Message from MD's Desk

It is my pleasure to welcome you to the 16th Annual General Meeting of your Company. FY2021 started with the onset of Covid-19 pandemic which by now has truly transformed several aspects of our life. People has started living with this pandemic with the safety measures being taken as per the directives of the Govt. from time to time. Adapting to the difficult situation, our company continued to work and ensured all our stakeholders' requirement to be addressed. Though it has made an impact on every industry including Real Estate, but thanks to the timely measures announced by the Govt. of India in the form of emergency credit, also lowering the interest rates on housing loans. We also made sure that our labour force and security staff were provided with requisite essentials regularly. To ensure the safety and well-being of the employees the company has conducted vaccination camps for the employees as well as for residents in our projects. Indian real estate market is poised for big growth. It is expected to grow to a market size of US \$ 1 trillion by the year 2030 and will contribute about 13% of country's GDP by 2025.

The pandemic also led to paradigm shift in consumer preferences and buying behaviour. It made people realise the importance of owning a home that takes care of all the needs and safety of every family member. This realisation shifted consumer preferences towards spacious homes and integrated residential developments having an ecosystem of amenities, social infrastructure, workspaces, shopping, dining and entertainment destinations. Furthermore, developers with high brand equity, financial prudence, proven track record of construction quality and delivery saw a consolidation of demand in their favour. The convergence of these changing consumer preferences, consolidation in the sector and low home loan interest rates ensured a stupendous sales performance in FY21 for the company. Customer's comfort to deal with developers who have the financial stability and the ability to deliver the projects on time will ensure that the market share for established players like us will continue to increase further.

The Govt. of India has put special emphasis on affordable housing by declaring certain special measures for affordable housing. In order to augment the Mission of "Prime Minister's vision of Housing for all by year 2022", Govt. of India has extended the date for project approval under affordable housing eligible for income tax deduction u/s 80 IBA to 31.03.2022. Keeping in view the great demand of affordable housing your company has already constructing two projects and launched one more project under the name 'AGI Maxima'. In the year 2021-22 two more projects will be launched under this scheme. As another year passes by, we continue with the same set of corporate values that have guided us over past decade.

FY2020-21 has been a year where we strengthened our position and focused on execution, growth and expanding horizons. Even during the pandemic all our residential projects received robust interest from across the country. Also project 'AGI MAXIMA' launched recently has evoked very good interest from public.

Your company has registered a growth of about 21% in sales and about in 10.66 % Profit before tax and about 12.41% in Profit after tax in the current year.

On the behalf of entire AGI team, I would like to thank our valued customers, shareholders, suppliers, business associates, bankers and all other stakeholders for the confidence they have reposed in our Company. I seek the encouragement and support of all stakeholders for our future endeavours.

With Best Regards
Sd-

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

BUSINESS OVERVIEW

Our Company is a reputed Punjab based company having its presence in the construction industry for more than one decade. Company has delivered a number of high-rise building Projects in Punjab which includes Residential Housing Projects and Commercial Building Projects. Our residential portfolio currently covers projects catering to customers across all income groups. We believe that we have established a successful track record in the real estate industry in Punjab by developing versatile projects through our focus on innovative architecture, strong project execution and quality construction.

GLOBAL ECONOMY

In response to disruptions from the global pandemic, many central banks in emerging market and developing economies employed asset purchase programs for the first time in their history. These programs were successful in lowering bond yields without triggering currency depreciations.

Despite the pandemic, the global economy is set to expand by 5.6% in 2021, its strongest growth in 80 years. This recovery is uneven and largely reflects sharp rebounds in some major economies. The global outlook is subject to significant downside risks, including the possibility of additional COVID-19 waves and financial stress amid high debt levels of Emerging Market and Developing Economies (EMDEs). Policy makers will need to support the recovery while safeguarding price stability, fiscal sustainability and to continue efforts towards promoting growth-enhancing reforms.

INDIAN ECONOMY

India has emerged as the fastest growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's GDP (at constant 2011-12 prices) was estimated at Rs.33.14 trillion (US\$ 452.74 billion) for the second quarter of FY 2020-21, against Rs. 35.84 trillion (US\$ 489.62 billion) in the second quarter of FY 2019-20.

With an improvement in the economic scenario, there have been investments across various sectors of the economy. In 2020, the total deal value in India stood at approximately US\$ 80 billion. Of this, M&A activity contributed approximately 50% to the total transaction value. Private Equity-Venture Capital (PE-VC) companies expanded from US\$ 36.3 billion in 2019 to US\$ 39.2 billion in 2020.

Government data showed that India's Foreign Direct Investment (FDI) equity inflows during the period from April 2020 to March 2021 stood at \$59.64 billion which corresponds to a growth of 19%.

In November 2020, the Government of India announced Rs 2.65 lakh crore (US\$ 36 billion) stimulus package to generate job opportunities and provide liquidity support to various sectors such as tourism, aviation, construction and housing. Also, India's cabinet approved the production-linked incentives (PLI) scheme to provide approximately Rs.2 trillion (US\$ 27 billion) over five years to create jobs and boost production in the country.

The first Union Budget of the third decade of 21st century was presented by Minister for Finance & Corporate Affairs, Ms Nirmala Sitharaman in the Parliament last year. The budget aimed at energising the Indian economy through a combination of short-term, medium-term and long-term measures.

Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Mr Narendra Modi, Prime Minister of India, launched Make in India initiative with an aim to boost country's manufacturing sector and increase purchasing power of an average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of

the GDP from the current 17%. Besides, the Government has also come up with Digital India initiative, which focuses on three core components: creation of digital infrastructure, delivering services digitally and to increase the digital literacy.

India's GDP is expected to reach US\$ 5 trillion by FY25 and achieve upper-middle income status on the back of digitization, globalization, favourable demographics and reforms.

India is also focusing on renewable sources to generate energy. It is planning to achieve 40% of its energy from non-fossil sources by 2030, which is currently 30%, and have plans to increase its renewable energy capacity to 175 gigawatts (GW) by 2022.

India is expected to be the third largest consumer economy as its consumption may triple to US\$ 4 trillion by 2025, owing to shift in consumer behaviour and expenditure pattern, according to a Boston Consulting Group (BCG) report. It is estimated to surpass USA to become the second largest economy in terms of purchasing power parity (PPP) by 2040 as per a report by Price water house Coopers.

INDUSTRY REVIEW

The real estate sector is one of the most globally recognized sectors. The real estate sector comprises four sub sectors - housing, retail, hospitality and commercial. The growth of this sector is well complemented by the growth of the corporate environment and the demand for office space as well as urban and semi-urban accommodations. The construction industry ranks third among the 14 major sectors in terms of direct, indirect and induced effects in all sectors of the economy.

By 2040, real estate market will grow to Rs. 65,000 crore from ` 12,000 crore in 2019. Real estate sector in India is expected to reach a market size of US\$ 1 trillion by 2030 from US\$ 120 billion in 2017 and contribute 13% to the country's GDP by 2025. Retail, hospitality and commercial real estate are also growing significantly, providing the much-needed infrastructure for India's growing needs. Indian real estate is expected to increase by 19.5% CAGR from 2017 to 2028.

After the unlocking process was initiated in the third quarter of 2020, both the residential and office markets started showing promising signs of revival. As business activities resumed with the gradual opening of the economy in the third quarter of 2020, the office market witnessed green shoots of recovery. Sentiments improved further in the last quarter of 2020 with the news of potential vaccine development and the office market continued its recovery momentum. Net absorption increased by 52%, while new completions grew by 39% when compared to the preceding quarter.

Home sales volume across eight major cities in India jumped by 2.5x to 33,403 units from July 2020 to September 2020, compared with 9,632 units in the previous quarter, signifying healthy recovery post the strict lockdown imposed in the second quarter due to the spread of COVID-19 in the country.

Government of India along with the governments of respective States has taken several initiatives to encourage development in the sector. The Smart City Project, with a plan to build 100 smart cities, is a prime opportunity for real estate companies. Below are some of the other major Government initiatives:

- The Atmanirbhar Bharat 3.0 package announced by Finance Minister Ms. Nirmala Sitharaman in November 2020 included income tax relief measures for real estate developers and homebuyers for primary purchase/sale of residential units of value (up to Rs. 2 crore from November 12, 2020 to June 30, 2021).
- In October 2020, the Ministry of Housing and Urban Affairs (MoHUA) launched an affordable rental housing complex portal.
- In order to revive around 1,600 stalled housing projects across top cities in the country, the Union Cabinet has approved the setting up of Rs. 25,000 crore alternative investment fund (AIF).

- Under Pradhan Mantri Awas Yojana (Urban) (PMAY (U)), 1.12 crore houses have been sanctioned in urban areas, creating 1.20 crore jobs.
- Government has created an Affordable Housing Fund (AHF) in the National Housing Bank (NHB) with an initial corpus of Rs 10,000 crore (US\$ 1.43 billion) using priority sector lending short fall of banks/financial institutions for micro financing of the HFCs.

In 2014, the Securities and Exchange Board of India (SEBI) has given its approval for the Real Estate Investment Trust (REIT) platform, which has allowed all kind of investors to invest in the Indian real estate market. It would create an opportunity worth Rs.1.25 trillion (US\$ 19.65 billion) in the Indian market in the coming years. Responding to an increasingly well-informed consumer base and bearing in mind the aspect of globalisation, Indian real estate developers have shifted gears and accepted fresh challenges. The most marked change has been the shift from family-owned businesses to that of professionally managed ones. Real estate developers, in meeting the growing need for managing multiple projects across cities, are also investing in centralised processes to source material and organise manpower and hiring qualified professionals in areas like project management, architecture and engineering.

The growing flow of FDI in Indian real estate is encouraging increased transparency. Developers, in order to attract funding, have revamped their accounting and management systems to meet due diligence standards. Indian real estate is expected to attract a substantial amount of FDI in the next two years with US\$ 8 billion capital infusion by FY22.

Residential real estate in the country's top seven property markets has staged a comeback with sales exceeding pre-pandemic levels, driven by record-low interest rates, discounts offered by developers, lower prices and stamp duty cuts in key areas.

The improved sales momentum has lifted confidence among realty developers, pushing them to launch more projects as indicated by the rise in new offerings across markets.

PUNJAB, REAL ESTATE

The Punjab government's efforts have been paying off, leading to a swift growth of the real estate sector. Real estate in Punjab works differently than in other major cities of the country. The perception about lifestyle and homes changed when national developers started entering the markets here. Punjab realty saw these developers buying large land parcels and developing projects that completely changed the perception of abodes for the people of the state. These developers promised features and world-class amenities; and they easily penetrated the market and people steadily shifted to a new trend of apartments & penthouses from an old culture of living in Kothis, bungalows & homes in colonies. Thus, the market became vibrant with the emergence of options such as group housing, sprawling shopping complexes & malls, integrated townships, office complexes, entertainment hubs, IT parks, etc.

The factor working in favour of Punjab real estate is the improvement in RERA compliance in the state. Focus on RERA compliance is improving in the state with 942 projects registered with RERA till October, 15, 2020, out of which 112 are from Ludhiana and 552 from the Mohali district.

The ongoing social and economic situations highly influenced the real estate Sector's demand and supply. The beginning few months of the Unlock witnessed interest in the property investment rising in Tier II-III cities. Buyers in Punjab region were getting inclined towards well planned projects and better infrastructure. After initial hiccups, 2020, panned out well for the real estate sector as it set the tone for 2021.

OPPORTUNITIES AND CHALLENGES

Opportunities

As India awaits policy reforms to pick up speed, your Company firmly believes that the demand for Real Estate in a country like India should remain strong in the medium to long term. Your Company's well accepted brand, contemporary architecture, well designed projects in strategic locations, strong balance sheet and stable financial performance even in testing times make it a preferred choice for customers and shareholders. Your Company is ideally placed to further strengthen its development potential by acquiring new land parcels.

Challenges

While the management of your Company is confident of creating and exploiting the opportunities, it also finds the following challenges:

- Unanticipated delays in project approvals;
- Availability of accomplished and trained labour force;
- Concern due to ongoing pandemic situation;
- Increased cost of manpower;
- Rising cost of construction;
- Growth in auxiliary infrastructure facilities; and
- Over regulated environment.

COMPANY STRENGTHS

Your Company continues to capitalize on the market opportunities by leveraging its key strengths.

These include:

1. **Brand Reputation:** Enjoys higher recall and influences the buying decision of the customer. Strong customer connects further results in higher premium realizations.
2. **Execution:** Possesses a successful track record of quality execution of projects with contemporary architecture.
3. **Strong cash flows:** Has built a business model that ensures continuous cash flows from their investment and development properties ensuring a steady cash flow even during the adverse business cycles.
4. **Significant leveraging opportunity:** Follows conservative debt practice coupled with enough cash balance which provides a significant leveraging opportunity for further expansions.
5. **Outsourcing:** Operates an outsourcing model of appointing globally renowned architects/contractors that allows scalability and emphasizes contemporary design and quality construction – a key factor of success.
6. **Transparency:** Follows a strong culture of corporate governance and ensures transparency and high levels of business ethics.
7. **Highly qualified execution team:** Employs experienced, capable and highly qualified design and project management teams who oversee and execute all aspects of project development.

| URBANA BY AGI | 48.568 Acres | 133 | 90 | 43 | 67.67% |

RISKS AND CONCERNS

Market price fluctuation

The performance of your Company may be affected by the sales and rental realizations of its projects. These prices are driven by prevailing market conditions, the nature and location of the projects, and other factors such as brand and reputation and the design of the projects. Your Company follows a prudent business model and tries to ensure steady cash flow even during adverse pricing scenario.

Sales volume

The volume of bookings depends on the ability to design projects that will meet customer preferences, getting various approvals in time, general market factors, project launch and customer trust in entering into sale agreements well in advance of receiving possession of the projects. Your Company sells its projects in phases from the time it launches the project, based on the type and scale of the project and depending on market conditions.

Pandemic risk

The outbreak of a novel strain of coronavirus (i.e. COVID-19), which commenced in December 2019 has now spread across the world. India has been no exception and currently our country is looking to come out of second disastrous wave. At the same time, the country is progressing well in its vaccination program. All prominent rating companies and experts, including Reserve Bank of India have projected a healthy recovery of economic activities in India. However, the COVID-19 outbreak could become more severe and result in a more widespread health crisis and/or result in a global recession because of disruptions of economic activity. Any of these factors may have a material adverse effect on your Company's financial condition and results of operations.

Execution

Execution depends on several factors which include labour availability, raw material prices, receipt of approvals and regulatory clearances, access to utilities such as electricity and water, weather conditions and the absence of contingencies such as litigation. Your Company manages the adversities with cautious approach, meticulous planning and by engaging established and reputed contractors. As your Company imports various materials, at times execution is also dependent upon timely shipment and clearance of the material.

Rental realizations

The rental realizations on the space leased depends upon the project location, design, tenant mix (this is relevant in the case of shopping malls), prevailing economic conditions and competition. Your Company has set up its retail property in prime location and maintains a fresh ambience resulting in crowd pull and attracting first time kind of retailers. As far as the office space rentals are concerned, the same depends on demand and supply, general economic conditions, business confidence and competition.

Land/Development rights – costs and availability

The cost of land forms a substantial part of the project cost, particularly in Mumbai. It includes amounts paid for freehold rights, leasehold rights, fungible FSI, construction cost of area given to landlords in consideration for development rights, registration and stamp duty. Your Company acquires land/land development rights from the government and private parties. It ensures that the consideration paid for the land is as per the prevailing market conditions, reasonable and market timed. Your Company also enters into MOUs and makes advances for the land/land development rights prior to entering into definitive agreements. The ensuing negotiations may result in either a transaction for the acquisition of the land/land development rights or the Company getting a refund of the moneys advanced.

Financing costs

The acquisition of land and development rights needs substantial capital outflow. Inadequate funding resources and high interest costs may impact regular business and operations. Your Company has always tried to build sufficient reserves resulting out of operating cash flows to take advantage of any land acquisition or development opportunity.

Outlook

As we enter 2021, the momentum of historic sales could slow a bit but will remain strong to narrate a positive story. Unlike the past year, the real estate sector is now picking up with home buyers willing to make the move. With most workers displaced during the lockdown now back, construction activity has resumed and work is moving at a faster pace to fulfil commitments.

In Mumbai, there are a lot of properties which were unsold but ready to move in, with no GST to be paid because occupation certificates were already issued. This has also helped home buyers look at real estate proactively and as an investment.

The demand for residential property has in fact also been guided by the concept of work from home — as families are now looking out for an upgrade as individual space becomes a crucial factor.

Focus on Jalandhar and beyond

We shall continue to explore development opportunities in and around Jalandhar and explore hubs in the nearby regions on a case-by-case basis.

Strengthen relationships with key service providers and develop multiple vendors

In order to continue delivering landmark offerings to our customer, we shall further strengthen our relationship with our key service providers, i.e. architects, designer and contractors. Your Company is also working on strategy to develop more and more vendors who can deliver product and services in line with Company's philosophy and product offerings.

Internal Control Systems

The Company has also focused on upgrading the IT infrastructure – both in terms of hardware and software. In addition to the existing ERP platform, the Company is presently reviewing the process documentation to ensure effectiveness of the controls in all the critical functional areas of the Company.

KEY FINANCIAL RATIO ANALYSIS

A comparative table showing synopsis of FY 2021 versus FY 2020 of Key Financial Ratio is provided below:

| PARTICULARS | 31.03.2021 | 31.03.2020 | Variation | Remarks |
|-------------------------|------------|------------|-----------|--|
| Debtors Turnover | 25.40 | 7.93 | +3.64 | Ratio improved due to better Debtor Management |
| Inventory Turnover | 0.28 | 0.29 | -0.08 | Ratio showed slightly downward trend because the projects are maturing towards finalization hence turnover is yet to be booked |
| Interest Coverage Ratio | 1.64 | 1.45 | +0.08 | Ratio improved slightly because of increase in Profit %age |
| Current Ratio | 1.13 | 1.31 | +0.30 | Ratio showed slightly downward trend because the projects are maturing towards finalization both inventory and advances will go down thus improving the ratio. |
| Debt Equity Ratio | 0.57 | 0.95 | +0.58 | Debt to Equity improved because of increase in net worth and decrease in long term debts. |
| Operating Profit Margin | 17.90 | 19.57 | +8.12 | Profitability% decreases slightly because the whole year was sluggish to COVID-19 impact. |

CORPORATE GOVERNANCE REPORT FOR THE YEAR 2020-21

We are an integrated construction and real estate development company, focussed primarily on construction and development of commercial / residential projects, in and around Punjab. Our Company was incorporated in the year 2005 as G. I. Builders Private Limited, jointly promoted by Mr. Sukhdev Singh Khinda and Mrs. Salwinderjit Kaur, with the vision of providing “premium housing at fair prices”. The name of our Company was changed to AGI Infra Limited in the year 2011.

COMPANY PHILOSOPHY

Corporate Governance is an ethically driven process that is committed to values aimed at enhancing an organization’s wealth generating capacity. This is ensured by taking ethical business decisions and conducting business with the firm commitment to values, while meeting shareholders expectations. Our corporate governance framework ensures effective engagement with our stakeholders and helps us evolve with changing times.

Our Corporate Governance police focus on the following points.

- Corporate Governance standard should go beyond the law and satisfy the spirit of law, not just the letter of the law.
- Ensures transparencies and maintaining high level of disclosure.
- Communicate externally and truthfully, about how the Company is run internally.
- The Management is the trustee of the Shareholders; capital and not the owner.
- Board and committees ensures transparency, fair play and independence in its decision making.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information requires by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India.

- (a) In the case of the Balance Sheet of the state of affairs of the Company as at March 31, 2021.
- (b) In the case of the Statement of Profit and Loss (including Other Comprehensive Income), of the Profit for the year ended on that date;
- (c) In the case of the Statement of changes in Equity of the changes in equity for the year ended on that date: and
- (d) In the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards of Auditing (SAs) specified U/s 143(10) of the Companies Act, 2013 ('the Act'). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Companies Act, 2013 and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Ind AS Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended March 31, 2021. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matter to be communicated in our report

| Key Audit Matters Description | Auditor's Response to Key Audit Matter |
|--|---|
| A. Revenue Recognition :- The company's revenue is principally derived from the sale of flats, plots and the revenue is recognized when the control of the goods has | <u>We have planned & performed the following procedures:-</u> i) Evaluated the process followed by the management for revenue recognition including understanding and testing of |

| passed to the buyers. We identified revenue recognition as a key performance indicator. | key controls related to recognition of revenue in correct period. ii) Revenue on Sale of Flats are recognised when the Control of the goods are passed to the buyers while the other incomes are recognised as and when due. |
| B. Inventory record and existence:- There are complexities and manual process involved in determining inventory quantities in hand and valuation of the same due to the Company's presence across different locations within the country, diverse & numerous inventory products and work in progress at different stages of the processes at various manufacturing units. Accordingly, inventory quantities and valuation is identified as a key audit matter. | i) Assessed whether the management's internal controls relating to inventory's valuation are appropriately designed and implemented. ii) Discuss with the management on the management's process in identifying the stages of completion and valuing work in progress stock at the time of book closure process. iii) Verification of the correctness of valuation made by the management on a sample basis, with regard to the cost and net realisable value of inventory. We have been able to conclude that revenue has been recognised in accordance with the revenue recognition policy and accounting standards. |
| Property Plant and Equipment (PPE) | |
| The Company has commissioned its new manufacturing facility with 600 TPD grinding capacity in Punjab. The project has been capitalized and depreciation has been claimed on addition Property Plant and Equipment (PPE). Any inappropriate timing of capitalization of the project and /or classification of categories of items of PPE may result in material misstatement of capital work in progress /PPE with a consequent impact on depreciation charge and results for the year. | Our Audit procedures included implementation and operating effectiveness of controls in respect of review of capital WIP, particularly in respect of timing of the capitalization and recording of additions to items of various categories of PPE with source documentation to determine. We test checked the source documentation to determine whether the expenditure is of capital nature and has been appropriately approved and segregated into appropriate categories of PPE with the necessary appointment of the pre-operative expenses etc. for capitalization |
| Impact of COVID-19 | |
| As there are significant judgments involved in the assessment of whether the assumptions made regarding the duration and the impact of the Covid -19 Pandemic on the company on various fronts , the uncertainties related to COVID -19 are considered a key audit matter . | We critically evaluated the management assessment on the impact of Covid -19 on the Company on: The Operationalization of its new manufacturing facilities. General operations of the company. In meeting its financial commitments. -During our evaluation it was found that the operationalization of the new construction facility of the company got delayed by around 6 Months due to the Nationwide Lockdown / Curfew amid COVID and various other factors beyond Company's control. The business operation of the Company also got disrupted during the first two quarters of FY21. However, the company had a fair come back in the second half of FY21. It is really appreciable that the company has remained prompt in meeting all its financial commitments including the timely repayments of terms loans/ serving of periodic interest etc. - We also evaluate management's assessment of COVID -19 related risks for the company's business and financial resources compared with our own understanding of these |

| | |
|--|---|
| | <p>risks. We considered management's plans to mitigate these risks.</p> <p>- We also evaluated the assumptions in respect of available projected future forecasts made by management for reasonableness based on the current market conditions and developments within the company.</p> |

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are

also responsible for expressing our opinion on whether the Company has the adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those who charge with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charges with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulations precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ('the Order'), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the said Order.

Annexure – B to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of AGI Infra Limited ("the Company") as on 31st March, 2021 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, prevention and detection of frauds and errors, the accuracy and the completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial

controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of the material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion to the Company's internal financial controls financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) .provide the reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directions of the company; and
- (3).provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, having regard to the size of the Company and its operation, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021
1. GENERAL INFORMATION

AGI INFRA LIMITED ("the Company") is a public limited company incorporated and domiciled in India. The company is having CIN L45200PB2005PLC028466, is principally engaged in the business of Real Estate and Construction Services. Its shares are listed on BSE Ltd.

2. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of Preparation (i) Compliance with Ind AS These financial statements have been prepared in accordance with Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

A. FUNCTIONAL AND PRESENTATION CURRENCY

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency.

The financial statements have been prepared on the historical cost basis.

B. USE OF ESTIMATES AND JUDGEMENTS:

In preparing these financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

C. OPERATING CYCLE FOR CURRENT AND NON-CURRENT CLASSIFICATION:

All the assets and liabilities have been classified as current or non-current, wherever applicable, as per the operating cycle of the Company as per the guidance set out in Schedule III to the Act.

D. PROPERTY, PLANT AND EQUIPMENT:

Property, Plant and Equipment are stated at cost of acquisition including attributable to interest and finance costs, if any, till the date of acquisition/ installation of the assets less accumulated depreciation and accumulated impairment losses, if any. Subsequent expenditure relating to Property, Plant and Equipment is capitalized only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to the Statement of Profit and Loss as incurred. The cost and related accumulated depreciation are eliminated from the financial statements, either on disposal or when retired from active use and the resultant gain or loss are recognized in the Statement of Profit and Loss.

Capital work-in-progress, representing expenditure incurred in respect of assets under development and not ready for their intended use, are carried at cost. Cost includes related acquisition expenses, construction cost, related borrowing cost and other direct expenditure.

On transition to Ind AS, the Company has opted to continue with the carrying values measured under the previous GAAP as at 1 April 2016 of its Property, Plant and Equipment and use that carrying value as the deemed cost of the Property, Plant and Equipment on the date of transition i.e. 1 April 2016.

E.INTANGIBLE ASSETS:

Intangible assets comprise of implementation cost for software and other application software acquired / developed for in-house use. These assets are stated at cost, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably, less accumulated amortisation and accumulated impairment losses, if any.

F.DEPRECIATION/AMORTISATION

Depreciation/ amortisation is provided:

In respect of fixed assets, on the written down value basis considering the useful lives prescribed in Schedule II to the Companies Act, 2013.

| Assets class | Useful life |
|--------------------------|-------------|
| Buildings | 60 years |
| Furniture and fixtures | 5-10 years |
| Office equipments | 5 years |
| Vehicles | 8 years |
| Electrical installations | 10 years |
| Computers | 3 years |

Impairment of Non-Financial Assets:

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's or cash generating unit's (CGU) fair value less costs of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. If such recoverable amount of the asset or cash generating unit is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the Balance Sheet date, there is any indication that any impairment loss recognized for an asset in prior years may no longer exist or may have decreased, the recoverable amount is reassessed and such reversal of impairment loss is recognized in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss.

G.INVENTORIES

Related to contractual and real estate activity

Direct expenditure relating to construction activity is inventorised. Other expenditure (including borrowing costs) during construction period is inventorised to the extent the expenditure is directly attributable cost of bringing the asset to its working condition for its intended use. Other expenditure (including borrowing costs) incurred during the construction period which is not directly attributable for bringing the asset to its working condition for its intended use is charged to the statement of profit and loss. Direct and other expenditure is determined based on specific identification to the construction and real estate activity. Cost incurred/ items purchased specifically for projects are taken as consumed as and when incurred/ received.

Work-in-progress - Contractual: Cost of work yet to be certified/ billed, as it pertains to contract costs that relate to future activity on the contract, are recognised as contract work-in-progress provided it is probable that they will be recovered. Contractual work-in-progress is valued at lower of cost and net realisable value.

Work-in-progress - Real estate projects (including land inventory): Represents cost incurred in respect of unsold area of the real estate development projects or cost incurred on projects where the revenue is yet to be recognised. Real estate work-in-progress is valued at lower of cost and net realisable value.

Finished goods - Flats: Valued at lower of cost and net realisable value.

Finished goods - Plots: Valued at lower of cost and net realisable value.

Building materials purchased, not identified with any specific project are valued at lower of cost and net realisable value. Cost is determined based on a weighted average basis.

Land inventory: Valued at lower of cost and net realisable value.

H. CASH AND CASH EQUIVALENTS:

Cash and cash equivalent in the balance sheet comprise cash at bank and on hand and short term deposits with original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the Statement of Cash flows, Cash and cash equivalents comprises cash at bank and on hand, demand deposits that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

I. TAXATION:

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current Tax:

The tax currently payable is based on the taxable profit for the year. The Company's current tax is calculated using tax rates that have been enacted or subsequently enacted by the end of the reporting period.

Deferred Tax:

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statement and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax asset are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary difference can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Minimum Alternative Tax (MAT) may become payable when the taxable profit is lower than the book profit. Taxes paid under MAT are available as a set off against regular corporate tax payable in subsequent years, as per the provisions of Income Tax Act, 1961. MAT paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum

Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss

J.REVENUE RECOGNITION:

a. Accounting of Construction Contracts

Revenue is recognized upon transfer of control of residential units to customers, in an amount that reflects the consideration the Company expects to receive in exchange for those residential units. The Company shall determine the performance obligations associated with the contract with customers at contract inception and also determine whether they satisfy the performance obligation over time or at a point in time. In case of residential units, the Company satisfies the performance obligation and recognises revenue at a point in time i.e., upon handover of the residential units.

In case of item rate contracts on the basis of physical measurement of work actually completed, at the Balance Sheet date.

In case of Lump sum contracts, revenue is recognised on the completion of milestones as specified in the contract or as identified by the management. Foreseeable losses are accounted for as and when they are determined except to the extent they are expected to be recovered through claims presented or to be presented to the customer or in arbitration.

b.Accounting of Other Ancillary Services

Revenue from rendering of other ancillary services have been recognized as and when the right to receive such income arises and it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

c.Finance and Other Income

Finance income is accrued on a time proportion basis, by reference to the principal outstanding and the applicable EIR. Other income is accounted for on accrual basis. Where the receipt of income is uncertain, it is accounted for on receipt basis.

d.Foreign currency transactions:

Sometimes the payments are received from the NRI customers in foreign exchange and the amount received after conversion is credited to their accounts. Question of exchange difference does not arise in case of foreign exchange outgo, actual payments made through banks are debited to the parties.

e.Employee benefits:

Provision for gratuity has been created in the books of accounts as per the actuarial valuation.

Provisions (other than for employee benefits) and Contingencies:

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a financial cost.

f. Borrowing costs:

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalization.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

g.Earnings per share:

Basic earnings per share are calculated by dividing the profit/ (loss) from continuing operations and the total profit/ (loss) attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the profit/(loss) from continuing operations and the total profit/(loss) attributable to equity shareholders by the weighted average number of shares outstanding during the period after adjusting the effects of all dilutive potential equity shares.

| 3. Face value of shares (Rs.) | 10/- | 10/- |
| 4. Basic / Diluted EPS (Rs.) | 15.55 | 14.73 |

h.Provisions

A provision is recognized when an enterprise has a present obligation (legal or constructive) as result of past event and it is probable that an outflow of embodying economic benefits of resources will be required to settle a reliably assessable obligation. Provisions are determined based on best estimate required to settle each obligation at each balance sheet date. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

i.Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

L.RISK MANAGEMENT FRAMEWORK

The Company's principal financial liabilities includes borrowings, trade and other payables .The Company's principal financial assets includes loans, trade receivables, cash and cash equivalents and others. The Company also holds investments made in the property, and advances made to sellers of land against agreements. . The Company is exposed to credit risk, liquidity risk and market risk. The Company's senior management oversees the management of these risks. The Company's senior management provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified ,measured and managed in accordance with the Company's policies and risk objectives.

M.FINANCIAL RISK MANAGEMENT

The Company has exposure to the following risks arising from financial instruments:

- i. Credit Risk
- ii. Liquidity Risk
- iii. Market Risk
- iv. Currency Risk
- v. Interest rate Risk

I. Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, investment in inter corporate deposits and loans given to related parties.

The carrying amount of following financial assets represents the maximum credit exposure

Trade receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However credit risk with regards to trade receivable is almost eligible in case of its residential, commercial sale and lease rental as the same is due to the fact that in case of its residential and commercial sell business it does not hand over possession till entire outstanding is received. Similarly in case of lease rental business, the Company keeps 3to6months rental amount as deposit from the occupants.

No impairment is observed on the carrying value of trade receivables.

Other financial assets

Credit risk from balances with banks, loans and investments is managed by Company's finance department. Investments of surplus funds are made only with approved counterparties. No impairment on such investment has been recognised as on the reporting date.

ii)Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed condition, without incurring unacceptable losses or risking damage to the Company's reputation.

The Management monitors rolling forecasts of the Company's liquidity position on the basis of the expected cash flows. The Company's objectives is to maintain balance between continuity of funding and flexibility through the use of funds, bank loans.

Exposure to liquidity risk

The following are there maintaining contractual maturities of financial liabilities at the reporting date.

INDEPENDENT AUDITORS' REPORT**To the Members of AGI INFRA LIMITED****Report on the Consolidated Ind AS Financial Statements****Opinion**

We have audited the accompanying consolidated financial statements of **AGI INFRA LIMITED** ('the Holding Company') and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group") comprising of the Consolidated balance sheet as at March 31, 2021, the Consolidated Statement of profit and loss (including other Comprehensive Income), the Consolidated statement of Change in Equity and the Consolidated statement of cash flow for the year then ended, and notes to the financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financials statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information requires by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards ("Ind AS")

- a) In the case of the Consolidated Balance Sheet of the consolidated state of affairs of the Company as at March 31, 2021
- b) In the case of the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), of the Consolidated Profit for the year ended on that date;
- c) In the case of the Consolidated Statement of changes in Equity of the changes in equity for the year ended on that date: and
- d) In the case of the Consolidated Cash Flow Statement, of the Consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards of Auditing (SAs) specified U/s 143(10) of the Companies Act, 2013 ('the Act'). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Ind AS financial statements under the provisions of the Companies Act, 2013 and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Consolidated Ind AS Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Ind AS financial statements for the financial year ended March 31, 2021. These matters were addressed in the context of our audit of the Consolidated Ind AS financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matter to be communicated in our report

| Key Audit Matters Description | Auditor's Response to Key Audit Matter |
|--|---|
| A. Revenue Recognition :- The company's revenue is principally derived from the sale of flats, plots and the revenue is recognized when the control of the goods has passed to the buyers. We identified revenue recognition as a key performance indicator. | <u>We have planned & performed the following procedures:-</u> i) Evaluated the process followed by the management for revenue recognition including understanding and testing of key controls related to recognition of revenue in correct period. ii) Revenue on Sale of Flats are recognised when the Control of the goods are passed to the buyers while the other incomes are recognised as and when due. |
| B. Inventory record and existence:- There are complexities and manual process involved in determining inventory quantities in hand and valuation of the same due to the Company's presence across different locations within the country, diverse & numerous inventory products and work in progress at different stages of the processes at various manufacturing units. Accordingly, inventory quantities and valuation is identified as a key audit matter. | i) Assessed whether the management's internal controls relating to inventory's valuation are appropriately designed and implemented. ii) Discuss with the management on the management's process in identifying the stages of completion and valuing work in progress stock at the time of book closure process. iii) Verification of the correctness of valuation made by the management on a sample basis, with regard to the cost and net realisable value of inventory. We have been able to conclude that revenue has been recognised in accordance with the revenue recognition policy and accounting standards. |
| Property Plant and Equipment (PPE) | |
| The Company has commissioned its new manufacturing facility with 600 TPD grinding capacity in Punjab. The project has been capitalized and depreciation has been claimed on addition Property Plant and Equipment (PPE). Any inappropriate timing of capitalization of the project and /or classification of categories of items of PPE may result in material misstatement of capital work in progress /PPE with a consequent impact on depreciation charge and results for the year. | Our Audit procedures included implementation and operating effectiveness of controls in respect of review of capital WIP, particularly in respect of timing of the capitalization and recording of additions to items of various categories of PPE with source documentation to determine. We test checked the source documentation to determine whether the expenditure is of capital nature and has been appropriately approved and segregated into appropriate categories of PPE with the necessary appointment of the pre – operative expenses etc. for capitalization |
| Impact of COVID-19 | |
| As there are significant judgments involved in the assessment of whether the assumptions made regarding the duration and the impact of the Covid -19 Pandemic on the company on various fronts , the uncertainties related to COVID -19 are considered a key audit matter . | We critically evaluated the management assessment on the impact of Covid -19 on the Company on: The Operationalization of its new manufacturing facilities. General operations of the company. In meeting its financial commitments. -During our evaluation it was found that the operationalization of the new construction facility of the company got delayed by around 6 Months due to the Nationwide Lockdown / Curfew amid COVID and various other factors beyond Company's control. The business operation of the Company also got disrupted during the first two quarters of FY21. However, the |

| | |
|--|---|
| | <p>company had a fair come back in the second half of FY21. It is really appreciable that the company has remained prompt in meeting all its financial commitments including the timely repayments of terms loans/ serving of periodic interest etc.</p> <ul style="list-style-type: none"> - We also evaluate management's assessment of COVID -19 related risks for the company's business and financial resources compared with our own understanding of these risks. We considered management's plans to mitigate these risks. - We also evaluated the assumptions in respect of available projected future forecasts made by management for reasonableness based on the current market conditions and developments within the company. |

Other Information

The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual report 2020-21 of the Company, but does not include the consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the Consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated Ind AS financial statements or our knowledge obtained during the course of the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation of these Consolidated Ind AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these stand alone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the over ride of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has the adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Ind AS financial statements, including the disclosures, and whether the Consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those who charge with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charges with governance, we determine those matters that were of most significance in the audit of the Consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulations precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1.As required by the Companies (Auditor's Report) Order, 2016 ('the Order'), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the said Order.

2. As required by Section 143 (3) of the Act, we report, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

Annexure – A to the Independent Auditors’ Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2021, we have audited the internal financial controls with reference to financial statements of **AGI Infra Limited** (hereinafter referred to as “the Holding Company”) and its subsidiary (the Holding Company and its subsidiary together referred to as “the Group” as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary Company which are companies incorporated in India are responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, prevention and detection of frauds and errors, the accuracy and the completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Group’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit

of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of the material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion to the Group’s internal financial controls financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Group’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Group’s internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Group;
- (2) provide the reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Group are being made only in accordance with authorizations of management and directors of the respective company in the Group; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Group’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, having regard to the size of the Company and its operation, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021**1. GENERAL INFORMATION**

The consolidated Financial Statements comprise Financial Statements of AGI Infra Limited ("the holding company" and its subsidiary collectively referred to as "the Group" for the year ended 31st March, 2021. The group is principally engaged in the business of Real Estate and Construction Services.

2. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of Preparation (i) Compliance with Ind AS These financial statements have been prepared in accordance with Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

A. FUNCTIONAL AND PRESENTATION CURRENCY

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency.

The financial statements have been prepared on the historical cost basis.

B. USE OF ESTIMATES AND JUDGEMENTS:

In preparing these financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

C. OPERATING CYCLE FOR CURRENT AND NON-CURRENT CLASSIFICATION

All the assets and liabilities have been classified as current or non-current, wherever applicable, as per the operating cycle of the Company as per the guidance set out in Schedule III to the Act.

D. PROPERTY, PLANT AND EQUIPMENT:

Property, Plant and Equipment are stated at cost of acquisition including attributable to interest and finance costs, if any, till the date of acquisition/ installation of the assets less accumulated depreciation and accumulated impairment losses, if any. Subsequent expenditure relating to Property, Plant and Equipment is capitalized only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to the Statement of Profit and Loss as incurred. The cost and related accumulated depreciation are eliminated from the financial statements, either on disposal or when retired from active use and the resultant gain or loss are recognized in the Statement of Profit and Loss.

Capital work-in-progress, representing expenditure incurred in respect of assets under development and not ready for their intended use, are carried at cost. Cost includes related acquisition expenses, construction cost, related borrowing cost and other direct expenditure.

On transition to Ind AS, the Company has opted to continue with the carrying values measured under the previous GAAP as at 1 April 2016 of its Property,

Plant and Equipment and use that carrying value as the deemed cost of the Property, Plant and Equipment on the date of transition i.e. 1 April 2016.

E.INTANGIBLE ASSETS:

Intangible assets comprise of implementation cost for software and other application software acquired / developed for in-house use. These assets are stated at cost, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably, less accumulated amortisation and accumulated impairment losses, if any.

F.DEPRECIATION/AMORTISATION

Depreciation/ amortisation is provided:

In respect of fixed assets, on the written down value basis considering the useful lives prescribed in Schedule II to the Companies Act, 2013.

| Assets class | Useful life |
|--------------------------|--------------------|
| Buildings | 60 years |
| Furniture and fixtures | 5-10 years |
| Office equipments | 5 years |
| Vehicles | 8 years |
| Electrical installations | 10 years |
| Computers | 3 years |

Impairment of Non-Financial Assets:

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's or cash generating unit's (CGU) fair value less costs of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. If such recoverable amount of the asset or cash generating unit is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the Balance Sheet date, there is any indication that any impairment loss recognized for an asset in prior years may no longer exist or may have decreased, the recoverable amount is reassessed and such reversal of impairment loss is recognized in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss.

G.INVENTORIES

Related to contractual and real estate activity

Direct expenditure relating to construction activity is inventorised. Other expenditure (including borrowing costs) during construction period is inventorised to the extent the expenditure is directly attributable cost of bringing the asset to its working condition for its intended use. Other expenditure (including borrowing costs) incurred during the construction period which is not directly attributable for bringing the asset to its working condition for its intended use is charged to the statement of profit and loss. Direct and other expenditure is determined based on specific identification to the construction and real estate activity. Cost incurred/ items purchased specifically for projects are taken as consumed as and when incurred/ received.

Work-in-progress - Contractual: Cost of work yet to be certified/ billed, as it pertains to contract costs that relate to future activity on the contract, are recognised as contract work-in-progress provided it

is probable that they will be recovered. Contractual work-in-progress is valued at lower of cost and net realisable value.

Work-in-progress - Real estate projects (including land inventory): Represents cost incurred in respect of unsold area of the real estate development projects or cost incurred on projects where the revenue is yet to be recognised. Real estate work-in-progress is valued at lower of cost and net realisable value.

Finished goods - Flats: Valued at lower of cost and net realisable value.

Finished goods - Plots: Valued at lower of cost and net realisable value.

Building materials purchased, not identified with any specific project are valued at lower of cost and net realisable value. Cost is determined based on a weighted average basis.

Land inventory: Valued at lower of cost and net realisable value.

H. CASH AND CASH EQUIVALENTS:

Cash and cash equivalent in the balance sheet comprise cash at bank and on hand and short term deposits with original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the Statement of Cash flows, Cash and cash equivalents comprises cash at bank and on hand, demand deposits that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

I. TAXATION:

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statement and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax asset are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary difference can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Minimum Alternative Tax (MAT) may become payable when the taxable profit is lower than the book profit. Taxes paid under MAT are available as a set off against regular corporate tax payable in subsequent years, as per the provisions of Income Tax Act, 1961. MAT paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss.

J.REVENUE RECOGNITION:

a. Accounting of Construction Contracts

Revenue is recognized upon transfer of control of residential units to customers, in an amount that reflects the consideration the Company expects to receive in exchange for those residential units. The Company shall determine the performance obligations associated with the contract with customers at contract inception and also determine whether they satisfy the performance obligation over time or at a point in time. In case of residential units, the Company satisfies the performance obligation and recognises revenue at a point in time i.e., upon handover of the residential units.

In case of item rate contracts on the basis of physical measurement of work actually completed, at the Balance Sheet date.

In case of Lump sum contracts, revenue is recognised on the completion of milestones as specified in the contract or as identified by the management. Foreseeable losses are accounted for as and when they are determined except to the extent they are expected to be recovered through claims presented or to be presented to the customer or in arbitration.

b.Accounting of Other Ancillary Services

Revenue from rendering of other ancillary services have been recognized as and when the right to receive such income arises and it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

c.Finance and Other Income

Finance income is accrued on a time proportion basis, by reference to the principal outstanding and the applicable EIR. Other income is accounted for on accrual basis. Where the receipt of income is uncertain, it is accounted for on receipt basis.

d.Foreign currency transactions:

Sometimes the payments are received from the NRI customers in foreign exchange and the amount received after conversion is credited to their accounts. Question of exchange difference does not arise in case of foreign exchange outgo, actual payments made through banks are debited to the parties.

e.Employee benefits:

Provision for gratuity has been created in the books of accounts as per the actuarial valuation.

Provisions (other than for employee benefits) and Contingencies:

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties

surrounding the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a financial cost.

f. Borrowing costs:

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalization.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

g. Earnings per share:

Basic earnings per share are calculated by dividing the profit/ (loss) from continuing operations and the total profit/ (loss) attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the profit/(loss) from continuing operations and the total profit/(loss) attributable to equity shareholders by the weighted average number of shares outstanding during the period after adjusting the effects of all dilutive potential equity shares.

| 3. Face value of shares - ` | 10/- | 10/- |
| 4. Basic / Diluted EPS - ` | 15.55 | 14.73 |

g.Provisions

A provision is recognized when an enterprise has a present obligation (legal or constructive) as result of past event and it is probable that an outflow of embodying economic benefits of resources will be required to settle a reliably assessable obligation. Provisions are determined based on best estimate required to settle each obligation at each balance sheet date. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

h.Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

L.RISK MANAGEMENT FRAMEWORK

The Company's principal financial liabilities includes borrowings, trade and other payables .The Company's principal financial assets includes loans, trade receivables, cash and cash equivalents and others. The Company also holds investments made in the property, and advances made to sellers of land against agreements. . The Company is exposed to credit risk, liquidity risk and market risk. The Company's senior management oversees the management of these risks. The Company's senior management provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified ,measured and managed in accordance with the Company's policies and risk objectives.

M.FINANCIAL RISK MANAGEMENT

The Company has exposure to the following risks arising from financial instruments:

- i. Credit Risk
- ii. Liquidity Risk
- iii. Market Risk
- iv. Currency Risk
- v. Interest rate Risk

i.Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, investment in inter corporate deposits and loans given to related parties.

The carrying amount of following financial assets represents the maximum credit exposure

Trade receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However credit risk with regards to trade receivable is almost eligible in case of its residential, commercial sale and lease rental as the same is due to the fact that in case of its residential and commercial sell business it does not hand over possession till entire outstanding is received.

Similarly in case of lease rental business, the Company keeps 3to6months rental amount as deposit from the occupants.

No impairment is observed on the carrying value of trade receivables.

Other financial assets

Credit risk from balances with banks, loans and investments is managed by Company's finance department. Investments of surplus funds are made only with approved counterparties. No impairment on such investment has been recognised as on the reporting date.

ii) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed condition, without incurring unacceptable losses or risking damage to the Company's reputation.

The Management monitors rolling forecasts of the Company's liquidity position on the basis of the expected cash flows. The Company's objectives is to maintain balance between continuity of funding and flexibility through the use of funds, bank loans.
