Business Updates

Financial Highlights

Other Updates

Business Updates

Macro Environment

- Pig iron and steel realizations declined to a five-year low during the quarter, driven by oversupply and subdued market demand
- Early recovery signals emerged in January 2026, indicating improving market sentiment
- Casting demand remained resilient, continuing to demonstrate strong and stable growth

Business Operations-

- Successfully completed planned maintenance shutdowns at Hiriyur, Baramati, and Jejuri, strengthening operational reliability
- Margin improvement driven by strategic cost optimization initiatives, including pulverized coal injection with oxygen enrichment, solar plant commissioning, and debottlenecking of tube plants
- A large tubes order execution scheduled for the coming quarter, reinforcing order book visibility
