Management Discussion and Analysis Report:

The Company operates in areas of IT & ITES like customized development and solutions, implementation, support, maintenance, training and staffing in the following segments of software services.

ERP:

Enterprise resource planning (ERP) is business process management software that provides seamless communication and real-time data for businesses, and is an extremely helpful tool that centralizes all islands of information and streamlines it to multiple departments in an enterprise.

The marketplace for ERP tools and software is consistently growing. The growing demand for ERP Software has provided a major boost to the Global ERP Software Markets. More people are shifting their preferences to this growing sector. The market is expected to keep rising at a high CAGR and reach values of high millions by the end of the forecast period.

The market development is going to be suffering from all previously mentioned patterns, a couple of elements being conspicuous than the others. This may be joined by numerous little changes. In any case, as of now, cloud-based systems are considered a less costly choice to on-premise solutions, and various small players appear to be guaranteed the safety of data on the cloud. With the headway of innovations, the simpler execution of various ERP applications will emerge as a more developed solution.

SAP:

Your company is a Partner of SAP, the market share leader in ERP. SAP has evolved to become a market leader in end-to-end enterprise application software, database, analytics, intelligent technologies, and experience management. A top cloud company with 200 million users worldwide, SAP helps businesses of all sizes and in all industries to operate profitably, adapt continuously, and achieve their purpose. Your company promoted SAP Business One which is an ERP for Small to Medium Size Enterprises.

BizERP for Manufacturing Sector

Your company has developed a cloud based ERP Solution for manufacturing & trading industries. It comprises of all the modules that is required for any business to operate. It has been deployed in many industries like Steel, Fabrication, FMCG, Industrial Products, Leather etc. This is developed using the dot net platform which is highly secured. The company is continuously making enhancements to this product so that it can be reached out to various other companies.

ERP for Education Sector:

Your Company has developed a customized ERP package catered to reputed Universities, Colleges and Schools in India. It is a web based campus automation system having various modules required for the functioning of any university. In addition to the existing customers your Company has further extended this solution to few more Colleges and Schools in India and look forward to add many more in the near future.

HRMS & Payroll Solutions:

It is web based solution to manage Payroll, Leave module, Reimbursement module, Staff Loan module, Income Tax module along with many statutory and MIS reports. Your Company has recently launched this solution and it has been deployed successfully in many big corporate and educational institutes.

Your company has also collaborated with SPINE Technologies who is pioneer in the HRMS & Payroll Solution. It offers all the modules on SaaS model. It is a very robust product and we are representing them as their Channel Partner for Eastern India.

Digital Marketing:

The company offers Digital Marketing services to many clients in India as well as overseas. There is a huge demand for these services in the entire world. The company offers Search Engine Optimisation, Social Media Optimisation and Google Adwords services to its clients. There is a huge growth of business in this area.

Mobile Applications:

India adds the highest number of internet users per year, vs. any other country in the world. More importantly, over 60% of consumers access the internet via their smart phones.

Big business firms look for a product that helps them to tap in among the target audience, to help them compete with other business and stay ahead of them. Our skilled, proficient and experience mobile application team will help to plan, design, develop and deliver a customized application to suit customers' business needs.

At Lee & Nee Softwares (Exports) Ltd, we have expertise in developing mobile applications for different platform and Mobile devices such as Android Application Development, iPhone Mobile Apps Development and Hybrid Mobile Development.

The Company has successfully implemented and deployed various mobile applications on Android and IOS platform. It looks forward to expand its business further in coming years.

IT staffing and Training Services:

Your Company has ventured into IT staffing and training services in the last few years. It is trying to expand itself as a staffing company in various big IT companies working in the area of SAP & Oracle Applications.

IoT and other Segments:

Your company is also planning to venture into new and emerging technologies like IoT, Robotics and Artificial Intelligence

Risk & Concerns

CYBER SECURITY RISK -Cyber Security and quality management are few key areas of concern in today's information age.

To overcome such concerns in today's global IT scenario, an increasing number of IT-BPO companies in India have gradually started to emphasize on quality to accept global standards such as ISO 9001 (for quality management) and ISO 27000 (for information security). Today, centers based in India account for the largest number of quality certifications achieved by any single country.

CONCENTRATION RISK -Regional concentration as well as vertical concentration can adversely impact Company's business in case of a slowdown

The company has diversified its business, both in terms of region and verticals, is intrinsically woven into the DNA of Lee & Nee Softwares (Exports) Ltd.

CURRENCY RISK The Company has made a well defined currency hedging Policy which helps in controlling risk arisen from currency fluctuations and volatility.

COMPETITION RISK The ever-increasing competition poses a key risk in terms of acquiring client business as well as human talent.

Lee & Nee Softwares (Exports) Ltd. has enhanced its value in the proposition of its customers by way of deepening its domain expertise, technological capabilities and customer engagement. On the human capital front, Lee & Nee Softwares (Exports) Ltd. brand equity and best in class HR principles and practices has made it a preferred employer.

REGULATORY RISK- Legislation in various countries in which we operate including the US, Canada, UK, Australia & Middle East may place restrictions on companies in those countries from outsourcing work to us, or may enact stricter immigration laws or may limit our ability to send our employees to certain client sites.

A team of professionals has been employed within and outside the Company. The Company has working on mitigating this on a continuous basis.

Threats

The Indian IT-ITES industry is facing several threats that need to be addressed.

The Indian IT-ITES industry, owing to the uncertain global economic and geopolitical climate is continuing to face challenges.

High attrition rates in the IT-BPO segment is a major concern for companies. With attrition rates ranging between 25-40 percent, attrition is a big challenge. Apart from a loss of skill sets, the cost of recruitment and training represent an additional expenditure for Indian IT-BPO firms.

Shortage of quality and employable talent and rising costs in the major IT hubs are also challenges that need to be addressed. The Company has to ensure that it acquires good talent and retains it in order to constitute its major competitive edge. The Company maintains excellent work environment and competitive package for this purpose.

These are the days when technology takes no time to become obsolete. Thus, to be at par with its competitors the company has to ensure that it constantly updates and upgrades its technology.

The grave challenges facing the Indian IT-BPO industry include a slackening of demand from major markets, reduction in larger contracts, stiff work permit regulations in some critical regions and competition from other emerging economies on trained resources.

Growth:

The year has been marked by pandemic-related sharp declines in growth across industries. One major exception is India's IT-ITeS sector. It was expected to grow by 15.5% to \$227 billion in the 2021-22 financial year. Indian IT sector continues to be a net hirer. A lot of these hires were in jobs that were being created due to the adoption of newer technologies and not in the traditional jobs.

Segment-wise or Product-wise performance:

In view of the identical geographical location and the same product, i.e. ITES, there is hardly any need for separate segmental reporting.

Future Economic Outlook:

As per Nasscom, the industry is on track to meet its vision of USD 300-350 billion revenues by 2025.

Global impact of the COVID-19 pandemic has led to major resets or shift that is acceleration in the pace of digital transformation. Hence, a significantly higher growth is expected in the coming months.

With the combination of favourable demographics and policy reforms, India presents a unique and powerful growth story.

Internal Control System and their adequacy:

Lee & Nee Softwares (Exports) Ltd. has deployed adequate Internal Control Systems (ICS) in place to ensure a smooth functioning of its business. The processes and the systems are reviewed constantly and changed to address the changing regulatory and business environment.

The Control Systems provide a reasonable assurance of recording the transactions of its operations in all material aspects and of providing protection against misuse or loss of Company's assets.

The ERP system which the Company had implemented has helped in further strengthening the internal control systems that are in place.

The existing internal control systems and their adequacy are frequently reviewed and improved upon to meet the changing business environment. The external auditors as well as the internal auditors periodically review the internal control systems, policies and procedures for their adequacy, effectiveness and continuous operation for addressing risk management and mitigation strategies.

Discussion on financial performance with respect to operational performance:

At the Standalone level the sales of the Company have increased by 11.46% as compared to previous year. The international sales of the company continues to increase steadily. We have started working with many new international partners from USA, Canada, Australia and New Zealand. We have also added new partners in the UK Market.

The Company has identified new avenues of software business like Business Automation Tools and Cloud offerings. Your company has partnered with SPINE Technologies for offering Cloud based HRMS & Payroll software solutions. It is looking forward to work in the areas of ERP Solutions, HRMS & Payroll solutions, and Mobile Apps Development as there is huge potential in these areas and is now focused on further expanding Enterprise Applications business both in domestic as well as in overseas market. The Company has further developed niche products for specific industry verticals and plans to offer them on SaaS model in coming years. Your Company has made strategic alliances to offer Cloud based solutions and licensed software solutions. The Company anticipates getting good volume of business in the coming year.

Material Development in Human Resources/Industrial Relation Front, including No. of people employed:

The total number of permanent employees of the Company as on 31st March, 2022 was 64.

Attracting, enabling and retaining talent has been the cornerstone of the Human Resource function and the results underscore the important role that human capital plays in critical strategic activities such as growth. The Company's focus lies in creating a performance based culture, driven by focused growth and clear career development plan for each employee. A robust Talent Acquisition system enables the Company to balance unpredictable business demands.

It is very difficult to source skilled persons. Therefore, the role of human resource management is critical and strategic to build up human capital to create organizational competitive advantages. Today's customers are highly quality conscious and look towards value for the money. Quality is customer satisfaction built through employee participation.

Company has created the blue print for the strategic attraction of talent, and it has acted upon retention of talent by continuous training program.

The company's human resource practice has helped in motivating employees and enhancing their commitment and greater involvement in the overall quality improvement.

Your company treats its "human resources" as one of its most important assets and believes that its middle management is particularly critical to its business, as they are responsible for managing teams, understanding its client's expectations and its contractual obligations to clients, ensuring consistent and quality service delivery and deploying the company's process excellence framework. The company continuously invests in its HR to create a favorable work environment that encourages innovation which enables it to retain skilled and a highly professional workforce.

Your Company thrust is on the promotion of talent internally through job rotation and job enlargement. Our hiring requirements have decreased by 3.13% this year due to the COVID 19 pandemic. We expect to improve our people intake during 2022 and are exploring new avenues to decrease hiring turnaround times but due to the COVID 19 pandemic, the regular addition to our human resources seems little uncertain.

INDEPENDENT AUDITORS REPORT

To,
 The Members of M/s Lee & Nee Softwares (Exports) Ltd.

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **M/s LEE & NEE SOFTWARES (EXPORTS) LTD** ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, notes to the Standalone financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the year ended March 31, 2022. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report:-

Description of Key Audit Matters	How the matter was addressed in our audit
Revenue Recognition- Fixed Price Contracts The Company inter alia engages in Fixed-price contracts wherein, revenue is recognized based on the percentage of work completed. This is estimated by the Company on the basis of the completion of milestones and activities as agreed with the customers. Therefore, the revenue is recognized on completion and certified milestone by the customers after obtaining the "sign up" from the customer. (Refer Note 2(c) to the standalone financial statements).	In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence: <ul style="list-style-type: none"> • Obtained an understanding of key internal controls over recording of activities completed and of general IT controls for the project management tool. Performed walk through of the underlying process and documented the controls and assessed the effectiveness of their design and implementation. Also performed tests to assess whether the controls were operating as designed. • Involved IT specialists to assess whether the project management tool captured activities completed in the correct period and whether the related milestone was derived from a system that is operating effectively.

	<ul style="list-style-type: none"> Selected a sample of contracts, using a mix of quantitative & qualitative criteria, and performed the following procedures for each contract selected: <ul style="list-style-type: none"> Inspecting key terms, including transaction price, deliverables, performance obligations, timetable, set out in the contract; Inquired of the relevant project managers about key aspects and the progress of the contracts, including the estimated total contract costs, key project risks, amendments, contingencies and billing schedules; verified project management tool for budgeted efforts and related milestones and verified accuracy of milestones based on actualization of efforts for delivered projects and past data; verified the details of activities completed with those stated in the customer contract and as confirmed by the project manager including agreeing the respective activities performed according to the project management tool with customer report/confirmations which forms the basis of milestone completion; tested on a sample basis the underlying invoices in respect of fixed price contracts and related cash receipts; and Verified the ageing analysis and perform analytical procedures, based on revenue trends, to assess the movements in accruals.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs (financial position), financial performance (profit or loss including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and

design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain

Professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the management.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section 143 (11) of the Act, we give in the Annexure 'A' a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.

B. Balance outstanding as at balance sheet date in respect of above cases	
- Subsidiaries	Rs 6,28,16,373/-
- Joint Ventures	-
- Others #	90,551,712/-

#The Company has not provided any guarantee or security to any other entity during the year.

- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, we are of the opinion that the terms and conditions of the loans given are prima facie, not prejudicial to the interest of the Company.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, the repayment of principal and payment of interest has not been stipulated but it is repayable on demand and is regular.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the repayable is on demand; hence clause of overdue for more than ninety days does not apply in respect of loans given.

- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan given falling due during the year, which has been renewed or extended or fresh loans given to settle the over dues of existing loans given to the same party.
- (f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has provided loans which are repayable on demand:

	All parties including related parties*	Promoters	Related Party
Aggregate of Loans			
- Repayable on Demand	90,551,712/-	NIL	NIL
Total Loan	90,551,712/-	NIL	NIL
Percentage of Loans to Total loans	100%	NIL	NIL

*The amounts reported are gross amounts including interest accrued (wherever applicable), without considering provision made.

- (iv) In our opinion and according to the information and explanations given to us, the Company has not given loans, guarantees, security or made any investment which needs to comply with the section 185 and 186 of the Companies Act, 2013 during the year.
- (v) According to the information and explanations given to us, the Company has not accepted any deposits during the year from the public within the meaning of directives issued by the Reserve Bank of India and provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Rules framed there under. Hence, Clause 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act, for any of the services rendered by the Company.
- (vii) a) According to the records of the Company, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees State Insurance, Income Tax, Goods and Service Tax, Cess and other statutory dues with the appropriate authorities to the extent applicable.
- According to information and explanations given to us, no undisputed amounts payable in respect of the Provident Fund, Employees State Insurance, Goods and Service Tax, Income Tax and Cess and other statutory dues were in arrears as at 31st March, 2022 for a period of more than six months from the date they became payable.
- b) According to information and explanation given to us, there are no dues in respect of Goods and Service Tax, Income Tax, Sales Tax, Service Tax, Custom Duty, Duty of excise, Value Added Tax and Cess which have not been deposited with the appropriate authorities to the extent applicable on account of any dispute.
- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix) In our opinion and according to the information and explanations given to us;
- (a) The Company has not taken any loans or other borrowings from any lender. Hence, reporting under clause 3(ix)(a) of the Order is not applicable.
- (b) The Company has not been declared a willful defaulter by any bank or financial institution or any other lender.
- (c) The Company has not taken any term loans during the year and there are no outstanding term loans at the beginning of the year. Hence, reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) During the year, the Company has not taken any funds on a short term basis. Accordingly, this clause is not applicable.
- (e) The Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary.
- (f) The Company has not raised any loans on the pledge of securities held in its subsidiary during the year and hence reporting on clause 3(ix) (f) of the Order is not applicable.
- (x) (a) The Company has not raised any moneys by way of initial public offer or further public offer(including debt instruments) during the year. Accordingly, Clause 3(x)(a) of the Order is not applicable to the Company.

- (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under subsection (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year and upto the date of this report.
- (xii) The Company is not a Nidhi Company. Accordingly, Clause 3(xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports issued to the Company during the year and covering the period up to 31st March, 2022.
- (xv) In our opinion and according to the information and explanation given to us, during the year the Company has not entered into any non-cash transactions with any of its directors or directors of its holding company, subsidiary company, or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi) (a), (b), (c) & (d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Companies Act, 2013 pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(REFERRED TO IN PARAGRAPH 2(f) UNDER 'REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS' OF OUR REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF LEE & NEE SOFTWARES (EXPORTS) LTD.)

Report on the Internal Financial Controls over Financial Reporting under clause (i) of Sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Lee & Nee Softwares (Exports) Ltd. ("the Company") as of 31 March 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's Management and the Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our Audit. We conducted our Audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of Internal Financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company ; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

OPINION

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to standalone financial statements for the year ended 31st March 2022

Summary of significant accounting policies and other explanatory information

1. Corporate information

Lee & Nee Softwares (Exports) Ltd. is a Company limited by shares, incorporated and domiciled in India. It is an IT-enabled service company based in the IT hub of Kolkata, India. With over 33 years of experience Lee & Nee Softwares (Exports) Ltd is engaged in business of developing , designing, manufacturing, processing, assembling, computer software & hardware products and allied products and providing ERP solutions and services for website design and development, mobile application development and digital marketing all over the globe.

The Company is listed on Bombay Stock Exchange Limited and Kolkata Stock Exchange Limited. The registered office of the Company is located at 14-B, Camac Street, Kolkata 700017, India.

The standalone financial statements of the Company for the year 31st March 2022 were approved by the Board of Directors and authorized for issue on 26th May, 2022.

1A. Estimation of uncertainties relating to the global health pandemic from COVID-19

The spread of COVID-19 pandemic has severely impacted businesses around the globe, including India. The Company's operations and financial results in the initial two months of previous year were adversely impacted due to stoppage of operations due to outbreak of COVID-19 pandemic. Thereafter it took nearly another two months for attaining back full production level. In the current financial year various State Governments had imposed partial lock down, however, there was no significant impact on the functioning of the Company. The management has considered various internal and external sources of information up to the date of approval of the standalone financial statements by the Board of Directors in determining the impact of pandemic on the various elements of standalone financial statements. The management has also evaluated its liquidity position for the next financial year and used the principles of prudence in applying judgments, estimates & assumptions and based on the current estimates, it expects to fully recover the carrying amount of various non current & current assets. However considering the uncertainties involved, the eventual outcome of impact of the pandemic may be different from those estimated as on the date of approval of these standalone financial statements. The Company will continue to closely monitor any material changes in future economic conditions.

1B. Recent Pronouncement

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1st, 2022, as below:

Ind AS 103 Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37 Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 Annual Improvements to Ind AS (2021)

The amendment clarifies the treatment of any cost or fees incurred by an entity in the process of derecognition of financial liability in case of repurchase of the debt instrument by the issuer. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 106 Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Company does not expect the amendment to have any significant impact in its financial statements.

2. STATEMENT OF COMPLIANCE AND SIGNIFICANT ACCOUNTING POLICIES

(i) Statement of Compliances:

These standalone financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

(ii) Basis of Preparation of Financial Statements:

The Financial Statements have been prepared under the historical cost convention on accrual basis excepting certain financial instruments which are measured in terms of relevant Ind AS at fair value/ amortized costs at the end of each reporting period.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within level 1 that are observable either directly or indirectly for the asset or liability.

Level 3: Inputs for the asset or liability which is not based on observable market data (unobservable inputs)

The company has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements who regularly review significant unobservable inputs, valuation adjustments and fair value hierarchy under which the valuation should be classified

(iii) Use of Estimates and Judgments:

The preparation of standalone financial statements in conformity with the recognition and measurement principles of Ind AS requires management of the Company to make estimates and judgments that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of standalone financial statements and the reported amounts of income and expenses for the periods presented. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting estimates in preparation of its standalone financial statements:

(a) Revenue Recognition

The Company derives revenue primarily from Information Technology Services and Solutions. The Company recognizes revenue when it transfers control over a product or a service to a customer. The method for recognizing revenues and costs depends on the nature of the services rendered.

(b) Useful lives of Property, plant and equipments:

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

(c) Impairment of investments in subsidiaries

The Company reviews its carrying value of investments carried at cost (net of impairment, if any) annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in the statement of profit and loss.

(d) Provision for income tax and deferred tax assets

The Company uses estimates and judgments based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax.

A deferred tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Accordingly, the Company exercises its judgment to reassess the carrying amount of deferred tax assets at the end of each reporting period.

(e) Provisions and contingent liabilities:

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgments to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are neither recognized nor disclosed in the financial statements.

(f) Employee benefits

The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumptions. These assumptions have been explained under employee benefits note.

(g) Leases

The Company does not have any Lease agreement hence the provision to that effect is not applicable.

(iv) Financial Assets, Financial Liabilities and Equity Instruments

Financial assets, financial liabilities and equity instruments financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Cash and cash equivalents

The Company considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortized cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in statement of profit and loss.

Investment in subsidiaries

Investment in subsidiaries are measured at cost less impairment loss, if any

Financial liabilities

Financial liabilities are measured at amortized cost using the effective interest method.

Equity instruments

The Company classifies all its equity investments at fair value, apart from investments in subsidiary and Partnership firm. In case of equity instruments not held for trading, Company's management has made an irrevocable election to present fair value gains and losses on such equity instruments in other comprehensive income and there is no subsequent reclassification of fair value gains and losses to the standalone statement of profit and loss.

Investments in mutual funds

Investments in mutual funds are measured at fair value at each balance sheet date.

Derecognition of financial instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109.

The Company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

(v) Revenue/Expenses Recognition:

The Company derives revenue primarily from Information Technology Services and Solutions. Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

Recognition criteria for various types of contracts are as follows:

Time and Material Contracts:

Revenue from time-and-material contracts is recognized based on the time / efforts spent and billed to clients.

Fixed-Price Contracts:

Revenues from fixed-price contracts are recognized using the "percentage-of-completion" method. Percentage of completion is determined based on project costs incurred to date as a percentage of total estimated project costs required to complete the milestone wise project.

If the Company does not have a sufficient basis to measure the progress of completion or to estimate the total contract revenues and costs, revenue is recognized only to the extent of contract cost incurred for the completed milestone of the contract.

Sale of software products and licenses:

Revenue from sale of third party software products and hardware is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on physical or electronic dispatch of goods.

Revenue from sale of licenses, where no customization is required, is recognized upon delivery of these licenses which constitute transfer of all risks & rewards.

Maintenance Contracts:

Revenue from maintenance contracts is recognised on a pro-rata basis over the period in which such services are rendered.

Advance payments received from customers for whom no services have been rendered are presented as "Advance from customers".

Revenues are reported net of GST and applicable discounts and allowances.

Other Income

Other income primarily comprises of interest, dividend. Interest income is recognized in the Statement of Profit and Loss using effective interest method at the time of accrual. Dividend income is recognized in the Statement of Profit and Loss when the right to receive payment is established.

(vi) Property, Plant and Equipment:

Recognition and Initial measurement:

Property, plant and equipment are stated at historical cost less accumulated depreciation and impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are added in the asset's carrying amount/recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of such item can be measured reliably. All other repairs and maintenance expenses are charged to the standalone statement of profit and loss in the period in which they are incurred. Gains or losses arising on retirement or disposal of property, plant and equipment are recognized in the standalone statement of profit and loss.

Subsequent measurement (depreciation and useful lives):

Depreciation is provided on a pro-rata basis on the written down value (WDV) method based on estimated useful life prescribed under Schedule II of the Companies Act, 2013. However, assets value up to Rs 5,000 is fully depreciated in the year of acquisition. Residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each Balance Sheet date and any change in them is adjusted prospectively.

Category of asset	Useful life
Furniture and fixtures	10 years
Office equipments	3 - 5 years

De-recognition:

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in the standalone statement of profit and loss, when the asset is de-recognized.

(vii) Intangible assets:

Technical know - how fees / acquired computer software and licenses are capitalized on the basis of costs incurred to bring the specific intangibles to its intended use. Intangible assets purchased are measured at cost or fair value as of the date of acquisition, as applicable, less accumulated amortization and accumulated impairment, if any.

Intangible assets/Software Licenses are amortized on their respective individual estimated useful lives on a written down value basis, commencing from the date the assets is available to the company for its use.

Intangible assets with indefinite useful lives (like goodwill, brands), if any are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite useful life is reviewed annually determine whether indefinite life continues to be supportable. The change in useful life from indefinite to finite life if any, is made on prospective basis.

(viii) Impairment of non-financial assets:

Assessment for impairment is done at each Balance Sheet date when there is an indication that a non-financial asset may be impaired. If any indication of impairment exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made. Asset/cash generating unit whose carrying value exceeds their recoverable amount are written down to the recoverable amount by recognizing the impairment loss as an expense in the standalone statement of profit and loss. Recoverable amount is higher of an asset's/cash generating unit's fair value less cost of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset/cash generating unit and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognized for an asset/cash generating unit in any prior accounting periods may no longer exist or may have decreased, based on which a reversal of an earlier recorded impairment loss is recognized in the standalone statement of profit and loss.

(ix) Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date of investment made, are classified as Current Investments. All investments other than current investments are classified as non-current investments. Investments are valued in accordance with the applicable Ind AS.

(x) Investments in subsidiaries

Investments in subsidiaries are measured at cost less impairment loss, if any.

(xi) Foreign currency transactions

Functional currency and presentation currency:

The financial statements are presented in Indian Rupees (i.e., INR), which is also the Company's functional currency and the presentation currency for the financial statements. All amounts have been rounded off to the nearest lakhs, unless otherwise indicated.

Transactions and balances:

Foreign currency transactions are translated into the functional currency using exchange rates prevailing at the date of the transaction. Foreign currency monetary items are translated in the functional currency at the exchange rate of the reporting date.

(xii) Provisions, contingent liabilities and contingent assets :

A provision is recognized when an enterprise has a present legal or constructive obligation as a result of past events, and it is probable that an outflow of resources will be required to settle the obligation, in respect of which the amount can be reliably estimated. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

A disclosure for contingent liability is made when there is a possible obligation that arises from the past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company and that may, but not probable that an outflow of resources would be required to settle the obligation. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. Contingent assets are assessed continually and are disclosed in the financial statements in the period in which it is virtually certain that an inflow of economic benefit will arise.

(xiii) Employee benefits expense

Defined contribution plans:

The Company provides defined contribution plan for post-employment benefits in the form of provident fund and Employee State insurance benefit scheme administered by Regional Provident Fund Commissioner and the ESI's authorities respectively. The Company's contributions to defined contribution plans are charged to the standalone statement of profit and loss as and when incurred.

Defined benefit plans:

The Company also provides for Gratuity and Leave Encashment based on actuarial valuation made by an independent actuary as per Ind AS 19 compliance of The Institute of Chartered Accountants of India. Actuarial gains / losses are disclosed under relevant Notes.

Short term employee benefits:

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognized as an expense during the year when the employees render the services. These benefits include performance incentives.

(xiv) Borrowings:

The Company has not borrowed any sums.

(xv) Cash flow Statement:

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipt or payments and item of income or expense associated with investing or financing cash-flows. The cash flow from operating, investing and financing activities of the Company is segregated.

(xvi) Inventories:

Company does not have any inventory. As such provisions of Ind AS 2 are not applicable.

(xvii) Cash and Cash Equivalents:

Cash and cash equivalents comprise of cash at bank and on hand and short term investments(having maturity less than three months) which can be readily converted to fixed/determinable amount of money and subject to insignificant risks arising from changes in their fair values, as cash equivalents.

(xviii) Income tax:

Income tax expense for the period is the tax payable on the current period's taxable income based on the applicable income tax rates with adjustments for changes in deferred tax assets or liabilities attributable to temporary differences and unused tax losses or credits.

Current tax is calculated based on tax laws enacted or substantively enacted at the end of the reporting period.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the standalone financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

Minimum alternate tax ('MAT') credit entitlement is recognized as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the standalone statement of profit and loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

(xix) Segment reporting:

The Company is primarily engaged in Information Technology and related services. There are no other reportable segments in terms of IND AS - 108 on Segment Reporting issued by The Institute of Chartered Accountants of India.

(xx) Earnings per Share:

Basic earnings per share are computed by dividing the net profit or loss for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per equity share, net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. As on the balance sheet date, the Company has no dilutive potential equity shares.

Notes to standalone financial statements for the year ended 31 March 2022

18. Deferred taxes:

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred income tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as asset if there is convincing evidence that the Company will pay normal Income tax.

Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefits associated with it will flow to the Company.

19. Dues of small enterprises and micro enterprises:

The Company has initiated the process of obtaining confirmation from suppliers who have registered under the Micro, Small and Medium Enterprises Development Act, 2006. The information required to be disclosed under the Micro, Small And Medium Enterprises Development Act, 2006 ('the MSMED Act') has been determined to the extent such parties have been identified on the basis of information received from such parties and available with the Company. There are no overdue to parties on account of principal amount and/or interest.

21. Segment Reporting:

The Company's business activity falls within a single primary business segment i.e. Software business and therefore, the disclosure requirement of "Segment Reporting" is not applicable.

B. Financial Liabilities :		
Measured at Amortized Cost		
Trade Payables	4,381,235/-	4,381,235/-
Other Financial Liabilities	5,56,557/-	7,96,414/-
Total Financial Liabilities	4,937,792/-	5,177,649/-

Notes:

- These investments are not held for trading. Upon application of Ind AS - 109 - Financial Instruments, the Company has chosen to measure these investments in quoted equity instruments at FVTOCI irrevocably as the management believes that presenting fair value gains and losses relating to these investments in the standalone statement of profit and loss may not be indicative of the performance of the Company.
- The management assessed that the fair value of cash and cash equivalents, loans, Trade receivables, other advance, trade payables and other financial liabilities approximate the carrying amount largely due to short-term maturity of these instruments.

b. Fair value hierarchy

The fair value of financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly market between market participants at the measurement date. Methods and assumptions used to estimate the fair values are consistent in all the years. Fair value of financial instruments referred to in note (a) above has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets and liabilities and lowest priority to unobservable entity specific inputs.

The Categories used are as follows:

- Level 1: Quoted prices (Unadjusted) in active markets for financial instruments.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

For Assets and Liabilities which are measured at fair value as at balance sheet date, the classification of fair value by category and level on inputs used is given below

As at 31st March, 2022

Particulars	Level 1	Level 2	Level 3
a. Financial Assets			
Designated at fair value through other comprehensive income(FVTOCI)			
Investments in Quoted Equity Instruments	1,50,281/-	-	-
Investment in Quoted Mutual Fund	10,536,467/-		
b. Financial Liabilities	-	-	-

As at 31st March, 2021

Particulars	Level 1	Level 2	Level 3
a. Financial Assets			
Designated at fair value through other comprehensive income(FVTOCI)			
Investments in Quoted Equity Instruments	1,29,273/-	-	-
Investment in Quoted Mutual Fund	3,302,315/-		
b. Financial Liabilities	-	-	-

There have been no transfers among Level 1, Level 2 and Level 3 during the year.

c. Computation of Fair Values

Investments in equity instruments represent long term strategic investments made in certain listed or unlisted companies. For listed companies, fair value is based on quoted market prices of such instruments as on the balance sheet date on the recognized stock exchange (where traded volume is more during last six months).

d. Fair value of assets and liabilities measured at cost/amortized cost

The carrying amount of financial assets and financial liabilities measured at amortized cost are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amount would be significantly different from the values that would be eventually received or settled. Management assessed that fair values of cash and cash equivalents, loans, trade receivables, other advance, trade payables and other financial liabilities approximate their carrying amounts due to the short term maturities of these instruments.

25. Financial risk management

Company's business activities are exposed to a variety of financial risks like credit risk, market risks and liquidity risk. Company's senior management is responsible for establishing and monitoring the risk management framework within its overall risk management objectives and strategies approved by the Board of Directors. Such risk management strategies and objectives are established to identify and analyze potential risks faced by the Company, set and monitor appropriate risk limits and controls periodically review the changes in market conditions and assess risk management performance. Any change in Company's risk management objectives and policies need approval of its Board of Directors.

a. Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market prices. Market risks comprises of - currency risk, cyber security risk, concentration risk, competition risk, regulatory risk and other price risk, such as equity price risk. Financial Instruments affected by market risks include investments in mutual funds or equity instruments.

i) Currency risk - The Company has made a well defined currency hedging Policy which helps in controlling risk arisen from currency fluctuations and volatility.

ii) Cyber Security Risks - Cyber Security and quality management are few key areas of concern in today's information age. To overcome such concerns in today's global IT scenario, an increasing number of IT-BPO companies in India have gradually started to emphasize on quality to accept global standards such as ISO 9001 (for quality management) and

ISO 27000 (for information security). Today, centers based in India account for the largest number of quality certifications achieved by any single country.

- iii) **Concentration Risk**- Regional concentration as well as vertical concentration can adversely impact Company's business in case of a slowdown.
- iv) **Competition Risk**- The ever increasing competition poses a key risk in terms of acquiring client business as well as human talent. Lee & Nee Software (Exports) Ltd. has enhanced their value in the proposition of its customers by way of deepening its domain expertise, technological capabilities and customer engagement, on the human capital front, Lee & Nee Software (Exports) Ltd. Brand equity and best in class HR principles and practices has made it a preferred employer.
- v) **Regulatory Risk**- Legislation in various countries in which we operate including the US,UK , Australia, Canada and Middle East may place restrictions on companies in those countries from outsourcing work to us, or may enact stricter immigration laws or may limit our ability to send our employees to certain client sites. A team of professionals has been employed within and outside the Company. The Company has working on mitigating this on a continuous basis.
- vi) **Price risk** - Price risk is the risk that the fair value or future cash flows will fluctuate due to change in market prices. The Company is exposed to price risk arising from its Investments and Equity Instruments. The Company's manages such risk in accordance with its overall risk management policy approved by the Board of Directors.

b. Credit risk:

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investment securities. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

i) Trade receivables

Customer credit risks are managed by each business unit in accordance with the credit policy, procedures and controls relating to credit risk management. Credit quality of each individual customer is assessed based on financial positions, past trends, market reputation, prevailing market and economic conditions, expected business and anticipated regulatory changes. Based on this evaluation, credit limit and credit terms are decided for each individual customer. Exposure to customer credit risk is regularly monitored through credit locks and release. The Company has a low concentration of risk in respect of trade receivables since its customers are widely spread and operates in diversified industries and varying market conditions. Export customers are secured through letter of credit and generally not subject to credit risks.

Impairment of trade receivables is based on expected credit loss model (simplistic approach) depending upon the historical data, present financial conditions of customers and anticipated regulatory changes. Maximum exposure to credit risks at the reporting date is disclosed in Note 4.2 & 6.1. Company does not hold any collateral in respect of such receivables.

ii) Other financial instruments

Credit risks from other financial instruments include mainly cash and cash equivalents and deposits with banks. Such risk is managed by the Board of Directors of the Company in accordance with Company's overall investment policy approved by its Board of Directors. The investments are reviewed by the Board of Directors on a quarterly basis.

The Company has no exposure to credit risk relating to its cash and cash equivalents. Credit risk for other financial instruments is monitored by the Board of Directors in accordance with its overall risk management policies. Impairment of such assets is computed per expected credit loss model (general approach) assessed on the basis of financial position, detailed analysis and expected business of the counterparty to such financial assets.

iii) Investments

The Company limits its exposure to credit risk by generally investing in liquid securities. The Company does not have any significant concentration of exposures to specific industry sectors.

c. Liquidity risk:

Liquidity risk is the risk that the Company may not be able to meet its contractual obligations associated with its financial liabilities. The Board of Director of the Company manages its liquidity risk by preparing and continuously monitoring business plans or rolling cash flow forecasts which ensure that the funds required for carrying on its business operations and meeting its financial liabilities are available in a timely manner and at an optimal cost. The Company plans to meet the contractual obligations from its internal accruals. Additionally, surplus funds generated from operations are parked in short term debt or liquid mutual funds and bank deposits which can be readily liquidated when required.

The working capital position of the Company is given below:

INDEPENDENT AUDITORS REPORT

To,
The Members of M/s Lee & Nee Software (Exports) Ltd.
Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of **M/s LEE & NEE SOFTWARES (EXPORTS) LTD** (hereinafter referred to as 'the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated statement of cash flows and the consolidated statement of changes in equity for the year then ended, and notes to the consolidated financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013 (the 'Act') in the

Manner so required and gives a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS') and other accounting principles generally accepted in India of the consolidated state of affairs of the Group as at March 31, 2022, and its consolidated profit (including other comprehensive income), its consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Act and the rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended March 31, 2022. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the Consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion there on.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these Consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective management and Board of Directors of the entities included in the Group are responsible for maintenance of adequate accounting records in accordance with the provision of the act for

safeguarding the assets of the group each entity and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the management and Board of Directors of the Holding Company, as aforesaid.

In preparing the Consolidated financial statements, the respective management and Board of Directors of the entities included in the Group are responsible for assessing the ability of each entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective management and Board of Director either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the entities included in the Group are also responsible for overseeing the financial reporting process of the Group and of each entity.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain Professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion whether the Holding Company has adequate internal financial controls and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates And related disclosures made by the management and Board of directors of the Holding company.
- Conclude on the appropriateness of management's and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication. We have nothing to report in this regard.

Report on Other Legal and Regulatory Requirements

1. A. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and Consolidated Statement of changes in equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.
 - e. On the basis of the written representations received from the directors of the Holding company as on 31st March, 2022 taken on record by the Board of Directors of the Holding Company, and on the basis of written representations received by the management from directors of its subsidiaries which are incorporated in India, as on 31 March 2022, none of the directors of the Group's companies incorporated in India is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Holding and its Subsidiary Companies incorporated in India and the operating effectiveness of such controls, refer to our separate report in 'Annexure A'. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Group does not have any pending litigations which would impact its financial position in its Consolidated Ind AS Financial Statements.
 - ii. The Group did not have any material foreseeable losses long-term contracts including derivative contracts during the year ended 31st March 2022.
 - iii. The Group did not have any amount which had fallen due and required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or its subsidiary companies incorporated in India to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Holding Company or its subsidiary companies incorporated in India or

- provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- (b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Holding Company or its subsidiary companies incorporated in India from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or its subsidiary companies incorporated in India shall:
 - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Parties or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.
- (c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub clause (iv)(a) & (iv) (b) contain any material mis-statement.

v. The Holding Company and its subsidiaries incorporated in India has not declared or paid any dividend during the year and has not proposed final dividend for the year.

C. With respect to the matter to be included in the Auditors' report under Section 197(16) of the Act:

In our opinion and according to the information and explanation given to us, the remuneration paid during the current year by the Holding Company and its subsidiaries which are incorporated in India to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiaries which are incorporated in India, is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/ "the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us to which reporting under CARO is applicable, as provided to us by the Management of the Parent, we report that there are no qualifications or adverse remarks included in the consolidated financial statements.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(REFERRED TO IN PARAGRAPH 1 (f) UNDER 'REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS' OF OUR REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF LEE & NEE SOFTWARES (EXPORTS) LTD.)

Report on the Internal Financial Controls over Financial Reporting under clause (i) of Sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2022, we have audited the internal financial controls over financial reporting of Lee & Nee Softwares (Exports) Ltd. (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries (incorporated in India) together referred to as "the Group") as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls over financial reporting based on the criteria established by the respective company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our Audit. We conducted our Audit in accordance with the Guidance Note and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of Internal Financial controls over financial reporting included obtaining an understanding of internal financial over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's internal financial controls over financial reporting are a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company ; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the consolidated financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company and such companies incorporated in India which are its subsidiary companies, have, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls over financial reporting criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Notes to Consolidated financial statements for the year ended 31st March 2022

Summary of significant accounting policies and other explanatory information

1. GROUP INFORMATION

The Consolidated Financial Statements comprise financial statements of Lee & Nee Softwares (Exports) Ltd. ("the Holding Company") and its Subsidiaries (collectively referred to "the Group") for the year ended 31 March 2022.

The Lee & Nee Softwares (Exports) Ltd ("the Company") and its subsidiaries (collectively together with employee welfare trusts referred to as "the Group") is primarily engaged in Information Technology and related services. The Company is a Company limited by shares, incorporated and domiciled in India. It is an IT-enabled service company based in the IT hub of Kolkata, India.

The Holding Company is listed on Bombay Stock Exchange Limited and Calcutta Stock Exchange Limited. The registered office of the Company is located at 14-B, Camac Street, Kolkata 700 017, India.

The list of Subsidiary Companies considered in the Consolidated Financial Statements is as follows:

Name of the Subsidiary Companies	Country of Incorporation	Financial year ended	Holding Company's Interest
Rituraj Shares Broking Pvt. Ltd	India	31.03.2022	100.00%
Lensel Web Services Pvt. Ltd.	India	31.03.2022	100.00%

Lensel Web Services Private Limited is the material subsidiary of the Company.

These financial statements of the Company for the year 31st March 2022 were approved and authorized for issue by the Holding Company's Board of Directors in their meeting held on 26th May, 2022.

The principal accounting policies applied in the preparation of the consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

1A. Estimation of uncertainties relating to the global health pandemic from COVID-19

The spread of COVID-19 pandemic has severely impacted businesses around the globe, including India. The Company's operations and financial results in the initial two months of previous year were adversely impacted due to stoppage of operations due to outbreak of COVID-19 pandemic. Thereafter it took nearly another two months for attaining back full production level. In the current financial year various State Governments had imposed partial lock down, however, there was no significant impact on the functioning of the Company. The management has considered various internal and external sources of information up to the date of approval of the consolidated financial statements by the Board of Directors in determining the impact of pandemic on the various elements of standalone financial statements. The management has also evaluated its liquidity position for the next financial year and used the principles of prudence in applying judgments, estimates & assumptions and based on the current estimates, it expects to fully recover the carrying amount of various non current & current assets. However considering the uncertainties involved, the eventual outcome of impact of the pandemic may be different from those estimated as on the date of approval of these standalone financial statements. The Company will continue to closely monitor any material changes in future economic conditions.

1B. Recent Accounting Developments

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1, 2022, as below:

Ind AS 103 Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Group does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the Group is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Group does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37 Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples Integrated Annual Report 2021-22 Consolidated Financial Statements | Notes forming part of Consolidated Financial Statements would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Group does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 Annual Improvements to Ind AS (2021) The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Group does not expect the amendment to have any significant impact in its financial statements.

Ind AS 116 Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Group does not expect the amendment to have any significant impact in its financial statements.

2. STATEMENT OF COMPLIANCE AND SIGNIFICANT ACCOUNTING POLICIES

i) Statement of Compliances: These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015 and relevant amendments rules issued thereafter.

ii) Basis of Preparation of Financial Statements: The consolidated financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Group follows the mercantile system of accounting and generally the accrual concept in preparing the accounts except dividend which is recorded on cash basis.

iii) Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Group and entity controlled by the Group i.e. its subsidiary. It also includes the Group's share of profits, net assets and retained post acquisition reserves of joint arrangement that are consolidated using the equity method of consolidation, as applicable.

Control is achieved when the Group is exposed to, or has rights to the variable returns of the entity and the ability to affect those returns through its power over the entity.

The results of subsidiary and joint arrangement acquired or disposed off during the year are included in the consolidated statement of profit and loss from the effective date of acquisition or up to the effective date of disposal, as appropriate.

Wherever necessary, adjustments are made to the financial statements of subsidiaries and joint arrangements to bring their accounting policies in line with those used by other members of the Group. Intra-group transactions, balances, income and expenses are eliminated on consolidation.

iv) Business combination

The Group except for combination of group entities which are under common control applies the acquisition method in accounting for business combinations. The consideration transferred by the Group to obtain control of a subsidiary is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred and the equity interests issued by the Group, which includes the fair value of any asset or liability arising from a contingent consideration arrangement. Acquisition costs are expensed as incurred. Assets acquired and liabilities assumed are generally measured at their acquisition date fair values.

In case of combination of entities under control, business combination are accounted for under pooling of interest method whereby the assets and liabilities are combined at the carrying amount and no adjustments are made to reflect their fair values or recognise any new assets or liabilities.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the combination date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

v) Use of Estimates and Judgments:

Use of estimates and judgements The preparation of consolidated financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of consolidated financial statements and the reported

amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

The Group uses the following critical accounting estimates in preparation of its consolidated financial statements:

(a) Revenue Recognition

The Group derives revenue primarily from Information Technology Services and Solutions. The Group recognizes revenue when it transfers control over a product or a service to a customer. The method for recognizing revenues and costs depends on the nature of the services rendered.

(b) Useful lives of Property, plant and equipments:

The Group reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

(c) Impairment of investments in subsidiaries

The Group reviews its carrying value of investments carried at cost (net of impairment, if any) annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in the statement of profit and loss.

(d) Fair value measurements:

The Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Group has an established control framework with respect to the measurement of fair values.

When measuring the fair value of an asset or a liability, the Group uses observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

(e) Provision for income tax and deferred tax assets

The Group uses estimates and judgments based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax.

A deferred tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Accordingly, the Group exercises its judgment to reassess the carrying amount of deferred tax assets at the end of each reporting period.

(f) Provisions and contingent liabilities:

The Group estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Group uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are neither recognised nor disclosed in the financial statements.

(g) Employee benefits

The accounting of employee benefit plans in the nature of defined benefit requires the Group to use assumptions. These assumptions have been explained under employee benefits note.

(h) Leases

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

vi) Financial Assets, Financial Liabilities and Equity Instruments

Financial assets, financial liabilities and equity instruments financial assets and liabilities are recognized when the Group becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value.

Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Cash and cash equivalents

The Group considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortized cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

For assets, if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and where the Group has exercised the option to classify the equity investment as at fair value through other comprehensive income, all fair value changes on the investment are recognised in other comprehensive income. Financial assets included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive Income (OCI).

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in statement of profit and loss.

Financial liabilities

Financial liabilities are measured at amortized cost using the effective interest method.

Equity instruments

The Group classifies all its equity investments at fair value, apart from investments in subsidiary and Partnership firm. In case of equity instruments not held for trading, Group's management has made an irrevocable election to present fair value gains and losses on such equity instruments in other comprehensive income and there is no subsequent reclassification of fair value gains and losses to the consolidated statement of profit and loss.

Investments in mutual funds

Investments in mutual funds are measured at fair value at each balance sheet date.

Derecognition of financial instruments

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109.

The Group de-recognizes financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire.

vii) Revenue/Expenses Recognition:

The Group derives revenue primarily from Information Technology Services and Solutions. The Group recognizes revenue when it transfers control over a product or a service to a customer. The method for recognizing revenues and costs depends on the nature of the services rendered.

Recognition criteria for various types of contracts are as follows:

Time and Material Contracts:

Revenue from time-and-material contracts is recognized based on the time / efforts spent and billed to clients.

Fixed-Price Contracts:

Revenues from fixed-price contracts are recognized using the "percentage-of-completion" method. Percentage of completion is determined based on project costs incurred to date as a percentage of total estimated project costs required to complete the milestone wise project.

If the Group does not have a sufficient basis to measure the progress of completion or to estimate the total contract revenues and costs, revenue is recognized only to the extent of contract cost incurred for the completed milestone of the contract.

Sale of software products and licenses:

Revenue from sale of third party software products and hardware is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on physical or electronic dispatch of goods.

Revenue from sale of licenses, where no customization is required, is recognized upon delivery of these licenses which constitute transfer of all risks & rewards.

Maintenance Contracts:

Revenue from maintenance contracts is recognised on a pro-rata basis over the period in which such services are rendered.

Advance payments received from customers for whom no services have been rendered are presented as "Advance from customers".

Revenues are reported net of GST and applicable discounts and allowances.

Other Income

Other income primarily comprises of interest, dividend. Interest income is recognized in the Statement of Profit and Loss using effective interest method at the time of accrual. Dividend income is recognized in the Statement of Profit and Loss when the right to receive payment is established.

viii) Property, Plant and Equipment:

Recognition and Initial measurement:

Property, plant and equipment are stated at historical cost less accumulated depreciation and impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are added in the asset's carrying amount/recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of such item can be measured reliably. All other repairs and maintenance expenses are charged to the consolidated statement of profit and loss in the period in which they are incurred. Gains or losses arising on retirement or disposal of property, plant and equipment are recognized in the consolidated statement of profit and loss.

Subsequent measurement (depreciation and useful lives):

Depreciation is provided on a pro-rata basis on the written down value (WDV) method based on estimated useful life prescribed under Schedule II of the Companies Act, 2013. However, assets value up to Rs 5,000 is fully depreciated in the year of acquisition. Residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each Balance Sheet date and any change in them is adjusted prospectively.

Category of asset	Useful life
Furniture and fixtures	10 years
Office equipments	3 - 5 years
Buildings	60 years

De-recognition:

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in the consolidated statement of profit and loss, when the asset is de-recognized.

ix) Intangible assets:

Technical know - how fees / acquired computer software and licenses are capitalized on the basis of costs incurred to bring the specific intangibles to its intended use. Intangible assets purchased are measured at cost or fair value as of the date of acquisition, as applicable, less accumulated amortization and accumulated impairment, if any.

Intangible assets/Software Licenses are amortized on their respective individual estimated useful lives on a written down value basis, commencing from the date the assets is available to the Group for its use.

Intangible assets with indefinite useful lives (like goodwill, brands), if any are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite useful life is reviewed annually to determine whether indefinite life continues to be supportable. The change in useful life from indefinite to finite life if any, is made on prospective basis.

x) Impairment of non-financial assets:

Assessment for impairment is done at each Balance Sheet date when there is an indication that a non-financial asset may be impaired. If any indication of impairment exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made. Asset/cash generating unit whose carrying value exceeds their recoverable amount are written down to the recoverable amount by recognizing the impairment loss as an expense in the consolidated statement of profit and loss. Recoverable amount is higher of an asset's/cash generating unit's fair value less cost of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset/cash generating unit and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any

indication that an impairment loss recognized for an asset/cash generating unit in any prior accounting periods may no longer exist or may have decreased, based on which a reversal of an earlier recorded impairment loss is recognized in the consolidated statement of profit and loss.

xi) Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date of investment made, are classified as Current Investments. All investments other than current investments are classified as non-current investments. Investments are valued in accordance with the applicable Ind AS.

xii) Foreign currency transactions

Functional currency and presentation currency:

The consolidated financial statements are presented in Indian Rupees (i.e., INR), which is also the Group's functional currency. All amounts have been rounded-off to the nearest lakhs, unless otherwise indicated.

Transactions and balances:

Foreign currency transactions are translated into the functional currency using exchange rates prevailing at the date of the transaction. Foreign currency monetary items are translated in the functional currency at the exchange rate of the reporting date.

xiii) Provisions, contingent liabilities and contingent assets :

A provision is recognized when an enterprise has a present legal or constructive obligation as a result of past events, and it is probable that an outflow of resources will be required to settle the obligation, in respect of which the amount can be reliably estimated. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

A disclosure for contingent liability is made when there is a possible obligation that arises from the past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group and that may, but not probable that an outflow of resources would be required to settle the obligation. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. Contingent assets are assessed continually and are disclosed in the financial statements in the period in which it is virtually certain that an inflow of economic benefit will arise.

xiv) Employee benefits expense

Defined contribution plans:

The Group provides defined contribution plan for post-employment benefits in the form of provident fund and Employee State insurance benefit scheme administered by Regional Provident Fund Commissioner and the ESI's authorities respectively. The Group's contributions to defined contribution plans are charged to the consolidated statement of profit and loss as and when incurred.

Defined benefit plans:

The Group also provides for Gratuity and Leave Encashment based on actuarial valuation made by an independent actuary as per Ind AS 19 Compliance of The Institute of Chartered Accountants of India. Actuarial gains / losses are disclosed under relevant Notes.

Short term employee benefits:

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include performance incentives.

xv) Borrowings:

The Group has not borrowed any sums from any financial institutions, except from Directors. Refer note 13.1 for details.

xvi) Cash flow Statement:

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipt or payments and item of income or expense associated with investing or financing cash-flows. The cash flow from operating, investing and financing activities of the Group are segregated.

xvii) Inventories:

Group does not have any inventory. As such provisions of Ind AS 2 are not applicable.

xviii) Cash and Cash Equivalents:

Cash and cash equivalents comprise of cash at bank and on hand and short term investments(having maturity less than three months) which can be readily converted to fixed/determinable amount of money and subject to insignificant risks arising from

changes in their fair values, as cash equivalents.

xix) Leases:

The one of the Subsidiary Companies has acquired certain building on finance lease. Such lease arrangements are for a period of 99 years and the entire lease rentals has been paid upfront at the time of initiation of the lease. The subsidiary has recognized these building so acquired as owned assets instead of lease under property, plant and equipment at an amount equal to the upfront lease payment plus initial direct costs. Such amount is amortized over the estimated life of the assets under straight line method.

xx) Income tax:

Income tax expense for the period is the tax payable on the current period's taxable income based on the applicable income tax rates with adjustments for changes in deferred tax assets or liabilities attributable to temporary differences and unused tax losses or credits.

Current tax is calculated based on tax laws enacted or substantively enacted at the end of the reporting period.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

Minimum alternate tax ('MAT') credit entitlement is recognized as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the consolidated statement of profit and loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

xxi) Segment reporting:

The Group's respective business activity falls within a single primary business segment i.e. Software business and share trading business therefore, the disclosure requirement of "Segment Reporting" is not applicable.

xxii) Earnings per Share:

Basic earnings per share are computed by dividing the net profit or loss for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per equity share, net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares. As on the balance sheet date, the Group has no dilutive potential equity shares.

Notes to Consolidated financial statements for the year ended 31 March 2022

20. Deferred taxes:

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying value of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences whereas, deferred tax assets are only recognized to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilized. Deferred tax asset at the time of transaction affects neither the accounting profit nor taxable profit or loss. The carrying amount of deferred tax asset is reviewed at each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal Income tax.

Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefits associated with it will flow to the Group.

21. Dues of small enterprises and micro enterprises:

The Group has initiated the process of obtaining confirmation from suppliers who have registered under the Micro, Small and Medium Enterprises Development Act, 2006. The information required to be disclosed under the Micro, Small And Medium Enterprises Development Act, 2006 ('the MSMED Act') has been determined to the extent such parties have been identified on the basis of information received from such parties and available with the Group. There are no overdue to parties on account of principal amount and/or interest.

22. Segment Reporting:

The Group's respective business activity falls within a single primary business segment i.e. Software business and share trading business therefore, the disclosure requirement of "Segment Reporting" is not applicable.

23. Earnings per equity share (EPS)

Other Financial Liabilities	5,56,557/-	7,96,414/-
Total Financial Liabilities	58,69,579/-	57,91,515/-

Notes:

- These investments are not held for trading. Upon application of Ind AS - 109 - Financial Instruments, the Group has chosen to measure these investments in quoted equity instruments at FVTOCI irrevocably as the management believes that presenting fair value gains and losses relating to these investments in the consolidated statement of profit and loss may not be indicative of the performance of the Group.
- The management assessed that the fair value of cash and cash equivalents, other bank balances, bank deposits, loans, Trade receivables, other advance, borrowings, trade payables and other financial liabilities approximate the carrying amount largely due to short-term maturity of these instruments.

b. Fair value hierarchy

The fair value of financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly market between market participants at the measurement date. Methods and assumptions used to estimate the fair values are consistent in all the years. Fair value of financial instruments referred to in note (a) above has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets and liabilities and lowest priority to unobservable entity specific inputs.

The Categories used are as follows:

- Level 1: Quoted prices (Unadjusted) in active markets for financial instruments.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

For Assets and Liabilities which are measured at fair value as at balance sheet date, the classification of fair value by category and level on inputs used is given below:

As at 31st March, 2022 (Rs.)

Particulars	Level 1	Level 2	Level 3
a. Financial Assets			
Designated at fair value through other comprehensive income (FVTOCI)			
Investments in Quoted Equity Instruments	34,96,837/-	-	-
Investment in Mutual Fund	2,17,18,210/-		
b. Financial Liabilities	-	-	-

As at 31st March, 2021 (Rs.)

Particulars	Level 1	Level 2	Level 3
a. Financial Assets			
Designated at fair value through other comprehensive income (FVTOCI)			
Investments in Quoted Equity Instruments	14,92,690/-	-	-
Investment in Mutual Fund	1,12,61,460/-		
b. Financial Liabilities	-	-	-

There have been no transfers among Level 1, Level 2 and Level 3 during the year.

c. Computation of Fair Values:

Investments in Mutual Funds are classified under current financial assets are short term investments whose fair value are considered as the net asset value (NAV) declared by the respective fund houses on a daily basis. Thus the declared NAV is similar to fair market value for these mutual fund investments since transactions between the Investor and fund houses will be carried out at such prices.

Investments in equity instruments represent long term strategic investments made in certain listed or unlisted companies. For listed companies, fair value is based on quoted market prices of such instruments as on the balance sheet date on the recognized stock exchange (where traded volume is more during last six months).

d. Fair value of assets and liabilities measured at cost/amortized cost

The carrying amount of financial assets and financial liabilities measured at amortized cost are a reasonable approximation of their fair values since the Group does not anticipate that the carrying amount would be significantly different from the values that would be eventually received or settled. Management assessed that fair values of cash and cash equivalents, other bank balances, bank deposits, loans, trade receivables, other advance, borrowings, trade payables and other financial liabilities approximate their carrying amounts due to the short term maturities of these instruments.

26. Financial risk management

Group's business activities are exposed to a variety of financial risks like credit risk, market risks and liquidity risk. Group's senior management is responsible for establishing and monitoring the risk management framework within its overall risk management objectives and strategies approved by the Board of Directors. Such risk management strategies and objectives are established to identify and analyze potential risks faced by the Group, set and monitor appropriate risk limits and controls periodically review the changes in market conditions and assess risk management performance. Any change in Group's risk management objectives and policies need approval of its Board of Directors.

a. Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market prices. Market risks comprises of - currency risk, cyber security risk, concentration risk, competition risk, regulatory risk and other price risk, such as equity price risk. Financial Instruments affected by market risks include investments in mutual funds or equity instruments.

- i) **Currency risk** - The Group has made a well-defined currency hedging Policy which helps in controlling risk arisen from currency fluctuations and volatility.
- ii) **Cyber Security Risks** - Cyber Security and quality management are few key areas of concern in today's information age. To overcome such concerns in today's global IT scenario, an increasing number of IT-BPO companies in India have gradually started to emphasize on quality to accept global standards such as ISO 9001 (for quality management) and ISO 27000 (for information security). Today, centers based in India account for the largest number of quality certifications achieved by any single country.
- iii) **Concentration Risk** - Regional concentration as well as vertical concentration can adversely impact Group's business in case of a slowdown..
- iv) **Competition Risk** - The ever increasing competition poses a key risk in terms of acquiring client business as well as human talent. Group has enhanced their value in the proposition of its customers by way of deepening its domain expertise, technological capabilities and customer engagement, on the human capital front. Brand equity and best in class HR principles and practices has made it a preferred employer
- v) **Regulatory Risk** - Legislation in various countries in which we operate including the US , UK ,Australia, Canada & Middle East may place restrictions on companies in those countries from outsourcing work to us, or may enact stricter immigration laws or may limit our ability to send our employees to certain client sites. A team of professionals has been employed within and outside the Group. The Group has working on mitigating this on a continuous basis.
- vi) **Price risk** - Price risk is the risk that the fair value or future cash flows will fluctuate due to change in market prices. The Group is exposed to price risk arising from its Investments and Equity Instruments. The Group manages such risk in accordance with its overall risk management policy approved by the Board of Directors.

b. Credit risk:

Credit risk is the risk of financial loss to the Company if a customer or counter party to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investment securities. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

i) Trade receivables

Customer credit risks are managed by each business unit in accordance with the credit policy, procedures and controls relating to credit risk management. Credit quality of each individual customer is assessed based on financial positions, past trends, market reputation, prevailing market and economic conditions, expected business and anticipated regulatory changes. Based on this evaluation, credit limit and credit terms are decided for each individual customer. Exposure to customer credit risk is regularly monitored through credit locks and release. The Group has a low concentration of risk in respect of trade receivables since its customers are widely spread and operates in diversified industries and varying market conditions. Export customers are secured through letter of credit and generally not subject to credit risks.

Impairment of trade receivables is based on expected credit loss model (simplistic approach) depending upon the historical data, present financial conditions of customers and anticipated regulatory changes. Maximum exposure to credit risks at the reporting date is disclosed in Note 4.2 & 6.2. Group does not hold any collateral in respect of such receivables.

ii) Other financial instruments

Credit risks from other financial instruments include mainly cash and cash equivalents and deposits with banks. Such risk is managed by the Board of Directors of the Group in accordance with Group's overall investment policy approved by its Board of Directors. The investments are reviewed by the Board of Directors on a quarterly basis.

The Group has no exposure to credit risk relating to its cash and cash equivalents. Credit risk for other financial instruments is

monitored by the Board of Directors in accordance with its overall risk management policies. Impairment of such assets is computed per expected credit loss model (general approach) assessed on the basis of financial position, detailed analysis and expected business of the counterparty to such financial assets.

iii) Investments

The Group limits its exposure to credit risk by generally investing in liquid securities. The Company does not have any significant concentration of exposures to specific industry sectors.

c. Liquidity risk:

Liquidity risk is the risk that the Group may not be able to meet its contractual obligations associated with its financial liabilities. The Board of Director of the Group manages its liquidity risk by preparing and continuously monitoring business plans or rolling cash flow forecasts which ensure that the funds required for carrying on its business operations and meeting its financial liabilities are available in a timely manner and at an optimal cost. The Group plans to meet the contractual obligations from its internal accruals. Additionally, surplus funds generated from operations are parked in short term debt or liquid mutual funds and bank deposits which can be readily liquidated when required.

The working capital position of the Group is given below:
