**Empowerment Through Digital Transformation** 

# Empowerment Through Digital

# Transformation

One of the signal impacts of the pandemic was that more people spent more time at home and more time online, which in turn promoted phygital. The rapid move to digital services during the pandemic was part of a wider migration. This shift fueled e-commerce, which in turn attracted more marketing and advertising—even if consumer activity overall was muted. Now, internet access and data has become a lifeline and a form of utility.

Digital transformation takes a customer-driven, digital-first approach to all aspects of a business, from its business models to customer experiences to processes and operations. It ultimately changes customer expectations and creates new business opportunities. The conversion of paper-based information into digital data is one of the foundational transformation initiatives in healthcare (electronic medical records), government and education.

The Company continues to expand its customer base by tech-enabled services, robust network, and deeper interaction with end-users. This also generates cross-selling opportunities and sustain development via economies of scale. To generate consistent returns to its stakeholders, the Company prioritises growth and business efficiency with focused efforts on delivery, growth-driven strategies, prudent risk management and a resilient business model.

# Letter from the Managing Director Yatin Bhupendra Shah | Managing Director

### Dear Shareholders.

Last year has been very eventful for your company. We have successfully launched three new age business verticals that will not only help the company to grow and expand the business, but also benefit our society by generating employment and empowering the common man with digital transformation. We experienced the second wave of COVID 19 in Q1 FY22, followed by a rapid economic rebound that resulted in supply chain gaps, geopolitical tensions and inflation, yet we grew at a good rate despite all of this.

For FY22 our EBITDA stood at ₹ 154 lakh, a strong increase of 76% over the previous year and our PAT increased by a robust 107% to ₹ 147 lakh over the previous year. In FY22 our Digital Marketing Service segment contributed ₹ 275 lakh, to the revenue while the Share trading segment contributed ₹ 404 lakh, to the revenue.

Small retailers were in a tough battle with big organised companies and e-commerce businesses to become the preferred option of consumers, and then came the COVID

# Empowering citizens with digital transformation and phygital concept.

Pandemic, which gave a fatal blow to small store owners and business owners not only in India, but around the world. All of a sudden thousands of small shops have been forced to shut down, depriving millions — shopkeepers, their families and employees — of a livelihood.

Locally owned business owners are as important for the country's socio-economic progression as organised retail and e-commerce for they generate a lot of jobs and contribute to the GDP. This has given us a strong sense of purpose, and we have made it our mission to encourage local retailers and entrepreneurs to go digital during the pandemic.

Digital technology is swiftly and drastically changing how organisations interact with the marketplace and all stakeholders, causing profound upheavals in every industry around the world.

After in-depth market study and research in the month of June 2021 we have launched Area Online, our 1st service under our web services segment. This is a Phygital

(physical and digital) concept with envisaged hyper local distribution. Through this service we are enabling Retailers, Households and Small Business Owners to compete with large organized retail players and e-commerce giants.

Shop owners can simply register on the Area Online Website and Mobile App to take their entire business online at very nominal cost and now not only can compete with organized retailers and e-commerce players but also grow their business. The company has broadly categorized these retailers into 40 main categories and 240-plus sub-categories like Doctors, Medical stores, Restaurants, Stationery Shops, Saloons and electronic stores to mention a few.

Area Online is a concept of phygital (physical and digital) which envisages hyper-local distribution. In short, Area Online is a platform for retailers, householders and small businesses to showcase their products and services on a digital platform.

We started the Area Online services in the Western suburban area of Mumbai and we have received a tremendous response from the market for the Area Online in the first 100 days of starting the platform we had on board more than 11,000 shop owners in Mumbai. Now we are expanding to other cities like Ahmedabad, Surat, Rajkot, Chandigarh and Chennai. We have kept the target of adding 5 lakhs to 7 lakhs shop owners on a PAN India basis in the next 3 years.

The government of India has also realized the need of the hour to support small business owners & GOI has established the Open Network for Digital Commerce

(ONDC) as an alternative to platform aggregators, who have thus far monopolised India's e-commerce landscape. ONDC will not be following a platform-centric model, the Indian government hopes it will democratize the country's online market for all buyers and sellers, irrespective of their size, so that millions of small retailers and mom-andpop (kirana) stores get an equal opportunity. In its pilot phase. ONDC has been rolled out in five cities - Delhi NCR, Bengaluru, Bhopal, Shillong and Coimbatore. While operations are presently focused on retail and restaurants and facilitating real-time transactions, the open network will extend to other categories like travel and mobility. Based on the pilot exercise and after the network stabilizes, ONDC will be expanded to 100 cities and towns across India by October 2022. The goal is to accommodate 30 million sellers and 10 million merchants' online. Your Company see huge growth in this segment in the coming year.

MY RERA, our second cutting-edge solution, is a one-stop digital evaluation and rating platform for real estate projects. Your organisation continues to play a crucial part in this shift, assisting clients in adopting new technology to deal with the crisis initially, and then to innovate at scale and grow their businesses since then. On our platform of My RERA, we have over 50000 plus registered societies and around 22000 plus brokers, where the client/customer can acquire seamless information about the societies, brokers, and accessible infrastructure before making any real estate transaction.

Another cutting-edge product is MY LOCKR which is based on the phygital concept, in which the company delivers an end-to-end solution for managing physical documents into digital format; from scanning to digital storage and retrieval of documents from anywhere, at any time. The company sees a lot of business opportunities in this space from different section of the community, such as from Professional, Corporates, societies, Trusts and individuals who can save their important documents and retreive at anytime anywhere.

Each of the new age business not only provides an opportunity to help grow your organization, but also help digital ecosystem as a whole to grow.

I believe we are on the threshold of an era of tremendous possibility and growth. I look forward to sharing with you more milestones in this journey in the coming years. On behalf of the Board of Directors of HKG Limited I want to thank you for your continued trust, confidence and support.

**With Warm Regards**

### Management Discussion and Analysis Report - ANNEXURE E

### **Indian Economy**

India's economy is expected to grow at 9% in 2021, the highest among global economies, showing a solid recovery fuelled by favourable monetary and fiscal policies, widespread vaccinations, and significant structural reform progress. The agriculture and industrial sectors drove robust growth in exports and improved loan uptake over the year. Banks and non-banking financial companies are in better financial shape than they were in 2018. However, India, like the rest of the world, has been experiencing enormous inflationary pressures. Given sustained inflation pressures in the coming quarters, including the impact of the Russia-Ukraine conflict, faster tightening of financial conditions with RBI rate hikes, high oil prices impacting the current account balance and fiscal deficit, and subsequent Covid-19 outbreaks, the outlook is likely to be impacted.

In addition to the government's sustained emphasis on infrastructure spending, the Indian economy is likely to benefit from a recovery in consumption backed by rising normalisation of activities, increased rural income, and a boost from pent-up household savings. In FY 2022-23, government CAPEX is expected to rise to 2.9% of GDP, the highest level in nearly two decades. With improved demand leading to enhanced manufacturing sector capacity utilisation and the launch of the Production-Linked Incentive Scheme, private corporate investment is projected to ramp up in the second half of the year.

### **Industry Perspective & Overview**

### **Web Services Overview & Opportunities**

The Covid-19 pandemic has enhanced the importance of digital transformation projects around the world in the last two years. They're investing in front-end transformations and personalization of the customer experience, as well as back-end operations, in order to run smoothly, simplify and digitise procedures, minimise customer support request turnaround times, and improve the end-to-end customer journey.

New-age technologies are revolutionising the landscape of the consumer goods sector in India, creating opportunities for businesses, consumers, and customers alike. As more people shop online and more digital-first firms enter the market, e-commerce continues to gain popularity. Retailers are revamping their business strategies to stay more engaged in the digital era by focusing on technology.

The shift in technology consumption reflects the economy's current developments. Recent events have expedited digital adoption, raised awareness of supply chain resilience, and heightened the sustainability requirement. Each of them is an opportunity to help your firm, as well as the ecosystem as a whole, grow. Digital transformation has become ingrained in the operations of businesses, governments, and communities. Your firm continues to play an important role in this shift, assisting clients in embracing new technology, first to cope with the crisis, and subsequently to innovate at scale and develop their businesses.

In 2021, global technology spending increased significantly to \$1.7 trillion. Accelerated investments in digital transformation and cloud adoption in response to changing customer patterns and the need for increased operational resilience were the key factors. Additionally, businesses who wanted to free up financial and human resources to implement their transformation initiatives outsourced more. The outsourcing need was exacerbated by a significant talent shortage. IT services increased by 6.2 percent year over year to \$899 billion, while BPM increased by about 5% to \$211 billion.

### Open Network for Digital Commerce (ONDC)

Our Prime Minister is fully focused on country development in various aspects and digitizing India is one of the major projects. Digital India is a flagship programme of the Government of India with a vision to transform India into a digitally empowered society and knowledge economy. A digitalize Bharat mission leads the country towards complete digitalization. India is the second-fastest digitizing nation in the world. India is on the path to becoming a \$1 trillion digital economy by 2025.

On December 31, 2021, ONDC was incorporated as a private sector, non-profit (Section-8) company to democratize e-commerce in India and offer alternatives to proprietary e-commerce sites. ONDC was incubated by the Department for Promotion of Industry and Internal Trade (DPIIT) at the Quality Council of India. The Indian government hopes it will democratize the country's online market for all buyers and sellers, irrespective of their size, so that millions of small retailers and kirana stores get an equal opportunity.

### Scope

ONDC) is the first-of-its-kind initiative globally to pave the way for reimagining digital commerce in India. ONDC is not platform-centric, and its objective is to match the online

consumer's demand with the nearest available source of supply. Consumers can thus find any seller, product, or service via any compatible application or platform – offering real freedom of choice.

ONDC is expected to digitize the entire value chain, standardize operations, foster inclusion of suppliers, usher in efficiency in logistics, and augment value for consumers. It will empower suppliers and consumers by breaking the monopoly of giant platforms to drive innovation and transform businesses in sectors like retail, food, and mobility.

Dynamic pricing, inventory management and optimisation of delivery cost are the three important things in ONDC which will help reduce the cost of doing business for everybody, including retailers. Through this platform, consumers can potentially discover any seller, product or service by using any ONDC-compatible application or platform, thus increasing freedom of choice for consumers. ONDC would standardise all operations like cataloguing, inventory management, order management and order fulfilment.

### **Indian Retail Market Opportunity**

The Indian unorganised retail market presents a massive opportunity. The solution for growth and opportunity lies in using technology to make unorganised retail more efficient. This is an opportunity for local traders and businesses to go Global digitally and help them increase their businesses. ONDC is a non-profit company whose network will enable the display of products and services from all participating e-commerce platforms in search results across all apps on the network.

The future belongs to those who can build models that can organise millions of unorganised retailers to expand and create new online markets. India would see \$100 billion internet businesses emerge when billions of Indians access the digital experience. India's e-commerce ecosystem is pegged as a US\$200 billion opportunity by 2027. ONDC aims to raise e-commerce penetration in the next two years to 25% of India's consumer purchases, from nearly 8% now. It also hopes to sign up 900 million buyers and 1.2 million sellers on the shared network within the next five years. The government estimates that India's e-commerce market was worth more than \$55 billion in gross merchandise value in 2021 and will grow to \$350 billion by the end of this decade. Currently, E- Commerce Giants control more than 60% of the market.

The opportunity is big and HKG is ready to take off to leverage this opportunity

It's critical to accurately analyse each segment's risk so that it may be reduced before it becomes a concern. Statutory compliances, the economy, financials, government policies, market-related, operational, products and technology, and so on are all examples of general risk sectors. The management conducts a quick examination of potential risk areas with the goal of defining a framework for identifying, evaluating, and reducing risk in the decision-making process, as well as encouraging proactive rather than reactive management.

### INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The company has a good internal control system in place. It has procedures in place for all financial and operational responsibilities. These controls were created to offer reasonable confidence in the areas of maintaining effective accounting controls, operations monitoring, asset protection from unlawful use or loss, regulatory compliance, and financial reporting dependability.

In these areas, the Company has continued to align all of its processes and controls with worldwide best practices.

### HUMAN RESOURCES & INDUSTRIAL RELATIONS:

The Company's Human Resources strategy is to create and maintain a high-performing, competency-driven culture with a heightened feeling of accountability and responsibility. The Company has taken practical initiatives to build organisational competency through employee involvement and development, as well as the implementation of effective procedures to improve productivity, equality, and responsibility at all levels. With the changing and turbulent business environment, the Company's primary focus is to upgrade the skill and knowledge levels of existing human assets to the required level by providing appropriate leadership at all levels. motivating them to face the harsh realities of business. instilling the attitude of speed and taking responsibility. Employees at all levels receive continual in-house and external training in order to maintain their skills, knowledge, and business facilities up to date. The task of rationalising and streamlining the staff is ongoing. Throughout the year, the state of labour relations remained stable.

### **CAUTIONARY STATEMENT:**

The Company's objectives, projections, outlook, expectations, estimates, and other information expressed in the Management Discussion and Analysis may be considered forward-looking statements under applicable securities laws and regulations. These statements are based on certain assumptions that the Company cannot guarantee.

Several circumstances, some of which the Company may not have direct control over, could have a substantial impact on the Company's operations. As a result, actual results may differ materially from such projections, whether expressed or implied, because it would be beyond the Company's ability to successfully implement its growth strategy. The Company assumes no obligation or responsibility to update forward-looking statements or to publicly amend, modify, or revise them to reflect events or circumstances that occur after the date of the statement on the basis of subsequent development, information, or events.

### **Independent Auditor's Report**

### **Report on the Financial Statements**

### Opinion

We have audited the accompanying financial statements of HKG Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

### **Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

There are no key audit matters to be communicated in our report.

### Other Matters

The financial statements of the Company for the year ended 31 March, 2021 included in these financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on the financial statements for the year ended 31 March 2021 on 03 June 2021.

### Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the financial statements and our auditors' report thereon

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls,

that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards of Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)
   (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company

has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

- As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in the 'Annexure A', a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable;
- 2. As required by Section 143(3) of the Act, we report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes on Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on 31 March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
- 3. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - The Company does not have any pending litigations.

- The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- d. (i) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
  - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
  - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
  - (ii) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:
    - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or
    - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and
  - (iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under subclause (d) (i) and (d) (ii) contain any material mis-statement.

- e. The Company has not declared or paid any dividend during the year.
- 4. With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by

the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

### Annexure B to the Independent Auditors' Report on the financial statements of HKG Limited for the year ended 31 March 2022

### Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

### Opinion

We have audited the internal financial controls with reference to the financial statements of HKG Limited ('the Company') as of 31 March 2022 in conjunction with our audit of the financial statements of the Company as at and for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to the financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to the financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note').

### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to the financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to the financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to the financial statements.

### Meaning of Internal Financial Controls with Reference to the Financial Statements

A company's internal financial control with reference to the financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to the financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Reference to the Financial Statements**

Because of the inherent limitations of internal financial controls with reference to the financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections

Inherent Limitations of Internal Financial Controls with of any evaluation of the internal financial controls with reference to the financial statements to future periods are subject to the risk that the internal financial controls with reference to the financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.
