## MANAGEMENT DISCUSSION AND ANALYSIS

### ORGANISATION - PROFILE

Suryalata Spinning Mills Limited is one of the largest producers of Synthetic blended Yarns. The company produce 100% PSF, 100% VSF, Mélange, P/V blended yarns with counts ranging from 12s to 60s. The company is having two manufacturing units on Kalwakurthy and Urukondapet – Jachcherla Road, only an hour away from the Hyderabad International Airport and the distance between the units is 5 Kms. The Company had total installed capacity of 93,264 spindles, Urukondapet unit has an installed capacity of 56,976 spindles and Kalwakurthy unit has an installed capacity of 36,288 spindles. The Company has taken up the Modernization cum Expansion at Kalwakurthy unit under Telangana Textile & Apparel Policy (T-TAP). After completion of the said project, Spindle capacities will increase to 1,15,000 spindles. Both the manufacturing units are certified “ISO 9001:2008”.

Textiles in India have long history dating back to more than 5000 BC and there were archaeological evidence that we had an abundant resources and forefront in supply the finest textile products to the rest of the world. This sector cannot be ignored because it is the second largest sector providing employment opportunities both organized and unorganized sectors. The textile industry employs about 51 million people directly and 68 million people indirectly. The textile industry has two broad segments. First, the unorganized sector consists of hand-loom, handicrafts and sericulture, which are operated on a small scale and through traditional tools and methods. The second is the organized sector consisting of spinning, apparel and garments segment which apply modern machinery and techniques such as economies of scale.

The Indian textile industry exhibits rich cultural heritage of India with wide variety of fabrics, techniques and hues that reflect the diverse set of people and traditions across the country. One of the oldest industries in India, It covers an extensive spectrum of segments, from hand woven/ hand-spun, unorganized segment on one end to capital and technology intensive organized segment on the other. India is the largest producer of Jute in the world and is the second largest producer of silk and cotton globally.

### INDUSTRY STRUCTURE AND DEVELOPMENT

#### GLOBAL ECONOMY:

The global textile industry impacts nearly every human being on the planet. The industry is currently worth nearly US \$3 trillion and includes the production, refinement, and sale of both synthetic and natural fibers used in thousands of industries. There are many developing countries ready to crack or climb in the near future as their investment into the textile or garment industry increases. Countries such as Pakistan, Sri Lanka, and a number of South American countries have seen considerable growth in their textile

markets in recent years. The United States is the leading producer and exporter of raw cotton, while also taking the prize for the top importer of raw textiles and garments. China is the world's leading producer and exporter of both raw textiles and garments. As China moves towards a service-based economy, and labor prices continue to rise, it is logical to assume many garment producers will move away from China and into developing markets where labor is cheap and readily available.

#### Indian Economy

In India, Currency Demonetization and Induction of GST, reduction of Incentives in India and a shift in the dynamics of US Retail Trade Regulations are made sizable re-distributive consequences across sectors and countries; a related slowdown in investment and trade; and declining capital flows to emerging market and developing economies. These realignments—together with a host of noneconomic factors, including geopolitical tensions and political discord—are generating substantial uncertainty. On the whole, they are consistent with a subdued outlook for the world economy—but risks of much weaker global growth have also risen.

Indian synthetic fiber industry is the new addendum to the ever-growing Indian Textile Industry. Unlike the other sectors of Indian Textile Industry, the India synthetic fiber industry is an organized sector. This industry accounts for about 2.09 billion kg i.e. 44%, of man-made fiber or yarn industry. The product of this industry includes polyester staple fiber, acrylic staple fiber and polypropylene staple fiber. The import of India synthetic fiber industry showed a mixed trend over the last five years. Further, the export of India synthetic fiber industry had grown by 50% during the same period. India is major exporting country as far as textile sector is concerned and not dependent on import.

The Indian Textile Industry is estimated at USD 108 bn and projected to reach USD 223 bn by 2021. The textile sector is one of the largest contributors to India's exports – approximately 11% of its output is exported India's textile exports in 2015-16 were nearly \$ 40 bn and expected to reach \$ 80 bn by 2020. The segments contributing in the growth is likely to be from technical textiles and apparels. India has a potential to double its market share in global trade from 5% to 10% by 2025.

#### GOVERNMENT INITIATIVES:

The Indian government has come up with a number of export promotion policies for the textiles sector. It has also allowed 100 per cent FDI in the Indian textiles sector under the automatic route.

The key initiatives announced in the Union Budget 2018-19 to boost the Textiles sector are listed below:

The Budget has given a big thrust to Medium, Small and Micro Enterprises (MSMEs) to boost employment and economic growth. A sum of ₹ 3794 crore has been provided for giving credit support, capital and interest subsidy and for innovations.

MUDRA Yojana launched in April, 2015 has led to sanction of ₹ 4.6 lakh crore in credit from 10.38 crore MUDRA loans. 76% of loan accounts are of women and more than 50% belong to SCs, STs and OBCs. It is proposed to set a target of ₹ 3 lakh crore for lending under MUDRA for 2018-19 after having successfully exceeded the targets in all previous years.

Also the government attempt to contribute 12% of the wages of new employees in EPF for all the sectors for next 3 years with the extension of fixed term employment in all sectors and reduction in women employees' contribution to 8% for first three years from 12 % are also positive steps for the textile sectors, he added

Upgrade labour skills by allocating outlay of ₹ 7,148 crore for the textile sector in 2018-19 as against ₹ 6,000 crore in 2016.

Skill Development under the Integrated Skill Development Scheme (ISDS), the Ministry has trained more than 5.3 lakh youth in textile trades over the last two years, particularly in the garmenting segment. More than 81 % of persons trained have been placed including 79 % of the trained women.

With regard to increase in allocation of funds under the TUF Scheme from ₹ 2013 crore in 2017-18 to ₹ 2300 for 2018-19, the chairman said that the proposal is a positive one.

The reduced income tax rate of 25 percent will immensely benefit the micro, small and medium enterprises who have reported turnover up to ₹ 250 crore in the financial year 2016-17.

He said these sort of measures will create employment opportunities especially for women in textiles sector and contribute significantly towards "Make in India" campaign.

The Government of India has implemented several export promotion measures such as:

- Specified technical textile products are covered under Focus Product Scheme. Under this scheme, exports of these products are entitled for duty credit scrip equivalent to 2 per cent of freight on board (FOB) value of exports.
- Under the Market Access Initiative (MAI) Scheme, financial assistance is provided for export promotion activities on focus countries and focus product countries.
- Under the Market Development Assistance (MDA) Scheme, financial assistance is provided for a range of export promotion activities implemented by Textiles Export Promotion Councils.

## SWOT Analysis

**STRENGTHS :** Our strengths are,

- (a) Experienced management team with exposure in textile industry.
- (b) Good reputation in the market due to quality and timely supplies.
- (c) Emphasis on quality of product nurtured across the company.
- (d) The company has established strong presence in the market for several years.
- (e) The business model is simple & needs minimum marketing requirement.
- (f) India has rich resources of raw materials of textile industry. It is one of the largest producers of cotton in the world and is also rich in resources of fibers like polyester, silk, viscose etc

## WEAKNESS

### a. More dependence on cotton

Due to over specialization in cotton, the bulk of the international market is missed out, synthetic products in India are expensive and fabric required for items like swimsuit, sky-wear and industrial apparel is relatively unavailable.

### b. Spinning Sector

Spinning sector lacks modernization and there is a need of introducing new technology.

### c. Fabric Processing

Processing is the weakest link in the Indian textile value chain, adversely affecting its ability to compete in exports.

### d. Poor Infrastructure

High power costs and long export lead times are eroding India's export competitiveness across the textile chain.

### e. Others:

Profitability undermined by volatile raw material prices and rising wages

Fierce competition weighing on margins and further stressed by e-commerce activities

Changing consumer behavior (e.g. fast fashion) forcing T&C to become more flexible

## OPPORTUNITIES

- (a) Booming Hosiery manufacturing sector in India. Who are probable customers of the Company.

## **INDEPENDENT AUDITOR'S REPORT**

To  
The Members Of  
**SURYALATA SPINNING MILLS LIMITED**  
SECUNDERABAD.

### **Report on the Indian Accounting Standards (Ind AS) Financial Statements**

We have audited the accompanying financial statements of SURYALATA SPINNING MILLS LIMITED, ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information

### **Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance(including other comprehensive income),cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India,including the Indian Accounting Standards specified in the Companies (Indian Accounting Standards)Rules, 2015 (as amended) under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit. We have taken into account the provisions of the Act and the Rules made thereunder including the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

### **Opinion**

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, and its total comprehensive income (comprising of profit and other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

**Annexure – B to the Auditor's Report - 31<sup>st</sup> March, 2018.****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of SURYALATA SPINNING MILLS LIMITED, SECUNDERABAD ("the Company") as of 31<sup>st</sup> March 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants

**INDEPENDENT AUDITOR'S REPORT (contd.)**

of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material aspects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud and error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the Company are being made only in accordance with authorizations of management and directors of the Company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31<sup>ST</sup> MARCH, 2018

### CORPORATE INFORMATION

Suryalata Spinning Mills Limited (the "Company") is a public limited company incorporated on 23<sup>rd</sup> May, 1983 and as its Registered office at 105, S P Road, Surya Towers , 1<sup>st</sup> Floor, Secunderabad, Telangana State. The Company is engaged in producing the best quality of yarns like synthetic, blended, mélange and value added yarns suitable for suiting's, shirting's and knitting. The Company is listed on Bombay Stock Exchange.

The financial statements of the company for the year ended March 31<sup>st</sup>, 2018 are approved for issue by the Company's Board of Directors on May 19<sup>th</sup>, 2018.

### SIGNIFICANT ACCOUNTING POLICIES AND KEY ACCOUNTING ESTIMATES AND JUDGEMENTS.

#### 1. Significant Accounting Policies:

##### (1.1) Basis of Preparation of Financial Statements.

These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as specified under section 133 of the Companies Act 2013 and other relevant provisions of the act.

These Ind AS Financial Statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting, except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been applied constantly over all the periods presented in these financial statements.

The financial statements are presented in INR which is also the Company's functional currency and all values are rounded to the nearest Lakhs (INR 00,000), except when otherwise indicated.

##### (1.2) Classification of Assets and liabilities as Current and Non-current

The company has determined its operating cycle as 12 months for the purpose of classification of current and non-current assets and liabilities. This is based on the nature of product and the time between the acquisition of inventories for processing and their realization in cash and cash equivalents.

Deferred tax assets and deferred tax liabilities are classified as non-current assets and liabilities.

##### (1.3) Property, Plant and Equipment-Tangible Assets

- i. Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses if any. Cost comprises of purchase price and any attributable cost of bringing the assets to its working condition for its intended use.
- ii. Capital work-in-progress in respect of assets which are not ready for their intended use are carried at cost, comprising of direct costs, related incidental expenses and attributable interest.
- iii. Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.
- iv. Depreciation on Fixed Assets is provided on ascertain useful life of assets under Straight Line Method (SLM) prescribed in Schedule II of the Companies act-2013 except the assets costing ₹ 5000 or less on which depreciation is charged @100% in the year of acquisition.
- v. The Company follows the policy of charging depreciation on pro-rata basis on the assets acquired or disposed off during the year.
- vi. Transition to Ind AS:

On transition to Ind AS, the Company has selected to continue with the carrying value of all of its property, plant and equipment recognized as at April 1, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

##### (1.4) Intangible Assets

Intangible Assets are stated at cost less accumulated amortization. Cost includes any expenditure directly attributable on making the asset ready for its intended use.

Intangible assets are amortized over their useful life.

**(1.5) Impairment of Assets**

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. Recoverable value being higher of value in use and fair value less cost of disposal. Value in use is computed at net present value of cash flow expected over the balance useful life of the assets. An impairment loss is recognized as an expense in the Statement of Profit and Loss in the year in which an asset is identified as impaired.

**(1.6) Inventory**

Inventories are valued at the lower of cost and net realizable value. The cost is determined on Weighted Average basis. Cost of finished goods and work-in-process include all costs of purchases, conversion costs and other costs incurred in bringing the inventories to their present location and condition.

Stores and packing materials are valued at cost on weighted average basis.

**(1.7) Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and financial liability or equity instrument of another entity.

**a. Financial Asset**
**Initial recognition and measurement**

All financial instruments are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Statement of Profit & Loss transaction costs that are attributable to the acquisition of the financial asset, purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place are recognized on the trade date i.e. the date that the company commits to purchase or sell the asset.

**Subsequent Measurement**

For the purpose of subsequent measurement financial assets are classified as measured at:

- 1) Amortized Cost
- 2) Fair value through profit and loss (FVTPL)
- 3) Fair value through other comprehensive income (FVTOCI)

**Financial Asset measured at amortized cost**

Financial Assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at amortized cost using effective interest rate (EIR) method. The EIR amortization is recognized as finance income in the Statement of Profit & Loss.

The company while applying above criteria has classified all the financial assets (except investments in equity shares) at amortized cost.

**Financial Assets Measured at fair value through other comprehensive income**

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income(OCI). Interest income measured using the EIR method and impairment losses, if any are recognized in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognized in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

**Financial Assets at fair value through profit or loss (FVTPL)**

Financial Asset are measured at fair value through Profit & Loss if it does not meet the criteria for classification as measured at amortized cost or at FVTOCI. All fair value changes are recognized in the Statement of Profit & Loss.

**Derecognition of Financial Assets**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

### **Impairment of Financial Assets**

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the debt instruments, that are measured at amortized cost e.g., loans, debt securities, deposits, trade receivables and bank balance.

Expected credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive.

The management uses a provision matrix to determine the impairment loss on the portfolio of trade and other receivables. Provision matrix is based on its historically observed expected credit loss rates over the expected life of the trade receivables and is adjusted for forward looking estimates.

Expected credit loss allowance or reversal recognized during the period is recognized as income or expense, as the case may be, in the statement of profit and loss. In case of balance sheet, it is shown as reduction from the specific financial asset.

### **b. Financial Liabilities.**

#### **Initial recognition and measurement**

Financial liabilities are recognized initially at fair value plus any transaction cost that are attributable to the acquisition of the financial liability except financial liabilities at FVTPL that are measured at fair value.

#### **Subsequent Measurement**

Financial liabilities are subsequently measured at amortized cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

#### **Financial Liabilities at amortized cost**

Amortized cost for financial liabilities represents amount at which financial liability is measured at initial recognition minus the principal repayments, plus or minus the cumulative amortization using the effective interest method of any difference between the initial amount and the maturity amount.

All the financial liabilities of the company are subsequently measured at amortized cost using Effective Interest method.

#### **Derecognition of Financial Liabilities**

A financial liability shall be derecognized when, and only when, it is extinguished i.e. when the obligation specified in the contract is discharged or canceled or expires.

### **(1.8) Foreign Currency Transactions**

The functional and presentation currency of the Company is Indian Rupee. Transactions in foreign currency are accounted for at the exchange rate prevailing on the transaction date. Gains/ losses arising on settlement as also on translation of monetary items are recognized in the Statement of Profit and Loss.

### **(1.9) Borrowing Costs**

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are recognized as an expense in the period in which they are incurred.

### **(1.10) Revenue Recognition**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured a regardless of when the payment made. The specific recognition criteria described below must also be met before revenue is recognized.

#### **a. Sale of Products**

Revenue from the sale of goods is recognized when significant risks and rewards of ownership have been transferred to the customer, the company no longer retain continuing managerial involvement to the degree usually associated with owner ship nor has effective control over the goods sold, which is mainly upon delivery, the amount of revenue can be measured reliably and recovery of the consideration that will be derived in the sale of goods.

Revenue from Sale of goods includes excise and other duties which the Company pays as a principal but excludes amounts collected on behalf of third parties i.e GST and Sales tax. Sale of goods in respect of export sales are recognized as and when the shipment of goods taken place.

**b. Recognition of Export benefits**

Export benefits entitlements in respect of Incentive Schemes including Duty drawback, Merchandise export incentive scheme (MEIS), FMS and FPS of the Government of India are recognized in the year in which Export Sales are accounted for.

**c. Interest Income**

**(1.11) Dividend Distribution**

Dividends paid (including income tax thereon) is recognized in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

**(1.12) Employee Benefits**

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

**a. Defined Contribution plans**

Contribution towards Provident Fund for employees is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution schemes as the Company does not carry any further obligations, apart from the Contributions made on a monthly basis.

**b. Defined benefit plans**

Gratuity liability is defined benefit obligation and is provided on the basis of an actuarial valuation on projected unit credit method made at the end of each year. The Company funds the benefit through contributions to LIC.

Re measurement of the net defined benefit liability, which comprise actuarial gains and losses and the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized immediately in other comprehensive income (OCI). Net interest expense (income) on the net defined liability(asset) is computed by applying the discount rate, used to measure the net defined liability (asset). Net interest expense and other expenses related to defined benefit plans are recognized in Statement of Profit and Loss.

**(1.13) Taxes on Income**
**Tax expense comprises of current and deferred tax**

- a. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Tax Act.
- b. Deferred tax is recognized in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized.
- c. Minimum Alternate Tax (MAT) paid in a year is charged to the statement of profit and loss account as current tax. The Company recognizes MAT credit available as an asset to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income Tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss account and shown as "MAT Credit Entitlement".

**(1.14) Provisions**

Provisions are recognized when, as a result of a past event, the Company has a legal or constructive obligation; it is probable that an outflow of resources will be required to settle the obligation; and the amount can be reliably estimated. The amount so recognized is a best estimate of the consideration required to settle the obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation.

In an event when the time value of money is material, the provision is carried at the present value of the cash flows estimated to settle the obligation.

**(1.15) Contingent Liabilities** are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

**(1.16) Claims**

Claims against the Company not acknowledged as debts are disclosed after a careful evaluation of the facts and legal aspects of the matter involved.

**(1.17). Offsetting**

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

**(1.18) Government Grants**

The Company recognizes government grants only when there is reasonable assurance that the conditions attached to them will be complied with, and the grants will be received. Government grants received in relation to assets are presented in the balance sheet by setting up the grant as deferred income. Grants related to income are deducted in reporting the related expense in the statement of profit and loss.

**(1.19) Earnings per share**

The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

**(1.20) Cash flow statement**

Cash flows are reported using the indirect method. Where by profit for the period is adjusted for effects of transactions of a non-cash nature, any deferrals are accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

**(1.21) Segment Reporting**

The operations of the company are related to one segment i.e. spinning in textiles.

**(1.22) Events after Reporting date**

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

**(1.23) Standards issued, but not yet effective:**

The standards issued, but not effective up to the date of issuance of the company's financial statements are disclosed below.

**Ind AS 115, Revenue from Contract with Customers:**

On March 28, 2018, Ministry of Corporate Affairs has notified the Ind AS 115, Revenue from Contract with Customers. The core principal of the new standard is that revenue should be recognized when a customer obtains control of a promised good or service and thus has the ability to direct the use and obtain the benefits from the good or service in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services. Further, the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

The Company will adopt the standard from April 1, 2018 and the management is in the process of determining the effect on adoption of Ind AS 115.

**Ind AS 21, Foreign currency transactions and advance consideration**

On March 28, 2018, MCA has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transactions for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. This amendment will come into force from April 1, 2018. The company has evaluated the effect of this on the financial statements and the impact is not material.

**(1.24) Critical Accounting Estimates and Judgments**

The preparation of financial statements is in conformity with generally Accepted Accounting Principles require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the result of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Revisions in accounting estimates are recognized prospectively.

The areas involving critical estimates or judgments are –

- Estimates of Useful life of Property, plant and equipment and intangibles
- Measurement of defined benefit obligation
- Recognition of deferred taxes
- Estimation of impairment
- Estimation of provision and contingent liabilities

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31<sup>ST</sup> MARCH, 2018****NOTE 30****First time adoption of Ind AS**

These financial statements for the year ended 31<sup>st</sup> March 2018 are the company's first annual Ind AS complied financial statements. For all period up to and including the year ended 31<sup>st</sup> March 2017, the company prepared its financial statements in accordance with Accounting Standards notified under Section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 ('previous GAAP'). Detailed explanation on how the transition from previous GAAP to Ind AS has effected the Company's Balance Sheet, financial performance and Cash flows given as under

In preparing these Ind AS financial statements, the company has availed certain exemptions and exceptions in accordance with Ind AS 101 as explained below

**1. Mandatory Exceptions from retrospective application Estimates****a. Estimates**

The estimates at 1st April 2016 and at 31st March, 2017 are consistent with those made for the same dates in accordance with Indian GAAP (after adjustments to reflect any differences in accounting policies) apart from the following items under Indian GAAP did not require estimation:

The estimates used by the Company to present these amounts in accordance with Ind AS reflect conditions as at 1st April, 2016 and 31st March, 2017

- i. Fair values of financial assets & financial Liabilities.
- ii. Impairment of financial assets based on expected credit loss model.
- iii. Discount rates

**b. Classification and measurement of financial asset:**

The classification of financial assets to be measured at amortized cost or fair value through Profit and loss or fair value through other comprehensive income is made on the basis of the facts and circumstances that existed on the date of transition to Ind AS.

**c. Government Loans**

The requirements of Ind AS 20 - Accounting for Government Grants and Disclosure of Government Assistance and Ind AS 109 - Financial Instruments in respect of interest free loans from government authorities is opted to be applied prospectively to government loans existing at the date of transition to Ind AS. Consequently, the carrying amount of such interest free loans as per the financial statements of the Company prepared under Previous GAAP is continued as carrying amount in the opening Ind AS Balance Sheet.

**2. Optional Exemptions from retrospective application**

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has, accordingly, applied following exemption:

**a. Deemed Cost**

The Company has elected to consider carrying amount of all items of property, plant and equipments measured as per Indian GAAP as recognized in the financial statements as at the date of transition, as deemed cost at the date of transition. The effect of consequential changes arising on the application of other Ind AS has been adjusted to the deemed cost of Property, Plant & Equipment.

**Transition to Ind AS - Reconciliations**

The following reconciliations provide the explanations and quantification of the differences arising from the transition from Previous GAAP to Ind AS in accordance with Ind AS 101

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31<sup>ST</sup> MARCH, 2018**

## NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31<sup>ST</sup> MARCH, 2018

### Notes to reconciliation of balance sheet and Profit as previously reported under IGAAP to Ind-AS

#### i. **Property, Plant & Equipment, Non-current Asset**

Under the previous GAAP the transactions costs relating to origination of term loans raised specifically for acquisition of items of Property, Plant & Equipment were capitalized. Ind AS 109 requires transaction costs incurred towards origination of borrowings to be deducted from the proceeds of borrowings on initial recognition. These costs are treated as part of the interest expense by applying the effective interest method. Hence upfront fees capitalized under Previous GAAP is reversed and reduced from term loan

#### ii. **Other Financial Assets**

##### **Loans to employees**

Under Indian GAAP, interest free loan to employees are recorded at their transaction value. Under Ind AS, these loans are to be measured at amortized cost on the basis of effective interest rate method. Due to this, long term loans to employees and short term loans to employees has been decreased and difference between carrying amount and amortized cost has been recognized as Employee cost in Retained earnings. And Notional Interest income on employee loan of ₹ 0.33 Lakhs for the year ended 31st March 2017

#### iii. **Current Investment**

At the date of transition to Ind AS, difference between the fair value of the instruments and its Previous GAAP carrying amount has been recognized in retained earnings. Fair value changes are recognized in the Statement of Profit and Loss for the year ended 31st March, 2018.

#### iv. **Other Equity**

Adjustments to retained earnings have been made in accordance with Ind-AS for the mentioned line items.

#### v. **Non-current Borrowings**

##### **Preference Shares**

Under Previous GAAP, Preference share capital is treated as part of Share Capital and dividend on redeemable preference shares were adjusted to Reserves when the dividend is declared and paid. As per Ind AS, cumulative redeemable preference shares meet the definition of financial liability. Hence it is reclassified as financial liability (borrowings) classified as subsequently measured at amortized cost. Consequently, it is to be measured at fair value and the difference between transaction value and fair value is to be credited to Other Equity. Interest(Dividend) is to be charged to the statement of Profit and Loss using Effective Interest Rate .

#### vi. **Re-measurement of Defined Benefit Plans**

Under Ind AS, re-measurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognized in other comprehensive income instead of profit or loss. Under the previous GAAP, these re-measurements were forming part of the Statement of Profit and Loss for the year. There is no impact on the total equity.

#### vii. **Deferred tax**

Under Previous GAAP, deferred taxes were recognized for the tax effect of timing differences between accounting profit and taxable profit for the year using the income statement approach. Under Ind AS, deferred taxes are recognized using the balance sheet approach for future tax consequences of temporary differences between the carrying value of assets and liabilities and their respective tax bases.

#### viii. **Provisions**

Under Previous GAAP, proposed dividends and related the dividend distribution taxes are recognized as a provision in the year to which they relate, irrespective of when they are declared. Under Ind-AS, dividends and related dividend distribution tax are recognized as a liability in the year in which it is approved by the shareholders in the Annual General Meeting of the Company.

#### ix. **Other Income**

- a. Under Ind AS, the Investment is classified at Fair Value through Profit & Loss (FVPL). The adjustment reflect amount of change in value of investment measured at FVTPL.
- b. As stated earlier on, Loans to employees are measured at amortized cost, Notional interest on such loans is included under Other Income.

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31<sup>ST</sup> MARCH, 2018**
**x. Employee benefit expenses**

Both under Indian GAAP and Ind AS, the Company recognized costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, are charged to the Statement of Profit and Loss. Under Ind AS, measurements (comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets excluding amounts included in net interest on the net defined benefit liability) are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI.

**Note No 31**
**Fair Value Measurement Hierarchy**

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into level 1 to level 3 as described below.

**Level 1 – Quoted prices in an active market:**

Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds, ETFs and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period

**Level 2 – Valuation techniques with observable inputs:**

The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2

**Level 3 – Valuation techniques with significant unobservable inputs:**

This level of hierarchy includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data

The following table provide the fair value measurement hierarchy of the company's assets and liabilities

Quantitative disclosures of fair value measurement hierarchy as at March 31, 2018.

## NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31<sup>ST</sup> MARCH, 2018

### NOTE 32

#### Financial Risk Management

The Company's activities expose it to market risk, credit risk and liquidity risk. Company's overall risk management focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance.

#### I. Market Risk

Market risk is the risk of loss of the future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, commodity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and borrowings.

- a. Foreign Currency Risk** - Foreign Currency Risk is the risk of impact related to fair value or future cash flows of an exposure in foreign currency, which fluctuate due to change in foreign currency rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to impact of raw materials and spare parts, capital expenditure, borrowings and exports of yarns. The company does not enter into any derivative instruments for trading or speculative purposes.

The carrying amounts of the company's foreign currency denominated monetary items are as follows.

Decrease by 5% gain	19.80	-	
Increase by 5% gain	-	12.90	
Decrease by 5% (loss)	-	(12.90)	

- b. Interest Rate Risk** – Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market rates relates primarily to the Company's short term borrowing. The Company constantly monitors the credit markets and re-balances its financing strategies to achieve an optimal maturity profile and financing cost. Since all the borrowings are on floating rate, no significance risk of change in interest rate.
- c. Commodity Risk** – Commodity price risk arises due to fluctuation in raw material (fiber prices) linked to various external factors, which can affect the production cost of the Company. The Company actively manages inventory and in many cases sale prices are linked to major raw material prices. These risks are reviewed and managed by senior management on continuous basis.

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31<sup>ST</sup> MARCH, 2018**
**II. Credit Risk**

Credit risk arises when a customer or counterparty does not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing/investing activities, including deposits with banks. The company has a prudent and conservative process for managing its credit risk arising in the course of its business activities. The Company is receiving payments regularly from its customers and hence the Company has no significant credit risk.

**III. Liquidity Risk**

Liquidity risk is defined as the risk that the company will not be able to settle or meet obligations on time or at reasonable price. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's treasury team is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts based on expected cash flows.
