Economic Overview

In financial year 2016-2017, not only has India established itself as the world's fastest growing major economy, but it has also emerged as one of the few economies enacting major structural reforms that have strong longer term implications

The year was marked by two major domestic policy developments: passage of the Constitutional amendment which paved way for implementing the transformational Goods and Services Tax (GST), and the action to demonetise the Rs. 500 and Rs. 1,000 bank notes in the country, The GST will create a create a single national market and enhance the efficiency of inter-state movement of goods and services apart from moving a large part of the informal sector within the formal set-up of the economy.

The Indian Government's decisive policy measures towards ensuring fiscal consolidation and pegging back inflation will help maintain economic stability in the years ahead.

Risks & concerns

Granite and Stone Business

In current scenario, one of the major threats to the natural stone industry is the entry of artificial stones that have captured the market in a big way with improved quality and lower costs.

Brazilian currency has fallen substantially against US Dollar, following which they are offering huge discounts on finished goods. On the other side they have not reduced the price of the rough blocks so the Indian units who are re-exporting after value addition are finding it difficult to find buyers of their product.

Availability of good quality rough granite blocks remains a critical issue as the Tamil Nadu state government has also not taken any decision to revamp the closed mines. Company continues to import rough granite blocks from Norway & Finland.

Volatility in Exchange rates following changing economic environment can have a bearing on the Company's financial performance and may have an impact on profitability.

Realty Business

The decision towards land situated in peripheral belt was pronounced by the Hon'ble Rajasthan High Court in the month of January 2017 but the State Government filed the review petition and simultaneously has filed SLP before the Hon'ble Supreme Court. Accordingly, the change of land use will be done after the outcome of the aforesaid decision.

Besides, global economic uncertainties have affected India's economy, including the real estate market. Macroeconomic indicators are not healthy. All this does not bode well for any industry, especially real estate. Accordingly, the Management does not intend to take up any new project in near future.

Conclusion

Company is positive on the long term prospects of the industry. The focus is mainly on widening geographic reach; understanding customer's and market preferences and making available different varieties of color and design.

MMGL management is confident and striving to deliver more good results with the support and trust of all the stakeholders.

Annexure - B to the Auditors' Report

Referred to in paragraph 2(f) of the Independent Auditor's Report of even date to the members of Company on the financial statements for the year ended March 31, 2017, we report that:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Madhav Marbles and Granites Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.
