provision of agricultural credit and subsidies are the major factors contributed to agriculture growth.

Indian agriculture has undergone rapid transformation in the past two decades. The policy of globalization and liberalization has opened up new avenues for agricultural modernization. This has not only led to commercialization and diversification, but also triggered various technological and institutional innovations owing to investments from corporate entities. The agriculture sector in India is expected to generate better momentum in the next few years due to increased investments in agricultural infrastructure such as irrigation facilities, warehousing and cold storage.

Factors such as reduced transaction costs and time, improved port gate management and better fiscal incentives would contribute to the sector's growth. Furthermore, the growing use of genetically modified crops will likely improve the yield for Indian farmers.

COMPETITION

Tea Industries in the developing countries of Asia are facing huge competition due to inefficiency in the value chain management especially related to land management, plucking efficiency and manufacturing cost. It faces global competition.

Kenya plantation is comparatively new hence yield is much higher. Kenya produces standard quality tea around the year whereas Indian tea production as well as quality is seasonal. Some other African Countries such as Rwanda and Burundi are capable of producing top quality tea throughout the year.

Supply from African origins is therefore continuous that helps the importers to manage the inventories and costs more efficiently.

On the other hand, Sri Lanka has emerged as the largest producer of clean black orthodox teas that is has become extremely popular in most of the Middle East markets. Domestic consumption is negligible in Sri Lanka hence major emphasis is given on exports fully supported by their Government.

The increase in cost of production of the Indian Tea industry has been impeding its competitiveness. India's labour cost comprises around 60% of the Cost of Production.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Your Company has set up, sales & marketing team for the sale of products. The Company has already appointed distributors and auctioneers for the sale of our products in the various states of India. In order to assess the perception of the Company's product and services, we have started a perception based Customer satisfaction study which will help us in improving our processes.

OPPORTUNITIES AND THREATS

The diverse agro-climatic conditions prevailing in the tea growing areas of India lend themselves to the production of a wide range of teas (CTC, orthodox), green tea and organic teas. There is availability of modernized and upgraded manufacturing facilities.

The biggest opportunity for your Company is the global consumer trend towards health and wellness where tea which is one of the important natural beverages is strongly aligned to this trend. Therefore, it is likely to benefit your Company, now and in the future.

High cost of production mainly due to low productivity, high energy cost and high social costs are the challenges to the Company.

The rise in key input costs in the last decade has grown at a CAGR of over 10% while prices during this period have been growing at a CAGR 6 to 7 % only. Increase in domestic and export prices of Indian teas have not kept pace with increases in cost of inputs and the price of other food articles.

Some of the challenges faced by the Industry other than inadequate and irregular rainfall on which most of the agricultural crops depend on. The tea industry is constantly challenged by numerous other factors such as bad weather conditions or climate changes, wage issues with plantation laborers including migration of laborers to other industries and also the currency fluctuations.

After the adjustments of other expenditures, the Earnings before Interest, depreciation, taxation and amortization is ₹ 1154.18 lakhs in the current financial year as compared with ₹ 1383.45 lakhs of the previous financial year.

ANNEXURE-B TO THE INDEPENDENT AUDITORS' REPORT

The Annexure referred to in paragraph 2 (f) under the heading "Report on Other Legal and Regulatory Requirements" of our Independent Auditor's Report of even date in respect to the internal financial control under clause (i) of sub-section 3 of section 143 of the Act of M/s James Warren Tea Limited for the year ended 31 March 2016, we report that:

We have audited the internal financial controls over financial reporting of M/s James Warren Tea Limited ("the Company") as of 31st March 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

- b) Deferred Tax is recognized at substantively enacted tax rates, subject to the consideration of prudence, on timing difference, between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred Tax Assets are not recognized unless there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.
- c) Tax Credit for Minimum Alternate Tax (MAT) is recognized when there is convincing evidence of its realizability against future normal tax liability.

1.16 Provisions, Contingent Liabilities and Contingent Assets

- b) Disclosure for contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. No provision is recognized or disclosure for contingent liability is made when there is a possible obligation or a present obligation and the likelihood of outflow of resources is remote.
- c) Contingent Asset is neither recognized nor disclosed in the financial statements.

Dear Shareholders,

Subject: Green Initiative in Corporate Governance

The Ministry of Corporate Affairs (MCA) has taken a "Green Initiative in Corporate Governance" (Circular No. 17/2011 dated 21.04.2011 and Circular No. 18/2011 dated 29.04.2011) allowing paperless compliances by Companies through electronic mode. The Companies Act, 2013 under the provisions of Section 20 read with rule 35 of the Companies (Incorporation) Rules, 2014 has also permitted to send various notices / documents to its shareholders through electronic mode to the registered email addresses of shareholders.

SEBI vide its circular ref. no. CIR/CFD/DIL/2011 dated 5th October 2011, has directed the listed companies to send the soft copies of full Annual Reports to all those shareholders who have registered their e-mail addresses for the purpose.

This move by the Ministry has been welcomed by all since it will benefit the society and the Company at large through reduction in paper consumption, saving cost on paper and postage and avoid loss of document in postal transit.

You are therefore requested to register your email address with your depositories or by signing and returning the enclosed slip to the Company or by way of an email to investors@jameswarrentea.com; mdpldc@yahoo.com at the earliest.

Please note that these documents will also be available on the Company's website <http://www.jameswarrentea.com> for download by the shareholders. The physical copies of the Annual Report will also be available at our Registered Office in Assam for inspection during office hours.

Please note that even if you opt for electronic mode, you shall be entitled to be furnished free of cost, with a copy of the Balance Sheet of the Company and all other documents required by statute to be attached thereto including the Profit & Loss Account and Auditors' Report etc., upon receipt of a requisition from you, any time, as a shareholder of the Company.
