka Seide Limited has, at its meeting held on August 10, 2016 approved and adopted this policy.

Definitions	Meaning
Act	The Companies Act, 2013 and shall include any amendments made thereto
Rules	Companies (declaration and payment of Dividend) Rules, 2013
Dividend	Defined under Section 2(35) of Act. The term "Dividend" includes any interim dividend
Regulations	SEBI (Listing Obligation Disclosure Requirements) Regulations, 2015
Company or HSL	Himatsingka Seide Limited, wherever it is referred to in the policy
Board	Board of Directors of HSL
Policy	The Policy on Dividend Distribution Policy of HSL
Effective Date	August 10, 2016

### The Policy

### Introduction

This policy has been developed in accordance with the provisions of Companies Act, 2013 read with the applicable Rules framed thereunder, as may be in force for the time being and the Articles of Association of the Company.

The Policy is intended to determine the approach of the Board of Directors of the Company to the development of recommendations on the amount of dividends to be paid and the procedure for their payment.

The Company believes in continuing a reasonable balance between cash retention and the distribution of dividends to its shareholders. The Company believes in the requirement of cash retention for expansion and diversification initiatives including acquisitions, in addition to meeting contingency requirements that may arise from time to time.

The Company shall declare dividends for a financial year out of the profits of the company for that year or out of the profits of the company for any previous financial year or years after providing for depreciation in accordance with applicable laws.

# Types of Dividends

### 1. Final Dividend

A dividend is said to be a final dividend if it is declared at the Annual General Meeting of the Company. The final dividend once declared becomes a debt enforceable against the Company. A final dividend can be declared only if it is recommended by the Board of Directors of the Company.

### 2. Interim Dividend

A dividend is said to be an interim dividend, if it is declared by the Board of Directors between two Annual General Meetings of the company. However, all the provisions relating to the payment of final dividend shall be applicable on the interim dividend also.

### Factors determining the Dividend

### a. Internal Factors

- Upcoming Projects
- Merger and acquisitions
- Expansion Plans
- Contingency Funds
- Technology Up gradation
- Liquidity Positions

### b. External Factors

- Economy in which company operating
- Statutory requirements
- Capital Markets

### Utilization of retained earnings

Retained earnings are used to maintain existing operations or to increase sales and profits by growing the business of the Company.

- > For installation of new plants and equipment just to maintain existing operations.
- > Repair and replace costly machinery.
- ➤ Idea of expansion etc.,

This Policy will be reviewed periodically by the Board.

4.	Did your company carry out any consumer survey/ consumer satisfaction trends?	Yes

# INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS OF HIMATSINGKA SEIDE LIMITED

### Report on the Audit of the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of Himatsingka Seide Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2018, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone Ind AS financial statements").

### Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') prescribed under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the Audit Report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the Auditor's judgement, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the Auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We are also responsible to conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the Auditor's Report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the opinion. Our conclusions are based on the audit evidence obtained up to the date of the Auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

# Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at 31 March 2018, its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

### Other Matter

Corresponding figures for the year ended 31 March 2017 have been audited by another auditor who expressed an unmodified opinion dated 23 May 2017 on the standalone Ind AS financial statements of the Company for the year ended 31 March 2017.

Our opinion on the standalone Ind AS financial statements is not modified in respect of the above matter.

### Independent Auditor's Report (continued)

### Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (b In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books:
- (c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Cash Flow and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
- (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act;
- (e) On the basis of the written representations received from the directors as on 31 March 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2018 from being appointed as a Director in terms of Section 164(2) of the Act;
- (f) With respect to the adequacy of the internal financial controls with reference to the standalone Ind AS financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B"; and
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements Refer note 28 to the standalone Ind AS financial statements;
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
  - iii. There has been no delay in transferring amount required to be transferred to the Investor Education and Protection Fund by the Company; and
  - iv. The disclosures in the Standalone Ind AS financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made since they do not pertain to the financial year ended 31 March 2018. However amounts as appearing in the audited Standalone Ind AS financial statements for the period ended 31 March 2017 has been disclosed refer note 38 to the standalone Ind AS financial statements.

# Himatsingka Seide Limited

# ANNEXURE - A TO THE INDEPENDENT AUDITOR'S REPORT

With reference to the Annexure A referred to in paragraph 1 in Report on Other Legal and Regulatory Requirements of the Independent Auditor's Report to the Members of Himatsingka Seide Limited ('the Company') on the standalone Ind AS financial statements for the year ended 31 March 2018, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets
  - (b) The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified in a phased manner over a period of two years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, certain fixed assets were physically verified during the year. No material discrepancies were noticed on such verification.
  - (c) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties included in property, plant and equipment are held in the name of the Company including the share of undivided land jointly held with other entities as at the balance sheet date.
    - In respect of immovable properties taken on finance lease and disclosed as property, plant and equipment in the standalone Ind AS financial statements, the lease agreements are in the name of the Company, where the Company is the lessee in the agreement except in case of four premises having a gross book value of ₹ 5.50 lacs and net book value of ₹ 3.02 lacs where the lease-cum-sale deed had been entered into by the Company and sale has not been registered upon completion of the lease period. The Company has initiated procedures for executing the sale in its favour.
- (ii) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the Management during the year. In our opinion, the frequency of such verification is reasonable. For stocks lying with third parties at the year-end, written confirmations have been obtained by the Management. The discrepancies noticed on verification between the physical stock and the book records were not material.
- (iii) The Company has granted unsecured loans to three of its wholly owned subsidiaries covered in the Register maintained under Section 189 of the Companies Act, 2013 ('the Act').
  - (a) In our opinion and according to the information and explanations given to us, the terms and conditions on which these loans had been granted to the wholly owned subsidiaries listed in the Register maintained under Section 189 of the Act are not, prima facie, prejudicial to the interest of the Company.
  - (b) In the case of the loans granted to the companies listed in the Register maintained under Section 189 of the Act, the terms of arrangements do not stipulate any repayment schedule and the loans are repayable on demand and interest is payable on demand. As there is no outstanding demand of principal and interest at the year-end, paragraph 3(iii)(b) and 3(iii)(c) of the Order is not applicable.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act, with respect to the loans given, investments made, guarantees and security given.
- (v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning the directives issued by the Reserve Bank of India, provisions of Section 73 to 76 of the Act, any other relevant provisions of the Act and the relevant rules framed thereunder.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules prescribed by the Central Government of India for maintenance of cost records under Section 148 of the Act in respect of products manufactured and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records.
- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Provident fund, Employee's State Insurance, Income tax, Sales tax, Service tax, duty of Customs, duty of Excise, Value added tax, Goods and Services Tax, Cess and any other material statutory dues have generally been regularly deposited with the appropriate authorities though there has been slight delays in few cases.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident fund, Employee's State Insurance, Income tax, Sales tax, Service tax, duty of Customs, duty of Excise, Value added tax, Goods and Services Tax, Cess and any other material statutory dues were in arrears, as at 31 March 2018, for a period of more than six months from the date they became payable.

### Annexure - A To The Independent Auditor's Report (Continued)

(b) According to the information and explanations given to us, there are no dues in respect of Sales-tax, Value added tax, Service tax, duty of Customs and Cess which have not been deposited on account of any dispute. The Company, however, disputes the following Income-tax and duty of Excise dues:

Name of the Statute	Nature of the Dues	Amount (in ₹)	Period to which the amount relates	Forum where dispute is pending
Income-tax Act, 1961	Income Tax	30,853,226 (24,484,608)*	AY 1995-2005	Supreme Court of India
Income-tax Act, 1961	Income Tax	12,575,405	AY 1996	High Court of Karnataka
Income-tax Act, 1961	Income Tax	64,205,514	AY 2007-2014	Income Tax Appellate Tribunal
Income-tax Act, 1961	Income Tax	24,040,574	AY 2010-2015	Commissioner of Income Tax (Appeals)
Central Excise Act, 1944	Excise Duty and penalty	58,524,061 (622,174)*	FY 2004-2013	Central Excise and Service Tax Appellate Tribunal
Central Excise Act, 1944	Excise Duty and penalty	16,097,302 (603,649)*	April 2013 to February 2016	Commissioner of Central Excise (Appeals)

<sup>\*</sup>represents payments made under protest

- (viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings to financial institutions or banks and dues to debenture holders. The Company does not have any outstanding loans or borrowings from government.
- (ix) According to the information and explanations given to us and based on examination of the records of the Company, the term loans obtained during the year were applied for the purpose for which they were obtained. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year.
- (x) According to the information and explanations given to us, no material fraud on the Company by its officers or employees or fraud by the Company has been noticed or reported during the course of our audit.
- (xi) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid/provided for Managerial Remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.
- (xii) According to the information and explanations given to us, in our opinion, the Company is not a Nidhi Company as prescribed under Section 406 of the Act.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, all transactions with the related parties are in compliance with Sections 177 and 188 of the Act, where applicable, and details of such transactions have been disclosed in the standalone Ind AS financial statements as required by the applicable accounting standards.
- (xiv)According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him.
- (xvi)According to the information and explanation given to us and in our opinion the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.

### Himatsingka Seide Limited

# ANNEXURE -B TO THE INDEPENDENT AUDITOR'S REPORT

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Standalone Ind AS financial statements of Himatsingka Seide Limited ("the Company") as of 31 March 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

## Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to Standalone Ind AS financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Standalone Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Ind AS financial statements included obtaining an understanding of internal financial controls with reference to Standalone Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Standalone Ind AS financial statements.

### Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control with reference to Standalone Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to Standalone Ind AS financial statements includes those policies and procedures that, (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Ind AS financial statements.

### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to Standalone Ind AS financial statements, including the possibility of collusion or improper Management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Ind AS financial statements to future periods are subject to the risk that the internal financial control with reference to Standalone Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

# Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to Standalone Ind AS financial statements and such internal financial controls with reference to Standalone Ind AS financial statements were operating effectively as at 31 March 2018, based on the internal control with reference to Standalone Ind AS financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

### 1.1 Statement of Compliance

These standalone financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of the Act.

Accounting policies have been consistently applied except where a newly issued Indian Accounting Standard is initially adopted or a revision to an existing Indian Accounting Standard requires a change in the accounting policy hitherto in use.

The Company's standalone Ind AS financial statements were approved by the Company's Board of Directors on 25 May 2018.

### 1.2 Functional and presentation currency

These standalone financial statements are presented in India Rupees (₹), which is also the Company's functional currency. All amounts have been presented in rupees in lacs and rounded off upto two decimals.

### 1.3 Basis of measurement

The standalone financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

### 1.4 Use of estimates and judgement

The preparation of the standalone financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. They are based on historical experience and other factors that are believed to be reasonable under the circumstance. Revisions to accounting estimates are recognised prospectively.

# Assumptions, judgements and estimation

Information about assumptions, judgements and estimations that have a significant risk of resulting in a material adjustment in the year ending 31 March 2018 is summarized below:

- note 3 useful life of property, plant and equipment and intangible assets;
- note 4, 5, 6, 10, 34 impairment of financial assets
- note 7, 32 recognition of deferred tax assets; availability of future taxable profits against which deferred tax can be used;
- note 15 measurement of defined benefit obligation: key actuarial assumptions;
- note 28 recognition and measurement of provisions and contingencies; key assumptions about the likelihood and magnitude of an outflow of resources.

### 1.5 Measurement of fair values

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities;

**Level 2** inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in the following notes:

• note 34: financial instruments.

### Note 2. Significant accounting policies

### 2.1 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits associated with the transaction will flow to the entity and revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and is inclusive of excise duty and net of taxes and duties collected on behalf of the government.

Revenue from the sale of goods and sale of scrap in the course of ordinary activities is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and volume rebates. This inter alia involves discounting of the consideration due to the present value if payment extends beyond normal credit terms. Revenue is recognized when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing effective control over, or managerial involvement with, the goods, and the amount of revenue can be measured reliably.

The timing of transfers of risks and rewards varies depending on the individual terms of sale.

Income from government incentives are recognized in the statement of profit and loss account when the right to receive credit as per the terms of the entitlement is established in respect of exports made (also refer note 2.5 below).

### 2.2 Other Income

Other income comprises interest income on deposits, dividend income and gain/ (losses) on disposal of financial assets and non-financial assets. Interest income is recognised using the effective interest method.

The 'effective interest rate' is the rate the exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- The gross carrying amount of the financial asset; or
- The amortised cost of the financial liability.

Dividend Income from investments is recognised when the shareholder's right to receive payment has been established.

### 2.3 Leases

Leases of property, plant and equipment that transfer to the Company substantially all the risks and rewards of ownership are classified as finance leases. The leased assets are measured initially at an amount equal to lower of their fair value and the present value of the minimum lease payments. Subsequent to initial recognition the assets are accounted for in accordance with the accounting policy applicable to similar owned assets.

Leases in which a significant portion of risk and rewards of ownership are not transferred to the company as lessee are classified as operating lease. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight line over period of lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

### 2.4 Borrowings and borrowing cost

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

### 2.5 Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and the Company will comply with all attached conditions. When the grant relates to revenue, it is recognised in the statement of profit and loss on a systematic basis over the periods to which they relate. When the grant relates to an asset, it is treated as deferred income and recognised in the statement of profit and loss on a systematic basis over the useful life of the asset.

# 2.6 Employee benefits

### a. Defined benefit plans

The Company's gratuity plan is a defined benefit plan. The present value of gratuity obligation under such defined benefit plans is determined based on actuarial valuations carried out by an independent actuary using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the balance sheet date, having maturity periods approximating to the terms of related obligations.

Actuarial gains or losses are recognized in other comprehensive income. Further, the statement of profit and loss does not include an expected return on plan assets. Instead net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on plan assets above or below the discount rate is recognized as part of remeasurement of net defined liability or asset through other comprehensive income.

Remeasurements comprising actuarial gains or losses and return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are not reclassified to profit or loss in subsequent periods.

The Company's gratuity scheme is administered through a third party trust and the provision for the same is determined on the basis of actuarial valuation carried out by an independent actuary. Provision is made for the shortfall, if any, between the amounts required to be contributed to meet the accrued liability for gratuity as determined by actuarial valuation and the available corpus of the funds.

### b. Short term employee benefits

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses in the period in which the employee renders the related service.

Short term employee benefits are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g. short term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past services provided by the employee and the amount of obligation can be estimated reliably.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognized immediately in the statement of profit and loss. The Company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

### c. Compensated absences

The employees of the Company are entitled to compensated absence. The employees can carry-forward a portion of the unutilized accumulating compensated absence and utilize it in future periods. The Company records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The obligation is measured on the basis of an independent actuarial valuation using the Projected Unit method as at the reporting date.

### d. Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The Company makes specified monthly contributions towards employee Provident Fund to Government administered Provident Fund Scheme which is a defined contribution plan. The Company's contribution is recognized as an expense in the statement of profit and loss during the period in which the employee renders the related service.

### 2.7 Taxation

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the reporting date. Deferred income tax assets and liabilities are recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements except for the cases mentioned below.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the reporting date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognised as income or expense in the period that includes the enactment or the substantive enactment date.

# Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets and liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profits or loss at the time of the transaction.
- temporary investments related to investment in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profits will be available against which such deferred tax can be realised. Deferred tax assets, unrecognised or recognised, are reviewed at each reporting date and are recognised/reduced to the extent that it is probable/no longer probable respectively that the related tax benefit will be realised.

Minimum alternative tax ('MAT') paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax in future years. Ind AS 12 defines deferred tax to include carry forward of unused tax credits that are carried forward by the entity for a specified period of time. Accordingly, MAT credit entitlement is grouped with deferred tax assets (net) in the balance sheet.

The Company offsets, the current tax assets and liabilities (on a year on year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

### 2.8 Property, plant and equipment

### a. Recognition and measurement:

Items of property, plant and equipment except freehold land held for use in the production, supply or administrative purposes, are measured at cost less accumulated depreciation (which includes capitalised borrowing costs, if any) and accumulated impairment losses, if any.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing an asset to working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which it is located. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials, direct labour and any other costs directly attributable to bringing the item to its intended working condition and estimated costs of dismantling, removing and restoring the site on which it is located, wherever applicable.

Assets in the course of construction are capitalised as capital work-in-progress. At the point when an asset is operating at management's intended use, the cost of construction is transferred to the appropriate category of property, plant and equipment and depreciation commences. Costs associated with the commissioning of an asset and any obligatory decommissioning costs are capitalised where the asset is available for use but incapable of operating at normal levels until a period of commissioning has been completed. Revenue generated from production during the trial period are adjusted with cost of capitalization.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in the statement of profit and loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the statement of profit and loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment."

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss.

Advance paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date classified as capital advances under other non-current assets and the cost of the assets not put to use before such date are disclosed under Capital work in progress.

# b. Depreciation:

Depreciation is provided on a Straight Line Method ('SLM') over the estimated useful lives of the property, plant and equipment as estimated by the Management and is generally recognised in the Statement of profit and loss.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of). The Company has estimated the useful lives for property, plant and equipment as follows:

Class of assets	Years
Buildings	30-60 years
Plant and machinery	8 - 25 years
Furniture and fixtures	10 years
Office equipment	3-6 years
Books and catalogues	4 years
Vehicles	6 - 10 years
Leasehold improvements	shorter of the lease term and their useful lives

Freehold land and leasehold land where the lease is convertible to owned land under lease agreements at future dates at no additional cost, are not depreciated.

The Management believes that the useful lives as given best represent the period over which the management expects to use these assets based on an internal assessment and technical evaluation where necessary. Hence, the useful lives for some of these assets are different from the useful lives as prescribed under Part C of Schedule II of the Act.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted if appropriate. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposal are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains / losses.

# 2.9 Intangible Assets

### Acquired intangible assets

### a. Recognition and measurement

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortization and any accumulated impairment loss.

### b. Subsequent measurement

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including on internally generated software is recognized in profit and loss as and when incurred.

### c. Amortisation

The Company amortizes intangible assets with a finite useful life using the straight-line method. The estimated useful lives of intangibles are as follows:

Class of assets	Useful life
Computer Software	10 years
Design costs	4 years
Technical know-how	10 years

The residual values, useful lives and method of amortisation of intangible assets are reviewed at each financial year end and adjusted if appropriate.

### d. Derecognition of intangible assets

An intangible asset is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal of an intangible asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss.

### 2.10 Impairment of non-financial assets

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash generating unit (CGU) to which the asset belongs.

If such assets/ CGU are considered to be impaired, the impairment to be recognised in the Statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount.

The carrying amount of the asset/ CGU is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

### 2.11 Inventories

Inventories are measured at the lower of cost and net realizable value.

Cost of inventories comprises purchase price, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. In determining the cost, weighted average cost is used. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs to sell. The comparison of cost and net realizable value is made on an item-by-item basis.

### The method of determination of cost is as follows:

- Raw materials on a weighted average cost basis
- Stores and spares on a weighted average cost basis
- Work-in-progress includes costs of conversion
- Finished goods includes costs of conversion
- Traded goods at purchase cost
- Goods in transit at purchase cost

The net realizable value of work-in-progress is determined with reference to the net realizable value of related finished goods. Raw materials and other supplies held for use in production of inventories are not written down below cost except in cases where material prices have declined, and it is estimated that the cost of the finished products will exceed their net realizable value. Fixed production overheads are allocated on the basis of normal capacity of production facilities. The provision for inventory obsolescence is assessed periodically and is provided as considered necessary.

# 2.12 Foreign Currency transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign currency denominated monetary assets and liabilities are translated into relevant functional currency at exchange rates in effect at the balance sheet date.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in the statement of profit and loss

Non-monetary assets and non-monetary liabilities denominated in foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss and are generally recognized in the statement of profit and loss, except exchange differences arising from the translation of the following items which are recognized in OCI:

- equity investments at fair value through OCI (FVOCI)
- a financial liability designated as a hedge of the net investment in a foreign operation to the extent that the hedge is effective; and
- qualifying cash flow hedges to the extent that the hedges are effective.

### 2.13 Provisions

### General

A provision is recognised if, as a result of a past event, the Company has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognised at the best estimate of the expenditure required to settle the present obligation at the reporting date. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the reporting date) at a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the liability. The unwinding of discount is recognised as finance cost. Expected future operating losses are not provided for.

### 2.14 Investment in subsidiaries

Investment in subsidiaries are shown at cost less impairment. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is transferred to the statement of profit and loss.

On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the statement of profit and loss.

### 2.15 Financial Instruments

### a. Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

All financial instruments are recognised initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset (other than financial assets recorded at fair value through profit or loss) are included in the fair value of the financial assets.

# b. Classification and subsequent measurement

# i. Financial assets

On initial recognition, a financial asset is classified and measured at

- · amortised cost;
- fair value through other comprehensive income (FVOCI) debt investment;
- fair value through other comprehensive income (FVOCI) equity investment; or
- fair value through profit and loss (FVTPL)

Financial assets are not classified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial assets give rise on a specified date to cash flows that are solely payments of principal and interest on the principal amounts outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flow and selling financial assets; and
- the contractual terms of the financial assets give rise on a specified date to cash flows that are solely payments of principal and interest on the principal amounts outstanding.

On initial recognition of an equity investment that is not held for trading, the Company irrevocably elects to present subsequent changes in the investment's fair value in OCI (designated as FVOCI-equity investment). This election is made on an investment-to-investment basis.

All financial assets not classified as amortised cost or FVOCI as described above are measured at FVTPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL, if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income are recognised in the Statement of profit and loss
Financial assets at at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in the Statement of profit and loss. Any gain or loss on derecognition is recognised in the Statement of profit and loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in the Statement of profit and loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to the Statement of profit and loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognised as income in the Statement of profit and loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to the Statement of profit and loss.

### Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 34 details how the Company determines whether there has been a significant increase in credit risk.

In accordance with Ind AS 109, the Company applies expected credit loss ("ECL") model for measurement and recognition of impairment loss. The Company follows 'simplified approach' for recognition of impairment loss allowance on financial assets, trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognising impairment loss allowance based on 12 month ECL.

# Derecognition of financial assets

A financial asset is derecognised only when:

- The Company has transferred the rights to receive cash flows from the financial asset; or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset.

### ii) Financial liabilities

### Classification, subsequent measurement and gains and losses

Financial liabilities at fair value through profit or loss include and financial liabilities designated upon initial recognition as at fair value through profit or loss and financial liabilities held for trading. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separate embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ losses are not subsequently transferred to statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit or loss.

### **Amortised cost**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate ("EIR") method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

### **Financial guarantee contracts**

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified party fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

### Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of profit and loss.

### Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

### 2.16 Derivative financial instruments and hedge accounting

The Company holds derivative financial instruments to hedge its foreign currency risk exposure.

Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognized in the statement of profit and loss.

The Company designates their derivatives as hedge instruments to hedge the variability in cash flows associated with highly probable forecast transactions arising from changes in foreign exchange rates.

At inception of designated hedging relationships, the Company documents the risk management objective and strategy for undertaking the hedge. The Company also documents the economic relationship between the hedged item and the hedging instrument, including whether the changes in cash flows of the hedged item and hedging instrument are expected to offset each other.

### Cash flow hedges

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivatives is recognized in OCI and accumulated in the other equity under 'effective portion of cash flow hedges'. The effective portion of changes in the fair value of the derivative that is recognized in OCI is limited to the cumulative change in fair value of the hedged item, determined on a present value basis, from inception of the hedge. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the statement of profit and loss.

When the hedged forecast transaction subsequently results in the recognition of a non-financial item such as inventory, the amount accumulated in other equity is included directly in the initial cost of the non-financial item when it is recognized. For all other hedged forecast transactions, the amount accumulated in other equity is reclassified to the statement of profit and loss in the same period or periods during which the hedged expected future cash flows affect the statement of profit and loss.

If a hedge no longer meets the criteria for hedge accounting or the hedging instruments is sold, expires is terminated or is exercised, then hedge accounting is discontinued prospectively. When hedge accounting for cash flow hedges is discontinued, the amount that has been accumulated in other equity remains there until, for a hedge of a transaction resulting in recognition of a non-financial item, it is included in the non-financial item's cost on its initial recognition or, for other cash flow hedges, it is reclassified to the statement of profit and loss in the same period or periods as the hedged expected future cash flows affect the statement of profit and loss.

If the hedged future cash flows are no longer expected to occur, then the amounts that have been accumulated in other equity are immediately reclassified to the statement of profit and loss.

Changes in fair value of foreign currency derivative instruments not designated as cash flow hedges are recognized in the statement of profit and loss and reported within foreign exchange gains, net within results from operating activities.

### 2.17 Earnings per share

The basic earnings per share is computed by dividing the net profit attributable to owners of the Company for the year by the weighted average number of equity shares outstanding during reporting period.

The number of shares used in computing diluted earnings per share comprises the weighted average shares considered for deriving basic earnings per share and also the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Dilutive potential equity shares are deemed converted as of the beginning of the reporting date, unless they have been issued at a later date. In computing diluted earnings per share, only potential equity shares that is dilutive and which either reduces earnings per share or increase loss per share are included.

### 2.18 Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less.

For the purpose of cash flow statement, cash and cash equivalent includes cash in hand, in banks, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less, net of outstanding bank overdrafts that are repayable on demand and are considered part of the cash management system.

### 2.19 Cash flow statement

Cash flows are reported using the indirect method, whereby net profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

# 2.20 Contingent liability

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

### 2.21 Standards issued but not yet effective

On 28 March 2018, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2018, notifying amendments to Ind AS 40, 'Investment Property', Ind AS 21, 'The Effects of Changes in Foreign Exchange Rates, Ind AS 12, 'Income Taxes', Ind AS 28, 'Investments in Associates and Joint Ventures', 'Ind AS 112, 'Disclosure of Interests in Other Entities' and Ind AS 115, 'Revenue from contracts with customers." These amendments maintain convergence with IFRS by incorporating amendments issued by the International Accounting Standards Board (IASB) into Ind AS. The amendments are applicable to the company from 1 April 2018.

### Amendment to Ind AS 40, Investment Property

The amendment to Ind AS 40 lays down the principle regarding when a Company should transfer to, or from, investment property. Accordingly, a transfer is made only when:

- a. There is an actual change of use i.e. an asset meets or ceases to meet the definition of investment property.
- b. There is evidence of the change in use.

The impact of the above stated amendment to the Company is Nil as the same is not applicable to the Company.

### Amendment to Ind AS 21, The Effects of Changes in Foreign Exchange Rates

Appendix B to Ind AS 21, Foreign currency transactions and advance consideration clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency.

The Company is in process of evaluating the effect of this on the standalone financial statements and expects the impact to be not material.

### Amendment to Ind AS 12, Income Taxes

The amendment to Ind AS 12 considers that:

- a. Tax law determines which deductions are offset against taxable income in determining taxable income in determining taxable profits.
- b. No deferred tax asset is recognised if the reversal of the deductible temporary difference will not lead to tax deductions.

The Company is evaluating the effect of this on the standalone financial statements and expects the impact to be not material.

### Amendment to Ind AS 28, Investments in Associates and Joint Ventures

The amendment to Ind AS 28 clarifies that a venture capital organisation, or a mutual fund, unit trust and similar entities may elect, at initial recognition, to measure investments in an associate or joint venture at fair value through profit or loss separately for each associate or joint venture.

The impact of the above stated amendment to the Company is NIL as the same is not applicable to the Company.

### Amendment to Ind AS 112, Disclosure of Interests in Other Entities

The amendment to Ind AS 112 provide that the disclosure requirements for interests in other entities also apply to interests that are classified (or included in a disposal group that is classified) as held for sale or as discontinued operations in accordance with Ind AS 105, Non-current Assets Held for Sale and Discontinued Operations.

The impact of the above stated amendment to the Company is NIL as the same is not applicable to the Company.

### Ind AS 115, Revenue from Contracts with Customers:

Ind AS 115, establishes a comprehensive framework for determining whether, how much and when revenue should be recognised. It replaces existing revenue recognition guidance, including Ind AS 18 Revenue, Ind AS 11 Construction Contracts and Guidance Note on Accounting for Real Estate Transactions. Ind AS 115 is effective for annual periods beginning on or after 1 April 2018 and will be applied accordingly.

The standard permits two possible methods of transition:

- Retrospective approach Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- Retrospectively with cumulative effect of initially applying the standard recognised at the date of initial application (Cumulative catch - up approach)

The Company has completed an initial qualitative assessment of the potential impact of the adoption of Ind AS 115 on accounting policies followed in its standalone financial statements. The quantitative impact of adoption of Ind AS 115 on the standalone financial statements in the period of initial application is not expected to be material.

The Company will adopt the standard on 1 April, 2018 by using the cumulative catch-up transition method and accordingly the comparatives will not be adjusted.

There has been no impairment losses recognised during the year or previous year.

### Note 3.1.1

Freehold land includes ₹ 37.51 lacs (As at 31 March 2017 ₹ 37.51 lacs) being the share in land jointly owned with others. During 2003-04, the khata in respect of one of the Company's properties was merged with those of other adjacent properties to facilitate better utilization of the property by joint construction and entitlement of proportionate undivided share of the amalgamated property.

# Note 3.1.2

Certain property, plant and equipment are pledged against borrowings, the details relating to which have been described in Note 14.1 pertaining to borrowings.

### Note 3.1.3

The above assets are owned and used by the Company and the employees of the Company other than those assets which are given on lease. Also refer note 29 (a) for assets given on operating lease.

### Note 3.1.4

During the year, the Company completed the construction of integrated ultra fine count cotton yarn spinning facility and commenced the commercial production on 5 February 2018. Refer note 30 for details of expenses capitalised.

Note 10 : Trade receivables (₹ Lacs)

Particulars	As at 31 March 2018	As at 31 March 2017
Unsecured, considered good	40,816.05	34,169.60
Less: Allowance for doubtful debts	(30.00)	(107.43)
Net trade receivables	40,786.05	34,062.17

All trade receivables are 'current'.

### Note 10.1: Transfer of financial assets

During the year, the Company discounted trade receivables with an aggregate carrying amount of ₹ 67,107.79 lacs with a bank for cash proceeds of ₹ 63,374.98 lacs. If the trade receivables are not paid at maturity, the Bank has the right to request the Company to pay the unsettled balance. As the Company has not transferred the significant risks and rewards relating to these trade receivables, it continues to recognize the full carrying amount of the receivables and has recognized the cash received on the transfer as secured borrowing, and recorded the differential as interest cost.

At the end of the reporting period, the carrying amount of the trade receivables that have been transferred but have not been derecognized amounted to  $\ref{thm:property}$  19,949.02 lacs and the carrying amount of the associated liability is  $\ref{thm:property}$  18,857.56 lacs. (refer note No. 17)

### Note 10.2: Details of Trade Receivables

Of the above, trade receivables from related parties are as below:

(₹ Lacs)

Particulars	As at 31 March 2018	
Trade receivables from related parties (refer note 35)	31,813.63	31,444.55
Loss allowance	-	-
Total	31,813.63	31,444.55

The Company's exposure to credit and currency risks related to trade receivables are disclosed in note 34.

### Note 10.3 :Expected credit loss assessment for Trade Recievables as at 31 March 2017 and 31 March 2018 are as follows:

The Company establishes an allowance for credit loss that respresents its estimate of expected losses in respect of trade and other receivables based on past and the recent collection trend. The maximum exposure to credit risk as at reporting date is primarily from trade receivables as at 31 March 2018 amounting to ₹ 40,786.05 lacs (31 March 2017: ₹ 34,062.17 lacs). The movement in allowance for credit loss in respect of trade and other receivables during the year was as follows -

Particulars	As at 31 March 2018	As at 31 March 2017
Balance as at beginning of the year	(107.43)	-
Net measurement of loss allowance	77.43	(107.43)
Balance as at end of the year	(30.00)	(107.43)

There is no significant movement in the impairment loss allowance during 2017-18.

## Note 11: Cash and cash equivalents

(₹ Lacs)

Particulars	As at 31 March 2018	As at 31 March 2017
Cash in hand	10.97	21.00
Balance with Banks in current accounts and deposits		
- in current accounts	7,423.59	3,096.07
- in deposit accounts (with original maturity of less than 3 months)	-	-
	7,434.56	3,117.07
Other bank balances (Refer Note 11.1)	46.37	22.63
In deposit account (more than 3 months but less than 12 months) (Refer Note 11.2)	2,438.63	12,398.83
	2,485.00	12,421.46
Total	9,919.56	15.538.53

Note 11.1: Other bank balances represent earmarked balances in respect of unpaid dividends and dividend payable.

**Notes 11.2:** The deposits maintained by the Company with banks comprise of time deposits, which can be withdrawn by the Company at any point without prior notice or penalty on the principal.

### Note 12: Equity share capital

(₹ Lacs)

Particulars	As at 31 March 2018	As at 31 March 2017
Authorised		
134,000,000 equity shares (31 March 2017: 134,000,000 equity shares) of par value of ₹ 5 each	6,700.00	6,700.00

At the commencement of the year	98,457,160	4,922.86	98,457,160	4,922.86
At the end of the year	98,457,160	4,922.86	98,457,160	4,922.86

### Rights, preferences and restrictions attached to equity shares:

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive any of the remaining asset of the Company after distribution of all preferential amounts, if any. The distribution will be in proportion to the number of equity shares held by the shareholders.

The Company has not allotted any fully paid equity shares by way of bonus shares nor has bought back any class of equity shares during the period of five years immediately preceeding the balance sheet date nor has issued shares for consideration other than cash.

Current		
Provision for compensated absences	339.03	152.72
Total	339.03	152.72

### Note 15.1: Employee benefit

The Company operates the following post-employment defined benefit plan.

#### Defined benefit plan

The Company operates post-employment defined benefit plan that provide gratuity, governed by the Payment of Gratuity Act,1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service or part thereof in excess of six months. The gratuity plan is a funded plan.

These defined benefit plans expose the Company to actuarial risks, such as longevity risk, currency risk, interest rate risk and market (investment) risk.

### (A) Funding

The Company's gratuity scheme for employees is administered through a trust with the ICICI Prudential Life Insurance. The funding requirements are based on the gratuity fund's actuarial measurement framework set out in the funding policies of the plan. The funding is based on a separate actuarial valuation for funding purposes for which the assumptions may differ from the assumptions set out in (E). Employees do not contribute to the plan.

The Company expects to pay ₹ 1,343.65 lacs in contributions to its defined benefit plans in 2018-19.

### (B) Reconciliation of net defined benefit liability

The following table shows a reconciliation from the opening balances to the closing balances for the net defined benefit liability/ assets and its components:

### Reconciliation of present value of defined benefit obligation.

Particulars	As at 31 March 2018	As at 31 March 2017
Obligation at the beginning of the year	1,629.16	1,366.39
Interest cost	109.08	103.09
Current service cost	149.10	122.18
Benefits paid	(138.52)	(130.01)
Actuarial (Gains)/Losses on Obligations recognised in Other Comprehensive Income (OCI)	-	-
- Changes in financial assumptions	(60.79)	89.45
- Experience adjustments	27.39	78.06
Obligation at the end of the year	1,715.42	1,629.16
Reconciliation of present value of plan assets		
Plan assets at the beginning of the year, at fair value	601.65	645.36
Interest income on plan assets	40.29	48.70
Contributions	-	50.00
Benefits paid	(138.52)	(92.71)
Return on plan assets, excluding interest income recognised in OCI	4.87	(49.70)
Plan assets at the end of the year, at fair value	508.29	601.65
Net defined benefit liability	1,207.13	1,027.51

## (C) (i) Expense recognised in the Statement of profit or loss

(₹ Lacs)

Particulars	For the year ended	
raiticulais	31 March 2018	31 March 2017
Current service cost	149.10	122.18
Interest cost	109.08	103.09
Interest income	(40.29)	(48.70)
Net gratuity cost	217.90	176.57

### (ii) Remeasurement recognised in other comprehensive income

(₹ Lacs)

Particulars	For the year ended	
raiticulais	31 March 2018	31 March 2017
Actuarial (gain) / loss on defined benefit obligation	(33.40)	167.51
Return on plan assets, excluding interest income	(4.87)	49.70
Total (gain) / loss recognised in other comprehensive income	(38.27)	217.21

(D) Plan assets (₹ Lacs)

Particulars	As at 31 March 2018	As at 31 March 2017
Insurance fund	508.29	601.65
Total	508.29	601.65

### (E) Defined benefit obligation

### (i) Actuarial assumptions

Particulars	For the year ended	
	31 March 2018	31 March 2017
Discount rate	7.25%	6.70%
Future salary growth	6.00%	6.00%
Mortality [IALM 06-08]	100.00%	100.00%
Attrition rate	2 - 40%	2 - 40%
Weighted average duration of defined benefit obigation (in years)	6	7
Retirement age (in years)	58	58

### Notes:

- (i) The discount rate is based on the prevailing market yield on high quality corporate bonds as at the balance sheet date for the estimated term of obligations.
- (ii) The expected return on plan assets is determined considering several applicable factors mainly the composition of the plan assets held, assessed risks of asset management, historical results of the return on plan assets and the Company's policy for plan asset management.
- (iii) The estimate of future salary increases considered in actuarial valuation takes into account inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market.

#### (ii) Sensitivity Analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant would have affected defined benefit obligation by amounts shown below:

(₹ Lacs)

(* 20		(1 2465)
Particulars	As at 31 March 2018	As at 31 March 2017
Projected Benefit Obligation on Current Assumptions	1,715	1,629
Impact of change in discount rate by +1%	1,614	1,525
Impact of change in discount rate by -1%	1,830	1,748
Impact of change in salary growth rate by +1%	1,830	1,748
Impact of change in salary growth rate by -1%	1,612	1,523
Impact of change in attrition rate by +50%	1,692	1,604
Impact of change in attrition rate by -50%	1,759	1,676
Impact of change in mortality rate by +10%	1,719	1,632
Impact of change in mortality rate by -10%	1,712	1,627

## **Defined contribution plans:**

The Company's contribution to Provident Fund aggregating to ₹ 451.91 lacs (31 March 2017: ₹ 562.62 lacs) and contribution to superannuation fund aggregating to ₹ 10.86 lacs (31 March 2017: ₹ 14.51 lacs) has been recognised in the Statement of Profit and Loss under the head employee benefit expense.

## (i) Actuarial assumptions

(₹ Lacs)

Estimated amount of contracts remaining to be executed on capital account (net of advances) and not provided for	15,108.19	39,995.48
Other commitments:  The Company has imported capital goods under the Export Promotion Capital Goods (EPCG) scheme and Advance Authorisation to utlise the benefit of a zero or concessional customs duty rate. These benefits are subject to future exports within the stipulated period. Such export obligations at year end aggregate to ₹		
Export Promotion Capital Goods (EPCG) Scheme	44,195.66	24,125.47

## Note 28: Contingent liabilities

Particulars	As at 31 March 2018	As at 31 March 2017
(a) Claims against Company not acknowledged as debt		
Taxation Matters (refer note 28.1)		
- Income tax matters (refer note 28.2)	492.77	1,081.24
- Custom, Service tax and Excise duty related matter (excludes penalties, if any) (refer note 28.3)	746.21	400.32
- Others (relating to miscellaneous claims and bonus)	212.00	212.00
	1,450.98	1,693.56
(b) Corporate guarantee given towards credit facilities on behalf of subsidiaries		
- Financial institutions	13,000.00	12,969.00
- Banks	7,996.23	7,385.56
- Others	13,416.55	415.57
	34,412.78	20,770.13
Total	35,863.76	22,463.69

Note 28.1: The above amounts have been arrived at based on the notice of demand or the assessment orders, as the case may be, and the Company is contesting these claims with the respective authorities. Outflows including interest and other consequential payments, if any, arising out of these claims would depend on the outcome of the decisions of the appellate authorities and the Company's rights for future appeals before the judiciary. The Company doesn't expect any reimbursements in respect of the above contingent liabilities.

Note 28.2: These claims relate to demands resulting from disallowances of deductions claimed and other adjustments, which are being contested by the Company. These cases are pending at various forums with respective authorities. Outflows, if any, arising out of the claims would depend upon the outcome of the decision of the appellate authority and the Company's right for future appeals before judiciary. The Company doesn't expect any reimbursements in respect of the above contingent liabilities.

Note 28.3: These claims relate to demands arising from difference pertaining to transfer price assessed in terms of Customs Valuation Rules, 1988.

## Note 29: Operating leases

#### a. As Lessor:

The Company has entered into operating lease arrangements for a portion of its building premises. The details are as follows:

(₹ Lacs)

Particulars	For the year ended 31 March 2018	For the year ended 31 March 2017
Gross Carrying Amount	26.09	26.09
Accumulated Depreciation	(5.27)	(3.50)
Depreciation recognised in the statement of profit and loss	1.77	1.77

Rental income earned by the Company from the above mentioned building premises are set out in Note - 21 (b).

### b. As Lessee:

The Company has taken office premises, accommodations and vehicles under operating lease (cancellable lease). Such leases are generally with the option of renewal against increased rent and premature termination. Lease payments are renegotiated at the time of renewal.

Lease rental expense under cancellable operating leases during the year was ₹ 280.59 lacs (previous year: ₹ 183.32 lacs).

The Company is obligated under non-cancelable operating leases for land, building and plant and machinery. Lease rental expense under non-cancellable operating leases during the year was ₹ 381.17 lacs (previous year: ₹ 323.68 lacs).

Non-cancellable operating lease rentals payable (minimum lease payments) under these leases are as follows:

Particulars	For the year ended 31 March 2018	For the year ended 31 March 2017
Payable within 1 year	278.59	200.02
Payable between 1-5 years	423.82	299.97
Payable later than 5 years	-	-

### Note 30: Expenses capitalised

During the year, the Company completed the construction of integrated ultra fine count cotton yarn spinning facility and commenced the commercial production on 5 February 2018. Expenses capitalized on initial recognition of the resulting PPE, include the costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

(₹ Lacs)

Particulars	For the year ended 31 March 2018	For the year ended 31 March 2017
a) Details of Borowing costs capitalised		
Borrowing costs capitalised during the year	3,319.25	1,130.79
Total Borrowing cost capitalised	3,319.25	1,130.79
b) Details of expenses capitalised		
Raw material and packing material consumed	4,597.32	1,078.78
Employee benefit expenses	1,300.90	759.53
Other expenses	2,496.36	1,059.46
	8,394.58	2,897.77
Total	11,713.83	4,028.56

## Note 31: Segment Reporting

The Managing Director and Chief Executive Officer of the Company has been identified as the Chief Operating Decision Maker (CODM) as defined by Ind AS 108, Operating Segments. The Company is structured into a single segment of Home Textiles value chain, and accordingly the CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by the products portfolio and segment information has been presented accordingly.

The geographical information analyses the Company's revenue from external customer and non-current assets of its single reportable segment by the Company's country of domicile (i.e. India) and other countries. In presenting the geographical information, segment revenue has been based on the geographical location of the customer and segment assets which have been based on the geographical location of the assets.

a) Geographical revenues are segregated based on the location of the customers who are invoiced or in relation to which the revenue is otherwise recognised:

### Note 34: Financial instruments

### Note 34.1: Categories of financial instruments:

## Accounting classification and fair value

The following table shows the carrying amount and fair value of financial assets and financial liabilities including their levels in fair value hierarchy:

### Fair value hierarchy

The section explains the judgment and estimates made in determining the fair values of the financial instruments that are:

- a) recognised and measured at fair value
- b) measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the Indian Accounting Standard.

Deuticulari	Carrying amount		Fair value	
Particulars	31 March 2018	Level 1	Level 2	Level 3
Financial assets Measured at amortised cost:				
Cash and cash equivalents	7,434.56	-	-	-
Other bank balances	2,485.00	-	-	-
Trade receivables	40,786.05	-	-	-
Loans	23,891.38	-	-	-
Other financial assets	20,504.32	-	-	-
Measured at FVTOCI				
Other financial assets	956.58	-	956.58	-
Measured at FVTPL				
Current investments	11,893.12	11,893.12	-	-
Other financial assets	58.93	-	58.93	-
Total	108,009.94	11,893.12	1,015.51	-
Financial liabilities:				
Measured at amortised cost				
Borrowings	179,745.66	-	-	-
Trade payables	19,860.61	-	-	-
Other financial liabilities*	13,559.43	-	-	-
Measured at FVTOCI				
Other financial liabilities	416.51	-	416.51	-
Total	213,582.21	-	416.51	-

Note 34.1: Categories of financial instruments (Continued)

(₹ Lacs)

	Carrying amount			Fair value
Particulars	31 March 2017	Level 1	Level 2	Level 3
Financial assets		·	·	
Measured at amortised cost:				
Cash and cash equivalents	3,117.07	-	-	=
Other bank balances	12,421.46	-	-	-
Trade receivables	34,062.17	-	-	=
Loans (current and non-current)	24,362.72	-	-	=
Other financial assets (current and non-current)	12,727.75	-	-	-
Measured at FVTOCI				
Other current financial assets	5,468.35	-	5,468.35	-
Measured at FVTPL				
Current investments	-	-	-	-
Total	92,159.52	-	5,468.35	-
Financial liabilities:				
Measured at amortised cost				
Borrowings (current and non-current)	111,165.31	-	-	=
Trade payables	13,885.35	-	-	-
Other current financial liabilities*	8,593.39	-	-	=
Measured at FVTOCI				
Other current financial liabilities	740.26	-	740.26	-
Measured at FVTPL				
Other current financial liabilities	-	-	-	-
Total	134,384.31	-	740.26	-

<sup>\*</sup> Current maturities of long term borrowings aggregating ₹ 8,876.24 lacs and ₹ 5,414.22 lacs as at 31 March 2018 and 31 March 2017 respectively, form part of other financial liabilities.

Investment in equity shares of subsidiaries are not appearing as financial asset in the table above being investment in subsidiaries accounted under Ind AS 27, Separate Financial Statements which is scoped out under Ind AS 109.

### Fair Value Hierarchy

**Level 1:** Level 1 hierarchy includes financial instruments measured using quoted prices. This includes investment in equity, preference securities, mutual funds and debentures that have quoted price.

**Level 2:** The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unquoted equity securities.

#### **Fair Valuation Method**

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

### **Financial Assets:**

The Company has not disclosed the fair values for loans, trade receivables, cash and cash equivalents including other bank balances, unbilled revenue and other financial assets because their carrying amounts are a reasonable approximation of their fair value.

Current Investments: Fair value of quoted mutual funds units is based on quoted market price at the reporting date.

### Note 34.1: Categories of financial instruments (Continued)

#### **Financial Liabilities:**

**Borrowings:** It includes loans taken from banks and financial institution, cash credit and bill discounting facilities. Borrowings are classified and subsequently measured in the financial statements at amortized cost. Considering that the interest rate on loans is reset on yearly basis, the carrying amount of the loan would be a reasonable approximation of its fair value.

**Trade payables and other financial liabilities:** Fair values of trade payables and other financial liabilities are measured at carrying value, as most of them are settled within a short period and so their fair values are assumed almost equal to the carrying values.

#### Note 34.2: Financial risk management:

The Company's activities expose to financial risks: credit risk, liquidity risk and market risk.

## Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company's Audit Committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal auditor. Internal Audit function includes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

#### i. Credit risk:

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, investments, derivative financial instruments, cash and cash equivalents, bank deposits and other financial assets. Bank deposits includes an amount of ₹ 2,895.32 lacs held with a bank having high quality credit rating which is individually in excess of 10% or more of the Company's total bank deposits for the year ended 31 March 2018. None of the other financial instruments of the Company result in material concentration of credit risk.

## Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹ 107,998.97 lacs and ₹ 92,138.52 lacs as at 31 March 2018, and 31 March 2017, respectively, being the total of the carrying amount of balances with banks, bank deposits, current investments, trade receivables and other financial assets excluding cash in hand and equity investments.

## Geographic concentration of credit risk

Geographic concentration of trade receivables (gross and net of allowances) is as follows:

Particulars	As at 31 March 2018		As at 31 March 2017	
rarticulais	Gross %	Net %	Gross %	Net %
North America	85%	85%	89%	90%
India	12%	12%	9%	8%
Others	3%	3%	2%	2%

Geographical concentration of trade receivables is allocated based on the location of the customers.

### ii. Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation. The Company believes that the working capital and its cash and cash equivalent are sufficient to meet its short and medium term requirements."

Management monitors rolling forecast of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. This is generally carried out by the Management of the Company in accordance with practice and limits set by the Company. In addition, the Company's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

### A) Financing arrangement

The Company maintains the following line of credit:

- (a) Terms loans taken from bank aggregating to ₹ 62,413.49 Lacs repayable in various quarterly and yearly installments with interest rate ranging from 4.80% to 9.95% per annum. Term Loan from financial institutions aggregating to ₹ 62,036.04 Lacs with interest rate ranging from 9.95% 11.55% per annum. These are secured by first pari passu charge on the entire movable and immovable fixed assets of the Company, present and future.
- (b) Working capital loans from banks carry an effective interest rate of 5.51% per annum., computed on a monthly basis on the actual amount utilized, and are repayable on demand. These are secured by pari passu charge by way of hypothecation of stock and book debts of the Company and second pari passu charge on the movable (other than those exclusively charged) and immovable fixed assets of the Company.
- (c) The Company has taken receivable bill discounting facility from banks which are payable within 120 days from date of bill discounted.

The table below provides details regarding the contractual maturities of significant financial liabilities as at 31 March 2018 and 31 March 2017. The amounts are gross and undiscounted contractual cash flow and includes contractual interest payment and exclude netting arrangements:

As at 31 March 2018 (₹ Lacs)

Darticulars		Contractual cash flows				
Particulars	Carrying amount	Total	0-1 years	1-5 years	5 years and above	
Financial liabilities:						
Borrowings*	188,621.90	188,621.90	73.048.61	74,096.93	41,476.36	
Trade payables	19,860.61	19,860.61	19,860.61	-	-	
Other financial liabilities#	5,099.70	5,099.70	5,099.70	=	-	

As at 31 March 2017 (₹ Lacs)

Particulars	Contractual cash flows					
Particulars	Carrying amount	Total	0-1 years	1-5 years	5 years and above	
Financial liabilities:						
Borrowings*	116,579.53	116,579.53	48,486.42	41,546.78	26,546.33	
Trade payables	13,885.35	13,885.35	13,885.35	-	-	
Other financial liabilities#	3,919.43	3,919.43	3,919.43	-		

<sup>\*</sup> Includes current maturies of long term borrowings (Refer note 19) and current borrowings (Refer note 17)

As disclosed in note 14, the Company has secured bank loan that contains loan covenants. A future breach of covenants may require the Company to repay the loan earlier than indicated in the above table. Except for these financial liabilities, it is not expected that cash flows included in maturity analysis could occur significantly earlier.

## iii. Market Risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

### a) Foreign currency risk:

The Company is exposed to currency risk to the extent that there is a mismatch between the currencies in which sales, purchases and borrowings are denominated and the respective functional currency of the Company. The functional currency of the Company is ₹. The currencies in which these transactions are primarily denominated are USD, GBP etc.

<sup>#</sup> Excludes current maturies of long term borrowings

## Note 34.2: Financial risk management (continued)

Management monitors the movement in foreign currency and the Company's exposure in each of the foreign currency. Based on the analysis and study of movement in foreign currency, the Company decides to exchange its foreign currency. A significant portion of the Company's revenues are inforeign currencies, while a significant portion of its costs are in Indian rupees. As a result, if the value of the Indian rupee appreciates relative to foreign currencies, the Company's revenues measured in Indian rupees may decrease. The exchange rate between the Indian rupee and foreign currencies has changed substantially in recent periods and may continue to fluctuate substantially in the future. Consequently, the Company uses derivative and non-derivative financial instruments, such as foreign exchange forward contracts to mitigate the risk of changes in foreign currency exchange rates in respect of its highly probable forecasted transactions and recognised assets and liabilities. All hedging activities are carried out in accordance with the Company's internal risk management policies, as approved by the Board of Directors, and in accordance with the applicable regulations where the Company operates.

The following table gives details in respect of outstanding foreign exchange forward contracts in relation to Sell Contracts:

Common and	As at 31 March, 2018		As at 31 March, 2017	
Currency	in Foreign Currency in (Million)	₹ Lacs	in Foreign Currency in (Million)	₹Lacs
In USD	124.44	83,088.83	144.18	100,647.96
In EURO	3.47	2,797.90	4.13	3,246.76
In GBP	2.74	2,466.82	2.86	2,621.29
Total		88,353.55		106,516.01

The following table gives details in respect of outstanding foreign exchange forward contracts in relation to buy Contracts:

Currency	As at 31 March, 2018		As at 31 March, 2017	
Currency	in Foreign Currency in (Million)	₹Lacs	in Foreign Currency in (Million)	₹Lacs
In EURO	1.97	1,666.31	15.23	11,396.15

	EUR	0.03	2.26	-	-
	GBP	0.05	4.30	-	-

The following significant exchange rates have been applied

Correction	Year end spot rate		
Currency	31 March 2018	31 March 2017	
USD/INR	65.00	64.85	
EUR/INR	80.63	69.31	
GBP/INR	92.26	80.96	
AED/INR	17.70	17.66	

## Sensitivity analysis

A reasonably possible strengthening (weakening) of the USD, EURO and GBP against ₹ at 31 March 2018 and 31 March 2017 would have affected the measurement of financial instruments denominated in foreign currency and affected equity and profit and loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant.

				(()
Particulars	Profit a	nd loss	Equity, net of tax	
Particulars	Strengthening	Weakening	Strengthening	Weakening
31 March 2018				
USD (1% movement)	352.52	(352.52)	230.52	(230.52)
EURO (1% movement)	2.58	(2.58)	1.69	(1.69)
GBP (1% movement)	(4.04)	4.04	(2.64)	2.64
AED (1% movement)	0.83	(0.83)	0.55	(0.55)
31 March 2017				
USD (1% movement)	292.75	(292.75)	191.44	(191.44)
EURO (1% movement)	4.34	(4.34)	2.84	(2.84)
GBP (1% movement)	2.37	(2.37)	1.55	(1.55)
AED (1% movement)	0.31	(0.31)	0.21	(0.21)

#### Interest rate risk

Interest rate risk primarily arises from floating rate borrowing, including various revolving and other lines of credit. The Company's investments are primarily in short-term investments, which do not expose it to significant interest rate risk. The Company's borrowings comprises of term loan, working capital loan and bill discounting which carries variable rate of interest, which expose it to interest rate risk.

#### (a) Interest rate risk exposure

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

(₹ Lacs)

Particulars	As at		
Particulars	31 March 2018	31 March 2017	
Variable rate borrowings	188,621.90	116,179.72	
Fixed rate borrowings (including current maturities of long term debts)	-	399.81	
Total borrowings	188,621.90	116,579.53	

(b) Sensitivity (₹ Lacs)

	Profit and loss		Equity, net of tax	
Particulars	25 basis points Increase	25 basis points Decrease	25 basis points Increase	25 basis points Decrease
31 March 2018				
Variable rate borrowings	381.50	(381.50)	249.47	(249.47)
31 March 2017				
Variable rate borrowings	235.75	(235.75)	154.16	(154.16)

### Note 34.3: Capital management

The Company's policy is to maintain a stable and strong capital base structure with a focus on total equity so as to uphold investor, creditor and market confidence and to sustain future development and growth of the business. The Company monitors the return on capital as well as the level of dividends on its equity shares. The Company's objective when managing capital is to maintain an optimal structure so as to maximize shareholder value and safeguard its ability to continue as a going concern.

The Company monitors capital using a ratio of 'adjusted net debt' to 'equity'. For the purpose of Company's capital management, adjusted net debt is defined as aggregate on non-current borrowing, current borrowing and current maturities of long-term borrowings less cash and cash equivalents, deposits and current investments and total equity includes issued capital and all other equity reserves.

The Company's adjusted net debt equity ratio were as follows:

Particulars	As at		
Falticulais	31 March 2018	31 March 2017	
Borrowings (current and non-current)	188,621.90	116,579.53	
Less: Cash and cash equivalents including deposits and current investments	(22,269.37)	(15,538.53)	
Adjusted net debt	166,352.52	101,041.00	
Total equity	121,693.11	106,671.76	
Net debt to equity ratio	1.37	0.95

### Note 38: Specified bank notes

During the year ended 31 March 2017, the Company had specified bank notes or other denomination notes as defined in the MCA notification G.S.R. 308(E) dated 31 March 2017. The details of Specific Bank Notes ('SBN') held and transacted during the period from 8 November 2016 to 30 December 2016 and the denomination wise SBNs and other notes as per the notification is given below:

(₹ Lacs)

Particulars	SBNs*	Other denomination notes	Total
Closing cash in hand as on 8 November 2016	29.22	3.04	32.26
Add: Permitted receipts	-	38.31	38.31
Less: Permitted payments	-	25.27	25.27
Less: Amount deposited in Banks	29.22	0.04	29.26
Closing cash in hand as on 30 December 2016	-	16.04	16.04

<sup>\*</sup>For the purposes of this clause, the term 'Specified Bank Notes' shall have the same meaning provided in the notification of the Government of India, in the Ministry of Finance, Department of Economic Affairs number S.O. 3407(E), dated 8 November 2016.

Note: The disclosures in the financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made since they do not pertain to the financial year ended 31 March 2018. However, amounts as appearing in the audited Standalone Ind AS financial statements for the year ended 31 March 2017 have been disclosed.

Note 39: There is no amount due and outstanding as at Balance sheet date to be credited to the Investor Education and Protection Fund

## Note 40: Transfer pricing

The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under Sections 92-92F of the Income-tax Act. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company is in the process of updating the documentation for the international as well as specified domestic transactions (if applicable) entered into with the associated enterprise during the financial year and expects such records to be in existence latest by the end of the stipulated timeline, as required by law. The Management is of the opinion that its international as well as specified domestic transactions (if any) are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expenses and that of provision for taxation.

### Note 41: Events after reporting period

- 1. ## INDEPENDENT AUDITOR'S REPORT

#### TO THE MEMBERS OF HIMATSINGKA SEIDE LIMITED

### Report on the Audit of Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of Himatsingka Seide Limited ("the Holding Company") and its subsidiaries (collectively referred to as "the Group"), its associate (as listed in note 37 to the consolidated Ind AS financial statements) which comprise the Consolidated Balance Sheet as at 31 March 2018, the Consolidated Statement of Profit and Loss, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows, for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

### Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors are responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated state of affairs, consolidated profit (including other comprehensive income), consolidated statement of changes in equity and consolidated cash flows of the Group including its associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') prescribed under Section 133 of the Act.

The respective Board of Directors of the companies included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associate and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group and of its associate are responsible for assessing the ability of the Group and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the Audit Report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the Auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the Auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We are also responsible to conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and of its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the Auditor's Report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

### Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries and associate, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group and its associate as at 31 March 2018, and their consolidated profit and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows for the year ended on that date.

#### Independent Auditor's Report (continued)

#### Other Matters

- 1. Corresponding figures of the Group for the year ended 31 March 2017 have been audited by another auditor who expressed an unmodified opinion dated 23 May 2017 on the consolidated Ind AS financial statements for the year ended 31 March 2017.
- 2. We did not audit the financial statements/ financial information of two subsidiaries, whose financial statements/ financial information reflect total assets of INR 17,683 lakhs and net assets of INR 1,205 lakhs as at 31 March 2018, total revenues (including other income) of INR 9,008 lakhs and net cash inflows amounting to INR 530 lakhs for the year ended on that date, as considered in these consolidated Ind AS financial statements.
  - These subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the amounts and disclosures included in respect of these subsidiaries located outside India and our report in terms of Section 143(3) of the Act, in so far as it relates to the aforesaid subsidiaries is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.
- 3. We did not audit the financial statements/ financial information of two subsidiaries, whose financial results/ financial information reflect total assets of INR lakhs 8,495 lakhs and net assets of INR 8,417 lakhs as at 31 March 2018, total revenues (including other income) of INR 446 lakhs and net cash inflows amounting to INR 58 lakhs for the year ended on that date, as considered in the consolidated Ind AS financial statements. The consolidated Ind AS financial statements also include the Group's share of net loss (and other comprehensive income) of INR 0.26 lakhs for the year ended 31 March 2018, as considered in these consolidated Ind AS financial statements, in respect of an associate, whose financial statements/ financial information have not been audited by us. These financial statements/ financial information are unaudited and have been furnished to us by the management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associate, and our report in terms of Section 143(3) of the Act, is based solely on such unaudited financial statements/ financial information. In our opinion and according to the information and explanations given to us by the management, these financial statements/ financial information are not material to the Group.

Our opinion above on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to the reports of the other auditors and the financial statements/ financial information certified by the Management.

## Report on Other Legal and Regulatory Requirements

- 1. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and other financial information of subsidiaries and associate as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements;
  - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors:
  - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Cash Flows and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements;
  - (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act;
  - (e) On the basis of the written representations received from the Directors of the Holding Company as on 31 March 2018, taken on record by the Board of Directors of the Holding Company, the report of the statutory auditor of its subsidiary company and certification obtained by management of associate Company incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on 31 March 2018 from being appointed as a Director in terms of Section 164(2) of the Act;
  - (f) With respect to the adequacy of the internal financial controls with reference to consolidated Ind AS financial statements of the Holding Company, its subsidiary companies and associate company incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure A"; and

### Independent Auditor's Report (continued)

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements and also the other financial information of the subsidiaries and associate as noted in the 'Other Matters' paragraph:
  - i. The consolidated Ind AS financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its associate. Refer note 30 to the consolidated Ind AS financial statements;
  - ii. The Group and its associate did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
  - iii. There were no amounts during the year which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, its subsidiary companies and associate company incorporated in India during the year ended 31 March 2018; and
  - iv. the disclosures in the consolidated Ind AS financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made since they do not pertain to the financial year ended 31 March 2018. However amounts as appearing in the audited consolidated Ind AS financial statements for the period ended 31 March 2017 have been disclosed.

### ANNEXURE - A TO THE INDEPENDENT AUDITOR'S REPORT

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial control over financial reporting of Himatsingka Seide Limited ("the Holding Company"), its subsidiaries (collectively referred to as "the Group") and its associate which are incorporated in India as of 31 March 2018 in conjunction with our audit of the consolidated Ind AS financial statements of the Holding Company for the year ended on that date.

### Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to the consolidated Ind AS financial statements criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to the consolidated Ind AS financial statements of the Holding Company, its subsidiary companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the consolidated Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the consolidated Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the consolidated Ind AS financial statements included obtaining an understanding of internal financial controls with reference to the consolidated Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the Auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to the consolidated Ind AS financial statements of the Holding Company and its subsidiary company incorporated in India.

### Meaning of Internal Financial Controls with reference to the consolidated Ind AS financial statements

A company's internal financial control with reference to the consolidated Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to the consolidated Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of Management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the consolidated Ind AS financial statements

### Inherent Limitations of Internal Financial Controls with reference to the consolidated Ind AS financial statements

Because of the inherent limitations of internal financial controls with reference to the consolidated Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the consolidated Ind AS financial statements to future periods are subject to the risk that the internal financial control with reference to the consolidated Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, the Holding Company and its subsidiary company which is incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to the consolidated Ind AS financial statements and such internal financial controls with reference to the consolidated Ind AS financial statements were operating effectively as at 31 March 2018, based on the internal control with reference to the consolidated Ind AS financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

### Reporting Entity

Himatsingka Seide Limited ("the Company") together with its subsidiaries (including step subsidiaries) collectively referred to as ("the Group") is incorporated and domiciled in India. The Company is a public limited company incorporated in India and listed on Bombay Stock Exchange and National Stock Exchange. The Company is primarily engaged in manufacturing of home textiles, mainly bedding, drapery and upholstery products made of cotton, silk and blends. The Group is a vertically integrated home textile Group that manufactures, retails and distributes bedding, bath, drapery, upholstery and lifestyle accessory products. The Group operates two manufacturing facilities in India and retail and distribution businesses across North America, Europe and Asia.

The registered office of the Company is 10/24, Kumara Krupa Road, High Grounds, Bengaluru – 560 001.

### Note 1: Basis of preparation

### 1.1 Statement of Compliance

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as per the Companies (Indian Accounting Standards) Rules 2015 notified under Section 133 of the Companies Act 2013 ('the Act') and other relevant provisions of the Act.

Accounting policies have been consistently applied except where a newly issued Indian Accounting Standard is initially adopted or a revision to an existing Indian Accounting Standard requires a change in the accounting policy hitherto in use.

The Group's consolidated Ind AS financial statements were approved by the Company's Board of Directors on 25 May 2018.

### 1.2 Functional and presentation currency

These consolidated financial statements are presented in India Rupees ( $\mathfrak{F}$ ), which is also the Group's functional currency. All amounts have been presented in rupees in lakhs and rounded off upto two decimals.

### 1.3 Rasis of measurement

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

### 1.4 Use of estimate and judgement

The preparation of Consolidated Ind AS financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. They are based on historical experience and other factors that are believed to be reasonable under the circumstance. Revisions to accounting estimates are recognised prospectively.

### Assumptions and estimation uncertainties

Information about assumptions, judgements and estimations that have a significant risk of resulting in a material adjustment in the year ending 31 March 2018 is summarized below:

- note 3 useful life of property, plant and equipment and intangible assets;
- note 34 recognition of deferred tax asset: availability of future taxable profit against which tax losses carried forward can be used;
- note 17 and 25 recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources.
- note 17 measurement of defined benefit obligation: key actuarial assumptions;
- note 5, 6, 7, 11 and 36 impairment of financial assets

### 1.5 Measurement of fair values

Certain accounting policies and disclosures of the Group require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities;

**Level 2** inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

### Further information about the assumptions made in measuring fair values is included in the following notes:

• note 36: financial instruments.

### Note 2: Significant accounting policies

### 2.1 Basis of consolidation

The Company consolidates all entities which are controlled by it.

The Company establishes control when; it has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect the entity's returns by using its power over relevant activities of the entity.

Entities controlled by the Company are consolidated from the date control commences until the date control ceases.

All inter-company transactions, balances and income and expenses are eliminated in full on consolidation.

Changes in the Company's interests in subsidiaries that do not result in a loss of control are accounted for as equity transactions. The carrying amount of the Company's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to shareholders of the Company.

### **Business Combination**

The Group accounts for its business combinations under acquisition method of accounting. Acquisition related costs are recognised in the statement of profit and loss as incurred. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the condition for recognition are recognised at their fair values at the acquisition date.

Purchase consideration paid in excess of the fair value of net assets acquired is recognised as goodwill. Where the fair value of identifiable assets and liabilities exceed the cost of acquisition, after reassessing the fair values of the net assets and contingent liabilities, the excess is recognised as capital reserve.

The interest of non-controlling shareholders is initially measured either at fair value or at the non-controlling interests' proportionate share of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-byacquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity of subsidiaries.

Business combinations arising from transfers of interests in entities that are under common control are accounted at historical cost. The difference between any consideration given and the aggregate historical carrying amounts of assets and liabilities of the acquired entity are recorded in shareholders' equity.

### 2.3 Goodwill

Goodwill represents the cost of business acquisition in excess of the Group's interest in the net fair value of identifiable assets, liabilities and contingent liabilities of the acquiree. When the net fair value of the identifiable assets, liabilities and contingent liabilities acquired ("net assets") exceeds the cost of business acquisition, the excess of net assets over cost of business acquisition is recognised immediately in capital reserve. Goodwill is measured at cost less accumulated impairment losses.

### 2.4 Subsidiaries

Subsidiaries are the entities controlled by the Group. The Consolidated Ind AS financial statements comprise the financial statements of the Company and its subsidiaries as disclosed in Note 41. Control exists when the parent has power over an investee, exposure or rights to, or has variable returns from its involvement with the investee and has the ability to affect those returns through its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. The Financial statement of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date control ceases.

The financial statements of the Group Companies are consolidated on a line-by-line basis and intra-group balances and transactions including unrealized gain / loss from such transactions are eliminated upon consolidation. The financial statements are prepared by applying uniform policies in use at the Group.

### **Revenue Recognition**

Revenue is recognized to the extent that it is probable that the economic benefits associated with the transaction will flow to the entity and revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and is inclusive of excise duty and net of taxes and duties collected on behalf of the government.

Revenue from the sale of goods and sale of scrap in the course of ordinary activities is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and volume rebates. This inter alia involves discounting of the consideration due to the present value if payment extends beyond normal credit terms. Revenue is recognized when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing effective control over, or managerial involvement with, the goods, and the amount of revenue can be measured reliably.

The timing of transfers of risks and rewards varies depending on the individual terms of sale.

Income from government incentives are recognized in the statement of profit and loss account when the right to receive credit as per the terms of the entitlement is established in respect of exports made (Also refer note 2.9 below).

### 2.6 Other Income

Other income comprises interest income on deposits, dividend income and gain/ (losses) on disposal of financial assets and non-financial assets. Interest income is recognised using the effective interest method.

The 'effective interest rate' is the rate the exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- The gross carrying amount of the financial asset; or
- The amortised cost of the financial liability.

Dividend Income from investments is recognised when the shareholder's right to receive payment has been established.

### 2.7 Leases

Leases of property, plant and equipment that transfer to the group substantially all the risks and rewards of ownership are classified as finance leases. The leased assets are measured initially at an amount equal to lower of their fair value and the present value of the minimum lease payments. Subsequent to initial recognition the assets are accounted for in accordance with the accounting policy applicable to similar owned assets.

Leases in which a significant portion of risk and rewards of ownership are not transferred to the group as lessee are classified as operating lease. Payments made under operating leases (net of any incentives received from the lessor) are charged to the consolidated statement of profit and loss on a straight line over period of lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

### 2.8 Borrowings and borrowing cost

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

### 2.9 Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and the Company will comply with all attached conditions. When the grant relates to revenue, it is recognised in the statement of profit and loss on a systematic basis over the periods to which they relate. When the grant relates to an asset, it is treated as deferred income and recognised in the statement of profit and loss on a systematic basis over the useful life of the asset.

### 2.10 Employee benefits

### a. Defined benefit plans

The Group's gratuity plan is a defined benefit plan. The present value of gratuity obligation under such defined benefit plans is determined based on actuarial valuations carried out by an independent actuary using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the balance sheet date, having maturity periods approximating to the terms of related obligations.

Actuarial gains or losses are recognized in other comprehensive income. Further, the statement of profit and loss does not include an expected return on plan assets. Instead net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on plan assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income.

Re-measurements comprising actuarial gains or losses and return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are not reclassified to profit or loss in subsequent periods.

The Group's gratuity scheme is administered through a third party trust and the provision for the same is determined on the basis of actuarial valuation carried out by an independent actuary. Provision is made for the shortfall, if any, between the amounts required to be contributed to meet the accrued liability for gratuity as determined by actuarial valuation and the available corpus of the funds.

### b. Short term employee benefits

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses in the period in which the employee renders the related service.

Short term employee benefits are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g. short term cash bonus, if the Group has a present legal or constructive obligation to pay this amount as a result of past services provided by the employee and the amount of obligation can be estimated reliably.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognized immediately in the statement of profit and loss. The Group recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

### c. Compensated absences

The employees of the Group are entitled to compensated absence. The employees can carry-forward a portion of the unutilized accumulating compensated absence and utilize it in future periods. The Group records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The obligation is measured on the basis of an independent actuarial valuation using the Projected Unit method as at the reporting date.

### d. Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The Group makes specified monthly contributions towards employee Provident Fund to Government administered Provident Fund Scheme which is a defined contribution plan. The Group's contribution is recognized as an expense in the statement of profit and loss during the period in which the employee renders the related service.

### 2.11 Taxation

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the reporting date. Deferred income tax assets and liabilities are recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements except for the cases mentioned below.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the reporting date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognised as income or expense in the period that includes the enactment or the substantive enactment date.

Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets and liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profits or loss at the time of the transaction.
- temporary investments related to investment in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary difference arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profits will be available against which such deferred tax can be realised. Deferred tax assets, unrecognised or recognised, are reviewed at each reporting date and are recognised/reduced to the extent that it is probable/no longer probable respectively that the related tax benefit will be realised.

Minimum alternative tax ('MAT') paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax in future years. Ind AS 12 defines deferred tax to include carry forward of unused tax credits that are carried forward by the entity for a specified period of time. Accordingly, MAT credit entitlement is grouped with deferred tax assets (net) in the balance sheet.

The Group offsets, the current tax assets and liabilities (on a year on year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

### 2.12 Property, plant and equipment

### a. Recognition and measurement:

Items of property, plant and equipment except freehold land held for use in the production, supply or administrative purposes, are measured at cost less accumulated depreciation (which includes capitalised borrowing costs, if any) and accumulated impairment losses, if any.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing an asset to working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which it is located. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials, direct labour and any other costs directly attributable to bringing the item to its intended working condition and estimated costs of dismantling, removing and restoring the site on which it is located, wherever applicable.

Assets in the course of construction are capitalised as capital work-in-progress. At the point when an asset is operating at management's intended use, the cost of construction is transferred to the appropriate category of property, plant and equipment and depreciation commences. Costs associated with the commissioning of an asset and any obligatory decommissioning costs are capitalised where the asset is available for use but incapable of operating at normal levels until a period of commissioning has been completed. Revenue generated from production during the trial period are adjusted with cost of capitalization.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in the statement of profit and loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the statement of profit and loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss.

Advance paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date classified as capital advances under other non-current assets and the cost of the assets not put to use before such date are disclosed under Capital work in progress.

### b. Depreciation:

Depreciation is provided on a Straight Line Method ('SLM') over the estimated useful lives of the property, plant and equipment as estimated by the Management and is generally recognised in the Statement of profit and loss.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

The Company has estimated the useful lives for property, plant and equipment as follows:

Class of assets	Years
Buildings	30 – 60 years
Plant and machinery	8 - 25 years
Furniture and fixtures	10 years
Office equipment	3-6 years
Books and catalogues	4 years
Vehicles	6 -10 years
Leasehold improvements	shorter of the lease term and their useful lives

Freehold land and leasehold land where the lease is convertible to owned land under lease agreements at future dates at no additional cost, are not depreciated.

The Management believes that the useful lives as given best represent the period over which the management expects to use these assets based on an internal assessment and technical evaluation where necessary. Hence, the useful lives for some of these assets is different from the useful lives as prescribed under Part C of Schedule II of the Act.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted if appropriate. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposal are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains / losses.

### 2.13 Goodwill and Other Intangible Assets

### a) Goodwill

For measurement of goodwill that arises on a business combination (refer note 5). Subsequent measurement is at cost less any accumulated impairment losses.

### b) Other Intangible Assets

### Acquired intangible assets

### i. Recognition and measurement

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortization and any accumulated impairment loss.

### ii. Subsequent measurement

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including on internally generated software is recognized in profit and loss as and when

### iii. Amortisation

The Company amortizes intangible assets with a finite useful life using the straight-line method. The estimated useful lives of intangibles are as follows:

Class of asset	Useful life
Computer software	10 years
Design costs	4 years
Technical know-how	10 years
Brands and Licenses	3-5 years

The residual values, useful lives and method of amortisation of intangible assets are reviewed at each financial year end and adjusted if appropriate.

### iv. Derecognition of intangible assets

An intangible asset is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal of an intangible asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss.

### 2.14 Impairment of non-financial assets

### Goodwill

Goodwill is tested for impairment on an annual basis and whenever there is an indication that goodwill may be impaired, relying on a number of factors including operating results, business plans and future cash flows. For the purpose of impairment testing, goodwill acquired in a business combination is allocated to the Group's cash generating units (CGU) or groups of CGU's expected to benefit from the synergies arising from the business combination. A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets. Impairment occurs when the carrying amount of a CGU including the goodwill, exceeds the estimated recoverable amount of the CGU. The recoverable amount of a CGU is the higher of its fair value less cost to sell and its value-in-use. Value-in-use is the present value of future cash flows expected to be derived from the CGU. Total impairment loss of a CGU is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU. An impairment loss on goodwill is recognised in the consolidated statement of profit and loss and is not reversed in the subsequent period.

### Intangible assets and property, plant and equipment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets/ CGU are considered to be impaired, the impairment to be recognised in the Statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount.

The carrying amount of the asset/ CGU is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

### 2.15 Inventories

Inventories are measured at the lower of cost and net realizable value.

Cost of inventories comprises purchase price, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. In determining the cost, weighted average cost is used. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs to sell. The comparison of cost and net realizable value is made on an item-by-item basis.

- The method of determination of cost is as follows:
- Raw materials on a weighted average cost basis
- Stores and spares on a weighted average cost basis
- Work-in-progress includes costs of conversion
- Finished goods includes costs of conversion
- Traded goods at purchase cost
- Goods in transit at purchase cost

The net realizable value of work-in-progress is determined with reference to the net realizable value of related finished goods. Raw materials and other supplies held for use in production of inventories are not written down below cost except in cases where material prices have declined, and it is estimated that the cost of the finished products will exceed their net realizable value. Fixed production overheads are allocated on the basis of normal capacity of production facilities. The provision for inventory obsolescence is assessed periodically and is provided as considered necessary.

### 2.16 Foreign currency transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign currency denominated monetary assets and liabilities are translated into relevant functional currency at exchange rates in effect at the balance sheet date.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in the statement of profit and loss.

Non-monetary assets and non-monetary liabilities denominated in foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss and are generally recognized in the statement of profit and loss, except exchange differences arising from the translation of the following items which are recognized in OCI:

- equity investments at fair value through OCI (FVOCI)
- a financial liability designated as a hedge of the net investment in a foreign operation to the extent that the hedge is effective; and
- qualifying cash flow hedges to the extent that the hedges are effective.

### 2.17 Provisions

### General

A provision is recognised if, as a result of a past event, the Company has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognised at the best estimate of the expenditure required to settle the present obligation at the reporting date. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the reporting date) at a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the liability. The unwinding of discount is recognised as finance cost. Expected future operating losses are not provided for.

### 2.18 Financial Instruments

### a) Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

All financial instruments are recognised initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset (other than financial assets recorded at fair value through profit or loss) are included in the fair value of the financial assets.

### b) Classification and subsequent measurement

### i. Financial assets

On initial recognition, a financial asset is classified and measured at

- amortised cost;
- fair value through other comprehensive income (FVOCI) debt investment;
- $\bullet\,$  fair value through other comprehensive income (FVOCI) equity investment; or
- fair value through profit and loss (FVTPL)

Financial assets are not classified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial assets give rise on a specified date to cash flows that are solely payments of principal and interest on the principal amounts outstanding.
  - A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:
- the asset is held within a business model whose objective is achieved by both collecting contractual cash flow and selling financial assets; and
- the contractual terms of the financial assets give rise on a specified date to cash flows that are solely payments of principal and interest on the principal amounts outstanding.

On initial recognition of an equity investment that is not held for trading, the Company irrevocably elects to present subsequent changes in the investment's fair value in OCI (designated as FVOCI-equity investment). This election is made on an investmentto-investment basis.

All financial assets not classified as amortised cost or FVOCI as described above are measured at FVTPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL, if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income are recognised in the Statement of profit and loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in the Statement of profit and loss. Any gain or loss on derecognition is recognised in the Statement of profit and loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in the Statement of profit and loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to the Statement of profit and loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognised as income in the Statement of profit and loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to the Statement of profit and loss.

### Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 34 details how the Company determines whether there has been a significant increase in credit risk.

In accordance with Ind AS 109, the Company applies expected credit loss ("ECL") model for measurement and recognition of impairment loss. The Company follows 'simplified approach' for recognition of impairment loss allowance on financial assets, trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognising impairment loss allowance based on 12 month ECL.

### **Derecognition of financial assets**

A financial asset is derecognised only when:

- The Company has transferred the rights to receive cash flows from the financial asset; or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset.

### ii. Financial liabilities

### Classification, subsequent measurement and gains and losses

Financial liabilities at fair value through profit or loss include and financial liabilities designated upon initial recognition as at fair value through profit or loss and financial liabilities held for trading. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separate embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ losses are not subsequently transferred to statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit or loss.

### **Amortised cost**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate ("EIR") method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss."

### Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified party fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

### Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of profit and loss.

### Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

### 2.19 Derivative financial instruments and hedge accounting

The Company holds derivative financial instruments to hedge its foreign currency risk exposure.

Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognized in the statement of profit and loss.

The Company designates their derivatives as hedge instruments to hedge the variability in cash flows associated with highly probable forecast transactions arising from changes in foreign exchange rates.

At inception of designated hedging relationships, the Company documents the risk management objective and strategy for undertaking the hedge. The Company also documents the economic relationship between the hedged item and the hedging instrument, including whether the changes in cash flows of the hedged item and hedging instrument are expected to offset each other.

### Cash flow hedges

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivatives is recognized in OCI and accumulated in the other equity under effective portion of cash flow hedges. The effective portion of changes in the fair value of the derivative that is recognized in OCI is limited to the cumulative change in fair value of the hedged item, determined on a present value basis, from inception of the hedge. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the statement of profit and loss.

When the hedged forecast transaction subsequently results in the recognition of a non-financial item such as inventory, the amount accumulated in other equity is included directly in the initial cost of the non-financial item when it is recognized. For all other hedged forecast transactions, the amount accumulated in other equity is reclassified to the statement of profit and loss in the same period or periods during which the hedged expected future cash flows affect the statement of profit and loss.

If a hedge no longer meets the criteria for hedge accounting or the hedging instruments is sold, expires is terminated or is exercised, then hedge accounting is discontinued prospectively. When hedge accounting for cash flow hedges is discontinued, the amount that has been accumulated in other equity remains there until, for a hedge of a transaction resulting in recognition of a non-financial item, it is included in the non-financial item's cost on its initial recognition or, for other cash flow hedges, it is reclassified to the statement of profit and loss in the same period or periods as the hedged expected future cash flows affect the statement of profit and loss.

If the hedged future cash flows are no longer expected to occur, then the amounts that have been accumulated in other equity are immediately reclassified to the statement of profit and loss.

Changes in fair value of foreign currency derivative instruments not designated as cash flow hedges are recognized in the statement of profit and loss and reported within foreign exchange gains, net within results from operating activities.

### 2.20 Earnings per share

The basic earnings per share is computed by dividing the net profit attributable to owners of the Company for the year by the weighted average number of equity shares outstanding during reporting year.

The number of shares used in computing diluted earnings per share comprises the weighted average shares considered for deriving basic earnings per share and also the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Dilutive potential equity shares are deemed converted as of the beginning of the reporting date, unless they have been issued at a later date. In computing diluted earnings per share, only potential equity shares that is dilutive and which either reduces earnings per share or increase loss per share are included.

### 2.21 Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less.

For the purpose of cash flow statement, cash and cash equivalent includes cash in hand, in banks, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less, net of outstanding bank overdrafts that are repayable on demand and are considered part of the cash management system.

### 2.22 Cash flow statement

Cash flows are reported using the indirect method, whereby net profit before taxes for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

### 2.23 Contingent liability

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

### 2.24 Standards issued but not yet effective

On March 28, 2018, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2018, notifying amendments to Ind AS 40, 'Investment Property', Ind AS 21, 'The Effects of Changes in Foreign Exchange Rates, Ind AS 12, 'Income Taxes', Ind AS 28, 'Investments in Associates and Joint Ventures', 'Ind AS 112, 'Disclosure of Interests in Other Entities' and Ind AS 115, 'Revenue from contracts with customers'. These amendments maintain convergence with IFRS by incorporating amendments issued by the International Accounting Standards Board (IASB) into Ind AS. The amendments are applicable to the company from 1 April 2018.

### Amendment to Ind AS 40, Investment Property

The amendment to Ind AS 40 lays down the principle regarding when a Company should transfer to, or from, investment property. Accordingly, a transfer is made only when:

- a. There is an actual change of use i.e. an asset meets or ceases to meet the definition of investment property.
- b. There is evidence of the change in use.

The impact of the above stated amendment to the Company is Nil as the same is not applicable to the Company.

### Amendment to Ind AS 21, The Effects of Changes in Foreign Exchange Rates

Appendix B to Ind AS 21, Foreign currency transactions and advance consideration clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency.

The Company is in process of evaluating the effect of this on the standalone financial statements and expects the impact to be not material.

### Amendment to Ind AS 12, Income Taxes

The amendment to Ind AS 12 considers that:

- a. Tax law determines which deductions are offset against taxable income in determining taxable income in determining taxable profits.
- b. No deferred tax asset is recognised if the reversal of the deductible temporary difference will not lead to tax deductions.

The Company is evaluating the effect of this on the standalone financial statements and expects the impact to be not material.

### Amendment to Ind AS 28, Investments in Associates and Joint Ventures

The amendment to Ind AS 28 clarifies that a venture capital organisation, or a mutual fund, unit trust and similar entities may elect, at initial recognition, to measure investments in an associate or joint venture at fair value through profit or loss separately for each associate or joint venture.

The impact of the above stated amendment to the Company is NIL as the same is not applicable to the Company.

### Amendment to Ind AS 112, Disclosure of Interests in Other Entities

The amendment to Ind AS 112 provide that the disclosure requirements for interests in other entities also apply to interests that are classified (or included in a disposal group that is classified) as held for sale or as discontinued operations in accordance with Ind AS 105, Non-current Assets Held for Sale and Discontinued Operations.

The impact of the above stated amendment to the Company is NIL as the same is not applicable to the Company.

### Ind AS 115, Revenue from Contracts with Customers:

Ind AS 115, establishes a comprehensive framework for determining whether, how much and when revenue should be recognised. It replaces existing revenue recognition guidance, including Ind AS 18 Revenue, Ind AS 11 Construction Contracts and Guidance Note on Accounting for Real Estate Transactions. Ind AS 115 is effective for annual periods beginning on or after 1 April 2018 and will be applied accordingly.

The standard permits two possible methods of transition:

- Retrospective approach Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- Retrospectively with cumulative effect of initially applying the standard recognised at the date of initial application (Cumulative catch up approach)

The Group has completed an initial qualitative assessment of the potential impact of the adoption of Ind AS 115 on accounting policies followed in its standalone financial statements. The quantitative impact of adoption of Ind AS 115 on the standalone financial statements in the period of initial application is not expected to be material.

The Group will adopt the standard on 1 April 2018 by using the cumulative catch-up transition method and accordingly the comparatives will not be adjusted.

Property reclassified as held for sale	-	(144.02)
Effect of foreign currency exchange differences	-	(0.50)
Balance at end of the year	54.37	29.98
Net carrying value	888.95	806.94

Refer Note 31

Note 4: Goodwill (₹ Lacs)

Particulars	As at 31 March 2018	As at 31 March 2017
Cost		
Balance at beginning of year	34,141.58	35,254.64
Effect of foreign currency exchange differences	962.11	(1,113.06)
Balance at end of year	35,103.69	34,141.58

### Note 4.1: Allocation of goodwill to cash generating units:

For the purpose of impairement testing, goodwill acquired in a business combination is allocated to the Group's cash generating unit (CGU) or gorup of CGU's, which benefit from the synergies of the acquisition. The chief operating decision maker reviews the goodwill for any impairment at the operating segment level, which is represented through group of CGU's.

The aggregate carrying amount of goodwill, net of exchange differences allocated to operating segments as follows:

(₹ Lacs)

Particulars	As at 31 March 2018	
Bed-Linens (Manufacturing in India, and US distribution)	28,724.62	28,655.09
Trading in home-textiles with the Bellora Brand	6,379.07	5,486.49
Total	35,103.69	34,141.58

The recoverable amount of a cash-generating unit is the higher of its fair value less costs of disposal and its value in use. For the purpose of determining fair value of a CGU, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

As of 31 March 2018, the estimated recoverable amount of each of the CGU's exceeded its carrying amount, hence impairment is not triggered. The carrying amount of the CGU was computed by allocating the net assets to operating segments for the purpose of impairment testing.

Unsecured, considered good	12,010.62	8,622.72
Less: Allowance for doubtful debts	(2,101.10)	(1,795.35)
Net trade receivables	9,909.52	6,827.37

All trade receivables are 'current'.

### Note 11.1 - Transfer of financial assets

### i) Factoring:

The Group sells a substantial portion of its trade receivables to a commercial factor, without recourse, up to maximum credit limits established by the factor for each individual account.

### ii) Bill Discounting:

At the end of the reporting period, the carrying amount of the trade receivables that have been transferred but have not been derecognized amounted to ₹ 443.39 Lacs and the carrying amount of the associated liability is ₹ 381.49 Lacs. (Refer Note No. 19)

The Group's exposure to credit and currency risk and loss allowances related to trade receivables has been dislcosed in Note 36"

### Note 11.2: Expected credit loss assessment for Trade Recievables as at 31 March 2017 and 31 March 2018 are as follows:

The Group establishes an allowance for credit loss that respresents its estimate of expected losses in respect of trade and other receivables based on past and the recent collection trend. The maximum exposure to credit risk as at reporting date is primarily from trade receivables as at 31 March 2018 amounting to ₹ 9,909.52 Lacs (31 March 2017: ₹ 6,827.37 Lacs). The movement in allowance for credit loss in respect of trade and other receivables during the year was as follows

(₹ Lacs)

Particulars	As at 31 March 2018	As at 31 March 2017
Balance as at beginning of the year	(1,795.35)	(1,936.65)
Net measurement of loss allowance	(35.00)	-
Foreign exchange translation gains and losses	(270.75)	141.30
Balance at end of the year	(2,101.10)	(1,795.35)

There is no significant movement in the impairment loss allowance during 2017-18.

### Note 12: Cash and Cash Equivalents

(₹ Lacs)

		(\ Luc3)
Particulars	As at 31 March 2018	As at 31 March 2017
Cash in hand	52.02	31.71
Balance with Banks in current accounts and deposits		
- in current accounts	10,936.23	5,906.22
- in deposit accounts (with original maturity of less than 3 months)	-	-
	10,988.28	5,937.93
Other bank balances (Refer Note 12.1)	46.37	22.63
In deposit account (more than 3 months but less than 12 months) (Refer Note 12.2)	2,437.31	12,398.83
	2,483.68	12,421.46
Total	13,471.96	18,359.39

Note 12.1: Other Bank Balances represent earmarked balances in respect of unpaid dividends and dividend payable.

Note 12.2: The deposits maintained by the Group with banks comprise of time deposits, which can be withdrawn by the Group at any point without prior notice or penalty on the principal.

### Note 13: Assets classified as held for sale

(₹ Lacs)

Particulars	As at 31 March 2018	As at 31 March 2017
Building ( Refer note 13.1)	4,156.24	3,572.59
Total	4,156.24	3,572.59

**Note 13.1:** The Group intends to dispose off a portion of its building in Italy, held by its subsidiary, that it no longer utilises in full capacity and has advertised in search of a buyer. No impairment loss was recognised on reclassification of the building as held for sale as at 31 March 2018 as the Group expect that the fair value (estimated based on the recent market prices of similar properties in similar locations) less costs to sell is higher than the carrying amount.

Note 14 : Share capital (₹ Lacs)

At the end of the year	98,457,160	4,922.86	98,457,160	4,922.86

### Details of the rights, preferences and restrictions attaching to each class of shares:

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive any of the remaining asset of the Company after distribution of all preferential amounts, if any. The distribution will be in proportion to the number of equity shares held by the shareholders.

The Company has not allotted any fully paid equity shares by way of bonus shares nor has bought back any class of equity shares during the period of five years immediately preceding the balance sheet date nor has issued shares for consideration other than cash.

The rate of interest on the above term loans is in the range of 9.95% to 11.05% (Previous year 10.2% to 11.55%). Interest on these term loans is eligible for government subsidies.

Note 17: Provisions (₹ Lacs)

Particulars	As at 31 March 2018	As at 31 March 2017
Non-current Non-current		
Provision for gratuity (Refer Note 17.1)	1,303.09	1,108.75
Provision for compensated absences	160.95	342.24
Total	1464.04	1450.99
Current		
Provision for compensated absences	351.50	169.83
Total	351.50	169.83

### Note 17.1: Employee Benefit

The Group operates the following post-employment defined benefit plan.

### Defined benefit plan

The Group operates post-employment defined benefit plan that provide gratuity, governed by the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service or part thereof in excess of six months. The gratuity plan is a funded plan.

These defined benefit plans expose the Group to actuarial risks, such as longevity risk, currency risk, interest rate risk and market (investment) risk.

### (A) Funding

The Group's gratuity scheme for employees is administered through third party trust. The funding requirements are based on the gratuity fund's actuarial measurement framework set out in the funding policies of the plan. The funding is based on a separate actuarial valuation for funding purposes for which the assumptions may differ from the assumptions set out in (E). Employees do not contribute to the plan.

The Company expects to pay ₹ 1,361.00 lacs in contributions to its defined benefit plans in 2018-19.

### (B) Reconciliation of net defined benefit liability

The following table shows a reconciliation from the opening balances to the closing balances for the net defined benefit liability/ assets and its components:

### Reconciliation of present value of defined benefit obligation

(₹ Lacs)

Particulars	As at 31 March 2018	As at 31 March 2017
Obligation at the beginning of the year	1,644.81	1,390.22
Current service cost	152.82	124.68
Interest cost	110.12	104.89
Benefits paid	(142.54)	(141.28)
Actuarial (gains)/losses on obligations recognised in Other comprehensive income (OCI)		
- Changes in financial assumptions	(61.39)	90.21
- Experience adjustments	28.83	76.09
Obligation at the end of the year	1,732.65	1,644.81
Reconciliation of present value of plan assets		
Plan assets at the beginning of the year, at fair value	603.20	651.71
Expected return on plan assets	40.39	49.17
Employer contributions	4.59	57.50
Benefits paid	(142.55)	(103.98)
Return on plan assets, excluding interest income recognised in OCI	4.99	(51.20)
Plan assets at the end of the year, at fair value	510.61	603.20
Net defined benefit liability	1,222.04	1,041.61

### (C) (i) Expense recognised in the Statement of profit or loss

(₹ Lacs)

Particulars	As at 31 March 2018	As at 31 March 2017
Service cost	152.82	124.97
Interest cost	110.02	104.89
Expected return on plan assets	(40.39)	(49.17)
Net gratuity cost	222.46	180.69

### (ii) Remeasurement recognised in other comprehensive income

(₹ Lacs)

Particulars	As at 31 March 2018	As at 31 March 2017
Actuarial loss on defined benefit obligation	(32.56)	166.30
Return on plan assets, excluding amount recognised in net interest expense	(4.99)	51.20
Total (gain) / loss recognised in other comprehensive income	(37.54)	217.50

(D) Plan assets (₹ Lacs)

Particulars	As at 31 March 2018	As at 31 March 2017
Insurance fund	510.61	603.20
Total	510.61	603.20

### (E) Defined benefit obligation

### (i) Actuarial assumptions

(₹ Lacs)

Particulars	For the year ended	
Particulars	31 March 2018	31 March 2017
Discount rate	7.25%	6.70%
Future salary growth	6.00%	6.00%
Mortality [IALM 06-08]	100.0%	100.0%
Attrition rate	2 - 40%	2 - 40%
Weighted average duration of defined benefit obligation (in years)	6	7
Retirement age (in years)	58	58

### Notes:

- (i) The discount rate is based on the prevailing market yield on high quality corporate bonds as at the balance sheet date for the estimated term of obligations.
- (ii) The expected return on plan assets is determined considering several applicable factors mainly the composition of the plan assets held, assessed risks of asset management, historical results of the return on plan assets and the Group's policy for plan asset management.
- (iii) The estimate of future salary increases considered in actuarial valuation takes into account inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market.

### (ii) Sensitivity Analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant would have affected defined benefit obligation by amounts shown below:

(₹ Lacs)

	As at 31 March 2018	As at 31 March 2017
Projected Benefit Obligation on Current Assumptions	1,733	1,645
Impact of change in discount rate by +1%	1,630	1,539
Impact of change in discount rate by -1%	1,848	1,765
Impact of change in salary growth rate by +1%	1,848	1,764
Impact of change in salary growth rate by -1%	1,628	1,538
Impact of change in attrition rate by +50%	1,708	1,619
Impact of change in attrition rate by -50%	1,775	1,692
Impact of change in mortality rate by +10%	1,736	1,647
Impact of change in mortality rate by -10%	1,730	1,642

### **Defined contribution plans:**

The Company's contribution to Provident Fund aggregating to ₹ 465.28 Lacs (31 March 2017: ₹ 572.16 Lacs) and contribution to superannuation fund aggregating to ₹ 11.86 Lacs (31 March 2017: ₹ 15.51 Lacs) has been recognised in the Statement of Profit and Loss under the head employee benefit expense.

(₹ Lacs)

Portigulars	For the year ended	
Particulars	31 March 2018	31 March 2017
Provident fund	465.28	572.16
Superannuation fund	11.86	15.51

### Note 18: Other Liabilities (₹ Lacs)

Particulars	As at 31 March 2018	As at 31 March 2017
Non-current		
Deferred Revenue arising from government grant (Refer Note 18.1)	22,723.32	5,524.01
Total	22,723.32	5,524.01
Current		
Deferred Revenue arising from government grant (Refer Note 18.1)	2,228.14	1,941.22
Advances received from customers	242.88	272.13
Statutory dues	2,636.73	1,991.32
Unpaid Dividend	64.91	22.63
Security deposit received	44.80	44.80
Total	5,217.46	4,272.10

### Note 18.1: Deferred Revenue arising from government grant

The Group has received government grants in the form of import duty exemption and subsidy on purchase of capital goods and purchase of raw materials, to be used for production of goods for exports, based on the terms of the respective schemes. The Group recognises such grants in statement of Profit or Loss on a systematic basis over the period in which the related expenses (the related costs for which the grants are intended to compensate) are incurred and charged to the income statement. The Group has presented such amortisation of deferred income as a deduction from the related expenses.

### Note 19: Current borrowings

(₹ Lacs)

Particulars	As at 31 March 2018	As at 31 March 2017
Secured borrowings		
Loans repayable on demand		
- From banks (Refer Note 19.1 and Note 19.2 below)	75,063.17	44,809.27
- Bill discounting	19,239.05	16,070.66
Total	94,302.22	60,879.93

Note 19.1: The weighted average effective interest rate on the bank loans is 4.51 % per annum (5.70 % as at March 31, 2017).

**Note 19.2:** Working capital limits are secured against present and future stock and trade receivables on pari-passu basis. Information about the Group's exposure to interest rate, currency and liquidity risk are disclosed in note 36.

### Note 20: Trade payables

(₹ Lacs)

Particulars	As at 31 March 2018	As at 31 March 2017
Trade payables (Refer Note - 20.1)	35,114.11	26,146.48
Total	35,114.11	26,146.48

All trade payables are current.

The Group's exposure to currency and liquidity risk are disclosed in note 36.

(₹ Lacs)

(b) Guarantees outstanding	4.21	4.21
Total	1,455.19	1,699.98

Note 30.1: The above amounts have been arrived at based on the notice of demand or the Assessment Orders, as the case may be, and the Group is contesting these claims with the respective authorities. Outflows including interest and other consequential payments, if any, arising out of these claims would depend on the outcome of the decisions of the appellate authorities and the Group's rights for future appeals before the judiciary. The Group doesn't expect any reimbursements in respect of the above contingent liabilities.

Note 30.2: These claims relate to demands resulting from disallowances of deductions claimed and other adjustments, which are being contested by the Group. These cases are pending at various forums with respective authorities. Outflows, if any, arising out of the claims would depend upon the outcome of the decision of the appellate authority and the Group's right for future appeals before judiciary. The Group doesn't expect any reimbursements in respect of the above contingent liabilities.

Note 30.3: These claims relate to demands arising from difference pertaining to transfer price assessed in terms of Customs Valuation Rules, 1988.

### Note 31: Operating Leases

### a. As Lessor:

The Group has entered into operating lease arrangements for a portion of its building premises. The details are as follows:

(₹ Lacs)

Particulars	For the year ended 31 March 2018	For the year ended 31 March 2017
Gross Carrying Amount	943.32	836.92
Accumulated Depreciation	54.37	29.98
Depreciation recognised in the statement of profit and loss	24.39	24.39

Rental income earned by the Group from the above mentioned building premises are set out in Note23(b).

### b. As Lessee:

The Group has entered into operating lease agreements mainly in respect of the office premises, accommodations and vehicles. These leases have non cancellable periods ranging from 1 to 7 years.

Lease rental expense under cancellable operating leases during the year was ₹ 1,735.94 Lacs (previous year: ₹ 1,580.23 Lacs).

The Group is obligated under non-cancellable operating leases for land, building and plant and machinery. Lease rental expense under non-cancellable operating leases during the year was ₹ 1,826.19 Lacs (previous year: ₹ 1,941.12 Lacs).

Non-cancellable operating lease rentals payable (minimum lease payments) under these leases are as follows:

(₹ Lacs)

Particulars	For the year ended 31 March 2018	For the year ended 31 March 2017
Payable within 1 year	1,662.46	1,508.90
Payable between 1-5 years	4,698.67	4,517.26
Payable later than 5 years	656.30	1,299.87

### Note 32: Expenses Capitalized

During the year, the Group completed the construction of additional manufacturing facility, enhancing the existing capacity of production. Expenses capitalized on initial recognition of the resulting PPE, include the costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Particulars	For the year ended 31 March 2018	For the year ended 31 March 2017
(i) Details of Borowing costs capitalised		
Borrowing costs capitalised during the year	3,319.25	1,130.79
Total Borrowing cost capitalised	3,319.25	1,130.79
(ii) Details of expenses capitalised		
Raw material and packing material consumed	4,597.32	1,078.78
Employee benefit expenses	1,300.90	740.24
Other expenses	2,496.36	1,328.26
	8,394.58	3,147.28
Total	11,713.83	4,278.07

### Note 33: Segment Reporting

The Managing Director and Chief Executive Officer of the group has been identified as the Chief Operating Decision Maker (CODM) as defined by Ind AS 108, Operating Segments. The Group is structured into a single segment of Home Textiles value chain, and accordingly the CODM evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by the products portfolio and segment information has been presented accordingly.

The geographical information analyses the Group's revenue from external customer and non-current assets of its single reportable segment by the Group's country of domicile (i.e. India) and other countries. In presenting the geographical information, segment revenue has been based on the geographical location of the customer and segment assets which have been based on the geographical location of the assets.

i) Geographical revenues are segregated based on the locations of the customers who are invoiced or in relation to which the revenues is otherwise recognised

### Note 36: Financial instruments:

### Note 36.1: Categories of financial instruments:

### Accounting classification and fair value

The following table shows the carrying amount and fair value of financial assets and financial liabilities including their levels in fair value hierarchy:

### Fair value hierarchy

The section explains the judgment and estimates made in determining the fair values of the financial instruments that are:

- a) recognised and measured at fair value
- b) measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the Indian Accounting Standard.

D 1	Carrying amount		Fair value	
Particulars	31 March 2018	Level 1	Level 2	Level 3
Financial assets				
Measured at amortised cost:				
Cash and cash equivalents	10,988.28	-	-	-
Other bank balances	2,483.68	-	-	-
Trade receivables	9,909.52	-	-	-
Loans (current and non-current)	266.09	-	-	-

Measured at FVTPL				
Other current financial liabilities	-	-	-	-
Total	170,081.95	-	740.00	-

<sup>\*</sup> Current maturities of long term borrowings aggregating ₹ 9,561.97 Lacs and ₹ 5,869.40 Lacs as at 31 March 2018 and 31 March 2017 respectively, form part of other financial liabilities.

### Fair value hierarchy

**Level 1:** Level 1 hierarchy includes financial instruments measured using quoted prices. This includes investment in equity, preference securities, mutual funds and debentures that have quoted price.

**Level 2:** The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unquoted equity securities.

### Fair valuation method

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

### **Financial assets:**

The Group has not disclosed the fair values for loans, trade receivables, cash and cash equivalents including other bank balances and other financial assets because their carrying amounts are a reasonable approximation of their fair value.

Current Investments: Fair value of quoted mutual funds units is based on quoted market price at the reporting date.

### **Financial liabilities:**

**Borrowings**: It includes loans taken from banks and financial institution, cash credit and bill discounting facilities. Borrowings are classified and subsequently measured in the financial statements at amortized cost. Considering that the interest rate on loans is reset on yearly basis, the carrying amount of the loan would be a reasonable approximation of its fair value.

**Trade payables and other financial liabilities:** Fair values of trade payables and other financial liabilities are measured at carrying value, as most of them are settled within a short period and so their fair values are assumed almost equal to the carrying values.

### Note 36.2: Financial risk management:

The Group's activities expose to financial risks: credit risk, liquidity risk and market risk.

### Risk management framework

The Board of directors of the Holding Company has the overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Audit Committee of the Holding Company oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The audit committee is assisted in its oversight role by internal auditor. Internal Audit function includes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

### i. Credit risk:

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, investments, derivative financial instruments, cash and cash equivalents, bank deposits and other financial assets. Bank deposits includes an amount of ₹ 2,894.00 Lacs held with a bank having high quality credit rating which is individually in excess of 10% or more of the Group's total bank deposits for the year ended 31 March 2018. None of the other financial instruments of the Group result in material concentration of credit risk.

### Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was  $\mathbf{\xi}$  54,345.41 Lacs and  $\mathbf{\xi}$  37,569.89 Lacs as at 31 March 2018, and 31 March 2017, respectively, being the total of the carrying amount of balances with banks, bank deposits, investments, trade receivables and other financial assets excluding cash in hand and equity investments.

### Geographic concentration of credit risk

Geographic concentration of trade receivables (gross and net of allowances) and unbilled revenue is as follows:

Particulars	As at 31 March 2018		As at 31 March 2017			
	Gross % Net %		Gross % Net % Gross %		Gross %	Net %
North America	35%	42%	30%	38%		
Europe	50%	39%	61%	53%		
India	12%	15%	6%	5%		
Others	3%	4%	3%	4%		

Geographical concentration of trade receivables is allocated based on the location of the customers.

### ii. Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they become due. The Group manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Group's reputation. The Group believes that the working capital and its cash and cash equivalent are sufficient to meet its short and medium term requirements."

Management monitors rolling forecast of the Group's liquidity position and cash and cash equivalents on the basis of expected cash flows. This is generally carried out by the Management in accordance with practice and limits set by the Group. In addition, the Group's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

### Note 36.2: Financial risk management (continued)

### A) Financing arrangement

The Group maintains the following line of credit:

- (a) Terms loans taken from bank aggregrating to ₹ 68,660.48 lacs repayable in various quarterly and yearly installments with interest rate ranging from 4.80% to 11.05% per annum. Term Loan from financial institutions aggregrating to ₹ 62,553.82 Lacs with interest rate ranging from 9.95% 11.55% per annum. These are secured by first pari passu charge on the entire movable and immovable fixed assets of the Group, present and future.
- (b) Working capital loans from banks carry an effective interest rate of 4.51% per annum, computed on a monthly basis on the actual amount utilized, and are repayable on demand. These are secured by pari passu charge by way of hypothecation of stock and book debts of the Group and second pari passu charge on the movable (other than those exclusively charged) and immovable fixed assets of the Group.
- (c) The Group has receivable bill discounting facility from banks which are payable within 120 days from date of bill discounted.

The table below provides details regarding the contractual maturities of significant financial liabilities as at 31 March 2017. The amounts are gross and undiscounted contractual cash flow and includes contractual interest payment and exclude netting arrangements:

As at 31 March 2018 (₹ Lacs)

		Contractual cash flows				
Particulars	Carrying amount	Total	0-1 years	1-5 years	5 years and above	
Financial liabilities:						
Borrowings*	225,516.53	225,516.53	103,864.19	74,096.93	47,555.41	
Trade payables	35,114.11	35,114.11	35,114.11	-	-	
Other financial liabilities#	4,935.57	4,935.57	4,935.57	-	-	

# As at 31 March 2017 (₹ Lacs)

	Contractual cash flows				
Particulars	Carrying amount	Total	0-1 years	1-5 years	5 years and above
Financial liabilities:					
Borrowings*	140,727.32	140,727.32	66,749.33	47,431.66	26,546.33
Trade Payables	26,146.48	26,146.48	26,146.48	-	-
Other Financial Liabilities#	3,208.15	3,208.15	3,208.15	-	

<sup>\*</sup> Includes current maturies of long term borrowings (Refer Note 21) and current borowings (Refer Note 19)

As disclosed in note 16.1, the Group has secured bank loan that contains loan covenants. A future breach of convenant may require the Group to repay the loan earlier than indicated in the above table. Except for these financial liabilities, it is not expected that cash flows included in maturity analysis could occur significantly earlier.

### iii. Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

<sup>#</sup> Excludes current maturies of long term borrowings

### Note 36.2: Financial risk management (continued)

### a) Foreign currency risk:

The Group is exposed to currency risk to the extent that there is a mismatch between the currencies in which sales, purchases and borrowings are denominated and the respective functional currency of the Group companies. The functional currency of the Holding Company is ₹. The currencies in which these transactions are primarily denominated are USD, GBP etc.

Management monitors the movement in foreign currency and the Group's exposure in each of the foreign currency. Based on the analysis and study of movement in foreign currency, the Group decides to exchange its foreign currency. A significant portion of the Group's revenues are in foreign currencies, while a significant portion of its costs are in Indian rupees. As a result, if the value of the Indian rupee appreciates relative to foreign currencies, the Company's revenues measured in Indian rupees may decrease. The exchange rate between the Indian rupee and foreign currencies has changed substantially in recent periods and may continue to fluctuate substantially in the future. Consequently, the Group uses derivative and non-derivative financial instruments, such as foreign exchange forward contracts to mitigate the risk of changes in foreign currency exchange rates in respect of its highly probable forecasted transactions and recognised assets and liabilities.

All hedging activities are carried out in accordance with the Group's internal risk management policies, as approved by the Board of Directors, and in accordance with the applicable regulations where the Group operates."

The following table gives details in respect of outstanding foreign exchange forward contracts in relation to Sell Contracts:

### Interest rate risk

Interest rate risk primarily arises from floating rate borrowing, including various revolving and other lines of credit. The Group's investments are primarily in short-term investments, which do not expose it to significant interest rate risk. The Group's borrowings comprises of term loan, working capital loan and bill discounting which carries variable rate of interest, which expose it to interest rate risk.

### (a) Interest rate risk exposure

The exposure of the Group's borrowing to interest rate changes at the end of the reporting period are as follows:

(₹ Lacs)

Particulars	As at		
Falticulais	31 March 2018	31 March 2017	
Variable rate borrowings Fixed rate borrowings (including current maturities of long term debts)	225,516.53 -	140,327.51 399.81	
Total	225,516.53	140,727.32	

(b) Sensitivity (₹ Lacs)

	Profit a	nd loss	Equity, net of tax	
Particulars	25 basis points Increase	25 basis points Decrease	25 basis points Increase	25 basis points Decrease
31 March 2018				
Variable rate borrowings	457.31	(457.31)	299.04	(299.04)
31 March 2017				
Variable rate borrowings	293.75	(293.75)	192.09	(192.09)

### Note 36.3: Capital management

The Group's policy is to maintain a stable and strong capital base structure with a focus on total equity so as to uphold investor, creditor and market confidence and to sustain future development and growth of the business. The Group monitors the return on capital as well as the level of dividends on its equity shares. The Group's objective when managing capital is to maintain an optimal structure so as to maximize shareholder value and safeguard its ability to continue as a going concern.

The Group monitors capital using a ratio of 'adjusted net debt' to 'equity'. For the purpose of Group's capital management, adjusted net debt is defined as aggregate on non-current borrowing, current borrowing and current maturities of long-term borrowings less cash and cash equivalents and total equity includes issued capital and all other equity reserves.

### Note 36.3: Capital management (continued)

The Group's adjusted net debt equity ratio were as follows:

(₹ Lacs)

Particulars	As at		
rdi Liculdis	31 March 2018	31 March 2017	
Borrowings (current and non-current)	225,516.53	140,727.32	
Less: Cash and cash equivalents including deposits and current investments	(25,821.77)	(20, 359.39)	
Adjusted net debt	199,694.76	120,367.93	
Total equity	122,753.27	106,726.09	
Net debt to equity ratio	1.63	1.13

Trade payables	BMU International	-	29.23

### Note 37.4: Compensation of key managerial personnel\*

(₹ Lacs)

Particulars	For the year ended 31 March 2018	·
Short term employee benefits	1,863.99	1,556.62
Receiving of services	55.53	45.60
Others	10.80	12.30
Total	1,930.32	1,614.52

<sup>\*</sup>Managerial remuneration does not include cost of employee benefits such as gratuity and compensated absences since, provision for these are based on an actuarial valuation carried out for the Company as a whole.

### Note 38: Specified bank notes

During the year ended 31 March 2017, the Company had specified bank notes or other denomination notes as defined in the MCA notification G.S.R. 308(E) dated 31 March 2017. The details of Specific Bank Notes ('SBN') held and transacted during the period from 8 November 2016 to 30 December 2016 and the denomination wise SBNs and other notes as per the notification is given below:

(₹ Lacs)

Particulars	SBNs*	Other denomination notes	Total
Closing cash in hand as on 8 November 2016	30.75	3.89	34.64
Add: Permitted receipts	-	52.56	52.56
Less: Permitted payments	-	27.63	27.63
Less: Amount deposited in Banks	30.75	11.70	42.45
Closing cash in hand as on 30 December 2016	-	17.12	17.12

<sup>\*</sup>For the purposes of this clause, the term'Specified Bank Notes'shall have the same meaning provided in the notification of the Government of India, in the Ministry of Finance, Department of Economic Affairs number S.O. 3407(E), dated 8 November 2016.

Note: The disclosures in the financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made since they do not pertain to the financial year ended 31 March 2018. However, amounts as appearing in the audited Consolidated Ind AS financial statements for the year ended 31 March 2017 have been disclosed.

Note 39: There is no amount due and outstanding as at Balance sheet date to be credited to the Investor Education and Protection Fund.

# Note 40: Transfer pricing

The Group has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under Sections 92-92F of the Income-tax Act. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Group is in the process of updating the documentation for the international as well as domestic transactions entered into with the associated enterprise during the financial year and expects such records to be in existence latest by the end of the stipulated timeline, as required by law. The Management is of the opinion that its international as well as specified domestic transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expenses and that of provision for taxation.
