Qualified Opinion	Management Reply
a) Non-recognition of Interest Expense Further, interest expense on inter-corporate borrowings amounting to Rs. 3,49,783 thousand for the year ended 31st March, 2026 has not been recognized by the Company. As a result, finance costs and liability on account of interest and Total Comprehensive Loss for the Year ended 31st March, 2026 are understated to that extent. This constitutes a departure from the requirements of Indian Accounting Standard 109 "Financial Instruments" and accrual basis of accounting.	Due to ongoing dispute/negotiations with lenders regarding certain borrowings, the Company has not recognised interest expense on such borrowings for the quarter and year ended 31st March, 2026, as the obligation and the amount thereof are subject to final settlement and currently not determinable with reasonable certainty. The same will be accounted for in the period in which the negotiations are concluded.
b) Non- Recognition of Provision on Loans and Advances The Company has given unsecured loans in earlier years out of which loans of Rs. 14,65,171 (Rs. in thousand) and interest thereon of Rs. 1,80,587 thousand remained outstanding as on 31st March 2026 against which provision of Rs. 3,87,706 (Rs. in thousand) has been made in the books. These loans in our opinion are doubtful of recovery and the provision against the balance loans is not made in accordance with Reserve Bank of India Prudential Norms. In the absence of adequate provision there against, the loss for the year ended 31st March, 2026 is understated to that extent. Impact in this respect has not been ascertained by the management and recognized in the Financial Statements.	The management, based on ongoing discussions under the group level resolution/restructuring plan, is of the view that outstanding dues, net of existing provisions for doubtful amounts, are recoverable/adjustable. In view of the above, no further provision or adjustment has been considered necessary at this stage. The impact, if any, arising from the final outcome of the plan will be accounted for in the period in which it is crystallized.
c) Balances of receivables, unsecured and secured loan creditors and their balance confirmations We draw attention to Note No. 26 of the Financial Statements with respect to certain balances relating to Trade Receivables, Other Receivables, Other Payables, Loans, Advances and Borrowings which are subject to reconciliation and confirmation from the parties, and in absence whereof its impact is currently unascertainable and therefore not commented upon.	Certain balances relating to Loans, Advances and Borrowings are subject to reconciliation and confirmation of the parties, impact whereof is not ascertainable to present. Discrepancies, if any, are not quantifiable at this stage.

Qualified Opinion	Management Reply
is Material uncertainty related to Going Concern The Company has defaulted in repayment of borrowings to its financial institutional lenders and others. In view of the Management, the Company would be able to improve its net working capital position to discharge its current and non-current financial obligations. However, in view of the uncertainties involved, these events and conditions indicate a material uncertainty which may cast a significant doubt on the Company's ability to continue as a going concern. Accordingly, the use of going concern assumption of accounting in preparation of these financial statements are not adequately and appropriately supported as per the requirements of Indian Accounting Standard 1 "Presentation of Financial Statements".	The Company's financial performance has been adversely impacted by certain external factors which are beyond the control of the Company. Consequently, due to classification of certain loans and advances as Non-Performing Assets, the Company has incurred losses resulting in negative net worth as at 31st March, 2026. The Management is taking various steps including discussions with lenders and promoters for restructuring/settlement of outstanding dues, cost optimization, and revival of operations. Based on the ongoing support from lenders and promoters and the measures initiated by the Management, it is expected that the Company will be able to generate sufficient cash flows from operations and improve its working capital position to meet its financial obligations as they fall due. Accordingly, despite the current challenges, the financial statements for the year ended 31st March, 2026 have been prepared on a going concern basis.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Overview

During the Financial Year 31st March 2026, the Company being an Non-Banking Financial Company operated mainly under a single segment viz investment and lending. However, after closure of the financial year the Company has received the Notice No. KOL.DOR.DOR No.S643/01.01.027/2026-27 dated 24th June, 2026 from the Reserve Bank of India (RBI) for surrender of original certificate of Registration pursuant to an order dated 22nd June, 2026 passed by RBI for cancellation of certificate of Registration No. B.08.00053 dated May 21, 1988 issued to the Company for Non-Banking Financial Company under Section 45-IA(8) of the Reserve Bank of India Act, 1934. The company is contemplating to file an appeal to RBI, Guwahati which is under process for restoration of license.

Industry Structure and Developments

The global economy is exhibiting resilience and fortitude. There are, however, multiple challenges emanating from still elevated inflation, tight monetary and financial conditions, escalating geopolitical tensions, rising geoeconomic fragmentation, high public debt burdens and financial stability risks. Global financial markets are on edge, with recurrent bouts of volatility as every incoming data increases uncertainty around monetary policy trajectories of major central banks.

Amidst global challenges, Indian economy exhibited robust growth in 2025-26, underpinned by strong investment activity, amidst subdued external demand. The growth outlook remains buoyant, given the governments sustained focus on capital expenditure while maintaining fiscal consolidation. Strong corporate balance sheets, rising capacity utilisation, double digit credit growth, healthy financial sector, and the ongoing disinflation are likely to be other growth levers. Indian economy boasted an impressive growth rate of 7.70% in the 2025-26 fiscal year (FY) and exceeded the average Q20 rate of 3.4%.

India achieved its fiscal deficit target of 4.4% of GDP for FY 2025-26, driven by strong revenue collections and disciplined expenditure.

The Reserve Bank of India transfers a record a 2.87 trillion as dividend to the central government for the financial year 2025-26 (FY26). This is a 7 per cent increase from the a Rs.2.69 trillion payout in FY25.

NBFCs remain an important constituent of India's financial sector, and continue to leverage their superior understanding of regional dynamics and customised products and services to expedite financial inclusion in India. Growth in the business of NBFCs is primarily attributed to a substantial increase in the demand for specialised financial services, particularly from Micro, Small and Medium Enterprises (MSMEs), which typically face challenges in obtaining loans from traditional banks. Moreover, the rise of digitisation has been a driving force behind the NBFC sector's growth. Adoption of digital platforms has enabled NBFC's to broaden their customer base, streamline operations, reduce costs and enhance overall customer experience. This transformation is further accentuated by the role of emerging technologies like artificial intelligence, machine learning, robotic process automation.

Capital and asset quality of banks and NBFCs remain healthy, supporting the growth in bank credit and domestic activity. Pre-emptive regulatory measures aimed at curbing excessive consumer lending and bank lending to NBFCs, and investments in alternate investment funds are expected to contain the build-up of potential stress in balance sheets of financial intermediaries and contribute to financial stability. RBI is striving to make its regulations more principle based, activity-oriented and proportionate to the scale of systemic risk, rather than entity-oriented.

Annexure-1**Opportunities and threats**

The RBI has been continually strengthening the supervisory framework for NBFCs in order to ensure sound and healthy functioning and avoid excessive risk taking. It has issued several new guidelines in the recent past.

The uncertainties and volatility in the financial market are a continuing threat to the organizational performance. However, the features of foresightedness and focused analysis of the market have challenged the threat of adverse performance.

Segment-wise or product-wise performance

The business of the Company predominantly falls within a single primarily business segment viz. "Financial and Related Services" and hence the disclosure requirement under applicable Accounting Standard w.r.t. "Segment Reporting" is not applicable.

However, after closure of the financial year the Company has received the Notice No. KOL.DOR.DOR No.S643/01.01.027/2026- 27 dated 24th June, 2026 from the Reserve Bank of India (RBI) for surrender of original certificate of Registration pursuant to an order dated 22nd June, 2026 passed by RBI for cancellation of certificate of Registration No. B.08.00053 dated May 21, 1988 issued to the Company for Non-Banking Financial Company under Section 45-IA(i) of the Reserve Bank of India Act, 1934. The company is contemplating to file an appeal to RBI, Guwahati which is under process for restoration of license.

Outlook, risk and concern

The Company is mainly exposed to market risk (including liquidity risk), interest risk and credit risk. While risk is an inherent aspect of any business, the Company is conscious of the need to have an effective monitoring mechanism and has put in place appropriate measures for its mitigation including business portfolio risk, financial risk, legal risk and internal process risk.

The Company is presently facing negative Net Worth condition which is expected to improve along with the improvement of the market condition which will increase the value of the Company's investments. This is certainly a matter of concern to the Company. However, the Company endeavours to achieve better asset and liability management and improve its financial health.

Internal Control Systems and their adequacy

The Internal Control is mainly based upon the regular Internal Audit System with Quarterly Audit Reports given by the Internal Auditor, which is produced at the Audit Committee Meetings from time to time and discussed - any corrective action/s to be recommended by the Committee to the Board. Besides, the Vigil Mechanism and Risk Management process and the Corporate Governance Measures in entirety are operational which may be considered as effective tools in this respect. Given the class of the business the Company, the nature of its transactions and quantum of its operations, the Internal Control works out to be suitable and adequate.

Financial performance with respect to operational performance

This section is covered in the Board's Report under the section of Financial Results and state of affairs.

Annexure-1**Human Resources**

INDEPENDENT AUDITOR'S REPORT**To the Members of WILLIAMSON FINANCIAL SERVICES LIMITED****Report on the Audit of the Financial Statements****Qualified Opinion**

We have audited the accompanying financial statements of Williamson Financial Services Limited (the Company), which comprise the Balance Sheet as at 31st March, 2026, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity, and the Statement of Cash Flows for the year then ended, and Notes to the Financial Statements, including a Summary of Material Accounting Policy Information and other explanatory information hereinafter referred to as the "Financial Statements".

In our opinion and to the best of our information and according to the explanations given to us, except for the matters described in the Basis for Qualified Opinion section of our Report, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view, in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act and other principles generally accepted in India of the state of affairs of the Company as at 31st March, 2026, its loss, other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion**(a) Non-recognition of Interest Expense**

Further, interest expense on inter-corporate borrowings amounting to Rs. 3,49,785 (Rs. in thousand) for the year ended 31st March, 2026 has not been recognized by the Company.

As a result, finance costs and liability on account of interest and Total Comprehensive Loss for the Year ended 31st March, 2026 are understated to that extent.

This constitutes a departure from the requirements of Indian Accounting Standard 109 "Financial Instruments" and accrual basis of accounting.

(b) Non- Recognition of Provision on Loans and Advances

The Company has given unsecured loans in earlier years out of which loans of Rs. 14,85,171 (Rs. in thousand) and interest thereon of Rs. 1,80,597 thousand remained outstanding as on 31st March 2026 against which provision of Rs.3,87,708 (Rs. in thousand) has been made in the books. These loans in our opinion are doubtful of recovery and the provision against the balance loans is not made in accordance with Reserve Bank of India Prudential Norms. In the absence of adequate provision there against, the loss for the year ended 31st March, 2026 is understated to that extent. Impact in this respect has not been ascertained by the management and recognized in the Financial Statements.

(c) Balances of receivables, unsecured and secured loan creditors and their balance confirmations

We draw attention to Note No.25 of the Financial Statements with respect to certain balances relating to Trade Receivables, Other Receivables, Other Payables, Loans, Advances and Borrowings which are subject to reconciliation and confirmation from the parties, and in absence whereof its impact is currently unascertainable and therefore not commented upon.

(d) Material uncertainty related to Going Concern

The Company has defaulted in repayment of borrowings to its financial institutional lenders and others. In view of the Management, the Company would be able to improve its net working capital position to discharge its current and non-current financial obligations. However, in view of the uncertainties involved, these events and conditions indicate a material uncertainty which may cast a significant doubt on the Company's ability to continue as a going concern. Accordingly, the use of going concern assumption of accounting in preparation of these financial statements are not adequately and appropriately supported as per the requirements of Indian Accounting Standard 1 "Presentation of Financial Statements".

(a) Net Owned Fund Requirement

We draw attention to the accompanying financial statements, disclosing negative Net Owned Funds (NOF) of the company is negative as at quarter ended 31st March, 2026 resulting in non-compliance with the minimum NOF requirement as prescribed under the Directions given by the Reserve Bank of India.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Results section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matters described in the Basis for Qualified Opinion section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Valuation of Investments in Unquoted Instruments The Company has investments in certain unquoted investments. These investments are accounted for at cost. For the purpose of determining impairment, the recoverable amounts of the above investment are required to be estimated. The determination of recoverable value for impairment involves significant management judgement and estimates.	Our audit procedures based on which we arrived at the conclusion regarding reasonableness of the investment in unquoted instruments: • Obtained an understanding from the management, assessed and tested the design and operating effectiveness of the Company's key controls over the impairment assessment. • Evaluated the Company's process regarding impairment assessment, as applicable.
---	--

- Evaluated the cash flow forecasts with underlying economic growth rate for broad consistency placing the reliance on the figures submitted by the management to us by comparing them to the approved budgets and our understanding of the internal and external factors including the long-term strategic interests in the underlying business prospects.
- Assessed the adequacy and appropriateness of the disclosures in the standalone financial statements.

Based on the above procedures performed we did not identify any significant exceptions in the management's assessment in relation to the carrying value of unquoted instruments.

Emphasis of Matter

We draw attention to Note 24(B) of the accompanying Audited Financial Results regarding an Arbitration Award dated September 29, 2025, from the International Chamber of Commerce. The Company, along with seven other respondents, is facing a joint liability of Rs. 50,89,59 thousands due to a loan default payable to InCred Financial Services Limited (formerly known as KKR Financial Services Limited) which was subsequently assigned to Real Touch Finance Limited. The Company has challenged this award on 5th February, 2026 in the Delhi High Court under Section 34 of the Arbitration Act. In the earlier years, the company had recognized liability of Rs.11,89,560 (in thousands) and pending final disposal the Company has not ascertained and acknowledged any further liability in this respect.

Our Opinion on the Financial Statements is not modified in respect of these matters.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report and Shareholder's Information but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including accounting records in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(b) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

- From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statement for the financial year ended 31st March, 2026 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure – B to the Independent Auditor's Report

(Referred to in paragraph-2(f) under 'Report on Other Legal and Regulatory Requirements' of our Report of even date to the members of Williamson Financial Services Limited on the Financial Statements for the year ended 31st March, 2026)

Report on the Internal Financial Controls with reference to the aforesaid Financial Statements under Clause (i) of Sub-section E of Section 143 of the Companies Act, 2013("the Act")

We have audited the internal financial controls with reference to the financial statements of Williamson Financial Services Limited ("the Company") as of 31st March, 2026 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring

the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements both applicable to an audit of internal financial controls. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because

of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Qualified Opinion

According to the information and explanation given to us and based on our audit, the following material weaknesses have been identified in the Company's internal financial controls over financial reporting with reference to Financial Statements as at 31st March, 2026.

- The Company did not have an appropriate internal control system in relation to the granting of loans and advances /other advances to promoter group companies and other companies, including ascertaining economic substance and business rationale of the transaction, establishing segregation of duties and determining credentials of the counter parties.
- With respect to Inter-Corporate Deposits (ICD), the Company did not have appropriate system to evaluate the creditworthiness of the parties and recoverability of monies given including interest thereon.
- Supporting audit evidence with respect to certain Inter Corporate Deposits (ICDs), Short-term Borrowings and Advances for repayment/adjustment by lenders to determine the basis and terms and conditions were not available.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting with reference to financial statements, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Qualified Opinion

In our opinion, to the best of our information and according to the explanations given to us, except for the effects/possible effects of the material weaknesses described in Basis for Qualified Opinion Section above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate and effective internal financial controls with reference to the financial statements as of 31st March, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note 2**Material Accounting Policy Information****2.1. Basis for Preparation**

A summary of Material Accounting Policies applied in the preparation of the Financial Statements is given below. These accounting policies have been applied consistently to all the periods presented in the Financial Statements.

The company has prepared and presented the financial statements on the basis that it will continue to operate as a going concern.

The Company presents its Financial Statements to comply with Division III of Schedule III to the Act which provides general instructions for the preparation of Financial Statements of a Non-Banking Financial Company (NBFC) to comply with Ind AS and the requirements of Ind AS.

a. Historical Cost Convention

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention, except for the following:

- (i) certain financial assets and liabilities including derivative instruments that is measured at fair value (Refer Note 2.1 (b))
- (ii) employee's defined benefit plan - plan assets measured at fair value (Refer Note 2.8(b))

b. Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In measuring fair value of an asset or liability, the Company takes into account those characteristics of the assets or liability that market participants would take into account when pricing the asset or liability at the measurement date.

Notes forming part of the Financial Statements for the year ended 31st March, 2026

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

c. Functional and Presentational Currency

The Financial Statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates. All financial information presented in INR has been rounded off to thousands, unless otherwise stated.

d. Current/ Non-Current Classification

Assets and liabilities are classified as current or non-current based on their expected period of realization. An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in Note No. 38.

2.2. Revenue Recognition

Revenue is recognised to the extent that it is probable that economic benefits will flow to the Company and that revenue can be reliably measured, regardless of when the payments is being made.

The Company follows the prudential norms for income recognition and provides for /writes off Non-Performing Assets as per the prudential norms prescribed by the Reserve Bank of India or earlier as ascertained by the management.

a. Dividend Income

Dividend income is recognized as and when the Company's rights to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Notes forming part of the Financial Statements for the year ended 31st March, 2026**b. Interest Income**

Interest Income is accounted for all Financial Instruments measured at Amortised Cost or at Fair Value Through Other Comprehensive Income, Interest Income is recorded using the Effective Interest Rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the Financial Instruments to the gross carrying amount of the Financial asset.

2.3. Property, Plant and Equipment (PPE)

PPE is recognized when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All items of PPE are stated at historical cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is recognized in profit or loss.

Depreciation

Depreciation is recognized using reducing balance method so as to write off the cost of the investment property less their residual values over their useful lives specified in schedule II to the Companies Act, 2013.

Depreciation method is reviewed at each financial year end to reflect the expected pattern of consumption of the future benefits embodied in the investment property. The estimated useful life and residual values are also reviewed at each financial year end and the effect of any change in the estimates of useful life / residual value is accounted on prospective basis.

2.4. Intangible Assets

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

2.5. Cash and Cash Equivalents

Cash and Cash Equivalents include balances with banks which have restrictions on repatriation. Short term and liquid investments being subject to more than insignificant risk of change in value, are not included as part of cash and cash equivalents.

2.6. Borrowing Costs

Borrowing costs include interest expense and other costs incurred in connection with borrowing of funds. Borrowing costs are recognised as an expense in the period in which they are incurred.

2.7. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Notes forming part of the Financial Statements for the year ended 31st March, 2026**a. Classification of Financial Instruments**

At initial measurement, the Company classifies its financial assets into the following measurement categories:

- Financial assets to be measured at fair value through other comprehensive income;
- Financial assets to be measured at fair value through profit or loss account.

The classification depends on the contractual terms of the financial assets' cash flows and the Company's business model for managing financial assets which are explained below:

Business Model Assessment

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors.

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realized in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The Solely Payments of Principal and Interest (SPPI) test

As a second step of its classification process the Company assesses the contractual terms of financial assets to identify whether they meet the SPPI test. 'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset.

In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

b. Financial Assets**i. Initial recognition and measurement**

All financial assets are recognized initially at fair value. In the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset are also considered.

ii. Subsequent measurement

For the purposes of subsequent measurement, financial assets are classified in two categories:

- (a) Investment in Mutual Funds are measured at fair value through profit or loss (FVTPL)

Notes forming part of the Financial Statements for the year ended 31st March, 2026

(b) Equity Instruments and Investment in Preference Shares are measured at fair value through other comprehensive income (FVTOCI)

(a) **Mutual Funds at fair value through profit or loss (FVTPL)**

Mutual Funds shall be measured at fair value through profit and loss (FVTPL) unless it is measured at fair value through other comprehensive income, which generally occurs when the SPPI criterion is not met by the debt instrument.

(b) **Equity Instruments and Preference Shares measured at fair value through other comprehensive income(FVTOCI)**

For all equity instruments other than the ones classified as at FVTPL, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

III. De-recognition

A financial asset is derecognised only when,

- The right to receive cash flows from the asset has expired, or
- The Company has transferred the rights to receive cash flows from the financial asset, or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred substantially all risks and rewards of ownership of the financial asset or where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset.

IV. Reclassification of Financial Assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification of financial assets like equity instruments and financial liabilities is made. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Notes forming part of the Financial Statements for the year ended 31st March, 2026

The following table shows various reclassification and how they are accounted for:

Original classification	Revised classification	Accounting treatment
Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised as profit or loss.
FVTPL	Amortised Cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.
Amortised cost	FVTOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
FVTOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.
FVTPL	FVTOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss on the reclassification date

2.3 Employee Benefits**a. Short-term Employee Benefits:**

Short-term employee benefits are recognized as an expense on accrual basis.

b. Defined Benefit Plans:

The obligation in respect of defined benefit plans, which covers Gratuity, are provided for on the basis of an actuarial valuation at the end of each financial year.

Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings, and will not be reclassified to profit or loss. Defined benefit costs are categorized as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- re-measurement.

The Company presents the first two components of defined benefit costs in Statement of Profit and Loss in the line item 'Employee Benefits Expense'.

The present value of the defined benefit plan liability is calculated using a discount rate, which is determined by reference to market yields at the end of the reporting period on government bonds.

Notes forming part of the Financial Statements for the year ended 31st March, 2026

The retirement benefit obligation, recognized in the Balance Sheet, represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in the future contributions to the plans.

a. Other long-term employee benefits

The liabilities for leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligations. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in statement of profit and loss.

2.9. Taxes on Income

Income tax expense comprises of current tax and deferred tax. It is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised directly in Equity or Other Comprehensive Income.

In such cases, the tax is also recognised directly in Equity or in Other Comprehensive Income.

a. Current Tax

Current tax is the amount of expected tax payable on the taxable income for the year, determined in accordance with the provisions of the Income Tax Act, 1961.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b. Deferred Tax

Deferred tax has been dealt with using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date in compliance with the Indian Accounting Standard (Ind AS) - 12 on Income Tax.

2.10. Use of Estimates, Judgements and Assumptions

The preparation of financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future period affected. Information about critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the accounting policies and/or the notes to the financial statements.

In the process of applying the Company's accounting policies, management has made the following judgments, which have most significant effect on the amounts recognised in the financial statement:

Notes forming part of the Financial Statements for the year ended 31st March, 2026

a. Estimation of Defined benefit obligations

The cost of the defined benefit plans and the present value of the obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates.

Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each financial year end.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans, the actuary considers the interest rates of government bonds. The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increase is based on expected future inflation rates.

b. Estimated fair value of unlisted securities

The fair values of financial instruments that are not traded in an active market and cannot be measured based on quoted prices in active markets is determined on Net Worth basis.

2.11 Earnings Per Share (EPS)

The Company presents basic and diluted earnings per share data for its equity shares. Basic earnings per share is calculated by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding, adjusted for own shares held, for the effects of all dilutive potential equity shares.

2.12. Provision, Contingent Liabilities and Contingent Assets

a. Provisions

Provisions are recognised only when there is a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

b. Contingent Assets/ Liabilities

A contingent liability is a present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. A contingent liability is disclosed. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Claims against the Company, where the possibility of any outflow of resources in settlement are remote, are not disclosed as contingent liabilities.

Notes forming part of the Financial Statements for the year ended 31st March, 2026

Contingent assets are not recognised in the Financial Statements since this may result in the recognition of income that may result in the recognition of income that may never be realised. A contingent asset is disclosed where an inflow of economic benefits is probable.

2.13. Recent Accounting Pronouncements

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.
2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.
3. Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any impact in its financial statements.

B. Measurement of fair values**(i) Financial Instruments - fair value**

(Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurement). The categories used are as follows:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices;

Level 2: The fair value of financial instruments that are not traded in active market is determined using valuation technique which maximizes the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value on instrument are observable, the instrument is included in level 2; and

Level 3: If one or more of significant input is not based on observable market data, the instrument is included in level 3.

(ii) Transfers between levels 1 and 2

There has been no transfer of financial instruments between level 1 and level 2.

(iii) Valuation techniques (Investment in equity instruments)

1. The majority equity instruments held by the Company are actively traded on stock exchanges with readily available active prices on a regular basis. Such instruments are classified as level 1.
2. Equity investments in unquoted instruments are fair valued using the valuation technique and accordingly classified as level 3.

The value of the Company's interests in the operating firms of the group will increase significantly as a result of debt restructuring. The Company has consistently made all required steps to collect outstanding debt from its borrowers. The Company believes that in order to lower the Net Performing Assets and boost the Company's net worth, the loan and interest recovery will be further increased in the upcoming time. Additionally, the Company is negotiating with the secured lenders to pay off their debts in the forthcoming financial years.

Notes forming part of the Financial Statements for the year ended 31st March, 2026**Note 40****Non-recognition of Interest Expenses**

- a) The Company has requested the Inter-Corporate lenders to consider the waiver of interest for the current financial year which is yet to be confirmed. Accordingly, interest expense of Rs.3,49,783, thousand on inter-corporate borrowings for the year ended 31st March, 2026 (Rs. 3,73,686 thousand for the year ended 31st March, 2025) has not been recognized in the Financial Statements.
- b) The Company is in dispute with its Secured Lender, namely InCred Financial Services Limited (formerly KKR Financial Services Limited). As the matter is under litigation, the Board of Directors has decided not to recognise interest expense on its borrowings for the current period in the Audited Financial Statement as the same is unascertainable at present.
- c) The Company had defaulted in the repayment of its term loan from its Secured Lender, namely Aditya Birla Finance Limited and subsequently had not recorded interest expense on such borrowings. However, during the earlier year, the Company has entered into a settlement agreement with the respective lender as disclosed in Note No.42 (A).

Note 41

- A. The Company had availed a term loan of Rs. 15,00,000 (Rs. in thousand) from Aditya Birla Finance Ltd. ('ABFL') in 2017. However, it defaulted on the repayment of the term loan. The Security Trustee invoked securities given by the Company from time to time without any intimation/confirmation. The Company entered into a settlement agreement dated 7th June, 2023 with ABFL for the discharge of its remaining balance of Term loan, whereby the Company agreed to discharge its term loan in full for a settled payment of Rs. 2,50,000 (Rs. in thousand) in three tranches along with the appropriation of proceeds from the sale of Neemrana Land, mortgaged as security by Vedica Sanjeevani Project Private Limited and Christopher Estates Private Limited.

On 8th May, 2026, the sale certificate was issued for the above-mentioned immovable property in favour of the Auction Purchaser, with proceeds amounting to Rs. 9,02,500 (in thousands). These proceeds from the sale of Neemrana Land shall be used to settle the outstanding dues. The amount of Rs. 2,50,000 (Rs. in thousand) payable by the Group Company under the Settlement Agreement has since been paid and recorded in the books of account. Further adjustments will be recorded on the completion of the settlement procedure in entirety.

- B. In the earlier years, Group companies of the company had issued non-convertible debentures worth Rs. 25,00,000 (Rs. in thousand) to IL&FS Asset Management Limited, for which the Company had given its assets as securities. The group companies defaulted in the repayment of the said debentures. The Debenture Trustee invoked securities given by the Company from time to time without any intimation/confirmation. The Company along with its group companies entered into a settlement agreement dated 5th May, 2023 whereby the group companies agreed to pay a sum of Rs. 4,06,700 (Rs. in thousand) as cash consideration along with appropriation of proceeds from the sale of Neemrana Land, which had been mortgaged as security by Vedica Sanjeevani Project Limited and Christopher Estates Private Limited. On 9th May, 2026, sale certificate was issued for the above-mentioned immovable property in favour of the Auction Purchaser, with proceeds amounting to Rs. 9,02,500 (in thousands). These proceeds from the sale of Neemrana Land shall be used to settle the outstanding dues. Further adjustments will be recorded on the completion of the settlement procedure in entirety.

Notes forming part of the Financial Statements for the year ended 31st March, 2026**Note 41 (Contd.)**

- C. In earlier years, the company had extended an Inter-Corporate Loan to McNally Bharat Engineering Co. Ltd. (MBECL), which was under Corporate Insolvency Resolution Process (CIRP). A claim of a 1,86,950 thousand (including a 20,365 thousand unrecorded interest) was filed, of which only a 5,000 thousand (principal) was admitted by the Resolution Professional. The NCLT-approved resolution plan is under implementation.

The Company, being a promoter company, could recover an amount of Rs. 1.52 lakhs against the Inter-corporate deposit given and interest accrued thereon. Hence, the remaining loan and interest have been written off and provision created in earlier years for the same written back. Further, in earlier years, Investment in equity shares of MBECL was impaired at fair value of Rs. Nil in accordance with Ind AS 113. However, during the current year, the Company has received an intimation for payment of consideration of Rs. 0.01 per share against the 40 lakh Equity shares held at record date, resulting in a total receipt of Rs. 40,000. The same has been booked as receivable for the year ended 31st March, 2026.

II. Audit Qualification (each audit qualification separately):				
	a. Details of Audit Qualification:	(1) Going Concern Assumption in preparation of the Statement The Company has defaulted in repayment of borrowings to its financial institutional lenders and others. In view of the Management, the Company would be able to improve its net working capital position to discharge its current and non-current financial obligations. However, in view of the uncertainties involved, these events and conditions indicate a material uncertainty which may cast a significant doubt on the Company's ability to continue as a going concern. Accordingly, the use of going concern assumption of accounting in preparation of this Statement is not adequately and appropriately supported as per the requirements of Indian Accounting Standard 1 "Presentation of Standalone Financial Statements" and accrual basis of accounting.		

b. Type of Audit Qualification:	Qualified Opinion
c. Frequency of qualification:	Repetitive
d. For Audit Qualification(s) where the Impact is quantified by the auditor, Management's Views:	Not quantified
e. For Audit Qualification(s) where the Impact is not quantified by the auditor:

This constitutes a departure from the requirements of Indian Accounting Standard 109 "Financial Instruments".
b. Type of Audit Qualification:	Qualified Opinion
c. Frequency of qualification:	Repetitive
d. For Audit Qualification(s) where the Impact is quantified by the auditor, Management's Views:	The company is not agreeable to the processing fees & high interest already charged by lenders. Company will go for restructuring so as to get relief from interest expenditure.

These loans in our opinion are doubtful of recovery and the provision against the balance loans is not made in accordance with Reserve Bank of India Prudential Norms.
