MESSAGE FROM MANAGING DIRECTOR

Dear Shareholders,

It gives me immense pleasure to connect with you through the Annual Report of Medico Intercontinental Limited for the Financial Year 2025-26. I would like to begin by expressing my sincere gratitude for your continued trust, encouragement, and support. Your confidence in the Company inspires us to pursue new opportunities and create sustainable value.

India's pharmaceutical and healthcare sector continues to demonstrate remarkable resilience and growth potential, driven by increasing healthcare awareness, innovation, and expanding market opportunities. We remain committed to leveraging these opportunities while creating long-term value for all our stakeholders.

A significant milestone during the year was our strategic investment in Calborn Lifescience Private Limited, wherein your Company acquired a 51% equity stake, making it a subsidiary of Medico Intercontinental Limited. Calborn Lifescience possesses a unique product portfolio, particularly in the Vitamin D3 segment, which offers promising opportunities in the nutraceutical and pharmaceutical markets.

As a manufacturing-focused entity, Calborn Lifescience is presently in its development and scaling phase. While the subsidiary has incurred losses during the current year, we view this as a natural part of the investment cycle associated with establishing manufacturing capabilities, achieving operational efficiencies, and building market presence. Such ventures typically require a gestation period of three to four years before realizing their full potential. We remain confident that with sustained efforts, strategic planning, and operational excellence, Calborn Lifescience will evolve into a profitable and valuable subsidiary, contributing meaningfully to the growth of your Company in the years ahead.

Building on our strong nationwide trading operations and strategic partnerships, we continue to focus on expanding our product portfolio, strengthening customer relationships, enhancing operational efficiencies, and exploring new avenues for growth. Our commitment to innovation, quality, and responsible business practices remains unwavering as we strive to create lasting value for our stakeholders.

As we look ahead, our focus will remain on unlocking the potential of our existing businesses, integrating and scaling our new investments, and capitalizing on emerging opportunities within the healthcare and pharmaceutical ecosystem. We are confident that our strategic initiatives will position the Company for sustained growth and enhanced shareholder value.

Our achievements would not have been possible without the dedication, passion, and hard work of our employees. On behalf of the Board of Directors, I express my sincere appreciation to our team members for their invaluable contributions. I also extend my gratitude to our customers, business partners, bankers, regulators, investors, and all stakeholders for their continued trust and support.

As we enter the new financial year, we do so with optimism, determination, and a clear vision for the future. Together, we will continue to build a stronger and more resilient organization capable of delivering sustainable growth and long-term value.

Thank you for your continued support.

19. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee,

Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

20. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at www.medicointercontinental.com. The Notice can also be accessed from the websites of the Stock Exchange i.e. BSE Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.
21. Members may also note that the Notice of the 42nd AGM and the Annual Report 2025-26 will be available on the Company's website www.medicointercontinental.com. The physical copies of the documents will also be available at the Company's registered office for inspection during normal business hours on working days. Members who require e-communication, or have any other queries, may write to us at: - mail@medicointercontinental.com.
22. As per the SEBI Circular No. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020; Circular No. SEBI/HO/CFD/CMD2/CIR/P/2022/62 dated May 13, 2022; and Circular No. SEBI/HO/CFD/PoD-2/P/CIR/2023/4 dated January 5, 2023 ("SEBI Circulars") and Circular No. SEBI/HO/DDHS/DDHS-PoD-1/P/CIR/2025/83 dated June 05, 2025 read with MCA General Circular 20/2020 dated 05th May, 2020, MCA General Circular 09/2023 dated 25th September, 2023 and MCA Circular No. 09/2024 dated September 19, 2024; the Annual Report will be sent through electronic mode to those Members whose email IDs are registered with the Registrar and Share Transfer Agent of the Company/ Depository participant.
23. SEBI has mandated that securities of listed companies can be transferred only in dematerialized form. In view of the above and to avail various benefits of dematerialization, Members are advised to dematerialize shares held by them in physical form, for ease in portfolio management.

SEBI introduced a special, time-bound window from July 7, 2025, to January 6, 2026, for the re-lodgment of physical share transfer requests that were previously rejected or returned before April 1, 2019. This initiative allowed Members to transfer and dematerialize shares that faced procedural or documentation issues, aiming to resolve long-standing legacy, non-disputed ownership cases. In order to further facilitate the investors to get rightful access to their securities, SEBI has opened another special window for transfer and dematerialization of physical securities which were sold / purchased before April 1, 2019. This special window is open for a period of 1 (one) year from February 5, 2026 to February 4, 2027 and is available for such transfer requests which were previously submitted and were rejected or returned before April 1, 2019 due to deficiency of documents, process or otherwise. The Members who are eligible for this are requested to take advantage of this special window and have the shares transferred in their name(s).

24. SEBI, vide its circular dated November 3, 2021 (subsequently amended by circulars dated December 14, 2021, March 16, 2023 and November 17, 2023) mandated that the security holders (holding securities in physical form), whose folio(s) do not have PAN or Contact Details or Mobile Number or Bank Account Details or Specimen Signature updated, shall be eligible for any dividend payment in respect of such folios, only through electronic mode with effect from April 1, 2024, only upon furnishing the PAN, contact details including mobile number, bank account details and specimen signature.

Members are requested to submit PAN, or intimate all changes pertaining to their bank details, mandates, nominations, power of attorney, change of address, change of name, e-mail address, contact numbers, specimen signature (as applicable) etc., to their DPs in case of holding in dematerialized form or to Company's RTA through Form ISR-1, Form ISR-2 and Form ISR-3 (as applicable) available at <https://medicointercontinental.com/investors/faqs/> in case of holdings in physical form.

25. As per the provisions of the Act and applicable SEBI Circular, Members holding shares in physical form may file nomination in the prescribed Form SH-13 with RTA or make changes to their nomination details through Form SH-14 and Form ISR-3. In respect of shares held in dematerialized form, the nomination form may be filed with the respective DPs. For relevant forms, please visit the Company's website at <https://medicointercontinental.com/investors/faqs/>
26. Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated January 25, 2022 has mandated the listed companies to issue securities in dematerialized form only, while processing Investor service requests, viz. issue of duplicate securities certificate; renewal/ exchange of securities

certificate; endorsement; sub-division/ splitting of securities certificate; consolidation of securities certificates/ folios; transmission and transposition. Further SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/ CIR/2022/65 dated May 18, 2022 has simplified the procedure and standardized the format of documents for transmission of securities.

In furtherance of the Government of India's initiatives on "Ease of Doing Business" and "Ease of Doing Investment", SEBI has dispensed with the requirement of issuance of Letter of Confirmation ('LOC') for effecting direct credit of securities to the dematerialized account of investors. This change aims to speed up the process significantly and will be effective from April 2, 2026. LOCs issued earlier remain valid for dematerialization within 120 days. Under the new framework, investors must already hold a demat account and submit a duly attested, recent Client Master List along with prescribed forms. RTA, Companies and Depositories are required to complete verification and credit securities directly into the demat account within 30 days of the receipt of such request.

Accordingly, Members are requested to make service requests to the Company through e-mail mail@medicointercontinental.com or by writing to the Company's RTA at support@purvashare.com by submitting a duly filled and signed Form ISR-4 & ISR-5, as the case may be along with recent Client Master List. The said forms can be downloaded from the Company's website at <https://medicointercontinental.com/investors/faqs/>.

27. Members holding shares in physical form, in identical order of names, in more than one folio are requested to send to the Company's RTA, the details of such folios together with the share certificates along with the requisite KYC documents for consolidating their holdings in one folio. Requests for consolidation of share certificates shall be processed in dematerialized form as stated above.
28. SEBI vide Circular No. SEBI/HO/OIAE/OIAE_IAD-1/P/ CIR/2023/131 dated July 31, 2023 (updated as on December 20, 2023) has specified that a Member shall first take up his / her / their grievance with the listed entity by lodging a complaint directly with the concerned listed entity and if the grievance is not redressed satisfactorily, the Member may, in accordance with the SCORES guidelines, escalate the same through the SCORES Portal in accordance with the process laid out therein. Only after exhausting all available options for resolution of the grievance, if the Member is not satisfied with the outcome, he / she / they can initiate dispute resolution through the Online Dispute Resolution ('ODR') Portal. Members are requested to take note of the same.
29. The Annual Report 2025-26, the Notice of the 42nd AGM and instructions for e-voting, are being sent by electronic mode to all the members whose email addresses are registered with the Company / Depository Participant(s), unless a member has requested for a physical copy of the documents. For members who have not registered their email addresses and requested for a physical copy of the documents, the said documents are being sent by the permitted mode.
30. **E – Voting Facility:** The remote e-Voting period will begin on Sunday, September 27, 2026 at 9:00 a.m. and will end on Tuesday, September 29, 2026 at 5:00 p.m. During this period, Members of the Company holding shares either in physical form or dematerialized form as on cut-off date, i.e., Wednesday, September 23, 2026, may exercise their vote electronically. The e-Voting module shall be disabled by CDSL for voting thereafter.

A person whose name is recorded in the Register of Members or in the Beneficial Owners maintained by Depositories as on the cut-off date i.e., Wednesday, September 23, 2026 shall be entitled to avail the facility of remote e-Voting as well as e-Voting system during the AGM. Voting rights shall be reckoned on the paid-up value of shares registered in the name of the Member / Beneficial Owner (in case of shares held in dematerialized form) as on the cut-off date i.e., Wednesday, September 23, 2026. The voting right of Members shall be in proportion to their share in the paid-up equity share capital of the Company as on the cut-off date, being Wednesday, September 23, 2026.

A person who is not a member as on the cut-off date should treat this Notice for information purposes only.

31. THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

- Step 1:** Access through Depositories CDSL/ NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- i. The voting period begins on Sunday, 27th September, 2026 at 9:00 A.M. and ends on Tuesday, 29th September, 2026 at 5:00 P.M. During this period, shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of Wednesday, September 23, 2026 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- ii. Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- iii. Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts / websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/ NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- iv. In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242** dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Explanatory Statement pursuant to Section 102 (1) of the Companies Act, 2013:

The following statement sets out all the material facts relating the Resolution Nos. 3 to 7 to be passed as mentioned in the accompanying Notice:

In terms of Regulation 23 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') as amended, material related party transactions require prior approval of the shareholders through ordinary resolutions, even if such transactions are in the ordinary course of business of the Company and at an arm's length basis.

As per the Listing Regulations, where the annual consolidated turnover is upto Rs. 20,000 Crores, any transaction with a related party shall be considered material, if the transaction(s) entered into/to be entered into individually or taken together with the previous transactions during a financial year, exceeds 10% of the annual consolidated turnover of the Listed Entity, as per the last audited financial statements of the Company and shall require prior approval of Members by means of an ordinary resolution.

The said limits are applicable even if the transactions are in the ordinary course of business of the concerned company and at an arm's length basis. Further, as per Regulation 2(1)(zc) of the Listing Regulations, the definition of Related Party Transaction ('RPT') includes a transaction involving a transfer of resources, services or obligations between a listed entity or any of its subsidiaries on one hand and a related party of the listed entity or any of its subsidiaries on the other hand, regardless of whether a price is charged or not.

Accordingly, Resolution Nos. 3 to 7 are placed for approval of the Members of the Company.

ITEM NO. 3:

Background, details and benefits of the transaction

Oxford Pharma is a pharmaceutical manufacturing unit in which Mr. Samir Shah, Managing Director of the Company, holds a 50% ownership interest and therefore Oxford Pharma is an enterprise significantly influenced by Directors of the Company.

Our Company (Medico Intercontinental Limited) is primarily engaged in the trading of pharmaceutical products and requires timely procurement of pharmaceutical products in bulk quantities to ensure uninterrupted supply to its customers and vendors. Oxford Pharma possesses adequate manufacturing facilities, production capacity and infrastructure to meet the Company's operational requirements and quality standards.

Considering the Company's business requirements, procurement of products from Oxford Pharma enables the Company to ensure consistent availability of products, timely execution of orders and continuity of supply. Further, owing to the ownership and management involvement of the Managing Director in Oxford Pharma, the Company derives certain operational and commercial advantages, including priority in manufacturing schedules, timely delivery of goods and assured availability of products. These benefits assist the Company in efficiently servicing its customers and fulfilling commitments to its vendors within stipulated timelines.

The transactions between the Company and Oxford Pharma help streamline business operations, ensure uninterrupted availability of pharmaceutical products and support efficient management of the Company's supply chain requirements. The proposed transactions are expected to contribute to operational efficiency, business continuity and enhanced customer satisfaction.

The management has provided the Audit Committee with the relevant details of various proposed related party transactions (RPTs), including the nature of transactions, material terms and basis of pricing. All Independent Directors on the Audit Committee, after reviewing all necessary information, have granted approval for entering into the RPTs with Oxford Pharma for an aggregate value of Rs. 25 Crores during FY 2026-27. The Audit Committee has noted the said transactions with Oxford Pharma will be in ordinary course of business of the Company and are in the best interests of the Company and its shareholders.

The Audit Committee has reviewed the certificate provided by CEO & Managing Director and Chief Financial Officer of the Company, as required under the RPT Industry Standards.

Details of the proposed RPTs between the Company and/or its subsidiary(ies), wholly owned subsidiary(ies), and/or joint venture(s) with Oxford Pharma, including the information required to be disclosed in the Explanatory Statement pursuant to the SEBI Master Circular dated November 11, 2024 and last updated on January 30, 2026 are as follows:

ITEM NO. 4:

Background, details and benefits of the transaction

LYF Distributor is a pharmaceutical trading firm in which Directors of one of the Wholly Owned Subsidiaries are partners therefore LYF Distributor is an enterprise significantly influenced by Directors of the Company.

LYF is the sole distributor for the products marketed by Evagrace Pharma Private Limited, the Wholly Owned Subsidiary (WOS) of the Company. Through its established distribution network, market reach, and customer base, LYF has significantly contributed towards expanding the market presence and sales volume of the products of the WOS.

Due to the active involvement and distribution efforts of LYF, the turnover and business operations of the WOS have

increased substantially. The transactions are undertaken on an arm's length basis and provide commercially beneficial margins to the Company and its subsidiary.

Accordingly, the proposed RPT is considered to be in the best interests of the Company and its public shareholders as it supports business growth, enhances market penetration, increases revenue generation, and ensures efficient distribution of products in the ordinary course of business.

The management has provided the Audit Committee with the relevant details of various proposed related party transactions (RPTs), including the nature of transactions, material terms and basis of pricing. All Independent Directors on the Audit Committee, after reviewing all relevant information, have granted approval for entering into RPTs with LYF Distributor, for an aggregate value of Rs. 6 Crores during FY 2026-27. The Audit Committee has noted that the said transactions with LYF Distributor will be in the ordinary course of business and are in the best interests of the Company and its shareholders.

The Audit Committee has reviewed the certificate provided by CEO & Managing Director and Chief Financial Officer of the Company, as required under the RPT Industry Standards.

Details of the proposed RPTs between the Company and/or its subsidiary(ies), wholly owned subsidiary(ies), and/or joint venture(s) with LYF Distributor, including the information required to be disclosed in the Explanatory Statement pursuant to the SEBI Master Circular dated November 11, 2024 and last updated on January 30, 2026 are as follows:

S.N.	Particulars of the information	Information provided by the management
	Justification as to why the proposed transaction is in the interest of the listed entity, basis for determination of price and other material terms and conditions of RPT.	The proposed Related Party Transactions (“RPTs”) are in the ordinary course of business and are undertaken on an arm’s length basis. The holding company acts as the sole selling agent for the subsidiary, facilitating the marketing and sale of the subsidiary’s products. Entering into such transactions enables the subsidiary to leverage the holding company’s established market presence, distribution network, customer relationships, and operational expertise, thereby enhancing business efficiency, revenue generation, and overall commercial growth. Accordingly, the proposed RPTs are considered to be in the best interests of the listed entity and its public shareholders.

The said transactions, being a material RPT, require prior approval of the Members of the Company in accordance with Regulation 23 of the Listing Regulations.

Members may note that in terms of the provisions of the Listing Regulations, the related parties as defined thereunder (whether such related party(ies) are a party to the aforesaid transactions or not), shall not vote to approve Resolution under Item No. 6.

Except as mentioned above, none of the Directors and KMPs of the Company and/or their respective relatives are, in any way, concerned or interested either directly or indirectly, financially or otherwise in the Resolution set out at Item No. 6 of the accompanying Notice.

Based on the review and approval of the Independent Directors on the Audit Committee, the Board of Directors recommends the Ordinary Resolution contained in Item No. 6 of the accompanying Notice to the Members for approval.

ITEM NO. 7:

Background, details and benefits of the transaction

Mr. Samir D Shah, Managing Director of the Company. The Company proposes to enter into the Related Party Transactions (“RPTs”) with Mr. Samir Shah, Managing Director of the Company, considering his significant contribution towards the growth and operations of the Company and its subsidiary.

The proposed transactions are in the best interests of the Company and its public shareholders as they facilitate efficient business operations, strategic decision-making, and overall business growth.

Further, the said transactions are undertaken in the ordinary course of business and are conducted on an arm’s length basis, ensuring that the terms are comparable to those prevailing in similar transactions with unrelated parties. The management have reviewed the proposed arrangements and is of the view that the transactions are fair, commercially beneficial, and aligned with the long-term growth objectives of the Company and its subsidiary, thereby safeguarding the interests of the public shareholders.

The management has provided the Audit Committee of Directors (‘Audit Committee’) with the relevant details of various proposed related party transactions (RPTs), including the nature of transactions, material terms and basis of pricing. All Independent Directors on the Audit Committee, after reviewing all relevant information, have granted approval for entering into RPTs with Mr. Samir D Shah for an aggregate value upto Rs. 18.50 Crores during FY 2026-27. The Audit Committee has noted that the said transactions with Mr. Samir D Shah will be in the ordinary course of business and are in the best interests of the Company and its shareholders.

The Audit Committee has reviewed the certificate provided by CEO & Managing Director and Chief Financial Officer of the Company, as required under the RPT Industry Standards.

Details of the proposed RPTs between the Company and/or its subsidiary(ies), wholly owned subsidiary(ies), and/or joint venture(s) with Mr. Samir D Shah, including the information required to be disclosed in the Explanatory Statement pursuant to the SEBI Master Circular dated November 11, 2024 and last updated on January 30, 2026 are as follows:

2. RESULT OF OPERATIONS & STATE OF COMPANY'S AFFAIR:

Standalone: The total income of the Company was Rs. 5680.62 Lakhs during current year as against Rs. 6763.75 Lakhs in the previous year. The Company has reported net profit of Rs. 218.36 Lakhs during the year under review as against profit of Rs. 256.58 Lakhs in the previous year. Your Company has performed well and your Directors are relentlessly striving for the betterment of the business and simultaneously your Directors are optimistic about the future and expect the business to perform much better in the forthcoming years.

Consolidated: During the financial year under review, the Company recorded total income of Rs. 8,535.45 Lakhs on a consolidated basis as against Rs. 9,573.23 Lakhs in the previous financial year.

The Company reported a consolidated net loss (including share of profit/(loss) of Associates and Joint Ventures) of Rs. 1,098.04 Lakhs during the year under review as compared to a net profit of Rs. 505.73 Lakhs in the previous year. The decline in profitability was primarily attributable to losses incurred by a subsidiary in which the Company acquired a 51% stake during the year. The subsidiary operates in the manufacturing sector and possesses a differentiated and unique product portfolio. As the acquisition was completed during the current year, the business is presently in a growth and stabilization phase, and management expects that the benefits of operational integration, capacity utilization, and market development initiatives will accrue over time.

Net profit/(loss) and total comprehensive income attributable to the owners of the Parent stood at Rs. (320.07) Lakhs for the current year as against Rs. 505.73 Lakhs in the previous year.

The management remains focused on improving operational efficiencies, strengthening the performance of the subsidiary, and creating long-term value for all stakeholders

- Industry Structure and Developments:

Indian Pharmaceutical Industry

The Indian pharmaceutical industry was valued at approximately USD 55 billion in 2025 and is expected to reach USD 120-130 billion by 2030, growing at a CAGR of 11-13%. Growth will be driven by a combination of expanding healthcare access, growing demand for treatments across both acute and chronic conditions, digital transformation, and continued reliance on affordable generic medicines. India ranks as the third-largest pharmaceutical producer globally, by volume, and the 14th largest by value, contributing around 1.72% to India's

GDP. The strength of the industry lies in its well-established generics ecosystem, cost-effective manufacturing, and a large pool of skilled scientists and engineers. India's pharmaceutical sector has a strong export presence, supplying medicines to over 200 countries worldwide, with the United States (US) being its largest export destination. Pharmaceutical exports have grown steadily from USD 15 billion in FY 2013-14 to USD 27.9 billion in FY 2023-24 and USD 30.47 billion in FY 2024-25. Generic drugs account for 20% of global exports in terms of volume, positioning the country as the largest provider of generic medicines globally.

In the Union Budget 2026-27, the government launched the Biopharma SHAKTI (Strategy for Healthcare Advancement), with an outlay of Rs. 10,000 crores over the next five years, aimed at positioning India as a global hub for biopharmaceutical manufacturing and innovation. This initiative reflects the growing shift in India's disease burden toward non-communicable diseases, such as diabetes, underscoring the importance of biologic medicines in improving patient outcomes.

Looking ahead, the Indian Pharmaceutical industry is poised for robust growth, with the market projected to reach USD 450 billion by 2047. This expansion will be supported by favorable government policies, rising prevalence of chronic diseases, increasing foreign investments, and a strong focus on the manufacturing of high-quality pharmaceutical products.

GROWTH DRIVERS

Increase in Chronic Diseases: Rising incidences of chronic diseases such as hypertension, diabetes, respiratory ailments, and cardiovascular diseases on account of rapid urbanization, aging population, adoption of sedentary lifestyles, and poor dietary habits are expected to boost demand for pharmaceutical products.

Improving Affordability: Increasing income levels and affluence are prompting individuals to seek high-quality healthcare services, including better hospitals, medicines, and treatment.

Expanding Insurance Coverage: Health insurance penetration in India continues to deepen, supported by greater participation from private insurers and broader therapy coverage. The government's Ayushman Bharat – Pradhan Mantri Jan Arogya Yojana (AB-PMJAY) health insurance scheme is driving healthcare access for patients.

Government Support and Incentives: Supportive government policies, such as the Production Linked Incentive (PLI) scheme, stringent quality and regulatory standards, and focus on chronic diseases, are further propelling the pharmaceutical industry's growth.

Company performance: Until the previous financial year, the Company was primarily engaged in the trading of pharmaceutical products. During the year under review, the Company expanded its business operations by acquiring a 51% equity stake in Calborn Lifescience Private Limited, thereby making it a subsidiary of the Company.

This strategic acquisition marks the Company's entry into the pharmaceutical manufacturing segment, strengthening its presence across the healthcare value chain. Calborn Lifescience Private Limited is engaged in the manufacturing of a unique portfolio of Vitamin D3 products and has established itself as one of the leading manufacturers in this niche segment. Notably, Calborn is recognized as the second manufacturer in India for this product category, providing the Company with a competitive advantage and opportunities for growth in the domestic and international markets.

The acquisition aligns with the Company's long-term strategy of diversifying its operations, enhancing value addition, and creating a stronger and more integrated business model. The Company expects this expansion into manufacturing to contribute positively to its future growth, profitability, and market positioning.

During the current financial year, the total income of the Company was Rs. 5680.62 Lakhs during current year as against Rs. 6763.75 Lakhs in the previous year. The Company has reported net profit of Rs. 218.36 Lakhs during the year under review as against profit of Rs. 256.58 Lakhs in the previous year. Your Board is looking more confident to increase revenue and profit in coming years.

– Opportunities and Threats:

Being a Trading company, our company is exposed to specific risks that are particular to its business and the environment within which it operates including interest rate volatility, economic cycle, and market risk. Further, venturing into new verticals and products shall also expose your company to risk. However, these also give an opportunity to exponentially grow the business.

CORPORATE GOVERNANCE REPORT

Company's philosophy on Code of Governance

Medico Intercontinental Limited ("the Company") believes that good Corporate Governance fosters long-term corporate goals and enhances stakeholders' value. Every day at Medico, we share a common focus "to provide Quality products & to maintain high standards in formulations and practicing high code of ethics in marketing". This means being exemplary in how we do business and unlock our innovation potential because when it comes to building trust, the actions we take and decisions we make speak louder than words. Our Code of Conduct is our constitution, supporting each of us to maximize opportunities while minimizing risks; to make bold and ethical decisions that activate our purpose; and to keep our end users i.e., patients and customers at the heart of all we do.

We implement policies and guidelines, communicate and train all stakeholders to develop a culture of compliance at every level of the organization. Conducting the operations with ethics and integrity is fundamental to the Company's philosophy and business ambitions. The Company will continue to foster responsible growth, creating long-term value for our stakeholders and business partners. The Company continues to be in compliance with the provisions of Corporate Governance as set out in SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Board of Directors

The Board is at the helm of the governance structure at the Company. The Board has a good, diverse, and optimum mix of Executive and Non-Executive Directors. With the number of Non-Executive and Independent Directors more than one-half of the total number of Directors, the composition is in line with the applicable provisions of Companies Act, 2013 ("the Act") and Securities and Exchange Board of India (SEBI) (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"). As on date of this Report, the Board consists of six Directors comprising one Executive Director, two Non-Executive Directors and three Independent Directors with the Chairperson of the Board being a Non-Executive Director. Share Transfer System:

Shares in physical form should be lodged for transfer at the office of the Company's Registrar & Transfer Agent. Share transfers are registered and returned generally within fifteen days from the date of receipt if the relevant documents are complete in all respects. As per directives issued by SEBI, it is compulsory to trade in the Company's equity shares in dematerialized form. Effective April 1, 2019, transfer of shares in physical form has ceased. Shareholders who had lodged their request for transfer prior to March 31, 2019 and, have received the same under objection can re-lodge the transfer request after rectification of the documents. Request for transmission of shares and dematerialization of shares will continue to be accepted. The Company obtains a certificate from Practicing Company Secretaries as per the requirement of Regulation 40(9) of Listing Regulations and same is filed with the Stock Exchanges.

However, SEBI had introduced a special, time-bound window from July 7, 2025 to January 6, 2026, for the re-lodgment of physical share transfer requests that were previously rejected or returned before April 1, 2019. This initiative allowed shareholders to transfer and dematerialize shares that faced procedural or documentation issues, aiming to resolve long-standing legacy, non-disputed ownership cases. In order to further facilitate the investors to get rightful access to their securities, SEBI has opened another special window for transfer and dematerialization of physical securities which were sold / purchased before April 1, 2019. This special window is open for a period of 1 (one) year from February 5, 2026 to February 4, 2027 and is available for such transfer requests which were previously submitted and were rejected or returned before April 1, 2019 due to deficiency of documents, process or otherwise. The investors who are eligible for this are requested to take advantage of this special window and have the shares transferred in their name(s).

In terms of the Listing Regulations, shares of the Company can only be transferred in dematerialized form. Further, SEBI vide its circular No. SEBI/HO/MIRSD_RTAMB/P/CIR/2022/8 dated January 24, 2022, mandated all the listed Companies to issue securities in dematerialized form only, while processing the service request for issue of duplicate certificate, claim from Unclaimed Suspense Account, endorsement, sub-division / splitting of securities certificate, consolidation of securities certificates / folios, transmission and transposition.

In view of the same and to eliminate all risks associated with physical shares and avail various benefits of dematerialization, Members are advised to dematerialize the shares held by them in physical form.

Transfer of shares to Ministry of Corporate Affairs - Investor Education and Protection Fund ('IEPF') Authority: Not Applicable for the period under review.

Saksham Niveshak: The IEPF Authority, under the aegis of MCA, in order to reduce the volume of unclaimed dividend / shares transferred to IEPF Authority, launched Saksham Niveshak – a 100-day nationwide campaign from July 28, 2025 to November 6, 2025 to encourage investors to update their records and claim their entitlements.

INDEPENDENT AUDITORS' REPORT ON STANDALONE FINANCIAL STATEMENTS

TO THE MEMBERS OF
MEDICO INTERCONTINENTAL LIMITED

Report on the Standalone Financial Statements

We have audited the accompanying Standalone Financial Statements of **MEDICO INTERCONTINENTAL LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2026, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (hereinafter referred to as "the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (hereinafter referred to as "Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (hereinafter referred to as "SAs"). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (hereinafter referred to as "ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
Revenue recognition as per Ind AS 115	Our audit procedures included the following:
Refer to Note - 1 (Significant Accounting Policies) and Note - 1.10 (Revenue from operations) of the financial statements.	We evaluated the design and tested operating effectiveness of the relevant controls with respect to revenue recognition including those relating to cut off at year end;
The Company's revenue is principally derived from sale of various medicine products.	We assessed the appropriateness of the revenue recognition accounting policies in line with Ind AS 115 "Revenue from Contracts with Customers";
In accordance with Ind AS 115, revenue from sale of goods is recognized when control of the products being sold is transferred to the customer and when there are no unfulfilled obligations. The performance obligations in the contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on terms of contract with the customer. Revenue is measured at fair value of the consideration received or receivable after deduction of any trade / volume discounts and taxes or duties collected.	We performed substantive testing of revenue transactions, recorded during the year by testing the underlying documents which included goods dispatch notes, shipping documents and customer acknowledgments, as applicable;
We identified revenue recognition as a key audit matter since revenue is significant to the financial statements and is required to be recognized as per the requirements of applicable accounting framework.	We tested manual journal entries posted to revenue to identify unusual items;
	We tested, on a sample basis, specific revenue transactions recorded before and after the financial year end date including examination of credit notes issued after the year end to determine whether the revenue has been recognized in the appropriate financial period.
	Based on the above stated procedures, no significant exceptions were noted in revenue recognition.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India (Indian GAAPs), including the Accounting Standards ('Ind AS') specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- o Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- o Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances; Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- o Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- o Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may

cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- o Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the Directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure – B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- o The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements. Refer Note 27 to the standalone Ind AS financial statements
- o The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- o There were no any amounts required to be transferred, to the Investor Education and Protection Fund by the Company.
- o The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.
- o a. The respective Managements of the company and its subsidiaries which are incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and brief belief, no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from the borrowed funds or share premium or any other sources or kind of funds) by the Company or any such of subsidiaries to or in any other person or entity including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate beneficiaries.
- b. The respective Management of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of the knowledge and belief no funds (which are material either individually or in the aggregate) have been received by the company or any of subsidiaries from any person or entity, including foreign entity ("Funding parties") with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall directly or indirectly, lend or invest in other persons or entities identified in any manner what's the whatsoever by or on behalf of the funding party ("Ultimate beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- c. Based on audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations are under sub clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- (ix) (a) According to the records of the company examined by us and as per the information and explanations given to us, the company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any financial institution or banks or lender;
- (b) According to the records of the company examined by us and as per the information and explanations given to us, The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority;

- (c) According to the records of the company examined by us and as per the information and explanations given to us, the Term loans were applied for the purpose for which the loans were obtained;
- (d) According to the records of the company examined by us and as per the information and explanations given to us, on an overall examination of the financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company;
- (e) As we informed that the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures;
- (f) According to the records of the company examined by us and as per the information and explanations given to us, the Company has not raised loans during the year on the pledge of securities held in its subsidiaries or associate companies. Hence, the requirement to report on clause (ix) (f) of the Order is not applicable to the Company.
- (x) (a) According to the information and explanations given to us and based on our examination of the records of the company, the Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year.
- (b) According to the information and explanations given to us and based on our examination of the records of the company during the year, the Company has not made any preferential allotment of equity shares during the current financial year.
- (xi) (a) According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit;
- (b) According to the information and explanations given to us, during the year and upto the date of this audit report, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government;
- (c) According to the information and explanations given to us, during the year there are no whistle blower complaints received by the company during the year.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the company, transactions with the related parties, are in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable and details of such transactions have been disclosed in the Standalone Financial Statements as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business;
- (b) We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- (xv) In our opinion during the year, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors. Hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable;
- In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) In our opinion, there is no cash loss in the financial year and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on

the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) (a) According to the information and explanations given to us and based on our examination of the records of the company, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII to the companies Act (the Act), in compliance with second proviso to sub section 5 of section 135 of the Act;
- (b) In our opinion, there are no unspent amounts in respect of ongoing projects, that are required to be transferred to a special account in compliance of provision of sub section (6) of section 135 of Companies Act.
- (xix) The reporting under clause 3(xix) of the Order is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 2 (f) under “Report on Other Legal and Regulatory Requirement of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the Internal Financial Controls over Financial Reporting of **MEDICO INTERCONTINENTAL LIMITED** as on 31st March, 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls

Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's Internal Financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Recent accounting pronouncements

New and amended Ind ASs effective from April 01, 2025

The Ministry of Corporate Affairs (MCA) notifies new standards | amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year, the MCA has amended the Ind AS as below:

Ind AS 1 – Presentation of Financial Statements:

The amendments clarify requirements relating to classification of liabilities as current or non-current, including the effect of covenants and the Company's right to defer settlement. The amendments also introduce specific disclosure requirements where liabilities arising from loan arrangements are classified as non-current and the Company's right to defer settlement is subject to compliance with covenants within twelve months after the reporting period.

Ind AS 7 – Statement of Cash Flows and Ind AS 107 – Financial Instruments: Disclosures:

The amendments introduce disclosure requirements in respect of supplier finance arrangements, including information about the terms and conditions, carrying amounts of related financial liabilities, amounts for which suppliers have received payment from finance providers, ranges of payment due dates and the effect of non-cash changes. Supplier finance arrangements are also relevant to the Company's liquidity-risk disclosures.

Ind AS 12 – Income Taxes:

The amendments relating to International Tax Reform – Pillar Two Model Rules introduce a mandatory temporary exception from recognising and disclosing deferred tax assets and liabilities related to Pillar Two income taxes and introduce additional disclosures relating to Pillar Two income taxes, where applicable.

Ind AS 21 – The Effects of Changes in Foreign Exchange Rates:

The amendments provide guidance for assessing whether a currency is exchangeable into another currency and for estimating the spot exchange rate where exchangeability is lacking. Additional disclosures are required in such circumstances.

The Company has evaluated the applicability of the above amendments. Based on the nature of the Company's transactions, arrangements and operations, the amendments did not have a material impact on recognition and measurement. The Company has incorporated the additional disclosures required by the applicable amendments.

1.04 Use of estimates

The preparation of the financial statements in conformity with IND AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets,

liabilities, income and expenses. Actual results may differ from those estimates. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialize.

1.05 Current versus Non Current classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An asset is treated as current when it:

- is expected to be realised or intended to be sold or consumed in the normal operating cycle;
- is held primarily for the purpose of trading;
- is expected to be realised within twelve months after the reporting period; or
- is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when it:

- is expected to be settled in the normal operating cycle;
- is held primarily for the purpose of trading;
- is due to be settled within twelve months after the reporting period; or
- the Company does not have the right at the end of the reporting period to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The classification of liabilities is based on the rights that exist at the end of the reporting period. Covenants with which the Company is required to comply on or before the end of the reporting period are considered in assessing whether the Company has the right to defer settlement. Covenants with which the Company is required to comply only after the reporting period do not affect classification at the reporting date but may require

Additional disclosure.

Deferred tax assets and liabilities are classified as non-current.

The operating cycle of the Company is twelve months.

1.06 Property, plant and equipment and other intangible assets

Recognition and measurement:

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The residual value, useful life and method of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in statement of profit or loss.

Depreciation and amortization:

Depreciation, on fixed assets, based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013, on Written Down Value (WDV) method. Depreciation on additions during the year is provided on prorata time basis.

1.07 Inventories

Inventories are valued at the lower of cost and the net realizable value after providing for obsolescence and other losses, where considered necessary. Cost of inventory includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition, valued and verified by the managements at regular interval.

1.08 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

1.09 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

1.10 Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, GST and amounts collected on behalf of third parties.

Sale of products

Timing of recognition- Revenue from sale of products is recognized when control of the products is transferred to customers based on the terms of sale.

Measurement of revenue- Revenue from sales is based on the price specified in the sales contracts, net of all expected discounts and returns in relation to sales made until the end of the reporting period.

No element of financing is deemed present as the sales are made with credit terms consistent with market practices. A receivable is recognized when the goods are dispatched, delivered or upon formal customer acceptance depending on terms of contract with the customer.

Dividend and interest income

Dividend income is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Other income

Other incomes are accounted on accrual basis except specifically stated on cash basis.

1.11 Employee benefits

Defined benefit plan

Gratuity:

Gratuity liability is a defined benefit obligation and is computed on the basis of an actuarial valuation by an actuary appointed for the purpose as per projected unit credit method at the end of each financial year. The liability or asset recognized in the Standalone Balance Sheet in respect of defined benefit gratuity plan, is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The liability so provided is represented by creation of separate fund and is used to meet the liability as and when it become due for payment in future. Any shortfall in the value of assets over the defined benefit obligation is recognized as a liability with a corresponding charge to the Standalone Statement of Profit and Loss.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows with reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate at the beginning of the period to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Standalone Statement of Profit and Loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur directly in other comprehensive income. They are included in retained earnings in the Statement of changes in equity and in the Standalone Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

Defined contribution plan

Contributions to defined contribution schemes such as contribution to provident fund, superannuation fund, employees' state insurance corporation, national pension scheme and labour welfare fund are charged as an expense to Standalone Statement of Profit and Loss based on the amount of contribution required to be made as and when services are rendered by the employees. The above benefits are classified as defined contribution schemes as the Company has no further defined obligations beyond the monthly contributions.

Short-term employee benefits

All employee benefits payable within 12 months of service such as salaries, wages, bonus, ex-gratia, medical benefits, etc, are recognized in the year in which the employees render the related service and are presented as current employee benefit obligations. Termination benefits are recognized as an expense as and when incurred. Short-term employee benefits are provided at undiscounted amount during the accounting period based on service rendered by employees.

Other long-term employee benefits

The liabilities for earned leave is not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

1.12 Borrowing costs

Borrowing costs include interest; amortization of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilized for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalization of such asset is added to the cost of the assets. Capitalization of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

1.13 Earnings per Share

Basic earnings per share is computed by dividing the profit after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

1.14 Taxes on income

Current tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax:

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

1.15 Contingent liabilities

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote.

1.16 Contingent Asset

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company. The company does not recognize a contingent asset but discloses its existence in the financial statements.

1.17 Segment Reporting

An operating segment is component of the company that engages in the business activity from which the company earns revenues and incurs expenses, for which discrete financial information is available and whose operating results are regularly reviewed by the chief operating decision maker, in deciding about resources to be allocated to the segment and assess its performance. The company's chief operating decision maker is the Managing Director.

Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment. All other assets and liabilities are disclosed as un-allocable.

Revenue and expenses directly attributable to segments are reported under each reportable segment. All other expenses which are not attributable or allocable to segments have been disclosed as un-allocable expenses.

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

1.18 Leases:

As a lessee:

The Company assesses whether a contract is, or contains a lease, at inception of the contract. A contract is, or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: i) the contract involves the use of an identified asset ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and iii) the Company has the right to direct the use of the asset.

At the commencement date of the lease, the Company recognizes a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is lessee, except for short-term leases (leases with a

term of twelve months or less), leases of low value assets and, for contract where the lessee and lessor has right to terminate a lease without permission from the other party with no more than an insignificant penalty. The lease expense of such short-term leases, low value assets leases and cancellable leases are recognized as an operating expense on a straight-line basis over the term of the lease.

At commencement date, lease liability is measured at the present value of the lease payments to be paid during non-cancellable period of the contract, discounted using the incremental borrowing rate. The right-of-use assets is initially recognized at the amount of the initial measurement of the corresponding lease liability, lease payments made at or before commencement date less any lease incentives received and any initial direct costs.

Subsequently the right-of-use asset is measured at cost less accumulated depreciation and any impairment losses. Lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using effective interest rate method) and reducing the carrying amount to reflect the lease payments made. The right-of-use asset and lease liability are also adjusted to reflect any lease modifications or revised in-substance fixed lease payments.

As a lessor:

Leases for which the Company is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Income from operating leases where the Company is a lessor is recognized as income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the Balance Sheet based on their nature. Leases of property, plant and equipment where the Company as a lessor has substantially transferred all the risks and rewards are classified as finance lease. Finance leases are capitalized at the inception of the lease at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rent receivables, net of interest income, are included in other financial assets. Each lease receipt is allocated between the asset and interest income. The interest income is recognized in the Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the asset for each period.

Under combined lease agreements, land and building are assessed individually.

1.19 Impairment of assets:

The carrying amount of assets are reviewed at each Balance Sheet date to assess if there is any indication of impairment based on internal | external factors. An impairment loss on such assessment is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount of the assets is net selling price or value in use, whichever is higher. While assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognized impairment loss is further provided or reversed depending on changes in the circumstances and to the extent that carrying amount of the assets does not exceed the carrying amount that will be determined if no impairment loss had previously been recognized.

1.20 Offsetting financial instruments:

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the assets and settle the liabilities simultaneously.

1.21 Dividend distribution to equity holders of the Company

The Company recognises a liability to make dividend distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

1.22 Investments and other financial assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the cash flows.

For assets measured at fair value, gains and losses will either be recorded in Statement of profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(iii) Debt instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments.

(iv) Amortized Cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

(v) Fair value through other Comprehensive Income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

(vi) Fair value through profit or loss:

Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognized in profit or loss and presented net in the statement of profit and loss in the period in which it arises. Interest income from these financial assets is included in other income.

(vii) Financial liabilities:

Financial liabilities are subsequently carried at amortized cost using the effective interest method.

(viii) Investments in Subsidiaries:

Investments in subsidiaries, associates and joint ventures are carried at cost in the financial statements.

(ix) Equity Instruments:

An equity instrument is a contract that evidences residual interest in the assets of the company after

deducting all of its liabilities. Incremental costs directly attributable to the issuance of equity instruments are recognized as a deduction from equity instrument net of any tax effects.

1.23 Investments Property:

Investment Property is measured initially at cost including related transaction costs.

The cost comprises the purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use.

Subsequent expenditures are capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

Investment property is carried at cost less accumulated depreciation and impairment.

All day-to-day repair and maintenance expenditure are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from derecognition of investment property are measured as the difference between the net disposal proceeds and the carrying amount of the asset at the time of disposal and are recognized in the statement of profit and loss when the asset is derecognized.

Depreciation and amortization:

Depreciation, on Investment property, based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013, on Written Down Value (WDV) method. Depreciation on additions during the year is provided on prorata time basis.

*Fair Value of Instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques, which maximise the use of observable market data and rely as little as possible on entity specific estimates. If significant inputs required to fair value an instruments are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs are not based on observable market data, the instruments is included in level 3.

Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realized or paid in sale transactions as of respective dates. As such, the fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

NOTE - 31 - FINANCIAL RISK MANAGEMENT:

The Company is exposed to market risk (fluctuation in foreign currency exchange rates, price and interest rate), liquidity risk and credit risk, which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Company.

(A) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk, interest rate risk and price risk. Financial instruments affected by market risk include loans and borrowings, trade receivables and trade payables involving foreign currency exposure. The sensitivity analyses in the following sections relate to the position as at March 31, 2026 and March 31, 2025.

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2026 and March 31, 2025.

(i) Foreign currency exchange rate risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company did not undertake any transactions in foreign currencies during the year ended March 31, 2026. Consequently, the Company has no outstanding receivables, payables, or underlying exposure to foreign currency risk as of March 31, 2026, and sensitivity analysis is not applicable.

ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates. As the Company has certain debt obligations with floating interest rates, exposure to the risk of changes in market interest rates are dependent of changes in market interest rates. Management monitors the movement in interest rate and, wherever possible, reacts to material movements in such rates by restructuring its financing arrangement.

As the Company has no significant interest bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates.

(B) Credit Risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. Credit risk encompasses both, the direct risk of default and the risk of deterioration of credit worthiness.

Credit risk arises primarily from financial assets such as trade receivables, investments in mutual funds, cash and cash equivalent and other balances with banks.

In respect of trade receivables, credit risk is being managed by the company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the company grants credit terms in the normal course of business. All trade receivables are also reviewed and assessed for default on a regular basis. The concentration of credit risk is limited due to the fact that the customer base is large.

(C) Liquidity risk

- a. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities.
- b. Management monitors rolling forecasts of the Company liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which it operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the Defined Benefit Obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the Defined Benefit Obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the Defined Benefit Obligation as recognized in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

Notes:

Gratuity is payable as per entity's scheme as detailed in the report.

Actuarial gains/losses are recognized in the period of occurrence under Other Comprehensive Income (OCI).

All above reported figures of OCI are gross of taxation.

Salary escalation & attrition rate are considered as advised by the entity; they appear to be in line with the industry practice considering promotion and demand & supply of the employees.

Maturity Analysis of Benefit Payments is undiscounted cashflows considering future salary, attrition & death in respective year for members as mentioned above.

Average Expected Future Service represents Estimated Term of Post - Employment Benefit Obligation.

Weighted Average Duration of the Defined Benefit Obligation is the weighted average of cash flow timing, where weights are derived from the present value of each cash flow to the total present value.

Any benefit payment and contribution to plan assets is considered to occur end of the year to depict liability and fund movement in the disclosures.

b) Defined benefit plan:

Qualitative Disclosures

Para 139 (a) Characteristics of defined benefit plan

The entity has a defined benefit gratuity plan in India (unfunded). The entity's defined benefit gratuity plan is a final salary plan for employees.

Gratuity is paid from entity as and when it becomes due and is paid as per entity scheme for Gratuity.

Para 139 (b) Risks associated with defined benefit plan

Gratuity is a defined benefit plan and entity is exposed to the Following Risks:

Interest rate risk: A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision.

Salary Risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Asset Liability Matching Risk: The plan faces the ALM risk as to the matching cash flow. entity has to manage pay-out based on pay as you go basis from own funds.

Mortality risk: Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

Para 139 (c) Characteristics of defined benefit plans

During the year, there were no plan amendments, curtailments and settlements.

Para 147 (a)

Gratuity plan is unfunded.

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

TO THE MEMBERS OF MEDICO INTERCONTINENTAL LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying Consolidated Financial Statements of MEDICO INTERCONTINENTAL LIMITED ("the Holding company") and its subsidiary, joint venture (Holding Company and its subsidiary together referred to as "the Group", which comprise the consolidated Balance Sheet as at 31st March, 2026, the consolidated Statement of Profit and Loss, the consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (hereinafter referred to as "the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (hereinafter referred to as "Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, the consolidated profit and total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (hereinafter referred to as "SAs"). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (hereinafter referred to as "ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
Revenue recognition as per Ind AS 115	Our audit procedures included the following:
Refer to Note - 1 (Significant Accounting Policies) and Note - 1.10 (Revenue from operations) of the financial statements.	We evaluated the design and tested operating effectiveness of the relevant controls with respect to revenue recognition including those relating to cut off at year end;
The Company's revenue is principally derived from sale of various medicine products.	We assessed the appropriateness of the revenue recognition accounting policies in line with Ind AS 115 "Revenue from Contracts with Customers";
In accordance with Ind AS 115, revenue from sale of goods is recognized when control of the products being sold is transferred to the customer and when there are no unfulfilled obligations. The performance obligations in the contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on terms of contract with the customer. Revenue is measured at fair value of the consideration received or receivable after deduction of any trade/volume discounts and taxes or duties collected.	We performed substantive testing of revenue transactions, recorded during the year by testing the underlying documents which included goods dispatch notes, shipping documents and customer acknowledgments, as applicable;
We identified revenue recognition as a key audit matter since revenue is significant to the financial statements and is required to be recognized as per the requirements of applicable accounting framework.	We tested manual journal entries posted to revenue to identify unusual items;
	We tested, on a sample basis, specific revenue transactions recorded before and after the financial year end date including examination of credit notes issued after the year end to determine whether the revenue has been recognized in the appropriate financial period.
	Based on the above stated procedures, no significant exceptions were noted in revenue recognition.

Other Information

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Holding Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India (Indian GAAPs), including the Accounting Standards ('Ind AS') specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- o Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- o Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances; Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- o Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- o Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- o Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the annual financial statements of four subsidiaries and one joint venture

1. EVAGRACE PHARMA PRIVATE LIMITED
2. RITZ FORMULATIONS PRIVATE LIMITED
3. SUNGRACE PHARMA PRIVATE LIMITED
4. AZILLIAN HEALTHCARE PRIVATE LIMITED
5. CALBORN LIFESCIENCE PRIVATE LIMITED
6. MEDICO LAB (Joint Venture)

Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Group, joint venture internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - o the consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, joint venture - (Refer Note 30 to the consolidated financial statements);
 - o The Group, joint venture did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - o There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group.
 - o The final dividend paid by the Holding Company and its subsidiaries incorporated in India during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend
 - o
 - a. The respective Managements of the company and its subsidiaries which are incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and brief belief, no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from the borrowed funds or share premium or any other sources or kind of funds) by the Company or any such of subsidiaries to or in any other person or entity including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate beneficiaries.
 - b. The respective Management of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of the knowledge and belief no funds (which are material either individually or in the aggregate) have been received by the company or any of subsidiaries from any person or entity, including foreign entity ("Funding parties") with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall directly or indirectly, lend or invest in other persons or entities identified in any manner what's the whatsoever by or on behalf of the funding party ("Ultimate beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - c. Based on audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations are under sub clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanation given to us, and based on the CARO reports issued by us for the Company and its subsidiaries included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports.

PROOF

Annexure “A” to the Independent Auditor’s Report

(Referred to in paragraph 1 (f) under “Report on Other Legal and Regulatory Requirement of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of **MEDICO INTERCONTINENTAL LIMITED** (“the Holding Company”) and its subsidiary as of 31st March, 2026 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Holding Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting

to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary, joint venture have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

NOTE NO. 1:

1.01 GROUP Overview

The Consolidated Financial Statements (hereinafter referred to as "financial statements") comprise financial statements of The **MEDICO INTERCONTINENTAL LIMITED** (the Parent), its subsidiaries (collectively referred to as Group) for the year ended March 31, 2026.

MEDICO INTERCONTINENTAL LIMITED ("the company") was incorporated on August 14, 1984 having its Registered Office at 1-5th Floor, Adit Raj Arcade, Nr Karma Shreshtha Tower, 100 Ft Rd, Satellite, Ahmedabad - 380015, Gujarat. The Company is into the business of trading of pharmaceuticals products.

Basis of preparation and Significant Accounting Policies

1.02 Statement of Compliance

The financial statements of the Group have been prepared in accordance with the Indian Accounting Standards (IND AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of the Act. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

1.03 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period.

Recent accounting pronouncements

New and amended Ind ASs effective from April 01, 2026

The Ministry of Corporate Affairs (MCA) notifies new standards | amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year, the MCA has amended the Ind AS as below:

Ind AS 1 – Presentation of Financial Statements:

The amendments clarify requirements relating to classification of liabilities as current or non-current, including the effect of covenants and the Company's right to defer settlement. The amendments also introduce specific disclosure requirements where liabilities arising from loan arrangements are classified as non-current and the Company's right to defer settlement is subject to compliance with covenants within twelve months after the reporting period.

Ind AS 7 – Statement of Cash Flows and Ind AS 107 – Financial Instruments: Disclosures:

The amendments introduce disclosure requirements in respect of supplier finance arrangements, including information about the terms and conditions, carrying amounts of related financial liabilities, amounts for which suppliers have received payment from finance providers, ranges of payment due dates and the effect of non-cash changes. Supplier finance arrangements are also relevant to the Company's liquidity-risk disclosures.

Ind AS 12 – Income Taxes:

The amendments relating to International Tax Reform – Pillar Two Model Rules introduce a mandatory temporary exception from recognizing and disclosing deferred tax assets and liabilities related to Pillar Two income taxes and introduce additional disclosures relating to Pillar Two income taxes, where applicable.

Ind AS 21 – The Effects of Changes in Foreign Exchange Rates:

The amendments provide guidance for assessing whether a currency is exchangeable into another currency and for estimating the spot exchange rate where exchangeability is lacking. Additional disclosures are required in such circumstances.

The Company has evaluated the applicability of the above amendments. Based on the nature of the Company's transactions, arrangements and operations, the amendments did not have a material impact on recognition and measurement. The Company has incorporated the additional disclosures required by the applicable amendments.

1.04 Use of estimates

The preparation of the financial statements in conformity with IND AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from those estimates. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialize.

1.05 Current versus Non-Current classification

The Group presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An asset is treated as current when it:

- is expected to be realised or intended to be sold or consumed in the normal operating cycle;
- is held primarily for the purpose of trading;
- is expected to be realised within twelve months after the reporting period; or
- is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when it:

- is expected to be settled in the normal operating cycle;
- is held primarily for the purpose of trading;
- is due to be settled within twelve months after the reporting period; or
- the Company does not have the right at the end of the reporting period to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The classification of liabilities is based on the rights that exist at the end of the reporting period. Covenants with which the Company is required to comply on or before the end of the reporting period are considered in assessing whether the Company has the right to defer settlement. Covenants with which the Company is required to comply only after the reporting period do not affect classification at the reporting date but may require

Additional disclosures.

Deferred tax assets and liabilities are classified as non-current.

The operating cycle of the Group is twelve months

1.06A Property, Plant and Equipments and other Intangible Assets

Recognition and measurement:

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in statement of profit or loss.

Depreciation and Amortization:

Depreciation, on fixed assets, based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013, on Written Down Value (WDV) method. Depreciation on additions during the year is provided on prorata time basis.

1.06B Investment Property:

Investment Property is measured initially at cost including related transaction costs.

The cost comprises the purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use.

Subsequent expenditures are capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

Investment property is carried at cost less accumulated depreciation and impairment.

All day-to-day repair and maintenance expenditure are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from derecognition of investment property are measured as the difference between the net disposal proceeds and the carrying amount of the asset at the time of disposal and are recognized in the statement of profit and loss when the asset is derecognized.

Depreciation and amortization:

Depreciation, on Investment property, based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013, on Written Down Value (WDV) method. Depreciation on additions during the year is provided on prorata time basis.

1.07 Inventories

Inventories are valued at the lower of cost and the net realizable value after providing for obsolescence and other losses, where considered necessary. Cost of inventory includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

1.08 Cash and Cash Equivalents (for purposes of Cash Flow Statement)

Cash comprises Cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

1.09 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

1.10 Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, GST and amounts collected on behalf of third parties.

Sale of Products

Timing of recognition - Revenue from sale of products is recognized when control of the products is transferred to customers based on the terms of sale.

Measurement of revenue - Revenue from sales is based on the price specified in the sales contracts, net of all expected discounts and returns in relation to sales made until the end of the reporting period.

No element of financing is deemed present as the sales are made with credit terms consistent with market practices. A receivable is recognized when the goods are dispatched, delivered or upon formal customer acceptance depending on terms of contract with the customer.

Dividend and interest income:

Dividend income is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate

that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Other income:

Other incomes are accounted on accrual basis except specifically stated on cash basis.

1.11 Employee benefits

Defined benefit plan

Gratuity:

Gratuity liability is a defined benefit obligation and is computed on the basis of an actuarial valuation by an actuary appointed for the purpose as per projected unit credit method at the end of each financial year. The liability or asset recognized in the Consolidated Balance Sheet in respect of defined benefit gratuity plan, is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The liability so provided is represented by creation of separate fund and is used to meet the liability as and when it become due for payment in future. Any shortfall in the value of assets over the defined benefit obligation is recognized as a liability with a corresponding charge to the Consolidated Statement of Profit and Loss.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows with reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate at the beginning of the period to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Consolidated Statement of Profit and Loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur directly in other comprehensive income. They are included in retained earnings in the Statement of changes in equity and in the Consolidated Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

Defined contribution plan:

Contributions to defined contribution schemes such as contribution to provident fund, superannuation fund, employees' state insurance corporation, national pension scheme and labour welfare fund are charged as an expense to Consolidated Statement of Profit and Loss based on the amount of contribution required to be made as and when services are rendered by the employees. The above benefits are classified as defined contribution schemes as the Company has no further defined obligations beyond the monthly contributions.

Short-term employee benefits:

All employee benefits payable within 12 months of service such as salaries, wages, bonus, ex-gratia, medical benefits, etc, are recognized in the year in which the employees render the related service and are presented as current employee benefit obligations. Termination benefits are recognized as an expense as and when incurred.

Short-term employee benefits are provided at undiscounted amount during the accounting period based on service rendered by employees.

Other long-term employee benefits:

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

1.12 Borrowing Costs

Borrowing costs include interest; amortization of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs

in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilized for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalization of such asset is added to the cost of the assets. Capitalization of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

1.13 Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

1.14 Taxes on income

Current tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax:

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

1.15 Contingent Liabilities

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote.

1.16 Contingent Asset

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company. The company does not recognize a contingent asset but discloses its existence in the financial statements.

1.17 Segment Reporting

An operating segment is component of the Group that engages in the business activity from which the Group earns revenues and incurs expenses, for which discrete financial information is available and whose operating results are regularly reviewed by the chief operating decision maker, in deciding about resources to be allocated to the segment and assess its performance. The Parent Company's chief operating decision maker is the Managing Director.

Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment. All other assets and liabilities are disclosed as unallocable.

Revenue and expenses directly attributable to segments are reported under each reportable segment. All other expenses which are not attributable or allocable to segments have been disclosed as unallocable expenses.

The Group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group as a whole.

1.18 Leases:

As a lessee:

The Group assesses whether a contract is, or contains a lease, at inception of the contract. A contract is, or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: i) the contract involves the use of an identified asset ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and iii) the Company has the right to direct the use of the asset.

At the commencement date of the lease, the Group recognizes a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is lessee, except for short-term leases (leases with a term of twelve months or less), leases of low value assets and, for contract where the lessee and lessor has right to terminate a lease without permission from the other party with no more than an insignificant penalty. The lease expense of such short-term leases, low value assets leases and cancellable leases are recognized as an operating expense on a straight-line basis over the term of the lease.

At commencement date, lease liability is measured at the present value of the lease payments to be paid during non-cancellable period of the contract, discounted using the incremental borrowing rate. The right-of-use assets is initially recognized at the amount of the initial measurement of the corresponding lease liability, lease payments made at or before commencement date less any lease incentives received and any initial direct costs.

Subsequently the right-of-use asset is measured at cost less accumulated depreciation and any impairment losses. Lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using effective interest rate method) and reducing the carrying amount to reflect the lease payments made. The right-of-use asset and lease liability are also adjusted to reflect any lease modifications or revised in-substance fixed lease payments.

As a lessor:

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Income from operating leases where the Group is a lessor is recognized as income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the Balance Sheet based on their nature. Leases of property, plant and equipment where the Group as a lessor has substantially transferred all the risks and rewards are classified as finance lease. Finance leases are capitalized at the inception of the lease at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rent receivables, net of interest income, are included in other financial assets. Each lease receipt is allocated between the asset and interest income. The interest income is recognized in the Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the asset for each period.

Under combined lease agreements, land and building are assessed individually.

1.19 Impairment of assets:

The carrying amount of assets are reviewed at each Balance Sheet date to assess if there is any indication of impairment based on internal / external factors. An impairment loss on such assessment is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount of the

assets is net selling price or value in use, whichever is higher. While assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognized impairment loss is further provided or reversed depending on changes in the circumstances and to the extent that carrying amount of the assets does not exceed the carrying amount that will be determined if no impairment loss had previously been recognized.

1.20 Offsetting financial instruments:

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the assets and settle the liabilities simultaneously.

1.21 Investments and other Financial Assets

(i) Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the cash flows.

For assets measured at fair value, gains and losses will either be recorded in Statement of profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for equity investment at fair value through other comprehensive income.

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(iii) Debt Instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments.

(iv) Amortized cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

(v) Fair value through other comprehensive income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss and recognized in other gains/(losses). Interest income from these financial assets is included in other income using the effective interest rate method.

(vi) Fair value through profit or loss:

Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognized in profit or loss and presented net in the statement of profit and loss in the period in which it arises. Interest income from these financial assets is included in other income.

(vii) Financial Liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method.

(viii) Investments in Subsidiaries

Investments in subsidiaries, associates and joint ventures are carried at cost in the separate financial statements.

(ix) Equity Instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Incremental costs directly attributable to the issuance of equity instruments are recognized as a deduction from equity instrument net of any tax effects.

1.22 Basis of Consolidation

The Parent Company consolidates entities which it owns or controls and applies equity method of accounting where the Company has significant influence over the other entity.

Consolidation of Subsidiary

The Parent Company controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Power is demonstrated through existing rights that give the current ability to direct the relevant activities of the entity that significantly affect the entity's returns.

Subsidiary is consolidated from the date control commences until the date control ceases.

Consolidated Financial Statements combine like items of assets, liabilities, equity, income, expenses and cash flows of the Parent Company with those of the subsidiary. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognized in the consolidated financial statements at the acquisition date. Offset the carrying amount of the Parent Company's investment in subsidiary and the Parent Company's portion of the equity of each subsidiary. Intragroup transactions, balances and unrealized gains and losses on transactions between entities of group are eliminated. Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. IND AS 12, Income taxes, applies to temporary differences that arise from the elimination of profit and losses resulting from intragroup transactions.

Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and events in similar circumstances.

Non-Controlling Interests in the profit or loss and equity of subsidiary are shown separately in the consolidated financial statements of profit and loss and consolidated statement of changes in equity respectively.

Consolidation joint Venture

The consolidated financial statements include the parent company's share of assets, liabilities, income, and expenses of its joint ventures, consolidated using the proportionate consolidation method. The parent's share in each line item is determined based on its proportion of ownership interest as at the reporting date.

1.23 Investment in joint ventures:

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The Group's investments in joint venture are accounted for using the proportionate consolidation method.

Under this method, the company includes its share of the assets, liabilities, income, and expenses of each joint venture, based on its ownership percentage, in the respective lines of the consolidated financial statements.

The company recognizes its share of each asset, liability, income, and expense from joint ventures in the consolidated accounts on a line-by-line basis, in proportion to its ownership or contractual share.

The company's consolidated balance sheet reflects its proportionate share of the joint ventures' assets and liabilities. Similarly, the consolidated statement of profit and loss reflects the company's proportionate share of revenue and expenses from joint ventures.

Intragroup balances and transactions, and any unrealized gains or losses arising from such transactions with joint ventures, are eliminated to the extent of the company's interest.

The company's share of each category (e.g., inventories, property, plant and equipment, trade receivables, payables, revenues, and costs) is presented within the corresponding line items of the consolidated statements.

The ownership percentage used for proportionate consolidation is reviewed annually and is determined as per joint venture agreements.

Assessment of joint control is done at the inception of the arrangement and whenever there is a change in rights or obligations.

*Fair value of Instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques, which maximise the use of observable market data and rely as little as possible on entity specific estimates. If significant inputs required to fair value an instruments are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs are not based on observable market data, the instruments is included in level 3.

Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realized or paid in sale transactions as of respective dates. As such, the fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.

Sensitivity Analysis		
Defined Benefit Obligation on Current Assumptions	33.98	24.03
Delta Effect of +1% Change in Rate of Discounting	(3.09)	(2.24)
Delta Effect of -1% Change in Rate of Discounting	3.66	2.67
Delta Effect of +1% Change in Rate of Salary Increase	3.64	2.63

Delta Effect of +1% Change in Rate of Employee Turnover	(0.22)	(0.20)
Delta Effect of -1% Change in Rate of Employee Turnover	0.21	0.22

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the Defined Benefit Obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the Defined Benefit Obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the Defined Benefit Obligation as recognized in the balance sheet.

Notes :

Gratuity is payable as per entity's scheme as detailed in the report.

Actuarial gains/losses are recognized in the period of occurrence under Other Comprehensive Income (OCI). All above reported figures of OCI are gross of taxation.

Since it is the first year of the company's operations, we have considered the Current Service Cost to be the same as the Defined Benefit Obligation.

Salary escalation & attrition rate are considered as advised by the entity; they appear to be in line with the industry practice considering promotion and demand & supply of the employees.

Maturity Analysis of Benefit Payments is undiscounted cashflows considering future salary, attrition & death in respective year for members as mentioned above.

Average Expected Future Service represents Estimated Term of Post - Employment Benefit Obligation.

Weighted Average Duration of the Defined Benefit Obligation is the weighted average of cash flow timing, where weights are derived from the present value of each cash flow to the total present value.

Any benefit payment and contribution to plan assets is considered to occur at the end of the period to depict liability and fund movement in the disclosures.

Qualitative Disclosures	
Para 139 (a) Characteristics of defined benefit plan	
The Entity has a defined benefit gratuity plan in India (unfunded). The Entity's defined benefit gratuity plan is a final salary plan for employees. Gratuity is paid from entity as and when it becomes due and is paid as per entity scheme for Gratuity.	

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

NOTE - 35 - EMPLOYEE BENEFIT: (CONTD.....)

Para 139 (b) Risks associated with defined benefit plan	
Gratuity is a defined benefit plan and entity is exposed to the Following Risks: Interest rate risk: A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. Salary Risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability. Asset Liability Matching Risk: The plan faces the ALM risk as to the matching cash flow. Entity has to manage pay-out based on pay as you go basis from own funds. Mortality risk: Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.	
Para 139 (c) Characteristics of defined benefit plans	
During the year, there were no plan amendments, curtailments and settlements.	
Para 147 (a)	
Gratuity plan is unfunded.	

NOTE - 36 - FINANCIAL RISK MANAGEMENT:

The Group is exposed to market risk (fluctuation in foreign currency exchange rates, price and interest rate), liquidity risk and credit risk, which may adversely impact the fair value of its financial instruments. The Group assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Company.

(A) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk, interest rate risk and price risk. Financial instruments affected by market risk include loans and borrowings, trade receivables and trade payables involving foreign currency exposure. The sensitivity analyses in the following sections relate to the position as at March 31, 2026 and March 31, 2025.

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31st March, 2026 and 31st March, 2025.

(i) Foreign currency exchange rate risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company did not undertake any transactions in foreign currencies during the year ended March 31, 2026. Consequently, the Company has no outstanding receivables, payables, or underlying exposure to foreign currency risk as of March 31, 2026, and sensitivity analysis is not applicable.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates. As the Group has certain debt obligations with floating interest rates, exposure to the risk of changes in market interest rates are dependent of changes in market interest rates. Management monitors the movement in interest rate and, wherever possible, reacts to material movements in such rates by restructuring its financing arrangement.

As the Group has no significant interest-bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026
NOTE - 36 - FINANCIAL RISK MANAGEMENT: (CONTD.....)
(B) Credit Risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. Credit risk encompasses both, the direct risk of default and the risk of deterioration of credit worthiness.

Credit risk arises primarily from financial assets such as trade receivables, investments in mutual funds, cash and cash equivalent and other balances with banks.

In respect of trade receivables, credit risk is being managed by the Group through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business. All trade receivables are also reviewed and assessed for default on a regular basis. The concentration of credit risk is limited due to the fact that the customer base is large.

(C) Liquidity risk

- Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities.
- Management monitors rolling forecasts of the Company liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which it operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Maturities of financial liabilities:

The tables below analyses the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.
