Auditors' Qualification	Directors' comment on qualification
<i>Material uncertainty related to Going Concern in respect of preparation of financial statements of the company on Going Concern basis the company has negative net worth of Rs 2471.10 lakhs and current liabilities exceed current assets by aggregating of Rs. 2752.06 lakhs. As stated in Note No. 7 of the financial results the OTS scheme which was approved by Union Bank in the year 2021-2022 on 4th of February 2022 has been cancelled by the Union Bank of India in January 2020 3 due to non-payment of Rs.8.71 crore due to till December 2022. Therefore, The loan waiver of Rs 1287.93 lakhs which has been credited to the profit and loss account in the year 2021-2022 has been reversed in the current financial year 2020-2023. The Company has provided interest rupees 50.57 lakhs on 30th September 2022 in the books as per the OTS Scheme. The same as the reversed an account of cancellation of OTS Scheme. The company has not provided any interest since long and interest will be provided at the payment of the final settlement of loan. These condition indicate the existence of material uncertainty that may cast significant doubt on the company's ability to continue as a Going Concern and therefore the company may be unable to realize its Assets and discharge is liability in the normal course of business we are unable to determine as to whether any adjustments that would have been necessary and required to be made in respect of trade receivable, trade payables, borrowing current liabilities, loans and advances and contingent liabilities as at 31st March 2023. And in respect of</i>	During the last couple of financial year due to high fuel prices and other adverse conditions in the market caused the increase in the working expenses of the company resulting in the losses to the company, due to which accumulated losses piled up. During last Financial Year company tried to raise fund through preferential allotment couldn't succeed. In near future Company shall once again try to raise fund through preferential allotment:

<i>corresponding possible impact of such items and associated elements on the statement for the year ended on that date. Accordingly, we are unable to comment on the consequential impact, if any on the accompanying Standalone Financial Statements.</i>	
<i>In respect of property, plant and equipment to the standalone financial statements physical inspection was not conducted by any technical personnel and the fair value report of gross fixed assets of Rs. 2122.67 lakh rupees for Tangible Assets as at March 31st 2023 is not made available. The said Assets are not tested for the impairment and hence no provision for impairment has been made. In absence of any alternative Corroborative evidence, we are unable to comment on the recoverability of the same.</i>	Bank has seized all the offices and workshops premises, assets are in the possession of banks. Therefore, Physical inspection & fair Valuation of the fixed assets is not possible Management Remarks are self -explanatory.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Jalan Transolutions (India) Limited, started its progressive journey in 2003 as a two-wheeler transport solution provider with a renowned Multinational Automobile Company. Over the years, the Company has emerged into one of the leading automobile transportation companies in Northern India and expanded its network across the country that allows it to deliver clients' shipment on time with greater safety and ease, through its IT enabled and value-added services, a fleet of about 35 Company Owned Trucks and extensive network. Company also provides Full Truck Load (FTL) & Less than Truck Load (LTL) services.

Majority of trucks are GPS enabled and centralized information technology network provides seamless real-time monitoring of our operations and consignment bookings and delivery status. Ability to provide timely delivery and quality service is the key to our reputation and further expansion of goods transportation business.

ECONOMIC OVERVIEW

Industry & Growth

Logistics is regarded as the backbone of the economy, providing efficient and cost effective flow of goods on which other commercial sectors depend. Logistic industry in India is evolving rapidly, it is the interplay of infrastructure, technology and new types of service providers, which defines whether the logistic industry is able to help its customers reduce their costs in logistic sector and provide effective services.

Global Economic

The pandemic time has changed the game for many economic activities and logistics is no different. Consumer demands are always on the rise. During the pandemic, there has been a hike in demand for goods with a shortage of supply. Thus, we can say that logistics is one sector that has the potential to see a substantial increase in 2023.

India is one of the countries with the largest population and an expansive geographical coverage which contributes to many of the factors that influence logistics in the country. The pandemic has seen a shift with countless challenges unique to each region. The logistics industry is seeing its fair share of ups and downs but trends suggest better growth for this sector in the coming year.

The year 2022 was a hit-and-miss for many of the key players in the industry. ICRA's reports suggested a growth rate of 14-17 % for the 21-22 fiscal year. Moreover, around 14.4 % of the GDP is accounted for by the logistics industry. A substantial amount of the population that are employed work in this sector.

The value of the logistics industry stands at \$250 billion as of 2021 and is expected to reach \$380 billion by 2025. This suggests there's a good potential for this industry to see robust growth if challenges are well handled.

India Economic

India's transportation and logistics industry is set to play a pivotal role in supporting the country's ambitious growth aspirations. According to a recent EY report titled "India@100: realizing the potential of a US\$26 trillion economy," India is expected to reach a staggering US\$26 trillion by FY 2048. As the nation gears up to achieve this milestone over the next 25 years, the transportation and logistics industry will be a key enabler.

Currently, India's freight movement is heavily dependent on road transportation, accounting for 66 percent of cargo in ton-kilometers. Rail transportation follows closely behind, with a share of 31 percent, while shipping and air transportation contribute three percent and one percent, respectively. However, freight transportation is unevenly distributed across different modes.

Efforts are underway to correct this imbalance by establishing integrated infrastructure, adopting a multimodal approach, and pursuing sustainable development.

Indian Logistic Sector

Technology, data, and infrastructure trends indicate that 2023 is a year of dynamic shifts for the logistics industry. Any period of change and transformation brings with it opportunities for businesses to leverage with the right tools and growth goals. Some of these include adopting cutting-edge technologies, harnessing the power of data, and fostering collaborative digital ecosystems to facilitate **supply chain streamlining**. These strategies are also creating space for niche start-ups as companies seek to outpace competitors and meet the ever-evolving expectations of customers.

Technological innovation

The integration of advanced solutions is revolutionizing logistics operations, enhancing efficiency, and unlocking new opportunities. Key technologies shaping the future of logistics include:

- **Artificial intelligence(AI)and machine learning:** AI-powered algorithms and machine learning models enable predictive analytics, demand forecasting, route optimization, and real-time decision-making. These tools empower businesses to optimize their supply chains, improve resource allocation, and deliver enhanced customer experiences.
- **Internet of things (IoT):** With the proliferation of IoT devices, logistics companies gain greater visibility and control over their assets and inventory. IoT sensors and connectivity facilitate real-time tracking, remote monitoring, and predictive maintenance, enabling proactive and efficient logistics operations.
- **Robotics and automation:** Automation technologies, such as robotic process automation (RPA) and autonomous vehicles, are reshaping warehouse operations and last-mile delivery. Robotics streamlines repetitive tasks, reduces errors, enhances speed, and improves safety, leading to cost savings and increased productivity.

Rise of cross-border e-commerce

The logistics industry has been significantly impacted by the rapid growth of e-commerce, which has led to an increase in demand for international goods and MSMEs selling internationally. This growth is driven by millennials who make up a large portion of the professional purchase decision market and expect online shopping interfaces. Therefore, efficient and reliable delivery services have become necessary, leading to the rise of cross-border digital markets that have seen significant economic growth.

To meet the challenges presented by cross-border delivery, such as customs and duty laws, language barriers, and payment options, businesses need to carefully plan their operations. Logistics firms with a robust network and digital infrastructure capable of providing end-to-end solutions and support for cross-border e-commerce will be best suited to serve these customers.

FINANCIAL OVERVIEW

The performance of the Company for the financial year ended March 31, 2023, is as follows:

- Total revenue from operations at Rs. 970.10 lakh for the year ended March 31, 2023, as against Rs. 591.97 lakh for the corresponding previous period,
- The cost of Raw Materials/Revenue for the financial year ended March 31, 2023 were Rs 759.19 lakh as against Rs 827.53 lakh for the corresponding previous period,
- The Employee expenses for the financial year ended March 31, 2023 were Rs 08.90 lakh as against Rs. 10.90 lakh for the corresponding previous period,
- The other expenses for the financial year ended March 31, 2023 were Rs. 33.23 lakh as against Rs 52.98 lakh for the corresponding previous period,

RESOURCES AND LIQUIDITY

The cash and cash equivalents at the end of March 31, 2023 were Rs. 1.87 lakh.

RISKS AND CONCERNS

The Company is in continuous process of strengthening its risk management framework which identifies and evaluates business risks and opportunities. The Company recognizes that risks need to be identified at the right time, managed adequately and mitigation plans needs to be prepared to protect the interest of the stakeholders. Managing these risks actively is also a pre-requisite to achieve business objectives and enable sustainable growth of the Company. The exercise to design the risk management framework is aimed at effectively mitigating the Company's various business and operational risks. The Company has a risk management policy for identification and assessment of risks which is monitored by the Audit Committee of the Company. The Committee closely monitors the process and suggests suitable measures to mitigate the risks. The risks may be caused due to the internal or external factor and necessary precautionary measures are taken by the Company to negate the impact of probable risk. The major risks of the Company are as follows:

Economic Risk

Company's business may be affected by interest rates, changes in Government policy, taxation and other economic developments affecting India. The Company has defined conservative internal prudential norms. The Company ensures a favorable debt/equity ratio, moderate liquidity, strong clientele with timely payment track record and focus on select markets to minimize the impact in adverse conditions. The Company has geographically diversified thereby reducing its dependency on one market.

Trade Risk

Our business can be affected by the rise and fall in the levels of cargo in the country. Given the projected growth in the Indian economy and expected recovery in global trade, rising spending in the infrastructure and manufacturing space and increasing per capita and disposable income, it is estimated that demand will continue to rise steadily. The Company is also focusing on this business, a relatively high margin segment which is essentially dependent on timely delivery of cargo in India. Thus, we believe we have adequate mitigation in place for trade risk.

Regulatory Risk

If we are unable to obtain required approvals and licenses in a timely manner, our business and operations may be adversely affected. We require certain approvals, licenses, registrations and permissions for operating our business. We may encounter delays in obtaining these requisite approvals, or may not be able to obtain such approvals at all, which may have an adverse effect on our revenues. However, the Government has come up with several initiatives to boost the sector and has planned massive investments in the infrastructure sector. As all industry predictions suggest that this will be the trend in the future as well and given our own experience in obtaining such permissions, we do not expect this risk to affect us materially in the coming years.

Liability Risk

The liquidity risk may come in the way of smooth operation of the Company due to one or the other reasons. Whenever there is blockage of funds in the hands of customers, the liquidity crunch is likely to happen. Although wholehearted support from the bankers strengthen the hands of the Company to face the liquidity risk, the company leaves no stone unturned to avoid the possibility of liquidity risk.

Execution Risk

The Company has undertaken number of trips for customers in the last year and several more are in the pipeline. Execution is largely dependent upon project management skills and timely delivery. Any delay in implementation can impact revenue and profit for that period. Our implementation schedules are in line with the plans. Emergency and contingency plans are in place to prevent or minimize business interruptions. Therefore, we do not expect this risk to affect us materially in the future. Concerns like complex tax structure, infrastructure bottlenecks, retaining talent and unprecedented natural and man-made disasters and political/social turmoil which may affect our business, remain. However, these are threats faced by the entire

industry. With superior methodologies and improved processes and systems, the Company is well positioned to lead a high growth path.

OPPORTUNITIES AND THREATS

The most essential challenge faced by the industry today is insufficient integration of transport networks, information technology & distribution facilities. Regulations exist at a number of different tiers, is imposed by national, regional and local authorities. However, the regulations differ from city to city, hindering the creation of national networks.

Logistics sector in India is a highly disorganized sector, its perception as a manpower-heavy industry and lack of adequate training institutions has led to a shortfall in skilled management and client service personnel. There is a lack of IT standard, equipment and poor systems integration.

Whereas the Government gave emphasis on building world-class road networks and creation of logistics parks, the company had also converted its fleet's strength in specially designed fleets. Currently 100% fleets of Company are CMVR complied trucks and engineered to lift loads with minimum on road damages.

Transportation dominates supply chain management in automobile

Among the various segments of the supply chain, transportation accounts for about 75-80% of the total supply chain management market for automobiles. Transportation is used in both inbound as well as outbound part of the supply chain, as the vehicles as well as the components are required to be transported to and from several locations. However, warehousing (including VAS and in-factory logistics) which accounts for about 20-25% of the total supply chain management market for automobiles is majorly required in the inbound part of the supply chain rather than on the outbound.

The Indian Government to also focus on new transportation avenues

India's railways and roadways collectively accounted for approximately 87% of the total freight movement. Weighed down by the sheer load, the rail and road networks have been grappling with severe congestion. This has led the GOI to identify other alternatives to reduce congestion. Inland waterways and coastal shipping are both fuel and cost efficient, thereby reducing cost of logistics. The GOI is, therefore, promoting schemes such as Sagarmala and inland waterways as well as working towards developing an integrated, multi-modal logistics and transport policy for optimum and efficient utilization of all modes of transport. ANNEXURE-VIII

Independent Auditors' Report

To the Members of JALAN TRANSOLUTIONS INDIA LIMITED

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the accompanying Standalone Financial Statements of **JALAN TRANSOLUTIONS INDIA LIMITED (“the Company”)**, which comprise the Balance Sheet as at **March 31, 2023**, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the Standalone Financial Statements”).

In our opinion and to the best of our information and according to the explanations given to us, , except for the possible effect of matter described in the basis for qualified opinion section of our report, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

- a. Material uncertainty relating to going concern, in respect of preparation of financial statements of the company on going concern basis. The company has negative net worth of Rs. 2471.10 Lakhs and current liabilities exceeds current assets by aggregating Rs. 2752.06 Lakhs. As stated in Note 14 of the Financial Statement, The OTS scheme which was approved by Union bank in the Year 2021-2022 on 4th February 2022 has been cancelled by the Union Bank of India in January 2023 due to non-payment of Rs. 8.71 Crore due till December 2022. Therefore, The Loan waiver of Rs. 1287.93 Lakhs which has been credited to profit & Loss Account in the year 2021-2022 has been reversed in current financial year 2022-2023. Company has provided interest Rs. 50.57 Lakhs on 30th September 2022 in the books as per the terms of OTS Scheme, The Same has reversed on account of cancellation of OTS Scheme. The company has not provided any interest since long and interest will be provided at the time of payment/ final settlement of loan. These conditions indicate the existence of*

material uncertainty that may cast significant doubt on the company's ability to continue as going concern and therefore the company may be unable to realize its assets and discharge its liabilities in the normal course of the business. We are unable to determine as to whether any adjustment that would have been necessary and required to be made in respect of trade receivables, trade payables, borrowings, Current liabilities, loans and advances and contingent liabilities as at 31st March 2023 and in respect of corresponding possible impact of such items and associated elements on the statement for the year ended on that date. Accordingly, we are unable to comment on the consequential impact, if any on the accompanying standalone financial statements.

- b.** *In respect of Property, Plant & Equipment to the Standalone financial statements, physical inspection was not conducted by any technical personnel and the fair value report of gross fixed assets of Rs. 2122.67 Lakhs for Tangible Assets as at March 31, 2023 is not made available. The said assets are not tested for of impairment and hence no provision for impairment has been made. In absence of any alternative corroborative evidence, we are unable to comment on the recoverability of the same.*

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our qualified opinion.

Emphasis of Matter

1. The Bank has been initiated recovery through sale of seized assets but no communication has been received/ provided to us. Further no confirmation of loan stated on balance sheet date has been provided to us. Therefore, we are unable to comment on the consequential impact, if any on the accompanying standalone financial statements.
2. We draw your attention to Note No. 37 of the Financial Statements, balances of "Trade Receivables", "Trade Payables", "Borrowings", "Advances from Customers", and "Advances Recoverable in Cash or Kind" etc. includes balances remaining outstanding for a substantial period. The balances are subject to confirmations and reconciliation. The reported Financials might have consequential impact which remains unascertained.

3. Company was in the process of issue 72,99,000 Equity Warrants convertible in to Equity Shares of face value Rs. 10 each to Non-Promoters/ Public category on preferential basis. The above proposal has been approved by postal ballot through remote e-voting process. The above Equity Warrant issue has been cancelled on 19th May 2022 in urgent Board Meeting. The cancellation of proposal has an adverse impact on future fund requirements.
4. Company is continuously defaulting in payment of loans and advances. All the Bank Facilities of the companies has been blocked during the year, Director's personal bank account and group companies account has been used to fulfill company's working fund requirements.
5. Substantial amount of statutory dues amounting to Rs. 130.46 Lakhs has become overdue and remain unpaid outstanding more than a year. Interest has been, penalty if any in respect of the defaults of statutory dues has remained unascertained and unaccounted for.
6. We draw your attention to Note No. 3 of the Financial Statement, Company has sold 21 trucks out of 63 trucks in the year 2022-2023 which have a significant influence on its operating revenue.

Our opinion is not modified in respect of the matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Other information

The company's management and board of directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statement and our auditors report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance thereon.

In connection with our audit of the financial statement, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statement or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this the other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our

report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) Except for the possible effect of the matter described in the basis for qualified opinion section of our report, We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) Except for the possible effect of the matter described in the basis for qualified opinion section of our report, In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the statement of changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) Except for the possible effect of the matter described in the basis for qualified opinion section of our report, In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) The matter described in the basis for qualified opinion section of our report, may have adverse effect on the functioning of the company.
 - f) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended :

In our opinion and to the best of our information and according to the explanations given to us, there is no remuneration paid by the Company to its directors during the year.

- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

ANNEXURE - B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of JALAN TRANSOLUTIONS INDIA LIMITED. ("The Company") as of 31 March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Disclaimer of Opinion

According to the information and explanation given to us, the Company has not established its internal financial control with reference to Financial Statements on criteria based on or considering the essential components of internal control stated in the Guidance Note. Because of this reason, we are unable to obtain sufficient appropriate audit evidence to provide a basis for our opinion whether the Company had internal financial controls with reference to Financial Statements and whether such internal financial controls were operating effectively as at March 31, 2023. We have considered the disclaimer reported above in determining the nature, timing, and extent of audit tests applied in our audit of the Financial Statements of the Company, and the disclaimer does not affect our opinion on the Financial Statements of the Company.

1.2	Basis of Preparation of Financial Statements
i)	Compliance with Ind AS
	The financial statements of Jalan Transolutions (India) Limited ('the Company') have been prepared in accordance with India Accounting Standards (Ind As) notified under Section 133 of the Companies Act, 2013 ('the Act') read together with Rule 3 of the Companies (India Accounting Standards) Rules, 2015 and other relevant provisions and amendments of the Act.
	The financial statements are presented in India Rupees which is also the company's functional currency. all amounts have been rounded off to the nearest rupees, unless otherwise indicated.
	All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III of the Act.

	The Accounting Policies adopted in the preparation of the financial statements are consistent with those of the previous year.
	The financial statements for the period ended 31st March, 2023 were authorised and approved for issue by the Board of Directors on 29th May, 2023.
ii)	Basis of Measurement
	The financial statements have been prepared on the historical cost basis except for the following material items in the statement of financial position:
	• defined benefit plans-plan assets are measured at fair value; and • certain financial assets and liabilities and contingent consideration that is measured at fair value.
1.3	Use of Estimates
	The preparation of the financial statements is in conformity with Ind AS which requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of financial statement and reported amount of revenues and expenses during the period. Application of accounting policies that require critical accounting estimate involving complex and subjective judgments and the use of assumptions in these financial statements. Accounting estimate could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.
	NOTE - 2
	Accounting Policies
	The principal accounting policies adopted in the preparation of the financial statements are set out below. The policies have been consistently applied to all years presented, unless otherwise stated. The presentation of financial statements require the use of certain accounting estimates. The areas where significant judgment and estimates have been made in preparing the financial statements and their effects are disclosed.
(i)	Revenue
(a)	Revenue from the transportation business is recognized by reference to the stage of completion. When the contract outcome cannot be measured reliable, revenue is recognised only to the extent that the expenses incurred are eligible to be recovered.
(b)	Interest Income
	Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.
(c)	Other Income
	Other income is recognized on an accrual basis only when there is certainty of collection.
(ii)	Property, Plant and Equipment

	Items of property, plant and equipment stated at historical cost less accumulated depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.
	Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.
	Depreciation and Amortisation methods, estimated useful lives and residual value
	Depreciation is charged on the assets as per Written Down Value method at rates worked out based on the useful lives and in the manner prescribed in the Schedule II to the Companies Act, 2013. The depreciation method, useful lives and residual value are reviewed at each of the reporting date. Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which the asset is ready for use (disposed off). The residual values and useful life are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount
(iii)	Investment Properties
	Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.
	Investment properties to be depreciated in accordance to the class of asset that it belongs and the life of the asset shall be as conceived for the same class of asset at the Company.
(iv)	Intangible Assets
	Intangible assets are recognized, when it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably. An intangible asset shall be measured initially at cost. Intangible assets are subsequently measured at cost less accumulated amortization and any accumulated impairment losses. Intangible does not include any software which is integral part of the related hardware.
	The Company should assess whether the useful life of an intangible asset is finite or infinite. A useful life is infinite, when based on all relevant factor analysis, there is no foreseeable limit to the period over which the asset is expected to generate net cash inflows. An intangible asset with a finite useful life is amortised and those with an infinite useful life are not amortised.
	The amortisation period and the amortisation method for intangible assets are reviewed at financial year end.
(v)	Provisions, Contingent Liabilities and Contingent Assets

	Provision is made when there is a present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there should be made a reliable estimate of an obligation. However, In case of the penal interest and overdue charges payable to borrower on account of overdue installment is being recognised at the time of final settlement of Loan.
	Contingent Liabilities are disclosed if a present obligation arising from a past event when it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation. Contingent liabilities are not recognized but are disclosed in the notes. If the possibility of an outflow of resources is remote, disclosure is not required.
	A contingent asset is a possible asset that arises from past events and whose existence will be Companyed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Contingent Assets are neither recognized nor disclosed in the Financial Statements. However, when the realization of income is virtually certain, then the related asset is recognized. A contingent asset is disclosed, when an inflow of economic benefits is probable.
(vi)	Cash Flow Statement
	Cash flow are reported using the indirect method, whereby net profits before tax is adjusted for the effect of transaction of non-cash nature and any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating, investing and financing activities are segregated.
(vii)	Current versus Non- Current Classification
	The Company presents assets and liabilities in statements of financial position based on current/non-current classification. The Company classifies an asset as current when it is:
	• Held primarily for the purposes of trading • Expected to be realized within twelve months after the reporting period or • Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
	All other assets are classified as non-current.
	The Company classifies a liability as current when:
	• It is expected to be settled in normal operating cycle • It is held primarily for the purposes of trading • It is due to be settled within twelve months after the reporting period or • There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period
	The Company classifies all other liabilities as non-current.
	Deferred tax assets and liabilities are classified as non- current assets and liabilities.
(viii)	Employment Benefits
(a)	Short Term Employee Benefits
	Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' service up to the end of the year and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligation in the balance sheet.
(b)	Post-Employment Benefits

	Defined Contribution Plan:
	The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contribution are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.
	Defined Benefit Plan:
	The liability or asset recognised in the balance sheet in respect of defined gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the defined obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the year on government bonds that have terms approximating to the related obligation.
(c)	Long Term Employee Benefits
	The liabilities for un-availed earned leaves are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. Therefore, these are measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the year using the projected unit credit method. The benefits are discounted using the market yields at the end of the year that have terms approximating to the terms of assumptions are recognised in profit or loss.
(ix)	Taxation
	Tax expense comprises current and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 and other applicable laws. Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company. Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there is unabsorbed depreciation and carry forward of losses, deferred tax assets are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.
(x)	Trade and Other Payables
	Trade and other payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade payables are classified as current liabilities if payment is due within twelve months and if not, they are presented as non-current liabilities.
(xi)	Inventories

	Items of inventories are measured at lower of cost and net realisable value. Inventories are only includes stores and spares and which are essential for providing maintenance facility services. Inventories are determined on FIFO basis.
(xii)	Trade Receivables
	Trade receivables are recognized initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.
(xiii)	Cash and cash equivalents
	Cash and cash equivalents include cash in hand, at banks and deposits with banks with original maturity of 3 months or less.
(xiv)	Impairment of Assets
	An asset is impaired when its carrying amount exceeds its recoverable amount. An entity should assess at the end of each reporting period whether there exists any indication, the entity should estimate the recoverable amount of the asset. If there is an indication that an asset may be impaired, then the remaining useful life, the amortisation method and the residual value needs to be reviewed and adjusted even if no impairment loss is recognized for the asset.
(xv)	Earnings Per Share
	Basic earnings per share is computed by dividing the profit / (loss) after tax attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.
(xvi)	Segment Reporting
	Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM) as defined by Ind AS- 108, "Operating segment". Company's income and expenses including interest are considered as part of un-allocable income and expenses which are not identifiable to any business segment. Company's asset and liabilities are considered as part of un-allocable assets and liabilities which are not identifiable to any business.
(xvii)	Fair Value Measurement

	The Company measures financial instrument at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer or transfer liability takes place either:
	(a) In the principal market for the asset or liability ,or
	(b) In the absence of a principal market, in the most advantageous market for the asset or liability.
	The Principal or the most advantageous market must be accessible to the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The company uses valuation techniques that are more appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable input and minimizing the use of unobservable inputs.
(xviii)	Financial Risk Management Objectives and Policies
	The Company's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets comprise trade and other receivables, and cash that arrive directly from its operations.
	The Company is exposed to credit risk and liquidity risk.
	The Company's senior management oversees the management of these risks.
	The Management Committee reviews and agrees policies for managing each of these risks which are summarized below:
	Credit Risk:
	The Company is exposed to credit risk from its operating activities (primarily for trade receivables) and from its financing activities, including deposits with banks and financial institutions.
	• Trade Receivables
	Customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of the customer is assessed and individual limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored.
	• Cash Deposits
	Risk from balances with banks is managed by maintaining the balances with highly reputed commercial banks only.
	Liquidity Risk:
	The Company monitors its risk to a shortage of funds on a regular basis through cash forecast.

ii) Risk Management

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

A) Credit risk

Credit risk is the risk that counterparty fails to discharge its obligation to the Company. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, trade receivables, Loan from institutions and financial assets measured at amortised cost. The Company continuously monitors defaults of customers related to Trade receivable and other advances which is outstanding from long time and other counterparties and incorporates this information into its credit risk controls.

a) Credit risk management

i) Credit risk rating

The Company assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets.

A: Low credit risk on financial reporting date

B: Moderate credit risk

C: High credit risk

The Company provides for expected credit loss based on the following:

Asset group	Basis of categorisation	Provision for expenses credit loss
-------------	-------------------------	------------------------------------

Low credit risk	Cash and cash equivalents, other bank balances, loans , security deposits, trade receivables and other financial assets.	12 month expected credit loss/ Life time expected credit loss
Moderate credit risk	Loans and other financial assets	12 month expected credit loss
High credit risk	Loans, other financial assets and trade receivables	12 month expected credit loss/ Life time expected credit loss

Assets under credit risk –

Credit rating	Particulars	March 31, 2023	March 31, 2022
A: Low	Cash and cash equivalents, other bank balances, loans, and other financial assets	1.87	26.62
C: High Credit Risk	Trade receivables after doubtful provision Rs 1872.62 (Previous year Rs. 1070.12 Lacs) for unsecured for realization of Trade Receivable	1,709.45	2,009.33

Cash & cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks across the country.

Trade receivables

Credit risk related to trade receivables are mitigated by closely monitoring the credit-worthiness of the debtors through internal systems that are configured to define credit limits of customers, thereby, limiting the credit risk to pre-calculated amounts. The Company assesses increase in credit risk on an ongoing basis for amounts receivable that become past due.

Other financial assets measured at amortised cost

Other financial assets measured at amortized cost includes loans and advances, security deposits and others. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

ii) Concentration of trade receivables

Particulars	March 31, 2023	March 31, 2022
Trade Receivables	1,709.45	2,009.33

b) Credit risk exposure

(i) Provision for expected credit losses

The Company provides for expected credit loss based on lifetime expected credit loss mechanism for loans and advances, deposits and other investments-

March 31, 2023

Particulars	Estimated gross carrying amount at default	Expected probability of default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	1.87	0%	-	1.87
Other bank balance	-	0%	-	-
Trade receivables	1,709.45	0%	-	1,709.45
Other non-current assets	9.79	0%	-	9.79
Loans	-	-	-	-

March 31, 2022

Particulars	Estimated gross carrying amount at default	Expected probability of default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	26.62	0%	-	26.62
Other bank balance	-	0%	-	-
Trade receivables	2,009.33	0%	-	2,009.33
Other non-current assets	25.66	0%	-	25.66
Loans	-	-	-	-

In respect of trade receivables, the company recognises a provision for lifetime expected credit loss.

The credit risk for cash deposits with banks and cash and cash equivalents is considered negligible, since the counterparties are reputable banks with high quality external credit ratings. Also, no impairment loss has been recorded in respect of fixed deposits that are with recognized commercial banks and are not past due. The carrying amounts disclosed above are the Company's maximum possible credit risk exposure in relation these deposits.

Other financial assets being security deposits and others are also due from several counter parties and based on historical information about defaults from the counter parties, management considers the quality of such assets that are not past due to be good.

B) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.

C) Market Risk**a) Interest rate risk****i) Liabilities****Interest rate risk exposure**

The company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

ii) Assets

The company's fixed deposits are carried at fixed rate. Therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

28 Capital management

- Safeguard their ability to continue as a going concern, and
- Maintain an optimal capital structure to reduce the cost of capital

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet.

The Company manages its capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.
