Item No: 8

PLAN A

The Company is proposing Employee Stock Option Schemes, to reward those who had put in long service and contributed to the growth of the Company. The objective of the scheme is to give them opportunity to participate and gain from the Company's performance, thereby acting as a suitable reward.

Participation in the ownership of the Company, through share based compensation schemes will be a just reward for the

employees for their continuous hard work, dedication and support, which has led the company to be what it is today.

The scheme is also intended to attract and retain key talents and motivate them to contribute for the Company's progress and profitability.

Accordingly, the Company had formulated "Employee Stock Option Scheme 2018 – Plan A" (ESOS 2018 – PLAN A) with the aggregate shares underlying the stock option scheme as 5,00,000 equity shares of ₹ 1/- each. The scheme will be extended to the Employees of the Company, as defined in Regulation 2(1)(f) of SBEB.

The scheme will be implemented in accordance with Rule 12 of the Rules and SBEB and such other laws, as may be applicable in this regard, by the Nomination and Remuneration Committee of the Company.

The main features of the ESOS 2018 – PLAN A are as under:

1. Brief Description of the Scheme(s):

This proposed Scheme called Employees Stock Option Scheme 2018 – Plan A (ESOS 2018 – PLAN A) is intended to reward the Eligible Employees of the Company, for their performance and to motivate them to contribute to the progress and profitability of the Company. The Company also intends to

use this Scheme to retain talent in the organization as it views options as instruments that would enable the Employees to share the value they create for the Company.

2. Total number of options to be granted:

Such number of options would be available for grant to the eligible employees of the Company under ESOS 2018 – PLAN A, in one or more tranches exercisable up to 5,00,000 (Five Lakhs) Equity Shares in the Company of face value of ₹ 1/- each fully paid-up.

Vested options lapsed due to non-exercise and/or unvested options that get cancelled due to resignation/termination of the employees or otherwise, would be available for being re-granted at a future date. The Committee is authorized to re-grant such lapsed / cancelled options as per the provisions of ESOS 2018 – PLAN A, within overall ceiling.

The SBEB require that in case of any corporate action(s) such as rights issues, bonus issues, merger and sale of division, and others, a fair and reasonable adjustment needs to be made to the options granted. Accordingly, the Committee is authorised to decide on issue of additional options, in such circumstances, subject to compliance of the SEBI (SBEB) Regulations.

3. Identification of classes of employees entitled to participate in ESOS 2018 – PLAN A:

The Permanent employees of the Company, who have put in 15 years of service are entitled to participate in ESOS 2018 – PLAN A. Following persons are not eligible:

- a) an employee who is a Promoter or belongs to the Promoter Group;
- b) a Director who either by himself or through his relatives or through any Body corporate, directly or indirectly holds more than 10% of the outstanding Equity Shares of the Company; and
- c) an Independent Director within the meaning of the Companies Act, 2013.

4. Requirements of vesting and period of vesting:

The options granted shall vest so long as an employee continues to be in the employment of the Company. The Committee may, at its discretion, lay down certain performance metrics on the achievement of which such options would vest, the detailed terms and conditions relating to such vesting, and the proportion in which options granted would vest subject to the minimum vesting period of 1 (one) year.

The vesting dates in respect of the options granted under the Scheme may vary from employee to employee or any class thereof and/or in respect of the number or percentage of options granted to an employee.

5. Maximum period within which the options shall be vested:

Options granted under ESOS 2018 – PLAN A would vest subject to maximum period of 5 (five) years from the date of grant of such options, as may be decided by the Committee.

6. Exercise price or pricing formula:

The Exercise Price shall be equal to ₹ 1/- (Rupees One only) per option or any other price as may be decided by the Committee.

7. Exercise period and the process of Exercise:

The options vested during a financial year can be exercised by the Grantee on or before 31st December of the immediately succeeding Financial Year.

The Vested options shall be exercisable by the employees by an application to the Company expressing his/her desire to exercise such options in such manner and on such format as may be prescribed by the Committee from time to time. The options shall lapse if not exercised within the specified exercise period.

8. Appraisal process for determining the eligibility of employees under ESOS 2018 – PLAN A:

The appraisal process for determining the eligibility of the employees will be decided by the Committee from time to time.

9. Maximum number of options to be issued per employee and in aggregate:

The number of options that may be granted to any specific employee of the Company under ESOS 2018 – PLAN A, shall not exceed 1 lakh in any financial year and shall not exceed 2 lakh in aggregate.

10. Maximum Quantum of benefits to be provided per employee under the ESOS 2018 – PLAN A:

The Maximum quantum of benefits underlying the options issued to an eligible employee shall depend upon the Market Price of the shares as on the date of sale of shares arising out of Exercise of options.

11. Scheme of implementation:

The Scheme shall be implemented and administered directly by the Company.

12. Source of Shares:

The Scheme contemplates fresh Issue of Shares by the Company ("Primary Shares").

13. The amount of loan provided for implementation of the Scheme by the Company to the Trust, its tenure, utilisation, repayment terms etc.:

Company is not providing any loan for ESOS 2018 – PLAN A purpose, as Company is directly implementing the plan.

14. Maximum percentage of Secondary Acquisition (subject to limits specified under the Regulations) that can be made by the Trust for the purchase under the scheme:

Not applicable.

15. Accounting and Disclosure Policies:

The Company shall follow the 'Guidance Note on Accounting for Employee Share-based Payments' and/or any relevant

THE RAMCO CEMENTS LIMITED

Accounting Standards as may be prescribed by the Institute of Chartered Accountants of India from time to time, including the disclosure requirements prescribed therein.

16. Method of Valuation:

The Company shall use one of the applicable methods (intrinsic value or fair value) to value its options. In case of Intrinsic Value Method, the difference between the employee compensation cost so computed and the employee compensation cost that shall have been recognized if it had used the fair value of the options and the impact of this difference on profits and on Earnings per Share (EPS) of the company shall be disclosed in the Board's report.

Consent of the members is being sought by way of Special Resolutions pursuant to Section 62(1)(b) and all other applicable provisions, if any, of the Act and as per Regulation 6 of the SBEB.

The Directors and Key Managerial Personnel of the Company may be deemed to be concerned or interested in the Resolution to the extent of any Stock Options that may be granted to them and the resultant equity shares issued, as applicable.

PLAN B

MANAGEMENT DISCUSSION & ANALYSIS REPORT

CEMENT DIVISION

PRODUCTION

Particulars	April 2017 to March 2018	April 2016 to March 2017	Increase over previous year	
	(In Tons)	(In Tons)	(In Tons)	(In %)
Clinker	71,64,750	60,67,259	10,97,491	18
Cement	93,15,855	83,10,513	10,05,342	12

SALES

During the year under review, the sale of cement was at 93.12 lakh tons, compared to 83.48 lakh tons, showing an increase of 12%. As against this, the overall growth of the cement market for the country for the year under review was about 6 to 7%.

This is the first year, the Company's production and sale of cement had crossed the 9 million mark.

There has been a decent growth in the sales in the Southern States, which is the Company's core market, except in Tamil Nadu. Due to sluggishness in economic development in Tamil Nadu, the Company could not improve its sales, compared to previous year. Scarcity of sand in the State has also contributed to the lack of growth. However, there were signs of improvement in the second half of the year under review, which are expected to continue in the current year.

The Company has grown strongly in the Eastern Markets during the year under review. This had contributed to the significant growth in the overall sales of the Company for the year. The grinding units at Kolaghat and Vizag had enabled the Company to serve the Eastern Markets efficiently, which has contributed to the increase in market share in that area.

During the year under review, the Company has exported 1.31 lakh tons as against 1.39 lakh tons during the previous year. The export turnover of the Company for the year was ₹ 55.97 crores as against ₹ 52.35 crores of the previous year.

COST

Average diesel price had increased by 8% during the year, which had resulted in the increase in transportation cost of both raw materials and finished goods.

During the year, cost of Pet Coke and Coal had also steeply increased. The Company is exploring ways to minimise the impact

THE RAMCO CEMENTS LIMITED

of cost. As part of this objective, the Company has started using alternate fuel.

The reduction in borrowings by ₹ 310 Crores, together with the reduction of 1.13% in the average rate of interest has resulted in decrease in interest cost.

READY MIX CONCRETE DIVISION

The Division has produced 36,624 cu.m of concrete during the year, accounting for a revenue of ₹ 15.55 crores (Net of duties and taxes) as against 17,604 cu.m. of concrete accounting for a revenue of ₹ 7.46 crores during the previous year.

DRY MORTAR DIVISION

The Division has produced 39,290 tons of Dry Mortar during the year as against 39,851 tons produced during the previous year. The Division has sold 39,224 tons of Dry Mortar accounting for a revenue of ₹ 26.33 crores (Net of duties and taxes) during the year as against 39,843 tons of Dry Mortar accounting for a revenue of ₹ 25.81 crores during the previous year.

WIND FARM DIVISION

The Division has generated 2,624 lakh units as compared to 2,747 lakh units in the previous year. Out of this, 2,543 lakh units were generated from the wind farms in Tamil Nadu and 81 lakh units from the wind farms in Karnataka. Out of the units generated in Tamil Nadu, 393 lakh units were meant for adjustment against the power consumed in our plants and balance 2,150 lakh units have been sold to Tamil Nadu Generation and Distribution Corporation Limited (TANGEDCO) for a value of ₹ 64.38 crores. The units generated in Karnataka were fully consumed at our Mathodu Cement Plant.

The installed capacity of the wind farm of the company was 125.95 MW as on 31-03-2018 comprising of 108 Wind Electric Generators.

The income during the year from the Division was ₹ 66.96 crores as against ₹ 72.44 crores of the previous year.

POWER PLANTS

During the year under review, the 6 MW thermal power project at Jayanthipuram had been commissioned in December 2017. On commissioning, the aggregate capacity of the thermal power plants had gone up to 175 MW. The power generated from the thermal power plants were mostly used for self-consumption in the cement manufacturing.

NEW PROJECTS

The Company is establishing a Line III at the existing Jayanthipuram Plant with a clinkerisation capacity of 1.5 Million Tonnes Per Annum (MTPA). The cost of the project is ₹ 680 crores and is expected to be commissioned in the year 2019-2020.

The Company is establishing a cement grinding unit at Haridaspur in Jajpur District in the State of Odisha with a cement grinding capacity of 0.9 MTPA. The cost of the project is ₹ 515 crores and is expected to be commissioned in the year 2019-2020.

The Company is expanding its Vizag grinding unit by going in for another line with a grinding capacity of 1.1 MTPA. The cost of the project is ₹ 250 crores and is expected to be commissioned in the year 2019-2020.

The Company is expanding its Kolaghat grinding unit by going in for another line with a grinding capacity of 1.1 MTPA. The cost of the project is ₹ 330 crores and is expected to be commissioned in the year 2019-2020.

The clinker that would be manufactured from the Line III of Jayanthipuram would meet the requirements of the proposed grinding units.

The cement produced at the grinding units would help the Company to further expand its markets in the Coastal Districts of Andhra Pradesh and in the States of Odisha, Jharkhand and West Bengal.

The proposal to establish the grinding units near fly ash/slag availability areas and major cement consumption areas would enable the Company to economise its transportation costs and serve the markets in a better way.

The Company has also acquired a cement grinding unit from Ramco Industries Limited in March 2018. The Plant having a capacity to grind 0.2 MTPA of cement, is located in Kharagpur, West Bengal.

TURNOVER AND PROFITABILITY

The total revenue (net of duties and taxes) for the year was ₹ 4,443.00 crores as against ₹ 3,993.05 crores of the previous year, showing an increase of 11%. The lack of growth in the Company's core markets has contributed to lower realisation for the year, compared to the previous year.

The operating profit and profit after tax for the year had decreased to ₹ 1,136.07 crores and ₹ 555.66 crores as against ₹ 1,238.16 crores and ₹ 649.29 crores respectively of the previous year. The lower Operating Profit and Net Profit compared to previous year was mainly due to lower realisation and increase in energy cost.

The Total Comprehensive Income for the year under review is ₹ 553.94 crores as against ₹ 648.05 crores of the previous year. After appropriations a sum of ₹ 200 crores has been kept as retained earnings of the Company and the remaining amount has been transferred to General Reserve.

SUBSIDIARY COMPANY

The Company has a subsidiary, viz. Ramco Windfarms Limited, whose capital is ₹ 1.00 crore, out of which 71.50% is held by our Company. The rest of the share capital is held by Ramco Group of Companies.

The installed capacity of the Subsidiary Company was 39.835 MW as on 31-03-2018 comprising of 127 Wind Electric Generators.

The Subsidiary Company had generated 436 lakh units of power as compared to 451 lakh units of power during the previous year.

The revenue and profit after tax for the subsidiary company for the year ended 31-03-2018 were ₹ 17.45 crores and ₹ 4.54 crores compared to ₹ 17.81 crores and ₹ 4.35 crores respectively of the previous year.

In accordance with Rule 5 of Companies (Accounts) Rules, 2014, a statement containing the salient features of the Financial Statements of the Subsidiary and Associates is attached in Form AOC-1 as Annexure - 1.

CONSOLIDATED FINANCIAL STATEMENTS

The Company has 6 Associate Companies, viz. Rajapalayam Mills Limited, Ramco Industries Limited, Ramco Systems Limited, Sri Vishnu Shankar Mill Limited, Lynks Logistics Limited and Madurai Trans Carrier Limited.

As per provisions of Section 129(3) of the Companies Act, 2013 and Regulation 34 of LODR, Companies are required to prepare consolidated financial statements of its Subsidiaries and Associates to be laid before the Annual General Meeting of the Company. Accordingly, the consolidated financial statements incorporating the accounts of Subsidiary Company and Associate Companies, along with the Auditors' Report thereon, forms part of this Annual Report.

FUTURE OUTLOOK

The Union Budget for the year 2018-2019 has focussed on uplifting of the rural economy, strengthening of the agriculture sector,

THE RAMCO CEMENTS LIMITED

healthcare for the economically less privileged, infrastructure creation and MSME Sector.

The India Meteorological Department (IMD) has forecast a normal monsoon in 2018, with rainfall likely to be 97% of the long-term average.

The country had adopted the Goods and Services Tax, a single tax to replace the existing Central and State multi taxes and levies.

All the above factors are favourable for the sustained growth of the economy, specifically construction and infrastructure.

As all our plants are fully equipped with railway siding, stand-by power back up facility and are supported with grinding units at strategic locations, our Company will be able to take full advantage of the economic momentum in the coming years.

Certificate regarding compliance of conditions of corporate governance

*[Pursuant to paragraph E of Schedule V of Securities and Exchange Board of India
(Listing Obligations and Disclosure Requirements) Regulations, 2015]*

To

The Members of
The Ramco Cements Limited,
[CIN: L26941TN1957PLC003566]
"Ramamandiram", Virudhunagar District,
Rajapalayam - 626117

We have examined the compliance of the conditions of Corporate Governance by The Ramco Cements Limited ("the Company") during the financial year ended 31st March 2018, as stipulated under the following Regulations/ Schedule of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("LODR"):

- (a) Regulation numbers 17 to 27 dealing with composition of the Board and Committees, related party transactions, vigil mechanism and certain other matters;
- (b) Regulation numbers 46(2)(b) to 46(2)(i) dealing with the information to be disseminated on the Company's web-site;
- (c) Part A of Schedule II dealing with the minimum information to be placed before the Board of Directors;
- (d) Part B of Schedule II dealing with the Compliance Certificates furnished by the Chief Executive Officer and Chief Financial Officer;
- (e) Part C of Schedule II dealing with the, role of the Audit Committee and review of information by the committee;
- (f) Part D of Schedule II dealing with the role of the Nomination and Remuneration Committee and Stakeholders' Relationship Committee;
- (g) Paragraph C of Schedule V dealing with disclosures in the Corporate Governance Report;
- (h) Paragraph D of Schedule V dealing with declaration signed by the Chief Executive Officer affirming compliance with the code of conduct by the Board of Directors and Senior Management Personnel; and
- (i) Paragraph E of Schedule V dealing with compliance certificate on conditions of corporate governance issued by the Auditors or Practising Company Secretaries.

The Company is required to comply with the said conditions of Corporate Governance on account of:

(a) The Listing Agreements entered into by the Company with the National Stock Exchange of India Limited (NSE) and BSE Limited (BSE) for listing its equity shares; and

(b) The Listing Agreement entered into with BSE Limited for listing its Secured Non-Convertible Debentures.

The Company's management is responsible for compliance with the conditions of Corporate Governance. We have broadly reviewed the procedures adopted by the Company for ensuring compliance with the conditions of Corporate Governance and implementation thereof. Our review was neither an audit nor an expression of opinion on the financial statement of the Company.

The disqualification of Mr. Radheysyam Agarwal (DIN 00012594), an independent director, under Section 164(2)(a) of the Companies Act, 2013 from being appointed as a director for five years from 1st November 2016 to 31st October 2021, was set aside by the Delhi High Court vide an order dated 11th January 2018, subject to any further order that may be passed by the Registrar of Companies, Delhi on consideration of his representation. He has continued to act as a director of the Company without any break in tenure and has also furnished a declaration dated 1st April 2018 confirming that he was not disqualified for appointment/ re-appointment as a director under section 164(2) of the Act.

SEPARATE FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

To the Members of The Ramco Cements Limited

Report on the Separate Financial Statements

We have audited the accompanying Separate financial statements drawn in accordance with the Indian Accounting Standards ("the Financial Statements"), of The Ramco Cements Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and Statement of Changes in Equity for the year ended on 31st March 2018 and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Separate Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of the Financial Statements that give a true and fair view of the financial position, Financial Performance (including Other Comprehensive Income), Changes in Equity and Cash Flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the Separate Financial Statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit of the Separate Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Separate Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Separate Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Separate Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor

considers internal financial control relevant to the Company's preparation of the Separate Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Separate Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Separate Financial Statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Separate Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards, of the state of affairs (financial position) of the Company as at 31st March 2018, its Profit (financial performance including Other Comprehensive Income), Changes in Equity and its Cash Flows for the year ended on 31st March 2018.

Other Matters

The Separate Financial Statements includes financial performance of a foreign branch which reflects total assets of ₹ 9.07 Crores, total revenue of ₹ 43.01 Crores and net cash inflow amounting to ₹ 1.14 Crores for the year ended on 31st March 2018, which was audited by Independent Auditors in accordance with the regulations of that country and whose report has been furnished to us and has been considered in the Separate Financial Statements solely based on such Audited Financial Statements. Our opinion is not modified in respect of this matter.

We draw attention to Note 47.2.6 of the Disclosures forming part of the Separate Financial Statements relating to the Order of the Competition Commission of India (CCI) dated 31-08-2016, imposing a penalty of ₹ 258.63 Crores on the Company for alleged cartelisation. The CCI order is pursuant to the directions issued by the Competition Appellate Tribunal (COMPAT) vide its Order dated 11-12-2015 setting aside the original CCI order dated 20-06-2012 and remitting the matter to CCI for fresh adjudication of the issue. Upon appeal filed before the Competition Appellate Tribunal (COMPAT) the order of the CCI has been stayed on condition that the company deposits 10% of the penalty amounting to ₹ 25.86 Crores. In compliance of the order of COMPAT the company has deposited ₹ 25.86 Crores and the said deposit is classified under "Bank Balances other than Cash and Cash Equivalents". By virtue of Section 185(4) of the Finance Act 2017, the appeals pending with COMPAT were transferred to National Company Law Appellate Tribunal by the Government. The arguments were completed. The Company believes that it has a good case and hence no provision is made. Our opinion is not modified in respect of this matter.

The comparative financial information of the Company for the year ended March 31, 2017 are based on the previously issued statutory financial statements jointly audited by M.S. Jagannathan & N. Krishnaswami, Chartered Accountants and CNGSN & Associates LLP, Chartered Accountants, the predecessor auditors, whose report for the year ended March 31, 2017 dated 30-05-2017 expressed an unmodified opinion on those financial statements.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Sub-Section (11) of Section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2) As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Cash Flow and Statement of Changes in Equity dealt with by this report are in agreement with the books of account.
 - d) In our opinion, the aforesaid Separate Financial Statements comply with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- e) On the basis of the written representations received from the Directors as on 31st March 2018 and taken on record by the Board of Directors, none of the Directors is disqualified as on 31st March 2018 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) We have enclosed our separate report in "Annexure B" with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The details of the pending litigations and its impact on the Financial Statements have been disclosed in Note No 47.2.1 to 47.2.20 of the 'Disclosures forming part of Separate Financial Statements' for the year ended 31st March 2018.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

“ANNEXURE B” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE SEPARATE FINANCIAL STATEMENTS PREPARED IN ACCORDANCE WITH INDIAN ACCOUNTING STANDARDS OF THE RAMCO CEMENTS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of The Ramco Cements Limited (“the Company”) as of 31st March 2018 in conjunction with our audit of the Financial Statements of the Company for the year ended on 31st March 2018.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to

company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (“the Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both applicable to an audit of Internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial

THE RAMCO CEMENTS LIMITED

reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in

accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and Directors of the Company; and

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

- 2.3 The Company has considered its operating cycle to be 12 months for the purpose of Current and Non-current classification of assets and liabilities.
- 2.4 An asset is classified as current when it is expected to be realised or intended to be sold or consumed in the normal operating cycle, or held primarily for the purpose of trading or expected to be realised within 12 months after the reporting period, or cash or cash equivalents unless restricted from being exchanged or used to settle a liability 12 months after the reporting period. All other assets are classified as non-current.
- 2.5 A liability is classified as current when it is expected to be settled in normal operating cycle, or held primarily for the purpose of trading or due for settlement within 12 months after the reporting period, or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.
- 2.6 The financial statements are presented in Indian Rupees rounded to the nearest Crores with two decimals. The

amount below the round off norm adopted by the Company is denoted as ₹ 0.00 Crores.

- 2.7 Previous year figures have been regrouped / restated, wherever necessary and appropriate.

3. Basis of Measurement

The financial statements have been prepared on accrual basis under historical cost convention except for certain financial instruments (Refer Note 4.18 - Accounting Policy for Financial Instruments) and defined benefit plan assets which are measured at fair value.

4. Significant Accounting Policies

4.1 Inventories

- 4.1.1 Raw-materials, Stores & Spares, Fuel, Packing materials etc., are valued at cost, computed on a moving weighted average basis including the cost incurred in bringing the inventories to their present location and condition after providing for obsolescence and other losses or net realisable value whichever is lower. However, these items are considered to be realisable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost.

- 4.1.2 Process stock is valued at weighted average cost including the cost of conversion with systematic allocation of production overheads based on normal capacity of production facilities, or net realisable value whichever is lower. Factory administration overheads to the extent attributable to bring the inventories to their present location and condition are also included in the valuation of Process stock.

Finished goods are valued at cost or net realisable value whichever is lower. Cost includes cost of conversion with systematic allocation of production overheads based on normal capacity of production facilities and other costs incurred in bringing the inventory to their present location and condition. Finished goods include stock-in-trade also which comprises cost of purchase and other cost incurred in bringing the inventories to the present location and condition. Cost is determined on a moving weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs necessary to make the sale.

4.2 Statement of Cash Flow

- 4.2.1 Cash flows are presented using indirect method, whereby profit / (loss) before tax is adjusted for the effects of

transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

4.2.2 Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances with original maturity of less than 3 months, highly liquid investments that are readily convertible into cash, which are subject to insignificant risk of changes in value.

4.2.3 Bank borrowings are generally considered to be financing activities. However, where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents for the purpose of Statement of Cash Flow .

4.3 Dividend distribution to Equity shareholders

Final dividend distribution to shareholders is recognised in the period in which the dividends are approved by the shareholders. Any interim dividend paid is recognised on approval by Board of Directors. Dividend together with applicable taxes is recognised directly in Equity.

4.4 Income Taxes

4.4.1 Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates, the provisions of the Income Tax Act, 1961 and other applicable tax laws.

4.4.2 Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is recognised as an asset viz. MAT Credit Entitlement, to the extent there is convincing evidence that the Company will pay normal Income tax and it is highly probable that future economic benefits associated with it will flow to the Company during the specified period. The Company reviews the "MAT Credit Entitlement" at each Balance Sheet date and writes down the carrying amount of the same to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income tax during the specified period.

4.4.3 Current tax assets and liabilities are offset, when the Company has legally enforceable right to set off the recognised amounts and intends to settle the asset and the liability on a net basis.

4.4.4 Deferred tax is recognised using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting at the reporting date.

4.4.5 Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year where the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

4.4.6 Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by same governing tax laws and the Company has legally enforceable right to set off current tax assets against current tax liabilities.

4.4.7 Both current tax and deferred tax relating to items recognised outside the Profit or Loss is recognised either in "Other Comprehensive Income" or directly in "Equity" as the case may be.

4.5 Property, plant and equipments (PPE)

4.5.1 PPEs are stated at cost of acquisition or construction (net of CENVAT / VAT/ GST wherever applicable) less accumulated depreciation / amortisation and impairment losses if any, except freehold land which is carried at cost. The cost comprises of purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

The company identifies the significant parts of plant and equipment separately which are required to be replaced at intervals. Such parts are depreciated separately based on their specific useful lives. The cost of replacement of significant parts are capitalised and the carrying amount of replaced parts are de-recognised. When each major inspection/overhauling is performed, its cost is recognised in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of the previous inspection/overhauling (as distinct from physical parts) is de-recognised.

Items such as spare parts, stand-by equipments and servicing equipments are classified as PPE when they meet the definition of PPE as per Ind AS 16. Other expenses on fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts that does not meet the capitalisation criteria are charged to the Statement of Profit and Loss for the period during which such expenses are incurred.

The present value of the expected cost for the decommissioning of PPE after its use, if materially significant, is included in the cost of the respective asset when the recognition criteria are met.

Capital Expenditure on tangible assets for research and development is classified as PPE and is depreciated based on the estimated useful life. Other expenditure incurred for research and development are expensed under the respective heads of accounts in the year in which it is incurred.

4.5.2 The Company follows the useful lives of the significant parts of certain class of PPE on best estimate basis upon technical advice, as detailed below, that are different from

THE RAMCO CEMENTS LIMITED

the useful lives prescribed under Part C of Schedule II of the Companies Act, 2013:

Asset type	Useful life ranging from
Buildings	3 to 60 years
Plant and equipments - Cement	2 to 60 years
Plant and equipments - Ready mix concrete	10 to 25 years
Plant and equipments - Dry mortar products	5 to 25 years
Thermal power plants	5 to 60 years
Windmills	5 to 30 years
Workshop and Quarry equipments	8 to 25 years
Mobile Phones	3 years
Motor cars given to employees as per company's scheme	6 to 7 years

- 4.5.3 PPE acquired in full or part exchange for another asset are recorded at the fair market value or the net book value of the asset given up, adjusted for any balancing cash transaction. Fair market value is determined either for the assets acquired or asset given up, whichever is more clearly evident.
- 4.5.4 PPEs are eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal. Gains or losses arising from disposal, measured as the difference between the net disposal proceeds and the carrying amount of such assets, are recognised in the Statement of Profit and Loss. Amount received towards PPE that are impaired and derecognized in the financial statements, are recognized in Statement of Profit and Loss, when the recognition criteria are met.
- 4.5.5 Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life on a straight line method. The depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less 5% being its residual value, except for process control systems whose residual value is considered as Nil.
- 4.5.6 Depreciation for PPE on additions is calculated on pro-rata basis from the date of such additions. For deletion/disposals, the depreciation is calculated on pro-rata basis up to the date on which such assets have been discarded / sold.
- 4.5.7 The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each reporting date and adjusted prospectively, if appropriate.

Capital Work in progress

- 4.5.8 Capital work in progress includes cost of property, plant and equipment under installation, under development including related expenses and attributable interest as at the reporting date.

4.6 Leases

- 4.6.1 The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date whether fulfilment of arrangement is dependent on the use of a specific asset and the arrangement conveys a right to use the asset.
- 4.6.2 The lease arrangements where the risks and rewards incidental to ownership of an asset substantially vests with the Lessor are recognised as operating lease. Operating lease receipts and payments are recognised in the Statement of Profit and Loss on straight line basis over the lease terms except where the payments are structured to increase in line with the general inflation to compensate for the expected inflationary cost increases. The Company do not have any finance leases.
- 4.6.3 The amount paid for securing right to use of lands qualify as Operating lease and the amount paid for leasehold land is classified as "Lease prepayments" under prepaid expenses, which are amortised over the tenure of lease.

4.7 Revenue Recognition

- 4.7.1 Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

4.7.2 Revenue from Operations

Sale of products

Revenue is recognised at the fair value of consideration received or receivable upon transfer of significant risks and rewards of ownership of goods which coincides with the delivery of goods. It comprises of invoice value of goods including excise duty and after deducting discounts, volume rebates and applicable taxes on sale. It also excludes value of self-consumption.

Power generated from Windmills

Power generated from windmills that are covered under wheeling & banking arrangement with TANGEDCO, KPTCL & BESCOM are consumed at factories. The monetary values of such power generated that are captively consumed are not recognised as revenue. Power generated from windmills that are covered under power purchase agreement with TANGEDCO are recognised at the rate fixed by respective State Electricity Regulatory Commissions, upon transmission of energy to the grids of the State Electricity Board and the same is classified as "Sale of power generated from windmills".

Scrap sale

Scrap sale is recognised at the fair value of consideration received or receivable upon transfer of significant risk and rewards. It comprises of invoice value of goods including excise duty excluding applicable taxes on sale.

Industrial Promotion Assistance

This being in the nature of Government grants, which are recognised at fair value when the Company's right to receive the same is established with reasonable assurance.

4.7.3 Other Income

- a) Interest income is recognised using the Effective Interest Rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period where appropriate, the gross carrying amount of the financial asset or to the amortised cost of a financial liability.
- b) Dividend income is recognised when the Company's right to receive dividend is established.
- c) Rental income from operating lease on investment properties is recognised on a straight line basis over the term of the relevant lease.
- d) Value of Carbon credits are recognised when the Company's right to receive the same is established.
- e) Income from merchant power, arising out of sale of surplus electricity generated from its thermal power plants after meeting its captive requirements, is recognised upon transmission of energy to the grids of the State Electricity Board after netting off expenses attributable to it.

4.8 Employee Benefits

- 4.8.1 Short-term employee benefits viz., Salaries and Wages are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related service is rendered.
- 4.8.2 Defined Contribution Plan viz., Contributions to Provident Fund and Superannuation Fund are recognized as an expense in the Statement of Profit and Loss for the year in which the employees have rendered services.
- 4.8.3 The Company contributes monthly to Employees' Provident Fund & Employees' Pension Fund administered by the Employees' Provident Fund Organisation, Government of India, at 12% of employee's basic salary. The Company has no further obligations.
- 4.8.4 The Company also contributes for superannuation a sum equivalent to 15% of the officer's eligible annual basic salary. Out of the said 15% contribution, a sum upto ₹ 1.50 Lacs per annum is remitted to The Ramco Cements Limited Officer's Superannuation Fund administered by trustees and managed by LIC of India. The balance amount, if any, is either remitted to National Pension System (NPS) subject to applicable ceiling or paid as salary at the option

of employees. There are no further obligations in respect of the above contribution plan.

- 4.8.5 The Company has its own Defined Benefit Plan viz., an approved Gratuity Fund. It is in the form of lump sum payments to vested employees on resignation, retirement, death while in employment or on termination of employment, for an amount equivalent to 15 days' basic salary for each completed year of service. Vesting occurs upon completion of five years of continuous service. The Company makes annual contributions to "The Ramco Cements Limited Employees' Gratuity Fund" administered by trustees and managed by LIC of India, including for its employees in subsidiary Company, based on the Actuarial Valuation by an independent external actuary as at the Balance Sheet date using Projected Unit Credit method.
- 4.8.6 The Company provides for expenses towards compensated absences provided to its employees. The expense is recognized at the present value of the amount payable determined based on an independent external actuarial valuation as at the Balance Sheet date, using Projected Unit Credit method.
- 4.8.7 Remeasurement of net defined benefit asset / liability comprising of actuarial gains or losses arising from experience adjustments and changes in actuarial assumptions are charged / credited to other comprehensive income in the period in which they arise and immediately transferred to retained earnings. Other costs are accounted in the Statement of Profit and Loss.
- 4.9 Government Grants**
- 4.9.1 Government grants are recognised at fair value where there is a reasonable assurance that the grant will be received and all the attached conditions are complied with.
- 4.9.2 In case of revenue related grant, the income is recognised on a systematic basis over the period for which it is intended to compensate an expense and is disclosed under "Other operating revenue" or netted off against corresponding expenses wherever appropriate. Receivables of such grants are shown under "Other Financial Assets". Export benefits are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same. Receivables of such benefits are shown under "Other Financial Assets".
- 4.9.3 The soft loan from government is recognised and measured in accordance with Ind AS 109, Financial Instruments. The benefit of soft loan from government at a below-market rate of interest is treated as a government grant and classified as "Deferred Grant". It is measured as the difference between the initial carrying value of the loan determined in accordance with Ind AS 109, and the proceeds received.

The said deferred grant is amortized over the useful life of the underlying asset.

4.10 Foreign currency transactions

- 4.10.1 The financial statements are presented in Indian Rupees, which is also the Company's functional currency.
- 4.10.2 All transactions in foreign currency are recorded on initial recognition at their functional currency exchange rates prevailing on that date.
- 4.10.3 Monetary assets and liabilities in foreign currencies outstanding at the reporting date are translated to the functional currency at the exchange rates prevailing on the reporting date and the resultant gains or losses are recognised during the year in the Statement of Profit and Loss.
- 4.10.4 Non-monetary items which are carried at historical cost denominated in foreign currency are reported using the exchange rates at the date of transaction.

Foreign Branch Operations

- 4.10.5 Income and expenditure transactions are translated to functional currency using monthly moving average exchange rate.
- 4.10.6 Monetary assets and liabilities of foreign branch as at the reporting date are translated to the functional currency at the exchange rates prevailing on the reporting date and the resultant gains or losses are recognised during the year in the Statement of Profit and Loss.
- 4.10.7 Non-monetary items of foreign branch are carried at historical cost denominated in foreign currency and are reported using the exchange rates at the transaction date.

4.11 Borrowing Costs

- 4.11.1 Borrowing cost include interest computed using Effective Interest Rate method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.
- 4.11.2 Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset are capitalised as part of the cost of that asset which takes substantial period of time to get ready for its intended use. The Company determines the amount of borrowing cost eligible for capitalisation by applying capitalisation rate to the expenditure incurred on such cost. The capitalisation rate is determined based on the weighted average rate of borrowing cost applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing cost that the Company capitalises during the period does not exceed the amount of borrowing cost incurred during that period.

All other borrowings costs are expensed in the period in which they occur.

4.12 Earnings per Share

- 4.12.1 Earnings per share is calculated by dividing the profit/(loss) attributable to equity shareholders by the weighted average number of equity shares including un-allotted bonus shares outstanding during the year.
- 4.12.2 Where an item of income or expense which is otherwise required to be recognised in the Statement of Profit and Loss is debited or credited to Equity, the amount in respect thereof is suitably adjusted in Net profit for the purpose of computing Earnings per share.
- 4.12.3 The Company do not have any potential equity shares.

4.13 Impairment of Non-Financial Assets

- 4.13.1 The carrying values of assets include property, plant and equipment, investment properties, cash generating units and intangible assets are reviewed for impairment at each Balance Sheet date, if there is any indication of impairment based on internal and external factors.
- 4.13.2 Non-financial assets are treated as impaired when the carrying amount of such asset exceeds its recoverable value. After recognition of impairment loss, the depreciation for the said assets is provided for remaining useful life based on the revised carrying amount, less its residual value if any, on straight line basis.
- 4.13.3 An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired.
- 4.13.4 An impairment loss is reversed when there is an indication that the impairment loss may no longer exist or may have decreased.

4.14 Provisions, Contingent Liabilities and Contingent Assets

- 4.14.1 Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources embodying economic benefits in respect of which a reliable estimate can be made.
- 4.14.2 Provisions are discounted if the effect of the time value of money is material, using pre-tax rates that reflects the risks specific to the liability. When discounting is used, an increase in the provisions due to the passage of time is recognised as finance cost. These provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.
- 4.14.3 The Company provides for the estimated expenses at fair value that are required to restore mines. The estimated restoration expenses are determined based on the estimated mineral reserves available. The actual expenses may vary based on the nature of restoration and estimate of restoration expenses. Mines restoration expenses are

incurred on an on-going basis until the closure of mines. The total estimate of restoration expenses is reviewed periodically, on the basis of technical estimates and expected timing of these costs. The provision for this expense is included under “Cost of materials consumed” to the extent such mineral reserves were used in the production. The unwinding of the discount on provision is shown as a finance cost in the Statement of Profit and Loss.

4.14.4 Insurance claims are accounted on the basis of claims admitted or expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection. Any subsequent change in the recoverability is provided for. Contingent Assets are not recognised.

4.14.5 Contingent liability is a possible obligation that may arise from past events and its existence will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the same are not recognised but disclosed in the financial statements.

4.15 Intangible Assets

4.15.1 The costs incurred in connection with securing right to extract mineral reserves are capitalised under “Mining Rights” and the costs of stripping overburden to gain access to limestone deposits and the present value of restoration liability, if materially significant, to the extent of exposed overburden area are capitalised under “Mine Development”.

4.15.2 The costs of computer software acquired and its subsequent improvements are capitalised. Internally generated software is not capitalized and the expenditure is recognized in the Statement of Profit and Loss in the year in which the expenditure is incurred.

4.15.3 The cost incurred for right to un-restricted usage of power transmission system for sale of power from Company's captive thermal power plants to State grid and for drawal of power from State grid to its plant were capitalized as the Company is expected to yield future economic benefits.

4.15.4 Intangible Assets are amortised over their estimated useful life on straight line method. The estimated useful lives of intangible assets are assessed by the internal technical team as detailed below:

Nature of Intangible assets	Estimated useful life
Mining rights	Over the period of mining lease
Mine Development	Unit of production method
Computer software	6 years
Power transmission system	5 years

4.15.5 The intangible assets that are under development phase are carried at cost including related expenses and attributable interest, and are recognised as Intangible assets under development.

4.15.6 The residual values, useful lives and methods of amortisation of intangible asset are reviewed at each reporting date and adjusted prospectively, if appropriate.

4.16 Investment Properties

4.16.1 An investment in land or buildings both furnished and unfurnished, which are held for earning rentals or capital appreciation or both rather than for use in the production or supply of goods or services or for administrative purposes or sale in the ordinary course of business, are classified as investment properties.

4.16.2 Investment properties are stated at cost, net of accumulated depreciation and impairment loss, if any except freehold land which is carried at cost.

4.16.3 The company identifies the significant parts of investment properties separately which are required to be replaced at intervals. Such parts are depreciated separately based on their specific useful lives determined on best estimate basis upon technical advice. The cost of replacement of significant parts are capitalised and the carrying amount of replaced parts are de-recognised. Other expenses including day-to-day repair and maintenance expenditure and cost of replacing parts that does not meet the capitalisation criteria, are charged to the Statement of Profit and Loss for the period during which such expenses are incurred.

4.16.4 Depreciation on investment properties are calculated on straight-line method based on useful life of the significant parts as detailed below, that are different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013:

Asset type	Useful life ranging from
Buildings under Investment properties	3 to 60 years

4.16.5 Investment properties are eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal. Gains or losses arising from disposal, measured as the difference between the net disposal proceeds and the carrying amount of such investment properties, are recognised in the Statement of Profit and Loss. Amount received towards investment properties that are impaired and derecognized in the financial statements, are recognized in Statement of Profit and Loss, when the recognition criteria are met.

4.16.6 The residual values, useful lives and methods of depreciation of investment properties are reviewed at each reporting date and adjusted prospectively, if appropriate.

4.17 Operating Segments

The Company's business operation comprises of single operating segment viz., cement and cementitious materials. Operating segment has been identified on the basis of nature of products and reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker.

4.18 Financial Instruments

4.18.1 A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

4.18.2 Financial assets and liabilities are offset and the net amount is presented in the Balance sheet when and only when the Company has a legal right to offset the recognised amounts and intends either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

4.18.3 The Company initially determines the classification of financial assets and liabilities. After initial recognition, no re-classification is made for financial assets which are categorised as equity instruments at FVTOCI and financial assets / liabilities that are specifically designated as FVTPL. However, other financial assets are re-classifiable when there is a change in the business model of the Company. When the Company reclassifies the financial assets, such reclassifications are done prospectively from the first day of the immediately next reporting period. The Company does not restate any previously recognised gains, losses including impairment gains or losses or interest.

Financial Assets

4.18.4 Financial assets comprise of investments in equity and mutual funds, trade receivables, cash and cash equivalents and other financial assets.

4.18.5 Depending on the business model (i.e) nature of transactions for managing those financial assets and its contractual cash flow characteristics, the financial assets are initially measured at fair value and subsequently measured and classified at:

- Amortised cost; or
- Fair value through other comprehensive income (FVTOCI); or
- Fair value through profit or loss (FVTPL)

Amortised cost represents carrying amount on initial recognition at fair value plus or minus transaction cost.

4.18.6 The Company has evaluated the facts and circumstances on date of transition to Ind AS for the purpose of classification and measurement of financial assets. Accordingly, financial assets are measured at FVTPL except for those financial assets whose contractual terms give rise to cash flows on specified dates that represents solely payments of principal and interest thereon, are measured as detailed below depending on the business model:

Classification / Business Model
Amortised cost
The objective of the Company is to hold and collect the contractual cash flows till maturity. In other words, the Company do not intend to sell the instrument before its contractual maturity to realise its fair value changes.
FVTOCI
The objective of the Company is to collect its contractual cash flows and selling financial assets.

The Company has accounted for its investments in subsidiary and associates at cost. The Company has exercised an irrevocable option at time of initial recognition to measure the changes in fair value of other equity investments at FVTOCI. Accordingly, the Company classifies its financial assets for measurement as below:

Classification / Name of Financial Assets
Amortised cost
Trade receivables, Loans and advances to subsidiary company, employees and related parties, deposits, IPA receivable, interest receivable, unbilled revenue and other advances recoverable in cash or kind.
FVTOCI
Equity investments in companies other than Subsidiary & Associate as an option exercised at the time of initial recognition.
FVTPL
Investments in mutual funds, forward exchange contracts.

4.18.7 Financial assets are derecognised (i.e) removed from the financial statements, when its contractual rights to the cash flows expire or upon transfer of the said assets. The Company also derecognises when it has an obligation to adjust the cash flows arising from the financial asset with third party and either upon transfer of:

- significant risk and rewards of the financial asset, or
- control of the financial asset

However, the Company continue to recognise the transferred financial asset and its associated liability to the extent of its continuing involvement, which are measured on the basis of retainment of its rights and obligations of financial asset.

4.18.8 Upon derecognition of its financial asset or part thereof, the difference between the carrying amount measured at the date of recognition and the consideration received including any new asset obtained less any new liability assumed shall be recognised in the Statement of Profit and Loss.

4.18.9 For impairment purposes, significant financial assets are tested on individual basis at each reporting date. Other

financial assets are assessed collectively in groups that share similar credit risk characteristics. Accordingly, the impairment testing is done retrospectively on the following basis:

Impairment testing methodology for Financial Assets
Trade receivables
Expected Credit Loss model (ECL) is applied. The ECL over lifetime of the assets are estimated by using a provision matrix which is based on historical loss rates reflecting current conditions and forecasts of future economic conditions which are grouped on the basis of similar credit characteristics such as nature of industry, customer segment, past due status and other factors that are relevant to estimate the expected cash loss from these assets.
Other Financial assets
When the credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. When there is significant change in credit risk since initial recognition, the impairment is measured based on probability of default over the life time. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

Financial Liabilities

4.18.10 Financial Liabilities comprise of Borrowings from Banks, Debentures, Soft loan / Interest free loan from Government, Trade payables, Derivative financial instruments, Financial guarantee obligation and other financial liabilities.

4.18.11 The Company measures its financial liabilities as below:

Measurement basis / Name of Financial liabilities
Amortised cost
Borrowings, Debentures, Soft Loan/Interest free loan from Government, Trade payables, Interest accrued, Unclaimed / Disputed dividends, Security deposits, Mines restoration obligation and other financial liabilities not for trading.
FVTPL
Foreign exchange Forward contracts being derivative contracts do not qualify for hedge accounting under Ind AS 109 and other financial liabilities held for trading.

4.18.12 Financial guarantee contracts issued by the company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Transaction cost of financial guarantee contracts that are directly attributable to the issuance of the guarantee are recognised initially as a liability at fair value. Subsequently,

the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortization.

4.18.13 Financial liabilities are derecognised when and only when it is extinguished (i.e) when the obligation specified in the contract is discharged or cancelled or expired.

4.18.14 Upon derecognition of its financial liabilities or part thereof, the difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid including any non-cash assets transferred or liabilities assumed is recognised in the Statement of Profit and Loss.

4.19 Fair value measurement

4.19.1 Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

4.19.2 The fair value of an asset or a liability is measured using the assumptions that the market participants would use when pricing the asset or liability, assuming that the market participants act in the economic best interest.

4.19.3 All assets and liabilities for which fair value is measured are disclosed in the financial statements are categorised within fair value hierarchy based on the lowest level input that is significant to the fair value measurement as a whole. The fair value hierarchy is described as below:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities

Level 2: Valuation techniques for which the lowest level inputs that are significant to the fair value measurement is directly or indirectly observable.

Level 3: Valuation techniques for which the lowest level inputs that are significant to the fair value measurement is unobservable.

4.19.4 For assets and liabilities that are recognised in the Balance sheet on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation at the end of each reporting period (i.e) based on the lowest level input that is significant to the fair value measurement as a whole.

4.19.5 For the purpose of fair value disclosures, the company has determined the classes of assets and liabilities based on the nature, characteristics and risks of the assets or liabilities and the level of the fair value hierarchy as explained above.

4.19.6 The basis for fair value determination for measurement and / or disclosure purposes is detailed below:

Investments in Equity / Mutual Funds

The fair value is determined by reference to their quoted prices at the reporting date. In the absence of the quoted price, the fair value of the equity is measured using valuation techniques.

Trade and other receivables

The fair value is estimated as the present value of the future cash flows, discounted at the market rate of interest at the reporting date. However, the fair value generally approximates the carrying amount due to the short term nature of such assets.

Forward exchange contracts

The fair value of forward exchange contracts is based on the quoted price if available; otherwise it is estimated by discounting the difference between contractual forward price and current forward price for the residual maturity of the contract using government bond rates.

Non-derivative financial liabilities

The fair value of non-derivative financial liabilities viz, soft loan from government, deferred sales tax liability, borrowings are determined for disclosure purposes calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date.

Financial guarantee obligation

The fair value of financial guarantee obligation with reference to loan availed by subsidiary/associates is determined on the basis of estimated cost involved in securing equivalent size of the guarantees from bank.

Investment Properties

The fair value is determined for disclosure purposes based on an annual evaluation performed by an internal technical team measured using the technique of quoted prices for similar assets in the active markets and further moderated by market corroborated inputs.

5. Recent Accounting pronouncements – Standards issued but not effective

In March 2018, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2018, notifying deletion of existing standard Ind AS 18 and insertion of new standard Ind AS 115 on Revenue from Contracts with Customers. The amendments are applicable to the company from April 1, 2018.

This Standard establishes a five-step model to account for revenue arising from contracts with customers. Revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

Adoption of Ind AS 115 is not expected to have any impact on the Company's revenue and profit or loss. The Company expects the revenue recognition to occur at a point in time when the materials are delivered at the customers in case of cement and cementitious materials and in the case of wind power, when energy is transmitted to the grid.

However, the Company is evaluating the requirements of the amendment and the effect on the financial statements is being evaluated.

6. Significant Estimates and Judgements

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision effects only that period or in the period of the revision or future periods, if the revision affects both current and future years.

Accordingly, the management has applied the following estimates / assumptions / judgements in preparation and presentation of financial statements:

Property, Plant and Equipment, Intangible Assets and Investment Properties

The residual values and estimated useful life of PPEs, Intangible Assets and Investment Properties are assessed by the technical team at each reporting date by taking into account the nature of asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement and maintenance support. Upon review, the management accepts the assigned useful life and residual value for computation of depreciation/amortisation. Also, management judgement is exercised for classifying the asset as investment properties or vice versa.

Current Taxes

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgement by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

Deferred Tax Asset (Including MAT Credit Entitlement)

Significant management judgement is exercised by reviewing the deferred tax assets at each reporting date to determine the amount of deferred tax assets that can be retained / recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Contingent Liabilities

Management judgement is exercised for estimating the possible outflow of resources, if any, in respect of contingencies / claims / litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

Impairment of Trade receivables

The impairment for trade receivables are done based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgement considering the past history, market conditions and forward looking estimates at the end of each reporting date.

Impairment of Non-financial assets (PPE/Intangible Assets/Investment Properties)

The impairment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flows, discount rates and the risks specific to the asset.

Mine Development

In determining the allocation of mine development cost based on the unit of production method, assumptions and estimates are made by the management, in relation to the estimated mineral reserves available for the remaining period.

Mines Restoration Expenditure

In determining the provision for Mines restoration expenditure, assumptions and estimates are made by the management, in relation to discount rates, the expected

mineral reserves, estimated cost to restore the mines and the expected timing of those costs.

Defined Benefit Plans and Other long term benefits

The cost of the defined benefit plan and other long term benefits, and the present value of such obligation are determined by the independent actuarial valuer. An actuarial valuation involves making various assumptions that may differ from actual developments in future. Management believes that the assumptions used by the actuary in determination of the discount rate, future salary increases, mortality rates and attrition rates are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

Interests in other entities

Significant management judgement is exercised in determining the interests in other entities. The management believes that wherever there is a significant influence over certain companies belonging to its group, such companies are treated as Associate companies even though it holds less than 20% of the voting rights.

Notes

- (a) As per the Guidance Note on Division II, Ind AS Schedule III to the Companies Act, 2013 issued by ICAI, Revenue includes only the gross inflows of economic benefits received and receivable by the entity on its own account. Amounts collected such as sales taxes, goods and services taxes and value added taxes are not economic benefits which flow to the entity and do not result in increases in equity. Therefore, they have to be excluded from revenue. On the other hand, the recovery of excise duty is an inflow that the entity receives on its own account since the Company acts as a principal in collecting the excise duty and therefore the revenue has to be grossed up to include excise duty.
- (b) Goods and Service Tax (GST) has been effective from 01-07-2017. Consequently, Excise Duty, Value Added Tax (VAT), Service Tax etc. have been replaced with GST. Until 30-06-2017, 'Sale of Products' and 'Scrap Sales' include the amount of Excise Duty recovered on Sales. With effect from 01-07-2017, 'Sale of Products' and 'Scrap Sales' excludes the amount of GST recovered. Accordingly, Revenue from 'Sale of Products', 'Scrap Sales' and 'Revenue from Operations' for the year ended 31-03-2018 are not comparable with those of the previous year. However, the revenue from operations net of duties and taxes is furnished as below:

Revenue from Operations (net of GST and VAT)	4,566.31	4,564.23

	Customs Duty	-	32.60
	Other demands (Refer Note 47.2.4 to 47.2.20)	297.11	298.50

47.2.1 Income tax assessments have been completed up to the accounting year ended 31-03-2014 i.e., Assessment Year 2014-15. The company has preferred appeals before appellate authorities in respect of various disallowances in assessments and the appeals are pending. As against the tax demand of ₹ 2.99 Crores (PY: ₹ 29.02 Crores), the department has adjusted ₹ 2.99 Crores (PY: ₹ 29.02 Crores) against refund due / tax credits. In the opinion of Management, there may not be any tax liability with regard to the said disallowances and the refunds so adjusted for ₹ 2.99 Crores are held in "Deposits under protest, in appeals" under other non-current assets.

47.2.2 The VAT authority in the State of Tamil Nadu has issued notices proposing to disallow input tax credit under Tamil Nadu VAT Act, 2006 for ₹ 68.32 Crores for the years 2011-12 to 2014-15. Challenging the said notices, the Company has filed writ petitions in the Madurai Bench of Madras High Court and these are pending.

In respect of other statutory appeals with the Appellate Authorities under State Sales Tax Acts / VAT Acts & CST Act in various states, as against net tax demands amounting to ₹ 10.51 Crores (PY: ₹ 11.47 Crores), a sum of ₹ 3.46 Crores (PY: ₹ 3.89 Crores) have been paid under protest. The amount paid under protest is held in "Deposits under protest, in appeals" under other non-current assets.

47.2.3 As against the levy of differential Excise Duty on cement in "Bulk & Cement supplies to industrial consumers" including penalty amounting to ₹ 262.68 Crores (PY: ₹ 252.42 Crores) demanded by the Department, denying the concession provided under relevant notifications, a sum of ₹ 262.45 Crores (PY: ₹ 252.42 Crores) remain unpaid as at 31-03-2018. The Tribunals have allowed company's appeals in this matter. The Department's appeal was also dismissed by Karnataka High court in a similar issue pertaining to another cement company. But the department has preferred an appeal before the Supreme Court against Tribunal orders in this matter. However periodical demands are being issued to the company by the department in this matter in view of pendency of its appeal in the Supreme Court. The Company has paid ₹ 0.23 Crores (PY: Nil) as pre-deposit in compliance of the interim orders by the appellate authorities and is held in "Deposits under protest, in appeals" under other non-current assets.

In respect of various disputed demands under adjudication as at 31-03-2018 for ₹ 308.72 Crores (PY: ₹ 315.34 Crores) due to disallowance of CENVAT credit on some of the inputs, capital goods, service tax on goods transports and levy of differential Excise Duty with consequential interest and penalty, a sum of ₹ 292.03 Crores (PY: ₹ 298.05 Crores) remain unpaid. The Company has paid so far ₹ 16.69 Crores (PY: ₹ 17.29 Crores) as pre-deposit in compliance of the interim orders by the appellate authorities. Out of ₹ 16.69 Crores, a sum of ₹ 6.70 Crores (PY: ₹ 3.63 Crores) were expensed and the balance amount of ₹ 9.99 Crores is held in "Deposits under protest, in appeals" under other non-current assets. Out of the disputed demands of ₹ 308.72 Crores, the Company had favourable orders from the lower authorities for ₹ 32.12 Crores (PY: ₹ 64.71 Crores) against which the Department has preferred appeals before appellate authorities.

THE RAMCO CEMENTS LIMITED

- 47.2.4 TANGEDCO has raised a demand towards compensation charges of ₹ 0.92 Crores alleging that the Company has exceeded the quota of power consumption during evening peak hours. The Company has filed writ petition before the High Court of Madras and the same has been admitted. However, the Company had deposited the amount of ₹ 0.92 Crores under protest and the same is held in "Deposits under protest, in appeals" under other non-current assets.
- 47.2.5 Government of Karnataka has imposed Environmental Protection Fee of ₹ 5.80 crores, in connection with Company's mining leases. In the writ petitions filed by the Company and other similarly affected companies, the High Court of Karnataka, has stayed the imposition of the fee. As per the interim order, the Company has deposited a sum of ₹ 2.90 Crores (PY: ₹ 2.90 Crores) and the same is held in "Deposits under protest, in appeals" under other non-current assets.
- 47.2.6 The Competition Commission of India (CCI), by its order dated 31-08-2016 has imposed a penalty of ₹ 258.63 Crores on the Company for alleged cartelisation. The CCI order is pursuant to the directions issued by the Competition Appellate Tribunal (COMPAT) vide its order dated 11-12-2015 setting aside the original CCI order dated 20-06-2012 and remitting the matter to CCI for fresh adjudication of the issue. Upon appeal filed before the Competition Appellate Tribunal (COMPAT), the order of CCI has been stayed on condition that the company deposits 10% of the penalty amounting to ₹ 25.86 Crores. The same has been deposited by the company and the said deposit is classified under "Bank Balances other than Cash and Cash Equivalents". By virtue of Section 185(4) of Finance Act, 2017, the appeals pending with COMPAT were transferred to National Company Law Appellate Tribunal by the Government. The arguments were completed. The Company believes that it has a good case and hence no provision is made.
- 47.2.7 The Writ Petitions filed by the company in the Madras High Court against Tamil Nadu Electricity Board (TNEB) towards levy of electricity tax at 15% on the generation of power from captive generator sets using furnace oil are pending. The levy pertains to the period 01-01-1992 to 30-10-1997. The total disputed amount of ₹ 1.34 Crores has been paid under protest and the same is held in "Deposits under protest, in appeals" under other non-current assets.
- 47.2.8 Southern Power Distribution Company of Andhra Pradesh Limited has demanded an amount of ₹ 0.32 Crores towards alleged excess load factor incentives allowed by them. The Company has filed an appeal before High Court of Andhra Pradesh and obtained an order of interim stay.
- 47.2.9 Andhra Pradesh Transmission Corporation Limited (APTRANSCO) has levied ₹ 5.91 Crores as Fuel Surcharge Adjustment (FSA) for the period from Apr 2008 to Dec 2012. Out of that, the company has paid and expensed ₹ 3.85 Crores and the balance amount of ₹ 2.06 Crores is not presently enforceable for the reasons that a part of the amount is covered in the appeal filed by the APTRANSCO before Supreme Court and the interim order granted in favour of the company by the AP High court. APERC has ordered that this FSA is not leviable from Jan 2013 onwards.
- 47.2.10 The Director of Geology & Mining, Government of Tamil Nadu had raised additional Royalty demand on limestone, based on production of cement by the company instead of basing it on actual quantity of limestone mined. The demand for the company is ₹ 9.66 Crores for the period from the year 1989 to year 2001. In the Writ petitions filed by the company and other similarly affected companies, the Madras High court has stayed the demands of the Government.
- 47.2.11 Water Resources Department of Public Works Department, Government of Tamil Nadu had raised a demand of ₹ 1.13 Crores contending that water charges are to be paid on the contracted quantity and not on the actual quantity of water drawn by the company from Arjuna River in Virudhunagar District. The demand pertains to the period from the year 1990 to year 2009. The company has obtained interim stay from the High Court of Madras. As per the interim order, the Company has deposited a sum of ₹ 0.30 Crores with the Department and the same is held in "Deposits under protest, in appeals" under other non-current assets.
- 47.2.12 Environment, Forests Science & Technology Department, Government of Andhra Pradesh has increased the Royalty on the Limestone mined from the Forest Area from ₹ 5/- per permit to ₹ 10/- per ton from the year 2010-11 onwards. The company filed a writ petition before the High Court of Andhra Pradesh and obtained an interim order, to pay 1/3rd of the demand. As per the Court order, the company has paid and expensed ₹ 1.57 Crores, being the 1/3rd portion up to 31-03-2017. The balance amount of ₹ 3.15 Crores being 2/3rd portion remain unpaid.
- 47.2.13 New Industries set up in Tamil Nadu were eligible for Power Tariff Concession as per G.O.Ms. No.29 dated 31-01-1995, which was sought to be withdrawn to Industries set up after 14-02-1997 as per G.O.Ms. No.17 dated 14-02-1997. The eligibility for Power Tariff Concession for Alathiyur unit became a dispute between the Company and TNEB. Based on the interim order of the High Court of Madras, the Company had availed power tariff concession to the tune of ₹ 11.41 Crores and sought refund of unavailed concession of ₹ 1.80 Crores. The matter was finally settled by the Supreme Court, vide its judgement dated 16-05-2008, wherein it laid down criteria for ascertaining the eligibility for Power Tariff Concession for new industries and directed the TNEB to decide the eligibility for the Company based on the said criteria. However, vide its order dated 30-06-2008, the

TNEB sought to introduce new criteria not enumerated in the Supreme Court judgement. Aggrieved, the Company filed a writ petition (WP No: 16348 of 2008) before the High Court of Madras, which by its judgement dated 13-11-2008 set aside the additional criteria not mentioned in the Supreme Court Judgement and confirmed the eligibility of Power Tariff Concession for the Company. TNEB has filed a writ appeal (WA No: 629 of 2010) in the High Court of Madras against the said order seeking disentitlement of power tariff concession already availed. The matter is pending before the High Court of Madras.

- 47.2.14 Under Tamil Nadu Electricity Regulatory Commission (Renewable Energy Purchase Obligations) Regulations, 2010, consumers owning grid connected captive power generating plants and open access consumers with a sanctioned demand of more than 2 MVA are obligated to consume a minimum of 9% and 0.5% of their energy requirements from wind and solar sources respectively. The non-complainants are required to purchase Renewable Energy Certificates (REC) from markets @ 1 REC per 1000 units of shortage or deposit an equivalent amount in a separate designated fund. Even though the Company is consuming wind energy generated from its wind farms, it has been excluded for reckoning the obligatory consumption, since the company has wheeling and banking arrangement with TNEB. Aggrieved, the Company including other affected producers have approached the Madras High Court and obtained an interim stay against the implementation of the said regulation.
- 47.2.15 TANGEDCO has levied "Scheduling & System Operation charges" for windmills under "Sale to Board" category at ₹ 600 per day per 2 MW based on their internal circular dated 25-11-2014. The annual impact of "Scheduling & System Operation charges" will be ₹ 1.02 Crores. The Company has filed a Writ Petition before the Madras High Court challenging the collection of said charges and obtained an interim stay against the "Scheduling & System Operation charges".
- 47.2.16 The Company had purchased around 40.36 acres of lands in Tamil Nadu after verification of title documents based on revenue records of the year 1987 as basis. Thereafter, the revenue officials verified the title documents and transferred the patta in the name of the Company. While this being so, the Sub-Collector, Ariyalur, by the order dated 10-02-2015, cancelled the said patta and reclassified the said land as Government poramboke 'Anadheenam lands' by placing reliance on revenue records of the year 1927. The Company has filed a Writ Petition before the Madras High Court challenging the said cancellation of patta and obtained an interim stay.
- 47.2.17 TANGEDCO had raised a demand of ₹ 4.28 Crores towards alleged incorrect adjustments of wind energy based on its Audit objections. Against the above demand, a sum of ₹ 2.54 crores was appropriated by TANGEDCO from the Company's Deposits with them and balance amount of ₹ 1.74 crores remain unpaid. The amount appropriated is held in "Deposits under protest, in appeals" under other non-current assets. The Company has challenged the said demand before the TNERC by filing a Petition on 30-05-2014 and the same is pending before the Commission.
- 47.2.18 The Department of Mines and Geology, Government of Karnataka by its order dated 31-10-2014 withdraw its mining lease granted to the company already granted for 30 hectares of forest land on a technical ground. Based on the writ petition filed by the company, the Honourable Karnataka High court has directed the State Government to consider the company's representation. The Government vide its order dated 10-01-2016 has rejected the company's representation. Aggrieved by the said order, the Company has again filed a writ petition before the Honourable Karnataka High Court and the same is pending.
- 47.2.19 The Special Deputy Collector (Stamps), Ariyalur had issued a notice demanding an amount of ₹ 0.65 Crores for alleged deficiency in stamp duty in purchase of lands. Against the demand, the Company filed an appeal before Honourable High Court of Madras and it is pending.
- 47.2.20 As per the Grid Connectivity and Intra State Open Access Regulations, the TNERC has authorised TANGEDCO to collect Parallel Operation Charges of ₹ 30,000/- per MW from the power generators whoever availing only parallel operation with grid but without availing open access. Even though the Company had open access approval, TANGEDCO had sent demand notice for parallel operation charges for a sum of ₹ 9.17 Crores levied retrospectively from 07-05-2014 to 31-12-2016. The Company has filed writ petition in the Honourable High Court of Madras and obtained the final order directing the TANGEDCO to settle the matter in TNERC within a reasonable period.

Defined Benefit Plan - Gratuity

The Gratuity payable to employees is based on the employee's service and last drawn salary at the time of leaving the services of the Company and is in accordance with the rules of the Company read with Payment of Gratuity Act 1972. This is a defined benefit plan in nature. The Company makes annual contributions to “The Ramco Cements Limited Employees' Gratuity Fund” administered by trustees and managed by LIC of India, based on the Actuarial Valuation by an independent external actuary as at the Balance Sheet date using Projected Unit Credit method. The Company has the exposure of actuarial risk such as adverse salary growth, change in demographic experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature, the plan is not subject to any longevity risks.

53 Disclosure of Fair value measurements

The fair values of financial assets and liabilities are determined at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial instruments approximate their carrying amounts largely due to their short term maturities of these instruments.

54. Financial Risk Management

The Board of Directors (BOD) has overall responsibility for the establishment and oversight of the Company's risk management framework and thus established a risk management policy to identify and analyse the risk faced by the Company. Risk Management systems are reviewed by the BOD periodically to reflect changes in market conditions and the Company's activities. The Company through its training and management standards and procedures develop a disciplined and constructive control environment in which all employees understand their roles and obligations. The Audit Committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the risk management framework. The Audit committee is assisted in the oversight role by Internal Audit. Internal Audit undertakes reviews of the risk management controls and procedures, the results of which are reported to the Audit Committee.

The Company has the following financial risks:

Categories of Risk	Nature of Risk
Credit Risk	Receivables
	Financial Instruments and Cash deposits
Liquidity Risk	Fund Management
Market Risk	Foreign Currency Risk
	Cash flow and fair value interest rate risk

The Board of Directors regularly reviews these risks and approves the risk management policies, which covers the management of these risks:

Credit Risk

Credit Risk is the risk of financial loss to the Company if the customer or counterparty to the financial instruments fails to meet its contractual obligations and arises principally from the Company's receivables, treasury operations and other operations that are in the nature of lease.

Receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer. The Company extends credit to its customers in the normal course of business by considering the factors such as financial reliability of customers. The Company evaluates the concentration of the risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets. The Company maintains adequate security deposits from its customers in case of wholesale and retail segment. In case of institutional segment, credit risks are mitigated by way of enforceable securities. The exposures with the Government are generally unsecured but they are considered as good. However, unsecured credits are extended based on creditworthiness of the customers on case to case basis.

Trade receivables are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or failing to engage in a repayment plan with the company and where there is a probability of default, the company creates a provision based on Expected Credit Loss for trade receivables under simplified approach as below:

Financial Instruments and Cash deposits

Investments of surplus funds are made only with the approved counterparties. The Company is presently exposed to counter party risk relating to short term and medium term deposits placed with banks, and also investments made in mutual funds. The Company places its cash equivalents based on the creditworthiness of the financial institutions.

THE RAMCO CEMENTS LIMITED

Liquidity Risk

Liquidity Risks are those risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. In the management of liquidity risk, the Company monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the company's operations and to mitigate the effects of fluctuations in cash flows.

Fund Management

Due to the dynamic nature of the underlying business, the Company aims at maintaining flexibility in funding by keeping both committed and uncommitted credit lines available. The Company has laid well defined policies and procedures facilitated by robust information system for timely and qualitative decision making by the management including its day to day operations.

Foreign Currency Risk

The Company's exposure in USD and other foreign currency denominated transactions in connection with import of capital goods, spares and fuel, besides exports of finished goods and borrowings in foreign currency, gives rise to exchange rate fluctuation risk. The Company has following policies to mitigate this risk:

Decisions regarding borrowing in Foreign Currency and hedging thereof, (both interest and exchange rate risk) and the quantum of coverage is driven by the necessity to keep the cost comparable. Foreign Currency loans, imports and exports transactions are hedged by way of forward contract after taking into consideration the anticipated Foreign exchange inflows/ outflows, timing of cash flows, tenure of the forward contract and prevailing Foreign exchange market conditions.

Cash flow and fair value interest rate risk

Interest rate risk arises from long term borrowings with variable rates which exposed the company to cash flow interest rate risk. The Company's fixed rate borrowing are carried at amortized cost and therefore are not subject to interest rate risk as defined in Ind AS 107 since neither the carrying amount nor the future cash flows will fluctuate because of the change in market interest rates. The Company is exposed to the evolution of interest rates and credit markets for its future refinancing, which may result in a lower or higher cost of financing, which is mainly addressed through the management of the fixed/floating ratio of financial liabilities. The Company constantly monitors credit markets to strategize a well-balanced maturity profile in order to reduce both the risk of refinancing and large fluctuations of its financing cost. The Company believes that it can source funds for both short term and long term at a competitive rate considering its strong fundamentals on its financial position.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. There have been no breaches in the financial covenants of any interest-bearing loans/borrowing. There are no significant changes in the objectives, policies or processes for managing capital during the years ended 31-03-2018 and 31-03-2017.

CONSOLIDATED FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

To the Members of The Ramco Cements Limited

Report on the Consolidated Financial Statements

We have audited the accompanying Consolidated Financial Statements drawn in accordance with the Indian Accounting Standards ("the Consolidated Financial Statements") of The Ramco Cements Limited (hereinafter referred to as "the Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group"), and the share of profit/loss of its associates. These Consolidated Financial Statements comprise the Consolidated Balance Sheet as at 31st March 2018, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Cash Flow and the Consolidated Statement of Changes in Equity for the year ended 31st March 2018 and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these Consolidated Financial Statements in terms of the requirements of the Companies Act, 2013, ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated cash flow and consolidated statement of changes in equity of the Group including its associates in accordance with the accounting principles generally accepted in India and including the Indian Accounting Standards specified under Section 133 of the Act, read with applicable Rules there under. The respective Board of Directors of the Companies included in the Group and its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associates and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on the Consolidated Financial Statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the Accounting and Auditing Standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Consolidated Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Holding Company's preparation of the Consolidated Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the Consolidated Financial Statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards, of the consolidated state of affairs (financial position) of the Group including the effect of share in the profit of its associates as at 31st March 2018, and their consolidated profit (financial performance including other comprehensive income) including the share in the profit of its associates, their consolidated cash flows and consolidated statement of changes in equity for the year ended on 31st March 2018.

Other Matters

The Consolidated Financial Statements include financial performance of a foreign branch which reflects total assets of ₹ 9.07 Crores, total revenue of ₹ 43.01 Crores and net cash inflow amounting to ₹ 1.14 Crores for the year ended on 31st March 2018, which was audited by Independent Auditors in accordance with the regulations of that country and whose report has been furnished to us and has been considered in the Consolidated Financial Statements solely based on such audited financial statements. Our opinion is not modified in respect of this matter.

The Consolidated Financial Statements reflects the Group's share of total assets of ₹ 48.49 Crores as at 31st March 2018, the total revenue of ₹ 17.45 crores and net cash inflow of ₹ -1.23 Crores for the year ended 31st March 2018 of the subsidiary, which was audited by another independent auditor whose report has been furnished to us.

We did not audit the financial statements of Six associate companies included in the consolidated financial results year to date, whose consolidated financial statements reflects the total comprehensive income of ₹ 7.29 crores for the year ended 31st March 2018. These financial statements as per Ind AS and other financial information are unaudited and have been furnished to us by the management, and our opinion is based solely on the

financial results year to date, to the extent they have been derived from such unaudited financial statements.

Our opinion on the Consolidated Financial Statements, and our report on Other Legal and Regulatory Requirements below, is based on the financial statements/financial information certified by the Management.

We draw attention to Note 47.2.6 of the Disclosures forming part of the Separate Financial Statements of the holding company, relating to the Order of the Competition Commission of India (CCI) dated 31-08-2016, imposing a penalty of ₹ 258.63 Crores on the Company for alleged cartelisation. The CCI order is pursuant to the directions issued by the Competition Appellate Tribunal (COMPAT) vide its Order dated 11-12-2015 setting aside the original CCI order dated 20-06-2012 and remitting the matter to CCI for fresh adjudication of the issue. Upon appeal filed before the Competition Appellate Tribunal (COMPAT) the order of the CCI has been stayed on condition that the company deposits 10% of the penalty amounting to ₹ 25.86 Crores. In compliance of the order of COMPAT the company has deposited ₹ 25.86 Crores and the said deposit is classified under "Bank Balances other than Cash and Cash Equivalents". By virtue of Section 185(4) of the Finance Act 2017, the appeals pending with COMPAT were transferred to National Company Law Appellate Tribunal by the Government. The arguments were completed. The Company believes that it has a good case and hence no provision is made. Our opinion is not modified in respect of this matter.

The comparative consolidated financial information of the Company for the year ended March 31, 2017 are based on the previously issued consolidated financial statements jointly audited by M.S. Jagannathan & N. Krishnaswami, Chartered Accountants and CNGSN & Associates LLP, Chartered Accountants, the predecessor auditors, whose report for the year ended March 31, 2017 dated 30-05-2017 expressed an unmodified opinion on those consolidated financial statements.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

1. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
2. In our opinion, proper books of accounts as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books.
3. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Cash Flow

and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements.

4. In our opinion, the aforesaid Consolidated Financial Statements comply with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act.
5. On the basis of the written representations received from the Directors of the Holding Company as on 31st March 2018 taken on record by the Board of Directors of the Holding Company and the reports of the Statutory Auditor of the subsidiary company and associate companies, and Management Certification in the case of the unaudited associate companies, none of the Directors of the Group and its associate companies is disqualified as on 31st March 2018 from being appointed as a Director in terms of Section 164 (2) of the Act.
6. We have enclosed our separate report in "Annexure A" with respect to the adequacy of the internal financial controls over financial reporting of the entities in the Group and associate companies and the operating effectiveness of such controls. We have relied on the management certification in respect of the unaudited associates with respect to the adequacy of internal financial controls over financial reporting. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial controls over financial reporting of entities in the Group and the associate companies.
7. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The details of the pending litigations and its impact on the Financial Statements have been disclosed in the Separate Financial Statements of the respective entities in the Group and by the associates.
 - ii. The Group and associate companies did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the entities in the Group and its associates.

In reaching conclusions commented upon in items (i) to (iii) above, we have relied on a) our audit of the Holding Company, b) the audit of the subsidiary company by some other Independent Auditor and c) Management Certification in the case of associates which are unaudited.

“ANNEXURE A” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of The Ramco Cements Limited, its subsidiary and its associates (“the Group”) as of 31st March 2018 in conjunction with our audit of the Consolidated Financial Statements of the Holding Company for the year ended on 31st March 2018.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary and its associate companies, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on Group’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (“the Guidance Note”) issued by ICAI and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that;

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of Management and Directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company, its subsidiary and associates company have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

We have relied on a) our audit of the Holding Company, b) the audit of the subsidiary company by some other Independent Auditor and c) Management Certification in the case of associates which are unaudited.

The adequacy of internal financial control over financial reporting in so far as it relates to such subsidiary which has been audited by other auditors we relied on the audit reports furnished to us. In respect of unaudited associates, we had relied upon

management certification. Our report on the adequacy and operating effectiveness of the internal financial control over financial reporting for the Holding Company and its subsidiary and associates, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such subsidiary and associates is based solely on the report of the auditor of such companies or management certification as referred above. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the report of the other auditor.

- 2.9 Previous year figures have been regrouped / restated, wherever necessary and appropriate.

Principles of Consolidation

- 2.10 The financial statements of the Parent and its subsidiary company have been consolidated on a line-by-line basis by adding together the book value of like items of assets, liabilities, income and expenses, after elimination of intra-group balances and intra-group transactions resulting in unrealized Profits/Losses.
- 2.11 The CFS has been prepared using uniform accounting policies for like transactions and other events in similar circumstances and is presented, to the extent possible, in the same manner as the Parent's separate financial statements.
- 2.12 Non-controlling interest in the net assets of subsidiary is identified and presented in the Consolidated Balance

Sheet separately from liabilities and equity of the Parent's shareholders. Non-controlling interest in the net assets of subsidiary consists of:

- a) The amount of subscribed equity share capital attributable to non-controlling interest during the year.
 - b) The movement of non-controlling interest in equity since the date the parent subsidiary relationship came into existence.
- 2.13 The CFS includes the share of profit/loss of the associate companies that are accounted for using equity method in accordance with Ind AS 28. Accordingly, the share of profit/loss of the associates (the loss being restricted to the cost of investment) has been added/deducted from the cost of investment. The most recent available financial statements of the associates are used in applying the equity method.
- 2.14 Under equity method of accounting, the investments are initially recognized at the fair value of net asset of Associates from the date on which it becomes an associate and any difference between the cost of the investment and the Parent's share of the net fair value of the investee's identifiable assets and liabilities is accounted for as follows:
- a) Goodwill relating to an associate is included in the carrying amount of the investment and the same is not amortised.
 - b) Any excess of the entity's share of the net fair value of the investee's identifiable assets and liabilities over the cost of the investment is recognised directly in equity as capital reserve in the period in which the investment is acquired.
- Subsequently, the carrying amount of investment is adjusted to recognize the share of post-acquisition profits or losses of its Associates in the Parent's Statement of Profit & Loss.
- 2.15 Dividend received or receivable from Associates are recognized as a reduction in the carrying amount of the Investment.
- 2.16 Unrealised gains on transactions between the group and its associates are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated to the extent of Group's interest in these entities unless the transaction provides evidence of an impairment of the asset transferred.
- 2.17 At each reporting date, the Group determines whether there is any objective evidence that the investment in the associate is impaired. If there is such evidence, the Group provides for impairment as the difference between the recoverable amount of the associate and its carrying value, and then recognizes the loss as 'Share of profit of an associates' in the Statement of Profit & Loss.
- 2.18 The Group's Statement of Profit and Loss reflects the share of results of its associates. Any change in OCI of those investees is presented as part of the Group's OCI.

3. Basis of Measurement

The CFS have been prepared on accrual basis under historical cost convention except for certain financial instruments (Refer Note 4.18 - Accounting Policy for Financial Instruments) and defined benefit plan assets which are measured at fair value.

4. Significant Accounting Policies

4.1 Inventories

- 4.1.1 Raw-materials, Stores & Spares, Fuel, Packing materials etc., are valued at cost, computed on a moving weighted average basis including the cost incurred in bringing the inventories to their present location and condition after providing for obsolescence and other losses or net realisable value whichever is lower. However, these items are considered to be realisable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost.

- 4.1.2 Process stock is valued at weighted average cost including the cost of conversion with systematic allocation of production overheads based on normal capacity of production facilities, or net realisable value whichever is lower. Factory administration overheads to the extent attributable to bring the inventories to their present location and condition are also included in the valuation of Process stock.

Finished goods are valued at cost or net realisable value whichever is lower. Cost includes cost of conversion with systematic allocation of production overheads based on normal capacity of production facilities and other costs incurred in bringing the inventory to their present location and condition. Finished goods include stock-in-trade also which comprises cost of purchase and other cost incurred in bringing the inventories to the present location and condition. Cost is determined on a moving weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs necessary to make the sale.

4.2 Statement of Cash Flow

- 4.2.1 Cash flows are presented using indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.
- 4.2.2 Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances with original maturity of less than 3 months, highly liquid investments that are readily convertible into cash, which are subject to insignificant risk of changes in value.
- 4.2.3 Bank borrowings are generally considered to be financing activities. However, where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents for the purpose of Statement of Cash Flow .

4.3 Dividend distribution to Equity shareholders

Final dividend distribution to shareholders is recognised in the period in which the dividends are approved by the shareholders. Any interim dividend paid is recognised on approval by Board of Directors. Dividend together with applicable taxes is recognised directly in Equity.

4.4 Income Taxes

- 4.4.1 Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates, the provisions of the Income Tax Act, 1961 and other applicable tax laws.
- 4.4.2 Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is recognised as an asset viz. MAT Credit Entitlement, to the extent there is convincing evidence that the Group will pay normal Income tax and it is highly probable that future economic benefits associated with it will flow to the Group during the specified period. The Group reviews the "MAT Credit Entitlement" at each Balance Sheet date and writes down the carrying amount of the same to the extent there is no longer convincing evidence to the effect that the Group will pay normal Income tax during the specified period.
- 4.4.3 Current tax assets and liabilities are offset, when the Group has legally enforceable right to set off the recognised amounts and intends to settle the asset and the liability on a net basis.
- 4.4.4 Deferred tax is recognised using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting at the reporting date.
- 4.4.5 Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year where the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.
- 4.4.6 Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by same governing tax laws and the Group has legally enforceable right to set off current tax assets against current tax liabilities.
- 4.4.7 Both current tax and deferred tax relating to items recognised outside the Profit or Loss is recognised either in "Other Comprehensive Income" or directly in "Equity" as the case may be.

4.5 Property, plant and equipments (PPE)

- 4.5.1. PPEs are stated at cost of acquisition or construction (net of CENVAT / VAT/ GST wherever applicable) less accumulated depreciation / amortisation and impairment losses if any, except freehold land which is carried at cost. The cost comprises of purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

The Group identifies the significant parts of plant and equipment separately which are required to be replaced at intervals. Such parts are depreciated separately based on their specific useful lives. The cost of replacement of significant parts are capitalised and the carrying amount of replaced parts are de-recognised. When each major inspection/overhauling is performed, its cost is recognised in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of the previous inspection/overhauling (as distinct from physical parts) is de-recognised.

Items such as spare parts, stand-by equipments and servicing equipments are classified as PPE when they meet the definition of PPE as per Ind AS 16. Other expenses on fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts that does not meet the capitalisation criteria are charged to the Statement of Profit and Loss for the period during which such expenses are incurred.

The present value of the expected cost for the decommissioning of PPE after its use, if materially significant, is included in the cost of the respective asset when the recognition criteria are met.

Capital Expenditure on tangible assets for research and development is classified as PPE and is depreciated based on the estimated useful life. Other expenditure incurred for research and development are expensed under the respective heads of accounts in the year in which it is incurred.

- 4.5.2 The Group follows the useful lives of the significant parts of certain class of PPE on best estimate basis upon technical advice, as detailed below, that are different from the useful lives prescribed under Part C of Schedule II of the Companies Act, 2013:

Asset type	Useful life ranging from
Buildings	3 to 60 years
Plant and equipments - Cement	2 to 60 years
Plant and equipments - Ready mix concrete	10 to 25 years
Plant and equipments - Dry mortar products	5 to 25 years
Thermal power plants	5 to 60 years
Windmills	5 to 30 years
Workshop and Quarry equipments	8 to 25 years
Mobile Phones	3 years
Motor cars given to employees as per company's scheme	6 to 7 years

- 4.5.3 PPE acquired in full or part exchange for another asset are recorded at the fair market value or the net book value of the asset given up, adjusted for any balancing cash transaction. Fair market value is determined either for

the assets acquired or asset given up, whichever is more clearly evident.

- 4.5.4 PPEs are eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal. Gains or losses arising from disposal, measured as the difference between the net disposal proceeds and the carrying amount of such assets, are recognised in the Statement of Profit and Loss. Amount received towards PPE that are impaired and derecognized in the financial statements, are recognized in Statement of Profit and Loss, when the recognition criteria are met.
- 4.5.5 Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life on a straight line method. The depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less 5% being its residual value, except for process control systems whose residual value is considered as Nil.
- 4.5.6 Depreciation for PPE on additions is calculated on pro-rata basis from the date of such additions. For deletion/disposals, the depreciation is calculated on pro-rata basis up to the date on which such assets have been discarded / sold.
- 4.5.7 The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each reporting date and adjusted prospectively, if appropriate.

Capital Work in progress

- 4.5.8 Capital work in progress includes cost of property, plant and equipment under installation, under development including related expenses and attributable interest as at the reporting date.

4.6 Leases

- 4.6.1 The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date whether fulfilment of arrangement is dependent on the use of a specific asset and the arrangement conveys a right to use the asset.
- 4.6.2 The lease arrangements where the risks and rewards incidental to ownership of an asset substantially vests with the Lessor are recognised as operating lease. Operating lease receipts and payments are recognised in the Statement of Profit and Loss on straight line basis over the lease terms except where the payments are structured to increase in line with the general inflation to compensate for the expected inflationary cost increases. The Group do not have any finance leases.
- 4.6.3 The amount paid for securing right to use of lands qualify as Operating lease and the amount paid for leasehold land is classified as "Lease prepayments" under prepaid expenses, which are amortised over the tenure of lease.

4.7 Revenue Recognition

- 4.7.1 Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured.

4.7.2 Revenue from Operations

Sale of products

Revenue is recognised at the fair value of consideration received or receivable upon transfer of significant risks and rewards of ownership of goods which coincides with the delivery of goods. It comprises of invoice value of goods including excise duty and after deducting discounts, volume rebates and applicable taxes on sale. It also excludes value of self-consumption.

Power generated from Windmills

Power generated from windmills that are covered under wheeling & banking arrangement with TANGEDCO, KPTCL & BESCOM are consumed at factories. The monetary values of such power generated that are captively consumed are not recognised as revenue. Power generated from windmills that are covered under power purchase agreement with TANGEDCO are recognised at the rate fixed by respective State Electricity Regulatory Commissions, upon transmission of energy to the grids of the State Electricity Board and the same is classified as "Sale of power generated from windmills".

Scrap sale

Scrap sale is recognised at the fair value of consideration received or receivable upon transfer of significant risk and rewards. It comprises of invoice value of goods including excise duty excluding applicable taxes on sale.

Industrial Promotion Assistance

This being in the nature of Government grants, which are recognised at fair value when the Group's right to receive the same is established with reasonable assurance.

4.7.3 Other Income

- a) Interest income is recognised using the Effective Interest Rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period where appropriate, the gross carrying amount of the financial asset or to the amortised cost of a financial liability.
- b) Dividend income is recognised when the Group's right to receive dividend is established.
- c) Rental income from operating lease on investment properties is recognised on a straight line basis over the term of the relevant lease.
- d) Value of Carbon credits are recognised when the Group's right to receive the same is established.
- e) Income from merchant power, arising out of sale of surplus electricity generated from its thermal power plants after meeting its captive requirements, is recognised upon transmission of energy to the grids of the State Electricity Board after netting off expenses attributable to it.

4.8 Employee Benefits

- 4.8.1 Short-term employee benefits viz., Salaries and Wages are recognized as an expense at the undiscounted amount in

the Statement of Profit and Loss for the year in which the related service is rendered.

- 4.8.2 Defined Contribution Plan viz., Contributions to Provident Fund and Superannuation Fund are recognized as an expense in the Statement of Profit and Loss for the year in which the employees have rendered services.
- 4.8.3 The Group contributes monthly to Employees' Provident Fund & Employees' Pension Fund administered by the Employees' Provident Fund Organisation, Government of India, at 12% of employee's basic salary. The Group has no further obligations.
- 4.8.4 The Group also contributes for superannuation a sum equivalent to 15% of the officer's eligible annual basic salary. Out of the said 15% contribution, a sum upto ₹1.50 Lacs per annum is remitted to The Ramco Cements Limited Officer's Superannuation Fund administered by trustees and managed by LIC of India. The balance amount, if any, is either remitted to National Pension System (NPS) subject to applicable ceiling or paid as salary at the option of employees. There are no further obligations in respect of the above contribution plan.
- 4.8.5 The Group has its own Defined Benefit Plan viz., an approved Gratuity Fund. It is in the form of lump sum payments to vested employees on resignation, retirement, death while in employment or on termination of employment, for an amount equivalent to 15 days' basic salary for each completed year of service. Vesting occurs upon completion of five years of continuous service. The Group makes annual contributions to "The Ramco Cements Limited Employees' Gratuity Fund" administered by trustees and managed by LIC of India based on the Actuarial Valuation by an independent external actuary as at the Balance Sheet date using Projected Unit Credit method.
- 4.8.6 The Group provides for expenses towards compensated absences provided to its employees. The expense is recognized at the present value of the amount payable determined based on an independent external actuarial valuation as at the Balance Sheet date, using Projected Unit Credit method.
- 4.8.7 Remeasurement of net defined benefit asset / liability comprising of actuarial gains or losses arising from experience adjustments and changes in actuarial assumptions are charged / credited to other comprehensive income in the period in which they arise and immediately transferred to retained earnings. Other costs are accounted in the Statement of Profit and Loss.

4.9 Government Grants

- 4.9.1 Government grants are recognised at fair value where there is a reasonable assurance that the grant will be received and all the attached conditions are complied with.
- 4.9.2 In case of revenue related grant, the income is recognised on a systematic basis over the period for which it is intended to compensate an expense and is disclosed under "Other operating revenue" or netted off against corresponding

expenses wherever appropriate. Receivables of such grants are shown under "Other Financial Assets". Export benefits are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same. Receivables of such benefits are shown under "Other Financial Assets".

- 4.9.3 The soft loan from government is recognised and measured in accordance with Ind AS 109, Financial Instruments. The benefit of soft loan from government at a below-market rate of interest is treated as a government grant and classified as "Deferred Grant". It is measured as the difference between the initial carrying value of the loan determined in accordance with Ind AS 109, and the proceeds received. The said deferred grant is amortized over the useful life of the underlying asset.

4.10 Foreign currency transactions

- 4.10.1 The financial statements are presented in Indian Rupees, which is also the Group's functional currency.
- 4.10.2 All transactions in foreign currency are recorded on initial recognition at their functional currency exchange rates prevailing on that date.
- 4.10.3 Monetary assets and liabilities in foreign currencies outstanding at the reporting date are translated to the functional currency at the exchange rates prevailing on the reporting date and the resultant gains or losses are recognised during the year in the Statement of Profit and Loss.
- 4.10.4 Non-monetary items which are carried at historical cost denominated in foreign currency are reported using the exchange rates at the date of transaction.

Foreign Branch Operations

- 4.10.5 Income and expenditure transactions are translated to functional currency using monthly moving average exchange rate.
- 4.10.6 Monetary assets and liabilities of foreign branch as at the reporting date are translated to the functional currency at the exchange rates prevailing on the reporting date and the resultant gains or losses are recognised during the year in the Statement of Profit and Loss.
- 4.10.7 Non-monetary items of foreign branch are carried at historical cost denominated in foreign currency and are reported using the exchange rates at the transaction date.

4.11 Borrowing Costs

- 4.11.1 Borrowing cost include interest computed using Effective Interest Rate method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.
- 4.11.2 Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset are capitalised as part of the cost of that asset which takes substantial period of time to get ready for its intended

use. The Group determines the amount of borrowing cost eligible for capitalisation by applying capitalisation rate to the expenditure incurred on such cost. The capitalisation rate is determined based on the weighted average rate of borrowing cost applicable to the borrowings of the Group which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing cost that the Group capitalises during the period does not exceed the amount of borrowing cost incurred during that period. All other borrowings costs are expensed in the period in which they occur.

4.12 Earnings per Share

4.12.1 Earnings per share is calculated by dividing the profit/(loss) attributable to equity shareholders by the weighted average number of equity shares including un-allotted bonus shares outstanding during the year.

4.12.2 Where an item of income or expense which is otherwise required to be recognised in the Statement of Profit and Loss is debited or credited to Equity, the amount in respect thereof is suitably adjusted in Net profit for the purpose of computing Earnings per share.

4.12.3 The Group do not have any potential equity shares.

4.13 Impairment of Non-Financial Assets

4.13.1 The carrying values of assets include property, plant and equipment, investment properties, cash generating units and intangible assets are reviewed for impairment at each Balance Sheet date, if there is any indication of impairment based on internal and external factors.

4.13.2 Non-financial assets are treated as impaired when the carrying amount of such asset exceeds its recoverable value. After recognition of impairment loss, the depreciation for the said assets is provided for remaining useful life based on the revised carrying amount, less its residual value if any, on straight line basis.

4.13.3 An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired.

4.13.4 An impairment loss is reversed when there is an indication that the impairment loss may no longer exist or may have decreased.

4.14 Provisions, Contingent Liabilities and Contingent Assets

4.14.1 Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources embodying economic benefits in respect of which a reliable estimate can be made.

4.14.2 Provisions are discounted if the effect of the time value of money is material, using pre-tax rates that reflects the risks specific to the liability. When discounting is used, an increase in the provisions due to the passage of time is

recognised as finance cost. These provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

4.14.3 The Group provides for the estimated expenses at fair value that are required to restore mines. The estimated restoration expenses are determined based on the estimated mineral reserves available. The actual expenses may vary based on the nature of restoration and estimate of restoration expenses. Mines restoration expenses are incurred on an on-going basis until the closure of mines. The total estimate of restoration expenses is reviewed periodically, on the basis of technical estimates and expected timing of these costs. The provision for this expense is included under "Cost of materials consumed" to the extent such mineral reserves were used in the production. The unwinding of the discount on provision is shown as a finance cost in the Statement of Profit and Loss.

4.14.4 Insurance claims are accounted on the basis of claims admitted or expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection. Any subsequent change in the recoverability is provided for. Contingent Assets are not recognised.

4.14.5 Contingent liability is a possible obligation that may arise from past events and its existence will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the same are not recognised but disclosed in the financial statements.

4.15 Intangible Assets

4.15.1 The costs incurred in connection with securing right to extract mineral reserves are capitalised under "Mining Rights" and the costs of stripping overburden to gain access to limestone deposits and the present value of restoration liability, if materially significant, to the extent of exposed overburden area are capitalised under "Mine Development".

4.15.2 The costs of computer software acquired and its subsequent improvements are capitalised. Internally generated software is not capitalized and the expenditure is recognized in the Statement of Profit and Loss in the year in which the expenditure is incurred.

4.15.3 The cost incurred for right to un-restricted usage of power transmission system for sale of power from Group's captive thermal power plants to State grid and for drawal of power from State grid to its plant were capitalized as the Group is expected to yield future economic benefits.

4.15.4 Intangible Assets are amortised over their estimated useful life on straight line method. The estimated useful lives of intangible assets are assessed by the internal technical team as detailed below:

Nature of Intangible assets	Estimated useful life
Mining rights	Over the period of mining lease
Mine Development	Unit of production method
Computer software	6 years
Power transmission system	5 years

4.15.5 The intangible assets that are under development phase are carried at cost including related expenses and attributable interest, and are recognised as Intangible assets under development.

4.15.6 The residual values, useful lives and methods of amortisation of intangible asset are reviewed at each reporting date and adjusted prospectively, if appropriate.

4.16 Investment Properties

4.16.1 An investment in land or buildings both furnished and unfurnished, which are held for earning rentals or capital appreciation or both rather than for use in the production or supply of goods or services or for administrative purposes or sale in the ordinary course of business, are classified as investment properties.

4.16.2 Investment properties are stated at cost, net of accumulated depreciation and impairment loss, if any except freehold land which is carried at cost.

4.16.3 The Group identifies the significant parts of investment properties separately which are required to be replaced at intervals. Such parts are depreciated separately based on their specific useful lives determined on best estimate basis upon technical advice. The cost of replacement of significant parts are capitalised and the carrying amount of replaced parts are de-recognised. Other expenses including day-to-day repair and maintenance expenditure and cost of replacing parts that does not meet the capitalisation criteria, are charged to the Statement of Profit and Loss for the period during which such expenses are incurred.

4.16.4 Depreciation on investment properties are calculated on straight-line method based on useful life of the significant parts as detailed below, that are different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013:

Asset type	Useful life ranging from
Buildings under Investment properties	3 to 60 years

4.16.5 Investment properties are eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal. Gains or losses arising from disposal, measured as the difference between the net disposal proceeds and the carrying amount of such investment properties, are recognised in the Statement of Profit and Loss. Amount received towards investment properties that are impaired and derecognized in the

financial statements, are recognized in Statement of Profit and Loss, when the recognition criteria are met.

4.16.6 The residual values, useful lives and methods of depreciation of investment properties are reviewed at each reporting date and adjusted prospectively, if appropriate.

4.17 Operating Segments

The Group's business operation comprises of single operating segment viz., cement and cementitious materials. Operating segment has been identified on the basis of nature of products and reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker.

4.18 Financial Instruments

4.18.1 A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

4.18.2 Financial assets and liabilities are offset and the net amount is presented in the Balance sheet when and only when the Group has a legal right to offset the recognised amounts and intends either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

4.18.3 The Group initially determines the classification of financial assets and liabilities. After initial recognition, no re-classification is made for financial assets which are categorised as equity instruments at FVTOCI and financial assets / liabilities that are specifically designated as FVTPL. However, other financial assets are re-classifiable when there is a change in the business model of the Group. When the Group reclassifies the financial assets, such reclassifications are done prospectively from the first day of the immediately next reporting period. The Group does not restate any previously recognised gains, losses including impairment gains or losses or interest.

Financial Assets

4.18.4 Financial assets comprise of investments in equity and mutual funds, trade receivables, cash and cash equivalents and other financial assets.

4.18.5 Depending on the business model (i.e) nature of transactions for managing those financial assets and its contractual cash flow characteristics, the financial assets are initially measured at fair value and subsequently measured and classified at:

- Amortised cost; or
- Fair value through other comprehensive income (FVTOCI); or
- Fair value through profit or loss (FVTPL)

Amortised cost represents carrying amount on initial recognition at fair value plus or minus transaction cost.

4.18.6 The Group has evaluated the facts and circumstances on date of transition to Ind AS for the purpose of classification and measurement of financial assets. Accordingly, financial

THE RAMCO CEMENTS LIMITED

assets are measured at FVTPL except for those financial assets whose contractual terms give rise to cash flows on specified dates that represents solely payments of principal and interest thereon, are measured as detailed below depending on the business model:

Classification / Business Model
<i>Amortised cost</i>
The objective of the Group is to hold and collect the contractual cash flows till maturity. In other words, the Group do not intend to sell the instrument before its contractual maturity to realise its fair value changes.
<i>FVTOCI</i>
The objective of the Group is to collect its contractual cash flows and selling financial assets.

The Group has accounted for its investments in subsidiary and associates at cost. The Group has exercised an irrevocable option at time of initial recognition to measure the changes in fair value of other equity investments at FVTOCI. Accordingly, the Group classifies its financial assets for measurement as below:

Classification / Name of Financial Assets
<i>Amortised cost</i>
Trade receivables, Loans and advances to employees and related parties, deposits, IPA receivable, interest receivable, unbilled revenue and other advances recoverable in cash or kind.
<i>FVTOCI</i>
Equity investments in companies other than Subsidiary & Associate as an option exercised at the time of initial recognition.
<i>FVTPL</i>
Investments in mutual funds, forward exchange contracts.

4.18.7 Financial assets are derecognised (i.e) removed from the financial statements, when its contractual rights to the cash flows expire or upon transfer of the said assets. The Group also derecognises when it has an obligation to adjust the cash flows arising from the financial asset with third party and either upon transfer of:

- significant risk and rewards of the financial asset, or
- control of the financial asset

However, the Group continue to recognise the transferred financial asset and its associated liability to the extent of its continuing involvement, which are measured on the basis of retainment of its rights and obligations of financial asset.

4.18.8 Upon derecognition of its financial asset or part thereof, the difference between the carrying amount measured at the date of recognition and the consideration received including any new asset obtained less any new liability assumed shall be recognised in the Statement of Profit and Loss.

4.18.9 For impairment purposes, significant financial assets are tested on individual basis at each reporting date. Other financial assets are assessed collectively in groups that share similar credit risk characteristics. Accordingly, the impairment testing is done retrospectively on the following basis:

Impairment testing methodology
<i>Trade receivables</i>
Expected Credit Loss model (ECL) is applied. The ECL over lifetime of the assets are estimated by using a provision matrix which is based on historical loss rates reflecting current conditions and forecasts of future economic conditions which are grouped on the basis of similar credit characteristics such as nature of industry, customer segment, past due status and other factors that are relevant to estimate the expected cash loss from these assets.
<i>Other Financial assets</i>
When the credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. When there is significant change in credit risk since initial recognition, the impairment is measured based on probability of default over the life time. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

Financial Liabilities

4.18.10 Financial Liabilities comprise of Borrowings from Banks, Debentures, Soft loan / Interest free loan from Government, Trade payables, Derivative financial instruments, Financial guarantee obligation and other financial liabilities.

4.18.11 The Group measures its financial liabilities as below:

Measurement basis / Name of Financial liabilities
<i>Amortised cost</i>
Borrowings, Debentures, Soft Loan/Interest free loan from Government, Trade payables, Interest accrued, Unclaimed / Disputed dividends, Security deposits, Mines restoration obligation and other financial liabilities not for trading.
<i>FVTPL</i>
Foreign exchange Forward contracts being derivative contracts do not qualify for hedge accounting under Ind AS 109 and other financial liabilities held for trading.

4.18.12 Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Transaction cost of financial guarantee contracts that are directly attributable to the issuance of the guarantee are recognised initially as a

liability at fair value. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortization.

4.18.13 Financial liabilities are derecognised when and only when it is extinguished (i.e) when the obligation specified in the contract is discharged or cancelled or expired.

4.18.14 Upon derecognition of its financial liabilities or part thereof, the difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid including any non-cash assets transferred or liabilities assumed is recognised in the Statement of Profit and Loss.

4.19 Fair value measurement

4.19.1 Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

4.19.2 The fair value of an asset or a liability is measured using the assumptions that the market participants would use when pricing the asset or liability, assuming that the market participants act in the economic best interest.

4.19.3 All assets and liabilities for which fair value is measured are disclosed in the financial statements are categorised within fair value hierarchy based on the lowest level input that is significant to the fair value measurement as a whole. The fair value hierarchy is described as below:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities

Level 2: Valuation techniques for which the lowest level inputs that are significant to the fair value measurement is directly or indirectly observable.

Level 3: Valuation techniques for which the lowest level inputs that are significant to the fair value measurement is unobservable.

4.19.4 For assets and liabilities that are recognised in the Balance sheet on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation at the end of each reporting period (i.e) based on the lowest level input that is significant to the fair value measurement as a whole.

4.19.5 For the purpose of fair value disclosures, the Group has determined the classes of assets and liabilities based on the nature, characteristics and risks of the assets or liabilities and the level of the fair value hierarchy as explained above.

4.19.6 The basis for fair value determination for measurement and / or disclosure purposes is detailed below:

Investments in Equity / Mutual Funds

The fair value is determined by reference to their quoted prices at the reporting date. In the absence of the quoted price, the fair value of the equity is measured using valuation techniques.

Trade and other receivables

The fair value is estimated as the present value of the future cash flows, discounted at the market rate of interest at the reporting date. However, the fair value generally approximates the carrying amount due to the short term nature of such assets.

Forward exchange contracts

The fair value of forward exchange contracts is based on the quoted price if available; otherwise it is estimated by discounting the difference between contractual forward price and current forward price for the residual maturity of the contract using government bond rates.

Non-derivative financial liabilities

The fair value of non-derivative financial liabilities viz, soft loan from government, deferred sales tax liability, borrowings are determined for disclosure purposes calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date.

Financial guarantee obligation

The fair value of financial guarantee obligation with reference to loan availed by related parties is determined on the basis of estimated cost involved in securing equivalent size of the guarantees from bank.

Investment Properties

The fair value is determined for disclosure purposes based on an annual evaluation performed by an internal technical team measured using the technique of quoted prices for similar assets in the active markets and further moderated by market corroborated inputs.

5. Recent Accounting pronouncements – Standards issued but not effective

In March 2018, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2018, notifying deletion of existing standard Ind AS 18 and insertion of new standard Ind AS 115 on Revenue from Contracts with Customers. The amendments are applicable to the Group from April 1, 2018.

This Standard establishes a five-step model to account for revenue arising from contracts with customers. Revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

Adoption of Ind AS 115 is not expected to have any impact on the Group's revenue and profit or loss. The Group expects the revenue recognition to occur at a point in time when the materials are delivered at the customers in case of cement and cementitious materials and in the case of wind power, when energy is transmitted to the grid.

However, the Group is evaluating the requirements of the amendment and the effect on the financial statements is being evaluated.

6. Significant Estimates and Judgements

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision effects only that period or in the period of the revision or future periods, if the revision affects both current and future years.

Accordingly, the management has applied the following estimates / assumptions / judgements in preparation and presentation of financial statements:

Property, Plant and Equipment, Intangible Assets and Investment Properties

The residual values and estimated useful life of PPEs, Intangible Assets and Investment Properties are assessed by the technical team at each reporting date by taking into account the nature of asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement and maintenance support. Upon review, the management accepts the assigned useful life and residual value for computation of depreciation/amortisation. Also, management judgement is exercised for classifying the asset as investment properties or vice versa.

Current Taxes

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgement by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

Deferred Tax Asset (Including MAT Credit Entitlement)

Significant management judgement is exercised by reviewing the deferred tax assets at each reporting date to determine the amount of deferred tax assets that can be retained / recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Contingent Liabilities

Management judgement is exercised for estimating the possible outflow of resources, if any, in respect of contingencies / claims / litigations against the Group as it is not possible to predict the outcome of pending matters with accuracy.

Impairment of Trade receivables

The impairment for trade receivables are done based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgement

considering the past history, market conditions and forward looking estimates at the end of each reporting date.

Impairment of Non-financial assets (PPE/Intangible Assets/Investment Properties)

The impairment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flows, discount rates and the risks specific to the asset.

Mine Development

In determining the allocation of mine development cost based on the unit of production method, assumptions and estimates are made by the management, in relation to the estimated mineral reserves available for the remaining period.

Mines Restoration Expenditure

In determining the provision for Mines restoration expenditure, assumptions and estimates are made by the management, in relation to discount rates, the expected mineral reserves, estimated cost to restore the mines and the expected timing of those costs.

Defined Benefit Plans and Other long term benefits

The cost of the defined benefit plan and other long term benefits, and the present value of such obligation are determined by the independent actuarial valuer. An actuarial valuation involves making various assumptions that may differ from actual developments in future. Management believes that the assumptions used by the actuary in determination of the discount rate, future salary increases, mortality rates and attrition rates are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

Interests in other entities

Significant management judgement is exercised in determining the interests in other entities. The management believes that wherever there is a significant influence over certain companies belonging to its group, such companies are treated as Associate companies even though it holds less than 20% of the voting rights.

Notes

(a) As per the Guidance Note on Division II, Ind AS Schedule III to the Companies Act, 2013 issued by ICAI, Revenue includes only the gross inflows of economic benefits received and receivable by the entity on its own account. Amounts collected such as sales taxes, goods and services taxes and value added taxes are not economic benefits which flow to the entity and do not result in increases in equity. Therefore, they have to be excluded from revenue. On the other hand, the recovery of excise duty is an inflow that the entity receives on its own account since the Company acts as a principal in collecting the excise duty and therefore the revenue has to be grossed up to include excise duty.

(b) Goods and Service Tax (GST) has been effective from 01-07-2017. Consequently, Excise Duty, Value Added Tax (VAT), Service Tax etc. have been replaced with GST. Until 30-06-2017, 'Sale of Products' and 'Scrap Sales' include the amount of Excise Duty recovered on Sales. With effect from 01-07-2017, 'Sale of Products' and 'Scrap Sales' excludes the amount of GST recovered. Accordingly, Revenue from 'Sale of Products', 'Scrap Sales' and 'Revenue from Operations' for the year ended 31-03-2018 are not comparable with those of the previous year. However, the revenue from operations net of duties and taxes is furnished as below:

Revenue from Operations (net of GST and VAT)	4,583.75	4,582.02
Less: Excise Duty	159.95	614.69
Revenue from Operations, net of duties and taxes	4,423.80	3,967.33

(c) The Company has generated 30.59 Crore units (PY: 31.99 Crore units) net of wheeling and banking at windfarms. Out of 30.59 Crore units (PY: 31.99 Crore units) of power generated,

- Units sold to TANGEDCO for ₹ 66.96 Crores (PY: ₹ 72.44 Crores) shown under 'Sale of power generated from windmills'.	In Crore units	22.24	23.93
- Units sold to related parties for ₹ 17.43 Crores (PY: ₹ 17.74 Crores) shown under 'Sale of power generated from windmills'.	In Crore units	4.35	4.52

Employer's Contribution to Superannuation Fund	6.88	6.26

Defined Benefit Plan - Gratuity

The Gratuity payable to employees is based on the employee's service and last drawn salary at the time of leaving the services of the Group and is in accordance with the rules of the Group read with Payment of Gratuity Act 1972. This is a defined benefit plan in nature. The Group makes annual contributions to "The Ramco Cements Limited Employees' Gratuity Fund" administered by trustees and managed by LIC of India, based on the Actuarial Valuation by an independent external actuary as at the Balance Sheet date using Projected Unit Credit method. The Group has the exposure of actuarial risk such as adverse salary growth, change in demographic experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature, the plan is not subject to any longevity risks.

54 Disclosure of Fair value measurements

The fair values of financial assets and liabilities are determined at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial instruments approximate their carrying amounts largely due to their short term maturities of these instruments.

Fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 : Quoted (Unadjusted) prices in active markets for identical assets or liabilities

Level 2 : Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3 : Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

The details of financial instruments that are measured at fair value on recurring basis are given below:

55. Financial Risk Management

The Board of Directors (BOD) has overall responsibility for the establishment and oversight of the Group's risk management framework and thus established a risk management policy to identify and analyse the risk faced by the Group. Risk Management systems are reviewed by the BOD periodically to reflect changes in market conditions and the Group's activities. The Group through its training and management standards and procedures develop a disciplined and constructive control environment in which all employees understand their roles and obligations. The Audit Committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the risk management framework. The Audit committee is assisted in the oversight role by Internal Audit. Internal Audit undertakes reviews of the risk management controls and procedures, the results of which are reported to the Audit Committee.

THE RAMCO CEMENTS LIMITED

The Company has the following financial risks:

Categories of Risk	Nature of Risk
Credit Risk	Receivables
	Financial Instruments and Cash deposits
Liquidity Risk	Fund Management
Market Risk	Foreign Currency Risk
	Cash flow and fair value interest rate risk

The Board of Directors regularly reviews these risks and approves the risk management policies, which covers the management of these risks:

Credit Risk

Credit Risk is the risk of financial loss to the Group if the customer or counterparty to the financial instruments fails to meet its contractual obligations and arises principally from the Company's receivables, treasury operations and other operations that are in the nature of lease.

Receivables

The Group's exposure to credit risk is influenced mainly by the individual characteristic of each customer. The Group extends credit to its customers in the normal course of business by considering the factors such as financial reliability of customers. The Group evaluates the concentration of the risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets. The Group maintains adequate security deposits from its customers in case of wholesale and retail segment. In case of institutional segment, credit risks are mitigated by way of enforceable securities. The exposures with the Government are generally unsecured but they are considered as good. However, unsecured credits are extended based on creditworthiness of the customers on case to case basis. Trade receivables are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or failing to engage in a repayment plan with the Group and where there is a probability of default, the Group creates a provision based on Expected Credit Loss for trade receivables under simplified approach as below:

Financial Instruments and Cash deposits

Investments of surplus funds are made only with the approved counterparties. The Group is presently exposed to counter party risk relating to short term and medium term deposits placed with banks, and also investments made in mutual funds. The Group places its cash equivalents based on the creditworthiness of the financial institutions.

Liquidity Risk

Liquidity Risks are those risk that the Group will not be able to settle or meet its obligations on time or at reasonable price. In the management of liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and to mitigate the effects of fluctuations in cash flows.

Fund Management

Due to the dynamic nature of the underlying business, the Group aims at maintaining flexibility in funding by keeping both committed and uncommitted credit lines available. The Group has laid well defined policies and procedures facilitated by robust information system for timely and qualitative decision making by the management including its day to day operations.

Foreign Currency Risk

The Group's exposure in USD and other foreign currency denominated transactions in connection with import of capital goods, spares and fuel, besides exports of finished goods and borrowings in foreign currency, gives rise to exchange rate fluctuation risk. The Group has following policies to mitigate this risk:

Decisions regarding borrowing in Foreign Currency and hedging thereof, (both interest and exchange rate risk) and the quantum of coverage is driven by the necessity to keep the cost comparable. Foreign Currency loans, imports and exports transactions are hedged by way of forward contract after taking into consideration the anticipated Foreign exchange inflows/ outflows, timing of cash flows, tenure of the forward contract and prevailing Foreign exchange market conditions.

Cash flow and fair value interest rate risk

Interest rate risk arises from long term borrowings with variable rates which exposed the Group to cash flow interest rate risk. The Group's fixed rate borrowing are carried at amortized cost and therefore are not subject to interest rate risk as defined in Ind AS 107 since neither the carrying amount nor the future cash flows will fluctuate because of the change in market interest rates. The Group is exposed to the evolution of interest rates and credit markets for its future refinancing, which may result in a lower or higher cost of financing, which is mainly addressed through the management of the fixed/floating ratio of financial liabilities. The Group constantly monitors credit markets to strategize a well-balanced maturity profile in order to reduce both the risk of refinancing and large fluctuations of its financing cost. The Group believes that it can source funds for both short term and long term at a competitive rate considering its strong fundamentals on its financial position.

56. Capital Management

For the purpose of the Group's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders of the Group. The primary objective of the Group's capital management is to maximize the shareholders' wealth.

The Group manages its capital structure and makes adjustments in the light of changes in economic conditions and the requirements of the financial covenants. The Group monitors capital using a gearing ratio, which is net debt divided by total equity plus net debt.
