H. A. Mafatlal

Dear Shareholders,

It is a matter of pride that our company is the owner of one of India's most cherished and widely recalled textile brands, and that we are an integral part of our customers' lives.

Leveraging the rich legacy of the over-100 year-old Mafatlal brand, we made product additions, extensions and launches; we widened our sales and distribution networks; we integrated our value-chain and optimised cost structures; we emerged a quicker opportunity-centric enterprise.

In a major initiative, we amalgamated Mafatlal Denim Limited and Mishapar Investments Limited into Mafatlal Industries Limited with effect from 1 April 2012. The post-amalgamated entity of Mafatlal Industries Limited now represents the flagship of our Group, with 2012-13 revenues of ₹840.38 crs and net profit of ₹37.16 crs.

At Mafatlal Industries, we believe that these financials, combined with

a portfolio encompassing multiple products across multiple price points, serving the interest of multiple demographics (discerning individuals to fashionable women to corporates to school children), represent the fundamentals of a solid and sustainable textiles enterprise.

The product-market convergence

The rejuvenated Mafatlal Industries has added denim to its comprehensive fabric and textile range. The addition enjoys attractive prospects: almost half of India's 1.2-billion-strong population is in the 20-35 year age bracket and yet, India's per capita denim consumption of 0.3 pairs compares poorly with a figure of about two pairs in the US.

At Mafatlal Industries, we are well-placed to capitalise on this correcting under-consumption. We have a wide range of fashion denim products suitable for men, women and children; we also address the demanding needs

At Mafatlal Industries, we believe that the amalgamation will create a whole that is larger than the sum of its constituents

of an international clientele. In line with this optimism, we are expanding our denim and fabric capacities. We expect that this expansion will widen our portfolio, strengthen our brand and enrich client relationships.

Amalgamation impact

At Mafatlal Industries, we believe that the amalgamation will create a whole that is larger than the sum of its constituents through the following realities:

- **Positioning:** The amalgamation will reinforce our positioning as a one-stop textiles shop
- **Operations:** Our two manufacturing facilities (Navsari and Nadiad) are vertically-integrated composite mills with a value chain that extends from spinning, weaving, dyeing, processing to finishing, using some of the world's best equipment. Our responsiveness to customer requirements will make it possible to address market demand in India and abroad resulting in high capacity utilisation, minimal asset idling and better cost coverage
- **Scale:** Our combined operations will leverage benefits derived from scale and strengthen procurement economies among raw material and other resource suppliers
- **Innovation:** Technical competencies and increasing knowledge-sharing will make it possible to adapt to ever-evolving trends
- **Distribution:** We possess a strong distribution network wherein our products are available pan-India and internationally
- **Productivity:** The amalgamation will enable a superior sharing of technical and managerial resources, enabling us to enhance productivity and optimise manpower costs while ensuring cross-training and career advancement for employees
- **Balance Sheet:** A strong Balance Sheet will make it possible to raise relatively cheap funds, if and when required, especially on the back of low leverage
- **Expansion:** Land is available in our existing manufacturing complexes, enabling us to scale capacities at relatively low costs

Our blueprint

Going ahead, we expect to strengthen our working through conscious value-addition, re-establishing our relationships with Mafatlal Family Shops to strengthen our direct retail presence, focusing on the growing markets of Tier-III and IV Indian towns and key global markets, focusing on governmental / institutional requirements and starting new initiatives in e-commerce.

In view of these realities and initiatives, we expect to enhance value for those who work with us and depend upon us.

Sincerely,

H. A. Mafatlal

Chairman

² The Board of Directors had changed the financial year 2011-12 to end on 31st March, 2012 instead of 30th June, 2012. Hence, the previous financial year was for a period of nine months.

In view of the above, the financial results for the financial year 2012-13 are not comparable with those for the financial year 2011-12.

2. Dividend:

Though the Arvind Mafatlal Group has been in the textile business since 1905, Mafatlal Industries Limited was incorporated on 20th January, 1913. To mark this 'Centenary Year', in addition to the normal dividend of ₹3/- per share (@ 30%), a Special Centenary Dividend of ₹2/- per share (@ 20%) aggregating to ₹5/- per Equity Share (@ 50%) on 1,39,12,886 Equity Shares of face value of ₹10 each has been recommended by the Board.

3. Year in Retrospect:

The year under review was a historic year for the Company in many ways. The Company completed 100 years of its existence and also took a major decision in amalgamating Mafatlal Denim Limited and Mishapar Investments Limited with itself as per the Scheme of Amalgamation sanctioned by Hon'ble High Courts of Gujarat and Mumbai with effect from the appointed date of 01.04.2012.

The benefits of the amalgamation are reflected in the increase in Revenue to ₹840.38 crores, PBITD to ₹89.99 crores and PAT to ₹37.16 crores for FY 12-13.

The general business environment continued to be challenging due to the uncertain global economic scenario and the deceleration of India's GDP growth. Your Company has fine-tuned its business strategy by focusing on capital investments, cost reduction initiatives through VRS, improvement in product mix and creating a visibility for further strengthening Mafatlals brand.

4. Amalgamation of Mishapar Investments Limited and Mafatlal Denim Limited with the Company:

The Scheme of Arrangement and Amalgamation of Mishapar Investments Limited (Wholly-Owned Subsidiary Company) and

Mafatlal Denim Limited (Promoter Group Company) with the Company has been sanctioned by the Hon'ble High Court of Gujarat and Hon'ble High Court of Judicature at Bombay vide Orders dated 8th April, 2013 and 26th April, 2013 respectively, with effect from 1st April, 2012 (Appointed Date). The Company has filed a copy of the above referred Orders with the Registrar of Companies, Gujarat and the Registrar of Companies, Maharashtra and the said Scheme has become effective w.e.f. 28th May, 2013.

The Company has issued and allotted 40,99,415 Equity Shares of face value of ₹10/- each fully paid-up to the shareholders of Mafatlal Denim Limited on 30th May, 2013 in ratio of 1:10 as per the Scheme. The Company has submitted applications for listing of 40,99,415 Equity Shares of face value of ₹10/- each to BSE Limited (BSE) and Ahmedabad Stock Exchange Limited (ASE).

5. Project Promotion Division:

NOCIL Limited (NOCIL):

The year experienced one of the most challenging business environments which the rubber chemicals industry has ever faced. Most major customers of NOCIL undertook significant production cuts to align their production with the decline in the demand from the automobile sector. This in turn, resulted in lower demand for Rubber Chemicals.

Despite this, NOCIL's turnover for the year under review, touched ₹527 crore as compared to ₹511 crore in the previous year, representing an increase of about 3%. The net profit was ₹42.49 crores as compared to ₹33.99 crores in the previous year.

As reported last year, one of the major initiatives undertaken by NOCIL's management, was to set-up a new manufacturing facility at Dahej in Gujarat, with a much improved process technology, to produce a key intermediate for an important product in the range of rubber chemicals. The said facility commenced commercial production from early March 2013.

6. Energy, Absorption and Foreign Exchange Earnings and out go:

Management Discussion and Analysis

Economy review

Global economic scenario remained turbulent in the year under review, especially in Europe. The uncertainties continued to remain in the current year as well. India's GDP growth decelerated for the second year in succession due to abysmal performance in all the sectors, specially in the manufacturing sector.

Textiles sector highlights 2012-13

The Indian textiles sector rebounded after a poor 2011-12, growing about 7.5% on higher volumes and improved realization. Total yarn production increased about 6.8% while total fabric production grew about 7.1% in 2012-13.

Exports remained sluggish, order sizes declining for apparel exporters even as realisations increased due to rupee depreciation. The year was marked by a restoration of operating margins for textile players across the value chain led by steady cotton prices and positive liquidity. After trending upwards over June-August 2012, raw cotton prices declined in September 2012 due to higher-than-expected domestic cotton arrivals.

Industry outlook

The Indian textiles market is expected to grow attractively for the following reasons:

- Increasing retail penetration: Textiles and clothing retail comprise 40% of organised retailing in India; an increase in the share of organised retail from about 5% to about 24% by FY 2020 could increase retail clothing offtake.
- Higher disposable incomes: India's per capita income is estimated at USD 1200 per annum and rising.
- Favorable demographic profile: The proportion of India's economically productive population (15-60 years) in its total population is rising; almost 50% of its population below 26 catalyses textile consumption.

- Higher urban growth: India's urban population (and related incomes) is rising rapidly, strengthening apparel consumption.
- Rising rural disposable incomes and aspirations are driving the offtake of textile products.

Indian textiles industry growth

India's domestic textile and apparel market is estimated at about USD 58 billion with the potential to grow at a 9.5% CAGR to a size of USD 141 billion by 2021. India's share of the world's textile and apparel exports stands at 4.5%. With an increasing shift of textile and apparel production to Asia and declining Chinese competitiveness, this figure is expected to increase to 8% by 2020 with a corresponding export value of USD 82 billion. Mafatlal Industries is cautiously optimistic of its prospects for FY14 on account of a stronger product mix, wider distribution network and amalgamation benefits.

Denim industry

Denim acceptance is rising in India, the fabric being accepted as comfort and fashion wear in urban and rural India. The Indian denim market is estimated at about 300 mn pairs of jeans and projected to grow to 550-600 million pairs by 2015-16.

Half of India's population is less than 26 years of age. Nearly 80% of India's denim is consumed by men, but women's denim wear is projected to grow faster and account for more than 25% of the total market by 2015.

Mafatlal Industries analysis

A 100 year old reputed textile company continues to counter its weaknesses arising out of old equipments, rising labour and utility costs by capital investments in technology and expanding its product portfolio to cater to large customer base.

The significant opportunities for the company are an ever growing demand for its quality products in India and for expanding its global business due to window arising out of gradual decline in China's competitiveness. The threats to

the company, closely monitored and addressed, comprise of fluctuating raw material costs, volatile exchange rates and competition from global and Indian low cost producers.

Operational review

The period under review saw the implementation of the company's business strategy objectives comprising of continued capital investments in the latest processing equipment, cost reduction initiatives and improvement of the product mix.

An amount of ₹43 crores was spent on capex in the Nadiad and Navsari factories during the year. State-of-the-art machines for process house and for product development were ordered and some of them have been installed and commissioned during the year. Procurement and installation of the balance machines is in progress and will be completed by June 2013. The captive power co-generation plant of 3 MW capacity was ordered during the year and will be operational by March 2014. This will reduce cost of power and increase process house production capacity. These facilities will improve the Company's competitiveness in the domestic and international markets in terms of cost and quality as well as focus on higher value added products resulting in improved profitability.

The VRS scheme, which was started in the previous period, was continued in the current year as well. A total of 1,145 employees (37% of the total workforce) have accepted VRS up to March 2013.

With the availability of working capital and refurbishment of retained old machinery as well as installation of new machines, the production levels witnessed a substantial increase during the current year.

During the year, several initiatives were taken to create a visibility for further strengthening Mafatlal's brand and towards this end, the dealer and distribution network was significantly increased Pan India. Several new products were also launched including a range of home furnishing products, premium suitings and linen fabrics. The Company is now amongst the largest suppliers of School Uniforms in India. The corporate business and institutional wear business was also buoyant.

The denim plant at Navsari continues to run at full capacity. An additional capex of ₹28 crores was spent during the year to further increase the denim capacity. The denim fall-winter 2012 collection was well accepted by our customers.

The cotton scenario during the year was quite stable. The Indian Cotton prices moved in a narrow range and the level of price volatility reduced compared to the previous year.

Following the amalgamation, the Company's financial highlights (not strictly comparable with the previous year) are mentioned below:

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF

MAFATLAL INDUSTRIES LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of **MAFATLAL INDUSTRIES LIMITED** ("the Company") which comprise the Balance Sheet as at 31st March, 2013, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended and a summary of the significant accounting policies and other explanatory information, in which are incorporated the Returns for the year ended on that date audited by the branch auditors of the Company's branches at Ahmedabad and Nadiad Units / Branches audited by other auditors.

Management's Responsibility for the Financial Statements

The Company's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in Section 211(3C) of the Companies Act, 1956 ("the Act") and in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by

the Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

1. *Attention is invited to Note no. 30.8 which was also the subject matter of our report similarly qualified in the previous period, regarding non - accounting of rent/recovery of expenses for the reasons stated therein which constitutes a departure from the Accounting Standard (AS) 1 'Disclosure of Accounting Policies' and Accounting Standard (AS) 9 'Revenue Recognition' referred to in Section 211(3C) of the Act; if the same is considered, rental income from investment property would be higher by aggregate amount of ₹ 186.29 lacs (aggregate upto 31st March 2012 ₹ 754.11 lacs), income tax, net profit and shareholder's funds would have been increased by ₹ 60.45 lacs, ₹ 125.84 lacs and by ₹ 125.84 lacs respectively (previous period ended 31st March 2012: increased by ₹ 244.71 lacs, ₹ 509.40 lacs and ₹ 509.40 lacs respectively).*

Total remuneration of ₹ 281.85 lacs was paid to the said directors during the period 1st April, 2011 to 31st March, 2013. The said approval is pending from the Ministry Of Corporate Affairs and accordingly, we are unable to comment on the impact, if any arising out of the same in these financial statements.*

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for the effect of the matter described in para 1 of the Basis for Qualified Opinion paragraph above and possible effect of the matter described in para 2 of the Basis for Qualified Opinion paragraph above*, and based on the consideration of the report of the other auditors on the financial statements of an amalgamating company referred to below in the Other Matter paragraph, the aforesaid financial statements give the information required by the Act

in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2013;
- (b) in the case of the Statement of Profit and Loss, of the profit of the Company for the year ended on that date; and
- (c) in the case of the Cash Flow Statement, of the cash flows of the Company for the year ended on that date.

Emphasis of Matter

We draw attention to the Note no. 30.3 (1e) to the financial statements regarding the write-off of Goodwill of ₹ 3,931.71 lacs arising on amalgamation of Mishapar Investments Ltd. with the Company and adjustment thereof from the Securities Premium Account, in accordance with the approved Scheme of Amalgamation as no specific accounting treatment has been prescribed in the Accounting Standards (AS) notified pursuant to the Companies (Accounting Standards) Rules, 2006 as per Section 211(3C) of the Companies Act, 1956.

Our opinion is not qualified in respect of this matter.

These financial statements and other financial information have been audited by other auditors whose report has been furnished to us by the Management and our opinion, in so far as it relates to the amounts and disclosures included in respect of this amalgamating company, is solely based on the reports of other auditors.

Our opinion is not qualified in respect of this matter.

o. Provisions and contingencies

A provision is recognized when the Company has a legal and constructive obligation as a result of a past event, for which it is probable that cash outflow will be required and a reliable estimate can be made of the amount of the obligation. As stipulated by the provisions of the Companies Act, 1956 requiring the approval of the Central Government for appointment and remuneration of Managerial personnel in the case, inter alia, of a company that is in default in payment of its debts, the erstwhile MDL had made the applications to the Government on June 20, 2011 seeking approval for the re-appointment and payment of remuneration to Mr. Rajiv Dayal and Mr. Vishad P. TO THE BOARD OF DIRECTORS OF
MAFATLAL INDUSTRIES LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying Consolidated Financial Statements of **MAFATLAL INDUSTRIES LIMITED** (the "Company"), its subsidiaries and jointly controlled entity (the Company, its subsidiaries and jointly controlled entity constitute "the Group"), which comprise the Consolidated Balance Sheet as at 31st March, 2013, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information. The Consolidated Financial Statements include investments in associates accounted on the equity method in accordance with Accounting Standard 23 (Accounting for Investments in Associates in Consolidated Financial Statements) as notified under the Companies (Accounting Standards) Rules, 2006.

Management's Responsibility for the Consolidated Financial Statements

The Company's Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making

those risk assessments, the auditor considers internal control relevant to the Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

1. *Attention is invited to Note no. 30.13 which was also the subject matter of our report similarly qualified in the previous period, regarding non - accounting of rent/ recovery of expenses for the reasons stated therein which constitutes a departure from the Accounting Standard (AS) 1 'Disclosure of Accounting Policies' and Accounting Standard (AS) 9 'Revenue Recognition' referred to in Section 211(3C) of the Act; if the same is considered, rental income from investment property would be higher by aggregate amount of ₹186.29 lacs (aggregate upto 31st March 2012 ₹754.11 lacs), income tax, net profit and shareholders' funds would have been increased by ₹60.45 lacs, ₹125.84 lacs and by ₹125.84 lacs respectively (previous period ended 31st March 2012: increased by ₹244.71 lacs, ₹509.40 lacs and ₹509.40 lacs respectively).*
2. *Attention is invited to Note no. 32.1(a) to the financial statement, in the earlier year, the erstwhile Mafatlal Denim Limited (the Amalgamating Company) had made representation to the Ministry of Corporate Affairs against the rejection of application under sections 269, 198, 309 and 310 of the Act, relating to re-appointment and payment of remuneration with effect from 1st April 2011 of two whole-time directors. Total remuneration of ₹281.85 lacs was paid to the said directors during the period 1st April 2011 to 31st March 2013. The said approval is pending from the Ministry of Corporate Affairs and accordingly, we are unable to comment on the impact, if any arising out of the same in these financial statements.*

3. (i) *The financial statements of one subsidiary and four associates are not available for consolidation. This was also the subject matter of our report similarly qualified in the previous period for one subsidiary and two associates.*
- (ii) *The Consolidated Financial Statements also includes the unaudited Financial Statements of a Jointly Controlled Entity whose financial statement reflects total assets of ₹45.17 lacs as at 31st March 2013 and total losses of ₹2.94 lacs for the period ended 31st March 2013 in the Consolidated Financial Statements.*
4. *In respect of the following issues, our report was modified in the previous period which are no longer relevant for the current year:*
 - a) *Non provision of workers' dues of salaries and wages, provident fund, reinstatement, back wages and other benefits as per the settlement (amount unascertainable) (Refer Note no. 30.6).*
 - b) *Non provision of interest and liquidated damages of ₹20,964.13 lacs on unsecured loans (amount unascertainable) (Refer Note no. 30.6).*
 - c) *Crediting of principal amount of loan written back of ₹1,480.28 lacs to the capital reserve in a subsidiary.*

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for the effects of the matter described in sub-para 1 of the Basis for Qualified Opinion paragraph above and possible effects of the matters described in sub-para 2 and sub-para 3 of the Basis for Qualified Opinion paragraph above (in the previous period, adverse opinion was issued in view of the matters described in sub-para 4 above),* the aforesaid consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India.

- (a) in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at 31st March, 2013;
- (b) in the case of the Consolidated Statement of Profit and Loss, of the profit of the Group for the year ended on that date; and
- (c) in the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

Emphasis of Matter

We draw attention to the Note 30.3 (1e) to the financial statements regarding the write-off of Goodwill of ₹3,931.71 lacs arising on amalgamation of Mishapar Investments Ltd. with the Company and adjustment thereof from the Securities Premium Account, in accordance with the approved Scheme of Amalgamation as no specific accounting treatment has been prescribed in the Accounting Standards (AS) notified pursuant to the Companies (Accounting Standards) Rules, 2006 as per Section 211(3C) of the Companies Act, 1956.

Our opinion is not qualified in respect of this matter.

Other Matters

1. We did not audit the financial statements of three subsidiaries, whose financial statements reflect total assets (net) of ₹53.00 lacs as at 31st March, 2013, total revenues of ₹25.03 lacs and net cash flows amounting to ₹16.94 lacs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors.
2. We did not audit the financial statement of erstwhile Mafatlal Denim Limited ("the amalgamating company"), which reflect total assets of ₹21,946.56 lacs as at 31st March 2013, total revenue of ₹29,679.11 lacs and net profit before tax of ₹3,919.52 lacs for the year ended on that date, as considered in the financial statements pursuant to amalgamation with the Company (refer note 30.3). These financial statements and other financial information have been audited by other auditors whose report has been furnished to us by the Management and our opinion, in so far as it relates to the amounts and disclosures included in respect of this amalgamating company, is solely based on the reports of other auditors.

Our opinion is not qualified in respect of these matters.

■ Notes forming part of Consolidated Financial Statements

n. Taxes on income

Tax expenses comprise both current and deferred tax at the applicable enacted/ substantively enacted rates. Current tax represents the amount of income tax payable/ recoverable in respect of the taxable income/ loss for the reporting period.

Deferred tax represents the effect of timing differences between taxable income and accounting income for the reporting period that originate in one period and are capable of reversal in one or more subsequent periods. Deferred Tax Assets and Liabilities are measured using the tax rates and tax laws that have been enacted or are substantively enacted by the balance sheet date. In the event of unabsorbed depreciation and carry forward of losses, deferred tax assets are recognized only to the extent that there is a virtual certainty supported by convincing evidence that sufficient future taxable income will be available to realize such assets. In other situations, deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available to realize these assets.

Minimum Alternate Tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternate Tax under the Income Tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

o. Impairment of tangible assets

Impairment loss is provided to the extent the carrying amount of assets exceed their recoverable amount. Recoverable amount is the higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash-flows expected to arise from the continuing use of the asset and from its disposal at the end of its useful life. Net selling price is the amount obtainable from sale of the asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal.

p. Provisions and contingencies

A provision is recognized when the Company has a legal and constructive obligation as a result of a past event, for which it is probable that cash outflow will be required and a reliable estimate can be made of the amount of the obligation. A contingent liability is disclosed when the Company has a possible or present obligation where it is not probable that an outflow of resources will be required to settle it. Contingent assets are neither recognized nor disclosed in the financial statement.

q. Service tax input credit

Service tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is no uncertainty in availing/utilizing the credits.

- 32.1 a) Mafatlal Denim Limited (MDL), the erstwhile company which has amalgamated with the Company had re-appointed Mr. Rajiv Dayal as Managing Director & Chief Executive Officer and Mr. Vishad P. Mafatlal as Joint Managing Director of MDL with effect from April 1, 2011 for a term of 5 years. Managerial remuneration of ₹ 139.28 lacs had been paid during the year 2011-12. As stipulated by the provisions of the Companies Act, 1956 requiring the approval of the Central Government for appointment and remuneration of Managerial personnel in the case, inter alia, of a Company that is in default in payment of its debts, the erstwhile MDL had made the applications to the Government on June 20, 2011 seeking approval for the re-appointment and payment of remuneration to Mr. Rajiv Dayal and Mr. Vishad P. Mafatlal.

The erstwhile MDL was technically in default to SICOM Limited, a Secured lender pending the Sanction of the Section 391 Scheme pending before the Hon'ble Gujarat High Court. SICOM declined to give their No Objection Certificate for the re-appointments for the reason that they already had their debts adjudicated by the Hon'ble Debt Recovery Tribunal, Mumbai. The Government rejected the applications of MDL on September 23, 2011 for the reason that MDL had not submitted No Objection Certificate from SICOM, one of the Secured lenders. MDL made representations on October 3, 2011 for reconsideration of the applications and was following up with the Government.

Subsequently, SICOM Limited assigned the entire Debt in favour of M/s. Mishapar Investments Limited (another Company that amalgamated with the Company) on July 26, 2012. Thereafter, MDL obtained the No Objection Certificate from the said assignee and approached the MCA once again on September 5, 2012. Pursuant to the said letter, MCA advised MDL to file the applications afresh. Accordingly, MDL has filed Fresh Applications on October 25, 2012 and awaits their approval.

- b) An amount of ₹ 964.05 lacs waived by SICOM Limited at the time of assignment has been accounted as Reliefs and concessions on assignment of Liabilities.
- 32.2 Mr Rajiv Dayal and Mr Vishad P. Mafatlal have been appointed as the Managing Director and Joint Managing Director respectively in the Board Meeting held on 28th May 2013. Their appointment is subject to the shareholders' approval at the ensuing Annual General Meeting.
- 32.3 Figures for the current year are for twelve months and figures for the previous period are for nine months. Hence, the figures of Statement of Profit and Loss are not comparable.
- 32.4 Previous period's figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification / disclosure.

Note no. 32.1(a), Page no. 91 of the Standalone Financial Statement and Note no. 32.1(a), Page no. 136 of the Consolidated Financial Statement:

Mafatlat Denim Limited (MDL), the erstwhile company which has amalgamated with the Company had re-appointed Mr. Rajiv Dayal as Managing Director & Chief Executive Officer and Mr. Vishad P. Mafatlal as Joint Managing Director of MDL with effect from April 1, 2011 for a term of 5 years. Managerial remuneration of Rs.281.85 lakhs had been paid during the year 2011-13. As stipulated by the provisions of the Companies Act, 1956 requiring the approval of the Central Government for appointment and remuneration of Managerial personnel in the case, inter alia, of a company that is in default in payment of its debts, the erstwhile MDL had made the applications to the Government on June 20, 2011 seeking approval for the re-appointment and payment of remuneration to Mr. Rajiv Dayal and Mr. Vishad P. Mafatlal.

The erstwhile MDL was technically in default to SICOM Limited, a Secured lender pending the Sanction of the Section 391 Scheme pending before the Hon'ble Gujarat High Court. SICOM declined to give their No Objection Certificate for the reappointments for the reason that they already had their debts adjudicated by the Hon'ble Debt Recovery Tribunal, Mumbai. The Government rejected the applications of MDL on September 23, 2011 for the reason that MDL had not submitted No Objection Certificate from SICOM, one of the Secured lenders. MDL has made an application for reconsideration, as default to the secured lenders no longer exists.

Subsequently, SICOM Limited assigned the entire Debt in favour of M/s. Mishapur Investments Limited (another Company that amalgamated with the Company) on July 26, 2012. Thereafter, MDL obtained the No Objection Certificate from the said assignee and approached the MCA once again on September 5, 2012. Pursuant to the said letter, MCA advised MDL to file the applications afresh. Accordingly, MDL has filed Fresh Applications on October 25, 2012 and awaits their approval.
