CHAIRMAN MESSAGE

Dear Shareholders,

It gives me immense pleasure to share with you an update on the performance of the Company for the financial year 2020-21. The COVID-19 virus outbreak was different from variants of the past. It combined the speed of spread with debilitation and death. What started as a local Chinese health issue grew into a global economic disaster in the space of a few months. As countries went into lockdowns and other restrictions, global economic growth declined from 2.9% in 2019 to minus 3.5% in 2020 (IMF estimate) and virtually no major economy was spared de-growth, save perhaps China, which grew 2.3% through the year, its lowest in a number of years.

The first quarter of 2020-21 started with the lockdown impacting our business significantly. In the second and third quarter there was a quantum improvement in business activity. The Indian economy was beginning to see normalcy in the fourth quarter, quarter January-March 2021.

During this challenging period, the prime responsibility of the company was to protect the health and safety of all its stakeholders, putting a premium on workplace (factories, offices and depots) hygiene at all times. Your company responded with a mix of cautious engagement, social distance and virtual engagement. The result is that we maximized people retention and reinforced our respect as a people first company.

The second responsibility that we addressed was access to adequate resources and materials through the period of the lockdown and partial relaxation. This necessitated the need to work deeper with longstanding partners, reinforce their cash flows and strengthen their capacity to supply on-time and in full. The result is that from a supply chain perspective our business was opportunity-ready with speed.

The third responsibility was to protect our Balance Sheet. During the course of the pandemic, there was a fear that with consumers hesitant to buy, there would be a need to extend receivables cycles, which, in turn, would affect our cash flows, short-term loans and interest outflows. We also recognised that a weaker credit discipline would take years to correct. As a fiscally responsible organization, we largely protected our receivables cycle, which ensured that there was adequate systemic liquidity to keep the organization moving, a decided advantage over unorganized competition and organized competitors with relatively weak Balance Sheets.

There is no doubt that the business environment has been challenging in the last financial year. Let me share with you the operating environment and the headwinds the Company faced in a highly competitive market. During the year under review, your company has achieved total revenue on standalone basis stands at ₹ 5513.84 Lakhs (previous year ₹ 6016.15 Lakhs), operational revenue of the Company is reduced by 8.35% over the previous year on account of general

slowdown in the economy and Covid-19 pandemic. Profit Before Tax and Total comprehensive income for the period after tax stands as ₹ 101.88 lakhs and ₹ 69.89 Lakhs as against ₹ 260.42 Lakhs & ₹ 132.32 Lakhs in the previous year. On Consolidated Level, total revenue of the Company is ₹ 10643.45 Lakhs against ₹ 11196.43 Lakhs in the previous year. Profit Before Tax and Total comprehensive income for the period after tax stands to ₹ 619.63 Lakhs and ₹ 461.04 Lakhs against ₹ 664.36 Lakhs & ₹ 423.98 Lakhs in the previous year.

Our environmentally conscious practices and technologically advanced products continue to augment our position as pioneers and leaders in the industry. We are resolute in our endeavor to keep up our strong performance, and to keep creating long-term value for our stakeholders. The company is clear on its focus to be a One Point Solution for our customers for all their Building Interior & Furnishing requirements. To that end, it is constantly increasing product offerings and creating depth in the existing product categories to create an engaging shopping experience for customers. During the year, company has upgraded its capacity & technology for various processes and have also developed & introduced many new innovative product solutions in the existing business segment, all this will add-on to the business growth of the Company once the impact of covid pandemic is over.

We had thought that the worst of the pandemic was behind us at the end of FY21. Unfortunately the second wave commenced in April 21 and there have been lockdowns imposed in various parts of the country. The prudent and conservative measures that the Company implemented over the course of last year will hold in good stead for the coming financial year. The Company is focused on generating healthy operating cash flows to further reduce debt levels. We continue to stay focused on our strategy of being closer to the customer and of further strengthening our leadership position in defined businesses.

At the time of writing, there is an unprecedented optimism that the vaccine will be universally accessible through 2021. Although, I am happy to note that your Company took utmost care to maintain Covid protocols throughout the year. I would like to convey my deepest appreciation to all our employees. They have stood by the Company in these trying times. My sincere thanks and appreciation to my fellow Directors on the Board for their guidance and constant encouragement. My gratitude to our bankers, customers and suppliers. On behalf of the Board, I also thank you all, our valued shareholders, for your continued support.

Best Regards

Digvijay Dhabriya

NOTES:

1. In view of the COVID-19 pandemic, the Ministry of Corporate Affairs ('MCA') issued General Circular Nos.14/2020, 17/2020 and 20/2020 dated April 08, 2020, April 13, 2020, and May 05, 2020, respectively and by General Circular No. 02/2021 dated January 13, 2021 (collectively referred to as "MCA Circulars") allowed companies whose AGMs were due to be held in the year 2020 or becoming due in the year 2021, to conduct their AGMs on or before December 31, 2021 through VC/OAVM, without the physical presence of the Members at a common venue. The Securities and Exchange Board of India ('SEBI') also issued Circular No. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020, the validity of which has been extended till December 31, 2021, by SEBI, vide its Circular No. SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated January 15, 2021 ("SEBI Circulars"). In compliance with MCA Circulars, SEBI Circulars, provisions of the Act and the SEBI Listing Regulations, the AGM of the Company is being conducted through VC/OAVM Facility, which does not require physical presence of members. The deemed venue for the AGM shall be the Registered Office of the Company.
2. As per the MCA Circulars, owing to the difficulties involved in dispatching of physical copies of the Annual Report 2020-21 including financial statements (along with Board's report, Auditor's report or other documents required to be attached therewith), shall be sent only by email to the members (at their registered email) and to all other persons so entitled. Accordingly, the copy of Annual Report 2020-21 along with notice of the AGM is being sent through email to those members who have registered their email addresses with the Company/ Depository Participant (DP)/Company's Registrar and Transfer Agent (RTA).
3. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM and Company's Annual Report 2020-21 will be available on the website of the Company at www.polywood.org and the website of the Stock Exchange i.e. BSE Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.
4. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
5. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020, and May 05, 2020, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
6. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available for 1000 members on first come first served basis. However, this number does not include the large Shareholders holding 2% or more share capital, Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors, Secretarial Auditors, Scrutinizers, etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
7. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under section 103 of the Companies Act, 2013.
8. Members joining the meeting through VC, who have not already cast their vote by means of remote e-voting, shall be able to exercise their right to vote through e-voting at the AGM. The Members who have cast their vote by remote e-

voting prior to the AGM may also join the AGM through VC but shall not be entitled to cast their vote again.

9. Members are requested to intimate changes, if any, pertaining to their name, postal address, email address, telephone/ mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code, etc., to their Depository Participant in case the shares are held in electronic form.
10. Members desirous of obtaining any information concerning Accounts and Operations of the Company are requested to address their questions in writing to the Company at least 10 days before the date of the Meeting at its email ID cs@polywood.org so that the information required may be made available at the Meeting.
11. A brief profile of the Director retiring by rotation and proposed to be re-appointed at this AGM, nature of his expertise in specific functional areas, names of companies in which he holds directorship and membership/chairmanship of Board Committee(s), shareholding and relationship between directors inter se as stipulated under Regulation 36 of SEBI Listing Regulations and other requisite information as per Clause 1.2.5 of Secretarial Standards – 2 on General Meetings are provided in **Annexure - 1** to this Notice.
12. Relevant documents as required by law and referred to in the accompanying Notice shall be available for inspection through electronic mode. Members may write to the Company on cs@polywood.org for inspection of said documents and the same will also be available for inspection by the members during the AGM, upon login at CDSL e-voting system at www.evotingindia.com.
13. The Board has not proposed any special business in the ensuing AGM hence Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 need not be required to be given.
14. Securities and Exchange Board of India has mandated the submission of Permanent Account Number (PAN) by every securities market participant. Members holding shares in electronic form are therefore requested to submit their PAN to the DP with whom they maintain their demat accounts.

15. Register of Members and Share Transfer Books of the Company will remain closed from Monday, 20th September 2021 to Saturday, 25th September 2021 (both days inclusive) for the Annual General Meeting. The voting rights of members shall be in proportion to their shares of the paid-up equity share capital of the Company as on the cut-off date 18th September 2021 Saturday.

16. VOTING THROUGH ELECTRONIC MEANS:

General Instructions

1. Pursuant to Section 108 of the Act, read with the Rule 20 of the Companies (Management and Administration) Rules, 2014 and Regulation 44 of the SEBI Listing Regulations, as amended from time to time, the Company is pleased to provide its Members the facility of remote e-voting to exercise their right to vote at the 29th AGM. CDSL will be providing facility for voting through remote e-voting, for participation in the AGM through VC/OAVM facility and e-voting during the AGM.
2. The cut-off date for the purpose of determining the Members eligible for participation in remote e-voting (e-voting from a place other than venue of the AGM) and voting at the AGM through e-voting system is **18th September 2021** ('Cut-off Date').
3. A person who has acquired the shares and has become a member of the Company after the dispatch of the Notice of the AGM and prior to the Cut-off date, shall be entitled to exercise his/her vote either electronically i.e. remote e-voting or e-voting system on the date of the AGM by following the process mentioned in this part.
4. A person, whose name is recorded in the register of members or in the register of beneficial owners maintained by the depositories as on the cut-off date i.e. 18th September 2021 (Saturday) only shall be entitled to avail the facility of remote e-voting as well as e-voting at the AGM.
5. The Board has appointed CS Manish Sancheti, Practicing Company Secretary (M. No. FCS 7972 & C.P. No. 8997), Proprietor of M/s. M Sancheti & Associates, Company Secretaries, Jaipur has been appointed as the Scrutinizer for providing facility to the members of the Company to scrutinize the

voting at the AGM and remote e-voting process in a fair and transparent manner.

6. The results once declared along with the Scrutinizer's Report shall be placed on the Company's website www.polywood.org and on website of CDSL www.evotingindia.com within forty-eight hours of conclusion of the AGM and will also be communicated to The BSE Limited, where the shares of the Company are listed.

Members are requested to carefully read the below mentioned instructions for remote e-voting before casting their vote.

- (i) The voting period begins on Wednesday, 22nd September 2021 at 09:00 a.m. and ends on Friday, 24th September 2021 at 05:00 p.m. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of Saturday, 18th September 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its

shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020, on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual shareholders holding securities in Demat mode CDSL/NSDL** is given below:

MANAGEMENT DISCUSSION AND ANALYSIS

Corporate Overview

Late Prof. S.S. Dhabriya who was an environmentalist and a remote sensing expert had contributed a lot towards saving nature. His motto of life was to save trees. He has been the inspiration for all of us to work towards the betterment of the human race by saving natural resources. His values have been the motto of our lives and we have reached so far following his footprints. Dhabriya Polywood Limited was incorporated under the erstwhile Companies Act, 1956 in the year 1992.

Your Company started its operations in the year 1995 with production of U/R-PVC (Unplastisized/Rigid Poly Vinyl Chloride) Profiles under the brand name "Polywood". Over the years, we have gradually expanded our product base to include the PVC (Poly Vinyl Chloride) Section with various designs to suit the complete fabrication requirement of Doors, Windows, Partitions, False Ceilings, Wall Paneling, Pelmet, Kitchen Cabinets & other interior applications. In the last 25 years, "Polywood" has been an undeniable part of the "Save Trees" campaign by bringing in the minds of people the use of PVC Profiles which, was only confined to European Countries earlier. The Company has also taken the credit of launching for the first time in India some exquisite products like PVC Folding Doors, PVC Designer Doors, PVC Fencing, Wood Plastic Composite Panels.

Economy Overview

Global

The global economy reported de-growth of 3.5% in 2020 compared to a growth of 2.9% in 2019. This steep decline in global economic growth was largely due to the outbreak of the novel coronavirus and consequent suspension of economic activities across the world. The global economy is projected to grow by 5.5% in 2021 largely due to the successful roll-out of vaccines across the globe, coupled with policy support in large economies. (Source: IMF)

India

The Indian economy passed through one of the volatile periods in living memory in 2020-21. At the start of 2020, India was among five largest global economies;

its economic growth rate was the fastest among major economies (save China); its market size at 1.38 bn was the second largest in the world; its rural population of the under-consumed was the largest in the world.

The Indian government announced a complete lockdown in public movement and economic activity from the fourth week of March 2020. The lockdown staggered an already slowing economy as 1.38 billion Indians stayed indoors - one of the most stringent lockdowns anywhere.

The outbreak of the novel coronavirus impacted the Indian economy during the first quarter of the year under review. The Indian economy de-grew 23.9 per cent in the first quarter of 2020-21, the sharpest de-growth experienced by the country since the index was prepared.

The Indian and state governments selectively lifted controls on movement, public gatherings and events from June 2020 onwards. The result is that India's relief consumption, following the lifting of social distancing controls, translated into a full-blown economic recovery. A number of sectors in India - real estate, steel, cement, home building products and consumer durables, among others - reported unprecedented growth. India de-grew at a relatively improved 7.5 per cent in the July-September quarter and reported 0.4 per cent growth in the October-December quarter and a 1.6% growth in the last quarter of the year under review.

The result is that India's GDP contracted 7.3% during 2020-21 largely on account of the sharp depreciation of the first two quarters. This recovery - one of the most decisive among major economies - validated India's long-term consumption potential.

Indian economic reforms and recovery

There were a number of positive features of the Indian economy during the year under review. India reported improving Goods and Services Tax (GST) collections month-on-month in the second half of 2020-21 following the relaxation of the lockdown, validating the consumption-driven improvement in the economy.

The per capita income was estimated to have declined by 5% from ₹1.35 Lakh in 2019-20 to ₹1.27 Lakh in 2020-21, which was considered moderate in view of the extensive demand destruction in the first two quarters of 2020-21.

Despite the gloomy economic scenario, foreign direct investments (FDI) in India increased 13% to US\$57 Bn in 2020.

India jumped 14 places to 63 in the 2020 World Bank's Ease of Doing Business ranking and was the only country in the emerging market basket that received positive FPIs of \$23.6 Bn in 2020; the country ranked eighth among the world's top stock markets with a market capitalization of \$2.5 trillion in 2020.

The Indian government initiated structural reforms in agriculture, labour laws and medium-small enterprise segments. The labour reforms were intended to empower MSMEs increase employment, enhance labour productivity and wages.

The government approved amendments to the Essential Commodities Act and brought an ordinance to allow farmers to sell their crop to anyone; the changes to the Essential Commodities Act, 1955, were intended to 'deregulate' agricultural commodities (cereals, pulses, oilseeds, edible oils, onions and potatoes from stock limits). The government approved the Farming Produce Trade and Commerce (Promotion and Facilitation) Ordinance, 2020, to ensure barrier-free trade in agriculture produce.

The Government relaxed foreign direct investment (FDI) norms for sectors like defence, coal mining, contract manufacturing and single-brand retail trading.

The Union Cabinet approved the production-linked incentive (PLI) scheme for 10 sectors: pharmaceuticals, automobiles and auto components, telecom and networking products, advanced chemistry cell batteries, textile, food products, solar modules, white goods and specialty steel. These incentives could attract outsized investments, catalyzing India's growth journey.

India's foreign exchange reserves continue to be in record setting mode – FY 20-21 saw \$101.5 Bn dollars accretion in reserves, the steepest rise in foreign exchange reserves in any financial year; India's forex reserves are ranked third after Japan and China and can cover more than a year's import payments.

Outlook

The Indian economy is projected to grow by more than 10% in FY22 as per various institutional estimates, making it one of the fastest-growing economies. India's growth journey could be the result of a culmination of favorable tailwinds like consistent agricultural performance, flattening of the COVID-19 infection curve, increase in government spending, reforms and an efficient roll-out of the vaccine, among others.

However, the only dampener is the surge in Covid-19 in the first quarter of the current financial year that could affect public consumption of products and services.

Indian construction and building materials industry

India's construction industry is engaged in growth, which mainly includes real estate and urban development projects. Given the nation's objective to modernize infrastructure and bring about a 'smart' development in its cities, India is expected to emerge as the third largest construction market by 2025. This industry covers a wide scope and contributes around 55% to the steel, 15% to the paint and 30% to the glass industry. To facilitate growth, India relaxed foreign investment norms, with the real estate sector solely receiving investments worth US\$5 billion. In terms of job creation, the Indian construction sector created more than 50 million jobs in 2020.

The Covid-19 pandemic caused a social and economic disruption. The economic impact on the construction and building industry was vast. The Indian construction industry is expected to experience a YoY growth of 11.6% by 2021. Different industries and markets are bound to go through changes in the upcoming years, with a common factor in each business- digitization. Therefore, even within the real estate and infrastructure industry, while the nature and pace of change could vary from business to business, each of them will be in need of digitization. Growth drivers

Rising urbanisation: India's population is expected to rise from 1.38 billion in 2020 to 1.52 billion in 2036.

Demographic dividend: India's median age of population is 28 years, which is lower compared to the global average of 30, expected to drive demand for building materials.

Rise of real estate sector: The real estate sector is projected to increase from a market size of US\$ 180 billion in 2020 to US\$ 650 billion in 2025.

Smart Cities Mission: An allocation of ₹137 billion was made in the Union Budget 2021-22 for the Smart Cities Mission, which aims to promote 'smart cities' that provide their citizens with the benefit of core infrastructure, as well as decent life quality, clean and sustainable environment.

Pradhan Mantri Awas Yojana - Gramin (PMAY-G): India seeks to build 30 million houses in rural areas by 2022.

Budgetary allocation: The Ministry of Rural Development received the 4th highest allocation of the Union Budget 2021-22 across all ministries (₹1,33,690 crore). Out of this amount, 98% was allotted to the Department of Rural Development and the rest to the Department of Land Resources. (Source: The wire, Trading Economics, Statista, PRS, India briefing)

Indian Plastic/PVC Industry

The Indian plastics industry made a promising beginning in 1957 with the production of polystyrene. Thereafter, significant progress has been made, and the industry has grown and diversified rapidly. The industry spans the country and hosts more than 2,000 exporters. It employs about 4 million people and comprises more than 30,000 processing units, 85-90 per cent of which are small and medium-sized enterprises.

The Indian plastics industry produces and exports a wide range of raw materials, plastic-moulded extruded goods, polyester films, moulded / soft luggage items, writing instruments, plastic woven sacks and bags, polyvinyl chloride (PVC), leather cloth and sheeting, packaging, consumer goods, sanitary fittings, electrical accessories, laboratory / medical surgical ware, tarpaulins, laminates, fishnets, travel ware, and others. The Indian plastics industry offers excellent potential in terms of capacity, infrastructure and skilled manpower. It is supported by a large number of polymer producers, and plastic process machinery and mould manufacturers in the country.

A wide variety of plastics raw materials are produced to meet the material needs of different sectors of the economy. These polymeric materials are broadly

categorized as commodity, engineering and specialty plastics. Commodity plastics are the major products that account for bulk of the plastics and in turn for petrochemical industry. Commodity plastics comprise of Polyethylene (PE), Polypropylene (PP), Polyvinyl Chloride (PVC) and Polystyrene. While engineering and specialty plastics are plastics that exhibit superior mechanical and thermal properties in a wide range of conditions over and above more commonly used commodity plastics and are used for specific purpose. These include styrene derivatives (PS/EPS & SAN/ABS), polycarbonate, poly methyl methacrylate, polycarbonates, poly oxy methylene (POM) plastics etc.

Poly Vinyl Chloride (PVC) industry is important for national economy. Investments are not happening despite the rapidly growing Indian PVC market. The last greenfield investment for a PVC plant in India was conceived in the year 2002-03, when duty differential was a little over 15%. However, while demand has grown by almost 1.6 million tons no new capacity addition has even been envisaged. Indian import duties on PVC are lower than those in the developed world and in the ASEAN Region. Imports of PVC, which were less than 5% of the country's demand ten years ago, are now at almost 50% and growing rapidly every year and are expected to reach to \$3 billion in a few years. Appropriate fiscal measures can propel investments in the PVC sector.

PVC is a synthetic resin made from the polymerization of vinyl chloride. It is the third largest plastic in production and consumption. Technology has gradually improved over time with improvements in safety, product quality, production volume, environmental issues and cost. A key feature of PVC is that it can be combined with additives and fabricated into a wide variety of forms. These include pipes and fittings, profiles and tubes, windows and doors, sidings, wires and cables, film and sheets, toys and other moulded products and floorings. This quality, together with features such as durability, self-extinguishing property, resistance to most chemicals and oil, mechanical strength and ease of processing, means that PVC is a competitive and attractive option for many end uses in construction and infrastructure, agriculture, electrical products and healthcare. Further, only 43% of PVC's content comes from oil. The balance 57% comes from salt, meaning that PVC is less dependent on fossil fuels compared to other materials. This feature, coupled with the fact that PVC products can last up to 100 years, can be recycled and can provide products with good quality to price ratio, greatly reduces life cycle costs of PVC.

The COVID-19 outbreak has resulted in a huge economic crisis across the world. Since the growth in the demand for PVC is directly linked to the rise in GDP, this situation is posing many challenges for the PVC market. Globally, the major PVC-consuming industries, like automotive, electrical and electronics, and building and construction, have been severely hit by the COVID-19 pandemic.

UPVC Windows and Doors

The Indian uPVC doors and windows market witnessed meteoric growth in the last few years, and it is estimated that the market may grow significantly at a CAGR of more than 7% during the forecast period, 2021-2026.

The COVID-19 pandemic and lockdown acted as a massive restraint on the Indian uPVC doors and windows market in 2020, as supply chains were disrupted due to trade restrictions. The purchase of these products was declined due to lockdowns imposed by the Indian government. Due to the COVID-19 pandemic, the market was under pressure in 2020, which restricted the construction of housing and building projects. The lockdown restrictions forced to stop the manufacturing of uPVC products and reduced the purchasing of uPVC products, which resulted in a decline in the overall ASEAN market.

Increasing consumer spending on the construction and renovation of commercial and residential buildings may drive the Indian doors market's growth. Booming demand for energy-efficient and impact-resistant housing infrastructure may lead the industry toward more innovative product materials. Growing awareness about the benefits of uPVC products, rapid urbanization, high migration of working-class population to urban cities, increased personal disposable income, and rise in residential units contributed to the steady growth of this industry. The market is expected to expand synergistically in the mid-long term, due to several other driving factors, including the shortage of household units in the country, the central government's initiatives to develop affordable housing for all by 2022, and the construction of several smart cities across the country. India still has a shortage of 18 million homes. The uPVC material offers insulation against rain, is recyclable, offers UV protection, sound insulation, resistant to saltwater, and impact resistance, and has several other commercial applications. The unplasticized PVC does not have any additive material added to it during production as the normal PVC, and hence, it requires less energy input during production. Therefore, a massive level of residential unit construction is required to meet this demand of the housing sector. The residential sector presents a huge

potential for the expansion and adoption of uPVC doors and windows.

Over the past 15 years, India witnessed exceptional growth in the industrial and real estate sector. Urbanization, construction of smart cities, changing lifestyle due to the emerging middle-class population, and FDI in Indian companies are a few factors that have given a push to new building technologies and materials. uPVC (unplasticized polyvinyl chloride) is one such building material that has gained attention as a replacement to other traditional materials. uPVC has low maintenance, yet it is an effective material in making windows and doors. In the last couple of years, the market has witnessed an increasing demand for uPVC windows and doors due to the host of benefits uPVC offers. uPVC windows and doors provide efficient thermal insulation and help in energy conservation. Not only this, uPVC windows provide high sound insulation with properly fabricated windows and installations. In FY 2015, the Government of India started a project of making 100 smart cities by FY 2020. Safety of the public, energy conservation, and eco-friendliness are prime agendas of smart cities. Owing to the high compliance of uPVC doors and windows in high-rise buildings and aesthetics properties, they are more likely to emerge as the preferred fenestration choice over conventional aluminum and timber counterparts. Moreover, a few infrastructural development projects will be undertaken in these cities, which may provide further impetus to the industry over the period 2019-2023.

Increasing central and state government finances for infrastructure development projects, public funding, and a decline in the construction material prices will boost the product market growth. In addition, private and public partnership projects to support infrastructure development in rural areas are expected to induce immense potential to the industry size till 2024. The announcement of 100 smart cities from the central government, growth in infrastructure due to enormous investment by both governments in India, and the increase in FDI give a clear indication that the UPVC window and door market may get more opportunities and grow at a good rate.

In terms of market share, a few of the major players currently dominate the market. However, with technological advancement and product innovation, mid-size to smaller companies are increasing their market presence by securing new contracts and tapping new markets.

SPC Flooring Industry

The increasing use of Stone Plastic Composite (SPC) Flooring in Commercial Use, Residential Use and

other industries is driving the growth of the Stone Plastic Composite (SPC) Flooring market across the globe.

Global "Stone Plastic Composite (SPC) Flooring Market" is expected to grow at a steady growth during the forecast period 2021-2026, Stone Plastic Composite (SPC) Flooring Market report offers insights into the latest trends. It summarizes key aspects of the market, with focus on leading key player's areas that have witnessed the highest demand, leading regions and applications. It offers qualitative as well as quantitative information regarding the factors, challenges, and opportunities that will define the growth of the market over 2021-2026.

COVID-19 can affect the global economy in three main ways: by directly affecting production and demand, by creating supply chain and market disruption, and by its financial impact on firms and financial markets. The situation across the globe explains that the market will generate remunerative prospects for producers post COVID-19 crisis.

PRODUCT PORTFOLIO

DHABRIYA POLYWOOD LTD. is one of the most reputed name in the manufacturing of uPVC and PVC products for a wide range of building interior & exterior applications. The company was incorporated in the year 1992 with the brand name POLYWOOD with PVC profile products. With continuous growth and innovation, the company extended its product range within the brands: uPVC Windows, uPVC Doors, System Aluminum Windows & Doors, PVC Doors, PVC Wall Panel, PVC Fencing, PVC Furniture, SPC Flooring, PVC foam board.

SPC Flooring

Polywood SPC Flooring is a new type of environment friendly floor that can be recycled. It has the characteristics of 100% waterproof, mold & fungus proof, fire retardant, termite proof, anti-skid, noise free, zero formaldehyde and simple & quick installation.

PVC Door

The most popular material for bathroom doors these days, PVC doors are the material of choice for doors in bathroom. They are not only far more durable and enduring than other door materials but are also more flexible in terms of design options. Despite the fact that wooden doors tend to look elegant, they are usually better saved for other parts of the home. Wood is a naturally absorbent material and has the capacity to soak up humidity and moisture which may result in the warping of the doors over time.

Steel doors, on the other hand, are extremely durable and rugged but not pleasing to the eye. While steel is also naturally resistant to water damage, steel tends to be a bit on the expensive side. Furthermore, another factor that should be considered is that prolonged exposure to humidity and moisture will eventually cause many steel doors to rust. Polywood has a wide range of PVC doors like single panel door, multi panel door, premium egress door, glass designer door, folding door, digital printed door etc.

PVC Wall Panel & False Ceiling

Polywood PVC Wall Panels are extensively used to add look and charm to the residential as well as commercial places. Available in a variety of designs and textures, these are easy to maintain and clean. Being water-proof, it is widely popular at locations where wall seepage is a common problem. Available in a wide range of color and designs. If required these panels can be easily uninstalled to relocate from one place to another. Our range of wall paneling can be customized as per the client's specifications and configuration. These wall panels are non-porous and non-absorbent, thus help in the safe fitting of lighting, access hatches and air-vents.

PVC Furnitures

Polywood modular furniture's help you to make the most of the available space, by effectively giving you plenty of storages and space. Our full spread of features is available for all layouts and designs, allowing you to create a furniture that is built for how you use it. Polywood workstations & Tables help you to utilize and organize your workspace very well. Having a stylish appearance and strong construction, our range of PVC workstations is offered in various textures and designs in order to fulfill the varied requirements of our clients, at market leading rates.

PVC Fencing

Polywood fencing can be used for both interior as well as exterior applications. It can be easily grouted over soil, making it ideal for application around household gardens. One of the biggest advantages is that it has rounded edges with plastic fasteners, no metal parts. Therefore, it is safe even when used around children's. It does not corrode, requires no painting or polishing. Invulnerable to insects or termites and almost no maintenance is required.

There are 2 types of U-PVC fencings – Outdoor UV resistant type – It can be used for both interior as well as exterior applications. It is grouted with sand. Heavy duty concrete filled type – It is used for exterior applications only and is grouted with cement, concrete and iron rod inside the main fence pillars

Confronting the Pandemic

The pandemic affected the business in the same manner as most others in the construction and related industries; Firstly, because of a sudden reduction in the operations of the real estate industry in general, new demand for windows and doors has been compromised. Secondly, labour migration,

transportation and manpower related problems due to lockdown and the panic created by the pandemic have introduced various challenges in delivering the required level of the service to the clients. The situation is now getting from bad to worse with the arrival of the second wave of the pandemic and the economy is also getting disrupted owing to the same.

2. Brief description of the Company's working during the year / State of Company's affair

The Annual Report also includes the Consolidated Financial Statements of the Company, which includes the result of the Company's subsidiaries; viz. Polywood Profiles Private Limited, Dynasty Modular Furnitures Private Limited and Polywood Green Building Systems Private Limited.

At standalone level, your Company operates single segment business viz. uPVC Doors, Windows, PVC Profiles and D-Stona sheets and mouldings. Operational revenue of the Company is reduced over the previous year. The COVID-19 pandemic and subsequent lockdowns severely curtailed our operations for the first half of the year 2020-21. Consequently our business did not register any growth. While the pandemic continues to pose considerable headwinds to the safety of employees and business in general, your company strongly believes that, in coming years, once the pandemic is over, the economy will emerge stronger, than it ever was and it is pertinent time to focus on blueprint for new opportunities and gear up to drive transformations.

The revenue from operations stood at ₹ 5513.84 Lakhs compared with ₹ 6016.15 Lakhs in the

Previous Year, registering a decline of 8.35%. The operating profit before tax stood at ₹ 101.88 Lakhs as against ₹ 260.42 in the Previous Year. Total Comprehensive Income for the year after tax stood at ₹ 69.89 Lakhs compared to ₹ 132.32 Lakhs reported in the Previous Year.

The Consolidated Revenue from operations for financial year 2020-21 was at ₹ 10643.45 Lakhs as against ₹ 11196.43 Lakhs in the Previous Year, registering a decline of 4.94%. The Consolidated operating profit before tax stood at ₹ 619.63 Lakhs as against ₹ 664.36 in the Previous Year. Total Comprehensive Income for the year after tax stood at ₹ 461.04 Lakhs compared to ₹ 423.98 Lakhs reported in the Previous Year.

During the year under review, the interest cost decreased to ₹ 338.37 Lakhs on a standalone basis as against ₹ 344.07 Lakhs during the previous year. The decrease in the interest cost is on account of the repayment of liabilities and negotiation of better terms with bankers. On a consolidated basis, interest cost for the financial year 2020-21 stood at ₹ 437.70 Lakhs as against ₹ 497.99 Lakhs in the previous year.

The Standalone Net Worth as of March 31, 2021, improved to ₹ 3985.54 Lakhs as against ₹ 3915.64

Lakhs, as on March 31, 2020. On a consolidated basis the Net Worth of your Company for the financial year 2020-21 stood at ₹ 5505.76 Lakhs as against ₹ 5044.71 Lakhs previous year. The Standalone earnings per share (basic) as on March 31, 2021, stood at ₹ 0.57 per share as against ₹ 1.34 per share as on March 31, 2020, and on a consolidated basis the earnings per share (basic) as on March 31, 2021, stood at ₹ 4.13 per share as against ₹ 4.07 per share as on March 31, 2020.

3. Covid-19 impact

Covid-19, a global pandemic, has threatened the very existence of human life across the globe. It has caused what seems to be transitory pause to most of the businesses across the globe. Your Company is no exception to these challenges and its effects. During these time, priority of the Company was on the health & safety of the employees and workers. COVID-19 is an unprecedented challenge. The lockdown gave India time to make a concerted effort to flatten the outbreak curve. However, towards later part of the year consequent to significant opening of the economic activity across the nation the demand picked up compared to that during the initial period of Covid-19.

MSME sector, the second highest employer after agriculture, has been impacted very much and would require financial assistance. The government might tweak the existing Emergency Credit Line Guarantee Scheme to provide immediate help to the sector, the sources added. Currently, around 6.5 Cr Micro, Small and Medium Enterprises (MSMEs) contribute 30% of the GDP. Recently, the RBI also announced a loan restructuring scheme for small borrowers amid the pandemic. However, it is said that fiscal stimulus would be effective only once local lockdowns ease and restrictions on business due to curfews are lifted. Most of the states have imposed curfews in their states to contain spiraling COVID infections and deaths. Also, the second COVID wave has dealt a blow to both consumer and investor sentiments, which also need to be lifted.

During the first quarter of the year, the business performance of the Company was severely affected due to stoppage of operations for an uncertain period. During the year, your company faces challenges such as sharp rise in prices of raw materials, local restrictions of movement of people, continuous challenges in Real Estate sector and various other reasons have played its role and impact on the business. However,

Management had anticipated some of these emerging challenges and quickly began calibrating its responses by adopting product specific / market specific models.

India is currently experiencing a massive second wave of Covid-19 infections. However, we expect no major changes in the economic activity as the nation is preparing to face the Pandemic with vaccines and preparedness. The Company continues its business activities, in line with the guidelines issued by the Government authorities, takes steps to strengthen its liquidity position and further explore cost restructuring exercise.

However, your Company is conscious of the significant disruption and impact COVID-19 can have on its employees, clients, partners, investors and the communities in which it operates. We are working hard to contain and mitigate its impact. The Company does not anticipate any challenges in its ability to continue as going concern or meeting its financial obligations. As the situation is unprecedented, the Company is closely monitoring the situation as it evolves in the future.

The primary objectives of your Company's response to the pandemic are to ensure the safety and wellbeing of its employees and partners, to deliver on its commitments to clients in the true spirit of partnership and to secure the financial and operational resilience of the Company.

18. Vigil Mechanism/Whistle Blower Policy

In accordance with the provisions of the Companies Act, 2013 and Listing Regulations, Vigil Mechanism for directors and employees to report genuine concerns has been established. The Vigil Mechanism provides for adequate safeguards against victimization of persons who use the Vigil Mechanism and direct access to the Chairperson of the Audit Committee of the Board of Directors of the Company in appropriate or exceptional cases. The Vigil Mechanism Policy has been uploaded on the website of the Company at www.polywood.org.

19. Risk Management

In today's economic environment, Risk Management is a very important part of business. The main aim of risk management is to identify, monitor and take precautionary measures in respect of the events that may pose risks for the business. The risk management framework is reviewed periodically by the Board and the Audit Committee. Your Company has identified the following risks and successfully mitigate risk arising from time to time:

(a) Covid-19 Pandemic

The Covid-19 pandemic continues to challenge business in every possible way and has amplified existing risks. The pandemic has impacted consumer behavior, growth plans and supply chains. The actions taken by various governments to contain the pandemic, such as closing of borders and lockdown restrictions, have resulted in significant disruption to people and businesses.

Mitigation Strategies: In responding to this crisis, our primary objective has been to ensure the safety of our employees and put in place mechanisms to protect the financial wellbeing of the Company and protect its long-term prospects.

(b) Macroeconomic and uncertainty in external environment

The Company's operations are exposed to economic risks, commercial instability and global events beyond the control of the Company which might have adverse impact on it. The business may underperform as a result of the economic slowdown.

Mitigation Strategies: The Company's revenue stream is diversified from multi geographies, thereby reducing its dependency on one market. Further, it maintains strong balance sheet, liquidity position and relationship with stakeholders which enables it to mitigate any uncertainties.

(c) Commodity & Raw Material Price Risk

Risk of price fluctuation on basic raw materials like PVC resin as well as finished goods used in the process of manufacturing. This may lead to rise in input cost in turn putting pressure on the Company's margin and profitability.

Mitigation Strategies: Your Company commands excellent business relationship with suppliers. In case of major fluctuation either upwards or downwards, the matter will

be mutually discussed and compensated both ways. Further, its long-standing relationship with suppliers gives the Company a better bargaining position. Moreover, it's established presence across the globe enables it to procure raw material from different geographies at competitive price.

(d) Quality Risk

Inability to maintain the quality of the products as well as adhered to relevant quality standards might have adverse impact on the Company's reputation as well as financial position.

Mitigation Strategies: Your Company adheres to stringent quality standards and ensures that all its products are defect free and of superior quality. The Company has also received various quality certification.

(e) Competition Risk

Your Company is always exposed to competition Risk particularly from Chinese products. The increase in competition can create pressure on margins, market share etc.

Mitigation Strategies: Over the years, the Company has established itself as one of the most trusted companies in its sector by continuous efforts to enhance the brand image of the Company, by focusing on R&D, quality, cost, timely delivery, best customer service and by introducing new product range commensurate with demands.

(f) Product Risk

The Company's inability to manufacture different products could hurt offtake.

Mitigation Strategies: The Company is engaged in the manufacturing of uPVC Doors, Windows, PVC Profiles and D-Stona Sheets & mouldings. The wide portfolio of products will enable the Company to cater to the different market segments, thereby enhancing visibility.

(g) Environment Risk

The Plastic industry is one of the environment concern industry in the country. Any change in government regulation viz ban on plastic may hinder our manufacturing and related process which may adversely affect our business and financial condition of the Company.

Mitigation Strategies: In the last 25 years your company has been an undeniable part of the "Save Trees" campaign by bringing into

the minds of the people to use of PVC and uPVC Products. The company has always focused on innovation & technology in order to actively support the concern "Save Trees" by providing high quality wood substitute and environment friendly products to its customers. Further, company has almost saved eight lakhs trees every year by providing wood substitute products.

(h) Human Resource Risk

A skilled and talented workforce is the key to an organization's success. Attrition and non-availability of the required talent resource can affect the overall performance of the Company.

Mitigation Strategies: Your Company's ability to deliver value is dependent on its ability to attract, retain and nurture talent. By continuously benchmarking of the best HR practices across the industry and carrying out necessary improvements to attract and retain the best talent. We regularly undertakes training and development programmes to enhance the skill of its employee. Further, company also conducts health check-ups to ensure the safety and wellbeing of its workforce. Also, recruitment is across almost all states of India which helps to mitigate this risk and we do not anticipate any major issue for the coming years.

The duties of Board of Directors have been enumerated in Listing Regulations, Section 166 of the Companies Act, 2013 and Schedule IV of the said Act (Schedule IV is specifically for Independent Directors). There is a clear demarcation of responsibility and authority amongst the Board of Directors.

The Chairman and Managing Director

His primary role is to provide leadership to the Board in achieving goals of the Company. He is responsible for transforming the Company into a world-class organization. He is responsible, inter-alia, for the working of the Board and for ensuring that all relevant issues are placed before the Board and that all Directors are encouraged to provide their expert guidance on the relevant issues raised in the meetings of the Board. He is also responsible for formulating the corporate strategy along with other members of the Board of Directors. His role, inter alia, includes:

- ✦ Provide leadership to the Board and preside over all Board and General Meetings.
- ✦ Achieve goals in accordance with Company's overall vision.
- ✦ Ensure that Board decisions are aligned with Company's strategic policy.
- ✦ Ensure to place all relevant matters before the Board and encourage healthy participation by all Directors to enable them to provide their expert guidance.
- ✦ Monitor the core management team.

Non-Executive Directors (including Independent Directors)

Non-Executive Directors play a critical role in balancing the functioning of the Board by providing independent judgements on various issues raised in the Board Meetings like formulation of business strategies, monitoring of performances, etc. Their role, inter- alia, includes:

- ✦ Impart balance to the Board by providing independent judgement.
- ✦ Provide feedback on Company's strategy and performance.
- ✦ Provide effective feedback and recommendations for further improvements.

FAMILIARISATION PROGRAMME FOR DIRECTORS

At the time of appointing a Director, a formal letter of appointment is given to him, which inter alia explains the role, function, duties and responsibilities expected from him as a Director of the Company. The Director is also explained in detail the Compliance required from him under Companies Act, 2013, the Listing Regulations and other various statutes and an affirmation is obtained. The Chairman and Managing Director also has a one-to-one discussion with the newly appointed Director to familiarize him with the Company's operations. Further, on an ongoing basis as a part of Agenda of Board / Committee Meetings, presentations are regularly made to the Independent Directors on various matters inter-alia covering the Company's and its subsidiaries/associates businesses and operations, industry and regulatory updates, strategy, finance, risk management framework, role, rights, responsibilities of the Independent Directors under various statutes and other relevant matters. The details of the familiarization programme for Directors are available on the Company's website, viz. www.polywood.org.

GOVERNANCE CODES

Code of Business Conduct & Ethics

The Company has adopted code of Business Conduct & Ethics ("the Code") which is applicable to the Board of Directors and Senior Management Team (One Level below the Board) of the Company. The Board of Directors and the members of Senior Management team are required to affirm semi-annual compliance of this code. A declaration signed by the Chairman and Managing Director of the Company to this effect is placed at the end of this report. The code requires Directors and Employees to act honestly, fairly, ethically and with integrity, conduct themselves in professional, courteous and respectful manner. The code is displayed on the website of the Company viz. www.polywood.org.

Conflict of Interest

Each Director informs the Company on an annual basis about the Board and the Committee positions he occupies in other Companies including Chairmanships and notifies changes during the year. The Members of the Board while discharging their duties, avoid conflict of interest in the decision-making process. The members of the Board restrict themselves from any discussions and voting in transactions that they have concern or interest.

Insider Trading Code

The Company has adopted a 'Code of Internal Procedures and Conduct for Regulating, Monitoring and Reporting of Trading by Insiders' ("the Code") in accordance with the SEBI (Prohibition of Insider Trading) Regulations, 2015 as amended from time to time ("The PIT Regulations").

The Code is applicable to the Promoters and Promoters Group, all Directors and such designated employees who are expected to have access to unpublished price sensitive information relating to the Company. The Company Secretary is the Compliance Officer for monitoring adherence to the said PIT Regulations.

The Company has put in place adequate and effective system of internal controls to ensure compliance with the requirements of the PIT Regulations. A structured digital database is being maintained by the Company, which contains the names and other particulars as prescribed of the persons covered under the Codes drawn up pursuant to the PIT Regulations. The Company has already implemented an online module for enabling the Promoters, Promoter's Group, Directors and Designated Persons to submit their Disclosures and take requisite approvals under the PIT Regulations. This online module also facilitates Updation of their shareholding in the Company as well as details of their immediate relatives and the persons with whom they share material financial relationship in a seamless manner.

The Company has formulated the 'Policy on Procedure of Inquiry in case of leak/suspected leak of Unpublished Price Sensitive Information' ('UPSI'). The policy is formulated to maintain ethical standards in dealing with sensitive information of the Company by persons who have access to UPSI. The rationale of the policy is to strengthen the internal control systems to ensure that the UPSI is not communicated to any person except in accordance with the Insider Trading Regulations. The Policy also provides an investigation procedure in case of leak/suspected leak of UPSI.

The Company has also formulated a Policy for determination of 'legitimate purposes' as a part of the Code of Practices and Procedures for Fair Disclosure of UPSI as per the requirements of the Insider Trading Regulations. The Company Secretary has been appointed as the Compliance Officer for ensuring implementation of the codes for fair disclosure and conduct. The Board, designated persons and other connected persons have affirmed compliance with the Code. This Code is displayed on the Company's website viz. www.polywood.org.

COMMITTEES OF THE BOARD

The Board of Directors have constituted Board Committees to deal with specific areas and activities which concern the Company and requires a closer review. The Board Committees are formed with approval of the Board and function under their respective Charters. These Committees play an important role in the overall management of day-to-day affairs and governance of the Company. Means of Communication to Shareholders

Effective communication of information is an essential component of Corporate Governance. It is a process of sharing information, thoughts, ideas and plans to all stakeholders which promotes management-shareholder relations. The Company regularly interacts with shareholders through multiple channel of communication such as results announcement, annual report, media releases, Company's website.

1. The Unaudited quarterly/half yearly results are announced within Forty-Five days of the close of the quarter (or such other extended timeline as may be allowed by the SEBI/MCA). The audited annual results are announced within sixty days from the closure of the financial year (or such other extended timeline as may be allowed by the SEBI/MCA) as per the requirement of the Listing Regulation
2. The approved financial results are forthwith sent to the stock exchange and are published in a national English newspaper and in local language (Hindi) newspaper, within forty-eight hours of approval thereof and displayed on the Company's website – www.polywood.org. The weblink for the same is <https://www.polywood.org/financial-reporting/>
3. The Annual Report containing inter-alia the Audited Standalone and Consolidated Financial Statements, Auditors' Report thereon, Directors Report, Corporate Governance Report and Management Discussion and Analysis report is circulated to the Members and others entitled thereto. The Annual Report is also available on the website of the Company and on the website of the Stock Exchanges where the Company's shares are listed.
4. The quarterly results, Shareholding pattern, quarterly/half yearly/yearly compliances and all other corporate communication to the stock exchange viz. BSE Limited of India are filed electronically. The Company has complied with filing submissions through BSE's BSE Listing Centre.
5. A Separate dedicated section under "Investor" on the Company's website gives relevant information of interest to the investors/public like shareholding pattern, quarterly results and other relevant information of interest to the investors/public.

6. SEBI processes investor complaints in a centralized web-based complaints redressal system i.e. SCORES. Through this system a shareholder can lodge complaint against a company for his grievance. The Company uploads the action taken on the complaint which can be viewed by the shareholder. The Company and shareholder can seek and provide clarifications online through SEBI.

Share transfer system

As all the shares of the Company are held in dematerialized mode, the transfer takes place instantaneously between the transferor, transferee, and the Depository Participant through electronic debit/credit of the accounts involved. In compliance with the Listing Regulation, a Practicing Company Secretary carries out audit of the system and a certificate to that effect is issued.

However, as per SEBI Notification No. SEBI/LAD-NRO/GN/2018/24 dated June 08, 2018 and further amendment vide Notification no. SEBI/LAD-NRO/GN/2018/49 dated November 30, 2018, requests for effecting transfer of securities (except in case of transmission or transposition of securities) shall not be processed from April 01, 2019, unless the securities are held in dematerialized form with the depositories.

Nomination

Nomination facility in respect of shares held in electronic form is available with the Depository Participants as per the bye-laws and business rules applicable to NSDL and CDSL. Nomination form can be obtained from the Company's Registrar and Transfer Agent.

Electronic Clearing Service

The Securities and Exchange Board of India (SEBI) has made it mandatory for all Companies to use the Bank account details furnished by the depositories for depositing dividends. Dividend will be credited to the Members bank account through ECS wherever complete core banking details are available with the Company. In case where the core banking details are not available, dividend warrants will be used to the Members with bank details printed thereon as available in the Company's records. INDEPENDENT AUDITOR'S REPORT

To the Members of
Dhabriya Polywood Limited

Report on the Consolidated Financial Statements

We have audited the accompanying Consolidated Financial Statements of **DHABRIYA POLYWOOD LIMITED** (hereinafter referred to as "the Holding Company") and its Subsidiaries (the Holding Company and its Subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31st March, 2021, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement, for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate Financial Statements and on the other financial information of the subsidiaries, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards ("Ind AS"), of the consolidated state of affairs of the Group as at March 31, 2021, their consolidated profit including other comprehensive income, consolidated changes in equity and their consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) as specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a

basis for our audit opinion on the Consolidated Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements for the financial year ended March 31, 2021. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matter to be communicated in our report. We have fulfilled the responsibilities described in the Auditors' responsibilities for the audit of the Consolidated Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Consolidated Financial Statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Consolidated Financial Statements.

A. Revenue Recognition**Key Audit Matter Description**

The Group's revenue is principally derived from sale of products of PVC-uPVC Profile Sections, Doors, Windows, Modular Furniture Products and others. Revenue from sale of goods is recognized when control of the products being sold is transferred to the customer and when there are no unfulfilled obligations. The performance obligations in the contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on terms of order / contract with the customer. Revenue is measured at fair value of the consideration received or receivable after deduction of any trade/volume discounts and taxes or duties collected.

We identified revenue recognition as a key audit matter since revenue is significant to the financial statements and is required to be recognized as per the requirements of applicable accounting framework.

How our audit addressed the Key Audit Matter

- ✦ We assessed the appropriateness of the revenue recognition accounting policies by comparing them with applicable Indian Accounting Standards (Ind AS).
- ✦ Evaluated the process followed by the management for revenue recognition including understanding and testing of key controls related to recognition of revenue in correct period.
- ✦ Performed substantive testing on samples selected using statistical sampling of revenue transactions, recorded during the year by testing the underlying documents to determine whether revenue has been recognized correctly.
- ✦ Tested, on a sample basis, specific revenue transactions recorded before and after the financial year end date including examination of credit notes issued after the year end to determine whether the revenue has been recognized in the appropriate financial period, and timely. Based on the above stated procedures, no significant exceptions were noted in revenue recognition.

B. Inventory Existence and Valuation

Key Audit Matter Description

There are complexities and manual process involved in determining inventory quantities on hand and valuation of the same due to the Group's presence across different locations within the country, diverse & numerous inventory products and work in progress at different stages of the processes at various manufacturing units. Accordingly inventory quantities and valuation is identified as a key audit Matter.

How our audit addressed the Key Audit Matter

- ✦ We have attended inventory counts, which we selected based on financial significance and risk, observed management's inventory count procedures to assess the effectiveness, selected a sample of inventory products and compared the quantities counted to the quantities recorded and ensured inventory adjustments, if any, are recorded in the books of accounts.
- ✦ Assessed whether the management's internal controls relating to inventory's valuation are appropriately designed and implemented.

- ✦ Discussed with the management on the management's process of identifying the stages of completion and valuing work in progress stock at the time of book closure process.
- ✦ Verified the correctness of valuation made by the management on a sample basis, with regard to the cost and net realizable value of inventory.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements in terms of the requirements of the Act that gives a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with the Companies (Indian accounting standards) Rules 2015, as amended from time to time.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing & detecting frauds and other

irregularities, selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent, and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the audit of Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one

resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company and its subsidiaries, which are companies incorporated in India, have adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the Financial Statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible

for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements and other financial information, in respect of three subsidiaries, whose Ind AS financial statements reflects total assets of ₹ 3631.89 Lacs as at March 31, 2021, total revenues of ₹ 5878.74 Lacs, total net profit after tax of ₹ 385.82 Lakhs, total comprehensive income of ₹ 391.15 Lacs and net cash outflow of ₹ 1.35 Lakhs, for the year ended on that date, as considered in the Consolidated Financial Statements. These Ind AS financial statements and other financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Financial Statements, in so far as it related to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of section 143(3) of the Act, in so far as it relates to aforesaid subsidiaries, are based solely on the reports of the other auditors.

Our opinion on the Consolidated Financial Statements and our report on the Other Legal and Regulatory

Requirements below, is not modified in respect of above matters with respect to our reliance on the work done and the reports of the other auditors and financial information certified by the management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries as noted in the 'other matters' paragraph we report, to the extent applicable, that:

- (a) We/the other auditors whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the Consolidated Financial Statements.
- (d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
- (e) On the basis of the written representations received from the Directors of the Holding Company as on 31st March, 2021, taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies in India is disqualified as on 31st March, 2021 from being appointed as a Director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its

subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate Report in “Annexure” to this report.

- (g) In our opinion and based on the consideration of reports of other statutory auditors of the subsidiaries, incorporated in India, the managerial remuneration for the year ended March 31, 2021 has been paid/provided by the Holding Company and its subsidiaries to their directors in accordance with the provisions of Section 197 read with Schedule V to the Act.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries, as noted in the 'Other Matters' paragraph:

- (i) The Consolidated Financial Statements discloses the impact of pending litigations on its consolidated financial position of the Group;
- (ii) The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
- (iii) There were no amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT

Referred to under “Report on Other Legal and Regulatory Requirements” of our report of even date to the members of **Dhabriya Polywood Limited** on the Consolidated Financial Statements for the year ended March 31, 2021

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended March 31, 2021, we have audited the internal financial controls over financial reporting of **DHABRIYA POLYWOOD LIMITED** (hereinafter referred to as “the Holding Company”) and its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”), as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Group’s internal financial controls with reference to the financial statements of Holding Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we

comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting with reference to these Consolidated Financial Statements included obtaining an understanding of internal financial controls over financial reporting with reference to these Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors of the subsidiary company in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Group’s internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls over Financial Reporting with reference to these Consolidated Financial Statements

A Group’s internal financial controls over financial reporting with reference to these Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Group’s internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Group; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Group are being made

only in accordance with authorizations of Management and Directors of the respective company in the Group; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Group's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting with reference to these Consolidated Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these Consolidated Financial Statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors, as referred to in the Other Matters below, the Holding Company and its subsidiary Companies which are Companies incorporated in India, have, in all material respects, an adequate internal financial controls over

financial reporting with reference to these Consolidated Financial Statements and such internal financial controls over financial reporting with reference to these Consolidated Financial Statements were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting with reference to these Consolidated Financial Statements of the Holding Company, in so far as it relates to separate financial statements of three subsidiary companies, which are companies incorporated in India, is based on the corresponding report of the auditors of such subsidiary companies incorporated in India.

1. **CORPORATE INFORMATION**

The Consolidated Financial Statements comprise financial statements of “Dhabriya Polywood Limited” (the Holding Company) and its subsidiaries collectively referred to as “the Group”, for the year ended 31st March, 2021.

The principal activities of the Group consists of manufacturing & supply of Extruded PVC Profile Sections, Dstona Sheets & Moldings for various furnishing & furniture applications (i.e. Doors, Partitions, Ceiling, Paneling, fencing, prefabs, interior & furnishing etc.), uPVC Windows & Door Systems, Aluminum Windows & Doors, and of Modular Furniture Products. All the product range of Group is developed & produced on Save Tress concept without using natural wood. Further details about the business operations of the Group are provided ‘Segment Reporting’ in the notes to these Consolidated Financial Statements.

2. **SIGNIFICANT ACCOUNTING POLICIES**

A. **BASIS OF PREPERATION AND PRESENTATION**

These Consolidated Financial Statements of the Group have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the ‘Ind AS’) as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 (‘Act’) read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act. The accounting policies are applied consistently to all the periods presented in the Consolidated Financial Statements. The Consolidated Financial Statements have been prepared on a historical cost basis except for certain financial instruments which are measured at fair value at the end of each reporting period.

B. **PRINCIPLES OF CONSOLIDATION**

- (i) The financial statements of the Holding Company and its subsidiaries are combined on a line-by-line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.

- (ii) Profits or losses resulting from intra-group transactions that are recognized in assets, such as inventory and Property, Plant and Equipment, are eliminated in full.
- (iii) The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.
- (iv) The carrying amount of the parent’s investment in each subsidiary is offset (eliminated) against the parent’s portion of equity in each subsidiary.
- (v) Non-Controlling Interest’s share of profit/loss of consolidated subsidiaries for the year is identified and adjusted against the income of the Group in order to arrive at the net income attributable to shareholders of the Company.
- (vi) Non-Controlling Interest’s share of net assets of consolidated subsidiaries is identified and presented in the Consolidated Balance Sheet.

C. **CURRENT AND NON-CURRENT CLASSIFICATION**

The Group presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification.

An asset is treated as Current when it is :

- ⌘ Expected to be realized or intended to be sold or consumed in normal operating cycle;
- ⌘ Expected to be realized within twelve months after the reporting period, or
- ⌘ Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when it is :

- ⌘ Expected to be settled in normal operating cycle;
- ⌘ Due to be settled within twelve months after the reporting period, or

- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

D. PROPERTY, PLANT AND EQUIPMENT

On transition to Ind AS the Group had adopted the optional exemption under Ind AS 101 to use the carrying value of the Property, plant and equipment as the deemed cost. Subsequently Property, plant and equipment are stated at cost of acquisition or construction net of recoverable taxes, trade discount and rebates less accumulated depreciation and accumulated impairment losses, if any. For this purpose, cost includes deemed cost which represents the carrying value of property, plant and equipment recognized as at 1st April, 2016 measured as per the previous GAAP. Cost of acquisition or construction is inclusive of freight, duties, relevant taxes, incidental expenses and interest on loans attributable to the acquisition of qualifying assets, up to the date of commissioning of the assets. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for qualifying assets, up-to the date of commissioning of the assets. All repair and maintenance costs are recognized in profit or loss as incurred. Assets are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use.

Capital work-in-progress – Assets which are not yet ready for their intended use are carried at cost comprising direct cost, related incidental expenses and attributable interest.

Depreciation methods, estimated useful lives and residual value

Depreciation on Property, plant and equipment is provided to the extent of depreciable amount on the Written Down Value (WDV) Method on the basis of useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 to allocate their cost, net of their residual values, over their estimated useful lives. Depreciation on additions and deletion during the year has

been provided on pro rata basis with reference to the date of addition and deletion. The residual values and useful lives are reviewed and adjusted if appropriate at the end of each reporting period.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit and loss within other income or other expenses, as applicable.

E. INVESTMENT PROPERTY

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. Investment properties are depreciated using the written down value method over their estimated useful life.

F. IMPAIRMENT OF ASSETS

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period. The Group bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Group's cash-generating units to which the individual assets are allocated. Impairment losses, if any, are recognized in the statement of profit and loss. After

impairment depreciation is provided on the revised carrying amount of the asset over its remaining useful life. An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the group estimates the asset's or cash-generating unit's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of profit and loss unless the asset is carried at a revalued amount, in which case the reversal is treated as a revaluation increase.

G. FOREIGN CURRENCY TRANSACTIONS

The functional currency of the Group is Indian rupee. Transactions denominated in foreign currencies are normally recorded on initial recognition at the exchange rate prevailing at the time of transaction. Monetary items (i.e. liabilities and assets etc.) denominated in foreign currency at the year-end are translated at the functional currency closing rate of exchange at the reporting date.

Any income or expenses on account of exchange difference either on settlement of monetary items or on reporting these items at rates different from rates at which these were initially recorded / reported in previous Consolidated Financial Statements are recognized as income / expense in the statement of profit and loss except in cases where they relate to acquisition of fixed assets in which case, they are adjusted to the carrying cost of such assets.

H. CASH AND CASH EQUIVALENTS

For the purpose of presentation in the cash flow statement, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash

and which are subject to an insignificant risk of changes in value. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

I. TRADE RECEIVABLES

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment, if any.

J. INVENTORIES

Raw materials, Packing Materials, stores, spares & consumables, work in progress and finished goods are stated at the lower of cost and net realizable value. Cost of raw materials, packing materials comprises cost of purchases, non-refundable purchase taxes and any directly attributable expenses related to inventories. Cost of raw materials, packing materials, stores, spares & consumables is determined on a first in first out method. Cost of work-in-progress and finished goods comprises materials and appropriate proportion of all variable and fixed overhead expenditures, which is allocated on a systematic basis. Costs of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts, if any. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

K. TRADE AND OTHER PAYABLES

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within twelve months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

L. BORROWING

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at

amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in the statement of profit and loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

M. REVENUE RECOGNITION

Sale of Goods :- Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment, net of returns and allowances, trade discounts and volume rebates. Sales of products is net of goods and service tax.

Revenue is recognized when the significant risks and rewards of ownership have been transferred to the customer, recovery of the consideration is probable, the associated costs can be estimated reliably, there is no continuing management involvement with the goods nor it exercises effective control over the goods and the amount of revenue can be measured reliably. The timing of the transfer of risks and rewards varies depending on the individual terms of the sales arrangements.

Income from Services: Revenue from sale of services are recognized when services are rendered and related costs are incurred. Income from services is net of goods and service tax.

Other Income: Interest income from a financial asset is recognized when it is probable that the economic benefit will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective rate applicable, which is the rate that discounts estimated future cash receipts through the

expected life of the financial assets to that asset's net carrying amount on initial recognition.

N. BORROWING COST

Borrowing Costs directly attributable to the acquisition, construction and production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognized in Profit and Loss in the period in which they are incurred.

O. EMPLOYEE BENEFITS

Short Term Employee Benefits

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Post-Employment Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Group pays specified contributions to a separate entity. The Group makes specified monthly contributions towards Provident Fund (PF) and Employee State Insurance (ESI) to the eligible employees. The Group's contribution is recognized as employee benefit expenses in Profit and Loss during the period in which the employee renders the related service.

Defined Benefit Plans

The Group provides for gratuity, a defined benefit retirement plan to the employees whoever has completed five years of service with the Group at the time of retirement, death while in employment or on termination of employment or otherwise as per the provisions of The Payment of Gratuity Act, 1972. Group accounts for liability of future gratuity benefits bases on an external actuarial valuation on projected unit credit

method carried out annually for assessing liability as at the balance sheet date.

P. INCOME TAXES

Current Income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss i.e. in other comprehensive income. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts at the reporting date. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Group has a legally enforceable right for such set off. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss i.e. in other comprehensive income.

Q. PROVISIONS AND CONTINGENT LIABILITIES

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, for which it is probable that a cash outflow may be required and a reliable estimate can be made of the amount of the obligation. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period,

taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursements will be received and the amount of the receivable can be measured reliably.

Contingent liabilities are disclosed after evaluation of the facts and legal aspects of the matter involved, in line with the provisions of Ind AS 37. The Group records a liability for any claims where a potential loss probable and capable of being estimated and discloses such matters in its financial statements, if material. For potential losses that are considered possible, but not probable, the Group provides disclosures in the financial statements but does not record a liability in its financial statements unless the loss becomes probable.

R. FINANCIAL INSTRUMENTS

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss ("FVTPL")) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in statement of profit and loss.

FINANCIAL ASSETS

Initial recognition and measurement:

On initial recognition, a financial asset is recognized at fair value. All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair

value through profit or loss (FVTPL) or fair value through other comprehensive income (FVOCI) depending on the classification of the financial assets. Financial assets are not reclassified subsequent to their recognition, except if and in the period the Group changes its business model for managing financial assets.

Derecognition

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the contractual rights to receive the cash flows from the asset.

Impairment of financial assets

The Group assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Group recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the lifetime expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Classification as equity

Equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognized at the proceeds received, net of direct issue costs. Repurchase of the Group's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in statement of profit and loss on the purchase, sale, issue or cancellation of the Group's own equity instruments.

Financial liabilities

Financial liabilities are recognized when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortized cost unless at initial recognition, they are classified as fair value through profit or loss. In case of trade payables, they are initially recognized at fair value and subsequently, these liabilities are held at amortized cost, using the effective interest method.

All financial liabilities are subsequently measured at amortized cost using the effective interest method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

Interest expense are included in the 'Finance costs' line item. The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or Modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Offsetting

Financial assets and financial liabilities are offset, and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on

a net basis, to realize the assets and settle the liabilities simultaneously.

S. EARNING PER SHARE

Basic earnings per share is calculated by dividing the net profit for the current year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The number of shares used in computing diluted earnings per share comprises the weighted average share considered for calculating basic earnings per share, and also the weighted average number of shares, which would have been issued on the conversion of all dilutive potential equity shares. Potential dilutive equity shares are deemed to be converted as at the beginning of the period unless they have been issued at a later date. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares as appropriate.

T. OPERATING CYCLE

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Group has determined its operating cycle as twelve months for the purpose of classification of its assets and liabilities as current and non-current.

3. CRITICAL ESTIMATES AND JUDGEMENTS

The preparation of the Consolidated Financial Statements in conformity with recognition and measurement principles of Ind AS requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period

in which estimates are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the key assumptions concerning the future, and other sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities in future are:

(i) **Useful lives and residual value of property, plant and equipment and intangible assets:**

Useful life and residual value are determined by the management based on a technical evaluation considering nature of asset, past experience, estimated usage of the asset, vendor's advice etc. and same is reviewed at each financial year end.

(ii) **Taxation:**

Tax expense is calculated using applicable tax rate and laws that have been enacted or substantially enacted. In arriving at taxable profit and all tax bases of assets and liabilities, the Group determines the taxability based on tax enactments, relevant judicial pronouncements and tax expert opinions, and makes appropriate provisions which includes an estimation of the likely outcome of any open tax assessments / litigations, if any. Any difference is recognised on closure of assessment or in the period in which they are agreed.

Deferred income tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, unabsorbed depreciation and unused tax credits could be utilized.

44. FINANCIAL INSTRUMENTS**(a) Capital Risk Management**

For the purpose of the Group's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity shareholders of the Company. The Group's objective when managing capital is to safeguard its ability to continue as a going concern so that it can continue to provide returns to shareholders and other stakeholders.

The Group manages its capital structure and makes adjustments in light of changes in the financial condition and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders (buy back its shares) or issue new shares.

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. The Group has complied with these covenants and there have been no breaches in the financial covenants of any interest-bearing loans and borrowings. No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2021 and March 31, 2020.

The Group monitors its capital using gearing ratio which is net debt divided to total equity. Net debt includes, interest bearing loans and borrowings less cash and cash equivalents, bank balances other than cash and cash equivalents.

(c) Financial Risk Management objects and policies

In its ordinary operations, the Group's activities expose it to the various types of risks, which are associated with the financial instruments and markets in which it operates. The Group has a risk management policy which covers the foreign exchanges risks and other risks associated with the financial assets and liabilities such as interest rate risks and credit risks. The risk management policy is approved by the board of directors. The following is the summary of the main risks.

Market Risk

Market Risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of the change in the market prices. The Group is exposed in the ordinary course of its business to risks related to changes in foreign currency exchange rates, commodity prices and interest rates.

Interest Rate Risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair value of fixed interest-bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest-bearing investments will fluctuate because of fluctuations in the interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations.

Foreign Currency Risk

The Group is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD related to the imports of its raw material and capital assets. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Group's functional currency (INR).

Credit Risk

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in financial loss to the Group. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of credit worthiness as well as concentration risks.

Group's credit risk arise principally from the trade receivables and advances. Customer credit risk is managed centrally by the Group and subject to established policy, procedures and control relating to the customer credit risk management. Credit quality of a customer is assessed based on financial position, past performance, business/economic conditions, market reputation, expected business etc. Based on that credit limit and credit terms are decided. Outstanding customer receivables are regularly monitored. Trade receivables consist of a large number of customers spread across diverse industries and geographical areas with no significant concentrations of credit risk. The outstanding trade receivables are regularly monitored and appropriate action is taken for collection of overdue receivables.

Liquidity Risk

The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities. Expected contractual maturity for financial liabilities:

Report on the Audit of Standalone Financial Statements

We have audited the accompanying Standalone Financial Statements of **DHABRIYA POLYWOOD LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Standalone Financial Statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit including other comprehensive income, its cash flows and changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) as specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements find as and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements for the financial year ended March 31, 2021. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter

below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matter to be communicated in our report. We have fulfilled the responsibilities described in the Auditors' responsibilities for the audit of the Standalone Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Standalone Financial Statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Standalone Financial Statements.

A. Revenue Recognition**Key Audit Matter Description**

The Company's revenue is principally derived from sale of products of PVC-uPVC Profile Sections, Doors, Windows and others. Revenue from sale of goods is recognized when control of the products being sold is transferred to the customer and when there are no unfulfilled obligations. The performance obligations in the contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on terms of order / contract with the customer. Revenue is measured at fair value of the consideration received or receivable after deduction of any trade/volume discounts and taxes or duties collected.

We identified revenue recognition as a key audit matter since revenue is significant to the financial statements and is required to be recognized as per the requirements of applicable accounting framework.

How our audit addressed the Key Audit Matter

- ✎ We assessed the appropriateness of the revenue recognition accounting policies by comparing them with applicable Indian Accounting Standards (Ind AS).
- ✎ Evaluated the process followed by the management for revenue recognition including understanding and testing of key controls related to recognition of revenue in correct period.

- ☞ Performed substantive testing on samples selected using statistical sampling of revenue transactions, recorded during the year by testing the underlying documents to determine whether revenue has been recognized correctly.
- ☞ Tested, on a sample basis, specific revenue transactions recorded before and after the financial year end date including examination of credit notes issued after the year end to determine whether the revenue has been recognized in the appropriate financial period, and timely. Based on the above stated procedures, no significant exceptions were noted in revenue recognition.

B. Inventory Existence and Valuation

Key Audit Matter Description

Inventory is held in various locations by the Company. There are complexities and manual process involved in determining inventory quantities on hand and valuation of the same due to the Company's presence across different locations within the country, diverse & numerous inventory products and work in progress at different stages of the processes at various manufacturing units. Therefore inventory quantities and valuation is identified as a key audit matter.

How our audit addressed the Key Audit Matter

- ☞ We have attended inventory counts, which we selected based on financial significance and risk, observed management's inventory count procedures to assess the effectiveness, selected a sample of inventory products and compared the quantities counted to the quantities recorded and ensured inventory adjustments, if any, are recorded in the books of accounts.
- ☞ Assessed whether the management's internal controls relating to inventory's valuation are appropriately designed and implemented.
- ☞ Discussed with the management on the management's process of identifying the stages of completion and valuing work in progress stock at the time of book closure process.
- ☞ Verified the correctness of valuation made by the management on a sample basis, with

regard to the cost and net realizable value of inventory.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with the Companies (Indian accounting standards) Rules 2015, as amended from time to time.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent, and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free

from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the audit of Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements for the financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

Referred to in Paragraph 2(f) under “Report on Other Legal and Regulatory Requirements” section of our report of even date

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **DHABRIYA POLYWOOD LIMITED** (“the Company”) as of March 31, 2021, in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal

control stated in the “Guidance Note on Audit of Internal Financial Controls Over Financial Reporting” (the “Guidance Note”) issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical

requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material mis-statement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these Standalone Financial Statements.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of Management and Directors of the Company; and (3) provide reasonable

assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls over financial reporting with reference to these Standalone Financial Statements and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

All the product range of Company is developed & produced on Save Tress concept without using natural wood.

2. **SIGNIFICANT ACCOUNTING POLICIES**

A. **BASIS OF PREPERATION AND PRESENTATION**

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act. The accounting policies are applied consistently to all the periods presented in the financial statements. The financial statements have been prepared on a historical cost basis except for certain financial instruments which are measured at fair value at the end of each reporting period.

B. **CURRENT AND NON-CURRENT CLASSIFICATION**

The Company presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification.

An asset is treated as Current when it is :

- ✧ Expected to be realized or intended to be sold or consumed in normal operating cycle;
- ✧ Expected to be realized within twelve months after the reporting period, or

- ✧ Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when it is :

- ✧ Expected to be settled in normal operating cycle;
- ✧ Due to be settled within twelve months after the reporting period, or
- ✧ There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

C. **REVENUE RECOGNITION**

Sale of Goods :- Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment, net of returns and allowances, trade discounts and volume rebates. Sales of products is net of Goods and Service Tax.

Revenue is recognized when the significant risks and rewards of ownership have been transferred to the customer, recovery of the consideration is probable, the associated costs can be estimated reliably, there is no continuing management involvement with the goods nor it exercises effective control over the goods and the amount of revenue can be measured reliably. The timing of the transfer of risks and rewards varies depending on the individual terms of the sales arrangements.

Income from Services: Revenue from sale of services are recognized when services are rendered and related costs are incurred. Income from services is also net of Goods and Service Tax.

Other Income: Interest income from a financial asset is recognized when it is probable that the economic benefit will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective rate applicable, which is the rate that discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.

D. PROPERTY, PLANT AND EQUIPMENT

On transition to Ind AS the Company had adopted the optional exemption under Ind AS 101 to use the carrying value of the Property, plant and equipment as the deemed cost. Subsequently Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment losses, if any. For this purpose, cost includes deemed cost which represents the carrying value of property, plant and equipment recognized as at 1st April 2016 measured as per the previous GAAP. Cost of acquisition or construction is inclusive of freight, duties, relevant taxes, incidental expenses and interest on loans attributable to the acquisition of qualifying assets, up to the date of commissioning of the assets. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for qualifying assets, up-to the date of commissioning of the assets. All repair and maintenance costs are recognized in profit or loss as incurred. Assets are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use.

Capital work-in-progress – Assets which are not yet ready for their intended use are carried at cost comprising direct cost, related incidental expenses and attributable interest.

Depreciation methods, estimated useful lives and residual value

Depreciation on Property, plant and equipment is provided to the extent of depreciable amount on the Written Down Value Method on the basis of useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 to allocate their cost, net of their residual values, over their estimated useful lives. Depreciation on additions and

deletion during the year has been provided on pro rata basis with reference to the date of addition and deletion. The residual values and useful lives are reviewed and adjusted if appropriate at the end of each reporting period.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit and loss within other income or other expenses, as applicable.

E. INVESTMENT PROPERTY

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. Investment properties are depreciated using the written down value method over their estimated useful life.

F. IMPAIRMENT OF ASSETS

The carrying amount of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss will be recognised in the Statement of Profit and Loss wherever the carrying amount of an asset exceeds its estimated recoverable amount. When an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss. Provision for impairment will be reviewed periodically and amended depending on changes in circumstances.

G. FOREIGN CURRENCY TRANSACTIONS

The functional currency of the Company is Indian rupee. Transactions denominated in foreign currencies are normally recorded on initial recognition at the exchange rate prevailing at the time of transaction. Monetary items (i.e. liabilities and assets etc.) denominated in foreign currency at the year-end are translated at the functional currency closing rate of exchange at the reporting date.

Any income or expenses on account of exchange difference either on settlement of monetary items or on reporting these items at rates different from rates at which these were initially recorded / reported in previous financial statements are recognized as income / expense in the statement of profit and loss except in cases where they relate to acquisition of fixed assets in which case, they are adjusted to the carrying cost of such assets.

H. CASH AND CASH EQUIVALENTS

For the purpose of presentation in the cash flow statement, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts, if any, are shown within borrowings in current liabilities in the balance sheet.

I. TRADE RECEIVABLES

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment, if any.

J. INVENTORIES

Raw materials, Packing Materials, stores, spares & consumables, work in progress and finished goods are stated at the lower of cost and net realizable value. Cost of raw materials, packing materials comprises cost of purchases, non-refundable purchase taxes and any directly attributable expenses related to inventories. Cost of raw materials, packing materials, stores, spares & consumables is determined on a first in first out method. Cost

of work-in-progress and finished goods comprises materials and appropriate proportion of all variable and fixed overhead expenditures, which is allocated on a systematic basis.

Costs of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts, if any. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

K. INVESTEMENT IN SUBSIDIARIES

A subsidiary is an entity controlled by the Company. Control exists when the Company has power over the entity, is exposed, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns.

Investments in subsidiaries are carried at cost. The cost comprises price paid to acquire investment and directly attributable cost. The Company reviews its carrying value of long-term investments in equity shares of subsidiaries carried at cost at the end of each reporting period. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

L. TRADE AND OTHER PAYABLES

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within twelve months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

M. BORROWING

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the

redemption amount is recognized in the statement of profit and loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

N. BORROWING COST

Borrowing Costs directly attributable to the acquisition, construction and production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognized in Profit and Loss in the period in which they are incurred.

O. EMPLOYEE BENEFITS

Short Term Employee Benefits

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Post-Employment Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund (PF) and Employee State Insurance (ESI) to the eligible employees. The Company's contribution is recognized as employee benefit expenses in Profit and Loss during the period in which the employee renders the related service.

Defined Benefit Plans

The Company provides for gratuity, a defined benefit retirement plan to the employees whoever has completed five years of service with the Company at the time of retirement, death while in employment or on termination of employment or otherwise as per the provisions of The Payment of Gratuity Act, 1972. Company accounts for liability of future gratuity benefits bases on an external actuarial valuation on projected unit credit method carried out annually for assessing liability as at the balance sheet date.

P. FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss ("FVTPL")) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in statement of profit and loss.

FINANCIAL ASSETS

Initial recognition and measurement:

On initial recognition, a financial asset is recognized at fair value. All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVOCI) depending on the classification of the financial assets. Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the contractual rights to receive the cash flows from the asset.

Investment in Subsidiaries:

The Company's investment in equity instruments of Subsidiaries are accounted for at cost as per Ind AS 27, including adjustment for fair value of obligations, if any, in relation to such subsidiaries.

Impairment of financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the lifetime expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition.

FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Classification as equity

Equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs. Repurchase of the Company's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial liabilities

Financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortized cost unless at initial recognition, they are classified as fair value through profit or loss. In case of trade payables, they are

initially recognized at fair value and subsequently, these liabilities are held at amortized cost, using the effective interest method.

All financial liabilities are subsequently measured at amortized cost using the effective interest method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss. Interest expense are included in the 'Finance costs' line item. The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or Modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Offsetting

Financial assets and financial liabilities are offset, and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

Q. INCOME TAXES

Current Income Tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the

reporting date. Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss i.e. in other comprehensive income or equity.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts at the reporting date. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss i.e. in other comprehensive income.

R. PROVISIONS AND CONTINGENT LIABILITIES

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, for which it is probable that a cash outflow may be required and a reliable estimate can be made of the amount of the obligation. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from

a third party, a receivable is recognized as an asset if it is virtually certain that reimbursements will be received and the amount of the receivable can be measured reliably.

Contingent liabilities are disclosed after evaluation of the facts and legal aspects of the matter involved, in line with the provisions of Ind AS 37. The Company records a liability for any claims where a potential loss probable and capable of being estimated and discloses such matters in its financial statements, if material. For potential losses that are considered possible, but not probable, the Company provides disclosures in the financial statements but does not record a liability in its financial statements unless the loss becomes probable.

S. EARNING PER SHARE

Basic earnings per share is calculated by dividing the net profit for the current year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The number of shares used in computing diluted earnings per share comprises the weighted average share considered for calculating basic earnings per share, and also the weighted average number of shares, which would have been issued on the conversion of all dilutive potential equity shares. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares as appropriate.

T. OPERATING CYCLE

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as twelve months for the purpose of classification of its assets and liabilities as current and non-current.

3. CRITICAL ESTIMATES AND JUDGEMENTS

The preparation of the financial statements in conformity with recognition and measurement principles of Ind AS requires the Management to

make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which estimates are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the key judgements and estimations concerning the future and other sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities in future are:

(i) Useful lives and residual value of property, plant and equipment and intangible assets :

Useful life and residual value are determined by the management based on a technical evaluation considering nature of asset, past experience, estimated usage of the asset, vendor's advice etc and same is reviewed at each financial year end.

(ii) Taxation :

Tax expense is calculated using applicable tax rate and laws that have been enacted or substantially enacted. In arriving at taxable profit and all tax bases of assets and liabilities, the Company determines the taxability based on tax enactments, relevant judicial pronouncements and tax expert opinions, and makes appropriate provisions which includes an estimation of the likely outcome of any open tax assessments / litigations, if any. Any difference is recognized on closure of assessment or in the period in which they are agreed.

Deferred income tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, unabsorbed depreciation and unused tax credits could be utilized.

(iii) Impairment of investments:

The Company reviews its carrying value of long-term investments in equity shares of subsidiaries and other companies carried at cost at the end of each reporting period. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

45. FINANCIAL INSTRUMENTS

(a) Capital Risk Management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity shareholders of the Company. The Company's objective when managing capital is to safeguard its ability to continue as a going concern so that it can continue to provide returns to shareholders and other stakeholders.

The Company manages its capital structure and makes adjustments in light of changes in the financial condition and the requirements of the financial covenants. To maintain or adjust the capital structure, the

Company may adjust the dividend payment to shareholders, return capital to shareholders (buy back its shares) or issue new shares.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. The Company has complied with these covenants and there have been no breaches in the financial covenants of any interest-bearing loans and borrowings. No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2021 and March 31, 2020.

The Company monitors its capital using gearing ratio which is net debt divided to total equity. Net debt includes, interest bearing loans and borrowings less cash and cash equivalents, bank balances other than cash and cash equivalents.

(c) Financial Risk Management objects and policies

In its ordinary operations, the company's activities expose it to the various types of risks, which are associated with the financial instruments and markets in which it operates. The Company has a risk management policy which covers the foreign exchanges risks and other risks associated with the financial assets and liabilities such as interest rate risks and credit risks. The risk management policy is approved by the board of directors. The following is the summary of the main risks.

Market Risk

Market Risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of the change in the market prices. The Company is exposed in the ordinary course of its business to risks related to changes in foreign currency exchange rates, commodity prices and interest rates.

Interest Rate Risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair value of fixed interest-bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest-bearing investments will fluctuate because of fluctuations in the interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations.

Foreign Currency Risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD related to the imports of its raw material and capital assets. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR).

Credit Risk

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in financial loss to the Company. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of credit worthiness as well as concentration risks.

Company's credit risk arise principally from the trade receivables and advances. Customer credit risk is managed centrally by the Company and subject to established policy, procedures and control relating to the customer credit risk management. Credit quality of a customer is assessed based on financial position, past performance, business/economic conditions, market reputation, expected business etc. Based on that credit limit and credit terms are decided. Outstanding customer receivables are regularly monitored. Trade receivables consist of a large number of customers spread across diverse industries and geographical areas with no significant concentrations of credit risk. The outstanding trade receivables are regularly monitored and appropriate action is taken for collection of overdue receivables.

Liquidity Risk

The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities. Expected contractual maturity for financial liabilities:
